CAPITAL GOLD CORPORATION
SUPPLEMENT TO THE PROXY STATEMENT/PROSPECTUS FOR
THE SPECIAL MEETING OF STOCKHOLDERS

To Be Held on March 18, 2011

PROPOSED MERGER TRANSACTION YOUR VOTE IS VERY IMPORTANT

This supplement to the Capital Gold Corporation, CGC or Capital Gold, proxy statement/prospectus dated February 16, 2011 is being furnished to CGC stockholders in connection with the Memorandum of Understanding entered into on March 9, 2011 relating to the proposed settlement of certain of the lawsuits pending against CGC, its directors and, in certain cases, Gammon Gold Inc., or Gammon Gold, with respect to the proposed merger between CGC and Gammon Gold. This supplement provides additional information for CGC's stockholders to consider in connection with their vote with respect to the proposed merger between CGC and Gammon Gold. This supplement should be read in conjunction with the definitive proxy statement/prospectus dated February 16, 2011.

On March 9, 2011, CGC, Gammon Gold and Capital Gold AcquireCo, Inc., a wholly-owned subsidiary of Gammon Gold, entered into Amendment No. 2 to the Agreement and Plan of Merger, dated October 1, 2010, as amended on October 29, 2010, which we refer to collectively as the amended merger agreement. The purpose of the amendment is to reduce, under certain circumstances, the termination fee payable by CGC from \$10.3 million to \$5.75 million and eliminate Gammon Gold's ability to terminate the amended merger agreement for any reason with the payment of a \$2 million termination fee.

Under the amended merger agreement, Capital Gold AcquireCo, Inc. will merge with and into CGC, and the separate corporate existence of Capital Gold AcquireCo, Inc. will cease and CGC will survive as a wholly-owned subsidiary of Gammon Gold. The merger agreement and Amendment No. 1 to the merger agreement are attached as Annex A and Annex A-1 to the definitive proxy statement/prospectus previously provided to you. Amendment No. 2 to the merger agreement is attached as Annex S-A to this supplement and is incorporated into this supplement by reference.

This supplement describes the amended merger agreement and provides additional information for CGC's stockholders to consider in connection with their vote with respect to the proposed merger between CGC and Gammon Gold. Before we can complete the merger, CGC must obtain the approval of its stockholders. **We urge you to read this supplement, including the amendment, carefully. We also urge you, if you have not done so already, to read the definitive proxy statement/prospectus, dated February 16, 2011, which was previously provided to you.** You also can obtain information about CGC and Gammon Gold from documents that we have filed or will file with the Securities and Exchange Commission prior to the special meeting.

If you have already delivered a properly executed proxy, you do not need to do anything unless you wish to revoke or change your vote. If you have not previously voted or if you wish to revoke or change your vote, please complete, date, sign and return the previously provided proxy card or submit a proxy by telephone or via the internet using the instructions on the previously provided proxy card. If you hold your stock in street name through a bank, broker or other nominee, please direct your bank, broker or other nominee to vote in accordance with the instructions you have received from your bank, broker or other nominee.

After careful consideration, the CGC board of directors has approved the amended merger agreement, declared that the merger and other transactions contemplated by the amended merger agreement are advisable and recommends that you vote **FOR** the proposal to approve the amended merger agreement and **FOR** the proposal to approve any adjournment or postponement of the special meeting for the solicitation of additional proxies in the event there are insufficient votes present, in person or represented by proxy, at the time of the special meeting to adopt the proposal to approve the amended merger agreement.

NEITHER THE SECURITIES AND EXCHANGE COMMISSION NOR ANY U.S. STATE OR CANADIAN PROVINCIAL OR TERRITORIAL SECURITIES COMMISSION HAS APPROVED OR DISAPPROVED OF THE SECURITIES TO BE ISSUED IN CONNECTION WITH THE MERGER OR DETERMINED IF THIS SUPPLEMENT OR DEFINITIVE PROXY STATEMENT/PROSPECTUS IS TRUTHFUL OR COMPLETE. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENSE.

The date of this supplement is March 10, 2011 and is first being mailed or otherwise delivered to CGC stockholders on or about March 10, 2011.

