NOTICE OF ANNUAL MEETING OF STOCKHOLDERS

To Be Held on October 18, 2013

Dear Stockholder:

The Annual Meeting of Stockholders (the Annual Meeting) of Twenty-First Century Fox, Inc. (the Company) will be held on October 18, 2013 at 10:00 a.m. (Pacific Time) at the Zanuck Theatre at Fox Studios, 10201 West Pico Boulevard, Los Angeles, California 90035.

A shuttle service will be available to take you to the Annual Meeting from Century Park West Parking Structure, 2030 Century Park West, Los Angeles, California 90067, where complimentary parking for the Annual Meeting will be provided. Parking will not be available at Fox Studios. Please see the map and instructions in Appendix A for parking information and other logistical details. We suggest arriving at least 45 minutes early to allow sufficient time to park, take the shuttle provided by the Company to the meeting site and complete the admission process. You will not be able to enter the Annual Meeting except by the shuttle service provided by the Company.

At the Annual Meeting, stockholders will be asked to:

- elect the 12 Directors identified in this proxy statement to the Board of Directors;
- ratify the selection of Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending June 30, 2014;
- consider an advisory vote to approve executive compensation;
- approve the Twenty-First Century Fox, Inc. 2013 Long-Term Incentive Plan;
- consider a stockholder proposal to adopt a policy that the Chairman of the Board of Directors be an independent Director;
- consider a stockholder proposal to eliminate the Company's dual class capital structure; and
- consider any other business properly brought before the Annual Meeting and any adjournment or postponement thereof.

The foregoing items of business are more fully described in the Company's proxy statement. **While all of the Company's stockholders and all holders of CHESSE Depositary Interests (CDIs) exchangeable for shares of the Company's common stock are invited to attend the Annual Meeting, only stockholders of record and holders of CDIs exchangeable for shares of the Company's Class B Common Stock at the close of business on August 21, 2013 (the Record Date) are entitled to notice of, and to vote at, the Annual Meeting and any adjournment or postponement thereof. Holders of the Company's Class A Common Stock are not entitled to vote on the matters to be presented at the Annual Meeting or any adjournment or postponement thereof.**

As more fully described in the Company's proxy statement, in order to maintain compliance with U.S. law, the Company has suspended 40% of the voting rights of Class B Common Stock of the Company held by non-U.S. stockholders or those who are deemed to be non-U.S. stockholders. The Audit Committee of the Board of Directors may modify the voting suspension percentage to reflect changes, if any, in the Company's foreign ownership based on its assessment of the information reasonably available to it. If you are a holder of Class B Common Stock or CDIs exchangeable for Class B Common Stock, you must identify whether you are a U.S. stockholder or a non-U.S. stockholder by choosing the appropriate designation on the proxy card. If you do not provide a response as to your citizenship on the proxy card, you will be deemed to be a non-U.S. stockholder and your shares will be subject to the suspension of voting rights unless you are a stockholder of record and you previously submitted a U.S. citizenship certification to the Company's transfer agent or Australian share registrar.

Important Information for Holders of Class B Common Stock

It is important that your shares of the Company's Class B Common Stock be represented and voted at the Annual Meeting. If you are a holder of shares of Class B Common Stock, you may submit a proxy for those shares by telephone or the Internet by following the instructions on the Notice of Internet Availability of Proxy Materials, or if you requested a paper proxy card, you may submit your proxy by mail if you prefer. If you attend the Annual Meeting, you may vote your shares in person. Please review the instructions on the proxy card or the information forwarded by your broker, bank or other nominee regarding the voting instructions. You may vote your shares of Class B Common Stock in person even if you previously submitted a proxy. Please note, however, that if your shares of Class B Common Stock are held of record by a broker, bank or other nominee and you wish to vote in person at the Annual Meeting, you must obtain a proxy issued in your name from such broker, bank or other nominee. **Whether or not you plan to attend the Annual Meeting, we urge you to submit a proxy for your shares of Class B Common Stock by telephone or the Internet or, if you requested a paper proxy card, by completing and returning the proxy card as promptly as possible, prior to the Annual Meeting to ensure that your shares will be represented at the Annual Meeting if you are unable to attend.**

If you are planning to attend the Annual Meeting in person, you will be asked to register before entering the Annual Meeting. **You must request an admission ticket in advance and your request must be received by October 14, 2013. All attendees will be required to present the admission ticket and a government-issued photo identification (e.g., driver's license or passport) to enter the Annual Meeting. You may request an admission ticket by:**

if you are a stockholder of record, visiting www.21cfannualmeeting.com/2013 and following the instructions provided;
sending an e-mail to the Corporate Secretary at 2013AnnualMeeting@21cf.com providing the name under which you hold shares of record or a properly executed proxy card, or evidence of your beneficial ownership as described below;
calling the Corporate Secretary at (212) 852-7000; or
sending a fax to the Corporate Secretary at (212) 852-7217 providing the name under which you hold shares of record or a properly executed proxy card, or evidence of your beneficial ownership as described below.

If you are a stockholder of record, your ownership of the Company's common stock will be verified against the list of stockholders of record as of the Record Date prior to your being issued an admission ticket. **If you are not a stockholder of record and hold your shares of common stock in street name, i.e., your shares of common stock are held in a brokerage account or by a bank or other nominee, you will need to send a request for an admission ticket either by e-mail or fax along with proof of beneficial ownership as of the Record Date, such as an account statement or letter from your broker, bank or nominee indicating that you were the beneficial owner of the shares on the Record Date.** Requests for admission tickets will be processed in the order in which they are received and must be received by October 14, 2013.

Seating at the Annual Meeting will begin at 9:00 a.m. (Pacific Time). Prior to entering the Annual Meeting, all bags will be subject to search and all persons may be subject to a metal detector and/or hand wand search. Cameras, recording devices and other electronic devices will not be permitted at the Annual Meeting. The security procedures may require additional time, so please plan accordingly. We suggest arriving at least 45 minutes early to the Annual Meeting. **If you do not provide an admission ticket and government-issued photo identification or do not comply with the other registration and security procedures described above, you will not be admitted to the Annual Meeting. The Annual Meeting will be audiocast live on the Internet at *www.21cf.com*.

In accordance with the rules of the Securities and Exchange Commission, instead of mailing a printed copy of the Company's proxy statement, annual report and other materials (the "proxy materials") relating to the Annual Meeting to stockholders, the Company may furnish proxy materials to stockholders on the Internet by mailing a Notice of Internet Availability of Proxy Materials (the "Notice of Internet Availability") to inform stockholders when the proxy materials are available on the Internet. If you receive the Notice of Internet Availability by mail, you will not receive a printed copy of the proxy materials unless you specifically request one. Instead, the Notice of Internet Availability will instruct you on how you may access and review all of the Company's proxy materials and the Company's annual report, as well as how to submit your proxy, over the Internet. If you receive a Notice of Internet Availability and would still like to receive a printed copy of the Company's proxy materials, including a proxy card or voting instruction card, you should follow the instructions for requesting these materials included in the Notice of Internet Availability.

If you would like to register to receive materials relating to next year's annual meeting of stockholders electronically instead of by mail, please go to *www.21cf.com/investor/ElectronicDelivery/* and follow the instructions to enroll. We highly recommend that you consider electronic delivery of these documents as it helps lower the Company's costs and reduce the amount of paper mailed to your home.

PROXY STATEMENT

Annual Meeting of Stockholders October 18, 2013

GENERAL

Persons Making the Solicitation

This proxy statement is furnished in connection with the solicitation by the Board of Directors (the **Board**) of Twenty-First Century Fox, Inc. (the **Company** or **21st Century Fox**) of proxies for use at an Annual Meeting of Stockholders (the **Annual Meeting**) to be held on October 18, 2013 at 10:00 a.m. (Pacific Time) at the Zanuck Theatre at Fox Studios, 10201 West Pico Boulevard, Los Angeles, California 90035 and at any adjournment or postponement thereof.

A shuttle service will be available to take you to the Annual Meeting from Century Park West Parking Structure, 2030 Century Park West, Los Angeles, California 90067, where complimentary parking for the Annual Meeting will be provided. Parking will not be available at Fox Studios. Please see the map and instructions in Appendix A for parking information and other logistical details. We suggest arriving at least 45 minutes early to allow sufficient time to park, take the shuttle provided by the Company to the meeting site and complete the admission process. You will not be able to enter the Annual Meeting except by the shuttle service provided by the Company.

This proxy statement is first being mailed to stockholders on or about August 30, 2013. You are requested to submit your proxy in order to ensure that your shares are represented at the Annual Meeting.

The expense of soliciting proxies will be borne by the Company. Proxies will be solicited principally through the use of the mail, but Directors, officers and regular employees of the Company may solicit proxies personally, by telephone or special letter without any additional compensation. Also, the Company will reimburse banks, brokerage houses and other custodians, nominees and fiduciaries for any reasonable expenses in forwarding proxy materials to beneficial owners.

Outstanding Shares

The Company has two classes of common stock, Class A Common Stock, par value \$0.01 per share (**Class A Common Stock**), and Class B Common Stock, par value \$0.01 per share (**Class B Common Stock** , and together with the Class A Common Stock, the **Common Stock**). Subject to the restrictions described in the section entitled **Restrictions on Voting by Non-U.S. Stockholders** , holders of Class B Common Stock are entitled to one vote per share on all matters to be presented at the Annual Meeting. Holders of Class A Common Stock are not entitled to vote on the matters to be presented at the Annual Meeting. Unless the context dictates otherwise, all references to **you**, **your**, **yours** or other words of similar import in this proxy statement refer to holders of Class B Common Stock.

The Company's shares are also traded on the Australian Securities Exchange in the form of CHESS Depository Interests (**CDIs**). CDIs are exchangeable, at the option of the holder, into shares of either Class A Common Stock or Class B Common Stock, whichever is applicable, at the rate of one CDI per one such share of Common Stock.

Table of Contents

Record Date

The Board has fixed the close of business on August 21, 2013 as the record date for determining which of the Company's stockholders are entitled to notice of and to vote at the Annual Meeting and any adjournment or postponement thereof in person or by proxy (the Record Date). If the Annual Meeting is adjourned or postponed, notice of such adjournment or postponement will be sent to all stockholders of record entitled to vote at the Annual Meeting in accordance with applicable law and the Company's Amended and Restated By-laws (the By-laws).

Holders of Class A Common Stock are not entitled to vote on the matters to be presented at the Annual Meeting. As of the Record Date, there were 798,520,953 shares of Class B Common Stock outstanding and entitled to vote held by approximately 1,004 holders of record. Subject to the restrictions described in the section entitled Restrictions on Voting by Non-U.S. Stockholders, each share of Class B Common Stock held as of the Record Date is entitled to one vote per share on all matters to be presented at the Annual Meeting. A list of the stockholders of record entitled to vote as of the Record Date will be available at the Annual Meeting and at the Company's principal executive offices during the ten (10) days prior to the Annual Meeting.

If your shares of Class A Common Stock or Class B Common Stock are registered directly in your name with our transfer agent, Computershare Trust Company, N.A., you are a stockholder of record, and these proxy materials are being sent directly to you from the Company. As the stockholder of record of Class B Common Stock as of the Record Date, you have the right to grant your voting proxy directly to the Company or to vote in person at the Annual Meeting.

If your shares of Class A Common Stock or Class B Common Stock are held in street name, meaning your shares of Class A Common Stock or Class B Common Stock are held in a brokerage account or by a bank or other nominee, you are the beneficial owner of these shares and these proxy materials are being forwarded to you by your broker, bank or nominee, who is considered the stockholder of record with respect to such shares. As the beneficial owner of Class B Common Stock as of the Record Date, you have the right to direct your broker, bank or nominee on how to vote and you will receive instructions from your broker, bank or other nominee describing how to vote your shares of Class B Common Stock. However, since you are not the stockholder of record, you may not vote these shares of Class B Common Stock in person at the Annual Meeting unless you obtain a signed proxy from the stockholder of record (i.e., your broker, bank or nominee) giving you the right to vote such shares.

Holders of CDIs exchangeable for Class B Common Stock (Class B CDIs) have a right to direct CHESSEX Depository Nominees Pty Ltd. (CDN), the issuer of the CDIs, on how it should vote with respect to the proposals described in this proxy statement.

Restrictions on Voting by Non-U.S. Stockholders

Under U.S. federal law, no broadcast station licensee may be owned by a corporation if more than 25% of that corporation's stock is owned or voted by non-U.S. stockholders if the Federal Communications Commission finds that the public interest will be served by the refusal or revocation of the license. The Company owns broadcast station licensees in connection with its ownership and operation of 28 U.S. television stations.

A non-U.S. stockholder is defined in Appendix B attached to this proxy statement.

In order to maintain compliance with U.S. law and in accordance with Article IV, Section 5 of the Company's Restated Certificate of Incorporation, the Company has suspended 40% of the voting rights of Class B Common Stock held by non-U.S. stockholders. The Audit Committee of the Board may modify the voting suspension percentage to reflect changes, if any, in the Company's foreign ownership based on its assessment of the information reasonably available to it.

Table of Contents

If you are a holder of Class B Common Stock or Class B CDIs, you must identify whether you are a U.S. stockholder or a non-U.S. stockholder by choosing the appropriate designation on Item 7 on the proxy card. If you do not provide a response to Item 7 on the proxy card, you will be deemed to be a non-U.S. stockholder and your shares will be subject to the suspension of voting rights unless you are a stockholder of record and you previously submitted a U.S. citizenship certification to the Company's transfer agent or Australian share registrar. For all matters to be voted on at the Annual Meeting, shares of Class B Common Stock or Class B CDIs subject to the suspension of voting rights will not be counted as a vote cast FOR or AGAINST any proposal and will not be considered as shares entitled to vote for purposes of a quorum. Fractional shares will be counted as a fraction of a share cast FOR or AGAINST any proposal.

If you are a non-U.S. stockholder subject to the suspension of voting rights, you should still give voting instructions for, or submit a proxy for, all of the shares you own when submitting your voting instructions or proxy. If you are subject to the suspension of voting rights and you are a holder of record, the Inspector of Elections will apply the then applicable suspension to a percentage of the voting rights of the Class B Common Stock or Class B CDIs represented by your proxy card. If you are subject to the suspension of voting rights and you are a beneficial owner who holds in street name, the proxy tabulator will apply the then applicable suspension to a percentage of the voting rights of the Class B Common Stock represented by your voting instructions.

On April 18, 2012, the Murdoch Family Trust and K. Rupert Murdoch (together the Murdoch Family Interests) entered into an agreement with the Company, whereby the Murdoch Family Interests agreed to limit their voting rights during the voting rights suspension period (the Voting Agreement). Under this Voting Agreement, the Murdoch Family Interests will not vote or provide voting instructions with respect to a portion of their shares of Class B Common Stock to the extent that doing so would increase their percentage of voting power from what it was prior to the suspension of voting rights. Accordingly, the shares held by the Murdoch Family Interests that are subject to the restrictions in the Voting Agreement will not be counted as shares cast FOR or AGAINST any proposal, but they will be considered as shares present at the meeting for purposes of a quorum.

Internet Availability of Proxy Materials

In accordance with the rules of the Securities and Exchange Commission (the SEC), instead of mailing a printed copy of the Company's proxy statement, annual report and other materials (the proxy materials) relating to the Annual Meeting to stockholders, the Company may furnish proxy materials to stockholders on the Internet by providing a Notice of Internet Availability of Proxy Materials (the Notice of Internet Availability) to inform stockholders when the proxy materials are available on the Internet. If you receive the Notice of Internet Availability by mail, you will not receive a printed copy of the proxy materials unless you specifically request one. Instead, the Notice of Internet Availability will instruct you on how you may access and review all of the Company's proxy materials, as well as how to submit your proxy, over the Internet. If you receive a Notice of Internet Availability and would still like to receive a printed copy of the Company's proxy materials, including a proxy card or voting instruction card, you should follow the instructions for requesting these materials included in the Notice of Internet Availability.

The Company intends to commence distribution of the Notice of Internet Availability to stockholders on or about August 30, 2013.

The Company will first make available the proxy solicitation materials at www.proxyvote.com on or about August 30, 2013 to all stockholders entitled to vote at the Annual Meeting. You may also request a printed copy of the proxy solicitation materials by any of the following methods: via Internet at www.proxyvote.com; by telephone at 1-800-579-1639; or by sending an e-mail to sendmaterial@proxyvote.com. Our 2013 annual report to stockholders will be made available at the same time and by the same methods.

Table of Contents

If you are a CDI holder, you may also request a printed copy of the proxy solicitation materials and our 2013 annual report to stockholders by any of the following methods: via Internet at www.investorvote.com.au; or by telephone at 1300-652-536 (within Australia) or +61-3-9415-4883 (outside of Australia).

Only one copy of this proxy statement is being delivered to multiple stockholders sharing an address unless the stockholders have notified the Company of their desire to receive multiple copies of the proxy statement. The Company will promptly deliver, upon oral or written request, a separate copy of the proxy statement to any stockholder residing at a shared address to which only one copy was mailed. Requests for additional copies of the proxy statement for the current year or future years should be directed to the Corporate Secretary at 21st Century Fox, 1211 Avenue of the Americas, New York, New York 10036. Alternatively, additional copies of this proxy statement may be requested via Internet at www.proxyvote.com, by telephone at 1-800-579-1639, or by sending an email to sendmaterial@proxyvote.com. Stockholders of record residing at the same address and currently receiving multiple copies of the proxy statement may contact the Corporate Secretary to request that only a single copy of the proxy statement be mailed in the future.

Voting and Submission of Proxies

The persons named on the proxy card and on the Company's voting website at www.proxyvote.com (the proxy holders) have been designated by the Board to vote the shares represented by proxy at the Annual Meeting. The proxy holders are officers of the Company. They will vote the shares represented by each valid and timely received proxy in accordance with the stockholder's instructions, or if no instructions are specified, the shares represented by the proxy will be voted FOR Proposals 1, 2, 3 and 4 and AGAINST Proposals 5 and 6 in accordance with the recommendations of the Board as described in this proxy statement. If any other matter properly comes before the Annual Meeting, the proxy holders will vote on that matter in their discretion.

If you are a holder of Class B Common Stock, telephone and Internet proxy submission is available 24 hours a day through 11:59 p.m. (Eastern Time) on the day before the Annual Meeting date or the applicable cut-off date. If you are located in the United States or Canada and are a stockholder of record, you can submit a proxy for your shares by calling toll-free 1-800-690-6903. Whether you are a stockholder of record or a beneficial owner, you can also submit a proxy for your shares by Internet at www.proxyvote.com. Both the telephone and Internet systems have easy to follow instructions on how you may submit a proxy for your shares and allow you to confirm that the system has properly recorded your proxy. If you are submitting a proxy for your shares by telephone or Internet, you should have in hand when you call or access the website, as applicable, the Notice of Internet Availability or the proxy card or voting instruction card (for those holders who have received, by request, a hard copy of the proxy card or voting instruction card). If you submit a proxy by telephone or Internet, you do not need to return your proxy card to the Company. A telephone or Internet proxy must be received no later than 11:59 p.m. (Eastern Time) on the day before the Annual Meeting date or the applicable cut-off date.

If you have received, by request, a hard copy of the proxy card or voting instruction card, and wish to submit your proxy by mail, you must complete, sign and date the proxy card or voting instruction card and return it in the envelope provided so that it is received prior to the Annual Meeting.

