News Releases were disseminated by CNW Group, CNW News Wire Ltd., Vancouver, British Columbia, on February 25 and February 26, 2009.

Item 4

Summary of Material Change

On February 25, 2009, Mr. Robert R. McEwen, advised Minera Andes Inc. (the Corporation or Minera Andes) that he was not able to acquire the bank loan and related security from Macquarie Bank Limited. Therefore the Corporation and Mr. McEwen will complete the second tranche of the private placement, consisting of 21,700,030 common shares of the Corporation to be issued at a price of C\$1.00 each for gross proceeds to the Corporation of C\$21,700,030 (the Second Tranche).

On February 26, 2009 the Corporation completed the Second Tranche of the private placement with Mr. McEwen, the Executive Chairman and an existing shareholder of the Corporation.

Item 5.1

Full Description of Material Change

Update on Second Tranche of Private Placement with Mr. McEwen

On February 18, 2009 Minera Andes announced that it had completed the first tranche of the private placement with Mr. McEwen and had issued 18,299,970 common shares of the Corporation to him at a price of C\$1.00 per share for gross proceeds to the Corporation of C\$18,299,970 (the First Tranche). The Corporation also agreed with Mr. McEwen that if he acquires the bank loan owing by the Corporation to Macquarie Bank Limited (Macquarie) in the aggregate principal amount of US\$17.5 million, together with related security, the conversion of that loan to common shares of the Corporation would be put to the Corporation's shareholders for approval. If Mr. McEwen was unable to acquire the loan from Macquarie by the close of business on February 25, 2009, together with related security, then the Corporation and Mr. McEwen would complete the Second Tranche of the private placement, consisting of 21,700,030 common shares of the Corporation to be issued at a price of C\$1.00 each for gross proceeds to the Corporation of C\$21,700,030.

On February 25, 2009 Mr. McEwen advised the Corporation, that he has not been able to acquire the bank loan and related security from Macquarie. Therefore, the Corporation and Mr. McEwen will now complete the Second Tranche. The proceeds from the Second Tranche will be used to repay Macquarie in full.

The Corporation applied to the Toronto Stock Exchange (the TSX) under the provisions of Section 604(e) of the TSX Company Manual for an exemption from securityholder approval requirements in respect of the issue of an aggregate of 40,000,000 common shares to Mr. McEwen in the First Tranche and the Second Tranche on the basis that the Corporation is in serious financial difficulty. The details of those financial difficulties have been the subject of previous news releases by Minera Andes.

With its financial condition improved, the Corporation will be in a position to undertake a review of the options available to it for the medium and longer-term.

The issue of the common shares to Mr. McEwen are a related party transaction for the purposes of Multilateral Instrument 61-101 *Protection of Minority Shareholders in Special Transactions* (MI-61-101). It is the intention of the Corporation to avail itself of the exemptions set forth in sections 5.5(g) and 5.7(1)(e) of MI 61-101 from provisions that would otherwise require the Corporation to obtain a formal valuation and the approval of its minority shareholders, respectively, in connection with the First Tranche and the Second Tranche on the basis that the Special Committee of the Board of Directors of the Corporation (comprised of all of the independent directors of the Corporation for this purpose) and the Board of Directors having determined that the Corporation is in serious financial difficulty and the transactions are designed to improve the financial position of the Corporation, and that the terms of the private placements are reasonable in the circumstances to the Corporation, all as described above.

As the deadline for obtaining consent to the assignment of the Corporation's bank loan was February 25, 2009, and the Second Tranche was completed on February 26, 2009, the Corporation is unable to file this material change report more than 21 days before the expected date of the completion of the transactions.

