The Annual Meeting of Stockholders of QUICKLOGIC CORPORATION, a Delaware corporation (QuickLogic), will be held at QuickLogic s principal executive offices located at 1277 Orleans Drive, Sunnyvale, California 94089, on Tuesday, May 4, 2010, at 10:00 a.m., local time, for the following purposes:

1. To elect two Class II directors to serve for a term of three years expiring on the date on which our Annual Meeting of Stockholders is held in 2013;
2. To ratify the appointment of PricewaterhouseCoopers LLP as QuickLogic s independent registered public accounting firm for the fiscal year ending January 2, 2011; and
3. To transact such other business as may properly come before the Annual Meeting or at any and all adjournments or postponements thereof.

The foregoing items of business are more fully described in the Proxy Statement accompanying this Notice. Only stockholders of record at the close of business on March 8, 2010 are entitled to notice of and to vote at the Annual Meeting and any adjournments or postponements thereof.

This is our first year to use the U.S. Securities and Exchange Commission rule that allows companies to furnish their proxy materials over the Internet. This allows us to mail our stockholders a notice instead of a paper copy of this proxy statement and our 2009 Annual Report on Form 10-K. The notice contains instructions on how our stockholders may access our proxy statement and annual report over the Internet and how our stockholders can receive a paper copy of our proxy materials, including this proxy statement, our 2009 Annual Report and a form of proxy card. Stockholders who do not receive a notice, including stockholders who have previously requested to receive paper copies of proxy materials, will receive a paper copy of the proxy materials by mail unless they have previously requested delivery of proxy materials electronically. Employing this distribution process will help us to conserve natural resources and reduce the costs of printing and distributing our proxy materials. This proxy statement and form of proxy are being distributed and made available on or about March 25, 2010.

All stockholders are cordially invited to attend the Annual Meeting in person.

For the Board of Directors,

E. Thomas Hart

Chairman of the Board and

Chief Executive Officer

Sunnyvale, California

March 25, 2010

YOUR VOTE IS IMPORTANT

WHETHER OR NOT YOU PLAN TO ATTEND THE ANNUAL MEETING, WE HOPE YOU WILL VOTE AS SOON AS POSSIBLE. VOTING OVER THE INTERNET, BY TELEPHONE OR BY WRITTEN PROXY OR VOTING INSTRUCTION CARD WILL ENSURE YOUR REPRESENTATION AT THE ANNUAL MEETING REGARDLESS OF WHETHER YOU ATTEND IN PERSON.

QUICKLOGIC CORPORATION

PROXY STATEMENT

FOR ANNUAL MEETING OF STOCKHOLDERS

General

The accompanying proxy is solicited by the Board of Directors of QuickLogic Corporation, a Delaware corporation, for use at the Annual Meeting of Stockholders to be held on Tuesday, May 4, 2010, at 10:00 a.m., local time, or at any and all adjournments or postponements thereof, for the purposes set forth in this Proxy Statement and in the accompanying Notice of Annual Meeting of Stockholders. The meeting will be held at QuickLogic's principal executive offices located at 1277 Orleans Drive, Sunnyvale, California 94089. QuickLogic's telephone number at that address is (408) 990-4000. At the meeting, only stockholders of record at the close of business on March 8, 2010, the record date, will be entitled to vote. On March 8, 2010, QuickLogic's outstanding capital stock consisted of 35,141,862 shares of common stock.

At the meeting, the stockholders will be asked:

1. To elect two Class II directors to serve for a term of three years expiring on the date on which our Annual Meeting of Stockholders is held in 2013;
2. To ratify the appointment of PricewaterhouseCoopers LLP as QuickLogic's independent registered public accounting firm for the fiscal year ending January 2, 2011; and
3. To transact such other business as may properly come before the Annual Meeting or at any and all adjournments or postponements thereof.

This Proxy Statement and form of proxy were first provided to stockholders entitled to vote at the Annual Meeting on or about March 25, 2010, together with our 2009 Annual Report to Stockholders.

Voting and Discretionary Voting

Each stockholder is entitled to one vote for each share of common stock held on all matters presented at the Annual Meeting. Stockholders do not have the right to cumulate votes in the election of directors. Voting instructions are included on the proxy or voting instruction card.

Properly executed proxies received prior to the meeting, and subsequently not revoked, will be voted in accordance with the instructions on the proxy. Where no instructions are given, proxies will be voted FOR the director nominees described herein and FOR the ratification of the independent registered public accounting firm and, with respect to any other matter that may properly be brought before the Annual Meeting, in accordance with the judgment of the proxy holders.

Election of Directors

Holders of all outstanding shares of QuickLogic's common stock have the right to elect two Class II directors for a three-year term to the Board of Directors. The directors will be elected by a plurality of the votes of the shares of our common stock present in person or represented by proxy at the Annual Meeting. Votes withheld from any director are counted for purposes of determining the presence or absence of a quorum, but have no other legal effect under Delaware law.

Ratification of Appointment of Independent Registered Public Accounting Firm

Ratification of the appointment of PricewaterhouseCoopers LLP (PricewaterhouseCoopers) as QuickLogic's independent registered public accounting firm for the fiscal year ended January 2, 2011 will require the affirmative vote of a majority of the total voting power of the shares of our common stock represented in person or by proxy at the meeting and entitled to vote on the proposal.

Voting Electronically via the Internet, by Telephone or by Mail

Whether you hold shares directly as the stockholder of record or through a broker, trustee or other nominee as the beneficial owner, you may direct how your shares are voted without attending the Annual Meeting. If you hold your shares as a beneficial owner, it is critical that you cast your vote if you want it to count in the election of directors (Proposal No. 1). In the past, if you held your shares as a beneficial owner and you did not indicate how you wanted your shares voted in the election of directors, your bank or broker was allowed to vote your shares on your behalf in the election of directors as they felt appropriate. Starting this year, your stockbroker, bank or other nominee will not be able to vote in the election of directors unless they have your voting instructions so it is very important that you indicate your voting instructions to the institution holding your shares. If you hold your shares in street name and do not instruct your bank or broker how to vote in the election of directors, no votes will be cast on your behalf. Your bank or broker will, however, continue to have discretion to vote any uninstructed shares on the ratification of the appointment of PricewaterhouseCoopers LLP as QuickLogic's independent auditors (Proposal No. 2). Please ensure that you complete the voting instruction card sent by your bank or broker. There are three ways to vote by proxy:

By Internet Stockholders who have received a notice of the availability of the proxy materials by mail may submit proxies over the Internet by following the instructions on the notice. Stockholders who have received notice of the availability of the proxy materials by e-mail may submit proxies over the Internet by following the instructions included in the e-mail. Stockholders who have received a paper copy of a proxy card or voting instruction card by mail may submit proxies over the Internet by following the instructions on the proxy card or voting instruction card.

