QUESTIONS AND ANSWERS

1. Q: Who is asking for my proxy?

A: Your proxy is being solicited by our Board for use at our Annual Meeting. Our directors, officers or employees may also solicit proxies on behalf of our Board, in person or by telephone, facsimile, mail or e-mail. If our directors, officers or employees solicit proxies, they will not be specially compensated. Contango will pay all costs and expenses of this proxy solicitation.

2. Q: What are stockholders being asked to vote on?

A: At our Annual Meeting, stockholders will be asked to vote:

To elect our Board of Directors to serve until the annual meeting of stockholders in 2012;

Edgar Filing: CONTANGO OIL & GAS CO - Form DEF 14A

To approve, on an advisory basis, the compensation of the Company's executives;

To approve, on an advisory basis, holding an advisory vote to approve the compensation of the Company's executives every year;

To ratify the appointment of Grant Thornton LLP as the independent auditors of the Company for the fiscal year ending June 30, 2012; and

On any other matter that may properly come before the Annual Meeting or any adjournment of the Annual Meeting.

3. Q: Who is entitled to vote?

A: The record of stockholders entitled to vote at the Annual Meeting was taken at the close of business on October 12, 2011 (the Record Date). As of the Record Date, the Company had outstanding 15,359,666 shares of common stock, par value \$0.04 per share (the Common Stock).

4. Q: How many shares may vote at the Annual Meeting?

A: Each record holder of Common Stock is entitled to one vote per share of Common Stock owned on the Record Date.

5. Q: How do I vote my shares?

A: A proxy card is included with the proxy materials being sent to you. The proxy card allows you to specify how you want your shares voted as to each proposal listed. The proxy card provides space for you to:

Vote for, or withhold authority to vote for, each nominee for director;

Vote for or against, or abstain from voting on, approval, on an advisory basis, of the compensation of our named executive officers;

Vote for or against, or abstain from voting on, holding an advisory vote on the compensation of our named executive officers every year;

Vote for or against, or abstain from voting on, the ratification of the appointment of Grant Thornton LLP as independent public accountants for the fiscal year ending June 30, 2012;

If the proxy card is properly signed and returned to us, shares covered by the proxy card will be voted in accordance with the directions you specify on the card. The person named as proxy on the proxy card is Kenneth R. Peak, the Company's Chairman and Chief Executive Officer. Any stockholder who wishes to name a different person as his or her proxy may do so by crossing out Mr. Peak's name and inserting the name of another person to act as his or her proxy. In such a case, the stockholder would have to sign the proxy card and deliver it to the person named as his or her proxy, and that person would have to be present and vote at the Annual Meeting. Any proxy card so marked should not be mailed to the Company.

If you return a signed proxy card without having specified any choices, Mr. Peak, named as proxy, will vote the shares represented at the Annual Meeting and any adjournment thereof as follows:

FOR the election of each nominee for director;

FOR the approval, on an advisory basis, of the compensation of our named executive officers;

FOR holding an advisory vote on the compensation of our named executive officers **EVERY YEAR**;

Edgar Filing: CONTANGO OIL & GAS CO - Form DEF 14A

FOR ratification of the appointment of Grant Thornton LLP as independent public accountants for the fiscal year ending June 30, 2012; and

At the discretion of Mr. Peak, as proxy, on any other matter that may properly come before the Annual Meeting or any adjournment of the Annual Meeting.

6. Q: How does the Board recommend I vote?

A: The Board unanimously recommends that you vote:

FOR the election of each nominee for director;

FOR the approval, on an advisory basis, of the compensation of our named executive officers;

FOR holding an advisory vote on the compensation of our named executive officers **EVERY YEAR**; and

FOR ratification of the appointment of Grant Thornton LLP as independent public accountants for the fiscal year ending June 30, 2012.

Our executive officers and directors who own shares of Common Stock have advised us that they intend to vote their shares in favor of the proposals presented in this Proxy Statement. As of the Record Date, executive officers and directors collectively beneficially owned or had voting control over 2,588,486 shares of Common Stock, representing approximately 17% of the total shares entitled to vote. See Security Ownership of Certain Beneficial Owners and Management .

7. Q: What vote is required?

A: All proposals will require an affirmative vote of a majority of the shares present in person or by proxy and voting at the Annual Meeting. Approval of the frequency of the advisory vote on executive compensation requires the favorable vote of a majority of votes cast unless none of the three frequency choices receives a majority, in which case the choice that receives the plurality of votes cast will be considered approved.

8. Q: What is a quorum ?

A: Presence at the Annual Meeting, in person or by proxy, of holders of a majority of the votes entitled to be cast by all record holders of the Company's Common Stock will constitute a quorum for the transaction of business. If a quorum is not present, the Annual Meeting may be adjourned from time to time until a quorum is obtained.

9. Q: What is the effect of an abstention or a broker non-vote?

A: Abstentions and broker non-votes are counted for purposes of determining the presence or absence of a quorum for the transaction of business. A broker non-vote occurs when a nominee holding shares of the Company's Common Stock for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner. Abstentions are counted in tabulations of the votes cast on proposals presented to stockholders as a vote against, whereas broker non-votes are not counted for purposes of determining whether a proposal has been approved.

10. Q: What does it mean if I receive more than one proxy card?

A: If your shares are registered differently or in more than one account, you will receive more than one proxy card. Sign and return all proxy cards to ensure that all your shares are voted.

11. Q: Can I revoke my proxy?

A: You may revoke your proxy at any time before it is exercised at the Annual Meeting by filing with or transmitting to our corporate secretary either a notice of revocation or a properly created proxy bearing a later date. You also may attend the Annual Meeting and revoke your proxy by voting your shares in person.

12. Q: How will the Company solicit proxies?

A: Proxies may be solicited in person, by telephone, facsimile, mail or e-mail by directors, officers and employees of the Company without additional compensation. The Company will reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy materials to stockholders.

