PROXY STATEMENT

-----  
ANNUAL MEETING OF STOCKHOLDERS  
TO BE HELD ON DECEMBER 7, 2004

-----  
This Proxy Statement and the accompanying form of proxy is furnished to stockholders of AquaCell Technologies, Inc. ("Company") in connection with the solicitation of proxies, in the accompanying form, by the Board of Directors of the Company for use in voting at the Annual Meeting of Stockholders to be held at The Center Club, 650 Town Center Drive, Costa Mesa, California 92626 on December 7, 2004, at 10:30 a.m., and at any and all adjournments thereof. Any proxy given pursuant to this solicitation may be revoked by the person giving it by giving notice to the Secretary of the Company in person, or by written notification actually received by the Secretary, at any time prior to its being exercised. Unless otherwise specified in the proxy, shares represented by proxies will be voted FOR the election of the nominees listed herein.

The Company's executive offices are located at 10410 Trademark Street, Rancho Cucamonga, CA 91730. On or about October 14, 2004, this Proxy Statement and the accompanying form of proxy, together with a copy of the Annual Report of the Company for the fiscal year ended June 30, 2004, are to be mailed to each stockholder of record at the close of business on October 12, 2004.

VOTING SECURITIES

-----  
The Board of Directors has fixed the close of business on October 12, 2004, as the record date for the determination of stockholders entitled to notice of, and to vote at, the Annual Meeting. Only stockholders of record at the close of business on that date will be entitled to vote at the Annual Meeting or any and all adjournments thereof. As of October 12, 2004, the Company had issued and outstanding 15,048,769 shares of Common Stock, the Company's only class of voting securities outstanding. Each stockholder of the Company will be entitled to one vote for each share of Common Stock registered in his name on the record date. The presence, in person or by proxy, of a majority of all of the outstanding shares of Common Stock constitutes a quorum at the Annual Meeting.

## Edgar Filing: AQUACELL TECHNOLOGIES INC - Form DEFR14A

Proxies relating to "street name" shares that are returned to the Company but marked by brokers as "not voted" will be treated as shares present for purposes of determining the presence of a quorum on all matters but will not be treated as shares entitled to vote on the matter as to which authority to vote is withheld by the broker ("broker non-votes"). The election of directors requires a plurality vote of those shares voted at the Annual Meeting with respect to the election of directors. "Plurality" means that the individuals who receive the largest number of votes cast "FOR" are elected as directors. Consequently, any shares not voted "FOR" a particular nominee (whether as a result of a direction to withhold authority or a broker non-vote) will not be counted in such nominee's favor. All other matters to be voted on will be decided by the affirmative vote of a majority of the shares present or represented at the Annual Meeting and entitled to vote. On any such matter, an abstention will have the same effect as a negative vote, but because shares held by brokers will not be considered entitled to vote on matters as to which the brokers withhold authority, a broker non-vote will have no effect on the vote.

The following table sets forth certain information as of October 12, 2004 (on which date 15,048,769 shares of the Company's Common Stock were outstanding), with respect to (i) those persons or groups known to the Company to beneficially own more than 5% of the Company's Common Stock, (ii) each director and nominee, (iii) each executive officer whose compensation exceeded \$100,000 in fiscal 2004, and (iv) all directors and executive officers as a group. The information is determined in accordance with Rule 13d-3 promulgated under the Securities Exchange Act of 1934 based upon information furnished by the persons listed or contained in filings made by them with the Securities and Exchange Commission. Except as indicated below, the stockholders listed possess sole voting and investment power with respect to their shares.

### Independence of Directors

-----

The Company is listed on the American Stock Exchange ("Amex") and follows Amex rules in determining whether a director is independent. The Board of Directors also consults with counsel to ensure that the Board's determinations are consistent with those rules and relevant securities and other laws regarding director independence. Consistent with these considerations, the Board of Directors has affirmatively determined that Glenn Bergenfield and William DiTuro will be independent directors for the ensuing year. The remaining directors are not independent because they are employed by the Company.

