We have adopted the U.S. Securities and Exchange Commission rule that allows companies to furnish their proxy materials over the Internet. As a result, we are mailing a Notice of Internet Availability of Proxy Materials (the Internet Availability Notice) to most of our stockholders instead of a paper copy of this proxy statement and our 2011 Annual Report. The Internet Availability Notice contains instructions on how to access and review those documents over the Internet. We believe that this process allows us to provide our stockholders with the information they need in a more timely manner, while reducing the environmental impact and lowering the costs of printing and distributing our proxy materials. If you received an Internet Availability Notice by mail and would like to receive a printed copy of our proxy materials, you should follow the instructions for requesting such materials included in the Internet Availability Notice.

Your vote is very important. Whether or not you plan to attend the Annual Meeting (in person or virtually via the Internet), please complete and return your proxy card or vote by telephone or via the Internet by following the instructions on your Internet Availability Notice. Returning a proxy card or otherwise submitting your proxy does not deprive you of your right to attend the Annual Meeting and vote in person or virtually via the Internet. Proxies are being solicited on behalf of the board of directors.

ANNUAL MEETING OF STOCKHOLDERS

This Proxy Statement is furnished in connection with the solicitation of proxies to be voted at the 2012 Annual Meeting of Stockholders of TD Ameritrade Holding Corporation (the Company). The 2012 Annual Meeting will be held on Tuesday, February 14, 2012 at 9:00 a.m., Central Standard Time, at the Hilton Omaha, 1001 Cass Street in Omaha, Nebraska and via the Internet at www.virtualshareholdermeeting.com/amtd2012, where you will be able to vote electronically and submit questions during the meeting. This Proxy Statement and the accompanying proxy card are first being sent to stockholders on or about January 5, 2012.

GENERAL INFORMATION ABOUT THE MEETING

Quorum and Voting Requirements

The Company has one class of common stock. Each share of common stock is entitled to one vote upon each matter to be voted on at the Annual Meeting. Stockholders do not have the right to cumulate votes in the election of directors. Only stockholders of record at the close of business on December 19, 2011 (the Record Date) will be entitled to vote at the Annual Meeting. As of the Record Date, there were 548,382,327 shares of common stock issued and outstanding.

This Proxy Statement relates only to the solicitation of proxies from the stockholders with respect to the election of four Class I directors recommended by the board of directors, an advisory vote on executive compensation and ratification of the appointment of the Company's independent registered public accounting firm. All shares of the Company's common stock represented by properly executed and unrevoked proxies will be voted by the persons named as proxies in accordance with the directions given. Where no instructions are indicated on any such proxy, properly executed proxies will be voted FOR the proposals set forth in this Proxy Statement for consideration at the Annual Meeting. At this time, we are unaware of any matters, other than described above in the Notice of Annual Meeting of Stockholders, that may properly come before the Annual Meeting. If any other matters come before the Annual Meeting, the proxies in the enclosed form will confer discretionary authority on the persons named as proxies to vote in their discretion with respect to such matters.

The accompanying proxy is solicited from the holders of the Company's common stock on behalf of the board of directors of the Company. A proxy is revocable at any time by giving written notice of revocation to the secretary of the Company prior to the Annual Meeting or by executing and delivering a later-dated proxy via the Internet, telephone or mail prior to the Annual Meeting. Furthermore, the stockholders who are present at the Annual Meeting (in person or via the Internet) may revoke their proxies and vote in person. Stockholders attending the Annual Meeting via the Internet should follow the instructions at www.virtualshareholdermeeting.com/amtd2012 in order to vote at the meeting.

A quorum consisting of at least a majority of shares of common stock issued and outstanding must be present at the meeting for any business to be conducted. Shares of common stock entitled to vote and represented by properly executed, returned and unrevoked proxies, including shares with respect to which votes are withheld, abstentions are cast or shares that are broker non-votes, will be considered present at the Annual Meeting for purposes of determining a quorum. Broker non-votes are shares held by brokers or nominees for which voting instructions have not been received from the beneficial owners or the persons entitled to vote those shares and for which the broker or nominee does not have discretionary voting power under rules applicable to broker-dealers. If your broker holds your shares in its name and you do not instruct your broker how to vote, your broker will nevertheless have discretion to vote your shares on our sole routine matter the ratification of the appointment of the Company's independent registered public accounting firm. Your broker will not have discretion to vote on the following non-routine matters absent direction from you: the election of directors recommended by the board of directors and the advisory vote on executive compensation.

PROPOSAL NO. 1

ELECTION OF DIRECTORS RECOMMENDED BY THE BOARD OF DIRECTORS

Board of Directors

The Company's certificate of incorporation divides the Company's board of directors into three classes, with four directors per class and with each class being elected to a staggered three-year term. J. Joe Ricketts, the Company's founder, certain members of his family and trusts established for their benefit (collectively, the Ricketts holders) owned approximately 15% of our common stock as of the Record Date. The Toronto-Dominion Bank, a Canadian chartered bank, owned approximately 45% of our common stock as of the Record Date. References to TD or TD Bank Group in this proxy statement refer to The Toronto-Dominion Bank and its subsidiaries. In connection with the Company's acquisition of TD Waterhouse Group, Inc. (TD Waterhouse), the Ricketts holders, TD and the Company entered into a stockholders agreement, as amended (the Stockholders Agreement), effective June 22, 2005. Under the Stockholders Agreement, the Company's board of directors consists of twelve members, up to five of whom may be designated by TD, up to three of whom may be designated by the Ricketts holders, one of whom is the chief executive officer of the Company, and three of whom are outside independent directors who are nominated by the Outside Independent Directors (OID) Committee and then approved by TD and the Ricketts holders. The right of each of TD and the Ricketts holders to designate directors is subject to their maintenance of specified ownership thresholds of Company common stock, as set forth in the Stockholders Agreement. See discussion under Stockholders Agreement for additional information regarding the terms of the Stockholders Agreement. As of the Record Date, based on their respective ownership positions in the Company, TD may designate five members of the board of directors and the Ricketts holders may designate two members. Effective October 20, 2011, Mr. J. Joe Ricketts, founder of the Company, retired from the board of directors and Mr. Todd M. Ricketts, a designee of the Ricketts holders, was elected as a Class III director to replace Mr. J. Joe Ricketts. Because TD and the Ricketts holders collectively own more than 50% of the voting power of the outstanding common stock of the Company, the Company qualifies as a controlled company for purposes of Nasdaq Rule 5615(c) and therefore is exempt from specified director independence requirements of The Nasdaq Stock Market.

The board of directors has nominated the following persons as directors to be voted upon at the 2012 Annual Meeting: W. Edmund Clark, Karen E. Maidment, Mark L. Mitchell and Fredric J. Tomczyk, as Class I directors to serve terms ending at the 2015 Annual Meeting. Mr. Clark and Ms. Maidment are designees of TD. Mr. Mitchell is an outside independent director. Mr. Tomczyk is the chief executive officer of the Company. Marshall A. Cohen, William H. Hatanaka, J. Peter Ricketts and Allan R. Tessler are Class II directors serving terms ending at the 2013 Annual Meeting. Dan W. Cook III, Joseph H. Moglia, Wilbur J. Prezzano and Todd M. Ricketts are Class III directors serving terms ending at the 2014 Annual Meeting. The board of directors has determined that Ms. Maidment and Messrs. Cohen, Cook, Mitchell, Prezzano, J. Peter Ricketts, Todd M. Ricketts and Tessler are independent as defined in Nasdaq Rule 5605.

The board of directors knows of no reason why any of Messrs. Clark, Mitchell and Tomczyk and Ms. Maidment might be unavailable to serve as directors, and each has expressed an intention to serve if elected. If any of Messrs. Clark, Mitchell and Tomczyk and Ms. Maidment is unable to serve, the shares represented by all valid proxies will be voted for the election of such substitute nominee as the board of directors may

Table of Contents

recommend. With the exception of the Stockholders Agreement, there are no arrangements or understandings between any of the persons nominated to be a Class I director and any other person pursuant to which any of such nominees was selected.

The election of a director requires the affirmative vote of a plurality of the shares of common stock present in person or represented by proxy at the meeting and voting, provided a quorum of at least a majority of the outstanding shares of common stock is represented at the meeting. If you abstain from voting on this matter, your abstention will have no effect on the vote. If you hold your shares through a broker and you do not instruct the broker how to vote on this non-routine proposal, your broker does not have authority to vote your shares. Abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum but will not have any other effect on the outcome of the election of directors. Proxies submitted pursuant to this solicitation will be voted FOR the election of each of Messrs. Clark, Mitchell and Tomczyk and Ms. Maidment as Class I directors, unless specified otherwise.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE ELECTION OF W. EDMUND CLARK, KAREN E. MAIDMENT, MARK L. MITCHELL AND FREDRIC J. TOMCZYK AS CLASS I DIRECTORS.

Board Meetings and Committees

The board of directors conducts its business through meetings of the board, actions taken by written consent in lieu of meetings and by the actions of its committees. The board of directors has a policy requiring the separation of the roles of chief executive officer and chairman of the board, because the board of directors believes it improves the ability of the board to exercise its oversight role. Currently, Mr. Tomczyk serves as the chief executive officer and Mr. Moglia serves as chairman of the board. The chairman manages the affairs of the board, with the objective that it is properly organized, functions effectively and fulfills its responsibilities. The chairman also establishes the agenda for each board meeting with input from the chief executive officer and corporate secretary, and from other directors as necessary or desired, and coordinates activities of the board of directors with committee chairs. The separation of the roles of chief executive officer and chairman of the board does not affect risk oversight, which is the responsibility of the board of directors, primarily overseen by the Risk Committee. Our management team is responsible for managing risk, using risk management processes, policies and procedures to identify, measure and manage risks.

