CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

Certain statements contained in this Form 10-Q and other written or oral statements made by or on behalf of Piedmont Office Realty Trust, Inc. (Piedmont) may constitute forward-looking statements within the meaning of the federal securities laws. In addition, Piedmont, or the executive officers on Piedmont s behalf, may from time to time make forward-looking statements in reports and other documents Piedmont files with the Securities and Exchange Commission or in connection with oral statements made to the press, potential investors, or others. Statements regarding future events and developments and Piedmont s future performance, as well as management s expectations, beliefs, plans, estimates, or projections relating to the future, are forward-looking statements within the meaning of these laws. Forward-looking statements include statements preceded by, followed by, or that include the words may, will, expect, intend, anticipate, estimate, believe, continue, or other similar words. Examples of such statements in this report include descriptions of our real estate, financing, and operating objectives; descriptions of our share redemption program and our ability to purchase additional shares under such program; discussions regarding future distributions; and discussions regarding the potential impact of economic conditions on our portfolio.

These statements are based on beliefs and assumptions of Piedmont s management, which in turn are based on currently available information. Important assumptions relating to the forward-looking statements include, among others, assumptions regarding the demand for office space in the sectors in which Piedmont operates, competitive conditions, and general economic conditions. These assumptions could prove inaccurate. The forward-looking statements also involve risks and uncertainties, which could cause actual results to differ materially from those contained in any forward-looking statement. Many of these factors are beyond Piedmont s ability to control or predict. Such factors include, but are not limited to, the following:

Lease terminations or lease defaults, particularly by one of Piedmont s large lead tenants;

The impact of competition on Piedmont s efforts to renew existing leases or re-let space on terms similar to existing leases;

Changes in the economies and other conditions of the office market in general and of the specific markets in which Piedmont operates, particularly in Chicago, Washington, D.C., and the New York metropolitan area;

Economic and regulatory changes that impact the real estate market generally;

Potential development and construction delays and resultant increased costs and risks;

The success of Piedmont s real estate strategies and investment objectives;

Costs of complying with governmental laws and regulations;

Uncertainties associated with environmental and other regulatory matters;

Piedmont s ability to continue to qualify as a REIT under the Internal Revenue Code of 1986, as amended; and

Other factors, including the risk factors discussed under Item 1.A of Piedmont s Annual Report on Form 10-K for the year ended December 31, 2007.

Edgar Filing: Piedmont Office Realty Trust, Inc. - Form 10-Q

Management believes these forward-looking statements are reasonable; however, undue reliance should not be placed on any forward-looking statements, which are based on current expectations. Further, forward-looking statements speak only as of the date they are made, and management undertakes no obligation to update publicly any of them in light of new information or future events.

PART I. FINANCIAL STATEMENTS

ITEM 1. CONSOLIDATED FINANCIAL STATEMENTS

The information furnished in the accompanying consolidated balance sheets and related consolidated statements of income, stockholders' equity, and cash flows reflects all adjustments, that are, in management's opinion, necessary for a fair and consistent presentation of financial position, results of operations, and cash flows in accordance with U.S. generally accepted accounting principles.

The accompanying financial statements should be read in conjunction with the notes to Piedmont's financial statements and Management's Discussion and Analysis of Financial Condition and Results of Operations included in this report on Form 10-Q and with Piedmont's Annual Report on Form 10-K for the year ended December 31, 2007. Piedmont's results of operations for the three months and six months ended June 30, 2008 are not necessarily indicative of the operating results expected for the full year.

PIEDMONT OFFICE REALTY TRUST, INC.

CONDENSED NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

June 30, 2008

(unaudited)

1. Organization

Piedmont Office Realty Trust, Inc. (Piedmont) is a Maryland corporation that operates in a manner so as to qualify as a real estate investment trust (REIT) for federal income tax purposes and engages in the acquisition and ownership of commercial real estate properties throughout the United States, including properties that are under construction, are newly constructed, or have operating histories. Piedmont was incorporated in 1997 and commenced operations on June 5, 1998. Piedmont conducts business primarily through Piedmont Operating Partnership, LP (Piedmont OP), a Delaware limited partnership. Piedmont is the sole general partner and possesses full legal control and authority over the operations of Piedmont OP. Piedmont OP owns properties directly, through wholly owned subsidiaries, through certain joint ventures with real estate limited partnerships sponsored by its former advisor, and through certain joint ventures with other third parties. References to Piedmont herein shall include Piedmont and all of its subsidiaries, including Piedmont OP, its subsidiaries, and consolidated joint ventures.

As of June 30, 2008, Piedmont owned interests in 84 buildings, either directly or through joint ventures. Piedmont s wholly-owned buildings comprise approximately 21 million square feet of commercial office and industrial space, and are located in 23 states and the District of Columbia. As of June 30, 2008, these wholly-owned buildings were approximately 93% leased.

Since its inception, Piedmont has completed four public offerings of common stock for sale at \$10 per share. Combined with Piedmont s dividend reinvestment plan (the DRP), such offerings have provided approximately \$5.6 billion in total offering proceeds. From these proceeds, Piedmont has paid costs related to the offerings of (1) approximately \$171.1 million in acquisition and advisory fees and reimbursements of acquisition expenses; (2) approximately \$460.7 million in commissions on stock sales and related dealer-manager fees; and (3) approximately \$62.7 million in organization and other offering costs. In addition, Piedmont has used approximately \$821.1 million to redeem shares pursuant to Piedmont s share redemption program and to repurchase shares as a result of a legal settlement in one instance. The remaining net offering proceeds of approximately \$4.1 billion are invested in real estate. Piedmont s fourth public offering closed on July 25, 2004.

Piedmont registered an additional 100 million shares of common stock with the Securities and Exchange Commission (the SEC) for issuance pursuant to its DRP under a Registration Statement on Form S-3 (Commission File No. 333-114212), which became effective on April 5, 2004. Additionally, Piedmont registered 14.0 million shares of common stock with the SEC for issuance under its 2007 Omnibus Incentive Plan under a Registration Statement on Form S-8 (Commission File No. 333-142448), which became effective on April 30, 2007.

Piedmont s stock is not listed on a national exchange. Piedmont s charter requires Piedmont to begin the process of liquidating its investments and distributing the resulting proceeds to the stockholders if its common stock is not listed on a national securities exchange or over-the-counter market by July 30, 2009 (the Liquidation Date). The board of directors may, in its sole discretion, further extend the Liquidation Date from July 30, 2009 to January 30, 2011.

2. Summary of Significant Accounting Policies

Basis of Presentation

The consolidated financial statements of Piedmont have been prepared in accordance with the rules and regulations of the SEC, including the instructions to Form 10-Q and Article 10 of Regulation S-X, and do not include all of the information and footnotes required by U.S. generally accepted accounting principles (GAAP) for complete financial statements. In the opinion of management, the statements for the unaudited interim periods presented include all adjustments, which are of a normal and recurring nature, necessary for a fair presentation of the results for such periods. Results for these interim periods are not necessarily indicative of a full year s results. Piedmont s consolidated financial statements include the accounts of Piedmont, Piedmont OP, and certain entities in which Piedmont or Piedmont OP has a controlling financial

Table of Contents

interest. For further information, refer to the financial statements and footnotes included in Piedmont's Annual Report on Form 10-K for the year ended December 31, 2007.

Redeemable Common Stock

Subject to certain limitations, shares of Piedmont's common stock are contingently redeemable at the option of the stockholder. Such limitations include, but are not limited to, the following: (i) Piedmont may not redeem in excess of 5% of the weighted-average common shares outstanding during the prior calendar year during any calendar year; and (ii) in no event shall the life-to-date aggregate amount paid for redemptions under the Piedmont share redemption program exceed the life-to-date aggregate amount of proceeds received from the sale of shares pursuant to the DRP. Accordingly, Piedmont has recorded redeemable common stock equal to the aggregate amount of proceeds received under the DRP, less the aggregate amount incurred to redeem shares under Piedmont's share redemption program of \$57.6 million and \$166.9 million as of June 30, 2008 and December 31, 2007, respectively. Further, upon being tendered for redemption by the holder, Piedmont reclassifies redeemable common shares from mezzanine equity to a liability at settlement value. As of June 30, 2008 and December 31, 2007, respectively, approximately \$28.8 million and \$6.0 million of shares tendered for redemption have not been redeemed, and are, therefore, included in accounts payable, accrued expenses, and accrued capital expenditures in the accompanying consolidated balance sheets.

Income Taxes

Piedmont has elected to be taxed as a REIT under the Internal Revenue Code of 1986, as amended (the Code), and has operated as such, beginning with its taxable year ended December 31, 1998. To qualify as a REIT, Piedmont must meet certain organizational and operational requirements, including a requirement to distribute at least 90% of its annual REIT taxable income. As a REIT, Piedmont is generally not subject to federal income taxes. Accordingly, neither a provision nor a benefit for federal income taxes has been made in the accompanying consolidated financial statements. Piedmont is subject to certain state and local taxes related to the operations of properties in certain locations, which has been provided for in the consolidated financial statements.

Investment in Mezzanine Debt

FIN 46R, a modification of FIN No. 46, *Consolidation of Variable Interest Entities*, clarified the methodology for determining whether an entity is a Variable Interest Entity (VIE) and the methodology for assessing who is the primary beneficiary of a VIE. VIEs are defined as entities in which equity investors do not have the characteristics of a controlling financial interest or do not have sufficient equity at risk for the entity to finance its activities without additional subordinated financial support from other parties. If an entity is determined to be a VIE, it must be consolidated by the primary beneficiary. The primary beneficiary is the enterprise that absorbs the majority of the entity's expected losses, receives a majority of the entity's expected residual returns, or both. Generally, expected losses and expected residual returns are the expected negative and positive variability, respectively, in the fair value of the VIE's net assets.

When Piedmont makes an investment, it assesses whether it has a variable interest in a VIE and, if so, whether it is the primary beneficiary of the VIE. These analyses require considerable judgment in determining the primary beneficiary of a VIE since they involve subjective probability weighting of various cash flow scenarios. Incorrect assumptions or estimates of future cash flows may result in an inaccurate determination of the primary beneficiary. The result could be the consolidation of an entity acquired or formed in the future that would otherwise not have been consolidated or the nonconsolidation of such an entity that would otherwise have been consolidated.

Piedmont has evaluated its investment in mezzanine debt to determine whether it has variable interests in a VIE. For this investment, Piedmont has evaluated the sufficiency of the entities' equity investment at risk to absorb expected losses, and whether as a group, the equity has the characteristics of a controlling financial interest.

Piedmont's maximum exposure to loss as a result of its investment in mezzanine debt is \$45.9 million as of June 30, 2008.

Piedmont has determined that its investment in mezzanine debt is a VIE and Piedmont is the primary beneficiary. However, Piedmont has determined that the special-purpose entity that holds the debt (the Borrowing Entity) is not the primary beneficiary of the other VIEs in the overall property debt structure. The primary effect of these determinations is that Piedmont consolidates the Borrowing Entity (i.e., reflects the note receivable, discount on note receivable, interest

Table of Contents

income, and amortization of the discount on note receivable related to this investment in its consolidated financial statements) but does not consolidate the assets, liabilities, or operations of the other VIEs in the overall property debt structure.

