I. INFORMATION ABOUT VOTING

Solicitation of Proxies. The Board of Directors (**Board**) of Crown Castle International Corp. is soliciting proxies for use at our 2012 Annual Meeting of Stockholders (**Annual Meeting**) and any adjournments or postponements of the Annual Meeting. The Annual Meeting will be held on May 24, 2012 at 9:00 a.m. Central Time at our principal executive offices located at 1220 Augusta Drive, Suite 500, Houston, Texas 77057. This proxy statement (**Proxy Statement**), the form of proxy and our Annual Report on Form 10-K for the year ended December 31, 2011 (**2011 Form 10-K**) are being distributed or made available via the Internet to our stockholders on or about April 9, 2012.

Notice of Internet Availability of Proxy Materials. The Securities and Exchange Commission (**SEC**) has adopted rules for the electronic distribution of proxy materials. We have elected to provide access to our proxy materials and 2011 Form 10-K on the Internet, instead of mailing the full set of printed proxy materials, which allows us to reduce costs associated with the Annual Meeting. On or about April 9, 2012, we intend to mail to most of our stockholders a Notice of Internet Availability of Proxy Materials (**Proxy Materials Notice**) containing instructions on how to access our Proxy Statement and 2011 Form 10-K and how to submit a proxy online. If you receive a Proxy Materials Notice by mail, you will not receive a printed copy of the proxy materials in the mail unless you request it. Instead, the Proxy Materials Notice instructs you on how to access and review all of the important information contained in the Proxy Statement and 2011 Form 10-K. The Proxy Materials Notice also instructs you on how you may submit your proxy over the Internet. If you received a Proxy Materials Notice by mail and would like to receive a printed copy of our proxy materials, you should follow the instructions for requesting such materials included in the Proxy Materials Notice.

Agenda Items. The agenda for the Annual Meeting is to consider and vote upon the following matters:

the election of four class II directors: Cindy Christy, Ari Q. Fitzgerald, Robert E. Garrison II and John P. Kelly;

the ratification of the appointment of PricewaterhouseCoopers LLP (**PwC**) as our independent registered public accountants for fiscal year 2012;

a non-binding, advisory vote regarding the compensation of our named executive officers; and

such other business as may properly come before the Annual Meeting.

Who can Vote. You can vote at the Annual Meeting if you are, on the Record Date, a holder of record of our common stock, par value of \$0.01 per share (**Common Stock**). The record date for determining the stockholders entitled to notice of, and to vote at, the Annual Meeting is the close of business on March 26, 2012 (**Record Date**). Holders of Common Stock will have one vote for each share of Common Stock owned of record as of the Record Date. As of the close of business on the Record Date, there were 292,929,097 shares of Common Stock outstanding.

A complete list of the stockholders entitled to vote at the meeting will be available for examination by any stockholder of record at our offices at 1220 Augusta Drive, Suite 500, Houston, Texas 77057 for a period of 10 days prior to the Annual Meeting. The list will also be available for examination by any stockholder of record present at the Annual Meeting.

How to Vote. You may submit your proxy for your shares in any of the following ways:

if you receive a printed proxy card, mark, sign, date and return the proxy card (see instructions on the Proxy Materials Notice on how to request a printed proxy card);

call the toll-free telephone number shown at the website address listed on your Proxy Materials Notice or on your proxy card; or

Table of Contents

visit the website shown on your Proxy Materials Notice or the proxy card to submit a proxy via the Internet. Alternatively, you may vote in person at the Annual Meeting (if you are a beneficial owner whose shares are held in the name of a bank, broker or other nominee, you must obtain a legal proxy, executed in your favor, from the stockholder of record (that is, your bank, broker or nominee) to be able to vote at the Annual Meeting).

Have your Proxy Materials Notice or proxy card in front of you when submitting a proxy by telephone or the Internet; it contains important information that is required to access the system.

Use of Proxies. All proxies that have been properly submitted whether by Internet, telephone or mail and not revoked will be voted at the Annual Meeting in accordance with your instructions. If you sign your proxy card but do not give voting instructions, the shares represented by that proxy will be voted as recommended by the Board. The Board recommends the following vote for each of the proposals to be considered and voted upon at the Annual Meeting:

FOR the election of the four class II director nominees named in this Proxy Statement (Proposal 1);

FOR the ratification of the appointment of PwC as our independent registered public accountants for fiscal year 2012 (Proposal 2);
and

FOR the non-binding, advisory vote regarding the compensation of our named executive officers (Proposal 3).
If any other matters are properly presented at the Annual Meeting for consideration and if you have submitted a proxy for your shares by Internet, telephone or mail, the persons named as proxies in the proxy card will have the discretion to vote on those matters for you. At the date we filed this Proxy Statement with the SEC, we do not know of any other matters to be raised at the Annual Meeting.

Revoking a Proxy. You may revoke your proxy at any time before it is exercised. You can revoke a proxy by:

delivering a timely written notice of revocation to our Corporate Secretary, Crown Castle International Corp., 1220 Augusta Drive, Suite 500, Houston, Texas 77057;

submitting a timely, later-dated proxy by Internet, telephone or mail (see instructions on your Proxy Materials Notice or proxy card);
or

attending the Annual Meeting and voting in person (see How to Vote above and Annual Meeting Admission below in this I. Information About Voting regarding voting at the meeting if your shares are held in the name of a bank, broker or other nominee). Attendance at the meeting alone will not constitute a revocation of a proxy.

The Quorum Requirement. A quorum of stockholders is needed to hold a valid Annual Meeting. A quorum will exist to hold a valid Annual Meeting if the holders of at least a majority in voting power of the outstanding shares of Common Stock entitled to vote at the Annual Meeting attend the Annual Meeting in person or are represented by proxy. Abstentions and broker non-votes are counted as present for the purpose of establishing a quorum.

Vote Required for Action. Each director shall be elected (Proposal 1) by a majority of the votes cast by the holders of shares of Common Stock entitled to vote and present in person or represented by proxy (a majority of the votes cast means that, to be elected, the number of votes cast for a nominee

Table of Contents

must exceed the number of votes cast against the nominee). The affirmative vote of the holders of a majority of the voting power represented by the shares of Common Stock present in person or represented by proxy at the annual meeting and entitled to vote on such matter is required to approve each of (1) the ratification of PwC as our independent registered public accountants for fiscal year 2012 (Proposal 2) and (2) the non-binding, advisory resolution regarding the compensation of our named executive officers (Proposal 3).

Generally, all other actions which may come before the Annual Meeting require the affirmative vote of the holders of a majority of the voting power represented by shares of Common Stock present in person or represented by proxy at the Annual Meeting and entitled to vote on such matters.

With respect to all proposals other than the election of directors (Proposal 1), abstentions have the same effect as votes against, and broker non-votes have no effect. With respect to the election of directors, abstentions and broker non-votes are not counted as a vote for or against a nominee.

Annual Meeting Admission. You may attend the meeting if you are (1) a stockholder of record, (2) a legal proxy for a stockholder of record, or (3) a beneficial owner with evidence of ownership as of the Record Date (such as a letter from the bank, broker or other nominee through which you hold your shares confirming your ownership or a bank or brokerage firm account statement). If you are a stockholder of record who plans to attend the Annual Meeting, please mark the appropriate box on your proxy card (or note your intention to attend when prompted via Internet or telephone proxy submission). For all attendees, a valid picture identification must be presented in order to attend the meeting.

As noted above in How to Vote of this section I. Information About Voting, if you are a beneficial owner and wish to vote at the Annual Meeting, you must obtain a legal proxy, executed in your favor, from the bank, broker or other nominee through which you hold your shares and present it at the Annual Meeting. To request a legal proxy please follow the instructions at the website listed on the Proxy Materials Notice.

If you are a beneficial owner and plan to attend the meeting in person, please send written notification in advance of the Annual Meeting to our Corporate Secretary at Crown Castle International Corp., 1220 Augusta Drive, Suite 500, Houston, Texas 77057, and enclose a copy of (1) evidence of your ownership as of the Record Date or (2) a legal proxy, executed in your favor, from the institution through which you hold your shares.

II. PROPOSALS

1. Election of Directors

We have three classes of directors of as nearly equal size as possible. The term for each class is three years. Class terms expire on a rolling basis, so that one class of directors is elected each year. The term for current class II directors (Cindy Christy, Ari Q. Fitzgerald, Robert E. Garrison II and John P. Kelly) expires at the Annual Meeting.

The nominees for class II directors this year are: Cindy Christy, Ari Q. Fitzgerald, Robert E. Garrison II and John P. Kelly.

In accordance with our Bylaws, each incumbent director nominee has tendered an irrevocable resignation that will be effective upon (1) failure to receive the required vote for election at the Annual Meeting and (2) the Board's subsequent acceptance of such resignation. If an incumbent director nominee fails to receive the required vote for re-election, the Nominating & Corporate Governance Committee (NCG Committee) and the Board should act to determine whether to accept or reject the resignation, or whether other action should be taken.

Each nominee has consented to be nominated and has expressed his or her intention to serve if elected. The Board expects that each of the nominees for class II directors will be able and willing to serve as a director. If any nominee is not available, the proxies may be voted for another person nominated by the current Board to fill the vacancy, or the size of the Board may be reduced. Information about the nominees, the continuing directors and the Board is contained in the next section of this Proxy Statement (see III. Board of Directors).

The Board of Directors recommends a vote FOR the election of Cindy Christy, Ari Q. Fitzgerald, Robert E. Garrison II and John P. Kelly as class II directors.

Table of Contents**2. Ratification of Appointment of Independent Registered Public Accountants**

The Audit Committee of the Board (Audit Committee) has appointed PwC to serve as our independent registered public accountants for fiscal year 2012. In the event the stockholders do not ratify the appointment, the appointment will be reconsidered by the Audit Committee. Approval of the resolution will in no way limit the Audit Committee's authority to terminate or otherwise change the engagement of PwC for fiscal year 2012.

KPMG LLP (KPMG) was our independent registered public accountants for fiscal year 2010 and had served as our independent registered public accountants since 1995. As previously disclosed, on December 8, 2010, the Audit Committee approved the dismissal of KPMG as our prior independent registered public accountants. KPMG's engagement as our independent registered public accountants with respect to the audit of our consolidated financial statements as of and for the year ended December 31, 2010 ended upon the filing of the 2010 Form 10-K on February 15, 2011.

The audit reports of KPMG on our consolidated financial statements as of and for the years ended December 31, 2010 and 2009 did not contain any adverse opinion or a disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principles. The audit reports of KPMG on the effectiveness of internal control over financial reporting as of December 31, 2010 and 2009 did not contain any adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope, or accounting principles.

