MERGER PROPOSED YOUR VOTE IS VERY IMPORTANT

Dear Shareholder:

You are invited to attend a special meeting of Lakeland Bancorp, Inc. shareholders on Wednesday, March 10, 2004. At the meeting, you will be asked to approve a proposal to authorize the issuance of the shares of Lakeland Bancorp, Inc. common stock issuable upon consummation of the proposed merger of Newton Financial Corporation with and into Lakeland Bancorp, Inc. In the merger:

Lakeland shareholders will retain their shares of Lakeland common stock; and

Newton shareholders will have the right to elect to receive either cash or shares of Lakeland common stock in exchange for their shares of Newton common stock, subject to allocation procedures that we have described in the attached joint proxy statement and prospectus. Newton shareholders who exchange their shares for cash will receive \$72.08 for each Newton share that they own immediately before the merger is consummated. Newton shareholders who exchange their shares for Lakeland stock will receive 4.5 shares of Lakeland common stock for each share of Newton common stock that they own immediately before the merger is consummated.

A minimum of 75% and a maximum of 100% of Newton's outstanding shares will be converted into Lakeland common stock.

The value of 4.5 shares of Lakeland common stock was \$72.08 when we signed the merger agreement, based on the average closing sale price of Lakeland common stock during the five immediately preceding trading days. Unlike the cash payment, this value will fluctuate until the merger occurs, even after you vote on the authorization to issue Lakeland shares in the merger.

Lakeland common stock is traded on the Nasdaq National Market System under the symbol LBAI.

Your vote is very important. Whether or not you plan to attend the special meeting, please take the time to vote by (i) accessing www.voteproxy.com and following the on-screen instructions; (ii) calling 1-800-PROXIES and following the instructions; or (iii) completing and mailing the enclosed proxy card to us. The special meeting will be held on Wednesday, March 10, 2004, at 5:00 p.m., at Lakeland's Corporate Headquarters, 250 Oak Ridge Road, Oak Ridge, New Jersey 07438.

The attached joint proxy statement and prospectus gives you detailed information about the proposed merger. We suggest that you pay special attention to the section entitled "RISK FACTORS" beginning on page 20.

Edgar Filing: LAKELAND BANCORP INC - Form S-4/A

We strongly support this strategic combination of Lakeland and Newton Financial Corporation, and we join with the other members of our board of directors in recommending that you vote in favor of the proposed merger.

QUESTIONS AND ANSWERS ABOUT THE MERGER

Q: WHAT IS THE PURPOSE OF THIS DOCUMENT?

A: This document serves as both a proxy statement of Newton and as a proxy statement and prospectus of Lakeland. As a joint proxy statement, it is being provided to:

Newton's shareholders by the Newton board of directors in connection with that board's solicitation of proxies for the Newton special meeting at which the Newton shareholders will consider and vote on the merger agreement between Newton and Lakeland; and

Lakeland's shareholders by the Lakeland board of directors in connection with that board's solicitation of proxies for the Lakeland special meeting at which the Lakeland shareholders will consider and vote upon a proposal to authorize the issuance of the shares of Lakeland common stock issuable pursuant to the merger agreement.

As a prospectus, this document is being provided to Newton's shareholders because Lakeland is offering to exchange shares of its common stock and cash for shares of Newton common stock upon completion of the merger.

Q: WHY ARE NEWTON AND LAKELAND PROPOSING TO MERGE?

A: We are proposing to merge Newton with and into Lakeland because we believe that combining the strengths of our two financial institutions is in the best interests of both of our companies, our shareholders and our customers. Please see "THE MERGER - Newton's Reasons for the Merger" and "THE MERGER - Recommendation of the Newton Board of Directors" at pages 31 to 32 for the various factors considered by the Newton board of directors in recommending that Newton's shareholders vote **FOR** the proposal to approve the merger agreement and the merger. Please see "THE MERGER - Lakeland's Reasons for the Merger" and "THE MERGER - Recommendation of the Lakeland Board of Directors" at pages 37 to 38 for the various factors considered by the Lakeland board of directors in recommending that Lakeland's shareholders vote **FOR** the proposal to authorize the issuance of the shares of Lakeland common stock issuable pursuant to the merger agreement.

Q: WHAT WILL A NEWTON SHAREHOLDER RECEIVE IN THE MERGER?

A: Upon completion of the merger, Newton shareholders will either receive cash or stock, or a combination of cash and stock, depending upon the results of an election procedure that we have described in this joint proxy statement and prospectus. Newton shareholders will receive \$72.08 in cash for each share of Newton common stock that is converted into cash and will receive 4.5 shares of Lakeland common stock for each share of Newton common stock that is converted into Lakeland common stock. Subject to allocation provisions in the merger agreement that preclude more than 25% of Newton's shares from being converted into cash, each Newton shareholder will have the right to elect to:

convert each of such shareholder's Newton shares into Lakeland common stock;

Edgar Filing: LAKELAND BANCORP INC - Form S-4/A

convert each of such shareholder's Newton shares into cash; or

convert a portion (in even 10% integrals) of such shareholder's Newton shares into Lakeland common stock and convert the balance of such shareholder's Newton shares into cash.

If holders of more than 25% of Newton's shares outstanding immediately prior to the consummation of the merger elect to receive cash, the Exchange Agent will reduce the number of shares of Newton common stock so converted to 25% by a pro rata reduction. Thus, by way of example and subject to certain tax considerations, if holders of 75% of Newton's shares outstanding immediately prior to the consummation of the merger elect to receive cash, then, for each such holder, one third of such holder's shares will be converted into cash and two thirds of such holder's shares will be converted into Lakeland common stock. See "The MERGER Terms of the Merger What Newton Shareholders Will Receive in the Merger," beginning at page 38.

Table of Contents

Q: WHAT ARE THE TAX CONSEQUENCES OF THE MERGER TO NEWTON S SHAREHOLDERS?

A: We expect that for federal income tax purposes, the merger will be a taxable event to those Newton shareholders who receive cash in whole or in part in exchange for their Newton common stock, and the merger will not be a taxable event to those Newton shareholders who receive solely Lakeland common stock in exchange for their Newton common stock.

We each will have no obligation to complete the merger unless tax counsel provides a legal opinion that the common stock exchange portion of the merger (as opposed to the payment of cash) will qualify as a transaction that is generally tax-free for federal income tax purposes. The legal opinion will not bind the Internal Revenue Service, however, and the Internal Revenue Service could take a different view of the transaction.

We urge you to consult your tax advisor to gain a full understanding of the tax consequences of the merger to you. Tax matters are very complicated, and, in many cases, the tax consequences of the merger will depend on your particular facts and circumstances. See THE MERGER Material Federal Income Tax Consequences, beginning at page 52.

Q: DO I HAVE RIGHTS TO DISSENT FROM THE MERGER?

A: No.

Q: ARE THERE ANY REGULATORY OR OTHER CONDITIONS TO THE MERGER OCCURRING?

A: Yes. The merger must be approved by the Board of Governors of the Federal Reserve System and the New Jersey Department of Banking and Insurance. In addition, the merger must be approved by the holders of at least two thirds of the outstanding shares of Newton common stock. An application for approval has been filed with both of the bank regulators; approval is pending. Further, assuming that a quorum is present at the Lakeland shareholder meeting, a majority of the votes cast must be voted in favor of the proposal to authorize the issuance of the shares of Lakeland common stock issuable pursuant to the merger and the merger agreement.

Completion of the merger is also subject to certain other conditions, including no material adverse change in the financial condition of Newton. See THE MERGER Conditions to the Merger, beginning at page 46.

Q: WHAT DO THE RESPECTIVE BOARDS OF DIRECTORS RECOMMEND?

A: The Newton board of directors has unanimously approved the merger and the merger agreement and believes that the proposed merger is in the best interests of Newton and its shareholders. Accordingly, the Newton board of directors unanimously recommends that Newton shareholders vote **FOR** approval of the merger agreement and the merger. Similarly, the Lakeland board of directors has unanimously approved the merger and the authorization of the shares of common stock issuable pursuant to the merger agreement and the merger and believes that such

action is in the best interests of Lakeland and its shareholders. Accordingly, the Lakeland board of directors unanimously recommends that Lakeland shareholders vote **FOR** approval of the authorization of the shares of Lakeland common stock issuable pursuant to the merger agreement and the merger.

Q: ARE THERE RISKS ASSOCIATED WITH LAKELAND S COMMON STOCK OR THE MERGER?

A: Yes. For a description of some of the risks, see **RISK FACTORS**, beginning at page 20.

Q: WHAT DO I NEED TO DO NOW?

A: After you have carefully read this joint proxy statement and prospectus, you should vote your shares by (i) accessing www.voteproxy.com and following the on-screen instructions; (ii) calling 1-800-PROXIES toll-free and following the instructions; or (iii) indicating on your proxy card how you want your shares to be voted and then signing, dating and mailing the proxy card in the enclosed postage-paid envelope as soon as possible so that your shares may be represented and voted at the applicable special meeting. In addition, you may attend the special meeting in person and vote, whether or not you have accessed www.voteproxy.com, called 1-800-PROXIES, or signed and mailed your proxy card. If you sign, date and return your proxy card but do not indicate how you want to vote, your

Table of Contents

proxy will be counted as a vote in favor of the merger agreement and the merger if you are a Newton shareholder and in favor of the authorization to issue the shares of common stock issuable pursuant to the merger if you are a Lakeland shareholder.

Q: IF I AM A NEWTON SHAREHOLDER, AM I REQUIRED TO SUBMIT MY ELECTION FORM WHEN I VOTE MY SHARES?

A: No. We have enclosed an Election Form for your use in making an election to receive either cash or Lakeland common stock pursuant to the merger. The Election Forms must be received by American Stock Transfer & Trust Company, the Exchange Agent, no later than the close of business three business days prior to the date on which we consummate the merger. Assuming that all regulatory approvals are received at least 15 days prior to the special meetings and assuming that the Newton and Lakeland shareholders approve the proposals described in this document, we hope to consummate the merger immediately after the special meetings are conducted. **Thus, if you are a Newton shareholder, you should make sure that the Exchange Agent receives your Election Form at least three business days before the Newton special meeting.** If you are a Newton shareholder and you either do not submit an Election Form or you submit an Election Form after the deadline, your shares will be deemed to be No Election Shares for purposes of the allocation procedures described in this joint proxy statement and prospectus. We cannot tell you at this point whether No Election Shares will receive cash or Lakeland common stock in the merger. See THE MERGER Terms of the Merger Election Form; Exchange of Shares beginning on page 39.

Q: MUST MY ELECTION FORM COVER ALL OF MY NEWTON SHARES?

A: Yes. Each holder of Newton shares may submit only one Election Form. The only exception is for shareholders who hold shares on behalf of others or shareholders who hold shares in a retirement account. Shareholders who hold Newton shares as nominees, trustees or in other representative capacities may submit multiple Election Forms, provided that each such Election Form covers all the shares of Newton common stock held by such representative for a particular beneficial owner. Shareholders who hold shares in a retirement account may also submit multiple Election Forms as long as each such Election Form covers all shares held by such shareholder individually or in the retirement account.

Q: MAY I CHANGE MY VOTE AFTER I HAVE VOTED MY PROXY FOR THE FIRST TIME?

A: Yes. There are several ways for you to revoke your proxy and change your vote. First, you may revoke your proxy by written notice (which you could personally deliver at the special meeting) to the Secretary of Newton or the secretary of Lakeland, as the case may be, at any time prior to the vote s being taken at the meeting. Second, you may submit a later-dated proxy card. Third, you may submit a new proxy via telephone or the Internet. The last vote received chronologically by any means will supersede your prior vote(s). If you have instructed a broker to vote your shares, you must follow directions received from your broker to change your vote. If you deliver such a notice or if you do not submit a proxy, you may vote your shares at the special meeting.

Q: IF I AM A NEWTON SHAREHOLDER, MAY I CHANGE MY ELECTION FORM AFTER I HAVE MAILED IT TO THE EXCHANGE AGENT?

A: Yes, provided that you deliver a notice of revocation to the Exchange Agent prior to the election deadline, which will be the close of business on the third business day prior to the date on which the merger is consummated. You may deliver a new Election Form with your notice of revocation, provided that both documents are received prior to the election deadline.

Q: IF I AM A NEWTON SHAREHOLDER, SHOULD I SEND IN MY STOCK CERTIFICATES NOW?

A: You should only submit your Newton stock certificates when you submit your Election Form. If you do not submit an Election Form, Lakeland will mail to you instructions for exchanging your stock certificates promptly after the merger is consummated.

Table of Contents

Q: HOW MANY SHARES OF LAKELAND COMMON STOCK ARE ISSUABLE PURSUANT TO THE MERGER?

A: If:

each of the outstanding Newton stock options is exercised prior to the completion of the merger;

each holder of Newton common stock validly elects to convert such holder's Newton shares into shares of Lakeland common stock;

no adjustment is made in the exchange ratio because of a stock split, stock dividend or similar event affecting the stock price of Lakeland common stock; and

no adjustment is made in the exchange ratio as a result of the price adjustment provision described below under "THE MERGER - Termination",

then the maximum number of shares of Lakeland common stock issuable pursuant to the merger agreement is 6,229,822 shares. Because Lakeland expects that some Newton shareholders will elect to receive cash in the merger, Lakeland's management expects that the actual number of shares issuable in the merger will be substantially less than 6,229,822 shares, although the precise number can not be determined at this time.

Q: IS THERE OTHER INFORMATION I SHOULD CONSIDER?

A: Yes. Much of the business and financial information about Lakeland that may be important to you is not included in this document. Instead, that information is incorporated by reference to documents separately filed by Lakeland with the Securities and Exchange Commission. This means that Lakeland may satisfy its disclosure obligations to you by referring you to one or more documents separately filed by it with the SEC. See "WHERE YOU CAN FIND MORE INFORMATION" beginning at page 97, for a list of documents that Lakeland has incorporated by reference into this joint proxy statement and prospectus and for instructions on how to obtain copies of those documents. The documents are available to you without charge.

Q: WHAT IF THERE IS A CONFLICT BETWEEN DOCUMENTS?

A: You should rely on the later filed document. Information in this joint proxy statement and prospectus may update information contained in one or more of the Lakeland documents incorporated by reference. Similarly, information in documents that Lakeland may file after the date of this joint proxy statement and prospectus may update information contained in this joint proxy statement and prospectus or information contained in previously filed documents.

Q: WHY IS THERE MORE FINANCIAL INFORMATION ABOUT NEWTON IN THIS DOCUMENT THAN INFORMATION ABOUT LAKELAND?

Edgar Filing: LAKELAND BANCORP INC - Form S-4/A

A: While we are permitted to incorporate information about Lakeland by reference, we can not take a similar approach with respect to Newton, since Newton has not been required to file financial information with the SEC on a regular basis.

Q: WHEN DO YOU EXPECT TO MERGE?

A: We are working toward completing the merger as quickly as possible. We can not close the merger until (a) 15 days after we receive all necessary bank regulatory approvals and (b) after the shareholders of Newton and Lakeland take the actions proposed by their respective boards. We expect to complete the merger during the first calendar quarter of 2004, although delays could occur.

The Companies (See page 61 for Newton and page 61 for Lakeland)

Newton Financial Corporation

30 Park Place

Newton, New Jersey 07860

973-383-2400

Newton Financial Corporation is a New Jersey business corporation and a registered bank holding company organized in 1983 to acquire the capital stock of Newton Trust Company. Newton Trust Company is a banking corporation organized in 1902 under the banking laws of the State of New Jersey. Newton Trust Company has ten banking offices located in Sussex and Warren Counties in New Jersey, and offers a broad range of personal and commercial banking services, including deposit accounts such as checking, NOW, money market, savings and certificates of deposit and loans such as commercial, installment and fixed and adjustable rate residential mortgages. As of September 30, 2003, Newton had consolidated assets of \$320.5 million, consolidated loans and leases, net of an allowance for loan and lease losses, of \$168.4 million, consolidated deposits of \$268.6 million, and consolidated shareholders equity of \$33.8 million.

Lakeland Bancorp, Inc.

250 Oak Ridge Road

Oak Ridge, New Jersey 07438

973-697-2000

Lakeland Bancorp, Inc. is a New Jersey business corporation and a registered bank holding company. Lakeland provides a diversified range of financial services in the communities in which it operates, principally through its Lakeland Bank subsidiary. Lakeland Bank offers a broad range of lending, leasing, depository, and related financial services to individuals and small to medium sized businesses in its northern New Jersey market area. In the lending area, these services include short and medium term loans, lines of credit, letters of credit, inventory and accounts receivable financing, real estate construction loans and mortgage loans. Depository products include: demand deposits, savings accounts and time accounts. In addition, Lakeland offers collection, wire transfer and night depository services.

Edgar Filing: LAKELAND BANCORP INC - Form S-4/A

As of September 30, 2003, Lakeland had consolidated assets of \$1.5 billion, consolidated loans and leases, net of an allowance for loan and lease losses, of \$802.0 million, consolidated deposits of \$1.3 billion and consolidated shareholders' equity of \$109.6 million.

Lakeland Bank is a state bank chartered under New Jersey law and headquartered in Oak Ridge, New Jersey. Lakeland Bank is engaged in the commercial and retail banking business from 15 banking offices located in Sussex County, New Jersey, 10 banking offices located in Passaic County, New Jersey, 7 banking offices located in Morris County, New Jersey, 5 banking offices located in Bergen County, New Jersey and one banking office located in Essex County, New Jersey.

The Merger (See page 29)

Lakeland will acquire Newton by merging Newton with and into Lakeland. Newton Trust Company, presently a subsidiary of Newton Financial Corporation, will become a subsidiary of Lakeland. Thus, after the

Table of Contents

merger, Lakeland's banking business will be conducted by Lakeland Bank and Newton Trust Company as separate bank subsidiaries.

A copy of the merger agreement is attached to this joint proxy statement and prospectus as Annex A.

Newton shareholders will either receive cash or stock, or a combination of cash and stock, depending upon the results of an election procedure that we have described in this joint proxy statement and prospectus. Newton shareholders will receive \$72.08 in cash for each share of Newton common stock that is converted into cash and will receive 4.5 shares of Lakeland common stock for each share of Newton common stock that is converted into Lakeland common stock. Subject to allocation provisions in the merger agreement that preclude more than 25% of Newton's shares from being converted into cash, each Newton shareholder will have the right to elect to:

convert each of such shareholder's Newton shares into Lakeland common stock;

convert each of such shareholder's Newton shares into cash; or

convert a portion (in even 10% integrals) of such shareholder's Newton shares into Lakeland common stock and convert the balance of such shareholder's Newton shares into cash.

If holders of more than 25% of Newton's shares outstanding immediately prior to the consummation of the merger elect to receive cash, the Exchange Agent will reduce the number of shares of Newton common stock so converted to 25% by a pro rata reduction. Thus, by way of example and subject to certain tax considerations, if holders of 75% of Newton's shares outstanding immediately prior to the consummation of the merger elect to receive cash, then, for each such holder, one third of such holder's shares will be converted into cash and two thirds of such holder's shares will be converted into Lakeland common stock. See **THE MERGER Terms of the Merger What Newton Shareholders Will Receive in the Merger**, beginning at page 38.

The exchange ratios will be adjusted proportionately if Lakeland makes any stock splits, stock dividends or similar distributions.

Lakeland will not issue any fractions of a share of common stock. Rather, Lakeland will pay cash (without interest) for any fractional share interest any Newton shareholder would otherwise receive in the merger.

Tax Consequences (See page 52)

We expect that for federal income tax purposes, the merger will be a taxable event to those Newton shareholders who receive cash in whole or in part in exchange for their Newton common stock, and the merger will not be a taxable event to those Newton shareholders who receive solely Lakeland common stock in exchange for their Newton common stock. However, we urge you to consult your tax advisor to gain a full understanding of the tax consequences of the merger to you. Tax matters are very complicated, and in many cases, the tax consequences of the merger will depend on your particular facts and circumstances.

Reasons for proposing the merger (See page 31 for Newton and page 37 for Lakeland)

Newton's board of directors has unanimously approved the merger and the merger agreement and believes that the proposed merger is in the best interests of Newton and its shareholders. If the merger is consummated and you acquire Lakeland common stock in the merger, you will own stock in a larger and more diversified corporation. Lakeland common stock is traded on the Nasdaq National Market while there is a limited trading market for Newton common stock.

In unanimously approving the merger agreement, Newton's board considered, among other things, the terms of the merger agreement, including the financial terms, the income tax consequences of the transaction, the historical market prices of Lakeland common stock, the historical cash dividends paid on Lakeland common stock, the competitive environment facing Newton and the business and prospects of Lakeland.

Table of Contents

Lakeland's board of directors focused principally on Newton's growth potential, Newton's size and Newton's franchise in Sussex and Warren Counties in New Jersey.

Board recommendations (See page 32 for Newton and page 38 for Lakeland)

The board of directors of Newton unanimously approved the merger agreement and the merger, and unanimously recommends that Newton shareholders vote FOR approval of these matters. The board of directors of Lakeland unanimously approved the merger agreement and the merger, and unanimously recommends that Lakeland shareholders vote FOR the proposal to authorize the issuance of the shares of Lakeland common stock issuable pursuant to the merger.

Newton's financial advisor has concluded that the consideration that Newton shareholders will receive in the merger is fair (See pages 32-33)

Lutz Advisors, Inc., financial advisor to Newton, has provided a written fairness opinion dated October 24, 2003 and updated on January 1, 2004 to Newton's board of directors to the effect that, as of that date and as updated, the aggregate consideration to be paid in the merger is fair to Newton's shareholders from a financial point of view. A copy of the fairness opinion is attached to this joint proxy statement and prospectus as Annex C.

You should read the fairness opinion in its entirety.

Newton has paid Lutz Advisors a retainer of \$25,000 and an additional fee of \$75,000 upon the rendering of the written fairness opinion. Newton has agreed to pay Lutz Advisors a fee of 0.70% of the aggregate consideration to be paid in the merger upon the closing of the transaction. The retainer and the fairness opinion fee will be netted against the 0.70% fee. Lutz Advisors will be reimbursed for reasonable out of pocket expenses incurred on behalf of Newton.

Voting matters (See pages 26 and 27)

The approval of the merger agreement and the merger will require the affirmative vote, in person or by proxy, of the holders of at least two thirds of the shares of Newton common stock outstanding on the record date. Each holder of shares of Newton common stock outstanding on the record date will be entitled to one vote for each share held of record. Abstentions and broker non-votes will be counted for purposes of determining whether a quorum is present and will have the same effect as a vote against the merger and merger agreement.

The approval of the proposal to authorize the issuance of the shares of Lakeland common stock issuable pursuant to the merger will require the affirmative vote, in person or by proxy, of the holders of a majority of the shares of Lakeland common stock voting at Lakeland's special meeting, assuming that a quorum is present in person or by proxy. Each holder of shares of Lakeland common stock outstanding on the record date will be entitled to one vote for each share held of record. Interests of Newton directors and management in the merger (See page 51)

The directors and executive officers of Newton have interests in the merger as directors and employees that are different from the interests of the other Newton shareholders. These interests include, among others:

Members of the board of directors of Newton Trust Company will remain on that board after it becomes a subsidiary of Lakeland.

Each of the Chairman of the Board and the Chief Executive Officer of Newton Trust Company will remain in those positions after the merger is consummated.

Three members of Newton's board — Christopher D. Quinn, Paul G. Viall, Jr. and Janeth C. Hendershot — will be elected to the board of directors of Lakeland.

Under his employment agreement with Newton, Donald E. Hinkel Jr., Newton's President and Chief Executive Officer, may become entitled to a severance payment as a result of the merger. Mr. Hinkel is entitled to receive a lump sum payment equal to twice his then current salary in the event that he is terminated without cause or if he resigns for reasons described in the employment agreement following a change of control, as defined in the agreement. The merger will constitute a change of control.

In addition to Donald E. Hinkel's arrangements, any Newton employee, including senior officers, whose employment is terminated within one year of the merger will be entitled to severance equal to two weeks of their then current base salary for each of the first five years of their service with Newton, and one week per year thereafter, with a total and maximum payment to any terminated employee of thirty weeks.

Certain senior officers of Newton (excluding Mr. Hinkel) will be entitled to a retention bonus if they maintain their employment with Newton until such time after the effective date of the merger as their position or function has been converted or transitioned and are not then offered continued employment by Lakeland.

Lakeland will assume all Newton stock options outstanding immediately prior to the consummation of the merger.

The merger agreement provides that Lakeland will indemnify the directors and officers of Newton against certain liabilities for a six-year period following completion of the merger.

Edgar Filing: LAKELAND BANCORP INC - Form S-4/A

Newton's board of directors and Lakeland's board of directors were aware of these interests and considered them in approving and recommending the merger. For additional information on the benefits of the merger to Newton's management, see page 51.

Merger expected to occur in the first or second quarter of 2004 (See page 41)

The merger of Newton with and into Lakeland will become final when a certificate of merger is filed under New Jersey law. That certificate may not be filed until all bank regulatory approvals have been received, a 15 day waiting period has expired, Newton's shareholders approve the merger and Lakeland's shareholders authorize the

Table of Contents

issuance of the Lakeland shares issuable pursuant to the merger. We currently anticipate that the merger will be completed in the first quarter of 2004, although delays could occur.

We cannot assure you that we can obtain the necessary regulatory or shareholder approvals or that the other conditions precedent to the merger can or will be satisfied.

Regulatory approval must be obtained and other conditions must be satisfied before the merger will be completed (See pages 46-47)

Our obligations to complete the merger are subject to various conditions that are usual and customary for this kind of transaction, including obtaining approval from the Board of Governors of the Federal Reserve System and the New Jersey Department of Banking and Insurance. Applications for bank regulatory approval have been submitted; approval is pending. In addition to the required regulatory approvals, the merger will only be completed if certain conditions, including the following, are met or, where permissible, waived:

Newton shareholders approve the merger at the Newton special meeting and the Lakeland shareholders authorize the issuance of the shares of Lakeland common stock issuable pursuant to the merger at the Lakeland special meeting.

Newton and Lakeland each receive an opinion of counsel with respect to certain tax matters.

Neither of Newton and Lakeland has breached any of our respective representations or obligations under the merger agreement, subject to certain materiality qualifications.

The merger agreement attached to this joint proxy statement and prospectus as Annex A describes other conditions that must be met or waived before the merger may be completed.

Amendment or termination of the merger is possible (See pages 47-50)

The merger agreement may be amended by our written agreement. We can amend the agreement to a certain extent without shareholder approval, even if you have already approved the merger.

We may agree to terminate the merger agreement and not complete the merger at any time before the merger is completed. We each can unilaterally terminate the merger in certain circumstances. These include a failure to complete the merger by June 30, 2004, unless the terminating party's breach is the reason that the merger has not been completed.

Newton may terminate the merger agreement if:

Edgar Filing: LAKELAND BANCORP INC - Form S-4/A

during a specified 20 business day period, the average closing sale price of Lakeland common stock on the Nasdaq National Market is less than \$12.01; and

such average closing sale price of Lakeland common stock under-performs the average stock price of certain peer financial institutions by more than 25%, as measured in accordance with the merger agreement; and

in response to its receipt of a notice of termination from Newton, Lakeland does not increase the number of shares of Lakeland common stock issuable for each share of Newton common stock in the merger to the extent required by the merger agreement.

See THE MERGER Termination for additional information regarding this and other bases for terminating the merger agreement.

Table of Contents

Rights of Lakeland shareholders differ from those of Newton shareholders (See pages 96-97)

When the merger is completed, each Newton shareholder will automatically become a Lakeland shareholder unless such shareholder's Newton shares are converted entirely into cash under the merger agreement. The rights of Lakeland shareholders differ from the rights of Newton shareholders in certain important ways. Many of these have to do with provisions in Lakeland's certificate of incorporation and by-laws that differ from those of Newton's certificate of incorporation and by-laws. Some of these provisions, as well as Lakeland's Shareholder Rights Plan, are intended to make a takeover of Lakeland harder if Lakeland's board of directors does not approve it.

Newton shareholders do not have dissenters' appraisal rights (See page 55)

Under the New Jersey Business Corporation Act, Newton's shareholders will not have dissenters' appraisal rights in connection with the merger.

Stock certificates to be submitted with the Election Forms or after the merger is complete (See page 39)

Holders of record of Newton common stock as of the record date for the special meeting will receive an Election Form together with this joint proxy statement and prospectus. Persons who become holders of record of Newton common stock after the record date will also be provided with Election Forms from time to time prior to the consummation of the merger. In order to make an effective election to receive cash or stock in the merger, it will be necessary for such shareholders to submit their Newton stock certificates to the Exchange Agent, together with their Election Forms, in the yellow envelope provided to Newton's shareholders. If such shareholders do not submit an Election Form, then, promptly after the merger is completed, they will receive a letter and instructions on how to surrender their Newton stock certificates in exchange for Lakeland stock certificates and/or cash. Newton shareholders will need to carefully review and complete these materials and return them as instructed along with their stock certificates for Newton common stock.

If you do not have stock certificates but hold shares of Newton common stock with your broker in street name, you will need to provide your broker with instructions regarding your election. If you do not instruct your broker to make an election, your broker will automatically exchange your shares upon completion of the merger.

Table of Contents**COMPARATIVE PER SHARE INFORMATION**

We have set forth below information concerning earnings, cash dividends and book value per share for Newton and Lakeland on both historical and pro forma combined bases and on a per share equivalent pro forma basis for Newton. We have derived the pro forma combined earnings per share from the Unaudited Pro Forma Condensed Combined Financial Information presented elsewhere in this document. Pro forma combined cash dividends declared per share reflect Lakeland's cash dividends declared in the periods indicated. Book value per share for the pro forma combined presentation is based upon outstanding shares of Lakeland common stock, adjusted to include the estimated number of shares of Lakeland common stock to be issued in the merger for outstanding shares of Newton common stock at the time the merger is completed, assuming that 75% of Newton's outstanding shares of common stock are converted into 4.5 shares of Lakeland common stock. The per share equivalent pro forma combined data for shares of Newton common stock is also based on the assumed conversion of 75% of the outstanding shares of Newton common stock into 4.5 shares of Lakeland common stock based upon the exchange ratio. The pro forma and pro forma equivalent data does not take into account any cost savings or synergies that may be achieved as a result of the merger. You should read the information set forth below in conjunction with the respective audited and unaudited financial statements of Lakeland and Newton included or incorporated by reference in this document and the Unaudited Pro Forma Condensed Combined Financial Information and the notes thereto presented elsewhere in this document. RISK FACTORS

By approving the merger, Newton shareholders may, even if they elect to receive cash, ultimately receive Lakeland common stock and thus will be investing in Lakeland's common stock. An investment in Lakeland's common stock involves a degree of risk. In addition to the other information included in this document, including the matters addressed in FORWARD-LOOKING INFORMATION immediately following this section, you should carefully consider the matters described below in determining whether to approve the merger agreement.

