Type of Service	Fiscal 2011	Fiscal 2010
Audit Fees	\$ 2,955,953	\$ 2,058,600
Audit-related Fees	100,866	235,031
Tax Fees	393,579	382,029
All Other Fees	122,262	16,425
Total	\$ 3,572,660	\$ 2,692,085

Audit-related fees in fiscal 2011 were in respect of consultation on International Financial Reporting Standards (**IFRS**), while audit-related fees in fiscal 2010 were in respect of tax due diligence services related to the acquisition of the broadcasting business of Canwest Global Communications Corp. (**Canwest**). The tax fees paid in fiscal 2011 and 2010 include tax advisory services in respect of the aforementioned acquisition and linear property tax compliance. The other fees paid in fiscal 2011 related to project advisory services while other fees in fiscal 2010 were in respect of training provided to certain employees for the upcoming transition to IFRS in fiscal 2012.

The Audit Committee of the Corporation considered and agreed that the above fees are compatible with maintaining the independence of the Corporation's auditors. Further, the Audit Committee determined that, in order to ensure the continued independence of the auditors, only limited non-audit services will be provided to the Corporation by Ernst & Young LLP and in such case, only with the prior approval of the Audit Committee. The Chair of the Audit Committee has been delegated authority to approve the retainer of Ernst & Young LLP to provide non-audit services in extraordinary circumstances where it is not feasible or practical to convene a meeting of the Audit Committee, subject to an aggregate limit of \$150,000 in fees payable to Ernst & Young LLP for such services at any time until ratified by the Audit Committee. The Chair of the Audit Committee is required to report any such services approved by him to the Audit Committee.

A shareholder who has given a proxy may revoke it, in any manner permitted by law, including by signing a proxy bearing a later date or a notice of revocation and, in either case, delivering it to the attention of the Corporate Secretary of the Corporation at Corporation's registered office up to the day before the Meeting or to the Chair of the Meeting on the day of the Meeting.

3. Exercise of Discretion by Proxyholders

Where a choice is specified, the persons named in the enclosed form of proxy will vote the shares in respect of which they are appointed in accordance with the directions contained therein. In the absence of such directions, it is intended that such shares will be voted for the adoption of all resolutions referred to in the Notice of Meeting.

The enclosed form of proxy confers discretionary authority upon the persons named therein with respect to amendments or variations to matters identified in the Notice of Meeting and with respect to other matters which may properly come before the Meeting. At the date of this proxy circular, management of the Corporation knows of no such amendments, variations or other matters to come before the Meeting other than the matters referred to in the Notice of Meeting. If any such amendment, variation or other matter which is not now known should properly come before the Meeting, then the persons named in the form of proxy will vote on such matters in accordance with their best judgement with respect to the shares represented by such proxy.

4. Voting of Class A Shares Advice to Beneficial Holders

The information set forth in this section is of significant importance to shareholders who hold class A participating shares (Class A Shares) in the capital of the Corporation through brokers and their nominees and not in their own name. Shareholders who do not hold their Class A Shares in their own name (referred to in this proxy circular as **Beneficial Shareholders**) should note that only proxies deposited by shareholders whose names appear on the records of the Corporation as the registered holders of the Class A Shares can be recognized and acted upon at the Meeting. If Class A Shares are listed in an account statement provided to a shareholder by a broker, then in

almost all cases those shares will not be registered under the name of the shareholder on the records of the Corporation. Such shares will more likely be registered under the name of the shareholder's broker or an agent of that broker. Shares held by brokers or their nominees can only be voted for, or withheld from voting, or voted against any resolution upon the instructions of the Beneficial Shareholder. Without specific instructions, brokers and nominees are prohibited from voting shares for their clients.

Applicable regulatory policy requires intermediaries and brokers to seek voting instructions from Beneficial Shareholders in advance of shareholders' meetings. Every intermediary and broker has its own mailing procedures and provides its own return instructions, which should be carefully followed by Beneficial Shareholders in order to ensure that their Class A Shares are voted at the Meeting. Often, the form of proxy supplied to a Beneficial Shareholder by its broker is identical to the form of the proxy provided to registered shareholders; however, its purpose is limited to instructing the registered shareholder how to vote on behalf of the Beneficial Shareholder. **A Beneficial Shareholder receiving a proxy from an intermediary cannot use that proxy to vote shares directly at the Meeting; rather the proxy must be returned to the intermediary well in advance of the Meeting in order to have the shares voted.**

5. Voting Shares and Principal Holders Thereof

Only the holders of Class A Shares of record at the close of business on November 29, 2011, the record date fixed by the directors of the Corporation, will be entitled to vote on all matters at the Meeting. Each holder of Class A Shares is entitled to one vote for each such share held. As of November 22, 2011, there were 22,520,064 outstanding Class A Shares in the capital of the Corporation.

The only person who, to the knowledge of the directors and executive officers of the Corporation, beneficially owns, directly or indirectly, or exercises control or direction over, more than 10% of the Class A Shares is JR Shaw who beneficially owns, controls or directs 17,782,600 Class A Shares, representing approximately 79% of the issued and outstanding Class A Shares. JR Shaw, members of his family and corporations owned or controlled by them have entered into a Voting Trust Agreement relating to all Class A Shares they own, control or direct. The voting rights with respect to such shares are exercised by the representative of a committee of five trustees. **The Corporation has been advised that all of such Class A Shares will be voted in favour of the resolutions referred to in the Notice of the Meeting. The Corporation therefore anticipates that these resolutions will be approved.**

6. Restricted Shares

Holders of class B non-voting participating shares (**Class B Non-Voting Shares**) are not entitled to vote at meetings of shareholders of the Corporation, except as provided by law, and will not be entitled to vote on any matter at the Meeting. In the event of a take-over bid, in certain circumstances which are fully described in the Corporation's Annual Information Form dated November 29, 2011, a holder of Class B Non-Voting Shares may be entitled to convert such shares into Class A Shares for purposes of tendering to the take-over bid. As of November 22, 2011, there were 416,425,127 outstanding Class B Non-Voting Shares in the capital of the Corporation.

STATEMENT OF EXECUTIVE COMPENSATION

1. Compensation Discussion and Analysis

The following discussion and analysis examines the compensation earned during the last financial year of the Corporation by the Named Executive Officers of the Corporation who are:

JR Shaw, Executive Chair;
Jim Shaw, Chief Executive Officer and Vice Chair (retired from Chief Executive Officer in November 2010);
Bradley S. Shaw, Chief Executive Officer (effective November 2010);
Peter J. Bissonnette, President;
Steve Wilson, Senior Vice President and Chief Financial Officer; and
Jay Mehr, Senior Vice President, Operations.

