QUESTIONS AND ANSWERS

Q. Who can vote at the Annual Meeting?

- A. Shareholders who owned Company Common Stock as of the close of business on March 12, 2007, may attend and vote at the Annual Meeting. Each share is entitled to one vote. There were 65,747,918 shares of Company Common Stock outstanding on March 12, 2007.

Q. Why am I receiving this Proxy statement?

- A. This proxy statement describes proposals on which we would like you, as a shareholder, to vote. It also gives you information on these proposals, as well as other information, so that you can make an informed decision.

Q. What is the proxy card?

- A. The proxy card enables you to vote whether or not you attend the meeting. Even if you plan to attend the meeting, it is a good idea to complete and return your proxy card before the meeting date just in case your plans change. By completing and returning the proxy card, you are authorizing Charles A. Ledsinger, Jr. and Ervin R. Shames to vote your shares at the meeting, as you have instructed them on the proxy card.

If a proposal comes up for vote at the meeting that is not on the proxy card, Mr. Ledsinger and Mr. Shames will vote your shares, under your proxy, according to their best judgment.

Q. On what issues am I voting?

- A. We are asking you to vote on:

- Proposal 1 the election of three Class I directors

- Proposal 2 the ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2007.

Q. How do I vote?

- A. *You may vote by mail:* You do this by completing and signing your proxy card and mailing it in the enclosed, prepaid and addressed envelope. If you mark your voting instructions on the proxy card, your shares will be voted as you instruct.

If you do not mark your voting instructions on the proxy card, your shares will be voted:

Edgar Filing: CHOICE HOTELS INTERNATIONAL INC /DE - Form DEF 14A

- *for the three named nominees for directors, and*
- *for the ratification of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2007.*

You may vote by telephone: You do this by calling toll-free **1- 800-652-8683** on a touch-tone phone and following the simple instructions. You will need your proxy card available when you vote by telephone.

You may vote by Internet: You do this by accessing **www.investorvote.com** and following the simple instructions. You will need your proxy card available when you vote by Internet.

You may vote in person at the meeting: We will pass out written ballots to anyone who wants to vote at the meeting. However, if you hold your shares in street name, you must request a proxy from your stockbroker in order to vote at the meeting. Holding shares in street name means you hold them in an account at a brokerage firm.

Table of Contents

Q. What does it mean if I receive more than one proxy card?

A. It means that you have multiple accounts at the transfer agent or with stockbrokers. Please complete and return all proxy cards to ensure that all your shares are voted.

Q. What if I change my mind after I vote?

A. You may revoke your proxy and change your vote at any time before the polls close at the meeting. You may do this by:

- signing another proxy with a later date,
- sending us a written notice of revocation at the following address: Paul Mamalian, Secretary, Choice Hotels International, Inc., 10750 Columbia Pike, Silver Spring, Maryland 20901, or
- voting at the meeting.

Q. Will my shares be voted if I do not return my proxy card?

A. If your shares are held in street name, your brokerage firm, under certain circumstances, may vote your shares. Brokerage firms have authority under New York Stock Exchange (NYSE) rules to vote customers' unvoted shares on some routine matters. Proposals One and Two are routine matters.

If you do not give a proxy to vote your shares, your brokerage firm may either:

- vote your shares on routine matters, or
- leave your shares unvoted.

When a brokerage firm votes its customers' unvoted shares on routine matters, these shares are counted to determine if a quorum exists to conduct business at the meeting. A brokerage firm cannot vote customers' unvoted shares on non-routine matters. These shares are considered not entitled to vote on non-routine matters, rather than as a vote against the matters.

We encourage you to provide instructions to your brokerage firm by giving your proxy. This ensures your shares will be voted at the meeting.

A purchasing agent under a retirement plan may be able to vote a participant's unvoted shares. If you are a participant in the Choice Hotels Retirement Savings and Investment Plan or the Non-Qualified Retirement Savings and Investment Plan, the plan's purchasing agent, under certain circumstances, can vote your shares.

The purchasing agent can vote shares you hold under the plan if the purchasing agent does not receive voting instructions from you. The purchasing agent will vote your unvoted shares in the same proportion as all other plan participants vote their shares.

Q. How many shares must be present to hold the meeting?

A. To hold the meeting and conduct business, a majority of the Company's outstanding shares as of March 12, 2007, must be present at the meeting. This is called a quorum.

Shares are counted as present at the meeting if the shareholder either:

- is present and votes in person at the meeting, or

- has properly submitted a proxy card.

Table of Contents

Q. What are my voting choices when voting on the election of directors?

A. You may vote either for or withhold your vote for each nominee. If you give your proxy without voting instructions, your shares will be counted as a vote *for* each nominee.

Q. How many votes must the nominees have to be elected as directors?

A. The three nominees receiving the highest number of votes for will be elected as directors.

Q. What happens if a nominee is unable to stand for election?

A. The Board may reduce the number of directors or select a substitute nominee. In the latter case, if you have completed and returned your proxy card, Charles A. Ledsinger, Jr. and Ervin R. Shames can vote your shares for a substitute nominee. They cannot vote for more than three nominees.

Q. What are my voting choices when voting on the ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2007?

A. You may vote either for or against the ratification, or you may abstain from voting. If you give your proxy without voting instructions, your shares will be voted *for* the ratification.

Q. How many votes are needed to ratify the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2007?

A. If more shares are voted for the ratification than against it, the appointment is ratified. Abstentions are not treated as voting on a matter.

Q. Who will count the votes?

A. Voting results are tabulated and certified by a representative of our transfer agent, Computershare.

Q. Is my vote kept confidential?

A. Proxy cards, telephone and Internet voting reports, ballots and voting tabulations identifying shareholders are kept confidential and will not be disclosed to Choice Hotels except as may be necessary to meet legal requirements.

Q. Where do I find voting results of the meeting?

- A. We will announce preliminary voting results at the meeting. We will publish the final results in our next quarterly report on Form 10-Q after the Annual Meeting. We will file that report with the Securities and Exchange Commission, and you can get a copy by contacting our Investor Relations Department at (301) 592-5026 or the SEC at (202) 551-8090 for the location of its nearest public reference room. You can also get a copy on the Internet through the SEC's electronic data system called EDGAR at www.sec.gov.

PROPOSAL 1 ELECTION OF CLASS I DIRECTORS

Nomination

The Company's Certificate of Incorporation provides that the number of directors must be at least three (3) but not more than twelve (12), and must be divided into three classes as nearly equal in number as possible. The exact number of directors is determined from time to time by the Board of Directors, and currently consists of eight (8) members. The term of each class is three years, and the term of one class expires each year in rotation.

Three Class I directors are to be elected at the Annual Meeting, to hold office until the 2010 Annual Meeting of Shareholders, or until their successors are elected and qualified. The remaining directors will continue to serve the terms consistent with their class, as noted below.

The Board has nominated William L. Jews, John T. Schwieters and David C. Sullivan to serve as Class I directors for terms of three years, expiring at the 2010 Annual Meeting of Shareholders, or until their successors are elected and qualified. Each of the nominees is currently a member of our Board of Directors.

