**Report of Independent Registered Public Accounting Firm**

To the Participants and Administrator of

DuPont Powder Coatings USA, Inc. Profit Sharing Plan

In our opinion, the accompanying statements of net assets available for benefits and the related statements of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of DuPont Powder Coatings USA, Inc. Profit Sharing Plan (the Plan ) at December 31, 2005 and 2004, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedule of Assets (Held at End of Year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan s management. This supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**DuPont Powder Coatings USA, Inc. Profit Sharing Plan**

**Notes to Financial Statements**

**1. Description of the Plan**

The following description of the DuPont Powder Coatings USA, Inc. Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

**General**

The Plan is a defined contribution plan covering eligible employees, as defined in the Plan, of DuPont Powder Coatings USA, Inc. (the Employer or the Company). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The designated trustee of the Plan is Merrill Lynch Trust, FSB (Merrill Lynch).

**Eligibility**

All employees of the Employer are eligible to participate except any employee whose compensation and conditions of employment are covered by a collective bargaining agreement to which the Company is a party unless the agreement calls for the employee's participation in the Plan or an employee whose services are leased from another company.

For purposes of 401(k) deferral and Compliance contributions, participation begins the first day of the next payroll period after the date an employee completes one hour of service. For purposes of Company Match and Company Profit Sharing contributions, participation begins on the first day of the next payroll period after the date an employee completes a 12 month eligibility period in which the employee is credited with at least 1,000 hours of service during that period. Each participant who was an eligible employee at any time during the period, even if such employee did not work 1,000 hours will receive the Compliance contribution.

**Contributions**

Contributions may consist of employee and employer contributions. The Plan may establish and change from time to time, in writing, without the necessity of amending the Plan, the minimum, if applicable, and maximum 401(k) deferral contribution percentages, prospectively or retrospectively (for the current Plan year), for all participants. Employees electing to participate in the Plan may contribute up to 15 percent of their qualifying annual compensation, as defined.

Employer contributions consist of Company Matching contributions, Compliance contributions and Profit Sharing contributions, subject to limitations as defined in the Plan. The Company contributes the greater of the following: (a) 10 percent of the Company's net profit for the Plan year, or (b) a Compliance contribution amount equal to 3 percent of total participants' eligible compensation for all active employees who are participating in the Plan plus the employer Matching contributions equal to 100 percent of each participant's effective contributions subject to a maximum of 3 percent of each participant's eligible compensation.

Upon enrollment in the Plan, a participant may direct employee contributions to the investment options available. Participants may allocate employee contributions among these investment options in multiples of 1 percent. A participant may change his or her deferral contribution election four times a year.

Prior to June 1, 2004, all employer contributions were invested in the Barclay's Global Investors S&P 500 Stock Fund (S&P 500 Stock Fund). On June 1, 2004, the S&P 500 Stock Fund assets were liquidated, and all assets were transferred to the Merrill Lynch Equity Index Trust. All subsequent employer

**Table of Contents****DuPont Powder Coatings USA, Inc. Profit Sharing Plan****Notes to Financial Statements**

contributions are invested in the Merrill Lynch Equity Index Trust. Effective January 1, 2005, employer contributions are no longer required to be invested in this fund and participants are allowed to transfer these assets out of the Merrill Lynch Equity Index Trust and into any other plan investment option.

**Participant Accounts**

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on the ratio of the balance of that participant's investment option account to the sum of the balances of all participants' investment option accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting**

Participants have a fully and immediately vested interest in the portion of their accounts contributed by them, the Company's Compliance Contribution and in the earnings on such contributions. A participant's vested interest in the Company Matching and Profit Sharing contributions and the related earnings are determined using the following table:

<b>Years of Service</b>	<b>Vested Percent</b>
1 - 2	20%
2 - 3	40%
3 - 4	60%
4 - 5	80%
5 or more	100%

One full year of service is defined as a twelve-month period of employment. A participant also becomes 100 percent vested upon normal retirement, death and termination of employment due to disability.