13. Q: How can a stockholder communicate with the Company's independent directors?

A: The Audit Committee is authorized to receive communications from stockholders. Mail should be addressed to the independent director or directors in care of the Chairman of the Audit Committee, Contango Oil & Gas Company, 3700 Buffalo Speedway, Suite 960, Houston, Texas 77098. Mail will not be opened but will be forwarded to the Chairman of the Audit Committee or the named independent director. Mail addressed to the Board of Directors will be delivered to Kenneth R. Peak, Chairman and Chief Executive Officer. Mr. Peak is not an independent director.

PROPOSAL 1**ELECTION OF DIRECTORS**

At the Annual Meeting, we will present the nominees named below and recommend that they be elected to serve as directors until the next annual stockholders meeting or until their successors are duly elected and qualified. Each nominee has consented to being named in this Proxy Statement and to serve if elected.

Your proxy will be voted for the election of the five nominees named below unless you give instructions to the contrary. Your proxy cannot be voted for a greater number of persons than the number of nominees named.

Nominees

Presented below is a description of certain biographical information, occupations and business experience for the past five years of each person nominated to become a director. Five directors are to be elected at the Annual Meeting. All nominees are current directors standing for reelection to the Board. If any nominee should become unavailable for election, your proxy may be voted for a substitute nominee selected by the Board, or the Board's size may be reduced accordingly. The Board is unaware of any circumstances likely to render any nominee unavailable. Directors of the Company hold office until the next annual stockholders meeting, until successors are elected and qualified or until their earlier resignation or removal.

On May 5, 2010, the Company's board of directors established a Nominating Committee to recommend nominees for director to the Board and to insure that such nominees possess the director qualifications set forth in the Company's Corporate Governance Guidelines. Additionally, the Nominating Committee reviews the qualifications of existing Board members before they are nominated for re-election to the Board. Once nominees are selected, the Board determines which nominees are presented to the Company's stockholders for final approval.

Each Board member other than Kenneth R. Peak is an independent director. The Board will also consider nominees recommended by stockholders. The Company's Bylaws contain provisions which address the process by which a stockholder may nominate an individual to stand for election to the Board of Directors at our Annual Meeting of Stockholders. The procedures include a requirement that notices regarding a person's nomination be received in writing from the stockholder and by the Company's Secretary not less than 60 days nor more than 90 days prior to the first anniversary of the preceding year's annual meeting. Moreover, the notice must include such nominee's written consent to be named in the Company's Proxy Statement and to serve if elected. Supporting information should include (a) the name and address of the candidate and the proposing stockholder, (b) a comprehensive biography of the candidate and an explanation of why the candidate is qualified to serve as a director taking into account the criteria identified in our corporate governance guidelines and (c) proof of ownership, the class and number of shares, and the length of time that the shares of our common stock have been beneficially owned by each of the candidate and the proposing stockholder. Minimum qualifications include extensive business experience, a solid understanding of financial statements and a reputation for integrity. CORPORATE GOVERNANCE

We believe that good corporate governance is important to assure that the Company is managed for the long term benefit of its stockholders. The Board and management of the Company are committed to good business practices, transparency in financial reporting and the highest level of corporate governance and ethics. During the past year, the Board has reviewed existing corporate governance policies and practices of other public companies and adopted Corporate Governance Guidelines for the Company. The Board has specifically reviewed the provisions of the Sarbanes-Oxley Act of 2002, the rules of the Securities and Exchange Commission (SEC) and the NYSE Amex listing standards and rules.

The Board has reaffirmed existing policies and initiated actions adopting policies consistent with new rules and listing standards. In particular, we have:

A majority of independent directors.

Prohibited personal loans to officers and directors.

Taken appropriate Board and management action to achieve timely compliance with Section 404 of the Sarbanes-Oxley Act of 2002 regarding controls and procedures over financial reporting.

Independence. After reviewing the qualifications of our current directors and nominees, and any relationships they may have with the Company that might affect their independence, the Board has determined that each director and nominee, other than Mr. Peak, is independent as that concept is defined by the NYSE Amex LLC Company Guide. Mr. Peak is an executive officer of the Company and, therefore, the Board has concluded that he is not an independent director.

Mission Statement. The Company's primary objective is to maximize stockholder value, while at all times observing the highest ethical, health, safety and environmental standards. The Company will pursue this objective through participation in the energy industry.

Corporate Authority and Responsibility. All corporate authority resides in the Board, as the representative of the stockholders. Authority is delegated to management by the Board in order to implement the Company's mission. Such delegated authority includes the authorization of spending limits and the authority to hire employees and terminate their services. The independent members of the Board retain responsibility for selection, evaluation and the determination of compensation of the chief executive officer of the Company, oversight of the succession plan, approval of the annual budget, assurance of adequate systems, procedures and controls, and all matters of corporate governance. Each Board member other than Mr. Peak is independent. Additionally, the Board provides advice and counsel to senior management.

Compensation of Directors. During the fiscal year ended June 30, 2011, each outside director of the Company received a quarterly retainer of \$20,000 payable in cash, with no stock option or common stock grants. There were no additional payments for meetings attended or being chairman of a committee. Compensation of directors is determined by Mr. Peak and the independent directors after comparing the compensation of directors at our peer group of companies. After such a review, Mr. Peak and the independent directors determined to increase the quarterly retainer to \$28,000 beginning December 1, 2011. Directors do not receive any additional compensation for attending meetings, or serving as a member of a committee of the Board of Directors. All directors are reimbursed for reasonable out-of-pocket expenses incurred in connection with serving as a member of the Board of Directors.

Director Compensation Table. The following table sets forth the compensation paid by the Company to non-employee directors for the fiscal year ended June 30, 2011:

Board Size. In general, smaller to mid-size boards are more cohesive, work better together and tend to be more effective monitors than larger boards. Our Bylaws currently provide for at least three and not more than seven directors.

Annual Election of Directors. In order to create greater alignment between the Board's and our stockholders' interests and to promote greater accountability to the stockholders, directors are elected annually.