LAKELAND CANNOT ASSURE NEWTON SHAREHOLDERS WHO RECEIVE STOCK IN THE MERGER THAT LAKELAND WILL BE SUCCESSFUL IN ITS PENDING LEGAL PROCEEDINGS.

As Lakeland has disclosed in documents incorporated herein by reference, Lakeland is currently involved in complex legal proceedings resulting from certain defaults on substantial commercial lease portfolios in which Lakeland had invested. As of October 31, 2003, Lakeland had approximately \$10.7 million invested in these portfolios, which were insured by various surety companies. Lakeland's primary obligors have filed for bankruptcy protection and certain of Lakeland's surety companies have denied liability on the grounds that they were defrauded. This litigation is time-consuming and expensive and may not result in any meaningful recoveries for Lakeland.

As of October 31, 2003, Lakeland's allowance for loan and lease losses contained a reserve allocation of \$5.6 million for the commercial lease portfolio. If Lakeland is unsuccessful in these proceedings or fails to achieve an alternative solution, Lakeland's pre-tax income would be reduced to the extent that its losses on this investment exceed the \$5.6 million amount previously included in the allowance for loan and lease losses. Such reduction could be substantial and could materially adversely impact Lakeland.

IF NEWTON SHAREHOLDERS ELECT TO RECEIVE CASH IN THE MERGER, THEY MAY NOT EXCLUSIVELY RECEIVE CASH.

Although you will be given the right to elect to receive cash or Lakeland common stock in the merger, it is possible that if you elect to receive some or all of the merger consideration in the form of cash, you will not receive the form of consideration that you have requested. There are two factors that could cause you to receive a form of consideration that you did not choose:

The merger agreement provides that subject to certain tax constraints that we have described below, no more than 25% of the outstanding Newton shares will be converted into cash. If Newton shareholders' Election Forms provide for more than 25% of the shares of Newton common stock to be converted into cash, there will be a pro rata reduction that will result in certain of such holders' shares being converted into Lakeland common stock.

If the aggregate amount of cash paid in the merger substantially exceeds the value of the Lakeland common stock that is issued in the merger, Lakeland's counsel may be unable to issue the tax opinion which constitutes a condition of closing. While this is unlikely to occur, the merger agreement provides that if tax counsel cannot provide the tax opinion for this reason, the percentage of the consideration payable in the form of cash will be decreased to the extent necessary to enable counsel to render that opinion. In turn,

Edgar Filing: LAKELAND BANCORP INC - Form S-4/A

the portion of a Newton holder's shares to be converted into cash may be reduced if tax considerations require a decrease in the percentage of the aggregate consideration payable in the form of cash.

SINCE THE EXCHANGE RATIO IS FIXED, NEWTON SHAREHOLDERS ARE AT RISK IN THE EVENT THAT THE MARKET PRICE OF LAKELAND'S COMMON STOCK DECLINES PRIOR TO THE CONSUMMATION OF THE MERGER.

Absent special circumstances described under "THE MERGER - Termination", the number of shares that Lakeland will issue for each share of Newton common stock to be converted into Lakeland common stock—that is, 4.5 shares—is fixed. If the market price of Lakeland's common stock declines, the value of the stock consideration that Newton shareholders will receive will decline. Stock price changes may result from a variety of factors, including general market and economic conditions, changes in Lakeland's business, operations and prospects, developments in pending legal proceedings and regulatory considerations. Many of these factors are beyond Lakeland's control. The merger is not expected to close until the first calendar quarter of 2004. Moreover, Newton shareholders can expect that there will be some delay after the merger is consummated before they will receive their Lakeland stock certificates. Thus, Newton shareholders receiving stock in the merger will be subject to the risk of market declines in the value of Lakeland common stock for a substantial period of time.

Table of Contents

We urge Newton shareholders to obtain current market quotations for Lakeland common stock.

YOU WILL HAVE LESS INFLUENCE AS A SHAREHOLDER OF LAKELAND THAN AS A SHAREHOLDER OF NEWTON.

The shareholders of Newton currently have the right to control Newton through their ability to elect the board of directors of Newton and to vote on other matters affecting Newton. The merger will transfer control of Newton to Lakeland. After completion of the merger, former Newton shareholders will own less than 30% of Lakeland's outstanding common stock (excluding stock options), even if all Newton shareholders elect to receive solely Lakeland common stock in the merger. Consequently, the former Newton shareholders will exercise much less influence over the management and policies of Lakeland than they currently exercise over the management and policies of Newton.

THE MARKET PRICE OF THE SHARES OF LAKELAND COMMON STOCK MAY BE AFFECTED BY FACTORS DIFFERENT FROM THOSE AFFECTING THE SHARES OF NEWTON COMMON STOCK.

Upon completion of the merger, certain holders of Newton common stock will become holders of Lakeland common stock. Lakeland's current businesses and markets differ from those of Newton, and, accordingly, the results of operations of Lakeland after the merger may be affected by factors different than those currently affecting the results of operations of Newton. For a discussion of Lakeland's business and of certain factors to consider in connection with that business, see the documents incorporated by reference into this document and referred to under "WHERE YOU CAN FIND MORE INFORMATION," beginning at page 97.

THE SHARE PRICE OF LAKELAND COMMON STOCK ON THE NASDAQ NATIONAL MARKET IS SUBJECT TO MARKET FLUCTUATIONS.

The share price of Lakeland common stock on the Nasdaq National Market is by its nature subject to the general price changes in the market for publicly traded equity securities. These price increases and declines are not necessarily related to a change in the financial performance or condition of Lakeland.

LAKELAND FACES STRONG COMPETITION FROM FINANCIAL SERVICE COMPANIES AND OTHER COMPANIES THAT OFFER BANKING SERVICES, WHICH COULD HURT ITS BUSINESS.

After the merger, Lakeland will continue to conduct its banking operations almost entirely in markets located in northern New Jersey. Increased competition in its markets may result in reduced loans and deposits for Lakeland. Many competitors offer the principal banking services that

Edgar Filing: LAKELAND BANCORP INC - Form S-4/A

Lakeland offers in its service areas. These competitors include banks, finance companies, brokerage firms, insurance companies, investment advisors, credit unions, savings and loan institutions, mortgage banks and other financial intermediaries. Lakeland's competitors include substantial regional banking institutions whose greater resources may afford them a marketplace advantage by enabling them to maintain more banking locations than Lakeland and mount more extensive promotional and advertising campaigns. Lakeland also competes with smaller, community oriented banks, which compete with Lakeland primarily on the basis of the services rendered to customers. Areas of competition include interest rates for loans and deposits, efforts to obtain deposits, and range and quality of products and services provided, including new technology-driven products and services. Lakeland also faces competition from financial institutions physically located outside Lakeland's markets that have opened loan production offices in Lakeland's markets or that solicit deposits and the sale of other products and services in Lakeland's markets. If Lakeland is unable to attract and retain banking customers, Lakeland may be unable to continue its loan and deposit growth and its results of operations and financial condition may otherwise be materially adversely affected.

Table of Contents

CHANGES IN ECONOMIC CONDITIONS COULD HURT LAKELAND'S BUSINESS MATERIALLY.

Lakeland's business is directly affected by factors such as economic, political and market conditions, including broad trends in industry and finance, legislative and regulatory changes, changes in government monetary and fiscal policies, U.S. military involvement in the Middle East and the impact of terrorists' acts, all of which are beyond its control. A deterioration in economic conditions could have the following consequences, any of which could hurt Lakeland's business materially:

loan delinquencies may increase;

problem assets and foreclosures may increase;

demand for Lakeland's products and services may decline;

low-cost or non-interest bearing deposits may decrease; and

collateral for loans may decline in value, in turn reducing customers' borrowing power, and reducing the value of assets and collateral associated with existing loans.

LAKELAND'S BUSINESS IS SUBJECT TO INTEREST RATE RISK AND VARIATIONS IN INTEREST RATES MAY NEGATIVELY AFFECT ITS FINANCIAL PERFORMANCE.

Changes in the interest rate environment may reduce profits. The primary source of income for Lakeland is the differential or "spread" between the interest earned on loans, securities and other interest-earning assets, and interest paid on deposits, borrowings and other interest-bearing liabilities. As prevailing interest rates change, net interest spreads are affected by the difference between the maturities and repricing characteristics of interest-earning assets and interest-bearing liabilities. In addition, loan volume and yields are affected by market interest rates on loans, and rising interest rates generally are associated with a lower volume of loan originations. An increase in the general level of interest rates may also adversely affect the ability of certain borrowers to pay the interest on and principal of their obligations. Accordingly, changes in levels of market interest rates could materially adversely affect Lakeland's net interest spread, asset quality, loan origination volume and overall profitability.

FUTURE GOVERNMENTAL REGULATION AND LEGISLATION COULD LIMIT LAKELAND'S FUTURE GROWTH.

Lakeland and its subsidiaries are subject to extensive state and federal regulation, supervision and legislation that govern almost all aspects of the operations of Lakeland and its subsidiaries. These laws may change from time to time and are primarily intended for the protection of consumers, depositors and the deposit insurance funds. Any changes to these laws may negatively affect Lakeland's ability to expand its services and to increase the value of its business. While we cannot predict what effect any presently contemplated or future changes in the laws or

regulations or their interpretations would have on Lakeland, these changes could be materially adverse to Lakeland's shareholders.

LAKELAND'S ABILITY TO PAY DIVIDENDS DEPENDS PRIMARILY ON DIVIDENDS FROM ITS SUBSIDIARIES, WHICH ARE SUBJECT TO REGULATORY LIMITS.

Lakeland is a bank holding company and its operations are conducted by direct and indirect subsidiaries, each of which is a separate and distinct legal entity. Substantially all of Lakeland's assets are held by its direct and indirect subsidiaries.

Lakeland's ability to pay dividends depends on its receipt of dividends from its direct and indirect subsidiaries. Its principal banking subsidiary, Lakeland Bank, is its primary source of dividends. Dividend payments from its banking subsidiaries – including dividend payments from Newton Trust Company after the merger is completed – are subject to legal and regulatory limitations, generally based on net profits and retained earnings, imposed by the various banking regulatory agencies. The ability of banking subsidiaries to pay dividends is also subject to their profitability, financial condition, capital expenditures and other cash flow requirements. At

Table of Contents

September 30, 2003, approximately \$122.2 million was available without the need for regulatory approval, for the payment of dividends to Lakeland from its subsidiaries. There is no assurance that Lakeland's subsidiaries will be able to pay dividends in the future or that Lakeland will generate adequate cash flow to pay dividends in the future. Lakeland's failure to pay dividends on its common stock could have a material adverse effect on the market price of its common stock.

LAKELAND'S FUTURE ACQUISITIONS COULD DILUTE YOUR OWNERSHIP OF LAKELAND AND MAY CAUSE LAKELAND TO BECOME MORE SUSCEPTIBLE TO ADVERSE ECONOMIC EVENTS.

Lakeland has acquired other companies with its common stock in the past and intends to acquire or make investments in banks and other complementary businesses with its common stock in the future. Lakeland may issue additional shares of common stock to pay for those acquisitions, which would dilute your ownership interest in Lakeland. Future business acquisitions could be material to Lakeland, and the degree of success achieved in acquiring and integrating these businesses into Lakeland could have a material effect on the value of Lakeland common stock. In addition, any such acquisition could require Lakeland to use substantial cash or other liquid assets or to incur debt. In those events, Lakeland could become more susceptible to economic downturns and competitive pressures.

FAILURE TO COMPLETE THE MERGER COULD SEVERELY DISADVANTAGE NEWTON.

In order to complete the merger, Newton must focus on meeting all merger conditions. If for any reason the merger does not occur, that failure could adversely affect Newton's business and make it difficult for Newton to attract other acquisition partners.

IF THE MERGER HAS NOT OCCURRED BY JUNE 30, 2004, EITHER LAKELAND OR NEWTON IS GENERALLY FREE TO CHOOSE NOT TO PROCEED WITH THE MERGER.

Either Lakeland or Newton may terminate the merger agreement if the merger has not been completed by June 30, 2004, unless such failure has resulted from the failure to perform by the party seeking to terminate the merger agreement. See **THE MERGER Termination** beginning at page 48. There can be no assurance that all conditions to the merger will have been satisfied by June 30, 2004. See **THE MERGER Conditions to the Merger**, beginning at page 46.

RETENTION OF NEWTON TRUST COMPANY AS A SEPARATE BANKING INSTITUTION MAY MAKE IT MORE DIFFICULT FOR LAKELAND TO INTEGRATE NEWTON'S BUSINESS AFTER THE CLOSING.

Under the merger agreement, Lakeland has agreed to permit Newton Trust Company to operate substantially independently for a period of two years after the closing. While two Lakeland directors will serve on the board of directors of Newton Trust Company after the merger, the balance of the members of that board will consist of the current members of the Newton Trust Company board. In addition, each of the Chairman and the Chief Executive Officer of Newton Trust Company will continue to occupy similar positions with Newton Trust Company after the merger. This structure may make it more difficult for Lakeland to take advantage of economies of scale that would be achievable if Lakeland Bank and Newton Trust Company were merged promptly after the merger of Newton and Lakeland.

THE EXPECTED BENEFITS OF THE MERGER MAY NOT BE REALIZED IF WE DO NOT ACHIEVE CERTAIN COST SAVINGS AND OTHER BENEFITS

Our belief that cost savings and revenue enhancements are achievable is a forward-looking statement that is inherently uncertain. The combined company's actual cost savings and revenue enhancements, if any, cannot be quantified at this time. Any actual cost savings or revenue enhancements will depend on future expense levels and operating results, the timing of certain events and general industry, regulatory and business conditions. Many of these events will be beyond the control of the combined company.

Table of Contents

NEWTON'S OFFICERS AND DIRECTORS MAY HAVE CONFLICTS OF INTEREST AND WILL RECEIVE BENEFITS IN THE MERGER THAT OTHER NEWTON SHAREHOLDERS WILL NOT RECEIVE

Newton's directors and executive officers may have conflicts of interest with respect to the merger because they will receive benefits from the merger that other Newton shareholders will not receive. Both boards of directors considered these interests, together with other relevant factors, in deciding whether to approve the merger.

What will be Voted on at the Special Meetings

At the Newton special meeting, Newton shareholders will consider and vote on proposals to do the following:

To approve the merger agreement, which will approve the merger of Newton Financial Corporation into Lakeland Bancorp, Inc. and related matters; and

To act on any other matters that may be put to a vote at the special meeting, which may include a motion to adjourn the meeting to another time or place in order to solicit additional proxies in favor of the merger agreement and the merger.

If a quorum is not present, or if fewer shares of Newton common stock are voted in favor of the merger agreement and the merger than the number required for approval, it is expected that the meeting will be adjourned to allow additional time for obtaining additional proxies. In that event, proxies will be voted to approve an adjournment, except for proxies as to which instructions have been given to vote against the merger agreement and the merger. The holders of a majority of the shares present at the meeting would be required to approve any adjournment of the meeting.

At the Lakeland special meeting, Lakeland shareholders will be asked to authorize the issuance of the shares of Lakeland common stock issuable pursuant to the merger agreement and the merger (including the shares of Lakeland common stock issuable upon exercise of stock options to be assumed by Lakeland pursuant to the merger agreement).

We will count as present at each of the special meetings, for purposes of determining the presence or absence of a quorum:

shares of common stock held by persons attending the special meeting, whether or not they are voting, and

shares of common stock for which the applicable company has received proxies, including proxies with respect to which holders of those shares have abstained from voting.

Vote Required; Voting Agreements

The approval of the merger agreement and the merger by Newton will require the affirmative vote, in person or by proxy, of the holders of two thirds of the outstanding shares of Newton common stock. Abstentions and broker non-votes will be counted in determining whether a quorum is present and will have the same effect as a negative vote on the merger and merger agreement.

The authorization by Lakeland's shareholders of the issuance of the shares of Lakeland common stock issuable pursuant to the merger agreement will require the affirmative vote, in person or by proxy, of the holders of a majority of the shares of Lakeland common stock voted at the special meeting, assuming that a quorum is present in person or by proxy. Abstentions and broker non-votes will be counted in determining whether a quorum is present but will have no impact on the substantive determinations to be made by the shareholders at Lakeland's special meeting.

The directors of Newton have agreed with Lakeland to vote all shares of Newton common stock for which they have voting power on the record date in favor of the approval of the merger agreement and the merger. THE MERGER

The following information describes the material terms and provisions of the merger. This description is not complete. We qualify this discussion in its entirety by reference to the merger agreement which we incorporate by reference in this joint proxy statement and prospectus. A copy of the merger agreement is attached hereto as Annex A. We urge you to read the full text of the agreement carefully.

The merger agreement provides that:

Newton Financial Corporation will merge with and into Lakeland Bancorp, Inc.;

for a period of two years after that merger is completed, Newton Trust Company, a subsidiary of Newton, will be a separate subsidiary of Lakeland, the intention being to merge Newton Trust Company into Lakeland Bank at the end of such two year period; and

subject to adjustment in certain events described in this joint proxy statement and prospectus, each shareholder of Newton will receive, for each of such shareholder's shares of Newton common stock, either \$72.08 in cash or 4.5 shares of Lakeland common stock.

Subject to allocation provisions in the merger agreement that preclude more than 25% of Newton's shares from being converted into cash, each Newton shareholder will have the right to elect to:

convert each of such shareholder's Newton shares into shares of Lakeland common stock;

convert each of such shareholder's Newton shares into cash; or

convert a portion (in even 10% integrals) of such shareholder's Newton shares into Lakeland common stock and convert the balance of such shareholder's Newton shares into cash.

There is no limitation on the number of Newton shareholders who will be permitted to elect to receive Lakeland common stock; thus, at least to the extent that a Newton shareholder elects to convert such shareholder's Newton common stock into Lakeland common stock, that election will be honored. If holders of more than 25% of Newton's shares outstanding immediately prior to the consummation of the merger elect to receive cash, the Exchange Agent will reduce the number of shares of Newton common stock so converted to 25% by a pro rata reduction. Thus, by way of example and subject to certain tax considerations, if holders of 75% of Newton's shares outstanding immediately prior to the consummation of the merger elect to receive cash, then, for each such holder, one third of such holder's shares will be converted into cash and two thirds of such holder's shares will be converted into Lakeland common stock. See - What Newton Shareholders Will Receive in the Merger, beginning at page 38.

The boards of directors of Newton and Lakeland have unanimously approved and adopted the merger agreement and believe that the merger is in the best interests of their respective shareholders. The Newton board of directors unanimously recommends that Newton shareholders vote **FOR** the merger agreement and the merger and the Lakeland board of directors unanimously recommends that Lakeland shareholders vote **FOR** the proposal to authorize the issuance of the shares of common stock issuable pursuant to the merger agreement.

As of October 24, 2003, there were 1,360,814 shares of Newton common stock outstanding and there were options outstanding covering an additional 23,591 shares of Newton Common Stock. If:

each of the outstanding Newton stock options is exercised prior to the completion of the merger;

each holder of Newton common stock validly elects to convert such holder's Newton shares into shares of Lakeland common stock;

Table of Contents

no adjustment is made in the exchange ratio because of a stock split, stock dividend or similar event affecting the stock price of Lakeland common stock; and

no adjustment is made in the exchange ratio as a result of the price adjustment provision described below under
- Termination ,

then the maximum number of shares of Lakeland common stock issuable pursuant to the merger agreement is 6,229,822 shares. Since this number represents more than 20% of Lakeland's outstanding shares, Nasdaq rules required Lakeland to condition the merger on the receipt of authorization from Lakeland's shareholders to issue the shares of Lakeland common stock issuable in the merger. Because Lakeland expects that some Newton shareholders will elect to receive cash in the merger, Lakeland's management expects that the actual number of shares issuable in the merger will be substantially less than 6,229,822 shares, although the precise number can not be determined at this time.

Newton stock options that are outstanding when the merger is completed will be converted into options to purchase the number of shares of Lakeland common stock that the option holder would have received had such option holder exercised his or her option prior to the effective time of the merger and had all of his or her Newton shares converted into Lakeland common stock.

The directors of Newton have interests in the merger as directors that are different from the interests of Newton's shareholders in general. See Interests of Management and Others in the Merger. These interests were considered by Newton's board of directors and Lakeland's board of directors before approving and recommending the merger.

Background of the Merger

Newton has, from time to time, been the recipient of unsolicited indications of interests regarding potential business combination transactions. Although Newton has generally evaluated the indications of interests it has received, its board of directors in the past concluded that it was in the best interests of Newton shareholders that Newton continue to implement its strategic plan and remain as a stand-alone institution.

In late August, 2003, the employment of Andrew A. DeGrego as Newton's President and Chief Executive Officer terminated. The next week, Newton received from Lakeland an unsolicited discussion memorandum outlining the terms for a proposed business combination. On September 9, 2003, the Newton board met in a special meeting to review the proposed outline. At that meeting, the Newton board approved the engagement of Lutz Advisors, Inc. to assist in analyzing the proposed outline of terms.

During the latter half of September, 2003, the Newton board held several special meetings to continue to evaluate Lakeland's discussion memorandum and to receive the advice of its financial advisor. At a meeting on September 19, 2003, the Newton board determined to continue discussions with Lakeland concerning the memorandum, and directed representatives of Lutz Advisors and Newton management to meet with representatives of Lakeland to refine the transaction described in Lakeland's discussion memorandum and negotiate additional terms. At a meeting on September 30, 2003, Newton's management and representatives of Lutz Advisors updated the Newton board on the then current state of negotiations, and were authorized to continue to meet with representatives of Lakeland to further refine the proposal.

Edgar Filing: LAKELAND BANCORP INC - Form S-4/A

At a meeting on October 7, 2003, the Newton board determined not to direct Lutz Advisors to seek other indications of interest with regard to business combination transactions with Newton and authorized representatives of Lutz Advisors, Newton management and Newton's counsel to begin negotiating a definitive agreement with Lakeland, and to commence a diligence review of Lakeland. Representatives of Newton and Lakeland then commenced negotiations on the terms of a definitive agreement first received by them on October 6, 2003. John Fredericks, Roger Bosma and Joseph Hurley, respectively the Chairman of the Board, Chief Executive Officer and Chief Financial Officer of Lakeland, participated in those negotiations on behalf of Lakeland, with the assistance of Lakeland's securities counsel, Lowenstein Sandler PC. Donald E. Hinkel, Jr., then Newton's acting President and Chief Executive Officer, participated in those negotiations on behalf of Newton, with the assistance of Lutz Advisors and Newton's special counsel, Windels, Marx, Lane & Mittendorf, LLP. Throughout the negotiations, the

Table of Contents

basic terms of the definitive agreement remained substantially the same as those originally presented in Lakeland's September outline.

On October 21, 2003, the Newton board met to review the current terms of the proposed definitive agreement. Newton's counsel reviewed the legal terms of the definitive agreement and the fiduciary obligations of Newton's directors, and representatives of Lutz Advisors reviewed the financial terms with the Newton board. The Newton board then set a meeting for October 24, 2003 to receive the fairness opinion of Lutz Advisors and to approve the final form of the definitive merger agreement.

On October 24, 2003, the Newton board met to review the final form of the definitive merger agreement. Based on factors discussed below, the Newton board approved the proposed definitive agreement and authorized Newton's acting President and Chief Executive Officer to finalize and execute the definitive merger agreement.

The Lakeland board was briefed on the possibilities of acquiring Newton at a meeting held in August, 2003. Prior to October 24, 2003, the Lakeland board received a draft copy of the merger agreement and a summary of the transaction for the board's review. At a meeting on October 24, 2003, the Lakeland board received reports from Lakeland's management regarding the business aspects of the proposed combination and received a report from Lakeland's counsel regarding due diligence matters, the terms of the definitive agreement and the fiduciary duties of Lakeland's directors. Based on factors discussed below, the Lakeland board approved the proposed definitive agreement and authorized Lakeland's executive officers to finalize and execute the definitive merger agreement.

The merger agreement was executed and delivered during the evening on Friday, October 24, 2003, as were agreements pursuant to which each member of Newton's board agreed to vote in favor of the merger. A joint press release announcing the merger was issued prior to the opening of business on Monday, October 27, 2003.

Newton's Reasons for the Merger

In the course of its deliberations on the proposed transaction with Lakeland, the Newton board consulted with its legal counsel with respect to its legal duties and the terms of the merger agreement. The Newton board consulted with its financial advisor with respect to the financial aspects of the transaction and the fairness of the consideration to be received by Newton's shareholders from a financial point of view, and with senior management regarding, among other things, operational matters.

The following discussion of the information and factors considered by the Newton board is not intended to be exhaustive; it does, however, include all material factors considered by the board.

In reaching its decision to approve the merger agreement, the Newton board considered the following:

the financial terms of the transaction, including the implied price based upon Lakeland's market price at the time the merger agreement was executed of \$72.08 per share and the cash component of the merger price, fixed at \$72.08 per share;

Edgar Filing: LAKELAND BANCORP INC - Form S-4/A

the ability of Newton's stockholders to elect either cash or stock, and the fact that no Newton shareholders would be required to accept cash as part of the transaction if they prefer Lakeland's stock;

that Newton and Lakeland serve contiguous market areas with similar communities, and that the expanded reach of the combined company will benefit existing customers and make the combined company a more effective competitor for potential new customers;

the fact that Lakeland's common stock is regularly traded on the Nasdaq National Market and provides greater liquidity than Newton's stock;

Lakeland offers a broader range of products and services and the merger will provide Newton's customers with access to these products and services;

Table of Contents

Lakeland will continue to operate Newton Trust Company as a stand-alone subsidiary for two years, thereby providing Newton's existing customers with time to integrate into the Lakeland system while continuing to receive products and services they have become accustomed to, delivered by personnel with whom they are familiar;

the strength of Lakeland's management and board of directors and the similarity of the commitment to the community and operating philosophies of Newton;

the opinion of Lutz Advisors, Inc., that, as of October 24, 2003, the consideration payable in the merger was fair to the Newton shareholders from a financial point of view;

other terms of the merger agreement, including the opportunity for Newton stockholders to receive shares of Lakeland common stock in a tax free exchange for some, or possibly all, of their shares of Newton common stock; and

based upon Lakeland's history of acquisitions and regulatory applications, the likelihood that the merger would be approved by appropriate regulatory authorities.

All business combinations, including the merger, also include certain risks and disadvantages. The material potential risks and disadvantages to Newton's shareholders identified by Newton's board and management include the following material matters, the order of which does not necessarily reflect their relative significance:

the fact that the termination fee provided for in the merger agreement and certain other provisions of the agreement might discourage third parties from seeking to acquire Newton, in light of the fact that Lakeland was unwilling to enter into the merger agreement absent such provisions;

the fact that not all Newton shareholders will necessarily receive the amount of cash that they elect to receive;

the fact that the exchange ratio is fixed except in extraordinary circumstances, thus rendering Newton shareholders subject to the risk of declines in the market price of Lakeland common stock; and

the fact that Newton shareholders who receive cash in the merger will not have the opportunity to participate in the growth of the combined business.

In reaching the determination to approve the merger agreement and the related transactions, the Newton board of directors did not quantify or otherwise attempt to assign any relative weight to the various factors it considered, and individual directors may have viewed certain factors more positively or negatively than others. In addition, there can be no assurances that the benefits of the merger perceived by the Newton board of directors and described above will be realized or will outweigh the risks and uncertainties.

Recommendation of the Newton Board of Directors

The Newton board of directors has unanimously approved the merger and the merger agreement, and believes that the proposed merger is in the best interests of Newton and its shareholders. Accordingly, the Newton board of directors unanimously recommends that Newton shareholders

vote **FOR** approval of the merger agreement and the merger.

Opinion of Newton's Financial Advisor

Newton engaged Lutz Advisors to serve as financial advisor and to render an opinion to Newton's board as to the fairness, from a financial point of view, of the merger consideration offered to Newton's shareholders by Lakeland. Lutz Advisors delivered its written opinion dated October 24, 2003 to Newton's board. Lutz Advisors' opinion stated that, as of October 24, 2003, the consideration of 4.5 Lakeland common shares per Newton common

Table of Contents

share or \$72.08 in cash per Newton share, or some combination of cash and stock subject to Newton shareholder election and certain limitations contained in the merger agreement, was fair, from a financial point of view, to the holders of Newton common stock. Except as discussed herein, no limitations were imposed by Newton's board upon Lutz Advisors with respect to investigations made or procedures followed in rendering this opinion.

The full text of Lutz Advisors' written opinion is included in this document as Appendix C and is incorporated in this document by reference. Newton shareholders are urged to read the opinion in its entirety for a description of the procedures followed, assumptions made, matters considered, and qualifications and limitations of Lutz Advisors' analyses. The merger consideration was determined by negotiation between Lakeland and Newton and was not determined by Lutz Advisors.

LUTZ ADVISORS' OPINION IS DIRECTED ONLY TO NEWTON'S BOARD OF DIRECTORS REGARDING THE FAIRNESS OF THE MERGER CONSIDERATION FROM A FINANCIAL POINT OF VIEW. IT IS NOT A RECOMMENDATION ON HOW A SHAREHOLDER SHOULD VOTE AT THE SPECIAL MEETING.

In rendering its opinion, Lutz Advisors, among other things:

reviewed the Agreement and Plan of Merger dated October 24, 2003;

analyzed annual reports to stockholders, regulatory filings, and other financial information concerning Newton since 2000;

analyzed annual reports to stockholders, regulatory filings, and other financial information concerning Lakeland since 2000;

discussed past, present, and future financial performance and operating philosophies with Lakeland and Newton senior managements;

reviewed certain internal financial data and projections of Lakeland and Newton;

compared the financial condition, financial performance, and market trading multiples of Newton to similar financial institutions;

compared the financial condition, financial performance, and market trading multiples of Lakeland to similar financial institutions;

reviewed reported price and trading activity for Lakeland and compared it to the price and trading activity for similar financial institutions;

compared the consideration to be paid by Lakeland pursuant to the merger agreement with the consideration paid in acquisitions of similar financial institutions;

reviewed the pro forma impact of the merger on the earnings and book value of the combined company and compared the contributions of each institution in a number of key financial categories to the combined company; and

considered other financial studies, analyses, and investigations and reviewed other information deemed appropriate to render this opinion.