During the fiscal year ended September 30, 2011, the board of directors held six meetings. During fiscal year 2011, each director attended at least 75% of the aggregate number of meetings of the board of directors and meetings of the committees of the board of directors on which they served. Although the Company does not have a formal policy regarding director attendance at our Annual Meeting of Stockholders, directors are encouraged to attend. Eleven of the 12 directors attended the 2011 Annual Meeting of Stockholders.

The board of directors has established six standing committees: Audit, H.R. and Compensation, Corporate Governance, Outside Independent Directors, Non-TD Directors and Risk.

Audit Committee. The functions performed by the Audit Committee are described in the Audit Committee charter and include (1) overseeing the Company's internal accounting and operational controls, including assessment of operational, legal and compliance matters, (2) selecting the Company's independent registered public accounting firm and Managing Director of Corporate Audit and assessing their performance on an ongoing basis, (3) reviewing the Company's financial statements and audit findings and overseeing the financial and regulatory reporting processes, (4) performing other oversight functions as requested by the board of directors and (5) reporting activities performed to the board of directors. The Audit Committee charter was adopted by unanimous written consent of the board of directors on September 5, 2002 and subsequently was adopted by the Audit Committee at the October 3, 2002 Audit Committee meeting. A revision to the charter was approved by the Audit Committee on July 26, 2010 and subsequently was approved by the board of directors on July 27, 2010. The charter is reviewed and reaffirmed by the Audit Committee annually, with the most recent review and approval at the November 17, 2011 Audit Committee meeting. The Audit Committee charter is available on the Company's Web site at www.amtd.com under the governance section. The Audit Committee is currently composed of Messrs. Cohen, Prezzano and Tessler and Ms. Maidment. Mr. Cohen serves as the Audit Committee's chairman. All current Audit Committee members are independent as defined in the applicable listing standards of The Nasdaq Stock Market. The board of directors has determined that each Audit Committee member has sufficient knowledge in financial and auditing matters to serve on the committee and has designated Ms. Maidment and Mr. Tessler as audit committee financial experts as defined by the Securities and Exchange Commission (SEC). The Company's Audit Committee met 11 times during fiscal year 2011. The Report of the Audit Committee for the fiscal year ended September 30, 2011 appears under PROPOSAL NO. 3 RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.

H.R. and Compensation Committee. The H.R. and Compensation Committee, referred to in this proxy statement as the Compensation Committee, reviews and approves broad compensation philosophy and policy and executive salary levels, bonus payments and equity awards pursuant to the Company's management incentive plans and, in consultation with the Risk Committee, reviews compensation-related risks. The Compensation Committee also reviews the Compensation Discussion and Analysis, discusses it with management and makes a recommendation as to whether it should be included in each proxy statement. The Compensation Committee is currently composed of Messrs. Clark, Cook and Mitchell. Mr. Clark serves as the Compensation Committee's chairman. The Compensation Committee charter is available on the Company's Web site at www.amtd.com under the governance section. The Compensation Committee met six times during fiscal year 2011. The Compensation Committee Report appears under EXECUTIVE COMPENSATION AND RELATED INFORMATION.

To carry out this purpose, the committee develops and recommends to the board of directors corporate governance principles and leads and oversees the annual self-evaluation of the board of directors and its committees. The Corporate Governance Committee is currently composed of Messrs. Clark, Cohen, Cook, J. Peter Ricketts and Tessler. Mr. Tessler serves as the Corporate Governance Committee's chairman. The Company's Corporate Governance Committee met four times during fiscal year 2011. Outside Independent Directors Committee. The OID Committee's purpose is to assist the board of directors in fulfilling the board's oversight responsibilities by (1) identifying individuals qualified to serve on the board of directors, (2) reviewing the qualifications of the members of the board and recommending nominees to fill board of director vacancies and (3) recommending a slate of nominees for election or reelection as directors by the Company's stockholders at the Annual Meeting to fill the seats of directors whose terms are expiring. The OID Committee reviews and approves (or ratifies) any related person transaction that is required to be disclosed by the Company. The OID Committee is also responsible for approving transfers of voting securities by TD and the Ricketts holders not otherwise permitted by the Stockholders Agreement, approving qualifying transactions (as defined in the Stockholders Agreement) and determining the fair market value (or selecting an independent investment banking firm to determine the fair market value) of certain property in connection with the stock purchase and transfer rights of TD and the Ricketts holders set forth in the Stockholders Agreement. The members of the OID Committee are Messrs. Cook, Mitchell and Tessler. Mr. Cook serves as the OID Committee's chairman. All current OID Committee members are independent as defined in the applicable listing standards of The Nasdaq Stock Market. In accordance with the Stockholders Agreement, the OID Committee will not include any director designated by TD or the Ricketts holders. The Company's OID Committee met four times during fiscal year 2011.

Written communications submitted by stockholders pursuant to the Company's Stockholder Communications Policy recommending the nomination of a person to be a member of the Company's board of directors will be forwarded to the chair of the OID Committee for consideration. The OID Committee will consider director candidates who have been identified by other directors or the Company's stockholders, but it has no obligation to recommend such candidates for nomination, except as may be required by contractual obligation of the Company. Stockholders who submit director recommendations must include the following: (1) a detailed resume outlining the candidate's knowledge, skills and experience, (2) a one-page summary of the candidate's attributes, including a statement as to why the candidate is an excellent choice for the board of directors, (3) a detailed resume of the stockholder submitting the director recommendation and (4) the number of shares held by the stockholder, including the dates such shares were acquired.

The OID Committee charter establishes the following guidelines for identifying and evaluating candidates for selection to the board of directors:

1. Decisions for recommending candidates for nomination are based on merit, qualifications, performance, character and integrity and the Company's business needs and will comply with the Company's anti-discrimination policies and federal, state and local laws.
2. The composition of the entire board of directors will be taken into account when evaluating individual directors, including: the diversity, depth and breadth of knowledge, skills, experience and background represented on the board of directors; the need for financial, business, financial industry, public company and other experience and expertise on the board of directors and its committees; and the need to have directors work cooperatively to further the interests of the Company and its stockholders.
3. Candidates will be free of conflicts of interest that would interfere with their ability to discharge their duties as a director.
4. Candidates will be willing and able to devote the time necessary to discharge their duties as a director and shall have the desire and purpose to represent and advance the interests of the Company and stockholders as a whole.
5. Any other criteria as the OID Committee may determine.

Notwithstanding any provision to the contrary in the OID Committee charter, when the Company is legally required by contractual obligation to provide third parties with the ability to nominate directors (including pursuant to the Stockholders Agreement discussed below under the heading "Stockholders Agreement") the selection and nomination of such directors is not subject to the committee's review and recommendation process. The OID Committee charter is available on the Company's Web site at www.amtd.com under the governance section.

Non-TD Directors Committee. The Non-TD Directors Committee is composed of all of the directors not designated by TD. The purpose of this committee is to make determinations relating to any acquisition by the Company of a competing business held by TD. The Non-TD Directors Committee is currently composed of Messrs. Cook, Mitchell, Moglia, J. Peter Ricketts, Todd M. Ricketts, Tessler and Tomczyk. The Non-TD Directors Committee did not meet during fiscal year 2011.

Stockholders Agreement

Concurrently with entering into the share purchase agreement related to the Company's acquisition of TD Waterhouse, the Company, the Ricketts holders and TD entered into the Stockholders Agreement. The Stockholders Agreement contains certain governance arrangements and various provisions relating to board of directors composition, stock ownership, transfers by TD and the Ricketts holders, voting and other matters.

Governance of TD Ameritrade. The Stockholders Agreement provides that the board of directors of the Company consists of twelve members, five of whom may be designated by TD, three of whom may be designated by the Ricketts holders, one of whom is the chief executive officer of the Company and three of whom are outside independent directors. The outside independent directors are nominated by the OID Committee and

Edgar Filing: TD AMERITRADE HOLDING CORP - Form DEF 14A

subject to the consent of TD and the Ricketts holders. The number of directors designated by TD and the Ricketts holders depends on their maintenance of specified ownership thresholds of common stock and may increase or decrease from time to time based on those ownership thresholds, but will never exceed five in the case of TD or three in the case of the Ricketts holders.

In order to accommodate both the election of Joseph H. Moglia as chairman of the board of directors and Fredric J. Tomczyk as chief executive officer, effective October 1, 2008, given the limitation of twelve members of the board of directors and other rights provided under the Stockholders Agreement, TD waived its right to designate one of its directors so long as Mr. Moglia serves as chairman of the board. On August 3, 2009, the Company entered into Amendment No. 2 and Waiver to the Stockholders Agreement (Amendment No. 2). Under Amendment

Table of Contents

No. 2: (a) the Company consented to the termination of the waiver by TD of its right to designate one of its five TD directors; (b) certain provisions of the Stockholders Agreement and the certificate of incorporation were waived to the extent necessary to permit Mr. Moglia, instead of an outside independent director, to fill the board of directors vacancy created by the resignation of one of the directors designated by the Ricketts holders as a result of the reduction in ownership of Company common stock by the Ricketts holders, and (c) in the event the Ricketts holders are entitled to fill a third seat on the board of directors during any time that Mr. Moglia serves as chairman of the board, TD agrees to waive its right to designate one of its five directors to accommodate the continued service of Mr. Moglia as a director, and TD will cause one of its five designated directors to resign to permit a director designated by the Ricketts holders to join the board of directors. This waiver by TD of its right to designate one of its five directors would continue only so long as Mr. Moglia serves as chairman of the board. Upon Mr. Moglia ceasing to be chairman of the board, the TD waiver would expire and TD would have the right to designate the full number of TD directors provided for in the Stockholders Agreement.

