PROSPECTUS SUMMARY

The Company

YRC Worldwide is a holding company that, through wholly owned operating subsidiaries and its interest in a Chinese joint venture, offers its customers a wide range of transportation services. We have one of the largest, most comprehensive less-than-truckload (LTL) networks in North America with local, regional, national and international capabilities. Through our team of experienced service professionals, we offer industry-leading expertise in heavyweight shipments and flexible supply chain solutions, ensuring customers can ship industrial, commercial and retail goods with confidence. Our reporting segments include the following:

YRC Freight is the reporting segment focused on business opportunities in national, regional and international services. YRC Freight provides for the movement of industrial, commercial and retail goods, primarily through centralized management and customer facing organizations. This segment includes our LTL subsidiary YRC Inc. (YRC Freight) and Reimer Express (YRC Reimer), a subsidiary located in Canada that specializes in shipments into, across and out of Canada. In addition to the United States and Canada, YRC Freight also serves parts of Mexico, Puerto Rico and Guam.

Regional Transportation is the reporting segment for our transportation service providers focused on business opportunities in the regional and next-day delivery markets. Regional Transportation is comprised of USF Holland (Holland), New Penn Motor Express (New Penn) and USF Reddaway (Reddaway). These companies each provide regional, next-day ground services in their respective regions through a network of facilities located across the United States, Canada, Mexico and Puerto Rico.

In 2011 and 2010, we reported Truckload as a separate segment, which consisted of Glen Moore, a former domestic truckload carrier. On December 15, 2011, we sold the majority of Glen Moore's assets to a third party and concluded its operations.

Our business experienced net losses in each of fiscal 2012, 2011 and 2010 and for the nine-month period ended September 30, 2013. Net losses in fiscal 2012, 2011 and 2010 were \$136.5 million, \$354.4 million and \$327.8 million, respectively. Net loss was \$84.0 million for the nine-months ended September 30, 2013. Contributing factors to our net losses in fiscal 2012, 2011 and 2010 were the challenges facing transportation services generally as a result of the prolonged slow economic recovery, competitive pressures in the LTL industry stemming from excess capacity that resulted in lower profit margins, interest expense and financing costs, and our operating cost structure. In each of 2009 and 2011, we implemented financial restructurings to improve our balance sheet and to provide additional operating liquidity. Since our restructuring in 2011, our senior management team and board of directors have put strategies in place that are focused on driving productivity and efficiency improvements. These efforts have been concentrated on improving pricing and shipping volumes as well as customer mix, redeploying shared services and, in turn, driving more autonomy, responsibility and accountability to our operating companies, streamlining operations and our transportation network, and divesting non-core assets.

YRC Freight

YRC Freight offers a full range of services for the transportation of industrial, commercial and retail goods in national, regional and international markets, primarily through the operation of owned or leased equipment in its North American ground distribution networks. Transportation services are provided for various categories of goods,

which may include (among others) apparel, appliances, automotive parts, chemicals, food, furniture, glass, machinery, metal, metal products, non-bulk petroleum products, rubber, textiles, wood and other manufactured products or components. YRC Freight provides both LTL services, which combine shipments from multiple customers on a single trailer, and truckload services. Most deliveries are LTL shipments with truckload services offered to maximize equipment utilization and reduce empty miles (the distance empty or partially full trailers travel to balance the network). YRC Freight also provides higher-margin specialized services, including guaranteed expedited services, time-specific deliveries, cross-border services, coast-to-coast air delivery, product returns, temperature-sensitive shipment protection and government material shipments.

YRC Freight serves manufacturing, wholesale, retail and government customers throughout North America. YRC Freight shipments have an average shipment size of approximately 1,200 lbs. and travel an average distance of roughly 1,300 miles. Operations research and engineering teams centrally coordinate the equipment, routing, sequencing and timing necessary to transport shipments through our network.

Risk factors

Please see the sections entitled Risk Factors included in this prospectus and Part I, Item 1A, Risk Factors, included within our Annual Report on Form 10-K for the year ended December 31, 2012, which was filed with the SEC on February 21, 2013 and Part II, Item 1A, Risk Factors, of our Quarterly Reports on Form 10-Q for the three months ended March 31, 2013, June 30, 2013 and September 30, 2013, or our subsequent filings with the SEC, which are incorporated by reference into this prospectus, as well as those discussed elsewhere in this prospectus, any accompanying prospectus supplement or in any document incorporated by reference herein or therein, for a discussion of some of the factors you should carefully consider before deciding to purchase our Common Stock.

Table of Contents**DESCRIPTION OF TRANSACTIONS****Overview**

On December 22, 2013, we executed the Stock Purchase Agreements pursuant to which we agreed to sell (the Sales), in the aggregate, a combination of shares of our Common Stock and shares of our Convertible Preferred Stock, for an aggregate purchase price of \$250.0 million in cash. We intend to use the proceeds therefrom to repay indebtedness. In addition, certain existing holders of the Series B Notes agreed to exchange or convert their Series B Notes for shares of our Common Stock (the Series B Note Exchanges). We refer to the Sales, the application of the proceeds therefrom and the Series B Note Exchanges collectively as the Transactions.

Stock Purchase Agreements

On December 22, 2013, we entered into the Stock Purchase Agreements with certain investors (the Buyers) pursuant to which we issued and sold to each Buyer, and each Buyer severally purchased from us, shares of Common Stock, and, in the case of certain Buyers, shares of the Convertible Preferred Stock, for an aggregate purchase price of \$250.0 million in cash. The Common Stock and the Convertible Preferred Stock were issued pursuant to an exemption from registration in Rule 506 of Regulation D promulgated under Section 4(a)(2) of the Securities Act of 1933, as amended (the Securities Act). The Convertible Preferred Stock will convert into shares of Common Stock automatically following the occurrence of the events described in the Certificate of Designations, Preferences, Powers and Rights of Class A Convertible Preferred Stock (the Certificate of Designations) described below. Each Buyer paid a purchase price of \$15 per share for each share of Common Stock and a purchase price of \$60 per share for each share of Convertible Preferred Stock allocated to it. On January 31, 2014, we issued an aggregate of 14,333,334 shares of Common Stock and an aggregate of 583,334 shares of Convertible Preferred Stock pursuant to the Stock Purchase Agreements.

In each Stock Purchase Agreement, we agreed to hold an annual or special meeting of stockholders as promptly as practicable following execution of the Stock Purchase Agreements to vote on a proposal to (i) approve an amendment to our Amended and Restated Certificate of Incorporation (the Certificate Amendment) to increase the number of authorized shares of Common Stock to a number of shares sufficient for effecting the conversion of the Convertible Preferred Stock into shares of Common Stock and (ii) in order to comply with the NASDAQ stockholder approval requirements relating to the issuance of shares of Common Stock upon conversion of the Convertible Preferred Stock, approve the removal of any restrictions on the conversion of the Convertible Preferred Stock (the Conversion Removal). If approval with respect to either the Certificate Amendment or the Conversion Removal is not obtained at the first stockholders meeting, then we will continue to seek approval of the Certificate Amendment and/or the Conversion Removal at subsequent stockholders meetings.