Lutz Advisors met with certain members of senior management and other representatives of Lakeland and Newton to discuss the foregoing as well as matters Lutz Advisors deemed relevant. As part of its analyses, Lutz Advisors took into account its assessment of general economic, market and financial conditions, its experience in similar transactions, as well as its experience in and knowledge of the banking industry. Lutz Advisors' opinion is necessarily based upon conditions as they existed and could be evaluated on the respective dates thereof and the information made available to Lutz Advisors through the respective dates thereof.

Lutz Advisors relied upon the accuracy and completeness of all of the financial and other information reviewed and/or discussed for the purposes of its opinion. Lutz Advisors assumed that financial forecasts provided by Lakeland and Newton for their respective institutions were reasonably prepared on bases reflecting the best currently available estimates and judgments of the respective senior managements. Any estimates contained in the analyses performed by Lutz Advisors are not necessarily indicative of actual values or future results, which may be significantly more or less favorable than suggested by these analyses. Additionally, estimates of the value of businesses or securities do not purport to be appraisals or to reflect the prices at which such businesses or securities might actually be sold. Lutz Advisors did not make any independent evaluation or appraisals of the assets or liabilities of Lakeland and Newton nor was it furnished with any such appraisals. Lutz Advisors also assumed,

Table of Contents

without independent verification, that the aggregate allowances for loan losses for Lakeland and Newton were adequate.

On October 24, 2003, Lutz Advisors rendered a written fairness opinion to Newton's Board. The summary set forth below does not purport to be a complete description of the analyses performed by Lutz Advisors in connection with the merger. The preparation of a fairness opinion involves various determinations as to the most appropriate and relevant methods of financial analysis and the application of these methods to the particular circumstances and, therefore, the opinion is not readily susceptible to summary description. Lutz Advisors believes that its analyses must be considered as a whole and that selecting portions of its analyses and of the factors considered by it, without considering all analyses and factors, could create an incomplete view of the evaluation process underlying the opinion. No one component of the analyses performed by Lutz Advisors was assigned a greater significance than another component. Taken as a whole, Lutz Advisors believes these analyses support the conclusion that the consideration to be paid to Newton shareholders is fair, from a financial point of view.

The following table summarizes the material valuation methodologies and the range of values of Newton common stock used by Lutz Advisors in arriving at its opinion. The values for peer group and comparable transactions were arrived at by applying Newton financial data to median peer group trading and comparable transaction acquisition multiples. The valuation methodologies are described below in greater detail.

	Implied Value per Common Share
Discounted cash flow analysis	
on a trading basis	\$ 23.21-\$37.11
on an acquisition basis	\$ 38.54-\$55.47
Peer group analysis	
national peers	\$ 38.08-\$41.67
regional peers	\$ 32.82-\$42.57
Comparable transaction analysis	\$ 48.17-\$70.21

Contribution Analysis Based on discussions held with Lakeland, Lutz Advisors normalized certain income statement items assuming Lakeland's August 25, 2003 acquisition of CSB Financial Corp. was completed at the beginning of the financial period and all special charges relating to the acquisition were removed. Subsequently, Lutz Advisors reviewed the contribution made by each of Newton and Lakeland to various balance sheet items of the combined company based on balance sheet data at September 30, 2003. A similar contribution analysis was prepared for net income and income statement items based on year-to-date September 30, 2003. The analysis showed that:

Newton shareholders would own approximately 27.8% of the combined company if they elected 100% stock consideration, or Newton shareholders would own approximately 22.4% of the combined company if they elected 75% stock and 25% cash consideration;

Newton would contribute 17.3% of total assets of the combined company;

Newton would contribute 17.2% of total loans of the combined company;

Newton would contribute 16.8% of total deposits of the combined company;

Newton would contribute 23.0% of shareholders' equity of the combined company; and

Newton would contribute 16.0% of net income of the combined company.

Discounted Cash Flow Analysis Lutz Advisors performed a discounted cash flow analysis of future income streams of Newton using projected earnings for 2004-2008 based on management's forecasts and Newton's historical performance. Using these projections and market trading multiples from comparable institutions between 12.0 and 16.0 times earnings, and discount rates of between 8% and 12%, Lutz Advisors calculated a range of net present values of Newton common stock. This analysis assumed Newton was not acquired but remained independent for the projection period. The analysis showed a present value per share of Newton common stock between \$23.21 and \$37.11.

Using the aforementioned projections, Lutz Advisors used acquisition multiples from comparable merger transactions between 20.0 and 24.0 times earnings and discount rates of between 8% and 12%. Lutz Advisors then

calculated a range of net present values of Newton common stock. This analysis assumed Newton was to be acquired at similar earnings multiples as comparable merger transactions. The analysis showed a present value per share of Newton common stock between \$38.54 and \$55.47.

Although the discounted cash flow analysis is a widely used valuation methodology, it relies on numerous assumptions, including balance sheet and earnings growth rates, discount rates, and market trading multiples that may ultimately be materially different than those used in this analysis. Therefore, this analysis does not purport to be indicative of the actual values or expected values of Newton common stock.

Comparable Transaction Analysis Lutz Advisors reviewed the pricing of merger and acquisition transactions announced after January 1, 2000, where the target institution is a Mid-Atlantic commercial bank and transaction values were between \$50 million and \$150 million. The criteria resulted in a list of 17 merger and acquisition transactions. Premium as a percent of core deposits equates to the amount paid over book value, or the premium, divided by the target's core deposits, defined as all deposits less time deposits greater than \$100,000. Transaction multiples are calculated at the time the transactions were announced.

No company or transaction in the preceding Peer Group and Comparable Transaction analyses is identical to Lakeland, Newton, or the contemplated transaction. Accordingly, an analysis of the results of the foregoing is not mathematically precise; rather, it involves complex considerations and judgments concerning differences in financial and operating characteristics of the companies and other factors that could affect the public trading value of the companies to which they are being compared. The ranges of valuation resulting from any particular analysis described above should not be taken to be Lutz Advisors' view of the actual value of Newton or Lakeland.

The above is only a summary description of the analyses and procedures performed by Lutz Advisors in the course of arriving at its opinion. The text of Lutz Advisors' opinion dated October 24, 2003 and updated on January 1, 2004, which sets forth the assumptions made and matters considered, is attached to this joint proxy statement and prospectus as Annex C. Lutz Advisors' opinion is directed only to the fairness of the consideration received by Newton shareholders and does not constitute a recommendation to any Newton shareholder as to how such shareholder should vote with respect to the merger.

Newton engaged Lutz Advisors on October 9, 2003 to assist it in evaluating this potential transaction. Newton has paid Lutz Advisors a retainer of \$25,000 and an additional fee of \$75,000 upon the rendering of the written fairness opinion. Newton has agreed to pay Lutz Advisors a fee of 0.70% of the aggregate consideration to be paid in the merger upon the closing of the transaction. The retainer and the fairness opinion fee will

Edgar Filing: LAKELAND BANCORP INC - Form S-4/A

be netted against the 0.70% fee. Lutz Advisors will be reimbursed for reasonable out of pocket expenses incurred on behalf of Newton. Newton has agreed to indemnify Lutz Advisors against certain liabilities.

Lakeland's Reasons for the Merger

Lakeland has acquired three independent financial institutions over the past five years – Metropolitan State Bank in 1998, National Bank of Sussex County and its High Point Financial Corp. holding company in 1999 and Community State Bank and its CSB Financial Corp. holding company in August 2003. In each of these transactions and in the pending acquisition of Newton, Lakeland's acquisition strategy has consisted of identifying financial institutions with business philosophies that are similar to those of Lakeland, which operate in strong markets that are geographically compatible with Lakeland's operations but which involve strategic geographic extensions for Lakeland, and which can be acquired at an acceptable cost. In evaluating acquisition opportunities, Lakeland generally considers potential revenue enhancements and operating efficiencies, asset quality and interest rate risk.

In determining the terms of its proposal for Newton and whether to enter into the merger agreement, Lakeland's board of directors considered a number of factors, including the following:

the strategic importance to Lakeland of expanding its presence in Sussex and Warren Counties in New Jersey;

the terms of the merger agreement and the related terms, including the financial terms of the transaction;

Newton's service-oriented emphasis on small business and retail customers, which is consistent with Lakeland's general business approach;

the financial condition, operating results and future prospects of Lakeland and Newton;

historical pro forma financial information on the merger, including, among other things, pro forma book value and earnings per share information, dilution analysis and capital ratio impact information;

a review of comparable transactions, including a comparison of the price being paid in the merger with the prices paid in other comparable financial institution mergers, expressed as, among other things, multiples of book value and earnings;

management's view, based on, among other things, such comparable transactions review, that the exchange ratio and cash consideration paid is fair to Lakeland and its shareholders from a financial point of view; and

a review of the benefits arising from the affiliate's agreement executed by the directors of Newton, including covenants against competition applicable to Sussex County, New Jersey.

In approving the transaction, the Lakeland board did not specifically identify any one factor or group of factors as being more significant than any other factor in the decision making process. Individual directors may have given one or more factors more weight than other factors. The emphasis of the Lakeland board's discussion, in considering the transaction, was on the strategic benefits and financial aspects of the transaction, particularly:

the importance to Lakeland of expanding its franchise in Sussex and Warren Counties, New Jersey;

a comparison of the expenses associated with the pending transaction with the expenses of opening new branches in the locations where Newton operates; and

perceived opportunities to increase the combined company's lending opportunities, and to reduce the combined company's operating expenses, following the merger.

Table of Contents

As we have noted above, business combinations, including the merger, typically include certain risks and disadvantages. The material potential risks and disadvantages to Lakeland identified by Lakeland's board and management include the following material matters, the order of which does not necessarily reflect their relative significance:

there can be no assurance that the combined company will attain the type of revenue enhancements and cost savings necessary to justify the expenditure of funds and issuance of stock contemplated by the merger agreement;

utilizing cash for a portion of the merger consideration will negatively impact Lakeland's capital; and

since the exchange ratio is fixed in most instances, Newton shareholders will receive the benefit of any appreciation in the market price of Lakeland's common stock.

There can be no certainty that the above benefits of the merger anticipated by the Lakeland board will occur. Actual results may vary materially from those anticipated. For more information on the factors that could affect actual results, see **RISK FACTORS** at page 20 and **FORWARD-LOOKING INFORMATION** at page 25.

Recommendation of the Lakeland Board of Directors

The Lakeland board of directors has unanimously approved the merger and the merger agreement, and believes that the proposed merger is in the best interests of Lakeland and its shareholders. Accordingly, the Lakeland board of directors unanimously recommends that Lakeland shareholders vote **FOR** the proposal to authorize the issuance of the shares of Lakeland common stock issuable pursuant to the merger agreement.

Terms of the Merger

Effect of the Merger

Upon completion of the merger, the separate legal existence of Newton Financial Corporation will cease. All property, rights, powers, duties, obligations, debts and liabilities of Newton Financial Corporation will automatically be deemed transferred to Lakeland Bancorp, Inc., as the surviving corporation in the merger. Newton Trust Company will remain as a stand alone banking institution for a period of at least two years after the merger is completed. Lakeland and Lakeland Bank will continue to be governed by their respective certificates of incorporation and by-laws as in effect immediately prior to the merger.

What Newton Shareholders Will Receive in the Merger

Edgar Filing: LAKELAND BANCORP INC - Form S-4/A

In the merger, no more than 25% of the outstanding Newton common stock will be exchanged for cash. Lakeland reserves the right to reduce that percentage in the unlikely circumstance in which maintaining that percentage would result in certain adverse tax consequences. There is no limit on the percentage of the outstanding Newton common stock that may be exchanged for Lakeland common stock. Shareholders receiving cash in the merger will receive \$72.08 for each share of Newton common stock exchanged for cash in the merger. Subject to a possible adjustment in the exchange ratio described under - Termination , Newton shareholders receiving Lakeland common stock in the merger will receive 4.5 shares of Lakeland common stock for each share of Newton common stock exchanged for stock in the merger. In this document, we refer to the ratio of 4.5 shares of Lakeland common stock to one share of Newton common stock as the exchange ratio.

Subject to the tax consideration that we mentioned above, if holders of more than 25% of Newton's shares outstanding immediately prior to the consummation of the merger elect to receive cash, the Exchange Agent will reduce the number of shares of Newton common stock so converted to 25% by a pro rata reduction. Thus, by way of example and subject to certain tax considerations, if holders of 75% of Newton's shares outstanding immediately prior to the consummation of the merger elect to receive cash for all of their Newton shares, then, for each such holder, one third of such holder's shares will be converted into cash and two thirds of such holder's shares will be converted into Lakeland common stock.

The closing price of Lakeland common stock on January , 2004, shortly before this joint proxy statement and prospectus was mailed to you, was \$.

If there is a stock split, stock dividend or similar transaction affecting Lakeland common stock prior to the closing, appropriate changes will be made to the exchange ratio. Certain shares of Newton common stock held by Newton or by Lakeland or its subsidiaries will be canceled in the merger and will not be converted into Lakeland common stock.

If your Newton shares are converted into Lakeland common stock, you will not receive any fractional shares of Lakeland common stock. Instead you will receive, without interest, cash equal to the fractional share interest you otherwise would have received, multiplied by \$16.02.

The price of Lakeland common stock at the time the merger takes effect may be higher or lower than the price: (1) when the merger agreement was signed; (2) when this joint proxy statement and prospectus was mailed; (3) when the Newton shareholders meet to vote on the merger; or (4) when Newton shareholders receive Lakeland stock certificates from the Exchange Agent following the merger. We urge you to obtain current market quotations for the Lakeland common stock and the Newton common stock.

Election Form; Exchange of Shares

Along with this joint proxy statement and prospectus, we have sent Newton shareholders a form of election that we refer to as the Election Form . We will make additional copies of the Election Form available upon request. Each Newton shareholder should use this form to tell the Exchange Agent such shareholder s preferences. Each Newton shareholder may use the Election Form to elect to:

convert each of such shareholder s Newton shares into Lakeland common stock;

convert each of such shareholder s Newton shares into cash; or

convert a portion (in even 10% integrals) of such shareholder s Newton shares into Lakeland common stock and convert the balance of such shareholder s Newton shares into cash.

We will refer to all shares that are so designated for conversion into cash as Cash Election Shares and all shares that are so designated for conversion into Lakeland common stock as Stock Election Shares. Alternatively, each Newton shareholder may signify to the Exchange Agent that such shareholder has no preference as to whether such shareholder receives cash or Lakeland common stock pursuant to the merger. We will refer to these shares as Non-Election Shares. If a Newton shareholder either (i) does not submit a properly completed Election Form in a timely fashion or (ii) revokes such shareholder s Election Form and does not submit a new Election Form prior to the deadline for the submission of the Election Form, the shares of Newton common stock held by such shareholder will be treated as Non-Election Shares.

All elections must be made on an Election Form. To make an effective election, each Newton shareholder must, in accordance with the Election Form, (i) complete properly and return the Election Form to the Exchange Agent in the enclosed yellow envelope and (ii) deliver to the Exchange Agent such shareholder s Newton stock certificates with respect to such shares and any other required documents, all prior to the election deadline, which will be the close of business on the third business day prior to the date on which the merger is consummated. The

merger could close as soon as immediately after the Lakeland and Newton special meetings. **Thus, you should assume that the election deadline may be as soon as the close of business on March 5, 2004, the third business day prior to the date scheduled for the special meetings.**

A holder of shares of Newton common stock having a preference as to the form of consideration to be received for his or her shares should make an election because shares as to which an election has been made will be given priority in allocating such consideration over shares as to which an election is not received. Neither Newton nor Lakeland nor their respective boards of directors will make any recommendation as to whether shareholders

Table of Contents

should elect to receive cash or stock in the merger. Each holder of Newton common stock must make his or her own decision with respect to such election.

Subject to adjustment to comply with certain tax requirements, the cash and stock consideration payable in the merger will be allocated as follows:

All Stock Election Shares will be converted into shares of Lakeland common stock.

If the Cash Election Shares represent more than 25% of Newton's outstanding shares, then:

the Non-Election Shares will be converted into Lakeland common stock upon consummation of the merger;

the Exchange Agent will select from among the holders of Cash Election Shares, on a pro rata basis, a sufficient number of such shares which we will refer to as Stock Designated Shares such that the sum of the number of Stock Designated Shares, Stock Election Shares and Non-Election Shares will equal 75% of the outstanding shares of Newton common stock, and all such Stock Designated Shares will be converted into Lakeland common stock upon consummation of the merger; and

the Cash Election Shares not selected as Stock Designated Shares will be converted into cash upon consummation of the merger.

If the Cash Election Shares represent less than 25% of Newton's outstanding shares, then:

the Cash Election Shares will be converted into cash upon consummation of the merger;

the Exchange Agent will select from among the holders of Non-Election Shares, on a pro rata basis, a sufficient number of such shares which we will refer to as Cash Designated Shares such that the sum of the number of Cash Designated Shares and Cash Election Shares will equal 25% of the outstanding shares of Newton common stock, and all such Cash Designated Shares will be converted into cash upon consummation of the merger; and

the Non-Election Shares not selected as Cash Designated Shares will be converted into Lakeland common stock upon consummation of the merger.

If the Cash Election Shares represent 25% of Newton's outstanding shares, then:

all Cash Election Shares will be converted into cash upon consummation of the merger; and

all Non-Election Shares will be converted into Lakeland common stock upon consummation of the merger.

The Election Form will also serve as a letter of transmittal, which is the form Newton shareholders use to send their stock certificates to the Exchange Agent to be exchanged in the merger. The Election Form will have explicit instructions on how to exchange Newton stock certificates.

Edgar Filing: LAKELAND BANCORP INC - Form S-4/A

Certificates representing shares of Newton common stock **MUST** be sent in with your Election Form in the enclosed yellow envelope. Newton shareholders should not send their stock certificates with their proxy card.

After Newton shareholders surrender their Newton stock certificates to the Exchange Agent and after the time the merger takes effect, former Newton shareholders will receive cash and/or a certificate representing their shares of Lakeland common stock. At the time any new stock certificate is issued, former Newton shareholders will also receive a check for any fractional shares. No interest will be paid with respect to any cash payable in the merger.

Stock Options

As of the record date for the special meeting, various directors, officers (and former officers) and employees of Newton held options to purchase a total of _____ shares of Newton common stock, all granted under Newton's 1999 Stock Option Plan. All such options will be converted into options to purchase Lakeland common stock upon consummation of the merger. The terms of the new Lakeland options will be the same as the terms of the old Newton stock options, except that:

upon exercise of the new options, optionees will acquire Lakeland common stock rather than Newton common stock;

the number of shares covered by each new option will equal the number of shares covered by the corresponding old option multiplied by the exchange ratio;

the exercise price of each new option will equal the exercise price of the corresponding old option divided by the exchange ratio; and

the new options will be administered by the same committee that administers the options granted by Lakeland to Lakeland employees.

Lakeland Common Stock

Each share of Lakeland common stock outstanding immediately prior to completion of the merger will remain outstanding and unchanged by the merger.

the shares of Lakeland common stock issuable in the merger shall have been authorized for listing for quotation on the Nasdaq National Market, subject to official notice of issuance.

Additional Conditions Applicable to Lakeland

In addition to the foregoing, Lakeland's obligations to close the merger are also conditioned, among other things, on the following:

except for representations made as of a particular date, Newton's representations shall be true and correct in all material respects (or in all respects for representations which are qualified as to materiality) at closing;

Newton representations made as of a particular date shall be true and correct in all material respects (or in all respects for representations which are qualified as to materiality) as of such date;

Table of Contents

Newton shall have performed in all material respects the covenants which it is required to perform under the merger agreement;

Newton shall have obtained all consents of any third parties, other than governmental entities, which are necessary to permit the consummation of the merger, except for those which would not materially adversely affect Newton or Lakeland if not obtained;

none of such consents shall contain any term or condition which would materially adversely affect Lakeland; and

the issuance by a court of competent jurisdiction of a declaratory judgment or order reasonably satisfactory to Lakeland confirming that Newton's currently outstanding shares are validly issued and outstanding.

Lakeland insisted upon the last condition described above because although Newton's shareholders twice approved amendments to Newton's certificate of incorporation increasing Newton's authorized shares, certificates of amendment were not filed with the State of New Jersey as required by the New Jersey Business Corporation Act.

Additional Conditions Applicable to Newton

In addition to the foregoing, Newton's obligations to close the merger are also conditioned, among other things, on the following:

except for representations made as of a particular date, Lakeland's representations shall be true and correct in all material respects (or in all respects for representations which are qualified as to materiality) at closing;

Lakeland representations made as of a particular date shall be true and correct in all material respects (or in all respects for representations which are qualified as to materiality) as of such date; and

Lakeland shall have performed in all material respects the covenants which it is required to perform under the merger agreement.

Except for the requirements of Newton and Lakeland shareholder approval, regulatory approvals and the absence of any order, decree, or injunction preventing the transactions contemplated by the merger agreement, we each may waive each of the conditions described above in the manner and to the extent described in THE MERGER Amendment; Waiver at page 47. However, neither of us anticipates waiving the condition that a tax opinion be delivered by Lakeland's counsel.

Amendment; Waiver

Subject to applicable law, at any time prior to completion of the merger, we may:

Amend the merger agreement.

Edgar Filing: LAKELAND BANCORP INC - Form S-4/A

Extend the time for the performance of any of the obligations or other acts of the other party required in the merger agreement.

Waive any inaccuracies in the representations and warranties of the other party contained in the merger agreement.

Waive compliance by the other party with any of the agreements or conditions contained in the merger agreement, except for the requirements of Newton shareholder approval, Lakeland shareholder approval, regulatory approvals and the absence of any order, decree, or injunction preventing the transactions contemplated by the merger agreement.

Termination

Subject to certain qualifications described in the merger agreement, the merger agreement may be terminated under the following circumstances:

by agreement of Lakeland and Newton;

by either Lakeland or Newton:

60 days after the date on which any application for a required regulatory approval shall have been denied or withdrawn at the request or recommendation of the applicable governmental entity, unless within the 60-day period following such denial or withdrawal a petition for rehearing or an amended application is filed with the applicable governmental entity;

if the merger is not consummated on or before June 30, 2004;

if Newton's shareholders fail to approve the merger or if Lakeland's shareholders fail to approve the issuance of the shares of Lakeland common stock issuable pursuant to the merger agreement;

if there is a breach of the other party's representations in the merger agreement, and such breach is not cured within thirty days following written notice to the party committing such breach; provided, however, that neither party can terminate the merger agreement unless the breach, together with all other such breaches, would constitute a failure to satisfy a condition of closing;

if the other party materially breaches any covenant in the merger agreement and such breach is not cured within thirty days following written notice to the party committing such breach; or

if the conditions to such party's obligations to close are not capable of being satisfied on or before June 30, 2004.

by Newton, if it approves an acquisition proposal, but only if:

at least 48 hours prior to entering into a definitive agreement relating to the acquisition proposal, Newton provides Lakeland with a copy of that agreement;

Newton's board determines in good faith that approving that definitive agreement is legally necessary for the proper discharge of its fiduciary duties; and

after considering any response that Lakeland may have after reviewing that definitive agreement, the Newton board determines in good faith that the transactions contemplated by that definitive agreement are reasonably likely to be consummated and would, if consummated, be more favorable to Newton's shareholders than the merger agreement and any transaction then being proposed by Lakeland, and Newton delivers the applicable termination fee and a release described in the merger agreement.

We refer to this termination right as Newton's fiduciary out.

by Lakeland, if either Newton's shareholders fail to approve the merger agreement at the special meeting, or the special meeting is adjourned or canceled, or Newton's board disavows its recommendation that the Newton shareholders approve the merger, or Newton materially breached the merger agreement, in each case after an acquisition proposal is communicated to Newton.

We refer to this termination right as Lakeland's responsive out.

Table of Contents

In addition, Newton will have the right to terminate the merger agreement in the event that both of the following events occur:

the average closing sales price of Lakeland common stock on the Nasdaq National Market System, during the 20 consecutive full trading days ending on the date (referred to in this document as the Determination Date) on which all bank regulatory approvals for the merger have been received an average price which we refer to as the Lakeland Average Closing Price is less than \$12.01; and

the number equal to the Lakeland Average Closing Price divided by \$16.02 shall be less than the so-called Index Ratio (described below) minus 0.25.

We refer to this termination right as Newton's pricing out. For purposes of Newton's pricing out, the Index Ratio means the average closing price of the common stock of the banking institutions listed below on the Determination Date divided by the average closing price of such stocks on October 24, 2003:

<u>Company Name</u>	<u>City</u>	<u>State</u>

The effect of this provision is to enable Newton to terminate the merger agreement if the market price of Lakeland common stock falls substantially, both in absolute terms (that is, below \$12.01) and by comparison to the list of peer banking institutions referred to above. However, if Newton seeks to exercise its pricing out, Lakeland will have the right to negate such termination by increasing the exchange ratio from 4.5 to a formula amount determined in

Table of Contents

accordance with Section 8.1(k) of the merger agreement. Lakeland will not be required to take such action. If Lakeland does take such action, each share of Newton common stock converted into Lakeland common stock in the merger will be converted into a number of shares of Lakeland common stock equal to the lesser of:

\$54.045 divided by the Lakeland Average Closing Price; or

a fraction, the numerator of which is 4.5 times the Index Ratio and the denominator of which is the Lakeland Average Closing Price divided by \$16.02

Termination Fees

Newton has agreed to pay a fee of \$3,250,000 to Lakeland and has agreed to reimburse Lakeland for up to \$150,000 in out-of-pocket expenses if Newton exercises its fiduciary out or if Lakeland exercises its responsive out.

Lakeland has agreed to pay Newton a fee of \$1,700,000 in the event that Newton terminates the merger agreement as a result of a material breach by Lakeland of any covenant in the merger agreement or as a result of a material misrepresentation by Lakeland in the merger agreement.

Nasdaq Listing

Newton's obligation to complete the merger is subject to the condition that the Lakeland common stock issuable in the merger be authorized for quotation on the National Market tier of the Nasdaq Stock Market.

Expenses

Subject to expense reimbursement in connection with certain types of termination, we will each pay all costs and expenses that we incur in connection with the transactions contemplated by the merger agreement, including fees and expenses of financial consultants, accountants and legal counsel.

Exchange of Newton Stock Certificates and Payment of Consideration

The conversion of Newton common stock into the right to receive Lakeland common stock or cash will occur automatically on the merger's effective date. As soon as possible after the effective date of the merger, the Exchange Agent designated by Lakeland will send, to those Newton shareholders who have not already submitted their stock certificates and Election Forms, a transmittal form, along with instructions, to use in exchanging Newton stock certificates for Lakeland stock certificates or the cash portion of the merger consideration, as well as for cash in lieu of fractional shares. The Exchange Agent will mail certificates representing shares of Lakeland common stock, checks for the cash consideration

Edgar Filing: LAKELAND BANCORP INC - Form S-4/A

and checks for cash in lieu of fractional share interests to former shareholders of Newton as soon as reasonably possible following the closing and its receipt of certificates representing former shares of Newton common stock and other related documentation required by the Exchange Agent.

Newton shareholders should not return their Newton stock certificates with the enclosed proxy card. They should not send their Newton stock certificates to the Exchange Agent until they are ready to submit their Election Forms or, if they do not submit an Election Form prior to the closing, until they receive the transmittal form after the closing.

Until the merger has been consummated and the certificates representing shares of Newton common stock are surrendered for exchange, holders of such certificates will not receive the merger consideration or, in the case of former Newton shareholders entitled to receive Lakeland common stock, dividends or distributions on the Lakeland common stock into which such shares have been converted. When such certificates are surrendered after the consummation of the merger, any unpaid dividends or other distributions will be paid without interest. For all other purposes, however, each certificate representing shares of Newton common stock outstanding at the merger's effective date will be deemed to evidence ownership of and the right to receive the shares of Lakeland common stock (and cash in lieu of fractional shares) and cash into which such shares have been converted.

Table of Contents

None of the parties will be liable to any Newton shareholder for any amount paid in good faith to a public official pursuant to any applicable abandoned property, escheat or similar law.

No fractional shares of Lakeland common stock will be issued to any shareholder of Newton upon completion of the merger. For each fractional share that would otherwise be issued, Lakeland will pay by check an amount equal to the fractional share interest to which such holder would otherwise be entitled multiplied by \$16.02.

Regulatory Approvals

Completion of the merger requires approval by the Federal Reserve Board and by the New Jersey Department of Banking and Insurance. Approval by either of these bank regulators does not constitute an endorsement of the merger or a determination that the terms of the merger are fair to Newton's shareholders. Lakeland has filed applications with the Federal Reserve Board and the New Jersey Department of Banking and Insurance. We can not assure you that the necessary regulatory approvals and waivers will be granted, or that they will be granted on a timely basis without conditions unacceptable to Lakeland.

Interests of Management and Others in the Merger

In considering the recommendation of the Newton board regarding the merger, Newton shareholders should know that certain directors and officers of Newton have interests in the merger in addition to their interests as shareholders of Newton. All those additional interests are described below, to the extent they are material and are known to Newton. The Newton board and the Lakeland board were aware of these interests and considered them, among other matters, in approving the merger agreement:

Change-in-Control and Severance Agreements. Under his employment agreement with Newton, Donald E. Hinkel Jr., Newton's Chief Executive Officer, may become entitled to a severance payment as a result of the merger. Mr. Hinkel is entitled to receive a lump sum payment equal to twice his then current salary in the event that he is terminated without cause or if he resigns for reasons described in the employment agreement following a change of control, as defined in the employment agreement. The merger will constitute a change of control. In addition, any Newton employee, including executive officers, whose employment is terminated or substantially adversely modified (other than for cause) within one year of the merger will be entitled to severance equal to two weeks of their then current base salary for each of the first five years of their service with Newton, and one week per year thereafter, with a total and maximum payment to any terminated employee of thirty weeks. Finally, certain senior officers of Newton (excluding Mr. Hinkel) will be entitled to a retention bonus if they maintain their employment with Newton until that person's job function has been converted or transitioned and that person does not accept an offer for continued employment with Lakeland.

Stock Options. When the merger becomes effective, each outstanding option to purchase Newton common stock will be converted into an option to purchase Lakeland common stock. See - Terms of the Merger Stock Options.

Indemnification; Directors and Officers. The merger agreement requires Lakeland to indemnify each director and officer of Newton and Newton Trust Company to the fullest extent permitted under applicable law and Newton's certificate of incorporation and by-laws, for a period of six years after the merger is completed. The merger agreement also requires Lakeland to provide Newton's officers and directors with directors' and officers' liability insurance for at least six years after the merger takes effect upon terms and conditions not materially less advantageous than Newton's existing directors' and officers' insurance policy, subject to restrictions as to the price of such policy.