If you hold Class B CDIs, Internet proxy submission is available 24 hours a day through 5:00 p.m. (Australian Eastern Daylight Time) on October 14, 2013. You may submit a proxy for your CDIs by Internet at www.investorvote.com.au. The Internet system has easy to follow instructions on how you may submit a proxy for your CDIs and allows you to confirm that the system has properly recorded your proxy. If you submit a proxy for your CDIs by Internet, you should have in hand when you access the website the Notice of Internet Availability or the voting instruction card (for those CDI holders who have received, by request, a hard copy of the voting instruction card). If you submit a proxy for your CDIs by Internet, you do not need to return your voting instruction form to the Company. If you have received, by request, a hard copy of the voting instruction card, and wish to submit your proxy by mail, you should complete and return the voting instruction card to Australian share registrar by 5:00 p.m. (Australian Eastern Daylight Time) on October 14, 2013.

Table of Contents

While the Company encourages holders of Class B Common Stock to vote by proxy, you also have the option of voting your shares of Class B Common Stock in person at the Annual Meeting. If your shares of Class B Common Stock are registered directly in your name with the Company's transfer agent, you are considered the stockholder of record with respect to such shares of Class B Common Stock and you have the right to attend the Annual Meeting and vote in person, subject to compliance with the procedures described below. If your shares of Class B Common Stock are held in a brokerage account or by a bank or other nominee, you are the beneficial owner of such shares. As such, in order to attend the Annual Meeting or vote in person, you must obtain and provide when you request an admission ticket a properly executed proxy from the stockholder of record (i.e., your broker, bank or other nominee) giving you the right to vote the shares of Class B Common Stock.

Revocation of Proxies

A proxy may be changed or revoked by a stockholder at any time prior to the voting at the Annual Meeting:

- if you are a holder of record of Class B Common Stock, by notifying in writing our Corporate Secretary, Laura A. Cleveland, at 21st Century Fox, 1211 Avenue of the Americas, New York, New York 10036;
- by attending the Annual Meeting and voting in person (your attendance at the Annual Meeting will not by itself revoke your proxy);
- by submitting a later-dated proxy card;
- if you submitted a proxy by telephone or Internet, by submitting a subsequent proxy by telephone or Internet; or
- if you have instructed a broker, bank or other nominee to vote your shares, by following the directions received from your broker, bank or other nominee to change those instructions.

Class B CDI holders may change prior voting instructions by submitting a later-dated CDI voting instruction form before 5:00 p.m. (Australian Eastern Daylight Time) on October 14, 2013. Revocation of prior voting instructions must be submitted in writing and received before 5:00 p.m. (Australian Eastern Daylight Time) on October 14, 2013.

Attending the Annual Meeting in Person

While all of the Company's stockholders and all holders of CDIs exchangeable for shares of Common Stock are invited to attend the Annual Meeting, only holders of Class B Common Stock are entitled to vote at the Annual Meeting. As discussed above, if your shares of Class B Common Stock are registered directly in your name with the Company's transfer agent, you are considered the stockholder of record with respect to such shares of Class B Common Stock and you have the right to attend the Annual Meeting and vote in person, subject to compliance with the procedures described below. If your shares of Class B Common Stock are held in a brokerage account or by a bank or other nominee, you are the beneficial owner of such shares. As such, in order to attend the Annual Meeting and vote in person, you must obtain and present at the time of admission a properly executed proxy from the stockholder of record giving you the right to vote the shares of Class B Common Stock.

If you are planning to attend the Annual Meeting in person, you will be asked to register prior to entering the Annual Meeting. **You must request an admission ticket in advance and your request must be received by October 14, 2013. News Corp holds the Company's former businesses including newspapers, information services and integrated marketing services, digital real estate services, book publishing, digital education and sports programming and pay-TV distribution in Australia.

In connection with the Separation, the Company made the following changes to its Board:

As of the date of the Separation, Delphine Arnault, Jacques Nasser and Robert S. Silberman joined the Board.

Executive Compensation Matters

The Company seeks to closely align the interests of our named executive officers with the interests of the Company's stockholders. Several important features of our executive compensation program are:

The Company's executive compensation program is designed to attract, retain and motivate top executive talent, drive performance without encouraging unnecessary or excessive risk-taking and support both the short-term and long-term growth for stockholders.

Pay is based on performance. Approximately 67% of the Chief Executive Officer's and 70% of the other named executive officers' fiscal 2013 target total direct compensation was at-risk, with most of the compensation subject to the achievement of short-term and long-term financial and business objectives. For fiscal 2014, approximately 70% of the Chief Executive Officer's target total direct compensation from 21st Century Fox is at-risk.

The Company's annual bonus and long-term incentive programs for its named executive officers rely on a number of diversified performance metrics. The annual bonus program bases a significant portion of each named executive officer's total compensation opportunity upon individual and group contributions and the achievement of target financial performance. The performance-based long-term incentive program relies on multiple pre-set, three-year financial performance metrics.

The Compensation Committee approves in advance the framework for the annual bonus, including a determination at the beginning of the performance period of performance levels for the achievement of the financial performance metric upon which two-thirds of the annual bonus is based. These performance levels and corresponding payout opportunities as a percentage of the financial performance rating were disclosed in the Company's proxy statement for the prior fiscal year. The Company has strong governance policies related to executive compensation. The Compensation Committee is comprised entirely of independent Directors. In addition, the Company's compensation programs include risk mitigation features, such as significant Board and management discretion and oversight, a balance of annual and long-term incentives for senior executives, the use of multiple performance metrics, and recoupment provisions for named executive officers' bonus compensation. The Compensation Committee annually oversees an assessment of risks related to compensation policies and practices.

The Company prohibits all Directors and employees, including our named executive officers, from engaging in short sales of the Company's securities and investing in Company-based derivative securities.

The Compensation Discussion and Analysis begins on page 47 and the Fiscal 2013 Summary Compensation Table and other related tables and disclosure begins on page 67.

CORPORATE GOVERNANCE MATTERS

Recent Compliance and Corporate Governance Decisions. The Company is committed to maintaining a strong ethical culture and robust governance practices that benefit the long-term interests of stockholders and, along with the Board, regularly reviews and updates its compliance and training programs and corporate governance practices, as appropriate, in light of stockholder feedback, changes in applicable laws, regulations and stock exchange requirements and the evolving needs of the Company's business. The Company has recently taken the following actions to further enhance its compliance programs and corporate governance practices.

Formation of Compliance Steering Committee. In fiscal 2013, the Board authorized the formation of a Compliance Steering Committee which has the primary responsibility for management and oversight of compliance matters that may affect the Company. The Compliance Steering Committee is currently composed of members of senior management including the President and Chief Operating Officer, the Chief Financial Officer, the head of the Company's internal audit group and regional compliance officers and is chaired by Gerson Zweifach, Senior Executive Vice President and Group General Counsel, and Chief Compliance Officer of the Company. The Compliance Steering Committee reports to the Audit Committee and the Board, and has been actively involved in updating and strengthening the Company's compliance policies.

Enhanced Board Oversight of Compliance Programs. In June 2013, the Board amended the charter of the Audit Committee to provide that the Audit Committee would be responsible for reviewing with the Company's General Counsel and Chief Compliance Officer and Corporate Audit the results of the Company's ongoing anti-corruption compliance program and for overseeing the activities of the Compliance Steering Committee. In addition, the Board amended the Statement of Corporate Governance to provide that the Lead Director meet with the Audit Committee and/or Compliance Steering Committee periodically.

Recognition of effective compliance programs as an important consideration when determining incentive compensation. As described on page 49 in the Compensation Discussion and Analysis, in fiscal 2013, the Compensation Committee recommended to the Board, and the Board approved, amendments to the Compensation Committee Charter and the Company's 2005 Long-Term Incentive Plan to include the implementation and enforcement of effective compliance programs as a factor for the Compensation Committee to consider when reviewing and approving incentive awards, including annual bonus compensation. The 2013 LTIP to be considered by stockholders at the Annual Meeting includes the same enhancement. In addition, the Compensation Committee determined that beginning with the fiscal 2014 annual bonus, the Compensation Committee will consider, based on a recommendation from the Audit Committee of its assessment of management's performance on ethics and compliance objectives, whether a reduction to the qualitative portion of the annual bonus payout is appropriate and, if so, the amount of such reduction.

Annual Certification of Compliance with Statement of Corporate Governance. The Company requires that each Director shall certify annually that he or she has reviewed the Statement of Corporate Governance, has complied with it and will comply with it.

Board Independence. The Nominating and Corporate Governance Committee has adopted the definition of Independent Director as set forth in NASDAQ Listing Rule 5605(a)(2) to assist the Board in its determination of whether a Director shall be deemed to be independent of the Company. However, the Board may determine that a Director is not independent for any reason it deems appropriate.

During its review of Director independence, the Board considers transactions and relationships between each Director or Director nominee, as applicable, or any member of his or her immediate family and the Company and its subsidiaries and affiliates. The Board also examines transactions and relationships between the Directors or Director nominees, as applicable, or their affiliates and members of the Company's senior management or their affiliates.

Table of Contents

The purpose of this review is to determine whether any such relationships or transactions are inconsistent with a determination that the Director or Director nominee, as applicable, is independent.

As a result of its review, the Board affirmatively determined that Sir Roderick I. Eddington, Ms. Arnault and Messrs. Breyer, Dinh, Nasser, Silberman and Uribe are independent of the Company and its management under the standards adopted by the Company and set forth in the NASDAQ listing rules. While a majority of Directors are independent as required under applicable NASDAQ listing rules and by the Company's Statement of Corporate Governance and committee charters, the Board is committed to achieving a supermajority of independent Directors.

Due to Mr. Breyer's service on the Board of Legendary Pictures, an independent film production business, the Company's Board has adopted rules to prevent Mr. Breyer from obtaining non-public information regarding the Company's film production and distribution businesses. For example, Mr. Breyer recuses himself from those portions of Board meetings at which the Company's film production and distribution businesses are discussed, and he does not receive Board materials that include non-public information that is specific to the Company's film production and distribution businesses. Additional procedures may be adopted in the future as the business of Legendary Pictures or the Company evolves, and otherwise as appropriate.

The Company has also stated that Mr. Uribe, former President of Colombia, will not participate in any Company interactions with the Colombian state.

Board Leadership Structure. The Board is responsible for establishing and maintaining the most effective leadership structure for the Company. To retain flexibility in carrying out this responsibility, the Board does not have a policy on whether the Chairman of the Board shall be an independent member of the Board. However, if the Chairman is not an independent Director, an independent, non-executive Director shall be designated by a majority of the independent, non-executive Directors of the Board as Lead Director. The positions of Chief Executive Officer (CEO) and Chairman of the Board are both currently held by Mr. K.R. Murdoch. The Board has also appointed a Lead Director, Sir Roderick I. Eddington. The Lead Director's responsibilities include:

- presiding over all meetings of the Board at which the Chairman of the Board is not present, including executive sessions of the non-executive Directors and the independent Directors;
- communicating to the Chairman of the Board feedback from executive sessions as appropriate;
- servicing as liaison between the Chairman of the Board and the independent Directors;
- meeting with the Audit Committee and/or the Compliance Steering Committee periodically;
- reviewing agendas and information sent to the Board for Board meetings;
- reviewing meeting schedules to assure that there is sufficient time for discussion of all agenda items;
- calling meetings of the non-executive Directors and/or independent Directors, if desired;
- participating in the Compensation Committee's evaluation of the performance of the CEO;
- supervising the self-evaluations of the Directors in coordination with the Nominating and Corporate Governance Committee;
- supervising the Board's determination of the independence of its Directors; and
- ensuring his or her availability for consultation and direct communications, if requested by major stockholders.

The Board believes that this combined role of Chairman and CEO, coupled with a Lead Director, is currently the most effective leadership structure for the Company and is in the best interests of its stockholders. The combined role of Chairman and CEO promotes strong and consistent leadership for the Company, with a single voice setting the tone and having primary responsibility for the management of the Company. The Board believes that the CEO is the person best suited to serve as Chairman, because he is the person most familiar with the Company's businesses and the most capable of effectively identifying strategic priorities and opportunities and

Table of Contents

leading the Board in the discussion of the execution of the Company's strategy. The Board believes that the combined role of Chairman and CEO also facilitates the flow of information between the Board and management.

In considering its leadership structure, the Board believes that the combined roles of Chairman and CEO are appropriately balanced by the designation of a Lead Director with substantive responsibilities, the majority of independent Directors that comprise the Board and the Company's strong corporate governance policies and procedures.

The Board reviews its leadership structure at least annually taking into account the responsibilities of the leadership positions and the Directors qualified to hold such positions. In conducting this review, the Board will consider, among other things: (i) the policies and practices in place that provide independent Board oversight; (ii) the Company's performance and the effect a particular leadership structure may have on that performance; (iii) the structure that serves the best interests of the Company's stockholders and (iv) any relevant legislative or regulatory developments.

CEO Succession Planning. The Board, with the assistance of the Compensation Committee, oversees CEO succession planning. As set forth in the Statement of Corporate Governance, the Board, in coordination with the Compensation Committee, also sees that the Company has in place appropriate steps to address emergency CEO succession planning in the event of extraordinary circumstances.

As part of the CEO continuity succession planning, the CEO provides to the Compensation Committee recommendations and evaluations of members of senior management and their succession potential to the CEO position. The Compensation Committee reviews potential internal candidates with the CEO or other members of senior management as the Compensation Committee considers appropriate, which review includes development needs and developmental progress with respect to specific individuals. Directors engage with potential internal candidates at Board and committee meetings and periodically in less formal settings to allow personal assessment of candidates by the Directors. Further, the Compensation Committee periodically reviews the overall composition of the qualifications, tenure and experience of members of senior management. The Lead Director also participates in the Compensation Committee's evaluation of the performance of the CEO.

The Compensation Committee reports on its succession planning efforts to the full Board, and the full Board reviews succession planning at least annually at a regularly scheduled Board meeting.

Emergency CEO succession planning enables the Company to respond to an unexpected vacancy in the CEO position while continuing the effective operation of the Company and minimizing any potential disruption or loss of continuity to the Company's business and operations, including in the case of a major catastrophe.

Board Oversight of Risk. Risk management is primarily the responsibility of the Company's management; however, the Board has responsibility for overseeing management's identification and management of those risks. The Board does not view risk in isolation; it considers risks in making significant business decisions and as part of the Company's overall business strategy. The Board uses various means to fulfill this oversight responsibility. The Board, and its committees as appropriate, regularly discuss and receive periodic updates from the Company's Chief Executive Officer, President and Chief Operating Officer, Chief Financial Officer, Group General Counsel and other members of senior management regarding significant risks to the Company, including in connection with the annual review of the Company's business plan and its review of budgets, strategy and major transactions. These discussions include operational, strategic, legal and regulatory, financial and reputational risks, and the plans to address these risks.

Each of the Board's committees assists the Board in overseeing the management of the Company's risks within the areas delegated to that committee, which then reports to the full Board as appropriate. For example: the Audit Committee is responsible for risks relating to its review of the Company's financial statements and

Table of Contents

financial reporting processes, and its oversight of the Company's Compliance Steering Committee; the Compensation Committee is responsible for monitoring risks associated with the design and administration of the Company's compensation programs; and the Nominating and Corporate Governance Committee oversees risk as it relates to the Company's corporate governance processes. Each committee has full access to management, as well as the ability to engage advisors. The independent Board members also discuss the Company's significant risks when they meet in executive session without management.

Statement of Corporate Governance. The Board has adopted a Statement of Corporate Governance that sets forth the Company's corporate governance guidelines and practices. The full text of the Statement of Corporate Governance may be found on the Company's website at www.21cf.com/StatementofCorporateGovernance/ and is available in print to any stockholder requesting a paper copy of the document by contacting the Corporate Secretary. Each Director has certified that he or she has reviewed the Statement of Corporate Governance, has complied with it and will comply with it.

Standards of Business Conduct and Code of Ethics. The Board has adopted the Standards of Business Conduct. The Standards of Business Conduct confirm the Company's policy to conduct its affairs in compliance with all applicable laws and regulations and observe the highest standards of business ethics. The Standards of Business Conduct also apply to ensure compliance with stock exchange requirements and to ensure accountability at a senior management level for that compliance. The Company intends that the spirit, as well as the letter, of the Standards of Business Conduct be followed by all Directors, officers and employees of the Company, its subsidiaries and divisions. This is communicated to each new Director, officer and employee and was communicated to those in such positions at the time the Standards of Business Conduct were adopted.

To promote further ethical and responsible decision-making, the Board has established a Code of Ethics for the CEO and senior financial officers that is incorporated by reference into the Standards of Business Conduct.

The full text of the Standards of Business Conduct and the Code of Ethics may be found on the Company's website at www.21cf.com/CorporateGovernance/StandardsofBusinessConduct/ and www.21cf.com/CodeofEthics/, respectively, and each is available in print, without charge, to any stockholder requesting a paper copy of the documents by contacting the Corporate Secretary.

Director Nomination Process. The Nominating and Corporate Governance Committee develops criteria for filling vacant Board positions, taking into consideration such factors as it deems appropriate, including the candidate's education and background; his or her leadership and ability to exercise sound judgment; his or her general business experience and familiarity with the Company's businesses; and whether he or she possesses unique expertise or perspective that will be of value to the Company. Candidates should not have any interests that would materially impair their ability to exercise independent judgment or otherwise discharge the fiduciary duties owed as a Director to the Company and its stockholders. All candidates must be individuals of personal integrity and ethical character, and who value and appreciate these qualities in others. It is expected that each Director will devote the necessary time to the fulfillment of his or her duties as a Director. In this regard, the Nominating and Corporate Governance Committee will consider the number and nature of each Director's other commitments, including other directorships. Although the Board does not have a formal policy with respect to diversity in identifying Director nominees, the Nominating and Corporate Governance Committee seeks to promote through the nomination process an appropriate diversity on the Board of professional background, experience, expertise, perspective, age, gender, ethnicity and country of citizenship. The Company also maintains a Diversity Statement which provides that the Company has established resources and measurable diversity objectives which focus on, among other things, expanding and embracing diversity across the Company.

After completing this evaluation, the Nominating and Corporate Governance Committee will make a recommendation to the full Board which makes the final determination whether to nominate or appoint the new Director after considering the Nominating and Corporate Governance Committee's recommendation.

Director Evaluation Policy. The review seeks to identify specific areas, if any, in need of improvement or strengthening and culminates in a discussion by the full Board of the results and any actions to be taken.

Committees and Meetings of the Board of Directors

During the fiscal year ended June 30, 2013, the Board held 8 regularly scheduled and special meetings. All of the Directors attended at least 75% of the regularly scheduled and special meetings of the Board held during the period for which he or she has been a Director and the meetings of the committees on which he or she served.

It is the policy of the Board to hold regular executive sessions of the Non-Executive Directors and independent Directors without management present. During the fiscal year ended June 30, 2013, the Non-Executive Directors and independent Directors of the Board held 6 executive sessions. Sir Roderick I. Eddington currently serves as Lead Director and presides over such executive sessions.

Directors are encouraged to attend and participate in the Company's annual meetings of stockholders. At the annual meeting of stockholders held by the Company in October 2012, all of the then serving Directors attended the annual meeting, with the exception of Mr. Lachlan K. Murdoch.

The Board has three standing committees: the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee. These committees are comprised entirely of independent Directors, as currently required under the existing rules of the Exchange Act and NASDAQ. Each committee is governed by a written charter approved by the Board. These charters are available on the Company's website at www.21cf.com/BoardCommittees/ and are available in print to any stockholder requesting a paper copy of these documents from the Corporate Secretary.

