ITEM 11. EXECUTIVE COMPENSATION
Compensation Committee Report

The Compensation Committee of the Board of Directors reviews and establishes the compensation program for the Company's senior management, including the named executive officers in the Summary Compensation Table below, and provides oversight of the Company's compensation program. A discussion of the principles, objectives, components, analyses and determinations of the Committee with respect to executive compensation is included in the Compensation Discussion and Analysis that follows this Committee report. The Compensation Discussion and Analysis also includes discussion with respect to the Committee's review of officer and employee compensation plans and specifically any features that may encourage employees to take unnecessary and excessive risks. The specific decisions of the Committee regarding the compensation of the named executive officers are reflected in the compensation tables and narrative that follow the Compensation Discussion and Analysis.

The Compensation Committee certifies that:

- (1) it reviewed with the senior risk officer the senior executive officer compensation plans and made all reasonable efforts to ensure that these plans do not encourage the senior executive officers to take unnecessary and excessive risks that threaten the value of the Company;
- (2) it reviewed with the senior risk officer the employee compensation plans and made all reasonable efforts to limit any unnecessary risks these plans pose to the Company; and
- (3) it reviewed the employee compensation plans to eliminate any features of these plans that would encourage the manipulation of reported earnings of the Company and the Bank to enhance the compensation of any employee.

The Committee has reviewed the Compensation Discussion and Analysis and discussed it with the Company's management. Based on this review and discussion, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the Company's annual report on Form 10-K for the year ended December 31, 2012 and the Company's 2013 proxy statement.

Compensation Discussion and Analysis

General

The Compensation Committee of the Company's Board of Directors reviews and establishes the compensation program for the Company's senior management, including the named executive officers in the Summary Compensation Table below, and provides oversight of the Company's compensation program. The Committee consists entirely of non-employee, independent members of the Board and operates under a written charter approved by the Board.

The Committee specifically discharges Board oversight responsibilities with respect to

the compensation of the Company's Chief Executive Officer and other executive officers and other key employees;

the administration of incentive compensation plans, including stock plans and short- and long-term incentive compensation plans; and

the approval, review and oversight of certain other benefit plans of the Company.

The Company's compensation program generally consists of salary, annual bonus and incentives, equity-based long-term compensation and benefits. Benefits include participation in the Company's 401(k) plan and health insurance benefits. The Company also has a defined benefit pension plan, which has been frozen, and a supplemental retirement plan, which has been frozen to new entrants. In addition, the Company offers perquisites to certain executive officers such as use of Company-owned vehicles. The Company recognizes that competitive compensation is critical for attracting, motivating, rewarding and retaining qualified executives. One of the fundamental objectives of the Company's compensation program is to offer competitive compensation and benefits for all employees, including executive officers, in order to compete for and retain talented personnel who will lead the Company in achieving levels of financial performance that enhance stockholder value.

Over the past three years, the Company spent considerable time remediating issues of regulatory concern, as set forth in a written agreement with its federal and state banking regulators, following significant growth in 2008 and 2009 that strained the Company's organizational structure and the effectiveness of risk management programs that are appropriate for the various functions of an organization of its size and complexity. These efforts required a strong and dedicated management team capable of effecting key internal changes. The Company's actions resulted in its release from the written agreement after 20 months and brought a renewed focus on strategic growth for the franchise, through both internal loan growth and appropriate branch expansion. This growth likewise requires a management team with relevant experience. As a result, a primary focus of the Company's compensation program has been, and continues to be, to attract and retain a team of experienced bankers.

As discussed below, the Committee engaged an independent consultant on a very limited basis to assist it in carrying out certain responsibilities with respect to executive compensation for the 2012 year.

The following discussion explains the material elements of compensation paid to the Company's named executive officers and provides the material factors underlying its compensation policies and practices. The information in this discussion specifically provides context for the compensation disclosures in the tables that follow it and should be read along with those disclosures.