In addition, pursuant to a Stock Purchase Agreement, certain Buyers converted approximately \$12,907,773 aggregate principal amount of their Series B Notes into 806,456 shares of Common Stock concurrently with the consummation of the Transactions and in accordance with the terms of the indenture governing the Series B Notes.

Certificate of Designations, Preferences, Powers and Rights of Class A Convertible Preferred Stock

As contemplated by the Stock Purchase Agreements, we filed the Certificate of Designations with the Secretary of State of the State of Delaware in connection with the closing of the transactions contemplated by the Stock Purchase Agreements. The Convertible Preferred Stock has an initial stated value and liquidation preference of \$60 per share. Beginning on the six month anniversary of the issue date of the Convertible Preferred Stock, and for so long as any shares of Convertible Preferred Stock remain outstanding, the Convertible Preferred Stock will accrue cumulative

dividends at an annual rate of 5% until the first anniversary of the issue date, at an annual rate of 10% for the period beginning on the first day after the first anniversary of the issue date and ending on the eighteen-month anniversary of the issue date and at an annual rate of 15% thereafter.

Immediately upon effectiveness of the Certificate Amendment, each share of the Convertible Preferred Stock will automatically be converted into a number of shares of Common Stock equal to the quotient obtained by dividing (i) the liquidation preference plus the amount of accrued dividends by (ii) the conversion price of \$15 per share, provided that if the conversion would result in a Buyer owning more than 19.99% of the issued and outstanding Common Stock, the portion of the Buyer's shares of Convertible Preferred Stock will only convert such that the Buyer will hold not more than 19.99% of the issued and outstanding Common Stock (the "Common Stock Cap"). The Convertible Preferred Stock will continue to automatically convert in this manner on the last day of each calendar quarter subsequent to the date of the Certificate

Table of Contents

Amendment and at any time shares of Convertible Preferred Stock are transferred by a Buyer to an unaffiliated third party following effectiveness of the Certificate Amendment. If the holders of the Common Stock approve the removal of the Common Stock Cap in accordance with the applicable NASDAQ Listing Rules, all remaining shares of Convertible Preferred Stock will automatically convert into shares of Common Stock at the conversion price.

Exchange Agreements

On December 22, 2013, we entered into the Exchange Agreements with certain holders of our Series B Notes (collectively, the Exchanging Holders) pursuant to which the Exchanging Holders agreed to exchange approximately \$37,700,144 aggregate principal amount of our Series B Notes held by the Exchanging Holders, plus accrued and unpaid interest thereon up to and including January 15, 2014, for an aggregate of 2,588,045 shares of our Common Stock in a private placement. Such Common Stock was issued on January 31, 2014, pursuant to an exemption from registration in Rule 506 of Regulation D promulgated under Section 4(a)(2) of the Securities Act.

Registration Rights Agreement

In connection with the Agreements, we entered into a registration rights agreement with each of the Buyers and each of the Exchanging Holders pursuant to which we agreed to file, within three business days of the closing of the Transactions, a registration statement under the Securities Act, registering the resale by the Buyers and the Exchanging Holders of the shares of Common Stock received by them pursuant to the Transactions, including the shares of Common Stock to be issued upon the conversion of the Convertible Preferred Stock issued pursuant to the Transactions. We also agreed to use commercially reasonable efforts to have the registration statement declared effective by the date that is ninety (90) calendar days following the closing of the Transactions, provided, however, if we are notified by the SEC that the registration statement will not be reviewed or is no longer subject to further review and comments, the effectiveness deadline will be the later of (i) the fifth business day following the date on which such notice is received by us and (ii) the business day immediately prior to the closing of the Transactions.

If we breach certain of our obligations under the registration rights agreement, we will pay each holder thereunder liquidated damages in cash at a rate equal to 1.00% per annum of the sum of (i) the purchase price of securities acquired pursuant to the Stock Purchase Agreements then held by such holder, and (ii) \$15 multiplied by the number of shares of Common Stock received upon exchange or conversion of the Series B Notes then held by such holder. The registration rights are subject to the restrictions in the registration rights agreement. We will pay the expenses in connection with the registration, other than underwriting discounts, selling commissions of the holders and legal expenses of the selling stockholders in excess of \$50,000. The registration statement, of which this prospectus is a part, is intended to satisfy our obligations under such registration rights agreement.

Our business, financial condition, liquidity or results of operations could be materially adversely affected by any of these risks.

Risks Related to this Offering and Ownership of Our Common Stock

The price of our Common Stock may fluctuate significantly, and this may make it difficult for you to resell our Common Stock when you want or at prices you find attractive.

The market price for our Common Stock has been highly volatile and subject to wide fluctuations. During the period from July 22, 2011 following the completion of our restructuring until February 3, 2014, the market price of our Common Stock ranged from \$303.00 (as adjusted to give retroactive effect to our December 1, 2011 one-for-three hundred reverse stock split) to \$4.56 per share. From January 1, 2013 to February 3, 2014, the market price of our Common Stock ranged from \$5.75 to \$36.99 per share. The closing market price of our Common Stock on February 3, 2014 was \$21.48 per share. We expect the market price of our Common Stock to continue to be volatile and subject to wide fluctuations in response to a wide variety of factors, including the following:

fluctuations in stock market prices and trading volumes of securities of similar companies;

general market conditions and overall fluctuations in U.S. equity markets;

variations in our operating results, or the operating results of our competitors;

changes in our financial guidance or securities analysts' estimates of our financial performance;

sales of large blocks of our Common Stock, including sales by our executive officers, directors and significant stockholders;

additions or departures of any of our key personnel;

announcements related to litigation;

changing legal or regulatory developments in the U.S. and other countries; and

discussion of us or our stock price by the financial press and in online investor communities. In addition, the stock markets from time to time experience price and volume fluctuations that may be unrelated or disproportionate to the operating performance of companies and that may be extreme. These fluctuations may adversely affect the trading price of our Common Stock, regardless of our actual operating performance.

We issued a substantial number of shares of Common Stock and shares of Convertible Preferred Stock convertible into shares of our Common Stock in connection with the Transactions and have agreed to register such shares of Common Stock under the Securities Act, which could lead to significant sales of our Common Stock and may adversely affect the market price of our Common Stock.

Pursuant to the Transactions, we issued an aggregate of 17,727,835 shares of our Common Stock and 583,334 shares of our Convertible Preferred Stock, which is convertible into 2,333,336 shares of our Common Stock upon stockholder approval of the Certificate Amendment, subject to the Common Stock Cap. We are unable to predict the potential effects of such issuance of Common Stock, including the shares of Common Stock to be issued upon conversion of the Convertible Preferred Stock, on the trading activity and market price of our Common Stock. Pursuant to a registration rights agreement we entered into with each of the Buyers and each of the Exchanging Holders, we have granted the Buyers and Exchanging Holders and their permitted transferees certain registration rights for the resale of such shares of our Common Stock, including the shares of our Common issuable upon conversion of the Convertible Preferred Stock. The registration statement, of which this prospectus is a part, is intended to satisfy our obligations and will permit the Buyers and Exchanging Holders

Table of Contents

and their permitted transferees to offer such shares of Common Stock for resale from time to time. These registration rights would facilitate the resale of such shares of Common Stock into the public market, and any such resale would increase the number of shares of our Common Stock available for public trading. Sales by the Buyers and Exchanging Holders and their permitted transferees of a substantial number of shares of our Common Stock in the public market, or the perception that such sales may occur, could have a material adverse effect on the market price of our Common Stock.

