SHARED VOTING: Sections 1471 through 1474 of the Code, the treasury regulations promulgated thereunder and other governmental notices with respect thereto (collectively "FATCA") could impose a withholding tax of 30% ("FATCA Withholding") on interest income (including any amount treated as interest for U.S. federal income tax purposes) and other periodic payments on the notes paid to you or any non-U.S. person or entity that receives such income (a "non-U.S. payee") on your behalf, unless you and each non-U.S. payee in the payment chain complies with the applicable information reporting, account identification, withholding, certification and other FATCA-related requirements (including any intergovernmental agreement entered into by the United States and another applicable jurisdiction to facilitate the application and implementation of FATCA (and "IGA")). In the case of a payee that is a non-U.S. financial institution (for example, a clearing system, custodian, nominee or

Table of Contents

broker), withholding generally will not be imposed if the financial institution complies with the requirements imposed by FATCA to collect and report (to the U.S. or another relevant taxing authority) substantial information regarding such institution's U.S. account holders (which would include some account holders that are non-U.S. entities but have U.S. owners). Other payees, including individuals, may be required to provide proof of tax residence or waivers of confidentiality laws and/or, in the case of non-U.S. entities, certification or information relating to their U.S. ownership.

FATCA Withholding may be imposed at any point in a payment chain if a non-U.S. payee is not compliant with the applicable FATCA requirements. A payment chain may consist of a number of parties, including a paying agent, a clearing system, each of the clearing system's participants and a non-U.S. bank or broker through which you hold the notes. Accordingly, if you receive payments through a payment chain that includes one or more non-U.S. payees the payment could be subject to FATCA Withholding if any non-U.S. payee in the payment chain fails to comply with the FATCA requirements and is subject to withholding. This would be the case even if you would not otherwise have been directly subject to FATCA Withholding.

A number of countries have entered into, and other countries are expected to enter into IGAs. While the existence of an IGA will not eliminate the risk that notes will be subject to FATCA Withholding, these agreements are expected to facilitate compliance with the FATCA requirements thereby reducing the likelihood that FATCA Withholding will occur for investors in (or investors that indirectly hold notes through financial institutions in) those countries.

FATCA Withholding could apply to all interest and other periodic payments made on the notes. In addition, FATCA Withholding could apply to the gross proceeds payable upon the sale, exchange, redemption or maturity of the notes on or after January 1, 2017. Under the terms of the notes, we are not obligated to and we will not pay any additional amounts in respect of FATCA Withholding, so if FATCA Withholding applies, you will receive less than the amount that you would have otherwise received.

Depending on your circumstances, you may be entitled to a refund or credit in respect of some or all of any FATCA Withholding. However, even if you are entitled to have any such withholding refunded, the required procedures could be cumbersome and significantly delay your receipt of any withheld amounts.

You are strongly urged to consult your tax advisor regarding FATCA. You should also consult your bank or broker through which you would hold the notes about the likelihood that payments to it (for credit to you) may become subject to FATCA Withholding at some point in the payment chain.

Table of Contents**UNDERWRITING**

We intend to offer the notes through the underwriters named below. Subject to the terms and conditions contained in an underwriting agreement between us and the underwriters, we have agreed to sell to the underwriters and the underwriters have severally agreed to purchase from us, the principal amount of the notes listed opposite their names below.

Underwriter	Principal Amount of notes
UBS Securities LLC	\$
J.P. Morgan Securities LLC	
Merrill Lynch, Pierce, Fenner & Smith Incorporated	
Morgan Stanley & Co. LLC	
Wells Fargo Securities, LLC	
Total	\$

The underwriters have agreed to purchase all of the notes sold pursuant to the underwriting agreement if any of the notes are purchased. If an underwriter defaults, the underwriting agreement provides that the purchase commitments of the nondefaulting underwriters may be increased or the underwriting agreement may be terminated.

We have agreed to indemnify the several underwriters against certain liabilities, including liabilities under the Securities Act, or to contribute to payments the several underwriters may be required to make in respect of those liabilities.

The underwriters are offering the notes, subject to prior sale, when, as and if issued to and accepted by them, subject to approval of legal matters by their counsel, including the validity of the notes, and other conditions contained in the underwriting agreement, such as the receipt by the underwriters of officer's certificates and legal opinions. The underwriters reserve the right to withdraw, cancel or modify offers to the public and to reject orders in whole or in part.

The expenses of the offering, not including the underwriting discount, are estimated to be \$ and are payable by us.

Commissions and Discounts

The underwriters have advised us that they propose initially to offer the notes to the public at the applicable public offering prices on the cover page of this prospectus, and may offer the notes to dealers at that price less a concession not in excess of % of the principal amount of the notes. The underwriters may allow, and the dealers may reallow, a discount not in excess of % of the

principal amount of the notes to the other dealers. After the initial public offering, the public offering prices, concessions and discounts may be changed.

New Issues of Notes

The notes are a new issue of securities with no established trading market. We do not intend to apply for listing of the notes on any securities exchange or for quotation of the notes on any automated dealer quotation system. We have been advised by the underwriters that they presently intend to make a market in the notes after completion of the offering. However, they are under no obligation to do so and may discontinue any market-making activities at any time without any notice. We cannot assure the liquidity of the trading market for the notes or that active public markets for the notes will develop. If an active public trading market for the notes does not develop, the market prices and liquidity of the notes may be adversely affected.

Table of Contents

Price Stabilization and Short Positions

In connection with the offering, the underwriters are permitted to engage in transactions that stabilize the market prices of the notes. Such transactions consist of bids or purchases to peg, fix or maintain the prices of the notes. If the underwriters create any short positions in the notes in connection with the offering, i.e., if they sell more notes than are on the cover page of this prospectus, the underwriters may reduce such short positions by purchasing notes in the open market. Purchases of a security to stabilize the price or to reduce a short position could cause the price of the security to be higher than it might be in the absence of such purchases.

The underwriters also may impose a penalty bid. This occurs when a particular underwriter repays to the underwriters a portion of the underwriting discount received by it because the representatives have repurchased notes sold by or for the account of such underwriter in stabilizing or short covering transactions.

Neither we nor any of the underwriters makes any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the prices of the notes. In addition, neither we nor any of the underwriters makes any representation that the underwriters will engage in these transactions or that these transactions, once commenced, will not be discontinued without notice.

Other Relationships

Some of the underwriters and their affiliates have engaged in, and may in the future engage in, investment banking and other commercial dealings in the ordinary course of business with us or our affiliates. They have received, or may in the future receive, customary fees and commissions for these transactions.

