Cautionary Notice Regarding Forward-Looking Statements

This report contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 concerning our business, consolidated financial condition and results of operations. All statements other than statements of historical facts included in this report regarding our strategies, prospects, financial condition, operations, costs, plans and objectives are forward-looking statements. The Securities and Exchange Commission (SEC) encourages companies to disclose forward-looking statements so that investors can better understand a company's future prospects and make informed investment decisions. Some of our statements in this report, in documents incorporated by reference into this report and in our future oral and written statements may be forward-looking. These statements reflect our beliefs and expectations as to future events and trends affecting our business, our consolidated financial condition and results of operations. These forward-looking statements are based upon our current expectations concerning future events and discuss, among other things, anticipated future financial performance and future business plans. Forward-looking statements are subject to risks and uncertainties, many of which are outside our control, which could cause actual results to differ materially from these statements. Forward-looking statements can be identified by such words as anticipates, believes, plan, assumes, could, should, estimates, expects, intends, potential, seek, predict, may, expressions. Examples of these forward-looking statements include projections regarding our 2013 outlook and other projections relating to our financial performance in Part I, Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations (MD&A).

The following are important factors that we believe could cause actual results to differ materially from those in our forward-looking statements: the implementation of our Settlement agreement (as defined in Note 14, Commitments and Contingencies) regarding the various asbestos-related, fraudulent transfer, successor liability, and indemnification claims made against the Company arising from a 1998 transaction with W. R. Grace & Co.; global economic conditions; changes in our credit ratings; changes in raw material pricing and availability; changes in energy costs; competitive conditions; success of our restructuring activities; currency translation and devaluation effects, including in Venezuela; the success of our financial growth, profitability, cash generation and manufacturing strategies and our cost reduction and productivity efforts; the effects of animal and food-related health issues; pandemics; consumer preferences; environmental matters; regulatory actions and legal matters; successful integration of Diversey and the other information referenced below in Part II, Item 1A, Risk Factors. Except as required by the federal securities laws, we undertake no obligation to update or revise any forward-looking statement, whether as a result of new information, future events or otherwise.

Non-U.S. GAAP Information

In our MD&A, we present financial information in accordance with U.S. GAAP. We also present financial information that does not conform to U.S. GAAP, which we refer to as non-U.S. GAAP, as our management believes it is useful to investors. In addition, non-U.S. GAAP measures are used by management to review and analyze our operating performance and, along with other data, as internal measures for setting annual budgets and forecasts, assessing financial performance, providing guidance and comparing our financial performance with our peers. The non-U.S. GAAP information has limitations as an analytical tool and should not be considered in isolation from or as a substitute for U.S. GAAP information. It does not purport to represent any similarly titled U.S. GAAP information and is not an indicator of our performance under U.S. GAAP. Further, non-U.S. GAAP financial measures that we present may not be comparable with similarly titled measures used by others. Investors are cautioned against placing undue reliance on these non-U.S. GAAP measures. Further, investors are urged to review and consider carefully the adjustments made by management to the most directly comparable U.S. GAAP financial measure to arrive at these non-U.S. GAAP financial measures.

Our management will assess our financial results, such as gross profit, operating profit and diluted net earnings per common share (EPS), both on a U.S. GAAP basis and on an adjusted non-U.S. GAAP basis. Examples of some other supplemental financial metrics our management will also use to assess our financial performance include Earnings before Interest Expense, Taxes, Depreciation and Amortization (EBITDA), Adjusted EBITDA, Adjusted EPS and Free Cash Flow. These non-U.S. GAAP financial measures provide management with additional means to understand and evaluate the core operating results and trends in our ongoing business by eliminating certain one-time expenses and/or gains (which may not occur in each period presented) and other items that management believes might otherwise make comparisons of our ongoing business with prior periods and peers more difficult, obscure trends in ongoing operations or reduce management's ability to make useful forecasts. Our non-U.S. GAAP financial measures may also be considered in calculations of our performance measures set by the Organization and Compensation Committee of our Board of Directors for purposes of determining incentive compensation.

The non-U.S. GAAP financial metrics mentioned above exclude items we consider unusual or special items and also exclude their related tax effects. We evaluate the unusual or special items on an individual basis. Our evaluation of whether to exclude an unusual or special item for purposes of determining our non-U.S. GAAP financial measures considers both the quantitative and qualitative aspects of the item, including, among other things (i) its nature, (ii) whether or not it relates to our ongoing business operations, and (iii) whether or not we expect it to occur as part of our normal business on a regular basis.

Edgar Filing: SEALED AIR CORP/DE - Form 10-Q

Another non-U.S GAAP financial metric we present is our core income tax rate or provision (core tax rate). Our core tax rate is a measure of our U.S. GAAP effective tax rate, adjusted to exclude the tax impact from the special items that are excluded from our Adjusted net earnings and Adjusted EPS metrics. We consider our core tax rate as an indicator of the taxes on our core business. The tax situation and effective tax rate in the specific countries where the excluded or special items occur will determine the impact (positive or negative) to our core tax rate.

In our Net Sales by Geographic Region, Components of Change in Net Sales by Segment Reporting Structure and in some of the discussions and tables that follow, we exclude the impact of foreign currency translation when presenting net sales information, which we define as constant dollar, or organic. Changes in net sales excluding the impact of foreign currency translation are non-U.S. GAAP financial measures. As a worldwide business, it is important that we take into account the effects of foreign currency translation when we view our results and plan our strategies. Nonetheless, we cannot control changes in foreign currency exchange rates. Consequently, when our management looks at our financial results to measure the core performance of our business, we exclude the impact of foreign currency translation by translating our current period results at prior period foreign currency exchange rates. We also may exclude the impact of foreign currency translation when making incentive compensation determinations. As a result, our management believes that these presentations are useful internally and may be useful to investors.

SEALED AIR CORPORATION AND SUBSIDIARIES

Notes to Condensed Consolidated Financial Statements

(Unaudited)

(Amounts are in millions, except per share data)

(1) Organization and Basis of Presentation

Organization

We are a global leader in food safety and security, facility hygiene and product protection. We serve an array of end markets including food and beverage processing, food service, retail, health care and industrial, commercial and consumer applications. We have widely recognized and inventive brands such as Bubble Wrap® brand cushioning, Cryovac® brand food packaging solutions and Diversey® brand cleaning and hygiene solutions. We conduct substantially all of our business through three wholly-owned subsidiaries, Cryovac, Inc., Sealed Air Corporation (US) and Diversey, Inc.

Throughout this report, when we refer to Sealed Air, the Company, we, our, or us, we are referring to Sealed Air Corporation and all of our subsidiaries, except where the context indicates otherwise.

During the fourth quarter of 2012, we began operating under new business divisions for our segment reporting structure. The new segment reporting structure consists of three global business divisions: Food & Beverage, Institutional & Laundry and Protective Packaging, and an Other category. See Note 4, Segments, for further details of our segment structure.

Basis of Presentation

Our condensed consolidated financial statements include all of the accounts of the Company and our subsidiaries. We have eliminated all significant intercompany transactions and balances in consolidation. In management's opinion, all adjustments, consisting only of normal recurring accruals, necessary for a fair presentation of our condensed consolidated balance sheet as of June 30, 2013 and our condensed consolidated statements of operations for the three and six months ended June 30, 2013 and 2012 have been made. The results set forth in our condensed consolidated statements of operations for the three and six months ended June 30, 2013 and in our condensed consolidated statements of cash flows for the six months ended June 30, 2013 are not necessarily indicative of the results to be expected for the full year. All amounts are in millions, except per share amounts, and approximate due to rounding. Some prior period amounts have been reclassified to conform to the current year presentation. These reclassifications, individually and in the aggregate, had no impact on our consolidated financial condition, results of operations and cash flows.

During the first quarter of 2013, we identified a misclassification in our December 31, 2012 consolidated balance sheet included in our 2012 Annual Report on Form 10-K. This misclassification, which has been corrected on our December 31, 2012 condensed consolidated balance sheet included in this Form 10-Q, decreased our non-current deferred tax assets and non-current deferred tax liabilities by \$105.5 million, decreasing our non-current deferred tax assets from \$255.8 million to \$150.3 million and decreasing our non-current deferred tax liabilities from \$472.5 million to \$367.0 million. This misclassification had no impact on our net deferred tax asset balance as of December 31, 2012 and it did not impact our consolidated statements of operations or cash flows. Accordingly, we do not consider this correction to be material to our consolidated financial condition or results of operations.

Our condensed consolidated financial statements were prepared in accordance with the interim reporting requirements of the SEC. As permitted under those rules, annual footnotes or other financial information that are normally required by U.S. GAAP have been condensed or omitted. The preparation of condensed consolidated financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts and the disclosure of contingent amounts in our condensed consolidated financial statements and accompanying notes. Actual results could differ from these estimates.

We are responsible for the unaudited condensed consolidated financial statements and notes included in this report. As these are condensed financial statements, they should be read in conjunction with the audited consolidated financial statements and notes included in our 2012 Annual Report on Form 10-K and with the information contained in other publicly-available filings with the SEC.

In November 2012, we completed the sale of Diversey G.K. (Diversey Japan) (an indirect subsidiary of Sealed Air). The operating results for Diversey Japan were reclassified to discontinued operations, net of tax, on the consolidated statements of operations for the three and six months ended June 30, 2012. Prior year disclosures in the condensed consolidated statement of cash flows and the notes to condensed consolidated financial statements have been revised accordingly. See Note 3, Divestiture .

(2) Recently Issued Accounting Standards

Adopted in 2013

In October 2012, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2012-04, Technical Corrections and Improvement, which makes certain technical corrections (i.e., relatively minor corrections and clarifications) and conforming fair value amendments . The amendments affect various codification topics and apply to all reporting entities within the scope of those topics. This standard becomes effective for us upon issuance, except for amendments that are subject to transition guidance, which was effective for fiscal periods beginning after December 15, 2012. The adoption of this standard did not have any material effect on our consolidated financial condition or results of operations.

In July 2012, the FASB issued ASU No. 2012-02, Testing Indefinite-Lived Intangible Assets for Impairment. This standard update, which amends the guidance on testing indefinite-lived intangible assets, other than goodwill, for impairment, provides companies with the option to first perform a qualitative assessment before performing the two-step quantitative impairment test. If the company determines, on the basis of qualitative factors, that the fair value of the indefinite-lived intangible asset is more likely than not to exceed its carrying amount, then the company would not need to perform the two-step quantitative impairment test. This standard does not revise the requirement to test indefinite-lived intangible assets annually for impairment. This standard was effective for annual and interim impairment tests performed for fiscal years beginning after September 15, 2012, with early adoption allowed. The adoption of this standard did not have any material effect on our consolidated financial condition or results of operations.

In December 2011, the FASB issued ASU 2011-11, Disclosures about Offsetting Assets and Liabilities, which creates new disclosure requirements about the nature of an entity s rights of offset and related arrangements associated with its financial instruments and derivative instruments. The disclosure requirements are effective for annual reporting periods beginning on or after January 1, 2013, and interim periods therein, with retrospective application required. The new disclosures are designed to make financial statements that are prepared under U.S. GAAP more comparable to those prepared under International Financial Reporting Standards. The adoption of this standard did not have any material effect on our consolidated financial condition or results of operations.

In February 2013, the FASB issued ASU 2013-02, Reporting of Amounts Reclassified Out of Accumulated Other Comprehensive Income, which requires an entity to provide information about the amounts reclassified out of accumulated other comprehensive income by component. In addition, a company is required to present either on the statement of operations or in the notes significant amounts reclassified out of accumulated other comprehensive income by the respective line items of net income. The disclosure requirements are effective for annual reporting periods beginning after December 15, 2012, prospectively. We have included footnote disclosures for the three months and six months ended June 30, 2013. See Note 11, Derivatives and Hedging Activities and Note 15, Stockholders Equity for further details. The adoption of this standard did not have any material effect on our consolidated financial condition or results of operations as they are disclosure requirements only.