INTRODUCTION

The information provided in the definitive proxy statement/prospectus that was previously provided to CGC stockholders of record as of February 14, 2011 is incorporated by reference into this supplement, except as described in the following sentence. To the extent information in this supplement differs from, updates or conflicts with information contained in the definitive proxy statement/prospectus, the information in this supplement governs. All references in this supplement to dollars, \$ or U.S.\$ are to U.S. dollars and all references to C\$ are to Canadian dollars.

This supplement is being provided to CGC stockholders as part of a solicitation of proxies by the CGC board of directors for use at the special meeting of CGC stockholders and at any adjournments or postponements thereof. This supplement is first being furnished to stockholders of CGC on or about March 10, 2011. In addition, the definitive proxy statement/prospectus, as updated by this supplement, constitutes a prospectus of Gammon Gold in connection with the issuance by Gammon Gold of its common shares in connection with the proposed merger. The definitive proxy statement/prospectus, as updated by this supplement, provides CGC stockholders with information they need to know to be able to vote or instruct their vote to be cast at the special meeting of CGC stockholders.

UPDATE TO PROPOSAL NO. 1: THE MERGER

The following discussion contains certain material information about the proposed merger. The discussion is subject, and qualified in its entirety by reference, to the merger agreement and Amendment No. 1 to the merger agreement included as Annex A and Annex A-1 to the definitive proxy statement/prospectus, and the amendment included as Annex S-A to this supplement. Gammon Gold and CGC urge you to read carefully this entire document, including the amendment, and the definitive proxy statement/prospectus, including the amended merger agreement, for a more complete understanding of the proposed merger.

Background of the Merger

The definitive proxy statement/prospectus describes the background of the merger up to and including February 16, 2011, the date of the definitive proxy statement/prospectus. The discussion below supplements that description up to and including the date of this supplement.

On February 15, 2011, Timmins Gold Corp. filed a Schedule TO with the SEC in connection with its unsolicited exchange offer. The exchange offer by Timmins Gold Corp. has not yet commenced. On that same date, CGC filed a pre-commencement Schedule 14D-9 in response to the Timmins Gold Corp. proposed exchange offer in which CGC provided additional information about the process undertaken, summarized CGC's concerns about the Timmins Gold Corp. proposal and highlighted a number of reasons why the CGC board of directors supports the proposed merger with Gammon Gold. Throughout the end of February, Timmins Gold Corp. amended its preliminary proxy statement and its preliminary consent statement. On February 28, 2011, Timmins Gold Corp. filed with the SEC its definitive proxy statement and definitive consent statement. On March 1, 2011, CGC filed a preliminary consent revocation statement in connection with the CGC board of director's opposition to the solicitation of written stockholder consent by Timmins Gold Corp., which was amended on March 2, 2011 and March 8, 2011.

Review of Cormark Process

In the definitive proxy statement/prospectus, reference is made to the process conducted by Cormark to solicit competing proposals to the Gammon Gold proposal. From August 23, 2010 to September 9, 2010, Cormark was in contact with a total of 11 companies, including Gammon Gold. The companies contacted were selected based on the following factors:

those that had previously expressed interest in a business combination with CGC;

those that had similar regional interests as CGC; and

those that were believed to be interested in acquisitions in the mining sector and potentially interested in a business combination with CGC.

Based upon the above criteria, and with the understanding of the M&A Committee, based in part upon the advice of Cormark that financial buyers are less likely to participate in the purchase of a mining company similar in size to CGC, the process included strategic buyers and not financial buyers. As a result, the companies contacted by Cormark were all strategic buyers.

In the definitive proxy statement/prospectus, reference is made to the September 30, 2010 CGC board of directors meeting at which Cormark presented its analysis of the proposed merger with Gammon Gold and its opinion that the proposed merger was, of the proposals then received to date, the best transaction reasonably available to CGC's stockholders. This supplement provides the following additional information:

Cormark presented the CGC board of directors with a transaction analysis that compared proposals received on a variety of quantitative and qualitative factors, which were used to determine which proposal, of those received, was the best transaction reasonably available to CGC's stockholders. Cormark evaluated the following financial and transactional aspects of each proposal:

immediate premium to Capital Gold stockholders;

financial strength of acquirer and resultant pro forma company;

relative liquidity of consideration offered;

potential for long term re-rating;

opportunity for synergies; and

probability of closing.