Audit Committee. The Audit Committee consists of Sir Roderick I. Eddington, who serves as Chairman, and Messrs. Dinh and Nasser. The Audit Committee assists the Board in its oversight of (i) the integrity of the Company's financial statements and the Company's financial reporting processes and systems of internal control, (ii) the qualifications, independence and performance of the Company's independent registered public accounting firm and the performance of the Company's corporate auditors and corporate audit function, (iii) the Company's compliance with legal and regulatory requirements involving financial, accounting and internal control matters, (iv) investigations into complaints concerning financial matters, (v) risks that may have a significant impact on the Company's financial statements, (vi) oversight of the Company's ongoing Anti-Corruption Compliance Program and the activities of the Compliance Steering Committee and (vii) the review, approval and ratification of transactions with related parties. The Audit Committee provides an avenue of

communication among management, the independent registered public accounting firm, the corporate auditors and the Board. During the fiscal year ended June 30, 2013, the Audit Committee held 10 meetings. The Audit Committee's report required by the SEC rules is included in this proxy statement under the heading "Report of the Audit Committee."

The Audit Committee Charter provides that its members shall consist entirely of Directors who the Board determines are independent in accordance with the NASDAQ listing rules. The Board determined that each member of the Audit Committee meets the foregoing independence requirements and that each member of the Audit Committee is financially literate in accordance with the NASDAQ listing rules. The Board also determined that Sir Roderick I. Eddington and Mr. Nasser are audit committee financial experts as defined under the SEC rules.

Compensation Committee. The Compensation Committee consists of Mr. Breyer, who serves as Chairman, Sir Roderick I. Eddington and Mr. Uribe. The primary responsibilities of the Compensation Committee are: (i) to review and approve goals and objectives relevant to the compensation of the CEO, to evaluate the performance of the CEO in light of these goals and objectives and other factors the Compensation Committee deems appropriate, and, based on this review and evaluation, to recommend to the Board the compensation of the CEO; (ii) to consider, authorize and oversee the Company's incentive compensation plans and equity-based plans and recommend changes in such plans to the Board as needed, and to exercise all authority of the Board with respect to the administration of such plans, including the granting of awards under the Company's incentive compensation plans and equity-based plans; (iii) to review and approve fixed and performance-based compensation, benefits and terms of employment of the Company's executive officers (as defined by NASDAQ listing rules) and such other senior executives identified by the Compensation Committee after consultation with the Company's CEO and other members of management; (iv) to review and approve or ratify the principal employment terms for each employment arrangement (excluding arrangements for talent) where the sum of the base salary, bonus target and long-term incentive target for the contract period is equal to or greater than a threshold amount set by the Compensation Committee; (v) to review and approve separation obligations that exceed by more than a certain amount set by the Compensation Committee (excluding consideration for outstanding equity awards) those contractually provided for in an employment agreement approved or ratified by the Compensation Committee pursuant to (iv) above; (vi) to review the Company's recruitment, retention, compensation, termination and severance policies for senior executives; (vii) to review and assist with the development of executive succession plans and to consult with the CEO regarding the selection of senior executives; (viii) to review the compensation of non-executive Directors for service on the Board and its committees and recommend changes in compensation to the Board; and (ix) to review the Company's compensation policies and practices to determine whether they create risk-taking incentives that are reasonably likely to have a material adverse impact on the Company.

During the fiscal year ended June 30, 2013, the Compensation Committee held five meetings. Pursuant to its charter, the Compensation Committee may delegate its authority to one or more members of the Board or officers of the Company, to the extent permitted by law, as it deems appropriate. The Compensation Committee has delegated to Messrs. K.R. Murdoch and Carey the authority to make awards of restricted stock units and performance stock units, as applicable, within certain prescribed limits to non-executive officers of the Company. Any awards made by Messrs. K.R. Murdoch or Carey pursuant to this authority are reported to the Compensation Committee on an annual basis. Further discussion of the processes and procedures for the consideration and determination of the compensation paid to the named executive officers during fiscal 2013, including the role of our CEO in recommending the amount or form of compensation paid to the named executive officers, other than himself, is found in the section entitled "Compensation Discussion and Analysis" below.

Pursuant to its charter, the Compensation Committee has the sole authority to retain and terminate any compensation consultant. During the past several years, including fiscal 2013, the Compensation Committee has retained Deloitte Consulting LLP ("Deloitte Consulting") to provide advice on a variety of compensation matters as requested by the Compensation Committee. Deloitte Consulting primarily provides advice relating to named

Table of Contents

executive officer and non-executive Director compensation, compensation trends, the design of the Company's equity incentive plans, and, from time to time, the structure of individual executive employment agreements. The Compensation Committee reviews information provided by Deloitte Consulting to determine the appropriate level and mix of compensation for each of the named executive officers in light of our compensation objectives. The total fees paid to Deloitte Consulting for these services during fiscal 2013 were approximately \$476,000.

During fiscal 2013, the Company's management retained Deloitte Consulting and its affiliates (collectively, Deloitte) to provide other services to the Company. These services included tax compliance and consulting for domestic and international operating units, systems implementation assistance, operational consulting, internal audit assistance and due diligence. The total amount paid for such services (excluding the services as consultant to the Compensation Committee as discussed above) to Deloitte during fiscal 2013 was approximately \$52 million, approximately \$16 million of which was for services provided to News Corp prior to the Separation. Deloitte was engaged directly by management to provide these other services and, accordingly, Deloitte's engagement for these other services was not formally approved by the Board or by the Compensation Committee.

In June 2013, the Compensation Committee considered Deloitte's independence as its compensation consultant by taking into account the factors prescribed by the NASDAQ listing rules. Based on such evaluation, the Committee determined that no conflict of interest exists.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee consists of Mr. Dinh, who serves as Chairman, and Messrs. Breyer and Silberman. The primary responsibilities of the Nominating and Corporate Governance Committee are: (i) to review the qualifications of candidates for Director suggested by Board members, stockholders, management and others in accordance with criteria recommended by the Nominating and Corporate Governance Committee and approved by the Board; (ii) to consider the performance of incumbent Directors in determining whether to nominate them for re-election; (iii) to recommend to the Board a slate of nominees for election or re-election to the Board at each annual meeting of stockholders; (iv) to recommend to the Board candidates to be elected to the Board as necessary to fill vacancies and newly created directorships; and (v) to advise and make recommendations to the Board on corporate governance matters. The Nominating and Corporate Governance Committee also makes recommendations to the Board as to determinations of Director independence and conducts an annual self-evaluation for the Board. The Nominating and Corporate Governance Committee held six meetings during the fiscal year ended June 30, 2013.

Audit Committee Pre-Approval Policies and Procedures

The Audit Committee has established policies and procedures under which all audit and non-audit services performed by the Company's independent registered public accounting firm must be approved in advance by the Audit Committee. The Audit Committee's policy provides for pre-approval of audit, audit-related, tax and certain other services specifically described by the Audit Committee on an annual basis. In addition, individual engagements anticipated to exceed pre-established thresholds, as well as certain other services, must be separately approved. The policy also provides that the Audit Committee can delegate pre-approval authority to any member of the Audit Committee provided that the decision to pre-approve is communicated to the full Audit Committee at its next meeting. The Audit Committee has delegated this responsibility to the Chairman of the Audit Committee. Management has also implemented internal procedures to ensure compliance with this policy. As required by the Sarbanes-Oxley Act, all audit and non-audit services provided in the fiscal years ended June 30, 2013 and June 30, 2012 have been pre-approved by the Audit Committee in accordance with these policies and procedures. The Audit Committee also reviewed the non-audit services provided by E&Y during the fiscal years ended June 30, 2013 and June 30, 2012, and determined that the provision of such non-audit services was compatible with maintaining the auditor's independence.

PROPOSAL NO. 3

ADVISORY VOTE ON EXECUTIVE COMPENSATION

At the Company's 2012 Annual Meeting of Stockholders, our stockholders approved the compensation of our named executive officers. The Company has determined to hold an advisory vote on executive compensation annually.

As described in detail in the Compensation Discussion and Analysis, the Compensation Committee seeks to closely align the interests of our named executive officers with the interests of the Company's stockholders. The Company's executive compensation program is designed to attract, retain and motivate top executive talent, drive performance without encouraging unnecessary or excessive risk-taking and support both short-term and long-term growth for stockholders. The compensation framework designed by the Company emphasizes a pay for performance model, a focus on long-term growth and diversified performance metrics. The Compensation Committee believes that our compensation framework effectively aligns pay with individual and Company performance as further described on page 50 under the heading

Pay-for-Performance Alignment. In addition, as described on page 55 under the heading 2013 Pay Mix, the compensation framework places a significant majority of the Chief Executive Officer's and other named executive officers' total direct compensation at-risk and dependent upon performance, with a significant portion of total direct compensation tied to the Company's long-term results and future stock price performance. The Company has also implemented a number of executive compensation practices, as described beginning on page 51, which the Compensation Committee considers to be effective at driving performance and supporting long-term growth for our stockholders.

The Board recommends that stockholders indicate their support for the Company's compensation of its named executive officers. The vote on this resolution, commonly known as a say on pay resolution, is not intended to address any specific element of compensation but rather the overall named executive officer compensation program as described in this proxy statement. Although this vote is advisory and not binding on the Company or the Board, the Compensation Committee, which is responsible for developing and administering the Company's executive compensation philosophy and program, will consider the results as part of its ongoing review of the Company's executive compensation program.

Accordingly, we ask our stockholders to vote on the following resolution:

RESOLVED, that the Company's stockholders approve, on an advisory basis, the compensation of the Company's named executive officers, as disclosed in the Company's proxy statement for the 2013 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the SEC, including the Compensation Discussion and Analysis, the Fiscal 2013 Summary Compensation Table and the other related tables and disclosure.

THE BOARD UNANIMOUSLY RECOMMENDS AN ADVISORY VOTE FOR THE APPROVAL OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS.

PROPOSAL NO. 4

APPROVE THE TWENTY-FIRST CENTURY FOX, INC. 2013 LONG-TERM INCENTIVE PLAN

On August 6, 2013, the Board adopted the Twenty-First Century Fox, Inc. 2013 Long-Term Incentive Plan (the 2013 LTIP) subject to stockholder approval at the Annual Meeting. The 2013 LTIP, if approved by our stockholders, will replace the Company's existing 2005 Long-Term Incentive Plan (the 2005 LTIP), under which no additional awards will be granted.

The 2013 LTIP is an important part of the Company's overall compensation program. The purpose of the 2013 LTIP is to benefit and advance the interests of the Company and its subsidiaries by making awards to certain employees, directors and other service providers of the Company and its subsidiaries as an additional incentive for them to make contributions to the financial success of the Company.

All awards under the 2013 LTIP will be approved by the Compensation Committee of the Board (the Compensation Committee) or its designee, in its sole discretion. For this reason, it is not possible to determine the benefits or amounts of the awards that will be received by any particular participant or group of participants in the future under the 2013 LTIP. No awards have yet been granted under the 2013 LTIP.

A description of the terms of the 2013 LTIP is set forth below. This summary is qualified in its entirety by the full text of the 2013 LTIP, which is attached as Appendix C to this proxy statement.

2013 LTIP's Promotion of Good Compensation Practices

The 2013 LTIP includes a number of provisions that the Company believes promote good compensation practices. As described in more detail below, the 2013 LTIP includes the following features:

No Discounted Stock Options or Stock Appreciation Rights (SARs). No stock option or SAR may be granted with a per share exercise price less than the fair market value of the underlying shares on the grant date.

No Repricing without Stockholder Approval. The Company may not, without the approval of stockholders, reprice any stock option or SAR.

No Evergreen Provision. There is no reload evergreen share replenishment feature.

No Single Trigger Vesting. The 2013 LTIP does not provide for automatic vesting solely upon a change in control.

No Dividends or Dividend Equivalents on Unearned Performance Awards. Dividends and dividend equivalents granted with respect to an award that vests or is earned based upon the achievement of performance goals will be accrued and will vest and be paid only if the performance goals for the underlying award are achieved.

No Transferability. Awards may not be transferred other than by will or the laws of descent or distribution, unless approved by the Compensation Committee.

No Share Recycling. Shares tendered or withheld to satisfy the exercise price of a stock option, deducted from payment of a stock option or SAR in connection with a tax withholding obligation, or purchased by the Company with option proceeds are not available for future grants.

Summary of Material Terms of the 2013 LTIP

Awards

The 2013 LTIP provides for awards of stock options, SARs, restricted and unrestricted shares, restricted share units (RSUs), dividend equivalents, performance awards and other equity-related awards and cash payments.

Table of Contents***Eligibility***

Executive officers and directors of the Company, of which there are 15, employees of the Company or an affiliate of the Company, and consultants and advisers currently providing services to the Company or an affiliate of the Company, are eligible to receive awards under the 2013 LTIP.

Plan Limits

The total number of shares of Class A Common Stock that may be issued under the 2013 LTIP (the 2013 LTIP Limit) will not exceed, in the aggregate 87,500,000 shares of Class A Common Stock plus the number of shares of Class A Common Stock subject to outstanding awards under the 2005 LTIP as of October 18, 2013 that terminate by expiration, forfeiture, cancellation or otherwise after such date (the Returning Shares). In addition, the maximum number of shares of Class A Common Stock that may be issued in conjunction with stock options and SARs is 12,500,000 shares plus the number of Returning Shares that were subject to outstanding awards of stock options and SARs under the 2005 LTIP (the Stock Option/SAR Award Limit). The maximum number of shares of Class A Common Stock that may be issued in conjunction with awards other than stock options, SARs or awards denominated in cash is 75,000,000 shares plus the number of Returning Shares that were subject to outstanding awards other than stock options, SARs or awards denominated in dollars under the 2005 LTIP (a Full Value Award, and such limit, the Full Value Award Limit), except that a Full Value Award granted in excess of the Full Value Award Limit will be counted against the Stock Option/SAR Award Limit as 2.5 shares of Class A Common Stock for every share subject to such award.

Shares subject to awards under the 2013 LTIP will again be available for future awards upon the occurrence of specified events that result in fewer than the total number of shares subject to the award being delivered to the participants. Shares of Class A Common Stock subject to awards under the 2013 LTIP that expire or are cancelled, forfeited or terminated without having been exercised or paid, or that are settled in cash will be available for the grant of future awards in the same amount as such shares were counted against the 2013 LTIP Limit, the Stock Option/SAR Award Limit and the Full Value Award Limit. Shares of Class A Common Stock (a) tendered or withheld or subject to an award surrendered in connection with the exercise of a stock option, (b) deducted or delivered from payment of a stock option or SAR in connection with the Company's tax withholding obligations, or (c) purchased by the Company with proceeds from the exercise of stock options will not be available for the grant of future awards. Shares underlying awards granted in substitution for awards previously granted by an entity acquired by the Company will not be counted against the 2013 LTIP Limit, the Stock Option/SAR Award Limit or the Full Value Award Limit.

No participant may be granted stock options or SARs with respect to more than 3,000,000 shares of Class A Common Stock in any one calendar year, except that a participant may be granted awards in respect of up to 5,000,000 shares of Class A Common Stock in the participant's year of hire. For all other awards intended to qualify for the Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code) exception for qualified performance-based compensation, the maximum amount payable to any one participant in respect of any performance period, which shall be a period of time of at least one year, is \$25,000,000 for awards denominated in cash and 3,000,000 shares of Class A Common Stock for awards denominated in shares.

Administration

The 2013 LTIP will be administered by the Board or the Compensation Committee. In addition, subject to certain limitations, the Compensation Committee may delegate its authority under the 2013 LTIP to one or more members of the Compensation Committee or one or more officers of the Company. The Compensation Committee selects the participants who receive awards under the 2013 LTIP, and determines the type of award to be granted, the number of shares subject to awards or the cash amount payable in connection with awards and the terms and conditions of these awards under the 2013 LTIP.

Table of Contents

With respect to any award that is intended to satisfy the requirements of the Section 162(m) exception for qualified performance-based compensation, the Compensation Committee will consist of at least the number of directors required from time to time to satisfy this exception, and each Compensation Committee member will satisfy the qualification requirements of such exception.

Fair Market Value Determination

The fair market value of a share of Class A Common Stock on a given date will mean, unless otherwise determined by the Compensation Committee, the closing price of the Class A Common Stock on such date (or if no closing price was reported on such date, as applicable, on the preceding business day) on the NASDAQ Global Select Market or other principal stock exchange on which the Class A Common stock is then listed. If the Class A Common Stock is not listed on such an exchange, quoted on such system or traded on such a market, the Board will determine the fair market value by the application of a reasonable valuation method, in a manner consistent with Section 409A of the Code.

The fair market value of a share of Class A Common Stock was \$31.44 on August 19, 2013.

Terms and Conditions of Awards

Stock Options

Stock options can be either incentive stock options within the meaning of Section 422 of the Code or options that do not qualify as incentive stock options for federal income tax purposes, called non-qualified stock options, as determined by the Compensation Committee.

The Compensation Committee determines the number and kind of stock options granted, the date of grant, the exercise price, and the vesting and exercise schedule applicable to such stock options. Unless the Compensation Committee determines otherwise, in no event may a stock option be exercised following the earlier to occur of the expiration of the stock option and the tenth anniversary of the date of grant.

The exercise price for each stock option granted under the 2013 LTIP may not be less than 100% of the fair market value of a share of Class A Common Stock on the date of grant unless such stock option is granted in substitution for outstanding awards previously granted by an entity acquired by the Company (with certain limitations).

Stock Appreciation Rights

The Compensation Committee may grant SARs under the 2013 LTIP alone or in tandem with other awards. The exercise price for each SAR that is granted alone under the 2013 LTIP may not be less than 100% of the fair market value of a share of Class A Common Stock on the date of grant unless such SAR is granted in substitution for outstanding awards previously granted by an entity acquired by the Company (with certain limitations). SARs granted alone or in tandem with awards other than stock options will be subject to the terms and conditions established by the Compensation Committee as set forth in the applicable award agreement.

Unless the Compensation Committee determines otherwise, in no event may a SAR granted alone or in tandem with awards other than stock options be exercised following the earlier to occur of the expiration of the SAR and the tenth anniversary of the date of grant.

Stock appreciation rights granted in tandem with a stock option may be granted either at the time the stock option is granted or by amendment at any time prior to the exercise, expiration or termination of such stock option. This type of SAR entitles the holder to surrender the related stock option in lieu of exercise and to receive an amount equal to the excess of the fair market value of a share of Class A Common Stock determined as of the

Table of Contents

day preceding the date the holder surrenders the stock option over the aggregate exercise price of such stock option. This amount will be paid in cash or shares of Class A Common Stock, as determined by the Compensation Committee. A SAR granted in tandem with a stock option will be subject to the same terms and conditions as the related stock option and will be exercisable only at such time and to such extent as the related stock option is exercisable.

No Repricing

The Compensation Committee may not reprice any stock option or SAR without the approval of stockholders. In general, reprice means any of the following or any other action that has the same effect: (a) amending the terms of a stock option or SAR to reduce its exercise price, (b) cancelling a stock option or SAR at a time when its exercise price exceeds the fair market value of a share of Class A Common Stock in exchange for a stock option or SAR with an exercise price that is less than the exercise price of the original stock option or SAR, as applicable, or a restricted share or other equity award unless the cancellation and exchange occurs in connection with a merger, acquisition, spin-off or other similar corporate transaction, (c) cancelling a stock option or SAR at a time when its exercise price exceeds the fair market value of a share of Class A Common Stock in exchange for cash or other securities, or (d) taking any other action that is treated as a repricing under U.S. generally accepted accounting principles.

Restricted Shares, Restricted Share Units and Unrestricted Shares

The Compensation Committee may grant restricted shares, RSUs and unrestricted shares under the 2013 LTIP. A restricted share is a share of Class A Common Stock granted to the participant subject to restrictions as determined by the Compensation Committee. An RSU is a contractual right to receive, in the discretion of the Compensation Committee, a share of Class A Common Stock, a cash payment equal to the fair market value of a share of Class A Common Stock or a combination of cash and Class A Common Stock, subject to terms and conditions as determined by the Compensation Committee. The Compensation Committee may also grant awards for unrestricted shares of Class A Common Stock to eligible employees in recognition of achievements and performance.

