**Item 2.01. Completion of Acquisition or Disposition of Assets.**

On February 3, 2005, Biolase Technology, Inc. (the **Company**) entered into a License Agreement with SurgiLight, Inc., a Florida corporation (the **License Agreement**). The Company issued a press release announcing its entry into the License Agreement on February 23, 2005. A copy of the press release is attached hereto as Exhibit 99.1. Pursuant to the terms of the License Agreement, SurgiLight granted to the Company certain licenses with respect to patents owned or licensed by SurgiLight in the field of presbyopia and ophthalmology (collectively, the **IP**). Upon signing of the License Agreement, the Company paid to certain third parties, on behalf of SurgiLight, an aggregate of \$250,000. Under the License Agreement, the Company's license to the IP would have expired in the event that the Company did not make an additional payment to SurgiLight of \$1,550,000. On March 14, 2005, the Company made the additional payment to SurgiLight, as provided by the License Agreement, thus extending the license rights of the Company to the IP as provided in the License Agreement. Under the License Agreement, the Company will be obligated to make an aggregate of \$200,000 in additional payments over the next several years, and to pay certain royalties with respect to sales of the Company's products that utilize the IP.

A copy of the License Agreement is attached to this Form 8-K as Exhibit 2.1.
