Questions and Answers

Who may vote?

You may vote if you were a holder of IBERIABANK Corporation (IBKC or the Company) common stock at the close of business on March 19, 2014, which is the record date of the Annual Meeting. Each share of common stock entitles its holder to one vote on each matter to be voted on at the Annual Meeting.

Participants in our Retirement Savings Plan (the Plan) will receive a Voting Authorization Form for the common stock owned through this Plan. If you hold shares as a participant in the Plan and you do not provide the Plan trustee with voting instructions on any matter (either by not returning a Voting Authorization Form or voting by phone or online or due to incomplete voting instructions) and you do not vote in person by attending the Annual Meeting, your shares will be voted in the same proportion as the shares for which voting instructions were provided by other participants. The Voting Authorization Form will serve as voting instructions for the Plan trustee.

What may I vote on?

You may vote on:

the election of three nominees to serve as directors, for three-year terms expiring in 2017;

the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2014;

approval of the IBERIABANK Corporation Amended and Restated 2010 Stock Incentive Plan; a Board proposal for a non-binding advisory resolution to approve the compensation of Named Executive Officers; and

such other business as may properly come before the Annual Meeting, or any adjournment or postponement thereof.

How does the Board of Directors recommend I vote?

The Board recommends that you vote:

FOR each of the nominees for director;

FOR the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for 2014;

FOR the approval of the IBERIABANK Corporation Amended and Restated 2010 Stock Incentive Plan; and

FOR the Board proposal for a non-binding advisory resolution to approve the compensation of Named Executive Officers.

If I am a shareholder of record of IBKC shares, how do I cast my vote?

If you are a holder of record of IBKC common stock, you may vote in person at the Annual Meeting. We will give you a ballot at the Annual Meeting.

If you do not wish to vote in person or if you will not be attending the Annual Meeting, you may vote by proxy. If you received a printed copy of these proxy materials by mail, you may vote by proxy using the enclosed proxy card, vote by proxy on the Internet, or vote by proxy over the telephone. The procedures for voting by proxy are as follows:

To vote by proxy using the enclosed proxy card (if you received a printed copy of these proxy materials by mail), complete, sign and date your proxy card and return it promptly in the envelope provided;

To vote by proxy on the Internet, go to <https://www.proxyvote.com/ibkc> to complete an electronic proxy card. You will need the 9-digit Control Number included on your proxy card; or

To vote by proxy over the telephone, dial 1-855-574-1381 (the toll-free phone number listed on your proxy card under the heading "To Vote by Telephone") using a touch-tone phone and follow the recorded instructions. If you vote by proxy, your vote must be received by 12:00 p.m., Eastern Time, on May 5, 2014, to be counted.

You may vote on the Internet or by telephone any time prior to 3:00 a.m., Eastern Time, on May 5, 2014.

We provide Internet proxy voting to allow you to vote your shares on-line, with procedures designed to ensure the authenticity and correctness of your proxy vote instructions. However, please be aware that you must bear any costs associated with your Internet access, such as usage charges from Internet access providers and telephone companies.

If I am a beneficial owner of IBKC shares, how do I vote?

If you are a beneficial owner of shares of IBKC common stock held in street name and you received a printed copy of these proxy materials by mail, you should have received a voting instruction card with these proxy materials from the organization that is the record owner of your shares rather than from us. If you are a beneficial owner of shares held in street name and you received a notice by mail, you should have received the notice from the organization that is the record owner of your shares rather than from us. Beneficial owners that received a printed copy of these proxy materials by mail from the record owner may complete and mail that voting instruction card or may vote by telephone or over the Internet as instructed by that organization in the voting instruction card. Beneficial owners that received a notice by mail from the record owner should follow the instructions included in the notice to view the Proxy Statement and transmit their voting instructions. A beneficial owner planning to vote in person at the Annual Meeting must obtain a valid proxy from the record owner. To request the requisite proxy form, follow the instructions provided by your broker or contact your broker.

May I change my vote?