Table of Contents

American Recovery and Reinvestment Act of 2009

On December 19, 2008, the Company entered into a letter agreement with the United States Department of the Treasury (Treasury) under which it issued 17,680 shares of its Series A preferred stock in connection with the Capital Purchase Program under the Treasury s Troubled Asset Relief Program (TARP). In accordance with the terms of the letter agreement, the Company and the named executive officers amended certain employment agreements and benefit plans and arrangements to the extent necessary to be in compliance with the executive compensation and corporate governance requirements of Section 111(b) of the Emergency Economic Stabilization Act of 2008 (EESA) as implemented by any guidance or regulation under Section 111(b) of EESA that was issued and in effect as of the closing date of the transaction. Section 7001 of the American Recovery and Reinvestment Act of 2009 (ARRA) amended Section 111 of EESA to provide that TARP participants are subject to the standards established by the Secretary and directs the Secretary of Treasury to require each TARP recipient to meet appropriate standards for executive compensation and corporate governance.

Under regulations that have been issued pursuant to EESA, the Committee has reviewed all components of the Company s compensation program, as described below, with respect to the Company s senior executive officers, which include the named executive officers. These components have consisted of employment agreements, bonus arrangements (including an annual incentive plan) and a stock incentive plan. None of these components presently contain any feature that, in the Committee s review, would encourage the senior executive officers to take unnecessary and excessive risks that would threaten the value of the Company.

In addition, in conjunction with a review with the Company s Chief Risk Officer, the Committee reviewed employee compensation plans generally. Most of the Company s employees are compensated by the payment of salary, and historically certain employees would be awarded a performance bonus if, in the estimation of their managers, their performance merited such an award. The Committee determined that there is no element in any senior executive officer plan or any employee plan that would encourage the executives or employees to manipulate reported earnings in order to enhance compensation.

Compensation Program

The elements of the Company s compensation program represent the elements that the Company has offered in the past in order to attract, motivate, reward and retain highly qualified executive officers. The Company believes that these elements are also standard compensation components of its peer companies and allow the Company to present an attractive compensation package to each of its named executive officers in comparison with these companies.

The Committee approves the compensation of all members of senior management, including the named executive officers.

Bruce E. Thomas, the Company s Executive Vice President and Chief Financial Officer, had an employment agreement with the Company during 2012. A summary of the agreement is set forth below following the Summary Compensation Table. No other executive officers had an employment agreement with the Company during 2012.

Salary

The base salary of the named executive officers is designed to be competitive with that of the Company s peer banks. In establishing the base salary for the named executive officers, the Committee relies on an evaluation of the officers level of responsibility and performance and on comparative

Table of Contents

information. In establishing the base salary, other than for the Chief Executive Officer, the Committee also receives and takes into account the individual compensation recommendations from the Chief Executive Officer. The salary of the Chief Executive Officer is also approved by the independent members of the Board of Directors, upon recommendation of the Committee.

The Committee's discussion of salary decisions for 2012 began in the fourth quarter of 2011. In October 2011, the Committee reviewed competitive market compensation information provided by the Committee's independent consultant, with a primary focus on Rex L. Smith, III following his appointment as President and Chief Executive Officer in May 2011. The information was developed from the consultant's compensation database, which consisted of multiple bank compensation surveys and information on comparably-sized community banks in the mid-Atlantic area. The peer group data that the Committee reviewed was created from the following 30 financial institutions):

Bank of Kentucky Financial Corporation	Yadkin Valley Financial Corporation
Farmers Capital Bank Corporation	First Farmers and Merchants Corporation
First Financial Service Corporation	First Security Group, Inc.
Porter Bancorp, Inc.	Access National Corporation
S.Y. Bancorp, Inc.	American National Bankshares Inc.
First United Corporation	C&F Financial Corporation
Shore Bankshares, Inc.	Eagle Financial Services, Inc.
Tri-County Financial Corporation	Eastern Virginia Bankshares, Inc.
Crescent Financial Corporation	Fauquier Bankshares, Inc.
ECB Bancorp, Inc.	Highlands Bankshares, Inc.
First South Bancorp, Inc.	Middleburg Financial Corporation
Four Oaks Fincorp, Inc.	Monarch Financial Holdings, Inc.
NewBridge Bancorp	National Bankshares, Inc.
Peoples Bancorp of North Carolina, Inc.	Old Point Financial Corporation
Southern Community Financial Corporation	Valley Financial Corporation

The Committee noted that there was a gap between the salary for the Company's Chief Executive Officer and the salary for that position at companies in the peer group, and the Committee reviewed potential increases in salary, both at the time and in the future. The Committee determined to increase Mr. Smith's salary by \$30,000 to \$230,000 effective November 1, 2011 and agreed, in light of the fact that this salary level would remain well below the Company's peers, to review the salary for the Chief Executive Officer no less than annually.