By Telephone Stockholders of record who live in the United States or Canada may submit proxies by telephone by calling 1-800-690-6903 and following the instructions. Stockholders of record who have received a notice of availability of the proxy materials by mail must have the control number that appears on their notice available when voting. Stockholders of record who received notice of the availability of the proxy materials by e-mail must have the control number included in the e-mail available when voting. Stockholders of record who have received a proxy card by mail must have the control number that appears on their proxy card available when voting. Most stockholders who are beneficial owners of their shares living in the United States or Canada and who have received a voting instruction card by mail may vote by phone by calling the number specified on the voting instruction card provided by their broker, trustee or nominee. Those stockholders should check the voting instruction card for telephone voting availability.

By Mail Stockholders who have received a paper copy of a proxy card or voting instruction card by mail may submit proxies by completing, signing and dating their proxy card or voting instruction card and mailing it in the accompanying pre-addressed envelope.

Notice of Availability of Proxy Materials for the Annual Meeting of Stockholders to be Held on May 4, 2010

Our proxy materials including our Proxy Statement, Annual Report on Form 10-K and proxy card are available on the Internet and may be viewed free of charge and printed at <http://materials.proxyvote.com/74837P>.

Solicitation of Proxies

This solicitation of proxies is made by the Board of Directors of QuickLogic and all costs associated with soliciting proxies will be borne by QuickLogic. In addition to the delivery of the notices and these proxy materials, the solicitation of proxies or votes may be made in person, by telephone or by electronic communication by our directors, officers and employees, who will not receive any additional compensation for such solicitation activities. We also have hired Broadridge Financial Solutions, Inc. (Broadridge) to assist us in the distribution of proxy materials and the solicitation of votes described above. We will pay Broadridge a base fee of \$28,000 plus customary costs and expenses for these services. QuickLogic has agreed to indemnify Broadridge against certain liabilities arising out of or in connection with its agreement. We also will reimburse brokerage houses and other custodians, nominees and fiduciaries for forwarding proxy and solicitation materials to stockholders.

Revocability of Proxies

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before its use by delivering to our Secretary a written notice of revocation or a duly executed proxy bearing a later date, or by attending the meeting and voting in person. Your presence at the Annual Meeting in and of itself is not sufficient to revoke your proxy. For shares you hold in street name, you may revoke your prior proxy by submitting new voting instructions to your broker or nominee.

Quorum; Abstentions; Broker Non-Votes

The presence at the Annual Meeting, in person or by proxy, of the holders of one-third of the voting power of our stock outstanding on the record date will constitute a quorum. As of the close of business on the record date, there were 35,141,862 shares of our common stock outstanding. Both abstentions and broker non-votes are counted for the purpose of determining the presence of a quorum. For the purpose of determining whether the stockholders have approved matters other than the election of directors, abstentions are treated as shares present or represented and voting, so abstaining has the same effect as a negative vote. Directors are elected based on a plurality of the votes cast. Shares held by brokers who do not have discretionary authority to vote on a particular matter and who have not received voting instructions from their customers are counted for determining the presence or absence of a quorum for conducting business but are not counted or deemed to be present or represented for the purpose of determining whether stockholders have approved that matter.

Stockholder Nominations and Proposals

The Nominating and Corporate Governance Committee of our Board of Directors has established policies and procedures, available on the investor relations portion of our website, <http://ir.quicklogic.com>, to consider recommendations for candidates to the Board of Directors from stockholders holding no less than 2,000 shares of the outstanding voting securities of the Company continuously for at least one-year prior to the date of the submission of the recommendation. Recommendations received after the date that is 120 days prior to the one year anniversary of the mailing of the previous year's proxy statement will likely not be considered timely for consideration at that year's annual meeting.

A stockholder that desires to recommend a candidate for election to the Board of Directors shall direct the recommendation in writing to the Nominating and Corporate Governance Committee, care of the Chief Financial Officer, 1277 Orleans Drive, Sunnyvale, California 94089, and must include the candidate's name, home and business contact information, detailed biographical data and qualifications and an explanation of the reasons why the stockholder believes this candidate is qualified for service on the Company's Board of Directors. The stockholder must also provide such other information about the candidate that would be required by the Securities and Exchange Commission (SEC) rules to be included in a proxy statement. In addition, the stockholder must include the consent of the candidate and describe any arrangements or undertakings between the stockholder and the candidate regarding the nomination. The stockholder must submit proof of Company stockholdings.

A stockholder that instead desires to nominate a person directly for election to the Board of Directors must meet the deadlines and other requirements set forth in Section 2.4 of the Company's Bylaws and the rules and regulations of the SEC.

Deadlines for Submission of Stockholder Proposals

Stockholders are entitled to present proposals for consideration at the next annual meeting of stockholders provided that they comply with the proxy rules promulgated by the SEC and our Bylaws.

Stockholders wishing to present a proposal for inclusion in the proxy statement relating to our 2011 Annual Meeting of Stockholders must submit such proposal to us by the date that is 120 days prior to the one year anniversary of the date on which this proxy is first mailed, in order to be considered timely for stockholder proposals or nominations to be included in such proxy statement, which date is November 25, 2010.

Householding

Householding is a cost-cutting procedure used by us and approved by the SEC. Under the householding procedure, we send only one Annual Report and Proxy Statement to stockholders of record who share the same address and last name, unless one of those stockholders notifies us that the stockholder would like a separate Annual Report and Proxy Statement. A stockholder may notify us that the stockholder would like a separate Annual Report and Proxy Statement by telephone at (408) 990-4000 or at the following mailing address: 1277 Orleans Drive, Sunnyvale, California 94089, Attention: Investor Relations. If we receive such notification that the stockholder wishes to receive a separate Annual Report and Proxy Statement, we will promptly deliver such Annual Report and Proxy Statement. A separate proxy card is included in the materials for each stockholder of record. If you wish to update your participation in householding, you may contact your broker or the mailing agent, Broadridge Financial Solutions, Inc., at (800) 542-1061.