The Corporation's overall approach is to ensure fair and equitable total compensation for its senior executive team which includes the Named Executive Officers. Under the guidance of the Human Resources and Compensation Committee, the Corporation has taken a strategic approach in the design of its compensation program to ensure transparency and alignment with business objectives and performance. This strategy has been successful, resulting in increased shareholder value in the short, medium and long-term.

The Human Resources and Compensation Committee has adopted a philosophy of transparency in its compensation programs rewarding performance with competitive base salaries, annual performance and success sharing bonuses, stock option awards, restricted share units and retirement plans.

Executive Compensation Guiding Principles

The guiding principles of the executive compensation philosophy of the Corporation are grounded in several clear principles.

The first and foremost principle is to:

focus on aligning compensation with executing on strategies and overall business performance; and
build value for shareholders, consumers, employees and community stakeholders over the short, medium and long-term, taking into account both quantitative and qualitative key business measures to ensure a balanced approach to assessing individual and team performance.

In achieving this principle, the Corporation must be flexible and progressive in its business strategies and must meet the challenges of growth, new technology, the regulatory structure, competition and the general economic environment. Therefore, the Corporation's compensation programs need to:

provide for an ongoing review and assessment of compensation practices to ensure that they align with the business strategy and performance;
enable management focus, knowledge, stability and experience to execute business strategies in an intensely competitive environment with rapidly evolving technology; and
encourage capital allocation decisions involving major long-term capital investments which shape and determine future growth and profitability.

The second principle addresses the components of compensation. The Corporation's philosophy is to provide a transparent approach to executive compensation. The executive compensation package consists of a mix of compensation elements that ensure executives have: 1) a

significant at risk component of total compensation that reflects their ability to influence business outcomes and performance; and 2) fixed elements that provide security and enable the Corporation to attract and retain key employees. The compensation elements consist of:

- base salaries which overall are generally in line with the average of the comparator groups;
- bonus payouts which are directly driven by Corporate, business unit/function and individual performance. Bonuses pay above average for above average performance and significantly below for poor performance;
- a medium and long-term incentive approach that ensures transparency as well as an ability to attract, motivate and retain key leaders and which rewards shareholder value creation;
- a limited perquisite package; and
- a retirement plan (Senior Executive Retirement Plan (**SERP**)) that will ensure that the Corporation retains and rewards its senior leaders for contributions over an extended period.

The third principle is to consider the Corporation's executive compensation practices in light of the marketplace, as well as long-term leadership development and executive retention. As such, the programs provide a level of compensation to ensure the Corporation remains competitive and continues to attract, retain and motivate high caliber leaders.

In assessing competitiveness, the Corporation measures total compensation relative to a group of comparator companies. The primary comparators are a group of cable and media companies in Canada and the U.S. This analysis is cross referenced to other comparator groups based on companies with similar revenues and 5-year Total Shareholder Return (**TSR**).

Purpose and Attributes of Executive Compensation Components

a. Base Pay

Base pay is designed to provide a level of fixed compensation that is overall generally in line with the average of the comparator group for similar roles and responsibilities. It is reviewed annually taking into account market conditions, level/scope of responsibility and the accountabilities of each individual.

b. Short-term Incentive (Bonus)

This element of at risk compensation is designed to reinforce and help drive the achievement of the Corporation's and an individual's annual goals. Payments are performance driven and made on a cash basis.

c. Medium and Long-term Incentives

The purpose of the medium and long-term incentives is to provide additional compensation on a periodic basis to ensure a continued balanced performance focus with the overall objective of creating shareholder value.

Prior to fiscal 2011, a stock option plan was the only component included in the medium and long-term incentives. The Corporation has recognized that this component of executive compensation has historically been below most companies in the comparator group. In the past, the Corporation has preferred to deliver value to executives in the form of rewards for performance through the bonus program and, as a result, longer term incentives such as stock option awards were limited. With the growth of the Corporation, it was recognized that the medium and longer term incentives needed to be augmented and a more consistent approach taken with respect to these incentives throughout the senior levels of management. In fiscal 2011 the Corporation implemented a new share based incentive in the form of Restricted Share Units (**RSUs**). The RSUs may be granted by the Human Resources and Compensation

Committee solely at their discretion to attract and retain senior leaders and to reward performance of senior leaders. In fiscal 2011 for most senior levels of management, including certain NEOs, a portion of the short-term incentive was shifted to medium term incentives, with cash bonuses being reduced and RSUs granted.

d. Retirement Plans and Benefits

The Human Resources and Compensation Committee approves the membership of the SERP for senior executives of the organization. This plan is designed to reflect significant contributions the selected senior executives have made and will make to the Corporation over a period of time. The SERP plan was established in 2001 and reflects the Corporation's historic preference to deliver competitive compensation through elements other than long-term incentive awards. The SERP requires members to achieve a minimum vesting level before any payment or award. This SERP, which forms part of the senior executive's total compensation, is in addition to the pension benefits earned through the Corporation's Defined Contribution Plan, which is generally standard for all employees.

All senior executives are members of the Corporation's group benefits plan, which is also generally standard for all employees.

Collectively, these elements of executive compensation provide:

secure compensation through salary and SERP to attract, retain and recognize the contributions of the senior executives; and performance based compensation (at risk) to reward the achievement of strategies and enhanced shareholder value.

Performance Measure

Under the guidance of the Human Resources and Compensation Committee, short, medium and long term incentives are determined by reviewing the performance of the Corporation and individual performance. Actual bonus amounts are made on a discretionary basis taking into account a number of different elements.

a. Free Cash Flow

Free cash flow¹ (**FCF**) is a key component of the Corporation's overall business performance, which supports return of capital initiatives to shareholders and debt reduction, as required. In the last three fiscal years, the Corporation has generated \$1.6 billion in FCF and returned a significant portion of this capital to shareholders. This was done primarily in the form of dividend payments and share repurchases. Total dividends paid to shareholders over the past three years exceeded \$1.1 billion and share repurchases approximated \$150 million.

The Corporation recognizes that FCF may fluctuate year-to-year, as capital investments are made to develop and grow the business and as extraneous factors arise. In fiscal 2011 the Board set a FCF goal of approximately \$600 million, which was achieved. Fiscal 2011 FCF growth was almost \$90 million or 17% compared to the previous year. The Corporation has provided preliminary FCF guidance for fiscal 2012 and the Board will take into account possible risks, opportunities and developments in the competitive market dynamics when evaluating the performance of the senior executive team in achieving the fiscal 2012 targets.

b. Operating Income before Amortization

Operating income before amortization¹ and the ability to grow this financial measure is one of the key financial metrics driving the valuation of the Corporation. Over the last three years the

¹ See definitions under "Key Performance Drivers" in the Corporation's management's discussion and analysis for the year ended August 31, 2011.