None of the other named executive officers had received any salary adjustments for the 2011 year. In December 2011, the Committee reviewed with Mr. Smith the same market information from the independent consultant in connection with potential salary adjustments for the other named executive officers. The Committee acknowledged that these individuals have contributed significantly to the Company's remediation efforts during 2011 and that their salaries were not necessarily in line with the Company's peer group. The officer's salaries were generally in the lower half of the mid-market range, and the Committee generally targets the 50th percentile for fully qualified officers whose performance meets expectations and the 75th percentile for highly qualified officers who outperform expectations. The Committee also recognized that the Company had not implemented, due to earnings challenges, any annual increases in salary for such executive officers since the Company's merger transactions in 2008. As a result, the Committee determined to make, at Mr. Smith's recommendations, the salary increases for the named executive officers as set forth below effective as of January 1, 2012.

Table of Contents

Name	2011 Salary	2012 Salary
W. Thomas Townsend	\$ 180,000	\$ 184,000
Bruce E. Thomas	\$ 165,000	\$ 175,000
John M. Oakey, III	\$ 165,000	\$ 175,000

In January 2012, the Committee reviewed a compensation package, as recommended by Mr. Smith, for Jeffery R. Cantrell, who was being promoted to a new Chief Operating Officer position. (The promotion was subject to regulatory approval under the regulatory written agreement in place at that time, and such approval was received in July 2012.) Similar to the analysis with respect to salary increases for the other named executive officers, as described above, the Committee approved a salary of \$170,000 for Mr. Cantrell as Chief Operating Officer.

In December 2012, the Committee reviewed and determined salaries for the 2013 year. The Committee received and reviewed recommendations from Mr. Smith for increases in salaries for the other named executive officers. The Committee considered the reasons for the proposed increases, including the value that each officer has contributed to the Company and Mr. Smith's desire to bring such salaries in line with the mid-point level of the Company's peer group, based on updated peer group information prepared by the Committee's compensation consultant. This information included only current salary range averages and did not include the names of any banks included in the peer group. As a result, the Committee determined to make, at Mr. Smith's recommendations, the salary increases for the named executive officers as set forth below effective as of January 1, 2013.

Name	2012 Salary	2013 Salary
W. Thomas Townsend	\$ 184,000	\$ 194,000
Bruce E. Thomas	\$ 175,000	\$ 185,000
John M. Oakey, III	\$ 175,000	\$ 185,000
Jeffery R. Cantrell	\$ 170,000	\$ 180,000

Also in December 2012, the Committee reviewed and determined a salary for Mr. Smith for the 2013 year. The Committee considered the release of the Company and the Bank from the regulatory written agreement and the financial performance of the Company from the standpoint of both earnings and credit quality. The Committee also considered reasons for an increase, including the value that Mr. Smith has contributed to the Company and is expected to continue to contribute to the Company in the future. There was recognition that Mr. Smith's salary was well below the 50% mark of the Company's peer group, and the Committee acknowledged its desire to bring his salary in line with this level, consistent with the other executive officers of the Company. As a result, the Committee approved a salary increase for Mr. Smith from \$230,000 to \$325,000, effective January 1, 2013, and this increase was subsequently approved by the Board of Directors.

Annual Incentives and Bonuses

For the 2012 year, the Committee adopted an objectives-based incentive plan for the named executive officers and other key employees that tied incentive payments to specific operating metrics of the Company. These metrics were net income, the percentage of non-performing assets to total loans plus other real estate owned (OREO) for the Bank's non-covered portfolio and a discretionary component, which were assigned weights of 50%, 40% and 10%, respectively. The plan included threshold, target and maximum levels of performance for each metric and a corresponding payout, as a percentage of salary, to each of the named executive officers based on the achievement of such levels. The range of the payout is from 5.0% (threshold) to 15.0% (maximum) of salary for each of the named executive officers except for Mr. Smith. There would be no payout at all if the net income metric did not meet at least the threshold amount.

Table of Contents

The ability of Mr. Smith to receive a bonus for 2012 was restricted by TARP regulations.