Vote Required

The accompanying proxy will be voted in favor of each nominee unless the shareholder indicates to the contrary on the proxy. The election of the Company's directors requires a plurality of the votes cast in person or by proxy at the meeting. Management expects that each of the nominees will be available for election, but if any nominee is unable to serve at the time the election occurs, the proxy will be voted for the election of another nominee to be designated by the Board of Directors or the Board of Directors may decrease the size of the Board.

Board Recommendation

*The Board recommends a vote **FOR** each of these nominees.*

Table of Contents

CORPORATE GOVERNANCE

Board of Directors

The Board is responsible for overseeing the overall performance of the Company. Members of the Board are kept informed of the Company's business through discussions with the Chairman, the Chief Executive Officer and other members of the Company's management, by reviewing materials provided to them and by participating in Board and committee meetings.

In fiscal year 2006, the Board held five meetings and each director attended at least 75% of all meetings of the Board and the standing committees of the Board on which he or she served. The Company requires that all Board members attend the annual meeting. In 2006, all of the then Board members attended the annual meeting. The non-management members of the Board are required to meet twice a year in executive session without management. Mr. Shames, the lead independent director, chairs these meetings. Two such meetings were held in 2006.

The Board has adopted Corporate Governance Guidelines, a Corporate Ethics Policy, and charters for each of its standing committees, including the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee, each of which is discussed further below. Each of these documents is included in the investor relations section of the Company's website at www.choicehotels.com, and printed copies are available upon request to the Company's Investor Relations department at Choice Hotels International, Inc., 10750 Columbia Pike, Silver Spring, Maryland 20901. The Company intends to post amendments to or waivers from the Corporate Ethics Policy (to the extent applicable to the chief executive officer, chief financial officer and corporate controller) at the same location on the Company's website.

Director Independence

The Board currently has eight directors, a majority (six) of whom the Board has determined to be independent under the listing standards of the NYSE. The independent directors are Fiona Dias, William L. Jews, John T. Schwieters, Ervin R. Shames, Gordon A. Smith and David C. Sullivan.

In determining director independence, the Board applies the analysis as set forth in the listing standards of the NYSE, a copy of which is attached as Annex A to this proxy statement, and additional independence standards adopted by our Board as follows:

- No director can be independent until five years following the termination or expiration of a director's employment with the Company, rather than three years as currently required under the NYSE rules;
- No director can be independent who is, or in the past five years has been, affiliated with or employed by a present or former outside auditor of the Company until five years after the end of either the affiliation or the auditing relationship, rather than three years as currently required under the NYSE rules; and
- No director can be independent if he or she in the past five years has been part of an interlocking directorate, rather than three years as currently required under the NYSE rules.

In assessing independence, the Board took into account the fact that Mr. Smith is an officer of American Express Travel Related Services, Inc., and that in each of the last three years, the Company has paid American Express for goods and services, which in each year represented significantly less than 2% of American Express's revenues.

Each communication should specify the applicable addressee or addressees to be contacted, as well as the general topic of the communication. The Company will initially receive and process communications before forwarding them to the addressee. The Company generally will not forward to the directors a shareholder communication that it determines to be primarily commercial in nature or relates to an improper or irrelevant topic, or that requests general information about the Company.

Consideration of Director Candidates

The Nominating and Corporate Governance Committee administers the process for nominating candidates to serve on the Company's Board of Directors. The Committee recommends candidates for consideration by the Board as a whole, which is responsible for appointing candidates to fill any vacancy that may be created between meetings of the shareholders and for nominating candidates to be considered for election by shareholders at the Company's Annual Meeting.

The Board has established selection criteria to be applied by the Nominating and Corporate Governance Committee and by the full Board in evaluating candidates for election to the Board. These criteria include: (i) independence, (ii) integrity, (iii) experience and sound judgment in areas relevant to the Company's business, (iv) a proven record of accomplishment, (v) willingness to speak one's mind, (vi) the ability to commit sufficient time to Board responsibilities, (vii) the ability to challenge and stimulate management, and (viii) belief in and passion for the Company's mission and vision. The Committee also periodically reviews with the Board the appropriate skills and characteristics required of Board members in the context of the current membership of the Board. This assessment includes considerations such as diversity, age and functional skills in relation to the perceived needs of the Board from time to time.

The Nominating and Corporate Governance Committee uses a variety of methods for identifying potential nominees for election to the Board, including consideration of candidates recommended by directors, officers or shareholders of the Company. The Committee may also use one or more professional search firms or other advisors to assist the Committee in identifying candidates for election to the Board. This is the first time that shareholders will vote on the election of Mr. Jews and Mr. Sullivan. The Board of Directors, in accordance with the Company's bylaws, appointed Mr. Jews and Mr. Sullivan to our Board in February 2006 to fill vacancies on the Board and to serve as Class I directors, effective March 2006. Mr. Jews and Mr. Sullivan were originally recommended as directors by the Board's Nominating and Corporate Governance Committee. Mr. Jews previously served as director for the Company from 2000 to 2005 and Mr. Sullivan was identified through existing Board members.

The Nominating and Corporate Governance Committee will consider director candidates recommended by shareholders and evaluate them using the same criteria as for candidates identified through other means, as set forth above. Shareholders seeking to recommend a prospective candidate for the Committee's consideration should submit the candidate's name and qualifications including the candidate's consent to serve as a director of the Company if nominated by the Committee and so elected to the Company's Corporate Secretary by mail to Paul Mamalian, Choice Hotels International, Inc., 10750 Columbia Pike, Silver Spring, Maryland 20901.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

Overview of Executive Compensation Program

Choice's compensation program reflects a belief that superior executive talent is attracted to a company that recognizes and rewards superior performance, and with superior talent the company can continue to deliver consistent results for shareholders that are superior to those generally found among Choice's peers. In selecting and rewarding executives, the Company intends to continue its practice of providing direct accountability for individual and organizational results for each executive, and ensuring the rewards are commensurate with the contributions and results delivered for shareholders.

For purposes of this Compensation Disclosure and Analysis section, the Named Executive Officers are Charles A. Ledsinger, Jr., Joseph M. Squeri, Wayne W. Wielgus, Thomas Mirgon and David L. White. While Mr. Squeri and Mr. Wielgus are Named Executive Officers for fiscal year 2006, their employment will terminate in 2007 as previously announced by the Company.

Compensation Objectives

Choice's executive compensation philosophy has been developed to enable Choice to hire and retain qualified, motivated executives while meeting its business needs and objectives. Consistent with this philosophy, the compensation program has been designed to achieve the following objectives:

- Provide an attractive mix of salary, annual and long-term incentive compensation at competitive compensation levels to enable the recruitment and retention of highly qualified executives, while not disadvantaging the Company with high costs
- Link pay to corporate and individual performance to encourage and reward excellence and contributions that further Choice's success
- Align the interests of executives with those of shareholders through grants of equity-based compensation that also provide opportunities for ongoing executive ownership
- Foster long-term focus required for success in the hospitality industry through equity incentives that vest over time

Implementation of Compensation Objectives

Role and Composition of Compensation Committee

The Compensation Committee (for purposes of this discussion, the Committee) of the Board sets the Company's compensation principles that guide the design of compensation plans and programs for executive management. The Committee is charged with establishing, implementing and continually monitoring the executive compensation program and in doing so endeavors to achieve and to maintain a comprehensive package that is both fair and competitive in furtherance of the Company's ultimate goal to optimize shareholder value.