Future issuances of our Common Stock or equity-related securities in the public market could adversely affect the trading price of our Common Stock and our ability to raise funds in new stock offerings.

In the future, we may issue significant numbers of additional shares of our Common Stock to raise capital or in connection with a restructuring or refinancing of our maturing indebtedness. Shares of our Common Stock are reserved for issuance on conversion of our remaining convertible notes, exercise of outstanding stock options and vesting of outstanding share units. As of January 30, 2014, we had outstanding options to purchase an aggregate of 33,102 shares of Common Stock, outstanding share units representing the right to receive a total of 203,245 shares of Common Stock upon vesting and an aggregate of 858,593 shares of our Common Stock was reserved for future issuance under our 2011 Incentive and Equity Award Plan (the 2011 Plan). We have registered under the Securities Act all of the shares of Common Stock that we may issue upon the exercise of our outstanding options and the vesting of outstanding share units and on account of future awards made under the 2011 Plan. All of these registered shares can be freely sold in the public market upon issuance, except for shares issued to our directors and executive officers, which sales are subject to certain volume restrictions. If a large number of these shares are sold in the public market, the sales could reduce the trading price of our Common Stock.

We cannot predict the size of future issuances or the effect, if any, that such issuances may have on the market price for our Common Stock. Sales of significant amounts of our Common Stock or equity-related securities in the public market, or the perception that such sales may occur, could adversely affect prevailing trading prices of our Common Stock and the value of our remaining convertible notes and could impair our ability to raise capital through future offerings of equity or equity-related securities. Further sales of shares of our Common Stock or the availability of shares of our Common Stock for future sale, including sales of our Common Stock by investors who view our remaining convertible notes as a more attractive means of equity participation in our Company or in connection with hedging and arbitrage activity that may develop with respect to our Common Stock, could adversely affect the trading price of our Common Stock.

We are subject to restrictions on paying dividends on our Common Stock and we do not intend to pay dividends on our Common Stock in the foreseeable future.

We do not anticipate that we will be able to pay any dividends on shares of our Common Stock in the foreseeable future. We intend to retain any future earnings to fund operations, to service debt and to use for other corporate needs. In addition, our amended and restated credit agreement restricts the payment of dividends on our Common Stock other than in additional shares of our Common Stock.

We can issue shares of preferred stock that may adversely affect your rights as a holder of our Common Stock.

Our certificate of incorporation currently authorizes the issuance of five million shares of preferred stock. Our board of directors is authorized to approve the issuance of one or more series of preferred stock without further authorization of our shareholders and to fix the number of shares, the designations, the relative rights and the limitations of any series of preferred stock. As a result, our board, without shareholder approval, could authorize the issuance of preferred stock with voting, conversion and other rights that could proportionately reduce, minimize or otherwise

adversely affect the voting power and other rights of holders of our Common Stock or other series of preferred stock or that could have the effect of delaying, deferring or preventing a change in our control.

Our certificate of incorporation and bylaws have been filed as exhibits to the registration statement of which this prospectus is a part and are incorporated by reference into this prospectus. Preferred Stock

General

The following is a description of general terms and provisions of our preferred stock. As of the date of this prospectus, we had one share of our Series A Voting Preferred Stock outstanding and 583,334 shares of our Convertible Preferred Stock outstanding.

We are authorized to issue up to 5,000,000 shares of preferred stock, \$1.00 par value per share. Subject to the rights of the holders of any series of preferred stock, the number of authorized shares of preferred stock may be increased or decreased (but not below the number of shares then outstanding) by the affirmative vote of a majority of the voting power (as defined below), without a separate class vote of the holders of the preferred stock. Subject to limitations prescribed by law, our board of directors is authorized at any time to:

issue one or more series of preferred stock;

determine the designation for any series by number, letter or title that shall distinguish the series from any other series of preferred stock; and

determine the number of shares in any series.

Our board of directors is authorized to determine the terms with respect to the series of preferred stock being offered, which may include (without limitation) the following:

whether dividends on that series of preferred stock will be cumulative, noncumulative or partially cumulative;

the dividend rate or method for determining the rate;

the liquidation preference per share of that series of preferred stock, if any;

the conversion provisions applicable to that series of preferred stock, if any;

any redemption or sinking fund provisions applicable to that series of preferred stock;

the voting rights of that series of preferred stock, if any; and

the terms of any other powers, preferences or rights, if any, and the qualifications, limitations or restrictions thereof, applicable to that series of preferred stock.

The preferred stock, when issued, will be fully paid and nonassessable.

Convertible Preferred Stock

Background

See Description of Transactions above.

Ranking

The Convertible Preferred Stock has an initial stated value and liquidation preference of \$60 per share and ranks senior to our Common Stock and any other stock that ranks junior to the Convertible Preferred Stock with respect to distributions of assets upon liquidation, dissolution or winding up of the Company.

The Convertible Preferred Stock is an equity interest in the Company and does not constitute indebtedness. In the event of bankruptcy, liquidation, dissolution, reorganization or similar proceeding with respect to us, our indebtedness will effectively rank senior to the Convertible Preferred Stock, and the holders of our indebtedness will be entitled to the satisfaction of any amounts owed to them prior to the payment of the liquidation preference of any capital stock, including the Convertible Preferred Stock.

Table of Contents

Dividends

Beginning on the six month anniversary of the issue date of the Convertible Preferred Stock, and for so long as any shares of Convertible Preferred Stock remain outstanding, the Convertible Preferred Stock will accrue cumulative dividends at an annual rate of 5% until the first anniversary of the issue date of the Convertible Preferred Stock, at an annual rate of 10% for the period beginning on the first day after the first anniversary of the issue date of the Convertible Preferred Stock and ending on the eighteen-month anniversary of the issue date of the Convertible Preferred Stock and at an annual rate of 15% thereafter (the Accrued Dividends).

Redemption

The Convertible Preferred Stock is not subject to redemption.

Liquidation

The Convertible Preferred Stock has an initial stated value and liquidation preference of \$60 per share. Such liquidation preference will be increased by an amount in cash equal to all Accrued Dividends and the amount such holder of the Convertible Preferred Stock would receive as a holder of Common Stock on an As-Converted-to-Common-Stock-Basis (as defined below).