Table of Contents*Pending in 2013*

In February 2013, the FASB issued ASU 2013-04, Obligations Resulting from Joint and Several Liability Arrangements for Which the Total Amount of the Obligation is Fixed at the Reporting Date. This standard update requires an entity to measure obligations resulting from joint and several liability arrangements for which the total amount of the obligation within the scope of this guidance is fixed at the reporting date, as the sum of the following: (a) the amount the reporting entity agreed to pay on the basis of its arrangement among its co-obligors and (b) any additional amount the reporting entity expects to pay on behalf of its co-obligors. This standard becomes effective for fiscal years and interim periods within those years beginning after December 15, 2013. This standard update is required to be applied retrospectively to all prior periods presented for those obligations resulting from joint and several liability arrangements that existed at the beginning of the fiscal year of adoption. We are currently evaluating the impact of this standard update on our consolidated financial statements.

In March 2013, the FASB issued ASU 2013-05, Parent's Accounting for the Cumulative Translation Adjustment upon Derecognition of Certain Subsidiaries or Groups of Assets within a Foreign Entity or of an Investment in a Foreign Entity. This standard update requires an entity to release any cumulative translation adjustment into net income only if the sale or transfer results in the complete or substantially complete liquidation of the foreign entity in which the subsidiary or group of assets had resided. This standard update becomes effective prospectively for fiscal years and interim periods within those years beginning after December 15, 2013. The impact of this standard update on our consolidated financial statements will be based on any future activity that qualifies within this guidance.

In July 2013, the FASB issued ASU 2013-11, Income Taxes (Topic 740): Presentation of an Unrecognized Tax Benefit When a Net Operating Loss Carryforward, a Similar Tax Loss or a Tax Credit Carryforward Exists. This standard update provides explicit guidance on the financial statement presentation of an unrecognized tax benefit when a net operating loss carryforward, a similar tax loss, or a tax credit carryforward exists. This standard update becomes effective for fiscal years and interim periods within those years beginning after December 15, 2013. The amendment should be applied prospectively to all unrecognized tax benefits that exist at the effective date. Retrospective application is permitted. We are currently evaluating the impact of this standard update on our consolidated financial statements.

In July 2013, the FASB issued ASU 2013-10, Derivatives and Hedging (Topic 815): Inclusion of the Fed Funds Effective Swap rate (or Overnight Index Swap Rate) as a Benchmark Interest Rate for Hedge Accounting Purposes. This standard update permits companies to use the Fed Funds Effective Swap Rate as a U.S. benchmark interest rate for hedge accounting purposes, in addition to the U.S. government (UST) and London Interbank Offered Rate. This amendment also removes the restriction on using different benchmark rates for similar hedges. This amendment is effective prospectively for qualifying new or redesignated hedging relationships entered into on or after July 17, 2013. We are currently evaluating the impact of this standard update on our consolidated financial statements.

(3) Divestiture

In November 2012, we completed the sale of Diversey Japan to an investment vehicle of The Carlyle Group (Carlyle) for gross proceeds of \$323 million, including certain purchase price adjustments. After transaction costs of \$10 million, we used substantially all of the net proceeds of \$313 million to prepay a portion of our term loans outstanding under our senior secured credit facilities in 2012. We recorded a pre-tax gain on the sale of \$211 million (\$179 million, net of tax) which was included in discontinued operations in the consolidated statement of operations for the year ended December 31, 2012.

Diversey Japan was acquired as part of the acquisition of Diversey Holdings, Inc. and its subsidiaries, (Diversey) on October 3, 2011. In accordance with the applicable accounting guidance for the disposal of long-lived assets, the results of the Diversey Japan business are presented as discontinued operations, net of tax, in the condensed consolidated statements of operations and condensed consolidated statements of cash flows and all related disclosures and, as such, have been excluded from both continuing operations and segment results for the three and six months ended June 30, 2012 presented.

Summary operating results for this discontinued operation were as follows:

	Three Months Ended June 30, 2012	Six Months Ended June 30, 2012
Net sales	\$ 79.8	\$ 152.0
Operating profit	\$ 11.5	\$ 16.0

Edgar Filing: SEALED AIR CORP/DE - Form 10-Q

Earnings before income tax provision	\$	11.5	\$	15.4
Income tax provision		4.5		6.0
Net earnings from discontinued operations, net of tax	\$	7.0	\$	9.4

In connection with the sale, we entered into several agreements. While those agreements are expected to generate future revenues and cash flows for us, the estimated amounts and our continuing involvement in operations in Japan are not expected to be significant to our consolidated financial condition or results of operations.

(4) Segments

During the fourth quarter of 2012, we began to operate under three new business divisions for our segment reporting structure. This new structure replaced our legacy seven business unit structure. Our new segment reporting structure, which we also refer to as *divisions*, reflects the way management now makes operating decisions and manages the growth and profitability of the business. It also corresponds with management's current approach of allocating resources and assessing the performance of our segments. We report our segment information in accordance with the provision of FASB ASU Topic 280, *Segment Reporting*. The changes to our segment structure have no effect on the historical consolidated results of operations of the Company. Prior period segment results have been revised to the new segment presentation.

The following table shows net sales, depreciation and amortization and operating profit by our segment reporting structure:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2013	2012	2013	2012
Net sales				
Food & Beverage	\$ 946.5	\$ 922.6	\$ 1,849.0	\$ 1,817.7
Institutional & Laundry	569.8	560.5	1,082.7	1,070.7
Protective Packaging	394.3	390.8	780.9	782.1
Other Category	50.9	50.7	101.7	99.5
Total	\$ 1,961.5	\$ 1,924.6	\$ 3,814.3	\$ 3,770.0

Table of Contents

Depreciation and amortization ⁽¹⁾				
Food & Beverage	\$ 32.3	\$ 36.5	\$ 66.0	\$ 77.9
Institutional & Laundry	32.5	32.4	66.3	63.1
Protective Packaging	10.2	9.5	20.4	19.2
Other Category	7.6	2.8	10.4	5.5
Total	\$ 82.6	\$ 81.2	\$ 163.1	\$ 165.7
Operating profit				
Food & Beverage	\$ 103.7	\$ 69.8	\$ 196.5	\$ 152.1
Institutional & Laundry	37.2	20.9	28.7	20.2
Protective Packaging	44.0	46.7	90.7	97.6
Other Category	(4.0)	(1.0)	(4.6)	(1.6)
Total segments and other	180.9	136.4	311.3	268.3
Costs related to the acquisition and integration of Diversey	0.1	1.7	0.5	3.5
Restructuring and other charges ⁽²⁾	11.9	26.3	11.7	73.3
Total	\$ 168.9	\$ 108.4	\$ 299.1	\$ 191.5

- (1) Includes depreciation and amortization of \$75.4 million in the three months ended June 30, 2013, \$75.3 million in the three months ended June 30, 2012, \$148.2 million in the six months ended June 30, 2013 and \$155.2 million in the six months ended June 30, 2012, and amortization of share-based incentive compensation expense of \$7.2 million in the three months ended June 30, 2013, \$5.9 million in the three months ended June 30, 2012, \$14.9 million in the six months ended June 30, 2013 and \$10.5 million in the six months ended June 30, 2012.
- (2) Restructuring and other charges by our segment reporting structure were as follows:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2013	2012	2013	2012
Food & Beverage	\$ 4.9	\$ 20.0	\$ 2.7	\$ 55.7
Institutional & Laundry	5.7	2.7	4.9	7.6
Protective Packaging	1.2	3.4	4.0	9.6
Other Category	0.1	0.2	0.1	0.4
Total	\$ 11.9	\$ 26.3	11.7	\$ 73.3

The restructuring and other charges in 2013 primarily relate to our previously announced 2013 Earnings Quality Improvement Program (EQIP). See Note 9, Restructuring Activities.

Allocation of Goodwill to Reportable Segments

Our management views goodwill and identifiable intangible assets as a corporate asset, so we do not allocate their balances to the reportable segments. However, we are required to allocate their balances to each reporting unit to perform our annual impairment review of goodwill. See Note 7, Goodwill and Identifiable Intangible Assets, for the allocation of goodwill and the changes in goodwill in the six months ended June 30, 2013 by our reporting unit structure.

(5) Inventories

The following table details our inventories and the reduction of certain inventories to a LIFO basis:

Edgar Filing: SEALED AIR CORP/DE - Form 10-Q

	June 30, 2013	December 31, 2012
Inventories (at FIFO, which approximates replacement value):		
Raw materials	\$ 139.3	\$ 128.4
Work in process	132.3	117.0
Finished goods	597.4	542.4
Subtotal (at FIFO)	869.0	787.8
Reduction of certain inventories to LIFO basis	(49.6)	(51.4)
Total	\$ 819.4	\$ 736.4

We determine the value of some of our non-equipment U.S. inventories by the last-in, first-out, or LIFO, inventory method. U.S. inventories determined by the LIFO method were \$137 million at June 30, 2013 and \$104 million at December 31, 2012.

Table of Contents**(6) Property and Equipment, net**

The following table details our property and equipment, net:

	June 30, 2013	December 31, 2012
Land and improvements	\$ 136.2	\$ 142.5
Buildings	724.7	715.4
Machinery and equipment	2,483.2	2,548.9
Other property and equipment	172.6	154.2
Construction-in-progress	76.5	85.7
	3,593.2	3,646.7
Accumulated depreciation and amortization	(2,453.1)	(2,433.9)
Property and equipment, net	\$ 1,140.1	\$ 1,212.8

The following table details our interest cost capitalized and depreciation and amortization expense for property and equipment:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2013	2012	2013	2012
Interest cost capitalized	\$ 1.3	\$ 1.2	\$ 2.7	\$ 2.2
Depreciation and amortization expense for property and equipment	\$ 43.7	\$ 41.5	\$ 84.3	\$ 88.7

(7) Goodwill and Identifiable Intangible Assets**Goodwill**

The following table shows our goodwill balances by our new segment reporting structure. We review goodwill for impairment on a reporting unit basis annually during the fourth quarter of each year and whenever events or changes in circumstances indicate the carrying value of goodwill may not be recoverable. As of June 30, 2013, we did not identify any changes in circumstances that would indicate the carrying value of goodwill may not be recoverable.

	Gross Carrying Value at December 31, 2012		Accumulated Impairment	Carrying Value at December 31, 2012	Impact of Foreign Currency Translation			
					Six Months Ended June 30, 2013	Gross Carrying Value at June 30, 2013	Accumulated Impairment	Carrying Value at June 30, 2013
Food & Beverage	\$ 837.7	\$ (208.0)	\$ 629.7	\$ (15.9)	\$ 821.8	\$ (208.0)	\$ 613.8	
Institutional & Laundry	2,026.1	(883.0)	1,143.1	(40.5)	1,985.6	(883.0)	1,102.6	
Protective Packaging	1,372.7		1,372.7	(0.4)	1,372.3		1,372.3	
Other category	45.9		45.9	(1.0)	44.9		44.9	
Total	\$ 4,282.4	\$ (1,091.0)	\$ 3,191.4	\$ (57.8)	\$ 4,224.6	\$ (1,091.0)	\$ 3,133.6	

Identifiable Intangible Assets

The following tables summarize our identifiable intangible assets with definite and indefinite useful lives. As of June 30, 2013, there were no impairment indicators present.