Role of Management

At the direction of the Chairman of the Compensation Committee, management may prepare and distribute to Committee members agenda, meeting documents and Company data in preparation for Committee meetings. In addition, in conjunction with the Committee Chairman, management may prepare and present specific compensation proposals to the Committee, including the CEO's assessment of individual executive officer performance and any recommended compensation actions.

Table of Contents

Role of Compensation Consultant

In accordance with its charter, the Committee has the authority to retain, terminate and approve professional arrangements for outside compensation consultants to assist the Committee. From time to time, the Committee may request management to discuss with consultants certain proposed compensation-related initiatives. The Compensation Committee retained Semler Brossy Consulting Group LLC (Semler Brossy), a well-known compensation consulting firm in 2005. In 2005, and going forward, the Committee requested Semler Brossy to review CEO compensation as well as compensation for other key officers, including all of the Named Executive Officers. The review covered both the levels of executive pay as well as the design of the executive compensation programs. Semler Brossy attended Committee meetings, as appropriate, to provide information and advice. Management, at the direction of the Committee, also worked with Semler Brossy to provide analysis and recommendation on the size and structure of the share reserve for the 2006 Long Term Incentive Plan and to review competitive practices related to severance and change-in-control agreements. To avoid conflicts of interest or the appearance of conflicts of interest, the consultant performed no work for the Company that was not requested or approved by the Compensation Committee.

Benchmarking and Pay Positioning

Base salary, annual incentives, long-term incentives and performance are benchmarked against lodging companies, with and without franchise operations, as well as non-hotel franchise companies in the service industry that derive a material portion of their revenues from franchisees (Comparison Group). These companies represent similar business models, potential talent competitors, and competitors for capital and are as follows:

- *Hotels with Franchise Operations* Hilton Hotels; La Quinta Corporation; Marriott International; Starwood Hotels & Resorts; Wyndham Worldwide Corporation
- *Hotels, Cruise Ships, Resorts and REITs without Franchise Operations* Gaylord Entertainment Company; Great Wolf Resorts; Interstate Hotels and Resorts; Sunterra Corporation, Vail Resorts; Carnival Corporation; Royal Caribbean Cruise Lines; Host Marriott
- *Service Companies with Franchise Operations* 7-Eleven; Applebee s; Chemed Corp.; CKE Restaurants; Cusi; Denny s; Domino s Pizza; Gymboree Corp.; H&R Block Tax Services; IHOP; Jackson Hewitt Tax Service; McDonald s; Midas International Corporation; Papa Johns; Ruby Tuesday; Service Master; Sonic Restaurants; Sylvan Learning Center (Educate, Inc.); UPS Store; Wendy s International; Yum! Brands.

Total compensation is targeted to approximate the median compensation of the competitive market data, on a size-adjusted basis, derived from a consensus of surveys conducted by nationally recognized compensation consulting firms and the median compensation of the Comparison Group. Base pay is targeted at the market median. Annual and long-term incentive programs are designed to deliver median compensation when executives meet internally established performance goals and above median compensation when performance goals are exceeded. Similarly, total compensation will be below the market median when performance goals are not achieved.

Employment Agreements

The Company has entered into employment agreements with Mr. Ledsinger, Mr. Squeri, Mr. Wielgus and Mr. Mirgon. The employment agreements define the employment relationship between the Company and the executives, providing a more attractive and secure offer to executives while protecting the Company through non-disclosure/non-solicitation protections (and non-compete, in the instance of Mr. Ledsinger s agreement). Please see Payment Upon Termination or Change in Control for a more in-depth discussion on the terms set forth in each employment agreement.

Elements Used to Achieve Compensation Objectives

The executive compensation program consists of five elements: base salary; annual incentives; long-term incentives; retirement benefits; and perquisites and related personal benefits. Base salary, annual incentives and

Table of Contents

long-term incentives are used to explicitly motivate and reward individual and team performance in support of the Company's strategic and operational goals. Actual pay varies materially with individual performance and Company results. There is no pre-established policy or target for the allocation between cash and non-cash or short-term and long-term incentive compensation. Rather, the Committee reviews the competitive data to determine the appropriate level and mix of compensation. In 2006, the largest component of total compensation was in the form of long-term incentive compensation.

Base Salary

Base salaries are fixed compensation with the primary function of aiding in attraction and retention of executives. The Company's base salary pay practice is to target compensation at the competitive median (50th percentile) of the market as described above for each executive officer. However, actual individual executive officer salaries may differ substantially from the competitive median due to individual differences in experience, performance and the relative differences between roles within and outside the organization.

Base salaries for Named Executive Officers other than the Vice Chairman and CEO are reviewed annually in February as well as at the time of promotion or other change in responsibilities. They are adjusted as appropriate to recognize individual performance or changes in the competitive marketplace. The Vice Chairman and CEO reviews individual executive officer performance each year with the Committee and, in conjunction with a comparison of each executive's pay with external competitive data described above, the Vice Chairman and CEO submits to the Committee any recommended changes to executive officer salary for the forthcoming year. The Committee then considers performance and competitive data, and determines whether any increase in salary will be authorized and the size of the salary adjustment.

In executive session, the Committee also reviews the performance of the Vice Chairman and CEO annually in February, as well as reviewing the competitiveness of the Vice Chairman and CEO's salary, and determines the adjustment, if any, to be recommended to the Board of Directors for approval for the forthcoming year.

The salaries for each of the five Named Executive Officers for 2005, 2006 and 2007 are presented below.

Officer	2005 Base Compensation	2006 Base Compensation	2007 Base Compensation
Charles A. Ledsinger, Jr.	\$ 720,000	\$ 755,000	\$ 795,000
Joseph M. Squeri	\$ 420,000	\$ 433,000	\$ 433,000 ¹
Wayne W. Wielgus	\$ 360,000	\$ 373,000	\$ 373,000 ¹
Thomas Mirgon	\$ 310,000	\$ 316,000	\$ 325,000
David L. White	\$ 170,000	\$ 225,000	\$ 250,000

Annual Incentives

The Officer Cash Incentive Plan provides executive officers the opportunity to earn an annual bonus upon achievement of specified Company and individual performance objectives. Each Named Executive Officer has a target bonus opportunity set at the market median for comparable positions. The target bonus level for the Vice Chairman and CEO was set by the Committee at 100% of base salary. The target bonus levels for all of the Named Executive Officers are presented below.

Officer	2007 Target Bonus
Charles A. Ledsinger, Jr.	100% of Salary
Joseph M. Squeri	65% of Salary ¹
Wayne W. Wielgus	55% of Salary ¹
Thomas Mirgon	50% of Salary
David L. White	40% of Salary

¹ As previously announced by the Company, Messrs. Squeri's and Wielgus' employment will terminate in 2007. Each executive's 2007 base compensation and 2007 target bonus are subject to the terms of their employment agreements.