Conversion

Immediately upon effectiveness of the Certificate Amendment, each share of the Convertible Preferred Stock issued pursuant to the Transactions will automatically be converted into a number of shares of Common Stock equal to the quotient obtained by dividing (i) the liquidation preference plus the amount of Accrued Dividends by (ii) the conversion price of \$15 per share, provided that if the conversion would result in a Buyer owning more than 19.99% of the issued and outstanding Common Stock, the portion of the Buyer's shares of Convertible Preferred Stock will only convert such that the Buyer will hold not more than 19.99% of the issued and outstanding Common Stock. The Convertible Preferred Stock will continue to automatically convert in this manner on the last day of each calendar quarter subsequent to the date of the Certificate Amendment and at any time shares of Convertible Preferred Stock are transferred by a Buyer to an unaffiliated third party following effectiveness of the Certificate Amendment. If the holders of the Common Stock approve the removal of the Common Stock Cap in accordance with the applicable NASDAQ Listing Rules, all remaining shares of Convertible Preferred Stock will automatically convert into Common Stock at the conversion price.

Governance Rights

Beginning on the first anniversary of the issue date of the Convertible Preferred Stock if any shares of Convertible Preferred Stock remain outstanding at such time, and for so long as any shares of the Convertible Preferred Stock remain outstanding, the holders representing at least a majority of the shares of the Convertible Preferred Stock outstanding will be entitled to elect one director to our board of directors.

Voting Rights

When voting separately as a class, each share of the Convertible Preferred Stock shall entitle the holder thereof to one vote. Except as may be otherwise expressly provided in the certificate of incorporation or as expressly required by the DGCL, the holders of the Convertible Preferred Stock shall vote together as a single class with the shares of the Common Stock and not as a separate class, giving effect immediately prior to the applicable record date to the

conversion of the Convertible Preferred Stock and Accrued Dividends thereon into Common Stock in accordance with the Certificate of Designations (subject to the terms and conditions contained therein) as if the Certificate Amendment had become effective (As-Converted-to-Common Stock-Basis), at any annual or special meeting of stockholders of the Company and each holder of shares of the Convertible Preferred Stock shall be entitled to such number of votes as they would receive on an As-Converted-to-Common Stock-Basis on the record date for such vote, provided, however, that (i) any portion of such shares of the Convertible Preferred Stock held by a Buyer or its affiliates that are or would otherwise be subject to the Common Stock Cap assuming for this purpose the conversion of the Convertible Preferred Stock in accordance with the Certificate of Designations shall not have any right to vote together as a single class with the shares of Common Stock on an As-Converted-to-Common Stock-Basis and (ii) no holder of the Convertible Preferred Stock will be entitled to vote such shares of the Convertible Preferred Stock in connection with any proposal submitted to the stockholders of the Company to approve the removal of the Common Stock Cap.

Series A Voting Preferred Stock

Background

We issued one share of Series A Voting Preferred Stock to the International Brotherhood of Teamsters (the "IBT") in order to confer board representation upon the IBT as part of a restructuring plan we completed in July 2011. The share of Series A Voting Preferred Stock has a liquidation preference of \$1.00 and does not pay any dividends. The IBT, as the holder of the one share of Series A Voting Preferred Stock, is permitted to appoint two directors to the board, until such time at which the share is redeemed by the Company in accordance with its terms. The share of Series A Voting Preferred Stock will be redeemed if the IBT and the Company's subsidiaries cease to be in a collective bargaining agreement that provides for such governance rights, if the IBT ceases to be the authorized representative of such subsidiaries' employees or if the IBT transfers or attempts to transfer the share. Prior to any redemption of the share of Series A Voting Preferred Stock, the IBT will also be able to appoint one of its appointed directors to each of the governance, audit, finance and compensation committees of the board, provided that such director satisfies certain independence requirements set forth in the Company's bylaws.

Ranking

The Series A Voting Preferred Stock has a liquidation preference of \$1.00 per share and ranks senior to our Common Stock and any other stock that ranks junior to the Series A Voting Preferred Stock with respect to distributions of assets upon liquidation, dissolution or winding up of the Company.

The Series A Voting Preferred Stock is an equity interest in the Company and does not constitute indebtedness. In the event of bankruptcy, liquidation, dissolution, reorganization or similar proceeding with respect to us, our indebtedness will effectively rank senior to the Series A Voting Preferred Stock, and the holders of our indebtedness will be entitled to the satisfaction of any amounts owed to them prior to the payment of the liquidation preference of any capital stock, including the Series A Voting Preferred Stock.

Dividends

The holder of the share of Series A Voting Preferred Stock shall not be entitled to the payment of any dividends or distributions.

Redemption

The Series A Voting Preferred Stock is subject to mandatory redemption provisions and the share of Series A Voting Preferred Stock shall be automatically redeemed, with no further action required on the part of the holder of the Series A Voting Preferred Stock, if the IBT and the Company's subsidiaries cease to be in a collective bargaining agreement which provides for such governance rights, if the IBT ceases to be the authorized representative of such subsidiaries employees or if the IBT transfers or attempts to transfer the share.

Table of Contents

Liquidation

If we voluntarily or involuntarily liquidate, dissolve or wind up our affairs (whether completely or partially), the holder of the Series A Voting Preferred Stock is entitled to receive out of our assets available for distribution to shareholders, after satisfaction of liabilities to creditors, if any, and before any distribution of assets is made on our common stock or any of our other shares of stock ranking junior as to such a distribution to the Series A Voting Preferred Stock, a liquidating distribution in an amount in cash equal to \$1.00. The holder of the Series A Voting Preferred Stock will not be entitled to any other amounts from us after they have received their full liquidation preference.

Conversion

The Series A Voting Preferred Stock is not convertible into any other security of the Company.

Governance Rights

So long any shares of Series A Voting Preferred Stock remain outstanding and such shares have not been redeemed in accordance with their terms, the IBT, as the holder of the share of Series A Voting Preferred Stock, will be entitled to elect two directors to the board. Each such director elected by the IBT must not have previously been and is not permitted to become an officer, director, employee or member of the IBT during his or her term and must be determined by the board to be an Independent Director as defined in NASDAQ Listing Rule 5605(a)(2) and to meet the independence requirements of Rule 10A-3(b)(1) under the Exchange Act, or such director must immediately resign from the board. The IBT may remove its appointed directors at any time, and will also be permitted to fill any vacancies to the board resulting from death, resignation, retirement, disqualification or removal of its appointed directors. Additionally, for so long as the IBT has the right to appoint directors, the IBT will also have the right to appoint one of its directors to serve on each of the governance, audit, finance and compensation committees of the board, provided that such director satisfies certain independence requirements set forth in the Company's bylaws.

Delaware Anti-Takeover Law; No Super-Majority Approval

We are not subject to Section 203 of the DGCL (Section 203). In general, Section 203 prohibits a publicly held Delaware corporation from engaging in various business combination transactions with any interested stockholder for a period of three years following the time that such person became an interested stockholder, unless certain conditions are satisfied.

The certificate of incorporation does not require super-majority approval of any business combination transactions.

Board Size; Director Election and Removal

Our certificate of incorporation provides that the board shall initially consist of nine persons until the precise number of directors, other than those who may be elected by the holders of one or more series of preferred stock voting separately by class or series, shall be fixed from time to time pursuant to a resolution adopted by a majority of the whole board (the total number of directors the Company would have if there were no vacancies). Other than the directors appointed by the IBT as

the holder of the one share of Series A Voting Preferred Stock, board members are elected annually at the annual meeting of stockholders and serve one-year terms to expire at the following annual meeting of stockholders. Newly created directorships resulting from any increase in the authorized number of directors or vacancies in the board of directors are filled by a majority vote of the directors then in office, and directors so chosen shall serve for a term expiring at the next annual meeting of stockholders.