PROPOSAL ONE**ELECTION OF DIRECTORS**

In the event that any nominee is unable or declines to serve as a director at the time of the Annual Meeting, proxies will be voted for a substitute nominee or nominees designated by the Nominating and Corporate Governance Committee of the Board of Directors. The term of office of each person elected as director will continue until such director's term expires in 2013 or until such director's successor has been elected and qualified or until such director's earlier death, resignation or removal.

Required Vote

The nominees receiving a plurality, or the highest number of affirmative votes of the shares present or represented and entitled to be voted for them, shall be elected directors. Votes withheld from any director are counted for purposes of determining the presence or absence of a quorum for the transaction of business, but have no other legal effect in the election of directors under Delaware law.

The Board of Directors has determined that the Company's current directors, with the exception of Mr. Hart, meet the independence requirements of the Nasdaq Global Market.

The Audit Committee meets with our management and appropriate financial personnel regularly to consider the adequacy of our internal controls and financial reporting process and the reliability of our financial reports to the public. The Audit Committee also meets with the independent registered public accounting firm regarding these matters. The Audit Committee has established a Financial Information Integrity Policy, pursuant to which QuickLogic can receive, retain and treat employee complaints concerning questionable accounting, internal control or auditing matters, or the reporting of fraudulent financial information. The Audit Committee examines the independence and performance of our independent registered public accounting firm. In addition, among its other responsibilities, the Audit Committee reviews our critical accounting policies, our annual and quarterly reports on Forms 10-K and 10-Q, and our earnings releases before they are published. The Audit Committee has a written charter, a copy of which is available on our website, free of charge, at <http://ir.quicklogic.com>.

Compensation Committee

The Compensation Committee held seven meetings in 2009 and acted by unanimous written consent four times during the year. Mr. Tauss has served as Chairman of the Compensation Committee since September 2004. Throughout fiscal year 2009 until February 2010, the members of the Compensation Committee included Messrs. Tauss and Krueger and Hide L. Tanigami who resigned from our Board on February 24, 2010. Mr. Callahan and Ms. Russell replaced Mr. Krueger on the Compensation Committee in February 2010. Each of current member of the Compensation Committee meets the independence requirements of the SEC and the Nasdaq Global Market and is an outside director in accordance with Section 162(m) of the Internal Revenue Code. The purpose of the Compensation Committee is to: (i) discharge the responsibilities of the Board of Directors relating to compensation of the Company's directors, Chief Executive Officer and executive officers, (ii) review and recommend to the Board of Directors compensation plans, policies and benefit programs, as well as approve individual executive officer compensation packages and (iii) review and discuss the Compensation Discussion and Analysis with management and prepare the Compensation Committee Report to be included in the Company's Annual Report on Form 10-K and Proxy Statement. The Compensation Committee's duties also include administering QuickLogic's stock option plans and employee stock purchase plans. During 2008, the Committee recommended and approved changes to the Company's equity award practices.

The Compensation Committee has the authority to retain and meet privately with independent advisors and compensation and benefits specialists as needed, and may request the assistance of any director, officer or employee of the Company whose advice and counsel are sought by the Committee. The Compensation Committee or the Board of Directors, after reviewing management's recommendations, determines the equity and non-equity compensation of the Company's executive officers and directors. Management generally provides internal compensation information, compensation survey information for similarly sized high technology companies, and other information to the Committee, and the Chief Executive Officer recommends compensation amounts for the executive officers other than the Chief Executive Officer. Under the guidance of the Compensation Committee, the Chief Executive Officer or an executive officer of the Company makes recommendations to the Compensation Committee regarding the executive incentive compensation plan, including plan objectives and payments earned based on performance to those objectives. The Compensation Committee may delegate its responsibilities to subcommittees when appropriate. The Compensation Committee has a written charter, which is available on our website, free of charge, at <http://ir.quicklogic.com>.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee held one meeting in 2009. Each of the directors on the Nominating and Corporate Governance Committee meets the independence requirements of the SEC and the Nasdaq Global Market. The purpose of the Nominating and Corporate Governance Committee is to: (i) assist the Board of Directors by identifying, evaluating and recommending to the Board of Directors, or approving as appropriate, individuals qualified to be directors of QuickLogic for either appointment to the Board of Directors or to stand for election at a meeting of the stockholders; (ii) review the composition and evaluate the performance of the Board of Directors; (iii) review the composition and evaluate the performance of the committees of the Board of Directors; (iv) recommend persons to be members of the committees of the Board of Directors; (v) review conflicts of interest of members of the Board of Directors and executive officers; and (vi) review and recommend to the Board of Directors corporate governance principles. Other duties of the Nominating and Corporate Governance Committee include overseeing the evaluation of management, succession planning and reviewing and monitoring the Company's Code of Conduct and Ethics. The Nominating and Corporate Governance Committee adopted our Corporate Governance Guidelines in December 2004. A copy of the Guidelines and a copy of the written charter of the Nominating and Corporate Governance Committee are available on our website, free of charge, at <http://ir.quicklogic.com>.

The Nominating and Corporate Governance Committee regularly reviews the size and composition of the full Board of Directors and considers the recommendations properly presented by qualified stockholders as well as recommendations from management, other directors and search firms to attract top candidates to serve on the Board of Directors. Except as may be required by rules promulgated by the SEC and the Nasdaq Global Market,

there are no specific, minimum qualifications that must be met by each candidate for the Board of Directors, nor are there specific qualities or skills that are necessary for one or more of the members of the Board of Directors to possess. In evaluating the qualifications of the candidates, the Committee considers many factors, including character, judgment, independence, expertise, length of service and other commitments, among others. Although the Committee does not have a formal policy with respect to diversity, the Committee does consider diversity when identifying director candidates and nominees with respect to differences of viewpoints, professional experiences, race, gender and other individual qualities and attributes that contribute to heterogeneity on the Board. The Committee evaluates such factors and does not assign any particular weight or priority to any of these factors. While the Committee has not established specific minimum qualifications for director candidates, the Committee believes that candidates and nominees must reflect a Board of Directors that is predominantly independent and is comprised of directors who (i) are of high integrity, (ii) have qualifications that will increase the overall effectiveness of the Board of Directors and (iii) meet other requirements as may be required by applicable rules, such as financial literacy or financial expertise with respect to Audit Committee members.