Table of Contents

Diluted Earnings Per Share (EPS) is the Company-wide financial measure for the annual cash incentive plan. EPS was selected to provide a direct link between Company performance and the increase in earnings attributable to each share of Choice stock. EPS provides an easily understood, clearly reported number that provides for clear performance comparison with internal as well as external performance metrics.

The program is structured to pay the target bonus level upon achievement of the Company's EPS goal and to pay a varying percentage of the bonus target for EPS performance above or below the annual goal as follows:

- No payment unless the Company achieves the minimum performance level, or 90% of the EPS goal;
- Payment equal to 50% of the target award for achievement of the minimum performance level;
- Payment equal to 100% of the target award for achievement of the target performance level;
- Payment equal to 200% of the target award for achievement of the maximum performance level, or 120% of the EPS goal; and
- Payment is interpolated between these values accordingly depending on actual EPS results.

The EPS-adjusted target award for Executive Officers other than the Vice Chairman and CEO is further adjusted based on the degree of achievement of individual performance objectives. These performance objectives, where applicable, are based in part upon a qualitative evaluation of performance, but could also include licensee/customer satisfaction and RevPAR (Revenue Per Available Room) improvement, in addition to other relevant measures, and would incorporate each executive officer's accountability for the successful execution of key initiatives tied to achievement of the Company's strategic plan. The Vice Chairman and CEO's bonus is based solely upon attainment of the EPS goal.

Individual performance may result in an adjustment of up to 50% (increase or decrease). However, in no event may an individual's bonus exceed 200% of the target bonus level established for the individual's position. The Vice Chairman and CEO is responsible for assessing the performance of each Named Executive Officer and reviewing his assessment, along with any recommended adjustments to their respective annual bonus awards, with the Compensation Committee. No annual bonus awards are paid to any Named Executive Officers without the approval of the Compensation Committee.

The EPS goal for 2006 was \$1.37 per share, as approved by the Committee at its December 2005 meeting. Choice's actual EPS in 2006 was \$1.68 per share. For purposes of the annual incentive, the EPS is adjusted at the discretion of the Committee for certain non-recurring items, resulting in an EPS performance result of \$1.5292. As a result, the EPS-adjusted awards for the fiscal year ended December 31, 2006 were appropriately 11.6% above the established target award level. Awards made to Named Executive Officers under the annual incentive plan on February 15, 2007 for performance in 2006 are reflected in column (f) of the Summary Compensation Table.

Long-Term Incentives

Long-Term Incentive Plan. Choice grants equity awards to executives pursuant to the 2006 Long-Term Incentive Plan (2006 LTIP) approved by shareholders in 2006. The Committee may grant stock options, restricted stock, performance units or shares and stock appreciation rights to eligible participants. Long term incentives are included in the compensation mix to maintain strong alignment with shareholders, provide a suitable retention vehicle and encourage and build share ownership.

In 2006, Choice granted Messrs. Ledsinger, Squeri, Wielgus and Mirgon long-term incentive awards consisting of stock options and performance-vested restricted stock units (PVRsUs). The stock options represented 75% of the long-term incentive opportunity and PVRsUs represented the remaining 25%. The stock options vest ratably over four years and have a seven-year term. The vesting period for new grants was decreased from five years to four years and the term was decreased from ten years to seven years in 2006 to primarily increase the focus on more near-term performance outcomes. The PVRsUs replaced time-vested restricted stock

Table of Contents

in 2006 to improve the alignment between compensation and the cumulative contribution of the executives. The number of PVRsUs that vest ranges from 0% to 200% of the initial grant and is determined three or four years from the date of grant based upon the actual three or four year cumulative EPS compared to the performance target. The Committee believes this blended equity grant is not only competitive but is a powerful retention tool that reinforces achievement of long-term financial goals. The cumulative EPS goal was based on the historical performance of Choice and its hotel peers, and forward-looking forecasts for Choice and the industry. The EPS targets are set at levels intended to motivate high business performance and support attainment of longer-term financial objectives. These targets are designed to be challenging to attain. In 2006, Choice granted Mr. White restricted stock pursuant to the Company's long-term incentive plan.

Long-term incentive awards were targeted at competitive medians for comparable positions. For purposes of determining the number of shares under option to be granted to achieve the competitive level of value, the Black Scholes option-pricing model was used. The expected term assumption used in the option-pricing model for purposes of determining grant size differs from the term assumption used for determining accounting expense pursuant to FAS 123(R). The full contractual term of the option was used when determining grant size to represent the full potential value of the award conveyed by the Company to its employees. The combination of options and PVRsUs is intended to maintain the primary focus of the long-term incentive on driving increases in shareholder value of the Company through stock options, while directly linking a portion of the incentive to consistent earnings growth through the PVRsU awards. In addition, the combination of stock options and PVRsUs serves as a significant retention tool.

Pursuant to the terms of their award agreements, each Named Executive Officer is permitted to defer receipt of any Restricted Stock or PVRsU award pursuant to IRS Guidelines. The executive may elect to defer the receipt of such equity until termination of their employment or until a specified future date. Such deferral amounts remain subject to the general risk of creditors.

Stock option awards to senior executives, including Named Executive Officers, under the Company's long-term incentive plan are granted annually at the February Compensation Committee meeting (except for the Vice Chairman and CEO, whose awards are granted at the February Board meeting). Board and Committee meetings are generally scheduled at least a year in advance. Scheduling decisions are made without regard to anticipated earnings or other major announcements by the Company. The exercise price of each stock option awarded to senior executives under the Company's long-term incentive plan is the average of the high and low price on the date of grant. PVRsUs and restricted stock may also be granted to our Named Executive Officers at this meeting. The Company prohibits the repricing of stock options.

Share Ownership Guidelines

Choice believes that executive officers individually, and as a group, should have a significant ownership stake in the Company. Thus, in November 2003, to further encourage executive officers of the Company to have significant ownership in the Company's stock and to further align the interests of executive officers with those of shareholders, the Board of Directors established executive share ownership guidelines. The Committee implemented the executive share ownership guidelines as of January 1, 2004. The policy requires the Vice Chairman and Chief Executive Officer to own stock valued at five times base salary and all other named executives to hold shares worth three times base salary. The ownership targets must be met within five years of being subject to the policy. Stock that counts towards satisfaction of the requirement includes: shares owned outright by the executive or his or her immediate family members residing in the same household; stock held in the 401(k) Retirement Savings and Investment Plan or the non-qualified Retirement Savings and Investment Plan; stock held in the Company's Employee Stock Purchase Plan; restricted stock whether or not vested and stock acquired upon the reinvestment of dividends on such shares; shares acquired upon stock option exercises; shares held in trust; and PVRsUs, once vested.

Table of Contents

Executives are not permitted to sell any of the vested shares granted to them under restricted stock awards or PVRSU awards until they have met their target share ownership. In the event that an executive does not meet his or her guideline within the prescribed time period, the Company may adjust the amount and/or form of any future cash or equity compensation to assist the executive's compliance with the guidelines.

The competitive assessment of Choice's programs performed in 2005 by Semler Brossy found that the current stock ownership guidelines are consistent with competitive practice.