Meetings. Our Board has meetings as necessary. During the fiscal year ended June 30, 2011, the Board held seven meetings. During the fiscal year ended June 30, 2011, the Board passed resolutions by unanimous written consent on three occasions. All of our Board members attended 100% of all Board and applicable committee meetings. During the 2010 fiscal year, the Company had five directors, all of which were present at the 2010 annual meeting. We encourage our Board to attend our annual meeting of stockholders.

Committee Structure. It is the general policy of the Company that the Board as a whole will consider all major decisions. The committee structure of the Board includes the Audit Committee, the Equity and CEO Compensation Committee, and the Nominating Committee. The Board may form other committees as it determines appropriate. A copy of the charter for each committee is available to any stockholder who requests a copy by delivering written notice to Contango Oil & Gas Company, 3700 Buffalo Speedway, Suite 960, Houston, Texas 77098.

Audit Committee. The Audit Committee was established by the Board for the purpose of overseeing the accounting and financial reporting processes of the Company and audits of the financial statements of the Company. The Audit Committee recommends the appointment of independent public accountants to conduct audits of our financial statements and internal control over financial reporting, reviews with the accountants the plan and results of the auditing engagement, approves other professional services provided by the accountants and evaluates the independence of the accountants. The Audit Committee also reviews the scope and adequacy of our system of internal controls and procedures over financial reporting. Members of the Audit Committee are Messrs. Brehmer (Committee Chairman), Reimer and Schoonover. Each member of the Audit Committee is independent, as independence for audit committee members is defined in the NYSE Amex listing standards and the applicable rules of the SEC. The Audit Committee met formally four times during the fiscal year ended June 30, 2011. The Board has determined that Mr. Brehmer is an audit committee financial expert as defined by the rules of the SEC.

Equity and CEO Compensation Committee. The Equity and CEO Compensation Committee was created by the Board on September 15, 2009 for the purpose of administering the Contango Oil & Gas Company Annual Incentive Plan (the Incentive Plan) and the Contango Oil & Gas Company 2009 Equity Compensation Plan (the Equity Plan). The Equity and CEO Compensation Committee determines which executive officers will be eligible for cash bonus awards under the Incentive Plan for each fiscal year, approves the goals of such executive officer for the upcoming fiscal year, and determines the maximum cash bonus award for each executive officer eligible for an award under the Incentive Plan for the upcoming fiscal year. Under the terms of its charter, the Equity and CEO Compensation Committee also determines the compensation for Mr. Peak, the Chief Executive Officer of the Company. Additionally, the Equity and CEO Compensation Committee determines which executive officers and other employees may receive stock options, stock units, stock awards, stock appreciative rights and other stock based awards and the amounts of such stock based awards. Members of the Equity and CEO Compensation Committee are Messrs. Schoonover (Committee Chairman), Berilgen, Brehmer and Reimer. Each member of the Equity and CEO Compensation Committee is an outside director as defined under section 162(m) of the Internal Revenue Code of 1986, as amended (the Code) and is independent as defined in the applicable rules of the SEC. The Equity and CEO Compensation Committee met formally once during the fiscal year ended June 30, 2011, and passed resolutions by unanimous written consent on two occasions.

Nominating Committee. The Nominating Committee was created by the Board on May 3, 2010 for the purpose of overseeing the identification, evaluation and selection of qualified candidates for appointment or election to the Board. The Nominating Committee identifies individuals qualified to become Board members and recommends to the Board nominees for election as directors of the Company, taking into account that the Board as a whole shall have competency in industry knowledge, accounting and finance, and business judgment. The Nominating Committee seeks members from diverse backgrounds so that the Board consists of members with a broad spectrum of experience and expertise and with a reputation for integrity. Directors should have experience

in positions with a high degree of responsibility, be leaders in the companies or institutions with which they are affiliated, and be selected based upon contributions that they can make to the Company. The Nominating Committee shall give the same consideration to candidates for director nominees recommended by Company stockholders as those candidates recommended by others. Members of the Nominating Committee are Messrs. Schoonover (Committee Chairman), Berilgen, Brehmer and Reimer. Effective as of July 1, 2011, Mr. Schoonover was appointed Committee Chairman of the Nominating Committee following Mr. Peak's resignation as Committee Chairman on June 30, 2011. Each member of the Nominating Committee is independent as independence for nominating committee members is defined in the NYSE Amex and the applicable rules of the SEC. The Nominating Committee met formally once during the fiscal year ended June 30, 2011.

Board Leadership Structure. The Board of Directors elected Mr. Peak as both Chairman and Chief Executive Officer for a number of reasons. Mr. Peak is the founder of the Company and beneficially owns or votes approximately 15% of the Company's common stock, making him our largest shareholder. Mr. Peak has been an active entrepreneur who built the business into a large successful gas and oil company with a market capitalization of approximately \$900 million. Furthermore, we believe that the advantages of having a single Chief Executive Officer and Chairman with extensive knowledge of our Company outweigh potential disadvantages.

Risk Oversight. We administer our risk oversight function through our Audit Committee and our Equity and CEO Compensation Committee as well as through our Board as a whole. Our Audit Committee is empowered to appoint and oversee our independent registered public accounting firm, monitor the integrity of our financial reporting processes and systems of internal controls and provide an avenue of communication among our independent auditors, management, our internal auditing department and our Board. Our Equity and CEO Compensation Committee is responsible for overseeing the management of risks related to our compensation arrangements.

More information about the Company's corporate governance practices and procedures is available on the Company's website at www.contango.com.

THE BOARD RECOMMENDS A VOTE FOR THE ELECTION OF THE FIVE NOMINEES AS DIRECTORS OF CONTANGO, TO SERVE UNTIL THE NEXT ANNUAL MEETING OF STOCKHOLDERS OR UNTIL THEIR SUCCESSORS ARE DULY ELECTED AND QUALIFIED.