At that time, Cormark concluded that the Gammon Gold proposal was, in each of the above criteria, except re-rating potential, superior relative to the other proposals received to that date.

Cormark provided a summary analysis of each of the proposals, which included the exchange ratio, cash consideration, if any, pro forma ownership, the offer price to Capital Gold stockholders based on a 5, 10, 20 and 30-day VWAP, the implied premiums of the offers based on a 5, 10, 20 and 30-day VWAP, a capitalization comparison and the trading liquidity of the respective offerors. In addition, Cormark presented the valuation multiples, accretion/dilution to the acquirer and the NAV accretion/dilution to Capital Gold.

Cormark provided the CGC board of directors with a review of the Gammon Gold proposal, which included implied transaction prices and premiums, implied capitalization and acquisition metrics, a trading liquidity analysis, positioning among precedent transactions, a review of premium, positioning among trading comparables, an accretion/dilution analysis and a summary of analysts views of Gammon Gold.

In consideration for its services as financial advisor, Cormark was initially entitled to be paid fees by Capital Gold based on the following:

Transaction Fee: In the event that Capital Gold enters into any other transaction involving a sale of the corporation or the sale of any substantial/material assets within 12 months of the date of the engagement letter, Cormark shall be deemed to be retained as Capital Gold's advisor on the transaction. If such a transaction is consummated, Cormark shall receive an amount from the Corporation amounting to 0.75% of Capital Gold's total enterprise value at the sale price (or the value of the relevant assets to be disposed of). In the event that Capital Gold is sold to Gammon Gold, the flat fee payable would be C\$1,000,000.

Work Fee: In the event that no letter of intent is entered into within four months of the date of the engagement letter, Capital Gold will issue a cheque payable to Cormark in the amount of C\$100,000 as compensation for its efforts on Capital Gold's behalf, which shall be credited against any transaction fee payable.

Other Transactions: If the transaction involves a merger or purchase of a counterparty, a transaction fee of C\$1,500,000, payable upon closing of the transaction. If the counterparty, has an enterprise value of less than \$100 million, the transaction fee may be negotiated in good faith between Cormark and Capital Gold.

Break Fee: In the event that a transaction is announced and subsequently abandoned, and Capital Gold is paid a break fee, Cormark shall be entitled to receive 25% of any break fee paid to Capital Gold to a maximum of \$750,000.

The agreement with Cormark was amended on September 23, 2010 to provide as follows:

Transaction Fee: In the event that Capital Gold enters into any transaction involving a sale of the corporation or the sale of any substantial/material assets within 12 months of the date of this letter, Cormark shall be deemed to be retained as Capital Gold's advisor on the transaction. If such a transaction is consummated, Cormark shall receive an amount from Capital Gold amounting to 0.60% of Capital Gold's total enterprise value at the sale price (or the value of the relevant assets to be disposed of).

The reason for the amendment was to provide that Cormark would get the same compensation regardless of the entity with which Capital Gold entered into a transaction.

On January 31, 2011, Cormark advised the CGC board of directors that Timmins Gold Corp. would need to raise financing to consummate a merger with Capital Gold. According to the information provided (and subsequently publicly disclosed by Timmins Gold Corp.), Timmins Gold Corp. had approximately \$4 million in available cash on hand as of December 31, 2010, with current liabilities exceeding current assets. Timmins Gold Corp. has set forth its financial requirements for 2011 at the bottom of page 60 of the Registration Statement on Form F-4 filed by Timmins Gold Corp. with the Securities and Exchange Commission, or the SEC, on February 10, 2011, to include exploration expenditures of C\$21 million, capital expenditures of C\$5 million for plant and equipment at the San Francisco Mine and expenditures of C\$5 million for general and administrative expenses. A further \$2.55 million in property option payments are also due in 2011. Should Capital Gold choose to enter into an agreement with Timmins Gold Corp., additional one-time expenses of approximately \$20 million would be payable, including the Gammon Gold termination fee, change of control payments and advisory fees, which has been reduced to approximately \$15 million in connection with the execution of Amendment No. 2 to the merger agreement as described in this supplement. Additionally, with Timmins Gold Corp. gold loan due to Sprott Asset Management LP of approximately \$13 million plus Capital Gold's 2011 capital requirements of approximately \$30 million, the combined entity would have 2011 capital requirements in excess of \$95 million. It is estimated that a substantial portion of these expenditures would need to be funded from capital raised from third parties in the public markets.