To date, the CEO and all Named Executive Officers are in compliance with the guidelines.

Retirement Benefits

As part of a competitive compensation program, the Company offers executives retirement benefits. In general, the benefits serve to provide executives with appropriate vehicles for retirement savings that are otherwise limited by IRS policy, and to provide executives with additional programs not offered to other employees that provide competitive benefit value contingent on continued executive service.

The Company offers the following retirement plans:

- **Supplemental Executive Retirement Plan.** The Company adopted the Choice Hotels International, Inc. Amended and Restated Supplemental Executive Retirement Plan (the SERP). Participants are the CEO and certain executive officers. Participants in the SERP receive a monthly benefit for life based upon final average salary and years of service. The SERP is explained in greater detail on page 27, under Pension Benefits for Fiscal 2006.
- **Executive Deferred Compensation Plan.** The Executive Deferred Compensation Plan (EDCP) allows participants to defer up to 90% of their base salary and 100% of their bonus. The Company also offers a percentage matching contribution as part of the plan. EDCP is discussed in greater detail on page 27, under Non-Qualified Deferred Compensation for Fiscal 2006.
- **Non-Qualified Plan.** The Non-Qualified plan allows participants to defer a certain percentage of their base salary and their bonus while also offering a Company match contribution. In 2007, the amount of base salary a participant may defer increased from 15% to 90%. An executive may not contribute to the Non-Qualified Plan if contributing to the EDCP.
- **Employee Retirement Plans.** The Named Executive Officers also participate in the Company's Retirement Savings and Investment Plan (401(k) Plan) also available to all qualifying Choice employees. The 401(k) Plan is a defined contribution retirement savings and investment plan where in each participant may contribute to the 401(k) Plan on a pre-tax basis up to the current \$15,500 Federal limit and the Company will match contributions subject to certain limitations. Contributions made by the Company for the Named Executive Officers are included in the All Other Compensation column of the Summary Compensation Table on page 22.

Perquisites and Related Personal Benefits

Flexible Perquisites Program. Executive officers, including the Vice Chairman and CEO, are eligible to receive certain benefits not available to other full-time employees. Perquisites are determined on a case-by case basis. These benefits include: reimbursement of certain covered expenses under the Flexible Perquisite Program, ranging from \$8,000 to \$31,000, depending on position; tax and financial planning expenses, club membership dues, supplemental life insurance, and health care expenses. These reimbursements represent taxable income to the executive. The Company grosses up any associated tax.

Table of Contents

Related Personal Benefits. Mr. Ledsinger's employment agreement provides for an allowance for automobile expenses, initial and annual fees at a dining and/or recreational club at the choice of Mr. Ledsinger for the purpose of business entertainment and use of the Company aircraft for personal use for up to 25 flight hours per year. Mr. Ledsinger is responsible for related taxes on imputed income for his personal use of Company aircraft.

Each of the remaining Named Executive Officers are also given a car allowance in addition to other personal benefits more specifically discussed in the All Other Compensation table on page 23.

Overall, the total compensation for the Vice Chairman and Chief Executive Officer and the other named executive officers is believed to be comparable with companies exhibiting similar business models and is structured to drive superior performance necessary to achieve Company performance objectives and creation of shareholder value.

Tax Deductibility of Compensation

Section 162(m) of the Code imposes a \$1 million ceiling on tax-deductible compensation paid to the Chief Executive Officer and the next four most highly compensated executive officers who are employed as of the end of the year. Certain types of compensation are only deductible if performance criteria are set and shareholders have approved the compensation arrangements. The Company believes that while it is generally in the best interest of shareholders to structure compensation plans so that compensation is deductible under Section 162(m), there may be times when the benefit of the deduction would be outweighed by other corporate objectives, such as the need for flexibility.

In the instance of the annual incentive, the Vice Chairman and CEO's bonus award is structured to maintain full deductibility of the award. In the instance of annual bonus awards to other Named Executive Officers, compensation for purposes of Section 162(m) is under \$1 million and fully deductible.

Restricted stock and stock option awards under the Company's 1997 Long-Term Incentive Plan (1997 LTIP) do not meet the requirement necessary for qualification as tax-deductible performance-based compensation. However, the restricted stock and stock option awards granted under the Company's 2006 Long-Term Incentive Plan (2006 LTIP) were structured to meet the requirements of the aforementioned Section 162(m) exemption as tax-deductible performance-based compensation. Please refer to the discussion on Long-Term Incentive Plan on page 17 for a detailed description of the Company's 2006 LTIP.

All 2006 compensation for the Named Executive Officers was deductible under Section 162(m) except for Mr. Ledsinger and Mr. Mirgon where for each of them compensation realized through the exercise of stock options or the vesting of restricted stock did not meet the requirements of Section 162(m) and, consequently, such compensation was not deductible by the Company to the extent each executive's non-performance-based compensation exceeded \$1 million in 2006.

Table of Contents**GRANTS OF PLAN-BASED AWARDS FOR FISCAL 2006**

Equity was granted in 2006 pursuant to the 1997 and 2006 Long-Term Incentive Plans. The Committee established a competitive range of equity value utilizing competitive market data from which the size of executive equity awards can be determined. For example, Mr. Ledsinger's competitive long-term equity grant value for 2006 was set at 200% of his base pay on the grant date, or \$1,440,000. Seventy-five percent of this value, \$1,080,000 is granted as stock options, as discussed in the CD&A. The value to be delivered as options is divided by the Black Scholes value to determine the number of shares to be granted. The Black Scholes value utilized to calculate the value of grants made in February 2006 was \$18.35. Thus, he received \$1,080,000/\$18.35, or 58,856 shares. Twenty-five percent of this value, \$360,000, is granted as PVRsUs. The value to be delivered as restricted stock is divided by the 90-day average fair market value of the stock price. Thus he received \$360,000/\$39.975, or 9,006 shares. As discussed in the CD&A, the assumptions used for determining grant size differ from the assumptions used for accounting purposes to reflect the full term of the option being granted to the employee.

(1) The amounts shown in column (c) reflect the threshold payment level under the Company's Officer Cash Incentive Plan, which is 50% of the target amount shown in column (d). The amount shown in column (e) is 200% of such target amount. The threshold amount is paid if 90% of the performance goal is attained. The maximum amount is paid upon attaining 120% of the performance goal.

(2) The exercise price of an option is equal to the Fair Market Value (FMV) of the Stock on the date of grant. FMV is defined as the mean of the high and low prices reported on the New York Stock Exchange on the date of grant. If no shares were traded on the grant date, the Committee shall determine the FMV. The Committee selected the February 10, 2006 closing price as the FMV for the grants awarded on Sunday February 12, 2006.

(3) The exercise price for the February 13, 2006 grant to Mr. Ledsinger was based on the mean of the high and low trading prices on February 13, 2006; the closing price on that date was \$48.82.