During the two fiscal years ended December 31, 2010 and 2009 and the subsequent interim period through February 15, 2011, (1) there were no disagreements with KPMG on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure that, if not resolved to KPMG's satisfaction, would have caused KPMG to make reference in connection with its opinion to the subject matter of the disagreement and (2) there were no reportable events as defined in item 304(a)(1)(v) of Regulation S-K.

During the fiscal years ended December 31, 2010 and 2009 and the subsequent interim period through February 15, 2011, neither we nor anyone on our behalf consulted PwC regarding either (1) the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on our financial statements or the effectiveness of internal control over financial reporting, and no written report or oral advice was provided to us that PwC concluded was an important factor considered by us in reaching a decision as to the accounting, auditing or financial reporting issue or (2) any matter that was the subject of a disagreement or reportable event as defined in Regulation S-K, Item 304(a)(1)(iv) and Item 304(a)(1)(v), respectively.

In accordance with Item 304(a)(3) of Regulation S-K, we previously provided KPMG with a copy of the above disclosures and requested that KPMG furnish a letter addressed to the SEC stating whether it agrees with the statements made above. A copy of such letter is filed as Exhibit 16.1 to our Form 8-K/A filed with the SEC on February 18, 2011.

We were billed for professional services provided with respect to fiscal years 2011 and 2010 by PwC and KPMG, respectively, in the amounts set forth in the following table.

Services Provided	PwC 2011	KPMG 2010
Audit Fees (a)	\$ 1,287,000	\$ 2,115,000
Audit-Related Fees (b)	65,000	46,000
Tax Fees (c)	433,000	
All Other Fees (d)	5,000	
Total	\$ 1,790,000	\$ 2,161,000

Table of Contents

- (a) Represents the aggregate fees billed for professional services rendered by PwC (with respect to 2011) and KPMG (with respect to 2010) for the audit of our annual financial statements, review of financial statements included in our quarterly reports on Form 10-Q, services related to the audit of internal control over financial reporting, and other services normally provided by our principal auditor in connection with statutory and regulatory filings or engagements.
- (b) Represents the aggregate fees billed for assurance and related services by PwC and KPMG for 2011 and 2010, respectively, that are reasonably related to the performance of the audit or review of our financial statements not reported as Audit Fees. Audit-related fees for 2011 and 2010 primarily relate to services in connection with audits of employee benefit plans.
- (c) Amount shown for 2011 represents the aggregate fees billed for professional services rendered by PwC for tax compliance, tax advice and tax planning. No professional services related to tax were rendered by KPMG in 2010.
- (d) Amount shown for 2011 represents the aggregate fees billed for products and service provided by PwC other than those reported as audit, audit-related or tax fees above, and primarily relates to licenses for technical accounting research software. No products or services were provided to us by KPMG in 2010, other than those reported as audit or audit-related fees.

We expect a representative of PwC to attend the Annual Meeting. The representative will have an opportunity to make a statement if he or she desires and also will be available to respond to appropriate questions.

The Board of Directors recommends a vote FOR ratification of the appointment of PwC as our independent registered public accountants for fiscal year 2012.

3. Non-binding, Advisory Vote on the Compensation of Our Named Executive Officers

The Dodd-Frank Wall Street Reform and Consumer Protection Act, enacted in July 2010 (Dodd-Frank Act), requires that we provide our stockholders with the opportunity to vote to approve, on a non-binding, advisory basis, the compensation of our named executive officers as disclosed in this Proxy Statement in accordance with the compensation disclosure rules of the SEC.

Accordingly, we are asking our stockholders to vote on the following resolution at the Annual Meeting:

RESOLVED, that the stockholders of Crown Castle International Corp. (Company) approve, on an advisory basis, the compensation of the named executive officers of the Company, as disclosed in the Company s Proxy Statement for the 2012 Annual Meeting of Stockholders pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative disclosure.

As described in VII. Executive Compensation Compensation Discussion and Analysis of this Proxy Statement, we seek to align the interests of our named executive officers with the interests of our stockholders. Our compensation programs are designed to reward our named executive officers for improvements in our results of operations and growth in the value of our Common Stock, with a focus on variable, at risk incentive-based compensation elements that support our pay-for-performance compensation philosophy. We believe that our executive compensation program is designed to attract, retain and motivate high-performing executives to lead our Company.

The vote on this resolution is not intended to address any specific element of compensation; rather, the vote relates to the compensation of our named executive officers, as described in this proxy statement in accordance with the compensation disclosure rules of the SEC. The vote on this proposal is advisory, which means that the vote is not binding on the Company, our Board or the Compensation Committee of the Board (Compensation Committee). Nevertheless, the Board and the Compensation Committee value the opinions of our stockholders, and intend to consider any stockholder concerns evidenced by this vote and evaluate whether any actions are necessary to address those concerns.

The Board recommends a vote FOR the approval of the compensation of our named executive officers as disclosed in this Proxy Statement.

IV. INFORMATION ABOUT THE BOARD OF DIRECTORS

Board Leadership Structure

Since our initial public offering in 1998, the roles of Chairman of our Board and CEO have been served by two different persons at all times. Notwithstanding the foregoing, our Corporate Governance Guidelines provide that the Board does not maintain a firm policy with respect to the separation of the offices of Chairman and CEO. The Board believes that it is in the best interests of our stockholders for the Board to make a determination regarding the separation or combination of these roles each time it elects a new Chairman or CEO based on the relevant facts and circumstances applicable at such time.

Meetings

During 2011, the Board held eight meetings (five regularly scheduled and three special). Each incumbent director attended at least 75% of the aggregate of (1) the total number of meetings of the Board during the period which he or she was a director and (2) the total number of meetings of all Board committees (Committees) on which he or she served during the period which he or she was a director.

Our Corporate Governance Guidelines provide that, while the Board understands that scheduling conflicts may arise resulting in absences, the Board strongly encourages each director to attend our annual meeting of stockholders. All 11 of the directors serving on the Board at the time of our 2011 annual meeting of stockholders held May 24, 2011 (2011 Annual Meeting) attended the 2011 Annual Meeting.

The non-management members of the Board generally meet in executive session at each regularly scheduled meeting of the Board (typically four or five times per year). In addition, the Board meets at least once a year in executive session with only independent directors present. Our Corporate Governance Guidelines provide that if the Chairman of the Board is a non-management director, the Chairman of the Board shall preside at such executive sessions, and if the Chairman of the Board is a member of management, the non-management directors may elect a chairman to preside at such executive sessions.

Board Oversight of Risk

Management is responsible for assessing and managing our various exposures to risk on a day-to-day basis. Our Internal Audit department serves as the primary monitoring and testing function for company-wide policies and procedures, including policies and procedures regarding our risk management strategy. Such strategy includes identifying, evaluating, and addressing potential risks that may exist at the enterprise, strategic, financial, operational, compliance and reporting levels. The Board is responsible for overseeing and assessing our risk management strategy. The Board exercises these responsibilities periodically as part of its meetings and also through the Board's four standing Committees, each of which examines various components of risk in connection with its responsibilities. In particular, our Vice President Internal Audit reports to the Audit Committee, and provides periodic updates (generally quarterly) to the Audit Committee with respect to the Internal Audit department's activities, including with respect to risk management matters and the audit agenda. In addition, an overall review of risk is inherent in the Board's consideration of our long-term strategies and in the transactions and other matters presented to the Board, including capital expenditures, acquisitions and divestitures, and financial matters. The Board's role in risk oversight is consistent with the Board's current leadership structure, with the CEO and other members of senior management having responsibility for assessing and managing our risk exposure, and the Board and its Committees providing oversight in connection with those efforts.

Table of Contents

Board Committees

The Board has four standing Committees: Audit Committee, Compensation Committee, NCG Committee and Strategy Committee. Copies of the Committee charters of each of the Audit Committee, Compensation Committee and the NCG Committee can be found under the Investor Relations section of our website at <http://www.crowncastle.com/investor/corpgovernance.asp>, and such information is also available in print to any stockholder who requests it through our Corporate Secretary. Executive Compensation Process and Procedures: Over the course of several meetings throughout the year, the Compensation Committee annually reviews executive compensation, including base salary, short-term incentive compensation, long-term incentive compensation and other benefits. In performing its duties, the Compensation Committee obtains input, as it deems necessary, from Pay Governance, an independent compensation consultant (Compensation Consultant) engaged directly by the Compensation Committee (while the Compensation Consultant is engaged by the Compensation Committee, it works with management, including members of our human resources department and our CEO, in developing compensation studies as directed by the Compensation Committee). In addition, in the case of compensation decisions relating to executives other than the CEO, the Compensation Committee seeks and obtains input from the CEO. The Compensation Committee regularly holds executive sessions at its meetings during which management, including the CEO, is not in attendance. Additional information regarding the Compensation Committee's processes and procedures for consideration and determination of executive compensation is provided below at VII. Executive Compensation Compensation Discussion and Analysis.

Nominating & Corporate Governance Committee

Board Compensation Process and Procedures: The NCG Committee reviews the compensation arrangement for the non-employee directors of the Board on a periodic basis. In the fourth quarter of each of 2010 and 2011, the NCG Committee, with the assistance of the Compensation Consultant, reviewed the Board's non-employee director compensation arrangement. The NCG Committee reviewed a competitive market analysis prepared by the Compensation Consultant comparing the Board's compensation arrangement to those of the companies comprising our Peer Group (as defined

Table of Contents

in VII. Executive Compensation Compensation Discussion and Analysis below) and a sample of public general industry companies (derived from third-party proprietary compensation surveys). Based on the results of the competitive market analysis reviews, the NCG Committee determined and the Board ratified certain changes to the Committee Chair Retainers (defined below), with all other elements of the Company's non-employee director compensation program remaining unchanged. The components of the Board compensation arrangement for non-employee directors for 2011 are described below at Board Compensation in this IV. Information About the Board of Directors.

Common Stock Ownership Guidelines. The Board has approved Common Stock ownership guidelines for non-employee directors providing that each of our non-employee directors should hold, by the later of (1) October 16, 2013 or (2) the fifth anniversary of the date such director is appointed to the Board, 11,200 shares of Common Stock (adjusted for splits, stock dividends, spin offs or other relevant changes to the Company's capital structure). As of the Record Date, each of the non-employee directors met these Common Stock ownership guidelines.

Consideration of Director Nominees: The NCG Committee has the authority to recommend nominees for election as directors to the Board. In considering candidates for the Board, the NCG Committee takes into account the entirety of each candidate's credentials and currently does not maintain any specific minimum qualifications that must be met by an NCG Committee recommended nominee.

