ABOUT THIS PROSPECTUS

This prospectus is part of a registration statement that we filed with the U.S. Securities and Exchange Commission, or SEC, utilizing a shelf registration process. By using a shelf registration statement, we may sell, at any time and from time to time in one or more offerings, any combination of the securities described in this prospectus.

We have not authorized anyone to provide you with different information. We are not making an offer of these securities in any jurisdiction where the offer is not permitted. You should not assume that the information in this prospectus or a prospectus supplement is accurate as of any date other than the date on the front of the document.

This prospectus provides you with a general description of the securities we may offer. Each time we sell securities, we will provide a prospectus supplement containing specific information about the terms of that offering. That prospectus supplement may include a discussion of any risk factors or other special considerations applicable to those securities. The prospectus supplement also may add, update or change information in this prospectus. If there is any inconsistency between the information in this prospectus and any prospectus supplement, you should rely on the information in the prospectus supplement. You should read both this prospectus and any prospectus supplement together with the additional information described under the heading **Where You Can Find More Information**.

The registration statement containing this prospectus, including the exhibits to the registration statement, provides additional information about us and the securities offered under this prospectus.

The exhibits to the registration statement contain the full text of certain contracts and other important documents we have summarized in this prospectus. You should review the full text of these documents because these summaries may not contain all the information that you may find important in deciding whether to purchase the securities we offer. The registration statement, including the exhibits, can be read at the SEC's website or at the SEC's offices mentioned under the heading **Where You Can Find More Information**.

In this prospectus, except as otherwise indicated, any references to ADT, we, us, our, or the Company refer to ADT Corporation and its consolidated subsidiaries. The ADT Corporation is a Delaware corporation and the issuer of the securities offered hereby. ADT was incorporated in Delaware in 2012 as a wholly-owned subsidiary of Tyco International Ltd. (Tyco). As part of a plan to separate Tyco into three independent companies, Tyco transferred the equity interests of the entities that held all of the assets and liabilities of its residential and small business security business in the United States and Canada to ADT. On September 28, 2012, Tyco distributed all of the shares of ADT to its shareholders on a pro rata basis, thereby completing its spin-off of ADT (the Separation) as an independent, publicly traded company.

SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

This prospectus, including documents incorporated by reference, contains certain forward-looking statements regarding business strategies, market potential, future financial performance, the effect of the separation of ADT from Tyco and other matters. Words such as anticipates, estimates, expects, projects, forecasts, intends, plans, words and terms of similar substance used in connection with any discussion of future operating or financial performance identify forward-looking statements. These forward-looking statements are based on management's current beliefs and assumptions and on information currently available to management about future events. Except for our ongoing obligations to disclose material information under the U.S. federal securities laws, we are not under any obligation to, and expressly disclaim any obligation to, update or alter any forward-looking statements whether as a result of such changes, new information, subsequent events or otherwise.

Various factors could adversely affect our operations, business or financial results in the future and cause our actual results to differ materially from those contained in the forward-looking statements, including those factors discussed in detail in Risk Factors. Our actual results could differ materially from management's expectations because of these factors, including:

competition in the markets we serve, including new entrants in these markets;

entry of potential competitors upon the expiration of non-competition agreements;

unauthorized use of our brand name;

risks associated with ownership of the ADT® brand name outside of the United States and Canada by Tyco, our former parent company;

failure to enforce our intellectual property rights;

allegations that we have infringed the intellectual property rights of third parties;

failure to maintain the security of our information and technology networks;

interruption to our monitoring facilities;

an increase in the rate of customer attrition;

our ability to develop or acquire new technology;

changes in U.S. and non-U.S. governmental laws and regulations;

increase in government regulation of telemarketing, email marketing and other marketing upon cost and growth of our business;

risks associated with our non-compete and non-solicit arrangements with Tyco;

shifts in consumers' choice of, or telecommunication providers' support for, telecommunication services and equipment;

our dependence on certain software technology that we license from third parties;

failure or interruption in products or services of third-party providers;

our greater exposure to liability for employee acts or omissions or system failures;

interference with our customers' access to some of our products and services through the Internet by broadband service providers;

potential impairment of our deferred tax assets;

Table of Contents

risks associated with acquiring and integrating customer accounts;

potential loss of authorized dealers and affinity marketing relationships;

failure to realize expected benefits from acquisitions;

risks associated with pursuing business opportunities that diverge from our current business model;

adverse developments in our relationship with our employees;

potential liabilities for obligations of The Brink's Company under the Coal Act;

changes in our credit ratings;

risks related to our increased indebtedness;

capital market conditions, including availability of funding sources;

potential liabilities for legacy obligations relating to the separation from Tyco;

failure to fully realize expected benefits from the separation from Tyco; and

difficulty in operating as an independent public company separate from Tyco.

These risks and uncertainties, as well as other risks and uncertainties that could cause our actual results to differ significantly from management's expectations, are described in greater detail in our Annual Report on Form 10-K for the fiscal year ended September 27, 2013, under Item 1A. Risk Factors. Although we believe we have been prudent in our plans and assumptions, no assurance can be given that any goal or plan set forth in forward-looking statements can or will be achieved, and readers are cautioned not to place undue reliance on such statements which speak only as of the date they are made. Although we undertake no obligation to revise or update any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by law, you are advised to consult any additional disclosures we make in our Annual Reports on Form 10-K, Quarterly Reports on Form 10-Q and Current Reports on Form 8-K filed with the SEC. The following table sets forth our historical ratios of earnings to fixed charges for the periods shown. DESCRIPTION OF DEBT SECURITIES

The following is a general description of the debt securities that we may offer from time to time. The particular terms of the debt securities offered by any prospectus supplement and the extent, if any, to which the general provisions described below may apply to those debt securities will be described in the applicable prospectus supplement. We also may sell hybrid debt securities that combine certain features of debt securities and other securities described in this prospectus. As you read this section, please remember that the specific terms of a debt security as described in the applicable prospectus supplement will supplement and may modify or replace the general terms described in this section. If there are any differences between the applicable prospectus supplement and this prospectus, the applicable prospectus supplement will control. As a result, the statements we make in this section may not apply to the debt security you purchase.

The ADT Corporation will be the issuer of any debt securities we may offer and references to we, our, or us in this description do not, unless the context otherwise indicates, include any of its subsidiaries. Capitalized terms used but not defined in this section have the respective meanings set forth in the applicable indenture.

General

The debt securities that we may offer will be either senior debt securities or subordinated debt securities. Any senior debt securities will be issued under an indenture, which we refer to as the senior indenture, to be entered into between us and the trustee named in the applicable prospectus supplement. Any subordinated debt securities will be issued under a different indenture, which we refer to as the subordinated indenture, to be entered into between us and the trustee named in the applicable prospectus supplement. We refer to both the senior indenture and the subordinated indenture as the indenture, and to each of the trustees under the indentures as the trustee. The terms of each series of debt securities will be set forth in a resolution of the board of directors of the Company, an officer's certificate or by a supplemental indenture. You should read the indentures, including any amendments or supplements or any officer's certificate setting forth the terms of any series of debt securities, carefully to fully understand the terms of the debt securities. The form of senior indenture and the form of subordinated indenture have been filed as exhibits to the registration statement of which this prospectus is a part. The indentures are subject to, and are governed by, the Trust Indenture Act of 1939, as amended (the Trust Indenture Act).

