### Introductory Note

On December 1, 2011, Global Industries, Ltd., a Louisiana corporation ( Global Industries ), became an indirect, wholly-owned subsidiary of Technip S.A., a *société anonyme* organized under the laws of France ( Technip ), as a result of the merger of Apollon Merger Sub B, Inc., a Louisiana corporation and an indirect, wholly-owned subsidiary of Technip ( Merger Subsidiary ) with and into Global Industries (the Merger ). The Merger was effected pursuant to an Agreement and Plan of Merger dated as of September 11, 2011, among Global Industries, Technip, and Merger Subsidiary (the Merger Agreement ).

#### Item 1.01 Entry into a Material Definitive Agreement.

In connection with the Merger, on December 1, 2011, Global Industries entered into a first supplemental indenture (the First Supplemental Indenture ) with Wells Fargo Bank, National Association (the Trustee ), related to the indenture dated as of July 27, 2007 (the Base Indenture ), and together with the First Supplemental Indenture, the Indenture ) between Global Industries and the Trustee, providing for the issuance of Global Industries 2.75% Senior Convertible Debentures due 2027 (the Debentures ). Pursuant to the First Supplemental Indenture, the Debentures may now only be converted into the merger consideration that holders of Debentures would have been entitled to receive upon the consummation of the Merger had each \$1,000 principal amount of the Debentures been converted into a number of shares of Global Industries common stock, par value \$0.01 per share (the Common Stock ) equal to the Conversion Rate (as defined in the Indenture) immediately prior to the consummation of the Merger. Global Industries conversion obligation with respect to Debentures that are converted at any time after the consummation of the Merger will be fixed at an amount in cash equal to the Conversion Rate of 28.1821 multiplied by \$8.00, without interest, which is the merger consideration (the Merger Consideration ) payable for each share of Common Stock outstanding immediately prior to the consummation of the Merger. As a result, Holders will be entitled to receive \$225.46 per \$1,000 aggregate principal amount of Debentures surrendered for conversion.

#### Item 1.02 Termination of a Material Definitive Agreement.

On December 1, 2011, concurrent and in connection with the completion of the Merger, Global Industries terminated the Third Amended and Restated Credit Agreement, dated as of June 30, 2006, with the banks and financial institutions party thereto, as amended and supplemented. No early termination or prepayment penalties were incurred.

#### Item 2.01 Completion of Acquisition or Disposition of Assets.

On December 1, 2011, the Merger of Merger Subsidiary with and into Global Industries was completed, with Global Industries continuing as the surviving corporation and an indirect, wholly-owned subsidiary of Technip.

In connection with the Merger, each outstanding share of Common Stock, other than Common Stock held by Global Industries as treasury stock or owned by Technip, Merger Subsidiary or any of their affiliates, and other than those shares with respect to which dissenters rights were properly exercised, was converted pursuant to the Merger Agreement into the right to receive the Merger Consideration. As of the effective time of the Merger (the Effective Time ), holders of the Common Stock immediately prior to the Effective Time ceased to have any rights as shareholders of Global Industries (other than their right to receive the Merger Consideration pursuant to the Merger Agreement). In addition, each option to purchase shares of Common Stock (whether or not vested, each a Stock Option ) was converted into the right to receive, less applicable withholding taxes, an amount in cash determined by multiplying (i) the excess, if any, of the Merger Consideration over the applicable exercise price per share of Common Stock subject to the Stock Option by (ii) the number of shares of Common Stock the holder could have purchased (assuming full vesting of the Stock Option) had such holder exercised such option in full immediately prior to the Effective Time. Each share of restricted stock vested and was treated as a share of Common Stock entitled to receive the Merger Consideration, and each performance stock unit (a Performance Unit ) was converted into the right to receive an amount in cash determined by multiplying (i) the Merger Consideration by (ii) the number of shares of Common Stock issuable pursuant to such Performance Unit assuming attainment of the target level of performance (or such other level of performance if provided for in the award agreement underlying such Performance Unit).

Based on the per share consideration of \$8.00 per share, the aggregate amount of consideration paid by Technip was approximately \$936 million. The consideration received by Global Industries' shareholders was funded through cash on hand within the Technip group.

The foregoing description of the Merger Agreement is only a summary, does not purport to be complete and is qualified in its entirety by reference to the Merger Agreement, which was filed as Exhibit 2.1 to Global Industries' Current Report on Form 8-K filed with the Securities and Exchange Commission (the "SEC") on September 12, 2011 and which is incorporated herein by reference.

**Item 2.04 Triggering Events That Accelerate or Increase a Direct Financial Obligation or an Obligation Under an Off-Balance Sheet Arrangement.**

The completion of the Merger described above under Item 2.01 constituted a "Fundamental Change" under the Indenture. As a result, pursuant to the Indenture, the holders of the Debentures have the right (i) to require Global Industries to repurchase their Debentures at a cash price equal to 100% of the principal amount plus accrued and unpaid interest on a repurchase date to be specified by Global Industries, or (ii) to convert their Debentures into \$225.46 in cash per \$1,000 aggregate principal amount of Debentures.

The information set forth in Item 1.01 is incorporated herein by reference.

**Item 3.01 Notice of Delisting or Failure to Satisfy a Continued Listing Rule or Standard; Transfer of Listing.**

In connection with the completion of the Merger, on December 1, 2011, Global Industries requested in writing that The Nasdaq Stock Market LLC ("NASDAQ") file with the SEC a Form 25 (Notification of Removal from Listing and/or Registration under Section 12(b) of the Securities Exchange Act of 1934 (the "Exchange Act")) to delist the Common Stock from NASDAQ and deregister the Common Stock under Section 12(b) of the Exchange Act. The trading of the Common Stock on NASDAQ will be suspended after the close of trading on NASDAQ on December 1, 2011. Global Industries intends to file a certification and notice of termination of registration on Form 15 requesting the deregistration of the Common Stock under Section 12(g) of the Exchange Act and the suspension of its reporting obligations under Section 15(d) of the Exchange Act, as soon as practicable.