It is the policy of the Nominating and Corporate Governance Committee to consider recommendations for candidates to the Board of Directors from stockholders holding, continuously for at least one year prior to the date of the submission of the recommendation, either (i) shares of the outstanding voting securities of the Company in an amount equal to at least \$2,000 in market value or (ii) 1% of the Company's outstanding voting securities. Recommendations received after the date that is 120 days prior to the one year anniversary of the mailing of the previous year's proxy statement, will likely not be considered timely for consideration at that year's annual meeting. Stockholders may suggest qualified candidates for director by writing to the Nominating and Corporate Governance Committee, care of the Chief Financial Officer, 1277 Orleans Drive, Sunnyvale, California 94089 and must include the candidate's name, home and business contact information, detailed biographical data and qualifications and an explanation of the reasons why the stockholder believes this candidate is qualified for service on QuickLogic's Board of Directors. The stockholder must also provide such other information about the candidate that would be required by the SEC rules to be included in a proxy statement. In addition, the stockholder must include the consent of the candidate and describe any arrangements or undertakings between the stockholder and the candidate regarding the nomination. The Nominating and Corporate Governance Committee will evaluate all director nominations that are timely and properly submitted by stockholders on the same basis as any other candidate. Our Nominating and Corporate Governance Committee Policies and Procedures for Director Candidates is posted on our website at <http://ir.quicklogic.com>.

During 2009, activities of the Committee included reviewing and approving any actual or potential conflicts of interest, assessing the structure and performance of the Board and the committees of the Board, and reviewing our Code of Conduct and Ethics and our Policy for Stockholder Communications with Directors. The Committee also assessed the independence and qualifications of our directors, reviewed the performance of the CEO and his assessment of our executive officers, and ensured our directors adhered to our Corporate Governance Guidelines, including reviewing, monitoring and, where appropriate, approving fundamental financial and business strategies and major corporate actions. A copy of the Code of Conduct and Ethics and a copy of the Policy for Stockholder Communications with Directors are posted on our website at <http://ir.quicklogic.com>.

Other Committees and Participation

The Board of Directors has delegated to the Stock Option Committee, which currently consists of Ralph S. Marimon, our Vice President of Finance and Chief Financial Officer, and Catriona Meney, our Vice President of Human Resources and Development, the authority to:

- (i) approve the grant of restricted stock units and options to purchase Company stock to employees other than executive officers and certain other individuals, up to a limit of 40,000 shares per grant; (ii) grant refresh options to employees other than executive officers and certain other individuals, subject to the approval of the total number of such refresh options by the Board of Directors or the Compensation Committee; and (iii) amend options as authorized by the Board of Directors.

The Board of Directors held a total of six meetings during 2009 and acted by unanimous written consent once during the year. During 2009, no incumbent director attended fewer than 75% of the aggregate of (i) the

total number of meetings of the Board of Directors held during his or her term as a director and (ii) the total number of meetings held by all committees of the Board of Directors on which such director served during his or her term on such committee.

QuickLogic expects its directors to attend its annual meetings absent a valid reason, such as a schedule conflict. The April 22, 2009 Annual Meeting of Stockholders was attended by all then-current directors.

Stockholder Communications with the Board of Directors

The Nominating and Corporate Governance Committee has established a policy for stockholder communication with our Board of Directors. This policy, which is available on the investor relations portion of our website, provides a process for stockholders to send communications to the Board of Directors. Stockholders may contact QuickLogic's Board of Directors or any individual thereof, by writing, whether by mail or express mail, to: QuickLogic Corporation Board of Directors, 1277 Orleans Drive, Sunnyvale, California 94089. Communications received in writing are reviewed internally by management and then distributed to the Chairman, Lead Independent Director or other members of the Board, as appropriate. Stockholders who wish to contact the Board of Directors or any member of the Audit Committee to report questionable accounting or auditing matters may do so by using this address and designating the communication as Compliance Confidential.

Code of Conduct and Ethics

QuickLogic adopted a Code of Conduct and Ethics applicable to all directors, officers and employees on February 12, 2004. The Code covers topics including, but not limited to, financial reporting, conflicts of interest, confidentiality of information, compliance with laws and regulations and the code of ethics for our Chief Executive Officer, Chief Financial Officer and controllers. A copy of the Code of Conduct and Ethics, as amended, is posted on our website at <http://ir.quicklogic.com>. To date, there have been no waivers under our Code of Conduct and Ethics. We will post any waivers, if and when granted, on our website at <http://ir.quicklogic.com>.

Compensation Committee Interlocks and Insider Participation

During fiscal 2009, the following directors were members of QuickLogic's Compensation Committee: Gary H. Tauss (Chairman), Arturo Krueger and Hide L. Tanigami. None of the Compensation Committee's members has at any time been an officer or employee of QuickLogic.

None of QuickLogic's Named Executive Officers serves, or in the past fiscal year has served, as a member of the board of directors or compensation committee of any entity that has one or more of its executive officers serving on QuickLogic's Board or Compensation Committee.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our directors, executive officers and beneficial owners of more than 10% of our common stock to file with the SEC initial reports of ownership on Form 3 and reports of changes in ownership of our common stock and other equity securities on Form 4 or 5. Based solely on our review of the copies of such reports received by us or written representations from reporting persons, we believe that during the fiscal year ended January 3, 2010, all of our directors, with the exception of Mr. Callahan, executive officers, and holders of more than 10% of our common stock complied with all Section 16(a) filing requirements. Mr. Callahan's Form 4 filings for options granted to him on April 9, 2009 and for RSUs granted to him on November 5, 2009, were not timely filed. The Form 4s representing the transactions were both filed on November 18, 2009, after the Company was able to obtain Mr. Callahan's Central Index Key number which had been changed without the Company's knowledge.

PROPOSAL TWO**RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC****ACCOUNTING FIRM**

The Audit Committee of the Board of Directors has appointed PricewaterhouseCoopers LLP (PricewaterhouseCoopers), an independent registered public accounting firm, to audit QuickLogic's consolidated financial statements for the fiscal year ending January 2, 2011 and, as a matter of good corporate governance, seeks ratification of such appointment. In the event of a negative vote on such ratification, the Audit Committee will reconsider its appointment.

Representatives of PricewaterhouseCoopers are expected to be present at the 2010 Annual Meeting of Stockholders, will have the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

PricewaterhouseCoopers, the Company's independent registered public accounting firm, billed QuickLogic for the following professional services:

	Fiscal Years

All other fees	\$ 1,700	\$ 1,700

The Audit Committee pre-approved all services and fees provided by PricewaterhouseCoopers during fiscal years 2009 and 2008.