### Meetings and Committees of the Board of Directors

-----

## Edgar Filing: AQUACELL TECHNOLOGIES INC - Form DEFR14A

During the fiscal year ended June 30, 2004 the Board of Directors held 6 meetings which all directors attended. The Board of Directors maintains an executive committee currently consisting of directors Witham, Laustsen and Wolff, which has all of the authority of the Board of Directors except as limited by applicable law. In addition we have an audit committee, a nominating committee and a compensation committee which are required to consist of a majority of outside directors. The audit committee, currently consisting of directors Bergenfield and DiTuro, oversees actions taken by our independent auditors and reviews our internal audit controls. The nominating committee, consisting of directors Bergenfield and DiTuro, oversees the selection of persons chosen to be nominated to the Board of Directors. The compensation committee, currently consisting of directors Witham, Bergenfield and DiTuro, reviews the compensation levels of our employees and makes recommendations to the Board regarding compensation.

### Audit Committee Information and Report

-----

#### General

-----

The Company's audit committee was established in June 2000 and is currently comprised of Glenn Bergenfield and William DiTuro. The audit committee met 2 times in the fiscal year ended June 30, 2004.

Each member of the audit committee is an "independent director" and is "financially literate" as defined under the Amex listing standards. The Amex listing standards define an "independent director" generally as a person, other than an officer of the company, who does not have a relationship with the company that would interfere with the director's exercise of independent judgment. The Amex's listing standards define "financially literate" as being able to read and understand fundamental financial statements (including a company's balance sheet, income statement and cash flow statement).

### Independent Auditors' Fees

-----

For the fiscal year ended June 30, 2004, the aggregate fees billed for professional services rendered for the audit of the Company's annual financial statements and the reviews of its financial statements included in the Company's quarterly reports totaled approximately \$57,000. For our fiscal year ended June 30, 2003, those fees were \$51,000.

### Tax Fees

-----

For the fiscal years ended June 30, 2004 and June 2003, there were no fees billed for tax compliance, tax advice or tax planning.

### All Other Fees

-----

Edgar Filing: AQUACELL TECHNOLOGIES INC - Form DEFR14A

Audit Committee Pre-Approval Policies and Procedures  
-----

In accordance with Section 10A(i) of the Securities Exchange Act of 1934, before the Company engages its independent accountant to render audit or permitted non-audit services, the engagement is approved by the audit committee. The audit committee approved all of the fees referred to in the section entitled "Independent Auditors' Fees" above for 2004.

Financial Expert on Audit Committee  
-----

The Board of Directors does not believe that any of the audit committee members qualify as an "audit committee financial expert" within the meaning of all applicable rules. While the Board of Directors believes that each audit committee member is financially literate and has an understanding of generally accepted accounting principles and financial statements, the ability to assess the general application of such principles in connection with the Company's financial statements, including estimates, accruals and reserves, experience in analyzing or evaluating financial statements of similar breadth and complexity as the Company's financial statements, an understanding of internal controls and procedures for financial reporting and an understanding of audit committee functions, none of the audit committee members has acquired these attributes through education or experience as, or actively supervising, a principal financial or accounting officer or a public accountant or auditor.

Pursuant to the audit committee's written charter, which was adopted on June 1, 2000, the audit committee's responsibilities include, among other things:

- \* annually reviewing and reassessing the adequacy of the committee's formal charter;
- \* reviewing the annual audited financial statements with the Company's management and its independent auditors and the adequacy of its internal accounting controls;
- \* reviewing analyses prepared by the Company's management and independent auditors concerning significant financial reporting issues and judgments made in connection with the preparation of its financial statements;
- \* making recommendations concerning the engagement of the independent auditor;
- \* reviewing the independence of the independent auditors;
- \* reviewing the Company's auditing and accounting principles and practices with the independent auditors and reviewing major changes to its auditing and accounting principles and practices as suggested by the independent auditor or its management; and
- \* reviewing all related party transactions on an ongoing basis for potential conflict of interest situations.