If you are a holder of record of shares of IBKC common stock, you may change your vote or revoke your proxy at any time before your shares are voted at the Annual Meeting by:

voting again by telephone or over the Internet;

sending us a proxy card dated later than your last vote;

notifying the Secretary of IBKC in writing; or

voting at the Annual Meeting.

How many votes do the proposals need in order to be approved?

Directors are elected by a plurality of the votes cast (Proposal I). Shareholders may vote FOR or WITHHOLD authority to vote for each nominee for the Board of Directors. If you withhold authority to vote with respect to any

nominee, your shares will be counted for purposes of establishing a quorum, but will have no effect on the election of that nominee.

Our Board has adopted a majority voting policy which applies to an uncontested election of directors. Under this policy, any nominee for director who receives a greater number of votes **WITHHOLD** from his or her election than votes **FOR** such election is required to promptly tender his or her resignation following certification by the Secretary of the shareholder vote. The Nominating and Corporate Governance Committee would then consider the resignation and make a recommendation to our Board as to the action to be taken. This policy does not apply in contested elections. For more information, see **Proposal I Election of Directors Majority Voting for Directors; Director Resignation Policy**.

The affirmative vote of a majority of the votes actually cast is required for: (i) ratification of the appointment of the independent registered public accounting firm (Proposal II), (ii) approval of the Amended and Restated 2010 Stock Incentive Plan (Proposal III), and (iii) the advisory vote to approve named executive compensation (Proposal IV). Shareholders may vote **FOR**, **AGAINST**, or **ABSTAIN** on Proposal II, on Proposal III and on Proposal IV. If you abstain from voting on Proposal II, III, or IV, your shares will be counted as present for purposes of establishing a quorum, but will not be counted as a vote cast for the proposal and will have no effect on the proposal.

If you are the registered holder of IBKC common stock and you sign and submit your proxy card without voting instructions, your shares will be counted for purposes of establishing a quorum, and will be voted **FOR** each director nominee and **FOR** each of Proposals II, III and IV.

Is cumulative voting permitted for the election of directors?

No. You may not cumulate your vote for the election of directors.

What are broker non-votes?

A broker non-vote occurs when your broker submits a proxy for your shares but does not indicate a vote for a particular proposal because the broker does not have discretionary authority to vote and has not received specific instructions from you. Under the rules of the New York Stock Exchange, if your broker holds your shares (i.e., your shares are held in street name) and delivers this Proxy Statement to you, the broker generally has authority to vote the shares on routine matters. Proposal II is a matter we believe will be considered routine; even if the broker does not receive instructions from you, the broker is entitled to vote your shares in connection with Proposal II. The other Proposals (I, III and IV) are matters we believe will be considered non-routine; the broker is not entitled to vote your shares without instructions. Shares held in street name which have been designated by brokers as not voted (broker non-votes) will not be counted as votes cast. Broker non-votes, however, will be treated as shares present for purposes of determining a quorum.

How many outstanding shares are there?

At the close of business on March 19, 2014, which is the record date for the Annual Meeting, there were 30,042,202 shares of IBKC common stock, par value \$1.00 per share, outstanding and entitled to vote.

What constitutes a quorum?

The presence, in person or by proxy, of the holders of a majority of our total voting power will constitute a quorum at the Annual Meeting. Only shareholders of record at the close of business on March 19, 2014, are entitled to notice of, and to vote at, the Annual Meeting.

Will my vote be confidential?

Proxy instructions, ballots, and voting tabulations that identify individual shareholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within the Company or to third parties, except: (1) as necessary to meet applicable legal requirements, (2) to allow for the tabulation of votes and certification of the vote, and (3) to facilitate a successful proxy solicitation.

How will voting be conducted on other matters raised at the Annual Meeting?

The form of proxy confers discretionary authority on the persons named therein to vote with respect to the election of any person as a director where the

nominee is unable to serve or for good cause will not serve. It also confers discretionary authority with respect to matters incident to the conduct of the Annual Meeting and with respect to any other matter presented to the Annual Meeting if notice of such matter has not been delivered to us in accordance with our Articles of Incorporation. Except for procedural matters incident to the conduct of the Annual Meeting, we do not know of any other matters that are to come before the Annual Meeting. If any other matters are properly brought before the Annual Meeting as to which proxies in the accompanying form confer discretionary authority, the persons named in the accompanying proxy will

vote the shares represented by such proxies on such matters as determined by a majority of the Board of Directors.