Share Ownership. As of January 23, 2004, the record date for the meeting, the directors of Newton beneficially owned in the aggregate approximately % of the issued and outstanding shares of Newton common stock. The directors of Newton have executed an affiliates agreement in which they committed to vote in favor of the merger agreement. As of such record date, officers of Newton who are not also directors but are named in the summary compensation table presented elsewhere herein beneficially owned, in the aggregate, % of the issued and outstanding shares of Newton common stock.

Table of Contents

Other Arrangements. Lakeland has agreed to the following arrangements involving Newton's board members and executive officers:

Members of the board of directors of Newton Trust Company will remain on that board after it becomes a subsidiary of Lakeland.

Each of the Chairman of the Board and the Chief Executive Officer of Newton Trust Company will remain in those positions after the merger is consummated.

Three members of Newton's board — Christopher D. Quinn, Paul G. Viall, Jr. and Janeth C. Hendershot — will be elected to the board of directors of Lakeland.

Accounting Treatment

Lakeland will account for the merger under the purchase method of accounting. Lakeland will record, at fair value, the acquired assets and assumed liabilities of Newton. To the extent that the total purchase price exceeds the fair value of the assets acquired and liabilities assumed, Lakeland may record intangible assets, which include goodwill and core deposit intangibles. Lakeland will include in its results of operations the results of Newton's operations after completion of the merger.

Material Federal Income Tax Consequences

The following is a discussion of the material federal income tax consequences of the merger. This discussion is based on currently existing provisions of the Internal Revenue Code of 1986, as amended, its legislative history, existing and proposed federal income tax regulations, and administrative and judicial interpretations of the Internal Revenue Code and those regulations, all as in effect as of the date of this joint proxy statement and prospectus and all of which are subject to change, possibly with retroactive effect. This discussion does not address all aspects of United States federal income taxation that may be applicable to Newton shareholders in light of their particular circumstances or to holders of Newton stock subject to special treatment under United States federal income tax law, including, without limitation:

Partnerships and other pass-through entities;

Foreign persons who may be subject to tax under the provisions of the Foreign Investment in Real Property Tax Act of 1980;

Certain financial institutions;

Insurance companies;

Tax-exempt entities;

Dealers in securities or foreign currencies;

Edgar Filing: LAKELAND BANCORP INC - Form S-4/A

Traders in securities that elect to apply a mark-to-market method of accounting;

Certain United States expatriates;

Persons who hold their Newton stock as part of a straddle, hedge, conversion transaction, or other integrated investment;

Persons whose functional currency is not the United States dollar;

Persons who acquired their Newton stock upon the exercise of employee stock options or otherwise as compensation; and

Table of Contents

Persons who received Lakeland common stock upon the exercise of employee stock options or otherwise as compensation.

Furthermore, this discussion does not address any aspect of state, local, or foreign taxation, or any aspect of United States federal tax laws other than the United States federal income tax. **Because this discussion does not address tax consequences which may vary with your individual circumstances, we strongly urge you to consult your own tax advisor as to the specific United States federal, state, local or foreign income or other tax consequences of the merger to you.**

This discussion is limited to Newton shareholders who hold their Newton stock as capital assets. A shareholder holds stock as a capital asset unless that shareholder holds the stock as stock in trade or other property of a kind which would be included in the shareholder's inventory if on hand at the close of the taxable year, or primarily for sale to customers in the ordinary course of the shareholder's trade or business.

The consummation of the merger is conditioned, in part, upon the receipt of an opinion from Lowenstein Sandler PC that the merger will constitute a tax-free reorganization within the meaning of Section 368(a) of the Internal Revenue Code. This closing condition will not be waived without resoliciting the vote of Newton's shareholders. The tax opinion will be based upon law existing on the date of the opinion and upon certain facts, assumptions, limitations, representations and covenants including those contained in representation letters executed by officers of Lakeland and Newton that, if incorrect in certain material respects, would jeopardize the conclusions reached by Lowenstein Sandler PC in its opinion. The tax opinion will not bind the Internal Revenue Service or prevent the Internal Revenue Service from successfully asserting a contrary opinion. No ruling will be requested from the Internal Revenue Service in connection with the merger.

The United States federal income tax consequences of the merger are as follows:

The merger will be treated as a reorganization qualifying under the provisions of section 368(a) of the Internal Revenue Code.

Neither Lakeland nor Newton will recognize taxable gain or loss as a result of the merger.

Newton shareholders will not recognize taxable gain or loss upon the exchange of Newton common stock solely for Lakeland common stock.

A Newton shareholder who receives cash in whole or in part in exchange for Newton common stock will recognize taxable gain (but not loss) in an amount, if any, equal to the lesser of:

the excess of the sum of the amount of cash and the fair market value of Lakeland common stock received in the merger over the holder's adjusted tax basis in the shares of Newton common stock surrendered by the holder, or

the amount of cash received by the holder in the merger,

in each case including cash received in lieu of fractional shares of Lakeland common stock.

Edgar Filing: LAKELAND BANCORP INC - Form S-4/A

Any taxable gain to a Newton shareholder on the exchange of Newton common stock will be treated as capital gain (long-term or short-term depending on the shareholder's holding period for the Newton common stock), except in the case of any such shareholder as to whom the exchange has the effect of a dividend due to the mix of cash and Lakeland common stock received by such shareholder (or treated as received by such shareholder under attribution rules) as compared to the mix of cash and Lakeland common stock received by other shareholders.

The tax basis of any Lakeland common stock exchanged for Newton common stock in the merger will equal the tax basis of the Newton common stock surrendered in the exchange.

Table of Contents

reduced by the amount of cash received, if any, in the exchange, and increased by the amount of the gain recognized, if any, in the exchange (whether characterized as dividend or capital gain income).

The holding period for any Lakeland common stock exchanged for Newton common stock in the merger will include the period during which Newton common stock surrendered in the exchange was held.

Resale of Lakeland Common Stock

The Lakeland common stock issued in the merger will be freely transferable under the Securities Act, except for shares issued to any Newton shareholder who may be deemed to be:

an affiliate of Newton for purposes of Rule 145 under the Securities Act; or

an affiliate of Lakeland for purposes of Rule 144 under the Securities Act.

Affiliates will include persons generally executive officers, directors and 10% or more shareholders who control, are controlled by, or are under common control with, Lakeland or Newton at the time of the Newton special meeting, and with respect to Lakeland, at or after the effective date of the merger.

Newton's affiliates will be subject to Rules 144 and 145. Those rules restrict the sale of shares of Lakeland common stock received in the merger by affiliates and certain of their family members and related interests. Under those rules:

Generally, during the year following the effective date of the merger, those persons who are affiliates of Newton at the time of the Newton special meeting, provided they are not affiliates of Lakeland at or following the merger's effective date, may publicly resell any shares of Lakeland common stock received by them in the merger, subject to certain limitations and requirements. These limitations and requirements include the amount of Lakeland common stock that may be sold by them in any three-month period, the manner of sale, and the adequacy of current public information about Lakeland.

After the one-year period, such affiliates may resell their shares without such restrictions so long as there is adequate current public information with respect to Lakeland as required by Rule 144.

After the two-year anniversary of the closing of the merger, such affiliates will not be subject to any such restrictions.

Persons who are affiliates of Lakeland after the merger's effective date may publicly resell any shares of Lakeland common stock received by them in the merger, subject to the same limitations and requirements as apply to Newton affiliates in the first year and subject to certain filing requirements specified in Rule 144.

Edgar Filing: LAKELAND BANCORP INC - Form S-4/A

The ability of affiliates to resell shares of Lakeland common stock received in the merger under Rule 144 or Rule 145, as summarized in this joint proxy statement and prospectus, generally will be subject to Lakeland's having satisfied its public reporting requirements under the Securities Exchange Act of 1934 for specified periods prior to the time of sale.

This joint proxy statement and prospectus does not cover any resales of shares of Lakeland common stock received by persons who may be deemed to be affiliates of Lakeland or Newton.

Each Newton director has agreed with Lakeland, as a Newton affiliate, not to transfer any shares of Lakeland common stock received in the merger except in compliance with the Securities Act.

Table of Contents

No Appraisal Rights

Newton shareholders will not have any rights to dissent, otherwise known as appraisal rights, with respect to the merger.

Affiliates Agreement

As a condition to Lakeland's execution of the merger agreement, members of Newton's board of directors, who beneficially owned a total of approximately 8.5% of Newton's outstanding common stock as of November 30, 2003, have entered into an affiliates agreement with Lakeland. A copy of the affiliates agreement is attached to this joint proxy statement and prospectus as Annex B. Under the affiliates agreement, the directors that are parties to the affiliates agreement have agreed to vote in favor of the merger and against any competing proposal. This commitment, however, is subject to the fiduciary out provision of the merger agreement described above.

In addition to the voting provisions, the affiliates agreement also provides for the following:

the directors have agreed for a period of three years after the merger is consummated not to be engaged in or have any financial interest in (other than certain passive ownership positions) any bank, bank holding company, other depository institution or other entity that makes or arranges loans that has offices in Sussex County, New Jersey or any entity seeking to organize itself as a bank, bank holding company, other depository institution or other entity that makes or arranges loans that proposes to open for business in Sussex County, New Jersey; and

the directors have agreed to abide by the restrictions described above with respect to Rule 145.

Table of Contents

- (1) Newton's shareholders have the right to elect to receive Lakeland common shares at the rate of 4.5 shares of Lakeland stock for each share of Newton stock or \$72.08 in cash for each of their shares. The merger agreement provides that up to 25% of the consideration may be paid in cash. The pro forma statements assume that 25% of the consideration will be paid in cash. Based on this assumption, the total consideration to Newton shareholders in connection with the merger is calculated as follows (in thousands except share information):

Lakeland shares to be issued	4,592,153
Market price per share of Lakeland common stock (closing price on October 24, 2003)	\$ 16.018
<hr/>	
Total market value of Lakeland common stock to be issued	73,557
Total cash to be distributed to shareholders electing cash	24,519

Total purchase price of Newton	\$ 98,076

- (2) Total goodwill due to the merger is calculated as follows:

Total purchase price	\$ 98,076
Total estimated transaction costs to be incurred	3,386
Total common stockholders' equity of Newton	(33,807)
Core deposit intangible	(5,372)
Securities, held to maturity, net of taxes of \$511	(950)
<hr/>	
Total goodwill due to merger	\$ 61,333

- (3) Adjustments to other assets are a \$511,000 credit to deferred tax assets from the securities held to maturity.
- (4) It is assumed that the cash payment of \$24,519,000 to Newton shareholders and estimated costs of \$3,386,000 will be funded in part by Lakeland from a \$25 million issuance of trust preferred securities consummated on December 15, 2003.
- (5) The estimated fair value adjustment for securities held to maturity amounted to \$1.5 million as of September 30, 2003 and will be amortized over the remaining life of the securities as a yield adjustment.
- (6) Core deposit intangible is estimated to be \$5.4 million and will be written off over an estimated 8 years. The amount of core deposit intangible is estimated to be 2% of total deposits based on data from prior mergers. Lakeland is in the process of having a core deposit intangible valuation completed and will adjust its estimates based on the results of that valuation.

**NEWTON'S MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION
AND RESULTS OF OPERATIONS**

The following presents Newton's management's discussion and analysis of Newton's financial condition and results of operations and should be read in conjunction with Newton's consolidated financial statements and related notes included elsewhere in this joint proxy statement and prospectus. This discussion contains forward-looking statements that involve risks and uncertainties. Newton's actual results could differ significantly from those anticipated in these forward-looking statements as a result of various factors. See **RISK FACTORS** and **FORWARD-LOOKING INFORMATION**.

Critical Accounting Policies, Judgments and Estimates

Newton's accounting and reporting policies conform to accounting principles generally accepted in the United States of America referred to as US GAAP and predominant practices within the banking industry. The following discussion summarizes the most critical accounting policies, judgments and estimates utilized by Newton in compiling its consolidated financial statements:

Allowance for Loan Losses

The provision for loan losses charged to operating expense reflects the amount deemed appropriate by Newton's management to provide for known and inherent losses in Newton's existing loan portfolio. Newton's management's judgment is based on the evaluation of individual loans, past experience, the assessment of current economic conditions and other relevant factors. Loan losses are charged directly against the allowance for loan losses and recoveries on previously charged-off loans are added to the allowance.

Newton management uses significant estimates to determine the allowance for loan losses. Consideration is given to a variety of factors in establishing these estimates, including:

current economic conditions;

diversification of the loan portfolio;

delinquency statistics;

borrowers' perceived financial and managerial strengths;

the adequacy of underlying collateral, if collateral dependent, or present value of future cash flows; and

other relevant factors.

Since the sufficiency of the allowance for loan losses is dependent, to a great extent, on conditions that may be beyond our control, it is possible that management's estimates of the allowance for loan losses and actual results could differ in the near term. In addition, regulatory authorities, as an integral part of their examinations, periodically review the allowance for loan losses. They may require additions to the allowance based upon their judgments about information available to them at the time of examination.

Deferred Taxes

Newton recognizes deferred tax assets and liabilities for the future tax effects of temporary differences, and tax credits. Deferred tax assets are subject to management's judgment based upon available evidence that future realization is more likely than not. In the event management determines that Newton is unable to realize all or part of net deferred tax assets in the future, a direct charge to income tax expense may be required to reduce the recorded value of the net deferred tax asset to the expected realizable amount.

Financial Condition

General

Newton's total assets at September 30, 2003 were \$320.5 million, an increase of \$14.8 million, or 4.8%, over total assets at December 31, 2002 of \$305.7 million. During the first nine months of 2003, net loans increased by 11.9% to \$168.4 million from \$150.5 million at year-end 2002. Cash and cash equivalents, including cash and due from banks, federal funds sold and short term investments, declined by \$2.1 million to \$18.5 million at September 30, 2003 from \$20.7 million at December 31, 2002. Investment securities (both available for sale and held to maturity) declined by \$1.5 million to \$120.2 million from \$121.7 million at year-end 2002, as proceeds from maturing and prepaid securities were used to fund new loan demand.

At September 30, 2003, Newton's total stockholders' equity was \$33.8 million, an increase of \$609 thousand over stockholders' equity at year-end 2002. The increase reflects Newton's earnings for the first nine months of 2003, partially offset by \$1.4 million in cash dividends and a reduction in accumulated other comprehensive income of \$305 thousand.

Lending Activities

Newton's total loans increased by \$18.2 million, or 11.9%, to \$170.8 million at September 30, 2003 from \$152.6 million at year end 2002. Substantially all of the increase in the loan portfolio was in Newton's commercial and commercial real estate loans, which increased by \$18.0 million, or 19.3%, to \$111.1 million at September 30, 2003 from \$93.1 million at year-end 2002. Construction loans increased by \$397 thousand, while consumer and installment loans declined by \$218 thousand and residential real estate loans remained stable at September 30, 2003 compared to year-end 2002.

The period to period increases in Newton's loan portfolio reflect Newton management's decision to emphasize commercial and commercial real estate loans in order to increase Newton's loan to deposit ratio and reduce its dependence on investment securities. Newton's loan to deposit ratio has increased from 51.26% at December 31, 2000 to 63.60% at September 30, 2003.

Newton's allowance for loan losses at September 30, 2003 increased to \$2.2 million or 1.26% of total loans from \$2.0 million, or 1.33% of total loans at year-end 2002. The increase in the allowance primarily reflects the continued growth in Newton's loan portfolio, as well as Newton's continued focus on originating commercial and commercial real estate loans. At September 30, 2003, Newton's allowance for loan losses equaled 272.5% of its non-performing loans.

The tables below set forth information regarding the allocation of Newton's allowance for loan losses among various loan types on the dates indicated. The percentages reflect the ratio of the loans in each category to total loans.

- (1) Non-accrual loans represent loans on which interest accruals have been suspended. It is Newton's general policy to consider the charge-offs of loans when they become contractually past due ninety days or more as to interest or principal payments or when other internal or external factors indicate that collection of principal or interest is doubtful.
- (2) Restructured loans represent loans in which the terms are revised as a result of the credit problems associated with the loans.
- (3) Other real estate owned represents property acquired by Newton through foreclosure or repossession or as an in-substance foreclosure. These assets are recorded at fair value.
- (4) Newton had no non-performing loans at each of the periods indicated.

Table of Contents

Newton's total non-performing assets increased by \$93 thousand from year-end 2001 to year-end 2002. However, a \$915 thousand credit classified as a nonaccrual loan in 2001 was classified as an other real estate owned in 2002. This credit represented a single customer relationship and a single property. The property is currently under contract to sell pending the buyer's receipt of necessary development approvals. In addition, since September 30, 2003, the contract buyer has been paying all carrying costs associated with this property.

Investment Activities

Newton's portfolio of investment securities consists primarily of U.S. Government and agency securities, state and municipal securities and investment grade corporate bonds. In addition, Newton owns common stock in another community bank. This investment represents less than 5% of the other bank's outstanding stock. As a condition to Newton's membership in the Atlantic Central Banker's Bank and Federal Home Loan Bank of New York, Newton also owns common stock of both institutions.

Securities to be held for indefinite periods of time and not intended to be held to maturity are classified as available for sale and carried at fair value with any unrealized gains or losses reflected as an adjustment to stockholders' equity. Securities held for indefinite periods of time include securities that Newton's management intends to use as part of its asset/liability management strategy and that may be sold in response to changes in interest rates and/or significant prepayment risks. A total of \$64.3 million, or 53.5%, of Newton's total securities portfolio was classified as available for sale at September 30, 2003.

Securities which management has positive intent and ability to hold to maturity are reported at cost, adjusted for amortization of premiums and accretion of discounts that are recognized in interest income. At September 30, 2003, \$55.0 million, or 45.8%, of Newton's total securities portfolio was classified as held to maturity.

Edgar Filing: LAKELAND BANCORP INC - Form S-4/A

At September 30, 2003, Newton had no investment securities classified as trading securities.

At September 30, 2003, Newton's investment securities totaled \$120.2 million, a decrease of \$1.5 million, or 1.2% from investment securities at year-end 2002. During 2003, prepayments and maturities of investment securities were used to fund increased loan demand, as well as to purchase new investment securities.

Cash

Total cash and cash equivalents at September 30, 2003 declined by \$2.2 million to \$18.5 million from \$20.7 million at year-end 2002. Excess liquidity was used to fund loan demand during the first nine months of 2003.

Deposits

Total deposits increased by \$13.6 million, or 5.3% to \$268.6 million at September 30, 2003, compared to \$255.0 million at year-end 2002. Total average deposits increased to \$261.9 million for the nine months ended September 30, 2003, an increase of 7.1% over average deposits of \$244.6 million for the twelve months ended December 31, 2002. Increases in average deposits included an increase of \$8.9 million in the average balance of money market deposits to \$30.6 million for the nine months ended September 30, 2003 from the full year average money market deposits of \$21.8 million for year ended December 31, 2002. The average balance of non-interest bearing demand deposits increased to \$45.0 million for the first nine months of 2003 from a full year average of \$39.1 million for 2002, and interest bearing demand accounts increased to an average balance of \$42.0 million for the first nine months of 2003 from \$36.6 million for the full year 2002. The average balance of savings deposits increased by \$2.7 million to \$72.8 million for the first nine months of 2003 compared to \$70.1 million for the full twelve months of 2002. The increases were partially offset by a decline in the average balance of certificates of deposit to \$71.5 million for the first nine months of 2003 from a full year average of \$77.2 million for 2002. These changes in the composition of Newton's deposit portfolio during the first nine months of 2003 reflect customers' decisions to deposit funds from maturing time deposits into other deposit products during a time of low interest rates. In addition, Newton introduced a line of Blue Ribbon account products offering preferred rates on certain money market and deposit accounts. Customers are eligible for the Blue Ribbon accounts if they have combined monthly balances of \$5,000 or more in checking, savings, or consumer loan accounts. In addition, Blue Ribbon customers receive free ATM transactions, free on-line banking, free on-line bill payment and other benefits. The Blue Ribbon program has generated approximately \$2.5 million in deposits at September 30, 2003.

Newton's borrowed funds increased by \$1.3 million, or 8.7%, to \$16.3 million at September 30, 2003 from \$15.0 million at December 31, 2002. This borrowing represents advances from the Federal Home Loan Bank of New York. These advances are secured by a blanket lien on qualifying mortgage loans, and the proceeds were used to fund new loan originations and to fund purchases of investment securities.

The following table sets forth information regarding Newton's FHLB advances as of September 30, 2003:

Results of Operations

Net Interest Income. Like most commercial banks, the primary component of Newton's earnings is net interest income. Net interest income is the difference between interest income Newton receives, principally from loan and investment securities, and interest expense Newton pays, principally on customer deposits and borrowings. Changes in net interest income result from changes in volume, spread and margin. Volume refers to the average dollar level of interest-earning assets and interest-bearing liabilities, spread refers to the difference between the average yield on interest-earning assets and the average cost of interest-bearing liabilities, and margin represents net interest income divided by average interest-earning assets and is influenced by the level and relative mix of interest-earning assets and interest-bearing liabilities, as well as levels of non-interest-bearing liabilities. During the nine months ended September 30, 2003 and 2002 and the fiscal years ended December 31, 2002, 2001 and 2000, Newton's average interest-earning assets were \$290.3 million, \$274.8 million, \$276.8 million, \$260.5 million and \$252.6 million, respectively. During these same periods, Newton's net yields on average interest-earning assets (net interest margin) were 4.39% (annualized), 4.20% (annualized), 4.23%, 4.09% and 4.06%, respectively.

Average Balances and Average Rates Earned and Paid. The following table sets forth, for the periods indicated, information with regard to average balances of assets and liabilities, as well as the total dollar amounts of interest income from interest-earning assets and interest expense on interest-bearing liabilities, resultant yields or costs, net interest income, net interest spread (that is, the average yield on interest-earning assets minus the average cost of interest-bearing liabilities), net interest margin and ratio of average interest-earning assets to average interest-bearing liabilities. Average loans include non-accruing loans, the effect of which is to lower the average rates shown. Amounts have been computed on a fully tax-equivalent basis, assuming a federal tax rate of 34%.

Rate Volume Analysis. The following tables analyze the dollar amount of changes in interest income and interest expense for major components of Newton's interest-earning assets and interest-bearing liabilities. The tables distinguish between (i) changes attributable to volume (changes in volume multiplied by the prior period's rate), (ii) changes attributable to rate (changes in rate multiplied by the prior period's volume), and (iii) net change (the sum of the previous columns). Changes attributable to both rate and volume (changes in rate multiplied by changes in volume) have been allocated proportionately between rate and volume.

Nine Months Ended September 30, 2003 compared to nine months ended September 30, 2002

Net Income. For the nine months ended September 30, 2003, Newton had net income of \$2.3 million or \$1.71 per basic share and \$1.70 per diluted share compared to net income of \$1.6 million, or \$1.16 per basic and

Table of Contents

diluted share, for the nine months ended September 30, 2002. The 2003 nine month period was positively impacted by continued growth in Newton's interest-earning assets, and in particular the continued increase in its loan portfolio. The increase in interest-earning assets offset a 63 basis point decline in the average yield on interest-earning assets. In addition, during 2002 Newton recognized a net loss of \$601 thousand on sales of investment securities. Newton did not have a comparable loss in 2003.

Net Interest Income. Net interest income before the provision for loan losses increased, on a tax equivalent basis, in the first nine months of 2003 over the comparable period of 2002 by \$887 thousand, or 10.2%, to \$9.5 million for the current nine month period from \$8.7 million for the prior year period. The increase in net interest income over the nine month periods was primarily attributable to the growth in interest-earning assets and a change in the mix of assets toward higher yielding loans and away from investment securities.

Average interest-earning assets increased by \$15.5 million in the first nine months of 2003 as compared to the prior year period. Average loans increased by \$23.3 million, offsetting small declines in average securities and average federal funds sold and short term investments

The net interest margin for the nine month period ended September 30, 2003 was 4.39%, compared to 4.20% for the nine-month period ended September 30, 2002. The average yield on interest earning assets for the nine month period ended September 30, 2003 was 5.53%, compared to 6.16% for the comparable period of 2002. Newton's average cost of interest bearing liabilities for the nine-month period ended September 30, 2003 was 1.42%, compared to 2.47% for the nine month period ended September 30, 2002. The interest rate spread was 4.11% for the nine month period ended September 30, 2003, compared to 3.69% in the prior year period.

Provision for Loan Losses. For the nine months ended September 30, 2003, Newton recognized a provision for loan losses of \$124 thousand compared to \$251 thousand for the nine months ended September 30, 2002. The decrease in the provision for the 2003 period compared to the 2002 period primarily reflects management's analysis as to the appropriate level of the allowance for loan losses.

Non-Interest Income. Newton's non-interest income consists primarily of service charges on its deposit accounts and earnings on bank owned life insurance. For the nine month period ended September 30, 2003, Newton's non-interest income was \$1.0 million compared with non-interest income of \$451 thousand for the prior year period. The greatest impact on non-interest income in the two periods relates to transactions in the securities portfolio. During the 2002 period, Newton recognized a net gain on sales of available for sale securities of \$149 thousand. However, this gain was offset by a net loss on the sale of held to maturity securities of \$752 thousand. This loss reflected Newton's sale of a corporate bond which had lost its investment rating. During 2003, Newton had far less activity in its securities portfolio, recognizing a net loss of \$31 thousand on the sale of held to maturity securities. In addition, during the first nine months of 2003 earnings on bank owned life insurance offset the loss of trust revenue.

Non-Interest Expense. For the first nine months of 2003, Newton's non-interest expense increased \$680 thousand to \$6.8 million compared to \$6.1 million for the nine months ended September 30, 2002. The increases primarily reflect increases in salaries and employee benefits of \$252 thousand, and other operating expenses of \$428 thousand. The increase in other operating expense primarily reflects an increase in occupancy and equipment expense of \$207 thousand, reflecting the opening of Newton's new loan administration office in 2003, \$133 thousand in increased advertising expenses and other miscellaneous increases related to new product offerings.

Provision for Income Taxes. Newton's provision for income taxes for the nine month period ended September 30, 2003 was \$988 thousand, compared to a provision for income taxes of \$738 thousand for the nine month period ended September 30, 2002, reflecting higher net income in the 2003 nine month period. The effective tax rates were 29.8% and 31.7% for each of the nine month periods ending September 30, 2003 and 2002.

Years Ended December 31, 2002 and December 31, 2001

Net Income. Newton recognized net income of \$2.5 million, or \$1.81 per basic share and \$1.80 per diluted share, in 2002, compared to net income of \$2.4 million, or \$1.74 per basic and diluted share in 2001. Return on average assets was 0.84% and 0.88% and return on average equity was 7.64% and 7.62% for the years ended

Table of Contents

December 31, 2002 and 2001, respectively. Results for the year ended December 31, 2002 were positively impacted by strong growth in average interest-earning assets. The impact of the growth in average interest-earning assets was tempered by the sharp decline in short-term interest rates during the year, which adversely impacted Newton's net interest margin during 2002. In addition, during 2002 Newton incurred a net loss on securities sold of \$493 thousand, while there was no comparable loss in 2001.

Net Interest Income. Net interest income, on a tax equivalent basis increased \$1.0 million from \$10.7 million in 2001 to \$11.7 million in 2002. The increase in net interest income reflects a decline of \$2.0 million in total interest expense, offset in part by a decline of \$958 thousand in total interest income.

The decline in total interest income reflects a decrease of \$1.1 million in interest on taxable investment securities, \$243 thousand in interest income on tax exempt securities and \$315 thousand in interest income on federal funds and other short-term investments, partially offset by an increase of \$744 thousand in interest income on loans. The increase in interest income on loans reflects an increase of \$20.6 million in the average balance of loans, partially offset by a decline of 59 basis points in the average yield earned on loans. The declines in interest income on taxable investment securities, tax exempt investment securities and federal funds and other short term investments reflect both a decline in the average balance of each asset category and declines in the yields earned on each category of assets. The increase in Newton's average loan portfolio, and the decline in Newton's other asset categories, reflects Newton's management's decision to emphasize loan origination as a means of emphasizing net income.

The decline in Newton's interest expense reflects a reduction of 119 basis points in the average rate paid on interest-bearing liabilities to 2.34% for 2002 from 3.53% in 2001, reflecting the declining rate environment affecting the banking industry in 2002. This reduction was partially offset by an increase of \$17.5 million in the average balance of interest-bearing liabilities in 2002 compared to the prior year. Rates declined on all categories of interest-bearing liabilities, with the average rate paid on time deposits declining by 151 basis points to 3.72% in 2002 from 5.23% in the prior year, the rate paid on FHLB advances declining by 177 basis points to 2.95% in 2002 from 4.72% in 2001, and each other category of interest bearing liabilities experiencing smaller declines in the average rate paid on such liabilities.

The net interest margin for the year ended December 31, 2002 was 4.23% compared to 4.09% for 2001. The increase in net interest margin was due primarily to deposit growth being used to fund higher yielding loans. The average yield on interest-earning assets for 2002 was 6.09% or 75 basis points lower than the 6.84% for 2001. The average cost of interest-bearing liabilities for 2002 was 2.34% or 119 basis points lower than the 3.53% for 2001. The interest rate spread increased 44 basis points from 3.31% in 2001 to 3.75% in 2002.

Provision for Loan Losses. Newton's provision for loan losses for 2002 was \$350 thousand, representing a \$30 thousand increase over the \$320 thousand recorded for 2001. The increase in the 2002 provision is principally due to the growth in Newton's loan portfolio combined with management's view of the appropriate level of reserves given the state of the economy and changes in the mix of the loan portfolio to a higher proportion of commercial loans. The allowance for loan losses was \$2.0 million at December 31, 2002, representing 1.33% of total outstanding loans. The allowance for loan losses at December 31, 2001 was \$1.7 million or 1.35% of total outstanding loans at that date.

Non-Interest Income. Non-interest income declined by \$316 thousand, or 24.2%, to \$988 thousand for the year ended December 31, 2002 compared with \$1.3 million for the prior year. The largest factor in the decline in non-interest income was a net loss of \$493 thousand on sales of investment securities in 2002, while the Company recognized no such losses in 2001. During 2002, the Company recognized a net gain on sales of available for sale securities of \$253 thousand and a gain on called held to maturity securities of \$6 thousand. These gains were offset by a net loss on the sale of held to maturity securities of \$752 thousand. This loss reflected Newton's sale of a corporate bond which had lost its investment grade rating. In addition, service charges on deposit accounts declined by \$14 thousand from 2001 to 2002. These declines offset non-interest income of \$95 thousand from bank owned life insurance, reflecting Newton's purchase of \$5.0 million in bank owned life insurance during 2002 and Newton's recognition of the net income from that insurance.