In addition, in the ordinary course of their business activities, the underwriters and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of ours or our affiliates. Certain of the underwriters or their affiliates that have a lending relationship with us routinely hedge, and certain other of those underwriters or their affiliates may hedge, their credit exposure to us consistent with their customary risk management policies. Typically, such underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the notes offered hereby. Any such credit default swaps or short positions could adversely affect future trading prices of the notes offered hereby. The underwriters and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

VALIDITY OF THE NOTES

We were founded in 1907 as a private messenger and delivery service in Seattle, Washington. We deliver packages each business day for 1.1 million shipping customers to 7.7 million consignees in over 220 countries and territories. In 2012, we delivered an average of 16.3 million pieces per day worldwide, or a total of 4.1 billion packages. Total revenue in 2012 was \$54.1 billion.

We are a global leader in logistics, and we create value for our customers through solutions that lower costs, improve service and provide highly customizable supply chain control and visibility. Across our service portfolio, we also provide control and visibility of customers' inventories and supply chains via our UPS technology platform. The information flow from UPS technology drives improvements for our customers, as well as for UPS, in reliability, flexibility, productivity and efficiency.

Particularly over the last decade, we have significantly expanded the scope of our capabilities to include more than package delivery. Unless we otherwise specify in the applicable prospectus supplement, the net proceeds we receive from the sale of the securities offered by this prospectus and the accompanying prospectus supplement will be used for general corporate purposes. General corporate purposes may include the repayment of debt, investments in or extensions of credit to our subsidiaries, financing working capital needs, funding capital expenditures, or the financing of possible acquisitions or business expansion. The net proceeds may be invested temporarily or applied to repay short-term debt until they are used for their stated purpose.

DESCRIPTION OF THE DEBT SECURITIES

Description of Debt Securities

We will issue the debt securities under an indenture, dated as of August 26, 2003, between us and The Bank of New York Mellon Trust Company, N.A. (formerly known as The Bank of New York Trust Company, N.A.), as successor to Citibank, N.A., which acts as trustee. We have summarized the material provisions of the indenture below. The indenture has been filed as an exhibit to the registration statement on Form S-3 (No. 333-108272), filed with the SEC on August 27, 2003, and you should read the indenture for provisions that may be important to you. In the summary below, we have included references to section numbers of the indenture so that you can easily locate these provisions. Capitalized terms used in the summary have the meaning specified in the indenture. You can obtain copies of the indenture by following the directions described under the caption **Where You Can Find More Information.**

General

The indenture does not limit the aggregate principal amount of debt securities that we may issue and provides that we may issue debt securities from time to time in one or more series, in each case with the same or various maturities, at par or at a discount. We may issue additional debt securities of a particular series without the consent of the holders of the debt securities of such series outstanding at the time of the issuance. Any such additional debt securities, together with all other outstanding debt securities of that series, will constitute a single series of debt securities under the indenture. The indenture also generally does not limit our ability to incur additional debt and does not contain financial or similar restrictive covenants. The debt securities will be unsecured and will rank equally with all of our other senior debt and senior to our subordinated debt, if any.

Unless we inform you otherwise in a prospectus supplement, the indenture does not contain any debt covenants or other provisions that would protect holders of the debt securities in the event we participate in a highly leveraged or other transaction that may adversely affect our creditworthiness.

A prospectus supplement relating to a series of debt securities being offered will include specific terms relating to the offering. These terms will include some or all of the following:

the title of the debt securities;

any limit on the aggregate principal amount of the debt securities;

the person or entity to whom any interest on the debt securities will be payable;

the date or dates on which the principal, premium, if any, or other form or type of consideration to be paid upon maturity on the debt securities, which we call the maturity consideration, will be payable or the method of determining maturity dates;

the rate or rates at which the debt securities will bear interest, if any, or any method by which the rate or rates will be determined, the date or dates from which any interest will accrue, the interest payment dates on which any interest will be payable and the regular record date for any interest on any interest payment date;

any redemption dates, prices, rights, obligations and restrictions on the debt securities;

any mandatory or optional sinking fund, purchase fund or similar provisions;

whether payments of principal of or any premium or interest will be determined by an index, formula or other method and the manner in which these amounts will be determined;

the currency or currency unit in which principal and interest will be paid if other than U.S. dollars and whether the holder may elect payment to be made in a different currency;

the portion of the principal amount of the debt securities payable upon the acceleration of the maturity of the debt securities if other than the full principal amount;

if the principal amount payable at the stated maturity of the debt securities will not be determinable as of any one or more dates prior to the stated maturity, the amount that will be deemed to be the principal amount of the debt securities as of any such date for any purpose, including the principal amount of the debt securities that will be due and payable upon any maturity other than the stated maturity or that will be deemed to be outstanding as of any date prior to the stated maturity;

whether the debt securities will be defeasible, in whole or any specified part, and whether some of our covenants will be defeasible and, if other than by a resolution of our board of directors or executive committee, the manner in which any election by us to defease the debt securities or covenants will be evidenced;

whether the debt securities will be issued in permanent global form and the circumstances under which the permanent global debt security may be exchanged;

whether, and the terms and conditions relating to when, we may satisfy some of our obligations with respect to the debt securities with regard to payment upon maturity, or any redemption or required repurchase or in connection with any exchange provisions by delivering to the holders securities (whether or not issued by, or the obligations of, us), cash or a combination of cash, securities and/or property;

any conversion or exchange provisions;

any terms for the attachment to the debt securities of warrants, options or other rights to purchase or sell our securities;

any deletion of, addition to or change in the Events of Default and any change in the right of the trustee or the requisite holders of the debt securities to declare the principal amount due and payable;

any deletion of, addition to or change in the covenants that apply to the debt securities;

terms relating to the delivery of debt securities if they are to be issued upon the exercise of warrants;

whether and on what terms we will pay additional amounts to holders of the debt securities that are not U.S. persons for any tax assessment or governmental charge withheld or deducted and, if so, whether and on what terms we will have the option to redeem the debt securities rather than pay the additional amounts;

additional terms with respect to book-entry procedures; and

any other material terms of the debt securities not specified in this prospectus.
(Section 3.01)

We may sell the debt securities, including original issue discount securities, at a substantial discount below their principal amount. Original issue discount securities bear no interest or bear interest at below market

rates. We may describe special United States federal income tax considerations, if any, applicable to the debt securities sold at an original issue discount in the applicable prospectus supplement. In addition, we may describe special United States federal income tax or other considerations, if any, applicable to the debt securities that are sold for any foreign currency or currency unit or if any payments on the debt securities are payable in any foreign currency or currency unit, in the applicable prospectus supplement. We encourage you to consult with your own competent tax and financial advisors on these important matters.