Descriptions of fees billed are as follows:

Pursuant to the Audit Committee Charter, the Audit Committee must pre-approve all audit and non-audit services, and the related fees, provided to QuickLogic by our independent registered public accounting firm, or subsequently approve non-audit services in those circumstances where a subsequent approval is necessary and permissible under the Securities Exchange Act of 1934, as amended, or the rules of the SEC. The Audit Committee pre-approved these services and fees regularly throughout the year.

The Audit Committee must approve all audit-related and permitted non-audit services to be performed by the independent auditors prior to the commencement of such services. The Audit Committee approves such services by PricewaterhouseCoopers on the basis that the services are compatible with the maintenance of that firm's independence in the conduct of its auditing functions. PricewaterhouseCoopers presents a fee proposal to the Audit Committee at mid-year for review. The approved fees determine the scope of their fiscal year services. Any audit or non-audit services outside that scope (whether service or amount) must be approved by the Audit Committee.

Required Vote

The affirmative vote of the holders of a majority of the votes cast will be required to ratify the appointment of PricewaterhouseCoopers as QuickLogic's independent registered public accounting firm for the fiscal year ending January 2, 2011.

Membership of the Audit Committee

Throughout 2009 to February 24, 2010, the Audit Committee consisted of Michael J. Callahan, Christine Russell and Gary H. Tauss. Since February 24, 2010, the Audit Committee has consisted of Michael R. Farese, Arturo Krueger and Christine Russell. Ms. Russell became Chairman of the Committee in April 2006. Mr. Callahan served as Chairman of the Committee from October 2004 until April 2006. Messrs. Callahan, Tauss, Farese and Krueger, as well as Ms. Russell, have been determined by our Board of Directors to be independent according to SEC rules and the Nasdaq Global Market's listing standards.

Audit Committee Financial Expert

As required by the Sarbanes-Oxley Act of 2002, our Board of Directors has determined that Ms. Russell has the qualifications to be our Audit Committee Financial Expert, as defined in the SEC rules and regulations and also meets the standards of independence adopted by the SEC and the Nasdaq Global Market for membership on an audit committee.

Role of the Audit Committee

Management is responsible for the financial reporting process, including the system of internal controls, and for the preparation of consolidated financial statements in accordance with generally accepted accounting principles (GAAP). Our independent registered public accounting firm is responsible for auditing those financial statements and expressing an opinion as to their conformity with accounting principles generally accepted in the United States. Our independent registered public accounting firm is also responsible for auditing our system of internal control over financial reporting. The Committee's responsibility is: (i) to monitor and review these processes; (ii) to provide our Board of Directors with the results and recommendations derived from this monitoring; and (iii) to select, appoint for ratification by the Company's stockholders and compensate the independent registered public accounting firm. However, the members of the Committee are not professionally engaged in the practice of accounting or auditing and are not experts in the fields of accounting or auditing, including with respect to the independence of the registered public accounting firm. The Committee relies, without independent verification, on the information provided to it and on the representations made by management and the independent registered public accounting firm.

The Audit Committee held five meetings during 2009. The meetings were designed to, among other things, facilitate and encourage communication among the Audit Committee, management and QuickLogic's independent registered public accounting firm, PricewaterhouseCoopers. The Audit Committee discussed with PricewaterhouseCoopers the overall scope and plans for their audits and met with PricewaterhouseCoopers, with and without management present, to discuss the results of their examinations and their evaluation of QuickLogic's internal controls. The purpose of the Audit Committee is to fulfill the Board of Director's oversight responsibilities relating to our corporate accounting and reporting practices, the quality and integrity of our financial reports, compliance with laws, the maintenance of ethical standards and effective internal controls. During the meetings held in 2009 and thereafter, the Audit Committee reviewed and discussed, among other things:

results of the 2009 independent audit of the financial statements and review of the Annual Report on Form 10-K and Proxy Statement;

issues regarding accounting, administrative and operating matters noted during the 2009 audit;

requirements and responsibilities for audit committees;

QuickLogic's significant policies for accounting and financial reporting and the status and anticipated effects of changes in those policies;

the quarterly and annual procedures performed by our independent registered public accounting firm;

the adequacy of our internal controls and financial reporting process and the reliability of our financial reports to the public;

the ability and responsibility to institute special investigations, if necessary, and obtain advice and assistance from independent outside legal, accounting or other services, with funding from the Company;

the quarterly consolidated unaudited financial statements and filings with the SEC;

related party transactions; and

other matters concerning QuickLogic's accounting, financial reporting and potential conflicts of interest.

Review of QuickLogic's Audited Financial Statements for the Fiscal Year Ended January 3, 2010

The Audit Committee reviewed and discussed the 2009 audited financial statements and the Company's internal control over financial reporting with management and the independent registered public accounting firm. Specifically, the Audit Committee discussed with the independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1, AV Section 380). In addition, the Audit Committee discussed with the independent registered public accounting firm, the firm's independence from management and QuickLogic, including the matters covered by the letter received by QuickLogic from the independent registered public accounting firm as required by the applicable requirements of the Public Company Accounting Oversight Board.

In March 2010, the Audit Committee reviewed QuickLogic's audited financial statements and footnotes for inclusion in QuickLogic's Annual Report on Form 10-K for the fiscal year ended January 3, 2010 and the Company's internal control over financial reporting. Based on this review and prior discussions with management and the independent registered public accounting firm, the Audit Committee recommended to the Board of Directors that QuickLogic's audited financial statements be included in its Annual Report on Form 10-K for the fiscal year ended January 3, 2010 for filing with the SEC.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

Overview

QuickLogic's compensation program is overseen and administered by the Compensation Committee (the "Committee"), which is comprised entirely of independent directors as determined in accordance with various SEC, Nasdaq and Internal Revenue Code rules. The Committee ensures that the total compensation paid to the Company's named executive officers ("NEOs") is fair, reasonable and competitive. The Committee operates under a written charter adopted by our Board. A copy of the charter is available free of charge at <http://ir.quicklogic.com>.

Compensation Philosophy and Objectives

The executive compensation programs and practices of the Company are designed to, among other things:

attract and retain highly qualified executive officers by offering overall compensation that is competitive with that offered for comparable positions in comparable companies in the high technology industry;

motivate executive officers to achieve the Company's business objectives through the use of an incentive compensation plan based on those objectives that ties incentive compensation to threshold performance levels and that rewards the achievement of performance exceeding objectives;

reward achievement of the Company's short-term and long-term goals;

align the interests of executive officers with the long-term interests of stockholders through executive participation in equity-based compensation plans, and by making a significant amount of cash compensation dependent upon the achievement of business objectives; and

discourage executives from exposing the Company to excessive risk.

