NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

THREE AND NINE MONTHS ENDED MARCH 31, 2012

(all dollar amounts in thousands except per share amounts)

(unaudited)

Note 1. - Basis of Presentation

The accompanying unaudited Condensed Consolidated Financial Statements as of March 31, 2012 and for the three and nine month periods ended March 31, 2012 and 2011 have been prepared in accordance with Rule 10-01 of Regulation S-X of the Securities and Exchange Commission (SEC) and, as such, do not include all information required by accounting principles generally accepted in the United States of America. These Condensed Consolidated Financial Statements should be read in conjunction with the audited consolidated financial statements included in the SunLink Health Systems, Inc. (SunLink , we , our , ours , us or the Company) Annual Report on Form 10-K/A for the fiscal year ended June 30, 2011, filed with the SEC on May 21, 2012. In the opinion of management, the Condensed Consolidated Financial Statements, which are unaudited, include all adjustments, consisting only of normal recurring adjustments, necessary to present fairly the financial position and results of operations for the periods indicated. The results of operations for the three and nine month periods ended March 31, 2012 are not necessarily indicative of the results that may be expected for the entire fiscal year or any other interim period.

Note 2. Business Operations

Business Operations

SunLink Health Systems, Inc. is a provider of healthcare services in certain rural and exurban markets in the United States. SunLink's business is composed of two business segments:

Healthcare Facilities, which consist of

Our five community hospitals which have a total of 282 licensed beds;

Our three nursing homes, which have a total of 166 licensed beds, each of which is located adjacent to a corresponding SunLink community hospital; and

Our one home health agency, which operates in connection with a corresponding SunLink community hospital.

Specialty Pharmacy, which consists of

Specialty pharmacy services;

Durable medical equipment;

Institutional pharmacy services; and

Edgar Filing: SUNLINK HEALTH SYSTEMS INC - Form 10-Q

Retail pharmacy products and services, all of which are conducted in rural markets.

SunLink has conducted its healthcare facilities business since 2001 and its specialty pharmacy business since April 2008.

SunLink's Board and management has determined to focus the Company's strategic efforts on enhancing its existing hospital portfolio, including the selective disposal of underperforming and non-strategic facilities, and on pursuing selected potential hospital acquisitions. SunLink is committed to enhancing shareholder value while maintaining high standards of responsibility to its patients, employees and the communities it serves and will continue to pursue strategic alternatives consistent with that commitment.

Note 3. Discontinued Operations

All of the businesses discussed below are reported as discontinued operations and the condensed consolidated financial statements for all prior periods have been adjusted to reflect this presentation.

Results for all of the businesses included in discontinued operations are presented in the following table:

Earnings (loss) from discontinued operations	\$ (327)	\$ 254	\$ (472)	\$ (140)

Memorial Hospital of Adel On March 8, 2012, the Company and its HealthMont of Georgia, Inc. subsidiary entered into an Asset Purchase Agreement by and among HealthMont of Georgia, Inc., SunLink and Hospital Authority of Tift County, Georgia (Buyer) effective March 1, 2012 to sell substantially all of the assets of the Company's owned Memorial Hospital of Adel and Memorial Convalescent Center (Adel) to the Buyer for approximately \$8,300. Excluded assets include accounts receivable as of the Cutoff Date and all Medicare and Medicaid incentive payments for meaningful use of electronic health record technology and all receivables, claims and settlements made pursuant to the Indigent Care Trust Fund of the State of Georgia, in each case, paid with respect to the fiscal year ending June 30, 2012. Retained liabilities generally consist of liabilities incurred prior to the closing date of the transaction. Effective April 1, 2012, Buyer began management of Adel under a management agreement to continue from such date until the scheduled date of closing. Pursuant to the terms of the management agreement, the

Buyer is to retain any profit earned and fund any losses incurred during the management period. The transaction is subject to a number of conditions and is expected to close in SunLink's first fiscal quarter of 2013. The agreement may be terminated by either SunLink or the Buyer if the transaction is not consummated prior to July 31, 2012 or such later date as the parties may agree. Subject to certain conditions, if the Buyer terminates the agreement during the period April 1, 2012 through July 31, 2012 from other than a default by the Company, SunLink will be entitled to a breakup fee of \$900. SunLink anticipates that the sale of assets of Adel for approximately \$8,300, less estimated sale expenses, will result in net proceeds of approximately \$7,500 to the Company and that the Company will be required to use all or substantially all of the net proceeds to pay down senior debt under the Company's Credit Facility.

Adel's operations have been reclassified as discontinued operations in our condensed consolidated financial statements for the three and nine month periods ended March 31, 2012 and 2011 and as of June 30, 2011.

Chilton Medical Center On March 1, 2011, SunLink entered into an agreement to lease its owned Chilton Medical Center (Chilton) and sold its 83% membership interest in Clanton Hospital LLC (Clanton), which manages Chilton, to Carraway Medical Systems, Inc. (Carraway). The lease agreement is for a six-year term with monthly rent of \$37 and includes an option under which Carraway can purchase Chilton from SunLink. Currently rent of approximately \$74 is in arrears under the lease agreement. The option purchase price is \$3,700, less the amount paid, up to a maximum of \$615, to purchase the 17% membership interest of Clanton owned by local physicians. The purchase price of SunLink's 83% membership interest in Clanton was a \$1,000 six-year zero-coupon note plus a six-year 6% note for the net working capital of Clanton at purchase. If the purchase option for Chilton is exercised during the six-year term of the lease, any amount paid under the \$1,000 note will be credited to the option purchase price and any remaining balance on the note will be cancelled. As a result, the note at March 31, 2012 was recorded on the balance sheet at net \$0. Pursuant to the terms of the sale and lease and agreement, SunLink is entitled to receive 75% of the Electronic Health Records Medicare and Medicaid incentive reimbursements received by Clanton.

Mountainside Medical Center On June 1, 2004, SunLink sold its Mountainside Medical Center (Mountainside) hospital in Jasper, Georgia, for approximately \$40,000 pursuant to the terms of an asset sale agreement. In connection with this sale, claims by the buyer and counter claims by SunLink were litigated which resulted in a judgment for SunLink. The judgment, which included damages, prejudgment interest and certain losses, was collected by SunLink in the amount of \$1,246 in May 2010 and \$540 in December 2010, and the parties executed a mutual release. Included in the pre-tax loss of Mountainside for the nine months ended March 31, 2011 were legal expenses related to the litigation with the buyer's claim and SunLink's counterclaim.

Life Sciences and Engineering Segment SunLink retained a defined benefit retirement plan which covered substantially all of the employees of this segment when the segment was sold in fiscal 1998. Effective February 28, 1997, the plan was amended to freeze participant benefits and close the plan to new participants. Pension expense and related tax benefit or expense is reflected in the results of operations for this segment for the three and nine months ended March 31, 2012 and 2011. The components of pension expense for the three and nine months ended March 31, 2012 and 2011, respectively, were as follows:

	Three Months Ended March 31,		Nine Months Ended March 31,	
	2012	2011	2012	2011
Interest Cost	\$ 18	\$ 18	\$ 54	\$ 55
Expected return on assets	(10)	(11)	(30)	(32)
Amortization of prior service cost	14	14	42	40
Net pension expense	\$ 22	\$ 21	\$ 66	\$ 63

SunLink did not contribute to the plan in the nine months ended March 31, 2012. We expect to make no contribution to the plan through the end of the fiscal year ending June 30, 2012.

Note 4. Shareholders Equity*Stock-Based Compensation*

For the three months ended March 31, 2012 and 2011, the Company recognized \$29 and \$2, respectively, in salaries, wages and benefit expense for share options issued to employees and directors of the Company. For the nine months ended March 31, 2012 and 2011, the Company recognized \$63 and \$7, respectively, in salaries, wages and benefit expense for share options issued to employees and directors of the Company. The fair value of the share options granted was estimated using the Black-Scholes option pricing model. There were 180,000 share options granted under the 2005 Equity Incentive Plan and 70,000 share options granted under the 2011 Director's Stock Option Plan during the nine months ended March 31, 2012. No share options were granted during the nine months ended March 31, 2011.

Private Placement of Shares

In the first quarter of fiscal 2012, the Company sought to sell up to 3,800,000 common shares in a private offering at a price equal to the average closing price for the shares over the ten trading days prior to the applicable closing with a minimum placement of \$2,500.

On July 28, 2011, SunLink announced a closing under the private placement of approximately 1,329,000 common shares at approximately \$1.90 per share. Such shares were sold to certain of the Company's officers and directors and/or their affiliates. The net proceeds of the private placement of approximately \$2,500 were used, together with the Company's operating funds, to make an \$8,000 pre-payment on the Credit Facility Term Loan. Concurrent with and conditioned upon the Term Loan pre-payment, the Company's lenders modified the Credit Facility to reduce the interest rate, revise certain financial and other covenants and extend the maturity date of the Credit Facility until January 1, 2013 (see Note 8 Long-Term Debt). A special committee of the Company's Board of Directors comprised of non-participating disinterested directors evaluated the private placement transaction and obtained an opinion of an outside advisor selected by the special committee that the price and terms of the private placement were fair from a financial point of view to the Company.

Note 5. Receivables net

Summary information for receivables is as follows:

	March 31, 2012	June 30, 2011
Accounts receivable (net of contractual allowances)	\$ 29,590	\$ 28,619
Less allowance for doubtful accounts	(12,912)	(12,317)
Receivables - net	\$ 16,678	\$ 16,302

Net revenues included increases of \$459 and \$47 for the three months ended March 31, 2012 and 2011, respectively, for the settlements and filings of prior year Medicare and Medicaid cost reports. Net revenues included increases of \$510 and \$709 for the nine months ended March 31, 2012 and 2011, respectively, for the settlements and filings of prior year Medicare and Medicaid cost reports.

Note 6. Medicare and Medicaid Electronic Health Records Incentives Deferred Gain Medicare Electronic Health Records Incentives

Electronic Health Records (EHR) incentive reimbursements are payments received under the Health Information Technology for Economic and Clinical Health Act (the HITECH Act) which was enacted into law on February 17, 2009 as part of the American Recovery and Reinvestment Act of 2009 (ARRA). The HITECH Act includes provisions designed to increase the use of EHR by both physicians and hospitals. Beginning with federal fiscal year 2011 (federal fiscal year is October 1 through September 30) and extending through federal fiscal year 2016, eligible hospitals and critical access hospitals (CAH) participating in the Medicare and Medicaid programs are eligible for reimbursement incentives based on successfully demonstrating meaningful use of their certified EHR technology. Conversely, those hospitals that do not successfully demonstrate meaningful use of EHR technology are subject to payment penalties or downward adjustments to their Medicare payments beginning in federal fiscal year 2015.