	June 30, 2013				December 31, 2012			
	Gross Carrying Value	Accumulated Amortization	Accumulated Impairment	Net	Gross Carrying Value	Accumulated Amortization	Accumulated Impairment	Net
Customer relationships	\$ 958.8	\$ (146.6)	(148.9)	\$ 663.3	\$ 978.1	\$ (112.7)	\$ (148.9)	\$ 716.5
Trademarks and trade names	881.9	(0.5)	(630.2)	251.2	882.3	(0.9)	(630.2)	251.2
Technology	244.3	(102.8)	(22.2)	119.3	243.5	(79.1)	(22.2)	142.2
Contracts	44.4	(18.4)		26.0	44.6	(14.8)		29.8
Total	\$ 2,129.4	\$ (268.3)	\$ (801.3)	\$ 1,059.8	\$ 2,148.5	\$ (207.5)	\$ (801.3)	\$ 1,139.7

Table of Contents

We have determined that substantially all of the trademarks and trade names had indefinite useful lives as of June 30, 2013.

The following table shows the remaining estimated future amortization expense at June 30, 2013:

2013	\$ 54.6
2014	109.7
2015	84.0
2016	81.7
2017	78.7
Thereafter	400.0
Total	\$ 808.7

(8) Accounts Receivable Securitization Programs***U.S. Accounts Receivables Securitization Program***

We and a group of our U.S. subsidiaries maintain an accounts receivable securitization program with two banks and issuers of commercial paper administered by these banks. As of June 30, 2013, the maximum purchase limit for receivable interests was \$125 million, subject to the availability limits described below.

The amounts available from time to time under this program may be less than \$125 million due to a number of factors, including but not limited to our credit ratings, trade receivable balances, the creditworthiness of our customers and our receivables collection experience. During the first half of 2013, the level of eligible assets available under the program was lower than \$125 million primarily due to our current credit ratings. As a result, the amount available to us under the program was \$113 million at June 30, 2013. Although we do not believe restrictions under this program presently materially restrict our operations, if an additional event occurs that triggers one of these restrictive provisions, we could experience a further decline in the amounts available to us under the program or termination of the program.

This program is scheduled to expire in September 2013. We intend to extend this program prior to the expiration date.

European Accounts Receivables Securitization Program

In February 2013, we entered into a European accounts receivable securitization program and purchase agreement with Sealed Air Securitization Limited, a special purpose vehicle, or SPV, two banks and a group of our European subsidiaries and in the second quarter of 2013, we added two additional subsidiaries into the program. The maximum purchase limit for receivable interests was 95 million, (\$124 million equivalent at June 30, 2013) subject to availability limits, and the program is scheduled to expire in February 2014. The terms and provisions of this program are similar to our U.S. program. As of June 30, 2013, the amount available under this program was 71 million (\$93 million equivalent).

As of June 30, 2013 and December 31, 2012, we had no amounts outstanding under either the U.S. or European program, and we did not utilize these programs during 2013. Under limited circumstances, the banks and the issuers of commercial paper can end purchases of receivables interests before the above dates. A failure to comply with debt leverage or various other ratios related to our receivables collection experience could result in termination of the receivables programs. We were in compliance with these ratios at June 30, 2013 and December 31, 2012, as applicable.

(9) Restructuring Activities***2013 Earnings Quality Improvement Program (EQIP)***

In May 2013, we announced the commencement of EQIP, which is an initiative to deliver meaningful cost savings and network optimization. The costs associated with this plan consist primarily of (i) a reduction in headcount (expected to be approximately 400-500 employees) and other costs associated with divisional realignment and connected profitability improvement programs, including severance and termination benefits for employees, expected to be approximately \$90 million to \$95 million, (ii) costs associated with incremental supply chain network optimization projects, including facility relocation and closures, expected to be approximately \$85 million to \$95 million, and (iii) other costs associated with

Edgar Filing: SEALED AIR CORP/DE - Form 10-Q

the plan, currently estimated to be approximately \$5 million to \$10 million. These amounts are preliminary estimates based on the information currently available to management. The plan is expected to be completed by the end of 2015. We currently estimate that we will incur total costs of approximately \$180 million to \$200 million in connection with implementation of this plan, including capital expenditures of approximately \$55 million to \$70 million. The above amounts include expected cash payments of \$65 million in 2013.

The associated costs and related restructuring charges for EQIP in the three and six months ended June 30, 2013 are included in the table below:

	Three and Six Months Ended June 30, 2013	
Associated costs	\$	1.8
Restructuring charges		16.7
Total	\$	18.5

The restructuring charges included in the table above primarily consist of termination and benefit costs.

The restructuring accrual, spending and other activity for the six months ended June 30, 2013 and the accrual balance remaining at June 30, 2013 related to this program were as follows:

EQIP restructuring accrual at December 31, 2012	\$
Accrual and accrual adjustments	16.7
Cash payments during 2013	(1.9)
Effect of changes in foreign currency exchange rates	(0.3)
EQIP restructuring accrual at June 30, 2013	\$ 14.5

Table of Contents

We expect to pay \$13 million of the accrual balance remaining at June 30, 2013 within the next twelve months. This amount is included in accrued restructuring costs on the condensed consolidated balance sheet at June 30, 2013. The majority of the remaining accrual of \$2 million is expected to be paid in 2014 with minimal amounts to be paid out in 2015. This amount is included in other liabilities on our condensed consolidated balance sheet at June 30, 2013.

2011-2014 Integration and Optimization Program (IOP)

In December 2011, we initiated a restructuring program associated with the integration of Diversey's business following our acquisition of Diversey on October 3, 2011. The program primarily consists of (i) reduction in headcount, (ii) consolidation of facilities, and (iii) supply chain network optimization, and (iv) certain other capital expenditures. This program is expected to be completed by the end of 2014.

The associated costs and related restructuring charges for IOP in the three and six months ended June 30, 2013 and 2012 are included in the table below:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2013	2012	2013	2012
Associated costs	\$ 3.2	\$ 1.6	\$ 8.5	\$ 7.4
Restructuring charges	(4.8)	27.1	(5.0)	74.4
Total	\$ (1.6)	\$ 28.7	\$ 3.5	\$ 81.8

The associated costs in the table above primarily consist of consulting fees included in selling, general and administrative expenses on the condensed consolidated statements of operations for the three and six months ended June 30, 2013. The associated costs for the six months ended June 30, 2012 include asset impairment charges of \$5 million related to a facility closure in the U.S., included in cost of sales in our Food & Beverage segment.

The restructuring charges included in the table above primarily consist of termination and benefits costs, including cash-settled stock appreciation rights that were previously issued to Diversey employees as a portion of the total consideration for the acquisition of Diversey of \$1 million for the three and six months ended June 30, 2013. This compares to \$1 million for the three months ended June 30, 2012 and \$8 million for the six months ended June 30, 2012. See Note 15, Stockholders' Equity, for further details of these awards. These charges were included in restructuring and other charges on our condensed consolidated statements of operations.

The restructuring accrual, spending and other activity for the six months ended June 30, 2013 and the accrual balance remaining at June 30, 2013 related to this program were as follows:

IOP restructuring accrual at December 31, 2012	\$ 88.2
Revision to accrual	(7.7)
Additional accrual	2.7
Cash payments during 2013	(32.8)
Effect of changes in foreign currency exchange rates	(1.9)
IOP restructuring accrual at June 30, 2013	\$ 48.5

Cumulative cash payments made in connection with this program through June 30, 2013 were \$143 million. We expect to pay \$43 million of the accrual balance remaining at June 30, 2013 within the next twelve months. This amount is included in accrued restructuring costs on the condensed consolidated balance sheet at June 30, 2013. The majority of the remaining accrual of \$6 million is expected to be paid in 2014 with minimal amounts to be paid out in 2015. This amount is included in other liabilities on our condensed consolidated balance sheet at June 30, 2013.

Table of Contents**(10) Debt and Credit Facilities**

Our total debt outstanding consisted of the amounts included in the table below.

	June 30, 2013	December 31, 2012
Short-term borrowings	\$ 76.3	\$ 39.2
Current portion of long-term debt ⁽¹⁾	153.6	1.8
Total current debt	229.9	41.0
5.25% Senior Notes due April 2023	425.0	
12% Senior Notes due February 2014 ⁽¹⁾		153.4
Term Loan A Facility due October 2016, less unamortized lender fees of \$12.0 in 2013 and \$15.4 in 2012 ⁽²⁾	783.5	843.9
7.875% Senior Notes due June 2017, less unamortized discount of \$5.5 in 2012 ⁽³⁾		394.5
Term Loan B Facility due October 2018, less unamortized lender fees of \$9.7 in 2013 and \$10.7 in 2012, and unamortized discount of \$14.2 in 2013 and \$15.6 in 2012 ⁽²⁾	766.5	771.6
8.125% Senior Notes due September 2019	750.0	750.0
6.50% Senior Notes due December 2020	425.0	425.0
8.375% Senior Notes due September 2021	750.0	750.0
6.875% Senior Notes due July 2033, less unamortized discount of \$1.4 in 2013 and 2012	448.6	448.6
Other	3.1	3.8
Total long-term debt, less current portion	4,351.7	4,540.8
Total debt⁽⁴⁾	\$ 4,581.6	\$ 4,581.8

(1) These notes were reclassified to current portion of long-term debt as of June 30, 2013.

(2) In the six months ended June 30, 2013, we prepaid a portion of our 2014 Term Loan A (\$51 million) and Term Loan B (\$4 million) installments.

(3) During 2013, we purchased all of our outstanding \$400 million 7.875% Senior Notes due 2017. See below for further discussion.

(4) The weighted average interest rate on our outstanding debt was 6.2% as of June 30, 2013 and 6.4% as of December 31, 2012.

Senior Notes**2013 Activity**

In March 2013, we issued \$425 million of 5.25% Senior Notes due April 2023 and used substantially all of the proceeds to retire the 7.875% Senior Notes due June 2017. The aggregate repurchase price was \$431 million, which included the principal amount of \$400 million, a 6% premium of \$23 million and accrued interest of \$8 million. As a result, we recognized a net pre-tax loss of \$32 million, which included the premium mentioned above, the acceleration of the unamortized debt issuance costs associated with the repurchase of the 7.875% senior notes and certain fees. The loss on debt redemption is included on our condensed consolidated statements of operations.

The 5.25% Senior Notes due April 2023 and their related guarantees were offered only to qualified institutional buyers under Rule 144A of the Securities Act of 1933, as amended (the Securities Act), and to non-U.S. persons in transactions outside the U.S. under Regulation S of the Securities Act. These notes have not been registered under the Securities Act, and, unless so registered, may not be offered or sold in the U.S. absent registration or an applicable exemption form, or in a transaction not subject to, the registration requirements of the Securities Act and other applicable securities laws.

Edgar Filing: SEALED AIR CORP/DE - Form 10-Q

The 5.25% Senior Notes will mature on April 1, 2023 and interest is payable on April 1 and October 1 of each year, commencing October 1, 2013.

Lines of Credit

The following table summarizes our available lines of credit and committed and uncommitted lines of credit, including our senior secured credit facility, and the amounts available under our accounts receivable securitization programs. We are not subject to any material compensating balance requirements in connection with our lines of credit.

	June 30, 2013	December 31, 2012
Used lines of credit	\$ 76.3	\$ 39.2
Unused lines of credit ⁽¹⁾	948.9	989.5
Total available lines of credit	\$ 1,025.2	\$ 1,028.7
Available lines of credit committed ⁽²⁾	\$ 700.5	\$ 700.5
Available lines of credit uncommitted	324.7	328.2
Total available lines of credit	\$ 1,025.2	\$ 1,028.7
Accounts receivable securitization program committed ⁽²⁾	\$ 206.0	\$ 112.0

(1) Includes a \$700 million revolving senior secured credit facility that expires October 2016.