While the NCG Committee does not maintain a formal list of qualifications, in making its evaluation and recommendation of candidates, the NCG Committee will generally consider, among other factors, whether prospective nominees are able to read and understand basic financial statements, have relevant business experience, have industry or other specialized expertise and have high moral character. In addition, the NCG Committee considers issues of diversity, including with respect to experience, expertise, viewpoints, skills, race, ethnicity and gender, in connection with the director selection process. The NCG Committee may attribute greater or lesser significance to different factors at particular times depending upon the needs of the Board, its composition, or the NCG Committee's perception about future issues and needs.

The NCG Committee may consider candidates for the Board from any reasonable source, including from a third party search firm engaged by the NCG Committee or through stockholder recommendations (provided the procedures set forth below in IX. Other Matters Stockholder Recommendation of Director Candidates are followed). The NCG Committee does not intend to alter the manner in which it evaluates candidates based on whether the candidate is recommended by a stockholder or not. However, in evaluating a candidate's relevant experience, the NCG Committee may consider previous experience as a member of the Board.

Board Independence

The Board has affirmatively determined, that each member of the Board, except Mr. Kelly (our former President and CEO and EVC) and Mr. Moreland (our current President and CEO), has no material relationship with us and is an independent director, as defined under NYSE listing standards.

To assist in its determination of director independence, the Board has adopted certain categorical standards, as set forth on Appendix B hereto. The Board determined the independence of the aforementioned independent directors taking into account such standards.

Compensation Committee Interlocks and Insider Participation

None of the members of the Compensation Committee during fiscal 2011 or as of the date of this Proxy Statement is or has been one of our officers or employees. In addition, during 2011, none of our executive officers served on the compensation committee (or board, in the absence of a compensation committee) of any company that employed any member of our Compensation Committee or Board.

Certain Relationships and Related Transactions

Review of Transactions with Related Persons. From time to time we may engage in transactions with companies whose officers, directors or principals are executive officers or directors of ours or are family members of directors or executive officers of ours. The Board is primarily responsible for reviewing such transactions. In the course of its review and approval or ratification of such a transaction, the Board considers various aspects of the transaction it deems appropriate, which may include:

the nature of the related person's interest in the transaction;

the material terms of the transaction;

whether such transaction might affect the independent status of a director under NYSE independence standards;

the importance of the transaction to the related person and to us; and

whether the transaction could impair the judgment of a director or executive officer to act in the best interest of the Company.

Any member of the Board who is a related person with respect to a transaction under review does not participate in the vote relating to approval or ratification of the transaction.

We have various processes for identifying and reporting conflicts of interests, including related person transactions. Our Business Practices and Ethics Policy (Ethics Policy) provides that each employee is expected to avoid engaging in business or conduct, or entering into agreements or arrangements, which would give rise to actual, potential or the appearance of conflicts of interest; the Ethics Policy also provides procedures for reporting any actual or potential conflicts of interest. In addition, we annually distribute and review a questionnaire to each of our executive officers and directors requesting certain information regarding, among other things, certain transactions with us in which he, she or any family member has an interest.

VII. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The following Compensation Discussion and Analysis (CD&A) is a summary of our compensation arrangements for our NEOs (defined below) and contains certain statements regarding future individual and company performance targets and goals. These targets and goals are disclosed in the limited context of the CD&A and should not be construed to be statements of management's expectations or estimates of results or other guidance. We caution investors not to apply these statements to other contexts.

Throughout this Proxy Statement, the individuals who served as our CEO and CFO during 2011, as well as the other named executive officers included in the table below at Summary Compensation Table in this VII. Executive Compensation are referred to as NEOs.

2011 Executive Summary

Rewarding improvements in our operating results and the creation of stockholder value are key characteristics of our compensation philosophy, which serves as the framework for our executive compensation program. In order to align the interests of our executives with those of our stockholders, the focus of our executive compensation program is on incentive compensation elements that provide pay-for-performance, rewarding our executives for improvements in our results of operations and growth in the value of our Common Stock.

To emphasize the importance of pay-for-performance in our executive compensation philosophy and our culture, our incentive compensation elements are linked directly to specific performance measures.

The short-term incentive element of our executive compensation program rewards our executives, generally pursuant to annual incentive awards (AIs), for improvements in one or more financial performance measures and key individual performance objectives specific to each executive. For 2011, as a result of generally exceeding the financial performance measures and individual performance objectives, the AIs awarded pursuant to our 2011 Executive Management Team Annual Incentive Plan resulted in AI compensation above target. Details regarding AI compensation for our executives as short-term incentives are provided at Elements of Executive Compensation and Benefits Short-Term Incentives in this CD&A.

In recent years, including 2009, 2010, and 2011, pursuant to the long-term incentive element of our executive compensation program, our executives have been granted restricted stock awards (RSAs), 35% of which have terms pursuant to which the transfer and forfeiture restrictions terminate (i.e., vest) based on the passage of time over a three-year period and the remaining 65% percent of which may performance vest based upon the attainment of Common Stock price appreciation hurdles over a three-year period. For the 2011 long-term incentive grant, the performance vesting component of the RSAs may vest at different levels based upon the attainment of Common Stock price appreciation hurdles along a per share price range continuum ranging from \$52.51 to \$68.99. Details regarding RSAs awarded to our executives as long-term incentives are provided at Elements of Executive Compensation and Benefits Long-Term Incentives in this CD&A.

We have adopted stock ownership guidelines which require our executives to own a certain number of shares of our Common Stock, which may include shares of Common Stock resulting from the vesting of RSAs previously granted to the executive. See Other Matters Stock Ownership Guidelines in this CD&A for additional details regarding the stock ownership guidelines.

Table of Contents

Other notable highlights of our executive compensation program include:

The Company offers base salaries as a basic component of executive cash compensation.

The Company offers no employment agreements with executives.

The Company offers severance agreements with executives.

The Company offers no perquisites or health and welfare benefits to executives other than those that are offered to all of our employees.

During 2010, the Company began transitioning the executive target total direct compensation levels toward the 50th percentile of market.

At the Company's 2011 Annual Meeting, the Company submitted its executive compensation program to an advisory stockholder vote. The stockholders overwhelmingly approved the Company's executive compensation program, with 98.9% voting in favor of the proposal (based upon the voting power represented by shares of Common Stock present at the 2011 Annual Meeting and entitled to vote on such matter). The Committee has interpreted this vote to mean that the Company's stockholders are supportive of the Company's executive compensation philosophy and program and thus did not approve any significant changes to the 2012 executive compensation program in response to this vote.

Executive Compensation Program Overview

Our executive compensation program is established as a component of our total rewards program. Our total rewards program includes:

Compensation:

- base salary
- short-term incentives
- long-term incentives

Health and welfare benefits:

- 401(k) plan
- medical, dental and vision benefits
- life insurance benefits
- vacation

Learning and development:

- training
- succession planning
- performance management
- career development

Our executive total rewards strategy is to provide a competitive mix of total rewards that enables us to effectively recruit, motivate and retain high-performing executives. With respect to the portion of total rewards for our executives that takes the form of compensation, it has been our strategy that a majority of such compensation should be variable, at risk and paid based on our results of operations and the growth in the value of our Common Stock, in order to align our executives' interests with those of our stockholders.

The Compensation Committee (for purposes of this CD&A, "Committee") is primarily responsible for evaluating and determining the compensation levels of our senior officers (namely, our CEO and the executive officers who report directly to our CEO) and administers our equity-based and other compensatory plans. The Board further reviews the actions of the Committee relating to the compensation of the CEO and certain senior officers. Where this CD&A contains language indicating

Table of Contents

that the Committee has approved or taken action with respect to a matter, such language is also intended to indicate that the Board has approved or taken any action required of it with respect to such matter.

In performing its duties, the Committee obtains input, as it deems necessary, from the Compensation Consultant, which is engaged directly by the Committee (while the Compensation Consultant is engaged by the Committee, it works with management, including members of our human resources department and our CEO, in developing compensation studies as directed by the Committee). In addition, in the case of compensation decisions relating to executives other than the CEO, the Committee seeks and obtains input from the CEO. The Committee regularly holds executive sessions at its meetings during which management, including the CEO, is not in attendance. Management, including members of our human resources department and our CEO, assists with the coordination, preparation and review of Committee meeting materials.

Executive Compensation Program Objectives

General

The principal objectives of our executive compensation program are to:

provide a fair and competitive mix of compensation opportunities to attract, motivate and retain qualified, skilled and high-performing executives necessary for our long-term success;

reward our executives by utilizing a pay-for-performance approach to compensation an approach that creates meaningful links between financial and operational performance, individual performance and the level of the executive s compensation;

motivate executives to make sound business decisions that improve stockholder value and reward such decisions;

balance the components of compensation so that the accomplishment of short-term and long-term operating and strategic objectives is encouraged and recognized;

encourage achievement of objectives by our executives within a team environment; and

foster an equity ownership culture that aligns our executives interests with those of our stockholders.

The Committee has established a number of processes to assist it in ensuring that our executive compensation program is achieving these objectives as detailed below.

Table of Contents

Competitive Market Analysis

The Committee determines the levels for base salary, short-term incentives and long-term incentives by engaging in a competitive market analysis with respect to each of these compensation elements for each executive position against the competitive market gauges described below on an annual basis (Competitive Market Analysis). The Committee usually begins this Competitive Market Analysis in the third quarter of the year prior to the year in which the compensation decisions are made, which typically occurs at the first regularly scheduled Committee meeting of each year (usually held in February) (First Regular Committee Meeting). Market data used in the Committee's Competitive Market Analysis includes the following:

Peer Group Data. Each year the Committee considers public companies in the wireless infrastructure and telecommunications industries and selects 10 to 20 of such companies to comprise a peer group (Peer Group) with respect to which compensation data is obtained and reviewed by the Committee. While some of the companies within the Peer Group may change from year to year, for consistency, the same Peer Group is used in our Competitive Market Analysis for all elements of compensation in a given year. The Peer Group companies used in the Competitive Market Analysis for gauging the executives' 2011 compensation were:

ADC Telecommunications, Inc.	MetroPCS Communications, Inc.
American Tower Corporation	NetApp, Inc.
CenturyLink, Inc.	NII Holdings, Inc.
Ciena Corporation	Polycom, Inc.
Clearwire Corporation	SBA Communications Corporation
Frontier Communications Corporation	Tellabs, Inc.
Juniper Networks, Inc.	tw telecom inc.
Lamar Advertising Company	Windstream Corporation
Leap Wireless International, Inc.	

General Industry Market Data. A sample of general industry market data from third-party proprietary compensation surveys, which may include surveys by Towers Watson and Mercer Human Resource Consulting (Mercer), as analyzed by the Compensation Consultant (including regression analysis), is obtained and reviewed by the Committee. This market data is comprised of data regarding elements and levels of executive compensation relating to general industry companies that have participated in the surveys. The Committee utilizes this data since we do not recruit executives exclusively from the telecommunications industry (e.g., a financial executive with cross-industry skills may be recruited from another industry).

