**ST-Ericsson aims at improved financial performance, competitive cost structure  
and accelerated portfolio execution**

**Geneva, Switzerland, December 3, 2009** ST-Ericsson today announced its proposed plan to further improve financial performance and increase its competitiveness in the market. This plan follows the reorganization announcement made in July this year.

As part of this effort, the company will also conduct a global workforce review which may affect up to an additional 600 employees worldwide.

Specific country impact related to this proposed plan and further details will be provided when employee representatives have been involved where required.
