Gilat Announces Results for the Third Quarter, 2008

Petah Tikva, Israel, November 24, 2008 Gilat Satellite Networks Ltd. (Nasdaq: GILT), a worldwide leader in satellite networking technology, solutions and services, today reported its results for the third quarter ending September 30, 2008.

Revenues for the third quarter of 2008 were \$65.3 million, compared to \$71.5 million for the same period in 2007. Net loss for the third quarter of 2008 was \$0.5 million or \$0.01 per diluted share, compared to a net income of \$5.9 million or \$0.14 per diluted share in the third quarter of 2007. Non-GAAP net income for the third quarter of 2008 was \$0.6 million, or \$0.01 per diluted share, compared to net income of \$6.1 million, or \$0.15 per diluted share in the third quarter of 2007.

Revenues for the nine month period ended September 30, 2008 were \$201.4 million, compared to \$209.9 million in the comparable period of 2007. Net income for the nine month period ended September 30, 2008 was \$5.3 million or \$0.13 per diluted share, compared to net income of \$16.3 million or \$0.39 per diluted share in the same period of 2007. Non-GAAP net income for the nine month period ended September 30, 2008 was \$7.8 million, or \$0.19 per diluted share, versus a net income of \$17.4 million, or \$0.42 per diluted share, in the comparable period of 2007.

Gilat's Chief Executive Officer and Chairman of the Board Amiram Levinberg said, "Our financial results in the third quarter reflect a decline in GNS's business, primarily attributable to lengthened sales cycles, partially offset by strong activity in the U.S. with the receipt of several major orders for gaming and other applications. Our business remains steady and the Company is in a strong financial position. We have a strong balance sheet carrying a sizeable amount of cash with relatively little debt that can support us even if business slows down due to economic hardships and may open for us interesting acquisition opportunities going forward."

During the quarter, Gilat filed a lawsuit against each of the parties that had guaranteed the payment of a termination fee under the Merger Agreement. This follows the termination of the Agreement and Plan of Merger entered into on March 31, 2008.

The Company also announced that it has not yet been able to reach resolution with the government of Colombia relating to the Compartel projects that were under renegotiation and were to have been signed in September 2008. More details will be provided in the Company's quarterly investor call.

Recent Announcements

Mongolia's Incomnet expanded its SkyEdge network to include a Gilat cellular backhaul solution to serve Mongolia's mobile operators. Gilat's SkyAbis cellular backhaul solution, based on the SkyEdge multi-service platform enables operators to deploy hybrid networks that extend the reach of their terrestrial and cellular infrastructure to remote communities.

A major international cellular operator in Bolivia is deploying a Gilat SkyEdge II network to provide cellular backhaul services throughout the country. Following the successful deployment of the initial phase of the new network which provides cellular backhaul services to 50 base station sites in the country, the operator is currently expanding the network to cover an additional 50 sites. The network will bring voice and data services to the country's remote regions.

Costa Rica's national telecommunications operator, ICE, selected Gilat's SkyEdge broadband satellite network to serve end users throughout Costa Rica with telephony and wireless Internet access services.

Gilat deployed a SkyEdge broadband satellite network in Honduras for Administradora de Redes (Aduanett), a private company owned by Honduras' leading customs brokers. The network provides high-speed Internet and data connectivity to customs offices and other businesses.

Certain statements made herein that are not historical are forward-looking within the meaning of the Private Securities Litigation Reform Act of 1995. The words estimate, project, intend, expect, believe and similar expressions are intended to identify forward-looking statements. These forward-looking statements involve known and unknown risks and uncertainties. Many factors could cause the actual results, performance or achievements of Gilat to be materially different from any future results, performance or achievements that may be expressed or implied by such forward-looking statements, including, among others, changes in general economic and business conditions, inability to maintain market acceptance to Gilat's products, inability to timely develop and introduce new technologies, products and applications, rapid changes in the market for Gilat's products, loss of market share and pressure on prices resulting from competition, introduction of competing products by other companies, inability to manage growth and expansion, loss of key OEM partners, inability to attract and retain qualified personnel, inability to protect the Company's proprietary technology and risks associated with Gilat's international operations and its location in Israel. For additional information regarding these and other risks and uncertainties associated with Gilat's business, reference is made to Gilat's reports filed from time to time with the Securities and Exchange Commission.

Notes:

(1) The attached summary financial statements were prepared in accordance with U.S. GAAP. The attached summary financial statements for Q3 2008 are unaudited. To supplement the consolidated financial statements presented in accordance with GAAP, the Company presents Gilat's net income, EBITDA and earnings per diluted share, before the expenses related to the merger transaction and the share-based payment charge, which is the non-cash stock option expense as per SFAS 123 (R). This non-GAAP presentation of net income, EBITDA and earnings per share is provided to enhance the understanding of the Company's historical financial performance and comparability between periods.

(2) Operating income (loss) before depreciation, amortization, non cash stock option expenses as per SFAS 123(R) and exceptional items, (EBITDA) is presented because it is a measure commonly used and is presented solely in order to improve the understanding of the Company's operating results and to provide further perspective on these results. EBITDA, however, should not be considered as an alternative to operating income (loss) or net income (loss) for the period as an indicator of the operating performance of the Company.

Similarly, EBITDA should not be considered as an alternative to cash flows from operating activities as a measure of liquidity. EBITDA is not a measure of financial performance under generally accepted accounting principles and may not be comparable to other similarly titled measures for other companies. EBITDA may not be indicative of the historic operating results of the Company; nor is it meant to be predictive of potential future results. Reconciliation between the Company's Operating income (loss) and EBITDA is presented in the attached summary financial statements.