Consolidation, Merger and Sale of Assets

We may not consolidate with or merge with or into any other Person or convey, transfer or lease all or substantially all of our properties and assets substantially as an entirety to any Person unless:

either we are the continuing corporation or the Person formed by any consolidation or into which we are merged or the Person that acquires by conveyance, transfer, or lease all or substantially all of our properties and assets shall be:

organized and validly existing under the laws of the United States of America, any State thereof or the District of Columbia; and

shall expressly assume all of our obligations under the debt securities and the indenture;

immediately after giving effect to such transaction, no Event of Default, and no event that, after notice or lapse of time or both, would become an Event of Default, shall have occurred and be continuing; and

we or such Person has delivered to the trustee an officer's certificate and an opinion of counsel stating that such consolidation, merger, conveyance, transfer or lease and any supplemental indenture required in connection with such transaction comply with the applicable provisions of the indenture and that all conditions precedent in the indenture provided for or relating to such transaction have been satisfied.

Upon any consolidation or merger or any conveyance, transfer or lease of all or substantially all of our properties and assets in accordance with these provisions, the successor Person formed by a consolidation, or into which we are merged or the successor Person to which any conveyance, transfer or lease is made, shall succeed to, and be substituted for, and may exercise every right and power of ours under the debt securities and the indenture with the same effect as if that successor had been named as us therein; and thereafter, except in the case of a lease, we shall be discharged from all obligations and covenants under the debt securities and indenture. (Sections 8.01 and 8.02)

Additional Covenants

Although the indenture generally does not contain financial or similar restrictive covenants, unless otherwise specified in the applicable prospectus supplement, the debt securities will contain the additional covenants described below that are not contained in the indenture.

Limitation on Secured Indebtedness

We will not create, assume, incur or guarantee, and will not permit any Restricted Subsidiary to create, assume, incur or guarantee, any Secured Indebtedness without making provision whereby the debt securities shall be secured equally and ratably with, or prior to, such Secured Indebtedness, together with, if we shall so

determine, any other Indebtedness of us or any Restricted Subsidiary then existing or thereafter created that is not subordinate to the debt securities, so long as the Secured Indebtedness shall be outstanding, unless the Secured Indebtedness, when added to:

the aggregate amount of all Secured Indebtedness then outstanding (not including in this computation Secured Indebtedness if the debt securities are secured equally and ratably with (or prior to) such Secured Indebtedness and further not including in this computation any Secured Indebtedness that is concurrently being retired); and

the aggregate amount of all Attributable Debt then outstanding pursuant to Sale and Leaseback Transactions entered into by us after January 26, 1999, or entered into by a Restricted Subsidiary after January 26, 1999 or, if later, the date on which it became a Restricted Subsidiary (not including in this computation any Attributable Debt that is concurrently being retired);
would not exceed 10% of Consolidated Net Tangible Assets.

Limitation on Sale and Lease Back Transactions

We will not, and will not permit any Restricted Subsidiary to, enter into any Sale and Leaseback Transaction unless (a) the sum of:

the Attributable Debt to be outstanding pursuant to such Sale and Leaseback Transaction;

all Attributable Debt then outstanding pursuant to all other Sale and Leaseback Transactions entered into by us after January 26, 1999, or entered into by a Restricted Subsidiary after January 26, 1999 or, if later, the date on which it became a Restricted Subsidiary; and

the aggregate of all Secured Indebtedness then outstanding (not including in this computation Secured Indebtedness if the debt securities are secured equally and ratably with (or prior to) such Secured Indebtedness);
would not exceed 10% of Consolidated Net Tangible Assets, or (b) an amount equal to the greater of:

the net proceeds to us or the Restricted Subsidiary of the sale of the Principal Property sold and leased back pursuant to such Sale and Leaseback Transaction; and

the amount of Attributable Debt to be outstanding pursuant to such Sale and Leaseback Transaction;
is applied to the retirement of Funded Debt of us or any Restricted Subsidiaries (other than Funded Debt that is subordinate to the debt securities or is owing to us or any Restricted Subsidiaries or is scheduled to mature within one year after consummation of such Sale and Leaseback Transaction) within 180 days after the consummation of such Sale and Leaseback Transaction.

Definitions

As used in this prospectus, the following definitions apply:

Attributable Debt means, as of the date of its determination, the present value (discounted semi-annually at an interest rate of 7.0% per annum) of the obligation of a lessee for rental payments pursuant to any Sale and Leaseback Transaction (reduced by the amount of the rental obligations of any sublessee of all or part of the same property) during the remaining term of such Sale and Leaseback Transaction (including any period for which the lease relating thereto has been extended), such rental payments not to include amounts payable by the

lessee for maintenance and repairs, insurance, taxes, assessments and similar charges and for contingent rents (such as those based on sales). In the case of any Sale and Leaseback Transaction in which the lease is terminable by the lessee upon the payment of a penalty, the rental payments shall be considered for purposes of this definition to be the lesser of the discounted values of:

- a. the rental payments to be paid under such Sale and Leaseback Transaction until the first date (after the date of such determination) upon which it may be so terminated plus the then applicable penalty upon such termination; and
- b. the rental payments required to be paid during the remaining term of such Sale and Leaseback Transaction (assuming such termination provision is not exercised).

Capitalized Lease Obligation means any obligation to pay rent or other amounts under a lease of (or other agreement conveying the right to use) real or personal property that is required to be classified and accounted for as a capital lease obligation under generally accepted accounting principles, and, for the purposes of the debt securities, the amount of such obligation at any date shall be the capitalized amount thereof at the applicable date, determined in accordance with such principles.

Indebtedness means

- a. any liability of any Person:
 1. for borrowed money, or under any reimbursement obligation relating to a letter of credit; or
 2. evidenced by a bond, note, debenture or similar instrument, including a purchase money obligation, given in connection with the acquisition of any businesses, properties or assets of any kind or with services incurred in connection with capital expenditures, other than a trade payable or a current liability arising in the ordinary course of business; or
 3. for the payment of money relating to a Capitalized Lease Obligation; or
 4. for Interest Rate Protection Obligations;

Table of Contents

c. deferred charges (other than prepaid items such as insurance, taxes, interest, commissions, rents and similar items and tangible assets being amortized); and

d. unamortized debt discount and expense, less unamortized premium.