The Company accounts for EHR incentive payments in accordance with ASC 450-30, Gain Contingencies , (ASC 450-30). In accordance with ASC 450-30, the Company recognizes a gain for Medicare and Medicaid EHR incentive payments when its eligible hospitals have demonstrated meaningful use of certified EHR technology for the applicable period and when the cost report information needed for the full cost report year used for the final calculation of the EHR incentive reimbursement payment is available. The demonstration of meaningful use is based on meeting a series of objectives and varies among hospitals, between the Medicare and Medicaid programs and within the Medicaid program from state to state. Additionally, meeting the series of objectives in order to demonstrate meaningful use becomes progressively more stringent as its implementation is phased in through stages as outlined by the Centers for Medicare and Medicaid Services.

SunLink s five operating hospitals and Adel and Chilton (see Note 4. Discontinued Operations) successfully attested for the Medicare EHR program for the fiscal year ended June 30, 2011. Incentive payments for all five operating hospital and Adel and Chilton totaling \$8,521 were received by SunLink during the quarter ended June 30, 2011. As Medicare EHR incentive payments cannot be recognized until the cost report information utilized to determine the final amount of reimbursement is known, SunLink has recorded the \$8,521 of deferred gain as of December 31, 2011 and June 30, 2011. This deferred gain is expected to be recognized in the quarter ended June 30, 2012, when information for the cost report period July 1, 2011 through June 30, 2012 is known.

SunLink s two Missouri hospitals, its two Georgia hospitals, and Chilton successfully attested for the Medicaid EHR program for the federal attestation year ending September 30, 2011 and recognized EHR incentive payments in the nine month period ended March 31, 2012 in the amount of \$1,627. EHR incentive reimbursement payments were received for SunLink s five operating hospitals during the nine months ended March 31, 2012 totaling \$1,715. EHR incentive reimbursement payment for Chilton was received in the amount of \$188 in the quarter ended June 30, 2012

Note 7. - Goodwill and Intangible Assets

SunLink has goodwill and intangible assets related to its Healthcare Facilities and Specialty Pharmacy Segments.

Intangibles consist of the following, net of amortization:

	March 31, 2012	June 30, 2011
Healthcare Facilities Segment		
Certificates of Need	\$ 80	\$ 80
Noncompetition Agreements	83	83
	163	163
Accumulated Amortization	(105)	(91)
	58	72
Specialty Pharmacy Segment		
Trade Name	2,000	2,000
Customer Relationships	1,089	1,089
Medicare License	769	769
	3,858	3,858
Accumulated Amortization	(560)	(453)
	3,298	3,405
Total	\$ 3,356	\$ 3,477

The trade name intangible asset under the Specialty Pharmacy Segment is a non-amortizing intangible asset.

Amortization expense was \$36 and \$153 for the three months ended March 31, 2012 and 2011, respectively. Amortization expense was \$121 and \$460 for the nine months ended March 31, 2012 and 2011, respectively.

Goodwill consists of the following:

	March 31, 2012	June 30, 2011
Healthcare Facilities Segment	\$ 0	\$ 931
Specialty Pharmacy Segment	461	461
	\$ 461	\$ 1,392

The Company performed an interim impairment testing of the goodwill and certain intangible assets of its subsidiaries as March 31, 2012. The Company concluded that the carrying value of the subsidiary exceeded its fair value, and as a result, recognized a goodwill impairment charge of \$931 for its Healthmont, LLC subsidiary, part of the Healthcare Facilities Segment, during the quarter ended March 31, 2012.

Note 8. Long-Term Debt and Revolving Line of Credit

Long-term debt consisted of the following:

	March 31, 2012	June 30, 2011
Term Loan	\$ 16,523	\$ 29,086
Callaway RDA Loan	4,000	0
Capital lease obligations	196	169
Total	20,719	29,255
Less current maturities	(16,686)	(1,814)
	 \$ 4,033	 \$ 27,441

SunLink Credit Facility On April 23, 2008, SunLink entered into a \$47,000 seven-year senior secured credit facility (Credit Facility) comprised of a revolving line of credit of up to \$12,000 (the Revolving Loan) and a \$35,000 term loan (the Term Loan). The Credit Facility has subsequently been amended by modification agreements on July 28, 2011 (July 2011 Modification), March 1, 2011 (March 2011 Modification), September 27, 2010 (September 2010 Modification). The termination date for the Credit Facility is January 1, 2013 and the maximum Revolving Loan commitment currently is \$9,000. At March 31, 2012, SunLink s calculated net collectible value of eligible accounts receivable was \$8,979, the Revolving Loan balance was \$6,631 with an interest rate at LIBOR plus 9.125% (11.875% at March 31, 2012), and the Term Loan balance was \$16,523 with an interest rate at LIBOR plus 11.07% (13.82% at March 31, 2012). Borrowings under the Credit Facility are at LIBOR plus the applicable interest rate. Under the Credit Facility, LIBOR is defined as the Thirty-Day published rate, not to be less than 2.75%, nor more than 5.50%. The maximum availability of the Revolving Loan is keyed to the calculated net collectible value of eligible accounts receivable.

The Credit Facility is secured by a first priority security interest in substantially all real and personal property of the Company and its consolidated subsidiaries, including a pledge of all of the equity interests in such subsidiaries. The Credit Facility contains various terms and conditions, including operational and financial restrictions and limitations, and affirmative and negative covenants. The covenants include financial covenants measured on a quarterly basis which require SunLink to comply with maximum leverage and minimum fixed charge ratios, maximum capital expenditure amounts, collateral value to loan amount and liquidity and cash flow measures, all as defined in the Credit Facility. The Company was in compliance with the revised levels of financial covenants and terms in the Credit Facility as of March 31, 2012, but there is no assurance that the Company will remain in compliance. If we fail to remain in compliance with the Credit Facility as modified, we would cease to have a right to draw on the revolving line of credit facility and the lenders would, among other things, be entitled to call a default and demand repayment of the indebtedness outstanding. If SunLink or its applicable subsidiaries experience a material adverse change in their business, assets, financial condition, management or operations, or if the value of the collateral securing the Credit Facility decreases, we may be unable to draw on the Revolving Loan.

Unamortized financing costs and expenses related to the Credit Facility of \$98 are being amortized over the current remaining life of the Credit Facility. Accumulated amortization was approximately \$2,447 and \$2,321 as of March 31, 2012 and June 30, 2011, respectively. Amortization of the fees and expenses recorded in interest expense were approximately \$42 and \$181 for the three months ended March 31, 2012 and 2011, respectively. Amortization of the fees and expenses recorded in interest expense were approximately \$126 and \$1,283 for the nine months ended March 31, 2012 and 2011, respectively.

Under the terms of the July 2011 Modification, the termination date of the Credit Facility was extended to January 1, 2013. Under the terms of the July 2011 Modification, SunLink also made an \$8,000 prepayment on the Term Loan and paid a modification fee of \$131. The source of the repayment was \$2,500 of proceeds from a private placement of SunLink common shares and \$5,500 of operating funds. Under the July 2011 Modification, the interest rate under the Revolving Loan was adjusted to LIBOR plus an applicable interest rate of 8.875%, or a total interest rate of 11.625% at July 28, 2011 and the interest rate under the Term Loan was adjusted to LIBOR plus an applicable interest rate of 10.82%, or a total interest rate of 13.57% at July 28, 2011. The July 2011 Modification also included covenants calling

for further reductions in the principal balance of the term loan in September and December of 2011. Under the September 2011 and December 2011 Term Loan Reduction Covenants, if the principal balance under the Term Loan was not reduced by the prescribed amounts, the interest rate for both the Term Loan and the Revolving Loan would increase by an aggregate additional 0.50% over the prescribed interest rate for the remainder of the Credit Facility's term. Because the September 2011 and December 2011 Term Loan Reduction Covenants were not met, the interest on the Term Loan and the Revolving Loan increased by 0.25% at October 1, 2011 and 0.25% at January 1, 2012.

On May 3, 2012, the Company entered into the Fifth Modification to the Credit Facility. The Fifth Modification contained, among other things, the consent by the lenders under the Credit Facility to the sale under Asset Purchase Agreement by and among HealthMont of Georgia, Inc., SunLink and Hospital Authority of Tift County, Georgia (Buyer) of substantially all of the assets of the Company's owned Memorial Hospital of Adel and Memorial Convalescent Center (Adel) to the Buyer for approximately \$8,300 and requires that the net proceeds of approximately \$7,500 to the Company be applied to pay down the Term Loan under the Credit Facility.

On May 4, 2012, the Company entered into the Sixth Modification. The Sixth Modification was in response to, among other things, the SEC's requirement that Medicare and Medicaid EHR incentive payments be accounted under the gain contingency accounting model rather than the grant accounting model and the resulting restatement of the Company's financial statements. Pursuant to the Sixth Modification, the lenders under the Credit Facility, among other things, consented to the continuing computation of Medicare and Medicaid EHR incentive payments under the grant accounting model for purposes of computing compliance with the Company's financial covenants under the Credit Facility notwithstanding such restatement of the Company's financial statements and waived any noncompliance that may have resulted by reason of such restatement of the Company's financial statements and prior use of the grant accounting model rather than the gain contingency model.

The March 2011 Modification and the September 2010 Modification included increases to the interest rate for the Revolving Loan to LIBOR plus 6.50% from the waiver date through November 14, 2010, LIBOR plus 7.50% from November 15, 2010 to February 15, 2011, LIBOR plus 8.50% from February 16, 2011 to April 14, 2011, LIBOR plus 9.50% from April 15, 2011 to May 15, 2011, LIBOR plus 10.50% from May 16, 2011 to July 15, 2011 and LIBOR plus 11.50% from July 16, 2011 through the July 28, 2011 closing date of the July 2011 Modification. Such modifications also increased the interest rate for the Term Loan to LIBOR plus 8.07% from the September 2010 Modification date through November 14, 2010, LIBOR plus 9.07% from November 15, 2010 to February 15, 2011, LIBOR plus 10.07% from February 16, 2011 to April 15, 2011, LIBOR plus 11.07% from April 15, 2011 to May 15, 2011, LIBOR plus 12.07% from May 16, 2011 to July 15, 2011 and LIBOR plus 13.07% from July 16, 2011 through the July 28, 2011, the effective date of the July 2011 Modification.