The Stockholders Agreement provides, subject to applicable laws and certain conditions and exceptions, that the Company shall cause each committee of its board of directors to consist of two of the directors designated by TD, one of the directors designated by the Ricketts holders and two of the outside independent directors. These levels of committee representation are subject to adjustment from time to time based on TD and the Ricketts holders' maintenance of specified ownership thresholds. The parties to the Stockholders Agreement each agreed to vote their shares of common stock in favor of, and the Company agreed that it would solicit votes in favor of, each director nominated for election in the manner provided for in the Stockholders Agreement.

Share Ownership. TD is permitted to exercise voting rights only with respect to 45% of the outstanding shares of common stock of the Company for the remaining term of the Stockholders Agreement. Under the Stockholders Agreement, if our stock repurchases cause TD's ownership percentage to increase above 45%, TD is only permitted to own up to 48% of our outstanding common stock and TD has until January 24, 2014 to reduce its ownership to 45%. The Stockholders Agreement also provides that TD will not, subject to certain exceptions, solicit proxies with respect to common stock. Notwithstanding the limitations on TD's ownership described above, the Stockholders Agreement permits TD to make a non-public proposal to the board of directors to acquire additional shares pursuant to a tender offer or merger for 100% of the outstanding voting securities of the Company and to complete such a transaction, subject to the approval of independent directors and holders of a majority of the outstanding shares of common stock not affiliated with TD. Under the Stockholders Agreement, the Ricketts holders may acquire additional shares of common stock only up to an aggregate ownership interest of 29% of the outstanding common stock.

Right to Purchase Securities. TD and the Ricketts holders have the right to purchase up to their respective proportionate share of future issuances of common stock, other than in connection with the Company stock issued as consideration in an acquisition by the Company. If the Company proposes to issue shares as consideration in an acquisition, the Company will discuss in good faith with TD and the Ricketts holders alternative structures in which a portion of such shares would be sold to TD or the Ricketts holders, with the proceeds of such sale used to fund the acquisition.

The Stockholders Agreement further provides that if the Company engages in discussions with a third party that could result in the acquisition by such party of 25% of the voting securities or consolidated assets of the Company, the Company must offer TD the opportunity to participate in parallel discussions with the Company regarding a comparable transaction.

Transfer Restrictions. The Stockholders Agreement generally prohibits TD and the Ricketts holders from transferring shares of common stock, absent approval of the OID Committee, to any holder of 5% or more of the outstanding shares of the Company, subject to certain exceptions. As long as TD and the Company constitute the same audit client, TD may not engage the auditor of the Company, and the Company will not engage the auditors of TD, to provide certain non-audit services.

Information Rights. Subject to confidentiality and nondisclosure obligations and as long as it owns at least 15% of the outstanding shares of common stock, TD is entitled to access information regarding the Company's business, operations and plans as it may reasonably require to appropriately manage and evaluate its investment in the Company and to comply with its obligations under U.S. and Canadian laws.

Obligation to Repurchase Shares. If the Company issues shares of its common stock pursuant to any compensation or similar program or arrangement, then the Company will, subject to certain exceptions, use its reasonable efforts to repurchase a corresponding number of shares of its common stock in the open market within 120 days after any such issuance.

Non-Competition Covenants. Subject to specified exceptions, the Stockholders Agreement generally provides that neither TD nor J. Joe Ricketts (so long as he is a director of the Company) or their respective affiliates may participate in or own any portion of a business engaged in the business of providing securities brokerage services in the U.S. (or, solely in the case of Mr. Ricketts and his affiliates, in Canada) to retail traders, individual investors and registered investment advisors. If TD acquires indirectly a competing business as a result of its acquisition of a non-competing business, TD must offer to sell the competing business to the Company at its appraised fair value determined in accordance with the terms of the Stockholders Agreement. If the Company decides not to purchase the competing business, TD must use commercially reasonable efforts to divest the competing business within two years. Mr. Ricketts, TD and their affiliates are permitted under the terms of the Stockholders Agreement to own a passive investment representing less than 2% of a class of equity securities of a competing business so long as the class of equity securities is traded on a national securities exchange in the U.S. or the Toronto Stock Exchange. TD also is permitted to engage in certain activities in the ordinary course of its banking and securities businesses. In addition, the Company has agreed that it will not hold or acquire control of a bank or similar depository institution except (1) incidentally in connection with the acquisition of an entity not more than 75% of whose revenues are generated by commercial banks or (2) in the event that TD does not hold control of any bank or similar depository institution that is able to offer money market deposit accounts to clients of the Company as a designated sweep vehicle or TD has indicated that it is not willing to offer such accounts to clients of the Company through a bank or similar depository institution it controls.

Termination of the Stockholders Agreement. The Stockholders Agreement will terminate (1) with respect to the Ricketts holders, when their aggregate ownership of common stock falls below approximately 4% and (2) in its entirety, upon the earliest to occur of (a) the consummation of a merger or tender offer where TD acquires 100% of the common stock, (b) January 24, 2016, (c) the date on which TD's ownership of common stock falls below approximately 4% of the outstanding voting securities of the Company, (d) the commencement by a third party of a tender offer or exchange offer for not less than 25% of common stock, unless the board of directors recommends against the offer and continues to take steps to oppose the offer, (e) the approval by the board of directors of a business combination that would result in another party owning more than 25% of the voting securities or consolidated assets of the Company or which would otherwise result in a change of control of the Company, or (f) the acquisition of more than 20% of the voting securities of the Company by a third party. For a period of up to one year following a termination under clause (2)(d), (2)(e) or (2)(f) above, TD and the Ricketts holders will be prohibited from acquiring shares of common stock that would cause, in the case of TD, its aggregate ownership to exceed 45% or, in the case of the Ricketts holders, 29%, except pursuant to a tender offer or merger for 100% of the outstanding shares of common stock approved by the holders of a majority of the Company's outstanding shares of common stock (other than the Ricketts holders and TD). In addition, during that one-year period, the provisions of the Stockholders Agreement relating to the designation of directors and certain other provisions will remain in effect.

Table of Contents**EXECUTIVE COMPENSATION AND RELATED INFORMATION****Compensation Discussion and Analysis*****Overview***

This section describes the fiscal year 2011 compensation for our chief executive officer, chief financial officer, each of our other three most highly compensated executive officers employed at the end of fiscal year 2011 and one additional individual who would have been among the other three most highly compensated executive officers except that he was not serving as an executive officer as of September 30, 2011. We refer to these individuals as our named executive officers. Our named executive officers for fiscal year 2011 were:

Fredric J. Tomczyk, President and Chief Executive Officer

William J. Gerber, Executive Vice President, Chief Financial Officer

Marvin W. Adams, Executive Vice President, Chief Operating Officer

John B. Bunch, Executive Vice President, Retail Distribution

J. Thomas Bradley, Jr., Executive Vice President, Institutional Services

David M. Kelley, former Executive Vice President, Chief Operating Officer

Changes in Management

The Company's former chief operating officer, David M. Kelley, appears in the Summary Compensation Table and related tables below. In connection with Mr. Kelley's decision to leave the Company, the Company entered into a separation and release of claims agreement described under the heading "Potential Payments Upon Termination or Change-in-Control." In approving the separation agreement, the compensation committee considered Mr. Kelley's overall contributions to the Company during his five years of service prior to his departure.

On March 22, 2011, Marvin W. Adams entered into an agreement to become the Company's executive vice president and chief operating officer, effective April 11, 2011. Mr. Adams' annual base salary is \$400,000. In fiscal year 2011, his annual incentive target was \$2.6 million, comprised of equal parts cash and equity. Upon the commencement of his employment with the Company, he received a special equity award of restricted stock units, or RSUs, valued at \$1.5 million that vest in full on the third anniversary of the grant date.

Compensation-related Agreements and Plans

This discussion and the executive compensation tables below are based on the employment agreements of Messrs. Tomczyk, Adams and Bunch, as well as Mr. Kelley's separation and release of claims agreement and the terms of our management incentive plan and long-term incentive plan. We refer you to those agreements and plan documents for the complete terms.

- 1. The H.R. and Compensation Committee**

The Compensation Committee establishes and administers the Company's executive compensation programs and, in consultation with the Risk Committee, reviews compensation-related risks. The board of directors evaluates the performance of the chief executive officer and reviews the Compensation Committee's compensation recommendation. The Compensation Committee then formally approves the chief executive officer's compensation. The chief executive officer and the Compensation Committee together assess the performance of the other named executive officers and then the Compensation Committee determines their compensation based on initial recommendations from the chief executive officer. Beginning in October 2005, the Compensation Committee retained Mercer Human Resources Consulting to advise the Compensation Committee on executive compensation practices and market compensation levels. Annually, Mercer provides the Compensation Committee with independent validation of the market data provided by management. In addition, Mercer provides management with guidance on industry trends and best practices. Management also engages Mercer to provide consulting services to the Company on its health and welfare plans. In fiscal year 2011, Mercer and its affiliates earned approximately \$26,000 in fees for executive compensation market analysis and approximately \$755,000 in fees for other services, including consulting services on the Company's benefit plans and compensation market survey software. These other services were not approved by the board of directors or the Compensation Committee because they relate to broad-based compensation and benefit plans.

The Compensation Committee is composed of three non-employee directors of the board. No member of the Compensation Committee during fiscal year 2011 was an employee of the Company or any of its subsidiaries at the time of his service on the Compensation Committee. Each member of the Compensation Committee during fiscal year 2011 qualified as a non-employee director under rule 16b-3 under the 1934 Act and as an outside director under section 162(m) of the Internal Revenue Code of 1986, as amended (the Code). Mr. Clark, CEO of TD, serves as chairman of the Compensation Committee. Because TD is the Company's largest stockholder, we believe Mr. Clark's views are properly aligned with stockholder interests.