Table of Contents**PENSION BENEFITS FOR FISCAL 2006**

Supplemental Executive Retirement Plan. The Company's Supplemental Executive Retirement Plan (SERP) is a non-contributory defined benefit pension plan covering key executives defined by the Board of Directors. In 2006, the following Named Executive Officers participated in the SERP: Mr. Ledsinger, Mr. Squeri, Mr. Wielgus and Mr. Mirgon. Retirement benefits under this pension plan are determined under a formula based on length of service and average salary (includes base salary and bonuses earned in a sixty month period that produces the highest average amount out of the 120 months of employment prior to the retirement date). The formula provides a benefit equal to 1% per year of service up to 15% and 1.5% per year of service thereafter up to 30%. The benefits are straight life annuity amounts, although participants have the option of selecting a joint and 50% survivor annuity or ten-year certain payments. The benefits are not subject to offset for social security and other amounts. In the event of the participant's death prior to the commencement of the benefit payment, the participating Named Executive Officer's beneficiary will receive a monthly benefit equal to the 50% survivor annuity portion of the benefit which would have been payable had the participant elected to receive his accrued benefit in the form of a joint and 50% survivor annuity and been eligible to receive it. Unreduced benefits are available upon retirement at age 65, or upon retirement at age 55 provided the participant has a minimum of ten (10) Years of Service. The Present Value of Accumulated Benefit is determined as of December 31, 2006 using the following assumptions: discount rate of 6.00%; the RP-2000 Combined Healthy Life Mortality Table for males and females, with mortality improvements projected to 2005 and white collar; and retirement at the first eligible unreduced retirement date with a monthly retirement benefit payable in the form of a single life annuity.

- (1) Reflects an additional ten (10) years of service credited to Mr. Ledsinger, upon attaining age 55, in accordance with the terms of his employment contract. The approximate value of the additional ten (10) years of service credited to Mr. Ledsinger is \$2,048,343.

NONQUALIFIED DEFERRED COMPENSATION FOR FISCAL 2006

Executive Deferred Compensation Plan. In 2002, the Company adopted the Choice Hotels International, Inc. Executive Deferred Compensation Plan (EDCP), which became effective January 1, 2003. Messrs. Ledsinger, Squeri, Wielgus and Mirgon participate in the EDCP. Participants in the EDCP are not entitled to participate in the Non-Qualified Savings Plan. Under the EDCP, participants may defer up to 90% of their base salary and 100% of their bonus. The Company will match up to 15% of any deferred salary under both the EDCP and 401(k) Plan, offset by the amount of matching contributions made under the 401(k) Plan. The participant's right to any Company match amount vests at 20% per year from the time the participant was first hired. After the fifth year of service, all past and future match amounts are 100% vested. A participant may elect a return at either the annual yield of the Moody's Average Corporate Bond Rate Yield Index plus 300 basis points or a return based upon returns which track an investment portfolio selected by the EDCP's administrators. Amounts contributed by the Company under the EDCP for Messrs. Ledsinger, Squeri, Wielgus and Mirgon are included in the Nonqualified Deferred Compensation Table under the column labeled Registrant Contributions in Last Fiscal Year. The Compensation Committee believes the benefits available under the EDCP, when viewed in conjunction with the SERP, deliver a competitive retirement benefits package.

Stock Deferral Program. Pursuant to the terms of their agreements, each Named Executive Officer is permitted to defer receipt of any equity pursuant to IRS Guidelines. The executive may elect to defer the receipt of such equity until termination of their employment or until a specified future date. Such deferral amounts remain subject to the general risk of creditors.

Non-Qualified Plan. The Non-Qualified plan allows participants to defer a certain percentage of their base salary and their bonus while also potentially offering a Company match contribution. Beginning in 2007, the amount of base salary that a participant may defer increased from 15% to 90%.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE OF CONTROL

The tables below reflect the amount of compensation that could have been received by each of the named executives of the Company in the event such executive's employment had terminated under the circumstances described below as of December 31, 2006. The amount of compensation payable to each named executive upon voluntary termination, early retirement, involuntary not-for-cause termination, for cause termination, termination following a change of control and in the event of disability or death of the executive is shown below. The amounts shown assume that such termination was effective as of December 31, 2006, and thus includes amounts earned through such time and are estimates of the amounts which would be paid out to the executives upon their termination. Any equity based payments or valuations are based on the Company's closing stock price on December 29, 2006. The actual amounts to be paid out can only be determined at the time of such executive's separation from the Company.

Payments Made Upon Termination

Depending on the manner in which a named executive's employment terminates, he may be entitled to receive amounts earned during his term of employment. Such amounts include:

- Salary continuation;
- annual incentive compensation earned during the fiscal year;

Table of Contents

- amounts accrued and vested through the Company's SERP; and
- other benefits as described below.

The named executives participate in deferred compensation plans that permit deferral of salary, bonus and stock awards. The last column of the Nonqualified Deferred Compensation for Fiscal 2006 table on page 28 reports each named executive's aggregate balance at December 31, 2006 for each plan. Upon termination, the named executives are entitled to receive the vested amount in their deferred compensation account. If the executive has previously elected to receive such amounts in the EDCP or Non-Qualified Savings Plan in installments, the undistributed account balances will continue to be credited with increases or decreases reflecting changes in the investment options chosen by the executive.

The discussion on page 27 under Pension Benefits for Fiscal 2006 discusses the general terms of the SERP and the corresponding table sets forth the present value of each participating named executive's unreduced benefit under the SERP.

Payments Made Upon Constructive Termination/Termination Without Cause

Under the Employment Agreements for Messrs. Ledsinger, Squeri and Mirgon, if the named executive is Constructively Terminated, he is entitled to receive all base salary, bonuses, benefits and perquisites (payable in the normal course) during the remaining term of the Employment Agreement. The remaining terms are: December 20, 2009 for Mr. Ledsinger; June 3, 2008 for Mr. Squeri; and March 3, 2008 for Mr. Mirgon. Such amounts are subject to offset if the named executive obtains other employment and are conditioned upon the named executive's obligation for a period of two years following termination not to disclose or use Company information and not to solicit Company employees. Additionally, Mr. Ledsinger is obligated not to compete with the Company for a period of two years.

Upon Constructive Termination under Mr. Wielgus' Employment Agreement, he is entitled to receive base salary, bonuses, benefits and perquisites (payable in the normal course) for a period of eighteen months following Constructive Termination, subject to his obligation not to disclose or use Company information and not to solicit Company employees for a period of two years.

For Messrs. Squeri, Mirgon and Wielgus, all unvested stock options, restricted stock and performance shares shall continue to vest during the term and vested options shall continue to be exercisable. For Mr. Ledsinger, unvested stock options and restricted stock granted prior to December 20, 2005 shall continue to vest during the term while unvested stock options and restricted stock granted after that date shall become immediately vested.

Constructive Termination under the Employment Agreements is defined as:

- The Company's removal or termination of the named executive without cause;
- Failure of the Company to place the named executive's name in nomination for re-election to the Employer's Board (pertains to only Mr. Ledsinger);
- Assignment of duties by the Company inconsistent with the duties set forth in the individual agreement;
- A decrease in the named executive's compensation or benefits (unless a similar decrease is imposed on all senior executives);
- A change in the named executive's title or line of reporting set forth in the individual agreement;
- A significant reduction in the scope of the named executive's authority, position, duties, or responsibilities;

Table of Contents

- The relocating of the named executive's office location to a location more than 25 miles from his prior place of employment;
- A significant change of the company's annual bonus program which adversely affects the named executive, or
- Any other material breach of the agreement by the Company.