For 2012, the net income metric met the maximum level of performance, and the non-performing assets metric met the threshold level of performance. These metrics combined corresponded to a payout of 9.50% of salary under the plan. Mr. Smith recommended an additional 1.25% of salary for the named executive officers, with respect to the job-related discretionary component of the bonus, with a slight increase of 1.50% for each of Mr. Thomas and Mr. Oakey for specific efforts. As a result, the Committee approved bonuses under the 2012 annual incentive plan, which ranged from 10.75% to 11.00% of salary, as follows:

Name	2012 Bonus
W. Thomas Townsend	\$ 19,780
Bruce E. Thomas	\$ 19,250
John M. Oakey, III	\$ 19,250
Jeffery R. Cantrell	\$ 18,275

In July 2012, Mr. Cantrell received a relocation bonus of \$25,000 in connection with his promotion to the Chief Operating Officer position and his move from the Georgia market to the Company's Virginia headquarters.

For the 2013 year, the Committee has adopted an incentive plan for the named executive officers and other key employees that is almost identical to the plan for the 2012 year. For 2013, the metrics of net income, the percentage of non-performing assets to total loans plus other real estate owned for the Bank's non-covered portfolio and a discretionary component are assigned weights of 40%, 40% and 20%, respectively. The ability of Mr. Smith to receive a cash bonus for 2013 remains restricted by TARP regulations.

Long-Term Incentives

In 2009, the Company adopted and its stockholders approved the Community Bankers Trust Corporation 2009 Stock Incentive Plan. The purpose of the plan is to further the long-term stability and financial success of the Company by attracting and retaining employees and directors through the use of stock incentives and other rights that promote and recognize the financial success and growth of the Company. The Company believes that ownership of Company stock will stimulate the efforts of such employees and directors by further aligning their interests with the interests of the Company's stockholders. The plan is to be used to grant restricted stock awards, stock options in the form of incentive stock options and nonstatutory stock options, stock appreciation rights and other stock-based awards to employees and directors of the Company. As adopted, the plan makes available up to 2,650,000 shares of common stock for issuance to participants under the plan.

In January 2012, at the recommendation of the Chief Executive Officer, the Committee approved stock option awards to the other named executive officers and other key employees. In determining the specific amounts for the stock option awards, the Committee considered the levels of comparable awards in the peer group that its consultant had presented in connection with setting 2012 salary levels. The Committee also considered that such awards would motivate individual long-term performance and would link each officer's interest directly with stockholder interests. In addition, the strike price for each award was set at a price above the common stock's market price on the date of the award. The specific amounts of the awards for the named executive officers are set forth in the Plans of Grant-Based Awards below.

Table of Contents

In July 2012, Mr. Cantrell received a stock option award with respect to 11,000 shares of common stock. This award supplemented the award that he had received as a member of senior management in January 2012 and was given to him in light of his promotion to the Chief Operating Officer position.

In January 2013, at the recommendation of the Chief Executive Officer, the Committee approved stock option awards to the named executive officers, except for the Chief Executive Officer, and other key employees. The Committee also approved a restricted stock award for the Chief Executive Officer. The award to Mr. Smith was consistent with the provisions of the Interim Final Rule on TARP Standards for Compensation and Corporate Governance that the Treasury implemented in June 2009. In determining the specific amounts for the stock option and restricted stock awards, the Committee considered that such awards would motivate individual long-term performance and would link each officer's interest directly with stockholder interests.

The Company continues to sponsor each of the TransCommunity Financial Corporation 2001 Stock Option Plan, the TransCommunity Financial Corporation 2007 Equity Compensation Plan, the BOE Financial Services of Virginia, Inc. Stock Incentive Plan and the BOE Financial Services of Virginia, Inc. Stock Option Plan for Outside Directors and the awards that remain outstanding under those plans. The Company did not make any awards under these plans in 2012, and it will not make any further awards under these plans in future years.

In the future, the Company expects that any stock option grants and stock awards to executive officers will be made at regularly scheduled Committee meetings. The Company's Chief Executive Officer will provide the Committee with a recommendation concerning the recipients (other than him), the reason for the award and the number of shares to be awarded. The grant date will generally be the date of the meeting when the Committee approves awards. The Company will not tie the timing of the issuance of stock options or stock awards to the release or withholding of material non-public information.

