For Immediate Release:

To Whom It May Concern

Mitsui & Co., Ltd.

Participation in Qatar Power Generation and Desalination Plant Project

Mitsui & Co., Ltd. (Mitsui) announced that it has entered into a joint venture agreement with Qatar Petroleum, Qatar Electricity and Water Company and Suez in regard to establishing a project company (Company) for a power generation and desalination project in Qatar 's Ras Laffan Industrial City.

The Company will construct a new power generation and desalination plant with a capacity of 2,730 MW plus 63 million gallons of fresh water per day and provide electricity and desalinated fresh water with Kahramaa (Qatar General Electricity and Water Corporation) for 25 years. The total project cost is approximately US\$3.9 billion (approximately 80% of the total cost is expected to be financed by syndicated banks on a limited recourse loan basis).

In April of this year, the Company will conclude a power and water purchase agreement and an engineering, procurement and construction contract and will start Commercial operations will start from April 2011.

In Qatar, Mitsui has participated in energy related projects, such as Qatargas 1 and Qatargas 3 LNG projects and Laffan Refinery project. Under the rapid economic growth in the Middle East region, Mitsui positions infrastructure projects in this area as significant field and aims to develop new energy related infrastructure projects utilizing its experience.