PROPOSAL 2

ADVISORY VOTE ON EXECUTIVE COMPENSATION

Introduction

Congress has recently enacted the Dodd-Frank Wall Street Reform and Consumer Protection Act (the Dodd-Frank Act), which requires that we provide our stockholders with the opportunity to vote to approve, on a non-binding, advisory basis, the compensation of our named executive officers as disclosed in this Proxy Statement and to express their views on such compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of the named executive officers and our philosophy, policies and practices as described in this Proxy Statement. We welcome the opportunity to give our stockholders an opportunity to vote on executive compensation at the Annual Meeting.

We recognize that executive compensation is an important matter for our stockholders. As described in detail in the Compensation Discussion and Analysis (CD&A) section of this Proxy Statement, the Compensation Committee is tasked with the implementation of our executive compensation philosophy, and the core of that philosophy has been and continues to be to pay our executive officers based on performance. The executive compensation program is designed to attract and retain highly qualified executives and motivate them to maximize stockholder return. We believe that our executive compensation program achieves these goals by providing a combination of short- and long-term incentive compensation to reward near-term excellent performance and to encourage executives' commitment to our long-range, strategic business goals. Stockholders are encouraged to read the CD&A section of this Proxy Statement, which discusses in detail how our compensation policies and procedures implement our compensation philosophy.

Text of the Resolution to be Adopted

As a matter of good corporate governance and in accordance with Section 14A of the Securities Exchange Act of 1934, the Board of Directors is asking stockholders to vote FOR the following resolution:

RESOLVED, that the stockholders of Contango Oil & Gas Company (the Company) approve, on an advisory basis, the compensation of the named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the 2010 Summary Compensation Table and the other related tables and disclosure in the Company's Proxy Statement for the 2011 Annual Meeting of the Stockholders of the Company.

As an advisory vote, this proposal is not binding on the Board or the Equity and CEO Compensation Committee. Although the vote is non-binding, the Board and the Equity and CEO Compensation Committee value the opinions of our stockholders, and will carefully consider the outcome of the vote in its ongoing evaluation of the Company's executive compensation program and when making future compensation decisions for executive officers. In particular, to the extent there is any significant vote against the compensation of our named executive officers as disclosed in this Proxy Statement, we will consider our shareholders' concerns and the Equity and CEO Compensation Committee will evaluate whether any actions are necessary to address those concerns.

**THE BOARD RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THE
APPROVAL OF THE COMPENSATION OF THE NAMED EXECUTIVE OFFICERS.**

PROPOSAL 3

ADVISORY VOTE ON FREQUENCY OF ADVISORY VOTES ON EXECUTIVE COMPENSATION

Introduction

Section 14A of the Securities Exchange Act of 1934 also provides that stockholders must be given the opportunity to vote, on a non-binding, advisory basis, on whether future advisory votes on the compensation of our named executive officers as disclosed in this Proxy Statement should occur every year, every two years or every three years. Stockholders may also abstain from casting a vote on this proposal.

The Board has determined that an advisory vote on the compensation of our named executive officers should occur each year. In formulating its recommendation, the Board considered that an annual advisory vote on executive compensation will allow our stockholders to provide us with direct input on our compensation philosophy, policies and practices as disclosed in the Proxy Statement on an annual basis and is consistent with our efforts to engage in an ongoing dialogue with our stockholders on executive compensation and corporate governance matters.

This vote is advisory and not binding on the Board and the Equity and CEO Compensation Committee and will not require the Board or Equity and CEO Compensation Committee to take any particular action. However, the Board and the Equity and CEO Compensation Committee will carefully consider the outcome of the vote when making future decisions on the frequency of advisory votes on executive compensation.

**THE BOARD RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR HOLDING
AN ADVISORY VOTE ON EXECUTIVE COMPENSATION EVERY YEAR.**

PROPOSAL 4**RATIFICATION OF THE SELECTION OF OUR AUDITORS**

The Board has appointed Grant Thornton LLP, independent public accountants, for the examination of the accounts and audit of our financial statements for the fiscal year ending June 30, 2012. Grant Thornton LLP also served in such capacity for the fiscal year ended June 30, 2011. At the Annual Meeting, the Board will present a proposal to the stockholders to approve and ratify the engagement of Grant Thornton LLP. The Board expects that representatives of Grant Thornton LLP will be present and will have the opportunity to make a statement, if they desire, and to respond to appropriate questions. The Audit Committee will consider the failure to ratify its selection of Grant Thornton LLP as independent public accountants as a direction to select other auditors for the fiscal year ending June 30, 2012.

Audit Committee Pre-Approval Policies and Procedures

All of the 2011 audit and non-audit services provided by Grant Thornton LLP were pre-approved by the Audit Committee. The non-audit services which were pre-approved by the Audit Committee were also reviewed to ensure compatibility with maintaining the accounting firm's independence.

The Audit Committee has established pre-approval policies and procedures related to the provision of audit and non-audit services. Under these procedures, the Audit Committee selects and appoints outside auditors, considers the independence and effectiveness of the outside auditors, approves the fees and other compensation to be paid to the outside auditors and is responsible for oversight of the outside auditors and reviews any revisions to the estimates of audit and non-audit fees initially approved. The Audit Committee's procedures prohibit the independent auditor from providing any non-audit services unless the service is permitted under

applicable law and is pre-approved by the Audit Committee. The Audit Committee receives the written disclosures required by generally accepted auditing standards. The Audit Committee annually requires the outside auditors to provide the Audit Committee with a written statement delineating all relationships between the outside auditors and the Company. The Audit Committee actively engages in a dialogue with the outside auditors with respect to any disclosed relationships or services that may impact the objectivity and independence of the outside auditors, and meets privately with the outside auditors four times per year, without management present. The Audit Committee recommends that the Board of Directors take appropriate action in response to the outside auditors' report to satisfy itself of the outside auditors' independence. The scope of services and fees are required to be compatible with the maintenance of the accounting firm's independence, including compliance with SEC rules and regulations.