Any senior debt securities that we may issue will be our unsubordinated obligations. They will rank equally with each other and all of our other unsubordinated debt, unless otherwise indicated in the applicable prospectus supplement. Any subordinated debt securities that we may issue will be subordinated in right of payment to the prior payment in full of our senior debt. See Subordination of Subordinated Debt Securities. The subordinated debt securities will rank equally with each other, unless otherwise indicated in the applicable prospectus supplement. We will indicate in each applicable prospectus supplement, as of the most recent practicable date, the aggregate amount of our outstanding debt that would rank senior to the subordinated debt securities.

The indentures do not limit the amount of debt securities that can be issued thereunder and provide that debt securities of any series may be issued thereunder up to the aggregate principal amount that we may authorize from time to time. Unless otherwise provided in the applicable prospectus supplement, the indentures do not limit the amount of other indebtedness or securities that we may issue. We may issue debt securities of the same series at more than one time and, unless prohibited by the terms of the series, we may reopen a series for issuances of additional debt securities without the consent of the holders of the outstanding debt securities of that series. All debt securities issued as a series, including those issued pursuant to any reopening of a series, will vote together as a single class.

Edgar Filing: ADT Corp - Form S-3ASR

Table of Contents

Subordination of Subordinated Debt Securities

We will set forth in the applicable prospectus supplement the terms and conditions, if any, upon which any series of subordinated debt securities is subordinated to debt securities of another series or to our other indebtedness. The terms will include a description of:

the indebtedness ranking senior to the debt securities being offered;

the restrictions, if any, on payments to the holders of the debt securities being offered while a default with respect to the senior indebtedness is continuing; and

the provisions requiring holders of the debt securities being offered to remit some payments to the holders of senior indebtedness.

Redemption

If specified in the applicable prospectus supplement, we may redeem the debt securities of any series, as a whole or in part, at our option on and after the dates and in accordance with the terms established for such series, if any, in the applicable prospectus supplement. Interest on such debt securities or portions of debt securities will cease to accrue on and after the date fixed for redemption, unless ADT defaults in the payment of such redemption price and accrued interest with respect to any such debt security or portion thereof. If any date of redemption is not a business day, then payment of principal and interest may be made on the next succeeding business day with the same force and effect as if made on the nominal date of redemption and no interest will accrue for the period after such nominal date.

Selection and Notice

Notice of any redemption will be mailed, first class postage prepaid, at least 30 days but not more than 90 days before the redemption date to the trustee and each holder of debt securities to be redeemed. If ADT elects to redeem a portion but not all of the debt securities of a series, the trustee will select the debt securities to be redeemed in accordance with a method determined by ADT and the rules and procedures of The Depository Trust Company (DTC) in such manner as complies with applicable legal and stock exchange requirements, if any. If less than all the debt securities of a series are to be redeemed, the notice of redemption to holders of debt securities of such series will specify the particular debt securities to be redeemed. If any debt security is to be redeemed in part only, the notice of redemption that relates to such debt security will state the portion of the principal amount of that debt security that is to be redeemed and that a new debt security in principal amount equal to the unredeemed portion of such debt security will be issued.

Reports

So long as any debt securities are outstanding, ADT shall file with the trustee, within 15 days of filing with the SEC, copies of the annual reports and of the information, documents and other reports (or copies of such portions of any of the foregoing as the SEC may from time to time by rules and regulations prescribe) (SEC Reports) that ADT files with the SEC pursuant to Section 13 or Section 15(d) of the Exchange Act. ADT shall be deemed to have complied with the previous sentence to the extent that such information, documents and reports are filed with the SEC via EDGAR, or any successor electronic delivery procedure; provided, however, that the trustee shall have no obligation

whatsoever to determine whether or not such information, documents or reports have been filed pursuant to the EDGAR system (or its successor). Delivery of such reports, information and documents to the trustee is for informational purposes only and the trustee's receipt of such shall not constitute constructive notice of any information contained therein or determinable from information contained therein, including ADT's compliance with any of its covenants under the indenture (as to which the trustee is entitled to rely exclusively on officer's certificates).

Events of Default

With respect to debt securities of a particular series, "Event of Default" means any one or more of the following, except with respect to any series of debt securities for which the supplemental indenture or resolution

Table of Contents

of the board of directors under which such series of debt securities is issued or the form of debt security for such series expressly provides that any such Event of Default does not apply to such series of debt securities:

a default in the payment of any installment of interest upon any of the debt securities of such series as and when the same shall become due and payable, and continuance of such default for a period of 30 days;

a default in the payment of all or any part of the principal of or premium, if any, on any of the debt securities of such series as and when the same shall become due and payable either at maturity, upon redemption, by declaration or otherwise;

a default in the payment of any sinking fund installment as and when the same shall become due and payable by the terms of the debt securities of such series;

a default in the performance, or breach, of any covenant or agreement of ADT in respect of the debt securities of such series (other than a default or breach that is specifically dealt with elsewhere), and continuance of such default or breach for a period of 90 days after the date on which there has been given, by registered or certified mail, to ADT by the trustee or to ADT and the trustee by the holders of at least 25% in principal amount of the outstanding debt securities of a series affected by that default, a written notice specifying such default or breach and requiring it to be remedied and stating that the notice is a notice of default under the indenture;

a court having jurisdiction in the premises shall enter a decree or order for relief in respect of ADT in an involuntary case under any applicable bankruptcy, insolvency or other similar law now or hereafter in effect, or appointing a receiver, liquidator, assignee, custodian, trustee or sequestrator or similar official of ADT or for any substantial part of its property or ordering the winding up or liquidation of its affairs, and such decree or order shall remain unstayed and in effect for a period of 90 consecutive days;

ADT shall commence a voluntary case under any applicable bankruptcy, insolvency or other similar law now or hereafter in effect, or consent to the entry of an order for relief in an involuntary case under any such law, or consent to the appointment of or taking possession by a receiver, liquidator, assignee, custodian, trustee or sequestrator or similar official of ADT or, for any substantial part of its property, or make any general assignment for the benefit of creditors; and

any other Event of Default provided in the supplemental indenture or resolution of our board of directors under which such series of debt securities is issued or in the form of debt security for such series.

If an Event of Default shall have occurred and be continuing, in each and every case, unless the principal of all the debt securities of a particular series have already become due and payable, either the trustee or the holders of not less than 25% in aggregate principal amount of the debt securities of such series then outstanding, by notice in writing to ADT and, if given by such holders, to the trustee may declare the unpaid principal of all the debt securities to be due and payable immediately.

The holders of a majority in aggregate principal amount of the debt securities of a particular series, by written notice to ADT and the trustee may waive any existing default in the performance of any of the covenants contained in the indenture or established with respect to the debt securities of such series and its consequences, except a default in the payment of the principal of, premium, if any, or interest on, any of the debt securities as and when the same shall become due by the terms of such debt securities. Upon any such waiver, the default covered thereby and any Event of Default arising therefrom shall be deemed to be cured for all purposes of the indenture.