Restricted shares and RSUs will be subject to a vesting schedule, which may include any applicable performance goal requirements, established by the Compensation Committee. Subject to limited exceptions, vesting schedules must remain in effect (in whole or in part) until the first anniversary of the date of grant.

For restricted shares, the participant will have all rights as a holder of shares of Class A Common Stock except that the restricted shares cannot be sold, transferred, assigned, pledged or otherwise encumbered or disposed of until such shares have vested. Notwithstanding the foregoing, dividends paid on restricted shares that vest or are earned based upon the achievement of performance goals will be accrued during the applicable performance period and such dividends will vest and be paid only if the performance goals for the underlying restricted shares are achieved, and if the performance goals are not achieved, the participant will forfeit all unvested dividends with respect to such restricted shares.

Performance Awards

The Compensation Committee may grant performance awards in the form of either performance shares or performance units. Unless the Compensation Committee determines otherwise, the granting, vesting and/or exercisability of performance awards will be conditioned on the achievement of performance goals (as described below) during a performance period as selected by the Compensation Committee. Performance shares are payable in shares of Class A Common Stock and performance units are payable in cash or in shares of Class A Common Stock or in a combination of cash and shares of Class A Common Stock.

Table of Contents

Performance Goals and Section 162(m) of the Code

Section 162(m) of the Code generally provides that no federal income tax business expense deduction is allowed for annual compensation in excess of \$1 million paid by a publicly-held company to its principal executive officer or any of its three other most highly compensated officers (excluding the principal financial officer), as determined in accordance with applicable rules under the Exchange Act, who are referred to as covered employees. However, performance-based compensation is excluded from this limitation. The 2013 LTIP is designed to permit the Compensation Committee to grant awards that qualify as performance-based for purposes of satisfying the conditions of Section 162(m).

Under the 2013 LTIP, the Compensation Committee may condition the grant, vesting and/or exercisability of any award, including, but not limited to, performance shares and performance units, upon the attainment of performance targets related to one or more performance goals over a performance period selected by the Compensation Committee. The Compensation Committee may reduce any award below the maximum amount that could be paid based on the degree to which the performance targets related to such award were attained. However, the Compensation Committee may not increase any award that is intended to satisfy the Section 162(m) exception for qualified performance-based compensation above the maximum amount that could be paid based on the attainment of performance targets.

For awards that are intended to satisfy the Section 162(m) exception for qualified performance-based compensation, the awards will be subject to one or more, or any combination, of the following performance goals, on a GAAP or non-GAAP basis, as selected by the Compensation Committee: net income, adjusted net income, EBITDA (Earnings Before Interest, Taxes, Depreciation and Amortization), adjusted EBITDA, OIBDA (Operating Income Before Depreciation and Amortization), adjusted OIBDA, operating income, adjusted operating income, free cash flow, adjusted free cash flow, net earnings, net earnings from continuing operations, earnings per share, adjusted earnings per share, revenue, net revenue, operating revenue, total stockholder return, share price, return on equity, return in excess of cost of capital, profit in excess of cost of capital, return on assets, return on invested capital, net operating profit after tax, operating margin or profit margin.

In addition, for any awards that are not intended to satisfy the Section 162(m) exception, the Compensation Committee may establish performance targets based on other performance goals, as it deems appropriate.

The performance targets may be based on objectives related to individual performance, Company performance, or the performance of an affiliate, division, department, region, function or business unit, including, without limitation, financial and operating performance and individual contributions to financial and non-financial objectives, and the implementation and enforcement of effective compliance programs. The performance targets may be determined on an absolute or cumulative basis or on a percentage of improvement over time. In addition, a performance target may be measured in terms of Company performance (or of the performance of an affiliate, division, department, region, function or business unit) or measured relative to selected peer companies or a market index.

In the event that, during a performance period, any recapitalization, reorganization, merger, acquisition, divestiture, consolidation, spin-off, combination, liquidation, dissolution, sale of assets or other similar corporate transaction or event, or any other extraordinary event or circumstance occurs which the Compensation Committee determines has the effect of distorting the applicable performance criteria involving the Company, including, without limitation, changes in accounting standards, the Compensation Committee may adjust or modify the calculation of the performance goals, to the extent necessary to prevent reduction or enlargement of the participants' awards under the 2013 LTIP for such performance period attributable to such transaction, circumstance or event.

In the case of compensation attributable to stock options and SARs, the performance goal requirement is deemed satisfied, and the certification requirement is inapplicable, if the grant or award is made by the

Table of Contents

Compensation Committee; the plan under which the stock option or SAR is granted states the maximum number of shares with respect to which stock options and SARs may be granted during a specified period to an employee; and under the terms of the stock option or SAR, the amount of compensation is based solely on an increase in the value of the common stock after the date of grant.

Dividend Equivalents

The Compensation Committee may, in its sole discretion, allow any recipient of an award under the 2013 LTIP (other than a stock option or SAR) to receive, currently or on a deferred basis, interest, dividends or dividend equivalent payments, with respect to the number of shares of Class A Common Stock covered by such award. The Compensation Committee may also provide for the amount of such interest, dividends or dividend equivalents to be reinvested and/or subject to the same terms and conditions (including vesting and forfeiture provisions) as the related award. Dividends or dividend equivalents granted with respect to an award that vests or is earned based upon the achievement of performance goals will be accrued during the applicable performance period and such dividends or dividend equivalents will vest and be paid only if the performance goals for the underlying award are achieved, and if the performance goals are not achieved, the participant will forfeit all unvested dividends or dividend equivalents with respect to such award.

Other Awards

The Compensation Committee has the authority to grant other equity-related awards or cash payments, which payments may be based on criteria determined by the Compensation Committee, under the 2013 LTIP that are consistent with the purpose of the 2013 LTIP and the interests of the Company. The Compensation Committee may also establish procedures for the deferral of payment of awards.

Adjustments; Change in Control

In the event of a change in the Company's equity structure, such as a stock split, the Compensation Committee will make appropriate adjustments to the number and kind of securities subject to outstanding awards, the exercise price or purchase price, if any, of outstanding awards, and the maximum number or kind of securities that may be granted under the 2013 LTIP or the aggregate number or kind of securities that may be granted to any participant.

In the event of a change in control (as defined in the 2013 LTIP), the Compensation Committee may also (i) provide for full vesting of outstanding awards for participants whose service is terminated by the Company in connection with the consummation of the change in control, (ii) provide that outstanding awards will be terminated upon the consummation of the change in control, and the vesting and payout of the awards accelerated for participants who are service providers at the time of the change in control, (iii) provide that outstanding awards may be cashed out (with certain limitations), and/or (iv) make such other adjustments as it deems appropriate, including providing for full vesting of awards for those participants whose service is terminated in connection with the transaction.

Transfer Restrictions

The rights of a participant with respect to any award granted under the 2013 LTIP will be exercisable during the participant's lifetime only by the participant and will not be transferable by the participant other than by will or the laws of descent and distribution. The Compensation Committee may, however, permit other transferability, subject to any conditions and limitations that it imposes.

Amendment and Termination of the 2013 LTIP

The Board may at any time alter, amend, suspend or terminate the 2013 LTIP, in whole or in part, except that no alteration or amendment will be effective without stockholder approval if such approval is required by

Table of Contents

law or under the rules of the principal stock exchange on which the Class A Common Stock is listed, and no termination, suspension, alteration or amendment may materially adversely affect the terms of any then outstanding awards without the consent of the affected participant. Unless earlier terminated by the Board, the 2013 LTIP will terminate on October 18, 2023.

Forfeiture; Recoupment

The Compensation Committee may reserve the right in an award agreement to cause a forfeiture of the gain realized by a participant with respect to an award on account of actions taken by, or failed to be taken by, the participant in violation or breach of, or in conflict with, any employment agreement, non-competition agreement, agreement prohibiting solicitation of employees or clients of the Company or any affiliate, confidentiality obligation with respect to the Company or any affiliate, Company policy or procedure (including, without limitation, the Company's Standards of Business Conduct), other agreement or any other obligation of the participant to the Company or any affiliate, as and to the extent specified in the applicable award agreement. Awards granted under the 2013 LTIP will be subject to mandatory repayment by the participant to the Company to the extent the participant is, or in the future becomes, subject to any Company clawback or recoupment policy that is adopted to comply with the requirements of any applicable law, rule or otherwise, or any law, rule or regulation that imposes mandatory recoupment.

Parachute Payments

Payments under awards that become subject to the excess parachute tax rules may be reduced under certain circumstances.

U.S. Federal Income Tax Consequences

The following is a summary of certain federal income tax consequences of awards made under the 2013 LTIP based upon the laws in effect on the date of this proxy statement. The discussion is general in nature and does not take into account a number of considerations that may apply in light of the circumstances of a particular participant under the 2013 LTIP. The income tax consequences under applicable state and local tax laws may not be the same as those under federal income tax laws.

Incentive Stock Options

The grant of an incentive stock option will not be a taxable event for the participant or for the Company. In addition, a participant generally will not recognize taxable income upon exercise of an incentive stock option. A participant's alternative minimum taxable income, however, will be increased by the amount by which the aggregate fair market value of shares of Class A Common Stock underlying the option, which is generally determined as of the date of exercise, exceeds the aggregate exercise price of the option. Any gain realized upon a disposition of the Class A Common Stock received pursuant to the exercise of an incentive stock option will be taxed as long-term capital gain if the participant holds the shares of Class A Common Stock for at least two years after the date of grant and for one year after the date of exercise (the holding period requirement). The Company will not be entitled to any income tax deduction with respect to the exercise of an incentive stock option, except as discussed below.

For the exercise of an incentive stock option to qualify for the foregoing tax treatment, the participant generally must be our employee or an employee of our subsidiary from the date the option is granted through a date within three months before the date of exercise of the option. If all of the foregoing requirements are met except the holding period requirement mentioned above, the participant will recognize ordinary income upon the disposition of the Class A Common Stock in an amount generally equal to the excess of the fair market value of the Class A Common Stock at the time the incentive stock option was exercised over the option exercise price (but not in excess of the gain realized on the sale). The balance of the realized gain, if any, will be capital gain.

Table of Contents

The Company will be allowed an income tax deduction to the extent the participant recognizes ordinary income, subject to the Company's compliance with Section 162(m) of the Code and to certain reporting requirements.

Nonqualified Stock Options

The grant of a nonqualified stock option will not be a taxable event for the participant or the Company. Upon exercising a nonqualified stock option, a participant will recognize ordinary income (and will be subject to income tax withholding) in an amount equal to the difference between the exercise price and the fair market value of the Class A Common Stock on the date of exercise. Upon a subsequent sale or exchange of shares acquired pursuant to the exercise of a nonqualified stock option, the participant will have taxable capital gain or loss, measured by the difference between the amount realized on the disposition and the tax basis of the shares of Class A Common Stock (generally, the amount paid for the shares plus the amount treated as ordinary income at the time the option was exercised). If the Company complies with applicable reporting requirements and with the restrictions of Section 162(m) of the Code, the Company will be entitled to an income tax deduction in the same amount and generally at the same time as the participant recognizes ordinary income.

Stock Appreciation Rights

The grant of a SAR will not be a taxable event for the participant or the Company. Upon exercising a SAR, a participant will recognize ordinary income (and will be subject to income tax withholding) in an amount equal to the fair market value of the Class A Common Stock and the value of cash (if the SARs are settled in whole or in part in cash) received by the Participant. If the Company complies with applicable reporting requirements and with the restrictions of Section 162(m) of the Code, the Company will be entitled to an income tax deduction in the same amount and generally at the same time as the participant recognizes ordinary income.

Restricted Shares

A participant who is awarded restricted shares will not recognize any taxable income for federal income tax purposes in the year of the award, provided that the shares of Class A Common Stock are subject to restrictions (that is, the restricted stock is nontransferable and subject to a substantial risk of forfeiture). However, the participant may elect under Section 83(b) of the Code to recognize compensation income (and will be subject to income tax withholding) in the year of the award in an amount equal to the fair market value of the Class A Common Stock on the date of the award (less the purchase price, if any), determined without regard to the restrictions. If the participant does not make such a Section 83(b) election, the fair market value of the Class A Common Stock on the date the restrictions lapse (less the purchase price, if any) will be treated as compensation income to the participant and will be taxable (and will be subject to income tax withholding) in the year the restrictions lapse and dividends paid while the Class A Common Stock is subject to restrictions will be subject to withholding taxes. If the Company complies with applicable reporting requirements and with the restrictions of Section 162(m) of the Code, the Company will be entitled to an income tax deduction in the same amount and generally at the same time as the participant recognizes ordinary income.

Restricted Share Units and Performance Awards

The grant of an award of RSUs or a performance award will not be a taxable event for the participant or the Company. A participant who is awarded RSUs or a performance award will be required to recognize ordinary income (and will be subject to income tax withholding) in an amount equal to the fair market value of shares of the Class A Common Stock and the value of the cash (if the RSUs or performance award are settled in whole or in part in cash) issued to such participant at the end of the restriction period or, if later, the payment date. If the Company complies with applicable reporting requirements and with the restrictions of Section 162(m) of the Code, the Company will be entitled to an income tax deduction in the same amount and generally at the same time as the participant recognizes ordinary income.

Table of Contents*Unrestricted Shares*

A participant who is awarded unrestricted shares of Class A Common Stock will be required to recognize ordinary income (and will be subject to income tax withholding) in an amount equal to the fair market value of the shares on the date of the award, reduced by the amount, if any, paid for such shares. If the Company complies with applicable reporting requirements and subject to the limits of Section 162(m) of the Code, the Company will be entitled to an income tax deduction in the same amount and generally at the same time as the participant recognizes ordinary income.

Dividend Equivalent Rights

Participants who receive dividend equivalent rights will be required to recognize ordinary income (and will be subject to income tax withholding) in an amount distributed to the participant pursuant to the award. If the Company complies with applicable reporting requirements and with the restrictions of Section 162(m) of the Code, the Company will be entitled to an income tax deduction in the same amount and generally at the same time as the participant recognizes ordinary income.

STOCKHOLDER PROPOSAL

ADOPT A POLICY THAT THE CHAIRMAN OF THE BOARD OF DIRECTORS BE AN INDEPENDENT DIRECTOR

Christian Brothers Investment Services (CBIS), 777 Third Avenue, 29th Floor, New York, NY 10017, which is the beneficial owner of 547 shares of Class B Common Stock as of the date of submission, has given notice that it intends to present for action at the Annual Meeting the resolution set forth below. British Columbia Investment Management Corporation, the beneficial owner of 44,223 shares of Class B Common Stock as of the date of submission, joins CBIS as a co-filer of this proposal. In accordance with applicable proxy rules, the proposal and supporting statements, for which the Company accepts no responsibility, is set forth below:

WHEREAS:

Events leading to the closure of pre-Separation News Corporation's News of the World operations in 2011 continue to raise investor concerns about the cost in jobs, reputation, market position, and enterprise value of inadequate oversight and maintenance of corporate culture within the company and its subsidiaries.

This pervasive and continuing scandal has led to an erosion of public confidence, helped to scuttle a critical business acquisition, and threatened the journalistic reputation and viability of pre-Separation News Corporation's UK publications. It also has made clear the need for independent board leadership to steer the company through a process of reform.

That these revelations took years to uncover suggest a lax ethical culture and a lack of effective board oversight.

The shareholder proposal calling for the appointment of an Independent Chair was filed at the 2012 annual meeting and the results demonstrate strong investor support:

31% of shares voted supported the proposal, including CalPERS and Hermes Equity Ownership Services. Two-thirds (66%) of non-Murdoch family shareholders voted in favor of the proposal; ISS, PIRC, and Glass Lewis recommended in favor of the proposal as did the Australian Council of Superannuation Investors; and Eighteen investors with more than US\$1.6 trillion in assets expressed support in a letter to the pre-Separation News Corporation board.

To date, there is insufficient evidence that the proposed reorganization will reflect the interests of the wider shareholder body, as the Chairman of the two spin-off companies will not be independent.

Given the dual-class share structure, the level of family control, and the influence this may bring to the impending reorganization, it is particularly important for the Company to have an Independent Chair who is empowered to challenge management and to foster a culture of accountability.

An Independent Chair can provide the Board with the appropriate corporate governance structure to enable a reorganization that benefits all shareholders. This is needed in order to rebuild the public confidence and trust that is critical to a major news organization, and assure shareholders that governance failures are being addressed.

THEREFORE, BE IT RESOLVED: That stockholders of Twenty-First Century Fox, Inc. (the Company) ask the Board of Directors to adopt a policy that the Board's Chairman be an independent director according to the definition set forth in NASDAQ listing standards, unless Company common stock ceases being listed there and is listed on another exchange, at which point, that exchange's independence standard should

apply. If the Board determines that a Chairman who was independent when selected is no longer independent, the Board shall promptly select a new Chairman who satisfies this independence requirement. Compliance with this requirement may be excused if no director who qualifies as independent is elected by shareholders or if no independent director is willing to serve as Chairman. This independence requirement shall apply prospectively so as not to violate any Company contractual obligation at the time this resolution is adopted.

THE BOARD'S STATEMENT IN OPPOSITION TO PROPOSAL NO. 5

The Board recommends that stockholders vote against this Proposal No. 5.

The Board recognizes that one of its key responsibilities is to establish and maintain the most effective leadership structure for the Company. Based on its experience, considerable engagement with stockholders and an assessment of research on this issue, the Board understands that there are a variety of viewpoints concerning a board's optimal leadership structure, that available empirical data concerning the impact of board leadership structure on stockholder value is inconclusive and not compelling, and, therefore, there is no single, generally accepted approach to board leadership in the United States. Given the Company's highly complex business and competitive environment in which we operate, the Board believes that the right leadership structure may vary based on circumstances. Consistent with this understanding and to retain flexibility in establishing the most effective leadership structure for the Company, the Board does not have a policy on whether the Chairman of the Board shall be an independent member of the Board and, at least annually, reviews its leadership structure. This review includes, among other things, the policies and practices in place that provide independent Board oversight, the Company's performance and the effect a particular leadership structure may have on that performance, the structure that serves the best interests of the Company's stockholders and any relevant legislative or regulatory developments. By permitting the roles of the Chairman and CEO to be filled by the same or different individuals, the Board is able to choose a leadership structure that can be tailored to the strengths of the Company's officers and Directors and best addresses the Company's evolving and dynamic business.

Independent oversight of management is critical to the Company's corporate governance structure. The Board does not consider the mandated separation of the Chairman and CEO necessary to accomplish this goal. The Company achieves independent oversight of executive management through the composition of the Board, use of an independent Lead Director and the Company's corporate governance policies and practices.

To ensure a strong and independent Board, the Company's Statement of Corporate Governance requires the Board be comprised of a majority of Directors who qualify as independent directors in accordance with the applicable provisions of the Securities Exchange Act of 1934, as amended and the listing standards of The NASDAQ Stock Market. All members of the Board's standing committees (Audit, Compensation and Nominating and Corporate Governance) are independent. Therefore, oversight of critical issues such as the integrity of the Company's financial statements, executive compensation decisions (including for Mr. K.R. Murdoch), recommendations for the nomination of Directors, oversight of the management of the Company's compliance program and the annual review and evaluation of Board conduct and performance is entrusted solely to independent Directors. The Company's non-executive and independent Directors routinely meet without the presence of executive management, including at each regularly scheduled Board meeting. In addition, the Board's independent Directors have been actively engaged in matters related to *The News of the World* phone hacking investigations, and the full Board has acted decisively to provide for appropriate cooperation with the investigations and to enhance the Company's global compliance program.

