Revision of Consolidated Earnings Estimates for Fiscal Year Ending March 31, 2009

MHFG hereby revises its consolidated earnings estimates for the fiscal year ending March 31, 2009, which were announced on November 13, 2008, as set forth below.

1. Revision of Consolidated Earnings Estimates for Fiscal Year Ending March 31, 2009

	(billions of yen, %)		
	Full Fiscal Year (Apr. 1, 2008 - Mar. 31, 2009)		
	Ordinary Income	Ordinary Profits	Net Income
Previous Earnings Estimates			
(announced on November 13, 2008)	3,800.0	350.0	250.0
Revised Earnings Estimates	3,800.0	220.0	100.0
Net Change		-130.0	-150.0
Rate of Change		-37.1%	-60.0%

2. Reasons for the Revision and Other Matters

(1) The dislocation of the global financial markets stemming from U.S. subprime issues has worsened with the failure of Lehman Brothers in September 2008 and has caused an economic downturn on a global scale. As a result, the economic situation in and outside of Japan has been deteriorating rapidly since the announcement of the previous estimates on November 13, 2008.

(2) Based on the above situation, under the assumption that we will be recording expenses such as credit-related costs and losses related to securitization products in the fourth quarter in amounts similar to those in the third quarter, we revise downward our earnings estimate of net income by JPY 150.0 billion to JPY 100.0 billion.

We note that, in light of the uncertainty regarding future stock market movements, we are not revising our estimate regarding gains/losses related to stocks from the previous earnings estimate.

(3) There is no revision to MHFG's non-consolidated earnings estimates and estimates of cash dividends.
