**Forward-looking statements:** Certain statements made herein are forward-looking statements under the Private Securities Litigation Reform Act of 1995. These statements are based on the current expectations and estimates of the management of Hercules and TODCO and are subject to risks and uncertainties that may cause actual results to differ materially. Although Hercules and TODCO believe that such expectations reflected in such forward-looking statements are reasonable, they cannot give assurances that such expectations will prove to be correct. You should not place undue reliance on these forward-looking statements, which speak only as of the date hereof. Except as required by law, Hercules and TODCO undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.

**Risks of the merger:** Risks with respect to the combination of Hercules and TODCO include the risk that Hercules and TODCO will not be able to close the transaction, as well as difficulties in the integration of the operations and personnel of TODCO and diversion of management's attention away from other business concerns. Hercules and TODCO expect to incur substantial transaction and merger related costs associated with completing the merger, obtaining regulatory approvals, combining the operations of the two companies and achieving desired synergies. Additional unanticipated costs may be incurred in the integration of the businesses of Hercules and TODCO. Expected benefits of the merger may not be achieved in the near term, or at all. Hercules will have a significant amount of additional debt as a result of the merger. This debt will require Hercules to use cash flow to repay indebtedness, may have a material adverse effect on Hercules' financial health, and may limit Hercules' future operations and ability to borrow additional funds.

**Business risks:** Other risks and uncertainties that may affect actual results of Hercules and TODCO and the combined company after the merger include, among other things, oil and natural gas prices and industry expectations about future prices; demand for offshore and inland water rigs and liftboats; Hercules' and TODCO's ability to enter into and the terms of future contracts; the impact of governmental laws and regulations; increases in operating expenses; uncertainties relating to the level of activity in offshore oil and natural gas exploration, development and production; the availability of skilled personnel; extended delivery time for material and equipment; labor relations and work stoppages; operating hazards such as severe weather and seas, fires, cratering, blowouts, war, terrorism and inadequate insurance coverage; compliance with or breach of environmental laws; the impact of newly built rigs; the effect of litigation and contingencies; and the inability of Hercules or TODCO to achieve their plans or carry out their strategies. Other risks and uncertainties that may affect actual results are described in Hercules and TODCO's most recent periodic reports and other documents filed with the SEC, which are available free of charge at the SEC's website at <http://www.sec.gov>.
