CALCULATION OF REGISTRATION FEE

Edgar Filing: MARATHON OIL CORP - Form S-4MEF

	registered(1)	offering	aggregate	fee(3)

		share(1)	price(2)	
Common stock, par value \$1.00 per share	N/A	N/A	22,625,050	\$2,663

- (1) In accordance with Rule 457(o), the number of shares being registered and the proposed maximum offering price per share are not included in this table.

 - (2) The registration fee has been calculated pursuant to Rule 457(o) on the basis of the maximum aggregate offering price of the Marathon common stock to be issued in connection with the merger of ATB Holdings Inc. into Marathon Domestic LLC. Pursuant to the Master Agreement, the number of shares of Marathon common stock to be issued in the merger of ATB Holdings Inc. into Marathon Domestic LLC will be based on an exchange ratio equal to \$915,000,000 divided by the product of (i) the average of the closing sale prices per share for Marathon common stock on the New York Stock Exchange for each of the 20 consecutive trading days ending with the third complete trading day prior to the closing date and (ii) the total number of shares of common stock of Ashland Inc. issued and outstanding immediately prior to closing. The exact number of shares of Marathon common stock to be issued is 17,538,815 shares, based on the 20-day average trading price of Marathon common stock determined three days prior to the expected closing date of June 30, 2005 and the number of shares of Ashland common stock currently outstanding. As of June 29, 2005, those shares of Marathon common stock had an aggregate market value of \$937,625,050, based on the closing trading price of Marathon common stock on that day. Because this amount exceeds the \$915,000,000 aggregate offering price previously registered with the SEC on Registration Statement No. 333-119694, which was filed on Form S-4 on October 12, 2004 and amended on May 2, 2005, May 10, 2005 and May 20, 2005, the additional \$22,625,050 of aggregate offering price is being registered hereby. (In connection with the filing of that earlier Registration Statement, an aggregate of \$915,000,000 of Marathon's common stock was registered with the Securities and Exchange Commission and a registration fee of \$150,441 was paid.)

 - (3) Calculated by multiplying the aggregate offering price of securities to be registered by .0001177.
-

EXPLANATORY NOTE

This Registration Statement is being filed by Marathon Oil Corporation, a Delaware corporation, pursuant to General Instruction K. to Form S-4 Registration Statement and Rule 462(b) under the Securities Act of 1933, as amended, to register an additional \$22,625,050 aggregate offering price of our common stock, par value \$1.00 per share, for issuance in connection with the merger of ATB Holdings Inc. into Marathon Domestic LLC that is expected to occur on June 30, 2005.

We previously registered an aggregate of \$915,000,000 of our common stock for issuance in connection with the merger by means of a currently effectively Registration Statement on Form S-4 (Registration No. 333-119694), which was filed with the SEC on October 12, 2004 and amended on May 2, 2005, May 10, 2005 and May 20, 2005. The exact number of shares of our common stock to be issued on June 30, 2005 is 17,538,815 shares, based on the 20-day average trading price of our common stock determined three days prior to the expected closing date of June 30, 2005 and the number of shares of Ashland common stock currently outstanding. As of June 29, 2005, those shares of Marathon common stock had an aggregate market value of \$937,625,050, based on the closing trading price of our common stock on that day. Because this amount exceeds the \$915,000,000 aggregate offering price previously registered with the SEC on Registration Statement No. 333-119694, the additional \$22,625,050 aggregate offering price of our common stock is being registered hereby.