Corporation has increased operating income before amortization by \$620 million or 44%. The broadcasting business acquisition (now referred to as **Shaw Media**) contributed \$252 million for the ten months of inclusion in fiscal 2011, while the remaining growth of \$368 million related to the core cable and satellite divisions. This sustained growth in the core divisions was achieved in an increasingly competitive market and reinforces the value proposition of the Corporation's products and services.

The executive team's focus on cost control and capital efficiencies has yielded attractive financial results in fiscal 2011. In fiscal 2011, the Corporation achieved consolidated operating income before amortization of \$2.03 billion, which, excluding the impact of a one-time CRTC Part II fee recovery in fiscal 2010, represents an increase of \$347 million or almost 21% compared to the previous year. Shaw Media contributed approximately 15% while the core cable and satellite divisions contributed almost 6%, which was in line with 2011 guidance.

Financial results continue to be in the upper quartile of performance. The senior executive team's focus on operations continues to produce best-in-class operating margins. During fiscal 2011, the Corporation's consolidated core cable and satellite operating margin was 45%, and was consistent with fiscal 2010 (adjusted to exclude the one-time Part II recovery) and fiscal 2009, reflecting continued solid performance in the highly competitive landscape. The Corporation continues to be one of the most profitable companies in its industry.

c. Subscriber Growth

The competitive environment continues to increase as telecommunication companies across the Corporation's operating areas aggressively expand their service offerings.

Digital television customer growth of over 165,000 Digital customers in fiscal 2011 was in line with the expectations of the executive team. At the end of fiscal 2011 there were over 1.8 million Digital customers, representing almost 80% of Basic customers taking the Digital television product.

The Corporation continues to grow its broadband business and win incremental market share. During the year almost 55,000 customers were added, maintaining one of the strongest broadband businesses in North America. The Corporation continues to increase the penetration rate of the service and now the equivalent of 82% of Basic subscribers take the Internet service, which represents one of the highest penetration rates in North America.

The Digital Phone product has been a great success and the Corporation has over 1,200,000 Digital Phone lines since its first market launch in February 2005. Customer growth of 137,000 Digital Phone lines was achieved in fiscal 2011, with the equivalent of 54% of Basic subscribers taking the telephone service.

During fiscal 2011 the Corporation lost 51,000 Basic cable customers. This reflects the intensely competitive market and the loss of these subscribers was balanced against strong financial performance.

d. Other Business Initiatives/Strategic Planning

Fiscal 2011 was highlighted by the completion of the strategic acquisition of 100% of the broadcasting business of Canwest including all of CW Media, the company that owned the specialty channels acquired from Alliance Atlantis Communications Inc. in 2007. The total consideration, including assumed debt, was approximately \$2.0 billion. The Shaw Media division performed very well in 2011 and the Corporation included \$252 million of operating income before amortization in the consolidated results for the 10 month period from the acquisition closing date of October 27, 2010. The Corporation, including its executive team,

was recognized in March 2011 for this acquisition, receiving the 2010 Canadian Dealmaker of the Year Award for the Media and Telecommunications Industry. This strategic acquisition allows the Corporation to unite broadcasting services and content with its advanced distribution platforms to offer customers the choices they want in this rapidly evolving competitive landscape.

Another successful acquisition in 2011 included the purchase of the cable system assets of Sun Country Cablevision Inc. located in the central interior of British Columbia. This transaction closed in late June 2011. These assets represent a complementary growth opportunity and will provide synergies with existing operations.

Late in fiscal 2011 the Corporation completed its review of the wireless strategic initiative and concluded that the economics as a new entrant would be challenging, even with the Corporation's established base and considerable strengths and assets. The executive team recommended, and the Board approved, that the Corporation not pursue a conventional wireless build and instead focus on initiatives that align with leveraging its Media and programming assets and strengthening its leadership position in broadband and video. One of the broadband leadership initiatives that recently commenced includes the build of a managed Wi-Fi network to extend the customers' broadband experience beyond their home. The Corporation will become the first service provider in Canada to deliver secure and reliable wireless broadband through an extensive Wi-Fi network covering thousands of locations.

The Corporation's executive team continues to focus on the core businesses and to deliver on long-term shareholder value creation initiatives. During 2011, the Corporation commenced a major upgrade of its network to convert television analog tiers to digital (the Digital Network Upgrade). This upgrade is expected to triple the capacity of the network and allow the Corporation to expand its Internet, HD and On Demand offerings. The Corporation continues to invest in technology initiatives to recapture bandwidth and optimize its network, including using advanced encoding and digital compression technologies such as MPEG-4. The Corporation believes this investment in infrastructure provides further differentiation from the competition. The executive team is actively involved in making these capital and operating decisions and is focused on ensuring that long-term value and profitability is being generated from the appropriate investments.

During 2011, the executive team initiated an extensive consultation process which allowed the Corporation's Internet customers to share their ideas on Internet usage allowances and billing. As a result of these consultations, new Internet packages were launched with higher speeds and expanded usage allowances, including an industry leading 250 Mbps service using DOCSIS 3.0 technology to meet the increasing data needs of its subscribers. Currently, telecommunication competitors are unable to match the Corporation's broadband speeds and this provides a competitive advantage now and for the foreseeable future.

The Corporation's efforts to maintain a strong balance sheet and financial metrics continued in fiscal 2011 with the executive team taking advantage of favorable market conditions to further strengthen the capital structure and lower costs. During the year \$1.3 billion in debt and \$300 million in preferred equity was issued with a portion of the proceeds used to refinance higher cost debt assumed in the Canwest acquisition.

e. Management of Talent & Leadership Development

During the year the Corporation continued to strengthen and increase the alignment and focus of the senior team. This also included steps to further succession planning. The Corporation's Board announced the orderly evolution of executive management responsibilities with the appointment of Bradley S. Shaw into the Chief Executive Officer role effective November 17, 2010. Mr. Shaw has been an employee of the Corporation since 1987, moving through a

succession of increasingly responsible positions, most recently as Executive Vice President. This transfer of responsibilities will serve the Corporation's shareholders and stakeholders well for many years to come.

Over 80% of the Corporation's leadership positions are filled by internal candidates. Employee engagement has also been a key focus over the last several years and significant improvements have been achieved. The 2010 survey results indicate the Corporation improved into a range categorized as "best in class" companies. Retention of senior leaders is also critical, particularly given that the Corporation runs with a lean team of talented individuals. At the Vice President level and up, the Corporation experienced no voluntary turnover in 2011.

f. Summary

Overall, the Board believes the performance of the senior executive team has made a significant contribution to the impressive growth and success of the Corporation. Over the past five years, revenues and operating income before amortization have increased by over \$2.3 billion and \$950 million, respectively. This represents revenue growth of 93% and operating income before amortization growth of 88%. Over the same time period, FCF has totaled over \$2.4 billion and the majority of this capital has been returned to shareholders in the form of dividend payments and share repurchases. Equity value has grown 37% or \$2.7 billion since the beginning of 2007. Total cash compensation paid, including RSUs granted, to the four Named Executive Officers who are consistent over all of this same time period (including JR Shaw, Bradley S. Shaw, Peter J. Bissonnette, and Steve Wilson) has grown by \$14 million. The Board, along with the Human Resources and Compensation Committee, believe that the current executive compensation program and related pay levels for its Named Executive Officers are aligned to the Corporation's performance over the five-year period.