(2) See Note 8, Accounts Receivable Securitization Programs, for further details.

Other Lines of Credit

Substantially all our short-term borrowings of \$76 million at June 30, 2013 and \$39 million at December 31, 2012 were outstanding under lines of credit available to several of our foreign subsidiaries. The following table details our other lines of credit.

	June 30, 2013	December 31, 2012
Available lines of credit	\$ 325.2	\$ 328.3
Unused lines of credit	248.9	289.0
Weighted average interest rate	12.7%	10.2%

Table of Contents***Covenants***

Each issue of our outstanding senior notes imposes limitations on our operations and those of specified subsidiaries. Additionally, the senior secured credit facility contains customary affirmative and negative covenants for credit facilities of this type, including limitations on our indebtedness, liens, investments, restricted payments, mergers and acquisitions, dispositions of assets, transactions with affiliates, amendment of documents and sale leasebacks, and a covenant specifying a maximum permitted ratio of Consolidated Net Debt to Consolidated EBITDA (as defined in the credit facility). We were in compliance with the above financial covenants and limitations at June 30, 2013.

(11) Derivatives and Hedging Activities

We report all derivative instruments on our balance sheet at fair value and establish criteria for designation and effectiveness of transactions entered into for hedging purposes.

As a large global organization, we face exposure to market risks, such as fluctuations in foreign currency exchange rates and interest rates. To manage the volatility relating to these exposures, we enter into various derivative instruments from time to time under our risk management policies. We designate derivative instruments as hedges on a transaction basis to support hedge accounting. The changes in fair value of these hedging instruments offset in part or in whole corresponding changes in the fair value or cash flows of the underlying exposures being hedged. We assess the initial and ongoing effectiveness of our hedging relationships in accordance with our policy. We do not purchase, hold or sell derivative financial instruments for trading purposes. Our practice is to terminate derivative transactions if the underlying asset or liability matures or is sold or terminated, or if we determine that the underlying forecasted transaction is no longer probable of occurring.

Foreign Currency Forward Contracts Designated as Cash Flow Hedges

The primary purposes of our cash flow hedging activities are to manage the potential changes in value associated with the amounts receivable or payable on equipment and raw material purchases that are denominated in foreign currencies in order to minimize the impact of the changes in foreign currencies. We record gains and losses on foreign currency forward contracts qualifying as cash flow hedges in other comprehensive income (loss) to the extent that these hedges are effective and until we recognize the underlying transactions in net earnings, at which time we recognize these gains and losses in other expense, net, on our condensed consolidated statements of operations.

Net unrealized after tax gains (losses) related to these contracts that were included in other comprehensive loss for the three and six months ended June 30, 2013 and 2012 and any amounts reclassified to the consolidated statements of operations were not material. The unrealized amounts in other comprehensive income (loss) will fluctuate based on changes in the fair value of open contracts during each reporting period.

Foreign Currency Forward Contracts Not Designated as Hedges

Our subsidiaries have foreign currency exchange exposure from buying and selling in currencies other than their functional currencies. The primary purposes of our foreign currency hedging activities are to manage the potential changes in value associated with the amounts receivable or payable on transactions denominated in foreign currencies and to minimize the impact of the changes in foreign currencies related to foreign currency denominated interest-bearing intercompany loans and receivables and payables. The changes in fair value of these derivative contracts are recognized in other expense, net, on our condensed consolidated statements of operations and are substantially offset by the remeasurement of the underlying foreign currency denominated items indicated above. These contracts predominantly have original maturities of less than 12 months.

Other Derivative Instruments

We may use other derivative instruments from time to time, such as foreign exchange options to manage exposure to foreign exchange rates and interest rate and currency swaps related to access to international financing transactions. These instruments can potentially limit foreign exchange exposure by swapping borrowings denominated in one currency for borrowings denominated in another currency. At June 30, 2013 and December 31, 2012, we had no foreign exchange options or interest rate and currency swap agreements outstanding.

See Note 12, Fair Value Measurements and Other Financial Instruments, for a discussion of the inputs and valuation techniques used to determine the fair value of our outstanding derivative instruments.

Fair Value of Derivative Instruments

Edgar Filing: SEALED AIR CORP/DE - Form 10-Q

The following table details the fair value of our derivative instruments included on our condensed consolidated balance sheets.

	Fair Value of Asset Derivatives ⁽¹⁾		Fair Value of (Liability) Derivatives ⁽¹⁾	
	June 30, 2013	December 31, 2012	June 30, 2013	December 31, 2012
Derivatives designated as hedging instruments:				
Foreign currency forward contracts (cash flow hedges)	\$ 4.7	\$ 0.5	\$ (0.3)	\$ (0.8)
Derivatives not designated as hedging instruments:				
Foreign currency forward contracts	26.2	4.9	(11.4)	(29.6)
Total	\$ 30.9	\$ 5.4	\$ (11.7)	\$ (30.4)

⁽¹⁾ Asset derivatives are included in other assets and liability derivatives are included in other liabilities in the condensed consolidated balance sheets.

The following table details the effect of our derivative instruments on our condensed consolidated statements of operations. The net losses on foreign currency forward contracts included below were substantially offset by the net gains resulting from the remeasurement of the underlying foreign currency denominated items, which are included in other expense, net, on the condensed consolidated statement of operations. The underlying foreign currency denominated items include third party and intercompany receivables and payables and interest-bearing intercompany loans. See Foreign Currency Forward Contracts Not Designated as Hedges above for further information.

Table of Contents

	Amount of Gain (Loss) Recognized in Earnings on Derivatives ⁽¹⁾			
	Three Months Ended		Six Months Ended	
	June 30, 2013	June 30, 2012	June 30, 2013	June 30, 2012
Derivatives designated as hedging instruments:				
Interest rate swaps	\$	\$ 0.3	\$	\$ 0.4
Foreign currency forward contracts	0.5	0.1	0.2	(0.1)
Derivatives not designated as hedging instruments:				
Foreign currency forward contracts	3.6	(3.0)	(16.2)	(5.6)
Total	\$ 4.1	\$ (2.6)	\$ (16.0)	\$ (5.3)

⁽¹⁾ Amounts recognized on the foreign currency forward contracts were included in other expense, net. Amounts recognized on the interest rate swaps were included in interest expense in the condensed consolidated statements of operations.

(12) Fair Value Measurements and Other Financial Instruments**Fair Value Measurements**

In determining fair value of financial instruments, we utilize valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible and consider counterparty credit risk in our assessment of fair value. We determine fair value of our financial instruments based on assumptions that market participants would use in pricing an asset or liability in the principal or most advantageous market. When considering market participant assumptions in fair value measurements, the following fair value hierarchy distinguishes between observable and unobservable inputs, which are categorized in one of the following levels:

Level 1 Inputs: Unadjusted quoted prices in active markets for identical assets or liabilities accessible to the reporting entity at the measurement date.

Level 2 Inputs: Other than quoted prices included in Level 1 inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.

Level 3 Inputs: Unobservable inputs for the asset or liability used to measure fair value to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at measurement date. The following table details the fair value hierarchy of our financial instruments.

June 30, 2013	Total			
	Fair Value	Level 1	Level 2	Level 3
Cash equivalents	\$ 327.7	\$	\$ 327.7	\$
Derivative financial instruments net asset:				
Foreign currency forward contracts	\$ 19.2	\$	\$ 19.2	\$
December 31, 2012				
	Fair Value	Level 1	Level 2	Level 3
Cash equivalents	\$ 210.0	\$	\$ 210.0	\$
Derivative financial instruments net liability:				
Foreign currency forward contracts	\$ 25.0	\$	\$ 25.0	\$

Cash Equivalents

Edgar Filing: SEALED AIR CORP/DE - Form 10-Q

Our cash equivalents at June 30, 2013 and December 31, 2012 consisted of commercial paper and time deposits (fair value determined using Level 2 inputs). Since these are short-term highly liquid investments with original maturities of three months or less at the date of purchase, they present negligible risk of changes in fair value due to changes in interest rates.

Derivative Financial Instruments

Our foreign currency forward contracts are recorded at fair value on our condensed consolidated balance sheets using an income approach valuation technique based on observable market inputs (Level 2).

Observable market inputs used in the calculation of the fair value of foreign currency forward contracts include foreign currency spot and forward rates obtained from an independent third party market data provider. In addition, other pricing data quoted by various banks and foreign currency dealers involving identical or comparable instruments are included.

Counterparties to these foreign currency forward contracts are rated at least A- by Standard & Poor's and Baa2 by Moody's. Credit ratings on some of our counterparties may change during the term of our financial instruments. We closely monitor our counterparties' credit ratings and if necessary will make appropriate changes to our financial instruments. The fair value generally reflects the estimated amounts that we would receive or pay to terminate the contracts at the reporting date.

Other Financial Instruments

The following financial instruments are recorded at fair value or at amounts that approximate fair value: (1) receivables, net, (2) certain other current assets, (3) accounts payable and (4) other current liabilities. The carrying amounts reported on our condensed consolidated balance sheets for the above financial instruments closely approximate their fair value due to the short-term nature of these assets and liabilities.

Other liabilities that are recorded at carrying value on our condensed consolidated balance sheets include our senior notes. We utilize a market approach to calculate the fair value of our senior notes. Due to their limited investor base and the face value of some of our senior notes, they may not be actively traded on the date we calculate their fair value. Therefore, we may utilize prices and other relevant information generated by market transactions involving similar securities, reflecting U.S. Treasury yields to calculate the yield to maturity and the price on some of our senior notes. These inputs are provided by an independent third party and are considered to be Level 2 inputs.

We derive our fair value estimates of our various other debt instruments by evaluating the nature and terms of each instrument, considering prevailing economic and market conditions, and examining the cost of similar debt offered at the balance sheet date. We also incorporated our credit default swap rates and currency specific swap rates in the valuation of each debt instrument, as applicable.

These estimates are subjective and involve uncertainties and matters of significant judgment, and therefore we cannot determine them with precision. Changes in assumptions could significantly affect our estimates.

Table of Contents

The table below shows the carrying amounts and estimated fair values of our total debt:

	June 30, 2013		December 31, 2012	
	Carrying Amount	Fair Value	Carrying Amount	Fair Value
12% Senior Notes due February 2014	\$ 151.9	\$ 160.0	\$ 153.4	\$ 172.0
Term Loan A Facility due October 2016 ⁽¹⁾	783.5	783.5	843.9	843.9
7.875% Senior Notes due June 2017			394.5	424.8
Term Loan B Facility due October 2018 ⁽¹⁾	766.5	766.5	771.6	771.6
8.125% Senior Notes due September 2019	750.0	830.2	750.0	846.8
6.50% Senior Notes due December 2020	425.0	449.3	425.0	463.1
8.375% Senior Notes due September 2021	750.0	843.0	750.0	858.5
5.25% Senior Notes due April 2023	425.0	410.0		
6.875% Senior Notes due July 2033	448.6	429.2	448.6	421.7
Other foreign loans	80.5	80.3	44.2	44.0
Other domestic loans	0.6	0.5	0.6	0.6
Total debt	\$ 4,581.6	\$ 4,752.5	\$ 4,581.8	\$ 4,847.0

⁽¹⁾ Includes borrowings denominated in currencies other than U.S. dollars.

As of June 30, 2013, we did not have any non financial assets and liabilities that were carried at fair value on a recurring basis in the condensed consolidated financial statements or for which a fair value measurement was required. Included among our non-financial assets and liabilities that are not required to be measured at fair value on a recurring basis are inventories, net property and equipment, goodwill, intangible assets, and asset retirement obligations.