Who will bear the cost of soliciting votes for the Annual Meeting?

We will pay the entire cost of preparing, assembling, printing, mailing, and distributing these proxy materials and soliciting votes. If you choose to access the proxy materials and/or vote over the Internet, you are responsible for Internet access charges you may incur. If you choose to vote by telephone, you are responsible for telephone charges you may incur. Additional solicitations of proxies or votes may be made in person, by telephone, or by electronic communication by our directors, officers, and other regular employees, who will not receive any additional compensation for such solicitation activities. We also have hired Georgeson Inc. to assist us in the distribution of proxy materials. We will pay Georgeson a fee of \$7,500, plus customary costs and expenses for these services, and we will indemnify Georgeson against any losses arising out of Georgeson's proxy solicitation services on our behalf. We will reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable expenses for forwarding materials to the beneficial owners of shares held of record by others.

Where can I find the voting results of the Annual Meeting?

We will disclose voting results in a Current Report on Form 8-K to be filed with the Securities and Exchange Commission (SEC) within four business days after the Annual Meeting, which will also be available on our website.

When must shareholder proposals be submitted for the 2014 Annual Meeting?

Shareholder proposals submitted for inclusion in our 2014 Proxy Statement must have been received in writing by our Secretary no later than the close of

business on December 13, 2013. Shareholder proposals submitted outside the process for inclusion in the Proxy Statement must have been received from shareholders of record no later than March 7, 2014.

I share an address with another shareholder, and we received only one paper copy of the proxy materials and 2013 Annual Report to Shareholders. How may I obtain an additional copy of the proxy materials and Annual Report?

We have adopted a procedure called householding, which the SEC has approved. Under this procedure, we deliver a single copy of the notice and, if applicable, the proxy materials and the 2013 Annual Report to Shareholders to multiple shareholders who share the same address unless we received contrary instructions from one or more of the multiple

shareholders. This procedure reduces our printing costs, mailing costs, and fees. Shareholders who participate in householding will continue to be able to access and receive separate proxy cards. Upon request, we will deliver promptly a separate copy of the notice and, if applicable, the proxy materials and/or Annual Report to any shareholder at a shared address to which we delivered a single copy of any of these documents. To receive a separate copy of the notice and, if applicable, the proxy materials and/or Annual Report, shareholders may call 1-800-368-5948 or send a written request to:

PROPOSAL I - ELECTION OF DIRECTORS

Directors and Nominees

Our Articles of Incorporation provide that the Board of Directors will be divided into three classes as nearly equal in number as possible, with each class elected by the shareholders for staggered three-year terms. At the Annual Meeting, shareholders will be asked to elect one class of directors, consisting of three directors, for three-year terms expiring in 2017. The nominees of the Nominating and Corporate Governance Committee of the Board of Directors are currently directors and have not been nominated pursuant to any other arrangement or understanding with any person. Shareholders are not entitled to cumulate their votes for the election of directors.

Our Bylaws currently provide for a Board of 11 persons. The eligibility age limit under our Bylaws for the nomination and election of directors is 76 years.

Unless otherwise directed, each proxy executed and returned by a shareholder will be voted FOR the election of the three nominees listed below. In the unanticipated event that any nominee is unable or unwilling to stand for election at the time of the Annual Meeting, the Bylaws provide that the number of authorized directors will be automatically reduced by the number of such nominees unless the Board determines otherwise, in which case proxies will be voted for any replacement nominee or nominees recommended by the Nominating and Corporate Governance Committee.

At this time, the Nominating and Corporate Governance Committee knows of no reason why any of the nominees might be unable to serve, if elected.