Under the terms of the September 2010 Modification, the Revolving Loan commitment was reduced to \$9,000. Under the September 2010 Modification, the term of the Credit Facility also was shortened and the termination date of the Credit Facility was changed from April 22, 2015 to September 30, 2011. The September 2010 Modification also contained conditions for waivers of the non-compliance with financial covenants for the quarters ended September 30, 2010, December 31, 2010 and March 31, 2011. A waiver fee of 2.00% of the then current Credit Facility commitment totaling approximately \$788 was paid at the September 2010 Modification closing and additional waiver fees of 0.50% of the then current total Credit Facility commitment were paid at November 15, 2010, February 15, 2011 and May 15, 2011.

Callaway RDA Loan - On March 26, 2012, SunLink Health Systems, Inc., HealthMont of Missouri, LLC (Borrower), HealthMont LLC (HLLC) entered into and closed on a \$5,000 Loan Agreement with a bank dated as of March 16, 2012 (the Callaway RDA Loan). The loan is guaranteed by the Company and HLLC. HealthMont of Missouri, LLC owns and operates Callaway Community Hospital (Callaway) in Fulton, Missouri. The Loan Agreement consists of two promissory notes; a \$4,000 note and \$1,000 note. The \$4,000 was drawn in its entirety on March 26, 2012. The \$1,000 will be drawn upon commencement of construction and improvement projects.

The Callaway RDA Loan has a term of 25 years with monthly payments of principal and interest until repaid. The Callaway RDA Loan bears interest at a floating interest rate computed as the prime rate (as published in The Wall Street Journal) plus 2%. The Callaway RDA Loan is collateralized by Callaway's real estate and equipment and is partially guaranteed under the U.S. Department of Agriculture, Rural Development Business and Industry Program. \$3,250 of the Callaway RDA Loan proceeds was applied as payment against the Company's senior debt under the Term Loan under the Company's Credit Facility. Approximately \$1,000 of the Callaway RDA Loan proceeds will be used to finance improvements, including to provide an inpatient geriatric psychiatry unit at Callaway, with the remainder of the Callaway RDA Loan proceeds used for working capital and closing costs. The Callaway RDA Loan contains certain financial covenants with respect to the Borrower's Current Ratio of current assets to current liabilities and Debt Service Coverage, all as defined in the Callaway RDA Loan Agreement, that the Borrower must maintain and that are measured at the end of each fiscal year. The Callaway RDA Loan is guaranteed by HLLC and the Company.

Note 9. Subordinated Long-Term Debt

Subordinated long-term debt consisted of the following:

	March 31, 2012	June 30, 2011
Carmichael's	\$ 2,602	\$ 2,497
Less current maturities	(300)	(300)
	\$ 2,302	\$ 2,197

Carmichael Notes On April 22, 2008, SunLink Scripts Rx, LLC (formerly known as SunLink Homecare Services, LLC) entered into a \$3,000 promissory note agreement with an interest rate of 8% with the former owners of Carmichael as part of the acquisition purchase price (the Carmichael Purchase Note). On April 12, 2011, an amendment to the Carmichael Purchase Note was entered into under which SunLink has the option to issue subordinated promissory notes to the former owners of Carmichael in payment of up to two semi-annual payments of principal and interest due under the Carmichael Purchase Note (the PIK Notes). The PIK Notes bear an interest rate of 8% and are due on April 22, 2015. A PIK Note for \$247 was issued on April 22, 2011 for the principal and interest payment that would have been due on April 22, 2011. A PIK Note for \$252 was issued on October 22, 2011 for the principal and interest payment that would have been due on October 22, 2011. The Carmichael Purchase Note is payable in semi-annual installments of \$150, which began on April 22, 2009, with the remaining balance of the Carmichael Purchase Note and the PIK Notes of \$1,702 due April 22, 2015. Interest is payable in arrears semi-annually on the six and twelve-month anniversary of the issuance of the note. The Carmichael Purchase Note is guaranteed by SunLink Health Systems, Inc. The note and the guarantee are subordinate to the Credit Facility.

Under the terms of the Credit Facility (see Note 8 Long-Term Debt and Revolving Line of Credit), if SunLink is in violation of certain terms and conditions of such facility, the Company cannot make principal payments due under the Carmichael Purchase Note without permission of the agent for the lenders of the Credit Facility.

Note 10. Income Taxes

Income tax benefit of \$155 (\$140 federal tax benefit and \$15 state tax benefit) and \$289 (\$281 federal tax benefit and \$8 state tax benefit) was recorded for the three months ended March 31, 2012 and 2011, respectively.

Income tax benefit of \$1,429 (\$1,187 federal tax benefit and \$242 state tax benefit) and \$1,815 (\$2,031 federal tax benefit and \$216 state tax expense) was recorded for the nine months ended March 31, 2012 and 2011, respectively.

We had an estimated net operating loss carry-forward for federal income tax purposes of approximately \$10,441 at March 31, 2012. Use of this net operating loss carry-forward is subject to the limitations of the provisions of Internal Revenue Code Section 382. As a result, not all of the net operating loss carry-forward is available to offset federal taxable income in the current year. At March 31, 2012, we have provided a partial valuation allowance against the deferred tax asset so that the net tax asset was \$13,299. Based upon management's assessment that it was more likely than not that a portion of its deferred tax asset (primarily its net operating losses subject to limitation) would not be recovered, the Company established a valuation allowance for the portion of the tax asset which management estimates will not be utilized.

The Company accounts for uncertainty in income taxes for a change in judgment related to prior years' tax positions in the quarter of such change. Activity in the unrecognized tax benefit liability account was as follows from July 1, 2010 through March 31, 2012:

Balance at July 1, 2010	71
Reduction for tax positions of prior years	(34)
Balance at June 30, 2011	37
Reduction for tax positions of prior years	(15)
Balance at March 31, 2012	\$ 22

Note 11. Commitments and Contingencies

Legal Proceedings

The Company is a party to claims and litigation incidental to its business, for which it is not currently possible to determine the ultimate liability, if any. Based on an evaluation of information currently available and consultation with legal counsel, management believes that resolution of such claims and litigation is not likely to have a material effect on the financial position, cash flows, or results of operations of the Company. The Company expenses legal costs as they are incurred.

On December 7, 2007, Southern Health Corporation of Ellijay, Inc. (SHC-Ellijay), a SunLink subsidiary, filed a Complaint against James P. Garrett and Roberta Mundy, both individually and as Fiduciary of the Estate of Randy Mundy (collectively, Defendants), seeking specific performance of an Option Agreement (the Option Agreement) dated April 17, 2007, between SHC-Ellijay, Mr. Garrett, and Ms. Mundy as Executrix of the Estate of Randy Mundy for the sale of approximately 24.74 acres of real property located in Gilmer County, Georgia, and recovery of SHC-Ellijay's damages suffered as a result of Defendants' failure to close the transaction in accordance with the Option Agreement. SHC-Ellijay also stated alternative claims for breach of the Option Agreement and fraud, along with claims to recover attorney's fees and punitive damages.

In January 2008, Ms. Mundy and Mr. Garrett filed motions to strike, motions to dismiss, answers, affirmative defenses, and counterclaims against SHC-Ellijay. On March 3, 2009, SHC-Ellijay filed a First Amended and Restated Complaint for Damages, which effectively dropped the cause of action for specific performance of the Option Agreement. On May 7, 2009, Mr. Garrett and Ms. Mundy served a motion for summary judgment on all counts and causes of action stated in the First Amended Complaint, contending that Mr. Garrett and Ms. Mundy did not intentionally breach the Option Agreement. SHC-Ellijay filed opposition papers in June 2009. In May 2011, SHC-Ellijay filed a motion for partial summary judgment on Count I of the Amended Complaint, seeking a judgment holding that Defendants willfully and intentionally breached the Option Agreement in eight ways, which would entitle SHC-Ellijay to recover damages from Defendants. In July 2011, SHC-Ellijay filed a reply brief in further support of its motion for partial summary judgment on the complaint and full summary judgment on the Defendants' counterclaims and brief in opposition to Defendants' cross motion for summary judgment. On April 11, 2012, summary judgment was awarded to SHC-Ellijay. The summary judgment was appealed by the Defendants on April 16, 2012 to which SHC-Ellijay filed a reply brief on April 26, 2012 and is awaiting response.

SunLink denies that it has any liability to Mr. Garrett and Ms. Mundy and intends to vigorously defend the claims asserted against SunLink by Mr. Garrett's and Ms. Mundy's counterclaims and to vigorously pursue its claims against Mr. Garrett and Ms. Mundy. While the ultimate outcome and materiality of the litigation cannot be determined, in management's opinion the litigation will not have a material adverse effect on SunLink's financial condition or results of operations.

Contractual Obligations, Commitments and Contingencies

Contractual obligations, commitments and contingencies related to long-term debt, non-cancelable operating leases, physician guarantees and interest on outstanding debt from continuing operations at March 31, 2012 were as follows:

Payments due in:	Long-Term Debt	Subordinated	Operating Leases	Physician Guarantees	Interest on Outstanding Debt	Interest
		Long-Term Debt				on Outstanding Subordinated Debt
1 year	\$ 16,689	\$ 300	\$ 2,855	\$ 54	\$ 1,901	\$ 196
2 years	163	300	1,228	54	210	172
3 years	109	300	853	54	186	148
4 years	115	1,702	614	35	197	68
5+ years	3,577	0	879	0	2,401	0
	\$ 20,653	\$ 2,602	\$ 6,429	\$ 197	\$ 4,895	\$ 584

At March 31, 2012, SunLink had guarantee agreements with three physicians. A physician with whom a guarantee agreement is made generally agrees to maintain his or her practice within a hospital geographic area for a specific period (normally three years) or be liable to repay all or a portion of the guarantee received. The physician's liability for any guarantee repayment due to non-compliance with the provisions of a guarantee agreement generally is collateralized by the physician's patient accounts receivable and/or a promissory note from the physician. Included in the Company's consolidated balance sheet at March 31, 2012 is a liability of \$197 for one physician guarantee. SunLink expensed \$33 and \$82 on physician guarantees and recruiting for the three months ended March 31, 2012 and 2011, respectively. SunLink expensed \$331 and \$222 on physician guarantees and recruiting for the nine months ended March 31, 2012 and 2011, respectively. The table above shows non-cancelable commitments under physician guarantee contracts as of March 31, 2012.