A copy of the audit committee charter is attached as Appendix A.  
=====

The Company's audit committee has met and held discussions with management and its independent auditors. Management represented to the committee that the Company's consolidated financial statements were prepared in accordance with

Edgar Filing: AQUACELL TECHNOLOGIES INC - Form DEFR14A

generally accepted accounting principles, and the committee has reviewed and discussed the consolidated financial statements with management and the independent auditors. The committee discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees). The Company's independent auditors also provided the audit committee with the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and the committee discussed with the independent auditors and management the auditors' independence, including with regard to fees for services rendered during the fiscal year and for all other professional services rendered by the Company's independent auditors. Based upon the committee's discussion with management and the independent auditors and the committee's review of the representations of management and the report of the independent auditors to the audit committee, the committee recommended that the Board of

5

Directors include the audited consolidated financial statements in its annual report on Form 10-KSB for the fiscal year ended June 30, 2004.

Glenn Bergenfield  
William DiTuro

These agreements provide for base salaries of \$265,000, \$160,000, and \$142,000, respectively, and also provide for bonuses to be paid based upon established financial performance targets. Each of these employment agreements contains standard noncompete, confidentiality and benefit provisions, including provisions for severance compensation in the event of a termination without cause or transactions that result in a change in control of

7

AquaCell. Each of these contracts provide that after the first year, the base salary amounts will be subject to increase by 50% of the amount of any bonus, with such bonus to be based on net sales and net income earned during the prior year. The terms of the employment agreements, including bonus criteria were reviewed and approved by the compensation committee.

Report of the Compensation Committee Concerning Compensation of Executive  
Officers

The compensation committee of the Board of Directors met three times during the 2004 fiscal year. The compensation committee has not developed a formal compensation policy for the Company's executive officers.

During 2004, Mr. Witham served as the Company's Chairman of the Board and Chief Executive Officer. The compensation package provided to Mr. Witham and the other executive officers are based upon five (5) year and two (2) year employment agreements.

Bonus compensation, if any, to executive officers is based generally upon the Company's fiscal performance and the availability of resources as well as the executive officer's individual performance and level of responsibility.

Stock option awards under the Company's stock option plans are intended to attract and retain the best available talent and encourage the highest level of performance by affording key employees an opportunity to acquire proprietary interests in the Company. The executive officers are also each entitled to receive options.

Summary of 1998 Incentive Stock Plan

Our 1998 Incentive Stock Plan, covering 2,000,000 shares of our Common Stock, is administered by the compensation committee of our Board of Directors. Among the compensation committee's powers will be the authority to:

8

- \* interpret the plan;
- \* establish rules and regulations for its operation;
- \* select officers, other key employees, consultants and advisors to receive awards; and

## Edgar Filing: AQUACELL TECHNOLOGIES INC - Form DEFR14A

- \* determine the form, amount and other terms and conditions of awards.

Directors, officers, key employees and independent contractors will be eligible to participate in the plan. The selection of participants is within the discretion of the compensation committee.

The plan provides for the grant of any or all of the following types of awards:

- \* stock options, including nonqualified stock options and incentive stock options;
- \* stock awards;
- \* stock appreciation rights;
- \* performance shares; and
- \* performance units.

Awards may be granted by themselves, in combination or in tandem with other awards as determined by the compensation committee.

- \* Under the plan, the compensation committee may grant awards in the form of nonqualified stock options or incentive stock options, shares of our Common Stock, stock appreciation rights, performance shares or performance units. The compensation committee, with regard to each stock option, will determine the number of shares subject to the option, the manner and time of the option's exercise and vesting, and the exercise price per share of stock subject to the option. The following limitations are applicable under the plan: no incentive stock options may be exercisable later than ten years after the date they are granted and no nonqualified stock options may be exercisable later than fifteen years after the date they are granted;
- \* the aggregate fair market value at the time of grant of shares of Common Stock with respect to which incentive stock options are exercisable for the first time by a participant during any calendar year cannot be more than \$100,000;
- \* the exercise price of a stock option will not be less than 100% of the fair market value of the shares of Common Stock on the date the option is granted for incentive stock options or less than 85% of the market value for non qualified stock options (or, in either case, not less than 110% of fair market value if the optionee is an officer, director or a 10% stockholder);
- \* the option price must be paid by a participant by check or, in the discretion of the compensation committee, by delivery of our Common Stock; and
- \* awards may be subject to such terms, conditions, restrictions or limitations, as the compensation committee deems appropriate, including restrictions on transferability and continued employment.