The Compensation Committee has delegated to the chief executive officer the authority to increase the compensation of, and grant equity awards to, any employee whose compensation is less than the tenth highest paid employee participating in the management incentive plan, or MIP, subject in each case to any increase or grant being (1) within the budget previously approved by the Compensation Committee and (2) in accordance with the terms of the applicable compensation plan.

Edgar Filing: TD AMERITRADE HOLDING CORP - Form DEF 14A

In addition, the Compensation Committee approved discretionary RSU awards for Messrs. Gerber and Bunch in May 2011. Messrs. Gerber and Bunch each received an RSU award with a value of \$400,000. These awards were granted to recognize their performance and also to provide an additional retention incentive.

2. Guiding Principles

The objective of the executive compensation plans is to attract, retain and motivate high-performing executives to create sustainable long-term value for stockholders. To achieve this objective, the Company and the Compensation Committee use the following guiding principles when evaluating executive compensation policies and decisions:

Alignment with the Company's Business Strategy

Executive compensation is linked with the achievement of specific short- and long-term strategic business objectives and the Company's overall performance.

Compensation plans are linked to key business drivers that support long-term stockholder value creation.

Alignment to Stockholders' Interests

The interests of executives are aligned with those of long-term stockholders through policy and plan design.

Stock ownership guidelines are used to align the interests of executives with those of stockholders over the long term.

As an executive increases in seniority, an increasing percentage of total compensation is subject to vesting through the greater use of equity-based awards to aid in retention and to focus executives on sustainable long-term performance.

Risk Management

Compensation plan design should not create an incentive for excessive risk-taking and each plan is reviewed periodically to determine that it is operating as intended.

Pay for Performance

Clear relationships should exist between executive compensation and performance. Compensation should reward both corporate and individual performance.

Total compensation includes a meaningful variable component that is linked to key business objectives and the Company's overall performance.

A substantial portion of variable compensation is awarded in the form of equity-based awards.

Equity awards are generally granted based on the achievement of annual performance goals and are subject to time-based vesting.

Incentive compensation is subject to risk of forfeiture in accordance with the clawback policy.

The Compensation Committee has the ability to exercise negative discretion to reduce compensation as appropriate.

Pay Competitively

Target total compensation should be based on the median of the competitive market and adjusted to reflect scope of responsibility, experience, potential and performance or other factors specific to the executive.

3. Risk Assessment

The Compensation Committee, together with the Risk Committee, assessed all of the Company's compensation plans and has concluded that our compensation plans and practices do not create risks that are reasonably likely to have a material adverse effect on the Company. Management assessed all of the Company's executive, sales and broad-based compensation plans to determine if any provisions or practices create undesired

Table of Contents

or unintentional risk of a material nature. This risk assessment process included a review of plan design, including business drivers and performance measures. Incentive compensation plan design varies across business units based on differing goals established for business units. Incentive compensation targets are reviewed annually and adjusted as necessary to align with quantitative and qualitative CEO goals (defined below). The Company's compensation structure includes the following risk-mitigating factors: approval of executive compensation by a committee of independent directors, performance-based long-term incentive awards aligned with stockholder interests, stock ownership guidelines and a clawback policy (described below).

4. Elements of Compensation

Targeted Overall Compensation

The Company operates in the highly competitive financial services sector, with a leadership position in retail securities brokerage services. The overall compensation program is designed to align the interests of executives with those of our stockholders and be competitive with the compensation practices of financial services companies with characteristics similar to the Company (identified below).

In 2011, the Company revised its executive compensation comparator group to increase the number of comparators in order to reduce volatility of median calculations, decrease the sensitivity to asset management firms and increase the number of comparable executive positions. The comparator group consists of:

E*TRADE Financial Corporation,

The Charles Schwab Corporation,

Ameriprise Financial, Inc.,

Franklin Resources, Inc.,

Legg Mason, Inc.,

Northern Trust Corporation,

Raymond James Financial, Inc.,

T. Rowe Price Group, Inc.

Comerica Incorporated,

Fifth Third Bancorp,

State Street Corporation,

Invesco Ltd.,

CME Group Inc.,

NYSE Euronext,

LPL Investment Holdings Inc. and

The NASDAQ OMX Group, Inc.

The criteria for determining the comparator group were industry, products, market capitalization, revenue, pre-tax income, geographic presence, peer group inclusion and competition for talent.

Target total compensation consists of an executive's base salary and incentive compensation, which is comprised of cash and equity. These targeted total compensation levels are developed using market data from our comparator group and other financial services compensation data obtained from human resources consulting firms, such as McLagan, Mercer and Towers Watson. The market data considered as part of the competitive review reflect executive responsibilities that are similar to the responsibilities of our executive officers, where available. Mercer, our outside independent compensation consultant, reviewed the market compensation information and confirmed its appropriateness as a point of reference in setting target total compensation levels for each of our named executive officers.

Table of Contents

A significant portion of each executive's total compensation is variable or at risk. The at risk portion of total compensation includes the annual cash incentive and the annual equity incentive, which are both linked to performance during the year. If the Company's or individual's performance is poor, at risk compensation may decrease. Conversely, if the Company's or individual's performance is strong, at risk compensation may increase.

The equity incentive compensation target is established so that a meaningful portion of total compensation is awarded as equity which vests in full on the third anniversary of the grant date. The target mix between cash and equity is based on total compensation level, with the portion that is awarded as equity generally increasing as total compensation increases. This practice, combined with stock ownership guidelines, promotes retention and focuses executives on executing business strategies, sustaining performance and growing value for stockholders over the long-term.

Each named executive officer had a base salary and target annual incentive award for fiscal year 2011 as follows:

Name	Base Salary (\$)	Target Cash Incentive (\$)	Target Equity Incentive (\$)	Total Target Incentive (\$)	Targeted Overall Compensation (\$)
Fredric J. Tomczyk	500,000	1,650,000	3,850,000	5,500,000	6,000,000
William J. Gerber	350,000	475,000	475,000	950,000	1,300,000
Marvin W. Adams	400,000	1,300,000	1,300,000	2,600,000	3,000,000
John B. Bunch	400,000	800,000	800,000	1,600,000	2,000,000
J. Thomas Bradley, Jr.	400,000	700,000	700,000	1,400,000	1,800,000
David M. Kelley	400,000	900,000	900,000	1,800,000	2,200,000

Consistent with the Company's overall principles, a large percentage of the total compensation package is paid only after performance objectives have been met. The Company has generally designed its compensation plans so that as target total compensation increases the percentage of performance-based compensation also increases, thereby establishing a progressively higher percentage of performance-based compensation. The percentage of each executive's targeted overall compensation that was subject to performance-based objectives for fiscal 2011 was:

Name	Performance-Based
Fredric J. Tomczyk	92%
William J. Gerber	73%
Marvin W. Adams	87%
John B. Bunch	80%
J. Thomas Bradley, Jr.	78%
David M. Kelley	82%

Annual Incentive Award

In fiscal year 2011, the first step for calculating awards under the annual incentive plan for executive officers was based on the achievement of goals for the following key metrics: 1) EPS, 2) market share of client revenue trades among the Company's primary publicly-traded competitors and 3) net new client assets. These goals were established and approved by the Compensation Committee, based on the CEO's recommendations, to align the interests of executives with those of our stockholders. We refer to market share of client revenue trades and net new client assets as the quantitative CEO goals. In addition, the following factors were considered in determining the annual incentive awards of our executive officers:

Attainment of key qualitative short- and long-term goals, established by the CEO and approved by the Compensation Committee, which we refer to as the qualitative CEO goals and

Attainment of individual quantitative and qualitative performance goals.

Table of Contents

The Compensation Committee reserved the right to reduce the payouts initially determined by the achievement of EPS and quantitative CEO goals by up to 40% for other qualitative considerations and up to an additional 40% based on each executive's specific performance of individual goals. In addition, the Compensation Committee retains the ability to exercise further negative discretion to reduce incentive payments to executives.

The design of our annual incentive plan supports our pay-for-performance philosophy and closely aligns each executive to the long-term growth of the Company and the business strategy for which each executive is most responsible. Based on pre-established targets for EPS and quantitative and qualitative CEO goals, the Compensation Committee believes that the design provides for a balanced assessment of short- and long-term performance.

A portion of the annual incentive award is granted in equity under the Long-Term Incentive Plan, or the LTIP. Equity is used to motivate, reward and retain key executives and to align their interests to those of stockholders. Equity awards are only granted if the applicable performance measures have been achieved, and then are subject to time-based vesting. If the Company grants RSUs as a component of the annual incentive, the RSUs will fully vest on the third anniversary of the grant date, so long as the executive is then employed by the Company. This vesting schedule aligns the long-term interests of executives with those of our stockholders.

The MIP permits the clawback of any cash incentive awards, and the Company's RSU agreements permit the clawback of awards granted pursuant to the MIP and LTIP if the Compensation Committee determines, within three years of the date of the award, that the conduct described below has occurred. Generally, under the terms of the clawback provisions, an executive who is involved in misconduct that results in a restatement of the Company's financial statements or who commits an act of fraud, negligence or breach of fiduciary duty can be required to forfeit and transfer to the Company, at no cost to the Company, any unvested RSUs and any shares of common stock issued in connection with vested RSUs and to repay to the Company any cash incentive awarded under the MIP or any gain realized from the disposition of any such shares of common stock awarded under the LTIP. The board of directors adopted the clawback policy to prevent executives from unjustly benefiting from certain wrongful conduct.

The Compensation Committee believes that the clear performance measures and specific targets used by the Company ensure a strong, team-oriented, pay-for-performance philosophy. Our compensation plans are designed to permit the full incentive payments to executive officers to qualify as performance-based compensation under section 162(m) of the Code.