In addition to the foregoing data, the Compensation Consultant may analyze and provide additional market data regarding best practices and compensation plan design from other sources as requested by the Committee. The market data described above is used by the Committee in the Competitive Market Analysis to make decisions regarding executive compensation. No single group, survey or set of market data is used by the Committee as the sole gauge for determining executive compensation; rather, the information is used collectively, and no formulaic quantitative methodology is used by the Committee when using such data to determine executive compensation.

Assessment of Individual and Company Performance

In addition to market data, the Committee considers other factors in connection with its decision-making process relating to the various components of compensation. These other factors may include the level of our financial performance, the applicable executive's individual performance, the executive's level of experience, the size of year-over-year changes in compensation and the duties and level of a particular executive position. These measures are discussed in more detail below.

Table of Contents**Total Compensation Review**

Through the Competitive Market Analysis and in its deliberations regarding executive compensation decisions, the Committee reviews and compares the individual components of compensation and the total compensation for each NEO against the market data. In addition, the Committee reviews a year-over-year change in compensation analysis for each NEO against the market data for year-over-year changes. These analyses are an important aspect of the Committee's annual executive compensation decision-making process.

Elements of Executive Compensation and Benefits**General**

The principal elements of compensation and benefits provided to our executives, each of which is discussed in more detail below, include the following:

- base salary;
- short-term incentive compensation;
- long-term incentive compensation;
- severance benefits; and
- other benefits, including retirement benefits and health and welfare benefits.

The distribution of compensation among the various components is driven by our belief that the majority of executive compensation should be paid in the form of performance-based, variable compensation, with a greater emphasis on variable components for the more senior executives who have greater responsibility for the business. The practice of emphasizing variable compensation suits our objectives of linking pay to performance and aligning executives' interests with those of our stockholders. The following table shows the approximate allocation of actual base salary, AIs and RSAs for 2011, 2010, and 2009 (as shown in Summary Compensation Table in this VII. Executive Compensation) among fixed, short-term variable and long-term variable compensation for our NEOs:

Executive	Title	Year	Fixed (Base Salary)	Short-Term Variable (AIs)	Long-Term Variable (RSAs)
W. Benjamin Moreland	President & CEO	2011	13%	18%	69%
		2010	11%	20%	69%
		2009	14%	23%	63%
Jay A. Brown	SVP, CFO & Treasurer	2011	19%	19%	62%
		2010	14%	18%	68%
		2009	17%	20%	63%
James D. Young	SVP & COO	2011	19%	19%	62%
		2010	15%	17%	68%
		2009	16%	19%	65%
E. Blake Hawk	EVP & General Counsel	2011	24%	22%	54%
		2010	18%	18%	64%
		2009	15%	15%	70%
Patrick Slowey ¹	SVP & CCO	2011	20%	30%	50%
		2010	19%	20%	61%

¹ Mr. Slowey became an NEO in 2010, and, therefore, compensation information is provided for him with respect to 2011 and 2010 only. Mr. Slowey's Short-Term Variable amount for 2011 includes both the 2011 AI and 2011 Special Bonus (defined below).

Table of Contents

The distribution of compensation among the fixed element of base salary (paid in cash) and the variable elements of AIs (paid in cash) and RSAs (paid in equity) is primarily influenced by (1) our objective to utilize a pay-for-performance approach to compensation, which places a majority of each executive's variable compensation at risk based on the achievement of certain performance objectives, (2) the Competitive Market Analysis and (3) the Committee's desire to balance short-term and long-term goals.

In prior years, including 2009, we had generally targeted our executives' base salary at the 50th percentile of market, while short-term incentives and long-term incentives had generally been targeted at the 75th percentile of market, providing executives with the opportunity to earn actual total direct compensation above the 50th percentile of market should our performance meet or exceed predetermined criteria and below the 50th percentile of market should our performance fall short of such criteria. As noted above, beginning in 2010, in lieu of targeting each compensation element at a percentile of market, the Committee began transitioning target total direct compensation for our executives toward the 50th percentile of market (50th Percentile Target Total Direct Compensation Philosophy), while continuing to provide our executives with the opportunity to earn actual total direct compensation above the 50th percentile should our performance exceed predetermined criteria and below the 50th percentile of market should our performance fall short of such criteria. The Committee believes that targeting these levels of compensation helps to meet our overall total rewards strategy and executive compensation objectives and supports our long-term success.

Base Salary

Base salary is one of the main components of cash compensation for our executives. We choose to provide base salary compensation because it fits into our overall compensation objectives by providing a base for attracting and retaining executives and establishing a minimum level of compensation upon which our executives may rely. In addition to providing a base salary that is competitive with the market, we target base salary compensation to align each position's base salary level so that it reflects such position's scope and level of responsibility. As described above, each year we conduct a Competitive Market Analysis for each executive position, based on the unique responsibilities of each position.

The Committee bases its decisions regarding annual base salary adjustments on multiple factors, including the following:

- the performance of the executive, including such executive's contribution, accountability and experience;
- the annual cost of labor adjustment as provided in various proprietary surveys; and
- the executive's existing base salary as compared to the Competitive Market Analysis.

The Committee reviews proposals made by the CEO with regard to base salary adjustments for executives other than himself, and then either approves or amends these base salary adjustments. The Committee independently reviews the performance of the CEO and determines and approves an appropriate base salary.

For 2011, Messrs. Moreland, Brown, Young, Hawk and Slowey received annual increases to their base salaries of 16.7%, 8.1%, 3.0%, 2.4% and 11.0%, respectively. For 2010, Messrs. Young and Hawk received annual increases of 3.0% to their base salaries, and Messrs. Moreland, Brown and Slowey received annual increases to their base salaries of 22.6%, 14.6% and 22.7%, respectively. For 2009, Messrs. Moreland, Brown and Hawk received annual increases of 3.0% to their base salaries, and Mr. Young received an annual increase of 17.7% to his base salary.

Short-Term Incentives

The short-term incentive component of compensation represents a significant portion of the overall cash compensation for our executives. Short-term incentives are a variable element of compensation that are generally directly linked to specific short-term financial, operational and individual performance objectives.

Our short-term incentives are generally at risk, meaning they are earned based on meeting certain performance goals, and increase or decrease in value based on the degree of achievement of those goals. In order to accomplish its overall executive compensation objectives, the Committee has identified the following objectives for developing the overall framework of the short-term incentive program. The program should:

- be performance-based;
- promote a short-term perspective among executives to complement the long-term perspective promoted by the long-term incentive program, while avoiding excessive risk;
- be competitive with the market;
- motivate executives by providing the appropriate rewards for individual and corporate performance based on our goals and objectives;
- focus business unit executives on maximizing results of their operating segments, while reinforcing the importance of company-wide teamwork;
- link the financial measures with stockholder expectations; and
- link the financial and non-financial measures with the individual performance of the executives.

AI Awards

To achieve the foregoing objectives, our short-term incentives for executives are generally comprised of performance-based AI s paid in accordance with an annually approved Executive Management Team Annual Incentive Plan (AI Plan). The AI Plan is a cash based, short-term incentive award program that provides executives with the opportunity to earn an annual cash incentive if certain annual performance goals are achieved. Performance goals are established based on the annual expectations for our business and are meant to be challenging yet achievable. The Compensation Consultant has reviewed the performance goals and has noted that the performance goals represent reasonable growth over both prior year goals and prior year actual results. The performance period covered by the AI Plan is from January 1 to December 31 (AI Plan Year End) of the applicable calendar year.

AI Plan Award Opportunity. Under the AI Plan, each executive has minimum, threshold, target and maximum AI award opportunities that are aligned with minimum, threshold, target and maximum performance outcomes for which incremental increases in performance outcomes result in incremental increases in the AI Plan awards.

Table of Contents

Each corporate and business unit operating executive (i.e., those with direct profit and loss or overall financial responsibilities) is eligible to earn between 0% and 175% of such executive's target opportunity under the AI Plan. Each functional executive (i.e., those with indirect profit and loss responsibilities) is eligible to earn between 0% and 150% of such executive's target opportunity. To mitigate excessive risk, AI awards are capped at the maximum payout opportunity even if actual performance exceeds the maximum performance goal. These percentages were selected by the Committee at the time the plan was designed after consultation with, and a review of information provided by, the Compensation Consultant, were based on relevant market data discussed above and were considered in the review of total compensation previously discussed. The following table lists the 2011 AI award opportunities and actual awards as a percentage of base salary for each of the NEOs.

Name	Title	Minimum	Percentage of Base Salary			Actual
			Threshold	Target	Maximum	
W. Benjamin Moreland	President & CEO	0.0%	50.0%	100.0%	175.0%	137.5%
Jay A. Brown	SVP, CFO & Treasurer	0.0%	37.5%	75.0%	131.25%	100.3%
James D. Young	SVP, COO	0.0%	37.5%	75.0%	131.25%	96.6%
E. Blake Hawk	EVP & General Counsel	0.0%	37.5%	75.0%	112.5%	90.6%

AI Performance Goals. For 2011, 2010 and 2009, as in other recent years, there were two categories of performance goals under the AI Plan:

(1) corporate/business unit performance goals and (2) individual performance goals:

Corporate/Business Unit Performance Goals. The 2011, 2010 and 2009 corporate/business unit performance goals for our executive officers included the following:

Corporate Adjusted EBITDA²
 Corporate Recurring Cash Flow³ (RCF) per Share
 Business Unit Net New Sales

For 2010 and 2009, the corporate/business unit performance goals for our executive officers also included the following:

Business Unit Adjusted EBITDA
 Business Unit RCF

All of the performance goals were approved by the Committee. For each executive, one or more financial performance measures with equal or different weightings may be used within this category; the measures and weights assigned to each executive generally reflect those measures with respect to which the executive has the greatest exposure and ability to influence. For 2011, 2010 and 2009, the type and level of corporate/business unit performance goals are primarily based on the Board approved financial budget and the guidance provided to investors for the applicable calendar year, with target goals representing the Board approved budget amounts.

² We define Adjusted EBITDA as net income (loss) plus restructuring charges (credits), asset write-down charges, acquisition and integration costs, depreciation, amortization and accretion, interest expense and amortization of deferred financing costs, gains (losses) on retirement of long-term obligations, net gain (loss) on interest rate swaps, impairment of available-for-sale securities, interest income, other income (expense), benefit (provision) for income taxes, cumulative effect of change in accounting principle, income (loss) from discontinued operations, and stock-based compensation expense.

³ We define recurring cash flow as Adjusted EBITDA, less interest expense and less sustaining capital expenditures.

Table of Contents

The following table lists the 2011 corporate/business unit performance goals used in connection with determining the NEOs' 2011 AI awards (with respect to the position held by the NEO as of December 31, 2011).