Capital Gold believes that there is considerable risk associated with Timmins Gold Corp.'s ability to raise that amount of capital. Timmins Gold Corp. agrees with this assessment because its Form F-4 highlights this risk on page 38: Timmins' inability to access additional capital could have a negative impact on its growth strategy. Moreover, even if Timmins Gold Corp. were able to raise the necessary funds, given the volatility of Timmins Gold Corp.'s stock price, it is reasonable to conclude that Timmins Gold Corp. may be required to raise capital at a significant discount to prevailing market prices, which would cause immediate and perhaps substantial dilution to the proposed all-stock consideration to be received by the Capital Gold stockholders under the Timmins Gold Corp. proposal. Timmins Gold Corp. had two highly confident letters to raise up to \$25 million each. Cormark advised the CGC board of directors that they did not disagree that a capital raise by Timmins Gold Corp. was possible. Capital raises in the junior gold mining sector are typically done at a 5-10% discount to the closing price of the offeror's closing price. Accordingly any capital raise completed by Timmins Gold Corp. would likely have been dilutive because it would likely have been completed at a discount to market, would have increased the number of shares outstanding and would likely have been completed at a discount to Timmins Gold Corp.'s NAV.

Opinion of Stifel, Nicolaus & Company, Incorporated

In the definitive proxy statement/prospectus, reference is made to the September 30, 2010 CGC board of directors meeting, at which Stifel, Nicolaus & Company presented its analysis of the proposed merger with Gammon Gold and its opinion that the consideration to be received in the proposed merger was fair from a financial point of view. This supplement provides the following additional information. The following amends and replaces the section entitled "Selected Precedent Gold M&A Transactions Analysis" set forth in the definitive proxy statement/prospectus:

Selected Precedent Gold M&A Transactions Analysis

Using publicly available information, Stifel Nicolaus reviewed eleven public company mergers and acquisitions in the North and Central American gold industry. These transactions were selected because they involved companies with operations in the gold mining industry with similar size and operating metrics to CGC. When comparing these transactions to the CGC and Gammon Gold merger, it is important to consider that neither individual transactions nor the group should be viewed in isolation. The transactions should be considered alongside historical commodity prices, as these prices have fluctuated substantially, as well as consider the unique growth estimates specific to each transaction. The precedent transactions considered by Stifel Nicolaus were:

Announcement Date	Target	Acquirer
3/11/2010	Underworld Resources, Inc.	Kinross Gold Corp.
12/29/2009	Canplats Resources Corp.	Goldcorp, Inc.
8/27/2009	West Timmins Mining, Inc.	Lake Shore Gold Corp.
3/31/2009	Cadiscor Resources Inc.*	North American Palladium Ltd.
3/4/2009	Western Goldfields Inc.	New Gold, Inc.
1/11/2008	Golden Cycle Gold Corp.	AngloGold Ashanti Ltd.
6/28/2007	NewWest Gold Corp.	Fronteer Development Group Inc.
2/14/2007	Cumberland Resources Ltd.	Agnico-Eagle Mines Ltd.
2/5/2007	Queenstake Resources Ltd.**	Yukon-Nevada Gold Corp.
3/6/2006	White Knight Resources Ltd.*	US Gold Corporation
7/24/2006	Pioneer Metals Corp.	Barrick Gold Corporation

* Considered by Stifel Nicolaus but excluded as outliers for the purpose of calculating total enterprise value in connection with the analysis set forth in the definitive proxy statement/prospectus.

** Considered by Stifel Nicolaus but excluded as an outlier for the purpose of calculating premiums paid in connection with the analysis set forth in the definitive proxy statement/prospectus.