Elements of Executive Compensation

The key elements of the compensation program for our NEOs are:

base salary;

performance-based incentive cash compensation earned based on achieving corporate objectives under our 2005 Executive Bonus Plan; and

stock-based incentive compensation programs.

The Committee sets base salary with the goal of attracting highly qualified NEOs and adequately compensating and rewarding them on a day-to-day basis for the time they spend, the services they perform and the skills and experience they bring to the Company. The Committee sets target cash incentive compensation and performance objectives to motivate our NEOs to achieve the performance objectives. The Committee grants our NEOs equity incentives to provide an incentive and reward for performance of key long-term business objectives and to help attract and retain these individuals. The Committee believes that the cash incentive performance objectives are aligned with creating stockholder value and that our equity incentives also align the interests of our NEOs and our stockholders while not encouraging our NEOs to expose the Company

Edgar Filing: QUICKLOGIC CORPORATION - Form DEF 14A

to excessive risk. In setting individual compensation levels for our NEOs, the Committee considers competitive market forces such as comparable compensation of similar individuals in similar companies as well as qualitative factors, such as experience, level of contribution, potential impact on company performance and relative internal pay, and quantitative factors relating to corporate and individual performance. The determination is not based on any single performance factor, nor does it specifically assign relative weights to factors; rather, a mix of factors is considered and individual performance is evaluated against that mix.

We have change of control arrangements with each of our NEOs. These arrangements are designed to provide our NEOs with certain payments and benefits if their employment with the Company is terminated. These arrangements are discussed in detail under the heading "Change of Control Agreements" below. The Board has determined that such payments and benefits are necessary to attract and retain our NEOs.

The Committee believes that our key elements of compensation, when combined, are effective, and will continue to be effective, in achieving the objectives of the Company's compensation program.

Cash-Based Compensation

NEO total target cash compensation consists of base salary and performance-based incentive compensation. During 2009, the target incentive component which is reported in column (d) of the Grants of Plan Based Awards table, was 23% to 35% of the total target cash compensation for each NEO.

The Committee determines the target cash compensation of the Chief Executive Officer and reviews and approves the target cash compensation for each of the Company's other NEOs. In determining target executive cash compensation, each component of a NEO's compensation is considered relative to a competitive market position based on executive compensation survey information for high technology public companies with less than \$50 million of revenue and other relevant information. The Committee reviews survey information for public companies since the companies in these surveys compete for executives with the skill sets, experience and other qualifications that are closely aligned with the executive qualifications sought by the Company. The surveys used in 2009 were provided by Radford Surveys + Consulting (Radford), a business unit of Aon Consulting that provides compensation surveys and consulting to the technology and life sciences industries. At the Committee's direction, the Company continues to work with Radford to identify and create a specific peer group for executive compensation purposes. Radford is not otherwise engaged by the Company.

The Committee sets base salaries and target incentive cash compensation for our NEOs that are within the range of total target cash compensation reported in the survey. The base salary and target incentive cash compensation for each NEO is based on individual performance and contribution as well as numerous other factors, consistent with the Committee's objective of attracting and retaining talented executive officers.

Under our 2005 Executive Bonus Plan (the Bonus Plan), our NEOs participate in a performance-based cash incentive compensation plan consisting of bonus incentive compensation. Our Bonus Plan is a pay for performance plan that places incentive compensation at risk. Certain performance thresholds must be achieved before our NEOs earn incentive compensation under the Bonus Plan payouts. In addition, the Bonus Plan increases bonus incentive awards when performance exceeds Bonus Plan objectives. Under the Bonus Plan, our NEOs are eligible to earn cash bonus incentive compensation based upon achieving certain quarterly performance goals and objectives relating to the Company. We have designed our Bonus Plan with the intent of encouraging NEOs to rise to a high level of performance and to motivate performance in line with the Company's approved operating plan. Further, our Bonus Plan is intended to increase stockholder value and the success of the Company by motivating key employees to perform to the best of their abilities and achieve or exceed the Company's objectives, and to reward achievement of the Company's short-term and long-term business goals.

In 2009, the total target cash compensation of our NEOs was:

Name	Base Salary	Bonus	Bonus as a Percentage of Base	Total Cash Compensation
E. Thomas Hart	\$ 350,000	\$ 150,500	43%	\$ 500,500
Frank Ellis	\$ 200,000	\$ 85,000	43%	\$ 285,000
Ralph S. Marimon	\$ 200,000	\$ 60,000	30%	\$ 260,000
Andrew J. Pease	\$ 200,000	\$ 110,000	55%	\$ 310,000
Timothy Saxe	\$ 195,000	\$ 87,750	45%	\$ 282,750

The Committee establishes quarterly and annual performance goals and objectives for the Bonus Plan. On December 24, 2008, the Committee established the 2009 target bonuses and performance objectives under the Bonus Plan. Unlike 2008, during which a portion of each NEO's total incentive compensation consisted of variable incentive compensation and bonus incentive compensation, during 2009, 100% of each NEO's incentive compensation consisted solely of bonus incentive compensation. In December 2008, the Committee reviewed and approved the 2009 business objectives and target cash compensation for our NEOs. The Committee determined that the primary business objective for 2009 was to achieve the new product revenue targeted in the Company's annual operating plan. Growth in this portion of the business was an important objective due to the strategic importance of these products and the markets they serve. Accordingly, the Committee determined that 100% of each NEO's target bonus incentive compensation would be based upon the Company achieving the new product revenue included in the annual operating plan. The Company had to achieve a certain threshold against an operating profit objective for participants to earn any bonus. Quarterly bonuses for the first, second, and third quarters were dependent on the actual level of the Company's performance against the objectives during the quarter in question, and ranged from 0% to 80% of the quarterly target bonus amounts. The fourth quarter bonus payment was dependent on the overall annual performance of the Company with respect to the annual objectives and ranged from 0% to 200% of the target bonus amounts. The Chief Executive Officer's target bonus for 2009 was 43% of his annual base salary and each of the other NEOs had a target bonus for 2009 equal to 30% to 55% of his annual base salary.