(13) Income Taxes**Effective Income Tax Rate and Income Tax Provision**

Our effective income rate from continuing operations was 25.1% for the three months ended June 30, 2013 and 15.0% for the six months ended June 30, 2013. Our effective income tax rate for both the three and six months ended June 30, 2013 benefited from a favorable earnings mix, with earnings in jurisdictions with low tax rates and losses in jurisdictions, including the U.S. for the six month period, with high tax rates. We also benefited from a favorable settlement of a tax dispute in the three months ended June 30, 2013. The favorable factors were partially offset by losses in jurisdictions where we did not have any tax benefit due to the applicable tax rate or valuation allowances. The effective income tax rate for the six months ended June 30, 2013 benefited from a retroactive reinstatement of certain tax provisions that were recorded as discrete items during the three months ended March 31, 2013. On January 2, 2013, the President signed the American Taxpayer Relief Act of 2012, retroactively reinstating and extending the research and development tax credit and certain foreign tax provisions from January 1, 2012 through December 31, 2013. This favorable factor for the six month period was partially offset by an increase in certain foreign tax rates, which increased our deferred tax liabilities.

We incurred losses from continuing operations during the three month and six month periods ended June 30, 2012. Our loss before income taxes from continuing operations for the three months ended June 30, 2012 was increased by an income tax provision of \$3 million. Our loss before income taxes for the six months ended June 30, 2012 was reduced by an income tax benefit of \$7 million (an effective income tax benefit rate of 20.3%). The tax provision (benefit) for the three and six month periods resulted from restructuring efforts, including both taxes incurred with respect to restructuring and restructuring expenses with a zero or low tax benefit. Our tax provision for both the three month and six month periods benefited from earnings in jurisdictions with low tax rates and losses in jurisdictions, such as the U.S., with high tax rates, as well as favorable settlements of certain tax disputes totaling \$5 million in the three months ended June 30, 2012 and \$10 million in the six months ended June 30, 2012.

Unrecognized Tax Benefits

We made payments to foreign jurisdictions of approximately \$4 million during the three months ended June 30, 2013 and \$14 million (including \$2 million of interest) during the six months ended June 30, 2013, which, in both instances, reduced our unrecognized tax benefits. We have not changed our policy with regard to the reporting of penalties and interest related to unrecognized tax benefits.

(14) Commitments and Contingencies

Cryovac Transaction Commitments and Contingencies

Settlement Agreement and Related Costs

On November 27, 2002, we reached an agreement in principle with the Committees appointed to represent asbestos claimants in the bankruptcy case of W. R. Grace & Co., known as Grace, to resolve all current and future asbestos-related claims made against the Company and our affiliates in connection with the Cryovac transaction described below (as memorialized by the parties in the Settlement agreement and as approved by the Bankruptcy Court, the Settlement agreement). The Settlement agreement will also resolve the fraudulent transfer claims and successor liability claims, as well as indemnification claims by Fresenius Medical Care Holdings, Inc. and affiliated companies, in connection with the Cryovac transaction. On December 3, 2002, our Board of Directors approved the agreement in principle. We received notice that both of the Committees had approved the agreement in principle as of December 5, 2002. The parties subsequently signed the definitive Settlement agreement as of November 10, 2003 consistent with the terms of the agreement in principle. For a description of the Cryovac transaction, asbestos-related claims and the parties involved, see Cryovac Transaction, , Discussion of Cryovac Transaction Commitments and Contingencies, Fresenius Claims, Canadian Claims and Additional Matters Related to the Cryovac Transaction below.

We recorded a pre-tax charge of approximately \$850 million as a result of the Settlement agreement on our condensed consolidated statement of operations for the year ended December 31, 2002. The charge consisted of the following items:

a charge of \$513 million covering a cash payment that we will be required to make under the Settlement agreement upon the effectiveness of an appropriate plan of reorganization in the Grace bankruptcy. Because we cannot predict when a plan of reorganization may become effective, we recorded this liability as a current liability on our consolidated balance sheet at December 31, 2002. Under the terms of the Settlement agreement, this amount accrues interest at a 5.5% annual rate from December 21, 2002 to the date of payment. We have recorded this interest in interest expense on our condensed consolidated statements of operations and in Settlement agreement and related accrued interest on our condensed consolidated balance sheets. The accrued interest, which is compounded annually, was \$388 million at June 30, 2013 and \$364 million at December 31, 2012.

Table of Contents

a non-cash charge of \$322 million representing the fair market value at the date we recorded the charge of nine million shares of Sealed Air common stock that we expect to issue under the Settlement agreement upon the effectiveness of an appropriate plan of reorganization in the Grace bankruptcy, which was adjusted to eighteen million shares due to our two-for-one stock split in March 2007. These shares are subject to customary anti-dilution provisions that adjust for the effects of stock splits, stock dividends and other events affecting our common stock. The fair market value of our common stock was \$35.72 per pre-split share (\$17.86 post-split) as of the close of business on December 5, 2002. We recorded this amount on our consolidated balance sheet at December 31, 2002 as follows: \$0.9 million representing the aggregate par value of these shares of common stock reserved for issuance related to the Settlement agreement, and the remaining \$321 million, representing the excess of the aggregate fair market value over the aggregate par value of these common shares, in additional paid-in capital.

\$16 million of legal and related fees as of December 31, 2002.

Cryovac Transaction

On June 30, 1998, we completed a multi-step transaction that brought the Cryovac packaging business and the former Sealed Air Corporation's business under the common ownership of the Company. These businesses operate as subsidiaries of the Company, and the Company acts as a holding company. As part of that transaction, the parties separated the Cryovac packaging business, which previously had been held by various direct and indirect subsidiaries of the Company, from the remaining businesses previously held by the Company. The parties then arranged for the contribution of these remaining businesses to a company now known as W. R. Grace & Co., and the Company distributed the Grace shares to the Company's stockholders. As a result, W. R. Grace & Co. became a separate publicly owned company. The Company recapitalized its outstanding shares of common stock into a new common stock and a new convertible preferred stock. A subsidiary of the Company then merged into the former Sealed Air Corporation, which became a subsidiary of the Company and changed its name to Sealed Air Corporation (US).

Discussion of Cryovac Transaction Commitments and Contingencies

In connection with the Cryovac transaction, Grace and its subsidiaries retained all liabilities arising out of their operations before the Cryovac transaction, whether accruing or occurring before or after the Cryovac transaction, other than liabilities arising from or relating to Cryovac's operations. Among the liabilities retained by Grace are liabilities relating to asbestos-containing products previously manufactured or sold by Grace's subsidiaries prior to the Cryovac transaction, including its primary U.S. operating subsidiary, W. R. Grace & Co. Conn., which has operated for decades and has been a subsidiary of Grace since the Cryovac transaction. The Cryovac transaction agreements provided that, should any claimant seek to hold the Company or any of its subsidiaries responsible for liabilities retained by Grace or its subsidiaries, including the asbestos-related liabilities, Grace and its subsidiaries would indemnify and defend us.

Since the beginning of 2000, we have been served with a number of lawsuits alleging that, as a result of the Cryovac transaction, we are responsible for alleged asbestos liabilities of Grace and its subsidiaries, some of which were also named as co-defendants in some of these actions. Among these lawsuits are several purported class actions and a number of personal injury lawsuits. Some plaintiffs seek damages for personal injury or wrongful death, while others seek medical monitoring, environmental remediation or remedies related to an attic insulation product. Neither the former Sealed Air Corporation nor Cryovac, Inc. ever produced or sold any of the asbestos-containing materials that are the subjects of these cases. None of these cases has reached resolution through judgment, settlement or otherwise. As discussed below, Grace's Chapter 11 bankruptcy proceeding has stayed all of these cases.

While the allegations in these actions directed to us vary, these actions all appear to allege that the transfer of the Cryovac business as part of the Cryovac transaction was a fraudulent transfer or gave rise to successor liability. Under a theory of successor liability, plaintiffs with claims against Grace and its subsidiaries may attempt to hold us liable for liabilities that arose with respect to activities conducted prior to the Cryovac transaction by W. R. Grace & Co. Conn. or other Grace subsidiaries. A transfer would be a fraudulent transfer if the transferor received less than reasonably equivalent value and the transferor was insolvent or was rendered insolvent by the transfer, was engaged or was about to engage in a business for which its assets constitute unreasonably small capital, or intended to incur or believed that it would incur debts beyond its ability to pay as they mature. A transfer may also be fraudulent if it was made with actual intent to hinder, delay or defraud creditors. If a court found any transfers in connection with the Cryovac transaction to be fraudulent transfers, we could be required to return the property or its value to the transferor or could be required to fund liabilities of Grace or its subsidiaries for the benefit of their creditors, including asbestos claimants. We have reached an agreement in principle and subsequently signed the Settlement agreement, described below, that is expected to resolve all these claims.

In the Joint Proxy Statement furnished to their respective stockholders in connection with the Cryovac transaction, both parties to the transaction stated that it was their belief that Grace and its subsidiaries were adequately capitalized and would be adequately capitalized after the Cryovac transaction and that none of the transfers contemplated to occur in the Cryovac transaction would be a fraudulent transfer. They also stated their belief that the Cryovac transaction complied with other relevant laws. However, if a court applying the relevant legal standards had reached

Edgar Filing: SEALED AIR CORP/DE - Form 10-Q

conclusions adverse to us, these determinations could have had a materially adverse effect on our consolidated financial condition and results of operations.

On April 2, 2001, Grace and a number of its subsidiaries filed petitions for reorganization under Chapter 11 of the U.S. Bankruptcy Code in the U.S. Bankruptcy Court in the District of Delaware (the Bankruptcy Court). Grace stated that the filing was made in response to a sharply increasing number of asbestos claims since 1999.

In connection with its Chapter 11 filing, Grace filed an application with the Bankruptcy Court seeking to stay, among others, all actions brought against the Company and specified subsidiaries related to alleged asbestos liabilities of Grace and its subsidiaries or alleging fraudulent transfer claims. The court issued an order dated May 3, 2001, which was modified on January 22, 2002, under which the court stayed all the filed or pending asbestos actions against us and, upon filing and service on us, all future asbestos actions. No further proceedings involving us can occur in the actions that have been stayed except upon further order of the Bankruptcy Court.

Committees appointed to represent asbestos claimants in Grace's bankruptcy case received the court's permission to pursue fraudulent transfer and other claims against the Company and its subsidiary Cryovac, Inc., and against Fresenius, as discussed below. The claims against Fresenius are based upon a 1996 transaction between Fresenius and W. R. Grace & Co., Conn. Fresenius is not affiliated with us. In March 2002, the court ordered that the issues of the solvency of Grace following the Cryovac transaction and whether Grace received reasonably equivalent value in the Cryovac transaction would be tried on behalf of all of Grace's creditors. This proceeding was brought in the U.S. District Court for the District of Delaware (the District Court) (Adv. No. 02-02210).

In June 2002, the court permitted the U.S. government to intervene as a plaintiff in the fraudulent transfer proceeding, so that the U.S. government could pursue allegations that environmental remediation expenses were underestimated or omitted in the solvency analyses of Grace conducted at the time of the Cryovac transaction. The court also permitted Grace, which asserted that the Cryovac transaction was not a fraudulent transfer, to intervene in the proceeding. In July 2002, the court issued an interim ruling on the legal standards to be applied in the trial, holding, among other things, that, subject to specified limitations, post-1998 claims should be considered in the solvency analysis of Grace. We believe that only claims and liabilities that were known, or reasonably should have been known, at the time of the 1998 Cryovac transaction should be considered under the applicable standard.