THE BOARD RECOMMENDS A VOTE FOR THE RATIFICATION OF THE SELECTION OF GRANT THORNTON LLP AS INDEPENDENT PUBLIC ACCOUNTANTS.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This section of the Proxy Statement describes and analyzes our executive compensation philosophy and program in the context of the compensation paid during the last fiscal year to our named executive officers. You should read this section of the Proxy Statement in conjunction with the advisory vote that we are conducting on the compensation of our named executive officers (see Proposal No. 2), as it contains information that is relevant to your voting decision.

Overview of 2011 fiscal year Performance and Compensation. We are engaged in the exploration, development and production of oil and natural gas primarily offshore in the Gulf of Mexico. During the fiscal year ended June 30, 2011, despite the significant challenges faced by the oil and gas industry in the Gulf of Mexico following the accident onboard the deepwater drilling rig Deepwater Horizon (the Deepwater Horizon incident), the Company's revenues increased by approximately 28%, production increased by approximately 18%, and basic and diluted earnings per share increased by 32% and 34%, respectively. Additionally, the Company increased its reserves per net debt-adjusted fully diluted shares (total shares outstanding plus total stock options outstanding) by approximately 1%.

Philosophy. The Company's compensation philosophy is to pay for performance. Accordingly, the Company's executive compensation program is designed to attract and retain highly qualified executives and to motivate them to maximize stockholder return. It is intended to provide overall competitive compensation levels and incentive pay levels that vary based on the achievement of company-wide performance objectives and individual performance. In particular, the incentive compensation of Mr. Peak, the Company's Chairman and Chief Executive Officer, is determined by the independent directors of the Board, and is based predominantly upon the achievement of corporate performance objectives, and the achievement of those objectives has a significant impact on the incentive compensation of each other senior executive officer. The compensation packages for the other executive officers are determined by Mr. Peak.

Corporate Performance Objectives. In establishing the corporate performance objectives, the Company uses metrics that it believes investors would use in evaluating management's performance and in determining whether to purchase the Company's stock. For the fiscal year ended June 30, 2011, the Company's corporate performance objectives consisted of (i) striving for an accident free record for operated wells, (ii) maintaining a strong environmental record, (iii) increasing our year over year stock price, (iv) increasing net debt-adjusted reserves per fully diluted share, (v), incurring tax-effected finding and development costs of less than \$3.00 per Mcfe, and (vi) the Company's stock price performance exceeding the year-to-year stock price performance of a group of exploration focused companies the exchange traded fund WCAT. Each objective is important on its own merit and is considered in the totality of the Company's overall performance. Each objective is weighted equally, with objectives (iii) through (vi) being quantitatively measured. The amount of bonus, if any, is a function of level of achievement. The Company believes these metrics are important to its stockholders, and that achieving them will eventually result in an increase in stockholder value.

CEO Compensation Review Process. Mr. Peak is evaluated with respect to the Company's achievement of the above performance objectives as a whole. The independent members of the Board hold responsibility for selection, evaluation and the determination of compensation of the Chief Executive Officer. The Board's decisions relating to Mr. Peak's base salary levels reflect the Board's views as to the broad scope of responsibilities of Mr. Peak and the Board's subjective assessment of Mr. Peak's impact on the Company's overall success. The independent members of the Board review compensation levels for executives in the Company's Peer Group (defined below) as well as achievement of Company performance objectives in determining Mr. Peak's compensation.

The Board's decisions relating to cash bonus awards and equity awards (in the form of stock options and/or restricted stock) for Mr. Peak are based on annual performance objectives for Mr. Peak adopted at the beginning of the applicable year and are designed to allow awards and grants to be eligible for deductibility under Section 162(m) of the Code.

Senior Executive Review Process. Mr. Peak conducts an annual review of the base salary, cash bonus awards and equity awards made to each other senior executive officer. In each case, Mr. Peak takes into account the executive's broad scope of responsibilities and experience and compares these to competitive compensation levels provided by the Company's Peer Group (defined below). The Company has a small group of executive officers and Mr. Peak works closely with each executive officer on a daily basis. Mr. Peak evaluates each executive with respect to contribution to the Company's success, performance, strengths and weaknesses, and commitment to being a team-player. Based upon this personal evaluation, Mr. Peak makes his assessment and determines compensation for each executive officer.

Market Compensation Data. The Company has selected a list of five peer companies (the Peer Group), all of which are comparably sized and focus predominantly on the off-shore Gulf of Mexico oil and gas exploration and production industry. These companies share the business risk of drilling and operating in the offshore Gulf of Mexico and have reasonably comparable financial factors with Contango such as revenue, market capital, net income, and total assets. Companies focused on onshore shale plays are excluded because of the different capital needs and business risks associated with their exploration and production models. Companies similar in size but in unrelated industries are not included because the Company typically does not hire executives from such companies, nor would the Company be likely to lose executives to such companies:

Contango 2011 Peer Group

1. ATP Oil & Gas Corporation
2. Callon Petroleum Company
3. Energy XXI (Bermuda) Limited
4. McMoRan Exploration Co.
5. W&T Offshore, Inc.

Components of Senior Executive Compensation. The primary elements of annual compensation for senior executives are base salary, cash bonus awards (which fall within the SEC's definition of "Non-Equity Incentive Plan Compensation" for the purposes of the Summary Compensation Table and otherwise) and equity awards. Each component is addressed in the context of individual, Company performance, competitive conditions, and the Company's philosophy regarding common stock issuance and dilution. In determining competitive compensation levels, the Company analyzes data that includes information regarding the general natural gas and oil exploration and production industry. A major distinguishing feature between the compensation for Contango's senior executives and the majority of publicly-traded companies, including exploration and production companies, is that Contango's senior executives are compensated almost entirely with cash salary and cash bonus and receive no stock options or restricted stock. Except as noted in the Summary Compensation Table, Contango's senior executives did not receive any form of non-cash compensation in 2010, other than

medical and insurance benefits. Medical and insurance benefits are made available to all of the Company's employees. None of the executive officers have an agreement with the Company that govern aspects of their compensation, as described below under Employment and Severance Agreements.