Fiscal Year 2011

For fiscal year 2011, 70% of the initial measurement of results under the annual incentive plan was based on EPS. The remaining 30% was based on the quantitative CEO goals: 1) market share of client revenue trades among the Company's primary publicly traded competitors (12%) and 2) net new client assets (18%). The goal ranges and corresponding maximum payout percentage for each of these measures is summarized below (boxed amounts represent actual results):

Fiscal Year 2011 Annual Incentive Award Maximum Payout		Fiscal Year 2011 Goals		
(% of Target)	EPS (\$)	Trading Market Share %	Net New Client Assets (\$ Billions)	
200%	\$1.35 or above	48.0% or above	\$37.2 or above	
170%	1.20	47.0%	30.4	
152%	1.11	46.4%	26.3	
140%	1.05	46.0%	23.6	
120%	0.95	45.3%	19.1	
100%	0.85	44.7%	14.6	
80%	0.75	44.0%	10.1	
40%	0.55	42.7%	6.8	
0%	0.35	41.3%	3.4	

Table of Contents

In fiscal year 2011, the Company achieved EPS of \$1.11, client trading market share of 47% and net new client assets of \$41.5 billion. The following table summarizes the payout calculation based on actual performance results, qualitative adjustments and negative discretion applied by the Compensation Committee.

Goals	Actual Result	Calculated Payout Percentage	Weight	Weighted Payout Percentage	Qualitative Adjustments	Adjusted Payout Percentage
EPS	\$ 1.11	152%	70%	106.4%	0.0%	106.4%
CEO goals:						
Market share client revenue trades	47%	170%	12%	20.4%		
Net new client assets (dollars in billions)	\$ 41.5	200%	18%	36.0%		
Subtotal CEO goals			30%	56.4%	(8.4%)	48.0%
Totals			100%	162.8%	(8.4%)	154.4%
Negative discretion:						
Qualitative considerations (0% to 40%)						(20.0%)
Individual performance (0% to 40%)						(10.0%) to (20.0%)
Final payout percentages						114.4% to 124.4%

Qualitative downward adjustments to the quantitative CEO goal results were made to account for performance of long-term qualitative goals, resulting in funding for the CEO goals of 48%. Accordingly, under the terms of the annual incentive program for fiscal year 2011, the Compensation Committee approved annual incentive awards equal to 154.4% of the target annual incentive, subject to the exercise of up to 40% negative discretion for EPS and the CEO goals, up to 40% negative discretion for individual performance goals and further negative discretion based on other qualitative factors determined by the Compensation Committee. The Compensation Committee did not utilize a formula for qualitative considerations or individual performance assessment, as it does with EPS and the quantitative CEO goals, in determining the amount of negative discretion to apply. The qualitative considerations used in fiscal year 2011 to determine the appropriate amount, if any, of qualitative adjustments and negative discretion to be used consisted of the following key corporate performance goals: client experience, progress on strategic initiatives, associate engagement and delivering superior stockholder return. The Compensation Committee decided that significant strides were accomplished in 2011 on reaching the qualitative CEO goals and applied 20% negative discretion, reducing the maximum incentive award funding to 134.4% for all named executive officers employed at the end of fiscal year 2011. The Compensation Committee then used its judgment to measure the individual performance of each of these named executive officers in order to determine the amount of any additional negative discretion to employ. After all negative discretion was applied, actual incentive awards, as summarized in the table below, ranged from 114.4% to 124.4% of target for the named executive officers employed at the end of fiscal year 2011.

Management was rewarded in fiscal year 2011 for successfully executing on the Company's business strategy, which, in the face of extremely difficult operating conditions, resulted in record net new client assets. The 2011 annual incentive awards consisted of a cash component and an equity component.

Table of Contents

The following table sets forth the actual awards earned under the fiscal year 2011 annual incentive for the named executive officers, except Mr. Kelley, who received severance payments in accordance with his separation and release of claims agreement:

Name	Cash	Equity	Total Annual Incentive	
	Incentive	Incentive		% of
	(\$)	(\$)	(\$)	Target
Fredric J. Tomczyk	1,887,600	4,404,400	6,292,000	114.4%
William J. Gerber	543,400	543,400	1,086,800	114.4%
Marvin W. Adams	1,487,200	1,487,200	2,974,400	114.4%
John B. Bunch	915,200	915,200	1,830,400	114.4%
J. Thomas Bradley, Jr. ⁽¹⁾	800,800	940,800	1,741,600	124.4%

(1) Additional incentive compensation based on Mr. Bradley's individual performance was awarded solely in equity in order to increase the retention value of the compensation and to further align interests to the long-term success of the Company.

The equity component of the 2011 annual incentive award for each of these named executive officers was made solely in the form of RSUs. As described above, the RSUs will vest in full on the third anniversary of the grant date.

5. Stock Ownership Guidelines

The Compensation Committee and the board of directors strongly believe that senior executives should own a significant amount of Company common stock. This provides a direct and continuing alignment of financial interests between executives and stockholders.

The stock ownership guidelines are as follows:

ten times base salary for Mr. Tomczyk and

five times base salary for Messrs. Gerber, Adams, Bunch and Bradley.

None of these executive officers are permitted to sell any equity interest in the Company until the stock ownership requirements have been met, after which the chief executive officer must obtain approval from the Compensation Committee and all other senior executives must obtain prior approval from the chief executive officer. Mr. Tomczyk has agreed to maintain stock ownership under these guidelines for two years after he ceases to be an employee or director of the Company following his retirement. The Company considers any stock held without restrictions, unvested restricted stock units, vested but unexercised in-the-money stock options, deferred compensation that will settle in common stock and common stock held under the Company's 401(k) plan in determining whether the stock ownership requirements have been met. Currently, all named executive officers have met the stock ownership guidelines.

The Company does not allow any of its employees to enter into hedging transactions involving its common stock.

6. Change in Control and Severance Provisions

Our senior executive team has been instrumental to the success of the Company, and we believe it is important to provide certain benefits to them in the event of a change in control. We believe that the interests of our stockholders are best served if the interests of senior management are aligned with them, and providing change in control benefits should minimize any reluctance of senior management to pursue change in control transactions that may be in the best interest of our stockholders. Equity awards under the MIP will continue to vest in accordance with their terms in the event of termination for any reason, other than for cause, within 24 months after a change in control. Our executive officers are not entitled to any other benefits upon a change in control. Rather, our employment arrangements with Messrs. Tomczyk, Adams and Bunch all require a

Table of Contents

termination of employment without cause or resignation with good reason in connection with or following a change in control. We utilize this dual-trigger change in control provision because we believe that triggering payments simply upon a change in control is not in the Company's or stockholders' best interests.

7. Tax Treatment

The Compensation Committee designs certain components of executive compensation to preserve income tax deductibility under section 162(m) of the Code. Section 162(m) generally disallows a tax deduction to public corporations for non-performance-based compensation over \$1 million paid for any fiscal year to each of the individuals who were, at the end of the fiscal year, the corporation's chief executive officer and the four other most highly compensated executive officers.

The Company believes that the cash bonuses paid and stock-based awards granted to executive officers under the MIP are and will be fully deductible under section 162(m). In addition, the Company has adopted a policy that stock-based awards granted to its executive officers should generally be made pursuant to plans that the Company believes satisfy the requirements of section 162(m). However, the Compensation Committee retains discretion and flexibility in developing appropriate compensation programs and establishing compensation levels and, in some instances, may approve compensation that is not fully deductible.

8. Actions Since End of Fiscal Year 2011

The table below summarizes RSUs granted to our named executive officers for service during fiscal year 2011. Because these grants were made in fiscal year 2012, they are not included in the Summary Compensation Table or the Grants of Plan-based Awards and Outstanding Equity Awards at Fiscal Year-End tables later in this section.

Name	Fiscal 2011 Equity Incentive	
	\$	# of Units
Fredric J. Tomczyk	4,404,400	264,954
William J. Gerber	543,400	34,990
Marvin W. Adams	1,487,200	95,760
John B. Bunch	915,200	58,930
J. Thomas Bradley, Jr.	940,800	60,578
David M. Kelley		

The number of RSUs granted for Mr. Tomczyk was determined by dividing the dollar amount earned by \$16.62, the average of the high and low price of the Company's common stock for the 20 trading days ended November 22, 2011. The number of RSUs granted for the other named executive officers was determined by dividing the dollar amount earned by \$15.53, the average of the high and low price of the Company's common stock for the 20 trading days ended October 27, 2011. These awards vest in full on the third anniversary of the grant date if the executive is then employed by the Company.

Potential Payments Upon Termination or Change-in-Control**Introduction and Overview**

The Company has entered into employment agreements with Messrs. Tomczyk, Adams and Bunch. Messrs. Gerber and Bradley do not have employment agreements. The employment agreements and certain compensation plans and award agreements require the Company to provide compensation and benefits to the executives in the event of a termination of employment, including in connection with a change in control of the Company. Payments are not triggered simply upon the occurrence of a change in control. Rather, our executives will only receive change in control benefits if their employment is terminated in certain instances following a change in control.

Compensation Plans and Award Agreements

Under the MIP, in the event of death or disability prior to the payment of a scheduled award, compensation will be paid to the executive's estate or other authorized person. Under the performance restricted stock unit, or PRSU, and RSU award agreements, the consequences of death, disability, retirement, termination without cause and change in control are:

Triggering Event	Consequence
Death Disability or retirement	Award vests and settles as soon as practicable

Termination without cause
Change in control

Award continues to vest in accordance with its terms, whether or not the executive is employed on the settlement date
Award is pro-rated through the date of termination and then vests in accordance with its terms
Award continues to vest in accordance with its terms in the event of termination for any reason, other than cause, within 24 months after a change in control

Summary Table Potential Payments Upon Termination or Change-in-Control

The following table summarizes potential payments upon termination or change in control for the named executive officers who were still serving as executive officers as of September 30, 2011. Each of the named executive officers will only be entitled to receive change in control benefits if his employment is terminated without cause or he resigns with good reason in connection with or following a change in control.