Interest Rate Swap

Piedmont has entered into an interest rate swap agreement to hedge its exposure to changing interest rates on one of its variable rate debt instruments (see Note 6). As required by Statement of Financial Accounting Standards No. 133, *Accounting for Derivative Instruments and Hedging Activities* (SFAS 133), Piedmont records all derivatives on the balance sheet at fair value. Piedmont reassesses the effectiveness of its derivatives designated as cash flow hedges on a regular basis to determine if they continue to be highly effective and also to determine if the forecasted transactions remain highly probable. The changes in fair value of derivatives designated as cash flow hedges are recorded in other comprehensive income (OCI), and the amounts in OCI will be reclassified to earnings when the hedged transactions occur. Changes in the fair values of derivatives designated as cash flow hedges that do not qualify for hedge accounting treatment are recorded as gain/(loss) on interest rate swap in the consolidated statements of income. The fair value of the interest rate swap agreement is recorded as prepaid expenses and other assets or as interest rate swap liability in the accompanying consolidated balance sheets. Amounts received or paid under interest rate swap agreements are also recorded as gain/(loss) on interest rate swap in the consolidated income statements as incurred. Currently, Piedmont does not use derivatives for trading or speculative purposes and does not have any derivatives that are not designated as cash flow hedges.

Reclassifications

Certain prior period amounts have been reclassified to conform to the current period financial statement presentation.

Recent Accounting Pronouncements

In May 2008, the FASB issued SFAS No. 162, *The Hierarchy of Generally Accepted Accounting Principles* (SFAS 162). SFAS 162 identifies the sources of accounting principles and the hierarchy to be used in selecting the principles to be used in the preparation of financial statements that are presented in conformity with GAAP. SFAS 162 is effective 60 days following the SEC's approval of the Public Company Accounting Oversight Board amendments to AU Section 411, *The Meaning of Present Fairly in Conformity With Generally Accepted Accounting Principles* . Piedmont will continue to adopt the GAAP hierarchy prescribed by SFAS 162 in the preparation of its consolidated financial statements.

In March 2008, the FASB issued SFAS No. 161, *Disclosures about Derivative Instruments and Hedging Activities - an amendment to FASB Statement No. 133* (SFAS 161). SFAS 161 requires enhanced disclosures about an entity's derivative and hedging activities, improving the transparency of financial reporting. The enhanced disclosures include descriptions of how and why the entity uses derivative instruments, how such instruments are accounted for under FASB Statement No. 133, and how derivative instruments affect the entity's financial position, operations, and cash flows. SFAS 161 will be effective for Piedmont beginning January 1, 2009, with early adoption encouraged. Piedmont will continue to assess the provisions and evaluate the impact of SFAS 161 on its consolidated financial statements.

In February 2008, the FASB issued Staff Position No. SFAS 157-2, *Effective Date of FASB Statement No. 157* (FSP 157-2). FSP 157-2 delays the effective date of SFAS No. 157, *Fair Value Measurements* (SFAS 157), for all nonrecurring, nonfinancial assets and liabilities until fiscal years beginning after November 15, 2008. Accordingly, FSP 157-2 will be effective for Piedmont beginning January 1, 2009. Piedmont will continue to assess the provisions and evaluate the financial statement impact of SFAS 157-2 on its consolidated financial statements. However, Piedmont has adopted the other aspects of SFAS 157 which are not excluded by FSP 157-2 for its financial assets and liabilities effective beginning January 1, 2008. SFAS 157 defines fair value, establishes a framework for fair value, and expands disclosures required for fair value measurements under GAAP.

In December 2007, the FASB issued SFAS No. 160, *Noncontrolling Interests in Consolidated Financial Statements* (SFAS 160). SFAS 160 requires that noncontrolling interests should be reported as an element of consolidated equity, thus eliminating the practice of classifying minority interests within a mezzanine section of the balance sheet. SFAS 160 also requires that net income encompass the total income of all consolidated subsidiaries with an additional separate

Table of Contents

disclosure on the face of the income statement of the attribution of that income between the controlling and noncontrolling interests. All increases and decreases in the noncontrolling ownership interest amount will be accounted for as equity transactions. SFAS 160 will be effective for Piedmont beginning January 1, 2009. Piedmont will continue to assess the provisions and evaluate the financial statement impact of SFAS 160 on its consolidated financial statements.

In December 2007, the FASB issued SFAS No. 141R, *Business Combinations* (SFAS 141R). SFAS 141R requires, among other things, that transaction costs incurred in business combinations, including acquisitions of real estate assets which qualify as a business, be expensed as incurred by the acquirer. Preacquisition contingencies, such as environmental or legal issues, as well as contingent consideration, will generally be accounted for in purchase accounting at fair value. SFAS 141R is effective January 1, 2009. Piedmont expects the provisions of SFAS 141R, to the extent it enters into material acquisition activity in 2009, to have a material financial statement impact on its consolidated financial statements.

In June 2007, the American Institute of Certified Public Accountants (AICPA) issued Statement of Position (SOP) 07-1, *Clarification of the Scope of the Audit and Accounting Guide Investment Companies and Accounting by Parent Companies and Equity Method Investors for Investments in Investment Companies*, which provides guidance for determining which entities fall within the scope of the AICPA Audit and Accounting Guide for Investment Companies and requires additional disclosures for certain of those entities. The effective date of SOP 07-1 has been deferred indefinitely by the FASB. Piedmont will continue to assess the provisions and evaluate the financial statement impact of SOP 07-1 on its consolidated financial statements.

3. Investment in Mezzanine Debt

On March 19, 2008, Piedmont invested \$45.6 million in mezzanine debt of an entity which is generally secured by a pledge of the equity interest of the entity owning a 46-story, Class A, commercial office building located in downtown Chicago. Piedmont's interest is subordinate to the mortgage loan secured by the office building as well as subordinate to the interests of two other mezzanine lenders. The note matures on August 9, 2009 (with 3 one-year extension options exercisable at the borrower's discretion) and bears interest at a floating rate of LIBOR plus 1.61%. The purchase of the mezzanine debt resulted in a discount which will be amortized to interest income over the life of the loan using the straight-line method, which materially approximates the effective interest method. Such income, in addition to interest income received through borrower loan repayments, is recognized as interest income in the consolidated financial statements. Piedmont recognized such interest income of \$0.8 million and \$0.9 million for the three and six months ended June 30, 2008, respectively.

4. Real Estate Asset Acquisition

On May 15, 2008, Piedmont purchased an additional 1.5446% interest in the 35 W. Wacker Building from The John Buck Company (Buck) for approximately \$3.1 million. The purchase increases Piedmont's ownership, eliminates Buck as a minority partner, and simplifies the ownership structure. Leo Burnett, a tenant in the building, owns the remaining 3.4993% interest in the 35 W. Wacker Building.

On June 25, 2008, Piedmont purchased a newly-constructed eight-story office building containing approximately 221,225 aggregate rentable square feet located in Bethesda, Maryland (the Piedmont Pointe II Building) for approximately \$83.7 million, exclusive of closing costs. The Piedmont Pointe II Building is currently vacant.

5. Dispositions of Real Estate Assets

Discontinued Operations

The results of operations for the Citigroup Fort Mill Building (sold in March 2007) and the Videojet Technology Building (sold in March 2007) are classified as discontinued operations in the accompanying consolidated statements of income. The details comprising income from discontinued operations are provided below (in thousands):

		LIBOR + .475%			174,100	89,000
Total indebtedness					\$ 1,610,218	\$ 1,301,530

Edgar Filing: Piedmont Office Realty Trust, Inc. - Form 10-Q

* Represents 30-day LIBOR rate as of June 30, 2008.

⁽¹⁾ \$250 Million Term Loan has a stated variable rate; however, Piedmont entered into an interest rate swap which effectively fixes the rate on this facility to 4.97%, as of June 30, 2008 (see further details below).

During the six months ended June 30, 2008, Piedmont's net borrowings under its \$500 Million Unsecured Facility totaled approximately \$85.1 million. Piedmont made interest payments of approximately \$17.7 million and \$15.8 million for the three months ended June 30, 2008 and 2007, respectively and \$34.0 million and \$31.8 million for the six months ended

Table of Contents

June 30, 2008 and 2007, respectively. Piedmont had no capitalized interest for the six months ended June 30, 2008 or 2007.

\$250 Million Term Loan and Interest Rate Swap

On June 26, 2008, Piedmont OP entered into a \$250 million unsecured term loan facility (the "\$250 Million Term Loan") with J.P. Morgan Securities Inc. and Banc of America Securities, LLC, serving together as co-lead arrangers, JPMorgan Chase Bank, N.A., serving as administrative agent, Bank of America, N.A., serving as syndication agent, Wells Fargo Bank, N.A. (Wells Fargo), Regions Bank, N.A., and US Bank N.A., as documentation agents, and a syndicate of other financial institutions, serving as participants.

The term of the \$250 Million Term Loan is two years, and Piedmont may extend the term for one additional year provided Piedmont is not then in default and upon the payment of a 25 basis point extension fee. Piedmont paid customary arrangement and upfront fees to the lenders in connection with the closing of the \$250 Million Term Loan of approximately \$1.9 million.

The \$250 Million Term Loan bears interest at varying levels based on (i) the London Interbank Offered Rate (LIBOR), (ii) the credit rating levels issued for Piedmont, and (iii) an interest period selected by Piedmont of one, two, three, six months, or to the extent available from all lenders in each case, one year or periods of less than one month. The stated interest rate spread over LIBOR can vary from LIBOR plus 1.1% to LIBOR plus 2.0% based upon the then current credit rating of Piedmont. As of June 30, 2008, the current stated interest rate spread over LIBOR on the loan was 1.50%.

Under the \$250 Million Term Loan, Piedmont is subject to certain financial covenants that require, among other things, the maintenance of an unencumbered interest coverage ratio of at least 1.75, an unencumbered leverage ratio of at least 1.60, a fixed charge coverage ratio of at least 1.50, a leverage ratio of no more than 0.60, and a secured debt ratio of no more than 0.40.

In connection with obtaining the \$250 Million Term Loan, Piedmont entered into an interest rate swap agreement with Regions Bank for the full outstanding balance of the loan. The effective date of the interest rate swap agreement is June 27, 2008 and terminates June 28, 2010. Based upon Piedmont's current credit rating and the terms of the interest rate swap agreement, Piedmont's cash expenditure for interest is effectively fixed on the \$250 Million Term Loan at 4.97%.

In the event of a change of control of Piedmont, a certain non-consenting lender representing approximately \$40 million of the \$250 Million Term Loan may either be replaced by Piedmont with a suitable replacement lender, or be repaid by Piedmont within 10 days.

Interest Rate Swap Valuation

Piedmont's interest rate swap has been designated as a hedge of the variability in expected future cash flows on the \$250 Million Term Loan. Piedmont's objective in using this interest rate derivative is to add stability to interest expense and to manage its exposure to interest rate movements or other identified risks that currently exist. The valuation of this instrument is determined using widely accepted valuation techniques including discounted cash flow analysis on the expected cash flows of this derivative. This analysis reflects the contractual terms of the derivative, including the period to maturity, and uses observable market-based inputs, including interest rate curves and implied volatilities.