Corporate/Business Unit Performance Goals	Annual Incentive Financial Performance Zone				Actual	Actual Multiple of Target Operating Executive	Target Functional Executive

Individual Performance Goals. Individual performance goals are generally based on the key individual goals approved by the Committee for the CEO and by the CEO for other executive officers, pursuant to our annual performance management system (our system for documenting and measuring the individual performance of our employees on an annual basis). These goals may include additional financial, operational or qualitative measures for a specific executive and are generally based on the prospective business environment considerations for the upcoming year. The minimum, threshold, target and maximum individual performance assessments are based on how well the executive meets the goals established. While the assessment of how well individual performance goals are met is less objective than for the financial measures, the following categories are used to assess individual performance:

- Exceeds Expectations
- Meets Plus Expectations⁴
- Meets Expectations
- Meets Most Expectations
- Does Not Meet Expectations

⁴ Meets Plus Expectations was added as an individual performance rating commencing in 2011.

Table of Contents

Following Plan Year End, an individual performance rating is (1) determined and approved by the Committee for the CEO and (2) proposed by the CEO and reviewed and approved by the Committee for each of the other executives, based on their performance with respect to the individual performance goals established at the beginning of the year. An individual payout multiple is then determined based on the individual performance ratings alignment with minimum, threshold, target and maximum payout multiples as follows (the Committee and CEO may use positive or negative discretion regarding the exact payout multiples relative to the individual performance ratings):

Exceeds Expectations: A corporate and business unit operating executive may earn an individual performance payout multiple of 131% to 175%, and a functional executive may earn a payout multiple of 131% to 150%.

Meets Plus Expectations¹¹: An executive may earn an individual performance payout multiple of 111% to 130%.

Meets Expectations: An executive may earn an individual performance payout multiple of 90% to 110%.

Meets Most Expectations: An executive may earn an individual performance payout multiple of 50% to 89%.

Does Not Meet Expectations: An executive will not earn an individual performance component of the AI payment with respect to such executive's AI calculation.

In recent years, including 2011, 2010 and 2009, there were also two performance requirements for an AI Plan award:

A minimum financial performance level of 95% of budgeted Corporate Adjusted EBITDA must be achieved for any executive to be eligible for an AI Plan award; and

The business units or departments for which the executives are responsible must receive an acceptable assessment of applicable internal control over financial reporting for the previously completed fiscal year, pursuant to Section 404 of the Sarbanes-Oxley Act of 2002 (404 Assessment). Receipt of a 404 Assessment with a material weakness, significant deficiency or other material internal control issues may result in a reduction or elimination of the AI Plan awards for the responsible executives and potentially all of the executives.

For 2011, the NEOs received an AI award based on the following total payout multiples of target, all of which fall within the payout multiple parameters described above:

Name	Title	Corporate/Business Unit	Individual	Total
		Performance Goals	Performance Goals	
W. Benjamin Moreland	President & CEO	125%	175%	138%
Jay A. Brown	SVP, CFO & Treasurer	125%	160%	134%
James D. Young	SVP & COO	125%	140%	129%
E. Blake Hawk	EVP & General Counsel	117%	125%	121%
Patrick Slowey	SVP & CCO	150%	160%	152%

Additional details regarding the AI Plan awards for the NEOs are provided below in the tables and related footnotes at Summary Compensation Table and Grants of Plan-Based Awards in 2011 in this VII. Executive Compensation.

¹¹ Meets Plus Expectations was added as an individual performance rating commencing in 2011.

Special Discretionary Bonus

For 2011, the Committee awarded Mr. Slowey a special discretionary bonus for significantly exceeding the Business Unit Net New Sales financial performance goal (as described above) (2011 Special Bonus). Additional details regarding the 2011 Special Bonus are provided below in the table and related footnotes at Summary Compensation Table in this VII. Executive Compensation.

Long-Term Incentives

The objectives of our long-term incentive program are to:

align a significant portion of our executives' compensation to growth in stockholder value;

provide a means for our executives to accumulate shares of Common Stock in order to foster an ownership culture ; and

serve as a retention device for our executives.

The long-term incentive component represents the largest portion of the overall value of the total compensation program for our executives. With respect to the 2011, 2010 and 2009 long-term incentives, the Committee, with the assistance of our Compensation Consultant, assessed the current economic climate, executive compensation market data and our business needs and determined that a mix of performance-contingent equity and time vesting equity would be appropriate to meet our executive long-term incentive program objectives. In order to accomplish its overall objectives, the Committee identified the following factors for developing the framework of the long-term incentive program. The program should:

balance at risk performance-based vesting with the stability of time-based vesting;

promote a long-term perspective among executives to complement the short-term perspective promoted by the AI awards;

promote an ownership culture by facilitating the accumulation and retention of shares of Common Stock;

support the growth in stockholder value;

be efficient from a tax and stockholder dilution perspective;

serve as a retention device;

be cash efficient by emphasizing the use of Common Stock;

provide stability to our overall compensation program.

Although our 2004 Plan (approved by our stockholders on May 26, 2004) permits the use of various types of equity compensation vehicles, the Committee believes the use primarily of a mix of performance-contingent vesting and time vesting RSAs best meets the objectives outlined

above. The Committee utilizes RSAs in various forms to meet these objectives.

RSAs

There are three general categories of RSAs which the Committee has granted to executives in recent years, including 2011, 2010 and 2009, which generally have the vesting attributes noted below:

Annual RSAs (Annual RSAs) are generally awarded once per calendar year as part of delivering a competitive total compensation package to executives. The Annual RSAs granted to executives have been comprised of a combination of (1) RSAs that vest upon the satisfaction of certain Common Stock performance criteria for a certain period of time

Table of Contents

(Performance Criteria) along with potentially a time vesting component (Performance RSAs) and (2) RSAs vesting solely pursuant to a time-based vesting criteria (Time Vested RSAs). Annual RSAs granted to non-executive employees are typically Time Vested RSAs.

New hire RSAs (New Hire RSAs) are Time Vested RSAs awarded to certain newly hired executives based on the position and role into which they are hired.

Promotion RSAs (Promotion RSAs) are Performance RSAs or Time Vested RSAs awarded to certain executives in recognition of a promotion to a new position or role.

Annual RSAs are generally approved by the Committee at the First Regular Committee Meeting of the year. The Committee reviews and approves the executive RSA program summary, which summarizes the parameters of the Annual RSAs, New Hire RSAs and Promotion RSAs for grant to executives in the current fiscal year pursuant to our 2004 Plan.

In addition to the foregoing, other RSAs (Other RSAs) may be awarded to certain executives in a given year to meet specific business initiatives or compensation objectives (e.g., retention, merger integration, etc.) or to recognize certain executives for exceptional performance. There were no Other RSAs granted to the NEOs in 2011, 2010 or 2009.

RSA Vesting Parameters.

The following is a description of the vesting parameters that are generally applicable to the various RSAs which have been granted to the NEOs in recent years.

Annual RSAs. To support the pay-for-performance approach and maintain a significant portion of the executives' compensation at risk, for 2011, 2010 and 2009, the Annual RSAs granted annually to the executives and certain other key employees have been comprised of a combination of Performance RSAs (2011 Performance RSAs, 2010 Performance RSAs and 2009 Performance RSAs, respectively) and Time Vested RSAs (2011 Time Vested RSAs, 2010 Time Vested RSAs and 2009 Time Vested RSAs, respectively), with a larger portion of such Annual RSAs being comprised of Performance RSAs. The performance vesting relating to the 2011 Performance RSAs, 2010 Performance RSAs and 2009 Performance RSAs can be met by achieving a time and Performance Criteria.

In the first quarter of 2011, the Committee authorized, as 2011 Annual RSAs, the grant to the NEOs of a combination of (1) 2011 Time Vested RSAs which time vest at 33.33%, 33.33% and 33.34%, respectively, on February 19 of each of the three years following the year of grant (Three Year Time Vest) and (2) 2011 Performance RSAs which may performance vest pursuant to a time and Performance Criteria over a three year performance period as further described below. With respect to the 2011 Annual RSAs granted to the NEOs, the grant value mix between 2011 Time Vested RSAs and 2011 Performance RSAs is approximately 35% and 65%, respectively, of the combined total grant value for each NEO (Grant Value). In connection with the 2011 Annual RSAs, the Committee authorized the grant of 2011 Time Vested RSAs for approximately 409,867 shares to 473 employees and 2011 Performance RSAs for 402,687 shares¹² to 26 employees, including 2011 Time Vested RSAs for 63,188 shares to the NEOs and 2011 Performance RSAs for 193,434 shares¹² to the NEOs.

As to the time and Performance Criteria for the 2011 Performance RSAs, a percentage of the 2011 Performance RSAs (from 50% to 150% of the Target Shares (defined below)) may cliff vest on February 19, 2014 (2011 Performance Period Date) based upon the highest average closing price per share of Common Stock for 20 consecutive trading days during the last 180 days of the

¹² The number of shares subject to 2011 Performance RSAs is the maximum number of shares that will vest upon the Maximum Price performance criteria being satisfied.

Table of Contents

performance period (Highest Average Price) achieving a price appreciation hurdle along a per share price range continuum consisting of a Minimum Price, a Target Price and a Maximum Price. The number of Target Shares for each NEO is approximately 65% of the Grant Value for such NEO divided by \$41.38 (a Base Price of \$45.36, the grant date closing Common Stock price per share, adjusted for an ASC 718 valuation ratio provided by the Compensation Consultant). The Minimum Shares represent 50% of the Target Shares, and the Maximum Shares represent 150% of the Target Shares. The Minimum Price, Target Price and Maximum Price hurdles were determined by applying a compound annual growth rate (CAGR) of 5%, 10% and 15% to the Base Price as follows:

Performance Level	Price Appreciation Hurdle Formula	Price Appreciation Hurdle
Minimum	Base Price (\$45.36) x 1.05 ³	\$ 52.51
Target	Base Price (\$45.36) x 1.10 ³	\$ 60.37
Maximum	Base Price (\$45.36) x 1.15 ³	\$ 68.99

If the Highest Average Price achieved equals the (1) the Minimum Price, (2) the Target Price or (3) the Maximum Price or higher, then the percentage of Target Shares which vests on the 2011 Performance Period Date is 50%, 100% or 150% of the Target Shares, respectively. If the Highest Average Price achieved falls between the Minimum Price, Target Price and Maximum Price, then the percentage of Target Shares which vests is determined in relation to the Minimum, Target and Maximum vesting amounts as follows:

Performance Level Achieved	Price Appreciation Hurdle/Highest Average Price	Percentage of Target Shares Vesting
Minimum Price	\$52.51	50%
Minimum Price to Target Price	Between \$52.51 and \$60.37	Between 50% and 100% (an additional increase of approximately 6.36% for each \$1.00 increase in the Highest Average Price above \$52.51)
Target Price	\$60.37	100%
Target Price to Maximum Price	Between \$60.37 and \$68.99	Between 100% and 150% (an additional increase of approximately 5.80% for each \$1.00 increase in the Highest Average Price above \$60.37)
Maximum Price or higher	\$68.99 and above	150%

In addition, if the closing share price of the Common Stock is at or above the Minimum Price of \$52.51 on the 2011 Performance Period Date and none of the vesting criteria described above has yet been satisfied, then 50% of the Target Shares will vest if and upon the closing share price of the Common Stock being at or above the Minimum Price for a period of 20 consecutive trading days that includes the 2011 Performance Period Date.