Aggregate compensation for each senior executive is designed to align the executive's incentives with the long-term interests of the Company's stockholders. The Company only has eight employees and as a result, our executives are required to simultaneously manage a variety of different responsibilities and projects. The Company used only cash bonus awards to reward performance in 2010, but may use equity awards to create incentives for future performance. Contango does not look to assign a fixed weighting to any individual component of compensation, as it believes that aggregate compensation for each executive must be tailored to meet the competitive characteristics applicable to the executive's personal and professional circumstances, as well as the performance of the Company. Mr. Peak has the discretion to modify the individual components of compensation for each senior executive.

Base Salary. Competitive base salaries are necessary to attract and retain well qualified executives. Base salaries are intended to provide a level of certainty and stability with respect to compensation from year to year. Mr. Peak determines base salaries for the other executive officers by evaluating the responsibilities of the position, the experience of the individual, the performance of the individual, and the competitive marketplace for similar management talent. Mr. Peak's salary review process includes a comparison of total compensation for comparable positions at Contango's Peer Group.

Mr. Peak may make base salary adjustments on a periodic basis to maintain the desired levels of base salaries for all Company employees. Mr. Peak determines annual salary adjustments by evaluating the competitive marketplace and the performance of Contango and the executive officers, as well as any increased responsibilities assumed by the executive officers. Although Mr. Peak does not give specific weight to any particular factor, the most weight is given to the executive's performance (in determining whether to adjust above or below the current salary level), and a significant but lesser weight is given to the comparative data. Salary adjustments generally are determined and implemented on a 12-month cycle, but Mr. Peak may undertake more frequent adjustments as he deems appropriate.

The independent directors of the Board may adjust Mr. Peak's base salary for similar reasons. Mr. Peak's base salary was \$150,000 from the Company's inception in 1999, through the fiscal year 2009. In fiscal year 2010, the Board increased the base salary of Mr. Peak to \$750,000 per year, and increased it again in fiscal year 2011 to \$950,000 per year, to make his salary more competitive with that of the Peer Group, as well as to recognize the increased personal risks in serving as the Chief Executive Officer of a publicly held energy company as a result of the Sarbanes-Oxley Act, the numerous new regulations of the Bureau of Ocean Energy Management, Regulation and Enforcement following the Deepwater Horizon incident, and the Dodd-Frank Wall Street Reform and Consumer Protection Act.

For the fiscal year ended 2011, Mr. Peak set the annual base salary of Mr. Castro, Mr. Cambron and Mr. Duncan at \$250,000 each, and the annual base salary of Ms. Makalskaya at \$200,000. Effective January 1, 2011, Ms. Makalskaya's annual salary was increased to \$250,000. Other than Mr. Peak and Ms. Makalskaya's raise and Mr. Cambron's inclusion as a Named Executive Officer (defined in the Summary Compensation Table), no other changes to the Named Executive Officer's base salaries have been made since the date of the last Proxy Statement.

Bonuses. All executives, including Mr. Peak, are eligible to receive a cash bonus award tied directly to the Company's achievement of financial, operational, and strategic objectives and the executive's personal achievements. Cash bonuses are designed to reward our executives for maximizing annual operating and financial performance. Bonuses for other senior executives are determined by Mr. Peak on an annual basis. Mr. Peak bases executive bonuses on management's achievement during the fiscal year and on the corporate performance objectives adopted by the Company. Mr. Peak believes that cash bonuses should be greater than market when salaries and equity awards are below industry median pay levels.

Mr. Peak believes that the Company's compensation levels, and in particular the size of cash bonuses paid, should take into account the absence of equity bonuses (stock options and restricted stock) as well as the absence of other common executive perquisites such as:

Matching 401(k) contributions

Profit-sharing programs

Change in control payments

Termination payments

Continuing medical and outplacement services upon retirement or termination

Individual life insurance or excess liability policies

Matching gifts program

Personal financial and tax advice services

Security services

Defined contribution retirement plans

Company airplane

Company-leased vehicles.

In fiscal year 2011, all of the Company's executives qualified for a cash bonus award as a result of the Company achieving five of the six corporate performance objectives. For the fiscal year ending June 30, 2011, Mr. Castro, Ms. Makalskaya, Mr. Cambron and Mr. Duncan earned a cash bonus of \$500,000, \$350,000, \$400,000 and \$150,000, respectively. This cash bonus award has vesting provisions whereby a portion of the award was paid immediately in July 2011, a portion will vest on June 30, 2012; and the remainder will vest on June 30, 2013. See Summary Compensation Table for a detailed discussion of the vesting amounts. The vested portions will be paid provided that the executive neither voluntarily terminates his/her employment nor is terminated for cause before the vesting date. Additionally, Mr. Cambron received a signing bonus of \$350,000 in August 2010.

On September 7, 2010, the Equity and CEO Compensation Committee determined that pursuant to the Contango Oil & Gas Company Annual Incentive Plan approved by the Company's stockholders on November 19, 2009, (the Incentive Plan), Mr. Peak would be the only participant in the Incentive Plan for the fiscal year ending June 30, 2011. In addition to the Company's paramount objectives of striving for an accident-free and environmentally sound workplace environment, the Committee set performance goals using the following criteria: (i) a year over year increase in the stock price of the Company, (ii) an increase in net debt-adjusted reserves per fully diluted share, (iii) a tax-effected finding and development costs of less than \$3.00/mcfe, and (iv) relative performance of the Company's stock price against the exchange-traded WCAT fund. The Company met its safety and environmental objectives and had the Company achieved all four performance goals, Mr. Peak would have been eligible to earn a maximum cash bonus of \$7.0 million. On July 8, 2011, the Equity and CEO Compensation Committee determined that

Edgar Filing: CONTANGO OIL & GAS CO - Form DEF 14A

during the 2011 fiscal year, the Company (i) increased its year over year stock price from \$44.75 per share on June 30, 2010, to \$58.44 on June 30, 2011, (ii) increased its net debt-adjusted reserves per fully diluted share from 19.64 Mcfe/share in 2010 to 19.82 Mcfe/share for the fiscal year ending June 30, 2011, and (iii) exceeded its target objective and had tax-effected finding and development costs of less than \$2.00 per Mcfe. The Company failed to outperform the stock price of the exchange-traded WCAT fund. In accordance with the goals established for Mr. Peak under the Incentive Plan, the Equity and CEO Compensation Committee recognized Mr. Peak's guidance and leadership in the achievement of the goals established for Mr. Peak, and awarded Mr. Peak a cash bonus of \$6.0 million, of which \$4.0 million was paid in July 2011, with the remaining \$2.0 million to vest in equal \$1 million installments on June 30, 2012 and June 30, 2013, provided that Mr. Peak neither voluntarily terminates his employment nor is terminated for cause before the vesting date.