The holders of a majority in aggregate principal amount of the outstanding debt securities of a particular series shall have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred on the trustee with respect to the debt securities of such series; provided, however, that such direction shall not be in conflict with any rule of law or with the indenture or be unduly prejudicial to the rights of holders of debt securities of any other outstanding series of debt securities. Subject to the terms of the indenture, the trustee shall have the right to decline to follow any such direction if the trustee in good faith shall determine that the proceeding so directed would involve the trustee in personal liability.

Table of Contents

No holder of debt securities of any series shall have any right to institute any suit, action or proceeding in equity or at law under the indenture or to appoint a receiver or trustee, or to seek any other remedies under the indenture unless:

such holder previously shall have given to the trustee written notice of an Event of Default and the continuance thereof specifying such Event of Default;

the holders of not less than 25% in aggregate principal amount of the then outstanding debt securities of such series shall have made written request upon the trustee to institute such action, suit or proceeding in its own name as trustee;

such holder or holders shall have offered to the trustee such indemnity and security reasonably satisfactory to it as it may require against the costs, expenses and liabilities to be incurred therein or thereby;

the trustee, for 60 days after its receipt of such written notice, request and offer of indemnity and security reasonably satisfactory to it, shall have failed to institute any such action, suit or proceeding; and

during such 60 day period, the holders of a majority in principal amount of the debt securities of such series do not give the trustee a direction inconsistent with such request.

The right of any holder of debt securities of any series to receive payment of principal of, and premium, if any, and interest on such debt security or to institute suit for the enforcement of any such payment shall not be impaired or affected without the consent of such holder.

Covenants

Under the indenture, the following covenants will apply to the debt securities, except with respect to any series of debt securities for which the supplemental indenture or resolution of the board of directors under which such series of debt securities is issued or the form of debt security for such series expressly provides that any such covenant does not apply to such series of debt securities:

ADT will duly and punctually pay or cause to be paid the principal of, premium, if any, and interest on the debt securities of a series;

ADT will maintain an office or agency where debt securities of such series may be presented or surrendered for payment;

ADT will furnish to the trustee on or before March 31 of each year a certificate executed by its principal executive, financial or accounting officer as to such officer's knowledge of ADT's compliance with all covenants and agreements under the indenture required to be complied with by ADT; and

ADT will provide written notice of an Event of Default to the trustee within 30 days of the occurrence such Event of Default.

Limitation on the Ability to Consolidate, Merge or Sell Assets

ADT will covenant that it will not merge or consolidate with any other person or sell or convey all or substantially all of its assets to any person, unless:

(1) either (i) ADT shall be the continuing entity, or (ii) the successor entity or the person which acquires by sale or conveyance substantially all the assets of ADT, (A) shall expressly assume all of the obligations of ADT under the indenture, (B) is an entity treated as a corporation for U.S. tax purposes and obtains either (x) an opinion, in form and substance reasonably acceptable to the trustee, of tax counsel of recognized standing reasonably acceptable to the trustee, which counsel shall include Gibson, Dunn & Crutcher LLP, or (y) a ruling from the U.S. Internal Revenue Service, in either case to the effect that such merger or consolidation, or such sale or conveyance, will not result in an exchange of the debt securities for new debt instruments for U.S. federal

income tax purposes; and (C) with respect to the debt securities of any series then outstanding, expressly undertakes the obligations described under **Payment of Additional Amounts** in respect of such debt securities if such successor entity or other person is not organized under the laws of the United States or any state of the United States (a **Foreign Successor**); and

(2) no Event of Default (as defined in **Events of Default** above) and no event that, after notice or lapse of time or both, would become an Event of Default shall be continuing immediately after such merger or consolidation, or such sale or conveyance.

ADT shall deliver to the trustee prior to the consummation of the proposed transaction an officer's certificate to the forgoing effect and an opinion of counsel stating that the proposed transaction and any such supplemental indenture comply with the indenture.

Modification of the Indenture

The trustee and ADT may from time to time and at any time enter into an indenture or indentures supplemental to the indenture without the consent of any holders of any series of debt securities for one or more of the following purposes:

to cure any ambiguity, defect or inconsistency in the indenture or debt securities of any series, including making any such changes as are required for the indenture to comply with the Trust Indenture Act;

to add an additional obligor on the debt securities or to add a guarantor of any outstanding series of debt securities or to evidence the succession of another person to ADT, or successive successions, and the assumption by the successor person of the covenants, agreements and obligations of ADT, pursuant to provisions in the indenture concerning consolidation, merger, the sale of assets or successor entities;

to provide for uncertificated debt securities in addition to or in place of certificated debt securities;

to add to the covenants of ADT for the benefit of the holders of any outstanding series of debt securities or to surrender any of ADT's rights or powers under the indenture;

to add any additional Events of Default for the benefit of the holders of any outstanding series of debt securities;

to change or eliminate any of the provisions of the indenture, provided that any such change or elimination shall not become effective with respect to any outstanding debt security of any series created prior to the execution of such supplemental indenture which is entitled to the benefit of such provision;

to secure the debt securities of any series;

to make any other change that does not adversely affect the rights of any holder of outstanding debt securities in any material respect;

to provide for the issuance of and establish the form and terms and conditions of a series of debt securities, to provide which, if any, of the covenants of ADT shall apply to such series, to provide which of the Events of Default shall apply to such series, to name one or more guarantors and provide for guarantees of such series of debt securities, to provide for the terms and conditions upon which any guarantees by a guarantor of such series may be released or terminated, or to define the rights of the holders of such series of debt securities;

to issue additional debt securities of any series; provided that such additional debt securities have the same terms as, and are deemed part of the same series as, the applicable series of debt securities to the extent required under the indenture; or

to evidence and provide for the acceptance of appointment by a successor trustee with respect to the debt securities of one or more series and to add to or change any of the provisions of the indenture as shall be necessary to provide for or facilitate the administration of the trust by more than one trustee.

Table of Contents

In addition, under the indenture, with the written consent of the holders of not less than a majority in aggregate principal amount of the debt securities of each series at the time outstanding that is affected, ADT when authorized by board resolutions, and the trustee, from time to time and at any time may enter into an indenture or indentures to supplement the indenture. However, the following changes may only be made with the consent of each holder of outstanding debt securities affected:

extend a fixed maturity of or any installment of principal of any debt securities of any series or reduce the principal amount thereof or reduce the amount of principal of any original issue discount security that would be due and payable upon declaration of acceleration of the maturity thereof;

reduce the rate of or extend the time for payment of interest on any debt security of any series;

reduce the premium payable upon the redemption of any debt security;

make any debt security payable in currency other than that stated in the debt security;

impair the right to institute suit for the enforcement of any payment on or after the fixed maturity thereof or, in the case of redemption, on or after the redemption date;

modify the subordination provisions applicable to any debt security or the related guarantee in a manner adverse in any material respect to the holder thereof; or

reduce the percentage of debt securities, the holders of which are required to consent to any such supplemental indenture or indentures.