Note 12. - Related Party Transactions

A director of the Company and our company secretary (who was a director of SunLink until November 2003 and is now a director emeritus) are members of two different law firms, each of which provides services to SunLink. The Company has paid an aggregate of \$385 and \$239 for legal services to these law firms in the three months ended March 31, 2012 and 2011, respectively, and \$743 and \$673 for legal services to these law firms in the nine months ended March 31, 2012 and 2011, respectively.

Note 13. - Financial Information by Segment

Under ASC Topic No. 280, Segment Reporting, operating segments are defined as components of an enterprise about which separate financial information is available that is evaluated regularly by the chief operating decision maker, or decision-making group, in deciding how to allocate resources and in assessing performance. Our chief operating decision-making group is composed of SunLink's chief executive officer and other members of SunLink's senior management. Our two reportable operating segments are Healthcare Facilities and Specialty Pharmacy.

Edgar Filing: SUNLINK HEALTH SYSTEMS INC - Form 10-Q

We evaluate performance of our operating segments based on revenue and operating income (loss). Segment information for the three and nine months ended March 31, 2012 and 2011 is as follows:

	Healthcare Facilities	Specialty Pharmacy	Corporate and Other	Total
Three months ended March 31, 2012				
Net revenues from external customers	\$ 27,943	\$ 11,541	\$ 0	\$ 39,484
Operating profit (loss)	881	63	(1,252)	(308)
Depreciation and amortization	831	240	137	1,208
Assets	53,070	11,885	17,806	82,761
Expenditures for property, plant and equipment	97	109	11	217
Nine months ended March 31, 2012				
Net revenues from external customers	\$ 82,071	\$ 29,968	\$ 0	\$ 112,039
Operating profit (loss)	2,319	(160)	(3,752)	(1,593)
Depreciation and amortization	2,471	703	408	3,582
Assets	53,070	11,885	17,806	82,761
Expenditures for property, plant and equipment	365	320	50	735
Three months ended March 31, 2011				
Net revenues from external customers	\$ 29,685	\$ 12,691	\$ 0	\$ 42,376

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

(dollars in thousands, except per share and admissions data)

Forward-Looking Statements

This Quarterly Report and the documents that are incorporated by reference in this Quarterly Report contain certain forward-looking statements within the meaning of the safe harbor for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995. Forward-looking statements include all statements that do not relate solely to historical or current facts and may be identified by the use of words such as may, believe, will, expect, project, estimate, anticipate, plan or continue. These forward-looking statements are based on our current plans and expectations and are subject to a number of risks, uncertainties and other factors which could significantly affect current plans and expectations and our future financial condition and results. These factors, which could cause actual results, performance and achievements to differ materially from those anticipated, include, but are not limited to:

General Business Conditions

general economic and business conditions in the U.S., both nationwide and in the states in which we operate;

increases in uninsured and/or underinsured patients due to unemployment or other conditions resulting in higher bad debt amounts;

the competitive nature of the U.S. community hospital, nursing home, homecare and specialty pharmacy businesses;

demographic changes in areas where we operate;

the availability of new long-term financing to replace our existing credit facility;

the availability of cash or borrowings to fund working capital, renovations, replacements, expansions and capital improvements at existing hospital facilities and for acquisitions and replacement hospital facilities;

changes in accounting principles generally accepted in the U.S.; and,

fluctuations in the market value of equity securities including SunLink common shares;

Operational Factors

inability to operate profitably in one or more segments of the healthcare business;

the availability of, and our ability to attract and retain, sufficient qualified staff physicians, management, nurses, pharmacists and staff personnel for our operations;

timeliness and amount of reimbursement payments received under government programs;

Edgar Filing: SUNLINK HEALTH SYSTEMS INC - Form 10-Q

increases in interest rates under debt agreements

the inability to refinance existing indebtedness and potential defaults under existing indebtedness;

restrictions imposed by debt agreements;

the cost and availability of insurance coverage including professional liability (e.g., medical malpractice) and general liability insurance;

the efforts of insurers, healthcare providers, and others to contain healthcare costs;

the impact on hospital services of the treatment of patients in lower acuity healthcare settings, whether with drug therapy or in alternative healthcare settings, such as surgery centers or urgent care centers;

changes in medical and other technology;

risks of changes in estimates of self insurance claims and reserves;

increases in prices of materials and services utilized in our Healthcare Facilities and Specialty Pharmacy Segments;

increases in wages as a result of inflation or competition for management, physician, nursing, pharmacy and staff positions;

increases in the amount and risk of collectability of accounts receivable, including deductibles and co-pay amounts;

the functionality or costs with respect to our information systems for our Healthcare Facilities and Specialty Pharmacy Segments and our corporate office, including both software and hardware; and

the availability of and competition from alternative drugs or treatments provided by our Specialty Pharmacy Segment;

Liabilities, Claims, Obligations and Other Matters

claims under leases, guarantees and other obligations relating to discontinued operations, including sold facilities, retained or acquired subsidiaries and former subsidiaries;

potential adverse consequences of known and unknown government investigations;

claims for product and environmental liabilities from continuing and discontinued operations;

professional, general and other claims which may be asserted against us; and,

natural disasters and weather-related events such as earthquakes, flooding, snow, ice and wind damage and population evacuations affecting areas in which we operate.

Regulation and Governmental Activity

existing and proposed governmental budgetary constraints;

the regulatory environment for our businesses, including state certificate of need laws and regulations, rules and judicial cases relating thereto;

anticipated adverse changes in the levels and terms of government (including Medicare, Medicaid and other programs) and private reimbursement for SunLink's healthcare services including the payment arrangements and terms of managed care agreements;

changes in or failure to comply with Federal, state or local laws and regulations affecting the healthcare industry including Federal healthcare reform legislation and,

the possible enactment of Federal healthcare reform laws or reform laws in states where we operate hospital and pharmacy facilities (including Medicaid waivers and other reforms);

Acquisition Related Matters

the availability and terms of capital to fund acquisitions;

impairment or uncollectibility of certain acquired assets;

assumed liabilities discovered subsequent to an acquisition;

our ability to integrate acquired healthcare businesses and implement our business strategy; and,

competition in the market for acquisitions of hospitals and healthcare businesses.

The foregoing are significant factors we think could cause our actual results to differ materially from expected results. However, there could be additional factors besides those listed herein that also could affect SunLink in an adverse manner.

You should read this Quarterly Report completely and with the understanding that actual future results may be materially different from what we expect. You are cautioned not to unduly rely on forward-looking statements when evaluating the information presented in this Quarterly Report or our other disclosures because current plans, anticipated actions, and future financial conditions and results may differ from those expressed in any forward-looking statements made by or on behalf of SunLink.

We have not undertaken any obligation to publicly update or revise any forward-looking statements. All of our forward-looking statements speak only as of the date of the document in which they are made or, if a date is specified, as of such date. We disclaim any obligation or undertaking to provide any updates or revisions to any forward-looking statement to reflect any change in our expectations or any changes in events, conditions, circumstances or information on which the forward-looking statement is based. All subsequent written and oral forward-looking statements attributable to us or persons acting on our behalf are expressly qualified in their entirety by the foregoing factors and the risk factors set forth elsewhere in this report and in our Annual Report on Form 10-K/A.

Corporate Business Strategy

SunLink's Board and management has determined to focus the Company's strategic efforts on enhancing its existing hospital portfolio, including the selective disposal of underperforming and non-strategic facilities, and on pursuing selected potential hospital acquisitions. SunLink is committed to enhancing shareholder value while maintaining high standards of responsibility to its patients, employees and the communities it serves and will continue to pursue strategic alternatives consistent with that commitment.

Operations

Our operational strategy is focused on efforts to improve operations and generate internal growth. Our primary operational strategy for our community hospitals is to improve the operations and profitability of such hospitals by reducing out-migration of patients, recruiting physicians, improving quality and safety of services, expanding services and implementing and maintaining effective cost controls. Our operational strategy for our nursing homes and home health agency is similar to that for our community hospitals and is focused on quality patient care, expanding services and implementing and maintaining effective cost controls. Our operational strategy for our Specialty Pharmacy Segment is focused on increasing market share, expanding services, and implementing and maintaining effective cost controls.

Acquisitions and Dispositions Strategy

The Company continues to evaluate certain rural and exurban hospitals and healthcare businesses, which may be for sale, and monitor other selected rural and exurban healthcare acquisition targets which it believes might become available for sale or lease.

We believe there may be renewed opportunities for acquisitions or dispositions of individual hospitals in the future due to, among other things, continued negative trends in certain government reimbursement programs and other factors. We also believe there may be opportunities for the acquisition or disposition of individual or groups of hospitals in the future as other for-profit and not-for-profit hospital operators seeking to re-align the focus of their portfolios.

We also may consider the disposition of one or more of our healthcare facilities, Specialty Pharmacy Segment service lines or business segments, particularly if we determine that the operating results or potential growth of such facility, service line or segment no longer meet our business objectives.

Critical Accounting Estimates

The preparation of financial statements in accordance with U.S. generally accepted accounting principles requires us to make estimates and assumptions that affect reported amounts and related disclosures. We consider an accounting estimate to be critical if:

it requires assumptions to be made that were uncertain at the time the estimate was made; and

changes in the estimate or different estimates that could have been made could have a material impact on our consolidated results of operations or financial condition.

Our critical accounting estimates are more fully described in our 2011 Annual Report on Form 10-K/A and continue to include the following areas:

Receivables net and provision for doubtful accounts;

Revenue recognition / Net Patient Service Revenues;

Goodwill, intangible assets and accounting for business combinations;

Professional and general liability claims; and

Accounting for income taxes; and

Electronic Health Record incentives.

Financial Summary

The results of continuing operations shown in the financial summary below are for our two business segments, Healthcare Facilities and Specialty Pharmacy.