On July 8, 2011, the Equity and CEO Compensation Committee determined that pursuant to the Incentive Plan, Mr. Peak would be the only participant in the Incentive Plan for the fiscal year ending June 30, 2012. In addition to the Company's paramount objectives of striving for an accident-free and environmentally sound workplace environment, the Committee updated the performance goals for the 2012 fiscal year using as criteria: (i) a year over year increase in the stock price of the Company from June 30, 2011 to June 30, 2012, (ii) an increase in net debt-adjusted reserves per fully diluted share, (iii) a tax effected finding and development costs of less than \$3.00/mcfe, and (iv) relative performance of the Company's stock price against the S&P's 600 Small Cap Index. If all performance goals are achieved, Mr. Peak is eligible to receive a maximum cash bonus award of \$7.0 million for the fiscal year ending June 30, 2012. The Equity and CEO Compensation Committee may exercise its discretion to reduce the maximum cash bonus award but cannot increase it. The following table sets forth the performance goals of Mr. Peak's 2012 performance bonus and related compensation depending upon the level of achievement.

Performance Goal	Level of Achievement		Bonus if Achieved
Increase in the stock price of the Company	0.01%	4.99%	\$ 0.5 million
	5.00%	9.99%	\$ 1.0 million
	10.00%	14.99%	\$ 1.5 million
	15.00%	19.99%	\$ 2.0 million
	> 20.00%		\$ 3.0 million
Increase in net debt-adjusted reserves per fully diluted share	Any increase		\$ 1.0 million
Tax-effected finding and development cost	\$2.01	\$3.00/mcfee	\$ 1.0 million
	< \$2.00/mcfee		\$ 2.0 million
Performance against S&P 600 Small Cap Index	50.00%	74.99%	\$ 0.5 million
	> 75.00%		\$ 1.0 million

Mr. Peak has not set individual goals or a maximum target bonus for other senior executives.

Equity Awards. Contango's equity compensation program for senior executive employees includes two forms of long-term incentives: restricted stock and stock options. Award size and frequency is based on each executive's demonstrated level of performance and Company performance over time.

Historically, stock option awards were the Company's primary form of equity incentives. The Company selected this form because it tied future performance of the Company to the ultimate value received by the employee. As the Company's stock price continued to grow, however, the Company began including restricted stock to its equity incentive compensation, since fewer shares of stock are required to achieve the same level of employee compensation, resulting in less overall dilution in the number of shares of Common Stock outstanding. Since implementing the Company's share repurchase program in September 2008, the Company has issued fewer and fewer stock option and restricted stock awards, preferring instead to reward senior executives with higher cash bonuses resulting in less dilution for the Company's shareholders. During the fiscal year ended June 30, 2011, the Company did not grant stock options or restricted shares of stock to any of its senior executives. Mr. Peak has not received any stock options or restricted stock grants in the last four years.

As of October 12, 2011, the Company had approximately 15.4 million fully diluted shares outstanding, as compared to 16.7 million fully diluted shares at June 30, 2011. In an effort to continue to minimize the overall dilution in the number of shares of Common Stock outstanding, the Company has no plans to grant restricted stock or stock options for the fiscal year ending June 30, 2012.

Equity Award Mechanics. The Company's 1999 Stock Incentive Plan expired in August 2009. On September 15, 2009, the Board adopted the 2009 Equity Compensation Plan (the "2009 Plan"), which was approved by the Company's stockholders on November 19, 2009. Awards typically fall into two categories: annual awards and new hire and promotion awards. New hire and promotion awards are made on the date of hire or promotion, and annual awards are made in June. From time to time the Board of Directors may make grants at other times in connection with employee retention.

All stock option awards have a per share exercise price equal to or greater than the closing price of our Common Stock on the grant date. Stock option awards and restricted stock awards vest upon the passage of time. The Board of Directors has not granted, nor does it intend in the future to grant, equity awards in anticipation of the release of material nonpublic information. Similarly, the Company has not timed, nor does it intend in the future to time, the release of material nonpublic information based upon equity award grant dates.

Deferred Compensation and Retirement Plans. The Company does not have a deferred compensation program, pension benefits, a retirement plan, or any sort of post retirement healthcare plan. Additionally, the Company does not have any potential post-employment payments resulting from termination or a change in control of the Company. However, under the 2009 Plan, the CEO and Equity Compensation Committee retains the discretion to modify certain terms and remove restrictions on equity awards upon a change of control of the Company.

Perquisites and Other Benefits. The Company annually reviews the perquisites that senior executives receive. In general, perquisites to senior executive officers are limited. All of the Company's employees are eligible to participate in the Company's employee benefit plans, such as medical, dental, group life and disability insurance. These benefits are provided so as to assure that we are able to maintain a competitive position in terms of attracting and retaining executive officers and other employees. The Company's senior executives receive no benefits that are not otherwise available to all of its employees.

Regulatory Considerations. It is the Company's policy to make reasonable efforts to cause executive compensation to be eligible for deductibility under Section 162(m) of the Code. Under Section 162(m), the federal income tax deductibility of compensation paid to the Company's Chief Executive Officer and to each of its four other most highly compensated executive officers may be limited to the extent that such compensation exceeds \$1.0 million in any one year. Under Section 162(m), the Company may deduct compensation in excess of \$1.0 million if it qualifies as performance-based compensation, as defined in Section 162(m). While the Company does not design its compensation programs for tax purposes, in general, the Incentive Plan and the 2009 Plan are designed to allow awards and grants to be eligible for deductibility under Section 162(m).