A supplemental indenture that changes or eliminates any covenant, Event of Default or other provision of the indenture that has been expressly included solely for the benefit of one or more particular series of debt securities, if any, or which modifies the rights of the holders of debt securities of such series with respect to such covenant, Event of Default or other provision, shall be deemed not to affect the rights under the indenture of the holders of debt securities of any other series.

It will not be necessary for the consent of the holders to approve the particular form of any proposed supplement, amendment or waiver, but it shall be sufficient if such consent approves the substance of it.

Information Concerning the Trustee

In case an Event of Default with respect to the debt securities of a series has occurred (that has not been cured or waived), the trustee shall exercise with respect to the debt securities of such series such of the rights and powers vested in it by the indenture, and use the same degree of care and skill in their exercise, as a prudent person would exercise or use under the circumstances in the conduct of his or her own affairs. None of the provisions contained in the indenture shall require the trustee to expend or risk its own funds or otherwise incur personal financial liability in

the performance of any of its duties or in the exercise of any of its rights or powers, if there is reasonable ground for believing that the repayment of such funds or liability is not assured to it under the terms of the indenture or indemnity and security reasonably satisfactory to it against such risk is not assured.

The trustee may resign with respect to one or more series of debt securities by giving a written notice to ADT and to the holders of the debt securities of such series. The holders of a majority in principal amount of the outstanding debt securities of a particular series may remove the trustee by notifying ADT and the trustee. ADT may remove the trustee if:

the trustee has or acquires a conflicting interest, within the meaning of Section 310(b) of the Trust Indenture Act, and fails to comply with the provisions of Section 310(b) of the Trust Indenture Act;

the trustee fails to comply with the eligibility requirements provided in the indenture and fails to resign after written request therefor by ADT or by any such holder in accordance with the indenture; or

Table of Contents

the trustee becomes incapable of acting, or is adjudged to be bankrupt or insolvent, or commences a voluntary bankruptcy proceeding, or a receiver of the trustee or of its property is appointed or consented to, or any public officer takes charge or control of the trustee or of its property or affairs for the purpose of rehabilitation, conservation or liquidation.

If the trustee resigns or is removed or if the office of the trustee is otherwise vacant, ADT will appoint a successor trustee in accordance with the provisions of the indenture.

A resignation or removal of the trustee and appointment of a successor trustee shall become effective only upon the successor trustee's acceptance of the appointment as provided in the indenture.

Payment and Paying Agents

The interest installment on any debt security that is payable, and is punctually paid or duly provided for, on the fixed date on which an installment of interest with respect to the debt securities of that series is due and payable, shall be paid to the person in whose name such debt security (or one or more predecessor securities) is registered at the close of business on the regular record date for such interest installment.

ADT, upon written notice to the trustee, may appoint one or more paying agents, other than the trustee, for all or any series of debt securities. The debt securities of a particular series will be surrendered for payment at the office of the paying agents designated by ADT. If ADT does not designate such an office, the corporate trust office of the trustee will serve as the office of the paying agent for such series. ADT or any of its subsidiaries may act as paying agent upon written notice to the trustee.

All funds paid by ADT to a paying agent or the trustee for the payment of the principal of, premium, if any, or interest on the debt securities which remains unclaimed for at least one year after such principal, premium, if any, or interest has become due and payable will be repaid to ADT and the holder of such debt securities thereafter may look only to ADT for payment thereof.

Governing Law

The indenture and any debt securities issued thereunder shall be deemed to be a contract made under the internal laws of the State of New York, and for all purposes shall be construed in accordance with the laws of the State of New York without regard to conflicts of laws principles that would require the application of any other law. The indenture is subject to the provisions of the Trust Indenture Act that are required to be part of the indenture and shall, to the extent applicable, be governed by such provisions.

Defeasance and Discharge of Obligations

ADT's obligations with respect to any series of debt securities will be discharged upon compliance with the conditions under the caption **Covenant Defeasance** if, with respect to all debt securities of that particular series that have not been previously delivered to the trustee for cancellation or that have not become due and payable as described below, such debt securities have been paid by ADT by depositing irrevocably with the trustee, in trust, funds or governmental obligations, or a combination thereof, sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay at maturity or upon redemption all such outstanding debt securities of that series, such deposit to include:

principal;

premium, if any;

interest due or to become due to such date of maturity or date fixed for redemption, as the case may be; and

Table of Contents

all other payments due under the terms of the indenture with respect to the debt securities of such series. Notwithstanding the above, ADT may not be discharged from the following obligations, which will survive until such date of maturity or the redemption date for the applicable series of debt securities:

to make any interest or principal payments that may be required;

to register the transfer or exchange of the debt securities of such series;

to execute and authenticate the debt securities;

to replace stolen, lost or mutilated debt securities;

to maintain an office or agency;

to maintain paying agencies; and

to appoint new trustees as required.

ADT also may not be discharged from the following obligations which will survive the satisfaction and discharge of the applicable series of debt securities:

to compensate and reimburse the trustee in accordance with the terms of the indenture;

to receive unclaimed payments held by the trustee for at least one year after the date upon which the principal, if any, or interest on the debt securities shall have respectively come due and payable and remit those payments to the holders if required; and

to withhold or deduct taxes as provided in the indenture.

Covenant Defeasance

Upon compliance with specified conditions, ADT will not be required to comply with some covenants contained in the indenture and the supplemental indenture, and any omission to comply with the obligations will not constitute a default or Event of Default relating to the applicable series of debt securities, or, if applicable, ADT's obligations with respect to the applicable series of debt securities will be discharged. These conditions are:

ADT irrevocably deposits in trust with the trustee or, at the option of the trustee, with a trustee satisfactory to the trustee and ADT under the terms of an irrevocable trust agreement in form and substance satisfactory to the trustee, funds or governmental obligations or a combination thereof sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay principal of, premium, if any, and interest on the outstanding debt securities of such series to maturity or redemption, as the case may be, and to pay all other amounts payable by it hereunder, provided that (A) the trustee of the irrevocable trust shall have been irrevocably instructed to pay such funds or the proceeds of such governmental obligations to the trustee and (B) the trustee shall have been irrevocably instructed to apply such funds or the proceeds of such governmental obligations to the payment of principal, premium, if any, and interest with respect to the debt securities of such series;

ADT delivers to the trustee an officer's certificate stating that all conditions precedent specified herein relating to defeasance or covenant defeasance, as the case may be, have been complied with, and an opinion of counsel to the same effect;

no Event of Default shall have occurred and be continuing, and no event which with notice or lapse of time or both would become such an Event of Default shall have occurred and be continuing, on the date of such deposit;

ADT shall have delivered to the trustee an opinion of counsel or a ruling received from the Internal Revenue Service to the effect that the holders of the debt securities of such series will not recognize

income, gain or loss for federal income tax purposes as a result of ADT's exercise of such defeasance or covenant defeasance and will be subject to U.S. Federal income tax in the same amount and in the same manner and at the same times as would have been the case if such election had not been exercised;

such defeasance or covenant defeasance shall not (i) cause the trustee to have a conflicting interest for purposes of the Trust Indenture Act with respect to any debt securities or (ii) result in the trust arising from such deposit to constitute, unless it is registered as such, a regulated investment company under the Investment Company Act of 1940; and

such defeasance or covenant defeasance shall be effected in compliance with any additional or substitute terms, conditions or limitations which may be imposed on ADT pursuant to the indenture.

