Basic earnings per share represents income available to common stockholders divided by the weighted-average number of common shares outstanding during the period. Diluted earnings per share reflect additional common shares that would have been outstanding if dilutive potential common shares had been issued, as well as any adjustment to income that would result from the assumed issuance. Potential common shares that may be issued by the company relate solely to outstanding stock options and warrants and are determined using the treasury stock method.

On November 5, 2003, the Company entered into an Agreement and Plan of Merger with FNB Bancshares, Inc. ( First National ), a bank holding company headquartered in Gaffney, SC, which is the parent company of First National Bank of the Carolinas ( FNB ). First National shareholders could elect to receive \$22.64 in cash for each share of First National stock they owned, exchange each share of First National stock for 1.6347 shares of American Community Bancshares, Inc. stock, or a combination of stock and cash. The following table reflects the unaudited pro forma combined results of operations for the three and six months ended June 30, 2004 and 2003, assuming the acquisition had occurred at the beginning of the fiscal year 2003.

	Three Months Ended		Six Months Ended

The pro forma net income for the three and six months ended June 30, 2004 does not reflect approximately \$398,000 in acquisition related costs incurred by First National. In management's opinion, these unaudited results are not necessarily indicative of what actual combined results of operations might have been if the acquisition had been effective at the beginning of fiscal year 2003.

Aggregate amortization expense on intangible assets acquired from First National for the quarter ended June 30, 2004 totaled \$22,250. The estimated amortization expense on intangible assets acquired from First National for the years ending December 31, 2004 through 2008 is \$106,800 annually. The weighted average amortization period is 8.0 years for the intangible assets acquired from First National.

**NOTE F - STOCK COMPENSATION PLAN**

Statement of Financial Accounting Standards ( SFAS ) No. 123, *Accounting for Stock-Based Compensation*, encourages all entities to adopt a fair value based method of accounting for employee stock compensation plans, whereby compensation cost is measured at the grant date based on the value of the award and is recognized over the service period, which is usually the vesting period. However, it also allows an entity to continue to measure compensation cost for those plans using the intrinsic value based method of accounting prescribed by Accounting Principles Board Opinion No. 25, *Accounting for Stock Issued to Employees*, whereby compensation cost is the excess, if any, of the quoted market price of the stock at the grant date (or other measurement date) over the amount an employee must pay to acquire the stock. Stock options issued under the company's stock option plans have no intrinsic value at the grant date and, under Opinion No. 25, no compensation cost is recognized for them. The Company has elected to continue with the accounting methodology in Opinion No. 25. Presented below are the pro forma disclosures of net income and earnings per share and other disclosures as if the fair value based method of accounting had been applied.

**NOTE G CONTINGENT LIABILITY**

On May 11, 2004, a Mecklenburg County, North Carolina jury returned a \$631,600 verdict against ACB. The verdict was the result of a suit brought by MC Contractors, Inc., f/k/a Mann Contractors ( Mann ). The case involved an account opened at ACB in 2001 on behalf of Mann by a person, who was, at the time, Vice President, Secretary, Director and a 50% owner of Mann. ACB plans to appeal the decision. At this time, management cannot determine the ultimate outcome of the appeal. An appellate decision could take from 12 to 24 months or more before a final determination. No provision for loss has been made in the consolidated financial statements due to the uncertainty of the final decision of this claim.

**Non-Interest Expenses.** Total non-interest expense increased from \$1.9 million for the three months ended June 30, 2003 to \$2.6 million for the same period in 2004. Professional fees increased from \$114,000 for the three months ended June 30, 2003 to \$294,000 for the same period in 2004.