Members of the board may be removed from office at any time, with or without cause, by the affirmative vote of holders of a majority of the voting power. However, vacancies on the board resulting from the removal of a director appointed by the IBT may be filled solely by the IBT as the holder of the one share of Series A Voting Preferred Stock.

Beginning on the first anniversary of the issue date of the Convertible Preferred Stock if any shares of the Convertible Preferred Stock remain outstanding at such time, and for so long as any shares of the Convertible Preferred Stock remain outstanding, the holders representing at least a majority of the shares of the Convertible Preferred Stock outstanding will be entitled to elect one director to the board.

Stockholder Meetings; Written Consent

Stockholders are entitled to take action by written consent if the consent is signed by holders of not less than the minimum voting power that would be necessary to authorize or take the action at a stockholder meeting and if the board of directors approves in advance the taking of such action. Special meetings of the stockholders may be called by the secretary of the Company upon the written request of at least 25% of the voting power if certain notice requirements are met.

Amendment of Bylaws

The bylaws of the Company may be amended or repealed, or new bylaws may be adopted, by the affirmative vote of a majority of the voting power or by the affirmative vote of a majority of the whole board of directors.

Director Indemnification

The Company's directors shall not be personally liable to the Company or its stockholders for monetary damages for breach of fiduciary duty as a director, except for liability (i) for any breach of the director's duty of loyalty to the Company or its stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) under Section 174 of the DGCL, or (iv) for any transaction from which the director derived an improper personal benefit. If the DGCL is amended to permit further elimination or limitation of the personal liability of the directors, then the liability of the Company's directors shall be eliminated or limited to the fullest extent permitted by the DGCL, as so amended.

Table of Contents**SELLING STOCKHOLDERS**

This prospectus relates to the resale or other disposition of up to an aggregate of 20,061,171 shares of Common Stock, 17,727,835 of which shares were issued to the selling stockholders pursuant to the Transactions described above and 2,333,336 of which shares will be issued upon conversion of the 583,334 shares of Convertible Preferred Stock issued in the Transactions. The Convertible Preferred Stock will convert automatically upon the approval of the Certificate Amendment, subject to the Common Stock Cap. The total number of shares of Common Stock sold under this prospectus may be adjusted to reflect adjustments due to stock dividends, stock splits or other similar transaction effected without the receipt of consideration that result in an increase in the number of the outstanding shares of Common Stock. We entered into a registration rights agreement with the selling stockholders pursuant to which we have agreed to file a registration statement, of which this prospectus is a part, under the Securities Act, registering the resale by the selling stockholders of the shares of Common Stock covered by this prospectus.

We have prepared this prospectus to allow the selling stockholders or their permitted transferees, donees, pledgees, assignees or other successors-in-interest to sell or otherwise dispose of, from time to time, up to an aggregate of 20,061,171 shares of Common Stock issued or to be issued in connection with the Transactions, including the Common Stock to be issued upon the conversion of the Convertible Preferred Stock. The selling stockholders may offer the shares for sale from time to time in whole or in part. Certain selling stockholders may be deemed an underwriter as defined in the Securities Act. Any profits realized by the selling stockholders may be deemed underwriting commissions. To our knowledge, the selling stockholders have not within the past three years had any position, office or other material relationship with us other than as parties to the Agreements and the registrations rights agreement.

The following table indicates the names of the selling stockholders, the number of shares of Common Stock beneficially owned by the selling stockholders prior to the offering (assuming the repayment of our 6% Convertible Senior Notes due 2014 and beneficial ownership of the 2,333,336 shares of our Common Stock underlying our Convertible Preferred Stock) and the total number of shares that may be offered pursuant to this prospectus assuming the conversion of the 583,334 shares of our Convertible Preferred Stock into 2,333,336 shares of our Common Stock. The table also provides information regarding the beneficial ownership of our Common Stock by the selling stockholders as adjusted to reflect the assumed sale of all of the shares offered under this prospectus. Percentage of beneficial ownership is based on 28,553,995 shares of our Common Stock issued and outstanding as of January 30, 2014, which includes the 10,826,160 shares outstanding as of January 30, 2014, adjusted to include the shares of Common Stock issued pursuant to the Transactions, but not to include the 2,333,336 shares of Common Stock to be issued upon conversion of the Convertible Preferred Stock except as noted below in footnote (5).

PLAN OF DISTRIBUTION

We are registering shares of Common Stock to permit the resale of such shares of Common Stock by the holders of the shares of Common Stock from time to time after the date of this prospectus. We will not receive any of the proceeds from the sale by the selling stockholders of the shares of Common Stock.

The selling stockholders may sell all or a portion of the shares of Common Stock beneficially owned by them and offered hereby from time to time directly or through one or more underwriters, broker-dealers or agents. If the shares of Common Stock are sold through underwriters or broker-dealers, the selling stockholders will be responsible for underwriting discounts or commissions or agent's commissions. The shares of Common Stock may be sold on any national securities exchange or quotation service on which the securities may be listed or quoted at the time of sale, in the over-the-counter market or in transactions otherwise than on these exchanges or systems or in the over-the-counter market and in one or more transactions at fixed prices, at prevailing market prices at the time of the sale, at varying prices determined at the time of sale, or at negotiated prices. These sales may be effected in transactions, which may involve crosses or block transactions. The selling stockholders may use any one or more of the following methods when selling shares:

ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;

block trades in which the broker-dealer will attempt to sell the shares as agent but may position and resell a portion of the block as principal to facilitate the transaction;

purchases by a broker-dealer as principal and resale by the broker-dealer for its account;

an exchange distribution in accordance with the rules of the applicable exchange;

privately negotiated transactions;

settlement of short sales entered into after the effective date of the registration statement of which this prospectus is a part;

broker-dealers may agree with the selling stockholders to sell a specified number of such shares at a stipulated price per share;

through the writing or settlement of options or other hedging transactions, whether such options are listed on an options exchange or otherwise;

a combination of any such methods of sale; and

any other method permitted pursuant to applicable law.

The selling stockholders also may resell all or a portion of the shares of Common Stock in open market transactions in reliance upon Rule 144 under the Securities Act of 1933, as amended, which we refer to herein as the Securities Act, as permitted by that rule, or Section 4(1) under the Securities Act, if available, rather than under this prospectus, provided that they meet the criteria and conform to the requirements of those provisions.

Broker-dealers engaged by the selling stockholders may arrange for other broker-dealers to participate in sales. If the selling stockholders effect such transactions by selling shares of Common Stock to or through underwriters, broker-dealers or agents, such underwriters, broker-dealers or agents may receive commissions in the form of discounts, concessions or commissions from the selling stockholders or commissions from purchasers of the shares of Common Stock for whom they may act as agent or to whom they may sell as principal. Such commissions will be in amounts to be negotiated, but, except as set forth in a supplement to this prospectus, in the case of an agency transaction will not be in excess of a customary brokerage commission in compliance with FINRA Rule 2440; and in the case of a principal transaction a markup or markdown in compliance with FINRA IM-2440.