Redemption Upon Changes in Withholding Taxes

If a Foreign Successor is, or there is a material probability that it will become, obligated to pay Additional Amounts pursuant to Payment of Additional Amounts, then the debt securities may be redeemed, as a whole but not in part, under the following conditions:

The Foreign Successor delivers to the trustee:

a certificate of such Foreign Successor stating that the obligation to pay Additional Amounts cannot be avoided by such Foreign Successor taking commercially reasonable measures available to it; and

a written opinion of independent legal counsel to such Foreign Successor of recognized standing to the effect that such Foreign Successor has, or there is a material probability that it will become obligated, to pay Additional Amounts and that such Foreign Successor cannot avoid the payment of such Additional Amounts by taking commercially reasonable measures available to it; and

Following the delivery of the certificate and opinion described in the previous bullet point, the debt securities may be redeemed, as a whole but not in part, upon not less than 30 and not more than 90 days notice (which notice shall be irrevocable); provided, however, that no notice of redemption may be given earlier than 90 days prior to the earliest date on which the Foreign Successor would be obligated to pay such Additional Amounts, and the obligation to pay Additional Amounts must still be in effect when the notice is given.

Upon the occurrence of each of the bullet points above, the Foreign Successor may redeem the debt securities at a redemption price equal to 100% of the principal amount thereof, together with accrued interest, if any, to the redemption date and Additional Amounts, if any.

Payment of Additional Amounts

The obligations described in this section **Payment of Additional Amounts** will only apply if ADT merges or consolidates with, or sells or conveys substantially all of its assets to, a Foreign Successor (as permitted under paragraph (1) in **Covenants Limitation on the Ability to Consolidate, Merge or Sell Assets** above).

Unless otherwise required by law, a Foreign Successor will not deduct or withhold from payments made by such Foreign Successor under or with respect all debt securities of any series on account of any present or future taxes, duties, levies, imposts, assessments or governmental charges of whatever nature imposed or levied by or on behalf of the jurisdiction of organization of such Foreign Successor (the **Taxing Jurisdiction** , and such amounts imposed or levied by or on behalf of the Taxing Jurisdiction, **Taxes**). In the event that a Foreign Successor is required to withhold or deduct any amount for or on account of any Taxes from any payment made under or with respect to the debt securities of any series, such Foreign Successor will pay such additional amounts (**Additional Amounts**) so that the net amount received by each holder of debt securities of such series

Table of Contents

(including Additional Amounts) after such withholding or deduction will equal the amount that such holder would have received if such Taxes had not been required to be withheld or deducted.

Additional Amounts will not be payable with respect to a payment made to a holder of debt securities of such series or a holder of beneficial interests in the debt securities of such series where such holder is subject to taxation on such payment by the Taxing Jurisdiction for any reason other than such holder's mere ownership of the debt securities of such series or for or on account of:

any Taxes that are imposed or withheld solely because such holder or a fiduciary, settlor, beneficiary, or member of such holder if such holder is an estate, trust, partnership, limited liability company or other fiscally transparent entity, or a person holding a power over an estate or trust administered by a fiduciary holder:

is or was present or engaged in, or is or was treated as present or engaged in, a trade or business in the Taxing Jurisdiction or has or had a permanent establishment in the Taxing Jurisdiction;

has or had any present or former connection (other than the mere fact of ownership of such debt securities) with the Taxing Jurisdiction imposing such taxes, including being or having been a citizen or resident thereof or being treated as being or having been a resident thereof; or

owns or owned 10% or more of the total combined voting power of all classes of stock of the Foreign Successor;

any estate, inheritance, gift, sales, transfer, excise, personal property or similar Taxes imposed with respect to the debt securities of such series;

any Taxes imposed solely as a result of the presentation of such debt securities, where presentation is required, for payment on a date more than 30 days after the date on which such payment became due and payable or the date on which payment thereof is duly provided for, whichever is later, except to the extent that the beneficiary or holder thereof would have been entitled to the payment of Additional Amounts had the debt securities of such series been presented for payment on any date during such 30-day period;

any Taxes imposed solely as a result of the failure of such holder or any other person to comply with applicable certification, information, documentation or other reporting requirements concerning the nationality, residence, identity or connection with the Taxing Jurisdiction of such holder, if such compliance is required by statute or regulation of the Taxing Jurisdiction as a precondition to relief or exemption from such Taxes;

Edgar Filing: ADT Corp - Form S-3ASR

any Taxes imposed by reason of any connection between such holder and the Taxing Jurisdiction (other than connections arising solely from such holder's ownership of the debt securities);

any Taxes that are payable by any method other than withholding or deduction by the Foreign Successor or any paying agent from payments in respect of such debt securities and any backup withholding Taxes;

any Taxes required to be withheld by any paying agent from any payment in respect of any debt securities of such series if such payment can be made without such withholding by at least one other paying agent; or

any combination of the above conditions.

Additional Amounts will not be payable to or for the account of any holder or holder of a beneficial interest in debt securities of such series if such payment would not be subject to such withholding or deduction of Taxes but for the failure of such holder or holder of a beneficial interest in debt securities of such series to make a valid declaration of non-residence or other similar claim for exemption or to provide a certificate declaring its non-residence, and if (x) the making of such declaration or claim or the provision of such certificate is required or

Table of Contents

imposed by statute, treaty, regulation, ruling or administrative practice of the relevant Taxing Authority as a precondition to an exemption from, or reduction in, the relevant Taxes, and (y) at least 90 days prior to the first payment date with respect to which the Foreign Successor shall apply this paragraph, the Foreign Successor shall have notified all holders of debt securities of any series in writing that they shall be required to provide such declaration or claim.

Additional Amounts also will not be payable to any holder or the holder of a beneficial interest in a debt security of any series that is a fiduciary, partnership, limited liability company or other fiscally transparent entity, or to such holder that is not the sole holder of such debt security or holder of such beneficial interest in a debt security, as the case may be. The exception, however, will apply only to the extent that a beneficiary or settlor with respect to the fiduciary, or a beneficial owner or member of the partnership, limited liability company or other fiscally transparent entity, would not have been entitled to the payment of an Additional Amount had the beneficiary, settlor, beneficial owner or member received directly its beneficial or distributive share of the payment.

In addition, no Additional Amounts will be paid on account of any taxes imposed or withheld pursuant to Sections 1471 through 1474 of the Code (or any amended or successor version that is substantively comparable) and any current or future regulations promulgated thereunder or official interpretations thereof.

At least 30 days prior to each date on which any payment under or with respect to the debt securities of a series is due and payable, if a Foreign Successor will be obligated to pay Additional Amounts with respect to such payment, the Foreign Successor will deliver to the trustee an officer's certificate stating the fact that such Additional Amounts will be payable, the amounts so payable and such other information as is necessary to enable the trustee to pay such Additional Amounts to holders of such debt securities of such series on the payment date.

