**Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.**

On February 9, 2009, McKesson Corporation (the Company) entered into an Underwriting Agreement (the Underwriting Agreement) with Banc of America Securities LLC and J.P. Morgan Securities Inc., as representatives of the several underwriters named therein (the Underwriters), pursuant to which the Company agreed to issue and sell to the Underwriters \$350,000,000 aggregate principal amount of its 6.50% Notes due February 15, 2014 (the 2014 Notes) and \$350,000,000 aggregate principal amount of its 7.50% Notes due February 15, 2019 (the 2019 Notes and, together with the 2014 Notes, the Notes). The Notes will be issued pursuant to an Indenture (the Indenture), dated March 5, 2007, by and between the Company and The Bank of New York Mellon Trust Company, N.A. (formerly known as The Bank of New York Trust Company, N.A.), as trustee, as supplemented by an Officers Certificate, dated February 12, 2009 (the Officers Certificate).

The 2014 Notes will bear interest at the rate of 6.50% per year. The 2019 Notes will bear interest at the rate of 7.50% per year. Interest on the Notes is payable on February 15 and August 15 of each year, beginning on August 15, 2009. The 2014 Notes will mature on February 15, 2014 and the 2019 Notes will mature on February 15, 2019. Upon 30 days notice to holders of the Notes, the Company may redeem the Notes for cash in whole, at any time, or in part, from time to time, prior to maturity, at redemption prices that include accrued and unpaid interest and a make-whole premium, as specified in the Indenture and the Officers Certificate. The Indenture and the Officers Certificate limit the ability of the Company to incur certain liens or enter into sale and leaseback transactions, in each case subject to a cure period, or consolidate, merge or sell all or substantially all of its assets. The Notes will be unsecured and unsubordinated obligations of the Company and will rank equally with all of the Company's existing and future unsecured and unsubordinated indebtedness from time to time outstanding. The Indenture also contains customary event of default provisions. In the event of the occurrence of both (1) a change of control of the Company and (2) a downgrade of the Notes below an investment grade rating by each of Fitch Ratings, Moody's Investors Service, Inc. and Standard & Poor's Ratings Services within a specified period, an offer will be made to purchase the Notes from the holders at a price in cash equal to 101% of the then outstanding principal amount of the Notes, plus accrued and unpaid interest to, but not including, the date of repurchase.

The public offering price of the 2014 Notes was 99.936% of the principal amount, and the public offering price of the 2019 Notes was 99.659% of the principal amount. The Company expects to receive net proceeds (before expenses) of approximately \$694,207,500 million and to use such net proceeds for general corporate purposes.

The Notes were offered and sold pursuant to the Company's automatic shelf registration statement on Form S-3 (Registration No. 333-157176) under the Securities Act of 1933, as amended. The Company has filed with the Securities and Exchange Commission (the SEC) a prospectus supplement, dated February 9, 2009, together with the accompanying prospectus, dated February 9, 2009, relating to the offering and sale of the Notes.

For a complete description of the terms and conditions of the Underwriting Agreement, the Indenture, the Officers Certificate and the Notes, please refer to the Underwriting Agreement, the Indenture, the Officers Certificate, the form of 2014 Note and the form of 2019 Note, each of which is incorporated herein by reference and attached to this Current Report on Form 8-K as Exhibits 1.1, 4.1, 4.2, 4.3 and 4.4, respectively.

In reviewing the agreements included as exhibits to this Current Report on Form 8-K, please remember they are included to provide you with information regarding their terms and are not intended to provide any other factual or disclosure information about the Company or the other parties to the agreements. The agreements may contain representations and warranties by each of the parties to the applicable agreement. These representations and warranties have been made solely for the benefit of the other parties to the applicable agreement and:

should not in all instances be treated as categorical statements of fact, but rather as a way of allocating the risk to one of the parties if those statements prove to be inaccurate;

may have been qualified by disclosures that were made to the other party in connection with the negotiation of the applicable agreement, which disclosures would not necessarily be reflected in the agreement;

may apply standards of materiality in a way that is different from what may be viewed as material to you or other investors;  
and

were made only as of the date of the applicable agreement or such other date or dates as may be specified in the agreement and are subject to more recent developments.

Accordingly, these representations and warranties may not describe the actual state of affairs as of the date they were made or at any other time. Additional information about the Company may be found elsewhere in this Current Report on Form 8-K and our other public filings, which are available without charge through the SEC's website at <http://www.sec.gov>.

Some of the Underwriters and their affiliates have engaged in, and may in the future engage in, investment banking, commercial banking and other commercial dealings with the Company in the ordinary course of business. In particular, the affiliates of some of the Underwriters are participants in the Company's revolving credit facility and the Company's accounts receivable sales facility, each as described in the Company's filings with the SEC. They have received customary fees, commissions or other payments for these transactions.