Under the plan, each stock appreciation right will entitle the holder to elect to receive the appreciation in the fair market value of the shares subject to the stock appreciation right up to the date the right is exercised. Stock appreciation rights may be granted independent of, or in connection with, stock options. In the case of stock appreciation rights issued independent of stock options, the appreciation shall not be measured from a value less than 85% of

## Edgar Filing: AQUACELL TECHNOLOGIES INC - Form DEFR14A

the fair market value of the shares on the date of grant. If the stock appreciation rights are issued in

9

connection with stock options, the appreciation shall be measured from not less than the option price. No stock appreciation right may be exercised earlier than six months after the date of grant or later than the earlier of the term of the related option or fifteen years after the date it was granted.

Performance shares and units may be awarded either alone or in addition to other awards and will consist of:

### Summary of 2002 Directors Stock Option Plan

-----

The 2002 Directors Plan is intended to encourage stock ownership by non-employee directors and thereby enhance their proprietary interest in the Company. The Company currently has two (2) non-employee directors serving on the Board of Directors, whose service as directors is compensated solely by the issuance of stock options. These directors do not receive any cash compensation for their service as directors.

A summary of the significant provisions of the 2002 Directors Plan is set forth below.

#### Shares Subject to the 2002 Directors Plan

No more than 500,000 shares of common stock may be issued pursuant to the exercise of options granted under the 2002 Directors Plan. If any option expires or terminates for any reason, without having been exercised in full, the unpurchased shares subject to such option will be available again for purposes of the 2002 Directors Plan.

#### Participation

The Committee is authorized to grant non-qualified options under the 2002

## Edgar Filing: AQUACELL TECHNOLOGIES INC - Form DEFR14A

Directors Plan from time to time to such non-employee directors of the Company as the Committee, in its sole discretion, may determine.

### Terms of Options

The Committee has the discretion to fix the term of each option granted under the 2002 Directors Plan, except past the maximum length of term of each option is ten (10) years, subject to earlier termination as provided in the 2002 Directors Plan.

### Administration of the 2002 Directors Plan

The 2002 Directors Plan is administered by a committee (the "Committee") consisting of two or more persons who are appointed by, and serve at the pleasure of, the Board and each of whom is a "disinterested person" as that term is defined in Rule 16b of the General Rules and Regulations under the Securities Exchange Act of 1934.

10

Subject to the express provisions of the 2002 Directors Plan, the Committee has the sole discretion to determine to whom among those eligible, and the time or times at which, options will be granted, the number of shares to be subject to each option and the manner in and price at which options may be exercised. In making such determinations, the committee may take into account the nature and period of service of eligible directors, their level of compensation, their past, present and potential contributions to the Company and such other factors as the Committee in its discretion deems relevant.

The Committee may amend, suspend or terminate the 2002 Directors Plan at any time, except that no amendment may be adopted without the approval of shareholders which would (i) increase the maximum number of shares which may be issued pursuant to the exercise of options granted under the Plan; (ii) change the eligibility requirements for participation in the 2002 Directors Plan; or (iii) extend the term of any incentive stock options or the period during which any incentive stock options may be granted under the 2002 Directors Plan.

Unless the 2002 Directors Plan is terminated earlier by the Board, the 2002 Directors Plan will terminate on December 31, 2012.

### Nominating Committee Information

-----

In August 2004, the Board of Directors established a nominating committee comprised of Glenn Bergenfield and William DiTuro, each an independent director under Amex listing standards. The nominating committee will be responsible for overseeing the selection of persons to be nominated to serve on the Company's Board of Directors. The nominating committee will consider persons identified by its members, management, stockholders, investment bankers and others. The nominating committee does not yet have a formal written charter, not has it established any formal selection criteria for nominees. However, the nominating committee intends to adopt a written charter by the date of the Annual Meeting, which will include the criteria, if any, established. The Company has not yet established a method by which stockholders may propose to the nominating committee candidates for selection as nominees for directors. The Company intends to establish such a procedure by the date of the Annual Meeting.

Since the nominating committee was not formed until August 2004, it did not meet during the fiscal year ended June 30, 2004.