The foregoing provisions shall survive any termination or the discharge of the indenture and shall apply to any jurisdiction in which the Foreign Successor (or any successor to the Foreign Successor if such successor is not organized under the laws of the United States or any state of the United States) is organized or is engaged in business for tax purposes or any political subdivisions or taxing authority or agency thereof or therein.

Whenever in this Description of Debt Securities there is mentioned, in any context, the payment of principal, premium, if any, redemption price, interest or any other amount payable under or with respect to the debt securities, such mention includes the payment of Additional Amounts to the extent payable in the particular context.

Book-Entry, Delivery and Form

The debt securities of a series may be issued in whole or in part in the form of one or more global securities that will be deposited with, or on behalf of, a depository identified in the applicable prospectus supplement. Global securities may be issued in either registered or bearer form and in either temporary or permanent form. Unless otherwise provided in such prospectus supplement, debt securities that are represented by a global security will be issued in denominations of \$2,000 or any integral multiple of \$1,000 in excess thereof and will be issued in registered form only, without coupons.

We anticipate that any global securities will be deposited with, or on behalf of, DTC, and that such global securities will be registered in the name of Cede & Co., DTC's nominee. We further anticipate that the following provisions will apply to the depository arrangements with respect to any such global securities. Any additional or differing terms of the depository arrangements will be described in the prospectus supplement relating to a particular series of debt securities issued in the form of global securities.

Beneficial interests in the global securities will be represented through book-entry accounts of financial institutions acting on behalf of beneficial owners as direct or indirect participants in DTC.

Table of Contents

Investors may elect to hold their interests in the global securities through either DTC (in the United States) or (in Europe) through Clearstream or through Euroclear. Investors may hold their interests in the global securities directly, if they are participants of such systems, or indirectly through organizations that are participants in these systems. Clearstream and Euroclear will hold interests on behalf of their participants through customers' securities accounts in Clearstream's and Euroclear's names on the books of their respective U.S. depositories, which in turn will hold these interests in customers' securities accounts in the depositories' names on the books of DTC. Beneficial interests in the global securities will be held in denominations of \$2,000 and multiples of \$1,000 in excess thereof. Except as set forth below, the global securities may be transferred, in whole and not in part, only to another nominee of DTC or to a successor of DTC or its nominee.

Debt securities represented by a global security can be exchanged for definitive securities in registered form only if:

DTC notifies us that it is unwilling or unable to continue as depository for that global security, and we do not appoint a successor depository within 90 days after receiving that notice;

at any time DTC ceases to be a clearing agency registered or in good standing under the Exchange Act, as amended, or other applicable statute or regulation, and we do not appoint a successor depository within 90 days after becoming aware that DTC has ceased to be registered as a clearing agency; or

we determine that that global security will be exchangeable for definitive securities in registered form and we notify the trustee of our decision.

A global security that can be exchanged as described in the preceding sentence will be exchanged for definitive securities issued in authorized denominations in registered form for the same aggregate amount. The definitive securities will be registered in the names of the owners of the beneficial interests in the global security as directed by DTC.

We will make principal and interest payments on all debt securities represented by a global security to a paying agent which in turn will make payment to DTC or its nominee, as the case may be, as the sole registered owner and the sole holder of the debt securities represented by a global security for all purposes under the indenture. Accordingly, we, the trustee and any paying agent will have no responsibility or liability for:

any aspect of DTC's records relating to, or payments made on account of, beneficial ownership interests in a debt security represented by a global security; or

any other aspect of the relationship between DTC and its participants or the relationship between those participants and the owners of beneficial interests in a global security held through those participants; or the maintenance, supervision or review of any of DTC's records relating to those beneficial ownership interests. DTC has advised us that its current practice is to credit participants' accounts on each payment date with payments in amounts proportionate to their respective beneficial interests in the principal amount of such global security as shown on DTC's records, upon DTC's receipt of funds and corresponding detail information. The underwriters or agents for

the debt securities represented by a global security will initially designate the accounts to be credited. Payments by participants to owners of beneficial interests in a global security will be governed by standing instructions and customary practices, as is the case with securities held for customer accounts registered in street name, and will be the sole responsibility of those participants. Book-entry debt securities may be more difficult to pledge because of the lack of a physical note. So long as DTC or its nominee is the registered owner of a global security, DTC or its nominee, as the case may be, will be considered the sole owner and holder of the debt securities represented by that global security for all purposes of such debt securities. Owners of beneficial interests in such debt securities will not be entitled to have debt securities registered in their names, will not receive or be entitled to receive physical delivery of such debt securities in definitive form and will not be considered owners or holders of debt securities under the indenture. Accordingly, each person owning a beneficial interest in a global security must rely on the procedures of DTC and, if that person is not a DTC

Table of Contents

participant, on the procedures of the participant through which that person owns its interest, to exercise any rights of a holder of debt securities. The laws of some jurisdictions require that certain purchasers of securities take physical delivery of the securities in certificated form. These laws may impair the ability to transfer beneficial interests in a global security. Beneficial owners may experience delays in receiving distributions on their debt securities since distributions will initially be made to DTC and must then be transferred through the chain of intermediaries to the beneficial owner's account.

We understand that, under existing industry practices, if we request holders to take any action, or if an owner of a beneficial interest in a global security desires to take any action which a holder is entitled to take under the indenture, then DTC would authorize the participants holding the relevant beneficial interests to take that action and those participants would authorize the beneficial owners owning through such participants to take that action or would otherwise act upon the instructions of beneficial owners owning through them.

Beneficial interests in a global security will be shown on, and transfers of those ownership interests will be effected only through, records maintained by DTC and its participants for that global security. The conveyance of notices and other communications by DTC to its participants and by its participants to owners of beneficial interests in the debt securities represented by such global security will be governed by arrangements among them, subject to any statutory or regulatory requirements in effect.

DTC has advised us that it is a limited-purpose trust company organized under the New York Banking Law, a banking organization within the meaning of the New York Banking Law, a member of the Federal Reserve System, a clearing corporation within the meaning of the New York Uniform Commercial Code and a clearing agency registered pursuant to Section 17A of the Exchange Act.

DTC holds the securities of its participants and facilitates the clearance and settlement of securities transactions among its participants in such securities through electronic book-entry changes in accounts of its participants. The electronic book-entry system eliminates the need for physical certificates. DTC's participants include both U.S. and non-U.S. securities brokers and dealers, including underwriters, banks, trust companies, clearing corporations and certain other organizations. DTC is a wholly owned subsidiary of The Depository Trust & Clearing Corporation (DTCC). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others, such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a custodial relationship with a participant, either directly or indirectly. The rules applicable to DTC and its participants are on file with the SEC.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that we believe to be reliable, but we take no responsibility for the accuracy thereof.