The Company's Statement of Corporate Governance also requires that if the Chairman is not an independent Director, an independent, non-executive Director is designated by a majority of the independent, non-executive Directors of the Board as Lead Director. Sir Roderick Eddington currently serves as Lead Director. As disclosed in the section entitled *Board Leadership Structure*, Sir Roderick Eddington's primary responsibilities include:

presiding over all meetings of the Board at which the Chairman of the Board is not present, including executive sessions of the non-executive Directors and the independent Directors;

Table of Contents

communicating to the Chairman of the Board feedback from executive sessions as appropriate;
serving as liaison between the Chairman of the Board and the independent Directors;
meeting with the Audit Committee and/or the Compliance Steering Committee periodically;
reviewing agendas and information sent to the Board for Board meetings;
reviewing meeting schedules to assure that there is sufficient time for discussion of all agenda items;
calling meetings of the non-executive Directors and/or independent Directors, if desired;
participating in the Compensation Committee's evaluation of the performance of the CEO;
supervising the self-evaluations of the Directors in coordination with the Nominating and Corporate Governance Committee;
supervising the Board's determination of the independence of its Directors; and
ensuring his availability for consultation and direct communications, if requested by major stockholders.

The Board has determined that combining the roles of Chairman and CEO in Mr. K.R. Murdoch at this time offers several distinct benefits to the Company and its stockholders. The Board considered Mr. K.R. Murdoch's unique insight and strategic vision which make him the most capable of leading the Board in discussions of the execution of the Company's strategy. The Board also considered the Company's current corporate governance structure, including its emphasis on Board independence, a strong independent Lead Director and focus on Board and committee involvement. The Board concluded that the Company can more effectively execute its strategy and business plans to maximize stockholder value if Mr. K.R. Murdoch continues to hold the positions of Chairman and CEO. The Board also believes that this unified structure provides the Company with a strong and consistent direction with one clear leader in both roles providing decisive and effective leadership.

Furthermore, there is no established consensus that separating the roles of the CEO and Chairman is a corporate governance best practice or that such a separation enhances returns for stockholders. The authors of a 2004 Wharton School of Business article entitled "Splitting Up the Roles of CEO and Chairman: Reform or Red Herring?" (available at <http://knowledge.wharton.upenn.edu>) conclude there is no evidence that separating the positions of Chairman and CEO improves corporate performance. In addition, the vast majority of U.S. companies have not implemented the structure recommended by the proposal. A Spencer Stuart U.S. Board Index 2012 (available at <http://www.spencerstuart.com>) found that 57% of S&P 500 companies have a leadership structure combining the positions of Chairman and CEO. Of the 43% of S&P 500 companies that have separated the positions of Chairman and CEO, only 23% have Chairmen who are considered truly independent.

The Board is aware of investor concerns regarding the leadership structure and will continue to consider the pros and cons of separating or combining the Chairman and CEO positions. However, given the Company's independent Board structure, role of the independent Lead Director and other strong corporate governance practices, the Board believes that mandating a separation of the positions of Chairman and CEO would weaken the Company's current leadership structure. Additionally, the proposal would deprive the Board of the valuable flexibility to exercise its business judgment in selecting the individual best suited to serve as Chairman in the future. Accordingly, the Board does not believe that adopting the proposal would be in the best interests of the Company or its stockholders.

THE BOARD UNANIMOUSLY RECOMMENDS A VOTE AGAINST THIS STOCKHOLDER PROPOSAL TO ADOPT A POLICY THAT THE CHAIRMAN OF THE BOARD OF DIRECTORS BE AN INDEPENDENT DIRECTOR.

PROPOSAL NO. 6

STOCKHOLDER PROPOSAL

ELIMINATE THE COMPANY'S DUAL CLASS CAPITAL STRUCTURE

The Nathan Cummings Foundation (Nathan Cummings), 475 Tenth Avenue, 14th Floor, New York, NY 10018, which is the beneficial owner of 3,686 shares of Class B Common Stock as of the date of submission, has given notice that it intends to present for action at the Annual Meeting the resolution set forth below. Legal & General Assurance (Pensions Management) Limited, the beneficial owner of 55,699 shares of Class B Common Stock as of the date of submission, on behalf of its client Hermes Equity Ownership Services, joins Nathan Cummings as a co-filer of this proposal. In accordance with applicable proxy rules, the proposal and supporting statements, for which the Company accepts no responsibility, is set forth below:

RESOLVED, that stockholders of Twenty-First Century Fox, Inc. (the Company) request that the Board of Directors take the necessary steps (excluding those steps that must be taken by the Company's stockholders) to adopt a recapitalization plan that would eliminate the Company's dual-class capital structure and provide that each outstanding share of common stock has one vote.

Supporting Statement

The Company had 2,316,376,191 shares of common stock outstanding as of August 19, 2013, the date used in the beneficial ownership table in the Company's definitive proxy statement filed on April 30, 2013. Holders of the 1,517,855,238 outstanding shares of Class A common stock, nearly 70% of the Company's equity base, have no voting rights. Holders of Class B common stock, of which 798,520,953 shares were outstanding, have one vote per share.

As of April 19, 2013, the Company's chairman and CEO, K. Rupert Murdoch, beneficially owns 39.4% of the Class B shares and less than 1% of Class A shares. Thus, despite owning only about 14% of outstanding shares, Mr. Murdoch controls nearly 40% of the voting power of the Company, allowing him outsized power in determining the outcome of shareholder votes.

Dual-class structures like the one in place at the Company distort incentives and increase agency costs by misaligning economic incentives and voting power. High-profile scandals at companies such as Hollinger and Adelphia illustrate the dangers of dual-class structures in facilitating the extraction of private benefits for management. Governance expert Charles Elson has stated that dual-class structures create a culture with no accountability. (Geoff Colvin, The Trembling at News Corp. Has Only Begun, CNNMoney, July 19, 2011)

According to a recent preliminary proxy statement filed by the Company on April 4, 2013, there are certain negative consequences associated with the existing dual-class capital structure, including the possibility that the Company's significant voting stockholders could pursue their own interests to the detriment of the Company's other stockholders. Indeed, we believe that the Murdoch family's effective control over the Company has resulted in decisions that are not in public stockholders' best interests.

A recently settled derivative suit alleged that the Board failed in its oversight duties. Among other things, the plaintiffs alleged in a June 2012 consolidated complaint that, The Board has a long track record of pursuing transactions that clearly help the controlling family, while providing questionable benefits or objective injury to the public shareholders. (available at <http://www.newscorpdervativesettlement.com/pdf/complaint.pdf>)

Dual-class structures are associated with poorer company performance. A 2008 study by Harvard's Paul Gompers and two co-authors found that dual-class structures with disparate voting rights were correlated with lower firm value. (Paul Gompers et al., Extreme Governance (working paper 2008) (available at http://papers.ssrn.com/so13/papers.cfm?abstract_id=562511))

Table of Contents

Accordingly, we believe that eliminating the dual-class structure, and installing a one-share/one-vote arrangement, would benefit the Company and its public stockholders.

THE BOARD'S STATEMENT IN OPPOSITION TO PROPOSAL NO. 6

The Board recommends that stockholders vote against this Proposal No. 6. The elimination of the Company's dual class capital structure would effectively dilute the voting power of all the existing Class B stockholders. The Board believes that retaining two classes of common stock with different voting rights is in the best interest of the Company and its stockholders. The Board believes that the current dual class capitalization structure: (a) promotes stability and continuity in the leadership and management of the Company, which allows the Company to focus on long-term objectives, (b) enhances the Company's ability to attract, retain and motivate highly qualified key employees and (c) provides the Company with greater flexibility in financing its growth. The Board's reasons for its position are described in more detail below.

Continuity and Stability. In the face of difficult challenges, management of companies with a single class of common stock can become singularly focused on maximizing short-term value and performance at the expense of long-range planning in an effort to justify its business plans. The Board believes that Mr. K.R. Murdoch, the Company's Chairman and Chief Executive Officer, and his family have pursued stockholder value enhancing strategies throughout the Company's history and have been the primary source of the strategic vision that has made the Company's success up to this point possible. The Board has always been committed to the long-term viability of the Company. As such, the Board believes that the dual class capital structure, which provides limited voting rights for the Class A Common Stockholders on extraordinary matters, reduces the risk of disruption in the continuity of the Company's current operational policies and long-range strategy by allowing management to pursue strategies that it believes will enhance the long-term profitability of the Company.

Retention of Key Employees. The Board believes that the dual class capital structure enhances the Company's ability to attract and retain highly qualified key employees. The Company's ability to issue Class A Common Stock-based equity awards increases its flexibility in structuring compensation plans so that management and key employees can participate in the growth of the Company without diluting the voting power of the Class B stockholders.

Financing Flexibility. The dual class capital structure provides the Company with greater flexibility to pursue a long-term emphasis on stockholder value through growth and financial strength. The Board believes that the Company's ability to issue Class A Common Stock, for which there is already a sizeable and liquid market, better positions the Company to finance growth opportunities without significantly diluting the voting interest of the Company's Class B stockholders. The Board believes that a company with a single class of stock may run the risk of foregoing stock issuances (thereby foregoing strategic transactions that potentially could be of great benefit to stockholders) simply out of concerns over dilution of control. The Company, however, has historically issued its Class A Common Stock for a variety of corporate purposes that have enhanced the value and financial strength of the Company. Such transactions include the financing of significant mergers and acquisitions and the raising of needed capital to fund growth. As the issue of control is not a factor in the Board's consideration of these transactions, the decision by the Company to issue stock in acquisitions or capital raising transactions is based solely on the perceived economic benefits of the transaction to the Company and all of its stockholders.

Approval of this Proposal 6 would not itself eliminate the Company's dual class capital structure, but rather it would be an advisory recommendation to the Board to submit such a proposal to the Company's Class B stockholders within the next 12 months.

THE BOARD UNANIMOUSLY RECOMMENDS A VOTE AGAINST THIS STOCKHOLDER PROPOSAL TO ELIMINATE THE COMPANY'S DUAL CLASS CAPITAL STRUCTURE.

Compensation Committee's Annual Review of its Compensation Practices and Response to 2012 Stockholder Advisory Vote

At the 2012 Annual Meeting of Stockholders, the Company's stockholders voted to approve, on an advisory basis, the compensation of the Company's named executive officers, as described in the Company's 2012 proxy statement. The Company's 2012 executive compensation program was approved by more than 70% of the Company's stockholders. Given these results and other events, including the Separation, the Compensation Committee considered the program's effectiveness in fiscal 2013 and whether it reflects stockholder interests. Highlights of the Compensation Committee's decisions include the following:

Determination and disclosure of performance-based annual bonus framework. In August 2012, the Compensation Committee approved the framework for the fiscal 2013 annual bonus, including a determination at the beginning of the performance period of performance levels for the achievement of

the financial performance metric upon which two-thirds of the annual bonus is based. These performance levels and corresponding payout opportunities as a percentage of the financial performance rating were disclosed in the Company's 2012 proxy statement. *Recognition of effective compliance programs as an important consideration when determining incentive compensation.* In fiscal 2013, the Compensation Committee recommended to the Board, and the Board approved, amendments to the Compensation Committee Charter and the Company's 2005 Long-Term Incentive Plan to include the implementation and enforcement of effective compliance programs as a factor for the Compensation Committee to consider when reviewing and approving incentive awards, including annual bonus compensation. The proposed 2013 Long-Term Incentive Plan to be considered at the 2013 Annual Meeting also includes consideration of effective compliance programs as a potential factor for performance-based awards. In addition, the Compensation Committee determined that beginning with the fiscal 2014 annual bonus, the Compensation Committee will consider, based on a recommendation from the Audit Committee of its assessment of management's performance on ethics and compliance objectives, whether a reduction to the qualitative portion of the annual bonus payout is appropriate and, if so, the amount of such reduction.

Adjustments to CEO compensation. In connection with the Separation, the Compensation Committee adjusted the fiscal 2014 target compensation levels for Mr. K.R. Murdoch who serves as the Company's Chairman and Chief Executive Officer as well as the Executive Chairman of News Corp. For additional information, please see page 56 in the section entitled "2014 CEO Pay Mix".

Confirmation of Existing Compensation Framework. The Compensation Committee believes the compensation framework, which has a strong pay for performance model and focus on long-term growth, is operating as intended and effectively aligning pay with individual and Company performance as described further in the following section "Pay-for-Performance Alignment".

The Compensation Committee will continue to monitor trends and developments to ensure that the Company's executive compensation programs provide sufficient incentives and rewards and remain competitively positioned for executive talent.

The graph below compares the relationship between changes in the total direct compensation (base salary, annual bonus and the grant-date fair value of long-term incentives) awarded to Mr. K.R. Murdoch and the Company's TSR for the five fiscal years ending June 30, 2013, as adjusted to reflect the share price value of 21st Century Fox following the Separation. As the graph below indicates and as discussed further below, the compensation program for the Company's Chief Executive Officer provides a strong link between pay and performance. We believe this analysis demonstrates that our Chief Executive Officer's compensation is, as intended, closely and appropriately linked to performance, including stock price performance.

Compensation Philosophy

Our strategy and goal of creating long-term growth and value for stockholders drives our philosophy and how we design executive compensation programs and practices.

Our executives lead and manage one of the world's leading media and entertainment companies in a fast-changing, competitive environment, and their responsibilities span operations around the world. Our executives are critical to the value we create for our stockholders.

Our compensation philosophy aims to achieve the following:

- Provide a compensation program that drives performance;
- Ensure our compensation policies and practices support both annual and long-term growth for stockholders; and
- Structure compensation packages to attract, retain and motivate the top executive talent necessary for the Company's success today and in the future.

Table of Contents

In designing compensation programs for our named executive officers, the Compensation Committee is guided by the following objectives:

Our compensation programs should incorporate a mix of fixed and performance-based compensation in the form of base salary, annual bonus compensation, performance-based long-term incentives and retirement and other benefit programs (as described below) to enable us to attract the highest quality talent to the Company.

Our individual pay decisions should consider trends in the industry in which the Company operates and competes and the executive's performance, contributions, breadth and complexity of the role, and individual skills.

Our compensation programs should be communicated and implemented as clearly, specifically and transparently as possible.

Our incentive programs should respond to unique market requirements and provide a strong link between pay and performance.

Executive Compensation Practices

Below are examples of executive compensation practices the Company has implemented because the Compensation Committee considers them to be effective at driving performance and supporting long-term growth for our stockholders while mitigating risk (left column) and executive compensation practices the Company does not engage in because they are inconsistent with the Compensation Committee's philosophy and stockholder interests (right column).

Practices the Company Has Implemented

▫ **Pay for Performance:** We closely link pay to performance. We set financial goals for Company performance which align our named executive officers' interests with those of our stockholders. A significant portion of our named executive officers' total target compensation is at-risk and performance-based.

▫ **Use Multiple Performance Metrics:** The Company's annual bonus and long-term incentive programs for our named executive officers rely on a number of diversified performance metrics. The annual bonus program bases a significant portion of each named executive officer's total compensation opportunity upon the achievement of target financial performance and individual and group contributions. The performance-based long-term incentive program relies on multiple pre-set, three-year financial performance metrics.

▫ **Cap Payouts:** The Company's payments to named executive officers are capped under both the performance-based annual bonus program and performance-based long-term incentive program.

Practices the Company Does Not Engage In

x **No CEO Severance:** Mr. K.R. Murdoch's compensation is determined annually by the Compensation Committee. As a result, Mr. K.R. Murdoch is not guaranteed, among other things, any salary or severance with respect to his employment.

x **No Excise Tax Gross-ups:** The employment agreements with our named executive officers do not provide for any gross-up payments to cover excise taxes incurred by the executive.

x **No Tax Gross-ups for Personal Benefits:** None of our named executive officers receive gross-ups for taxes on personal benefits.

x **No Change in Control Agreements:** None of the named executive officers' employment agreements or arrangements contains provisions relating to a change in control of the Company.

x **No Hedging:** The Company prohibits all directors and employees, including our named executive officers, from engaging in short sales of the Company's securities and investing in Company-based derivative securities.

Table of Contents

Practices the Company Has Implemented

þ **Regular Review of Stock Utilization:** The Company evaluates stock utilization by reviewing overhang levels (dilutive impact of equity compensation on our stockholders) and annual run rates (the aggregate shares awarded as a percentage of total outstanding shares).

þ **Mitigate Undue Risk:** The Company's compensation programs include risk mitigation features, such as significant Board and management discretion and oversight, a balance of annual and long-term incentives for senior executives, the use of multiple performance metrics, and recoupment provisions for named executive officers' bonus compensation as further described below. The Compensation Committee annually oversees an assessment of risks related to compensation policies and practices.

þ **Consider Effectiveness of Compliance Programs in Compensation Decisions:** The Compensation Committee Charter and the Company's 2005 Long-Term Incentive Plan and proposed 2013 Long-Term Incentive Plan include the implementation and enforcement of effective compliance programs as a factor for the Compensation Committee to consider when reviewing and approving incentive awards, including annual bonus compensation. In addition, beginning with the fiscal 2014 annual bonus, the Compensation Committee will consider, based on a recommendation from the Audit Committee of its assessment of management's performance on ethics and compliance objectives, whether a reduction to the qualitative portion of the annual bonus payout is appropriate and, if so, the amount of such reduction.

þ **Maintain a Clawback Policy:** The Board has policies requiring the recoupment under certain circumstances of performance-based compensation paid to the named executive officers.

Practices the Company Does Not Engage In

x **No Repricing of Stock Options or SARs:** The Compensation Committee may not reprice stock options or stock appreciation rights without the approval of the Company's stockholders.

x **No Dividends on Unearned Restricted Stock Units (RSUs) or Performance Stock Units (PSUs):** No dividends or dividend equivalents are paid on RSUs or on PSUs during the performance period.

How Executive Compensation Decisions Are Made

Role of Executive Officers and Management in Compensation Decisions

The Compensation Committee makes all pay decisions related to the named executive officers. At the Compensation Committee's request, the Chief Executive Officer and Chief Operating Officer present individual pay recommendations to the Compensation Committee for the other named executive officers. The Chief Executive Officer's and Chief Operating Officer's pay recommendations are based on their assessments of individual contributions, achievement of performance objectives and other qualitative factors. The Compensation Committee considers these recommendations along with the advice of its compensation consultant. The Chief Executive Officer and Chief Operating Officer do not participate in the Compensation Committee's deliberations or decisions with regard to their own compensation. In addition, members of our senior management team keep informed of developments in compensation and benefits matters and participate in the gathering and presentation of facts related to these matters as requested by the Compensation Committee.

Role of Compensation Consultant

In fiscal 2013, the Compensation Committee retained the services of an external compensation consultant, Deloitte, to advise the Compensation Committee in its review of its named executive officer and non-executive director compensation practices, compensation trends, the design of the Company's incentive plans for its named executive officers, and, from time to time, the structure of individual executive employment agreements. The Compensation Committee reviews information provided by Deloitte when determining the appropriate level and mix of compensation for each of the named executive officers in light of our compensation objectives.

For information on the Compensation Committee's consideration of Deloitte's independence, please see page 25 in the section entitled "Corporate Governance Matters".

Use of Information on Peer Companies and Industry Trends

In order to attract and retain the best talent, our executives' compensation packages must remain competitive. Because the Company competes to recruit and retain executives against a relatively small number of large, complex, diversified and publicly-traded media and entertainment companies where executives possess skills and experience that are most relevant for the Company's businesses, the Compensation Committee currently considers the following companies: CBS Corporation, Comcast Corporation, DIRECTV, Time Warner Inc., The Walt Disney Company and Viacom Inc. However, the Compensation Committee does not justify its compensation decisions, nor attempt to maintain a specific target percentile in determining compensation, based on compensation provided to executives at its peer companies.