To comply with the provisions of SFAS 157, Piedmont incorporates credit valuation adjustments to appropriately reflect both its own nonperformance risk and the respective counterparty's nonperformance risk in the fair value measurement. In adjusting the fair value of its derivative contract for the effect of nonperformance risk, Piedmont has considered the impact of netting and any applicable credit enhancements, such as collateral postings, thresholds, mutual puts, and guarantees.

Although Piedmont has determined that the majority of the inputs used to value its derivative falls within Level 2 of the fair value hierarchy, the credit valuation adjustments associated with its derivative utilizes Level 3 inputs, such as estimates of current credit spreads to evaluate the likelihood of default by itself and its counterparty. However, as of June 30, 2008, Piedmont has assessed the significance of the impact of the credit valuation adjustments on the overall valuation

Table of Contents

of its derivative position and has determined that the credit valuation adjustments are not significant to the overall valuation of its derivative. As a result, Piedmont has determined that its derivative valuation in its entirety is classified in Level 2 of the fair value hierarchy.

The table below presents Piedmont's liability measured at fair value on a recurring basis as of June 30, 2008, aggregated by the level in the fair value hierarchy within which those measurements fall (in thousands):

	Quoted Prices in Active Markets for Identical Assets and Liabilities (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Balance at June 30, 2008
Liabilities				
Derivative financial instruments	\$	\$ 638	\$	\$ 638

7. Supplemental Disclosures of Noncash Investing and Financing Activities

Outlined below are significant noncash investing and financing activities for the six months ended June 30, 2008 and 2007 (in thousands):

	Six months ended June 30, (in thousands)	
	2008	2007
Acquisition of Piedmont's former advisor in exchange for common stock	\$	\$ 175,000
Transfer of common stock to Piedmont's former advisor in exchange for partnership units	\$	\$ 200
Investment in goodwill funded with other assets	\$	\$ 1,504
Accrued goodwill costs	\$	\$ 812
Liabilities assumed upon acquisition of Piedmont's former advisor	\$	\$ 1,264
Liabilities assumed at property acquisition	\$	\$ 667
Accrued redemptions of common stock	\$ (22,819)	\$ (471)
Accrued capital expenditures and deferred lease costs	\$ 3,848	\$ 1,095
Discounts applied to issuance of common stock	\$ 619	\$ 12,533
Discounts reduced as a result of redemptions of common stock	\$ 1,401	\$ 270
Redeemable common stock	\$ 109,327	\$ (22,429)

8. Agreements with Former Advisor Companies

For the period from January 1, 2007 through April 16, 2007, Piedmont incurred expenses under the following agreements with Piedmont's former advisor and its affiliates. On April 16, 2007, Piedmont closed the transaction to internalize the functions of its former external advisor companies and became a self-managed entity (the Internalization). Such agreements were terminated as part of the Internalization. The expenses incurred under the agreements for the periods presented are described below (in thousands):

Table of Contents

Agreement	Services Provided	Expense Incurred for the Three Months Ended		Expense Incurred for the Six Months Ended	
		June 30, 2008	June 30, 2007	June 30, 2008	June 30, 2007
<i>Asset Advisory Agreement</i>	Manage day-to-day operations; administer, promote, operate, maintain, improve, finance, lease, dispose of properties; provide accounting, compliance, other administrative services		\$ 1,052		\$ 7,046
<i>Property Management Agreement</i>	Manage properties; coordinate leasing of properties; manage construction activities at certain properties.		\$ 463		\$ 1,487
<i>Administrative reimbursements (pursuant to agreements listed above)</i>	Piedmont was required to reimburse each service provider for various expenses incurred in connection with the performance of its duties		\$ 617		\$ 3,031 ⁽¹⁾

⁽¹⁾ Includes approximately \$790,000 which was reimbursed by tenants pursuant to the respective lease agreements. *Agreements with Former Advisor Companies Post Internalization*

During the three and six months ended June 30, 2008 and 2007, Piedmont incurred expenses under the following agreements with Piedmont's former advisor and its affiliates (in thousands):

<i>Agreement</i>	services					July 1, 2008

- (1) Piedmont partially terminated this agreement as it relates to 7 of the 17 properties, effective July 1, 2008.
- (2) Piedmont terminated the investor relations support portion of this agreement effective July 1, 2008.

Table of Contents

9. Commitments and Contingencies

Commitments Under Existing Lease Agreements

Certain lease agreements include provisions that, at the option of the tenant, may obligate Piedmont to provide funding for capital improvements. Under existing lease agreements, the principal tenants at the 35 W. Wacker Building, are entitled to additional landlord-funded tenant improvements, leasing commissions, and building improvements, totaling approximately \$52.3 million as of June 30, 2008.

Contingencies Related to Tenant Audits

Certain lease agreements include provisions that grant tenants the right to engage independent auditors to audit their annual operating expense reconciliations. Such audits may result in the re-interpretation of language in the lease agreement which could result in the refund of previously recognized tenant reimbursement revenues, resulting in financial loss to Piedmont.

Assertion of Legal Action

In Re Wells Real Estate Investment Trust, Inc. Securities Litigation, Civil Action No. 1:07-cv-00862-CAP (Upon motions to dismiss filed by defendants, parts of all seven counts were dismissed by the court. Counts III through VII were dismissed in their entirety. A motion for class certification has been filed and the parties are engaged in discovery.)

On March 12, 2007, a stockholder filed a purported class action and derivative complaint in the United States District Court for the District of Maryland against, among others, Piedmont, Piedmont's previous advisors, and the officers and directors of Piedmont prior to the closing of the Internalization. The complaint attempts to assert class action claims on behalf of those persons who received and were entitled to vote on the proxy statement filed with the SEC on February 26, 2007.

The complaint alleges, among other things, (i) that the consideration to be paid as part of the Internalization is excessive; (ii) violations of Section 14(a), including Rule 14a-9 thereunder, and Section 20(a) of the Exchange Act, based upon allegations that the proxy statement contains false and misleading statements or omits to state material facts; (iii) that the board of directors and the current and previous advisors breached their fiduciary duties to the class and to Piedmont; and (iv) that the proposed Internalization will unjustly enrich certain directors and officers of Piedmont.

The complaint seeks, among other things, (i) certification of the class action; (ii) a judgment declaring the proxy statement false and misleading; (iii) unspecified monetary damages; (iv) to nullify any stockholder approvals obtained during the proxy process; (v) to nullify the merger proposal and the merger agreement; (vi) restitution for disgorgement of profits, benefits, and other compensation for wrongful conduct and fiduciary breaches; (vii) the nomination and election of new independent directors, and the retention of a new financial advisor to assess the advisability of Piedmont's strategic alternatives; and (viii) the payment of reasonable attorneys' fees and experts' fees.

On June 27, 2007, the plaintiff filed an amended complaint, which contains the same counts as the original complaint, described above, with amended factual allegations based primarily on events occurring subsequent to the original complaint and the addition of a Piedmont officer as an individual defendant.

On March 31, 2008, the court granted in part the defendants' motion to dismiss the amended complaint. The court dismissed five of the seven counts of the amended complaint in their entirety. The court dismissed the remaining two counts with the exception of allegations regarding the failure to disclose in Piedmont's proxy statement details of certain expressions of interest in acquiring Piedmont. On April 21, 2008, the plaintiff filed a second amended complaint, which alleges violations of the federal proxy rules based upon allegations that the proxy statement to obtain approval for Internalization omitted details of certain expressions of interest in acquiring Piedmont. The second amended complaint seeks, among other things, unspecified monetary damages, to nullify and rescind Internalization, and to cancel and rescind

Table of Contents

any stock issued to the defendants as consideration for Internalization. On May 12, 2008, the defendants answered the second amended complaint.

On June 23, 2008, the plaintiff filed a motion for class certification. As of the date of this filing, the time for the defendants to respond to plaintiff's motion for class certification has not yet passed. The parties are presently engaged in discovery.

Piedmont believes that the allegations contained in the complaint are without merit and will continue to vigorously defend this action. Due to the uncertainties inherent in the litigation process, it is not possible to predict the ultimate outcome of this matter at this time; however, as with any litigation, the risk of financial loss does exist.

In Re Piedmont Office Realty Trust, Inc. Securities Litigation, Civil Action No. 1:07-cv-02660-CAP (Defendants have filed a motion to dismiss the amended complaint.)

On October 25, 2007, the same stockholder mentioned above filed a second purported class action in the United States District Court for the Northern District of Georgia against Piedmont and its board of directors. The complaint attempts to assert class action claims on behalf of (i) those persons who were entitled to tender their shares pursuant to the tender offer filed with the SEC by Lex-Win Acquisition LLC on May 25, 2007, and (ii) all persons who are entitled to vote on the proxy statement filed with the SEC on October 16, 2007.

The complaint alleges, among other things, violations of the federal securities laws, including Sections 14(a) and 14(e) of the Exchange Act and Rules 14a-9 and 14e-2(b) promulgated thereunder. In addition, the complaint alleges that defendants have also breached their fiduciary duties owed to the proposed classes.

On December 26, 2007, the plaintiff filed a motion seeking that the court designate it as lead plaintiff and its counsel as class lead counsel, which the court granted on May 2, 2008.

On May 19, 2008, the lead plaintiff filed an amended complaint which contains the same counts as the original complaint. On June 30, 2008, defendants filed a motion to dismiss the amended complaint. The court has not yet ruled on the motion to dismiss.

Piedmont believes that the allegations contained in the complaint are without merit and will continue to vigorously defend this action. Due to the uncertainties inherent in the litigation process, it is not possible to predict the ultimate outcome of this matter at this time; however, as with any litigation, the risk of financial loss does exist.

Donald and Donna Goldstein, Derivatively on behalf of Nominal Defendant Piedmont Office Realty Trust, Inc. v. Leo F. Wells, III, et al. (Defendant's motion to dismiss granted - plaintiffs filed a notice to appeal)

On August 24, 2007, two stockholders of Piedmont filed a putative shareholder derivative complaint in the Superior Court of Fulton County, State of Georgia, on behalf of Piedmont against, among others, one of Piedmont's previous advisors, and a number of Piedmont's current and former officers and directors.

The complaint alleges, among other things, (i) that the consideration paid as part of the Internalization of Piedmont's previous advisors was excessive; (ii) that the defendants breached their fiduciary duties to Piedmont; and (iii) that the Internalization transaction unjustly enriched the defendants.