In the first quarter of 2010, the Committee authorized the grant to the NEOs of certain 2010 Annual RSAs, which are structurally similar to the 2011 Annual RSAs. The 2010 Annual RSAs are comprised of a combination of (1) 2010 Time Vested RSAs which Three Year Time Vest and (2) 2010 Performance RSAs which may performance vest pursuant to a time and Performance Criteria over a three year performance period as further described below. With respect to the 2010 Annual RSAs granted to the NEOs, the Grant Value mix between 2010 Time Vested RSAs and 2010 Performance RSAs is approximately 35% and 65%, respectively, for each NEO.

Table of Contents

In connection with the 2010 Annual RSAs, the Committee authorized the grant of 2010 Time Vested RSAs for approximately 459,789 shares to 442 employees and 2010 Performance RSAs for 508,964 shares¹³ to 23 employees, including 2010 Time Vested RSAs for 87,366 shares to the NEOs and 2010 Performance RSAs for 275,937 shares¹³ to the NEOs.

As to the time and Performance Criteria for the 2010 Performance RSAs, a percentage of the 2010 Performance RSAs (from 50% to 200% of the Target Shares (defined below)) may cliff vest on February 19, 2013 (2010 Performance Period Date) based upon the Highest Average Price achieving a price appreciation hurdle along a per share price range continuum consisting of a Minimum Price, a Target Price and a Maximum Price. The number of Target Shares for each NEO is approximately 65% of the Grant Value for such NEO divided by \$45.26 (a Base Price of \$38.49, the grant date closing Common Stock price per share, adjusted for an ASC 718 valuation ratio provided by the Compensation Consultant). The Minimum Shares represent 50% of the Target Shares, and the Maximum Shares represent 200% of the Target Shares. The Minimum Price, Target Price and Maximum Price hurdles were determined by applying a compound annual growth rate (CAGR) of 5%, 10% and 20% to the Base Price as follows:

Performance Level	Price Appreciation Hurdle Formula	Price Appreciation Hurdle
Minimum	Base Price (\$38.49) x 1.05 ³	\$ 44.56
Target	Base Price (\$38.49) x 1.10 ³	\$ 51.23
Maximum	Base Price (\$38.49) x 1.20 ³	\$ 66.51

If the Highest Average Price achieved equals the (1) the Minimum Price, (2) the Target Price or (3) the Maximum Price or higher, then the percentage of Target Shares which vests on the 2010 Performance Period Date is 50%, 100% or 200% of the Target Shares, respectively. If the Highest Average Price achieved falls between the Minimum Price, Target Price and Maximum Price, then the percentage of Target Shares which vests is determined in relation to the Minimum, Target and Maximum vesting amounts as follows:

Performance Level Achieved	Price Appreciation Hurdle/Highest Average Price	Percentage of Target Shares Vesting
Minimum Price	\$44.56	50%
Minimum Price to Target Price	Between \$44.56 and \$51.23	Between 50% and 100% (an additional increase of approximately 7.50% for each \$1.00 increase in the Highest Average Price above \$44.56)
Target Price	\$51.23	100%
Target Price to Maximum Price	Between \$51.23 and \$66.51	Between 100% and 200% (an additional increase of approximately 6.54% for each \$1.00 increase in the Highest Average Price above \$51.23)
Maximum Price or higher	\$66.51 and above	200%

In addition, if the closing share price of the Common Stock is at or above the Minimum Price of \$44.56 on the 2010 Performance Period Date and none of the vesting criteria described above has yet been

¹³ The number of shares subject to 2010 Performance RSAs is the maximum number of shares that will vest upon the Maximum Price performance criteria being satisfied.

satisfied, then 50% of the Target Shares will vest if and upon the closing share price of the Common Stock being at or above the Minimum Price for a period of 20 consecutive trading days that includes the 2010 Performance Period Date.

In the first quarter of 2009, the Committee authorized the grant to the NEOs of certain 2009 Annual RSAs, which are structurally similar to the 2011 Annual RSAs and 2010 Annual RSAs. The 2009 Annual RSAs are comprised of a combination of (1) 2009 Time Vested RSAs which Three Year Time Vest and (2) 2009 Performance RSAs which may performance vest pursuant to a time and Performance Criteria over a three year performance period as further described below. With respect to the 2009 Annual RSAs granted to the NEOs, the Grant Value mix between 2009 Time Vested RSAs and 2009 Performance RSAs is approximately 35% and 65%, respectively, for each NEO.

In connection with the 2009 Annual RSAs, the Committee authorized the grant of 2009 Time Vested RSAs for approximately 802,360 shares to 394 employees and 2009 Performance RSAs for 1,425,558 shares¹⁴ to 23 employees, including 2009 Time Vested RSAs for 173,814 shares to the NEOs and 2009 Performance RSAs for 778,486 shares¹⁴ to the NEOs.

As to the time and Performance Criteria for the 2009 Performance RSAs, a percentage of the 2009 Performance RSAs (from 50% to 200% of the Target Shares) may cliff vest on February 19, 2012 (2009 Performance Period Date) based upon the Highest Average Price achieving a price appreciation hurdle along a per share price range continuum consisting of a Minimum Price, a Target Price and a Maximum Price. The number of Target Shares for each NEO is approximately 65% of the Grant Value for such NEO divided by \$16.59 (a Base Price of \$20.00 adjusted for an ASC 718 valuation ratio provided by the Compensation Consultant). The Minimum Shares represent 50% of the Target Shares, and the Maximum Shares represent 200% of the Target Shares. The Minimum Price, Target Price and Maximum Price hurdles were determined by applying a CAGR of 5%, 12% and 25% to the Base Price¹⁵ as follows:

Performance Level	Price Appreciation Hurdle Formula	Price Appreciation Hurdle
Minimum	Base Price (\$20.00) x 1.05 ³	\$ 23.15
Target	Base Price (\$20.00) x 1.12 ³	\$ 28.10
Maximum	Base Price (\$20.00) x 1.25 ³	\$ 39.06

¹⁴ The number of shares subject to 2009 Performance RSAs is the maximum number of shares that will vest upon the Maximum Price performance criteria being satisfied.

¹⁵ As noted below (see RSA Valuations and Grant Levels), in determining the grant levels for the 2009 Annual RSAs, the Committee utilized a Common Stock price of \$20.00 per share, instead of the grant date closing Common Stock price per share of \$15.99, resulting in approximately 20% fewer shares granted for the 2009 Annual RSAs than if the grant date closing price had been used. Achieving a Highest Average Price equal to the Minimum Price, Target Price or Maximum Price would require the Common Stock to achieve a CAGR of approximately 13.13%, 20.68% or 34.68%, respectively, from the grant date closing Common Stock price per share of \$15.99.

Table of Contents

If the Highest Average Price achieved equals the (1) the Minimum Price, (2) the Target Price or (3) the Maximum Price or higher, then the percentage of Target Shares which vests on the 2009 Performance Period Date is 50%, 100% or 200% of the Target Shares, respectively. If the Highest Average Price achieved falls between the Minimum Price, Target Price and Maximum Price, then the percentage of Target Shares which vests is determined in relation to the Minimum, Target and Maximum vesting amounts as follows:

Performance Level Achieved	Price Appreciation Hurdle/Highest Average Price	Percentage of Target Shares Vesting
Minimum Price	\$23.15	50%
Minimum Price to Target Price	Between \$23.15 and \$28.10	Between 50% and 100% (an additional increase of approximately 10.10% for each \$1.00 increase in the Highest Average Price above \$23.15)
Target Price	\$28.10	100%
Target Price to Maximum Price	Between \$28.10 and \$39.06	Between 100% and 200% (an additional increase of approximately 9.12% for each \$1.00 increase in the Highest Average Price above \$28.10)
Maximum Price or higher	\$39.06 and above	200%

In addition, if the closing share price of the Common Stock is at or above the Minimum Price of \$23.15 on the 2009 Performance Period Date and none of the vesting criteria described above has yet been satisfied, then 50% of the Target Shares will vest if and upon the closing share price of the Common Stock being at or above the Minimum Price for a period of 20 consecutive trading days that includes the 2009 Performance Period Date.

With regard to the 2009 Performance RSAs, the Highest Average Price exceeded the Maximum Price, and as a result the Maximum Shares representing 200% of the Target Shares vested on February 19, 2012.

The levels at which the Common Stock price vesting targets are established for a given year's Performance RSA grant are generally reviewed and approved at the First Regular Committee Meeting of the grant year. The review generally includes an analysis of (1) historical Common Stock price performance, (2) our financial forecasts and budgets, and (3) performance contingent equity compensation market practices as disclosed in third party market sources, which includes consideration of market and industry trends.

Additional information regarding the Performance RSAs described above is provided below in the tables and related footnotes at Summary Compensation Table and Grants of Plan-Based Awards in 2010 in this VII. Executive Compensation.

New Hire and Promotion RSAs. As noted above, New Hire RSAs generally are comprised of Time Vested RSAs, while Promotion RSAs may be comprised of Time Vested RSAs or Performance RSAs. In 2010 and 2009, New Hire RSAs and Promotion RSAs with time vesting have typically vested over four years, with the vesting schedule generally being back-end loaded. Beginning in 2011 such time vesting is equally over three years. There were no New Hire RSAs and no Promotion RSAs granted to the NEOs in 2011, 2010 or 2009.