Although the Company does not use benchmarks with respect to individual compensation levels, the Compensation Committee annually reviews the compensation practices of a group of our peer companies, consisting of other large publicly-traded entertainment and media companies, as noted above, and select technology companies with new media operations, as well as evolving market practices, to ensure that it remains informed of current practices when making compensation decisions. The Compensation Committee considers the compensation practices of our peer companies but, because of the complex mix of industries and markets in which the Company operates, it believes that strict benchmarking against selected groups of companies does not provide a meaningful basis for establishing compensation and does not use peer company data to base, justify or provide a framework for compensation decisions. The Compensation Committee also does not target any element of compensation or total compensation to a specific range within the peer companies. Rather, it uses peer company data to obtain a general understanding of current compensation practices. The Compensation Committee's goal is to provide total compensation packages that are competitive with prevailing practices in our industry and in the geographic markets in which we conduct business. The Compensation Committee retains flexibility within the compensation program in order to respond to and adjust for specific circumstances and our evolving business environment.

Table of Contents*Review of Internal Pay Parity*

The Compensation Committee has determined that internal pay parity is critical to ensuring fairness and encouraging a collaborative team effort among the named executive officers. Accordingly, the Compensation Committee's decisions concerning named executive officer compensation include a careful review of each named executive officer's pay components and levels relative to other named executive officers with respect to role, seniority and/or levels of responsibility. In addition, the Compensation Committee has determined that it is appropriate to provide the same type of incentive compensation opportunities to each of the named executive officers.

Named Executive Officers' Compensation Packages*Introduction*

The key elements of our executive compensation program for our named executive officers consist of base salary, annual bonus compensation that is based on an evaluation of Company and individual performance, performance-based long-term equity-based incentive awards and retirement benefits. The named executive officers also receive certain perquisites, but such perquisites are not a key element of compensation. The chart below illustrates why the Compensation Committee chooses to pay each element of compensation:

Element of Compensation	Motivation			Alignment with Stockholder Interests	Retention
	Attraction	Short-Term	Long-Term		
Base Salary	X	X			X
Performance-Based Annual Bonus Compensation	X	X		X	X
Performance-Based Long-Term Equity-Based Incentive Awards	X		X	X	X
Retirement Benefits	X		X		X

When making individual executive compensation decisions, the Compensation Committee considers such characteristics as the named executive officer's leadership and management expertise, performance history, the complexity of the position and responsibilities, growth potential, term of service with the Company, reporting structure and internal parity. The Compensation Committee also takes into account certain other market factors, such as, among others, the significance that the industry in which we operate and compete and geographic markets (particularly New York City and Los Angeles) play in the Company's ability to attract and retain talent. In determining the amount of total compensation, the Compensation Committee considers both currently paid compensation and the opportunity for future compensation, as well as the mix of cash and equity-based compensation.

In fiscal 2013, our named executive officers were Messrs. K. Rupert Murdoch, Chase Carey, James R. Murdoch, David F. DeVoe and Gerson Zweifach. Messrs. K.R. Murdoch, J.R. Murdoch and DeVoe have served the Company or its subsidiaries or affiliates for 61, 17 and 30 years, respectively. Beginning July 1, 2013, Mr. DeVoe retired as Chief Financial Officer of the Company and became a Senior Advisor of the Company. Mr. DeVoe continues to serve as a Director of the Company. Mr. Carey, who rejoined the Company in July 2009 as Deputy Chairman, President and Chief Operating Officer, has served in a variety of leadership positions within the Company and with its affiliates for more than 24 years. Mr. Zweifach, who was recruited to join the Company in February 2012 as a Senior Executive Vice President and Group General Counsel, has more than 30 years of experience covering significant media and first amendment cases, as well as patent, antitrust and securities litigation matters. The depth of our named executive officers' institutional knowledge, the breadth of their experience and their superior leadership talents have been instrumental and invaluable in making and maintaining 21st Century Fox as one of the pre-eminent international media and entertainment companies.

The level of compensation approved by the Compensation Committee reflects, among other factors, the scope and nature of our named executive officers' individual responsibilities, past performance, internal pay

Table of Contents

parity considerations, market factors in light of the industries in which we operate and retention considerations at the time those agreements were entered into or at the time the compensation was approved. Prior to approving each named executive officer's compensation, the Compensation Committee annually reviews and analyzes the nature and amounts of all elements of each named executive officer's total compensation package, both separately and in the aggregate, to ensure that each named executive officer's compensation is performance-based and that an appropriate balance is maintained in focusing different elements of compensation on both the short-term and long-term performance of the Company.

As part of this review and in connection with the Separation, the Compensation Committee adjusted the target compensation levels for fiscal 2014 for Mr. K.R. Murdoch who serves as both the Company's Chairman and Chief Executive Officer as well as the Executive Chairman of News Corp. For additional information, please see page 56 in the section entitled "2014 CEO Pay Mix".

The Compensation Committee believes that employment agreements are important tools to attract and retain executive talent. Accordingly, Messrs. Carey, DeVoe and Zweifach are each a party to a negotiated employment agreement. (For a detailed description of these employment agreements, please see the section entitled "Employment Agreements".) Messrs. K.R. Murdoch and J.R. Murdoch do not have employment agreements, and their compensation is annually determined and approved by the Compensation Committee.

2013 Pay Mix

The Compensation Committee believes that a significant portion of the compensation awarded to our named executive officers should be performance-based and at-risk. A majority of the Chief Executive Officer's and each of the other named executive officer's total direct compensation is at-risk and dependent upon performance, with a significant portion of total direct compensation tied to the Company's long-term results and future stock price performance. As illustrated below, approximately 67% of the Chief Executive Officer's and 70% of the other named executive officers' fiscal 2013 target total direct compensation was at-risk, with most of the compensation subject to the achievement of short-term and long-term financial and business objectives. We believe that this balance of fixed and variable compensation is consistent with the Company's executive compensation philosophy, maintains a strong link between the named executive officers' compensation and Company performance, aligns the named executive officers' interests with those of our stockholders and motivates executives to deliver strong results and create stockholder value.

- (1) Includes each named executive officer's annual base salary, target annual bonus opportunity and the target PSU Award (as defined below) opportunity for the fiscal 2013-2015 performance period.
- (2) Performance-based incentive compensation includes target bonus opportunity and target PSU Award opportunity. For the Chief Executive Officer, 51% of the total direct compensation is comprised of the target annual bonus opportunity and 16% is comprised of the target PSU Award opportunity. For the other named executive officers, on average, 43% of the total direct compensation is comprised of the target annual bonus opportunity and 27% is comprised of the target PSU Award opportunity.

2014 CEO Pay Mix

Prior to the Separation, the Compensation Committee determined target compensation levels for fiscal 2014 for Mr. K.R. Murdoch for the Company, where he serves as the Chairman and Chief Executive Officer, as well as for News Corp where he serves as the Executive Chairman.

For fiscal 2014, the Compensation Committee of the Company determined that Mr. K.R. Murdoch, as News Corp's Executive Chairman, will receive compensation commensurate to his strategic role with News Corp, with a significant portion of his target total direct compensation at-risk and linked to performance. Accordingly, the Compensation Committee determined that Mr. K.R. Murdoch shall receive from News Corp for fiscal 2014 a base salary at an annual rate of \$1,000,000, a performance-based annual bonus with a target of \$2,000,000 and a performance-based long-term equity-based award with a target amount of \$2,000,000.

The Compensation Committee also evaluated Mr. K.R. Murdoch's target total direct compensation for his continuing role as Chairman and Chief Executive Officer of 21st Century Fox. For fiscal 2014, the Compensation Committee determined to increase the portion of Mr. K.R. Murdoch's target total direct compensation from 21st Century Fox that is subject to the achievement of long-term financial objectives. Accordingly, the Compensation Committee reduced Mr. K.R. Murdoch's base salary from \$8.1 million to \$7.1 million per year, reduced the target annual bonus opportunity from \$12.5 million to \$10.5 million and increased the target performance-based long-term incentive opportunity from \$4.0 million to \$5.7 million.

The Compensation Committee concluded that Mr. K.R. Murdoch's fiscal 2014 target total direct compensation for News Corp and for 21st Century Fox, both individually and in the aggregate, is competitive and appropriate given Mr. K.R. Murdoch's responsibilities associated with these two separate public companies. The Compensation Committee recognized that as Chairman and Chief Executive Officer of 21st Century Fox and as Executive Chairman of News Corp, Mr. Murdoch will play a key role in shaping both companies and positioning both companies for long-term success. Accordingly, Mr. K.R. Murdoch's fiscal 2014 target total direct compensation for both companies reflects an increase of approximately 15% when compared with his fiscal 2013 target total direct compensation opportunity, with the entire amount of the increase allocated to Mr. K.R. Murdoch's performance-based, long-term incentive opportunity, which will further align Mr. K.R. Murdoch's compensation with the interests of stockholders.

As a result of the changes to Mr. K.R. Murdoch's compensation, which are illustrated in the chart below, for fiscal 2014, approximately 70% of Mr. K.R. Murdoch's target total direct compensation from 21st Century Fox is at-risk.

- (1) Includes annual base salary, target annual bonus opportunity and the target PSU Award opportunity for the fiscal 2014-2016 performance period.
- (2) Performance-based incentive compensation includes target annual bonus opportunity and target PSU Award opportunity. For the Chief Executive Officer's 2014 total direct compensation, 45% of the total direct compensation is comprised of the target annual bonus opportunity and 25% is comprised of the target PSU Award opportunity.

Table of Contents

Base Salary

One element of compensation needed to attract and retain an employee in any organization is base salary. Base salary is the fixed element of a named executive officer's annual cash compensation and does not vary with performance.

The respective employment agreements of Messrs. Carey, DeVoe and Zweifach provide for a specified or minimum base salary. At the time each of these employment agreements was entered into, the Compensation Committee established each named executive officer's base salary in the context of the nature of the named executive officer's particular position, the responsibilities associated with that position, length of service with the Company, his experience, expertise, knowledge and qualifications, market factors, the industry in which we operate and compete, recruitment and retention factors, our Chief Executive Officer's and Chief Operating Officer's recommendation (with the exception of their own base salaries) and the Company's overall compensation philosophy.

The Compensation Committee reviews annually the base salary of each of the named executive officers, subject to the terms of any applicable employment agreements. Base salary may be adjusted if the Compensation Committee determines that an adjustment is warranted or that a different mix of compensation elements may more appropriately compensate the individual named executive officer in light of the Company's compensation objectives. The factors considered by the Compensation Committee when determining adjustments in base salary include: past performance; the assumption by the named executive officer of any additional responsibilities; retention considerations; market factors; internal parity considerations; and the Chief Executive Officer's and Chief Operating Officer's recommendations (with the exception of their own base salaries).

There have been no base salary changes for Mr. DeVoe since fiscal 2007 and for Messrs. Carey and J.R. Murdoch since each of their salary reductions in fiscal 2011. Fiscal 2013 salaries were \$8,100,000 for Mr. K.R. Murdoch, \$4,050,000 for Mr. Carey, \$3,000,000 for Mr. J.R. Murdoch, \$2,853,750 for Mr. DeVoe and \$3,000,000 for Mr. Zweifach. As discussed above, for fiscal 2014, the Compensation Committee shifted the pay mix for Mr. K.R. Murdoch resulting in a reduction of his base salary to \$7,100,000 per year.

Performance-Based Annual Bonus Compensation

The named executive officers have a direct influence on our operations and strategy. The Compensation Committee believes that a significant portion of each named executive officer's total compensation opportunity should be based upon individual and group contributions and the Company's financial and operating performance. This framework fosters a performance-driven, pay-for-performance culture that aligns our named executive officers' interests with those of our stockholders while also rewarding the named executive officers for superior individual achievements.

In August 2012, the Compensation Committee approved the framework for the fiscal 2013 Annual Bonus (as defined below). The Compensation Committee determined that two-thirds of the Annual Bonus would be based on achievement of a target financial performance metric and one-third would be based on qualitative factors, including the contributions by each and the group of named executive officers (the Annual Bonus). The Compensation Committee selected adjusted total segment operating profit, without giving effect to the

¹ The Company used adjusted total segment operating profit which excludes: segment operating profit adjustments, impairment and restructuring charges, equity affiliate adjustments, interest expense (net), interest income, other (net), income tax expense, net income attributable to noncontrolling interests and discontinued operations. The Company believes that information about total segment operating profit assists all users of the Company's consolidated financial statements by allowing them to evaluate changes in the operating results of the Company's portfolio of businesses, prior to the Separation, apart from non-operational factors that affect net income, thus providing insight into both operations and the other factors that affect reported results.

Table of Contents

Separation, as the financial performance metric for fiscal 2013 because it believed that, prior to the Separation, this metric reflects the Company's key financial objective for the operations for which the named executive officers had direct responsibility as presented in the guidance the Company provided to the financial market. The Compensation Committee also determined the following performance levels for the achievement of the financial performance metric, with performance that falls between the specified performance levels to be interpolated on a linear basis:

Performance Level	Performance Goal as a Percentage of	
	Target Adjusted Total Segment Operating Profit	Payout as a Percentage of Financial Performance Portion of the Target Bonus
Maximum	120%	200%
Target	100%	100%
Threshold	80%	50%

For fiscal 2013, the Compensation Committee approved the following target and maximum Annual Bonus opportunities for each of Messrs. K.R. Murdoch, Carey, J.R. Murdoch, DeVoe and Zweifach:

Named Executive Officer	Fiscal 2013 Target Annual Bonus Opportunity	Fiscal 2013 Maximum Annual Bonus Opportunity
K. Rupert Murdoch	\$ 12.5 million	\$ 25.0 million
Chase Carey ⁽¹⁾	\$ 10.0 million	\$ 20.0 million
James R. Murdoch	\$ 6.0 million	\$ 12.0 million
David F. DeVoe	\$ 5.0 million	\$ 10.0 million
Gerson Zweifach ⁽²⁾	\$ 2.25 million	\$ 4.5 million

(1) Pursuant to his employment agreement, Mr. Carey was eligible to receive an Annual Bonus with a target of no less than \$10.0 million and a maximum of no less than \$20.0 million for fiscal 2013.

(2) Pursuant to his employment agreement, Mr. Zweifach was eligible to receive an Annual Bonus with a target of no less than \$2.25 million and a maximum of \$4.5 million for fiscal 2013.

For fiscal 2013, the Compensation Committee set a target performance range for adjusted total segment operating profit, without giving effect to the Separation, consistent with the manner in which the Company provided guidance to the financial market, of \$6.05 billion to \$6.15 billion.

In accordance with the Annual Bonus framework, the Compensation Committee also considered the following qualitative factors, including contributions to the Company's financial and non-financial objectives in fiscal 2013, when determining each eligible named executive officer's Annual Bonus:

Mr. K.R. Murdoch provided leadership under which the Company's Class A Common Stock price appreciated 46.2% in fiscal 2013, as adjusted to reflect the share price value of 21st Century Fox following the Separation, exceeding the S&P 500 Index, which was up 17.9% over the same time period. With his guidance, the Company completed the Separation, positioning 21st Century Fox for greater financial and operational flexibility, an improved competitive position and an enhanced ability to pursue industry-specific opportunities. In addition, the Company delivered strong financial results, strengthened its core operations, continued its international expansion plans and optimized its portfolio of businesses through a number of strategic acquisitions, investments and divestitures during the year. He continued to grow the Company's brands and businesses in international markets with the expansion of the Company's cable franchises in Asia and India. Mr. K.R. Murdoch also continued the process of simplifying the Company's operating model, such as with the sale of NDS Group Limited and SKY Network Television Ltd. He continued to effectively build stockholder value as demonstrated by a total shareholder return that was one of the highest of the Company's diversified media peers and by the continuation of repurchases under the stock repurchase program. Under his direction, the Company finished fiscal 2013 with immense financial flexibility, solid strategic positioning and vigorous operating momentum that will drive future growth.

Table of Contents

Mr. Carey provided exceptional strategic leadership and management of the Company in fiscal 2013, helping the Company strengthen its operational foundation and its solid strategic position and successfully completing the Separation. He led a number of important strategic innovations including content monetization initiatives across many of the Company's properties and the disposition of SKY Network Television Ltd. He continued to expand the Company's international cable franchises with the acquisitions of key Indian cricket rights, full ownership of ESPN STAR Sports (now operating as Fox Sports Asia) and a controlling ownership stake in EMM. Under his direction, the Company leveraged its U.S. sports franchise, launching a national multi-sports network, Fox Sports 1, and finalizing key agreements with Major League Baseball and NASCAR. The Company also capitalized on its top cable network position with the planned launch of FXX, an extension of FX Networks. Mr. Carey continued to lead our initiatives for retransmission and affiliate compensation and to develop business solutions that will provide for significant revenues in future years, including key distribution agreements to deliver content across multiple platforms.

Mr. J.R. Murdoch played an important role during fiscal 2013 in developing the Company's key international businesses and investments. With his guidance, the Company continues the process of simplifying its operating model through the increased ownership stake in Sky Deutschland to 55% and the acquisition of the remaining interest in ESPN STAR Sports (now operating as Fox Sports Asia). He continues to champion the expansion of the Company's sports portfolio in Europe, with the acquisition of a controlling ownership stake in EMM, in India with new cricket rights and in Asia under the new Fox Sports Asia brand, positioning the Company for greater profitability. Under his leadership, the Company continues to expand its digital offerings of its library product and explores opportunities to obtain the digital rights to other key programming. Mr. J.R. Murdoch also contributed to the Company's growing portfolio of domestic sports properties with the Company's acquisition of a 49% equity stake in the YES Network.

Mr. DeVoe provided strategic advice to the Company's Chairman and Chief Executive Officer and President and Chief Operating Officer regarding significant acquisitions, investments and dispositions and played a key role in executing the Separation.

Mr. DeVoe was responsible for obtaining the appropriate regulatory clearance and for executing the Separation in a tax efficient manner. He developed and implemented a capital plan that further optimized the Company's capital structure by appropriately balancing the objective of maintaining a strong and flexible balance sheet with the goal of deploying capital to invest in the Company's business and make acquisitions. He continued to strengthen the Company's financial stability while improving the Company's capital structure. In fiscal 2013, he executed the repurchase of approximately 5% of the outstanding shares Class A Common Stock for \$2.0 billion in a disciplined manner. His financial planning and financial risk management efforts have positioned the Company well for the financing of future capital allocation, including investments, acquisitions and stock repurchases. Mr. DeVoe also oversaw the Company's public financial disclosures and led the effort to maintain effective internal controls.

Mr. Zweifach provided superior management of our legal and compliance function during fiscal 2013. He led the organization of a stronger global compliance structure under which the Company re-organized its global compliance program including hiring group compliance officers for each region, issued revised policies, enhanced its training programs and audited anti-corruption controls globally. Mr. Zweifach also established and serves as Chairman of the Compliance Steering Committee which works directly with business unit heads as well as members of the Company's audit and legal teams to improve compliance controls and procedures.

Under his leadership, the Company resolved a number of shareholder litigation matters and the legal department supported the management team in a variety of matters including the execution and completion of the Separation.