2009 Bonus Incentive Compensation Results

Achieving the new product revenue goal in our annual operating plan was our most important strategic objective for the year. New product revenue was below the threshold level required to earn bonus incentive compensation for this objective resulting in no bonus incentive payout during 2009 for any of our NEOs, with two exceptions. Mr. Marimon joined the Company as Vice President of Finance and Chief Financial Officer in November 2008 and, as part of his employment offer, was guaranteed at least 100% of his target incentive compensation during the first and second quarters of 2009. As a result, Mr. Marimon earned 100% of target incentive compensation during the first and second quarters of 2009. Mr. Ellis joined the Company as Vice President of Worldwide Sales in May 2009 and, as part of his employment offer, was guaranteed at least 100% of his target incentive compensation through the second quarter of 2009, pro-rated to his date of hire, and during the third and fourth quarters of 2009. As a result, Mr. Ellis earned 100% of target incentive compensation in 2009.

2010 Bonus Incentive Compensation

Upon recommendation from management to conserve cash, the Committee has not established target bonuses and performance objectives under the Bonus Plan for 2010. The Committee is considering establishing incentive awards for performance above our annual operating plan that may be adopted later in the year.

Stock-Based Compensation

The Committee believes that equity awards are an essential component of executive compensation. Equity awards are subject to vesting provisions to encourage our NEOs to remain employed with the Company and to align their interests with the long-term interests of our stockholders. The Committee may, however, grant immediately vested equity awards to our NEOs in lieu of cash compensation or for other reasons.

Our NEOs generally receive a stock option, approved by the Committee or the Board of Directors, when they join the Company. During each fiscal year, the Committee may grant our NEOs additional stock options or other equity awards. The Committee determines the equity awards made to the Chief Executive Officer in light of executive compensation survey information for similarly sized high technology companies, publicly available information on other high technology companies, and the relative size of our other NEO grants. The Committee also takes into consideration the Chief Executive Officer's relative responsibility, performance and anticipated future contribution to Company performance. The Committee receives recommendations from the Chief

Executive Officer on the amounts and terms of equity compensation to be awarded to the other NEOs. The Chief Executive Officer's recommendations are based on individual position, responsibilities, performance, compensation surveys and other publicly available information in addition to each NEO's anticipated future performance, responsibilities and potential impact on Company results. The Committee takes these factors into account when approving such awards.

The Committee also reviews prior equity awards to each NEO, including the number of shares that continue to be subject to vesting under prior option grants, in determining the size of option grants to each of our NEOs. Stock options are granted with an exercise price per share equal to the closing market price of the Company's common stock on the date of grant. In 2009, the Committee, following the above procedures, granted 10-year stock options to our NEOs that vest over a four year period. Each officer must remain employed on the vesting date to vest in the option. Equity incentive grants to our NEOs in 2009 are reflected in the Summary Compensation Table and the Grants of Plan-Based Awards table of this Proxy Statement.

In July 2009, in connection with a Company-wide cash conservation measure, the majority of our employees, including each of our NEOs, experienced a 10% cash reduction in base salary, except for our Chief Executive Officer who elected to receive a 20% cash reduction in base salary. The reduction in base salary was applied to the remaining pay periods in 2009. On July 23, 2009, in lieu of receipt of cash compensation, each participating employee, including each of our NEOs, except for the Chief Executive Officer, received a grant of RSUs equal in value to 10% of his or her base salary for the remainder of the year increased by a factor of 1.2. Our Chief Executive Officer received RSUs equal in value to 20% of his base salary for the remaining pay periods in 2009 increased by a factor of 1.2. Fifty percent of these RSUs vested on August 6, 2009 and the other 50% vested on November 5, 2009. The stock received by our participating employees and NEOs upon the vesting of the RSUs was net of applicable payroll tax withholding and deductions.

We do not currently have any equity or other security ownership policy that mandates ownership of certain amounts of our common stock by our NEOs. Under our insider trading policy, directors, officers or employees are not allowed to margin the Company's securities, use the Company's securities as collateral to purchase the Company's securities or the securities of any other issuer, short sell Company securities, either directly or indirectly, or trade in derivative securities related to the Company's securities.

CEO Compensation

In 2009, the Compensation Committee determined the Chief Executive Officer's total compensation based on similar competitive compensation data as that used for other executive officers at comparable companies, the Committee's assessment of his past performance and the Committee's expectations as to his future contributions to QuickLogic. Mr. Hart's base salary decreased to \$317,692 in 2009 due to a 20% reduction in base salary imposed during the Company's July 23 through December 2009 pay periods. Mr. Hart did not earn incentive compensation during 2009. In April 2009, the Committee granted Mr. Hart an option to purchase 300,000 shares of common stock exercisable at \$1.63 per share, which vests over four years, and in July 2009, the Committee granted Mr. Hart 32,308 RSUs in connection with the Company's cash conservation measure described above.

Executive Perquisites

The Company's NEOs are eligible to participate in the Company's 401(k) Plan, the Company's stockholder approved equity incentive plans and other benefits available generally to other employees of the Company. The maximum amount of disability benefits per month is higher for our NEOs than it is for our other employees, which incremental amounts are included in column (i) of the Summary Compensation Table below. With the exception of Messrs. Marimon and Ellis, each of our NEOs receives a car allowance. Our NEOs do not receive club memberships, personal use of corporate aircraft, or any other perquisites or personal benefits other than nominal gifts.

Tax Considerations

Our Board has reviewed the impact of tax and accounting treatment on the various components of our executive compensation program and has determined that limitations on deductibility of compensation may occur under Section 162(m) of the Internal Revenue Code, which generally limits the tax deductibility of compensation paid by a public company to its chief executive officer and other highly compensated executive officers to one million dollars per year. There is an exception to the limit on deductibility for performance-based compensation that meets certain requirements.

Although deductibility of compensation is preferred, tax deductibility is not a primary objective of our compensation programs, due in part to the large net operating loss carryforward available to the Company for tax reporting purposes. We believe that achieving the compensation objectives discussed earlier is more important than the benefit of tax deductibility and our executive compensation programs may, from time to time, limit the tax deductibility of compensation.

Equity Incentive Grant Policies

Either the Board of Directors or the Compensation Committee of the Board of Directors may grant stock options or other equity awards to our NEOs. All of the grants made to date are in the form of fully vested RSUs granted in connection with the Company's cash conservation measures or stock options. Our NEOs are generally granted equity awards when they join the Company and they may receive additional equity grants as part of a refresh grant, upon promotion or for individual performance. Our Chief Executive Officer recommends the timing, size and terms of equity awards for NEOs other than himself. Individual grants are based on position, individual performance, expected contribution and market data for similar positions, if available. In addition to the July 2009 grant of RSUs in lieu of cash compensation described above, each of our NEOs, with the exception of Mr. Ellis, received a stock option refresh grant in March 2009. Mr. Ellis received an option grant when he joined the Company in May 2009.