Retirement Program

The Company's retirement program is designed to provide executive officers with an appropriate level of financial security and income, following retirement, relative to their pre-retirement earnings. The Company believes that its retirement program has been a valuable tool in attracting and retaining highly qualified employees. The retirement program historically has been reflective of common practices among companies of similar size and structure.

During 2012, the components of the Company's retirement program included the following:

- a non-tax qualified Supplemental Executive Retirement Plan for certain executives to supplement the benefits that such executives can receive under other retirement program components and social security

- a 401(k) employee savings plan for which all full-time employees who are 21 years of age or older are eligible to participate

Another component of the Company's retirement program has been a noncontributory defined benefit pension plan for all full-time employees who are 21 years of age or older and who have completed one year of eligibility service. The Company froze, effective December 31, 2010, the plan benefits for all participants in the pension plan, which was a benefit available only to employees of the Bank prior to the merger of BOE Financial with and into the Company. The Company had frozen the pension plan to new entrants in 2008.

Table of Contents

Additional information with respect to all of these components is set forth in the Post-Employment Compensation section below.

Perquisites and Fringe Benefits

Perquisites and fringe benefits are designed to provide certain personal benefits and to fund certain expenditures that are common among executive officers in many companies. The Committee believes that this component of compensation is a valuable tool in attracting, motivating, rewarding and recruiting highly qualified employees. The Committee will review the level of these benefits on an annual basis.

The Company provides Mr. Smith with the use of a company automobile. The employment agreement with Mr. Thomas provides for an automobile or automobile allowance, with appropriate insurance coverage and maintenance expenses, and for the payment or reimbursement for country club dues that may be incurred. The Company provides Mr. Cantrell with an automobile allowance.

Post-Termination Compensation

Under his employment agreement, Mr. Thomas may be entitled to post-termination compensation in certain cases. These provisions are detailed further and quantified in the section below titled Post-Employment Compensation.

In connection with the Company's receipt of TARP funds, Mr. Thomas signed a waiver of acknowledgement that the TARP regulation in effect at such time may require modification of the compensation, bonus, incentive, and other benefits plans, policies, and agreements that the Company has that affect his compensation. These restrictions significantly modify the provisions of the agreement that the Company has with him that relate to severance payments in the event of his termination of employment.

In addition, in 2008, Mr. Thomas entered into a letter agreement with the Company amending the benefit plans with respect to him as may be necessary, during the period that Treasury owns any debt or equity securities of the Company, to comply with Section 111(b) of EESA, as amended by ARRA.

Mr. Cantrell received a change-in-control agreement in connection with his promotion to the Chief Operating Officer position. The agreement, which is also detailed further and quantified in the section below titled Post-Employment Compensation, was provided to him as part of an overall compensation package that included components to give certain assurances to Mr. Cantrell for his relocation from the Georgia market to the Company's headquarters in Virginia.

Compensation Limitations for TARP Recipients

The following is a summary of certain executive compensation limitations under the EESA and the ARRA:

a requirement to recover any bonus payment to a senior executive officer or any of the next 20 most highly compensated employees if payment was based on materially inaccurate financial statements or performance metric criteria

Table of Contents

a prohibition on making any golden parachute payments to a senior executive officer or any of the next five most highly compensated employees

a prohibition on paying or accruing any bonus payment to the most highly compensated employee, except as otherwise permitted by the rules

a prohibition on maintaining any plan for senior executive officers that encourages such officers to take unnecessary and excessive risks that threaten the Company's value

a prohibition on maintaining any employee compensation plan that encourages the manipulation of reported earnings to enhance the compensation of any employee

a prohibition on providing tax gross-ups to a senior executive officer or any of the next 20 most highly compensated employees

The Committee reviews these and other requirements under the EESA and the ARRA in making its compensation determinations with respect to the Company's senior management, including the named executive officers.

Employment Agreements

The Company has an employment agreement with Bruce E. Thomas. The Company does not currently have employment agreements with any of its other executive officers.