	THREE MONTHS ENDED			NINE MONTHS ENDED		
	2012	March 31, 2011	% Change	2012	March 31, 2011	% Change
Net Revenues - Healthcare Facilities	\$ 27,943	\$ 29,686	-5.9%	\$ 82,071	\$ 86,637	-5.3%
Net Revenues - Specialty Pharmacy	11,541	12,690	-9.1%	29,968	33,076	-9.4%
Total Net Revenues	39,484	42,376	-6.8%	112,039	119,713	-6.4%

Loss from continuing operations before income taxes	\$ (1,372)	\$ (857)	-60.1%	\$ (4,990)	\$ (6,523)	23.5%
Healthcare Facilities Segment:						
Admissions	1,271	1,455	-13%	3,625	3,957	-8%
Equivalent admissions	4,152	4,100	1%	12,389	12,167	2%
Surgeries	452	535	-16%	1,538	1,831	-16%
Revenue per equivalent admission	\$ 6,712	\$ 7,231	-7%	\$ 6,600	\$ 7,118	-7%

Equivalent admissions Equivalent admissions is used by management (and certain investors) as a general measure of combined inpatient and outpatient volume for our hospital operations. Equivalent admissions are computed by multiplying admissions (inpatient volume) by the sum of gross inpatient revenues and gross outpatient revenues and dividing the result by gross inpatient revenues. The equivalent admissions computation is intended to relate outpatient revenues to the volume measure (admissions) used to measure inpatient volume to result in a general approximation of combined inpatient and outpatient volume (equivalent admissions).

Results of Operations

Our net revenues are from our two business segments, healthcare facilities and specialty pharmacy.

Healthcare Facilities Segment

Net revenues for the three months ended March 31, 2012 were \$27,943 with a total of 4,152 equivalent admissions and revenue per equivalent admission of \$6,712 compared to net revenues of \$29,686 with a total of 4,100 equivalent admissions and revenue per equivalent admission of \$7,231 for the quarter ended March 31, 2011. Net revenues for the nine months ended March 31, 2012 were \$82,071 with a total of 12,389 equivalent admissions and revenue per equivalent admission of \$6,600 compared to net revenues of \$86,637 with a total of 12,167 equivalent admissions and revenue per equivalent admission of \$7,118 for the nine months ended March 31, 2011.

The following table sets forth the percentage of net patient revenues from major payor sources for the Company's five hospitals during the periods indicated:

Source:	Three Months Ended March 31,		Nine Months Ended March 31,	
	2012	2011	2012	2011
Medicare	43.4%	41.8%	41.5%	40.9%
Medicaid	12.8%	18.4%	13.5%	15.8%
Self-pay	12.5%	11.1%	13.7%	12.9%
Managed Care Insurance & Other	31.3%	28.7%	31.3%	30.4%
	100.0%	100.0%	100.0%	100.0%

As a percentage of net revenue, all payor classes except Medicaid increased in the three and nine months ended March 31, 2012 compared to the comparable prior year period as a result of increased equivalent admission. The decrease in Medicaid as a percentage of net revenue in the three and nine months ended March 31, 2012 is due to decreases in revenue from state indigent care programs in the current year periods as compared to the comparable prior year periods. Total revenue from state indigent care programs decreased \$760 and \$994 in the three and nine months ended March 31, 2012, respectively, from the comparable prior year periods.

Specialty Pharmacy Segment

Specialty Pharmacy net revenues for the three months ended March 31, 2012 was \$11,541, a decrease of \$1,149, or 9.1%, from \$12,690 for the three months ended March 31, 2011. Specialty Pharmacy net revenues for the nine months ended March 31, 2012 was \$29,968, a decrease of \$3,108, or 9.4%, from \$33,076 for the nine months ended March 31, 2011. The decrease was due to the conversion of numerous institutional pharmacy direct-servicing contracts to a pharmacy management contract, the loss of certain other institutional contracts and a decrease in the sale of the seasonal infusion therapy drug from the same period of the prior year, offset somewhat by the realization of net revenues related to a new component of the institutional pharmacy business.

Healthcare Facilities Segment Cost and Expenses

Costs and expenses for our Healthcare Facilities, including depreciation and amortization, were \$26,131 and \$27,551 for the three months ended March 31, 2012 and 2011, respectively. Costs and expenses for our Healthcare Facilities, including depreciation and amortization, were \$78,821 and \$82,964 for the nine months ended March 31, 2012 and 2011, respectively.

	Cost and Expenses as a % of Net Revenues			
	Three Months		Nine Months	
	Ended March 31, 2012	2011	Ended March 31, 2012	2011
Salaries, wages and benefits	49.5%	45.8%	49.7%	46.3%
Provision for bad debts	9.8%	11.5%	12.2%	12.9%
Supplies	8.9%	9.1%	9.0%	9.6%
Purchased services	6.7%	7.3%	7.2%	7.4%
EHR incentive payments	0.0%	0.0%	-2.5%	0.0%
Other operating expenses	13.9%	14.1%	14.9%	14.4%
Rent and lease expense	2.0%	2.1%	2.1%	2.1%
Depreciation and amortization expense	2.9%	3.4%	3.0%	3.3%

Salaries, wages and benefits increased as a percentage of net revenue in the three and nine months ended March 31, 2012 due to increased employee medical claims expense and the overall decrease in net patient revenues for the three and nine months ended March 31, 2012.

Provision for bad debts decreased as a percentage of net revenue in the three and nine months ended March 31, 2012 due to concentration on upfront collection efforts as well as increased indigent care write offs in the current year period compared to the comparable prior year period.

Supplies decreased as a percentage of net revenue in the nine months ended March 31, 2012 due to a decrease in the number of surgeries performed as compared to the nine months ended March 31, 2011. Surgeries for the nine months ended March 31, 2012 were 1,538 compared to 1,831 for the comparable prior year period.

EHR incentive payments as a percent of net revenue is a negative 2.5% for the 9 months ended March 31, 2012. This is related to the \$1,627 of Medicaid EHR incentive payments recognized in the six months ended December 31, 2011. There were no Medicaid EHR incentive payments recognized in the three months March 31, 2012 and the three and nine months ended March 31, 2011.

Other operating expenses as a percentage of net revenue increased slightly from the comparable prior year due to the overall decrease in net revenues for the three months ended March 31, 2012.

Depreciation and amortization expense for the nine months ended March 31, 2012 and 2011 were \$2,471 and \$2,753, respectively. Depreciation and amortization expense for the nine months ended March 31, 2012 and 2011 were \$831 and \$917, respectively. The decrease in the nine months ended March 31, 2012 compared to the nine months ended March 31, 2011 is due to assets being fully depreciated in the current three and nine month periods as compared to the prior year periods.

Specialty Pharmacy Segment Cost and Expenses

Cost and expenses for our Specialty Pharmacy Segment, including depreciation and amortization, were \$11,478 and \$12,846 for the three months ended March 31, 2012 and 2011, respectively. For the nine months ended March 31, 2012 and 2011, cost and expenses for our Specialty Pharmacy Segment, including depreciation and amortization, were \$30,128 and \$33,443, respectively.

	Cost and Expenses as a % of Net Revenues			
	Three Months		Nine Months	
	Ended March 31, 2012	2011	Ended March 31, 2012	2011
Cost of goods sold	72.9%	73.2%	70.6%	71.2%
Salaries, wages and benefits	15.4%	13.7%	17.7%	15.7%
Provision for bad debts	1.7%	4.2%	1.7%	2.7%
Supplies	0.4%	0.3%	0.6%	0.5%
Purchased services	2.9%	3.1%	3.3%	3.6%
Other operating expenses	3.2%	2.8%	3.5%	3.2%
Rent and lease expense	0.8%	0.6%	0.8%	0.7%
Depreciation and amortization expense	2.1%	3.2%	2.3%	3.6%

Cost of goods sold as a percent of net revenues decreased in the three and nine month periods ended March 31, 2012 as compared to the comparable periods of the prior year due the current periods' decreases in sales of certain infusion therapy products, which have a higher cost of sales as a percentage of net revenues, favorable purchasing contracts negotiations, and improved margins for the institutional pharmacy business.

Salaries, wages and benefits as a percent of net revenues increased in the three and nine month periods ended March 31, 2012 as compared to the comparable periods of the prior year due to the increased staffing requirements related to a new component of the institutional pharmacy business.

Provision for bad debts as a percent of net revenues decreased in the three and nine month periods ended March 31, 2012 as compared to the comparable periods of the prior year due primarily to the implementation of additional business office and intake policies and procedures, offset somewhat by the continued decline of economic conditions in the region.

Purchased services as a percent of net revenues decreased in the three and nine month periods ended March 31, 2012 as compared to the comparable periods of the prior year due to the impact of cost-cutting measures.

Other operating expenses as a percent of net revenues increased in the three and nine month periods ended March 31, 2012 as compared to the comparable periods of the prior year due to increased utilities and fuel cost and expenses, offset somewhat by the impact of cost-cutting measures.

Depreciation and amortization expense decreased due to impairment of certain intangible assets during fiscal year 2011 which decreased the amount of annual amortization on the remaining intangible assets. Amortization expense for three months ended March 31, 2012 was \$36 compared to \$146 for the comparable prior year period. Amortization expense for nine months ended March 31, 2012 was \$107 compared to \$438 for the comparable prior year period.

Corporate Overhead Costs and Expenses

Cost and expenses for Corporate Overhead including depreciation and amortization, was \$1,252 and \$1,231 for the three months ended March 31, 2012 and 2011, respectively. For the nine months ended March 31, 2012 and 2011, cost and expenses for Corporate Overhead including depreciation and amortization, was \$3,752 and \$4,149, respectively. Corporate Overhead decreased in the nine months ending March 31, 2012 due to \$484 of severance expense incurred in the comparable prior year period that was not incurred during the current year period, partially offset by increases in expenses related to review of strategic alternative during the current year period.

Impairment of Goodwill and Intangible Assets

The Company performed an interim impairment testing of the goodwill and certain intangible assets of its subsidiaries as March 31, 2012. The Company concluded that the carrying value of the subsidiary exceeded its fair value, and as a result, recognized a goodwill impairment charge of \$931 for its Healthmont, LLC subsidiary, part of the Healthcare Facilities Segment, during the quarter ended March 31, 2012.

