**Item 2.02. Results of Operations and Financial Condition.**

On August 11, 2008, we are issuing a press release and holding a conference call regarding our financial results for the second quarter ended June 30, 2008. A copy of the press release is furnished as Exhibit 99.1 to this Form 8-K.

This information shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the Exchange Act ), or incorporated by reference in any filing under the Securities Act of 1933, as amended, or the Exchange Act, except as shall be expressly set forth by specific reference in such a filing.

We make reference to non-GAAP financial information in both the press release and the conference call. A reconciliation of these non-GAAP financial measures to the comparable GAAP financial measures is contained in the attached press release. Specifically, among other non-GAAP financial measures, we have provided net income (loss) and net income (loss) per share excluding non-cash, stock-based compensation expense.

Non-GAAP financial measures provide an indication of our performance before certain charges. Our management believes that in order to properly understand our short-term and long-term financial trends, investors may wish to consider the impact of these charges. These charges result from facts and circumstances that vary in frequency and/or impact on continuing operations. In addition, our management uses results of operations before certain charges to evaluate the operational performance of the company and as a basis for strategic planning. Investors should consider these non-GAAP measures in addition to, and not as a substitute for, financial performance measures in accordance with GAAP.