If Mr. White were terminated by the Company without cause, he would qualify for a severance benefit under the Company's Severance Benefit Plan, which applies to all Company employees except for those employees who are subject to an employment agreement. Under the Severance Benefit Plan, base salary and medical and dental benefits are continued for a period following termination based on the employee's position and years of service. These benefits are subject to the employee signing the Company's standard release agreement.

Payments Made Upon Early Retirement

Mr. Ledsinger is the only Named Executive Officer, who would have qualified for early retirement on December 31, 2006. If he had done so, he would have received the unreduced benefit as described in Pension Benefits for Fiscal 2006 on page 27. Additionally, if Mr. Ledsinger had elected installment payout of his account balance under the EDCP, his undistributed account balance would continue to receive the Moody's plus 300 basis points rate of return, as described under Nonqualified Deferred Compensation for Fiscal 2006 on page 27.

Payments Made Upon Death or Disability

In the event of the death or disability of a Named Executive Officer, in addition to the benefits listed under the heading "Payments Made Upon Termination" above, the Named Executive Officer will receive benefits under the Company's disability plan or payments under the Company's life insurance plan, as appropriate. The Company's disability program provides that each of the named executives, except for Mr. White, will receive an annual benefit equal to 70% of the previous year's base salary and incentive bonus, with such amount capped at \$25,000 per month.

Mr. White's benefit will equal 60% of the previous year's base salary and incentive bonus, with such amount capped at \$15,000 per month. The disability benefit continues until the named executive reaches age 65.

Under the terms of the SERP, the participating Named Executive Officer's beneficiary will receive a monthly benefit equal to the 50% survivor annuity portion of the benefit which would have been payable had the participant elected to receive his accrued benefit in the form of a joint and 50% survivor annuity.

Payments Made Upon a Change of Control

For Messrs. Ledsinger, Squeri, Wielgus and Mirgon, if employment is terminated following a change of control (other than termination by the Company for cause or by reason of death or disability) or if the executive terminates employment during the twelve-month period following, in addition to the benefits listed under the heading "Payments Made Upon Termination" :

- the Named Executive Officer will receive:
 - a lump sum severance payment of 250% in the case of Mr. Ledsinger and 200% for the other three executives of their base salary and the previous year's annual incentive;
 - an amount to equalize for the excise tax charged to the named executive as a result of the receipt of any change-of-control payments; and
- all stock options and restricted stock held by the executive will automatically vest and become exercisable.

Table of Contents

While the aforementioned Named Executive Officers are entitled to an amount to equalize for excise tax charged to the executive pursuant to their employment agreements, none of the executives' compensation, as of December 31, 2006, rose to the limit set forth by Section 280G(b) of the Internal Revenue Code wherein an excise tax would be imposed.

Table of Contents**NON-EXECUTIVE DIRECTOR COMPENSATION FOR FISCAL 2006**

The Company's compensation program for directors is designed to align directors' interests with those of the shareholders and to compensate directors fairly for services each provides in his or her capacity as a director. In 2006, the Board conducted a comprehensive review of current director compensation. With input from Semler Brossy, the Board compared existing Board compensation to the competitive landscape and modified the compensation structure. These modifications are reflected in the following table. In addition, the director stock ownership guideline was increased from a value of \$150,000 to a value of \$175,000. Each director is required to meet this requirement within five years of election. Non-employee directors may elect once a year to defer a minimum of 25% of committee fees to be earned during the year. Any fees that are deferred are used to purchase shares of the Company's Common Stock. Such shares are distributed to the director at the time he or she ceases service as a director.

- (2) This column represents the amount of cash compensation earned in 2006 for Board and committee service.
- (3) This column represents the dollar amount recognized for financial statement reporting purposes with respect to 2006 for fair value of restricted stock in 2006 as well as prior years in accordance with FAS 123(R). Fair value is calculated by using the average of the high and low price of the Company stock on the date of grant. The differences in amounts shown among Board members largely reflect length of service. As of December 31, 2006, each Director had the following aggregate number of deferred share accumulated in their deferral accounts for all years of service as a Director, including additional shares credited as a result of reinvestment of dividend equivalents: Fiona Dias, 2,151; William L. Jews, 1,620; John T. Schwieters, 547; Ervin R. Shames 6,129; and Gordon A Smith, 1,523.
- (4) This column represents the dollar amount recognized for financial statement reporting purposes with respect to the 2006 fiscal year for the fair value of stock options previously granted to directors. The fair value was estimated using the Black-Scholes option-pricing model in accordance with FAS 123(R). The fair value per option was \$5.18, based on assumptions of 6.0 years expected life, expected volatility of 39.69%, expected dividends yield of 0% and a risk free rate of 2.88%. We ceased granting options to directors in 2003. Mr. Shames has 4,666 outstanding option awards at fiscal year end December 31, 2006.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Company's Amended and Restated Basic Policies of the Board of Directors require Board approval of any material transactions between the Company and its directors, officers, stockholders, employees or agents and affiliates. For this purpose, the Company's General Counsel determines which transactions may be viewed as material transactions under the policy. Board approval is further required for investments by directors, officers or employees in certain entities that compete with, supply to or purchase from the Company. Set forth below is information regarding certain transactions in which our executives, directors or entities associated with them had a direct or indirect material interest.

Sunburst Hospitality Corporation (Sunburst) is one of the Company's franchisees, with a portfolio of 25 Choice franchised hotels as of December 31, 2006. The Chairman of the Board, Stewart Bainum, Jr., along with other Bainum family members, own a controlling interest in Sunburst. Total revenue paid by Sunburst to the Company for franchising, royalty, marketing and reservation fees for fiscal year 2006 was \$5,007,084. The franchise agreements require the payment of certain fees and charges, including the following: (a) a royalty fee of between 1.93% to 5.0% of monthly gross room revenues; (b) a marketing fee of between 0.7% and 2.5% plus \$0.28 per day multiplied by the specified room count; and (c) a reservation fee of 0.88% to 1.75% of monthly gross room revenues (or 1% of monthly gross room revenues plus \$1.00 per room confirmed through Choice's reservation system). The marketing fee and the reservation fee are subject to reasonable increases during the term of the franchise if the Company raises such fees uniformly among all its franchisees, generally.

In connection with Sunburst's recapitalization in 2000, Choice and Sunburst entered into an Omnibus Amendment of the franchise agreements. The Omnibus Amendment provides that (i) Sunburst shall pay an application fee of \$20,000 on all future franchise agreements, and (ii) no royalties, marketing or reservation fees shall be payable for a period of two years for the next ten franchise agreements entered into after December 28, 1998, (iii) Sunburst is not required to pay liquidated damages upon the termination of any franchise agreements unless the related hotel owned by Sunburst that carried a Choice Hotels brand is not sold by Sunburst within three years from the date such hotel was reflagged with a different non-Choice Hotels brand, in which case liquidated damages will be paid with respect to any such hotel; not to exceed a maximum of \$100,000, (iv) that if Sunburst sells any property that is the subject of an existing Franchise Agreement with Choice Hotels, if that property is not past due on any fees and (a) is not failing a quality assurance review, Choice Hotels will enter into a new Franchise Agreement on customary market terms with the buyer (without addendum or property improvement plan), or (b) is failing a quality assurance review, Choice Hotels will enter into a Franchise Agreement on customary market terms with a property improvement plan containing only those items necessary to pass such quality assurance review.