Interest Rate Protection Obligations of any Person means the obligations of that Person pursuant to any arrangement with any other Person whereby, directly or indirectly, that Person is entitled to receive from time to time periodic payments calculated by applying a fixed rate of interest on a stated notional amount in exchange for periodic payments made by such Person calculated by applying a floating rate of interest on the same notional amount.

Liens means any mortgage, lien, pledge, security interest, charge or encumbrance.

Principal Property means any land, land improvements, buildings and associated factory, distribution, laboratory and office equipment (excluding any motor vehicles, aircraft, mobile materials handling equipment, data processing equipment and rolling stock) constituting a distribution facility, operating facility, manufacturing facility, development facility, warehouse facility, service facility or office facility (including any portion thereof), which facility

a. is owned by or leased to us or any Restricted Subsidiary,

b. is located within the United States, and

c. has an acquisition cost plus capitalized improvements in excess of 0.50% of Consolidated Net Tangible Assets as of the date of that determination, other than:

1. any facility, or portion thereof, which has been financed by obligations issued by or on behalf of a State, a Territory or a possession of the United States, or any political subdivision of any of the foregoing, or the District of Columbia, the interest on which is excludable from gross income of the holders thereof (other than a substantial user of the related facility or a related Person as those terms are used in Section 103 of the Internal Revenue Code) pursuant to the provisions of Section 103 of the Internal Revenue Code (or any similar provision hereafter enacted) as in effect at the time of issuance of the obligations;
2. any facility that our board of directors may by resolution declare is not of material importance to us and the Restricted Subsidiaries taken as a whole; and

Table of Contents

3. in which the investment of us and all other Subsidiaries exceeds 0.50% of Consolidated Net Tangible Assets as of the date of the determination; provided, however, that the term Restricted Subsidiary shall not include:

A. any Subsidiary (x) primarily engaged in the business of purchasing, holding, collecting, servicing or otherwise dealing in and with installment sales contracts, leases, trust receipts, mortgages, commercial paper or other financing instruments, and any collateral or agreements relating thereto, including in the business, individually or through partnerships, of financing, whether through long- or short-term borrowings, pledges, discounts or otherwise, the sales, leasing or other operations of us and the Subsidiaries or any of them, or (y) engaged in the business of financing the assets and operations of third parties, and (z) in any case, not, except as incidental to such financing business, engaged in owning, leasing or operating any property which, but for this proviso, would qualify as Principal Property; or

B. any Subsidiary acquired or organized after January 26, 1999, for the purpose of acquiring the stock or business or assets of any Person other than us or any Restricted Subsidiary, whether by merger, consolidation, acquisition of stock or assets or similar transaction analogous in purpose or effect, so long as such Subsidiary does not acquire by merger, consolidation, acquisition of stock or assets or similar transaction analogous in purpose or effect all or any substantial part of the business or assets of us or any Restricted Subsidiary; and

b. any other Subsidiary that is hereafter designated by our board of directors as a Restricted Subsidiary.

Sale and Leaseback Transaction means any arrangement with any Person providing for the leasing by UPS or any Restricted Subsidiary of any Principal Property (whether the Principal Property is now owned or hereafter acquired) that has been or is to be sold or transferred by us or a Restricted Subsidiary to any Person, other than:

a. leases for a term, including renewals at the option of the lessee, of not more than three years;

b. leases between us and a Restricted Subsidiary or between Restricted Subsidiaries; and

c. leases of Principal Property executed by the time of, or within 180 days after the latest of, the acquisition, the completion of construction or improvement (including

3. conditional sale agreements or other title retention agreements with respect to any Principal Property or Restricted Securities acquired after January 26, 1999, if (in each case referred to in this subparagraph (b)) (x) the related Lien or agreement secures all or any part of the Indebtedness incurred for the purpose of financing all or any part of the purchase price or cost of construction of the Principal Property or improvement or Restricted Securities and (y) the related Lien or agreement does not extend to any Principal Property or Restricted Securities other than the Principal Property so acquired or the Principal Property, or portion thereof, on which the property so constructed or any improvement is located; provided, however, that the amount by which the aggregate principal amount of Indebtedness secured by any Lien or agreement exceeds the cost to us or the Restricted Subsidiary of the related acquisition, construction or improvement will be considered to be Secured Indebtedness;

- i. Indebtedness secured by Liens on aircraft, airframes or aircraft engines, aeronautic equipment or computers and electronic data processing equipment; and
- j. The replacement, extension or renewal, or successive replacements, extensions or renewals, of any Indebtedness, in whole or in part, excluded from the definition of Secured Indebtedness

Table of Contents

by subparagraphs (a) through (i) above; provided, however, that no Lien securing, or conditional sale or title retention agreement with respect to, the Indebtedness will extend to or cover any Principal Property or any Restricted Securities, other than the property that secured the Indebtedness so replaced, extended or renewed, plus improvements on or to any such Principal Property, provided further, however, that to the extent that replacement, extension or renewal increases the principal amount of Indebtedness secured by the Lien or is in a principal amount in excess of the principal amount of Indebtedness excluded from the definition of Secured Indebtedness by subparagraphs (a) through (i) above, the amount of the increase or excess will be considered to be Secured Indebtedness.

In no event shall the foregoing provisions be interpreted to mean that the same Indebtedness is included more than once in the calculation of Secured Indebtedness as that term is used in the debt securities.