Operating Profit

SunLink had an operating loss of \$308 for the three months ended March 31, 2012 and \$748 for the three months ended March 31, 2011. SunLink had an operating loss of \$1,593 and \$843 for the nine months ended March 31, 2012 and March 31, 2011, respectively. The operating loss for the three months ended March 31, 2012 and the increased operating loss for the nine months ended March 31, 2012 compared to the prior year periods resulted from decreases in net revenues partially offset by decreases in cost and expenses as a result of effective cost control measures implemented at the facilities and a \$931 goodwill impairment charge for the three and nine months ended March 31, 2012 resulting from the 2004 acquisition of Healthmont, Inc.

Interest Expense

Interest expense was \$1,072 and \$1,607 for the three months ended March 31, 2012 and 2011, respectively and \$3,407 and \$5,684 for the nine months ended March 31, 2012 and 2011, respectively. Interest expense for the three and nine months ended March 31, 2012 decreased from the same periods last year due to an \$8,000 prepayment on the term loan resulting in reduced interest expense which was partially offset by an increase in interest rates. The decrease also resulted from decreased waiver fees and non-cash amortization of costs and fees in the current year periods. Non-cash amortization expense of costs and fees was \$42 and \$126 for the three and nine months ended March 31, 2012, respectively, compared to \$181 and \$1,283 for the three and nine months ended March 31, 2011, respectively. Waiver fees and costs were \$0 and \$131 for the three and nine months ended March 31, 2012, respectively, compared to \$283 and \$1,267 for the three and nine months ended March 31, 2011, respectively.

Income Taxes

Income tax benefit of \$155 (\$140 federal tax benefit and \$15 state tax benefit) and \$289 (\$281 federal tax benefit and \$8 state tax benefit) was recorded for the three months ended March 31, 2012 and 2011, respectively.

Income tax benefit of \$1,429 (\$1,187 federal tax benefit and \$242 state tax benefit) and \$1,815 (\$2,031 federal tax benefit and \$216 state tax expense) was recorded for the nine months ended March 31, 2012 and 2011, respectively.

We had an estimated net operating loss carry-forward for federal income tax purposes of approximately \$10,441 at March 31, 2012. Use of this net operating loss carry-forward is subject to the limitations of the provisions of Internal Revenue Code Section 382. As a result, not all of the net operating loss carry-forward is available to offset federal taxable income in the current year. At March 31, 2012, we have provided a partial valuation allowance against the deferred tax asset so that the net tax asset was \$13,299. Based upon management's assessment that it was more likely than not that a portion of its deferred tax asset (primarily its net operating losses subject to limitation) would not be recovered, the Company established a valuation allowance for the portion of the tax asset which management estimates will not be utilized.

Earnings (Loss) After Taxes

Loss from continuing operations was \$1,217 (\$0.13 loss per fully diluted share) for the quarter ended March 31, 2012 compared to \$568 (\$0.07 loss per fully diluted share) for the quarter ended March 31, 2011. The increased loss for the three months ended March 31, 2012 resulted from decreased operating profit and income tax benefit, partially offset by decreased interest expense as compared to the comparable prior year period. Loss from continuing operations was \$3,561 (\$0.38 loss per fully diluted share) for the nine months ended March 31, 2012 compared to loss from continuing operations of \$4,708

(\$0.58 loss per fully diluted share) for the quarter ended March 31, 2011. The decreased loss for the nine months ended March 31, 2012 resulted from decreased interest expense and income tax benefit partially offset by increased operating loss compared to the comparable prior year period.

Loss from discontinued operations of \$327 for the three months ended March 31, 2012 resulted from the Adel pre-tax losses from operations of \$318 and \$196 of expenses related to the sale of Adel, resulting in \$314 of loss after taxes. Also included in the loss from discontinued operations for the three months ended March 31, 2012 is \$14 of losses resulting from pension items relating to discontinued operations. Loss from discontinued operations of \$472 for the nine months ended March 31, 2012 resulted from the Adel pre-tax losses from operations of \$497 and \$196 of expenses related to the sale of Adel, resulting in \$431 of loss after taxes. Also included in the loss from discontinued operations for the nine months ended March 31, 2012 is \$41 of losses resulting from pension items relating to discontinued operations.

Net loss for the quarter ended March 31, 2012 was \$1,544 (\$0.16 loss per fully diluted share) compared to net loss of \$314 (\$0.04 loss per fully diluted share) for the quarter ended March 31, 2011. Net loss for the nine months ended March 31, 2012 was \$4,033 (\$0.43 loss per fully diluted share) compared to net loss of \$4,848 (\$0.60 loss per fully diluted share) for the nine months ended March 31, 2011.

Adjusted earnings before income taxes, interest, depreciation and amortization

Earnings before income taxes, interest, depreciation and amortization (EBITDA) represent the sum of income before income taxes, interest, depreciation and amortization. We understand that certain industry analysts and investors generally consider EBITDA to be one measure of the liquidity of a company, and it is presented to assist analysts and investors in analyzing the ability of a company to generate cash, service debt and meet capital requirements. We believe increased EBITDA is an indicator of improved ability to service existing debt and to satisfy capital requirements. EBITDA, however, is not a measure of financial performance under accounting principles generally accepted in the United States of America and should not be considered an alternative to net income as a measure of operating performance or to cash liquidity. Because EBITDA is not a measure determined in accordance with accounting principles generally accepted in the United States of America and is thus susceptible to varying calculations, EBITDA, as presented, may not be comparable to other similarly titled measures of other corporations. Where we adjust EBITDA for non-cash charges we refer to such measurement as Adjusted EBITDA , which we report on a company wide basis. Non-cash adjustments in Adjusted EBITDA are not intended to be identified or characterized in any respect as non-recurring, infrequent or unusual, if we believe such charge is reasonably likely to recur within two years, or if there was a similar charge (or gain) within the prior two years. Where we report Adjusted EBITDA, we typically also report Healthcare Facilities Segment Adjusted EBITDA and Specialty Pharmacy Segment Adjusted EBITDA which is the EBITDA for the applicable segments without any allocation of corporate overhead, which we report as a separate line item, gains on sales of businesses and without any allocation of the non-cash adjustments, which we also report as a separate line item in Adjusted EBITDA. Net cash used in operations for the three and nine months ended March 31, 2012 and 2011, respectively, is shown below.

	Three Months Ended March 31,		Nine Months Ended March 31,	
	2012	2011	2012	2011
Healthcare Facilities Adjusted EBITDA	\$ 2,642	\$ 3,051	\$ 5,710	\$ 6,425
Specialty Pharmacy Adjusted EBITDA	304	254	543	823
Corporate overhead costs	(1,111)	(1,114)	(3,333)	(3,803)
Taxes and interest expense	(699)	(1,253)	(1,682)	(3,779)
Other non-cash expenses and net change in operating assets and liabilities	(1,269)	(2,253)	(2,394)	(2,170)
Net cash provided by (used in) operations	\$ (133)	\$ (1,315)	\$ (1,156)	\$ (2,504)

Liquidity and Capital Resources

Our primary sources of liquidity are cash generated from continuing operations, including EHR incentive payments and availability under the Revolving Loan under our Credit Facility which is discussed below. Subject to the risks and uncertainties discussed herein, we believe we have adequate financing and liquidity to support our current level of operations through the next twelve months.

On April 23, 2008, SunLink entered into a \$47,000 seven-year senior secured credit facility (Credit Facility) comprised of a revolving line of credit of up to \$12,000 (the Revolving Loan) and a \$35,000 term loan (the Term Loan). The Credit Facility has subsequently been amended by modification agreements on July 28, 2011 (July 2011 Modification), March 1, 2011 (March 2011 Modification), and September 27, 2010 (September 2010 Modification). The termination date for the Credit Facility currently is January 1, 2013 and the maximum Revolving Loan commitment currently is \$9,000. At March 31, 2012, SunLink's calculated net collectible value of eligible accounts receivable was \$8,979, the Revolving Loan balance was \$6,631 with an interest rate at LIBOR plus 9.125% (11.875% at March 31, 2012), and the Term Loan balance was \$16,523 with an interest rate at LIBOR plus 11.07% (13.82% at March 31, 2012). Borrowings under the Credit Facility are at LIBOR plus the applicable interest rate. Under the Credit Facility, LIBOR is defined as the Thirty-Day published rate, not to be less than 2.75%, nor more than 5.50%. The maximum availability of the Revolving Loan is keyed to the calculated net collectible value of eligible accounts receivable.

The Credit Facility is secured by a first priority security interest in substantially all real and personal property of the Company and its consolidated subsidiaries, including a pledge of all of the equity interests in such subsidiaries. The real property of Callaway Community Hospital (Callaway) in Fulton, Missouri secured a \$5,000 loan which closed March 16, 2012 (the Callaway RDA Loan). The Credit Facility contains various terms and conditions, including operational and financial restrictions and limitations, and affirmative and negative covenants. The covenants include financial covenants measured on a quarterly basis which require SunLink to comply with maximum leverage and minimum fixed charge ratios, maximum capital expenditure amounts, collateral value to loan amount and liquidity and cash flow measures, all as defined in the Credit Facility.

We believe that the Company should be able to continue in compliance with the revised levels of financial covenants and terms in the Credit Facility through January 1, 2013, the facility termination date, but there is no assurance that the Company will be able to do so. The Term Loan under the Credit Facility had a balance of \$16,253. We plan to repay approximately \$7,500 of the Term Loan from the proceeds from the proposed July 2012 sale of Adel. We are actively seeking refinancing options to refinance the Credit Facility by its termination date and also provide financing for the Company's liquidity need. If we fail to remain in compliance with the Credit Facility as modified, we would cease to have a right to draw on the revolving line of credit facility and the lenders would, among other things, be entitled to call a default and demand repayment of the indebtedness outstanding. If SunLink or its applicable subsidiaries experience a material adverse change in their business, assets, financial condition, management or operations, or if the value of the collateral securing the Credit Facility decreases, we may be unable to draw on the Revolving Loan.