For each acquired entity with available reserve information and not excluded as an outlier as indicated above, Stifel Nicolaus analyzed the total consideration paid to the target based on total enterprise value, or TEV/total reserves and TEV/total resource potential. The following table sets forth the results of this analysis:

	Total Enterprise Value per	
	Total Reserves	Total Resource Potential
CGC Implied Offer	\$ 189	\$ 139
Selected Transactions:		
Minimum	\$ 27	\$ 27
Mean	\$ 150	\$ 94
Median	\$ 155	\$ 86
Maximum	\$ 251	\$ 169

The implied offer based on these metrics is within the range of the consideration paid in the selected transactions.

S-5

For each acquired entity not excluded as an outlier as indicated above, Stifel Nicolaus analyzed the premium paid to the target's stock price for the 1-day, 5-day and 30-day periods prior to the announcement of the transaction. The following table sets forth the results of analysis:

	Premium		
	1-Day	5-Day	30-Day
CGC Implied Offer (premiums as of 9/30/2010)	(8.0)%	16.9%	31.8%
CGC Implied Offer (premiums as of 9/24/2010)	16.9%	14.8%	34.6%
Selected Transactions:			
Minimum	(3.1)%	(8.3)%	(4.1)%
Mean	27.9%	29.9%	38.5%
Median	32.9%	38.0%	33.3%
Maximum	54.0%	55.1%	107.2%

The implied premiums based on the offer price are within the range of the premiums paid in the selected transactions except in the case of the 1-day premium as of September 30, 2010, which had been affected by the Timmins Gold Corp. non-binding proposal announcement.

Pro Forma Analysis

This supplement provides the following additional information with respect to the pro forma analysis performed by Stifel Nicolaus:

Pro Forma Analysis Contribution Analysis

Stifel Nicolaus reviewed the relative financial contributions of the merger on the combined CGC and Gammon Gold entity without giving effect to potential strategic implications, operational benefits and certain accounting adjustments anticipated by the managements of CGC and Gammon Gold to result from the merger. Stifel Nicolaus used CGC and Gammon Gold management projections adjusted to reflect Bloomberg weighted average consensus estimates to show the relative contributions from each CGC and Gammon Gold to the pro forma equity value, enterprise value, reserves, resources and share based ownership to the combined entity as well as revenue, EBITDA and production for the years 2010, 2011 and 2012 to the combined entity.

Pro Forma Analysis Accretion/Dilution Analysis

Stifel Nicolaus reviewed the potential pro forma financial effects of the merger on the combined CGC and Gammon Gold entity based on the exchange ratio provided for in the merger agreement as well as CGC and Gammon Gold management projections adjusted to reflect Bloomberg weighted average consensus estimates not reflecting any synergies or purchase price accounting adjustments. The pro forma accretion/dilution analysis indicated that, relative to Gammon Gold on a stand-alone basis, the merger could be accretive to Gammon Gold's calendar year 2011 and 2012 estimated earnings per share. The actual results achieved by the pro forma combined entity may vary from forecasted results and the variations may be material.

Pro Forma Analysis Net Asset Value Analysis

Stifel Nicolaus used the same NAV valuation methodology and discount rate range used with respect to CGC and Gammon Gold on a stand-alone basis in the sections in the definitive proxy statement/prospectus entitled *Net Asset Value Analysis CGC* and *Net Asset Value Analysis Gammon Gold* in order to estimate the NAV per share of the pro forma entity without giving effect to potential strategic implications, operational benefits and certain accounting adjustments anticipated by the managements of CGC and Gammon Gold to result from the merger. Stifel Nicolaus calculated the implied NAV resulting from such analysis for the entity to be \$7.72 to \$9.59 per share based on CGC and Gammon Gold management projections adjusted to reflect

Bloomberg weighted average consensus estimates. The pro forma NAV analysis indicated that, relative to Gammon Gold on a stand-alone basis, the merger would be dilutive to Gammon Gold's NAV per share. The actual results achieved by the pro forma combined entity may vary from forecasted results and the variations may be material.

The implied combined NAV per share based on the 2.5% to 7.5% discount rates is within the historic trading range of Gammon Gold's common share prices.