RSA Valuations and Grant Levels. In determining RSA valuations and grant levels for prior years, including 2009, the Committee, with the assistance of the Compensation Consultant, examined the long-term incentive practices at the Peer Group and other companies reviewed in the Competitive Market Analysis to determine the 75th percentile of the market as to long-term incentive values. Using the 75th percentile of market for similar officer positions generally as the midpoint, ranges of RSA multiples of base salary were established for each executive. As noted above, beginning in 2010, the Committee began transitioning toward a 50th Percentile Target Total Direct Compensation Philosophy for our executives. An RSA multiple of base salary, generally based on our overall financial performance for the prior year and each executive's individual performance and anticipated future role, has then been (1) determined and approved by the Committee for the CEO and (2) proposed by the CEO and reviewed and approved by the Committee for each of the other executives. The fair value of the RSAs as developed by the Compensation Consultant has then been converted into a recommended number of shares to be granted to each executive, typically based on the per share closing price of the Common Stock on the date of grant. The valuation methodology used to value (1) the 2011 Performance RSAs and 2011 Time Vested RSAs, (2) the 2010 Performance RSAs and 2010 Time Vested RSAs, and (3) the 2009 Performance RSAs and 2009 Time Vested RSAs, respectively, is summarized in notes 2 and 12 to our consolidated financial statements in our 2011 Form 10-K, in notes 2 and 12 to our consolidated financial statements in our 2010 Form 10-K, and in notes 2 and 14 to our consolidated financial statements in our Annual Report on Form 10-K for the year ended December 31, 2009 (2009 Form 10-K). Due to the volatility of the price of our Common Stock around the time of the 2009 equity grants, in determining the grant levels for the Annual RSAs granted in 2009, the Committee utilized a Common Stock price of \$20.00 per share, instead of using the closing per share Common Stock price on the grant date, which was \$15.99, as had been the practice for several years. Using a Common Stock price of \$20.00 instead of the closing common stock price on the grant date of \$15.99 resulted in approximately 20% fewer shares granted for the 2009 Annual RSAs.

In addition to considering the valuation of each RSA grant, management and the Committee also consider the overall potential stockholder dilution impact and burn rate (i.e., the rate at which awards are granted) of the RSAs to be granted. Each year, the Committee reviews and recommends to the Board for approval a budgeted grant date value of shares that may be used in connection with the grant of RSAs to the executives and our other eligible employees. This review and recommendation process includes an analysis of potential dilution levels and burn rates resulting from the potential grant of such RSAs as compared to independent surveys from third party sources, which may include Towers Watson, ISS Corporate Services or Mercer. The Committee and management use this competitive market data regarding dilution levels and burn rates as an additional gauge in making decisions regarding annual grants of long-term equity compensation.

Our stockholder dilution was approximately 2.9%, 3.1%, and 3.9%, and our burn rate was approximately 0.3%, 0.4%, and 0.8% for the years ended December 31, 2011, 2010, and 2009, respectively. We believe our stockholder dilution and burn rates are competitively low relative to comparable companies based upon the independent surveys identified above.

Stock Options

Neither the Committee nor the Board has granted stock options to purchase shares of Common Stock to employees since 2003, and neither has granted stock options to any executive officers, including the NEOs, since October 2001. Neither the Committee nor the Board currently anticipates granting stock options to executives or other employees for the foreseeable future.

Severance Agreements

The Committee believes establishing competitive severance arrangements with our executives is a key part of a total rewards package to effectively recruit and retain high-performing executives. We have entered into severance agreements containing severance benefits and non-compete and non-solicitation provisions with each NEO and certain other senior officers (as amended, "Severance Agreements"). We do not currently have employment agreements with any of our executives other than the Severance Agreements.

Pursuant to each Severance Agreement, we are required to provide severance benefits to the officer if such officer is terminated without cause (as defined in the Severance Agreement) or such officer terminates employment with good reason (as defined in the Severance Agreement) (collectively a "qualifying termination"). The Severance Agreements provide for enhanced severance benefits if the officer incurs a qualifying termination within two years following a change in control (as defined in the Severance Agreements).

We periodically review the level of the officer severance benefits by analyzing our severance benefits as compared to competitive market severance and change-in-control practices as provided in surveys and information from third parties, which may include Towers Watson, Mercer, and ISS Corporate Services. Subsequent Severance Agreements may be different as a result of such reviews.

Details regarding the severance benefits provided under the Severance Agreements and the potential value thereof are provided below at "Potential Payments Upon Termination of Employment" in this VII. Executive Compensation.

Other Benefits and Perquisites

In addition to base pay, short-term incentives, long-term incentives and severance benefits, we provide the other benefits outlined below. We believe these other benefits support our overall attraction and retention objectives.

Retirement Benefits

Our executives are eligible to participate in our 401(k) Plan under the same parameters applicable to all other employees, including eligibility for (1) a base matching contribution from us (which is subject to the Committee's discretion) equal to 100% of the first 3% of the executive's compensation contributed ("Base Match") and (2) a discretionary annual matching contribution from us (which is also subject to the Committee's discretion) equal to 100% of the next 3% of the executive's compensation contributed, subject to IRS limitations ("Discretionary Match"). The value of our Base Match and Discretionary Match contributions for each NEO for the 2011, 2010 and 2009 401(k) Plan years are provided below in the table at "Summary Compensation Table" in this VII. Executive Compensation.

Health and Welfare Benefits

Our executives are eligible to participate in the same health and welfare benefits that are available to our other eligible employees, such as medical, dental, life and disability insurance. The value of the health and welfare benefits paid by us for each NEO in 2011, 2010 and 2009 is provided below in the tables at "Summary Compensation Table" and "All Other Compensation Table" in this VII. Executive Compensation.

Relocation Benefits

In general, we do not offer our executives significant perquisites, other than relocation assistance (which includes expatriate benefits for international assignments). We generally offer relocation

Table of Contents

assistance to all of our employees who we ask to relocate in connection with their employment with us, with the level of benefits generally corresponding to the level of the employee's position. We have found that relocation assistance can play an important role in attracting qualified new hire candidates or transferring existing employees to our various office locations. The primary benefits provided under our relocation assistance program to our NEOs and other senior management are generally: reasonable moving and related expenses, closing costs related to selling and buying a house, and temporary living expenses, if needed, for up to 60 days. No relocation benefits were provided to our NEOs in 2011, 2010 or 2009.

Other Matters**Stock Ownership Guidelines**

In order to further align the interests of our senior management with those of our stockholders, we have adopted certain stock ownership guidelines designed to support a culture of ownership among the NEOs and certain other senior officers. The Committee believes the maintenance of Common Stock ownership guidelines motivates executives to perform in accordance with the interests of our stockholders. The guideline ownership levels are designed to ensure the executives have a meaningful economic stake in the Common Stock, while satisfying the executives' need for portfolio diversification.

Our stock ownership guidelines provide that our NEOs should acquire the following specified number of shares of Common Stock, which number does not include unvested performance-based RSAs and unexercised stock options:

Executive	Title	Number of Shares
W. Benjamin Moreland	President & CEO	100,000
Jay A. Brown	SVP, CFO & Treasurer	45,000
James D. Young	SVP & COO	45,000
E. Blake Hawk	EVP & General Counsel	45,000
Patrick Slowey ¹⁶	SVP & CCO	10,000

Current officers have until May 20, 2014 to acquire the applicable number of shares specified by the guidelines. As of the Record Date, each of the NEOs serving at that time held in excess of the number of shares of Common Stock specified by the stock ownership guidelines.

In addition, any new executive officer appointed who reports directly to the CEO shall be subject to stock ownership guidelines relating to 45,000 shares of Common Stock, with such officer having five years from the effective date of his or her appointment to acquire the applicable number of shares.

Accounting and Tax Impacts upon Executive Compensation

For a discussion of the accounting impacts on various elements of long-term incentive compensation, see notes 2 and 12 to our consolidated financial statements in each of our 2011 Form 10-K and 2010 Form 10-K, and notes 2 and 14 in our 2009 Form 10-K.

Section 162(m) (Section 162(m)) of the Internal Revenue Code of 1986, as amended (Code) generally disallows a public company's tax deduction for compensation paid to the CEO and the four other most highly compensated officers in excess of \$1 million in any taxable year. However, qualifying performance-based compensation is not subject to the deduction limit if certain requirements are satisfied.

¹⁶ Mr. Slowey's Common Stock ownership retention levels are set forth in his Severance Agreement.

Table of Contents

In determining executive compensation, the Committee considers, among other factors, the possible tax consequences. Tax consequences, including tax deductibility, are subject to many factors (such as changes in the tax laws) that are beyond our control. In addition, the Committee believes that it is important for it to retain maximum flexibility in designing compensation programs that meet its stated objectives. For these reasons, the Committee, while considering tax deductibility as one of the factors in determining compensation, does not limit compensation to those levels or types of compensation that will be deductible by us.

To this end, the AI Plan does not qualify for the Section 162(m) exemption even though it is an annual performance-based cash program primarily because the Committee maintains some level of subjectivity regarding the payout multiple applied to the executive based on the Committee's assessment of the executive's individual performance.

All compensation attributable to the vesting of Performance RSAs during 2011 satisfied the requirements for deductibility under Section 162(m). For 2011, the portion of combined base salary, AI award, and vesting of Time Vested RSAs in excess of \$1 million for Messrs. Moreland, Brown, Young, Hawk and Slowey does not qualify as performance-based compensation under Section 162(m) and is not deductible by us.

Compensation Committee 2011 Report

The Compensation Committee has reviewed and discussed the disclosure set forth above under the heading "Compensation Discussion and Analysis" with management and, based on the review and discussions, it has recommended to the Board that the "Compensation Discussion and Analysis" be included in this Proxy Statement.

Respectfully submitted by the Compensation Committee of the Board.

Potential Payments Upon Termination of Employment

· **Severance Agreements.** We have entered into Severance Agreements containing non-compete and non-solicitation provisions with each NEO.

Pursuant to each Severance Agreement, we are required to provide severance benefits to the officer if such officer's employment is terminated pursuant to a Qualifying Termination (as defined in footnote (a) to the table below). The Severance Agreements provide for enhanced severance benefits if the officer's employment is terminated in connection with a Qualifying Termination Upon Change in Control (as defined in footnote (a) to the table below). Upon a Qualifying Termination that does not occur during a change in control period, the executive officer is entitled to:

a lump sum payment equal to the sum of the officer's base salary and annual incentive multiplied by two (for Messrs. Moreland and Hawk) or one (for all other NEOs covered by a Severance Agreement). For Messrs. Moreland and Hawk annual incentive is defined as 75% of such officer's base salary. For Messrs. Young and Slowey, annual incentive is defined as 55% of such officer's base salary. For Mr. Brown, annual incentive is defined as 65% of such officer's base salary;

a prorated cash amount equal to the officer's annual incentive for the year of termination;

a cash amount equal to the officer's prior year actual annual incentive when and if any annual incentives for the year prior to the date of termination are paid to our other executive officers;

continued coverage under specified health and welfare benefit programs for either two years (for Messrs. Moreland and Hawk) or one year (for all other NEOs covered by a Severance Agreement);

continued participation in the 401(k) Plan for the calendar year of the date of termination including our contributions based upon participation or matching (with payment of the after-tax economic equivalent if and to the extent such is not permitted under the 401(k) Plan or by applicable law); and

with respect to any outstanding RSAs and stock options (which remain exercisable for two years following employment or service as a director, if applicable) held by the officer, either (1) immediate vesting (for Messrs. Moreland and Hawk)¹⁷ or (2) continued vesting for two years after termination (for all other NEOs covered by a Severance Agreement).