The agreement with Bruce E. Thomas is effective as of May 31, 2008, which was the effective date of the merger of the Company and BOE Financial. Effective as of that date and pursuant to his employment agreement, Mr. Thomas serves as the Company's Chief Financial Officer, at a salary determined by the Company's Board of Directors. The term of the employment agreement is for three years after the merger date. On each anniversary of the merger date, upon the review and approval of the Board of Directors, the term of the agreement will be extended by an additional year unless the Company or Mr. Thomas gives written notice at least 30 days prior to an anniversary date that no further extensions should occur.

The employment agreement with Mr. Thomas imposes certain limitations on him, precluding him from soliciting the Company's or the Bank's employees and customers and, without the Company's prior written consent, competing with the Company or the Bank by forming, serving as an organizer, director, officer or consultant to, or maintaining a more than one percent passive investment in a depository financial institution or holding company if such entity has one or more offices or branches located within a 10-mile radius of the headquarters or any branch banking office of the Company or the Bank. These

limitations will be for a period of two years from the date on which Mr. Thomas ceases to be an employee of the Company except that, in the case of a termination without cause or for good reason following a change in control, the non-compete and customer solicitation restrictions will be in force for only one year.

Mr. Thomas's employment agreement addresses termination of his employment under various termination scenarios. Information on these terms is provided in the Post-Employment Compensation section below.

- (1) For the 2012 year, the Company adopted an objectives-based incentive plan for the named executive officers that tied incentive payments to specific operating metrics of the Company. These metrics were net income, the percentage of non-performing assets to total loans plus other real estate owned for the Bank's non-covered portfolio and a discretionary component, which were assigned weights of 50%, 40% and 10%, respectively. The plan included threshold, target and maximum levels of performance for each metric and a corresponding payout, as a percentage of salary, to each of the named executive officers based on the achievement of such levels. The range of the payout is from 5.0% (threshold) to 15.0% (maximum) of salary for each of the named executive officers except for Mr. Smith. The ability of Mr. Smith to receive a cash bonus for 2012 was restricted by TARP regulations.
- (2) All option awards presented vest in four equal annual installments beginning on the first anniversary of the grant date.
- (3) The grant date fair value of these options awards reflects the full accounting expense, as of the grant date, that the Company recognized in 2012 and does not necessarily represent the value that will be realized by the executive officer upon vesting or exercise.

Outstanding Equity Awards

Prior to their mergers with and into the Company, both TransCommunity Financial and BOE Financial maintained plans that provided for stock-based awards as incentives for certain officers and directors. Under the terms of these plans, all options and awards that were outstanding at the time of the mergers were fully vested and exercisable, and any unrecognized compensation expenses were accelerated. In connection with the mergers, the Company adopted all awards that were outstanding under such plans, but terminated the plans so that no further awards will be made under them.

In 2009, the Company adopted the Community Bankers Trust Corporation 2009 Stock Incentive Plan. The plan is to be used to grant restricted stock awards, stock options in the form of incentive stock options and nonstatutory stock options, stock appreciation rights and other stock-based awards to employees and directors of the Company. As adopted, the plan makes available up to 2,650,000 shares for issuance to participants under the plan.

The following table shows outstanding stock awards and option awards held by the named executive officers as of December 31, 2012.

Post-Employment Compensation

Pension Plan

The Bank maintains a non-contributory defined benefit pension plan for all full-time employees who are 21 years of age or older and who have completed one year of eligibility service. The plan, which was a benefit available only to employees of the Bank prior to the merger, was frozen to new entrants prior to the merger of BOE Financial with and into the Company. Effective December 31, 2010, the Company froze the plan benefits for all participants in the pension plan.

Mr. Thomas is a participant in this plan. Benefits payable under the plan are based on years of credited service, average compensation over the highest consecutive five years, and the plan's benefit formula (1.60% of average compensation times years of credited service up to 20 years, plus 0.75% of average compensation times years of credited service in excess of 20 years, plus 0.65% of average compensation in excess of Social Security Covered Compensation times years of credited service up to a maximum of 35 years). For 2012, the maximum allowable annual benefit payable by the plan at age 65 (the plan's normal retirement age) was \$200,000 and the maximum compensation covered by the plan was \$250,000. Reduced early retirement benefits are payable on or after age 55 upon completion of 10 years of credited service. Amounts payable under the plan are not subject to reduction for Social Security benefits.