The full text of the written opinion of Stifel Nicolaus is attached as Annex C to the definitive proxy statement/prospectus and is incorporated into this supplement by reference. The summary of Stifel Nicolaus' fairness opinion set forth in the definitive proxy statement/prospectus (as amended by this supplement) is qualified in its entirety by reference to the full text of the opinion. Stockholders are urged to read the opinion carefully and in its entirety.

Litigation Related to the Merger

The definitive proxy statement/prospectus describes the litigation relating to the merger up to and including February 16, 2011. The discussion below supplements that description up to and including the date of this supplement.

In the definitive proxy statement/prospectus, reference is made to thirteen putative shareholder class action complaints that were filed challenging the transaction, including six that were filed in the Delaware Court of Chancery and later consolidated, referred to as the Delaware Actions. On March 9, 2011, counsel to the parties to the Delaware Actions entered into a Memorandum of Understanding that expresses an agreement in principle to settle the Delaware Actions, subject to approval by the Delaware Court of Chancery and on terms and conditions that include, among other things, certain supplemental disclosures that are continued in this supplement and certain amendments to the terms of the merger agreement, as discussed elsewhere in this supplement. If the Delaware Court of Chancery approves the settlement contemplated in the Memorandum of Understanding, the Delaware Actions will be dismissed with prejudice. Subject to court approval of the settlement, counsel for the purported class will apply to the Delaware Court of Chancery for reimbursement of its reasonable fees and expenses incurred in connection with the actions. The settlement will not take effect unless the merger between Gammon Gold and Capital Gold is consummated. The material terms of the settlement will be described in a notice that will be filed with the SEC at a later date.

In the definitive proxy statement/prospectus, reference is made to six class action complaints relating to the proposed merger that were filed in New York Supreme Court, New York County. These actions were consolidated on February 18, 2011, under the caption *In re Capital Gold Corporation Shareholder Litigation*, No. 651651/2010, referred to as the Consolidated New York Action. On March 2, 2011, plaintiffs in the Consolidated New York Action filed a consolidated amended class action complaint, and the defendants' date to answer or move to dismiss the consolidated complaints is April 15, 2011.

In the definitive proxy statement/prospectus, reference is made to a class action complaint relating to the proposed merger filed in the United States District Court for the Southern District of New York, under the caption *Boehm v. Capital Gold Corp., et al.*, No. 10-CV-8819(RMB)(RLE), referred to as the Boehm New York Action. On February 18, 2011, plaintiff in the Boehm New York Action filed an amended complaint. On February 25, 2011, defendants moved to stay or in the alternative dismiss the Boehm New York Action. On February 28, 2011, plaintiff's request for expedited discovery was denied. On March 4, 2011, plaintiff filed a motion for preliminary injunction, which defendants responded on March 8, 2011.

AMENDMENT TO THE MERGER AGREEMENT

The following section describes the material terms of the amendment. This description of the amendment is qualified in its entirety by reference to the full text of the amendment, which is attached as Annex S-A to this supplement and is incorporated herein by reference. The amendment has been included to provide you with information regarding its terms. Gammon Gold and CGC encourage you to read the entire amendment.

*The summary below is included in this supplement only to provide you with information regarding the terms and conditions of the amendment, and not to provide any other factual information regarding Gammon Gold, CGC or their respective businesses. Accordingly, the provisions of the amended merger agreement should not be read alone, but instead should be read only in conjunction with the information provided elsewhere in this supplement and in the documents incorporated by reference into this supplement. See *Update to Where You Can Find More Information* for the location of information incorporated by reference into this supplement.*

The representations, warranties and covenants contained in the merger agreement and described in the definitive proxy statement/prospectus were made only for purposes of the merger agreement and as of specific dates and were not updated or made as of the date of the amended merger agreement. The representations, warranties and covenants contained in the amended merger agreement may be subject to more recent developments, were made solely for the benefit of the parties to the amended merger agreement and may be subject to limitations agreed upon by the contracting parties, including being qualified by reference to disclosures, for the purposes of allocating risk between parties to the amended merger agreement instead of establishing these matters as facts, and may apply standards of materiality in a way that is different from what may be viewed as material by you or by other investors. Accordingly, these representations and warranties alone may not describe the actual state of affairs as of the date they were made or at any other time. The representations and warranties contained in the amended merger agreement do not survive the effective time of the merger. Investors should not rely on the representations, warranties and covenants or any description thereof as characterizations of the actual state of facts or condition of Gammon Gold, Capital Gold AcquireCo, Inc. or CGC or any of their respective subsidiaries or affiliates. Moreover, information concerning the subject matter of the representations, warranties and covenants may change after the date of the amended merger agreement, which subsequent information may or may not be fully reflected in public disclosures by Gammon Gold and CGC.