The complaint seeks, among other things, (i) a judgment declaring that the defendants have committed breaches of their fiduciary duties and were unjustly enriched at the expense of Piedmont; (ii) monetary damages equal to the amount by which Piedmont has been damaged by the defendants; (iii) an order awarding Piedmont restitution from the defendants and ordering disgorgement of all profits and benefits obtained by the defendants from their wrongful conduct and fiduciary breaches; (iv) an order directing the defendants to respond in good faith to offers which are in the best interest of Piedmont and its stockholders and to establish a committee of independent directors or an independent third party to evaluate strategic alternatives and potential offers for Piedmont, and to take steps to maximize Piedmont's and the stockholders' value; (v) an order directing the defendants to disclose all material information to Piedmont's stockholders with respect to the Internalization transaction and all offers to purchase Piedmont and to adopt and implement a procedure

Table of Contents

or process to obtain the highest possible price for the stockholders; (vi) an order rescinding, to the extent already implemented, the Internalization transaction; (vii) the establishment of a constructive trust upon any benefits improperly received by the defendants as a result of their wrongful conduct; and (viii) an award to the plaintiffs of costs and disbursements of the action, including reasonable attorneys' and experts' fees.

On March 13, 2008, the court granted the motion to dismiss this complaint. However, on April 11, 2008, the plaintiffs filed a notice to appeal the court's judgment granting the defendants' motion to dismiss.

Other Legal Matters

Piedmont is from time to time a party to other legal proceedings, which arise in the ordinary course of its business. None of these ordinary course legal proceedings are reasonably likely to have a material adverse effect on results of operations or financial condition.

10. Stock-Based Compensation

Deferred Stock Award Grant

On April 21, 2008, pursuant to the 2007 Omnibus Incentive Plan, Piedmont granted approximately 451,782 shares of common stock as deferred stock awards to its employees, of which 20,695 shares were surrendered immediately to satisfy required minimum tax withholding obligations. Of the shares granted, approximately 112,942 shares (or 25%) vested immediately and the remaining shares, adjusted for any forfeitures, vest ratably over three years. Piedmont estimated the fair value of the awards on the date of grant based on an assumed share price of \$8.70 per share reduced by the present value of dividends expected to be paid on the unvested portion of the shares discounted at the appropriate risk-free interest rate. As of June 30, 2008, 338,063 shares remained unvested.

On May 18, 2007, pursuant to the 2007 Omnibus Incentive Plan, Piedmont granted approximately 764,850 shares of common stock as deferred stock awards to its employees, of which 19,988 shares were surrendered immediately to satisfy required minimum tax withholding obligations. Of the shares granted, approximately 191,215 shares (or 25%) vested immediately. On May 18, 2008, approximately 185,952 shares vested, of which 62,678 shares were surrendered immediately to satisfy required minimum tax withholding obligations. The remaining shares, adjusted for any forfeitures, vest ratably over the next two years. Piedmont estimated the fair value of the awards on the date of grant based on an assumed share price of \$10.00 per share reduced by the present value of dividends expected to be paid on the unvested portion of the shares discounted at the appropriate risk-free interest rate. As of June 30, 2008, 369,770 shares remained unvested.

During the three months ended June 30, 2008 and 2007, Piedmont recognized approximately \$2.1 million and \$2.3 million of compensation expense, of which \$1.1 million and \$0.4 million relates to the nonvested shares. During the six months ended June 30, 2008 and 2007, Piedmont recognized approximately \$2.7 million and \$2.3 million of compensation expense, of which \$1.7 million and \$0.4 million relates to the nonvested shares. As of June 30, 2008, approximately \$3.5 million of unrecognized compensation cost related to nonvested share-based compensation remained, which Piedmont will record in its statements of income over the various vesting periods.

Annual Independent Director Equity Awards

On June 12, 2008, the board of directors of Piedmont approved an annual equity award for each of the independent directors of \$50,000 payable in the form of 5,747 shares of Piedmont's common stock. In addition, an award of 5,747 shares was also issued to a newly appointed independent director on June 26, 2008. Further, all 2007 awards which were previously deferred by directors were issued on June 12, 2008. During the quarter ended June 30, 2008, Piedmont recognized directors' fees of approximately \$450,000 related to these equity awards.

Table of Contents**11. Weighted-Average Common Shares**

There are no adjustments to Net income or Income from continuing operations for the diluted earnings per share computations.

The following table reconciles the denominator for the basic and diluted earnings per share computations shown on the consolidated statements of income (in thousands):

	Three Months Ended June 30,		Six Months Ended June 30,	
	2008	2007	2008	2007
Weighted-average common shares basic	479,401	480,921	482,649	473,629
Plus incremental weighted-average shares from time-vested conversions:				
Restricted stock awards	287	62	247	31
Weighted-average common shares diluted	479,688	480,983	482,896	473,660

12. Subsequent Events*Declaration of Dividend for the Third Quarter 2008*

On August 12, 2008, the board of directors of Piedmont declared dividends for the third quarter 2008 in the amount of \$0.1467 (14.67 cents) per share on the outstanding common shares of Piedmont to all stockholders of record of such shares as shown on the books of Piedmont at the close of business on September 15, 2008. Such dividends are to be paid on such date during the month of September 2008 as the President of Piedmont may determine.

Private Equity Purchase

On August 6, 2008, Piedmont purchased 3,909,701 shares owned collectively by Lex-Win Acquisition LLC and its affiliates (the Sellers) for a purchase price of \$8.31 per share. This purchase represents the entire balance of common stock of Piedmont owned by the Sellers. The purchase agreement contained customary representations and warranties by the Sellers, a standstill provision enforceable against the Sellers, and mutual non-disparagement provisions.

Table of Contents

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion and analysis should be read in conjunction with the accompanying consolidated financial statements and notes thereto of Piedmont Office Realty Trust, Inc. (Piedmont). See also Cautionary Note Regarding Forward-Looking Statements preceding Part I, as well as the notes to our consolidated financial statements and Management's Discussion and Analysis of Financial Condition and Results of Operations included in our Annual Report on Form 10-K for the year ended December 31, 2007.

Liquidity and Capital Resources

As of June 30, 2008, Piedmont had outstanding borrowings of approximately \$174.1 million on the \$500 Million Unsecured Facility. Along with outstanding letters of credit totaling approximately \$0.4 million, we had approximately \$325.5 million available for future borrowing.

We intend to use cash flows generated from operation of our properties, proceeds from our dividend reinvestment plan, and proceeds from our \$500 Million Unsecured Facility, as our primary sources of immediate and long-term liquidity. In addition, we expect distributions from our existing unconsolidated joint ventures and the potential selective disposal of existing properties to provide additional sources of funds.

We anticipate that our primary future capital requirements will include, but not be limited to, making scheduled debt service payments, including the repayment of approximately \$33.6 million related to the 3100 Clarendon Boulevard Building Mortgage Note in August 2008, and funding renovations, expansions, and other significant capital improvements for our existing portfolio of properties. Over the next few years, we anticipate funding significant capital expenditures for the properties currently in our portfolio. These expenditures include specifically identified building improvement projects (including amounts set forth in the Contractual Commitments and Contingencies table below), as well as projected amounts for tenant improvements and leasing commissions related to projected re-leasing, which are subject to change as market and tenant conditions dictate. Further, we currently expect to use a substantial portion of our future net cash flows generated from operations to pay dividends and fund share redemption requests pursuant to our share redemption program. Our pool of shares eligible for ordinary redemptions pursuant to our share redemption program in calendar year 2008 was exhausted as of June 30, 2008; however, we will continue to redeem shares related to death and required minimum distribution requests throughout the remainder of the year.

The amount of future dividends to be paid to our stockholders will continue to be largely dependent upon (i) the amount of cash generated from our operating activities, (ii) our expectations of future cash flows, and (iii) our determination of near-term cash needs for acquisitions of new properties, debt repayments, existing or future share redemptions or repurchases, and (iv) the timing of significant re-leasing activity and the establishment of additional cash reserves for anticipated tenant improvements and general property capital improvements.

Our cash flows from operations depend significantly on market rents and the ability of our tenants to make rental payments. While we believe the diversity and high credit quality of our tenants helps mitigate the risk of a significant interruption of our cash flows from operations, a general economic downturn, such as the one we are currently experiencing, or a downturn in one of our core markets, could adversely influence our lease renewals and market rent rates that would in turn negatively impact our operating cash flows. Our primary focus is to achieve the best possible long-term, risk-adjusted return for our company. In the event the economy continues to deteriorate or capital expenditure requirements necessary to maintain our properties increase, we would anticipate lowering the dividend rather than put pressure on our investment grade credit rating or accumulate significant borrowings to meet a dividend level higher than operating cash flow would support. However, due to differences in the timing of cash receipts and cash payments for operations, we may periodically borrow funds on a short-term basis to pay dividends.

During the six months ended June 30, 2008, we generated approximately \$150.0 million of cash flows from operating activities and approximately \$381.5 million from combined net borrowing activities and the issuance of common stock pursuant to our dividend reinvestment program. From such cash flows, we (i) paid dividends to stockholders of approximately \$140.5 million; (ii) invested approximately \$45.6 million in mezzanine debt, (iii) funded capital expenditures and

Table of Contents

deferred leasing costs totaling approximately \$115.0 million; and (iv) redeemed approximately \$157.6 million of common stock pursuant to our share redemption program.

Contractual Obligations

As of June 30, 2008, our contractual obligations are as follows (in thousands):

	Payments Due During the Years Ending December 31,				
	Total	Remainder of 2008	2009-2010	2011-2012	Thereafter
Outstanding debt obligations ⁽¹⁾	\$ 1,610,218	\$ 33,593	\$ 250,000	\$ 219,100	\$ 1,107,525
Operating lease obligations	64,002	282	1,193	1,259	61,268
Tenant/building improvements and lease commission obligations ⁽²⁾	52,326	38,076	12,152	2,098	
Total	\$ 1,726,546	\$ 71,951	\$ 263,345	\$ 222,457	\$ 1,168,793

⁽¹⁾ Amounts include principal payments only. We made interest payments of approximately \$34.0 million during the six months ended June 30, 2008 and expect to pay interest in future periods on outstanding debt obligations based on the rates and terms described herein and in our Annual Report on Form 10-K for the year ended December 31, 2007.

⁽²⁾ Includes contractual amounts we have agreed to pay as part of certain executed leases as of June 30, 2008. See Note 9 to our accompanying consolidated financial statements for more information.

Results of Operations*Overview*

As of June 30, 2008, we owned interests in 84 real estate properties that were approximately 93% leased. Our income from continuing operations for each period presented increased as compared to the prior year primarily due to the increase in rental income and tenant reimbursements related to recent re-leasing activity at our existing properties, as well as properties acquired subsequent to December 31, 2006. Increases in property operating costs, as a result of reimbursable tenant expenses, as well as increases in general and administrative expense and interest expense, were offset by the positive effects of Internalization, namely the decrease in asset management and property management fees, which were eliminated as of April 16, 2007. Additionally, non-recurring other rental income related to leases terminated or restructured during the period increased as compared to the prior year.