Events of Default

The indenture defines an Event of Default with respect to any series of debt securities as any one of the following events:

1. failure to pay any interest on the debt securities of that series when due, continued for 30 days;
2. failure to pay any principal of or premium on the debt securities of that series when due, whether at the stated maturity or by declaration of acceleration, call for redemption or otherwise;
3. failure to deposit any sinking fund payment when due on the debt securities of that series;
4. failure to perform or the breach of any covenant or warranty in the indenture applicable to the debt securities of that series, continued for 60 days after written notice as provided in the indenture; or
5. certain events involving our bankruptcy, insolvency or reorganization. (Section 5.01)

If an Event of Default occurs and is continuing with respect to the debt securities of any series, other than an Event of Default referred to in clause (5) above, either the trustee or the holders of 25% in principal amount, or if the debt securities are not payable at maturity for a fixed principal amount, 25% of the aggregate issue price, of the outstanding debt securities of that series, each series acting as a separate class, may declare the principal of the debt securities of that series, or an other amount or property, as may be provided for in the debt securities of that series, to be due and payable. If an Event of Default described in clause (5) above with respect to the debt securities of any series at the time outstanding shall occur, the principal amount of all the debt securities of that

series, or such other amount or property, as may be provided for in the debt securities of that series (or, in the case of any original issue discount security, such portion of the principal as may be specified in its terms) will automatically, and without any action by the trustee or any holder, become immediately due and payable. (Section 5.02). The holders of not less than a majority in aggregate principal amount of the outstanding debt securities of a series may, on behalf of all holders of debt securities of the series, waive any past default under the indenture with respect to the debt securities of the series, except a default in the delivery or payment of the maturity consideration or interest on any debt security of the series, and default in respect of a covenant or provision of the indenture that cannot be modified or amended without the consent of the holder of each outstanding debt security of the affected series. (Section 5.13)

Subject to the provisions of the indenture relating to the duties of the trustee in case an Event of Default shall occur and be continuing, the trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request or discretion of any of the holders, unless the holders shall have offered to the trustee security or indemnity satisfactory to the trustee. (Section 6.03). Subject to such provisions for the indemnification

Table of Contents

of the trustee, the holders of a majority in aggregate principal amount of the outstanding debt securities of any series will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee, or exercising any trust or power conferred on the trustee, with respect to the debt securities of that series. (Section 5.12)

No holder of a debt security of any series will have any right to institute any proceeding with respect to the indenture, or for the appointment of a receiver or a trustee, or for any other remedy under the indenture, unless

1. the holder has previously given to the trustee written notice of a continuing Event of Default with respect to the debt securities of that series,
2. the holders of at least 25% in aggregate principal amount, or if the debt securities are not payable at maturity for a fixed principal amount, the aggregate issue price of the outstanding debt securities of that series, have made written request to the trustee to institute a proceeding as trustee,
3. the holder or holders have offered to the trustee indemnity satisfactory to the trustee against the costs, expenses and liabilities to be incurred in compliance with such request, and
4. the trustee has failed to institute such proceeding, and has not received from the holders of a majority in aggregate principal amount or, if the debt securities are not payable at maturity for a fixed principal amount, the aggregate issue price of the outstanding debt securities of that series, a direction inconsistent with the request, within 60 days after the notice, request and offer. (Section 5.07)

However, these limitations do not apply to a suit instituted by a holder of a debt security for the enforcement of delivery or payment of the maturity consideration relating to, or interest on, the debt security on or after the applicable due date specified in the debt security. (Section 5.08)

We will be required to furnish to the trustee annually a statement by certain of our officers as to whether or not we, to our knowledge, are in default in the performance or observance of any of the terms, provisions and conditions of the indenture and, if so, specifying all known defaults. (Section 10.04)

Street name and other indirect holders should consult their banks and brokers for information on their requirements for giving notice or taking other actions on a default.

Defeasance and Covenant Defeasance

If and to the extent indicated in the applicable prospectus supplement, we may elect, at our option at any time, to have the provisions of Section 13.02 of the indenture, relating to defeasance and discharge of indebtedness, or Section 13.03 of the indenture, relating to defeasance of certain

restrictive covenants in the indenture, applied to the debt securities of any series, or to any specified part of a series. Defeasance refers to the discharge of some or all of our obligations under the indenture. (Section 13.01)

Defeasance and Discharge

The indenture provides that, upon our exercise of our option to have Section 13.02 of the indenture apply to any debt securities, we will be deemed to have been discharged from all obligations with respect to the debt securities (except for certain obligations to exchange or register the transfer of debt securities, to replace stolen, lost or mutilated debt securities, to maintain paying agencies and to hold money for payment in trust) upon the irrevocable deposit in trust for the benefit of the holders of the debt securities of money or U.S. Government Obligations, or both, which, through the payment of principal and interest in respect thereof in

Table of Contents

accordance with their terms, will provide money in an amount sufficient to pay the principal of and any premium and interest on the debt securities on the respective Stated Maturities in accordance with the terms of the indenture and the debt securities. Defeasance or discharge may occur only if, among other things, we have delivered to the trustee an opinion of counsel to the effect that, we have received from, or there has been published by, the United States Internal Revenue Service a ruling, or there has been a change in tax law, in any case to the effect that holders of the debt securities will not recognize gain or loss for federal income tax purposes as a result of the deposit, defeasance and discharge and will be subject to federal income tax on the same amount, in the same manner and at the same times as would have been the case if the deposit, defeasance and discharge were not to occur. (Sections 13.02 and 13.04)

Defeasance of Covenants

The indenture provides that, upon our exercise of our option to have Section 13.03 of the indenture apply to any debt securities, we may omit to comply with and shall have no liability in respect of certain restrictive covenants, including those that may be described in the applicable prospectus supplement, and the occurrence of certain Events of Default, which are described above in clause (4) (with respect to restrictive covenants) and under Events of Default and any that may be described in the applicable prospectus supplement, will be deemed not to be or result in an Event of Default, in each case with respect to the debt securities. In order to exercise this option, we will be required to irrevocably deposit, in trust for the benefit of the holders of the debt securities, money or U.S. Government Obligations, or both, which, through the payment of principal and interest in respect thereof in accordance with their terms, will provide money in an amount sufficient to pay the principal of and any premium and interest on the debt securities on the respective Stated Maturities in accordance with the terms of the indenture and the debt securities. We will also be required, among other things, to deliver to the trustee an opinion of counsel to the effect that holders of the debt securities will not recognize gain or loss for federal income tax purposes as a result of deposit and defeasance of certain obligations and will be subject to federal income tax on the same amount, in the same manner and at the same times as would have been the case if the deposit and defeasance were not to occur. In the event we exercised this option with respect to any debt securities and the debt securities were declared due and payable because of the occurrence of any Event of Default, the amount of money and U.S. Government Obligations so deposited in trust would be sufficient to pay amounts due on the debt securities at the time of their respective Stated Maturities but may not be sufficient to pay amounts due on the debt securities upon any acceleration resulting from the Event of Default. In that case, we would remain liable for the payments. (Sections 13.03 and 13.04)

Modification of the Indenture

The indenture provides that we and the trustee may, without the consent of any holders of debt securities, enter into supplemental indentures for the purpose, among other things, of adding to our covenants, adding additional Events of Default, establishing the form or terms of debt securities or curing ambiguities or inconsistencies in the indenture or making other provisions, provided that any action to cure ambiguities or inconsistencies not adversely affect the interests of the holders of any outstanding series of debt securities in any material respect. (Section 9.01)