We also believe our current level of operations will allow us to continue to borrow under the Revolving Loan if we otherwise remain in compliance with all of the current terms and covenants under the Credit Facility. Failure to remain in compliance with all the terms of and covenants under the Credit Facility could have adverse material effects on the Company. The current remaining availability under the Revolving Loan could be adversely affected by, among other things, the risk, uncertainties and other factors listed in Item 3. Quantitative and Qualitative Disclosures about Market Risk (Item 3), as well as lower earnings due to lower demand for our services by patients, changes in patient mix and changes in terms and levels of government and private reimbursement for services. Cash generated from operations could be adversely affected by, among other things, the risks, uncertainties and other factors listed in Item 3, as well as lower patient demand for our services, higher operating costs (including, but not limited to, salaries, wages and benefits, provisions for bad debts, general liability and other insurance costs, cost of pharmaceutical drugs and other operating expenses) or by changes in terms and levels of government and private reimbursement for services, and the regulatory environment of the community hospital segment.

Under the terms of the July 2011 Modification, the termination date of the Credit Facility was extended to January 1, 2013. Under the terms of the July 2011 Modification, SunLink also made an \$8,000 prepayment on the Term Loan and paid a modification fee of \$131. The source of the repayment was \$2,500 of proceeds from a private placement of SunLink common shares and \$5,500 of operating funds. Under the July 2011 Modification, the interest rate under the Revolving Loan was adjusted to LIBOR plus an applicable interest rate of 8.875%, or a total interest rate of 11.625% at July 28, 2011 and the interest rate under the Term Loan was adjusted to LIBOR plus an applicable interest rate of 10.82%, or a total interest rate of 13.57% at July 28, 2011. The July 2011 Modification also included covenants calling for further reductions in the principal balance of the term loan in September and December of 2011. Under the September 2011 and December 2011 Term Loan Reduction Covenants, if the principal balance under the Term Loan was not reduced by the prescribed amounts, the interest rate for both the Term Loan and the Revolving Loan would increase by an aggregate additional 0.50% over the prescribed interest rate for the remainder of the Credit Facility's term. Because the September 2011 and December 2011 Term Loan Reduction Covenants were not met, the interest on the Term Loan and the Revolving Loan increased by 0.25% at October 1, 2011 and 0.25% at January 1, 2012.

On May 3, 2012, the Company entered into the Fifth Modification to the Credit Facility. The Fifth Modification contained, among other things, the consent by the lenders under the Credit Facility to the sale under Asset Purchase Agreement by and among HealthMont of Georgia, Inc., SunLink and Hospital Authority of Tift County, Georgia (Buyer) of substantially all of the assets of the Company's owned Memorial Hospital of Adel and Memorial Convalescent Center (Adel) to the Buyer for approximately \$8,300 and requires that the net proceeds of approximately \$7,500 to the Company be applied to pay down the Term Loan under the Credit Facility.

On May 4, 2012, the Company entered into the Sixth Modification. The Sixth Modification was in response to, among other things, the SEC's requirement that Medicare and Medicaid EHR incentive payments be accounted under the gain contingency accounting model rather than the grant accounting model and the resulting restatement of the Company's financial statements. Pursuant to the Sixth Modification, the lenders under the Credit Facility, among other things, consented to the continuing computation of Medicare and Medicaid EHR incentive payments under the grant accounting model for purposes of computing compliance with the Company's financial covenants under the Credit Facility notwithstanding such restatement of the Company's financial statements and waived any noncompliance that may have resulted by reason of such restatement of the Company's financial statements and prior use of the grant accounting model rather than the gain contingency model.

On March 26, 2012, the Company, HealthMont of Missouri, LLC (Borrower), HealthMont LLC (HLLC) and a bank closed on the \$5,000 Callaway RDA Loan dated as of March 16, 2012. HealthMont of Missouri, LLC owns and operates Callaway in Fulton, Missouri.

The Callaway RDA Loan has a term of 25 years with monthly payments of principal and interest until repaid. The Callaway RDA Loan bears interest at a floating interest rate computed as the prime rate (as published in The Wall Street Journal) plus 2%. The Callaway RDA Loan is collateralized by Callaway's real estate and equipment and is partially guaranteed under the U.S. Department of Agriculture, Rural Development Business and Industry Program. \$3,250 of the Callaway RDA Loan proceeds was applied as payment against the Term Loan under the Company's Credit Facility. Approximately \$1,000 of the Callaway RDA Loan proceeds will be used for improvements and to provide an inpatient geriatric psychiatry unit at Callaway with the remainder of the Callaway RDA Loan proceeds used for working capital and closing costs. The Callaway RDA Loan contains certain financial covenants with respect to the Borrower's Current Ratio of current assets to current liabilities and Debt Service Coverage, all as defined in the Callaway RDA Loan Agreement, that the Borrower must maintain and that are measured at the end of each fiscal year. The Callaway RDA Loan is guaranteed by HLLC and the Company.

We generated \$367 of cash in operations during the three months ended March 31, 2012 compared to the use of \$1,110 during the comparable prior year period. The cash generated in operations in the current year resulted from the decrease

in interest expense and severance expense paid this year offset partially by net loss. We used \$656 of cash in operations during the nine months ended March 31, 2012 compared to \$2,504 during the comparable prior year periods. The decrease in cash used in operations for the nine months ended March 31, 2012 compared to the comparable prior year period resulted from the decrease in interest expense and severance expense paid offset partially by net loss.

Contractual Obligations, Commitments and Contingencies

Contractual obligations, commitments and contingencies related to long-term debt, non-cancelable operating leases, physician guarantees and interest on outstanding debt from continuing operations at March 31, 2012 were as follows:

Payments due in:	Long-Term Debt	Subordinated Long-Term Debt	Operating Leases	Physician Guarantees	Interest on Outstanding Debt	Interest on Outstanding Subordinated Debt
1 year	\$ 16,689	\$ 300	\$ 2,855	\$ 54	\$ 1,921	\$ 196

	\$ 20,871	\$ 2,602	\$ 6,429	\$ 197	\$ 4,950	\$ 584

At March 31, 2012, SunLink had guarantee agreements with three physicians. A physician with whom a guarantee agreement is made generally agrees to maintain his or her practice within a hospital geographic area for a specific period (normally three years) or be liable to repay all or a portion of the guarantee received. The physician's liability for any guarantee repayment due to non-compliance with the provisions of a guarantee agreement generally is collateralized by the physician's patient accounts receivable and/or a promissory note from the physician. Included in the Company's consolidated balance sheet at March 31, 2012 is a liability of \$197 for one physician guarantee. SunLink expensed \$33 and \$82 on physician guarantees and recruiting for the three months ended March 31, 2012 and 2011, respectively. SunLink expensed \$331 and \$222 on physician guarantees and recruiting for the nine months ended March 31, 2012 and 2011, respectively. The table above shows non-cancelable commitments under physician guarantee contracts as of March 31, 2012.

At March 31, 2012, we had outstanding long-term debt and subordinated debt of \$23,473 of which \$16,523 was incurred under the Term Loan, \$4,000 was incurred under the Callaway RDA Loan, \$2,602 was incurred under the subordinated Carmichael Notes, and \$196 was related to capital leases. Also outstanding at March 31, 2012 was \$6,700 under the Revolving Loan.

Discontinued Operations

On March 8, 2012, the Company and its HealthMont of Georgia, Inc. subsidiary entered into an Asset Purchase Agreement by and among HealthMont of Georgia, Inc., SunLink and Hospital Authority of Tift County, Georgia (Buyer) effective March 1, 2012 to sell substantially all of the assets of the Company's owned Memorial Hospital of Adel and Memorial Convalescent Center (Adel) to the Buyer for approximately \$8,300. Excluded assets include accounts receivable as of the Cutoff Date and all Medicare and Medicaid incentive payments for meaningful use of electronic health record technology and all receivables, claims and settlements made pursuant to the Indigent Care Trust Fund of the State of Georgia, in each case, paid with respect to the fiscal year ending June 30, 2012. Retained liabilities generally consist of liabilities incurred prior to the closing date of the transaction. Effective April 1, 2012, Buyer began management of Adel under a management agreement to continue from such date until the scheduled date of closing. Pursuant to the terms of the management agreement, the Buyer is to retain any profit earned and fund any losses incurred during the management period. The transaction is subject to a number of conditions and is expected to close in SunLink's first fiscal quarter of 2013. The agreement may be terminated by either SunLink or the Buyer if the transaction is not consummated prior to July 31, 2012 or such later date as the parties may agree. Subject to certain conditions, if the Buyer terminates the agreement during the period April 1, 2012 through July 31, 2012 from other than a default by the Company, SunLink

will be entitled to a breakup fee of \$900. SunLink anticipates that the sale of assets of Adel for approximately \$8,300, less estimated sale expenses, will result in net proceeds of approximately \$7,500 to the Company and that the Company will be required to use all or substantially all of the net proceeds to pay down senior debt under the Company's Credit Facility.

Adel's operations have been reclassified as discontinued operations in our condensed consolidated financial statements for the three and nine month periods ended March 31, 2012 and 2011 and as of June 30, 2011.

On March 1, 2011, SunLink entered into an agreement to lease its owned Chilton Medical Center (Chilton) and sold its 83% membership interest in Clanton Hospital LLC (Clanton), which manages Chilton, to Carraway Medical Systems, Inc. (Carraway). The lease agreement is for a six-year term with monthly rent of \$37 and includes an option under which Carraway can purchase Chilton from SunLink. The option purchase price is \$3,700, less the amount paid, up to a maximum of \$615, to purchase the 17% membership interest of Clanton owned by local physicians. The purchase price of SunLink's 83% membership interest of Clanton was a \$1,000 six-year zero-coupon note plus a six-year 6% note for the net working capital of Clanton at purchase. If the purchase option for Chilton is exercised during the six-year term of the lease, any amount paid under the \$1,000 note will be credited to the option purchase price and any remaining balance on the note will be cancelled. As a result, the note is reserved on the balance sheet at \$1,000. At March 31, 2012, SunLink has recorded 75% of the estimated EHR Medicare and Medicaid incentive payments for Chilton. Pursuant to the terms of the sale and lease agreement, the total Medicaid EHR incentive payments recorded in continuing operations for Chilton for the nine months ended March 31, 2012 is \$189.