Table of Contents

In connection with sales of the shares of Common Stock or otherwise, the selling stockholders may enter into hedging transactions with broker-dealers or other financial institutions, which may in turn engage in short sales of the shares of Common Stock in the course of hedging in positions they assume. The selling stockholders may also sell shares of Common Stock short and if such short sale shall take place after the date that this registration statement is declared effective by the SEC, the selling stockholders may deliver shares of Common Stock covered by this prospectus to close out short positions and to return borrowed shares in connection with such short sales. The selling stockholders may also loan or pledge shares of Common Stock to broker-dealers that in turn may sell such shares, to the extent permitted by applicable law. The selling stockholders may also enter into option or other transactions with broker-dealers or other financial institutions or the creation of one or more derivative securities which require the delivery to such broker-dealer or other financial institution of shares offered by this prospectus, which shares such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction). Notwithstanding the foregoing, the selling stockholders have been advised that they may not use shares registered on this registration statement to cover short sales of our Common Stock made prior to the date the registration statement, of which this prospectus forms a part, has been declared effective by the SEC.

The selling stockholders may, from time to time, pledge or grant a security interest in some or all of the shares of Common Stock owned by them and, if they default in the performance of their secured obligations, the pledgees or secured parties may offer and sell the shares of Common Stock from time to time pursuant to this prospectus or any amendment to this prospectus under Rule 424(b)(3) or other applicable provision of the Securities Act, amending, if necessary, the list of selling stockholders to include the pledgee, transferee or other successors in interest as selling stockholders under this prospectus. The selling stockholders also may transfer and donate the shares of Common Stock in other circumstances in which case the transferees, donees, pledgees or other successors in interest will be the selling beneficial owners for purposes of this prospectus.

The selling stockholders and any broker-dealer or agents participating in the distribution of the shares of Common Stock may be deemed to be underwriters within the meaning of Section 2(11) of the Securities Act in connection with such sales. In such event, any commissions paid, or any discounts or concessions allowed to, any such broker-dealer or agent and any profit on the resale of the shares purchased by them may be deemed to be underwriting commissions or discounts under the Securities Act. Selling stockholders who are underwriters within the meaning of Section 2(11) of the Securities Act will be subject to the applicable prospectus delivery requirements of the Securities Act and may be subject to certain statutory liabilities of, including but not limited to, Sections 11, 12 and 17 of the Securities Act and Rule 10b-5 under the Exchange Act.

Other than as described under Selling Stockholders, each selling stockholder has informed us that it is not a registered broker-dealer and does not have any written or oral agreement or understanding, directly or indirectly, with any person to distribute the Common Stock. Upon us being notified in writing by a selling stockholder that any material arrangement has been entered into with a broker-dealer for the sale of Common Stock through a block trade, special offering, exchange distribution or secondary distribution or a purchase by a broker or dealer, a supplement to this prospectus will be filed, if required, pursuant to Rule 424(b) under the Securities Act, disclosing (i) the name of each such selling stockholder and of the participating broker-dealer(s), (ii) the number of shares involved, (iii) the price at which such the shares of Common Stock were sold, (iv) the commissions paid or discounts or concessions allowed to such broker-dealer(s), where applicable, (v) that such broker-dealer(s) did not conduct any investigation to verify the information set out or incorporated by reference in this prospectus, and (vi) other facts material to the transaction. In no event shall any broker-dealer receive fees, commissions and markups, which, in the aggregate, would exceed eight percent (8%).

Under the securities laws of some states, the shares of Common Stock may be sold in such states only through registered or licensed brokers or dealers. In addition, in some states the shares of Common Stock may not be sold

unless such shares have been registered or qualified for sale in such state or an exemption from registration or qualification is available and is complied with.

There can be no assurance that any selling stockholder will sell any or all of the shares of Common Stock registered pursuant to the shelf registration statement, of which this prospectus forms a part.

Table of Contents

Each selling stockholder and any other person participating in such distribution will be subject to applicable provisions of the Exchange Act and the rules and regulations thereunder, including, without limitation, to the extent applicable, Regulation M of the Exchange Act, which may limit the timing of purchases and sales of any of the shares of Common Stock by the selling stockholder and any other participating person. To the extent applicable, Regulation M may also restrict the ability of any person engaged in the distribution of the shares of Common Stock to engage in market-making activities with respect to the shares of Common Stock. All of the foregoing may affect the marketability of the shares of Common Stock and the ability of any person or entity to engage in market-making activities with respect to the shares of Common Stock.

We will pay all expenses of the registration of the shares of Common Stock pursuant to the registration rights agreement, including, without limitation, SEC filing fees and expenses of compliance with state securities or blue sky laws; provided, however, that each selling stockholder will pay all underwriting discounts and selling commissions, if any and any related legal expenses incurred by it in excess of \$50,000. We will indemnify the selling stockholders against certain liabilities, including some liabilities under the Securities Act, in accordance with the registration rights agreement, or the selling stockholders will be entitled to contribution. We may be indemnified by the selling stockholders against civil liabilities, including liabilities under the Securities Act, that may arise from any written information furnished to us by the selling stockholders specifically for use in this prospectus, in accordance with the related registration rights agreements, or we may be entitled to contribution.

CERTAIN U.S. FEDERAL INCOME TAX CONSIDERATIONS

FOR NON-U.S. HOLDERS

Overview

The following is a general summary of certain U.S. federal income and estate tax consequences to non-U.S. holders, as defined below, of the purchase, ownership and disposition of shares of our Common Stock. This summary deals only with shares of Common Stock purchased in this offering that are held as capital assets (generally, property held for investment) within the meaning of Section 1221 of the U.S. Internal Revenue Code of 1986, as amended (the Code) by a non-U.S. holder.

For purposes of this discussion, a non-U.S. holder means a beneficial owner of shares of our Common Stock that is, for U.S. federal income tax purposes, an individual, corporation, estate or trust, but is not any of the following:

an individual who is a citizen or resident of the United States, as defined for U.S. federal income tax purposes;

a corporation (or other entity treated as a corporation for U.S. federal income tax purposes) created or organized under the laws of the United States, any state thereof or the District of Columbia;

an estate the income of which is subject to U.S. federal income taxation regardless of its source; or

a trust if it (1) is subject to the primary supervision of a court within the United States and one or more U.S. persons have the authority to control all substantial decisions of the trust or (2) has a valid election in effect under applicable U.S. Treasury regulations to be treated as a U.S. person for U.S. federal income tax purposes.

If any entity or arrangement treated as a partnership for U.S. federal income tax purposes holds shares of our common stock, the tax treatment of a partner in such partnership generally will depend upon the status of the partner and the activities of the partner and the partnership. If you are a partnership or a partner of a partnership considering an investment in shares of our Common Stock, you should consult your own tax advisors.

This summary is based upon the Code, applicable U.S. Treasury regulations, rulings and other administrative pronouncements and judicial decisions, all as of the date hereof. Those authorities are subject to different interpretations and may be changed, perhaps retroactively, so as to result in U.S. federal income tax consequences different from those summarized below. We cannot assure you that a change in law will not alter significantly the tax considerations described in this summary.