The Compensation Committee has implemented certain general policies relating to grants of stock options, RSUs and other awards, which policies apply to our NEOs. Specifically, the Committee has determined that stock options shall be granted on: (i) the second and fourth Thursdays of the Company's fiscal month (each a Regular Grant Date), or on the date the last director or Committee member approves such grants if not approved prior to the Regular Grant Date; (ii) on the date of a pre-scheduled Board of Directors or Committee meeting; or (iii) on such other date established by the Board of Directors or Committee. The Company intends that future equity awards be made on a similar schedule. Option grants or other equity awards to NEOs may be approved at a properly constituted meeting of the Board of Directors or Committee or by the unanimous written consent of the directors or Committee members. Generally, our unanimous written consents are executed electronically, to ensure the date of approval is certain. All required documentation, including the list of recommended equity awards by recipient and the terms of the award, are sent to the Board of Directors or Committee prior to the meeting. The Committee believes that this practice will ensure that the exercise price of the options or other awards are based on the fair market value of our common stock on the date of grant and that the approval process results in grants made on a planned grant date. We have not and do not plan in the future to coordinate the timing of the release of material non-public information for the purpose of affecting the value of executive compensation (including equity award grants).

(1) The amounts shown in column (c) reflect the estimated minimum payments that could be earned by a NEO under our Bonus Plan for 2009 upon the Company's achievement of a certain level of performance. If the level of performance was not achieved, no payment would be earned against the objective. The amounts shown in column (e) are 200% of target incentive compensation, which is the estimated maximum amount which could have been earned by a NEO under our Bonus Plan. These amounts are based on the NEO's 2009 target incentive compensation.

(2) Fully vested RSUs awarded to NEOs during 2009 are reported in column (i). In July 2009, in connection with a Company-wide cash conservation measure, each NEO experienced a 10%, and in the case of our CEO a 20%, cash reduction in base salary. The reduction in base salary was applied to the remaining pay periods in 2009. On July 23, 2009, in lieu of receipt of cash compensation, each of our NEOs received a grant of RSUs equal in value to 10%, or in the case of our CEO 20%, of his base salary increased by a factor of 1.2. Fifty percent of these RSUs vested on August 6, 2009 and the other 50% vested on November 5, 2009. The vested RSUs were received net of applicable payroll tax withholding and deductions.

(3) Stock option grants awarded to NEOs during 2009 are reported in columns (j), (k) and (l). Such grants have a 10-year life and vest 25% one year after the date of grant and 1/48th per month of service thereafter. Except for Mr. Ellis, all NEOs received a refresh stock option grant on April 9, 2009 with an exercise price equal to \$1.63 per share, which was the closing price of the Company's common stock on the Nasdaq Global Market on the grant date. The Compensation Committee of the Board of Directors approved the grants on April 8, 2009. Mr. Ellis was awarded a stock option grant when he joined the Company with a grant date of May 21, 2009 and an exercise price of \$1.33 per share, which was the closing price of the Company's common stock on the Nasdaq Global Market on the grant date. The Compensation Committee of the Board of Directors approved the grant on April 22, 2009.

(4) The amounts in column (l) reflect the aggregate grant date fair value dollar amount of stock awards and option awards granted during 2009 computed in accordance with FASB ASC Topic 718. Pursuant to SEC rules, the amounts shown exclude the impact of estimated forfeiture related to service-based vesting conditions.

Edgar Filing: QUICKLOGIC CORPORATION - Form DEF 14A

Post Employment and Change of Control Compensation*Payments Made Upon Termination*

Regardless of the manner in which a NEO's employment terminates, he is entitled to receive amounts earned during his term of employment, including base salary, incentive compensation (provided the NEO is employed on the last day of the performance period), and the vested portion of his equity awards. Our Compensation Committee may, at its discretion, approve the payment of incentive compensation if a NEO is not employed on the last day of the reporting period. Except for compensation payments associated with our standard change of control agreements or payments made to a third party arising from indemnification, the Company does not have any written or unwritten payment obligations to our NEOs upon their resignation, severance or retirement. The Compensation Committee may decide to approve such payments in the future.

Change of Control Agreements

Prior to 2004, the Board of Directors authorized the Company to enter into change of control severance agreements ("Change of Control Agreements" or "Agreements") with Messrs. Hart and Saxe. In December 2005 and 2006 and in September 2007, these agreements were reviewed by the Compensation Committee of the Board of Directors. In November 2006, October 2008 and May 2009, QuickLogic entered into Change of Control Agreements with Mr. Pease, Mr. Marimon and Mr. Ellis, respectively. The Company's standard form of Change of Control Agreement is attached as an exhibit to our annual report on Form 10-K for the period ended December 30, 2007. The Agreements provide that if QuickLogic experiences a change of control, as defined in the Agreements, and such executive officer's employment with the Company terminates as a result of an "Involuntary Termination" within three months prior to or twelve months following the change of control, QuickLogic will provide the following to the executive officer:

A cash payment equal to 100% of his or her annual cash compensation (including 100% of the target incentive compensation for the year) plus 100% of any bonus and incentive compensation declared prior to the date of any such termination, except that Mr. Hart's agreement provides a cash payment equal to 200% of his annual cash compensation;

The same level of health coverage and benefits, including but not limited to health, dental and vision coverage, as in effect on the day before such termination, for a period which is the lesser of (i) the date he or she is no longer eligible to receive continuation coverage pursuant to COBRA, or (ii) twelve months following the date of any such termination, except that Mr. Hart's agreement provides for twenty-four months; and

Acceleration of outstanding equity awards.

The terms of the Change of Control Agreements also provide:

In the event that the severance and other benefits provided for or otherwise payable to the executive officer (i) constitute parachute payments within the meaning of Section 280G of the Code, and (ii) would be subject to the excise tax imposed by Section 4999 of the Code (the Excise Tax), then the executive officer's change of control benefits shall be either delivered in full, or delivered as to such lesser extent which would result in no portion of such benefits being subject to the Excise Tax, whichever of the foregoing amounts, taking into account the applicable federal, state and local income taxes and the Excise Tax, results in the receipt by the executive officer on an after-tax basis, of the greatest amount of benefits, notwithstanding that all or some portion of such benefits may be taxable under Section 4999 of the Code.

That such payments be made in a lump sum within 30 days of the Involuntary Termination, as defined in the agreement.

That the executive officers shall be entitled to the benefits provided they sign a general release of claims substantially the same as the form included in the Company's standard Change of Control Agreement.