Table of Contents

Non-Interest Expenses. Total non-interest expense increased by 7.5% from \$7.8 million in 2001 to \$8.4 million in 2002. Almost all components of non-interest expense increased, with salaries and employee benefits increasing \$367 thousand, or 8.1%, occupancy expense increasing by \$55 thousand, advertising expense increasing \$96 thousand, stationary and supplies increasing by \$40 thousand, equipment and computer expense increasing by \$51 thousand and other operating expenses, consisting primarily of professional fees, telephone and postage expense, and other miscellaneous expenses, increasing by \$243 thousand, in each case reflecting the growth of Newton's business. In addition, during 2002, Newton incurred \$54 thousand in expense relating to foreclosed real estate, while Newton had no similar expense in 2001.

Provision for Income Taxes. Newton had income tax expense of \$955 thousand in 2002 and \$817 thousand in 2001. This provision reflects Newton's increased net income in 2002. The effective rates were 27.9% and 25.3% for the years ended December 31, 2002 and 2001, respectively.

Years Ended December 31, 2001 and December 31, 2000

Net Income. Newton's net income declined from \$3.0 million, or \$2.07 per basic and diluted share, in 2000, to \$2.4 million, or \$1.74 per basic and diluted share, in 2001. Return on average assets was 0.88% and 1.11% and return on average equity was 7.62% and 9.46% for the years ended December 31, 2001 and 2000, respectively.

Results for the year ended December 31, 2001 were impacted by increases in non-interest expense, reflecting costs associated with changes in Newton's senior management, including severance expenses for Newton's former CEO and recruitment costs associated with the retention of Newton's new CEO. In addition, Newton incurred additional non-interest expense in connection with the closure of two supermarket branches. The increases in non-interest expense were partially offset by increases in net interest income and non-interest income, reflecting the continued growth in Newton's interest-earning assets and a decline in the market rates of interest paid on deposits.

Net Interest Income. Net interest income on a tax equivalent basis increased \$420 thousand from \$10.2 million in 2000 to \$10.7 million in 2001. The increase in net interest income reflects total interest income remaining stable at \$17.8 million in 2001 compared to 2000, while interest expense declined by \$479 thousand to \$7.2 million in 2001 from \$7.6 million in 2000. Interest income on loans increased by \$1.2 million to \$9.3 million in 2001 from \$8.1 million in 2000, reflecting an increase of \$17.6 million in average loans receivable, partially offset by a decline of 14 basis points in the yield on loans to 7.70% for 2001 from 7.84% for 2000. Interest income on taxable investment securities declined by \$1.0 million, interest income on federal funds and other short term investments declined by \$140 thousand, and interest income on tax exempt securities declined by \$91 thousand. The decline in interest income on taxable investment securities reflects both a decline in the average balance of \$11.7 million and a decline in the average rate earned of 29 basis points. The decline in interest income on federal funds sold and other short term investments reflects a 276 basis point decline in the average rate, reflecting a series of Federal Reserve rate cuts, partially offset by an increase in the average balance of federal funds sold and other short term investments of \$3.2 million.

The decline in Newton's interest expense reflects a reduction of 34 basis points in Newton's average rate paid on interest bearing liabilities to 3.53% for 2001 from 3.87% in the prior year. This reduction was partially offset by an increase of \$5.1 million in the average balance of interest-bearing liabilities in 2001 compared to the prior year. Rates declined on all categories of interest bearing liabilities, with the average rate paid on time deposits declining by 5 basis points to 5.23% in 2001 from 5.28% in the prior year, the average rate paid on FHLB advances declining by 159 basis points to 4.72% in 2001 from 6.31% in 2000, the average rate on savings accounts declining by 51 basis points to 2.25% in 2001 from 2.76% in 2000 and each other category of interest bearing liabilities experiencing smaller declines in the average rate paid on such liabilities.

The net interest margin for the year ended December 31, 2001, was 4.09% compared to 4.06% for 2000. The increase in net interest margin was due primarily to the cost of interest-bearing liabilities declining more than the yield on interest-earning assets. The average yield on interest-earning assets for 2001 was 6.84%, or 24 basis points lower than an average yield of 7.08% for 2000. The 2001 average cost of interest-bearing liabilities was 3.53% or 34 basis points lower than the average cost of 3.87% for 2000. The interest rate spread, which is the

Table of Contents

difference between the average yield on interest-earning assets and the cost of interest-bearing funds, increased 10 basis points to 3.31% in 2001 from 3.21% in 2000.

Provision for Loan Losses. Newton's provision for loan losses for 2001 was \$320 thousand, representing a \$200 thousand increase over the \$120 thousand recorded for 2000. Provisions for loan losses are charged to income to bring the allowance for loan losses to a level deemed appropriate by Newton's management based on factors discussed under Analysis of Loan Losses. The increase in the 2001 provision is principally due to the deterioration of a single credit relationship resulting in an additional provision of \$200 thousand. The allowance for loan losses at December 31, 2001 was \$1.7 million or 1.35% of total outstanding loans at that date compared to \$1.6 million, or 1.38% of total loans outstanding on December 31, 2000.

Non-interest Income. Non-interest income increased by \$65 thousand to \$1.3 million for the year ended December 31, 2001 compared with \$1.2 million for the prior year. In both periods, Newton's non-interest income consisted of service charges on deposit accounts and other service charges. Service charges on deposit accounts increased by \$97 thousand, while other service charges declined by \$32 thousand.

Other Expenses. Total non-interest expense increased from \$6.6 million in 2000 to \$7.8 million in 2001. This 19.4% increase was primarily due to an increase of \$537 thousand in salaries and employee benefits, reflecting severance payments and costs associated with the separation of Newton's former CEO as well as customary salary and benefits increases. Newton also incurred expense of \$338 thousand in 2001 in connection with the closure of two supermarket in-store branches, while Newton had no similar expense in 2000. In addition, other operating expenses increased by \$227 thousand, reflecting normal operating increases as well as expenses associated with the retention of Newton's new CEO.

Provision for Income Taxes. Newton had income tax expense of \$817 thousand in 2001 and \$1.2 million in 2000. This provision reflects the decline in Newton's net income. The effective rates were 25.3% and 29.1% for the years ended December 31, 2001 and 2000, respectively.

Liquidity and Capital Resources

Liquidity. Maintaining adequate liquidity while managing interest rate risk is the primary goal of Newton's asset and liability management strategy. Liquidity is the ability to fund the needs of borrowers and depositors, pay operating expenses, and meet regulatory liquidity requirements. Maturing investments, interest income, loan and mortgage-backed security principal repayments, deposit growth and borrowings from the Federal Home Loan Bank are presently Newton's main sources of liquidity. Newton's primary uses of liquidity are to fund loans, operating expenses and deposit withdrawals, to repay borrowings and to make investments.

As of September 30, 2003, liquid assets (cash and due from banks, federal funds sold, and investment securities available for sale) were approximately \$82.8 million, which represents 25.8% of total assets and 29.1% of total deposits and borrowings. Supplementing this liquidity, Newton had available lines of credit from correspondent banks of approximately \$4.6 million and an additional line of credit with the Federal Home Loan Bank of \$2.5 million (subject to available qualified collateral, with borrowings of \$16.3 million outstanding from the FHLB at September 30, 2003). At September 30, 2003, outstanding commitments to extend credit were \$26.7 million and available unused line of credit balances totaled \$23.1 million. Newton's management believes that Newton's combined aggregate liquidity position is sufficient to meet Newton Trust Company's funding requirements with respect to loan demand and deposit maturities and withdrawals in the near term.

During the nine months ended September 30, 2003, Newton's cash and cash equivalents increased by \$3.5 million, principally reflecting significant deposit inflow and short term borrowings.

The following table sets forth Newton's contractual obligations and other commitments as of September 30, 2003:

Capital. As regulated institutions, banks and bank holding companies must meet required levels of capital. The FDIC and the Federal Reserve, the primary regulators of Newton Trust Company and Newton, respectively, have adopted minimum capital regulations or guidelines that categorize components and the level of risk associated with various types of assets. Financial institutions are expected to maintain a level of capital commensurate with the risk profile assigned to its assets in accordance with these guidelines. At September 30, 2003, both Newton Trust Company and Newton maintained capital levels exceeding the minimum levels for well capitalized bank holding companies and banks.

Table of Contents

The following table shows Newton's total risk-based capital ratio, Tier 1 risk-based capital ratio and leverage ratio, and compares such ratios to the minimum capital requirements and the requirements which must be satisfied in order for Newton and Newton Trust Company to be categorized as well capitalized.

Asset/Liability Management. Newton's asset/liability management, or interest rate risk management, program is focused primarily on evaluating and managing the composition of its assets and liabilities in view of various interest rate scenarios. Market interest rates and competition may also have an impact on our interest income and interest expense. In the absence of other factors, the yield or return associated with our interest-earning assets generally will increase from existing levels when interest rates rise over an extended period of time and, conversely, interest income will decrease when interest rates decline. In general, interest expense will increase when interest rates rise over an extended period of time and, conversely, interest expense will decrease when interest rates decline.

Interest Rate Gap Analysis. As a part of Newton's interest rate risk management policy, Newton's management analyzes Newton's interest rate gap on a recurring basis. Interest rate gap analysis is a common, though imperfect, measure of interest rate risk, which measures the relative dollar amounts of interest-earning assets and interest-bearing liabilities which reprice within a specific time period, either through maturity or rate adjustment. The gap is the difference between the amounts of such assets and liabilities that are subject to repricing. A positive gap for a given period means that the amount of interest-earning assets maturing or otherwise repricing within that period exceeds the amount of interest-bearing liabilities maturing or otherwise repricing within the same period. Accordingly, in a declining interest rate environment, an institution with a positive gap would generally be expected, absent the effects of other factors, to experience a decrease in the yield on its assets greater than the decrease in the cost of its liabilities and its income should be negatively affected. Conversely, the cost of funds for an institution with a positive gap would generally be expected to increase more slowly than the yield on its assets in a rising interest rate environment, and such institution's net interest income generally would be expected to be positively affected by rising interest rates. Changes in interest rates generally have the opposite effect on an institution with a negative gap.

The following table sets forth the amounts of interest-earning assets and interest-bearing liabilities outstanding at September 30, 2003, which are projected to reprice or mature in each of the future time periods shown. Except as stated below, the amounts of assets and liabilities shown which reprice or mature within a particular period were determined in accordance with the contractual terms of the assets or liabilities. Loans with adjustable rates are shown as being due at the end of the next upcoming adjustment period. Money market deposit accounts and negotiable orders of withdrawal or other transaction accounts are assumed to pay out over a five-year decay schedule. In making the gap computations, standard assumptions regarding prepayment rates on loans and investments and deposit decay rates have been used for interest-earning assets and interest-bearing liabilities. In addition, the table reflects scheduled principal payments, which will be received throughout the lives of the loans. The interest rate sensitivity of Newton's assets and liabilities illustrated in the following table would vary substantially if different assumptions were used or if actual experience differs from that indicated by such assumptions.

In addition to the gap analysis shown above, Newton also uses net interest income simulation to measure its interest rate exposure. Net interest income simulation measures estimated values for changes in net interest income and net interest margin resulting from instantaneous 100 and 200 basis point changes in interest rates, both plus and minus. Actual results may differ from the simulated results due to various factors including the time, magnitude and frequency of interest rate changes, the relationship or spread between various rates, loan pricing and deposit sensitivity and asset liability strategies employed by Newton.

Based on its simulations, Newton estimates that for a 200 basis point rate shock increase, its net interest income would increase by 0.61% and its net interest margin would increase by 2 basis points, or 0.57%. In a 200 basis point rate shock decline, Newton estimates that its net interest income would decline by 9.30% and that its net interest margin would decline by 36 basis points, or 8.72%. The following table shows the impact on Newton's net interest income and net interest margin of 100 and 200 basis point instantaneous rate shocks:

Impact of Inflation and Changing Prices

A commercial bank has an asset and liability composition that is distinctly different from that of a company with substantial investments in plant and inventory, because the major portion of a commercial bank's assets are monetary in nature. As a result, a bank's performance may be significantly influenced by changes in interest rates. Although the banking industry is more affected by changes in interest rates than by inflation in the prices of goods and services, inflation is a factor which may influence interest rates. However, the frequency and magnitude of interest rate fluctuations do not necessarily coincide with changes in the general inflation rate. Inflation does affect operating expenses in that personnel expenses and the cost of supplies and outside services tend to increase more during periods of high inflation.

DESCRIPTION OF LAKELAND CAPITAL STOCK

The authorized capital stock of Lakeland consists solely of 40,000,000 shares of common stock, no par value. As of November 30, 2003, there were 15,935,066 shares of Lakeland common stock issued and outstanding and 548,485 shares of Lakeland common stock held by Lakeland as treasury stock. There are no other shares of capital stock of Lakeland authorized, issued or outstanding.

Lakeland has no options, warrants or other rights authorized, issued or outstanding other than as described herein under Shareholder Rights Plan and options and rights granted under Lakeland's various stock compensation and dividend reinvestment plans.

Common Stock

Dividends

The holders of Lakeland common stock share ratably in dividends when and if declared by Lakeland's board of directors from legally available funds. Declaration and payment of cash dividends by Lakeland depends upon cash dividend payments to it by Lakeland's subsidiaries, which are Lakeland's primary source of revenue and cash flow. Lakeland is a legal entity separate and distinct from its subsidiaries. Accordingly, the right of Lakeland, and consequently the right of creditors and shareholders of Lakeland, to participate in any distribution of the assets or earnings of any subsidiary is necessarily subject to the prior claims of creditors of the subsidiary, except to the extent that claims of Lakeland in its capacity as a creditor may be recognized.

Dividends by Lakeland and its subsidiaries are subject to various limitations imposed by federal and state laws and by regulations and policies adopted by federal and state regulatory agencies. Under New Jersey law, a bank may not pay dividends unless, following the dividend payment, the capital stock of the bank would be unimpaired and either the bank will have a surplus of not less than 50% of its capital stock, or, if not, the payment of the dividend will not reduce the surplus of the bank.

If, in the opinion of the FDIC, a bank under its jurisdiction is engaged in or is about to engage in an unsafe or unsound practice which could include the payment of dividends the FDIC may require, after notice and hearing, that such bank cease and desist from such practice or, as a result of an unrelated practice, require the bank to limit dividends in the future. The Federal Reserve Board has similar authority with respect to bank holding companies. In addition, the Federal Reserve Board and the FDIC have issued policy statements which provide that insured banks and bank holding companies should generally only pay dividends out of current operating earnings. Regulatory pressures to reclassify and charge off loans and to establish additional loan loss reserves can have the effect of reducing current operating earnings and thus impacting an institution's ability to pay dividends. Further, bank regulatory authorities have established guidelines with respect to the maintenance of appropriate levels of capital by a bank or bank holding company under their jurisdiction. Compliance with the standards set forth in these policy statements and guidelines could limit the amount of dividends which Lakeland, Lakeland Bank and Newton Trust Company may pay.

Voting Rights

Edgar Filing: LAKELAND BANCORP INC - Form S-4/A

At meetings of shareholders, holders of Lakeland common stock are entitled to one vote per share. The quorum for shareholders' meetings is a majority of the outstanding shares entitled to vote represented in person or by proxy. Except as indicated below, all actions and authorizations to be taken or given by shareholders require the approval of a majority of the votes cast by holders of Lakeland common stock at a meeting at which a quorum is present.

The Lakeland board of directors is divided into three classes, each class being as nearly equal in number of directors as possible. Approximately one-third of the entire Lakeland board of directors is elected each year and the directors serve for terms of up to three years.

Table of Contents

The exact number of directors and the number constituting each class is fixed from time to time by resolution adopted by a majority of the entire board of directors. The affirmative vote of at least eighty percent of the outstanding voting stock of Lakeland is required to amend or repeal the provisions of the Lakeland certificate of incorporation relating to the classification of the board of directors. In addition, shareholders may remove any director from office only for cause, as defined in the Lakeland certificate of incorporation.

Lakeland common stock currently trades on the Nasdaq National Market. Under Nasdaq's National Market rules, approval of Lakeland's shareholders is required for the issuance of shares of Lakeland common stock or securities convertible into or exercisable for Lakeland common stock if the issuance of such securities:

Is in connection with the acquisition of a company, is not in connection with a public offering for cash, and the securities to be issued will have 20% or more of the voting power outstanding before such issuance;

Is in connection with the acquisition of a company in which a director, officer or substantial shareholder of Lakeland has a 5% or greater interest, and the issuance of the securities could result in an increase in outstanding Lakeland common stock or voting power of 5% or more;

Is in connection with a transaction, other than a public offering, at a price less than the greater of book or market value in which the shares issued will equal 20% or more of the shares of Lakeland common stock, or have 20% or more of the voting power, outstanding before issuance;

Would result in a change in control of Lakeland; or

Is in connection with the adoption or material modification of a stock compensation plan.

Pre-Emptive Rights; Redemption

Holders of Lakeland common stock do not have pre-emptive rights to acquire any additional shares of Lakeland common stock. Lakeland common stock is not subject to redemption.

Liquidation Rights

In the event of Lakeland's liquidation, dissolution or winding-up, whether voluntary or involuntary, holders of Lakeland common stock will share in any of its assets or funds that are available for distribution to its shareholders after satisfaction, or adequate provision is made for satisfaction, of its liabilities.

Shareholder Rights Plan

Edgar Filing: LAKELAND BANCORP INC - Form S-4/A

Lakeland maintains a Shareholder Protection Rights Plan designed to protect shareholders from attempts to acquire control of Lakeland at an inadequate price. Under the Shareholder Protection Rights Plan, each outstanding share of Lakeland common stock has attached to it one right to purchase one share of common stock at an initial price of \$25, subject to adjustment from time to time, as provided in the plan. These rights are not currently exercisable or transferable, and no separate certificates evidencing these rights will be distributed, unless certain events occur.

The Lakeland rights become exercisable to purchase shares of common stock if a person, group or other entity acquires, or commences a tender offer or an exchange offer for, shares of Lakeland stock representing 15% or more of the outstanding common stock.

After the Lakeland rights become exercisable, under certain circumstances, the Lakeland rights (other than any rights held by a 15% beneficial owner) will entitle the holders to purchase either shares of Lakeland common stock or of the common stock of the potential acquiror at a substantially reduced price. In certain such circumstances, each Right other than Rights owned by a 15% shareholder may be exchangeable for one share of Lakeland common stock.

Table of Contents

Lakeland is generally entitled to redeem the Lakeland rights at \$.001 per right at any time until an acquiror reaches the 15% threshold.

One of the effects of Lakeland's rights plan may be to enable the Lakeland board to render more difficult, or to discourage, an attempt to obtain control of Lakeland by means of a tender offer, proxy contest, merger or otherwise, and thereby to protect the continuity of Lakeland's management.

Anti-Takeover Provisions in the Certificate of Incorporation and New Jersey Law Provisions

Lakeland's certificate of incorporation and by-laws contain certain provisions which may have the effect of deterring or discouraging an attempt to take control of Lakeland. These provisions:

Divide Lakeland's board of directors into three classes serving staggered three-year terms;

Prevent the shareholders from removing directors without cause;

Require that shares with at least 80% of the total voting power, and shares with at least two thirds of the total voting power after excluding any 20% shareholder, approve a merger or other similar transaction if the transaction is not approved, in advance, by Lakeland's board of directors;

Require that shares with at least 80% of the total voting power approve the repeal or amendment of certain provisions of Lakeland's certificate of incorporation;

Authorize the Lakeland board to consider all factors that it deems relevant in evaluating a pending tender offer or other potentially hostile acquisition; and

Require advance notice of nominations for the election of directors and require any individuals so nominated to be present in person at the meeting at which he or she is voted upon.

The New Jersey Business Corporation Act also contains certain provisions applicable to Lakeland that may have the effect of deterring or discouraging an attempt to take control of Lakeland. Specifically:

The New Jersey Business Corporation Act provides that in determining whether a proposal or offer to acquire a corporation is in the best interest of the corporation, a board may, in addition to considering the effects of any action on shareholders, consider any of the following:

the effects of the proposed action on the corporation's employees, suppliers, creditors and customers;

the effects on the community in which the corporation operates; and

the long-term as well as short-term interests of the corporation and its shareholders, including the possibility that these interests may best be served by the continued independence of the corporation.

Lakeland is subject to the New Jersey Shareholders Protection Act, which prohibits certain New Jersey public corporations from engaging in business combinations - including mergers, consolidations, significant asset dispositions and certain stock issuances - with any 10% shareholder for five years after such person becomes a 10% shareholder, unless the business combination is approved by the board of directors prior to the date that the shareholder became a 10% shareholder. In addition, the Protection Act prohibits any business combination at any time with a 10% shareholder other than a transaction that is approved by the board of directors in advance or is approved by the affirmative vote of the holders of two-thirds of the voting stock not beneficially owned by the 10% shareholder, or satisfies certain fair price and related criteria.

COMPARISON OF SHAREHOLDERS' RIGHTS

As a result of the merger, certain of Newton's shareholders will receive shares of Lakeland common stock in exchange for their shares of Newton common stock. The following is a summary of certain material differences between the rights of holders of Newton common stock and the rights of holders of Lakeland common stock. Since both Lakeland and Newton are incorporated in New Jersey and are both governed by the New Jersey Business Corporations Act, these differences arise from their respective certificates of incorporation and by-laws and from Lakeland's Shareholder Protection Rights Plan. Although it is impractical to compare all of the aspects in which the companies' governing instruments differ with respect to shareholders' rights, the following discussion summarizes certain significant differences. This summary is qualified in its entirety by reference to the applicable provisions of the companies' governing instruments.

Directors

Lakeland's certificate of incorporation provides for the election of directors on a three year staggered term basis. Newton's certificate of incorporation provides for the election of directors on a five year staggered term basis.

Lakeland's by-laws exclude certain persons from election to the board. Directors may not serve as attorneys for any other financial institution or bank or savings and loan holding company and may not be on the board of any other financial institution or bank or savings and loan holding company. Newton does not provide for similar limitations.

Vote Required

Lakeland's certificate of incorporation provides several instances most of which relate to the amendment of provisions in the certificate of incorporation in which a greater than majority voting requirement is imposed for purposes of determining whether shareholders have approved a particular matter. Under Newton's certificate of incorporation, almost all shareholder actions other than the election of directors require the vote of the holders of two thirds of Newton's outstanding shares. Newton's directors, like Lakeland's directors, are elected by a plurality of the votes cast.

Exculpation of Directors and Officers

New Jersey law permits a corporation to provide that its directors and officers will not be liable to the corporation or its shareholders for breach of fiduciary duties, provided that the law does not excuse:

a breach of the duty of loyalty;

an act or omission that is not in good faith;

a knowing violation of law; or

receipt of an improper personal benefit.

Newton's certificate of incorporation does not reflect this statutory formulation. Lakeland's certificate of incorporation exculpates directors, but does not cover officers.

Indemnification

Lakeland's by-laws permit, but do not require, that directors and officers be indemnified from specific actions. In general, Newton's certificate of incorporation permits, but does not require, that directors and officers be indemnified from specific actions.

Shareholder Rights Plan

Newton does not have a shareholder rights plan. Lakeland approved its shareholders' rights protection plan in 2001.

These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of Newton Financial Corporation and subsidiaries as of December 31, 2002 and 2001, and the consolidated results of their operations and their cash flows for each of the three years in the period ended December 31, 2002 in conformity with accounting principles generally accepted in the United States of America.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

SEPTEMBER 30, 2003 AND 2002 (UNAUDITED)

AND YEARS ENDED DECEMBER 31, 2002, 2001 AND 2000

Note 1 - Summary of Significant Accounting Policies

Significant accounting policies followed by Newton Financial Corporation and subsidiaries (the Company) are summarized below.

Nature of Operations

The Company provides a variety of banking services to individuals and businesses through its ten offices in northwest New Jersey. Its primary source of revenue is interest on loans to customers who are individuals and small to mid-sized businesses, and interest on investments in debt securities of primarily federal and local governments and their related agencies as well as high rated corporate debt securities. In 2002, the Company has elected to sell its fiduciary trust business. The Company will retain its trust powers and will continue to offer investment services.

Principles of Consolidation

The consolidated financial statements of Newton Financial Corporation include all of the accounts of the parent company and its 99.96 percent owned subsidiary, The Newton Trust Company (the Bank), as well as its wholly owned subsidiary Park Place Investment Co., Inc. (PPIC). All significant intercompany transactions have been eliminated in consolidation.

Investment Securities

Trading Securities - Securities that are held for short-term resale are classified as trading account securities and recorded at their fair values. Realized and unrealized gains and losses on trading account securities, if any, are included in other income.

Securities Held-to-Maturity - Government and federal agency securities that management has the positive intent and ability to hold to maturity are reported at cost, adjusted for amortization of premiums and accretion of discounts that are recognized in interest income using methods approximating the interest method over the period to maturity.

Securities Available-for-Sale - Available-for-sale securities consist of investment securities not classified as trading securities nor as held-to-maturity securities. Unrealized holding gains and losses on available-for-sale securities are reported net of tax as a separate component of stockholders' equity until realized. Gains and losses on the sale of available-for-sale securities are determined using the specific-identification method. The amortization of premiums and the accretion of discounts are recognized in interest income using methods approximating the interest method over the period to maturity.

Declines in the fair value of individual held-to-maturity and available-for-sale securities below their cost that are other than temporary result in write-downs of the individual securities to their fair value. The related write-downs are included in earnings as realized losses.

Loans

Loans that management has the intent and ability to hold for the foreseeable future or until maturity or payoff are stated at the amount of unpaid principal and are net of unearned discount, unearned loan fees and an allowance for loan losses.

Loan origination and commitment fees, as well as certain direct origination costs, are deferred and amortized as a yield adjustment over the lives of the related loans using the interest method. Amortization of deferred loan fees is discontinued when a loan is placed on nonaccrual status.

Note 1 - Summary of Significant Accounting Policies (Cont d)

Loans (Cont d)

The allowance for loan losses is established as losses are estimated to have occurred through a provision for loan losses charged to earnings. Loan losses are charged against the allowance when management believes the uncollectibility of a loan balance is confirmed. Subsequent recoveries, if any, are credited to the allowance.

The allowance for loan losses is evaluated on a regular basis by management and is based upon management's periodic review of the collectibility of the loans in light of historical experience, the nature and volume of the loan portfolio, adverse situations that may affect the borrower's ability to repay, estimated value of any underlying collateral and prevailing economic conditions. This evaluation is inherently subjective as it requires estimates that are susceptible to significant revision as more information becomes available.

A loan is considered impaired when, based on current information and events, it is probable that the Bank will be unable to collect the scheduled payments of principal or interest when due according to the contractual terms of the loan agreements. Factors considered by management in determining impairment include payment status, collateral value, and the probability of collecting scheduled principal and interest payments when due. Loans that experience insignificant payment delays and payment shortfalls generally are not classified as impaired. Management determines the significance of payment delays and payment shortfalls on a case-by-case basis, taking into consideration all of the circumstances surrounding the loan and the borrower, including the length of the delay, the reasons for the delay, the borrower's prior payment record, and the amount of the shortfall in relation to the principal and interest owed. Impairment is measured on a loan by loan basis for commercial and construction loans by either the present value of expected future cash flows discounted at the loan's effective interest rate, the loan's obtainable market price, or the fair value of the collateral if the loan is collateral dependent.

Large groups of smaller balance homogeneous loans are collectively evaluated for impairment. Accordingly, the Bank does not separately identify individual consumer and residential loans for impairment disclosures.

Interest on loans is accrued and credited to income based on the principal amount outstanding. The accrual of interest on significant loans is discontinued when, in the opinion of management, there is an indication that the borrower may be unable to repay outstanding loan balances.

The loans receivable portfolio at December 31, 2002 consists of fixed and variable rate loans approximating 69% and 31% of the portfolio, respectively.

Premises and Equipment

Premises and equipment are carried at cost, less accumulated depreciation. Depreciation of premises and equipment is provided using the straight-line method for financial reporting purposes at rates based upon their estimated useful lives. Expenditures for major renewals and betterments that extend the useful lives of premises and equipment are capitalized. Expenditures for maintenance and repairs are charged to expense as incurred.

Note 1 - Summary of Significant Accounting Policies (Cont d)

Premises and Equipment (Cont d)

On January 1, 2002, the Company adopted SFAS No. 144, Accounting for the Impairment or Disposal of Long-lived Assets. SFAS No. 144 retains the existing requirements to recognize and measure the impairment of long-lived assets to be held and used or to be disposed of by sale. However, SFAS No. 144 makes changes to the scope and certain measurement requirements of existing accounting guidance. SFAS No. 144 also changes the requirements relating to reporting the effects of a disposal or discontinuation of a segment of a business. The adoption of this statement did not have a significant impact on the financial condition or results of operations of the Company.

Pension Plan

The Company has a noncontributory defined benefit plan covering substantially all of the employees of The Newton Trust Company. Benefits are based on compensation and length of service. The Company's funding policy is to contribute annually an amount that would be deducted for federal income tax purposes using actuarial cost methods and assumptions, which differ from those used for financial reporting.

Off-Balance Sheet Financial Instruments

In the ordinary course of business, the Bank has entered into off-balance sheet financial instruments consisting of commitments to extend credit, commercial letters of credit and standby letters of credit. Such financial instruments are recorded in the financial statements when they become payable.

Income Taxes

Edgar Filing: LAKELAND BANCORP INC - Form S-4/A

The Company and its subsidiaries file a consolidated federal income tax return. Income taxes are allocated to the Company and its subsidiaries based on the contribution of their income to the consolidated return. Separate state income tax returns are filed by the Company and its subsidiaries. Provisions for income taxes are based on taxes payable or refundable for the current year and deferred taxes on temporary differences between the tax basis of assets and liabilities and their reported amounts in the financial statements. FASB Statement No. 109,

Accounting for Income Taxes requires deferred tax assets and liabilities be included in the financial statements at currently enacted income tax rates applicable to the period in which the deferred tax assets and liabilities are expected to be realized or settled.

Cash and Cash Equivalents

Cash and cash equivalents include cash and due from banks for purposes of the statement of cash flows.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Reclassifications

Certain minor reclassifications were made to the 2001 and 2000 amounts to make them consistent with 2002 classifications.

Earnings Per Share

The Company follows the provisions of SFAS No. 128, Earnings Per Share, which requires presentation of basic and diluted earnings per share in conjunction with the disclosure of the methodology used in computing such earnings per share. Basic earnings per share excludes dilution and is computed by dividing income available to common shareholders by the weighted average common shares outstanding during the period. Diluted earnings per share takes into account the potential dilution that could occur if securities or other contracts to issue common stock were exercised and converted into common stock.