Modifications and amendments of the indenture may be made by us and the trustee with the consent of the holders of a majority in aggregate principal amount or, if the debt securities are not payable at

maturity for a fixed principal amount, the aggregate issue price, of the outstanding debt securities of each series affected thereby, except that no modification or amendment may, without the consent of the holder of each outstanding debt security affected thereby,

1. change the stated maturity of the maturity consideration or any installment of maturity consideration or interest on, any debt security,
2. reduce the principal amount of or reduce the amount or change the type of maturity consideration or reduce the rate of interest on, or any premium payable upon the redemption of,

or the amount of maturity consideration of an original issue discount security or any other debt security that would be due and deliverable or payable upon a declaration of acceleration of the maturity thereof upon the occurrence of an Event of Default, of any debt security,

3. change the place of payment where, or the coin or currency in which, any maturity consideration or interest on any debt security are deliverable or payable,
4. impair the right to institute suit for the enforcement of any payment on or with respect to any debt security,
5. reduce the percentage in principal amount or aggregate issue price, as the case may be, of debt securities of any series, the consent of whose holders is required for modification or amendment of the indenture or for waiver of compliance with certain provisions of the indenture or for waiver of certain defaults, or
6. modify the requirements contained in the indenture for consent to or approval of certain matters, except to increase any percentage for a consent or approval or to provide that certain other provisions cannot be modified or waived without the consent of the holder of each debt security affected thereby. (Section 9.02)

A supplemental indenture that changes or eliminates any covenant or other provision of the indenture which has been expressly included solely for the benefit of one or more particular series of debt securities, or that modifies the rights of the holders of debt securities of the series with respect to the covenant or other provision, shall be deemed not to affect the rights under the indenture of the holders of debt securities of any other series. (Section 9.02)

The holders of a majority in aggregate principal amount of the outstanding debt securities of a series may, on behalf of the holders of all the debt securities of the series, waive compliance by us with certain restrictive provisions of the indenture. (Section 10.07)

Form, Exchange and Transfer

Subject to the terms of the indenture and the limitations applicable to global securities, debt securities may be presented for exchange as provided above or for registration of transfer (duly endorsed or with the form of transfer endorsed thereon duly executed) at the office of the security registrar or at the office of any transfer agent we designate for such purpose. No service charge will be made for any registration of transfer or exchange of debt securities, but we may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith. Registration of transfer or exchange will be effected by the security registrar or the transfer agent, as the case may be, when the security registrar or transfer agent is satisfied with the documents of title and identity of the person making the request. We have appointed the trustee as security registrar. (Section 3.05)

We may at any time designate additional transfer agents or rescind the designation of any transfer agent or approve a change in the office through which any transfer agent acts, except that we will be required to maintain a transfer agent in each place of payment for the debt securities of each series. (Section 10.02)

If debt securities of any series are to be redeemed in part, we will not be required to:

issue, register the transfer of or exchange any debt security of that series (or of that series and specified tenor, as the case may be) during a period beginning at the opening of business 15 days before the day of mailing of a notice of redemption of any debt security that may be selected for redemption and ending at the close of business on the day of such mailing, or

register the transfer of or exchange any debt security so selected for redemption, in whole or in part, except the unredeemed portion of any debt security being redeemed in part. (Section 3.05)

Payment and Paying Agents

Unless otherwise indicated in the applicable prospectus supplement, payment of interest on a debt security on any Interest Payment Date will be made to the person in whose name the security, or one or more predecessor securities, is registered at the close of business on the Regular Record Date for payment of interest. (Section 3.07)

Unless otherwise indicated in the applicable prospectus supplement, principal of and any premium, maturity consideration and interest on the debt securities of a particular series (other than a global security) will be payable or deliverable at the office of the paying agent or paying agents as we may designate for that purpose from time to time, except that at our option payment of any interest may be made by check mailed to the address of the person entitled to the payment as that address appears in the security register. Unless otherwise indicated in the applicable prospectus supplement, the corporate trust office of the trustee in The City of New York will be designated as our sole paying agent for payments and deliveries with respect to debt securities of each series. Any other paying agents initially designated for the debt securities of a particular series will be named in the applicable prospectus supplement. We may at any time designate additional paying agents or rescind the designation of any paying agent or approve a change in the office through which any paying agent acts, except that we will be required to maintain a paying agent in each place of payment for the debt securities of a particular series. (Section 10.02)

All consideration paid or delivered to a paying agent for the payment or delivery of the principal of or any premium, maturity consideration or interest on any debt security that remains unclaimed at the end of two years after such principal, premium, maturity consideration or interest has become due and payable or deliverable will be repaid to us, and the holder of the debt security thereafter, as an unsecured general creditor, may look only to us for payment or delivery thereof. (Section 10.03)

Book-Entry, Delivery and Form of Debt Securities

The debt securities will be issued in book-entry form through The Depository Trust Company, which we refer to along with its successors in this capacity as DTC. DTC will act as securities depository for the debt securities. The debt securities will be issued only as fully registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. The debt securities will be accepted for clearance by DTC. Beneficial interests in the debt securities will be shown on, and transfers thereof will be effected only through, the book-entry records maintained by DTC and its direct and indirect participants, including Euroclear and Clearstream as described below. Owners of beneficial interests in the debt securities will receive all payments relating to their debt securities in U.S. dollars. One or more fully registered global security certificates, representing the aggregate principal amount of debt securities issued, will be issued and will be deposited with DTC and will bear a legend regarding the restrictions on exchanges and registration of transfer referred to below.

The laws of some jurisdictions may require that some purchasers of securities take physical delivery of securities in definitive form. These laws may impair the ability to transfer beneficial interests in the debt securities, so long as the debt securities are represented by global security certificates.

DTC has advised us that it is a limited-purpose trust company organized under the New York Banking Law, a banking organization within the meaning of the New York Banking Law, a member of the Federal Reserve System, a clearing corporation within the meaning of the New York Uniform Commercial Code and a clearing agency registered pursuant to the provisions of Section 17A of the Exchange Act. DTC holds securities that its direct participants deposit with DTC. DTC also facilitates the post-trade settlement among

Table of Contents

direct participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between participants' accounts. This eliminates the need for physical movement of securities certificates. Direct participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation, which, in turn, is owned by a number of direct participants of DTC and by the New York Stock Exchange, Inc., the American Stock Exchange LLC and the Financial Industry Regulatory Authority, Inc. Access to the DTC system is also available to others, referred to as indirect participants, such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a direct or indirect custodial relationship with a direct participant. The rules applicable to DTC and its participants are on file with the SEC.