This summary does not address all aspects of U.S. federal income and estate taxation. This summary does not deal with the alternative minimum tax or U.S. federal taxes other than U.S. federal income and estate taxes (such as gift taxes or the Medicare tax on certain investment income) or with foreign, state or local tax or tax treaty considerations that may be relevant to non-U.S. holders. In addition, this summary does not describe the U.S. federal income tax consequences applicable to you if you are subject to special treatment under U.S. federal income tax laws (including if

you are a former citizen or resident of the U.S., an entity subject to United States anti-inversion rules, a person whose functional currency is other than the United States dollar, a financial institution, an insurance company, a tax-exempt entity, a trader, broker or dealer in securities, commodities or currencies, a trader that elects to mark to market your securities, a controlled foreign corporation, a passive foreign investment company, an entity treated as a partnership or other pass-through entity for U.S. federal income tax purposes (or an investor in such a pass-through entity), a person who acquired shares of our Common Stock as compensation or otherwise in connection with the performance of services, or a person who has acquired shares of our Common Stock as part of a straddle, hedge, conversion transaction or other integrated investment). Such non-U.S. holders should consult their own tax advisors to determine the U.S. federal, state, local, tax treaty and other tax consequences that may be relevant to them.

Table of Contents

We have not sought and do not expect to seek any rulings from the U.S. Internal Revenue Service (the IRS) regarding the matters discussed below. There can be no assurance that the IRS or a court will not take positions concerning the tax consequences of the purchase ownership or disposition of shares of our Common Stock that differ from those discussed below.

This summary is for general information only and is not intended to constitute a complete description of all U.S. federal income and estate tax consequences for non-U.S. holders relating to the purchase ownership and disposition of shares of our Common Stock. If you are considering the purchase of shares of our Common Stock, you should consult your own tax advisors concerning the particular U.S. federal income and estate tax consequences to you of the purchase ownership and disposition of shares of our Common Stock, as well as the consequences to you arising under other U.S. federal, state and local tax laws and the laws of any other applicable taxing jurisdiction and any applicable tax treaty in light of your particular circumstances.

Distributions

As described in the section entitled Dividend Policy, we do not currently anticipate declaring or paying cash dividends to holders of our Common Stock in the foreseeable future. However, subject to the discussions below on backup withholding and FATCA withholding, in the event we do make distributions of cash or other property in respect of shares of our Common Stock (or certain redemptions that are treated as distributions with respect to Common Stock), such distributions generally will constitute dividends for U.S. federal income tax purposes to the extent paid from our current or accumulated earnings and profits, as determined under U.S. federal income tax principles. To the extent any such distributions exceed both our current and our accumulated earnings and profits, they will first be treated as a return of capital allocated ratably among the shares of Common Stock held by a U.S. holder, reducing your tax basis in each share of our Common Stock, but not below zero (with respect to any share), and then will be treated as gain from the sale of stock as described below under Gain on Disposition of Shares of Common Stock. Your adjusted tax basis in a share is generally the purchase price of such share, reduced by the amount of any previous such tax-free returns of capital.

Subject to the discussion below on effectively connected income, dividends paid to a non-U.S. holder generally will be subject to a U.S. federal withholding tax at a 30% rate, or such lower rate as may be specified by an applicable income tax treaty. U.S. federal withholding tax may be imposed on the gross amount of a distribution, due to the difficulty of determining whether we have sufficient earnings and profits to cause the distribution to be a dividend for U.S. federal income tax purposes.

However, dividends paid to a non-U.S. holder that are effectively connected with the conduct of a trade or business within the United States by the non-U.S. holder generally will not be subject to such withholding tax, provided certain certification and disclosure requirements are satisfied (including the provision of a properly completed IRS Form W-8ECI or other applicable form). Instead, unless an applicable income tax treaty provides otherwise, such dividends will generally be subject to U.S. federal income tax on a net income basis in the same manner as if the non-U.S. holder were a U.S. person as defined under the Code. A corporate non-U.S. holder may be subject to an additional branch profits tax at a rate of 30% on its earnings and profits (subject to adjustments) that are effectively connected with its conduct of a U.S. trade or business (unless an applicable income tax treaty provides otherwise).

A non-U.S. holder of shares of our Common Stock who wishes to claim the benefit of an applicable treaty rate for dividends will be required (a) to complete IRS Form W-8BEN (or other applicable form) and certify under penalty of perjury that such holder is not a United States person as defined under the Code and is eligible for treaty benefits or (b) if shares of our Common Stock are held through certain foreign intermediaries, satisfy the relevant certification requirements of applicable U.S. Treasury regulations. Alternatively, if you are eligible for a reduced rate of U.S.

federal withholding tax pursuant to an income tax treaty, then you may be able to obtain a refund or credit of any excess amounts withheld by timely filing an appropriate claim with the IRS.

Table of Contents

Gain on Disposition of Shares of Common Stock

Subject to the discussion below on backup withholding and FATCA withholding, any gain realized by a non-U.S. holder on the sale, exchange or other disposition of shares of our Common Stock generally will not be subject to U.S. federal income tax unless:

the gain is effectively connected with a trade or business of the non-U.S. holder in the United States (and, if required by an applicable income tax treaty, is attributable to a U.S. permanent establishment);

the non-U.S. holder is an individual who is present in the United States for 183 days or more in the taxable year of that disposition, and certain other conditions are met; or

we are or have been a U.S. real property holding corporation (USRPHC) for U.S. federal income tax purposes at any time during the shorter of the five-year period ending on the date of the disposition or the period that the non-U.S. holder held shares of our Common Stock.

In the case of a non-U.S. holder described in the first bullet point above, any gain generally will be subject to U.S. federal income tax on a net income basis in the same manner as if the non-U.S. holder were a United States person as defined under the Code (unless an applicable income tax treaty provides otherwise), and a non-U.S. holder that is a foreign corporation may also be subject to the branch profits tax at a rate of 30% on its effectively connected earnings and profits (subject to adjustments), unless an applicable income tax treaty provides otherwise. Except as otherwise provided by an applicable income tax treaty, an individual non-U.S. holder described in the second bullet point above will be subject to a flat 30% tax on any gain derived from the disposition, which may be offset by certain U.S. source capital losses of the non-U.S. holder (even though the individual is not considered a resident of the United States for U.S. federal income tax purposes), provided the non-U.S. holder has timely filed U.S. federal income tax returns with respect to such losses.

In order to be a USRPHC, the fair market value of our U.S. real property interests would need to equal or exceed 50% of the sum of the fair market value of (1) our worldwide real property interests and (2) other assets used or held for use in a trade or business. We believe we are not currently a USRPHC and we do not currently anticipate becoming a USRPHC in the future. However, even if we are or become a USRPHC, so long as our Common Stock is regularly traded, as defined by applicable U.S. Treasury regulations, on an established securities market, a non-U.S. holder will be subject to U.S. federal income tax on any gain arising from the sale or other taxable disposition of our Common Stock only if such non-U.S. holder actually or constructively owned more than 5% of our outstanding Common Stock at any time during the applicable period. If we are or become a USRPHC and you actually or constructively owned more than 5% of our Common Stock at any time during the specified testing period, you will be subject to tax on the net gain derived from the sale under regular graduated U.S. federal income tax rates. You should consult your own tax advisor about the consequences that could result if we are, or become, a USRPHC.