Stock-Based Compensation

The Company follows the disclosure requirements of SFAS No. 123, Accounting for Stock-Based Compensation, and SFAS No. 148, Accounting for Stock-Based Compensation Transition and Disclosure, but elected to continue to measure compensation expense in accordance with Accounting Principles Board (APB) Opinion No. 25, Accounting for Stock Issued to Employees. Entities that continue to account for stock options using APB Opinion No. 25 are required to make pro forma disclosures of net income and earnings per share, as if the fair value-based method of accounting defined in SFAS No. 123 and 148 had been applied. Had the Company followed the methodology in SFAS No. 123 net income would have been adjusted to the pro forma amounts indicated below:

Note 1 - Summary of Significant Accounting Policies (Cont d)

Letters of Credit

The Company adopted FASB Interpretation 45 (FIN 45) Guarantor's Accounting and Disclosure Requirements for Guarantees, including Indirect Guarantees of Indebtedness of Others on January 1, 2003. FIN 45 requires a guarantor entity, at the inception of a guarantee covered by the measurement provisions of the interpretation, to record a liability for the fair value of the obligation undertaken in issuing the guarantee. The Company has financial and performance letters of credit. Financial letters of credit require the Company to make payment if the customer's financial condition deteriorates, as defined in the agreements. Performance letters of credit require the Company to make payments if the customer fails to perform certain non-financial contractual obligations. The Company defines the initial fair value of these letters of credit as the fees received from the customer. FIN 45 applies prospectively to guarantees the Company issues or modifies subsequent to December 31, 2002.

The maximum potential undiscounted amount of future payments of these letters of credit as of September 30, 2003 is \$606,077 and they expire through December 2004. Amounts due under these letters of credit would be reduced by any proceeds that the Company obtained in liquidating the collateral for the loans, which varies depending on the customer.

Interim Financial Statements

The financial statements as of September 30, 2003 and for the nine months ended September 30, 2003 and 2002 are unaudited. In the opinion of management, all adjustments (consisting only of normal recurring accruals) necessary for a fair presentation of financial position and results of operations have been included. The results of operations for the nine months ended September 30, 2003 and 2002 are not necessarily indicative of the results that may be attained for an entire fiscal year.

Note 3 - Loans Receivable (Cont d)

The balance of impaired loans was \$969,464 at December 31, 2001. Impaired loans decreased from December 31, 2001 to December 31, 2002 by \$969,464 due to foreclosure of the loan in 2002. The Bank identifies a loan as impaired when it is probable that interest and principal will not be collected according to the contractual terms of the loan agreements. The allowance for loan losses associated with impaired loans was \$200,000 at December 31, 2001. The average recorded investment on impaired loans was \$484,732 and \$453,943 during 2002 and 2001, respectively, and no income was recognized on impaired loans during 2002 and 2001. Interest, which would have been accrued on impaired loans during 2002 and 2001, was \$38,106 and \$27,628, respectively. There were no impaired loans at September 30, 2003, December 31, 2002 and December 31, 2000.

Loans past due 90 days or more are those loans as to which payment of interest or principal is in arrears for a period of 90 days or more but is adequately collateralized as to interest and principal or is in the process of collection. Non-performing loans consist of non-accrual loans and renegotiated loans. Non-accrual loans are those on which income under the accrual method has been discontinued with subsequent interest payments credited to interest income when received, or if ultimate collectibility of principal is in doubt, applied as principal reductions. Renegotiated loans are loans whose contractual interest rates have been modified due to borrowers' financial difficulties. Interest on these loans is either accrued or credited directly to interest income. Loans past due 90 days or more and non-performing loans were as follows:

Note 10 - Commitments and Contingent Liabilities

Litigation

The Company may, in the ordinary course of business, become a party to litigation involving collection matters, contract claims and other legal proceedings relating to the conduct of its business. The Company also has various commitments and contingent liabilities which are not reflected in the accompanying consolidated financial statements. In management's judgment, the consolidated financial statements of the Company will not be affected materially by the final outcome of any present legal proceedings or other contingent liabilities and commitments.

Commitments with Off-Balance Sheet Risk

The consolidated statement of financial condition does not reflect various commitments relating to financial instruments which are used in the normal course of business. Management does not anticipate that the settlement of those financial instruments will have a material adverse effect on the Company's financial position. These instruments include commitments to extend credit and letters of credit. The financial statements have inherent degrees of credit risk, which is defined as the possibility that a loss may occur from the failure of another party to perform according to the terms of the contract.

Commitments to extend credit are legally binding loan commitments with set expiration dates. They are intended to be disbursed, subject to certain conditions, upon request of the borrower. The Bank was committed to advance \$49,275,484 and \$24,799,099 to its borrowers as of September 30, 2003 and December 31, 2002, respectively. Such commitments generally expire within one year. The total commitment may not represent the future cash outlays to these customers, since customers may decide not to utilize all amounts available under their commitments. The amount of collateral obtained, if deemed necessary by the Bank upon extension of credit, is based on management's credit evaluation of the borrower. Collateral held varies, but may include real estate, accounts receivable, inventory, equipment, securities and other properties.

Standby letters of credit are provided to customers to guarantee their performance, generally in the production of goods and services or under contractual commitments in the financial markets. The Bank has entered into standby letter of credit contracts with its customers totaling \$606,077 and \$881,916 as of September 30, 2003 and December 31, 2002, respectively, which generally expire within one year.

The Bank is able to purchase up to \$4,600,000 in overnight federal funds from Fleet National Bank.

During 2001, the Bank closed one of its branches for which it is committed under a long term lease through June 2006. The potential amount of the lease commitment is \$164,333. The Bank believes it will be able to negotiate a lesser amount and has accrued \$150,000 at December 31, 2002 for the lease termination. The lease was settled in September 2003 for approximately \$150,000.

Note 11 - Employee Stock Ownership Program

The Bank had sponsored a leveraged employee stock ownership plan (ESOP) that covered substantially all employees who have completed 1,000 hours of service during a plan year. Substantially all dividends received by the ESOP are used to reinvest in new shares. There was no ESOP contribution expense for the years ended December 31, 2002, 2001 and 2000. The ESOP was terminated during the year ended December 31, 2002.

The plan was amended in 2001 to allow grants to members of the Company's board of directors. Both incentive stock options and non-qualified stock options may be granted under the Option Plan. For incentive stock options, the purchase price per share of common stock shall not be less than one hundred percent of the fair market value of the common stock on the date of grant. For non-qualified stock options, the purchase price per share of common stock shall not be less than eighty-five percent of the fair market value of the common stock on the date of grant. There were no options granted during the year ended December 31, 2002.

Note 13 - Employee 401(k) Plan

The Bank has a 401(k) retirement savings plan in which substantially all employees may participate. The Bank's contribution to the plan is discretionary based on 20% matching of voluntary contributions of up to 7% of individual compensation. For the years ended December 31, 2002, 2001 and 2000, the Bank's matching contributions to the 401(k) plan were \$29,046, \$24,064 and \$24,217, respectively. The Bank's matching contribution is invested in Newton Financial Corporation stock. Employee contributions are vested at all times, and Bank contributions are fully vested after three years.

Note 14 - Related Party Transactions

The Bank has entered into transactions with its directors, significant shareholders and their affiliates. Such transactions were made in the ordinary course of business on substantially the same terms and conditions, including interest rates and collateral, as those prevailing at the same time for comparable transactions with other customers, and did not, in the opinion of management, involve more than normal credit risk or present other unfavorable features. The aggregate amount of loans to such related parties at December 31, 2002 and 2001, was \$3,270,255 and \$2,706,714, respectively. During 2002 and 2001, new loans to such related parties amounted to \$1,109,572 and \$973,216 and repayments amounted to \$360,212 and \$270,219, respectively.

Customer deposits as of December 31, 2002 and 2001, included deposits by directors, executive officers, employees and their affiliates in the amount of \$2,334,063 and \$3,596,683, respectively.

Note 15- Leases

The bank leases a portion of one of its branch buildings to a local business. The lease is month to month with no formal terms. The bank also leases an adjacent parking lot to a local business. Total rental income amounted to \$7,830 and \$10,448 for the nine months ended September 30, 2003 and 2002, respectively (unaudited) and \$13,698, \$15,016 and \$15,692, for the years ended December 31, 2002, 2001 and 2000, respectively.

Edgar Filing: LAKELAND BANCORP INC - Form S-4/A

The Company's wholly owned subsidiary Park Place Investment Co., Inc. (PPIC) has entered into a lease with a broker/dealer registered under the Securities Exchange Act of 1934. The lease calls for the lessor to receive rent payments equal to a percent of the gross sales commissions received by the broker attributable to the operation conducted at the lease location. If gross sales commissions exceed \$300,000 the lease calls for a 5% increase for amounts greater than \$300,000. The lease may be terminated by either party upon 90 days notice. There are no future minimum rental payments due to the nature of the lease. Rental income under the lease amounted to \$22,508 and \$73,242 for the nine months ended September 30, 2003 and 2002, respectively (unaudited) and \$94,881, \$93,379 and \$167,733, for the years ended December 31, 2002, 2001 and 2000, respectively.

Concurrent with the above lease transaction, the Company entered into a lease and sub-lease for the same space, with the Bank, its subsidiary, and the owner of the real estate, and its wholly owned subsidiary, PPIC. The leases call for the Company to lease the space from the Bank and in turn sub-lease the same space to PPIC who ultimately leases it to a third party. All transactions related to the related party leases have been eliminated during consolidation.

The Company, as a matter of policy and regulatory lending limits, does not extend credit to any single borrower or group of related borrowers in excess of \$4,817,292 as of December 31, 2002.

Note 19 - Fair Values of Financial Instruments

The following methods and assumptions were used to estimate the fair value of each class of financial instrument for which it is practicable to estimate that value:

Cash and Short-term Investments

For cash and short-term investments, the carrying amount is a reasonable estimate of fair value.

Investment Securities

For securities held as investments, fair value equals quoted market price, if available. If a quoted market price is not available, fair value is estimated using quoted market prices for similar securities.

Note 19 - Fair Values of Financial Instruments (Cont d)

Loan Receivables

The fair value of loans is estimated by discounting the future cash flows using the current rates at which similar loans would be made to borrowers with similar credit ratings and for the same remaining maturities. However, because there is no market for many of these financial instruments, management has no basis to determine whether the fair value presented below would be indicative of the value negotiated in an actual transaction.

Deposit Liabilities

The fair value of demand deposits, savings accounts, and certain money market deposits is the amount payable on demand at the reporting date. The fair value of fixed-maturity certificates of deposit is estimated using the rates currently offered for deposits of similar remaining maturities.

Borrowings

The fair values of borrowings are estimated using discounted cash flow analyses based on current incremental borrowing rates for similar types of borrowing arrangements.

Commitments

The fair values of commitments to extend credit and standby letters of credit are estimated using the fees currently charged to enter into similar agreements, taking into account the remaining terms of the agreements and the present creditworthiness of the parties. For fixed-rate loan commitments, fair value also considers the difference between current levels of interest rates and the committed rates. The fair value of

Edgar Filing: LAKELAND BANCORP INC - Form S-4/A

guarantees and letters of credit is based on fees currently charged for similar agreements or on the estimated cost to terminate them or otherwise settle the obligations with the parties at the reporting date. The fair value of the Company's commitments to extend credit and standby letters of credit are insignificant at December 31, 2002 and 2001.

The estimated fair values of the Company's financial instruments are as follows:

Note 20 - Regulatory Matters

The Company and the Bank are subject to various regulatory capital requirements administered by the federal banking agencies. Failure to meet minimum capital requirements can initiate certain mandatory, and possible additional discretionary, actions by regulators that, if undertaken, could have a direct material effect on the Company's and the Bank's consolidated financial statements. Under capital adequacy guidelines and the regulatory framework for prompt corrective action, the Company must meet specific capital guidelines that involve quantitative measures of the Company's and the Bank's assets, liabilities and certain off-balance-sheet items as calculated under regulatory accounting practices. The Company's and the Bank's capital amounts and classifications are also subject to qualitative judgments by the regulators about components, risk weightings and other factors.

Quantitative measures established by regulations to ensure capital adequacy require the Company and the Bank to maintain minimum amounts and ratios (set forth in the following tables) of total and Tier 1 capital (as defined in the regulations) to risk-weighted assets, and of Tier 1 capital to average assets. Management believes, as of December 31, 2002, that the Company and the Bank met all capital adequacy requirements to which they are subject.

As of December 31, 2002, the most recent notification from the FDIC categorized the Bank as well capitalized under the regulatory framework for prompt corrective action. To be categorized as well capitalized, the Company and the Bank must maintain minimum total risk-based, Tier 1 risk-based and Tier 1 leverage ratios as set forth in the table. There are no conditions or events since that notification that management believes have changed the institution's category.

As of September 30, 2003 and December 31, 2002 and 2001, the Company and the Bank have the following capital ratios:

Note 22 - Subsequent Events

On October 24, 2003, the Boards of Directors of Lakeland Bancorp, Inc. and Newton Financial Corporation announced an agreement and plan of merger. Under this transaction, Newton Financial Corporation will merge into Lakeland Bancorp. Shareholders of Newton Financial Corporation can elect to receive either 4.5 shares of Lakeland Bancorp common stock or \$72.08 per share subject to a maximum cash payment of 25%. This transaction is subject to respective shareholders and regulatory approvals.

In connection with the merger due diligence procedures, the Company discovered that certificates of amendment increasing the Company's authorized shares to 3,000,000 were not filed with the State of New Jersey as required by the New Jersey Business Corporation Act. Newton's shareholders twice approved amendments to Newton's certificate of incorporation increasing the number of authorized shares. To clarify the rights of its shareholders, Newton has sought from a court of competent jurisdiction the issuance of a declaratory judgment or order confirming that Newton's currently outstanding shares are validly issued and outstanding. In addition, in 1998, the Company declared a two for one stock split and, for accounting purposes, adjusted the par value of the Company's common stock to \$2.50 from \$5.00 per share. However, the Company did not make certain filings required to effectuate this change. Management does not anticipate that the resolution of either of these issues will have a materially adverse effect on the Company's financial condition or results of operations.

ANNEX A

AGREEMENT AND PLAN OF MERGER

THIS AGREEMENT AND PLAN OF MERGER (the Agreement), dated as of October 24, 2003, is by and between Lakeland Bancorp, Inc., a New Jersey corporation (Parent), and Newton Financial Corporation, a New Jersey corporation (the Company). Parent and the Company are sometimes collectively referred to herein as the Constituent Corporations . Defined terms are described in Section 9.11.

RECITALS

A. Parent desires to acquire the Company and the Company's Board of Directors has determined, based upon the terms and conditions hereinafter set forth, that the acquisition is in the best interests of the Company and its shareholders. The acquisition will be accomplished by (i) merging the Company with and into Parent with Parent as the surviving corporation (the Merger) and (ii) the Company's shareholders receiving the Aggregate Merger Consideration hereinafter set forth. The Boards of Directors of each of the Company and Parent have duly adopted and approved this Agreement and the Boards of Directors of each of the Parent and the Company has directed that it be submitted to their respective shareholders for approval.

B. The parties desire to make certain representations, warranties and agreements in connection with the Merger and also to prescribe certain conditions to the Merger.

NOW, THEREFORE, in consideration of the mutual covenants, representations, warranties and agreements contained herein, and intending to be legally bound hereby, the parties agree as follows:

ARTICLE I

THE MERGER

1.1 **The Merger**. Subject to the terms and conditions of this Agreement, in accordance with the New Jersey Business Corporation Act (the BCA), at the Effective Time (as defined in Section 1.2 hereof), the Company shall merge with and into Parent. Parent shall be the surviving corporation (hereinafter sometimes called the Surviving Corporation) in the Merger, and shall continue its corporate existence under the laws of the State of New Jersey. The name of the Surviving Corporation shall continue to be Lakeland Bancorp, Inc. Upon consummation of the Merger, the separate corporate existence of the Company shall terminate.

1.2 **Closing, Closing Date, Determination Date and Effective Time**. Unless a different date, time and/or place are agreed to by the parties hereto, the closing of the Merger (the Closing) shall take place at 10:00 a.m., at the offices of Lowenstein Sandler PC, 65 Livingston Avenue,

Edgar Filing: LAKELAND BANCORP INC - Form S-4/A

Roseland, New Jersey New Jersey, on a date determined by Parent on at least five business days notice (the Closing Notice) given to the Company, which date (the Closing Date) shall be not more than twenty (20) business days following the receipt of all necessary regulatory, governmental and shareholder approvals and consents and the expiration of

Table of Contents

all statutory waiting periods in respect thereof and the satisfaction or waiver of all of the conditions to the consummation of the Merger specified in Article VII hereof (other than the delivery of certificates, opinions and other instruments and documents to be delivered at the Closing). In the Closing Notice, Parent shall specify the Determination Date, which date shall be the first date on which all bank regulatory approvals (and waivers, if applicable) necessary for consummation of the Merger have been received (disregarding any waiting period) and either party has notified the other in writing that all such approvals (and waivers, if applicable) have been received. Simultaneous with or immediately following the Closing, Parent and the Company shall cause to be filed a certificate of merger, in form and substance reasonably satisfactory to Parent and the Company and consistent with the terms of this Agreement, with the Department of the Treasury of the State of New Jersey (the Certificate of Merger). The Certificate of Merger shall specify the Effective Time of the Merger, which Effective Time shall be a date and time following the Closing agreed to by Parent and the Company (which date and time the parties currently anticipate will be the close of business on the Closing Date). In the event the parties fail to specify the date and time in the Certificate of Merger, the Merger shall become effective upon (and the Effective Time shall be) the time of the filing of the Certificate of Merger.

1.3 **Effect of the Merger.** At the Effective Time, the Surviving Corporation shall be considered the same business and corporate entity as each of Parent and the Company and, thereupon and thereafter, all the property, rights, privileges, powers and franchises of each of Parent and the Company shall vest in the Surviving Corporation and the Surviving Corporation shall be subject to and be deemed to have assumed all of the debts, liabilities, obligations and duties of each of Parent and the Company and shall have succeeded to all of each of their relationships, as fully and to the same extent as if such property, rights, privileges, powers, franchises, debts, liabilities, obligations, duties and relationships had been originally acquired, incurred or entered into by the Surviving Corporation. In addition, any reference to either of Parent and the Company in any contract or document, whether executed or taking effect before or after the Effective Time, shall be considered a reference to the Surviving Corporation if not inconsistent with the other provisions of the contract or document; and any pending action or other judicial proceeding to which either of Parent or the Company is a party shall not be deemed to have abated or to have discontinued by reason of the Merger, but may be prosecuted to final judgment, order or decree in the same manner as if the Merger had not been made; or the Surviving Corporation may be substituted as a party to such action or proceeding, and any judgment, order or decree may be rendered for or against it that might have been rendered for or against either of Parent or the Company if the Merger had not occurred.

1.4 **Conversion of Company Common Stock.**

(a) At the Effective Time, subject to the other provisions of this Section 1.4 and Section 2.2(e), each share of the Company's common stock, par value \$2.50 per share (Company Common Stock), issued and outstanding immediately prior to the Effective Time (other than (i) shares of Company Common Stock held in the Company's treasury and (ii) shares of Company Common Stock held directly or indirectly by Parent or the Company or any of their respective Subsidiaries (as defined below) (except for Trust Account Shares and DPC Shares, as such terms are defined in Section 1.4(b) hereof), shall by virtue of this Agreement and without

any action on the part of the Company, Parent or the holder thereof, cease to be outstanding and shall be converted into and become the right to receive, at the election of the holder thereof as provided in Section 1.5, either:

(i) 4.5 shares of common stock, no par value, of Parent (Parent Common Stock), together with the number of Parent Rights (as defined in Section 4.2) associated therewith (such shares, the Per Share Stock Consideration and the ratio of such number to one, the Exchange Ratio); or

(ii) cash in an amount equal to Seventy Two Dollars and Eight Cents (\$72.08) (the Per Share Cash Consideration).

(b) At the Effective Time, (i) all shares of Company Common Stock that are owned by the Company as treasury stock and (ii) all shares of Company Common Stock that are owned directly or indirectly by Parent or the Company or any of their respective Subsidiaries (other than shares of Company Common Stock (x) held directly or indirectly in trust accounts, managed accounts and the like or otherwise held in a fiduciary capacity for the benefit of third parties or any shares held in any employee plan disclosed on Schedule 3.11 hereto (any such shares, and shares of Parent Common Stock which are similarly held, whether held directly or indirectly by Parent or the Company, as the case may be, being referred to herein as Trust Account Shares) and (y) held by Parent or the Company or any of their respective Subsidiaries in respect of a debt previously contracted (any such shares of Company Common Stock, and shares of Parent Common Stock which are similarly held, being referred to herein as DPC Shares)), shall be canceled and shall cease to exist and no stock of Parent or other consideration shall be delivered in exchange therefor. All shares of Parent Common Stock that are owned by the Company or any of its Subsidiaries (other than Trust Account Shares and DPC Shares) shall become treasury stock of Parent.

(c) On and after the Effective Time, holders of certificates which immediately prior to the Effective Time represented outstanding shares of Company Common Stock (the Certificates) shall cease to have any rights as shareholders of the Company, except the right to receive the Per Share Stock Consideration or Per Share Cash Consideration for each such share held by them. The consideration which any holder of Company Common Stock is entitled to receive pursuant to this Article I is referred to herein as the Merger Consideration . The consideration which all of the Company shareholders are entitled to receive pursuant to this Article I is referred to herein as the Aggregate Merger Consideration .

(d) Notwithstanding any provision herein to the contrary, if, between the date of this Agreement and the Effective Time, the shares of Parent Common Stock shall be changed into a different number or class of shares by reason of any reclassification, recapitalization, split-up, combination, exchange of shares or readjustment, or a stock dividend declared thereon with a record date within said period, appropriate adjustments shall be made to the Exchange Ratio.

1.5 Election Procedures.

(a) **Allocation.** The allocation of the Aggregate Merger Consideration between cash and shares of Parent Common Stock shall be determined pursuant to this Section 1.5.

(b) **Elections by Holders of Stock or Cash.** Subject to the allocation and election procedures set forth in this Section 1.5, each record holder immediately prior to the Effective Time of shares of Company Common Stock will be entitled (i) to elect to receive cash for 10%, 20%, 30%, 40%, 50%, 60%, 70%, 80%, 90% or all of such shares (each, a Cash Election), (ii) to elect to receive Parent Common Stock for 10%, 20%, 30%, 40%, 50%, 60%, 70%, 80%, 90% or all of such shares (a Stock Election), or (iii) to indicate that such record holder has no preference as to the receipt of cash or Parent Common Stock for such shares (a Non-Election). In the event that any such holder makes elections which together cover more than 100% of the shares of Common Stock which such Person owns as of the Effective Time, such holder shall be deemed to have made a Stock Election with respect to 50% of such holder's shares and a Cash Election with respect to 50% of such holder's shares. In the event that any such holder makes elections which together cover less than 100% of the shares of Common Stock which such Person owns as of the Effective Time, such holder shall be deemed to have made a Non-Election with respect to the number of shares for which no Cash Election, Stock Election or Non-Election was made. In the event that any such holder makes a Cash Election or Stock Election for a percentage of such holder's shares that is other than 10%, 20%, 30%, 40%, 50%, 60%, 70%, 80%, 90% or all of such holder's shares, the number of shares deemed to be so elected shall be reduced to the next lowest percentage permitted to be elected hereunder. All such elections shall be made on a form designed for that purpose by Parent (a Form of Election), which form shall be acceptable to the Company, such acceptance not to be unreasonably withheld. Holders of record of shares of Company Common Stock who hold such shares as nominees, trustees or in other representative capacities (a Representative) may submit multiple Forms of Election, provided that each such Form of Election covers all the shares of Company Common Stock held by each Representative for a particular beneficial owner.

(c) **Stock Election.** All shares of Company Common Stock covered by Stock Elections (Stock Election Shares) shall be converted into the right to receive Parent Common Stock.

(d) **Oversubscription for Cash.** If the aggregate number of shares of Company Common Stock covered by Cash Elections (the Cash Election Shares) exceeds the Maximum Cash Number (as hereinafter defined), all shares of Company Common Stock covered by Non-Elections (the Non-Election Shares) shall be converted into the right to receive Parent Common Stock, and the Cash Election Shares shall be converted into the right to receive Parent Common Stock and cash in the following manner:

(i) the Exchange Agent (as hereinafter defined) will select from among the holders of Cash Election Shares, on a pro rata basis, a sufficient number of such shares (Stock Designated Shares) such that the number of Stock Designated Shares will, when added to the number of Stock Election Shares and Non-Election Shares, be equal as closely as practicable but at least equal to the Minimum Stock Number (as hereinafter defined), and all such Stock Designated Shares shall be converted into the right to receive Parent Common Stock; and

Table of Contents

(ii) the Cash Election Shares not so selected as Stock Designated Shares shall be converted into the right to receive cash.

(e) **Undersubscription for Cash.** If the aggregate number of Cash Election Shares is less than the Maximum Cash Number, all Cash Election Shares shall be converted into the right to receive cash, and all Non-Election Shares shall be converted into the right to receive Parent Common Stock or the right to receive cash in the following manner:

(i) the Exchange Agent will select from among the holders of Non-Election Shares, on a pro rata basis, a sufficient number of such shares (Cash Designated Shares) such that the number of Cash Designated Shares will, when added to the number of Cash Election Shares, be equal as closely as practicable to the Maximum Cash Number, and all such Cash Designated Shares shall be converted into the right to receive cash; and

(ii) the Non-Election Shares not so selected as Cash Designated Shares shall be converted into the right to receive Parent Common Stock.

(f) **Treatment of Non-Election Shares If No Oversubscription or Undersubscription for Cash.** In the event that the aggregate number of Cash Election Shares equals the Maximum Cash Number, all Cash Election Shares shall be converted into the right to receive cash and all Non-Election Shares shall be converted into the right to receive Parent Common Stock.

(g) **Procedures for Holders Elections.** Elections shall be made by holders of Company Common Stock by mailing to the Exchange Agent a Form of Election which is received by the Exchange Agent prior to the Election Deadline. To be effective, a Form of Election must be properly completed, signed and submitted to the Exchange Agent by the holder and accompanied by the certificates representing the shares of Company Common Stock as to which the election is being made (or properly completed, signed and submitted to the Exchange Agent by an appropriate bank or trust company in the United States or a member of a registered national securities exchange or the National Association of Securities Dealers, Inc. (the "NASD")). Parent will have the discretion, which it may delegate in whole or in part to the Exchange Agent, to determine whether Forms of Election have been properly completed, signed and submitted and to disregard immaterial defects in Forms of Election. The good faith decision of Parent (or the Exchange Agent) in such matters shall be conclusive and binding, provided that Parent (and the Exchange Agent) does not act unreasonably. Neither Parent nor the Exchange Agent will be under any obligation to, but Parent and the Exchange Agent may (if they choose to do so), notify any person of any defect in a Form of Election submitted to the Exchange Agent. The Exchange Agent shall also make all computations contemplated by this Section 1.5 and all such computations shall be conclusive and binding on the holders of Company Common Stock, provided that the Exchange Agent does not act unreasonably.

Table of Contents

(h) **Failure of Holder to Elect.** For the purpose hereof, a holder of Company Common Stock who does not submit a Form of Election which is received by the Exchange Agent prior to the Election Deadline shall be deemed to have made a Non-Election with respect to all of such holder's shares of Company Common Stock. Except as otherwise provided in Section 1.5(b), if Parent or the Exchange Agent shall determine that any purported Cash Election or Stock Election was not properly made, such purported Cash Election or Stock Election shall, unless cured by the Election Deadline (as hereafter defined), be deemed to be of no force and effect and the shareholder or Representative making such purported Cash Election or Stock Election shall, for purposes hereof, be deemed to have made a Non-Election with respect to the shares of Company Common Stock covered by such purported Cash Election or Stock Election.

(i) **Mailing of Election Forms to Holders and Election Deadline.** Parent and the Company shall each use its best efforts to mail the Form of Election to all persons who are holders of record of Company Common Stock on the record date for the Company Shareholders Meeting (as defined in Section 6.3) and who become holders of Company Common Stock during the period between the record date for the Company Shareholders Meeting and 10:00 a.m. New York time, on at least the date fifteen calendar days prior to the anticipated Effective Time and to make the Form of Election available to all persons who become holders of Company Common Stock subsequent to such day and no later than the close of business on the Election Deadline. A Form of Election must be received by the Exchange Agent by the close of business on the third business day prior to the Closing (the Election Deadline) in order to be effective. All elections will be irrevocable.

(j) **Increase in Stock Election Number Due to Tax Opinion.** If the tax opinion referred to in Section 7.1(d) and to be delivered at the Closing (the Tax Opinion) cannot be rendered (as reasonably determined by Lowenstein Sandler PC and as reasonably concurred in by Windels, Marx, Lane & Mittendorf, LLP as a result of the Merger's potentially failing to satisfy continuity of interest requirements under applicable federal income tax principles relating to reorganizations under Section 368(a) of the Internal Revenue Code of 1986, as amended (the Code), then the Maximum Cash Number shall be automatically decreased and the Minimum Stock Number shall be automatically increased to the minimum extent necessary to enable the Tax Opinion to be rendered.

1.6 **Exchange Agent.** The Company and Parent hereby appoint American Stock Transfer & Trust Company (or such other transfer agent as Parent shall designate in good faith) as the exchange agent (the Exchange Agent) for purposes of effecting the conversion of Company Common Stock hereunder.

1.7 **Stock Options.** All options which may be exercised for issuance of Company Common Stock (whether or not vested) (each, a Stock Option and collectively the Stock Options) are described in the Company Disclosure Schedule and are issued and outstanding pursuant to the Company's 1999 Stock Option Plan (the Company Stock Option Plan) and the agreements pursuant to which such Stock Options were granted (each, an Option Grant Agreement). True and complete copies of the Company Stock Option Plans and all Option Grant Agreements relating to outstanding Stock Options have been delivered to Parent. Within ten days from the date hereof, the Company Stock Option Plans shall be amended, and the Board

of Directors shall take all other actions necessary, such that all Stock Options which are outstanding immediately prior to the Effective Time (Old Stock Options) shall automatically be converted as of the Effective Time into options to Parent Common Stock (New Stock Options), which New Stock Options shall be identical to the Old Stock Options in all material respects, except that (i) upon exercise of the New Stock Options, the optionholder will receive Parent Common Stock rather than Company Common Stock, (ii) the number of shares of Parent Common Stock covered by each New Stock Option shall equal the number of shares of Company Common Stock covered by the corresponding Old Stock Option multiplied by the Exchange Ratio, (iii) the exercise price of each New Stock Option shall equal the exercise price applicable to the corresponding Old Stock Option divided by the Exchange Ratio and (iv) the committee that administers the plan by which such New Stock Options are governed shall be a committee established by the Board of Directors of Lakeland. In all other material respects, the New Stock Options shall be governed by the terms of the Company Stock Option Plan at and after the Effective Time. Promptly after the Effective Time, Parent shall use its reasonable best efforts to register the shares issuable upon exercise of the New Stock Options under the Securities Act of 1933, and to keep such registration in effect until such time as all New Stock Options have been exercised.