Notes:

- (1) Amounts reported in 2011 represent the grant date fair value of the award of RSUs. The fair value is determined based on the average of the closing prices of the Class B Non-Voting Shares on the Toronto Stock Exchange (the **TSX**) for the five trading days preceding the July 4, 2011 grant date. RSUs vest on the second anniversary of the grant date. See Incentive Plan Awards Restricted Share Units.
- (2) Amounts reported in 2009 represent the grant date fair value of stock options calculated using the Black-Scholes Option Pricing Model with the following assumptions: expected dividend yield 4.3%, risk-free interest rate 1.92%, expected life of the options 5 years; expected variability of the Corporation's Class B Non-Voting Shares 26.57%. The options granted are not immediately exercisable but rather 20% of the original option grant is exercisable on each of the first, second, third, fourth and fifth anniversary dates of the date of grant. No stock options were granted to the Named Executive Officers during fiscal 2011 or 2010.
- (3) Amounts reported represent annual cash bonuses.
- (4) Calculated and paid pursuant to the provisions of the agreement between the Corporation and JR Shaw, as described under the heading Statement of Executive Compensation Employment Contracts. Under the terms of the agreement, provided that the Corporation reaches its annual financial targets, a bonus shall be paid to JR Shaw in an amount between 0.5% and 1.0% of the Corporation's operating income before amortization (as reported in the Corporation's annual consolidated financial statements) calculated excluding the results of Shaw Direct (the **Income Base**) for the year in which it is to be paid. For fiscal 2009 and 2010, JR Shaw voluntarily elected to cap the bonus paid to him by the Corporation at \$6,326,730. This amount represents approximately 0.4% of the Income Base for fiscal 2010. For fiscal 2011 a bonus representing approximately 0.5% of the Income Base was paid to JR Shaw.
- (5) Amounts reported include all compensatory amounts related to the Corporation's defined contribution and defined benefit plans. The SERP compensatory amounts are actuarially determined using the projected benefit method and management's best estimate of salary escalation and retirement ages of officers. These SERP amounts do not reflect cash figures in the current period.
- (6) Defined Benefit Plan amounts of \$10,360,000 and \$9,261,000 for Bradley S. Shaw and Steve Wilson, respectively, which are included in Pension Value and Total Compensation, include additional credited service granted during 2010.
- (7) Amounts reported are for transportation and travel related benefits as well as a payment totaling \$25,500,000 for Jim Shaw in 2011 and director fees for Bradley S. Shaw in 2009 of \$40,875, of which \$32,292 was paid in the form of DSUs (see Statement of Compensation Compensation of Directors DDSU Plan). Effective June 1, 2009, Bradley S. Shaw elected not to receive any further director's fees. Each of JR Shaw, Peter J. Bissonnette and Jim Shaw has elected not to receive director's fees.
- (8) Jim Shaw retired from the Chief Executive Officer role of the Corporation in November 2010. Bradley S. Shaw was appointed to replace Jim Shaw.

3. Incentive Plan Awards Restricted Share Units

In June 2011, the Corporation adopted a Restricted Share Unit Plan (**RSU Plan**) under which RSUs may be granted, solely at the discretion of the Human Resources and Compensation Committee, at a value equal to the market value of one Class B Non-Voting Share at the time of grant for each RSU. On each dividend payment date for the Class B Non-Voting Shares, a number of additional RSUs is credited to the holder's RSU account equal to, for each RSU, the amount of the per Class B Non-Voting Share dividend divided by the then current market value of a Class B Non-Voting Share. Provided the holder is still employed on such date, on the second anniversary of the grant date (or such other vesting date as the Human Resources and Compensation Committee may set at the time of grant) all RSUs relating to a particular grant will vest and become payable by cash payment equal to the then current market value of a Class B Non-Voting Share for each such RSU.

4. Incentive Plan Awards Stock Options

Options to acquire Class B Non-Voting Shares are granted pursuant to the Corporation's stock option plan. The stock option plan of the Corporation provides that options may be granted to directors, officers, employees and consultants of the Corporation and for such number of Class B Non-Voting Shares as the Board, or a committee thereof, determines in its discretion, at an exercise price not less than the closing price of the Class B Non-Voting Shares on the TSX on the trading day immediately preceding the date on which the option is granted. An option shall not be immediately exercisable, but rather, shall be exercisable on vesting dates determined by the Board from time to time; provided that the Board may not grant options with vesting terms more favourable than 50% of the original grant on each of the first and second anniversary dates. Unless otherwise determined by the Board, options expire 10 years from the date of grant, and subject to limited exceptions, must be exercised while the optionee remains as a director, officer, employee or consultant of the Corporation. Provision is made in the plan for early termination of options in the event of death or cessation of employment or service arrangement (other than disability or retirement), as the case may be. Options are not transferable or assignable, unless the transfer or assignment is permitted under applicable securities laws and is in respect of options to purchase 10,000 Class B Non-Voting Shares or greater; and provided further that such transfer or assignment is approved by two senior officers of the Corporation, one of whom must be either the Chief Executive Officer or the Chief Financial Officer of the Corporation.

The maximum number of Class B Non-Voting Shares issuable under the stock option plan of the Corporation may not exceed 52,000,000 Class B Non-Voting Shares. The plan provides that: (i) the maximum number of Class B Non-Voting Shares which may be reserved for issuance to insiders of the Corporation under the plan and all other security based compensation arrangements of the Corporation is limited to 10% of the number of Class B Non-Voting Shares outstanding at the date of grant (on a non-diluted basis) and (ii) the maximum number of Class B Non-Voting Shares which may be issued to insiders of the Corporation under the plan and all other security based compensation arrangements of the Corporation within a one year period is limited to 10% of the number of Class B Non-Voting Shares outstanding at the time of the issuance (on a non-diluted basis). Subject to applicable law and approval of the Board, the Corporation may provide financial assistance in connection with the exercise of an option, with recourse to the Class B Non-Voting shares purchased upon such exercise. The plan contains anti-dilution, other adjustment and change of control provisions.