Table of Contents

Comparison of the three months ended June 30, 2008 vs. the three months ended June 30, 2007

The following table sets forth selected data from our consolidated statement of income for the three months ended June 30, 2008 and 2007, respectively, as well as each balance as a percentage of the sum of rental income and tenant reimbursements for the periods presented (dollars in millions):

	June 30, 2008	%	June 30, 2007	%	\$ Increase (Decrease)
Revenue:					
Rental income	\$ 113.9		\$ 110.5		3.4
Tenant reimbursements	\$ 36.6		\$ 34.7		1.9
Total rental income and tenant reimbursements	\$ 150.5	100%	\$ 145.2	100%	5.3
Property management fee revenue	\$ 0.9	1%	\$ 0.4	0%	0.5
Other rental income	\$ 0.8	1%	\$ 0.5	0%	0.3
Expense:					
Property operating costs	\$ 55.4	37%	\$ 52.8	36%	2.6
Asset and property management fees (related-party and other)	\$ 0.5	0%	\$ 2.1	1%	(1.6)
Depreciation	\$ 24.4	16%	\$ 23.5	16%	0.9
Amortization	\$ 15.6	10%	\$ 17.4	12%	(1.8)
General and administrative expense	\$ 9.2	6%	\$ 9.0	6%	0.2
Other income (expense):					
Interest expense	\$ (18.1)	12%	\$ (15.6)	11%	2.5
Interest and other income	\$ 1.1	1%	\$ 0.8	1%	0.3
Equity in income of unconsolidated joint ventures	\$ 0.5	0%	\$ 1.9	1%	(1.4)
Continuing Operations					

Revenue

Rental income increased from approximately \$110.5 million for the three months ended June 30, 2007 to approximately \$113.9 million for the three months ended June 30, 2008. This increase relates primarily to re-leasing activity at our existing properties, including significant lease renewals at our 60 Broad Street New York Building. Tenant reimbursements increased from approximately \$34.7 million for the three months ended June 30, 2007 to approximately \$36.6 million for the three months ended June 30, 2008. This increase reflects an increase in recoverable property operating costs during the three months ended June 30, 2008, as well as properties acquired subsequent to March 31, 2007.

Property management fee revenue, which includes both fee revenue and salary reimbursements, increased approximately \$0.5 million for the three months ended June 30, 2008 as compared to the prior period, as a result of our managing properties owned by other entities sponsored by our former advisor. We entered into the property management agreements in connection with the closing of the Internalization on April 16, 2007. Such income may decrease in future periods in the event that our former advisor makes other arrangements for the management of these properties. (See Note 8 of the accompanying consolidated financial statements for a description of the terms of this agreement.)

Other rental income increased approximately \$0.3 million for the three months ended June 30, 2008 as compared to the prior period and is primarily comprised of income recognized for lease terminations and restructurings. Lease terminations and restructurings for the three months ended June 30, 2008 relate to tenants at the Copper Ridge Center

Table of Contents

Building in Lyndhurst, New Jersey and the 6031 Connection Drive Building in Irving, Texas, while prior year amounts relate solely to IBM's termination at the Nike Rhein Building in Beaverton, Oregon, which was subsequently re-leased to Nike. Unlike the majority of our rental income, which is recognized ratably over long-term contracts, other rental income is recognized once we have completed our obligation to provide space to the tenant. We do not expect such income to be comparable in future periods, as it will be dependent upon the execution of lease termination and/or restructuring agreements that are deemed by management to be in the best interest of the portfolio over the long term.

Expense

Property operating costs increased approximately \$2.6 million for the three months ended June 30, 2008 compared to the prior period. This increase is primarily the result of increases in reimbursable tenant expenses at certain of our properties, including property taxes, utilities, repair and maintenance, and allocated administrative salaries, which are noted above as being reimbursed by tenants pursuant to their respective leases, as well as properties we acquired subsequent to March 31, 2007.

Asset and property management fees decreased approximately \$1.6 million for the three months ended June 30, 2008 compared to the prior period. This decrease is primarily due to the fact that we are no longer subject to certain related-party service contracts due to the Internalization transaction which took place on April 16, 2007, as well as a decrease in the number of third-party managed assets as compared to prior year (see Note 8 of the accompanying consolidated financial statements.)

Depreciation expense increased approximately \$0.9 million for the three months ended June 30, 2008 compared to the prior period. This increase is primarily the result of the properties we acquired subsequent to March 31, 2007 as well as increased depreciation on tenant improvements and capital expenditures at certain of our properties as a result of re-leasing activity.

Amortization expense decreased approximately \$1.8 million for the three months ended June 30, 2008 compared to the prior period. The decrease relates mainly to lease assets which have been fully amortized or written-off subsequent to June 30, 2007. This decrease was partially offset by the amortization of intangible assets related to properties we acquired subsequent to March 31, 2007.

General and administrative expense increased approximately \$0.2 million for the three months ended June 30, 2008 compared to the prior period. The increase is primarily related to independent director equity awards which were granted during the second quarter in the current year, as opposed to the third quarter in prior year; offset by the positive effects of being self-managed for a full period in 2008. We expect quarterly general and administrative expenses to be comparable in future periods as a result of being self-managed.

Other Income (Expense)

Interest expense increased approximately \$2.5 million for the three months ended June 30, 2008 compared to the prior period, primarily as a result of net borrowings on our \$500 Million Unsecured Facility in the current year. We expect levels of interest expense to increase in future periods as we continue to draw on our \$500 Million Unsecured Facility to fund redemptions pursuant to our share redemption program and new net investment activity, including capital expenditures at our existing properties, as well as incurring a full period of interest under our new \$250 Million Term Loan.

Interest and other income increased approximately \$0.3 million for the three months ended June 30, 2008 compared to the prior period. This increase is primarily due to the fact that we recognized income as a result of our investment in mezzanine debt in the current year. The level of interest income in future periods will be primarily dependent upon the amount of operating cash on hand, as well as income earned on our investment in mezzanine debt. Absent changes to investments in mezzanine debt, we expect interest and other income to decrease in future periods as we use cash previously reserved at the 35 W. Wacker Building to fund leasing commissions and tenant improvements required under leases executed during prior periods.

Equity in income of unconsolidated joint ventures decreased approximately \$1.4 million for the three months ended June 30, 2008 compared to the prior period as a result of our portion of the gain on sale recognized for the 111 South Chase Boulevard Building in May 2007.

Table of Contents

We expect equity in income of unconsolidated joint ventures to fluctuate in the near term based on the timing and extent to which dispositions occur as our unconsolidated joint ventures approach their stated dissolution period.

Income from continuing operations per share on a fully diluted basis remained stable at \$0.06 for the three months ended June 30, 2007 and June 30, 2008.

Discontinued Operations

In accordance with SFAS No. 144, *Accounting for the Impairment or Disposal of Long-Lived Assets*, we have classified the operations of properties held for sale and sold as discontinued operations for all periods presented. Income from discontinued operations was approximately \$0 and \$10,000 for the three months ended June 30, 2008 and 2007, respectively. These amounts consist of operations, including the gain on the sale, of the Citigroup Fort Mill Building and the Videojet Technology Building, which were both sold in March 2007. We do not expect that income from discontinued operations will be comparable to future periods, as such income is subject to the timing and existence of future property dispositions.

Comparison of the six months ended June 30, 2008 versus the six months ended June 30, 2007

The following table sets forth selected data from our consolidated statement of income for the six months ended June 30, 2008 and 2007, respectively, as well as each balance as a percentage of the sum of rental income and tenant reimbursements for the periods presented (dollars in millions):

	June 30, 2008	%	June 30, 2007	%	\$ Increase (Decrease)
Revenue:					
Rental income	\$ 228.3		\$ 222.1		6.2
Tenant reimbursements	\$ 75.7		\$ 70.7		5.0
Total rental income and tenant reimbursements	\$ 304.0	100%	\$ 292.8	100%	11.2
Property management fee revenue	\$ 1.6	1%	\$ 0.4	0%	1.2
Other rental income	\$ 5.6	2%	\$ 1.0	0%	4.6
Expense:					
Property operating costs	\$ 112.7	37%	\$ 105.0	36%	7.7
Asset and property management fees (related-party and other)	\$ 1.0	0%	\$ 11.6	4%	(10.6)
Depreciation	\$ 48.5	16%	\$ 46.9	16%	1.6
Amortization	\$ 32.1	11%	\$ 34.7	12%	(2.6)
General and administrative expense	\$ 16.3	5%	\$ 12.9	4%	3.4
Other income (expense):					
Interest expense	\$ (35.4)	12%	\$ (31.7)	11%	3.7
Interest and other income	\$ 1.8	1%	\$ 2.9	1%	(1.1)
Equity in income of unconsolidated joint ventures	\$ 1.1	0%	\$ 2.7	1%	(1.6)

Table of Contents

Continuing Operations

Revenue

Rental income increased from approximately \$222.1 million for the six months ended June 30, 2007 to approximately \$228.3 million for the six months ended June 30, 2008. This increase relates primarily to re-leasing activity at our existing properties, including significant lease renewals at our 60 Broad Street New York Building. Tenant reimbursements increased from approximately \$70.7 million for the six months ended June 30, 2007 to approximately \$75.7 million for the six months ended June 30, 2008. This increase reflects an increase in recoverable property operating costs during the six months ended June 30, 2008, as well as properties acquired subsequent to December 31, 2006.

Property management fee revenue, which includes both fee revenue and salary reimbursements, increased approximately \$1.2 million for the six months ended June 30, 2008 as compared to the prior period, as a result of our managing properties owned by other entities sponsored by our former advisor. We entered into the property management agreements in connection with the closing of the Internalization on April 16, 2007. Such income may decrease in future periods in the event that our former advisor makes other arrangements for the management of these properties. (See Note 8 of the accompanying consolidated financial statements for a description of the terms of this agreement.)

Other rental income increased approximately \$4.6 million for the six months ended June 30, 2008 as compared to the prior period and is primarily comprised of income recognized for lease terminations and restructurings. Unlike the majority of our rental income, which is recognized ratably over long-term contracts, other rental income is recognized once we have completed our obligation to provide space to the tenant. Other rental income for the six months ended June 30, 2007 relates primarily to leases terminated or restructured at the Nestle Los Angeles Building, the U.S. Bancorp Minneapolis Building, and to IBM's termination at the Nike Rhein Building in Beaverton, Oregon, which was subsequently re-leased to Nike. Other rental income for the six months ended June 30, 2008 relates primarily to leases terminated at the 6031 Connection Drive Building in Irving, Texas, the 1901 Main Street Building in Irvine, California, and the Copper Ridge Center Building in Lyndhurst, New Jersey. We do not expect such income to be comparable in future periods, as it will be dependent upon the execution of lease termination and/or restructuring agreements that are deemed by management to be in the best interest of the portfolio over the long term.

Expense

Property operating costs increased approximately \$7.7 million for the six months ended June 30, 2008 compared to the prior period. This increase is primarily the result of increases in reimbursable tenant expenses at certain of our properties, including property taxes, utilities, repair and maintenance, and allocated administrative salaries, which are noted above as being reimbursed by tenants pursuant to their respective leases, as well as properties we acquired subsequent to December 31, 2006.

Asset and property management fees decreased approximately \$10.6 million for the six months ended June 30, 2008 compared to the prior period. This decrease is primarily due to the fact that we are no longer subject to certain related-party service contracts due to the Internalization transaction which took place on April 16, 2007, as well as a decrease in the number of third-party managed assets as compared to prior year. (See Note 8 of the accompanying consolidated financial statements.)