Cause and good reason are defined above in the summary of employment agreements for Messrs. Tomczyk, Adams and Bunch. Except as specifically indicated in the footnotes to the table below, we used the following assumptions in calculating the amounts included the table and discussion below:

As required by SEC rules, we assume the triggering event causing the payment occurred on September 30, 2011, the last business day of our last completed fiscal year, and the price per share of the common stock of the Company was \$14.71, the closing market price on that date.

We treat all amounts of base salary and annual cash incentive that were earned and accrued, including unused vacation, as of the date of the triggering event as paid immediately prior to the triggering event.

Director Compensation and Stock Ownership Guidelines

The following table summarizes non-employee director compensation for calendar year 2011 under the terms of the TD Ameritrade Holding Corporation 2006 Directors Incentive Plan:

Non-employee Director Compensation	Amount
Chairman of the Board Annual Retainer	\$400,000 in cash or a combination of cash and RSUs
Annual Cash Retainer (excluding Chairman)	\$80,000
Annual Equity Grant (excluding Chairman)	\$130,000 in RSUs
Committee Chair Retainer	\$10,000 (\$25,000 for Audit Committee chair)
Audit Committee Member Fee	\$10,000

Non-employee directors may also receive, at the discretion of the Corporate Governance Committee and approved by the board of directors, payment of additional non-employee director compensation when special circumstances warrant.

The 2006 Directors Incentive Plan is designed to:

fairly compensate non-employee directors for work required of a company the size and complexity of TD Ameritrade and

align directors' interests with the long-term interests of stockholders.

The annual cash retainer, the committee chair retainer and the Audit Committee member fee are paid in advance at the beginning of each calendar year.

Edgar Filing: TD AMERITRADE HOLDING CORP - Form DEF 14A

Under the 2006 Directors Incentive Plan, any non-employee director is permitted to defer any or all of the cash or equity award. Investment earnings on amounts deferred in the form of stock units are based on the fluctuations in the underlying common stock of the Company. Cash awards that were deferred under the terms of the 1996 Directors Incentive Plan (the predecessor to the 2006 Directors Incentive Plan) earn interest at the prime rate as reported by The Wall Street Journal. Cash awards that are deferred under the terms of the 2006 Directors Incentive Plan earn interest based on terms and conditions established by the Compensation Committee.

The number of RSUs under the annual equity grant is calculated by using the average closing price of the Company's common stock for the 20 trading days prior to the grant date. Beginning with calendar year 2011 grants, RSU awards vest completely on the first anniversary of the grant date and are settled by issuing shares of Company common stock. RSU awards granted for calendar years prior to 2011 vest in one-third increments

Table of Contents

annually over three years from the date of grant and the vested RSUs are settled by issuing shares of Company common stock following the third anniversary of the grant date. A director may elect to defer the receipt of stock under the terms of any applicable deferred compensation plan. If the director terminates service as a non-employee director prior to the third anniversary of the grant date for awards granted for calendar years prior to 2011, the RSUs, to the extent vested on the date of such termination of service, are settled as soon as reasonably practicable after such termination. In the event of a change in control of the Company, the RSUs vest as soon as practicable after the change in control. RSUs do not have any voting rights. Vested RSUs and awards of RSUs (vested and unvested) for calendar years beginning in 2011 receive the benefit of any dividends on common stock of the Company in the form of additional RSUs. Unvested RSUs granted for calendar years prior to 2011 are not entitled to receive the benefit of dividends. In the event of the death of a non-employee director, the RSUs will vest and be settled in common stock of the Company. In the event of the disability of a non-employee director, the RSUs will continue to vest over the applicable vesting period whether or not the director continues to serve as a director of the Company.

Non-employee directors are reimbursed for expenses incurred in connection with attending meetings of the board of directors. The Company also provides liability insurance for its directors and officers.

The Company and Mr. Moglia entered into an amendment to his employment agreement in connection with his election as chairman of the board of directors, dated as of September 29, 2008. Under the terms of Mr. Moglia's employment agreement, as amended, he was paid a base salary of \$1,000,000 per year. The agreement expired on May 31, 2011. Effective June 1, 2011, Mr. Moglia became a non-employee chairman and is compensated pursuant to a non-employee chairman term sheet. Under the term sheet, Mr. Moglia is paid an annual retainer of \$400,000, which is paid in either cash or a combination of cash and equity. Mr. Moglia elected to be paid in cash for his 2011 annual retainer, which was prorated for the period commencing June 1, 2011 through December 31, 2011. For the complete terms of Mr. Moglia's employment agreement, we refer you to Exhibit 10.1 of the Company's Quarterly Report on Form 10-Q, filed on August 8, 2008 (employment agreement) and Exhibit 10.3 of the Company's Annual Report on Form 10-K, filed with the SEC on November 26, 2008 (amendment to employment agreement). For the provisions of the non-employee chairman term sheet, we refer you to Exhibit 10.2 of the Company's Annual Report on Form 10-K, filed with the SEC on November 18, 2011. Mr. Tomczyk is currently the only employee director of the Company.

The table below provides information on compensation for directors who served during fiscal year 2011, except for Mr. Tomczyk. Compensation information for Mr. Tomczyk, who is a named executive officer, is disclosed in the Summary Compensation Table earlier in this section. Todd M. Shares counted toward this calculation include common stock beneficially owned by the director, vested and unvested RSUs and vested options. All non-employee directors receiving compensation with more than five years of service with the Company have met this guideline.

Certain Relationships and Related Transactions

Review and Approval of Related Party Transactions. The board of directors has adopted a written Related Party Transaction Policy covering the review and approval or ratification of any transaction, arrangement or relationship involving the Company or any of its subsidiaries, with a value of \$120,000 or more per fiscal year, and in which any related party had, has or will have a direct or indirect material interest required to be disclosed under applicable SEC rules. Related parties are our directors, executive officers and any stockholder beneficially owning more than 5% of our common stock or any of their immediate family members. Under the policy, the OID Committee reviews related party transactions and may approve or ratify them only if it is determined that they are in, or not inconsistent with, the best interests of the Company and its stockholders. When reviewing a related party transaction, the OID Committee will consider, among other factors determined to be appropriate, the following factors (to the extent relevant to the related party transaction):

Edgar Filing: TD AMERITRADE HOLDING CORP - Form DEF 14A

whether the terms of the related party transaction are fair to the Company and are no less favorable than terms that would apply if the transaction did not involve a related party;

whether there are business reasons for the Company to enter into the related party transaction;

Page 39

Table of Contents

whether the related party transaction would impair the independence of an outside director; and

whether the related party transaction would present an improper conflict of interest for any director or executive officer of the Company, taking into account the size of the transaction, the overall financial position of the director, executive officer or related party, the direct or indirect nature of the director's, executive officer's or related party's interest in the transaction and the ongoing nature of any proposed relationship.

Nothing in the policy supersedes or modifies any contractual rights or obligations provided in the Stockholders Agreement.

Transactions with TD and TD Affiliates

As a result of the Company's acquisition of TD Waterhouse, TD became an affiliate of the Company. The Company transacts business and has extensive relationships with TD and certain of its affiliates. A description of significant agreements and transactions with TD and its affiliates is set forth below.

Registration Rights Agreement

The Company, the Ricketts holders and TD are a party to a registration rights agreement, pursuant to which the Ricketts holders and TD are granted rights to be included in registrations of Company common stock, as follows:

Demand Registrations

The Company has granted the Ricketts holders and TD, together, the right to demand registration of the shares of Company common stock held by them on nine separate occasions. Six of the nine demand rights, including two shelf registrations, are allocated to TD, and three of the nine demand rights, including one shelf registration, are allocated to the Ricketts holders.

Piggy Back Registrations

The Company has also agreed that if at any time the Company proposes to file a registration statement with respect to any offering of its securities for its own account or for the account of any stockholder who holds its securities (subject to certain exceptions) then, as expeditiously as reasonably possible (but in no event less than 20 days prior to the proposed date of filing such registration statement), the Company shall give written notice of such proposed filing to all holders of securities subject to registration rights pursuant to the registration rights agreement, or registrable securities, and such notice shall offer the holders of such registrable securities the opportunity to register such number of registrable securities as each such holder may request in writing. The registration rights granted in the registration rights agreement are subject to customary restrictions such as minimums, blackout periods and limitations on the number of shares to be included in any underwritten offering imposed by the managing underwriter. In addition, the registration rights agreement contains other limitations on the timing and ability of stockholders to exercise demands.

Expenses

The Company has agreed to pay all registration expenses, including the legal fees of one counsel for the stockholders exercising registration rights under the registration rights agreement, but excluding underwriting discounts, selling commissions, stock transfer taxes and any other legal fees of such stockholders.

Trademark License Agreement

The Company and TD are a party to a trademark license agreement that requires the Company to use the TD trademark and logo as part of the Company's corporate identity. The following is a summary of selected provisions of the trademark license agreement.

Table of Contents

The TD Ameritrade Name

The Company is required to use the TD Ameritrade name in the U.S. as its exclusive corporate entity name and to use the TD logo in connection with the TD Ameritrade name in the U.S. in corporate identity and marketing materials. The Company has further agreed to use the TD Ameritrade name and, in conjunction with it, the TD logo, in other countries unless the Company reasonably determines such use would not be consistent with or to the benefit of the Company's business in a particular country.

The Company has a worldwide (except in Canada) license to use the name and trademark "TD" as part of the trademark, service mark, trade name, corporate name or domain name "TD Ameritrade" in connection with the Company's business of providing securities brokerage services to retail traders, individual investors and registered investment advisors. TD has agreed not to use the TD mark or any trademarks, service marks, trade names, corporate names and domain names incorporating the TD mark in connection with any business or activity providing securities brokerage services to retail traders, individual investors and registered investment advisors in the U.S., as so restricted by the Stockholders Agreement.