Consistent with our Corporate Governance Guidelines, the Nominating and Corporate Governance Committees seeks to nominate candidates with diverse experiences and perspectives and who have both the ability to contribute to some or various aspects of our business and a willingness to make the significant commitment of time and effort required of our directors. Community involvement and leadership are important criteria for our Board members. Each of the nominees listed below possesses these attributes.

Majority Voting for Directors; Director Resignation Policy

In 2012, the Board of Directors approved an amendment to our Corporate Governance Guidelines regarding majority voting for directors. The Board reviewed corporate governance developments and an interested shareholder proposal on the subject of majority voting in the election of directors. The Board concluded that when shareholder

WITHHOLD votes exceed FOR votes with regard to a director nominee, the Nominating and Corporate Governance Committee and the Board should carefully consider and assess whether it would be appropriate for the director nominee to remain on the Board.

As amended, the Corporate Governance Guidelines provide that in an uncontested director election, any nominee for director who receives a greater number of votes **WITHHOLD** from his or her election than votes **FOR** such election (a **Majority Withheld Vote**) would promptly tender his or her resignation following certification by the Secretary of the shareholder vote. The current plurality vote standard will be retained for contested director elections (elections in which the number of director nominees exceeds the number of Board seats).

The Nominating and Corporate Governance Committee would promptly consider the resignation offer, and a range of possible responses based on the circumstances that led to the **Majority Withheld Vote**, if known, and make a recommendation to the Board. The Board would act on the Committee's recommendation within 90 days following certification of the shareholder vote.

If each member of the Committee received a **Majority Withheld Vote** at the same election, then the directors who did not receive a **Majority Withheld Vote** would consider the resignation offers and recommend to the Board whether to accept them. If three or fewer directors failed to receive a **Majority Withheld Vote**, all directors may participate in the action regarding the resignation offers. Any director who tenders his or her resignation pursuant to the Guidelines would not participate in the Committee's recommendation or Board action regarding whether to accept his or her individual offer to resign. Thereafter, the Board would promptly disclose its decision-making process and decision regarding whether to accept the director's resignation offer (or the reason(s) for rejecting the resignation offer, if applicable) in a Current Report on Form 8-K furnished to the SEC.

A link to the Corporate Governance Guidelines is on the **Investor Relations** portion of the Company's website, at <http://www.iberiabank.com>.

CORPORATE GOVERNANCE

Board of Directors and Shareholder Meetings

The Board of Directors met 17 times during the fiscal year ended December 31, 2013. All directors attended at least 75% of the total of all meetings of the Board of Directors and assigned committees in 2013. We encourage directors attendance at our annual shareholder meetings and request that directors make reasonable efforts to attend such meetings. All of the members of the Board of Directors attended the 2013 Annual Meeting of Shareholders.

Board Leadership Structure

Pursuant to our Bylaws, at the first meeting of each newly elected Board of Directors, or at such other time when there is a vacancy, the Board solicits input and nominations from its members and elects one of its members as Chairman to serve at the Board's pleasure. The Chairman presides over each Board meeting and performs such other duties as may be incident to the office.

Although our Bylaws and Corporate Governance Guidelines would allow our Chairman to hold the position of Chief Executive Officer, it is the current policy of the Board to separate these offices. This separation allows our Chairman to maintain an independent role in management oversight. The Chairman of the Board also chairs the Nominating and Corporate Governance Committee.

Risk Management

Our Board of Directors recognizes that risk management is an enterprise wide responsibility. Our Board assumes a significant role in risk management both through its actions as a whole and through its committees.

The Board Risk Committee assists the Board in fulfilling its responsibilities with respect to oversight of the Company's enterprise risk management framework, including significant policies and practices used in managing strategic, credit, liquidity, market, operational, compliance, reputational, legal and certain other risks. The Board Risk Committee's role and its relationship and interaction with the Board and other committees regarding risk oversight are more fully described under Committees of the Board Board Risk Committee and Committee Interaction.