The common shares of the Corporation purchased by Mr. McEwen in the First Tranche represented approximately 9.6% of the number of outstanding common shares prior to giving effect to the First Tranche and increased Mr. McEwen's beneficial ownership of common shares (which for this purpose includes 100,000 common shares issuable upon exercise of stock options held by Mr. McEwen) from 46,157,143 common shares (approximately 24.3% of the outstanding common shares) to 64,457,113 common shares (approximately 30.9% of the outstanding common shares). The common shares that will be acquired in the Second Tranche represent approximately 11.4% of the number of outstanding common shares prior to giving effect to the First or Second Tranche, and will increase Mr. McEwen's beneficial ownership to 86,157,143 common shares (approximately 37.4% of the outstanding common shares). To the best of the knowledge of Minera Andes, upon completion of the Second Tranche, the only person who will beneficially own, directly or indirectly, more than 10% of the Corporation's common shares is Mr. McEwen.

Pursuant to a subscription agreement between the Corporation and Mr. McEwen entered into in December 2005, until December 21, 2010 Mr. McEwen has the right to nominate one person to the Board of Directors of Minera Andes, so long as Mr. McEwen owns not less than 10% of the outstanding common shares of the Corporation and assuming the exercise of any warrants held by him. Mr. McEwen himself joined the Board of Directors of Minera Andes on August 8, 2008, upon the exercise of this right. Pursuant to the subscription agreement for the First Tranche and the Second Tranche, Mr. McEwen was given the right to nominate an additional two directors, with the result that he now has the right to nominate a total of three directors to Minera Andes Board of Directors. Messrs. Richard Brissenden and Michael Stein were appointed as directors of Minera Andes on February 23, 2009 pursuant to the exercise of this right.

Minera Andes Completes Second Tranche of Private Placement with Mr. McEwen

On February 26, 2009, the Corporation completed the Second Tranche of its previously announced private placement to Robert R. McEwen, the Executive Chairman and an existing shareholder of the Corporation. Accordingly, the Corporation has issued 21,700,030 common shares at a price of C\$1.00 each for gross proceeds to the Corporation of C\$21,700,030.

The proceeds from the Second Tranche will be used to repay in full the Corporation's US\$17.5 million indebtedness to Macquarie Bank Limited.

With the completion of the Second Tranche, the Corporation understands that Mr. McEwen now beneficially owns 86,057,143 common shares of the Corporation and also holds stock options to acquire an additional 100,000 common shares. Excluding the common shares issuable on exercise of the stock options, Mr. McEwen holds approximately 37.4% of the outstanding common shares.

Following the closing of the Second Tranche, the Corporation has 230,158,851 common shares issued and outstanding.

The Corporation has been advised by Mr. McEwen that he has not been able to acquire the bank loan and related security from Macquarie. Therefore, the Corporation and Mr. McEwen will now complete the Second Tranche. The proceeds from the Second Tranche will be used to repay Macquarie in full.

The Corporation applied to the Toronto Stock Exchange (the TSX) under the provisions of Section 604(e) of the TSX Company Manual for an exemption from securityholder approval requirements in respect of the issue of an aggregate of 40,000,000 common shares to Mr. McEwen in the First Tranche and the Second Tranche on the basis that the Corporation is in serious financial difficulty. The Corporation is relying on certain exemptions set out in such Instrument from provisions that would otherwise require the Corporation to obtain a formal valuation and the approval of its minority shareholders in connection with the private placement.

The common shares of the Corporation purchased by Mr. McEwen in the First Tranche represented approximately 9.6% of the number of outstanding common shares prior to giving effect to the First Tranche and increased Mr. McEwen's beneficial ownership of common shares (which for this purpose includes 100,000 common shares issuable upon exercise of stock options held by Mr. McEwen) from 46,157,143 common shares (approximately 24.3% of the outstanding common shares) to 64,457,113 common shares (approximately 30.9% of the outstanding common shares). Pursuant to a subscription agreement between the Corporation and Mr. McEwen entered into in December 2005, until December 21, 2010 Mr. McEwen has the right to nominate one person to the Board of Directors of Minera Andes, so long as Mr. McEwen owns not less than 10% of the outstanding common shares of the Corporation and assuming the exercise of any warrants held by him.
