Item 8.01 Other Events.

This Current Report on Form 8-K updates the Live Nation, Inc. (the Company) Annual Report on Form 10-K for the year ended December 31, 2008 (the 2008 Annual Report), to reflect the following:

The retrospective change in business segments in the first quarter of 2009 from reporting Artist Nation as a separate segment to reporting it as part of the North American Music and International Music segments effective January 1, 2009.

The retrospective adoption of Financial Accounting Standards Board (FASB) Staff Position (FSP) APB 14-1, *Accounting for Convertible Debt Instruments That May Be Settled in Cash Upon Conversion (Including Partial Cash Settlement)*, effective January 1, 2009.

The retrospective adoption of FASB Statement of Financial Accounting Standards No. 160, *Noncontrolling Interests in Consolidated Financial Statements - an amendment of ARB No. 51*, effective January 1, 2009.

The retrospective adoption of FSP Emerging Issues Task Force 03-6-1, *Determining Whether Instruments Granted in Share-Based Payment Transactions Are Participating Securities*, effective January 1, 2009.

The Company began reporting comparative results under the new structure, including both the business segment realignments and the new accounting literature described above, effective with the filing of its Quarterly Report on Form 10-Q for the quarter ended March 31, 2009.

Our reportable segments are North American Music, International Music and Ticketing. In addition, we have United Kingdom theatrical venue operations and other businesses which are included under other operations. Prior to 2009, we reported an Artist Nation segment, which is now reported in the North American Music and International Music segments. This change has been made to be consistent with the way we are now managing the business. Our business formerly reported as Artist Nation includes the promotion and/or production of global tours and also provides other services to artists. These artist relationships tend to be long-term and typically involve multiple revenue streams for an artist. We enter into these relationships in order to fill the distribution platform of our businesses with recurring events, both domestically and internationally. This is not a separate part of these businesses but, is just one more facet of our North American Music and International Music segments. Therefore, we are now allocating these activities based on where the profits for service to these artists are being generated.