In 2006, the Company subleased space in its Silver Spring, Maryland headquarters complex to Realty Investment Company, Inc. (Realty). The Chairman of the Board, Stewart Bainum, Jr., is Chairman of the Board of Realty and, along with other Bainum family members, owns a controlling interest in Realty. During fiscal year 2006, the Company received rent payments of \$129,173 from Realty. The rental payments under the sublease were a pass through of the Company's costs under the master lease. This sublease arrangement terminated in November 2006. However, the Company believes the sublease terms were at least as favorable as if obtained from non-related parties.

The Company subleases space in its Silver Spring, Maryland headquarters complex to the Commonweal Foundation (Commonweal), a non-profit organization that supports educational programs and projects assisting disadvantaged youth. Stewart Bainum, Sr., the father of Stewart Bainum, Jr., is the Chairman of the Board of Commonweal and other Bainum family members are members of the board of directors of Commonweal. Mr. Bainum retired from the Company Board of Directors in August 1998. Beginning in August 2004, the Company has donated a portion of the value of the subleased space to Commonweal. The Company is able to claim a deduction for the value of that portion of the subleased space, based on the Company's costs under the master lease. Mr. Bainum pays the remaining portion of rent for the space used by Commonweal.

Table of Contents

During fiscal year 2006, the Company received rent payments of \$61,535 from Mr. Bainum. The rental payments under the sublease are a pass through of the Company's costs under the master lease. As such, the Company believes the sublease is on terms at least as favorable as if obtained from non-related parties.

The Company maintains Master Aircraft Lease Agreements with Cedar Hill Investment Company, LLC (Cedar Hill), which is solely owned by Stewart Bainum, and LP_C, LLC (LPC), which is owned by Stewart Bainum, Stewart Bainum, Jr., Barbara Bainum and Roberta Bainum. The leases permit the Company to lease from time to time aircraft owned by Cedar Hill and LPC. During 2006, the Company incurred a total of \$63,135 for aircraft usage pursuant to the leases. The Company believes the terms of the aircraft leases are at least as favorable as if obtained from non-related parties.

In addition, the Company and Cambridge Flight Support, LLC, a wholly owned subsidiary of Realty, entered into a Flight Crew Services Agreement, pursuant to which Realty provides a pilot, co-pilot and fuel for the Company to use upon request. During fiscal year 2006, the Company incurred a total of \$70,096 for flight crew services pursuant to the agreements. The Company believes the terms of the agreement are at least as favorable as if obtained from non-related parties.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, (the Exchange Act) requires the Company's reporting officers and directors, and persons who own more than ten percent of the Company's Common Stock, to file reports of ownership and changes in ownership on Forms 3, 4 and 5 with the Securities and Exchange Commission (the Commission), the NYSE and the Company. Based solely on the Company's review of the forms filed with the Commission and written representations from reporting persons that they were not required to file Form 5 for certain specified years, the Company believes that all of its reporting officers, directors and greater than ten percent beneficial owners complied with all filing requirements applicable to them during the fiscal year ended December 31, 2006, except that a restricted stock grant by the Company to Mr. Sullivan was not reported on a timely-filed Form 4, but such transaction was subsequently reported on Form 4, and all transactions are reflected in this Proxy.

AUDIT COMMITTEE REPORT

Upon the recommendation of the Audit Committee and in compliance with the regulations of the NYSE, the Board of Directors has adopted an Audit Committee Charter setting forth the requirements for the composition of the Audit Committee, the qualifications of its members, the frequency of meetings, and the responsibilities of the Audit Committee. A copy of the Audit Committee charter is available at the investor relations section of the Company's website at www.choicehotels.com. The Audit Committee consists of Mr. Schwieters as Chairman, Mr. Shames and Mr. Sullivan. The Audit Committee is composed of three independent directors within the meaning of the NYSE's rules.

Report of Audit Committee

The Audit Committee is responsible for providing independent, objective oversight of the Company's accounting functions and internal controls. To effectuate this purpose, the Audit Committee possesses sole authority to engage and discharge independent registered public accounting firms. Further responsibilities of the Audit Committee include review of SEC filings and financial statements and ultimate supervision of the Company's internal auditing function.

Management is responsible for the Company's system of internal controls and the financial reporting process. The independent registered public accounting firm is responsible for performing an independent audit of the Company's consolidated financial statements and management's assessment of internal controls pursuant to Section 404 of the Sarbanes-Oxley Act of 2002 in accordance with Public Company Accounting Oversight Board (PCAOB) standards and to issue a report thereon. The Audit Committee's responsibility is to monitor and oversee those processes.

In this context, the Audit Committee has reviewed and discussed with management and independent registered public accounting firm, PricewaterhouseCoopers LLP, the Company's audited financial statements as of and for the year ended December 31, 2006. Management represented that the consolidated financial statements were prepared in accordance with Generally Accepted Accounting Principles (GAAP). The Audit Committee discussed with the independent registered public accounting firm matters required to be discussed by Statement on Auditing Standards (SAS) No. 90, Audit Committee Communications, SAS No. 89, Audit Adjustments and SAS No. 61, Communications with Audit Committees, as adopted by the PCAOB in Rule 3200T. All of these statements were issued by the American Institute of Certified Public Accountants.

In addition, the Audit Committee has discussed with PricewaterhouseCoopers LLP their independence from the Company and its management, including matters in the written disclosure required by the Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, as adopted by the PCAOB in Rule 3600T, also issued by the American Institute of Certified Public Accountants, and the provision of non-audit services by the independent registered public accounting firm. A disclosure summarizing the fees paid to PricewaterhouseCoopers LLP in 2006 for audit and non-audit services appears below under the heading *Principal Auditor Fees and Services*. All of the material services provided by PricewaterhouseCoopers LLP were pre-approved by the Audit Committee in accordance with its policies and procedures. The Audit Committee received a description of the services and approved them after determining that they would not affect the auditor's independence.

The Audit Committee discussed with the Company's internal auditors and independent registered public accounting firm the overall scopes and plans for their respective audits. The Audit Committee met with the internal auditors and independent registered public accounting firm, with and without management present, to discuss the results of their examinations, the evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

Based on the Audit Committee's discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2006, for filing with the Securities and Exchange Commission.

(iii) (A) The director or an immediate family member is a current partner of a firm that is the company's internal or external auditor; (B) the director is a current employee of such a firm; (C) the director has an immediate family member who is a current employee of such a firm and who participates in the firm's audit, assurance or tax compliance (but not tax planning) practice; or (D) the director or an immediate family member was within the last three years (but is no longer) a partner or employee of such a firm and personally worked on the listed company's audit within that time.