**Forfeited Accounts**

Forfeitures of the Company Matching and Profit Sharing contributions may occur if a participant terminates or withdraws his or her contributions prior to the full vesting period. These forfeitures may be used to restore accounts, as defined in the Plan, to pay administrative expenses or may decrease the amount of Profit Sharing contributions. At December 31, 2005 and 2004, forfeited nonvested accounts totaled \$405,475 and \$439,153, respectively. Forfeited accounts were used to reduce administrative expenses of the Plan by \$63,127 and \$0 for the years ended December 31, 2005 and 2004, respectively.

**Participant Loans**

Participants may borrow from their vested fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates, commensurate with local prevailing rates as determined by the Plan administrator. The loans are executed by promissory notes and have a minimum term of 12 months and a maximum term of 60 months, except for qualified residential loans, which have a maximum term of 120 months. At December 31, 2005, the rates range from 5 percent to 10.5 percent. Principal and interest is paid ratably through payroll deductions.

**Payment of Benefits**

In the case of normal retirement, retirement due to permanent disability or termination of employment, participants may elect to receive the value of their vested balances, in accordance with the provisions of the

Plan, in a lump-sum distribution, partial distribution, or installments payments. In the event that a participant dies before retirement, the beneficiary will receive the value of the participant's vested account balance in a lump-sum distribution, partial distribution, or installments payments.

#### **Withdrawals**

A withdrawal of all or a portion of a participant's account may be made under certain conditions including election by the participant after attaining age 59 1/2, separation from service, death or disability, or plan termination. Withdrawals of employee contributions for undue financial hardship are also permitted. Withdrawals are subject to federal income taxes.

#### **Administrative Expenses**

Reasonable expenses of administering the Plan, at the election of the Company, may be paid by the Plan. For the years ended December 31, 2005 and 2004, the Plan paid \$80,204 and \$62,985, respectively, in administrative expenses, including audit and other recordkeeping fees. Brokerage fees, transfer taxes, investment fees and other expenses incident to the purchase and sale of securities and investments shall be included in the cost of such securities or investments or deducted from the sales proceeds.

## **2. Significant Accounting Policies**

### **Basis of Accounting**

The financial statements have been prepared on the accrual basis of accounting.

### **Investment Valuation and Income Recognition**

The investments of the Plan are stated at fair value. Shares of registered investment companies (mutual funds) are valued at the net asset value of shares held by the Plan at year-end. Shares of common and collective trust funds are valued at net unit value as determined by the trustee at year-end. The Company stock fund is valued at its year-end unit closing price (defined as the year-end market price of common stock plus the uninvested cash position). Participant loans are valued at cost, which approximates fair value.

Dividend income is recorded on the ex-dividend date and interest income is recorded on the accrual basis. Realized gains and losses on the sale of the DuPont Company Stock Fund securities are based on average cost of the securities sold. Purchases and sales of investments are recorded on a trade-date basis. Capital gain distributions are included in dividend income.

### **Payment of Benefits**

Benefits are recorded when paid.

### **Use of Estimates**

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Notes to Financial Statements**

**5. Tax Status**

The Plan is a qualified plan pursuant to Section 401(a) of the Internal Revenue Code (the "IRC") and the related trust is exempt from federal taxation under Section 501(a) of the Code. A favorable tax determination letter from the Internal Revenue Service dated July 16, 2003 covering the plan and amendments through February 25, 2002 has been received by the Plan. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and operated in accordance with the applicable requirements of the IRC. Accordingly, no provision has been made for federal income taxes in the accompanying financial statements.

**6. Related Party Transactions**

Certain Plan investments are shares of mutual funds and units of common/collective trust funds managed by Merrill Lynch, the Trustee. In addition, the Plan offers the DuPont Company Stock Fund investment option. The plan purchased \$182,064 and \$139,420 of stock during the years ended December 31, 2005 and 2004, respectively. The plan sold \$198,666 and \$28,316 of stock during the years ended December 31, 2005 and 2004, respectively. Transactions in these investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

**7. Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in the Company Matching and Profit Sharing contributions.

**8. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