Clearstream

Clearstream has advised us that it is incorporated under the laws of Luxembourg as a professional depository. Clearstream holds securities for its participating organizations (Clearstream Participants), and facilitates the clearance and settlement of securities transactions between Clearstream Participants through electronic book-entry changes in accounts of Clearstream Participants, thereby eliminating the need for physical movement of certificates. Clearstream provides to Clearstream Participants, among other things, services for safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Clearstream interfaces with domestic securities markets in several countries. As a registered bank in Luxembourg, Clearstream is subject to

regulation by the Luxembourg Commission for the Supervision of the Financial Sector (Commission de Surveillance du Secteur Financier). Clearstream Participants are recognized financial institutions around the world, including underwriters, securities brokers and dealers, banks, trust companies and clearing corporations. In the U.S., Clearstream Participants are limited to securities brokers and

Table of Contents

dealers and banks. Indirect access to Clearstream is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Clearstream Participant either directly or indirectly. Clearstream is an indirect participant in DTC.

Distributions with respect to debt securities held beneficially through Clearstream will be credited to cash accounts of Clearstream Participants in accordance with its rules and procedures, to the extent received by the U.S. Depository for Clearstream.

Euroclear

Euroclear has advised us that it was created in 1968 to hold securities for participants of Euroclear (Euroclear Participants), and to clear and settle transactions between Euroclear Participants through simultaneous electronic book-entry delivery against payment, thereby eliminating the need for physical movement of certificates and any risk from lack of simultaneous transfers of securities and cash. Euroclear performs various other services, including securities lending and borrowing, and interacts with domestic markets in several countries. The Euroclear System is owned by Euroclear Clearance System Public Limited Company (ECSplc) and operated through Euroclear Bank S.A/N.V. (the Euroclear Operator), a bank incorporated under the laws of the Kingdom of Belgium, under contract with Euroclear Clearance Systems S.C., a Belgian cooperative corporation (the Cooperative). All operations are conducted by the Euroclear Operator, and all Euroclear securities clearance accounts and Euroclear cash accounts are accounts with the Euroclear Operator, not the Cooperative. The Cooperative establishes policy for Euroclear on behalf of Euroclear Participants. Euroclear Participants include banks, including central banks, securities brokers and dealers and other professional financial intermediaries. Indirect access to Euroclear is also available to other firms that clear through or maintain a custodial relationship with a Euroclear Participant, either directly or indirectly.

The Euroclear Operator advises us that it is regulated and examined by the Belgian banking and Finance Commission and the National Bank of Belgium.

Securities clearance accounts and cash accounts with the Euroclear Operator are governed by the Terms and Conditions Governing Use of Euroclear and the related Operating Procedures of the Euroclear System, and applicable Belgian law, herein the Terms and Conditions. The Terms and Conditions govern transfers of securities and cash within Euroclear, withdrawals of securities and cash from Euroclear, and receipts of payments with respect to securities in Euroclear. All securities in Euroclear are held on a fungible basis without attribution of specific certificates to specific securities clearance accounts. The Euroclear Operator acts under the Terms and Conditions only on behalf of Euroclear Participants, and has no record of or relationship with persons holding through Euroclear Participants.

Distributions with respect to debt securities held beneficially through Euroclear will be credited to the cash accounts of Euroclear Participants in accordance with the Terms and Conditions, to the extent received by the U.S. Depository for Euroclear.

Euroclear has further advised us that investors that acquire, hold and transfer interests in the debt securities by book-entry through accounts with the Euroclear Operator or any other securities intermediary are subject to the laws and contractual provisions governing their relationship with their intermediary, as well as the laws and contractual provisions governing the relationship between such an intermediary and each other intermediary, if any, standing between themselves and the global securities.

Global Clearance and Settlement Procedures

Initial settlement for the debt securities will be made in immediately available funds. Secondary market trading between DTC participants will occur in the ordinary way in accordance with DTC rules and will be settled in immediately available funds using DTC's Same-Day Funds Settlement System. Secondary market

Table of Contents

trading between Clearstream Participants and/or Euroclear Participants will occur in the ordinary way in accordance with the applicable rules and operating procedures of Clearstream and Euroclear and will be settled using the procedures applicable to conventional eurobonds in immediately available funds.

Cross-market transfers between persons holding directly or indirectly through DTC, on the one hand, and directly or indirectly through Clearstream Participants or Euroclear Participants, on the other, will be effected through DTC in accordance with DTC rules on behalf of the relevant European international clearing system by its U.S. Depositary; however, such cross-market transactions will require delivery of instructions to the relevant European international clearing system by the counterparty in such system in accordance with its rules and procedures and within its established deadlines (European time). The relevant European international clearing system will, if the transaction meets its settlement requirements, deliver instructions to its U.S. Depositary to take action to effect final settlement on its behalf by delivering or receiving debt securities through DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Clearstream Participants and Euroclear Participants may not deliver instructions directly to their respective U.S. Depositories.

Because of time-zone differences, credits of debt securities received through Clearstream or Euroclear as a result of a transaction with a DTC participant will be made during subsequent securities settlement processing and dated the business day following the DTC settlement date. Such credits or any transactions in such debt securities settled during such processing will be reported to the relevant Euroclear Participants or Clearstream Participants on such business day. Cash received in Clearstream or Euroclear as a result of sales of debt securities by or through a Clearstream Participant or a Euroclear Participant to a DTC participant will be received with value on the DTC settlement date but will be available in the relevant Clearstream or Euroclear cash account only as of the business day following settlement in DTC.

If the debt securities are cleared only through Euroclear and Clearstream (and not DTC), you will be able to make and receive through Euroclear and Clearstream payments, deliveries, transfers, exchanges, notices, and other transactions involving any securities held through those systems only on days when those systems are open for business. Those systems may not be open for business on days when banks, brokers, and other institutions are open for business in the United States. In addition, because of time-zone differences, U.S. investors who hold their interests in the securities through these systems and wish to transfer their interests, or to receive or make a payment or delivery or exercise any other right with respect to their interests, on a particular day may find that the transaction will not be effected until the next business day in Luxembourg or Brussels, as applicable. Thus, U.S. investors who wish to exercise rights that expire on a particular day may need to act before the expiration date.

Although DTC, Clearstream and Euroclear have agreed to the foregoing procedures in order to facilitate transfers of debt securities among participants of DTC, Clearstream and Euroclear, they are under no obligation to perform or continue to perform such procedures and such procedures may be modified or discontinued at any time. Neither we nor any paying agent will have any responsibility for the performance by DTC, Euroclear or Clearstream or their respective direct or indirect participants of their obligations under the rules and procedures governing their operations.

Table of Contents

Anti-Takeover Provisions of our Certificate of Incorporation, Bylaws and Delaware law

Certificate of Incorporation and Bylaws

Certain provisions in our certificate of incorporation and bylaws may be deemed to have an anti-takeover effect and may delay, deter or prevent a tender offer or takeover attempt that a shareholder might consider to be in its best interests, including attempts that might result in a premium being paid over the market price for the shares held by shareholders. These provisions are intended to enhance the likelihood of continuity and stability in the composition of the board of directors and in the policies formulated by the board of directors and to discourage certain types of transactions that may involve an actual or threatened change of control.

Our certificate of incorporation and bylaws contain provisions that permit us to issue, without any further vote or action by the shareholders, up to 50 million shares of preferred stock in one or more series and, with respect to each such series, to fix the number of shares constituting the series, the designation of the series, the voting powers, if any, of the shares of the series, the preferences and relative, participating, optional and other special rights, if any, and any qualifications, limitations or restrictions of the shares of such series. The ability to issue such preferred stock could discourage potential acquisition proposals and could delay or prevent a change in control.