Depreciation expense increased approximately \$1.6 million for the six months ended June 30, 2008 compared to the prior period. This increase is the result of the properties we acquired subsequent to December 31, 2006, as well as increased depreciation on tenant improvements and capital expenditures at certain of our properties as a result of re-leasing activity.

Amortization expense decreased approximately \$2.6 million for the six months ended June 30, 2008 compared to the prior period. The decrease relates mainly to lease assets which have been fully amortized or written-off subsequent to June 30, 2007. This decrease was partially offset by the amortization of intangible assets related to properties we acquired subsequent to December 31, 2006.

General and administrative expense increased approximately \$3.4 million for the six months ended June 30, 2008 compared to the prior period. Of this increase, approximately \$1.5 million is related to employee salary and benefit costs as a result of being self-managed during the entire six-month period of 2008 as compared to being externally managed in

Table of Contents

the prior year through April 16, 2007, the date of the Internalization. The remaining variance is related to (i) a full period of expenses incurred under the support service and transition service agreements in the current year as opposed to incurring such expenses in the prior year for the period from the date of the Internalization, (ii) the grant of independent director equity awards in the second quarter 2008 as opposed to granting similar awards in third quarter 2007, and (iii) costs incurred in conjunction with the board's determination of our net asset value in the first quarter 2008. We expect general and administrative expenses to be comparable in future periods as a result of being self-managed.

Other Income (Expense)

Interest expense increased approximately \$3.7 million for the six months ended June 30, 2008 compared to the prior period as a result of net borrowings on our \$500 Million Unsecured Facility in the current year. We expect levels of interest expense to increase in future periods as we continue to draw on our \$500 Million Unsecured Facility to fund redemptions pursuant to our share redemption program and new net investment activity, including capital expenditures at our existing properties, as well as incurring a full period of interest under our new \$250 Million Term Loan.

Interest and other income decreased approximately \$1.1 million for the six months ended June 30, 2008 compared to the prior period. This decrease relates primarily to a one-time reimbursement received during the six months ended June 30, 2007 from our former advisor for a \$1.3 million property management termination expense (included in asset and property management fees). Such decrease was partially offset by income recognized as a result of our investment in mezzanine debt in the current year. The level of interest income in future periods will be primarily dependent upon the amount of operating cash on hand, as well as income earned on our investment in mezzanine debt. Absent changes to investments in mezzanine debt, we expect interest and other income to decrease in future periods as we use cash previously reserved at the 35 W. Wacker Building to fund leasing commissions and tenant improvements required under leases executed during prior periods.

Equity in income of unconsolidated joint ventures decreased approximately \$1.6 million for the six months ended June 30, 2008 compared to the prior period as a result of our portion of the gain on sale recognized for the 111 South Chase Boulevard Building in May 2007. We expect equity in income of unconsolidated joint ventures to fluctuate in the near term based on the timing and extent to which dispositions occur as our unconsolidated joint ventures approach their stated dissolution period.

Income from continuing operations per share on a fully diluted basis increased from \$0.12 for the six months ended June 30, 2007 to \$0.14 for the six months ended June 30, 2008, primarily as a result of the increase in lease termination income and the positive effects of the Internalization, offset by the issuance of additional shares as consideration for the Internalization.

Discontinued Operations

In accordance with SFAS No. 144, *Accounting for the Impairment or Disposal of Long-Lived Assets*, we have classified the operations of properties held for sale and sold as discontinued operations for all periods presented. Income from discontinued operations was approximately \$10,000 and approximately \$21.5 million for the six months ended June 30, 2008 and 2007, respectively. These amounts consist of operations, including the gain on the sale, of the Citigroup Fort Mill Building and the Videojet Technology Building, which were both sold in March 2007. We do not expect that income from discontinued operations will be comparable to future periods, as such income is subject to the timing and existence of future property dispositions.

Funds From Operations (FFO)

FFO is a non-GAAP financial measure and should not be viewed as an alternative measurement of our operating performance to net income. We believe that FFO is a beneficial indicator of the performance of an equity REIT. Specifically, FFO calculations may be helpful to investors as a starting point in measuring our operating performance, because they exclude factors that do not relate to, or are not indicative of, our operating performance, such as depreciation and amortization of real estate assets and gains or losses from sales of operating real estate assets. As such factors can vary among owners of identical assets in similar conditions based on historical cost accounting and useful-life estimates, FFO may provide a valuable comparison of operating performance between periods and with other REITs.

Table of Contents

Management believes that accounting for real estate assets in accordance with GAAP implicitly assumes that the value of real estate assets diminishes predictably over time. Since real estate values have historically risen or fallen with market conditions, many industry investors and analysts have considered the presentation of operating results for real estate companies that use historical cost accounting to be insufficient by themselves. As a result, we believe that the use of FFO, together with the required GAAP presentation, provides a more complete understanding of our performance relative to our competitors and a more informed and appropriate basis on which to make decisions involving operating, financing, and investing activities. We calculate FFO in accordance with the current National Association of Real Estate Investment Trusts (NAREIT) definition, which defines FFO as net income (computed in accordance with GAAP), excluding gains or losses from sales of property, plus depreciation and amortization on real estate assets, and after the same adjustments for unconsolidated partnerships and joint ventures. However, other REITs may not define FFO in accordance with the NAREIT definition, or may interpret the current NAREIT definition differently than we do; therefore, our computation of FFO may not be comparable to such other REITs.

As presented below, FFO is adjusted to exclude the impact of certain noncash items, such as depreciation, amortization, and gains on the sale of real estate assets. However, FFO is not adjusted to exclude the impact of impairment losses or certain other noncash charges to earnings. Reconciliations of net income to FFO are presented below (in thousands):

	Three Months Ended June 30,				Six Month Ended June 30,			
	2008	Per Share*	2007	Per Share*	2008	Per Share*	2007	Per Share*
Net income	\$ 30,470	\$.06	\$ 28,196	\$.06	\$ 67,832	\$.14	\$ 78,323	\$.17
Add:								
Depreciation of real assets wholly owned properties	24,431	.06	23,488	.05	48,500	.10	47,200	.10
Depreciation of real assets unconsolidated partnerships	375		359		749		725	
Amortization of lease-related costs wholly owned properties	15,595	.03	17,443	.03	32,128	.07	34,691	.07
Amortization of lease-related costs unconsolidated partnerships	242		294		483		590	
Subtract:								
Gain on sale of properties wholly owned			(1,123)				(20,670)	(.04)
Gain on sale of properties unconsolidated partnerships			(17)				(1,130)	
FFO	\$ 71,113	\$.15	\$ 68,640	\$.14	\$ 149,692	\$.31	\$ 139,729	\$.30
Weighted-average shares outstanding diluted	479,688		480,983		482,896		473,660	

* Based on weighted-average shares outstanding- diluted.

Set forth below is additional information related to certain significant cash and noncash items included in or excluded from net income above, which may be helpful in assessing our operating results. In addition, cash flows generated from FFO may be used to fund all or a portion of certain capitalizable items that are excluded from FFO, such as capitalized interest, tenant improvements, building improvements, and deferred lease costs. Please see our accompanying consolidated statements of cash flows for details of our operating, investing, and financing cash activities.

Table of Contents

Noncash Items Included in Net Income:

In accordance with GAAP, we recognized straight-line rental revenues and adjustments to straight-line receivables as a result of lease terminations of approximately \$2.2 million and \$2.8 million during the three months ended June 30, 2008 and 2007, respectively, and approximately \$0.8 million and \$2.4 million for the six months ended June 30, 2008 and 2007, respectively.

The amortization of deferred financing costs totaled approximately \$0.4 million and \$0.4 million for the three months ended June 30, 2008 and 2007, respectively, and approximately \$1.1 million and \$0.9 million for the six months ended June 30, 2008 and 2007, respectively.

The amortization of above-market and below-market in-place leases recorded as a net increase in revenues in the accompanying consolidated statements of income totaled approximately \$0.8 million and \$0.5 million for the three months ended June 30, 2008 and 2007, respectively, and \$1.5 million and \$1.1 million for the six months ended June 30, 2008 and 2007, respectively.

The noncash portion of compensation expense related to shares issued under the 2007 Omnibus Incentive Plan recorded as general and administrative expense in the accompanying consolidated statements of income totaled approximately \$1.6 million and \$2.1 million for the three months ended June 30, 2008 and 2007, respectively; and \$2.4 million and \$2.1 million for the six months ended June 30, 2008 and 2007, respectively.

The noncash portion of interest income related to the amortization of discounts related to the investment in mezzanine debt recorded as interest and other income in the accompanying consolidated statements of income totaled approximately \$0.3 million and \$0 for the three months ended June 30, 2008 and 2007, respectively, and \$0.3 million and \$0 for the six months ended June 30, 2008 and 2007, respectively.

Election as a REIT

We have elected to be taxed as a REIT under the Code, and have operated as such beginning with our taxable year ended December 31, 1998. To qualify as a REIT, we must meet certain organizational and operational requirements, including a requirement to distribute at least 90% of our adjusted REIT taxable income, computed without regard to the dividends-paid deduction and by excluding net capital gains attributable to our stockholders, as defined by the Code. As a REIT, we generally will not be subject to federal income tax on taxable income that we distribute to our stockholders. If we fail to qualify as a REIT in any taxable year, we may be subject to federal income taxes on our taxable income for that year and for the four years following the year during which qualification is lost and/or penalties, unless the Internal Revenue Service grants us relief under certain statutory provisions. Such an event could materially adversely affect our net income and net cash available for distribution to our stockholders. However, we believe that we are organized and operate in such a manner as to qualify for treatment as a REIT and intend to continue to operate in the foreseeable future in such a manner that we will remain qualified as a REIT for federal income tax purposes. In April 2007, we created Piedmont Office Holdings, Inc. (Piedmont Sub), a wholly owned subsidiary of Piedmont. We have elected to treat Piedmont Sub as a taxable REIT subsidiary. We may perform non-customary services for tenants of buildings that we own, including any real estate or non-real estate related-services; however, any earnings related to such services are subject to federal and state income taxes. In addition, for us to continue to qualify as a REIT, our investments in taxable REIT subsidiaries cannot exceed 25% of the value of our total assets. Except for holding 20,000 limited partnership units in Piedmont OP, our operating partnership, Piedmont Sub, had no operations for the six months ended June 30, 2008.

No provision for federal income taxes has been made in our accompanying consolidated financial statements, as we had no operations subject to such treatment, and we made distributions in excess of taxable income for the periods presented. We are subject to certain state and local taxes related to the operations of properties in certain locations, which have been provided for in our accompanying consolidated financial statements.

Table of Contents

Inflation

We are exposed to inflation risk, as income from long-term leases is the primary source of our cash flows from operations. There are provisions in the majority of our tenant leases that are intended to protect us from, and mitigate the risk of, the impact of inflation. These provisions include rent steps, reimbursement billings for operating expense pass-through charges, real estate tax, and insurance reimbursements on a per square-foot basis, or in some cases, annual reimbursement of operating expenses above certain per square-foot allowances. However, due to the long-term nature of the leases, the leases may not readjust their reimbursement rates frequently enough to fully cover inflation.