In January 2011 the Corporation's stock option plan was amended to address new withholding tax obligations arising on exercise of options and in June 2011 the plan was amended to clarify the effect of the death of the donor on exercise rights of options that have been transferred to a registered charity. These amendments were approved by the Board without any requirement for shareholder approval as provided in the plan.

5. Pension Plans

During fiscal 2011 the Corporation maintained both a defined contribution pension plan and a defined benefit pension plan, as described below, in which the Named Executive Officers participate.

Defined Contribution Plan

Under this plan, which is generally made available to all eligible employees, the Corporation makes annual contributions up to a maximum of 5% of each employee's annual salary to a maximum contribution allowable under the *Income Tax Act* (Canada). Funds are accumulated under the employee's name and used on retirement to purchase one of several types of annuity at the option of the employee. Contributions on behalf of the Named Executive Officers are included in Pension Value in the Summary Compensation Table under the heading Statement of Executive Compensation. As a defined contribution plan, this pension plan of the Corporation is fully funded and is not subject to surpluses or deficiencies.

The following table presents the benefits accumulated under the Corporation's defined contribution plan for the Named Executive Officers. The actual benefits payable upon retirement will be determined by the size of each participant's account values (based on the amount of actual contribution and realized investment returns), interest rates at the time benefits commence and the type of retirement vehicle selected (life income fund, life annuity, joint annuity, etc.).

- (4) For Jim Shaw, reflects transfer of funds from the plan net of investment income of \$34,871.

Defined Benefit Plan (SERP)

Effective September 1, 2002, the Corporation established a SERP for its most senior executive officers. The SERP is a non-contributory defined benefit pension plan which is unfunded.

Benefits under the SERP are based on the officer's length of service and his or her highest three year average rate of SERP eligible earnings (base salary plus annual cash bonus/RSU grant value) during his or her years of service with the Corporation. The SERP provides for payments equal to 5% of SERP eligible earnings for each of the first ten years that an executive officer is in a SERP eligible position and 1.5% for each SERP eligible year thereafter. The maximum annual pension that an officer may earn under the SERP is 70% of average SERP pensionable earnings.

An executive officer of the Corporation must be in a SERP-eligible position for 5 years to qualify to receive a pension. Officers who retire at age 60 or later will receive a full pension as will those officers who retire after age 55 with 10 years of SERP-eligible service. Officers between the ages 55 and 60 with less than 10 years of SERP-eligible service and officers between the ages 50 and 55 with 15 years of SERP-eligible service are eligible to retire with a discounted pension.

The following table presents the credited number of years of service at August 31, 2011 and the estimated annual retirement benefits payable to Named Executive Officers for service up to August 31, 2011 and at age 65. In addition, the total accrued pension obligation for each Named Executive Officer is shown along with the changes to the obligation during the financial year ended August 31, 2011.

- (1) Rounded to nearest whole year as of August 31, 2011.
- (2) At year end Bradley S. Shaw, Steve Wilson and Jay Mehr are not yet eligible for retirement. If the Named Executive Officer exceeds age 65 the current age is used.
- (3) Amounts represent the actuarial value of projected benefits for service to the date indicated. The calculation uses actuarial assumptions and methods which are consistent with those used for calculating pension obligations disclosed in the Corporation's consolidated financial statements.
- (4) Amounts represent the projected pension benefit for service in the year plus the change in accrued obligation due to differences between actual and assumed compensation for the year.
- (5) Amounts represent the impact of interest on the obligation, changes in the interest assumption, and any other experience gains and losses.
- (6) On November 17, 2010 effective upon the retirement of Jim Shaw from the Chief Executive Officer role, the Board approved a monthly pension benefit payable from the SERP commencing December 1, 2010 of \$495,833.

The Corporation's obligations and related costs of the SERP benefits earned by executive officers are actuarially determined using the projected benefit method, pro-rated on service, and management's best estimate of salary escalation and retirement ages of officers. The pension expense with respect to the SERP for the fiscal year ended August 31, 2011 was \$37.7 million. As at August 31, 2011 the expected aggregate benefit payments for the fiscal year ended August 31, 2012, as actuarially determined, are approximately \$8.8 million. The accrued benefit obligation of the SERP at August 31, 2011 was \$333.9 million, of which \$166.1 million has been recognized by the Corporation as a liability in its accounts in accordance with Canadian generally accepted accounting principles. In the event of a change of control of, or merger involving, the Corporation, the SERP becomes fully vested and fully funded immediately.

Further information with respect to the SERP, and the Corporation's accounting policy with respect thereto, is set forth in Notes 1 and 18 to the audited annual consolidated financial statements of the Corporation for the year ended August 31, 2011. See Other Information Additional Information .

6. Employee Share Purchase Plan

An employee share purchase plan (the **ESPP**) was introduced in 1998 to provide employees of the Corporation with an incentive to increase the profitability of the Corporation and a means to participate in that increased profitability.

Generally, all non-unionized full time or part time employees of the Corporation and certain of its subsidiaries are eligible to enroll in the ESPP. Executive officers of the Corporation, including the Named Executive Officers, are entitled to participate in the ESPP on the same basis as all other employees of the Corporation.

Under the ESPP, each employee contributes, through payroll deductions, a minimum of \$25.00 per semi-monthly pay period or \$50.00 per monthly pay period to a maximum of 5% of the participant's monthly basic compensation. The Corporation contributes an amount equal to 25% of the participant's contributions for that month. Canadian Western Trust Company, as trustee under the ESPP, or its nominee acquires Class B Non-Voting Shares for the benefit of participants through the facilities of the TSX using monies contributed to the ESPP. A participant may withdraw up to 100% of the shares vested in his or her account up to two times in any 12 month period.

As of August 31, 2011, approximately 68% of eligible employees of the Corporation purchased Class B Non-Voting Shares under the ESPP. At August 31, 2011, an aggregate of 2,379,888 Class B Non-Voting Shares were held under the ESPP.

7. Employment Contracts

In 1997, the Corporation entered into an agreement with its Executive Chair, JR Shaw, which provides for, amongst other things, an annual incentive bonus. The agreement recognizes JR Shaw's central role in founding and building the Corporation and ensures that the Corporation retains and utilizes the full benefits of his 45 years of industry experience. As Executive Chair, JR Shaw continues to provide broad stewardship and strategic vision for the Corporation. In addition, his stature as a national corporate leader and his positive long-standing reputation with government, regulatory, investor and banking communities enhances the Corporation's capacity to achieve its strategic and financial goals.

The agreement with JR Shaw provides for an incentive bonus that is paid to him annually, provided the Corporation reaches its financial targets. The agreement also specifies that the amount is to be between 0.5% and 1.0% of the Corporation's operating income before amortization (as reported in the Corporation's annual consolidated financial statements) calculated excluding the results of Shaw Direct (the **Income Base**) for the year in which it is to be paid. The Corporation met its financial targets and JR Shaw was paid \$8,817,965 which represents 0.5% of the Income Base for fiscal 2011.