To determine the Annual Bonus for each named executive officer, the Compensation Committee recognized that the Company's adjusted total segment operating profit, without giving effect to the Separation, was approximately \$5.66 billion and, as a result, 84% of the target quantitative portion of the Annual Bonus was achieved. The Compensation Committee determined that the exemplary achievements described above of the named executive officers, individually and as a group, made contributions to drive the overall success of the

Table of Contents

business as well as its financial and strategic objectives and therefore awarded 133% of the target qualitative portion of the Annual Bonus. In light of these accomplishments, the Compensation Committee confirmed the payout multiples set forth below and calculated the Annual Bonuses, which were paid in cash, as follows:

Named Executive Officers	Fiscal 2013 Target Annual Bonus	Adjusted Total Segment Operating Profit Performance			Qualitative Performance			Calculated Annual Bonus Amount

Fiscal 2014 Performance-Based Annual Bonus Compensation

In August 2013, the Compensation Committee approved the framework for the fiscal 2014 Annual Bonus. The Compensation Committee determined that two-thirds of the fiscal 2014 Annual Bonus would be based on achievement of target adjusted Operating Income Before Depreciation and Amortization (OIBDA), and one-third would be based on qualitative factors, including the contributions by each and the group of named executive officers. The Compensation Committee selected adjusted OIBDA as the financial performance metric for fiscal 2014 because it believes that, given the nature of the Company's business following the Separation, this metric reflects the Company's key financial objective for the operations for which the named executive officers have direct responsibility. The Compensation Committee also determined the following performance levels for the achievement of the financial performance metric, with performance that falls between the specified performance levels to be interpolated on a linear basis:

Performance Level	Performance Goal as a Percentage of Target Adjusted OIBDA	Payout as a Percentage of Financial Performance Portion of the Annual Bonus
Maximum	120%	200%
Target	100%	100%
Threshold	80%	50%

Also in August 2013, the Compensation Committee approved the following target and maximum Annual Bonus opportunities for each of Messrs. K.R. Murdoch, Carey, J.R. Murdoch and Zweifach for fiscal 2014:

Named Executive Officer	Fiscal 2014 Target Annual Bonus Opportunity	Fiscal 2014 Maximum Annual Bonus Opportunity
K. Rupert Murdoch	\$ 10.5 million	\$ 21.0 million
Chase Carey ⁽¹⁾	\$ 10.0 million	\$ 20.0 million
James R. Murdoch	\$ 6.0 million	\$ 12.0 million
Gerson Zweifach ⁽²⁾	\$ 2.25 million	\$ 4.5 million

(1) Pursuant to his employment agreement, Mr. Carey is eligible to receive an Annual Bonus with a target of no less than \$10.0 million and a maximum of no less than \$20.0 million for fiscal 2014.

(2) Pursuant to his employment agreement, Mr. Zweifach is eligible to receive an Annual Bonus with a target of no less than \$2.25 million and a maximum of \$4.5 million for fiscal 2014.

The fiscal 2014 target and maximum Annual Bonus opportunities are unchanged from the respective fiscal 2013 amounts except for Mr. K.R. Murdoch as discussed above. In reaching this decision, the Compensation Committee concluded that the Annual Bonus program was properly rewarding the named executive officers for Company and individual achievements and effectively aligning their interest with those of our

stockholders.

Table of Contents*Performance-Based Long-Term Equity-Based Incentive Awards*

The purpose of granting performance-based long-term equity-based awards to the named executive officers is to align further their compensation with the long-term performance of the Company and link the named executive officers' interests directly to those of the Company's stockholders. In order to more fully align the executives' interests with those of the Company's stockholders and reward the executives for superior results, the Compensation Committee designed a performance-based long-term equity-based incentive program and approved the annual grant of PSUs that will have a three-year performance measurement period (the "PSU Award"). For Messrs. K.R. Murdoch, Carey, J.R. Murdoch and DeVoe, each PSU represents the right to receive the U.S. dollar value of one share of Class A Common Stock in cash and for Mr. Zweifach, each PSU represents the right to receive one share of Class A Common Stock. The PSUs will be paid after the completion of the three-year performance period, based upon the following performance metrics that will be measured against targets established at the beginning of each performance period: (i) average annual adjusted earnings per share (EPS) growth; (ii) average annual adjusted free cash flow (FCF) growth; and (iii) the Company's three-year TSR as measured against the three-year TSR of the companies that comprise the Standard & Poor's 500 Index (excluding financial and energy sector companies) (the "S&P 500") (collectively, the "Performance Metrics"). The target weighting for the adjusted EPS growth, adjusted FCF growth and TSR performance metrics will be 40%, 40% and 20%, respectively. The outstanding PSUs, including PSUs for the fiscal 2014-2016 performance period, were awarded under the Company's 2005 Long-Term Incentive Plan, as amended (the "LTIP").

Within 90 days of the beginning of each performance period, the Compensation Committee establishes for each of the Performance Metrics, performance ranges and payout ranges for the performance period. The Compensation Committee also determines the target opportunity for each of the named executive officers for the performance period, expressed as a dollar value (the "PSU Target Value"). The PSU Target Value will be converted into a target number of PSUs (the "PSU Target Number") which, for fiscal 2013, was based on the average closing price of the Class A Common Stock for the 20 trading days ending on June 30, 2012.

Following the end of the performance period, the Compensation Committee will evaluate and certify the average year over year adjusted EPS growth and the average year over year adjusted FCF growth and the Company's three-year relative TSR compared to the S&P 500 and determine the weighted payout (the "Final Performance Factor"); provided, however, the final payout cannot exceed 150% of the PSU Target Number and subject to the limitations set forth in the LTIP. Performance in a single year generally will not be indicative of the results for the entire performance period. Subject to the attainment of one or more of the Performance Metrics, at the end of the performance period, the named executive officers will be credited with a number of PSUs, which will be determined by multiplying the PSU Target Number by the Final Performance Factor (the "Final PSU Credits"). Messrs. K.R. Murdoch, Carey, J.R. Murdoch and DeVoe will each then receive a cash payment equal to the Final PSU Credits multiplied by the closing price of the Class A Common Stock on the last trading day immediately prior to the Payment Date, subject to the limitations set forth in the LTIP. The Payment Date will generally be August 15 of the applicable year or the business day closest to August 15. Mr. Zweifach will receive Class A Common stock as described above. Thus, the Final PSU Credits reflect both Company performance and any change in the value of the Company's Class A Common Stock over the three-year performance period.

Treatment of PSUs Upon Separation

In order to maintain the value of outstanding PSU Awards as a result of the Separation, the number of unvested target PSUs allocated to each named executive officer for each of the fiscal 2011-2013, fiscal 2012-2014 and fiscal 2013-2015 performance periods was adjusted to convert the PSU Awards from awards over Class A Common Stock of pre-Separation News Corporation into awards over Class A Common Stock of 21st Century Fox. The adjustments were made based on the closing price of the Class A Common Stock of pre-Separation News Corporation on the final day of trading prior to the Separation (the "Pre-Separation Price") and the volume-weighted average price of the Class A Common Stock on the first day of trading as 21st Century Fox following the effective date of the Separation (the "Initial Post-Separation Price"). The Pre-Separation Price was

Table of Contents

divided by the Initial Post-Separation Price to derive a ratio (the Conversion Ratio) which was multiplied by the PSU Target Number for each named executive officer to adjust the PSU Target Number for each performance period.

Vesting of Performance-Based Long-Term Equity-Based Incentive Awards for Fiscal 2011-2013 Performance Period

The PSU Awards granted in August 2011 had a three year performance period ending on June 30, 2013 and, as described above, had performance measures based on average annual adjusted EPS growth, average annual adjusted FCF growth, and the Company's three-year TSR as measured against the three-year TSR of the companies that comprise the S&P 500. In August 2011, the Compensation Committee determined the following performance levels and weightings for each Performance Metric:

Fiscal 2011-2013 PSU Performance Metrics				
Performance Levels	Adjusted EPS Growth (40% weighting)	Adjusted FCF Growth (40% weighting)	TSR (20% weighting)	Payout as a % of Target Opportunity
Threshold	0%	0%	25th Percentile	0%
Target	10%	12.5%	50th Percentile	100%
Maximum	20%	25%	75th Percentile	200%

In August 2013, the Compensation Committee reviewed the Company's performance for the fiscal 2011-2013 performance period with respect to the PSUs granted in August 2010. The Compensation Committee evaluated and certified average year over year adjusted EPS growth of 17.3%, average year over year adjusted FCF growth of 0% and a three-year relative TSR percentile ranking at the 93rd percentile.

Performance Metrics	Target Performance	Actual Performance	Performance Factor
Adjusted EPS Growth	10.0%	17.3%	69%
Adjusted FCF Growth	12.5%	0%	0%
Relative TSR	50th Percentile	93rd Percentile	40%

Based on the Company's performance, the Compensation Committee determined a Final Performance Factor of 109%. As a result, Messrs. K.R. Murdoch, Carey, J.R. Murdoch and DeVoe each received a payment equal to the Final PSU Credits described below multiplied by the closing price of the Company's Class A Common Stock on the last trading day immediately prior to the Payment Date.

Named Executive Officers	Fiscal 2011-2013 Performance Period		Fiscal 2011-2013 Final PSU Credits
	Target PSU Award Opportunity ⁽¹⁾	Final Performance Factor	
Mr. K.R. Murdoch	338,295	109%	368,741
Mr. Carey	845,738	109%	921,854
Mr. J.R. Murdoch	507,442	109%	553,111
Mr. DeVoe	211,433	109%	230,461

(1) In connection with the Separation, the Compensation Committee converted the PSU Awards for Messrs. K.R. Murdoch, Carey, J.R. Murdoch and DeVoe for the fiscal 2011-2013 performance period into awards over Class A Common Stock of 21st Century Fox in accordance with the Conversion Ratio described above.

Adjustments to Fiscal 2012-2014 PSU Awards and Fiscal 2013-2015 PSU Awards

Any PSU Award made for the fiscal 2012-2014 performance period and the fiscal 2013-2015 performance period will be based on the Company's performance both prior to and following the Separation. The Compensation Committee determined to retain the same Performance Metrics and weightings of the Performance

Table of Contents

Metrics for these performance periods, as they are still applicable to 21st Century Fox. Further, the Compensation Committee determined that for fiscal years completed prior to the Separation, any results on which an applicable growth target was based would be considered on a pro forma basis so as to reflect the Separation.

For the fiscal 2013-2015 performance period, the Compensation Committee established for each of Messrs. K.R. Murdoch, Carey, J.R. Murdoch, DeVoe and Zweifach the following PSU Target Value. The corresponding target number of PSUs in the table below reflects the adjustment for the Separation based on the Conversion Ratio.

Named Executive Officers	Fiscal 2013-2015 Performance Period Target PSU Award Opportunity (\$ value)	Fiscal 2013-2015 Performance Period Target PSU Award Opportunity (number of PSUs) ⁽¹⁾
K. Rupert Murdoch	\$ 4.0 million	220,386
Chase Carey	\$ 10.0 million	550,965
James R. Murdoch	\$ 6.0 million	330,579
David F. DeVoe	\$ 2.5 million	137,741
Gerson Zweifach	\$ 0.25 million	13,773

(1) In connection with the Separation, the Compensation Committee converted the PSU Awards for Messrs. K.R. Murdoch, Carey, J.R. Murdoch, DeVoe and Zweifach for the fiscal 2013-2015 performance period into awards over Class A Common Stock of 21st Century Fox in accordance with the Conversion Ratio described above.

Fiscal 2014 Performance-Based Long-Term Equity-Based Incentive Awards

For the fiscal 2014-2016 performance period, the Compensation Committee established the following PSU Target Value, and corresponding target number of PSUs, based on the average closing price of the Class A Common Stock for the 20 trading days commencing July 1, 2013, for each of Messrs. K.R. Murdoch, Carey, J.R. Murdoch and Zweifach:

Named Executive Officers	Fiscal 2014-2016 Performance Period Target PSU Award Opportunity (\$ value)	Fiscal 2014-2016 Performance Period Target PSU Award Opportunity (number of PSUs)
K. Rupert Murdoch	\$ 5.7 million	188,679
Chase Carey	\$ 10.0 million	331,016
James R. Murdoch	\$ 6.0 million	198,609
Gerson Zweifach	\$ 0.25 million	8,275

In establishing the PSU Target Values above, the Compensation Committee considered that the PSU Award program properly motivates each of the named executive officers to drive Company performance and determined that the PSU Target Value for Messrs. Carey, J.R. Murdoch and Zweifach should remain unchanged from fiscal 2013 and that Mr. K.R. Murdoch's PSU Target Value should be adjusted as described above in the section entitled "2014 CEO Pay Mix". The Compensation Committee also recognized that Mr. K.R. Murdoch is a significant stockholder of the Company and therefore his interests are already aligned with stockholders' interests. However, the Compensation Committee determined that it was appropriate for Mr. K.R. Murdoch to participate in the PSU Award program because the Compensation Committee believes in providing the same type of incentive compensation opportunities to each of the named executive officers who are responsible for the Company's overall operations.

Retirement Benefits

Our defined-benefit pension plans serve as an important retention tool for long-term executives. In addition to a broad-based, tax-qualified pension plan, we also administer a Supplemental Executive Retirement Plan, or

Table of Contents

SERP, in which certain executives who will earn more than \$255,000 in calendar 2013 are eligible to participate. The SERP increases the retirement benefits of its participants above the amounts available under our broad-based plan, as limited by the Internal Revenue Code. Generally, the compensation limit for the SERP is capped at \$355,000 for calendar 2013. As an additional retention incentive, certain of the named executive officers participates in the Company's Individual Supplemental Employee Retirement Agreement Plan (ISERA), which provides enhanced benefits to certain of the Company's executives. The ISERA compensation limit is \$2.3 million for fiscal 2013. The ISERA also provides enhanced retirement health benefits to the participating executives and their spouses. The SERP and the ISERA are non-qualified plans for tax purposes and are funded using a grantor trust. The assets in the grantor trust are unsecured funds of the Company and could be used to satisfy the Company's obligations in the event of bankruptcy or insolvency. Mr. Zweifach is not eligible to participate in any of these pension plans due to them being closed to all new employees. For additional information on these arrangements and plans, please see the Pension Benefits Table and the Potential Payments Upon Termination Table, together with their accompanying footnotes, below.

Perquisites

Our named executive officers are provided with limited types of perquisites and other personal benefits that the Compensation Committee feels are reasonable and consistent with the Company's overall compensation philosophy. Perquisites constitute a very small percentage of each of the named executive officer's total compensation package. Some perquisites are intended to serve a specific business need for the benefit of the Company; however, it is understood that some may be used for personal reasons as well.

For safety and security reasons, all of the named executive officers are required to use the Company aircraft for all travel. We also provide automobiles for certain of our named executive officers. The perquisites received by each named executive officer in fiscal 2013, as well as their incremental cost to the Company, are reported in the Summary Compensation Table and its accompanying footnotes below.

Severance and Change in Control Arrangements

The employment agreements of Messrs. Carey, DeVoe and Zweifach contain negotiated severance provisions that provide benefits to these named executive officers upon their separation from the Company, which are more fully described in the section entitled "Potential Payments Upon Termination" below. None of the named executive officers' employment agreements or arrangements contains provisions relating to a change in control of the Company.

Recoupment of Previously Paid Named Executive Officer Performance-Based Compensation

The Board of Directors has policies requiring the recoupment of performance-based compensation paid to the named executive officers in the event of certain financial restatements or of other bonus compensation in certain other instances. The policies require reimbursement, to the extent permitted by governing law and any employment arrangements entered into prior to the adoption of the policies.

Prohibition on Hedging of 21st Century Fox Stock

The Company prohibits all directors and employees, including our named executive officers, from engaging in short sales of the Company's securities and investing in Company-based derivative securities, including options, warrants, stock appreciation rights or similar rights whose value is derived from the value of an equity security, such as the Company's common stock. This prohibition includes, but is not limited to, trading in Company-based put or call option contracts, trading in straddles and the like. However, holding and exercising stock options, restricted stock units or other derivative securities granted under the Company's equity compensation plans is not prohibited.

Table of Contents***Compensation Deductibility Policy***

In approving compensation, the Compensation Committee takes into account Section 162(m) of the Internal Revenue Code which generally limits to \$1 million the U.S. federal tax deductibility of compensation paid in one year to the named executive officers (other than, pursuant to Internal Revenue Service pronouncements, Mr. DeVoe, our Chief Financial Officer in fiscal 2013). However, the Compensation Committee has approved, and may continue to approve, compensation exceeding the \$1 million limitation, including with respect to a portion of base salary and long-term incentives, and exceeding the maximum bonus amount provided for under the Annual Bonus, in order to provide appropriate compensation. In fiscal 2013, a portion of each of our named executive officers' compensation exceeded the \$1 million threshold under Section 162(m) of the Internal Revenue Code, therefore, the Company estimates that it has foregone a tax benefit of approximately \$6.0 million under the current compensation framework. While accounting and tax treatment are relevant issues to consider, the Compensation Committee believes that stockholder interests are best served by not restricting flexibility in designing compensation programs, even though such programs may result in non-deductible compensation expenses for tax purposes.

As part of the executive compensation program, the named executive officers are eligible to receive performance-based annual bonus compensation and performance-based long-term equity-based incentive awards under the Company's Long-Term Incentive Plan. Performance-based compensation may qualify for an exception to the limit on deductibility, provided that the plan under which such compensation is paid meets certain requirements, including stockholder approval. Each of the Annual Bonus and the Company's Long-Term Incentive Plan is designed to permit awards that comply with the Section 162(m) exception for performance-based compensation. The stockholders of the Company have approved both of these plans.

For tax purposes, in order to preserve the ability to deduct annual performance-based compensation under Section 162(m) of the Internal Revenue Code, the Annual Bonus is conditioned upon the funding of a bonus pool (the Annual Bonus Pool). For fiscal 2013, the Compensation Committee approved a formula for funding the Annual Bonus Pool of 3.0% of the Company's adjusted total segment operating profit earned for the fiscal year, which represents the maximum annual performance-based compensation that is payable. Additionally, the Company's Annual Bonus program caps the amount to be paid to an individual in any fiscal year with an aggregate total of \$61.5 million payable to all eligible participants in fiscal 2013. After the Separation, the Compensation Committee revised the formula for funding the Annual Bonus Pool to 2.0% of the Company's OIBDA as the performance measure for fiscal 2014 to reflect the Company's new mix of businesses. The Compensation Committee selected OIBDA as the performance measure for the funding of the Annual Bonus Pool because it best reflects the Company's key financial objective for the operations for which the named executive officers have direct responsibility given the nature of the Company's business following the Separation.

In August 2013, the Compensation Committee certified the total segment operating profit earned and the maximum annual bonus amounts for Messrs. K.R. Murdoch, Carey, J.R. Murdoch and Zweifach. The Compensation Committee then exercised its downward discretion to adjust the actual payments to the level that was awarded to Messrs. K.R. Murdoch, Carey, J.R. Murdoch and Zweifach according to the methodology described above. Please see the section entitled Annual Bonus Compensation.

With respect to the Company's long-term incentive plan, the Compensation Committee also establishes performance goals for PSUs, with the intent that they will be eligible for deductibility under Section 162(m), as described in the Performance-Based Long-Term Equity-Based Incentive Awards section above. In August 2013, the Compensation Committee certified that one of the Performance Metrics was attained and that Messrs. K.R. Murdoch, Carey, and J.R. Murdoch were eligible to receive the maximum number of PSUs. The Compensation Committee then exercised its downward discretion to adjust the actual payments to the level that was awarded to Messrs. K.R. Murdoch, Carey, and J.R. Murdoch according to the methodology described above. Please see the section entitled Vesting of Performance-Based Long-Term Equity-Based Incentive Awards for Fiscal 2011-2013 Performance Period.

COMPENSATION COMMITTEE REPORT

The Compensation Committee of the Board of Directors has reviewed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K and discussed it with the Company's management. Based on the Compensation Committee's review and discussions with management, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the Company's Annual Report on Form 10-K for the fiscal year ended June 30, 2013 and this proxy statement.