1.8 **Parent Common Stock.** Except for shares of Parent Common Stock owned by the Company or any of its Subsidiaries (other than Trust Account Shares and DPC Shares), which shall be converted into treasury stock of Parent as contemplated by Section 1.4, the shares of Parent Common Stock issued and outstanding immediately prior to the Effective Time shall be unaffected by the Merger and such shares shall remain issued and outstanding.

1.9 **Certificate of Incorporation.** At the Effective Time, the Certificate of Incorporation of Parent, as in effect immediately prior to the Effective Time, shall be the Certificate of Incorporation of the Surviving Corporation until thereafter amended in accordance with applicable law.

1.10 **By-Laws.** At the Effective Time, the By-Laws of Parent, as in effect immediately prior to the Effective Time, shall be the By-Laws of the Surviving Corporation until thereafter amended in accordance with applicable law.

1.11 **Directors and Officers of the Surviving Corporation.** The directors of Parent immediately prior to the Effective Time, together with Christopher D. Quinn, Paul G. Viall, Jr. and Janeth C. Hendershot, shall be the directors of the Surviving Corporation, each to hold office in accordance with the Certificate of Incorporation and By-Laws of the Surviving Corporation until their respective successors are duly elected or appointed and qualified. It is intended that, subject to the exercise by Parent's Board of Directors of its fiduciary duties, such three directors will be nominated for re-election at Parent's 2004 annual meeting of shareholders. The officers of Parent immediately prior to the Effective Time shall be the officers of the Surviving Corporation, each to hold office in accordance with the Certificate of Incorporation and By-Laws of the Surviving Corporation until their respective successors are duly elected or appointed and qualified.

1.12 **Tax Consequences**. It is intended that the Merger shall constitute a reorganization within the meaning of Section 368(a) of the Code and that this Agreement shall constitute a plan of reorganization for purposes of Section 368 of the Code.

1.13 **Withholding Rights**. Parent shall be entitled to deduct and withhold, or cause the Exchange Agent to deduct and withhold, from funds provided by the holder or from the consideration otherwise payable pursuant to this Agreement to any holder of Company Common Stock, the minimum amounts (if any) that Parent is required to deduct and withhold with respect to the making of such payment under the Code, or any provision of Tax law. To the extent that amounts are so withheld by Parent, such withheld amounts shall be treated for all purposes of this Agreement as having been paid to the holder of Company Common Stock in respect of which such deduction and withholding was made by Parent.

ARTICLE II

EXCHANGE OF SHARES

2.1 **Parent to Make Shares and Cash Available**. At or prior to the Effective Time, Parent shall deposit, or shall cause to be deposited, with the Exchange Agent, for the benefit of the holders of Certificates, for exchange in accordance with this Article II, certificates representing shares of Parent Common Stock and cash in an amount sufficient to cover the Aggregate Merger Consideration (such cash and certificates for shares of Parent Common Stock, together with any dividends or distributions with respect thereto, being hereinafter referred to as the Exchange Fund) to be issued pursuant to Section 1.4 and paid pursuant to Section 2.2(a) in exchange for outstanding shares of Company Common Stock.

2.2 Exchange of Shares.

(a) As soon as practicable after the Effective Time, the Exchange Agent shall mail to each holder of record of a Certificate or Certificates a letter of transmittal (which shall specify that delivery shall be effected, and risk of loss and title to the Certificates shall pass, only upon delivery of the Certificates to the Exchange Agent) and instructions for use in effecting the surrender of the Certificates in exchange for the Merger Consideration into which the shares of Company Common Stock represented by such Certificate or Certificates shall have been converted pursuant to this Agreement. The Company shall have the right to review both the letter of transmittal and the instructions prior to the Effective Time and provide reasonable comments thereon. After the Effective Time, upon surrender of a Certificate for exchange and cancellation to the Exchange Agent, together with such letter of transmittal, duly executed, the holder of such Certificate shall be entitled to receive in exchange therefor the Merger Consideration to which such holder of Company Common Stock shall have become entitled pursuant to the provisions of Article I, and the Certificate so surrendered shall forthwith be canceled. No interest will be paid or accrued on any cash constituting Merger Consideration (including cash to be paid in lieu of fractional shares) or on any unpaid dividends or distributions, if any, payable to holders of Certificates.

Table of Contents

(b) No dividends or other distributions declared after the Effective Time with respect to Parent Common Stock and payable to the holders of record thereof shall be paid to the holder of any unsurrendered Certificate until the holder thereof shall surrender such Certificate in accordance with this Article II. After the surrender of a Certificate in accordance with this Article II, the record holder thereof shall be entitled to receive any such dividends or other distributions, without any interest thereon, which theretofore had become payable with respect to shares of Parent Common Stock, if any, represented by such Certificate.

(c) If any certificate representing shares of Parent Common Stock is to be issued in a name other than that in which the Certificate surrendered in exchange therefor is registered, it shall be a condition of the issuance thereof that the Certificate so surrendered shall be properly endorsed (or accompanied by an appropriate instrument of transfer) and otherwise in proper form for transfer, and that the person requesting such exchange shall pay to the Exchange Agent in advance any transfer or other Taxes required by reason of the issuance of a certificate representing shares of Parent Common Stock in any name other than that of the registered holder of the Certificate surrendered, or required for any other reason, or shall establish to the satisfaction of the Exchange Agent that such Tax has been paid or is not payable.

(d) After the Effective Time, there shall be no transfers on the stock transfer books of the Company of the shares of Company Common Stock which were issued and outstanding immediately prior to the Effective Time. If, after the Effective Time, Certificates representing such shares are presented for transfer to the Exchange Agent, they shall be canceled and exchanged for Merger Consideration as determined in accordance with Article I and this Article II.

(e) Notwithstanding anything to the contrary contained herein, no certificates or scrip representing fractional shares of Parent Common Stock shall be issued upon the surrender for exchange of Certificates, no dividend or distribution with respect to Parent Common Stock shall be payable on or with respect to any fractional share, and such fractional share interests shall not entitle the owner thereof to vote or to any other rights of a shareholder of Parent. In lieu of the issuance of any such fractional share, Parent shall pay to each former shareholder of the Company who otherwise would be entitled to receive a fractional share of Parent Common Stock an amount in cash determined by multiplying such fractional interest by a fraction, the numerator of which is the Per Share Cash Consideration and the denominator of which is the Exchange Ratio.

(f) Any portion of the Exchange Fund that remains unclaimed by the shareholders of the Company for six months after the Effective Time shall be paid to Parent. Any shareholders of the Company who have not theretofore complied with this Article II shall thereafter look only to Parent for payment of the cash, shares of Parent Common Stock, cash in lieu of fractional shares and unpaid dividends and distributions on the Parent Common Stock deliverable in respect of each share of Company Common Stock such shareholder holds as determined pursuant to this Agreement, in each case, without any interest thereon. If outstanding Certificates are not surrendered or the payment for them is not claimed prior to the date on which such payments would otherwise escheat to or become the property of any governmental unit or

Table of Contents

agency, the unclaimed items shall, to the extent permitted by abandoned property laws, escheat laws and any other applicable law, become the property of Parent (and to the extent not in its possession shall be paid over to it), free and clear of all claims or interest of any person previously entitled to such claims. The Company is registered as a bank holding company under the Bank Holding Company Act of 1956, as amended (the "BHCA"). The Certificate of Incorporation and By-laws of the Company, copies of which have previously been made available to Parent's counsel, are true and correct copies of such documents as in effect as of the date of this Agreement. Each of the Company's Subsidiaries has the corporate power and authority to own or lease all of its properties and assets and to carry on its business as it is now being conducted and is duly licensed or qualified to do business in each jurisdiction in which the nature of the business conducted by it or the character or the location of the properties and assets owned or leased by it makes such licensing or qualification necessary, except where the failure to be so licensed or qualified would not have a Material Adverse Effect on the Company. The certificate of incorporation, by-laws and similar governing documents of each Subsidiary of the Company, copies of which have previously been made available to Parent's counsel, are true and correct copies of such documents as in effect as of the date of this Agreement.

6.7 **Employee Benefit Plans; Existing Agreements**.

(a) As of or as soon as practicable following the Effective Time, the employees of the Company and its Subsidiaries who remain in the employ of Parent or its Subsidiaries subsequent to the Effective Time (the Company Employees) shall be eligible to participate in the employee benefit plans of Parent and its Subsidiaries in which similarly situated employees of Parent and its Subsidiaries participate, to the same extent as similarly situated employees of Parent or its Subsidiaries (it being understood that inclusion of Company Employees in such employee benefit plans may occur at different times with respect to different plans). The Company agrees to take any necessary actions to cease benefit accruals under any plan that is a Tax-qualified defined benefit plan as of the Effective Date.

(b) With respect to each Parent Plan, other than an employee pension plan as such term is defined in Section 3(2) of ERISA, for purposes of determining eligibility to participate, service with the Company (or predecessor employers to the extent that the Company provides past service credit) shall be treated as service with Parent without application of any preexisting condition limitations. Each Parent Plan shall waive pre-existing condition limitations to the same extent waived under the applicable Plan.

6.8 **Indemnification**.

(a) For a period commencing as of the Effective Time and ending six years after the Effective Time, Parent shall indemnify, defend and hold harmless each person who is now, or has been at any time prior to the date hereof or who becomes prior to the Effective Time, a director or officer of the Company or the Company Bank or who serves or has served at the request of the Company or the Company Bank as a director or officer with any other person (collectively, the Indemnitees) against any and all claims, damages, liabilities, losses, costs, charges, expenses (including, subject to the provisions of this Section 6.8, reasonable costs of investigation and the reasonable fees and disbursements of legal counsel and other advisers and experts as incurred), judgments, fines, penalties and amounts paid in settlement, asserted against, incurred by or imposed upon any Indemnitee by reason of the fact that he or she is or was a director or officer of the Company or serves or has served at the request of the Company as a director or officer with any other person, in connection with, arising out of or relating to (i) any threatened, pending or completed claim, action, suit or proceeding (whether civil, criminal, administrative or investigative), including, without limitation, any and all claims, actions, suits, proceedings or investigations by or on behalf of or in the right of or against the Company or any of its affiliates, or by any former or present shareholder of the Company (each a Claim and collectively, Claims), including, without limitation, any Claim which is based upon, arises out of or in any way relates to the Merger, the Proxy Statement, this Agreement, any of the

transactions contemplated by this Agreement, the Indemnitee's service as a member of the Board of Directors of the Company or its Subsidiaries or of any committee thereof, the events leading up to the execution of this Agreement, any statement, recommendation or solicitation made in connection therewith or related thereto and any breach of any duty in connection with any of the foregoing, or (ii) the enforcement of the obligations of Parent set forth in this Section 6.8, in each case to the fullest extent which the Company would have been permitted under any applicable law and its Certificate of Incorporation or Bylaws had the Merger not occurred (and Parent shall also advance expenses as incurred due to (i) or (ii) above to the fullest extent so permitted). Notwithstanding the foregoing, Parent shall not provide any indemnification or advance any expenses with respect to any Claim which relates to a personal benefit improperly paid or provided, or alleged to have been improperly paid or provided, to the Indemnitee, but Parent shall reimburse the Indemnitee for costs incurred by the Indemnitee with respect to such Claim when and if a court of competent jurisdiction shall ultimately determine, and such determination shall have become final and nonappealable, that the Indemnitee was not improperly paid or provided with the personal benefit alleged in the Claim.

Any Indemnitee wishing to claim indemnification under this Section 6.8 shall promptly notify Parent upon learning of any Claim, but the failure to so notify shall not relieve Parent of any liability it may have to such Indemnitee except to the extent that such failure prejudices Parent. In the event of any Claim as to which indemnification under this Section 6.8 is applicable, (x) Parent shall have the right to assume the defense thereof and Parent shall not be liable to such Indemnitees for any legal expenses of other counsel or any other expenses subsequently incurred by such Indemnitee in connection with the defense thereof, except that if Parent elects not to assume such defense, or counsel for the Indemnitees advises that there are issues which raise conflicts of interest between Parent and the Indemnitees, the Indemnitees may retain counsel satisfactory to them, and Parent shall pay the reasonable fees and expenses of such counsel for the Indemnitees as statements therefor are received; provided, however, that Parent shall be obligated pursuant to this Section 6.8 to pay for only one firm of counsel for all Indemnitees in any jurisdiction with respect to a matter unless the use of one counsel for multiple Indemnitees would present such counsel with a conflict of interest that is not waived, and (y) the Indemnitees will cooperate in the defense of any such matter. Parent shall not be liable for the settlement of any claim, action or proceeding hereunder unless such settlement is effected with its prior written consent. Notwithstanding anything to the contrary in this Section 6.8, Parent shall not have any obligation hereunder to any Indemnitee when and if a court of competent jurisdiction shall ultimately determine, and such determination shall have become final and nonappealable, that the indemnification of such Indemnitee in the manner contemplated hereby is prohibited by applicable law or public policy.

(b) Parent shall cause the persons serving as officers and directors of the Company immediately prior to the Effective Time to be covered for a period of six years from the Effective Time by the directors' and officers' liability insurance policy maintained by the Company (provided that Parent may substitute therefor policies of at least the same coverage and amounts containing terms and conditions which are not materially less advantageous than such policy or single premium tail coverage with policy limits equal to the Company's existing annual coverage limits) with respect to acts or omissions occurring prior to the Effective Time which were committed by such officers and directors in their capacity as such; provided, however, that

(A) in no event shall Parent be required to expend an aggregate annual premium in excess of 200% of the annual premium most recently paid by the Company prior to the date hereof (the Insurance Amount) to maintain or procure insurance coverage (which current annual premium is set forth in Section 6.8(b) of the Company Disclosure Schedule), (B) if Parent is unable to maintain or obtain the insurance called for by this Section 6.8(b), Parent shall use all reasonable efforts to obtain as much comparable insurance as is available for the Insurance Amount and (C) notwithstanding any provision herein to the contrary, Parent shall be deemed to have satisfied all of its obligations pursuant to this Section 6.8(b) in the event that it acquires single premium tail insurance at an aggregate premium cost not to exceed 300% of the annual premium most recently paid by the Company prior to the date hereof.

(c) In the event Parent or any of its successors or assigns (i) consolidates with or merges into any other person and shall not be the continuing or surviving corporation or entity of such consolidation or merger, or (ii) transfers or conveys all or substantially all of its properties and assets to any person, then, and in each such case, to the extent necessary, proper provision shall be made so that the successors and assigns of Parent assume the obligations set forth in this Section 6.8.

(d) The provisions of this Section 6.8 are intended to be for the benefit of, and shall be enforceable by, each Indemnified Party and his or her heirs and representatives.

6.9 **Additional Arrangements**. If, at any time after the Effective Time, the Surviving Corporation considers or is advised that any deeds, bills of sale, assignments, assurances or any other actions or things are necessary or desirable to vest, perfect or confirm of record or otherwise in the Surviving Corporation its right, title or interest in, to or under any of the rights, properties or assets of either of the Constituent Corporations acquired or to be acquired by the Surviving Corporation as a result of, or in connection with, the Merger or otherwise to carry out the purposes of this Agreement, the officers and directors of the Surviving Corporation shall be authorized to execute and deliver, in the name and on behalf of each of the Constituent Corporations or otherwise, all such deeds, bills of sale, assignments and assurances and to take and do, in the name and on behalf of each of the Constituent Corporations or otherwise, all such other actions and things as may be necessary or desirable to vest, perfect or confirm any and all right, title and interest in, to and under such rights, properties or assets in the Surviving Corporation or otherwise to carry out the purposes of this Agreement.

6.10 **Coordination of Dividends**. Subject to the proviso of Section 5.1(a), after the date of this Agreement the Company shall coordinate the declaration of any dividends in respect of the Company Common Stock and the record dates and payment dates relating thereto with that of the Parent Common Stock, it being the intention of the parties that the holders of Company Common Stock shall not receive more than one dividend, or fail to receive one dividend, for any single calendar quarter with respect to their shares of Company Common Stock and any shares of Parent Common Stock any holder of Company Common Stock receives in exchange therefor in the Merger.

6.11 **Parent Rights Agreement**. Parent agrees that Parent Rights shall be issued with respect to each share of Parent Common Stock issued pursuant to the terms hereof regardless of

whether there has occurred a Distribution Date under the terms of the Parent Rights Agreement prior to the Effective Time, and Parent shall take all action necessary or advisable to enable the holder of each share of Parent Common Stock issued pursuant to this Agreement to obtain the benefit of such Parent Rights notwithstanding their prior distribution, including, without limitation, amendment of the Parent Rights Agreement.

6.12 **Notification of Certain Matters.** Each party shall give prompt notice to the others of (a) any event, condition, change, occurrence, act or omission which causes any of its representations hereunder to cease to be true in all material respects (or, with respect to any such representation which is qualified as to materiality, causes such representation to cease to be true in all respects); and (b) any event, condition, change, occurrence, act or omission which individually or in the aggregate has, or which, so far as reasonably can be foreseen at the time of its occurrence, is reasonably likely to have, a Material Adverse Effect on such party. Each of the Company and the Parent shall give prompt notice to the other party of any notice or other communication from any third party alleging that the consent of such third party is or may be required in connection with the transactions contemplated by this Agreement.

6.13 **Certain Matters, Certain Revaluations, Changes and Adjustments.** Notwithstanding that the Company believes that it and its Subsidiaries have established all reserves and taken all provisions for possible loan losses required by GAAP and applicable laws, rules and regulations, the Company recognizes that Parent may have adopted different loan, accrual and reserve policies (including loan classifications and levels of reserves for possible loan losses). At or before the Effective Time, upon the request of Parent and in order to formulate the plan of integration for the Merger, the Company shall, consistent with GAAP, modify and change its loan, litigation and real estate valuation policies and practices (including loan classifications and levels of reserves) so as to be applied consistently on a mutually satisfactory basis with those of Parent and establish such accruals and reserves as shall be necessary to reflect Merger-related expenses and costs incurred by the Company and its Subsidiaries, provided, however, that the Company shall not be required to take such action (A) more than five days prior to the Effective Time; and (B) unless Parent agrees in writing that all conditions to closing set forth in Article VII have been satisfied or waived (other than those conditions relating to delivery of documents on the Closing Date); and provided further, however, that no accrual or reserve made by the Company or any Company Subsidiary pursuant to this Section 6.13 or any litigation or regulatory proceeding arising out of any such accrual or reserve, shall constitute or be deemed to be a breach, violation of or failure to satisfy any representation, warranty, covenant, condition or other provision of this Agreement or otherwise be considered in determining whether any such breach, violation or failure to satisfy shall have occurred.

6.14 **Other Policies.** Between the date of this Agreement and the Effective Time, the Company shall cooperate with Parent to reasonably conform the policies and procedures of the Company and its Subsidiaries regarding applicable regulatory matters to those of Parent and its Subsidiaries, as Parent may reasonably identify to the Company from time to time, provided, however, that implementation of such conforming actions may at the Company's discretion be delayed until the time period following receipt of shareholder and all regulatory approvals, as provided in Section 6.13.

6.15 **Other Transactions.** The Company acknowledges that Parent may be in the process of acquiring other banks and financial institutions or in offering securities to the public and that in connection with such transactions, information concerning the Company and its Subsidiaries may be required to be included in the registration statements, if any, for the sale of securities of Parent or in SEC reports in connection with such transactions. Parent shall provide the Company and its counsel with copies of such registration statements at the time of filing. The Company agrees to provide Parent with any information, certificates, documents or other materials about the Company and its Subsidiaries as are reasonably necessary to be included in such SEC reports or registration statements, including registration statements which may be filed by Parent prior to the Effective Time. The Company shall use its reasonable efforts to cause its attorneys and accountants to provide Parent and any underwriters for Parent with any consents, comfort letters, opinion letters, reports or information which are necessary to complete the registration statements and applications for any such acquisition or issuance of securities. Parent shall reimburse the Company for reasonable expenses thus incurred by Company should this transaction be terminated for any reason. Parent shall not file with the SEC any registration statement or amendment thereto or supplement thereof containing information regarding the Company unless the Company shall have consented in writing to such filing, which consent shall not be unreasonably delayed or withheld.

6.16. **Failure to Fulfill Conditions.** In the event that Parent or the Company determines that a material condition to its obligation to consummate the transactions contemplated hereby cannot be fulfilled on or prior to the Cut-off Date (as defined in Section 8.1(c)) and that it will not waive that condition, it will promptly notify the other party. The Company and Parent will promptly inform the other of any facts applicable to the Company or Parent, respectively, or their respective directors or officers or Subsidiaries, that would be likely to prevent or materially delay approval of the Merger by any Governmental Entity or which would otherwise prevent or materially delay completion of the Merger. Any information so provided shall be retained by the receiving party in accordance with the terms of the confidentiality agreement heretofore executed by the parties hereto.

6.17. **Transaction Expenses of the Company.**

(a) The Company shall cause its and its Subsidiaries' professionals to render monthly invoices within 30 days after the end of each month. The Company shall advise Parent monthly of all out-of-pocket expenses which the Company and its Subsidiaries have incurred in connection with the transactions contemplated hereby. The Company shall not, and shall cause each of its Subsidiaries not to, pay fees and expenses to its accountants or attorneys on any basis different than the basis on which such professionals would be paid in the absence of any business combination.

(b) Parent, in reasonable consultation with the Company, shall make all arrangements with respect to the printing and mailing of the Proxy Statement.

6.18 **Pre-Closing Delivery of Financial Statements.** Prior to the Closing, the Company shall deliver to Parent such consolidated financial statements of the Company as

Table of Contents

Parent shall reasonably request in order to enable Parent to comply with its reporting obligations under the Exchange Act, together with an executed report of the Company's outside auditors with respect to all such financial statements that have been audited. Such report shall be in form and substance satisfactory to the Parent. The financial statements delivered pursuant to this Section 6.18 shall be prepared in accordance with GAAP and shall conform to all provisions of the SEC's Regulation S-X, such that such financial statements are suitable for filing by the Parent with the SEC in response to Items 2 and 7 of the SEC's Current Report on Form 8-K. Immediately prior to the Closing, the Company shall cause its outside auditors to deliver to the Parent an executed consent, in form and substance satisfactory to the Parent and suitable for filing by the Parent with the SEC, which consent shall authorize the Parent to file with the SEC the report referred to in this Section 6.18 and all other reports delivered by the Company hereunder.

6.19 **ISRA.** The Company, at its sole cost and expense, shall obtain, prior to the Effective Time, either (i) a written determination (based upon an affidavit from the Company that is approved by the Parent prior to its submission to the New Jersey Department of Environmental Protection (NJDEP)) from the NJDEP that the transactions contemplated by, or the properties subject to, this Agreement are not subject to the requirements of ISRA, or (ii) a Remediation Agreement (in form and substance satisfactory to Parent) issued by the NJDEP pursuant to ISRA authorizing the consummation of the transactions contemplated by this Agreement prior to the issuance of any Negative Declaration, No Further Action Letter or approval of any Remedial Action Workplan, as such terms are defined under ISRA, or (iii) a Negative Declaration or approvals of any Remedial Action Workplan (in either case in form and substance satisfactory to the Parent) with respect to each property in New Jersey which the Company or any of its Subsidiaries owns or operates, in each case to the extent that such property renders the provisions of ISRA applicable to the transactions contemplated by this Agreement. The Company will obtain and maintain a Remediation Funding Source in form and amount approvable by the NJDEP as required in furtherance of the Company's obligations under this covenant.

6.20 **Post-Closing Operation of the Company Bank.** After the Effective Time, Parent shall cause two members of its Board of Directors (initially, Roger Bosma and Charles Tice) to serve as directors of Company Bank which, by virtue of the Merger, will become a Subsidiary of Parent upon consummation of the Merger. Except as set forth in the immediately preceding sentence, the Board of Directors of the Company Bank immediately prior to the Effective Time shall continue to be the Board of Directors of the Company Bank immediately after the Effective Time, Parent shall (absent fiduciary concerns to the contrary) not object if the chairman of the board of the Company Bank immediately prior to the Effective Time shall continue to be the chairman of the board of the Company Bank immediately after the Effective Time and if the chief executive officer of the Company Bank immediately prior to the Effective Time shall continue to be the chief executive officer of the Company Bank immediately after the Effective Time, and the certificate of incorporation and by-laws of Company Bank as in existence immediately prior to the Effective Time shall continue to be the certificate of incorporation and by-laws of the Company Bank immediately after the Effective Time. Subject to the next sentence, Parent, as shareholder, agrees to vote in favor of the re-election of the Directors of the Company Bank for two successive full one year terms at each annual meeting of

the shareholders of the Company Bank during the Transition Period (as defined below). It is intended that Parent will not terminate the separate corporate existence of the Company Bank as a subsidiary of Parent for a period of two years following the Effective Time (the Transition Period), unless required to do so by law or governmental authorities or as a result of the fiduciary obligations of Parent s Board of Directors. Parent has no present intention to remove any of the Company Bank s directors or its chairman of the board during the Transition Period, provided that the Company Bank is managed in a manner consistent with Parent s overall business strategies, as such strategies may develop from time to time. However, nothing herein shall be construed to limit the right of Parent to remove and/or replace any or all of the officers of the Company Bank at any time following the Effective Time, to amend the certificate of incorporation and by-laws of the Company Bank at any time following the Effective Time or otherwise to exercise the rights and prerogatives of Parent as a stockholder of the Company Bank at any time following the Effective Time, except that the Parent shall not terminate the separate corporate existence of the Company Bank prior to the end of the Transition Period unless required to do so by law or governmental authorities or as a result of the fiduciary obligations of Parent s Board of Directors and will not seek to remove or fail to reelect any of the Directors of the Company Bank during the Transition Period other than for cause or for conduct which harms the business, regulatory status or reputation of the Company Bank, Parent or its other Subsidiaries. For purposes hereof, cause shall mean a Director s willful misconduct as a Director, breach of fiduciary duty involving personal profit, or willful violation of any law, rule or regulation (other than traffic violations or similar minor offenses). The Parent intends to merge Company Bank with Lakeland Bank after the termination of the Transition Period.

6.21 **Tax Treatment**. Neither Parent nor the Company shall, or shall cause any of their respective Subsidiaries to, take any action inconsistent with the treatment of the Merger as a reorganization under Section 368(a) of the Code.

6.22 **Financial Wherewithal**. At the Effective Time, Parent will have the funds necessary to pay the Per Share Cash Consideration in accordance with the terms of this Agreement and consummate the transactions contemplated by this Agreement.

6.23 **Payment of Retention Bonuses**. At the Effective Time, and provided that each proposed recipient (i) remains an employee of the Company or the Company Bank from the date hereof through the date after the Effective Time when that person s job function has been converted or transitioned and (ii) does not accept employment with Parent for employment thereafter, the Company Bank or another Subsidiary of Parent for any period subsequent to the Effective Time, the Company shall pay to each individual employee listed on Section 6.23 of the Company Disclosure Schedule hereof the bonus compensation provided for such employee on such schedule.

6.24 **Employee Severance**. Any person who is serving as an employee of either the Company or the Company Bank as of the date hereof whose employment is terminated or substantially adversely modified by Parent or any of its Subsidiaries (including the Company Bank) within one year after the Effective Time (unless such termination or substantial adverse modification of employment is for cause (as defined below)) shall be entitled to severance payment from Parent in accordance with the formula set forth in Section 6.24 of the Company

Disclosure Schedule. For purposes of this Section 6.24, (a) cause shall mean termination or substantial adverse modification because of the employee's personal dishonesty, incompetence, willful misconduct, breach of fiduciary duty involving personal profit, intentional failure to perform stated duties or willful violation of any law, rule or regulation (other than traffic violations or similar minor offenses). For purposes of this Section 6.24, an employee's employment shall be deemed to be substantially adversely modified if there has been a substantial diminution in such employee's compensation or the overall importance of such employee's position, as determined by balancing (i) any increase or decrease in the scope of such employee's responsibilities against (ii) any increase or decrease in the relative extent of the business, activities or functions (or portions thereof) for which such employee has and had responsibility; provided, however, that neither a change of such employee's title or a change in the employer's organizational hierarchy, without a decrease in relative responsibility balanced as set forth above, shall be considered a substantial diminution of overall importance.

ARTICLE VII

CONDITIONS PRECEDENT

7.1. **Conditions to Each Party's Obligations Under this Agreement.** The respective obligations of each party under this Agreement to consummate the Merger shall be subject to the satisfaction, or, where permissible under applicable law, waiver at or prior to the Effective Time of the following conditions:

(a) **Approval of Shareholders; SEC Registration; Blue Sky Laws.** This Agreement and the transactions contemplated hereby shall have been approved by the requisite vote of the shareholders of the Company. The issuance of all shares of Parent Common Stock issuable pursuant to this Agreement (including without limitation the shares of Parent Common Stock issuable upon exercise all New Stock Options) shall have been approved by the requisite vote of the shareholders of Parent. The S-4 shall have been declared effective by the SEC and shall not be subject to a stop order or any threatened stop order, and the issuance of the Parent Common Stock shall have been qualified in every state where such qualification is required under the applicable state securities laws.

(c) **Suits and Proceedings.** No order, judgment or decree shall be outstanding against a party hereto or a third party that would have the effect of preventing completion of the Merger; no suit, action or other proceeding shall be pending or threatened by any Governmental Entity seeking to restrain or prohibit the Merger; and no suit, action or other proceeding shall be pending before any court or Governmental Entity seeking to restrain or prohibit the Merger or obtain other substantial monetary or other relief against one or more parties hereto in connection with this Agreement and which Parent or the Company determines in good faith, based upon the advice of their respective counsel, makes it inadvisable to proceed with the Merger because any such suit, action or proceeding has a significant potential to be resolved in such a way as to deprive the party electing not to proceed of any of the material benefits to it of the Merger.