No other Named Executive Officer has an employment contract with the Corporation.

8. Composition of the Compensation Committee

The Human Resources and Compensation Committee is comprised of four independent directors, Willard H. Yuill (Chair), Dr. Richard R. Green, JC Sparkman and Sheila C. Weatherill. The Human Resources and Compensation Committee is governed by its charter which details the mandate, composition and responsibilities of the committee. This is reviewed annually to ensure the committee fulfils its mandate. The Human Resources and Compensation Committee has the responsibility of annually reviewing and recommending to the Board the compensation package for the Named Executive Officers. It also has responsibility for annually reviewing and approving the compensation packages for the other senior officers of the Corporation, as well as periodically reviewing and recommending to the Board the compensation for the Board of Directors of the Corporation. In addition, the Human Resources and Compensation Committee reviews and approves changes to the Corporation's compensation policies in respect of matters such as incentive-compensation (bonus) plans, pension plans, employee benefit plans and the structure and granting of stock options, RSUs, or other equity-based plans. Further, the Human Resources and Compensation Committee approves the appointment of senior management recruited from outside the Corporation, as well as the promotion of senior management within the Corporation.

9. Performance Graph

The following graph compares the cumulative five year return of the Class B Non-Voting Shares (assuming \$100 invested on August 31, 2006 and reinvestment of dividends) with the Standard & Poor's/TSX Composite Index.

10. Compensation of Directors

Directors of the Corporation are currently remunerated for their services as directors according to the fee schedule set forth in the table below.

Type of Fee	Total Fees Paid to Directors During Fiscal 2010	
	Amount	
	(\$)	(\$)
Annual Board Member Retainer Fee	65,000	777,900

(1) The annual Committee Chair retainer fees include the \$3,000 annual retainer fee paid to the Committee Chair as a member of the committee. The fees paid to directors of the Corporation are payable in Canadian dollars for directors resident in Canada and in U.S. dollars for all other directors. The Corporation also reimburses directors for out-of-pocket expenses incurred in attending Board and committee meetings.

During the year the Corporation's director compensation was benchmarked against a comparator group by AON Hewitt (a worldwide human resources consulting company). In order to maintain director compensation at or above the market medium the Corporation will continue to benchmark against a comparator group and adjust fees and/or supplement with periodic grants of DSUs. In fiscal 2011, each director was granted 3,000 DSUs.

Director Compensation Table

The following table sets out the compensation paid to each of the Corporation's directors for the financial year ended August 31, 2011. Fees earned are paid in cash or paid in DSUs as elected by each director. See also Statement of Executive Compensation Compensation of Directors DDSU Plan .

(2)

Edgar Filing: SHAW COMMUNICATIONS INC - Form 6-K

Amounts represent the grant date fair value of the award of 3,000 DSUs to each director. The fair value is determined based on the average of the high and low prices at which the Class B Non-Voting Shares were traded on the TSX or New York Stock Exchange (the **NYSE**), as applicable, on the grant date.

- (3) Includes the dollar value of notional dividends paid or payable in DSUs.

Name	Option-Based Awards Value Vested During the Year ⁽¹⁾ (\$)
	Dr. Richard R. Green

Notes:

(1) Amounts reported represent the aggregate dollar value that would have been realized if all options that vested during 2011 were exercised on the vesting date. The value is calculated as the difference between the market value on the vesting date and the exercise price of the options. Certain other directors had option based awards vest during the year, however no amounts are disclosed as the value was out of the money on the vesting dates.

DDSU Plan

The Corporation has adopted a Directors' Deferred Share Unit Plan (**DDSU Plan**) for directors. Effective January 1, 2004, directors may elect under the DDSU Plan to receive 25%, 50%, 75% or 100% of their annual cash compensation in the form of deferred share units (**DSUs**), provided that any director who has not met the applicable share ownership guideline is generally required to elect to receive at least 25% of his or her annual compensation in DSUs. The number of DSUs to be credited to a director's account equals such amount of compensation allocated to the DDSU Plan divided by the then current market value of a Class B Non-Voting Share. On each dividend payment date for the Class B Non-Voting Shares, a number of additional DSUs is credited to the director's DSU account equal to, for each DSU, the

amount of the per Class B Non-Voting Share dividend divided by the then current market value of a Class B Non-Voting Share. When the director ceases to be a director, the DSUs will be payable by a cash payment equal to the current market value of a Class B Non-Voting Share for each DSU at the time of payout.

Share Ownership Guideline

The Board supports ownership of the Corporation's shares by its directors and has established a related share ownership guideline. The guideline level of ownership by each director is such number of Class A Shares, Class B Non-Voting Shares and DSUs having an aggregate market value of at least \$250,000. As previously stated, any director who has not met the share ownership guideline is generally required to elect to receive at least 25% of his or her annual compensation in DSUs.

Currently, the directors set out for nomination herein as a group own or control a 14% economic interest in all of the Corporation's outstanding share capital, divided as follows: 12% by the Shaw family group, as controlling shareholders, and 2% by those directors who are not members of the Shaw family group. For these non-controlling directors, this represents an average ownership position in excess of \$11 million. The median value of equity (common shares and DSUs) held by these non-controlling directors is over \$1.5 million. This compares favourably to the median dollar value of equity held by the typical *Canadian Spencer Stuart Board Index* (**CSSBI**) director, being approximately \$500,000 according to the 2010 annual CSSBI published by the global executive recruiting firm Spencer Stuart which studies director compensation, governance practices and trends for 100 of the largest publicly traded Canadian companies (annual revenues exceeding \$1 billion).

For information concerning the shares, DSUs and options held by each director nominated for election at the Meeting, see the table under the heading *Business of the Meeting* Election of Directors.

3. Interest of Informed Persons in Material Transactions

Other than as disclosed herein, management of the Corporation is unaware of any material interest of any director or executive officer of the Corporation, of any management nominee for election as a director of the Corporation or of any person who beneficially owns (directly or indirectly) or exercises control or direction over shares carrying more than 10% of the voting rights attached to all voting shares of the Corporation, or any associate or affiliate of any such person, in any transaction since the beginning of the last completed financial year of the Corporation or in any proposed transaction that has materially affected or would materially affect the Corporation or any of its subsidiaries.