With the fraudulent transfer trial set to commence on December 9, 2002, on November 27, 2002, we reached an agreement in principle with the Committees prosecuting the claims against the Company and Cryovac, Inc., to resolve all current and future asbestos-related claims arising from the Cryovac transaction. On the same day, the court entered an order confirming that the parties had reached an amicable resolution of the disputes among the parties and that counsel for us and the Committees had agreed and bound the parties to the terms of the agreement in principle. As discussed above, the agreement in principle called for payment of nine million shares of our common stock and \$513 million in cash, plus interest on the cash payment at a 5.5% annual rate starting on December 21, 2002 and ending on the effective date of an appropriate plan of reorganization in the Grace bankruptcy, when we are required to make the payment. These shares are subject to customary anti-dilution provisions that adjust for the effects of stock splits, stock dividends and other events affecting our common stock, and as a result, the number of shares of our common stock that we will issue increased to eighteen million shares upon the two-for-one stock split in March 2007. On December 3, 2002, the Company's Board of Directors approved the agreement in principle. We received notice that both of the Committees had approved the agreement in principle as of December 5, 2002. The parties subsequently signed the definitive Settlement agreement as of November 10, 2003 consistent with the terms of the agreement in principle. On November 26, 2003, the parties jointly presented the definitive Settlement agreement to the District Court for approval. On Grace's motion to the District Court, that court transferred the motion to approve the Settlement agreement to the Bankruptcy Court for disposition.

Table of Contents

On June 27, 2005, the Bankruptcy Court signed an order approving the Settlement agreement. Although Grace is not a party to the Settlement agreement, under the terms of the order, Grace is directed to comply with the Settlement agreement subject to limited exceptions. The order also provides that the Court will retain jurisdiction over any dispute involving the interpretation or enforcement of the terms and provisions of the Settlement agreement. We expect that the Settlement agreement will become effective upon Grace's emergence from bankruptcy pursuant to a plan of reorganization that is consistent with the terms of the Settlement agreement.

On June 8, 2004, we filed a motion with the District Court, where the fraudulent transfer trial was pending, requesting that the court vacate the July 2002 interim ruling on the legal standards to be applied relating to the fraudulent transfer claims against us. We were not challenging the Settlement agreement. The motion was filed as a protective measure in the event that the Settlement agreement is ultimately not approved or implemented; however, we still expect that the Settlement agreement will become effective upon Grace's emergence from bankruptcy with a plan of reorganization that is consistent with the terms of the Settlement agreement.

On July 11, 2005, the Bankruptcy Court entered an order closing the proceeding brought in 2002 by the committees appointed to represent asbestos claimants in the Grace bankruptcy proceeding against us without prejudice to our right to reopen the matter and renew in our sole discretion our motion to vacate the July 2002 interim ruling on the legal standards to be applied relating to the fraudulent transfer claims against us. As a condition to our obligation to make the payments required by the Settlement agreement, any final plan of reorganization must be consistent with the terms of the Settlement agreement, including provisions for the trusts and releases referred to below and for an injunction barring the prosecution of any asbestos-related claims against us. The Settlement agreement provides that, upon the effective date of the final plan of reorganization and payment of the shares and cash, all present and future asbestos-related claims against us that arise from alleged asbestos liabilities of Grace and its affiliates (including former affiliates that became our affiliates through the Cryovac transaction) will be channeled to and become the responsibility of one or more trusts to be established under Section 524(g) of the Bankruptcy Code as part of a final plan of reorganization in the Grace bankruptcy. The Settlement agreement will also resolve all fraudulent transfer claims against us arising from the Cryovac transaction as well as the Fresenius claims described below. The Settlement agreement provides that we will receive releases of all those claims upon payment. Under the agreement, we cannot seek indemnity from Grace for our payments required by the Settlement agreement. The order approving the Settlement agreement also provides that the stay of proceedings involving us described above will continue through the effective date of the final plan of reorganization, after which, upon implementation of the Settlement agreement, we will be released from the liabilities asserted in those proceedings and their continued prosecution against us will be enjoined.

In January 2005, Grace filed a proposed plan of reorganization (the "Grace Plan") with the Bankruptcy Court. There were a number of objections filed. The Official Committee of Asbestos Personal Injury Claimants (the "ACC") and the Asbestos PI Future Claimants Representative (the "PI FCR") filed their proposed plan of reorganization (the "Claimants' Plan") with the Bankruptcy Court in November 2007. On April 7, 2008, Grace issued a press release announcing that Grace, the ACC, the PI FCR, and the Official Committee of Equity Security Holders (the "Equity Committee") had reached an agreement in principle to settle all present and future asbestos-related personal injury claims against Grace (the "PI Settlement") and disclosed a term sheet outlining certain terms of the PI Settlement and for a contemplated plan of reorganization that would incorporate the PI Settlement (as filed and amended from time to time, the "PI Settlement Plan").

On September 19, 2008, Grace, the ACC, the PI FCR, and the Equity Committee filed, as co-proponents, the PI Settlement Plan and several exhibits and associated documents, including a disclosure statement (as filed and amended from time to time, the "PI Settlement Disclosure Statement"), with the Bankruptcy Court. Amended versions of the PI Settlement Plan and the PI Settlement Disclosure Statement have been filed with the Bankruptcy Court from time to time. The PI Settlement Plan, which supersedes each of the Grace Plan and the Claimants' Plan, remains pending and has not become effective. The committee representing general unsecured creditors and the Official Committee of Asbestos Property Damage Claimants are not co-proponents of the PI Settlement Plan. As filed, the PI Settlement Plan would provide for the establishment of two asbestos trusts under Section 524(g) of the United States Bankruptcy Code to which present and future asbestos-related claims would be channeled. The PI Settlement Plan also contemplates that the terms of the Settlement agreement will be incorporated into the PI Settlement Plan and that we will pay the amount contemplated by the Settlement agreement. On March 9, 2009, the Bankruptcy Court entered an order approving the PI Settlement Disclosure Statement (the "DS Order") as containing adequate information and authorizing Grace to solicit votes to accept or reject the PI Settlement Plan, all as more fully described in the order. The DS Order did not constitute the Bankruptcy Court's confirmation of the PI Settlement Plan, approval of the merits of the PI Settlement Plan, or endorsement of the PI Settlement Plan. In connection with the plan voting process in the Grace bankruptcy case, we voted in favor of the PI Settlement Plan that was before the Bankruptcy Court. We will continue to review any amendments to the PI Settlement Plan on an ongoing basis to verify compliance with the Settlement agreement.

On June 8, 2009, a senior manager with the voting agent appointed in the Grace bankruptcy case filed a declaration with the Bankruptcy Court certifying the voting results with respect to the PI Settlement Plan. This declaration was amended on August 5, 2009 (as amended, the "Voting Declaration"). According to the Voting Declaration, with respect to each class of claims designated as impaired by Grace, the PI Settlement Plan was approved by holders of at least two-thirds in amount and more than one-half in number (or for classes voting for purposes of Section 524(g) of the Bankruptcy Code, at least 75% in number) of voted claims. The Voting Declaration also discusses the voting results with respect to holders of general unsecured claims ("GUCs") against Grace, whose votes were provisionally solicited and counted subject to a determination by

Edgar Filing: SEALED AIR CORP/DE - Form 10-Q

the Bankruptcy Court of whether GUCs are impaired (and, thus, entitled to vote) or, as Grace contends, unimpaired (and, thus, not entitled to vote). According to the Voting Declaration, more than one half of voting holders of GUCs voted to accept the PI Settlement Plan, but the provisional vote did not obtain the requisite two-thirds dollar amount to be deemed an accepting class in the event that GUCs are determined to be impaired. To the extent that GUCs are determined to be an impaired non-accepting class, Grace and the other plan proponents have indicated that they would nevertheless seek confirmation of the PI Settlement Plan under the cram down provisions contained in Section 1129(b) of the Bankruptcy Code.

On January 31, 2011, the Bankruptcy Court entered a memorandum opinion (as amended, the Bankruptcy Court Opinion) overruling certain objections to the PI Settlement Plan and finding, among other things, that GUCs are not impaired under the PI Settlement Plan. On the same date, the Bankruptcy Court entered an order regarding confirmation of the PI Settlement Plan (as amended, the Bankruptcy Court Confirmation Order). As entered on January 31, 2011, the Bankruptcy Court Confirmation Order contained recommended findings of fact and conclusions of law, and recommended that the District Court approve the Bankruptcy Court Confirmation Order, and that the District Court confirm the PI Settlement Plan and issue a channeling injunction under Section 524(g) of the Bankruptcy Code. Thereafter, on February 15, 2011, the Bankruptcy Court issued an order clarifying the Bankruptcy Court Opinion and the Bankruptcy Court Confirmation Order (the Clarifying Order). Among other things, the Clarifying Order provided that any references in the Bankruptcy Court Opinion and the Bankruptcy Court Confirmation Order to a recommendation that the District Court confirm the PI Settlement Plan were thereby amended to make clear that the PI Settlement Plan was confirmed and that the Bankruptcy Court was requesting that the District Court issue and affirm the Bankruptcy Court Confirmation Order including the injunction under Section 524(g) of the Bankruptcy Code. On March 11, 2011, the Bankruptcy Court entered an order granting in part and denying in part a motion to reconsider the Bankruptcy Court Opinion filed by BNSF Railway Company (the March 11 Order). Among other things, the March 11 Order amended the Bankruptcy Court Opinion to clarify certain matters relating to objections to the PI Settlement Plan filed by BNSF.

Various parties appealed or otherwise challenged the Bankruptcy Court Opinion and the Bankruptcy Court Confirmation Order, including without limitation with respect to issues relating to releases and injunctions contained in the PI Settlement Plan. On June 28 and 29, 2011, the District Court heard oral arguments in connection with appeals of the Bankruptcy Court Opinion and the Bankruptcy Court Confirmation Order.

On January 30, 2012, the District Court issued a memorandum opinion (the Original District Court Opinion) and confirmation order (the Original District Court Confirmation Order) overruling all objections to the PI Settlement Plan and confirming the PI Settlement Plan in its entirety (including the issuance of the injunction under Section 524(g) of the Bankruptcy Code). On February 3, 2012, Garlock Sealing Technologies LLC (Garlock) filed a motion (the Garlock Reargument Motion) with the District Court requesting that the District Court grant reargument, rehearing, or otherwise amend the Original District Court Opinion and the Original District Court Confirmation Order insofar as they overruled Garlock 's objections to the PI Settlement Plan. On February 13, 2012, the Company, Cryovac, and Fresenius Medical Care Holdings, Inc. filed a joint motion (the Sealed Air/Fresenius Motion) with the District Court. The Sealed Air/Fresenius Motion did not seek to disturb confirmation of the PI Settlement Plan but requested that the District Court amend and clarify certain matters in the Original District Court Opinion and the Original District Court Confirmation Order.