Termination and Termination Fees and Expenses

On March 9, 2011, CGC, Gammon Gold and Capital Gold AcquireCo, Inc. entered into Amendment No. 2 to the Agreement and Plan of Merger, dated October 1, 2010, as amended on October 29, 2010, which provides for Gammon Gold to acquire CGC. Pursuant to the amendment, the termination fee payable by CGC, under certain circumstances, was reduced from \$10.3 million to \$5.75 million. In addition, Gammon Gold's ability to terminate the agreement for any reason with the payment of a \$2 million termination fee was eliminated.

UPDATE TO RELATED MATTERS

Caborca Industrial S.A. de C.V.

Capital Gold utilizes a Mexican corporation, Caborca Industrial S.A. de C.V., or Caborca, for mining services. These mining services include, but are not limited to, the payment of mining salaries and related costs. Caborca bills Capital Gold's wholly-owned subsidiary in Mexico for these services at slightly above cost. Mining expenses charged by Caborca are eliminated upon consolidation and amounted to approximately \$3.3 million and \$2.6 million for the six months ended January 31, 2011, and 2010, respectively. Caborca was 100% owned by Capital Gold's former Chief Executive Officer and another former officer of Capital Gold. Ownership was relinquished upon their resignations, and Capital Gold is in the process of transitioning ownership of Caborca to two of its current executive officers. Pursuant to the amended merger agreement with Gammon Gold, the directors of Capital Gold have agreed to cause the owners of Caborca and Caborca to enter into an agreement to

transfer the ownership interests of Caborca to Gammon Gold or to one or more of Gammon Gold's subsidiaries. There will be no consideration paid for such transfer. The closing of the transfer of the Caborca ownership interests is a condition to the closing of the merger with Gammon Gold.

Financial Consultant

In the definitive proxy statement/prospectus, reference is made to a consultant who attended the March 2010 meeting in Toronto between representatives of Capital Gold and Gammon Gold. That same consultant, David Badner, is also referred to in connection with the June 22, 2010 meeting between Capital Gold and Gammon Gold. At the time of those meetings, Mr. Badner was performing public relations and investor relations services for Capital Gold. In 2010, Mr. Badner was compensated \$180,000 for services rendered in connection with Capital Gold's listing on the NYSE AMEX. In addition, Capital Gold paid him \$100,000 for personnel services, and \$112,338.52 for public relations, investor relations, and other consulting services rendered to Capital Gold and reimbursement of out-of-pocket expenses. During the summer and September of 2010, representatives of Gammon Gold and Capital Gold and Mr. Badner discussed the possibility of the Badner Group, LLC, an organization affiliated with Mr. Badner, receiving a fee in connection with the consummation of a transaction involving Gammon Gold and Capital Gold, and preliminary negotiations regarding the terms of an agreement occurred. Ellenoff Grossman & Schole LLP was asked to provide a form of agreement in connection with these negotiations, which it provided. The parties were not able to reach agreement on terms of this agreement and, accordingly, it was not executed. Neither Mr. Badner nor the Badner Group, LLC, will receive any compensation from Capital Gold or Gammon Gold as a result of the consummation of the transaction.

MacKenzie Partners

On February 15, 2011, Capital Gold retained MacKenzie Partners, Inc. to provide services related to the contested proxy solicitation to approve the Gammon Gold merger, the consent solicitation and revocation and related matters. A retainer in the amount of \$40,000 was paid to MacKenzie upon the execution of the agreement toward a final fee estimated to be between \$250,000 and \$500,000.

Regulatory Approvals