Purchases of debt securities under the DTC system must be made by or through direct participants, which will receive a credit for the debt securities on DTC's records. The ownership interest of each beneficial owner of debt securities will be recorded on the direct or indirect participants' records. Beneficial owners will not receive written confirmation from DTC of their purchase. Beneficial owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the direct or indirect participant through whom the beneficial owner entered into the transaction. Under a book-entry format, holders may experience some delay in their receipt of payments, as such payments will be forwarded by the trustee to Cede & Co., as nominee for DTC. DTC will forward the payments to its participants, who will then forward them to indirect participants or holders. Beneficial owners of debt securities other than DTC or its nominees will not be recognized by the registrar and transfer agent as registered holders of the debt securities entitled to the rights of holders thereof. Beneficial owners that are not participants will be permitted to exercise their rights only indirectly through and according to the procedures of participants and, if applicable, indirect participants.

To facilitate subsequent transfers, all debt securities deposited by direct participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of debt securities with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual beneficial owners of the debt securities; DTC's records reflect only the identity of the direct participants to whose accounts the debt securities are credited, which may or may not be the beneficial owners. The direct and indirect participants will remain responsible for keeping account of their holdings on behalf of their customers.

Delivery of notices and other communications by DTC to direct participants, by direct participants to indirect participants, and by direct and indirect participants to beneficial owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Redemption notices, if any, will be sent to DTC. If less than all of the debt securities within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each direct participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to debt securities unless authorized by a direct participant in accordance with DTC's procedures. Under its usual procedures, DTC mails an omnibus proxy to the issuer as soon as possible after the record

date. The omnibus proxy assigns Cede & Co.'s consenting or voting rights to those direct participants to whose accounts debt securities are credited on the record date (identified in a listing attached to the omnibus proxy).

DTC may discontinue providing its services as securities depository with respect to the debt securities at any time by giving reasonable notice to the issuer or its agent. Under these circumstances, in the event that a successor securities depository is not obtained, certificates for the debt securities are required to be printed and delivered. We may decide to discontinue the use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, certificates for the debt securities will be printed and delivered to DTC. If an event of default with respect to the debt securities has occurred and is continuing, a holder may request that certificates for the debt securities be registered in such holder's names.

Table of Contents

As long as DTC or its nominee is the registered owner of the global security certificates, DTC or its nominee, as the case may be, will be considered the sole owner and holder of the global security certificates and all debt securities represented by these certificates for all purposes under the instruments governing the rights and obligations of holders of debt securities. Except in the limited circumstances referred to above, owners of beneficial interests in global security certificates:

will not be entitled to have such global security certificates or the debt securities represented by these certificates registered in their names;

will not receive or be entitled to receive physical delivery of securities certificates in exchange for beneficial interests in global security certificates; and

will not be considered to be owners or holders of the global security certificates or the debt securities represented by these certificates for any purpose under the instruments governing the rights and obligations of holders of debt securities.

Payments with respect to debt securities represented by the global security certificates and all transfers and deliveries of debt securities will be made to DTC or its nominee, as the case may be, as the registered holder of the debt securities. DTC's practice is to credit direct participants' accounts upon DTC's receipt of funds and corresponding detail information from the issuer or its agent, on the payable date in accordance with their respective holdings shown on DTC's records. Payments by participants to beneficial owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in street name, and will be the responsibility of that participant and not of DTC, the trustee, the issuer or any of their agents, subject to any statutory or regulatory requirements as may be in effect from time to time. Payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) are the responsibility of the issuer or its agent, disbursement of such payments to direct participants will be the responsibility of DTC, and disbursement of such payments to the beneficial owners will be the responsibility of direct and indirect participants.

Ownership of beneficial interests in the global security certificates will be limited to participants or persons that may hold beneficial interests through institutions that have accounts with DTC or its nominee. Ownership of beneficial interests in global security certificates will be shown only on, and the transfer of those ownership interests will be effected only through, records maintained by DTC or its nominee, with respect to participants' interests, or any participant, with respect to interests of persons held by the participant on their behalf. Payments, transfers, deliveries, exchanges, and other matters relating to beneficial interests in global security certificates may be subject to various policies and procedures adopted by DTC from time to time. Neither we nor any agent for us will have any responsibility or liability for any aspect of DTC's or any direct or indirect participant's records relating to, or for payments made on account of, beneficial interests in global security certificates, or for maintaining, supervising or reviewing any of DTC's records or any direct or indirect participant's records relating to these beneficial ownership interests.

Although DTC has agreed to the foregoing procedures in order to facilitate transfer of interests in the global security certificates among participants, DTC is under no obligation to perform or

continue to perform these procedures, and these procedures may be discontinued at any time. We will not have any responsibility for the performance by DTC or its direct or indirect participants under the rules and procedures governing DTC.

Because DTC can act only on behalf of direct participants, who in turn act only on behalf of direct or indirect participants, and certain banks, trust companies and other persons approved by it, the ability of a beneficial owner of debt securities to pledge the debt securities to persons or entities that do not participate in the DTC system may be limited due to the unavailability of physical certificates for the debt securities.

DTC has advised us that it will take any action permitted to be taken by a registered holder of any securities under the indenture only at the direction of one or more participants to whose accounts with DTC the debt securities are credited.

Table of Contents

The information in this section concerning DTC and its book-entry system has been obtained from sources that we believe to be accurate, but we assume no responsibility for the accuracy thereof.

If the depository for a global security is DTC, you may hold interests in the global debt securities through Euroclear Bank S.A./N.V., as operator of the Euroclear System (Euroclear) or Clearstream Banking, société anonyme (Clearstream), in each case, as a participant in DTC. Clearstream and Euroclear will hold interests on behalf of their participants through customers securities accounts in Clearstream s and Euroclear s names on the books of their respective depositories, which in turn will hold interests in customers securities accounts in the depositories names on the books of DTC.

Payments, deliveries, transfers, exchanges, notices and other matters relating to the debt securities made through Euroclear or Clearstream must comply with the rules and procedures of those systems. Those systems could change their rules and procedures at any time. The Company has no control over those systems or their participants, and the Company takes no responsibility for their activities. Transactions between participants in Euroclear or Clearstream, on the one hand, and other participants in DTC, on the other hand, would also be subject to DTC s rules and procedures.