Table of Contents

Also on February 13, 2012, Grace and the other proponents of the PI Settlement Plan filed a motion (the Plan Proponents Motion) with the District Court requesting certain of the same amendments and clarifications sought by the Sealed Air/Fresenius Motion. On February 27, 2012, certain asbestos claimants known as the Libby Claimants filed a response to the Sealed Air/Fresenius Motion and the Plan Proponents Motion (the Libby Response). The Libby Response did not oppose the Sealed Air/Fresenius Motion or the Plan Proponents Motion but indicated, among other things, that: (a) the Libby Claimants had reached a settlement in principle of their objections to the PI Settlement Plan but that this settlement had not become effective and (b) the Libby Claimants reserved their rights with respect to the PI Settlement Plan pending the effectiveness of the Libby Claimants settlement. On April 20, 2012, as part of a more global settlement, Grace filed a motion with the Bankruptcy Court seeking, among other things, approval of settlements with the Libby Claimants and BNSF. The settlements with the Libby Claimants and BNSF were approved by order of the Bankruptcy Court dated June 6, 2012. Thereafter, the appeals of the Libby Claimants and BNSF with respect to the PI Settlement Plan were dismissed by orders of the United States Court of Appeals for the Third Circuit (the Third Circuit Court of Appeals) dated September 24, 2012 and October 4, 2012. The District Court held a hearing on May 8, 2012, to consider the Garlock Reargument Motion. On May 29, 2012, Anderson Memorial Hospital (Anderson Memorial) filed a motion seeking relief from, and reconsideration of, the Original District Court Opinion and the Original District Court Confirmation Order (the Anderson Relief Motion). In the Anderson Relief Motion, Anderson Memorial argued that a May 18, 2012, decision by the Third Circuit Court of Appeals in a case called Wright v. Owens-Corning undermined the District Court's conclusion that (a) the PI Settlement Plan was feasible and (b) the asbestos property damage injunction and trust included in the PI Settlement Plan were appropriate. Objections to the Anderson Relief Motion were filed by Grace and the other proponents of the PI Settlement Plan, and by the representative of future asbestos property damage claimants appointed in the Grace bankruptcy proceedings. On June 11, 2012, the District Court entered a consolidated order (the Consolidated Order) granting the Sealed Air/Fresenius Motion, the Plan Proponents Motion, and the Garlock Reargument Motion, and providing for amendments to the Original District Court Opinion and the Original District Court Confirmation Order. Although the Consolidated Order granted the Garlock Reargument Motion, it did not constitute the District Court's agreement with Garlock's objections to the PI Settlement Plan, which the District Court continued to overrule. Also on June 11, 2012, the District Court entered an amended memorandum opinion (the Amended District Court Opinion) and confirmation order (the Amended District Court Confirmation Order) overruling all objections to the PI Settlement Plan, reflecting amendments described in the Consolidated Order, and confirming the PI Settlement Plan in its entirety (including the issuance of the injunction under Section 524(g) of the Bankruptcy Code). Thereafter, on July 23, 2012, the District Court issued a memorandum opinion and an order denying the Anderson Relief Motion.

Parties have appealed the Amended District Court Opinion and the Amended District Court Confirmation Order to the Third Circuit Court of Appeals. Parties have filed briefs in connection with the appeals, and the Third Circuit Court of Appeals heard oral arguments with respect to the appeals on June 17, 2013. The Third Circuit Court of Appeals took these matters under advisement. On July 24, 2013, the Third Circuit Court of Appeals entered an opinion and a judgment relating to Garlock's appeals (the Third Circuit Garlock Opinion & Judgment) affirming the District Court's decision to overrule Garlock's objections to the PI Settlement Plan. The Third Circuit Garlock Opinion & Judgment does not rule on the appeals of parties other than Garlock. We do not know when the Third Circuit Court of Appeals will rule on the non-Garlock appeals. While Grace has in the past indicated that, with an appeals process before the Third Circuit Court of Appeals, its target date to emerge from bankruptcy was the fourth quarter of 2013, we cannot make assurances that this timing for emergence is or will be correct or that the target date for Grace's emergence has not been or will not be revised.

Consistent with our Settlement agreement, we are prepared to pay the Settlement amount directly to the asbestos trusts to be established under section 524(g) of the Bankruptcy Code once the conditions of the Settlement agreement are fully satisfied. Among those conditions is that approval of an appropriate Grace bankruptcy plan containing all releases, injunctions, and protections required by the Settlement agreement be final and not subject to any appeal. Given the pending appeals (which include, without limitation, challenges to injunctions and releases in the PI Settlement Plan), the condition that approval of the PI Settlement Plan be final and not subject to any appeal has not been satisfied at this time. The Company has not waived this or any other condition of the Settlement agreement nor can there be any assurance that each of the parties whose consent or waiver is required for Grace to emerge from bankruptcy while the appeals are pending will provide such consent or waiver. Although we are optimistic that, if it were to become effective, the PI Settlement Plan would implement the terms of the Settlement agreement, we can give no assurance that this will be the case notwithstanding the confirmation of the PI Settlement Plan by the Bankruptcy Court and the District Court. The terms of the PI Settlement Plan remain subject to amendment. Moreover, the PI Settlement Plan is subject to the satisfaction of a number of conditions which are more fully set forth in the PI Settlement Plan and include, without limitation, the availability of exit financing and the approval of the PI Settlement Plan becoming final and no longer subject to appeal. As noted, parties have appealed the Amended District Court Confirmation Order to the Third Circuit Court of Appeals or have otherwise challenged the Amended District Court Opinion and the Amended District Court Confirmation Order. Matters relating to the PI Settlement Plan, the Bankruptcy and Amended District Court Opinions, and the Bankruptcy and Amended District Court Confirmation Orders may be subject to further appeal, challenge, and proceedings before the District Court, the Third Circuit Court of Appeals, or other courts. Parties have challenged various issues with respect to the PI Settlement Plan, the Bankruptcy and Amended District Court Opinions, and the Bankruptcy and Amended District Court Confirmation Orders, including, without limitation, issues relating to releases and injunctions contained in the PI Settlement Plan.

While the Bankruptcy Court and the District Court have confirmed the PI Settlement Plan and the Third Circuit Court of Appeals has entered the Third Circuit Garlock Opinion & Judgment, we do not know whether or when the Third Circuit Court of Appeals will affirm the Amended

Edgar Filing: SEALED AIR CORP/DE - Form 10-Q

District Court Confirmation Order or the Amended District Court Opinion with respect to the non-Garlock appeals, whether or when the Bankruptcy and Amended District Court Opinions or the Bankruptcy and Amended District Court Confirmation Orders will become final and no longer subject to appeal, or whether or when a final plan of reorganization (whether the PI Settlement Plan or another plan of reorganization) will become effective. Assuming that a final plan of reorganization (whether the PI Settlement Plan or another plan of reorganization) is confirmed by the Bankruptcy Court and the District Court, and does become effective, we do not know whether the final plan of reorganization will be consistent with the terms of the Settlement agreement or if the other conditions to our obligation to pay the Settlement agreement amount will be met. If these conditions are not satisfied or not waived by us, we will not be obligated to pay the amount contemplated by the Settlement agreement. However, if we do not pay the Settlement agreement amount, we will not be released from the various asbestos related, fraudulent transfer, successor liability, and indemnification claims made against us and all of these claims would remain pending and would have to be resolved through other means, such as through agreement on alternative settlement terms or trials. In that case, we could face liabilities that are significantly different from our obligations under the Settlement agreement. We cannot estimate at this time what those differences or their magnitude may be. In the event these liabilities are materially larger than the current existing obligations, they could have a material adverse effect on our consolidated financial condition and results of operations. We will continue to review and monitor the progress of the Grace bankruptcy proceedings (including appeals and other proceedings relating to the PI Settlement Plan, the Bankruptcy and Amended District Court Opinions, and the Bankruptcy and Amended District Court Confirmation Orders), as well as any amendments or changes to the PI Settlement Plan or to Bankruptcy and Amended District Court Opinions and Confirmation Orders, to verify compliance with the Settlement agreement.

Fresenius Claims

In January 2002, we filed a declaratory judgment action against Fresenius Medical Care Holdings, Inc., its parent, Fresenius AG, a German company, and specified affiliates in New York State court asking the court to resolve a contract dispute between the parties. The Fresenius parties contended that we were obligated to indemnify them for liabilities that they might incur as a result of the 1996 Fresenius transaction mentioned above. The Fresenius parties' contention was based on their interpretation of the agreements between them and W. R. Grace & Co. Conn. in connection with the 1996 Fresenius transaction. In February 2002, the Fresenius parties announced that they had accrued a charge of \$172 million for these potential liabilities, which included pre-transaction tax liabilities of Grace and the costs of defense of litigation arising from Grace's Chapter 11 filing. We believe that we were not responsible to indemnify the Fresenius parties under the 1996 agreements and filed the action to proceed to a resolution of the Fresenius parties' claims. In April 2002, the Fresenius parties filed a motion to dismiss the action and for entry of declaratory relief in its favor. We opposed the motion, and in July 2003, the court denied the motion without prejudice in view of the November 27, 2002 agreement in principle referred to above. As noted above, under the Settlement agreement, we and the Fresenius parties will exchange mutual releases, which will release us from any and all claims related to the 1996 Fresenius transaction.

Canadian Claims

In November 2004, the Company's Canadian subsidiary Sealed Air (Canada) Co./Cie learned that it had been named a defendant in the case of *Thundersky v. The Attorney General of Canada, et al.* (File No. CI04-01-39818), pending in the Manitoba Court of Queen's Bench. Grace and W. R. Grace & Co. Conn. are also named as defendants. The plaintiff brought the claim as a putative class proceeding and seeks recovery for alleged injuries suffered by any Canadian resident, other than in the course of employment, as a result of Grace's marketing, selling, processing, manufacturing, distributing and/or delivering asbestos or asbestos-containing products in Canada prior to the

Table of Contents

Cryovac Transaction. A plaintiff filed another proceeding in January 2005 in the Manitoba Court of Queen's Bench naming the Company and specified subsidiaries as defendants. The latter proceeding, *Her Majesty the Queen in Right of the Province of Manitoba v. The Attorney General of Canada, et al.* (File No. CI05-01-41069), seeks the recovery of the cost of insured health services allegedly provided by the Government of Manitoba to the members of the class of plaintiffs in the *Thundersky* proceeding. In October 2005, we learned that six additional putative class proceedings had been brought in various provincial and federal courts in Canada seeking recovery from the Company and its subsidiaries Cryovac, Inc. and Sealed Air (Canada) Co./Cie, as well as other defendants including W. R. Grace & Co. and W. R. Grace & Co. Conn., for alleged injuries suffered by any Canadian resident, other than in the course of employment (except with respect to one of these six claims), as a result of Grace's marketing, selling, manufacturing, processing, distributing and/or delivering asbestos or asbestos-containing products in Canada prior to the Cryovac transaction. Grace and W. R. Grace & Co. Conn. have agreed to defend, indemnify and hold harmless the Company and its affiliates in respect of any liability and expense, including legal fees and costs, in these actions.

In April 2001, Grace Canada, Inc. had obtained an order of the Superior Court of Justice, Commercial List, Toronto (the Canadian Court), recognizing the Chapter 11 actions in the United States of America involving Grace Canada, Inc.'s U.S. parent corporation and other affiliates of Grace Canada, Inc., and enjoining all new actions and staying all current proceedings against Grace Canada, Inc. related to asbestos under the Companies Creditors Arrangement Act. That order has been renewed repeatedly. In November 2005, upon motion by Grace Canada, Inc., the Canadian Court ordered an extension of the injunction and stay to actions involving asbestos against the Company and its Canadian affiliate and the Attorney General of Canada, which had the effect of staying all of the Canadian actions referred to above. The parties finalized a global settlement of these Canadian actions (except for claims against the Canadian government). That settlement, which has subsequently been amended (the Canadian Settlement), will be entirely funded by Grace. The Canadian Court issued an Order on December 13, 2009 approving the Canadian Settlement. We do not have any positive obligations under the Canadian Settlement, but we are a beneficiary of the release of claims. The release in favor of the Grace parties (including us) will become operative upon the effective date of a plan of reorganization in Grace's United States Chapter 11 bankruptcy proceeding. As filed, the PI Settlement Plan contemplates that the claims released under the Canadian Settlement will be subject to injunctions under Section 524(g) of the Bankruptcy Code. As indicated above, the Bankruptcy Court entered the Bankruptcy Court Confirmation Order on January 31, 2011 and the Clarifying Order on February 15, 2011 and the District Court entered the Original District Court Confirmation Order on January 30, 2012 and the Amended District Court Confirmation Order on June 11, 2012. The Canadian Court issued an Order on April 8, 2011 recognizing and giving full effect to the Bankruptcy Court's Confirmation Order in all provinces and territories of Canada in accordance with the Bankruptcy Court Confirmation Order's terms. Notwithstanding the foregoing, the PI Settlement Plan has not become effective, and we can give no assurance that the PI Settlement Plan (or any other plan of reorganization) will become effective. Assuming that a final plan of reorganization (whether the PI Settlement Plan or another plan of reorganization) does become effective, if the final plan of reorganization does not incorporate the terms of the Canadian Settlement or if the Canadian courts refuse to enforce the final plan of reorganization in the Canadian courts, and if in addition Grace is unwilling or unable to defend and indemnify the Company and its subsidiaries in these cases, then we could be required to pay substantial damages, which we cannot estimate at this time and which could have a material adverse effect on our consolidated financial condition and results of operations.