Ownership and Protection of the TD Ameritrade Name

TD and the Company jointly own the TD Ameritrade name. The Company has agreed to be responsible for the registration, maintenance and prosecution of any trademark applications and registrations for the TD Ameritrade name. The Company has further agreed to use commercially reasonable efforts to keep TD informed and to allow TD to provide reasonable input as to the registration, maintenance and prosecution strategy in connection with the TD Ameritrade trademark. The Company and TD have each agreed to be responsible for 50% of the costs and expenses associated with the registration, maintenance and prosecution of the TD Ameritrade trademark.

Indemnification

The Company has agreed to indemnify TD for liability incurred by TD as a result of the Company's (and any of its sublicensees') breach of its obligations under the trademark license agreement. TD has agreed to indemnify the Company for liability incurred by the Company so long as the Company's actions are in accordance with the terms of the trademark license agreement and the Company's use of the TD Ameritrade name or the TD logo is in a jurisdiction where TD has trademark applications or registrations or is using or has used the TD trademark or logo.

Term; Termination

The term of the trademark license agreement is 10 years from January 24, 2006, and is automatically renewable for additional periods of 10 years, unless earlier terminated. The Company and TD can each terminate the trademark license agreement upon any of the following events: if the other party becomes insolvent, makes an assignment for the benefit of creditors, a trustee or receiver is appointed for a material part of the other party's assets, or a proceeding in bankruptcy is not dismissed within 90 days; if the other party fails to cure a material breach within 60 days of the initial notice of material breach; if the other party is subject to a decree dissolving such other party which has been in effect for more than 30 days; if there is a change of control of the other party that results in such other party being controlled by a competitor; if TD beneficially owns voting securities representing 4.17% or less of the total voting power of the Company; if a third party bona fide tender or exchange offer for not less than 25% of the outstanding shares of common stock of the Company is consummated; if the Company's board of directors consummates a takeover proposal from a third party; or if the TD trademark or logo becomes materially damaged by the other party.

Effects of Termination

Upon termination of the trademark license agreement, the Company has agreed to stop all new uses of the TD mark within six months and discontinue all use of the TD mark within 12 months. Neither the Company nor TD shall be entitled to use the TD Ameritrade name after the trademark license agreement terminates, and all trademark applications and registrations for the TD Ameritrade trademark shall be expressly abandoned.

Table of Contents

URL License Agreement

TD and the Company are also a party to a license agreement pursuant to which TD granted the Company an exclusive license to use the TDWaterhouse.com Internet domain name for redirection to the Company's home page as well as the rights to include links to international TDWaterhouse Internet domain names. In exchange for those rights, the Company agreed to not transfer the rights to the domain names and to use commercially reasonable efforts to include a link on the homepage of the Company to the international TDWaterhouse websites. The term of the URL license agreement is 10 years from January 24, 2006 unless mutually extended. Either party may terminate the agreement if the trademark license is terminated or the other party materially breaches the agreement. The Company has the right to terminate the agreement for any reason upon 30 days' prior written notice.

Insured Deposit Account Agreement

The Company is party to an insured deposit account (IDA) agreement with TD and two of its wholly-owned subsidiaries, TD Bank USA, N.A. (TD Bank USA) and TD Bank, N.A. Under the IDA agreement, TD Bank USA and TD Bank, N.A. (together, the Depository Institutions) make available to clients of the Company FDIC-insured money market deposit accounts as either designated sweep vehicles or as non-sweep deposit accounts. The Company provides marketing, recordkeeping and support services for the Depository Institutions with respect to the money market deposit accounts. In exchange for providing these services, the Depository Institutions pay the Company a fee based on the yield earned on the client IDA assets, less the actual interest paid to clients, a flat fee to the Depository Institutions of 25 basis points and the cost of FDIC insurance premiums.

The IDA agreement has a term of five years beginning July 1, 2008, and is automatically renewable for successive five-year terms, provided that it may be terminated by any party upon two years' prior written notice. The agreement provides that the fee earned on the IDA agreement is calculated based on three primary components: (a) the actual yield earned on investments in place as of July 1, 2008, which were primarily fixed-income securities backed by Canadian government guarantees, (b) the yield on other fixed-rate investments, based on prevailing fixed rates for identical balances and maturities in the interest rate swap market (generally LIBOR-based) at the time such investments were added to the IDA portfolio and (c) floating-rate investments, based on the monthly average rate for 30-day LIBOR. The agreement provides that, from time to time, the Company may request amounts and maturity dates for the other fixed-rate investments (component (b) above) in the IDA portfolio, subject to the approval of the Depository Institutions. As of September 30, 2011, the IDA portfolio was comprised of approximately 1% component (a) investments, 87% component (b) investments and 12% component (c) investments.

In the event the fee computation results in a negative amount, the Company must pay the Depository Institutions the negative amount. This effectively results in the Company guaranteeing the Depository Institutions revenue of 25 basis points on the IDA agreement, plus the reimbursement of FDIC insurance premiums. The fee computation under the IDA agreement is affected by many variables, including the type, duration, credit quality, principal balance and yield of the investment portfolio at the Depository Institutions, the prevailing interest rate environment, the amount of client deposits and the yield paid on client deposits. Because a negative IDA fee computation would arise only if there were extraordinary movements in many of these variables, the maximum potential amount of future payments the Company could be required to make under this arrangement cannot be reasonably estimated. Management believes the potential for the fee calculation to result in a negative amount is remote and the fair value of the guarantee is not material.

The Company earned fee income associated with the insured deposit account agreement of \$762.5 million for fiscal year 2011.

Mutual Fund Agreements

The Company and an affiliate of TD are parties to a sweep fund agreement, transfer agency agreement, shareholder services agreement and a dealer agreement pursuant to which certain mutual funds are made available as money market sweep or direct purchase options to Company clients. The Company performs certain distribution and marketing support services with respect to those funds. In consideration for offering the funds and performing the distribution and marketing support services, an affiliate of TD compensates the Company in accordance with the

Table of Contents

provisions of the sweep fund agreement. The Company also performs certain services for the applicable fund and earns fees for those services. The agreement may be terminated by any party upon one year's prior written notice and may be terminated by the Company upon 30 days' prior written notice under certain circumstances. The Company earned fee income associated with these agreements of \$8.5 million for fiscal year 2011.

Securities Borrowing and Lending

In connection with its brokerage business, the Company engages in securities borrowing and lending with TD Securities, Inc. (TDSI), an affiliate of TD. The Company earned net interest revenue of \$3.8 million for fiscal year 2011 associated with securities borrowing and lending with TDSI. The transactions with TDSI are subject to the same collateral requirements as transactions with other counterparties.

Referral and Strategic Alliance Agreement

TD Ameritrade, Inc., a wholly-owned subsidiary of the Company, is a party to a referral and strategic alliance agreement with TD Bank, N.A. and TD Wealth Management Services, Inc. (TDWMS), a wholly-owned subsidiary of TD. The strategic alliance agreement has a term of five years beginning February 1, 2010 and is automatically renewable for successive three-year terms, provided that it may be terminated by any party after January 1, 2011 upon 180 days' prior written notice. Under the agreement, TD Bank, N.A. will promote TD Ameritrade, Inc.'s brokerage services to its clients using a variety of marketing and referral programs and TDWMS referred its existing brokerage account clients to TD Ameritrade, Inc. while TDWMS discontinued its brokerage operations. TD Bank, N.A. clients that open brokerage accounts at TD Ameritrade, Inc. and TDWMS clients that elected to transfer their accounts to TD Ameritrade, Inc. are considered program clients.

TD Ameritrade, Inc. retains a fee for providing brokerage services to the program clients, and the program's net margin is shared equally between TD Ameritrade, Inc. and TD Bank, N.A. The Company earned pre-tax income associated with the referral and strategic alliance agreement of \$2.9 million for fiscal year 2011.

Cash Management Services Agreement

Pursuant to a cash management services agreement, TD Bank USA provides cash management services to clients of TD Ameritrade, Inc. In exchange for such services, the Company pays TD Bank USA service-based fees agreed upon by the parties. The Company incurred expense associated with the cash management services agreement of \$0.9 million for fiscal year 2011. The cash management services agreement will continue in effect for as long as the IDA agreement remains in effect, provided that it may be terminated by TD Ameritrade, Inc. without cause upon 60 days' prior written notice to TD Bank USA.

Indemnification Agreement for Phantom Stock Plan Liabilities

Pursuant to an indemnification agreement, the Company agreed to assume TD Waterhouse liabilities related to the payout of awards under The Toronto-Dominion Bank 2002 Phantom Stock Incentive Plan following the completion of the TD Waterhouse acquisition. Under this plan, participants were granted units of stock appreciation rights (SARs) based on TD's common stock that generally vest over four years. Upon exercise, the participant receives cash representing the appreciated value of the units between the grant date and the redemption date. In connection with the payout of awards under the 2002 Phantom Stock Incentive Plan, TD agreed to indemnify the Company for any liabilities incurred by the Company in excess of the provision for such liability included on the closing date balance sheet of TD Waterhouse. In addition, in the event that the liability incurred by the Company in connection with the 2002 Phantom Stock Incentive Plan is less than the provision for such liability included on the closing date balance sheet of TD Waterhouse, the Company agreed to pay the difference to TD. There were 7,850 SARs outstanding as of September 30, 2011, with an approximate value of \$0.4 million. The indemnification agreement effectively protects the Company against fluctuations in TD's common stock price with respect to the SARs, so there is no net effect on the Company's results of operations resulting from such fluctuations.

without cause and without penalty by providing 24 months prior written notice. In consideration of the performance by TD of the call center services, the Company pays TD, on a monthly basis, an amount approximately equal to TD's monthly cost. The Company incurred expenses associated with the Canadian call center services agreement of \$18.0 million for fiscal year 2011.