Related Party Transactions

A director of the Company and our company secretary (who was a director of SunLink until November 2003 and is now a director emeritus) are members of two different law firms, each of which provides services to SunLink. The Company has paid an aggregate of \$385 and \$239 for legal services to these law firms in the three months ended March 31, 2012 and 2011, respectively, and \$743 and \$673 for legal services to these law firms in the nine months ended March 31, 2012 and 2011, respectively.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

We are exposed to interest rate changes, primarily as a result of borrowing under our Credit Facility. At March 31, 2012, borrowings under the Credit Facility of \$23,151 have been drawn at an interest rate based upon LIBOR plus the applicable margin. A one percent change in the LIBOR rate or the applicable interest rate would result in a change in interest expense of \$232 on an annual basis. No action has been taken to mitigate our exposure to interest rate market risk and we are not a party to any interest rate market risk management activities.

ITEM 4. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

As required by Rule 13a-15 under the Securities Exchange Act of 1934 (the *Exchange Act*), as of the end of the period covered by this report, we originally carried out an evaluation of the effectiveness of the design and operation of our Company's disclosure controls and procedures. Under the direction of our principal executive officer and principal financial officer, we evaluated our disclosure controls and procedures and internal control over financial reporting and originally concluded that our disclosure controls and procedures were effective as of March 31, 2012.

Disclosure controls and procedures and other procedures are designed to ensure that information required to be disclosed in our reports or submitted under the Exchange Act, such as this Quarterly Report on Form 10-Q, is recorded, processed, summarized and reported within the time period specified in the SEC's rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed in our reports filed under the Exchange Act is accumulated and communicated to management, including our principal executive and principal financial officers, as appropriate to allow timely decisions regarding required disclosure.

As previously reported, based on an evaluation of the effectiveness of disclosure controls and procedures performed in connection with our accounting for EHR payments at earlier dates performed in connection with our restatement of our financial statements included in our annual report on Form 10-K for the period ended June 30, 2011, and in our quarterly reports on Form 10-Q for the periods ended March 31, 2011, September 30, 2011 and December 30, 2011, we concluded that our disclosure controls and procedures were not effective as of such dates for the reasons cited in the amended filings for such periods. For the reasons discussed therein and herein, we also concluded that our disclosure controls and procedures were not effective as of March 31, 2012.

Changes in Internal Control Over Financial Reporting

As previously disclosed, the Health Information Technology for Economic and Clinical Health Act, promulgated as part of the American Recovery and Reinvestment Act of 2009, provides for Medicare and Medicaid incentive payments beginning in calendar year 2011 for eligible hospitals and professionals that implement and achieve meaningful use of certified electronic health record (*EHR*) technology.

As previously disclosed, for Medicare and Medicaid EHR incentive payments prior to the beginning of the quarter ended December 31, 2011, SunLink utilized a grant accounting model to recognize these EHR incentive payments. As previously reported, the Company changed its recognition policy to a gain contingency accounting model for incentive payments recognized after October 1, 2011. Also as previously reported, SunLink subsequently concluded in light of certain non-authoritative guidance and ASC 450-30 that use the gain contingency based model for recognition of EHR payments rather than the grant model was required in order for the Company's financial statements to be reported in accordance with generally accepted accounting principles in the United States (*GAAP*) and that SunLink would amend its periodic filings identified above to restate such prior periods. Such restatements of SunLink's financial statements did not and will not affect the amount or the timing of receipts of past or future Medicare and Medicaid EHR incentive payments.

Based on the Public Company Accounting Oversight Board's Auditing Standard No. 2, an Audit of Internal Control over Financial Reporting Performed in Conjunction with Audit of Financial Statements, restatement of financial statements in prior filings with the SEC is said to be a strong indicator of the existence of a material weakness in the design or operation of internal control over financial reporting. Because the Company did not conclude that use the gain contingency based model for recognition of EHR payments rather than the grant model was required in light of certain non-authoritative guidance and ASC 450-30 until after the quarter ended March 31, 2012, the Company has concluded that a material weakness might be said to have existed in the effectiveness of the Company's internal controls to provide reasonable assurance that its accounting for EHR incentive payments was in accordance with GAAP and, assuming it should have used the gain contingency based model, to this extent, its internal control over financial reporting may be said to not have been effective, in each case, as of March 31, 2012. The Company believes such material weakness has been remediated as of the date of the filing of the Company's quarterly report on Form 10-Q for the period ended March 31, 2012.

Except as previously reported or as described herein, there were no changes during the quarter ended March 31, 2012, in our internal control over financial reporting or in other factors that materially affected, or are reasonably likely to materially affect, our internal controls over financial reporting.

Remediation of Material Weakness

As noted under Changes in Internal Control Over Financial Reporting above, we identified what might be said to be a material weakness in our accounting for EHR incentive payments as a result of our use in prior period reporting of the grant method rather than the gain contingency method for accounting for EHR incentive payments. As previously noted, the change from the grant model to the gain contingency model required that previously issued financial statements of the Company be restated. The Company believes that it has implemented procedures which will remediate for future periods any such material weakness in internal controls that might be said to have resulted by reason of its prior accounting for EHR incentive payments on the grant method rather than the gain contingency method.

PART II. OTHER INFORMATION

Items required under Part II not specifically shown below are not applicable.

ITEM 1. LEGAL PROCEEDINGS

There have been no material developments in the legal proceeding previously reported in SunLink's Annual Report on Form 10-K for the period ended June 30, 2011.

On December 7, 2007, Southern Health Corporation of Ellijay, Inc. (SHC-Ellijay), a SunLink subsidiary, filed a Complaint against James P. Garrett and Roberta Mundy, both individually and as Fiduciary of the Estate of Randy Mundy (collectively, Defendants), seeking specific performance of an Option Agreement (the Option Agreement) dated April 17, 2007, between SHC-Ellijay, Mr. Garrett, and Ms. Mundy as Executrix of the Estate of Randy Mundy for the sale of approximately 24.74 acres of real property located in Gilmer County, Georgia, and recovery of SHC-Ellijay's damages suffered as a result of Defendants' failure to close the transaction in accordance with the Option Agreement. SHC-Ellijay also stated alternative claims for breach of the Option Agreement and fraud, along with claims to recover attorney's fees and punitive damages.

In January 2008, Ms. Mundy and Mr. Garrett filed motions to strike, motions to dismiss, answers, affirmative defenses, and counterclaims against SHC-Ellijay. On March 3, 2009, SHC-Ellijay filed a First Amended and Restated Complaint for Damages, which effectively dropped the cause of action for specific performance of the Option Agreement. On May 7, 2009, Mr. Garrett and Ms. Mundy served a motion for summary judgment on all counts and causes of action stated in the First Amended Complaint, contending that Mr. Garrett and Ms. Mundy did not intentionally breach the Option Agreement. SHC-Ellijay filed opposition papers in June 2009. In May 2011, SHC-Ellijay filed a motion for partial summary judgment on Count I of the Amended Complaint, seeking a judgment holding that Defendants willfully and intentionally breached the Option Agreement in eight ways, which would entitle SHC-Ellijay to recover damages from Defendants. In July 2011, SHC-Ellijay filed a reply brief in further support of its motion for partial summary judgment on the complaint and full summary judgment on the Defendants' counterclaims and brief in opposition to Defendants' cross motion for summary judgment. On April 11, 2012, summary judgment was awarded to SHC-Ellijay. The summary judgment was appealed by the Defendants on April 16, 2012 to which SHC-Ellijay filed a reply brief on April 26, 2012 and is awaiting response.

SunLink denies that it has any liability to Mr. Garrett and Ms. Mundy and intends to vigorously defend the claims asserted against SunLink by Mr. Garrett's and Ms. Mundy's counterclaims and to vigorously pursue its claims against Mr. Garrett and Ms. Mundy. While the ultimate outcome and materiality of the litigation cannot be determined, in management's opinion the litigation will not have a material adverse effect on SunLink's financial condition or results of operations.

SunLink is a party to claims and litigation incidental to its business, for which it is not currently possible to determine the ultimate liability, if any. Based on an evaluation of information currently available and consultation with legal counsel, management believes that resolution of such claims and litigation is not likely to have a material effect on the financial position, cash flows, or results of operations of the Company. The Company expenses legal costs as they are incurred.

ITEM 1A. RISK FACTORS

Risk Factors Relating to an Investment in SunLink

Information regarding risk factors appears in MD&A Forward-Looking Statements, in Part I Item 2 of this Form 10-Q and in MD&A -Risks Factors Relating to an Investment in SunLink in Part I Item 1A of the Company's Annual Report on Form 10-K/A for the year ended June 30, 2011. While we believe there have been no material changes from the risk factors previously disclosed in such Annual Report, you should carefully consider, in addition to the other information set forth in this report, the risk factors discussed in our Annual Report which could materially affect our business, financial condition or future results. Such risk factors are expressly incorporated herein by reference. The risks described in our

Annual Report are not the only risks facing our Company. In addition to risks and uncertainties inherent in forward looking statements contained in this Report on Form 10-Q, additional risks and uncertainties not currently known to us or that we currently deem to be immaterial also may materially adversely affect our business, financial condition and/or operating results. Whenever we refer to SunLink, Company, we, our, or us in this Item 1A, we mean SunLink Health Systems, Inc. and its subsidiaries, unless the context suggests otherwise.

ITEM 6. EXHIBITS

Exhibits:

- 31.1 Chief Executive Officer's Certification Pursuant to Rule 13a-14(a) of the Securities Exchange Act of 1934.
- 31.2 Chief Financial Officer's Certification Pursuant to Rule 13a-14(a) of the Securities Exchange Act of 1934.
- 32.1 Chief Executive Officer's Certification Pursuant to 18 U.S.C. Section 1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002.
- 32.2 Chief Financial Officer's Certification Pursuant to 18 U.S.C. Section 1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002.
- 101 The following materials from the Company's quarterly report on Form 10-Q for the three and nine months ended March 31, 2012, formatted in XBRL (eXtensible Business Reporting Language): (i) Condensed Consolidated Balance Sheets as of March 31, 2012 (unaudited) and June 30, 2011, (ii) Condensed Consolidated Statements of Operations for the three and nine months ended March 31, 2012 and 2011 (unaudited), (iii) Condensed Consolidated Statements of Cash Flows, for the three months ended March 31, 2012 and 2011 (unaudited), and (iv) Notes to Condensed Consolidated Financial Statements (unaudited), tagged as blocks of text.

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, SunLink Health Systems, Inc. has duly caused this report to be signed on its behalf by the undersigned thereunto duly authorized.

SunLink Health Systems, Inc.