Additional Matters Related to the Cryovac Transaction

In view of Grace's Chapter 11 filing, we may receive additional claims asserting that we are liable for obligations that Grace had agreed to retain in the Cryovac transaction and for which we may be contingently liable. To date, we are not aware of any material claims having been asserted or threatened against us.

Final determinations and accountings under the Cryovac transaction agreements with respect to matters pertaining to the transaction had not been completed at the time of Grace's Chapter 11 filing in 2001. We have filed claims in the bankruptcy proceeding that reflect the costs and liabilities that we have incurred or may incur that Grace and its affiliates agreed to retain or that are subject to indemnification by Grace and its affiliates under the Cryovac transaction agreements, other than payments to be made under the Settlement agreement. Grace has alleged that we are responsible for specified amounts under the Cryovac transaction agreements. Subject to the terms of the Settlement agreement, amounts for which we may be liable to Grace may be used to offset the liabilities of Grace and its affiliates to us. We intend to seek indemnification by Grace and its affiliates to the extent permissible under law, the Settlement agreement, and the Cryovac transaction agreements. Except to the extent of any potential setoff or similar claim, we expect that our claims will be as an unsecured creditor of Grace. Since portions of our claims against Grace and its affiliates are contingent or unliquidated, we cannot determine the amount of our claims, the extent to which these claims may be reduced by setoff, how much of the claims may be allowed, or the amount of our recovery on these claims, if any, in the bankruptcy proceeding.

Environmental Matters

We are subject to loss contingencies resulting from environmental laws and regulations, and we accrue for anticipated costs associated with investigatory and remediation efforts when an assessment has indicated that a loss is probable and can be reasonably estimated. These accruals are not reduced by potential insurance recoveries, if any. We do not believe that it is reasonably possible that our liability in excess of the amounts that we have accrued for environmental matters will be material to our consolidated financial condition or results of operations.

Environmental liabilities are reassessed whenever circumstances become better defined or remediation efforts and their costs can be better estimated.

We evaluate these liabilities periodically based on available information, including the progress of remedial investigations at each site, the current status of discussions with regulatory authorities regarding the methods and extent of remediation and the apportionment of costs among potentially responsible parties. As some of these issues are decided (the outcomes of which are subject to uncertainties) or new sites are assessed and costs can be reasonably estimated, we adjust the recorded accruals, as necessary. We believe that these exposures are not material to our consolidated financial condition or results of operations. We believe that we have adequately reserved for all probable and estimable environmental exposures.

Guarantees and Indemnification Obligations

We are a party to many contracts containing guarantees and indemnification obligations. These contracts primarily consist of:

product warranties with respect to certain products sold to customers in the ordinary course of business. These warranties typically provide that products will conform to specifications. Sealed Air generally does not establish a liability for product warranty based on a percentage of sales or other formula. Sealed Air accrues a warranty liability on a transaction-specific basis depending on the individual facts and circumstances related to each sale. Both the liability and annual expense related to product warranties are immaterial to our consolidated financial position and results of operations; and

licenses of intellectual property by us to third parties in which we have agreed to indemnify the licensee against third party infringement claims.

Development Grant Matter

On May 25, 2010, one of our Italian subsidiaries received a demand from the Italian Ministry of Economic Development for the total repayment of grant monies paid to two of our former subsidiaries in the amount of 5.1 million. With accrued interest the total value of the demand currently stands at 10.1 million (\$13 million equivalent at June 30, 2013). The grant monies had previously been certified as payable by the Italian authorities and the grant process was finalized and closed in 2006. We acquired the former subsidiaries in September 2001 as part of an acquisition. The substance of the repayment demand is that the former owners of the subsidiaries made fraudulent claims and used fraudulent documents to support their grant application prior to our acquisition. There is no suggestion that we or our Italian subsidiary were directly involved in the grant process, but as purchaser of the two companies, the Ministry is seeking repayment from our Italian subsidiary. Our Italian subsidiary submitted a total denial of liability in regard to this matter on June 30, 2010. A full hearing of the merits of the demand is scheduled for July 2014. At this interim stage of the proceedings we are not able to determine the eventual outcome of the case. Accordingly, we have not recorded a liability related to this matter. We do not expect this matter to be material to our full year consolidated financial condition or results of operations, however the amount may be material to an interim reporting period.

Table of Contents**(15) Stockholders' Equity*****Quarterly Cash Dividends***

On July 11, 2013, our Board of Directors declared a quarterly cash dividend of \$0.13 per common share payable on September 20, 2013 to stockholders of record at the close of business on September 6, 2013. The estimated amount of this dividend payment is \$25 million based on 196 million shares of our common stock issued and outstanding as of June 30, 2013.

On April 11, 2013, our Board of Directors declared a quarterly cash dividend of \$0.13 per common share payable on June 21, 2013 to stockholders of record at the close of business on June 7, 2013. We used \$25 million of available cash to pay this quarterly cash dividend.

On February 14, 2013, our Board of Directors declared a quarterly cash dividend of \$0.13 per common share payable on March 15, 2013 to stockholders of record at the close of business on March 1, 2013. We used \$25 million of available cash to pay this quarterly cash dividend.

The dividend payments discussed above are recorded as reductions to cash and cash equivalents and retained earnings on our condensed consolidated balance sheets. Our credit facility and our senior notes contain covenants that restrict our ability to declare or pay dividends. However, we do not believe these covenants are likely to materially limit the future payment of quarterly cash dividends on our common stock. From time to time, we may consider other means of returning value to our stockholders based on our consolidated financial condition and results of operations. There is no guarantee that our Board of Directors will declare any further dividends.

Stock Appreciation Rights (SARs)

In connection with the acquisition of Diversey, Sealed Air exchanged Diversey's cash-settled stock appreciation rights and stock options that were unvested as of May 31, 2011 and unexercised at October 3, 2011 (the date of acquisition) into cash-settled stock appreciation rights based on Sealed Air common stock. As of June 30, 2013, we had 1.9 million SARs outstanding and the weighted average remaining vesting life of outstanding SARs was less than one year.

Since these SARs are settled in cash, the amount of the related expense has fluctuated and the related future expense will fluctuate based on exercise and forfeiture activity and the changes in the assumptions used in a Black-Scholes valuation model, which include Sealed Air's stock price, risk-free interest rates, expected volatility and a dividend yield. In addition, once vested, the related expense will continue to fluctuate due to the changes in the assumptions used in the Black-Scholes valuation model for any SARs that are not exercised until their respective expiration dates, the last of which is currently in March 2021.

We recognized SARs expense of less than \$1 million in the three months ended June 30, 2013 and \$18 million in the six months ended June 30, 2013, related to SARs that were granted to Diversey employees who remained employees as of June 30, 2013. We also recognized a reduction of SARs expense of \$9 million in the three months ended June 30, 2012 and SARs expense of \$3 million in the six months ended June 30, 2012, related to SARs that were granted to Diversey employees who remained employees as of June 30, 2012. Cash payments due to the exercise of these SARs were \$28 million in the six months ended June 30, 2013 and \$22 million in the six months ended June 30, 2012. As of June 30, 2013, the remaining liability for these SARs was \$32 million and is included in other current (\$8 million) and non-current liabilities (\$24 million) on the condensed consolidated balance sheet.

In addition to the amounts discussed above, we recognized restructuring expense of less than \$1 million in the three months ended June 30, 2013 and \$1 million in the six months ended June 30, 2013 for SARs payments that were part of the termination and benefit costs for employees under the 2011-2014 IOP. This expense was included in restructuring and other charges in our condensed consolidated statements of operations. Cash payments upon the exercise of these SARs were \$2 million in the six months ended June 30, 2013. The remaining liability for SARs included in the restructuring program was less than \$1 million as of June 30, 2013.

Share-based Incentive Compensation

We record share-based incentive compensation expense in selling, general and administrative expenses on our condensed consolidated statements of operations with a corresponding credit to additional paid-in capital within stockholders' equity based on the fair value of the share-based incentive compensation awards at the date of grant. We recognize an expense or credit reflecting the straight-line recognition, net of estimated forfeitures, of the expected cost of the program. For the various performance share unit (PSU) awards programs, the cumulative amount accrued to date is adjusted up or down to the extent the expected performance against the targets has improved or worsened for the performance conditions components of the awards.

Edgar Filing: SEALED AIR CORP/DE - Form 10-Q

The following table shows our total share-based incentive compensation expense.

	Three Months Ended June 30,		Six Months Ended June 30,	
	2013	2012	2013	2012
Total share-based incentive compensation expense ⁽¹⁾⁽²⁾	\$ 7.2	\$ 5.9	\$ 14.9	\$ 10.5

The following table shows the estimated amount of total share-based incentive compensation expense expected to be recognized on a straight-line basis over the remaining respective vesting periods at June 30, 2013.

	2013	2014	2015	2016	Total
Total share-based incentive compensation expense ⁽¹⁾	\$ 11.0	\$ 13.2	\$ 6.9	\$ 0.3	\$ 31.4

- (1) The amounts included above do not include the expense related to our U.S. profit sharing contributions made in the form of our common stock or the expense or income related to SARS as such contributions are not considered share-based incentive compensation.
- (2) On February 28, 2013, the Organization and Compensation Committee of our Board of Directors (O&C Committee) approved a change in the vesting policy regarding the existing 2011 three-year PSU awards, and the newly granted 2013 three-year PSU awards, for William V. Hickey, our former Chairman and Chief Executive Officer. The approved change will result in the full vesting of the awards, rather than a pro-rata portion vesting as of the date of his retirement (May 16, 2013). Mr. Hickey's awards will still be subject to the performance metrics stipulated in the plan documents, and will be paid-out in accordance with the original planned timing. As a result of these approved changes, the expense related to these awards will be accelerated and recognized over the applicable service period up until the date of his retirement. We recognized share-based compensation expense related to these awards of \$1.3 in the three months ended June 30, 2013 and \$2.7 in the six months ended June 30, 2013.

Accumulated Other Comprehensive Loss

Included in stockholders' equity on our condensed consolidated balance sheets is accumulated other comprehensive loss. Accumulated other comprehensive loss includes unrecognized pension items of \$136 million as of June 30, 2013.

In the three months ended June 30, 2013, we reclassified \$1 million (\$1 million, net of taxes) out of accumulated other comprehensive income to other assets and other liabilities on the condensed consolidated balance sheets. In the six months ended June 30, 2013, we reclassified \$8 million (\$6 million, net of taxes) out of accumulated other comprehensive income to other assets and other liabilities on the condensed consolidated balance sheets. Also, see Note 15, Profit Sharing, Retirement Savings Plans and Defined Benefit Plans, of the Notes to the Consolidated Financial Statements included in our 2012 Annual Report on Form 10-K for additional information related to unrecognized pension items included in accumulated other comprehensive loss.

Table of Contents**(16) Other Expense, net**

The following table provides details of other expense, net:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2013	2012	2013	2012