TD Waterhouse Canada Order Routing Agreement

TD Ameritrade Clearing, Inc. (TDAC), a wholly-owned subsidiary of the Company, is a party to an order routing agreement with TD Waterhouse Canada Inc. (TDW Canada), a wholly-owned subsidiary of TD. The agreement has a term of four years beginning May 20, 2010, provided that it may be terminated by either party upon 90 days prior written notice. Under the agreement, TDAC provides TDW Canada order routing services for U.S. equity and option orders to U.S. brokers and market centers with which TDW Canada has order execution arrangements. TDAC retains a percentage of the net payment for order flow revenue it receives on TDW Canada trades and remits the remainder to TDW Canada. The Company earned net payment for order flow revenue associated with the order routing agreement of \$2.7 million for fiscal year 2011.

TD Waterhouse UK Servicing Agreement

TDAC is a party to a servicing agreement with TD Waterhouse Investor Services (Europe) Limited (TDW UK), a wholly-owned subsidiary of TD. The agreement has an initial term of ten years beginning July 16, 2010 and will automatically renew for consecutive two year terms, provided that either party may give written notice of its intent not to renew at least 180 days prior to the end of the initial term or any renewal term. Under the agreement, TDAC provides clearing services to clients of TDW UK that trade in U.S. equity securities. In exchange for such services, TDW UK pays TDAC a per-trade commission. The Company earned commission revenues associated with the servicing agreement of \$0.5 million for fiscal year 2011.

Certificates of Deposit Brokerage Agreement

TD Ameritrade, Inc. is party to a certificates of deposit brokerage agreement with TD Bank USA, under which TD Ameritrade, Inc. acts as agent for its clients in purchasing certificates of deposit from TD Bank USA. Under the agreement, TD Bank USA pays TD Ameritrade, Inc. a placement fee for each certificate of deposit issued in an amount agreed to by both parties. TD Ameritrade, Inc. has periodically promoted limited time offers to purchase a three-month TD Bank USA certificate of deposit with a premium yield to clients that made a deposit or transferred \$25,000 into their TD Ameritrade, Inc. brokerage account during a specified time period. Under these promotions, TD Ameritrade, Inc. reimburses TD Bank USA for the subsidized portion of the premium yield paid to its clients. The Company incurred net costs to TD Bank USA associated with these promotional offers of \$2.0 million for fiscal year 2011.

Trading Platform Hosting and Services Agreement

On June 11, 2009, immediately following the closing of the Company's acquisition of thinkorswim Group Inc. (thinkorswim), the Company completed the sale of thinkorswim Canada, Inc. (thinkorswim Canada) to TDW Canada. In connection with the sale of thinkorswim Canada, the Company and TDW Canada entered into a trading platform hosting and services agreement. The agreement has an initial term of five years beginning June 11, 2009, and will automatically renew for additional periods of two years, unless either party provides notice of non-renewal to the other party at least 90 days prior to the end of the then-current term. Because this agreement represents contingent consideration to be paid for the sale of thinkorswim Canada, the Company recorded a \$10.7 million receivable for the fair value of this agreement. Under this agreement, TDW Canada uses the thinkorswim trading platform and TD Ameritrade, Inc. provides the services to support the platform. In consideration for the performance by TD Ameritrade, Inc. of all its obligations under this agreement, TDW Canada pays TD Ameritrade, Inc., on a monthly basis, a fee based on average client trades per day and transactional revenues. Fees earned under the agreement are recorded as a reduction of the contingent consideration receivable until the receivable is reduced to zero, and thereafter will be recorded as fee revenue. As of September 30, 2011, the receivable balance for this agreement was \$9.0 million.

Other Transactions with TD Affiliates

TD has agreed to reimburse the Company for costs incurred related to the rebranding of the TD Ameritrade corporate entity name and logo. The Company incurred \$5.4 million of expenses associated with rebranding during fiscal year 2011.

Other Related Party Transactions

Under an agreement between the Company and Joseph H. Moglia, chairman of the Company's board of directors, dated September 13, 2001, the Company agreed to lend Mr. Moglia the Medicare tax amounts due from time to time resulting from his vesting in benefits under his deferred compensation plan. Mr. Moglia was required to repay the loan, which did not bear interest, at the time his employment ended. Mr. Moglia's employment agreement expired on May 31, 2011 and effective June 1, 2011, he became a non-employee chairman. During June 2011, the Company settled the \$221,883 balance of the loan by deducting it from the amount that was paid to Mr. Moglia under the deferred compensation plan.

Certain directors and executive officers, and members of their immediate families, maintain margin trading accounts with the Company, as permitted by applicable law. Margin loans to these individuals were made in the ordinary course of business on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons and did not involve more than the normal risk of collectibility or present other unfavorable features.

PROPOSAL NO. 2

ADVISORY VOTE ON EXECUTIVE COMPENSATION

The guiding principles of the Company's compensation policies and decisions include aligning each executive's compensation with the Company's business strategy and the interests of our stockholders and providing incentives needed to attract, motivate and retain key executives who are important to our long-term success. Consistent with this philosophy, a significant portion of the total incentive compensation for each of our executives is directly related to the Company's earnings and to other performance factors that measure our progress against the goals of our strategic and operating plans, as well as performance against our peers.

Stockholders are urged to read the Compensation Discussion and Analysis section of this Proxy Statement, which discusses how our compensation design and practices reflect our compensation philosophy. The Compensation Committee and the board of directors believe that our compensation design and practices are effective in implementing our guiding principles.

At the 2011 Annual Meeting, pursuant to Section 14A of the 1934 Act, we submitted a proposal to stockholders for a (non-binding) advisory vote to approve the compensation of our named executive officers as disclosed in the Proxy Statement for the 2011 Annual Meeting. Our stockholders approved this proposal with more than 99% of the total votes cast voting in favor. At the 2011 Annual Meeting, we also asked our stockholders to indicate if we should hold an advisory vote on the compensation of our named executive officers every one, two or three years, with our board of directors recommending an annual advisory vote. Because our board of directors views the advisory vote as a good corporate governance practice, and because at our 2011 Annual Meeting more than 96% of the total votes cast were in favor of an annual advisory vote, we are asking our stockholders to approve, on an advisory basis, the compensation of our named executive officers as disclosed in this Proxy Statement for the 2012 Annual Meeting.

We are asking our stockholders to indicate their support for the compensation of our named executive officers as disclosed in this proxy statement. This advisory vote on executive compensation proposal, commonly known as a "say-on-pay" proposal, gives our stockholders the opportunity to express their views on the compensation of our named executive officers. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the principles, policies and practices described in this proxy statement.

Table of Contents

As this is an advisory vote, the result will not be binding on the Company, the board of directors or the Compensation Committee, although our Compensation Committee will consider the outcome of the vote when evaluating our compensation principles, design and practices. Proxies submitted without direction pursuant to this solicitation will be voted FOR the approval of the compensation of the Company's named executive officers, as disclosed in this proxy statement.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE APPROVAL, ON AN ADVISORY BASIS, OF THE COMPENSATION OF ITS NAMED EXECUTIVE OFFICERS, AS DISCLOSED IN THIS PROXY STATEMENT.

PROPOSAL NO. 3**RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

Ernst & Young LLP (E&Y) has been appointed by the Audit Committee as the independent registered public accounting firm for the Company and its subsidiaries for the fiscal year ending September 30, 2012. This appointment is being presented to the stockholders for ratification. The ratification of the appointment of the independent registered public accounting firm requires the affirmative vote of the holders of a majority of the total shares of common stock present in person or represented by proxy and voting on the matter, provided that a quorum of at least a majority of the outstanding shares are represented at the meeting. If you abstain from voting on this matter, your abstention will have no effect on the vote. If you hold your shares through a broker and you do not instruct the broker on how to vote on this routine proposal, your broker will nevertheless have authority to vote your shares on this routine proposal in your broker's discretion. Abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum but will not have any other effect on the outcome of the proposal. Proxies submitted pursuant to this solicitation will be voted FOR the ratification of E&Y as the Company's independent registered public accounting firm for the fiscal year ending September 30, 2012, unless specified otherwise.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING SEPTEMBER 30, 2012.

Representatives of E&Y are expected to be present at the Annual Meeting and will be provided an opportunity to make a statement and to respond to appropriate inquiries from stockholders.

Table of Contents

All Other Fees. E&Y did not provide any other services during 2011 and 2010.

The Audit Committee considers whether the provision of non-audit services is compatible with maintaining the auditor's independence, and has determined such services for fiscal 2011 and 2010 were compatible.

We have been advised by E&Y that neither the firm, nor any member of the firm, has any financial interest, direct or indirect, in any capacity in the Company or its subsidiaries.

Policy on Audit Committee Pre-Approval of Audit and Non-Audit Services of Independent Registered Public Accounting Firm

The Audit Committee is responsible for appointing, setting compensation and overseeing the work of the independent registered public accounting firm. The Audit Committee has established a policy regarding pre-approval of all audit and non-audit services provided by the independent registered public accounting firm.

On an ongoing basis, management communicates specific projects and categories of service for which the advance approval of the Audit Committee is requested. The Audit Committee reviews these requests and advises management if the committee approves the engagement of the independent registered public accounting firm. No services are undertaken which are not pre-approved. On a periodic basis, management reports to the Audit Committee regarding the actual spending for such projects and services compared to the approved amounts. All of the services provided by our independent auditor in 2011 and 2010, including services related to audit, audit-related fees, tax fees and all other fees described above, were approved by the Audit Committee under its pre-approval policies.