Delaware Takeover Statute

We are subject to Section 203 of the Delaware General Corporation Law (the "DGCL"), which, subject to certain exceptions, prohibits a Delaware corporation from engaging in any "business combination" (as defined below) with any "interested shareholder" (as defined below) for a period of three years following the date that such shareholder became an interested shareholder, unless: (1) prior to such date, the board of directors of the corporation approved either the business combination or the transaction that resulted in the shareholder becoming an interested shareholder; (2) on consummation of the transaction that resulted in the shareholder becoming an interested shareholder, the interested shareholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced, excluding for purposes of determining the number of shares outstanding those shares owned (x) by persons who are directors and also officers and (y) by employee stock plans in which employee participants do not have the right to determine confidentially whether shares held subject to the plan will be tendered in a tender or exchange offer; or (3) on or subsequent to such date, the business combination is approved by the board of directors and authorized at an annual or special meeting of shareholders, and not by written consent, by the affirmative vote of at least 66 2/3% of the outstanding voting stock that is not owned by the interested shareholder.

Section 203 of the Delaware General Corporation Law defines "business combination" to include: (1) any merger or consolidation involving the corporation and the interested shareholder; (2) any sale, transfer, pledge or other disposition of 10% or more of the assets of the corporation involving the interested shareholder; (3) subject to certain exceptions, any transaction that results in the issuance or transfer by the corporation of any stock of the corporation to the interested shareholder; (4) any transaction involving the corporation that has the effect of increasing the proportionate share of the stock of any class or series of the corporation beneficially owned by the interested shareholder; or (5) the receipt by the interested shareholder of the benefit of any loans, advances, guarantees, pledges or other financial benefits provided by or through the corporation. In general, Section 203 defines an "interested shareholder" as any entity or person beneficially owning 15% or more of the outstanding voting stock of the corporation and any entity or person affiliated with or controlling or controlled by such entity or person.

Item 15. Indemnification of Directors and Officers.

Section 145 of the DGCL provides for, among other things:

(i) permissive indemnification for expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by designated persons, including directors and officers of a corporation, in the event such persons are parties to litigation other than stockholder derivative actions if certain conditions are met;

(ii) permissive indemnification for expenses (including attorneys' fees) actually and reasonably incurred by designated persons, including directors, officers, employees or agents of a corporation, in the event such persons are parties to stockholder derivative actions if certain conditions are met;

(iii) mandatory indemnification for expenses (including attorneys' fees) actually and reasonably incurred by designated persons, including directors and officers of a corporation, in the event such persons are successful on the merits or otherwise in defense of litigation covered by (i) and (ii) above; and

(iv) that the indemnification and advancement of expenses provided for by Section 145 is not deemed exclusive of any other rights which may be provided under any bylaw, agreement, stockholder or disinterested director vote, or otherwise.

ADT's bylaws require indemnification, to the fullest extent permitted under Delaware law as it presently exists or may be amended, of any person (an "indemnitee") who is or was involved in any manner or threatened to be made so involved in any action, suit or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that such person is or was serving as a director or officer of ADT or is or was serving at the request of ADT as director, officer, employee or agent or trustee of another corporation, or of a partnership, joint venture, trust or other

enterprise, including service with respect to employee benefit plans, against all expense, liability and loss (including attorney's fees, judgments, fines, ERISA excise taxes or penalties and amounts paid in settlement) reasonably incurred by such indemnitee in connection with such proceeding; provided that the foregoing shall not apply to a director or officer with respect to a proceeding that was commenced by such director or officer except under certain circumstances.

In addition, ADT's bylaws provide that the expenses (including attorney's fees) incurred by or on behalf of an indemnitee in connection with any proceeding in advance of its final disposition or a proceeding brought to establish or enforce a right to indemnification or advancement of expenses under such bylaws will be advanced

II-1

to the indemnitee by ADT upon the request of the indemnitee, which request, if required by law, will include an undertaking by or on behalf of the indemnitee to repay the amounts advanced if ultimately it is determined by final judicial decision from which there is no further right to appeal that the indemnitee was not entitled to be indemnified or entitled to advancement of the expenses under such bylaws.

ADT's bylaws also expressly state that ADT may grant rights to indemnification and to the advancement of expenses to any of ADT's employees or agents to the fullest extent of the provisions of such bylaws.

The indemnification rights to be provided in ADT's bylaws will not be exclusive of any other right to which persons seeking indemnification may otherwise be entitled.

As permitted by Delaware law, ADT's bylaws authorize ADT to purchase and maintain insurance to protect any director, officer, employee or agent against any expense, liability or loss that such persons may incur in such capacities.

ADT has adopted a form of indemnification agreement, included as an exhibit to this registration statement (the Indemnification Agreement), for ADT's directors and officers. ADT expects that each of its current and future directors and officers will enter into substantially similar indemnification agreements. The Indemnification Agreement provides that ADT will indemnify such persons against any and all loss and liability suffered and expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred in connection with any threatened, pending or completed action, suit or proceeding such persons are or may be made a party by reason of the fact that such person is or was or has agreed to serve as a director or officer of ADT, and ADT may assume the defense of such action, suit or proceeding with counsel reasonably acceptable to such persons. The Indemnification Agreement also provides for the advancement of expenses incurred by such persons in appearing at, participating in or defending such action, suit or proceeding. The Indemnification Agreement provides that indemnification is not required with respect to (i) claims initiated by such persons (prior to a change of control) to establish or enforce any right under, or to interpret, the Indemnification Agreement, (ii) any suit in which judgment is rendered against such persons pursuant to Section 16(b) of the Exchange Act, (iii) conduct by such persons that has been determined by a final judgment as to which there is no further right or option of appeal or the time within which an appeal must be filed has expired without such filing to have been knowingly fraudulent or constitute willful misconduct, (iv) any circumstance where such indemnification has been determined by a final judgment as to which there is no further right or option of appeal or the time within which an appeal must be filed has expired without such filing to be prohibited by law, or (v) such persons' reimbursement to ADT of any bonus or other incentive-based or equity-based compensation previously received by such person or payment of any profits realized by such person from the sale of ADT's securities, in each under the Exchange Act. The Indemnification Agreement also sets forth certain procedures that will apply in the event of indemnification thereunder.

Item 17. Undertakings.

The undersigned Registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in the volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (i), (ii) and (iii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the SEC by the Registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities in the post-effective amendment at that time shall be deemed to be the initial *bona fide* offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) Each prospectus filed by the Registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5) or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after

effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates,

and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. *Provided, however,* that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the Registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned Registrant undertakes that in a primary offering of securities of the undersigned Registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned Registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned Registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned Registrant or used or referred to by the undersigned Registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned Registrant or its securities provided by or on behalf of the undersigned Registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned Registrant to the purchaser.

(6) That, for purposes of determining any liability under the Securities Act of 1933, each filing of the Registrant's annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(7) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