In connection with a Qualifying Termination Upon Change in Control, the officer is entitled to:

a lump sum payment equal to the sum of the officer's base salary and annual incentive multiplied by three (for Messrs. Moreland and Hawk) or two (for all other NEOs covered by a Severance Agreement). For Messrs. Moreland and Hawk annual incentive is defined as 75% of such officer's base salary. For Messrs. Young and Slowey, annual incentive is defined as 55% of such officer's base salary. For Mr. Brown, annual incentive is defined as 65% of such officer's base salary;

a prorated cash amount equal to the officer's annual incentive for the year of termination,

a cash amount equal to the officer's prior year actual annual incentive when and if any annual incentives for the year prior to the date of termination are paid to our other executive officers;

continued coverage under specified health and welfare benefit programs for either three years (for Messrs. Moreland and Hawk) or two years (for all other NEOs covered by a Severance Agreement);

¹⁷ In lieu of immediate vesting, the 2009, 2010 and 2011 Performance RSAs continue to vest pursuant to the performance criteria for such RSAs.

continued participation in the 401(k) Plan for the calendar year of the date of termination including our contributions based upon participation or matching (with payment of the after-tax economic equivalent if and to the extent such is not permitted under the 401(k) Plan or by applicable law); and

immediate vesting of any outstanding RSAs¹⁸ and stock options (which remain exercisable for two years following employment or service as a director, if applicable), held by the officer.

Each of the Severance Agreements also has provisions that generally prohibit the officer, for a period of 12 months following the termination of such officer's employment with us, from (1) engaging in business activities relating to wireless communication or broadcast towers which compete with us or our affiliates in the United States or Australia and (2) soliciting our employees and our affiliates. The following table and footnotes thereto summarize the alternative termination benefits that would be payable under different termination scenarios in accordance with each NEO's Severance Agreement. The information provided assumes the NEO's termination occurred as of December 31, 2011.

(a) Represents the various employment termination scenarios as defined in the NEO's Severance Agreements. Generally, each of the scenarios can be described as follows:

A Qualifying Termination occurs upon (1) our termination of the executive's employment with us for any reason other than for Cause (as defined in the Severance Agreements) or disability or death, or (2) the executive's termination of employment with us within 60 days of the occurrence of an event that constitutes Good Reason (as defined in the Severance Agreements).

A Non-Qualifying Termination occurs upon any termination of the executive's employment with us other than a Qualifying Termination.

A Qualifying Termination Upon Change in Control occurs upon a Qualifying Termination of the executive within two years following a Change in Control (as defined in the Severance Agreements).

(b) Represents the lump sum payment equal to the sum of the NEO's base salary and annual incentive multiplied by three and two for Messrs. Moreland and Hawk, and two and one for Messrs. Brown, Young and Slowey for a Qualifying Termination Upon Change in Control and Qualifying Termination, respectively. For Messrs. Moreland and Hawk, annual incentive is defined as 75% of such NEO's base salary. For Messrs. Young and Slowey, annual incentive is defined as 55% of such NEO's base salary. For Mr. Brown, annual incentive is defined as 65% of such NEO's base salary.

- ¹⁸ The 2009, 2010 and 2011 Performance RSAs vest immediately with respect to the Target Shares and continue to vest pursuant to the performance criteria with respect to the remaining shares.

(c) Represents the value of accelerating the vesting of the outstanding unvested RSAs as of December 31, 2011 (calculated as the number of accelerated RSAs multiplied by \$44.80, the closing price per share of our Common Stock on December 31, 2011). In connection with a Qualifying Termination Upon Change in Control, any outstanding RSAs and stock options (which remain exercisable for two years following employment or service as a director, if applicable) held by the NEO immediately vest, provided that the 2009 Performance RSAs, 2010 Performance RSAs and 2011 Performance RSAs vest immediately with respect to the Target Shares held by the NEOs and continue to vest pursuant to the performance criteria with respect to the remaining 2009 Performance RSA shares, 2010 Performance RSA shares and 2011 Performance RSAs shares. Upon a Qualifying Termination that does not occur during a change in control period, any outstanding RSAs and stock options (which remain exercisable for two years following employment or service as a director, if applicable) either (1) immediately vest for Messrs. Moreland and Hawk, provided that the 2009 Performance RSAs, 2010 Performance RSAs and 2011 Performance RSAs continue to vest pursuant to the performance criteria for such RSAs or (2) continue to vest for two years after termination for Messrs. Brown, Young and Slowey.

(d) Other termination benefits represent the following items:

A prorated cash amount equal to the officer's annual incentive for the year of termination. For Messrs. Moreland and Hawk, annual incentive is defined as 75% of such NEO's base salary. For Messrs. Young and Slowey, annual incentive is defined as 55% of such NEO's base salary. For Mr. Brown, annual incentive is defined as 65% of such NEO's base salary. The payment of a cash amount equal to the NEO's prior year annual incentive when and if any annual incentives for the year prior to the date of termination are paid to our other executive officers is permitted under the Severance Agreements but would not apply under this scenario since termination is assumed to occur as of December 31, 2011, and any prior year actual annual incentives relating to 2009 would have already been paid.

An estimate of the premiums paid by us for continued coverage under specified health and welfare benefit programs.

An estimate of our 401(k) Plan matching contributions for continued participation in the 401(k) Plan for 2011, the year in which termination of employment is assumed to occur under this scenario. Assuming termination of employment occurs on December 31, 2011, this amount includes our Discretionary Match contribution for 2011, which is \$7,350 since each of the NEOs achieved the level of contribution necessary for 2011 to be eligible for the 3% Discretionary Match.

(e) In accordance with the NEOs' Severance Agreements, we will provide a tax assistance payment to cover any excise tax imposed under Code Section 4999. There should be no excise tax imposed on any of the NEOs as the parachute amount is less than the IRC Section 280G parameters of three times the base amount.

(f) Represents an estimate of the alternative total potential payments upon termination of employment that would be paid to or accrued for each NEO assuming the NEO's employment terminated under different scenarios as of December 31, 2011.

VIII. AUDIT COMMITTEE MATTERS

The Board has established an Audit Committee comprised entirely of independent directors, as defined in the rules and regulations of the NYSE and SEC. Upon the recommendation of the Audit Committee and in compliance with the regulations of the NYSE, the Board has adopted an Audit Committee Charter setting forth the requirements for the composition of the Audit Committee, the qualifications of its members and the responsibilities of the Audit Committee. The Audit Committee Charter can be found under the Investor Relations section of our website at <http://www.crowncastle.com/investor/corpgovernance.asp>.

The Audit Committee has adopted certain procedures under which audit and non-audit services to be rendered by our independent registered public accountants are pre-approved. Such procedures provide that between the regularly scheduled meetings of the Audit Committee, each member of the Audit Committee (with preference given to the Chairman of the Audit Committee, if available) is authorized to pre-approve fees presented by an officer relating to audit and permitted non-audit related engagements of our independent registered public accountants, up to an aggregate of \$100,000 of such fees not previously approved or ratified by the Audit Committee; provided, however, that any fees so approved regarding engagements or services relating to our securities offerings are not subject to or included in the calculation of such \$100,000 limit. At each regularly scheduled meeting of the Audit Committee, our officers present to the Audit Committee a schedule detailing any fees and engagements approved pursuant to the foregoing procedures by a member of the Audit Committee since the last regularly scheduled meeting of the Audit Committee.

No services were provided by the independent registered public accountants in 2010 that were approved by the Audit Committee under SEC Regulation S-X Section 2-01(c)(7)(i)(C) (which addresses certain services considered de minimus approved by the Audit Committee after such services have been performed).

In addition, in accordance with regulations promulgated by the SEC, the Audit Committee has issued the following report.

Executive officers, directors and greater than 10% stockholders are required by SEC regulation to furnish us with copies of all Section 16(a) forms they file.

Based on the review of copies of such reports furnished to us and written representations that no other reports were required, we believe that, during the 2011 fiscal year, our executive officers, directors and greater than 10% beneficial owners timely complied with all Section 16(a) filing requirements applicable to them, except that Mr. Brown filed two late reports with respect to one transaction each.

Independence Categorical Standards

(October 16, 2008)

The board of directors (**Board**) of Crown Castle International Corp. (**Company**) has established the following guidelines to assist it in determining whether a director of the Company (**Director**) has a **material relationship** with the Company and is **independent** . Each of the relationships described below is not a **material relationship** by itself and therefore will not prevent a Director from being **independent** :

Certain Relationships. Directorship more than three years after: (i) the Director was employed by the Company; (ii) an immediate family member of the Director (**Family Member**) was employed by the Company as an executive officer; (iii) the Director or a Family Member (in a professional capacity) was a partner with or employed by the Company's internal or external auditor (**Auditor**) and personally worked on the Company's audit; or (iv) a present executive officer of the Company served on the compensation committee of a company which employed at the same time the Director or a Family Member as an executive officer.

Current Employment. A Family Member (i) is employed by the Company in a non-officer position or (ii) is employed by, but is not a partner with, the Auditor and does not personally work on the Company's audit.

Compensation. A Director or a Family Member receives or has received less than \$120,000 during any 12-month period in direct compensation from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service).

Business Relationships. A Director or a Family Member is or was a partner, greater than 10% shareholder, director, officer or employee of a company that has made payments to, or received payments from, the Company for property or services in an amount which, in any of the last three fiscal years, does not exceed the greater of (a) \$1 million, or (b) two percent (2%) of such other company's consolidated gross revenues.

Indebtedness. A Director or a Family Member is a partner, greater than 10% shareholder, director, officer or employee of a company that is indebted to the Company or to which the Company is indebted, and the total amount of each company's indebtedness to the other is less than two percent (2%) of the total consolidated assets of such other company.

Charitable Contributions. A Director is a trustee, fiduciary, director, officer or employee of a tax-exempt organization to which the Company contributes, and the Company's contributions in any single fiscal year to the organization does not exceed the greater of (a) \$500,000, or (b) one percent (1%) of that organization's total annual receipts.

Stock Ownership. Direct or indirect ownership by a Director of a significant amount of Company stock (including securities convertible into Company stock).

An immediate family member is a Director's spouse, parents, children, siblings, mother- and father-in-law, sons- and daughters-in-law, brothers- and sisters-in-law, and anyone (other than domestic employees) who shares such Director's home.

If a Director has a significant relationship with the Company that is not described above, or is outside of the parameters above, and the Board determines that the Director is **independent** , the Board will disclose the basis for such determination in the Company's annual proxy statement. In addition, members of the Audit Committee are subject to additional standards relating to their independence.