Information Reporting and Backup Withholding

The amount of dividends paid to each non-U.S. holder, and the tax withheld with respect to such dividends will be reported annually to the IRS and to each such holder. Copies of the information returns reporting such dividends and any withholding may also be made available to the tax authorities in the country in which the non-U.S. holder resides or is established under the provisions of an applicable income tax treaty or agreement.

A non-U.S. holder generally will be subject to backup withholding (currently at a rate of 28%) with respect to dividends paid to such holder unless such holder certifies under penalty of perjury that it is not a United States person (as defined under the Code) and the payor does not have actual knowledge or reason to know that such holder is a United States person as defined under the Code, or such holder otherwise establishes an exemption.

Information reporting and, depending on the circumstances, backup withholding will apply to the proceeds of a sale or other disposition by a non-U.S. holder of shares of our Common Stock within the United States or conducted through certain U.S.-related financial intermediaries unless such non-U.S. holder certifies under penalty of perjury that it is not a United States person (as defined under the Code), and the payor does not have actual knowledge or reason to know that the non-U.S. holder is a United States person, or such non-U.S. holder otherwise establishes an exemption.

Table of Contents

Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules may be allowed as a refund or a credit against a non-U.S. holder's U.S. federal income tax liability provided the required information is timely furnished to the IRS.

Legislation Affecting Taxation of Common Stock Held by or through Foreign Entities

In addition to the withholding discussed above, legislation enacted in 2010, known as the Foreign Account Tax Compliance Act (FATCA) generally imposes a withholding tax of 30% on dividends paid on our Common Stock and on the gross proceeds of a sale or other disposition of our Common Stock, if the payments are made to certain foreign entities, unless certain diligence, reporting, withholding and certification obligations and requirements are met. Recently finalized U.S. Treasury regulations delay the implementation of withholding under FATCA with respect to dividends until after June 30, 2014, and with respect to payments of gross proceeds of a sale or other disposition until after December 31, 2016.

The withholding under FATCA described above generally applies to payments of dividends or gross proceeds made to (i) a foreign financial institution (as a beneficial owner or an intermediary), unless such institution enters into an agreement with the U.S. government to collect and provide to the U.S. tax authorities substantial information regarding U.S. account holders of such institution (which would include certain equity and debt holders of such institution, as well as certain account holders that are foreign entities with U.S. owners) and (ii) a foreign entity acting as a beneficial owner or an intermediary that is not a foreign financial institution, unless such entity makes a certification identifying its substantial U.S. owners (as defined for this purpose) or makes a certification that such foreign entity does not have any substantial U.S. owners. Foreign financial institutions located in jurisdictions that have an intergovernmental agreement with the United States governing FATCA may be subject to different rules. Under certain circumstances, a non-U.S. holder of our Common Stock might be eligible for refunds or credits of such withholding taxes, and a non-U.S. holder might be required to file a U.S. federal income tax return to claim such refunds or credits.

Non-U.S. holders should consult their own tax advisors regarding the implications of this legislation on their investment in our Common Stock.

Item 15. Indemnification of Directors and Officers.**Delaware Law**

The Certificate of Incorporation, as amended, of the Company provides that the Company's directors shall not be personally liable to the Company or its stockholders for monetary damages for breach of fiduciary duty as a director, except for liability (i) for any breach of the director's duty of loyalty to the Company or its stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) under Section 174 of the Delaware General Corporation Law (the "DGCL"), or (iv) for any transaction from which the director derived an improper personal benefit. The Certificate of Incorporation and Bylaws of the Company also provide that if the DGCL is amended to permit further elimination or limitation of the personal liability of the directors, then the liability of the Company's directors shall be eliminated or limited to the fullest extent permitted by the DGCL, as so amended.

The Bylaws of the Company and DGCL Section 145 together provide that the Company shall indemnify its present or former directors and officers, as well as other employees and may indemnify other individuals (each an "Indemnified Party", and collectively, "Indemnified Parties"), against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement in connection with specified actions, suits or proceedings, whether civil, criminal, administrative or investigative, other than in connection with actions by or in the right of the Company (a "derivative action"), if an Indemnified Party acted in good faith and in a manner such Indemnified Party reasonably believed to be in or not opposed to the Company's best interests and, with respect to any criminal action or proceeding, had no reasonable cause to believe that his or her conduct was unlawful; and to the extent that a present or former director or officer has been successful on the merits or otherwise in defense of any action, suit or proceeding, or in defense of any claim, issue or matter therein, such person shall be indemnified against expenses actually and reasonably incurred. A similar standard is applicable in the case of derivative actions, except that each registrant may only indemnify an Indemnified Party for expenses (including attorneys' fees) incurred in connection with the defense or settlement of such derivative action. Additionally, in the context of a derivative action, DGCL Section 145 requires a court approval before there can be any indemnification where an Indemnified Party has been found liable to the Company. The statute provides that it is not exclusive of other indemnification arrangements that may be granted pursuant to a

corporation's charter, bylaws, disinterested director vote, stockholder vote, agreement or otherwise.

The Company maintains directors' and officers' liability insurance against any actual or alleged error, misstatement, misleading statement, act, omission, neglect or breach of duty by any director or officer, excluding certain matters including fraudulent, dishonest or criminal acts or self-dealing. The Company also maintains an employed lawyers insurance policy for employees (including officers) that are licensed to practice law (counsel).

II-1

Table of Contents

The Company has entered into indemnification agreements with certain of its directors, officers, and counsel. Under the indemnification agreements, the Company agreed to indemnify each indemnified party, subject to certain limitations, to the maximum extent permitted by Delaware law against all litigation costs, including attorneys' fees and expenses, and losses, in connection with any proceeding to which the indemnified party is a party, or is threatened to be made a party, by reason of the fact that the indemnified party is or was a director, officer, employee or agent of the Company, or is or was serving at the request of the Company as a director, officer, employee, trustee or agent of another entity related to the business of the Company. The indemnification agreements also provide (i) for the advancement of expenses by the Company, subject to certain conditions, (ii) a procedure for determining an indemnified party's entitlement to indemnification and (iii) for certain remedies for the indemnified party. In addition, the indemnification agreements require the Company to cover the indemnified party under any directors' and officers' insurance policy or, with respect to counsel, under any employed lawyers' insurance policy, maintained by the Company.

Item 16. Exhibits.

Reference is made to the attached Exhibit Index, which is incorporated in this Item 16 by reference.

Item 17. Undertakings.

(a) The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement;

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is a part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the

offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

II-2

(4) That, for the purpose of determining liability under the Securities Act to any purchaser:

(i) if the registrant is relying on Rule 430B,

(A) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(ii) if the registrant is subject to Rule 430C, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

(b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in this registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act

and will be governed by the final adjudication of such issue.