THE COMPENSATION COMMITTEE:

James W. Breyer (Chairman)

Sir Roderick I. Eddington

Álvaro Uribe

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Compensation Committee consists of the following non-executive directors: James W. Breyer (Chairman), Sir Roderick I. Eddington and Álvaro Uribe, all of whom the Board has determined are independent in accordance with NASDAQ listing rules. There are no interlocking relationships as defined in the applicable SEC rules.

RISKS RELATED TO COMPENSATION POLICIES AND PRACTICES

The Compensation Committee has been delegated the authority to oversee the risk assessment of the Company's compensation policies and practices. At the direction of the Compensation Committee, members of senior management conducted the risk assessment. Such members gathered and reviewed information regarding pay practices and risk-mitigation factors within the Company's principal business units and its corporate division. Following an analysis of the data with the Compensation Committee, the Compensation Committee does not believe there are any risks from the Company's compensation policies and practices for its employees that are reasonably likely to have a material adverse effect on the Company. In addition, the Company's compensation programs include sufficient risk mitigation features, such as significant management discretion and oversight, a balance of annual and long-term incentives for senior executives, the use of multiple performance metrics which are generally set at the beginning of the performance period, award opportunities that are fixed or capped, and recoupment provisions for named executive officers' bonus compensation in the event of certain financial restatements or certain other instances.

The change in actuarial present value for each named executive officer's accumulated pension benefits under the applicable Company pension plan(s) from year to year as reported in the Summary Compensation Table is subject to market volatility and may not represent, nor does it affect, the value that a named executive officer will actually accrue under the Company's pension plans during any given fiscal year. There were no above-market earnings or preferential earnings on any compensation that was deferred pursuant to a nonqualified deferred compensation plan or other basis that is not tax-qualified.

Murdoch cannot commence his benefits until he retires. While his benefits are subject to the delay, the Company actuarially increases the amount of his benefits to maintain the value of benefits he has already earned.

Table of Contents*Description of Pension Benefits*

The Company sponsors the Employees Pension and Retirement Plan (the Qualified Pension Plan) which provides retirement benefits to the eligible named executive officers and employees of certain U.S. subsidiaries. The Qualified Pension Plan is a broad-based, tax-qualified defined benefit plan for employees hired before January 1, 2008. Participation in the Qualified Pension Plan begins on January 1 or July 1 following the later of the date on which an eligible employee attains age 21 or completes one full year of service. Under the Qualified Pension Plan, participants become fully vested in their accrued benefit upon completion of five full years of service and are entitled to receive unreduced benefits upon retirement at age 65 or later. The benefit is paid in the form of a monthly annuity. The accrued benefit under the Qualified Pension Plan at normal retirement age for service after June 30, 1989 is equal to 1% of monthly compensation times years of service, plus 0.6% of average monthly compensation in excess of average covered compensation times years of service limited to 35 years (includes service prior to June 30, 1989 for limiting service). For service prior to June 30, 1989, the accrued benefit is the accrued benefit calculated under the prior plan formula and adjusted for the increase in average compensation. Average compensation is generally compensation reported on the participant's W-2 form during the participant's last 120 months of service, plus 401(k) plan or Section 125 deferrals, but does not include non-cash bonuses for any 60 consecutive months. The Company pays the entire cost of the benefits provided under the Qualified Pension Plan. Eligible compensation for purposes of the Qualified Pension Plan is limited by federal law.

In addition to the Qualified Pension Plan, the Company maintains a SERP, which provides benefits to employees who are participants in the Qualified Pension Plan but whose annual compensation exceeds the compensation limit of the Qualified Pension Plan (\$255,000 in 2013). With the exception of Messrs. K.R. Murdoch and Zweifach, each of the named executive officers participates in the SERP. The compensation limit for the SERP is capped at \$100,000 in excess of the Qualified Pension Limit (\$355,000 in 2013). The benefits of the SERP are calculated using the same formula as the Qualified Pension Plan. The SERP is a non-qualified plan for tax purposes and is funded using a grantor trust. The assets in the grantor trust are unsecured funds of the Company and could be used to satisfy the Company's obligations in the event of bankruptcy or insolvency.

Certain of the named executive officers also participate in the Company's ISERA, which provides enhanced benefits to a select group of the Company's top executives. The ISERA compensation limit is \$2.3 million for fiscal 2013. The benefit provided under the ISERA is unreduced for early retirement beginning at age 55 and is paid as 100% joint and surviving spouse annuity. This benefit is indexed annually at retirement to account for inflation. The ISERA also provides retirement health and life insurance benefits to the participating executives and their spouses. The ISERA is a non-qualified plan for tax purposes and is funded using a grantor trust. The assets in the grantor trust are unsecured funds of the Company and could be used to satisfy the Company's obligations in the event of bankruptcy or insolvency.

Mr. Carey has accrued benefits under another qualified pension plan sponsored by the Company. He accrued benefits under this plan prior to participating under the Qualified Pension Plan. The Qualified Pension Plan counts Mr. Carey's service under the prior plan. However, the benefit payable from the Qualified Pension Plan is reduced by Mr. Carey's accrued benefit under the prior plan. Similar to the Qualified Pension Plan, the prior plan is a broad-based, tax-qualified, defined benefit plan that provides retirement benefits to employees hired before January 1, 2008 of certain U.S. subsidiaries of the Company. Under the prior plan, participants become fully vested in their accrued benefit upon completion of five years of service and are entitled to receive unreduced benefits upon retirement at age 65 or later. Participants retiring after age 55 with five years of service can receive an unreduced benefit at age 62. The benefit is paid in the form of a monthly annuity. The accrued benefit under the prior plan at normal retirement age is equal to 1.2% of the final average compensation times years of service, plus 0.4% of final average compensation in excess of average wage base times years of service. Final average compensation is the highest base salary plus commission during the five calendar years in the ten most recent calendar years divided by the lesser of 60 or the participant's months of credited service. The Company pays the entire cost of the benefits provided under the prior plan and eligible compensation for plan purposes is limited by federal law.

Pursuant to the Carey Amended Agreement, Mr. Carey is entitled to additional pension benefits in the event of his termination by the Company without Cause (as defined in the Carey Amended Agreement) or his resignation for Good Reason (as defined in the Carey Amended Agreement) during the term of the applicable agreement. The additional pension benefit adds the greater of 36 months or the number of months remaining in the term of the applicable employment agreement to his age and service credit in calculating his pension benefit. For example, if this provision was triggered during the fiscal year ended on June 30, 2013, Mr. Carey would receive a pension that would include 36 additional months of age and service credit from the fiscal year-end trigger date. The additional pension would be paid as long as either Mr. Carey or his spouse are alive. The present value of this additional benefit as of June 30, 2013 is \$2.4 million, determined using the same assumptions used to value the amount shown on the Pension Benefits Table above.

The material assumptions, except for assumed retirement age, used to quantify the present value of accumulated benefits for each named executive officer in the table above are set forth in Note 17 to the Company's Annual Report on Form 10-K for the fiscal year ended June 30, 2013, including the discount rate of 5.25% and mortality assumption of RP 2000 projecting continuous future improvements using Scale BB. The assumed retirement age for Messrs. K.R. Murdoch, Carey and DeVoe is their respective current age as they are each currently entitled to unreduced pension benefits under the ISERA. For Mr. J.R. Murdoch, the assumed retirement age is 55, the age he is entitled to receive unreduced benefits from the ISERA.

Potential Payments Upon Termination

As discussed under "Employment Arrangements" above, the employment agreements of each of Messrs. Carey, DeVoe and Zweifach provide for certain payments and benefits upon their respective separation from the Company. In addition, the letter agreements of each of Messrs. K.R. Murdoch, J.R. Murdoch and DeVoe contain certain termination provisions relating to their Annual Bonuses and PSUs. These provisions are summarized below.

Chase Carey

If Mr. Carey's employment is terminated during the term of the Carey Amended Agreement due to his death or Disability (as defined in the Carey Amended Agreement), Mr. Carey is entitled to receive:

- (1) his base salary accrued through the date of termination;
- (2) any Annual Bonus payable but not yet paid in respect of any fiscal year or other period ending prior to the date of termination;
- (3) SERP and ISERA benefits;
- (4) continued lifetime health and welfare benefits for Mr. Carey and his surviving spouse;
- (5) full acceleration and exercisability of any RSU awards granted to Mr. Carey in August 2010;
- (6) his base salary for the 24 month period after the date of termination;
- (7) a pro-rata portion of the Annual Bonus he would have earned for then-current fiscal year if such termination had not occurred, calculated based on the pre-determined target Annual Bonus amount established by the Compensation Committee at the beginning of such fiscal year; and
- (8) if such termination event occurs within the second or third fiscal year of any applicable performance period, the full value of any PSU Award calculated and paid at the end of the applicable performance period as if no termination occurred.

If Mr. Carey's employment is terminated by the Company for Cause (as defined in the Carey Amended Agreement) or by Mr. Carey without Good Reason (as defined in the Carey Amended Agreement), Mr. Carey is entitled to receive the benefits described in clauses (1) through (4) above, plus:

a pro-rata portion of the Annual Bonus he would have earned for the then-current fiscal year if such termination had not occurred, calculated based solely on the Compensation Committee's assessment of the Company's financial and operating performance as compared to the Company's annual budget; and

Table of Contents

if such termination event occurs within the second or third fiscal year of any applicable performance period, a pro-rata portion of any PSU Award he would have been entitled to receive, calculated and paid at the end of the applicable performance period as if no termination occurred.

If Mr. Carey's employment is terminated during the term of the Carey Amended Agreement by the Company without Cause or by Mr. Carey with Good Reason, Mr. Carey is entitled to receive the benefits described in clauses (1), (2), (3), (5) and (8) above, plus:

a severance payment consisting of a lump sum cash amount of \$8.1 million plus an amount equal to the Annual Bonus he received for the fiscal year ended immediately prior to the date of termination;
a pro-rata portion of the Annual Bonus he would have earned for the then-current fiscal year if such termination had not occurred, calculated based solely on the Compensation Committee's assessment of the Company's financial and operating performance as compared to the Company's annual budget; and
continued medical, disability, dental and life insurance coverage for Mr. Carey and his eligible dependents on the same basis as in effect immediately prior to his termination of employment through the third anniversary of the date of termination.

With respect to the PSU Award, in the event of any type of termination that occurs on or prior to the last day of the first fiscal year of any applicable performance period, the entire award will be forfeited. Any PSU Award granted to Mr. Carey more than one year prior to the expiration of the Carey Amended Agreement would be payable at the end of the applicable performance period.

if such termination event occurs within the second or third fiscal year of any applicable performance period, the full value of any PSU Award calculated and paid at the end of the applicable performance period as if no termination occurred.

If Mr. DeVoe's employment is terminated by reason of his death, the Company will pay directly to his surviving spouse or legal representative of his estate:

one year's base salary;
for one year following the date of death, the Benefits or payments on account of the Benefits;
any amounts pursuant to any pension or employee benefit plan or life insurance policy then provided to Mr. DeVoe or maintained by the Company;

if such termination event occurs within the second or third fiscal year of any applicable performance period, the full value of any PSU Award calculated and paid at the end of the applicable performance period as if no termination occurred.

If Mr. DeVoe's employment is terminated by the Company for Cause (as defined in the DeVoe Letter Agreement) or by Mr. DeVoe without Good Reason (as defined in the DeVoe Letter Agreement), Mr. DeVoe will be entitled to receive:

If Mr. DeVoe's employment is terminated by the Company without Cause or by Mr. DeVoe with Good Reason, Mr. DeVoe will be entitled to receive:

his full base salary through the term of the DeVoe Agreement;

the Benefits or payment on account of the Benefits through the term of the DeVoe Agreement;

any Annual Bonus payable but not yet paid in respect of any fiscal year prior to the date of termination;

for the year of termination, the greater of (i) a pro-rata portion of the Annual Bonus he would have earned for the then-current fiscal year if such termination had not occurred, calculated based solely on the Compensation Committee's assessment of the Company's financial and operating performance as compared to the Company's annual budget or (ii) a minimum Annual Bonus equal to the average of the two immediately preceding annual bonuses paid to Mr. DeVoe;

if such termination event occurs within the second or third fiscal year of any applicable performance period, the full value of any PSU Award calculated and paid at the end of the applicable performance period as if no termination occurred.

In addition, the DeVoe Agreement provides that Mr. DeVoe will not be required to seek or accept other employment for the term of such agreement and any amounts earned from any other employment for the term of the agreement will not reduce or otherwise affect the payments due to Mr. DeVoe.

With respect to the PSU Award, in the event of any type of termination that occurs on or prior to the last day of the first fiscal year of any applicable performance period, the entire award will be forfeited. To date, neither the Company or such subsidiaries have entered into such agreements.

If Mr. Zweifach's employment is terminated by the Company for Cause (as defined in his employment agreement) or by Mr. Zweifach upon four weeks' prior written notice to the Company, Mr. Zweifach will be entitled to receive:

Table of Contents**DIRECTOR COMPENSATION**

Directors' fees are not paid to Directors who are executives or employees of the Company (the "Executive Directors") because the responsibilities of Board membership are considered in determining compensation paid as part of the executives' normal employment conditions.

The basic fees payable to the Directors who are not executives of the Company (collectively, the "Non-Executive Directors") are reviewed and recommended by the Compensation Committee of the Board (the "Compensation Committee") and set by the Board. The Compensation Committee periodically reviews director compensation against the Company's peers and other comparably sized Standard & Poor's 500 companies and considers the appropriateness of the form and amount of director compensation and makes recommendations to the Board concerning director compensation with a view toward attracting and retaining qualified Directors. The Company believes that compensation for Non-Executive Directors should be competitive and fairly reflect the work and skills required for a company of 21st Century Fox's size and complexity. The Company also believes that Non-Executive Director compensation should include equity-based compensation in order to align Directors' interests with the long-term interests of stockholders.

During fiscal 2013, the Non-Executive Directors were Messrs. Aznar, Barnes, Breyer, Dinh, Knight, L.K. Murdoch, Thornton, Uribe, Sir Roderick I. Eddington, Ms. Bancroft and Ms. Chao. In October 2012, Messrs. Knight and Thornton retired from the Board. On June 28, 2013, in connection with the Separation, Messrs. Aznar and Barnes and Ms. Bancroft and Ms. Chao each resigned from the Board of the Company to join the board of directors of News Corp and Ms. Arnault and Messrs. Nasser and Silberman each joined the Board of the Company. The annual retainers paid to Non-Executive Directors for service on the Board and its committees in the fiscal year ended June 30, 2013 and for the upcoming fiscal year is set forth in the table below; provided that, for fiscal 2014, the DSU portion of the Non-Executive Directors' annual retainer was increased to \$150,000.

Board and Committee Retainers for the Fiscal Year Ended June 30, 2013

Annual Cash Retainer	\$ 100,000
Annual Deferred Stock Unit (DSU) Retainer	\$ 140,000
Audit Committee Chair Annual Retainer	\$ 27,000
Compensation Committee Chair Annual Retainer	\$ 16,000
Nominating and Corporate Governance Committee Chair Annual Retainer	\$ 16,000
Audit Committee Member Annual Retainer	\$ 16,000
Compensation Committee Member Annual Retainer	\$ 11,000
Nominating and Corporate Governance Committee Member Annual Retainer	\$ 11,000

The value of the Class A Common Stock underlying each DSU will be paid to the respective Non-Executive Director in cash at the market value of the Class A Common Stock on the fifth anniversary date of when it was credited to that Director's account, unless that Director leaves the Board before that date. Upon a Non-Executive Director's end of service on the Board, such Director will be paid in cash the value of the shares of Class A Common Stock credited to his or her account at the market value of those shares of Class A Common Stock as of the date of the Director's end of service.

In addition, all Non-Executive Directors are reimbursed for reasonable travel and other out-of-pocket business expenses incurred in connection with attendance at meetings of the Board and its committees.

In accordance with its written charter, the Audit Committee assists the Board in its oversight of (i) the integrity of the Company's financial statements and the Company's financial reporting processes and systems of internal control, (ii) the qualifications, independence and performance of the Company's independent registered public accounting firm and the performance of the Company's corporate auditors and corporate audit function, (iii) the Company's compliance with legal and regulatory requirements involving financial, accounting and internal control matters, (iv) investigations into complaints concerning financial matters, (v) risks that may have a significant impact on the Company's financial statements, (vi) oversight of the Company's ongoing Anti-Corruption Compliance Program and activities of the related Compliance Steering Committee and (vii) the review, approval and ratification of transactions with related parties. The Audit Committee provides an avenue of communication among management, the independent registered public accounting firm, the corporate auditors and the Board. Management has the primary responsibility for the preparation of the Company's financial statements and the reporting process, including the system of internal control over financial reporting. The independent registered public accounting firm has the responsibility for the audit of those financial statements and internal control over financial reporting. The Audit Committee's responsibility is to monitor and oversee these processes.

In discharging its oversight responsibility as to the audit process, the Audit Committee (i) obtained from the independent registered public accounting firm a formal written statement describing all relationships between the independent registered public accounting firm and the Company that might bear on the independent registered public accounting firm's independence and affirming its independence consistent with applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence, (ii) discussed with the independent registered public accounting firm, which documented the discussion, any relationships that may impact the firm's objectivity and independence, and (iii) considered whether the non-audit services provided to the Company by E&Y are compatible with maintaining the accountants' independence. The Audit Committee reviewed with both the independent registered public accounting firm and the corporate auditors their identification of audit risks, audit plans and audit scope. The Audit Committee discussed with management, the independent registered public accounting firm and the corporate auditors the corporate audit function's organization, responsibilities, budget and staffing.

The Audit Committee also discussed and reviewed with the independent registered public accounting firm all communications required by generally accepted auditing standards, including those described in Auditing Standards No. 16, "Communication with Audit Committees", as adopted by the Public Company Accounting Oversight Board. The Audit Committee met with each of the independent registered public accounting firm and the corporate auditors, both with management present and in private sessions without management present, to discuss and review the results of the independent registered public accounting firm's audit of the financial statements, including the independent registered public accounting firm's evaluation of the accounting principles, practices and judgments applied by management, the results of the corporate audit activities and the quality and adequacy of the Company's internal controls.

The Audit Committee discussed the interim financial information contained in each of the quarterly earnings announcements with Company management and the independent registered public accounting firm. The Audit Committee also reviewed the audited financial statements of the Company as of and for the fiscal year ended June 30, 2013 with management and the independent registered public accounting firm.

At three of its meetings during fiscal year 2013 and one meeting during fiscal year 2014, the Audit Committee met with members of management, the independent registered public accounting firm and the

corporate auditors to review the fiscal 2013 certifications provided by the Chief Executive Officer and the Chief Financial Officer under the Sarbanes-Oxley Act, the respective rules and regulations of the SEC and the overall certification process. At these meetings, management reviewed with the Committee each of the Sarbanes-Oxley Act certification requirements including whether there were any (i) significant deficiencies or material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the Company's ability to record, process, summarize and report financial information, and (ii) any fraud, whether or not material, involving management or other employees who have a significant role in the Company's internal control over financial reporting.

The Audit Committee received reports from the Company's Group General Counsel and Chief Compliance Officer and Corporate Audit regarding the Company's policies, processes and procedures relating to compliance with 21st Century Fox Global Anti-Bribery and Anti-Corruption Policy and activities of the Company's Compliance Steering Committee.

Based on the above-mentioned review and discussions with management, the independent registered public accounting firm and the corporate auditors, the Audit Committee recommended to the Board that the Company's audited financial statements be included in its Annual Report on Form 10-K for the fiscal year ended June 30, 2013, for filing with the SEC. The Audit Committee also recommended the reappointment, subject to stockholder ratification, of E&Y as the Company's independent registered public accounting firm, and the Board concurred in such recommendation.