The following table provides the actuarial present value of each named executive officer's total accumulated benefit under the pension plan as of December 31, 2012:

Name	Plan Name	Number of Years Credited Service (#)	Present Value of Accumulated Benefit (\$)	Payments During Last Fiscal Year (\$)

Supplemental Executive Retirement Plan

In 2006, the Bank adopted a non-tax qualified supplemental executive retirement plan (SERP) for certain executives to supplement the benefits that such executives can receive under the Bank's other retirement programs and social security. Mr. Thomas is a participant in the SERP. Retirement benefits under the SERP vary by individual and are payable at age 65 for 15 years or life, whichever is longer. In

the event of termination prior to age 65 (for reasons other than death, subsequent to a change of control or for cause), benefits still commence at age 65, but are substantially reduced. Benefits payable in the event of termination following a change of control or death commence upon termination or death, and are the approximate actuarial equivalent of the value of normal retirement benefits. No benefits are payable in the event that termination is for cause.

The following table provides specific information for each named executive officer for the non-tax qualified supplemental executive retirement plan as of December 31, 2012:

Name	Executive Contributions in Last Fiscal Year (\$)	Registrant Contributions in Last Fiscal Year (\$)	Aggregate Earnings in Last Fiscal Year (\$)(1)	Aggregate Withdrawals/ Distributions (\$)	Aggregate Balance at Fiscal Year End (\$)(2)

- (1) This amount is not included in the amounts reported in the salary column of the Summary Compensation Table for Mr. Thomas in the current or prior years.
 - (2) Amount includes \$127,652 related to the acceleration of change in control provisions in Mr. Thomas's retirement plan in connection with the Company's merger with BOE that was not recorded until 2010.
- 401(k) Employee Savings Plan*

The Company sponsors a 401(k) plan for all of its eligible employees. The executive officers of the Company participate in the 401(k) plan on the same basis as all other eligible employees of the Company.

Agreements

The employment and change in control agreements that the Company has in place provide for the payment of severance and other benefits in the event of certain termination scenarios. The following summary of the contents of the agreements is based on the agreements prior to modification according to the executive compensation restrictions resulting from the Company's participation in the TARP.

Employment Agreements

The Company has an employment agreement with Bruce E. Thomas.

The employment agreement that the Company has had in place with Mr. Thomas provides for the payment of severance and other benefits in the event of certain termination scenarios. The following summary of the contents of the agreement is based on the agreement prior to modification according to the executive compensation restrictions resulting from the Company's participation in the TARP.

24 months following the date of termination. For the purposes of the employment agreement, good reason means the continued assignment to Mr. Thomas of duties inconsistent with his position as contemplated in the agreement, any action taken by the Company that results in a substantial reduction in his status, the relocation of him to any other primary place of employment that might require him to move his residence, which includes any reassignment to a place of employment located more than 35 miles from his initially assigned place of employment (which includes both Tappahannock and Richmond, Virginia) without his written consent, and any failure by the Company, or any successor following a change in control, to comply with the compensation and benefit requirements of the employment agreement. The agreement also provides that within two years following a change in control, if employment is terminated by the surviving corporation without cause or by Mr. Thomas for good reason within 120 days after the occurrence of good reason, he will be entitled to accrued obligations, a salary continuance benefit equal to 2.99 times his final compensation and health care continuance.

Change in Control Agreement

The Company has a change in control agreement with Jeffery R. Cantrell.

Mr. Cantrell entered into a change in control agreement with the Bank, effective as of July 30, 2012. In the event that a change in control occurs during Mr. Cantrell's employment and, within the period beginning on the date of closing of the change in control and ending one year after, his employment with the Bank is terminated by the Bank without cause or by him for good reason, the Bank will owe him certain severance pay, benefits and vesting of stock awards. Mr. Cantrell's change in control agreement provides for one times the sum of his annual base salary in effect on his termination of employment or the change in control date, whichever is greater.

Potential Payments Upon Termination

The following table quantifies the expected payments to the named executive officers in different, specified employment termination circumstances under their employment agreements and change in control agreements. Benefits payable under the non-tax qualified supplemental executive retirement plan, the tax-qualified retirement plan and 401(k) plan are not included.