4. Normal Course Issuer Bid

On November 25, 2010, the Corporation announced renewal of its normal course issuer bid by which it is authorized to acquire up to an additional 37,000,000 Class B Non-Voting Shares, being approximately 10% of the then public float of Class B Non-Voting Shares, until expiry of the bid on November 30, 2011. To date, no Class B Non-Voting Shares have been repurchased under this normal course issuer bid. The Corporation believes that under the right circumstances purchasing of outstanding Class B Non-Voting Shares constitutes a desirable use of the Corporation's free cash flow in the best interests of the Corporation and its shareholders and may enhance the value of Class B Non-Voting Shares. The Notice of Intention to Make a Normal Course Issuer Bid is available by contacting the Corporate Secretary of the Corporation as described below.

STATEMENT OF CORPORATE GOVERNANCE

The Board and management of the Corporation recognize that effective corporate governance is central to the prudent direction and operation of the Corporation in a manner that ultimately enhances shareholder value. The following discussion outlines the Corporation's system of corporate governance, including with respect to various matters addressed by National Instrument 58-101 *Disclosure of Corporate Governance Practices* and National Policy 58-201 *Corporate Governance Guidelines*.

The corporate governance practices and policies of the Corporation have been developed under the general stewardship of the Corporate Governance and Nominating Committee of the Board. The Corporate Governance and Nominating Committee believes that the corporate governance practices of the Corporation are appropriate for a company such as the Corporation. As a result of evolving laws, policies and practices, including the Sarbanes-Oxley Act and the corporate governance rules adopted by the NYSE, the Corporate Governance and Nominating Committee continuously reviews the practices and policies of the Corporation to ensure that the Corporation complies with all applicable requirements. In this regard, the Corporate Governance and Nominating Committee has developed and implemented, and continues to develop, implement and refine, formal policies and procedures that reflect the Corporation's commitment to corporate governance.

1. Board Mandate and Composition

The Board has responsibility for supervising and overseeing the management of the business of the Corporation. As part of its stewardship of the Corporation, and in addition to the obligations of the Board mandated by law, the Board has specific responsibility for strategic planning; the selection and monitoring of management, including the Chief Executive Officer; management succession planning; the identification and management of the principal risks associated with the Corporation's business; and the implementation and assessment of internal controls, disclosure controls and other systems and procedures consistent with applicable laws and good corporate practice. These duties and obligations, among others, are set forth in a written Board mandate that has been adopted and is reviewed on an on-going basis by the Board. A copy of the Board mandate is appended to this proxy circular as Exhibit A hereto.

Certain of the powers, duties and responsibilities of the Board have been delegated to committees of the Board, as described under the heading *Statement of Corporate Governance – Committees of the Board*.

With respect to strategic planning, the Board establishes the overall strategic objectives for the Corporation, annually reviews and approves management's strategic plans and, on an on-going basis, reviews emerging trends, opportunities, risks and issues with management. The Board receives updates from management on strategic developments generally eight times per year (at the end of each fiscal quarter and at mid-quarter) and reviews and adjusts consolidated and divisional budgets, plans and objectives of the Corporation as may be required. The Board also reviews and approves strategic transactions that are not considered to be in the ordinary course of business, as well as other items of significance, including significant acquisitions, dispositions and financings.

The Board is currently composed of 16 directors, 12 of whom have been determined by the Board to be independent directors. For further information in this regard, see the table under the heading *Statement of Corporate Governance – Corporate Governance Disclosure and Compliance with Corporate Governance Guidelines*.

2. Committees of the Board

Subject to applicable law, the Board may delegate its powers, duties and responsibilities to committees of the Board. In this regard, the Board has established four standing committees: Executive, Audit, Corporate Governance and Nominating, and Human Resources and Compensation. The membership of each committee as at the date of this document is set forth below. For information about the attendance of members at meetings of the committees, see [Business of the Meeting](#) [Election of Directors](#) [Nominees for Election to the Board of Directors](#) .

The mandate of each of the committees of the Board is summarized below. A copy of the full written charter of each committee is available on the Corporation's website.

Executive Committee

The Executive Committee carries out all matters that may be specifically and lawfully delegated to it by the Board. In particular, the Executive Committee exercises the powers of the Board in circumstances where, following initial approval of a matter by the full Board, the Board delegates approval of certain aspects to the Executive Committee. Matters reviewed and approved by the Executive Committee are in most circumstances referred back to the full Board for ratification, confirmation and approval at the next meeting of the Board.

Other than JR Shaw and Bradley S. Shaw, each member of the Executive Committee is an independent director.

Audit Committee

The Audit Committee of the Board is responsible for overseeing the integrity of the Corporation's financial reporting process. In this regard, the primary duties of the Audit Committee involve reviewing the Corporation's annual and interim financial statements; monitoring the effectiveness and integrity of the Corporation's financial reporting, internal control and related management information systems; and overseeing the audits conducted by the Corporation's external auditors.

The Audit Committee is responsible for overseeing the effectiveness and integrity of the Corporation's internal controls, including information systems related thereto, and disclosure processes and controls; evaluating the qualifications and performance of the Corporation's external auditors and implementing practices to preserve their independence; reviewing the engagements to be provided by the external auditors; and reviewing all significant auditing and accounting practices and policies and any proposed changes with respect thereto. In addition to working with the Corporation's external auditors in respect of the foregoing, the Audit Committee works closely with the Corporation's Risk and Compliance Department (internal audit) whose mandate is to provide objective audit services in order to evaluate and improve the effectiveness of internal controls, disclosure processes and risk management activities.

Further, the Audit Committee, in respect of those risk areas that the Board has assigned to it oversight responsibility, identifies and reviews with management the principal risks facing the Corporation in those areas and ensures that management has in place policies and systems to

assess and manage these risks. As part of this process, the Audit Committee regularly reviews reports and discusses significant risk areas with the Corporation's external auditors.

With respect to internal controls over financial reporting, except as provided below, the Corporation has conducted an evaluation of the effectiveness of its system of internal controls over financial reporting and concluded that the Corporation's system of internal controls over financial reporting was effective as of August 31, 2011 and that the Corporation is in compliance with the requirements of Section 302 of the Sarbanes-Oxley Act. As permitted by U.S. Securities and Exchange Commission guidance, management has excluded the Shaw Media segment from this evaluation of the system of internal control over financial reporting. Shaw completed the purchase of 100% of the Shaw Media segment on October 27, 2010. The Shaw Media segment will be included in management's evaluation of internal controls over financial reporting for the fiscal year ended August 31, 2012.

As part of its oversight of the integrity of the Corporation's internal controls, the Audit Committee specifically reviews and addresses fraud prevention and other procedures. Under the Corporation's Business Conduct Standards, the Corporation has also implemented procedures to ensure that concerns and complaints with respect to accounting, auditing, internal control and public disclosure matters, among others, are brought to the attention of the Audit Committee.