Application of Critical Accounting Policies

Our accounting policies have been established to conform with GAAP. The preparation of financial statements in conformity with GAAP requires us to use judgment in the application of accounting policies, including making estimates and assumptions. These judgments affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of revenue and expenses during the reporting periods. If our judgment or interpretation of the facts and circumstances relating to various transactions had been different, it is possible that different accounting policies would have been applied, thus resulting in a different presentation of the financial statements. Additionally, other companies may utilize different estimates that may impact comparability of our results of operations to those of companies in similar businesses.

Investment in Real Estate Assets

We are required to make subjective assessments as to the useful lives of our depreciable assets. We consider the period of future benefit of the asset to determine the appropriate useful lives. These assessments have a direct impact on net income. The estimated useful lives of our assets by class are as follows:

Buildings	40 years
Building improvements	5-25 years
Land improvements	20-25 years
Tenant improvements	Shorter of economic life or lease term
Intangible lease assets	Lease term

Allocation of Purchase Price of Acquired Assets

Upon the acquisition of real properties, it is our policy to allocate the purchase price of properties to acquired tangible assets, consisting of land and building, and identified intangible assets and liabilities, consisting of the value of above-market and below-market leases, other value of in-place leases, and value of tenant relationships, based in each case on their estimated fair values.

The fair values of the tangible assets of an acquired property (which includes land and buildings) are determined by valuing the property as if it were vacant, and the as-if-vacant value is then allocated to land and building based on our determination of the relative fair value of these assets. We determine the as-if-vacant fair value of a property using methods similar to those used by independent appraisers. Factors considered by us in performing these analyses include an estimate of carrying costs during the expected lease-up periods considering current market conditions and costs to execute similar leases. In estimating carrying costs, we include real estate taxes, insurance, and other operating expenses and estimates of lost rental revenue during the expected lease-up periods based on current market demand. We also estimate the cost to execute similar leases including leasing commissions, legal, and other related costs.

The fair values of above-market and below-market in-place lease values are recorded based on the present value (using an interest rate that reflects the risks associated with the leases acquired) of the difference between (i) the contractual amounts to be paid pursuant to the in-place leases and (ii) our estimate of fair market lease rates for the corresponding in-place leases, measured over a period equal to the remaining noncancelable term of the lease. The above-market and below-market lease values are capitalized as intangible lease assets and liabilities and amortized as an adjustment of rental income over the remaining terms of the respective leases.

Table of Contents

The fair values of in-place leases include direct costs associated with obtaining a new tenant, opportunity costs associated with lost rentals that are avoided by acquiring an in-place lease, and tenant relationships. Direct costs associated with obtaining a new tenant include commissions, tenant improvements, and other direct costs and are estimated based on management's consideration of current market costs to execute a similar lease. These direct costs are included in deferred lease costs in the accompanying consolidated balance sheets and are amortized to expense over the remaining terms of the respective leases. The value of opportunity costs is calculated using the contractual amounts to be paid pursuant to the in-place leases over a market absorption period for a similar lease. Customer relationships are valued based on expected renewal of a lease or the likelihood of obtaining a particular tenant for other locations. These lease intangibles are included in intangible lease assets in the accompanying consolidated balance sheets and are amortized to expense over the remaining terms of the respective leases.

Estimates of the fair values of the tangible and intangible assets require us to estimate market lease rates, property operating expenses, carrying costs during lease-up periods, discount rates, market absorption periods, and the number of years the property is held for investment. The use of inappropriate estimates would result in an incorrect assessment of our purchase price allocations, which could impact the amount of our reported net income.

Valuation of Real Estate Assets

We continually monitor events and changes in circumstances that could indicate that the carrying amounts of the real estate and related intangible assets, both operating properties and properties under construction, in which we have an ownership interest, either directly or through investments in joint ventures, may not be recoverable. When indicators of potential impairment are present which indicate that the carrying amounts of real estate and related intangible assets may not be recoverable, we assess the recoverability of these assets by determining whether the carrying value will be recovered through the undiscounted future operating cash flows expected from the use of the asset and its eventual disposition. In the event that such expected undiscounted future cash flows do not exceed the carrying value, we adjust the real estate and related intangible assets to the fair value and recognize an impairment loss.

Projections of expected future cash flows require that we estimate future market rental income amounts subsequent to the expiration of current lease agreements, property operating expenses, the number of months it takes to re-lease the property, and the number of years the property is held for investment, among other factors. The subjectivity of assumptions used in the future cash flow analysis, including discount rates, could result in an incorrect assessment of the property's fair value and, therefore, could result in the misstatement of the carrying value of our real estate and related intangible assets and our net income. We have determined that there has been no material impairment in the carrying value of real estate assets held by us or any unconsolidated joint ventures at June 30, 2008.

Goodwill

We account for our goodwill in accordance with SFAS No. 142, *Goodwill and Other Intangible Assets* (SFAS 142). Goodwill is the excess of cost of an acquired entity over the amounts specifically assigned to assets acquired and liabilities assumed in purchase accounting for business combinations. We test the carrying value of our goodwill for impairment on an annual basis. The carrying value will be tested for impairment between annual impairment tests if an event occurs or circumstances change that would indicate the carrying amount may be impaired. An impairment loss may be recognized when the carrying amount of the acquired net assets exceeds the estimated fair value of those assets. We have determined that there have been no events or circumstances that would indicate that the carrying amount may be impaired for the six months ended June 30, 2008.

Investment in Variable Interest Entities

FIN 46R, a modification of FIN No. 46, *Consolidation of Variable Interest Entities*, clarified the methodology for determining whether an entity is a Variable Interest Entity (VIE) and the methodology for assessing who is the primary beneficiary of a VIE. VIEs are defined as entities in which equity investors do not have the characteristics of a controlling financial interest or do not have sufficient equity at risk for the entity to finance its activities without additional subordinated financial support from other parties. If an entity is determined to be a VIE, it must be consolidated by the primary beneficiary. The primary beneficiary is the enterprise that absorbs the majority of the entity's expected losses,

Table of Contents

receives a majority of the entity's expected residual returns, or both. Generally, expected losses and expected residual returns are the expected negative and positive variability, respectively, in the fair value of the VIE's net assets.

When we make an investment, we assess whether the investment has a variable interest in a VIE and, if so, whether it is the primary beneficiary of the VIE. These analyses require considerable judgment in determining the primary beneficiary of a VIE since they involve subjective probability weighting of various cash flow scenarios. Incorrect assumptions or estimates of future cash flows may result in an inaccurate determination of the primary beneficiary. The result could be the consolidation of an entity acquired or formed in the future that would otherwise not have been consolidated or the non-consolidation of such an entity that would otherwise have been consolidated.

We evaluate each investment to determine whether it has variable interests in a VIE. Further, we evaluate the sufficiency of the entities' equity investment at risk to absorb expected losses, and whether as a group, the equity has the characteristics of a controlling financial interest.

Interest Rate Swap

When we enter into an interest rate swap agreement to hedge our exposure to changing interest rates on our variable rate debt instruments, as required by Statement of Financial Accounting Standards No. 133, *Accounting for Derivative Instruments and Hedging Activities* (SFAS 133), we record all derivatives on the balance sheet at fair value. We reassess the effectiveness of our derivatives designated as cash flow hedges on a regular basis to determine if they continue to be highly effective and also to determine if the forecasted transactions remain highly probable. The changes in fair value of derivatives designated as cash flow hedges are recorded in other comprehensive income (OCI), and the amounts in OCI will be reclassified to earnings when the hedged transactions occur. Changes in the fair values of derivatives designated as cash flow hedges that do not qualify for hedge accounting treatment are recorded as gain/(loss) on interest rate swap in consolidated statements of income in the current period. The fair value of the interest rate swap agreement is recorded as prepaid expenses and other assets or as interest rate swap liability in the accompanying consolidated balance sheets. Amounts received or paid under interest rate swap agreements are also recorded as gain/(loss) on interest rate swap in the consolidated income statements as incurred. Currently, we do not use derivatives for trading or speculative purposes and do not have any derivatives that are not designated as cash flow hedges.

Related-Party Transactions and Agreements

For the period from January 1, 2007 through the closing of the Internalization transaction on April 16, 2007, we were a party to and incurred expenses under agreements with our former advisor and its affiliates, whereby we paid certain fees or reimbursements for asset advisory fees, acquisition and advisory fees, sales commissions, dealer-manager fees, and reimbursement of operating costs. See Note 8 of our accompanying consolidated financial statements included herein for a discussion of the various related-party transactions, agreements, and fees.

Commitments and Contingencies

We are subject to certain commitments and contingencies with regard to certain transactions. Refer to Note 9 to our consolidated financial statements for further explanation. Examples of such commitments and contingencies include:

Commitments Under Existing Lease Agreements;

Contingencies Related to Tenant Audits;

Assertion of Legal Action; and

Other Legal Matters.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Edgar Filing: Piedmont Office Realty Trust, Inc. - Form 10-Q

Our future income, cash flows, and fair values of our financial instruments depend in part upon prevailing market interest rates. Market risk is the exposure to loss resulting from changes in interest rates, foreign currency, exchange rates, commodity prices, and equity prices. Our exposure to market risk includes interest rate fluctuations in connection with any borrowings under our \$500 Million Unsecured Facility and our \$250 Million Term Loan. As a result, the primary market risk to which we believe we are exposed is interest rate risk. Many factors, including governmental monetary and

Table of Contents

tax policies, domestic and international economic and political considerations, and other factors that are beyond our control contribute to interest rate risk. Our interest rate risk management objectives are to limit the impact of interest rate changes on earnings and cash flow, primarily by maintaining a moderate level of variable-rate debt. In addition, we entered into an interest rate swap agreement with Regions Bank to effectively fix our rate on the \$250 Million Term Loan.

All of our debt was entered into for other than trading purposes, and the fair value of our debt materially approximates its carrying amount.

As of June 30, 2008, approximately \$1.4 billion of our outstanding debt is subject to fixed, or effectively fixed, interest rates. Our total outstanding debt has an average interest rate of approximately 4.95% per annum with expirations ranging from 2008 to 2017. A change in the market interest rate impacts the net financial instrument position of our fixed-rate debt portfolio but has no impact on interest incurred or cash flows. Such agreements may result in higher fixed interest rates in certain periods of lower variable interest rates, but are intended to decrease our exposure to potential increases in interest rates.

As of June 30, 2008, approximately \$174.1 million of our outstanding debt (the amount outstanding under our \$500 Million Unsecured Facility) is subject to variable interest rates. Our \$500 Million Unsecured Facility currently has a stated rate of LIBOR plus 0.475% per annum (2.46%, the 30-day LIBOR rate as of June 30, 2008). To the extent that we borrow funds in the future under the \$500 Million Unsecured Facility or potential future variable-rate lines of credit, we would have exposure to increases in interest rates, which would potentially increase our cost of debt.