Employment and Severance Agreements. We have no employment or severance agreement with any executive officer.

Compensation Risk Management. The Equity and CEO Compensation Committee considers, in establishing and reviewing our executive compensation program, whether the program encourages unnecessary or excessive risk taking and has concluded that it does not. Several features of our program reflect sound risk management practices. Base salaries are fixed in amount and thus do not encourage risk taking. While our bonuses are tied to management's achievement during the previous fiscal year, and may encourage the taking of short-term risks at the expense of long-term results, executives' annual bonuses are determined using multiple performance criteria based on the executive's individual performance. The Equity and CEO Compensation Committee believes that our bonus awards appropriately balance risk and the desire to focus executives on specific short-term goals important to the Company's success, and that they do not encourage unnecessary or excessive risk taking. In addition, the Equity and CEO Compensation Committee believes that our current equity compensation program provides an appropriate balance between the goals of increasing the price of our common stock and avoiding risks that could threaten our growth and stability.

EQUITY AND CEO COMPENSATION COMMITTEE REPORT

The Equity and CEO Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis set forth above required by Item 402(b) of Regulation S-K with management. Based on such review and discussion with management, the Equity and CEO Compensation Committee has recommended that the Compensation Discussion and Analysis be included in this Proxy Statement and incorporated by reference into our Annual Report on Form 10-K for the fiscal year ended June 30, 2011.

Equity Compensation Plans and Other Compensation Arrangements

The following table provides information as of June 30, 2011 regarding our Common Stock that may be issued upon the exercise of stock options and warrants.

Plan Category	Number of securities to be issued upon exercise of outstanding options	Weighted-average exercise price of outstanding options	Number of securities remaining available for future issuance under equity compensation plans
1999 Stock Incentive Plan approved by security holders	45,000	\$ 54.21	
2009 Equity Compensation Plan approved by security holders			1,475,000
Equity compensation plans not approved by security holders			

The Company's 1999 Stock Incentive Plan (the "1999 Plan") expired in August 2009. The 45,000 outstanding options issued under the 1999 Plan will be converted into securities if exercised prior to their expiration in September 2013.

Under the 2009 Plan, the Company's Board of Directors may grant restricted stock and option awards to officers, directors, employees or consultants of the Company. Awards made under the 2009 Plan are subject to such restrictions, terms and conditions, including forfeitures, if any, as may be determined by the Board.

The Company may periodically grant additional cash bonus awards, new stock option grants and/or restricted stock awards to provide continuing incentives for future performance. In making the decision to make additional grants and/or awards, the independent directors and the Chairman and Chief Executive Officer would consider factors such as the size of previous grants/awards and the number of stock options and shares of stock already held and the degree to which increasing that ownership stake would provide the additional incentives for future performance, the likelihood that the grants/awards would encourage the executive officer to remain with the Company and the value of the executive's service to the Company.

These persons are required by SEC regulations to furnish us with copies of all Section 16(a) reports they file. Based on our review of the copies of such reports, we believe that all such reports required by Section 16(a) of the Exchange Act were in compliance with such filing requirements during the fiscal year ended June 30, 2010.

Certain Relationships and Related Transactions

There were no related transactions between the Company and its Board of Directors or executive officers during the fiscal year ended June 30, 2011.

Related Person Transaction Policies and Procedures

The Company has instituted policies and procedures for the review, approval and ratification of related person transactions as defined under SEC rules and regulations. Our Audit Committee Charter requires management to inform the Audit Committee of all related person transactions. Examples of the type of transactions the Audit Committee reviews include payments made by the Company directly to a related person (other than in his or her capacity as a director or employee), or to an entity in which the related person serves as an officer, director, employee or owner, and any other transaction where a potential conflict of interest exists. In order to identify any such transactions, among other measures, the Company requires its directors and officers to complete questionnaires identifying transactions with any company in which the officer or director or their family members may have an interest. In addition, our Code of Ethics requires that the Audit Committee review and approve any related person transaction before it is consummated.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee is a standing committee of the Board of Directors, which met four times during the fiscal year ended June 30, 2011. The Audit Committee consists of three members, Jay D. Brehmer (Chairman), Charles M. Reimer and Steven L. Schoonover, each of which is independent as defined in Section 803(A) of the NYSE Amex listing standards. The Board of Directors has designated Mr. Brehmer as the audit committee financial expert as defined by SEC rules. The Audit Committee assists, advises and reports regularly to the Board in fulfilling its oversight responsibilities related to:

The integrity of the Company's financial statements

The Company's compliance with legal and regulatory requirements

The independent auditor's qualifications and independence

The performance of the Company's outside auditors

In meeting its responsibilities, the Audit Committee is expected to provide an open channel of communication with management, the outside auditors and the Board. The Audit Committee's specific responsibilities are set forth in its charter, as amended. The Audit Committee Charter was amended February 16, 2006.

The Audit Committee has reviewed and discussed Contango's audited consolidated balance sheet as of June 30, 2011 and 2010 and consolidated statements of income, cash flows and stockholders' equity for the three years ended June 30, 2011, 2010 and 2009 with Contango's management. The Audit Committee has discussed with Grant Thornton LLP, Contango's independent auditors, the matters required to be discussed concerning the accounting methods used in the financial statements.

The Audit Committee has also received and reviewed the written disclosures and the letter from Grant Thornton LLP required by the SEC and PCAOB RULE 3526 (concerning matters that may affect an auditor's independence), and has discussed with Grant Thornton LLP their independence.

Based on the foregoing review and discussions, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in Contango's Annual Report on Form 10-K for the year ended June 30, 2011 for filing with the SEC.

This report is submitted on behalf of the Audit Committee.