Investors will be able to make and receive through Euroclear and Clearstream payments, deliveries, transfers, exchanges, notices and other transactions involving any securities held through those systems only on days when those systems are open for business. Those systems may not be open for business on days when banks, brokers and other institutions are open for business in the United States.

In addition, because of time-zone differences, U.S. investors who hold their interests in the debt securities through Euroclear or Clearstream and wish, on a particular day, to transfer their interests, or to receive or make a payment or delivery or exercise any other right with respect to their interests, may find that the transaction will not be effected until the next business day in Brussels or Luxembourg, as applicable. Thus, investors who wish to exercise rights that expire on a particular day may need to act before such date. In addition, investors who hold their interests through both DTC and Euroclear or Clearstream may need to make special arrangements to finance any purchase or sales of their interests between the U.S. and European clearing systems, and those transactions may settle later than transactions within one clearing system.

The information in this section concerning Euroclear and Clearstream and their book-entry systems has been obtained from sources that we believe to be reliable, but we take no responsibility for the accuracy of that information.

None of us, any of the underwriters or the trustee will have any responsibility for the performance by Euroclear or Clearstream or their respective participants of their respective obligations under the rules and procedures governing their operations.

Although DTC, Clearstream and Euroclear have agreed to the foregoing procedures in order to facilitate transfers of securities among participants of DTC, Clearstream and Euroclear, they are under no obligation to perform or continue to perform such procedures and they may discontinue the procedures at any time.

DESCRIPTION OF THE PREFERRED STOCK

The following is a description of general terms and provisions of the preferred stock. The particular terms of any series of preferred stock will be described in the applicable prospectus supplement.

All of the terms of the preferred stock are, or will be, contained in our Restated Certificate of Incorporation or any resolutions which may be adopted by our board of directors relating to any series of the preferred stock, which will be filed with the SEC at or before the time we issue a series of the preferred stock.

We are authorized to issue up to 200,000,000 shares of preferred stock, par value \$0.01 per share. As of the date of this prospectus, we have no shares of preferred stock outstanding. Subject to limitations prescribed by law, the board of directors is authorized at any time to:

issue one or more series of preferred stock;

determine the designation for any series by number, letter or title that shall distinguish the series from any other series of preferred stock; and

determine the number of shares in any series.

The board of directors is authorized to determine, for each series of preferred stock, and the prospectus supplement will set forth with respect to the series, the following information:

whether dividends on that series of preferred stock will be cumulative, noncumulative or partially cumulative;

the dividend rate (or method for determining the rate);

the liquidation preference per share of that series of preferred stock, if any;

any conversion provisions applicable to that series of preferred stock;

any redemption or sinking fund provisions applicable to that series of preferred stock;

the voting rights of that series of preferred stock, if any; and

the terms of any other preferences or rights, if any, applicable to that series of preferred stock.

The preferred stock, when issued, will be fully paid and nonassessable.

Although it has no present intention to do so, our board of directors, without shareholder approval, may issue preferred stock with voting and conversion rights, which could adversely affect the voting power of the holders of common stock. If we issue preferred stock, it may have the effect of delaying, deferring or preventing a change of control.

Table of Contents

DESCRIPTION OF THE COMMON STOCK

We are authorized to issue a total of 10,200,000,000 shares of common stock, of which:

We will issue only shares of class B common stock pursuant to this prospectus.

Generally, all shares of our common stock have the same relative rights, preferences and limitations, except as follows:

shares of class A common stock have 10 votes per share;

shares of class B common stock have one vote per share; and

shares of class A common stock may be converted at any time by the holder into an equal number of shares of class B common stock and, if transferred to certain transferees, are automatically converted into shares of class B common stock immediately upon transfer.

Our class B common stock is listed and traded on the New York Stock Exchange under the symbol UPS. There is no public market for our class A common stock.

Dividends may be paid on our common stock out of funds legally available for dividends, when and if declared by our board of directors. In the case of a distribution of our common stock, each class of common stock receives a distribution of only shares of the same class of common stock. For example, only shares of class B common stock may be distributed with respect to class B common stock.

Holders of our common stock are entitled to share ratably in any dividends and in any assets available for distribution on liquidation, dissolution or winding-up, subject, if any of our preferred stock is then outstanding, to any preferential rights of such preferred stock. Our common stock is not redeemable, has no subscription rights and does not entitle the holder to any preemptive rights.

Anti-takeover Effects of our Certificate of Incorporation, Bylaws and Delaware Law

Restated Certificate of Incorporation and Amended and Restated Bylaws

Our Restated Certificate of Incorporation and Amended and Restated Bylaws contain provisions that may be deemed to have an anti-takeover effect and may delay, defer or prevent a tender offer or takeover attempt that a shareowner might consider in its best interest. These provisions include:

restrictions on the voting power of any person or group who owns shares having more than 25% of our total voting power (such persons will be entitled to only 1/100 of a vote for each vote in excess of 25% of our voting power);

no shareowner action by written consent;

no shareowner ability to call a special meeting;

no cumulative voting;

Table of Contents

our ability to issue preferred stock without any action on the part of the shareowners;

advance notice provisions that specify how and when a shareowner may bring business before an annual meeting;

indemnification of officers and directors and limitations on their liability; and

supermajority provisions: an 80% vote of our shareowners is required to amend the provisions of our Restated Certificate of Incorporation relating to the prohibition on shareowner action by written consent and the restrictions on the voting power of a shareowner that holds more than 25% of our voting power.

These provisions are designed to discourage coercive takeover practices and inadequate takeover bids. These provisions are also designed to encourage persons seeking to acquire control of us to first negotiate with our board of directors. We believe that this increased protection gives us the potential ability to negotiate with the proponent of an unfriendly or unsolicited proposal to acquire or restructure us, and that the benefits of this increased protection outweigh the disadvantages of discouraging those proposals, because negotiation of those proposals could improve their terms.

Delaware Business Combination Statute

We are subject to Section 203 of the Delaware General Corporation Law, an anti-takeover law. Section 203 imposes restrictions which, under certain circumstances, may make it more difficult for an interested stockholder, as defined in Section 203, to effect various business combinations with us for a three year period from the time such person becomes an interested stockholder. Under Section 203, a corporation's bylaws or certificate of incorporation may exclude a corporation from the restrictions imposed by Section 203. Neither our bylaws nor our certificate of incorporation contains such an exclusion.