ITEM 4T. CONTROLS AND PROCEDURES

Management's Conclusions Regarding the Effectiveness of Disclosure Controls and Procedures

We carried out an evaluation, under the supervision and with the participation of management, including the Principal Executive Officer and the Principal Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures as defined in Rule 15d-15(e) of the Securities Exchange Act of 1934 (the Exchange Act) as of the end of the quarterly period covered by this report. Based upon that evaluation, the Principal Executive Officer and the Principal Financial Officer concluded that our disclosure controls and procedures were effective as of the end of the period covered by this quarterly report in providing a reasonable level of assurance that information we are required to disclose in the reports we file or submit under the Exchange Act is recorded, processed, summarized, and reported within the time periods specified in applicable SEC rules and forms, including providing a reasonable level of assurance that information required to be disclosed by us in the reports we file under the Exchange Act is accumulated and communicated to our management, including the Principal Executive Officer and the Principal Financial Officer, as appropriate, to allow timely decisions regarding required disclosure.

Changes in Internal Control Over Financial Reporting

There were no changes in our internal control over financial reporting during the quarter ended June 30, 2008 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II. OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

In Re Wells Real Estate Investment Trust, Inc. Securities Litigation, Civil Action No. 1:07-cv-00862-CAP (Upon motions to dismiss filed by defendants, parts of all seven counts were dismissed by the court. Counts III through VII were dismissed in their entirety. A motion for class certification has been filed and the parties are engaged in discovery.)

On March 12, 2007, a stockholder filed a purported class action and derivative complaint in the United States District Court for the District of Maryland against, among others, Piedmont, our previous advisors, and our officers and directors prior to the closing of the Internalization. The complaint attempts to assert class action claims on behalf of those persons who received and were entitled to vote on the proxy statement filed with the SEC on February 26, 2007.

Table of Contents

The complaint alleges, among other things, (i) that the consideration to be paid as part of the Internalization is excessive; (ii) violations of Section 14(a), including Rule 14a-9 thereunder, and Section 20(a) of the Exchange Act, based upon allegations that the proxy statement contains false and misleading statements or omits to state material facts; (iii) that the board of directors and the current and previous advisors breached their fiduciary duties to the class and to Piedmont; and (iv) that the proposed Internalization will unjustly enrich certain directors and officers of Piedmont.

The complaint seeks, among other things, (i) certification of the class action; (ii) a judgment declaring the proxy statement false and misleading; (iii) unspecified monetary damages; (iv) to nullify any stockholder approvals obtained during the proxy process; (v) to nullify the merger proposal and the merger agreement; (vi) restitution for disgorgement of profits, benefits, and other compensation for wrongful conduct and fiduciary breaches; (vii) the nomination and election of new independent directors, and the retention of a new financial advisor to assess the advisability of Piedmont's strategic alternatives; and (viii) the payment of reasonable attorneys' fees and experts' fees.

On June 27, 2007, the plaintiff filed an amended complaint, which contains the same counts as the original complaint, described above, with amended factual allegations based primarily on events occurring subsequent to the original complaint and the addition of a Piedmont officer as an individual defendant.

On March 31, 2008, the court granted in part the defendants' motion to dismiss the amended complaint. The court dismissed five of the seven counts of the amended complaint in their entirety. The court dismissed the remaining two counts with the exception of allegations regarding the failure to disclose in our proxy statement details of certain expressions of interest in acquiring Piedmont. On April 21, 2008, the plaintiff filed a second amended complaint, which alleges violations of the federal proxy rules based upon allegations that the proxy statement to obtain approval for Internalization omitted details of certain expressions of interest in acquiring Piedmont. The second amended complaint seeks, among other things, unspecified monetary damages, to nullify and rescind Internalization, and to cancel and rescind any stock issued to the defendants as consideration for Internalization. On May 12, 2008, the defendants answered the second complaint.

On June 23, 2008, the plaintiff filed a motion for class certification. As of the date of this filing, the time for the defendants to respond to plaintiff's motion for class certification has not yet passed. The parties are presently engaged in discovery.

We believe that the allegations contained in the complaint are without merit and will continue to vigorously defend this action. Due to the uncertainties inherent in the litigation process, it is not possible to predict the ultimate outcome of this matter at this time; however, as with any litigation, the risk of financial loss does exist.

In Re Piedmont Office Realty Trust, Inc. Securities Litigation, Civil Action No. 1:07-cv-02660-CAP (Defendants have filed a motion to dismiss the amended complaint)

On October 25, 2007, the same stockholder mentioned above filed a second purported class action in the United States District Court for the Northern District of Georgia against us and our board of directors. The complaint attempts to assert class action claims on behalf of (i) those persons who were entitled to tender their shares pursuant to the tender offer filed with the SEC by Lex-Win Acquisition LLC on May 25, 2007, and (ii) all persons who are entitled to vote on the proxy statement filed with the SEC on October 16, 2007.

The complaint alleges, among other things, violations of the federal securities laws, including Sections 14(a) and 14(e) of the Exchange Act and Rules 14a-9 and 14e-2(b) promulgated thereunder. In addition, the complaint alleges that defendants have also breached their fiduciary duties owed to the proposed classes.

On December 26, 2007, the plaintiff filed a motion seeking that the court designate it as lead plaintiff and its counsel as class lead counsel, which the court granted on May 2, 2008.

On May 19, 2008, the lead plaintiff filed an amended complaint which contains the same counts as the original complaint. On June 30, 2008, defendants filed a motion to dismiss the amended complaint. The court has not yet ruled on the motion to dismiss.

Table of Contents

We believe that the allegations contained in the complaint are without merit and will continue to vigorously defend this action. Due to the uncertainties inherent in the litigation process, it is not possible to predict the ultimate outcome of this matter at this time; however, as with any litigation, the risk of financial loss does exist.

Donald and Donna Goldstein, Derivatively on behalf of Nominal Defendant Piedmont Office Realty Trust, Inc. v. Leo F. Wells, III, et al. (Defendant's motion to dismiss granted plaintiffs filed a notice to appeal)

On August 24, 2007, two stockholders of Piedmont filed a putative shareholder derivative complaint in the Superior Court of Fulton County, State of Georgia, on behalf of Piedmont against, among others, one of our previous advisors, and a number of our current and former officers and directors.

The complaint alleges, among other things, (i) that the consideration paid as part of the Internalization of our previous advisors was excessive; (ii) that the defendants breached their fiduciary duties to Piedmont; and (iii) that the Internalization transaction unjustly enriched the defendants.

The complaint seeks, among other things, (i) a judgment declaring that the defendants have committed breaches of their fiduciary duties and were unjustly enriched at the expense of Piedmont; (ii) monetary damages equal to the amount by which Piedmont has been damaged by the defendants; (iii) an order awarding Piedmont restitution from the defendants and ordering disgorgement of all profits and benefits obtained by the defendants from their wrongful conduct and fiduciary breaches; (iv) an order directing the defendants to respond in good faith to offers which are in the best interest of Piedmont and its stockholders and to establish a committee of independent directors or an independent third party to evaluate strategic alternatives and potential offers for Piedmont, and to take steps to maximize Piedmont's and the stockholders' value; (v) an order directing the defendants to disclose all material information to Piedmont's stockholders with respect to the Internalization transaction and all offers to purchase Piedmont and to adopt and implement a procedure or process to obtain the highest possible price for the stockholders; (vi) an order rescinding, to the extent already implemented, the Internalization transaction; (vii) the establishment of a constructive trust upon any benefits improperly received by the defendants as a result of their wrongful conduct; and (viii) an award to the plaintiffs of costs and disbursements of the action, including reasonable attorneys' and experts' fees.

On March 13, 2008, the court granted the motion to dismiss this complaint. However, on April 11, 2008, the plaintiffs filed a notice to appeal the court's judgment granting the defendants' motion to dismiss.

Other Legal Matters

We are from time to time a party to other legal proceedings, which arise in the ordinary course of our business. Except for the litigation disclosed above, we are not currently involved in any litigation, the outcome of which would, in management's judgment based on information currently available, have a material adverse effect on our results of operations or financial condition, nor is management aware, in consultation with outside legal counsel, of any other such litigation threatened against us during the quarter ended June 30, 2008 requiring disclosure under Item 103 of Regulation S-K.

ITEM 1A. RISK FACTORS

There have been no known material changes from the risk factors previously disclosed in our Annual Report on Form 10-K for the year ended December 31, 2007.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

- (a) There were no unregistered sales of equity securities during the second quarter of 2008.
- (b) Not applicable.

Edgar Filing: Piedmont Office Realty Trust, Inc. - Form 10-Q

- (c) Our board of directors has adopted a share redemption program, as announced in December 1999 and as subsequently amended from time to time, which provides stockholders with the opportunity to have their shares redeemed after they have held them for a period of one year for a purchase price equal to the lesser of (1) \$10 per share, or (2) the purchase price per share that they actually paid for their shares of the Company, less in both instances any amounts previously distributed to them attributable to special distributions of net

Table of Contents

sales proceeds from the sale of our properties (currently \$1.62 per share). Redemptions under the program are currently limited as follows: (1) during any calendar year, we will not redeem in excess of 5.0% of the weighted-average number of shares outstanding during the prior calendar year; and (2) in no event shall the life-to-date aggregate amount of redemptions under our share redemption program exceed life-to-date aggregate proceeds received from the sale of shares pursuant to our dividend reinvestment plan. During the quarter ended June 30, 2008, we redeemed shares pursuant to our share redemption program as follows (in thousands, except per-share amounts):

Period	Approximate Number of Shares Redeemed	Approximate Average Price Paid per Share	Maximum Approximate Dollar Value of Shares Available That May Yet Be Redeemed in Calendar Year 2008 Under the Plan
April 1, 2008 to April 30, 2008	5,244	\$ 8.38	\$ 75,725
May 1, 2008 to May 31, 2008	3,205	\$ 8.38	\$ 48,868
June 1, 2008 to June 30, 2008	3,424	\$ 8.38	\$ 20,176 ⁽¹⁾

- ⁽¹⁾ The maximum dollar amount remaining as of June 30, 2008 for redemptions pursuant to our share redemption program in future periods is approximately \$57.6 million, as life-to-date redemptions may not exceed life-to-date proceeds received under our dividend reinvestment plan. However, due to additional program restrictions, the pool of shares available for all redemptions in each calendar year (including ordinary, redemptions upon death, and required minimum distribution redemptions) is recalculated on January 1 of each year. As a result of this annual calculation, the total shares available for redemptions during the period January 1, 2008 to December 31, 2008 is approximately 24.1 million shares. However, the allocation of calendar year 2008 shares for ordinary redemptions was exhausted as of June 30, 2008. Therefore, the remaining 2008 calendar year shares available for redemptions will be used for redemptions upon death and required minimum distribution redemptions. Although the redemption pool for ordinary redemptions is scheduled to reset on January 1, 2009, our board of directors may amend, suspend or terminate our share redemption program at any time upon 30 days notice and may suspend it without prior notice in certain circumstances.

ITEM 3. DEFAULTS UPON SENIOR SECURITIES

- (a) There were no defaults with respect to any of our indebtedness during the second quarter of 2008.
- (b) Not applicable.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

No matters were submitted to a vote of our stockholders during the second quarter of 2008.

ITEM 5. OTHER INFORMATION

- (a) None.
- (b) None.

ITEM 6. EXHIBITS

The Exhibits required to be filed with this report are set forth on the Exhibit Index to Second Quarter Form 10-Q attached hereto.
