This Amendment No. 1 to the Schedule 13D filed with the Securities and Exchange Commission (the SEC) on January 21, 2005 (the Schedule 13D), by The Felix Harvey Foundation, Inc., a North Carolina corporation (the Harvey Foundation), C. Felix Harvey (Harvey), The Maurice J. Koury Foundation, Inc., a North Carolina corporation (the Koury Foundation), and Maurice J. Koury (Koury) and, together with the Harvey Foundation, Harvey and the Koury Foundation, the Reporting Persons, relates to shares of common stock, no par value per share (the Common Stock), of KS Bancorp, Inc., a North Carolina corporation (the Company).

By virtue of the agreement among the Reporting Persons to vote against the Reorganization at the Special Meeting, as described in Item 4 of the Schedule 13D, as amended hereby, the Reporting Persons may be deemed to be a group under the Federal securities laws. Except as otherwise set forth in the Schedule 13D, as amended hereby, each Reporting Person expressly disclaims beneficial ownership of any of the shares of Common Stock beneficially owned by any other Reporting Person or by any person listed on Schedule A attached to the Schedule 13D. The filing of this Amendment No. 1 to the Schedule 13D shall not be construed as an admission, for the purposes of Sections 13(d) and 13(g) or under any other provision of the Securities Exchange Act of 1934, as amended, or the rules promulgated thereunder or for any other purpose, that any Reporting Person is a beneficial owner of any such shares.

Unless set forth below, all previous items of the Schedule 13D are unchanged. Capitalized terms used herein which are not defined herein have the meanings given to them in the Schedule 13D.

#### Item 4. Purpose of Transaction

Item 4 of the Schedule 13D is hereby amended by adding the following to the end thereof:

The Reporting Persons are filing this Amendment No. 1 to the Schedule 13D to report their acquisition of additional shares of Common Stock. The Reporting Persons may continue to acquire shares of Common Stock, as they believe that the Company has an enterprise value significantly greater than the \$24.00 per share offered by the Company in connection with the Reorganization. The Reporting Persons will continue to encourage the Company's Board of Directors and management to consider a combination with another financial institution. In addition, the Reporting Persons may either seek to have the Company repurchase all or a majority of their shares of Common Stock at a price greater than \$24.00 per share or may seek to encourage other financial institutions to open discussions with the Company, its management team or its Board of Directors. Whether the Reporting Persons are successful or not in preventing the proposed Reorganization, the Reporting Persons may also seek representation on the Board of Directors of both KS Bank and the Company.

If the Company's Board of Directors and management do not agree to seek a sale of the Company and cancel the proposed Reorganization, the Reporting Persons intend to vote their shares of Common Stock against the Reorganization at the special meeting of the Company's shareholders to be held on March 14, 2005, and may communicate and coordinate their actions with other shareholders of the Company to vote against the Reorganization.

The Reporting Persons also believe that the Company has not fully researched the tradability of the Common Stock if the Company delists it from the Over the Counter Bulletin Board. The Reporting Persons understand that identifying a broker/dealer willing to make a market in the shares of a holding company that is not a reporting company and not subject to the bank exclusion provision will be extremely difficult and that the Company may be inadvertently misleading its shareholders by stating in its proxy statement filed with the SEC on January 31, 2005 (the Proxy Statement) that . . . we do not expect our common stock will be eligible for listing on the OTC Bulletin Board. Thereafter, we

anticipate that our common stock may be quoted in the pink sheets, but we cannot predict whether or when this will occur or the liquidity of the market which will thereafter exist for our common stock.

The Reporting Persons feel that it is grossly unjust to the small shareholders of the Company, who may be least able to afford the loss of potential value, to be squeezed out of their shares by much larger shareholders and Company insiders (estimated by the Company to beneficially own or control approximately 25.07% of the shares) voting in favor of the proposed Reorganization. In particular, the Reporting Persons identify the statement in the Company's December 22, 2004 Schedule 13E-3 filing with the SEC, whereby the Company's advisors pointed out to the Company many Reasons for Not Going Private, which include:

Reduces visibility of Company

Perceived negative reactions by shareholders

May reduce liquidity of stock

Limits ability to raise additional capital

Limits ability to make acquisitions

May require valuation of Company stock for employee benefit plans

May require Company to repurchase stock from participant in an ESOP

May invite a hostile or competing offer from another bank

Does not necessarily mean bank must sell

High level of inside ownership is big deterrent

May increase certain shareholders ownership above 10%, which may trigger change of control regulations and require regulatory approval

It appears to the Reporting Persons that even with the knowledge of the above risks, the Company is determined to proceed with the proposed Reorganization. The above statements appear to imply that there are many risks associated with the proposed Reorganization, including a possible competing offer from another bank. However, this possibility, which could be of substantial financial benefit to both large and small shareholders, was apparently considered of little concern, since the Company's Board of Directors knew it could likely obtain the necessary votes to defeat such an offer.

## Edgar Filing: Harvey C Felix - Form SC 13D/A

In the Proxy Statement, it appears that the Company considered numerous factors and alternatives in reaching its conclusion to proceed with the shareholder squeeze out. However, according to pages 18 and 19 of the Proxy Statement, the acquisition value of the Company was not considered prior to determining to squeeze out the smaller shareholders and leaving the remaining shareholders with a less liquid market for their shares.