(d) **Tax Opinion.** Parent and Company shall each have received an opinion, dated as of the Effective Time, of Lowenstein Sandler PC, reasonably satisfactory in form and substance to the Company and its counsel and to Parent, based upon representation letters reasonably required by such counsel, dated on or about the date of such opinion, and such other facts, representations and customary limitations as such counsel may reasonably deem relevant, to the effect that: (i) the Merger will be treated for federal income Tax purposes as a reorganization qualifying under the provisions of Section 368(a) of the Code; (ii) no gain or loss shall be recognized upon the exchange of Company Common Stock solely for Parent Common Stock; (iii) with respect to cash received in exchange for Company Common Stock, gain, if any, realized by the recipient on the exchange shall be recognized, but in an amount not in excess of the amount of such cash; (iv) with respect to Parent Common Stock received in exchange for Company Common Stock which was held as a capital asset on the date of the exchange, such gain shall be treated as capital gain (long-term or short-term, depending on the shareholders' respective holding periods for their Company Common Stock), except in the case of any such shareholder as to which the exchange has the effect of a dividend within the meaning of Section 356(a)(2) of the Code; (v) the basis of any Parent Common Stock received in exchange for Company Common Stock shall equal the basis of the recipient's Company Common Stock surrendered on the exchange, reduced by the amount of cash received on the exchange, and increased by the amount of the gain recognized, if any, on the exchange (whether characterized as dividend or capital gain income); and (vi) the holding period for any Parent Common Stock received in exchange for Company Common Stock will include the period during which the Company Common Stock surrendered on the exchange was held, provided such stock was held as a capital asset on the date of the exchange. In connection therewith, each of Parent and the Company shall deliver to Lowenstein Sandler PC representation letters, in each case in form and substance reasonably satisfactory to Lowenstein Sandler PC.

(e) **Listing of Shares.** The shares of Parent Common Stock which shall be issued to the shareholders of the Company upon consummation of the Merger shall have been authorized for listing for quotation on the Nasdaq/NMS, subject to official notice of issuance.

7.2. **Conditions to the Obligations of Parent Under this Agreement.** The obligations of Parent under this Agreement shall be further subject to the satisfaction or waiver, at or prior to the Effective Time, of the following conditions:

(a) **Representations and Warranties; Performance of Obligations of the Company.** Except for those representations and warranties which are made as of a particular date, the representations and warranties of the Company contained in this Agreement shall be true and correct in all material respects (except with respect to those representations and warranties which are qualified as to materiality, which shall be true in all respects) on the Closing Date as though made on and as of the Closing Date. The representations and warranties of the Company contained in this Agreement which are made as of a particular date shall be true and correct in all material respects (except with respect to those representations and warranties which are qualified as to materiality, which shall be true in all respects) as of such date. The Company shall have performed in all material respects the agreements, covenants and obligations to be performed by it prior to the Closing Date.

(b) **Certificates.** The Company shall have furnished Parent with such certificates of its officers or other documents to evidence fulfillment of the conditions set forth in this Section 7.2 as Parent may reasonably request.

(c) **Accountant's Letter.** If requested by Parent, the Company shall have caused to be delivered to the Parent cold comfort letters or letters of procedures from the Company's independent certified public accountants, dated (i) the date of the mailing of the Proxy Statement to the Company's shareholders and (ii) a date not earlier than five business days preceding the date of the Closing and addressed to the Parent, concerning such matters as are customarily covered in transactions of the type contemplated hereby;

(d) **Third Party Consents.** All consents, waivers and approvals of any third parties (other than Governmental Entities) which are necessary to permit the consummation of the Merger and the other transactions contemplated hereby shall have been obtained or made except for those the failure to obtain would not have a Material Adverse Effect (i) on the Company and its Subsidiaries taken as a whole or (ii) on the Parent and its Subsidiaries taken as a whole. None of the approvals or waivers referred to in this Section 7.2(d) shall contain any term or condition which would have a Material Adverse Effect on the Surviving Corporation and its Subsidiaries, taken as a whole, after giving effect to the Merger.

(e) **Affiliate Letters.** Parent shall have received the letter agreements referred to in Section 6.5.

(f) **Required Steps.** The Company shall, to Parent's reasonable satisfaction, have taken the Required Steps (as defined in Section 3.2(a) of the Company Disclosure Schedule).

7.3 Conditions to Obligations of the Company Under this Agreement. The obligation of the Company to effect the Merger is also subject to the satisfaction or waiver by the Company at or prior to the Effective Time of the following conditions:

(a) **Representations and Warranties; Performance of Obligations of Parent.** Except for those representations and warranties which are made as of a particular date, the representations and warranties of Parent contained in this Agreement shall be true and correct in all material respects (except with respect to those representations and warranties which are

The representations and warranties of Parent contained in this Agreement which are made as of a particular date shall be true and correct in all material respects (except with respect to those representations and warranties which are qualified as to materiality, which shall be true in all respects) as of such date. Parent shall have performed in all material respects the agreements, covenants and obligations to be performed by it prior to the Closing Date.

(b) **Certificates**. Parent shall have furnished the Company with such certificates of its officers or other documents to evidence fulfillment of the conditions set forth in this Section 7.3 as the Company may reasonably request.

ARTICLE VIII

TERMINATION AND AMENDMENT

8.1 **Termination**. This Agreement may be terminated at any time prior to the Effective Time, whether before or after approval of the matters presented in connection with the Merger by the shareholders of the Company:

(a) by mutual consent of the Company and Parent;

(b) by either Parent or the Company upon written notice to the other party (i) 60 days after the date on which any request or application for a required regulatory approval shall have been denied or withdrawn at the request or recommendation of the Governmental Entity which must grant such approval, unless within the 60-day period following such denial or withdrawal a petition for rehearing or an amended application has been filed with the applicable Governmental Entity, provided, however, that no party shall have the right to terminate this Agreement pursuant to this Section 8.1(b)(i) if such denial or request or recommendation for withdrawal shall be due to the failure of the party seeking to terminate this Agreement to perform or observe the covenants and agreements of such party set forth herein or (ii) if any Governmental Entity of competent jurisdiction shall have issued a final nonappealable order enjoining or otherwise prohibiting the Merger;

(c) by either Parent or the Company, if the Merger shall not have been consummated on or before June 30, 2004 (the Cut-off Date), unless the failure of the Closing to occur by such date shall be due to the failure of the party seeking to terminate this Agreement to perform or observe the covenants and agreements of such party set forth herein;

(d) by either Parent or the Company if (i) the approval of the shareholders of the Company required for the consummation of the Merger shall not have been obtained by reason of the failure to obtain the required vote at a duly held meeting of such shareholders or at any adjournment or postponement thereof or (ii) the approval of the shareholders of Parent required for the issuance of the shares of Parent Common Stock issuable pursuant to this Agreement (including without limitation the shares of Parent Common Stock issuable upon exercise of the New Stock Options) shall not have been obtained by reason of the failure to obtain the required vote at a duly held meeting of such shareholders or at any adjournment or postponement thereof;

(e) by either Parent or the Company (provided that the terminating party is not then in material breach of any representation, warranty, covenant or other agreement contained herein), if there shall have been a breach of any of the representations or warranties set forth in this Agreement on the part of the other party (determined as of the date hereof or, in the case of representations and warranties made as of a particular date, as of the date as of which such representation or warranty is made), which breach is not cured within thirty days following written notice to the party committing such breach, or which breach, by its nature, cannot be cured prior to the Closing; provided, however, that neither party shall have the right to terminate this Agreement pursuant to this Section 8.1(e) unless the breach of representation or warranty, together with all other such breaches, would entitle the party receiving such representation not to consummate the transactions contemplated hereby under Section 7.2(a) (in the case of a breach of representation or warranty by the Company) or Section 7.3(a) (in the case of a breach of representation or warranty by Parent);

(f) by either Parent or the Company (provided that the terminating party is not then in material breach of any representation, warranty, covenant or other agreement contained herein), if there shall have been a material breach of any of the covenants or agreements set forth in this Agreement on the part of the other party hereto, which breach shall not have been cured within thirty days following receipt by the breaching party of written notice of such breach from the other party hereto, or which breach, by its nature, cannot be cured prior to the Closing;

(g) by the Company, if the Company's Board of Directors shall have approved a definitive agreement reflecting an Acquisition Proposal (the Alternative Agreement), but only if (1) at least 48 hours prior to entering into the Alternative Agreement, the Company provides a copy of the Alternative Agreement to Parent, (2) the Board of Directors of the Company, after consultation with outside legal counsel and after considering any response that Parent may make after reviewing the Alternative Agreement, determines in good faith that approving the Alternative Agreement is legally necessary for the proper discharge of its fiduciary duties under applicable law, (3) the Board of Directors of the Company, after consultation with its financial advisor and after considering any response that Parent may make after reviewing the Alternative Agreement, determines in good faith that the transactions contemplated by the Alternative Agreement are reasonably likely to be consummated, taking into account all legal, financial and regulatory aspects of the transaction and the party offering to enter into the Alternative Agreement, and would, if consummated, be more favorable to the shareholders of the Company as a group than the transaction contemplated by this Agreement and any transaction then being proposed by Parent; and (4) prior to terminating this Agreement, the Company (A) pays to Parent the Termination Fee (as hereinafter defined) and Termination Expenses (as hereinafter defined), and (B) delivers to Parent a release signed by the parties to the Alternative Agreement, which release shall be in form and substance reasonably satisfactory to Parent and shall irrevocably waive any right the releasing parties may have to challenge the payment to Parent of the Termination Fee and the payment to Parent of the Termination Expenses;

Table of Contents

- (h) by Parent, if an event occurs which gives rise to the payment of a Termination Fee and Termination Expenses pursuant to Section 8.5;
- (i) by Parent if the conditions set forth in Sections 7.1 and 7.2 are not satisfied and are not capable of being satisfied by the Cut-off Date;
- (j) by the Company if the conditions set forth in Sections 7.1 and 7.3 are not satisfied and are not capable of being satisfied by the Cut-off Date;
or
- (k) by the Company, if its Board of Directors so determines by a vote of a majority of the members of its entire board, at any time during the ten-day period commencing with the Determination Date, if both of the following conditions are satisfied;
- (1) the Lakeland Common Stock Average Price on the Determination Date shall be less than \$12.01 (the Base Amount); and
- (2) (i) the number obtained by dividing the Lakeland Common Stock Average Price on the Determination Date by 16.02 (the Lakeland Ratio) shall be less than (ii) the number obtained by dividing the Index Price on the Determination Date by the Index Price on the Starting Date and subtracting 0.25 from the quotient in this clause (2)(ii) (such number being referred to herein as the Index Ratio);

Notwithstanding the foregoing, if the Company elects to exercise its termination right pursuant to this subsection (k), it shall give prompt written notice to Parent. During the seven-day period commencing with its receipt of such notice, Parent shall have the option of increasing the Per Share Consideration to be received by the holders of Company Common Stock hereunder by increasing the Exchange Ratio to equal the lesser of (i) a number (rounded to four decimals) equal to a quotient, the numerator of which is the Base Amount multiplied by the Exchange Ratio (as then in effect) and the denominator of which is the Lakeland Common Stock Average Price, and (ii) a number equal to a quotient, the numerator of which is the Index Ratio multiplied by the Exchange Ratio (as then in effect) and the denominator of which is the Lakeland Ratio. If Parent makes an election contemplated by the preceding sentence within such seven-day period, it shall give prompt written notice to the Company of such election and the revised Exchange Ratio, whereupon no termination shall have occurred pursuant to this subsection (i) and this Agreement shall remain in effect in accordance with its terms (except as the Exchange Ratio shall have been so modified), and any references in this Agreement to Exchange Ratio shall thereafter be deemed to refer to the Exchange Ratio as adjusted pursuant to this subsection (k).

For purposes of this subsection (k), the following terms shall have the following meanings:

8.2 Effect of Termination; Liquidated Damages.

(a) In the event of termination of this Agreement by either Parent or the Company as provided in Section 8.1, this Agreement shall forthwith become void and have no effect except that (i) Sections 8.1, 8.2, 8.5 and Article IX shall survive any termination of this Agreement and (ii) subject to Section 8.2(b), in the event that such termination is effected pursuant to Sections 8.1(e) or 8.1(f), the non-defaulting party may pursue any remedy available at law or in equity to enforce its rights and shall be paid by the defaulting party for all damages, costs and expenses, including without limitation legal, accounting, investment banking and printing expenses, incurred or suffered by the non-defaulting party in connection herewith or in the enforcement of its rights hereunder.

(b) In the event that the Company terminates this Agreement in accordance with Sections 8.1(e) or 8.1(f), Parent agrees that it would be extremely difficult, if not impossible, to ascertain the actual amount of harm which Company will have suffered. Therefore, not by way of damage or penalty, but as a reasonable estimation of the potential harm Company may have incurred, Parent agrees that in the event that the Company terminates this Agreement in accordance with Sections 8.1(e) or 8.1(f), Parent shall pay to Company fifty percent (50%) of the Maximum Amount (as defined in Section 8.5) as liquidated damages. Such payment, which shall be in lieu of any other claim for monetary damages which the Company may have hereunder, shall be paid by Parent to Company within five (5) business days after the date on which Parent acknowledges that the Company's termination was effected in accordance with Sections 8.1(e) or 8.1(f) or, if no such acknowledgment is made, within five (5) business days after the date on which a final, non-appealable order is issued by a court of competent jurisdiction to the effect that the Company's termination was effected in accordance with Sections 8.1(e) or 8.1(f).

8.3 Amendment. Subject to compliance with applicable law, this Agreement may be amended by the parties hereto at any time before or after approval of the matters presented in connection with the Merger by the shareholders of the Company; provided, however, that after any approval of the transactions contemplated by this Agreement by the Company's shareholders, there may not be, without further approval of such shareholders, any amendment of this Agreement which reduces the amount or changes the form of the consideration to be delivered to the Company's shareholders hereunder other than as contemplated by this Agreement. This Agreement may not be amended except by an instrument in writing signed on behalf of each of the parties hereto.

8.4 Extension; Waiver. At any time prior to the Effective Time, each of the parties hereto may, to the extent legally allowed, (a) extend the time for the performance of any of the obligations or other acts of the other party hereto, (b) waive any inaccuracies in the representations and warranties of the other party contained herein or in any document delivered

pursuant hereto and (c) waive compliance with any of the agreements or conditions of the other party contained herein. Any agreement on the part of a party hereto to any such extension or waiver shall be valid only if set forth in a written instrument signed on behalf of such party, but such extension or waiver or failure to insist on strict compliance with an obligation, covenant, agreement or condition shall not operate as a waiver of, or estoppel with respect to, any subsequent or other failure.

8.5 **Termination Fee; Expenses.** In the event that at any time after the date of this Agreement (i) (A) the holders of Company Common Stock shall not have approved this Agreement and the transactions contemplated hereby at the meeting of such shareholders held for the purpose of voting on this Agreement, (B) such meeting shall have been adjourned or canceled, (C) the Board of Directors of the Company shall have publicly withdrawn or modified, or publicly announced its intent to withdraw or modify, in any manner adverse to Parent, its recommendation, or shall have failed to reconfirm its recommendation, that the shareholders of the Company approve the transactions contemplated by this Agreement, or (D) the Company shall have breached any covenant or obligation contained in this Agreement and such breach would entitle Parent to terminate this Agreement, in each case after (x) an Acquisition Proposal shall have been communicated to the Company or (y) it shall have been publicly announced that any Person other than Parent or any Subsidiary of Parent shall have made a bona fide proposal by public announcement or written communication that becomes the subject of public disclosure to engage in a merger, consolidation or similar transaction with, or a purchase or other acquisition of 10% or more of the assets or 10% or more of the outstanding shares of Common Stock of, the Company or (ii) there shall have occurred a breach of Section 5.1(d) other than an inadvertent breach which is corrected to Parent's reasonable satisfaction, then, in any such case, in the event that this Agreement is terminated, the Company shall pay to Parent a fee of \$3,250,000 (the Termination Fee) and shall reimburse Parent for the out-of-pocket expenses incurred by Parent in connection with the transactions contemplated by this Agreement, up to \$150,000 in such expenses (the Termination Expenses), provided, however that the sum of the Termination Fee and the Termination Expenses shall not exceed \$3,400,000 (the Maximum Amount).

If any provision of this Agreement is so broad as to be unenforceable, the provision shall be interpreted to be only so broad as is enforceable.

9.9 **Publicity.** Except as otherwise required by law or the rules of the Nasdaq/NMS, so long as this Agreement is in effect, neither Parent nor the Company shall, or shall permit any of its Subsidiaries to, issue or cause the publication of any press release or other public announcement with respect to, or otherwise make any public statement concerning, the transactions contemplated by this Agreement without the consent of the other party, which consent shall not be unreasonably withheld.

ANNEX B

October __, 2003

Lakeland Bancorp, Inc.

250 Oak Ridge Road

Oak Ridge, New Jersey 07438

Ladies and Gentlemen:

I am delivering this letter to you in connection with the proposed acquisition of Newton Financial Corp., a New Jersey corporation (**Newton**), by Lakeland Bancorp, Inc., a New Jersey corporation and a registered bank holding company (**Lakeland**), pursuant to the merger (the **Merger**) described in the Agreement and Plan of Merger, dated as of October [__], 2003 (the **Agreement**), between Newton and Lakeland.

I currently own the number of shares of Newton's common stock, no par value (**Newton Common Stock**). As a result of the Merger, I may receive shares of Lakeland's common stock, no par value (**Lakeland Common Stock**), in exchange for my Newton Common Stock.

If I am a director of Newton, I acknowledge and agree as follows:

(i) I recognize that Lakeland would be irreparably harmed if I were to compete with Lakeland, especially in light of the fact that I expect to remain on the Board of Directors of Newton's subsidiary bank upon consummation of the Merger. I agree that during the period commencing on the date that the Merger is consummated and ending three years thereafter, I shall not, directly or indirectly, either as principal, manager, agent, consultant, officer, director, stockholder, member, partner, investor, lender or employee or in any other capacity, carry on, be engaged in or have any financial interest in (other than a passive ownership position of less than one percent in any company whose shares are publicly traded, provided that such passive investment is made independent of any investment made by any other member of the Board of Directors of Newton's subsidiary bank) any bank, bank holding company, other depository institution or other entity that makes or arranges loans that has offices in Sussex County, New Jersey or any entity seeking to organize itself as a bank, bank holding company, other depository institution or other entity that makes or arranges loans that proposes to open for business in Sussex County, New Jersey.

(ii) I agree that the restrictions set forth in the immediately preceding paragraph are reasonable under the circumstances and not more restrictive or broader than necessary to protect the interests of Lakeland and would not achieve their intended purpose if they were on different terms or for periods of time shorter than the periods of time provided herein or applied in more restrictive geographical and business line areas than are provided herein. I acknowledge and agree that the covenant set forth in the immediately preceding paragraph is necessary and appropriate to protect the business that Lakeland is acquiring pursuant to the Agreement.

Edgar Filing: LAKELAND BANCORP INC - Form S-4/A

I have been advised that as of the date of this letter I may be deemed to be an affiliate of Newton, as the term affiliate is used in and for purposes of paragraphs (c) and (d)

of Rule 145 (**Rule 145**) promulgated by the Securities and Exchange Commission (the **SEC**) under the Securities Act of 1933, as amended (the **Securities Act**). I acknowledge that if I am deemed to be an affiliate of Newton for purposes of the Securities Act, my ability to sell, assign, transfer or otherwise dispose of (**transfer**) shares of Lakeland Common Stock that I may receive in the Merger will be restricted unless such transaction is registered under the Securities Act or an exemption from such registration is available.

I represent to and agree with Lakeland that:

A. Compliance with Rule 145. I have been advised that any issuance of Lakeland Common Stock to me pursuant to the Merger will be registered with the SEC under the Securities Act on a Registration Statement on Form S-4. However, I have also been advised that, since I may be deemed to be an affiliate of Newton at the time the Merger is submitted for a vote of Newton's stockholders, any transfer by me of Lakeland Common Stock is restricted under Rule 145. I agree not to transfer the Lakeland Common Stock received by me or any of my affiliates unless (i) such transfer is made in conformity with the volume and other limitations of Rule 145, (ii) in the opinion of Lakeland's counsel or counsel reasonably acceptable to Lakeland, such transfer is otherwise exempt from registration under the Securities Act, or (iii) such transfer is registered under the Securities Act.

B. Stop Transfer Instructions; Legend on Certificates. I also understand and agree that stop transfer instructions will be given to Lakeland's transfer agent with respect to my Lakeland Common Stock and that there may be placed on the certificates of my Lakeland Common Stock a legend stating in substance:

THE SHARES REPRESENTED BY THIS CERTIFICATE WERE ISSUED IN A TRANSACTION TO WHICH RULE 145 PROMULGATED UNDER THE SECURITIES ACT OF 1933 APPLIES.

C. Voting with Respect to the Agreement. Until the earlier of the consummation of the Merger or the termination of the Agreement, I agree that I will be present in person or by proxy and consent to, approve, authorize and direct the voting of all shares of my Newton Common Stock (whether owned on the date hereof or subsequently acquired) at every meeting of the shareholders of Newton at which such matters are considered and at every adjournment thereof or in connection with any written consent of the shareholders of Newton related to such matters, in favor of the adoption of the Agreement and the consummation of the Merger and the other transactions contemplated by the Agreement and against any Acquisition Proposal (as defined in the Agreement).

D. Consultation with Counsel. I have carefully read this letter and the Agreement and discussed the requirements of such documents and other applicable limitations upon my ability to transfer Lakeland Common Stock to the extent I felt necessary with my counsel or counsel for Lakeland.

Execution of this letter is not an admission on my part that I am an affiliate of Lakeland, or a waiver of any rights I may have to object to any claim that I am such an affiliate on or after the date of this letter. This letter shall terminate concurrently with any termination of the Agreement in accordance with its terms.

[Letterhead of Lutz Advisors, Inc.]

January , 2004

Board of Directors

Newton Financial Corp.

30 Park Place

Newton, NJ 07860

Members of the Board:

You have requested our opinion as to the fairness, from a financial point of view, to the holders of Newton Financial Corp. (the Company) common stock of the consideration to be paid pursuant to the Agreement and Plan of Merger dated October 24, 2003 (the Agreement) by and between the Company and Lakeland Bancorp Inc. (the Buyer). Pursuant to the Agreement, the Company will be merged into the Buyer and Newton Trust Company will remain an independent bank for a period of two years from the consummation of the Merger after which it will be merged into Buyer s subsidiary bank (collectively, the transaction is the Merger) and as a result of the Merger, as defined in the Agreement, each share of the Company s Common Stock held shall cease to be outstanding and shall be converted to the right to receive 4.5 shares of the Buyer s Common Stock (the Exchange Ratio) or \$72.08 in cash or some combination thereof, depending on Company shareholders election and certain limitations described in the Agreement (the Merger Consideration). The Company may terminate the Agreement if, among other events described in the Agreement, the Buyer s common stock decreases twenty-five percent or more from the average trading price, as defined in the Agreement, and this decrease exceeds a peer index, also defined in the Agreement, by more than twenty-five percent, unless the Buyer increases the Exchange Ratio.

Lutz Advisors, Inc. (LAI), as part of our financial advisory business, is regularly engaged in the valuation of businesses and their securities in connection with mergers and acquisitions and valuations for corporate and other purposes. In the ordinary course of business LAI provides consulting services to financial institutions, including expert witness testimony, strategic planning and various other services.

In rendering our opinion, LAI, among other things:

Reviewed the Agreement and Plan of Merger dated October 24, 2003;

Analyzed annual reports to stockholders, regulatory filings, and other financial information concerning Newton since 2000;

Edgar Filing: LAKELAND BANCORP INC - Form S-4/A

Analyzed annual reports to stockholders, regulatory filings, and other financial information concerning Lakeland since 2000;

Discussed past, present, and future financial performance and operating philosophies with Lakeland and Newton senior managements;

Reviewed certain internal financial data and projections of Lakeland and Newton;

Compared the financial condition, financial performance, and market trading multiples of Newton to similar financial institutions;

Table of Contents

Board of Directors

Page 2

Compared the financial condition, financial performance, and market trading multiples of Lakeland to similar financial institutions;

Reviewed reported price and trading activity for Lakeland and compared it to the price and trading activity for similar financial institutions;

Compared the consideration to be paid by Lakeland pursuant to the Agreement with the consideration paid in acquisitions of similar financial institutions;

Reviewed the pro forma impact of the merger on the earnings and book value of the combined company and compared the contributions of each institution in a number of key financial categories to the combined company;

Considered other financial studies, analyses, and investigations and reviewed other information deemed appropriate to render this opinion.

LAI met with certain members of senior management and other representatives of Lakeland and Newton to discuss the foregoing as well as matters LAI deemed relevant. As part of its analyses, LAI took into account its assessment of general economic, market and financial conditions, its experience in similar transactions, as well as its experience in and knowledge of the banking industry. LAI's opinion is necessarily based upon conditions as they existed and could be evaluated on the respective dates thereof and the information made available to LAI through the respective dates thereof.

LAI relied upon the accuracy and completeness of all of the financial and other information reviewed and/or discussed for the purposes of its opinion. LAI assumed that financial forecasts provided by Lakeland and Newton for their respective institutions were reasonably prepared on bases reflecting the best currently available estimates and judgments of the respective senior managements. Any estimates contained in the analyses performed by LAI are not necessarily indicative of actual values or future results, which may be significantly more or less favorable than suggested by these analyses. Additionally, estimates of the value of businesses or securities do not purport to be appraisals or to reflect the prices at which such businesses or securities might actually be sold. LAI did not make any independent evaluation or appraisals of the assets or liabilities of Lakeland and Newton nor was it furnished with any such appraisals. LAI also assumed, without independent verification, that the aggregate allowances for loan losses for Lakeland and Newton were adequate.

This opinion is being furnished for the use and benefit of the Board of Directors of the Company and is not a recommendation to shareholders.

Based upon and subject to the foregoing, it is our opinion that, as of the date hereof, the Merger Consideration is fair from a financial point of view to the holders of Newton Financial Corp. common stock.

Very truly yours,

PART II

INFORMATION NOT REQUIRED IN THE PROSPECTUS

Item 20. Indemnification of Directors and Officers

Subsection (2) of Section 3-5, Title 14A of the New Jersey Business Corporation Act empowers a corporation to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative, arbitrative or investigative (other than an action by or in the right of the corporation) by reason of the fact that he is or was a corporate agent (i.e., a director, officer, employee or agent of the corporation or a director, officer, trustee, employee or agent of another related corporation or enterprise), against reasonable costs (including attorneys' fees), judgments, fines, penalties and amounts paid in settlement incurred by such person in connection with such action, suit or proceeding, if such person acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal proceedings, had no reasonable cause to believe that such conduct was unlawful.

Subsection (3) of Section 3-5 empowers a corporation to indemnify a corporate agent against reasonable costs (including attorneys' fees) incurred by him in connection with any proceeding by or in the right of the corporation to procure a judgment in its favor which involves the corporate agent by reason of the fact that he is or was a corporate agent if he acted in good faith and in a manner reasonably believed to be in or not opposed to the best interests of the corporation, except that no indemnification may be made in respect to any claim, issue or matter as to which the person shall have been adjudged to be liable for negligence or misconduct unless and only to the extent that the Superior Court of New Jersey or the court in which the action or suit was brought shall determine that despite the adjudication of liability, such person is fairly and reasonably entitled to indemnity for such expenses which the court shall deem proper.

Subsection (4) of Section 3-5 provides that to the extent that a corporate agent has been successful in the defense of any action, suit or proceeding referred to in subsections (2) and (3) or in the defense of any claim, issue or matter therein, he shall be indemnified against expenses (including attorneys' fees) incurred by him in connection therewith; subsection (8) of Section 3-5 provides that indemnification provided for by Section 3-5 shall not be deemed exclusive of any rights to which the indemnified party may be entitled; and subsection (9) of Section 3-5 empowers a corporation to purchase and maintain insurance on behalf of a director or officer of the corporation against any liability asserted against him or expenses incurred by him in any such capacity or arising out of his status as such whether or not the corporation would have the power to indemnify him against such liabilities and expenses under Section 3-5.

The Registrant's Certificate of Incorporation contains the following provision concerning indemnification:

10. Indemnification of Directors. Directors of the Corporation, to the fullest extent permitted by the New Jersey Business Corporation Act, as now or hereafter in effect, and any successor statute, shall not be personally liable to the Corporation or its shareholders for damages for breach of any duty owed to the Corporation or its shareholders. Also, any expenses incurred by a Director in connection with a proceeding involving the Director may be paid by the Corporation in advance of final disposition of the proceeding, provided the Director undertakes to repay such amount unless it shall ultimately be determined that he or she is entitled to indemnification.

The Registrant also maintains directors' and officers' liability insurance.

Item 22. Undertakings

(a) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of

appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

(b) The undersigned Registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the Registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the Registration Statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) The undersigned Registrant hereby undertakes as follows: that prior to any public reoffering of the securities registered hereunder through use of a prospectus which is a part of this Registration Statement, by any person or party who is deemed to be an underwriter within the meaning of Rule 145(c), the issuer undertakes that such reoffering prospectus will contain the information called for by the applicable registration form with respect to reofferings by persons who may be deemed underwriters, in addition to the information called for by the other items of the applicable form.

(d) The Registrant undertakes that every prospectus: (i) that is filed pursuant to paragraph (c) immediately preceding, or (ii) that purports to meet the requirements of Section 10(a)(3) of the Securities Act of 1933 and is used in connection with an offering of securities subject to Rule 415, will be filed as a part of an amendment to the Registration Statement and will not be used until such amendment is effective, and that, for purposes of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offering therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(e) The undersigned Registrant hereby undertakes to respond to requests for information that is incorporated by reference into the prospectus pursuant to Item 4, 10(b), 11 or 13 of this Form S-4, within one business day of receipt of such request, and to send the incorporated documents by first class mail or other equally prompt means. This includes information contained in the documents filed subsequent to the effective date of the Registration Statement through the date of responding to the request.

(f) The undersigned Registrant hereby undertakes to supply by means of a post-effective amendment all information concerning a transaction, and the company being acquired involved therein, that was not the subject of and included in the Registration Statement when it became effective.

(g) The undersigned Registrant hereby undertakes:

1. To file during any period in which offers and sales are being made, a post-effective amendment to this Registration Statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

Edgar Filing: LAKELAND BANCORP INC - Form S-4/A

(ii) To reflect in the prospectus any facts or events arising after the effective date of the Registration Statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the Registration Statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the Registration Statement or any material change to such information in the Registration Statement.

2. That for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

3. To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