Each member of the Audit Committee is an independent director and is financially literate. Paul K. Pew, who serves as the Chair of the Audit Committee, qualifies as a financial expert under the Sarbanes-Oxley Act and other applicable regulatory requirements. Each of Jeffrey C. Royer and Carl E. Vogel, members of the Audit Committee, also qualify as a financial expert under the Sarbanes-Oxley Act and other applicable regulatory requirements.

A further description of matters relating to the Audit Committee, along with a copy of the written charter of the Audit Committee, is set forth under the heading "Audit Committee" in the Corporation's Annual Information Form dated November 29, 2011.

Corporate Governance and Nominating Committee

The Corporate Governance and Nominating Committee of the Board is responsible for developing and monitoring the Corporation's approach to corporate governance in accordance with good corporate practice and applicable laws and policies. In particular, the Corporate Governance and Nominating Committee is responsible for overseeing the role, composition, structure and effectiveness of the Board and its committees.

In this regard, the Corporate Governance and Nominating Committee is responsible for such matters as establishing and reviewing the mandates of the Board and its committees; identifying and evaluating candidates for nomination to the Board; overseeing the orientation and education programs for directors; assessing the effectiveness of the Board, its committees and individual directors; and establishing, reviewing and assessing compliance with general corporate policies and practices, such as related party transaction policies and securities trading guidelines.

Each member of the Corporate Governance and Nominating Committee is an independent director.

Human Resources and Compensation Committee

The Human Resources and Compensation Committee of the Board is responsible for ensuring that appropriate and effective human resource recruitment, development, compensation, retention, succession planning (including appointing, training and monitoring senior management) and performance evaluations programs are developed and implemented in conformity with the Corporation's strategic objectives and with a view to attracting and retaining

the best qualified management and employees. For further information, see [Statement of Executive Compensation Compensation Discussion and Analysis](#) [Governance](#) and [Statement of Executive Compensation Composition of the Compensation Committee](#) .

Each member of the Human Resources and Compensation Committee is an independent director.

3. Lead Director

During fiscal 2004, the Corporation created the position of Lead Director and adopted a formal position description, a copy of which is available on the Corporation's website. The Lead Director provides independent leadership to the Board, facilitates the functioning of the Board independently of management of the Corporation, and maintains and enhances the quality of the Corporation's corporate governance practices. In this regard, the Lead Director acts as Chair of meetings of the Board in the absence of the Executive Chair and the Vice Chair; consults with the Corporation's independent directors and represents them in discussions with management of the Corporation; serves as Board ombudsman; mentors and counsels new members of the Board; and facilitates the process of conducting director evaluations.

4. Other Corporate Governance Matters

Code of Conduct

The Corporation has adopted a set of Business Conduct Standards, which apply to all directors, officers (including the principal executive officer, principal financial officer, principal accounting officer or controller or persons performing similar functions) and employees of the Corporation. The Corporate Governance and Nominating Committee, with the assistance of the Corporation's Business Conduct Standards Committee (a committee of management representatives from each of the Operations, Human Resources, Legal and Finance departments which meets throughout the year), is responsible for monitoring compliance with the Business Conduct Standards and for approving waivers of such standards. No such waivers for directors or officers of the Corporation have been granted as of the date hereof.

The Corporation's Business Conduct Standards address such matters as conflicts of interest, confidential information, and the protection and proper use of the Corporation's assets. The Business Conduct Standards also include procedures for the submissions of complaints or concerns that employees may have regarding compliance with corporate policies or applicable laws or with respect to accounting, internal control and auditing matters.

Communications Policy

The Corporation has adopted corporate disclosure guidelines with respect to the dissemination of material information in a timely manner to all shareholders in accordance with applicable securities laws. Under such guidelines, the Board, upon recommendation of the Audit Committee, approves annual and quarterly reports to shareholders, as well as other material public communications.

All quarterly and annual financial statements, material press releases, investor presentations and other corporate governance-related materials are posted immediately on the Corporation's website. With respect to the release of its quarterly financial results, the Corporation provides Internet and telephone conference call access to interested parties.

Investor enquiries receive a response through the finance department of the Corporation or through an appropriate officer of the Corporation.

5. Corporate Governance Disclosure and Compliance with Corporate Governance Guidelines

The Canadian Securities Administrators have adopted National Instrument 58-101 *Disclosure of Corporate Governance Practices* (the **Disclosure Instrument**) and National Policy 58-201 *Corporate Governance Guidelines* (the **Guidelines**). The Disclosure Instrument requires issuers such as the Corporation to disclose the corporate governance practices that they have adopted, while the Guidelines provide guidance on corporate governance practices. I. Mandate

The Board has responsibility for supervising and overseeing management of the business and affairs of the Corporation consistent with its powers and obligations under the *Business Corporations Act* (Alberta) (the **ABCA**) and under other legal and regulatory requirements applicable to a corporation that is a reporting issuer in Canada and the United States and whose securities are listed on the Toronto Stock Exchange and the New York Stock Exchange.

In this regard, the Board shall, in accordance with the Corporation's Articles and By-laws:

manage the business and affairs of the Corporation;
act honestly and in good faith with a view to the best interests of the Corporation; and
exercise the care, diligence and skill that reasonably prudent people would exercise in comparable circumstances.

The Board will fulfill its mandate primarily by carrying out the duties and responsibilities set forth in section IV of this Mandate.

II. Composition

Pursuant to the terms of the Articles of the Corporation, the Board shall consist of a minimum of 8 and a maximum of 20 directors. In accordance with the ABCA and applicable regulatory requirements, at least 80% of the members of the Board shall be Canadian citizens.

The Board shall be comprised of a majority of independent directors. A director is independent if he or she has no direct or indirect material relationship with the Corporation, as determined by the Board in accordance with applicable laws, policies and guidelines of securities regulatory authorities.

The members of the Board shall be elected annually by shareholders of the Corporation or as otherwise provided by the Articles. Each member of the Board shall serve until the next annual general meeting of shareholders of the Corporation or until his or her earlier resignation or removal from the Board.

The Chair of the Board shall be appointed by the Board from among its members and shall carry out the responsibilities and duties set forth in Section VI of this Mandate. The Board may also appoint, from time to time, an independent lead director from among its members to provide leadership to the independent directors of the Board.

Board). Each notice of meeting shall state the nature of the business to be transacted at the meeting in reasonable detail and to the extent practicable, be accompanied by copies of documentation to be considered at the meeting.

A quorum for the transaction of business at a meeting shall consist of not less than a majority of the members of the Board. Members of the Board may participate in any meeting by means of such telephonic, electronic or other communication facilities as permit all persons participating in the meeting to communicate adequately with each other, and a member participating by any such means shall be deemed to be present at that meeting.

Senior management of the Corporation and other parties may attend meetings of the Board, as may be deemed appropriate by the Board. The Board shall also make provision for holding regularly scheduled *in camera* sessions of the Board without the presence of management.