- (5) Amounts relate to participation of directors that served as directors of BOE Financial, prior to its merger with the Company in the Directors Supplemental Retirement Plan and reflect changes in the value of each director's interest in the plan during 2012. BOE Financial established the Directors Supplemental Retirement Plan for its non-employee directors in 2006. The Directors Supplemental Retirement Plan is designed to retain the future services of directors. This plan provides for a benefit upon the later of October 1, 2010 or retirement from service on the Board at the normal retirement age of 75. Benefits under this plan are payable at retirement for a period of 10 years. The Directors Supplemental Retirement Plan also contains provisions for change of control, as defined in the plan, which allow the directors to retain benefits under the plan in the event of a termination of service subsequent to a change of control, other than for cause. The Company assumed this plan in connection with its merger with BOE Financial.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE
Certain Relationships and Related Transactions

Some of the Company's directors and executive officers are at present, as in the past, its banking customers. As such, the Company, through its banking subsidiary, has had, and expects to have in the future, banking transactions with directors, officers, principal stockholders and their associates. All loans and commitments to lend to such parties have been made in the ordinary course of business and on substantially the same terms, including interest rates and collateral on loans, as those prevailing at the time with other persons not related to the Company or the Bank. These transactions do not involve more than the normal risk of collectability or present other unfavorable features. The aggregate outstanding balance of loans to such parties at December 31, 2012 was \$3.1 million.

The Company has not adopted a formal policy that covers the review and approval of related person transactions by its Board of Directors that is separate from the Code of Business Conduct and Ethics, which applies to directors, officers and all employees of the Company and its subsidiaries. The Board reviews all proposed related party transactions for approval. During such a review, the Board will consider, among other things, the related person's relationship to the Company, the facts and circumstances of the proposed transaction, the aggregate dollar amount of the transaction, the related person's relationship to the transaction and any other material information. Those directors that are involved in a proposed related party transaction are excused from the Board and/or committee meeting during the discussion and vote with respect to the proposal.

Director Independence

The Company's Board of Directors has determined that nine of its 10 members are independent as defined by the listing standards of the Nasdaq Stock Market, including the following: Richard F. Bozard, Alexander F. Dillard, Jr., Glenn J. Dozier, P. Emerson Hughes, Jr., Troy A. Peery, Jr., Eugene S. Putnam, Jr., S. Waite Rawls III, John C. Watkins and Robin Traywick Williams. In reaching this conclusion, the Board of Directors considered that the Company and its subsidiaries conduct business with companies of which certain members of the Board of Directors or members of their immediate families are or were directors or officers.

L. McCauley Chenault, who served as a director during all of 2012, was also determined to be independent during 2012.

In making this independence determination, the Board of Directors considered certain relationships between the Bank and certain of its directors, such as the provision of legal services from time to time by law firms with which Messrs. Chenault and Dillard are affiliated, to determine whether such director was independent under the Nasdaq Stock Market's listing standards. The aggregate amount that the Bank paid to these firms combined in 2012 was less than \$2,000.

Table of Contents**ITEM 14. PRINCIPAL ACCOUNTING FEES AND SERVICES****Accounting Fees**

The following table presents fees billed to the Company by its principal accountant, Elliott Davis, LLC, for the years ended December 31, 2012 and December 31, 2011:

Audit-Related Fees	\$ 51,338	\$ 87,448
Tax Fees	\$ 25,000	\$ 26,065
All Other Fees		

Audit Fees for 2012 and 2011 consisted primarily of fees billed for the audit of the Company's annual consolidated financial statements and for reviews of the consolidated financial statements included in the Company's quarterly reports on Form 10-Q.

Audit-Related Fees for 2012 and 2011 consisted primarily of fees billed for services rendered in connection with the audit of management's assessment of internal control over financial reporting, consulting regarding various issues and the audit of the Bank's employee benefit plans.

Tax Fees for 2012 and 2011 included fees for the preparation of federal tax forms, tax planning and various other tax-related items.

Pre-Approval Policies and Procedures

The Audit Committee of the Board of Directors has adopted policies and procedures for the pre-approval of services provided by the Company's independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services. Such policies and procedures provide that the Audit Committee shall pre-approve all auditing and permitted non-audit services (including the fees and terms thereof).

As permitted under the Sarbanes-Oxley Act of 2002 and its pre-approval policies and procedures, the Audit Committee may delegate pre-approval authority to its Chair. The Chair must then report any pre-approval decisions to the Audit Committee at the next scheduled meeting.
