Item 1.01. Entry into a Material Definitive Agreement.

On March 17, 2005 Entergy Mississippi, Inc ("EMI") entered into a Purchase and Sale Agreement ("PSA") with Central Mississippi Generating Company, LLC ("CMGC") to purchase a 480-megawatt, natural-gas-fired combined cycle power plant in Attala County, Mississippi (the "Facility") for approximately \$88 million. EMI's obligation to purchase the Facility under the PSA is subject to several closing conditions, including:

- receipt of all necessary approvals from local and state regulators, such as cost recovery at the Mississippi Public Service Commission and the expiration or early termination of the waiting period under the Hart-Scott-Rodino Antitrust Improvements Act of 1976;
- CMGC's sale to a third party of interconnection assets relating to the Facility; and
- other conditions customary for a transaction of this type.

EMI and CMGC are parties to several contractual arrangements relating to the Facility, including a power purchase agreement relating to 100% of its output (the "PPA"). The PPA expires on the earlier of (i) the date of closing of the purchase of the Facility, or (ii) March 17, 2008.
