**Notification of Transactions of Directors and Persons Discharging Managerial
Responsibility**

Awards made by GlaxoSmithKline

On
23 July
2008
the Company granted
certain
share-based awards to Directors and Persons Discharging Managerial Responsibility. The following awards were made:

- Awards under the GlaxoSmithKline Performance Share Plan, which are subject to performance conditions;
and
- Awards under the GlaxoSmithKline Share Option Plan, which are subject to performance conditions; and

The Performance Share Plan and the Share Option Plan were both approved by shareholders on 31 July 2000, and allow awards to be made to senior executives in the Group, including the Executive Directors.

The details of these awards are shown below.

Performance Share Plan

Under the terms of the GlaxoSmithKline Performance Share Plan, contingent awards are granted over a designated number of Ordinary shares or American Depository Shares (ADSs), with the percentage of awards ultimately vesting depending on performance. The performance condition applies over a three-year measurement period, which commenced on

1 January 2008
and will end on
31 December 2010

The performance condition for these awards compares the Total Shareholder Return (TSR) of GSK's shares with the TSR of the shares of 14 comparator companies over the three-year period. No awards will vest if GSK delivers returns which, when ranked against these companies, rank below the median.

If GSK delivers returns which rank at the median, 35% of the award will vest.

Vesting increases on a sliding scale with 100% of the award vesting where the Company is ranked first or second when compared to the comparator group.

TSR is measured on a pro-rata basis. Where the Company's performance falls between two of the comparator companies, the exact level of vesting will be determined by the actual relative level of TSR rather than simple ranking. To the extent that an award does not vest, it lapses.

The companies in the comparator group are Abbott Laboratories, AstraZeneca, Amgen, Bristol-Myers Squibb, Eli Lilly & Co, Johnson & Johnson, Merck, Novartis, Pfizer, Roche, Sanofi-Aventis, Schering-Plough, Takeda Pharmaceutical Company and Wyeth.

The individuals in the table
below, who are

either an Executive Director or Person
Discharging

Managerial Responsibility (PDMR

), were each granted an award under the terms of the GlaxoSmithKline Performance Share Plan as set out below

The awards we re granted over the Company's 25p Ordinary shares

Dividends accrue on the shares during the vesting period and vest to the extent that shares vest.

Number of Ordinary shares potentially vesting

	Less than median	Equal to median	Equal to 7 th position	Equal to 6 th position	Equal to 5 th position	Equal to 4 th position	Equal to 3 rd position	Equal to or above 2 nd position

The vesting of these awards is subject to the Remuneration Committee having determined that the performance conditions have been satisfied.

Share Option Plan

Under the terms of the GlaxoSmithKline Share Option Plan, share options allow

the holder to buy Ordinary shares or ADSs at a future date at a price determined

by reference to the market price of shares at the time of grant. The ultimate

number of share options that become exercisable depends on GSK's earnings per share (EPS) g

rowth over the performance period. EPS is measured over the three

financial years that started on

1 January 2008

and end on

31 December 2010

. To

the extent that options under the GlaxoSmithKline Share Options Plan do not vest at the end of this period, they will lapse.

The performance condition compares the compound annual increase in the Company's

EPS with the increase in the Retail Price Index (RPI) over the performance

period compared to the base year (the financial year ended 31 December 2007). No

options vest unless the Company's EPS increase exceeds RPI by 3% per annum. 50%

of the share options vest for an EPS increase of 3% p.a. in excess of RPI , with

increasing vesting up to 100% for an increase of 6% p.a. or more in excess of RPI

.

Vesting increases on a straight-line basis for EPS performance between the hurdles set out in the tables below.

The individuals in the table below, who are either an Executive Director or a PDMR

,

were each granted an award under the terms of the GlaxoSmithKline Share Option

Plan

as set out below with an exercise price of £12.205

.

The vesting of these options is subject to the Remuneration Committee having determined that the performance conditions have been satisfied.

The Company, Directors and Persons Discharging Managerial Responsibility were

advised of these transactions on

23 July

2008

.
