Item 2.01. Completion of Acquisition or Disposition of Assets.

On December 20, 2011, Repligen Corporation, a Delaware corporation (Repligen or the Company), completed its acquisition of the Novozymes Biopharma Business (as defined below), pursuant to the terms of the Asset Transfer Agreement (the Asset Transfer Agreement), dated as of October 27, 2011, by and among the Company, Repligen Sweden AB, a company organized under the laws of Sweden and a wholly-owned subsidiary of the Company (the Buyer), Novozymes Biopharma DK A/S, a company organized under the laws of Denmark (Novozymes Denmark), and Novozymes Biopharma Sweden AB, a company organized under the laws of Sweden and a wholly-owned subsidiary of Novozymes Denmark (Novozymes Sweden and, together with Novozymes Denmark, Novozymes). Repligen acquired Novozymes business headquartered at Novozymes Sweden s facility in Lund, Sweden and all related operations, including the manufacture and supply of cell culture ingredients and Protein A affinity ligands for use in industrial cell culture, stem and therapeutic cell culture and biopharmaceutical manufacturing, and the provision of contract manufacturing services for ALK Abello A/S (the Novozymes Biopharma Business). Pursuant to the Asset Transfer Agreement, the Buyer (a) purchased all of the assets related to the Novozymes Biopharma Business and assumed certain specified liabilities related to the Novozymes Biopharma Business from Novozymes Sweden and (b) purchased contract rights and licenses used in the Novozymes Biopharma Business and other specified assets from Novozymes Denmark (collectively, the Transferred Business and the acquisition of the Transferred Business, the Transaction).

Upon the consummation of the Transaction, the Company paid a purchase price of 17.0 million Euros (~\$22.7 million) to Novozymes. In addition, Novozymes has the right to contingent payments of up to 4.0 million Euros (~\$5.2 million) consisting of: (i) an earn-out of 1.0 million Euros (~\$1.3 million) if the Transferred Business achieves sales of a minimum quantity of a Novozymes product between January 1, 2012 and December 31, 2012; (ii) two milestone payments of 1.0 million Euros (~\$1.3 million) each if sales of certain Novozymes products achieve agreed levels for the combined calendar years 2012 and 2013 and for calendar year 2014, respectively; and (iii) technology transfer payments totaling 1.0 million Euros (~\$1.3 million) following the successful transfer of certain Novozymes manufacturing technology.

The foregoing description of the Transaction and the Asset Transfer Agreement does not purport to be complete and is qualified in its entirety by reference to the Asset Transfer Agreement, which was filed as Exhibit 2.1 to the Company s Form 8-K filed on October 28, 2011, and is incorporated herein by reference.

The Asset Transfer Agreement has been included to provide investors and securityholders with information regarding its terms. It is not intended to provide any other factual information about the Company or Novozymes. The Asset Transfer Agreement contains warranties and covenants that the Company and the Buyer, on one hand, and Novozymes, on the other hand, made to each other as of specific dates. The assertions embodied in those warranties and covenants were made solely for purposes of the Asset Transfer Agreement between the parties and may be subject to important qualifications and limitations agreed to by the parties in connection with negotiating its terms, including being qualified by confidential disclosures exchanged between the parties in connection with the execution of the Asset Transfer Agreement. Moreover, the warranties may be subject to a contractual standard of materiality that may be different from what may be viewed as material to investors or securityholders, or may have been used for the purpose of allocating risk between the parties to the Asset Transfer Agreement rather than establishing matters as facts. Moreover, information concerning the subject matter of the warranties may change after the date of the Asset Transfer Agreement, which subsequent information may or may not be fully reflected in the Company s public disclosures. For the foregoing reasons, no person should rely on the warranties as statements of factual information at the time they were made or otherwise.