The Compensation Committee evaluates, with our senior officers, risks posed by our compensation programs and seeks to limit any unnecessary or excessive risks these programs may pose to us, in order to avoid programs that might encourage such risks. The Compensation Committee's role and its relationship and interaction with the Board, the Board Risk Committee and the Audit Committee are more fully described under Committees of the Board Compensation Committee, Committee Interaction and Compensation Committee Report.

The Audit Committee reviews our systems to manage and monitor financial risk with management and our internal audit department. The Audit Committee's role and its relationship and interaction with the Board, the Board Risk Committee and the Compensation Committee are more fully described under Committees of the Board Audit Committee and Committee Interaction.

While each of these committees is responsible for evaluating certain risks and overseeing the management of these risks, the entire Board of Directors is regularly informed through committee reports about such risks.

In addition, the Board of Directors and executive management have appointed a Chief Risk Officer, who is an executive officer of the Company, to support the risk oversight responsibilities of the Board and its committees, and to involve management in enterprise-wide risk management by establishing committees comprised of management personnel. The Chief Risk Officer also manages a team of senior officers who are assigned responsibility for oversight of particular risks.

Board of Director Independence

Each year, the Board of Directors reviews the relationships that each director has with us and with other parties. Only those directors who do not have any of the categorical relationships that preclude them from being independent within the meaning of applicable NASDAQ listing standards and who the Board of Directors affirmatively determines have no relationships that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director are considered to be independent directors. The Board of Directors has reviewed a number of factors to evaluate the independence of each of its members. These factors include its members' relationships with us and our competitors, suppliers and customers; their relationships with management and other directors; the relationships their

current and former employers have with us; and the relationships between us and other companies of which our Board members are directors or executive officers. After evaluating these factors, the Board of Directors has determined that Ms. Abell and Messrs. Barton, Breaux, Casbon, Cooper, Fenstermaker, Koerner, Pollard, Shea and Welch are independent directors of IBERIABANK Corporation within the meaning of applicable NASDAQ listing standards. Independent Board members met in executive session without management present six times during the year ended December 31, 2013.

Shareholder Communications

Shareholders may communicate directly with members of the Board of Directors or the individual chairperson of a standing Board of Directors committee by writing directly to those individuals at the following address: 200 West Congress Street, Lafayette, Louisiana, 70501. Our general policy is to forward, and not to intentionally screen, any mail received at our corporate office. The Board of Directors reserves the right to revise this policy in the event it is abused, becomes unworkable or otherwise does not efficiently serve the policy's purpose.

Codes of Ethics

The Board of Directors has adopted a Code of Ethics for the Chief Executive Officer and Senior Financial Officers. The Board of Directors also has adopted a Code of Ethics that applies to all officers, other employees and directors. Links to both codes of ethics are on the Investor Relations portion of our website at: <http://www.iberiabank.com>. Any waiver or substantial amendments of the codes of ethics applicable to our directors and executive officers also will be disclosed on our website.

Preferred Stock Issuance Representation

The Board of Directors represents that it will not, without prior shareholder approval, issue any series of preferred stock for any defensive or anti-takeover purpose, for the purpose of implementing any shareholder rights plan or with features specifically intended to make any attempted acquisition of the Company more difficult or costly. Subject to these limitations, the Board of Directors may issue preferred stock in connection with capital raising transactions, acquisitions, and joint ventures and for other corporate purposes that may have the effect of making such an acquisition more difficult or costly, as could also be the case if the Board of Directors were to issue additional shares of common stock. This representation is part of our Corporate Governance Guidelines, a link to which is in the Investor Relations portion of our website at: <http://www.iberiabank.com>.

Corporate Governance Guidelines

The Board of Directors has adopted written Corporate Governance Guidelines, which outline the Board's responsibilities and duties to our shareholders, employees and customers, and to the communities in which we do business, to ensure that we operate with the highest professional, ethical, legal and socially responsible standards. The Guidelines address a number of matters relating to our directors, including Board composition and qualifications, functions of the Board and committees of the Board.

The Guidelines also address the following matters of corporate governance:

No director of our Company may serve on more than three other public company boards. It is expected that each director will be available to attend substantially all meetings of the Board and any committees on which he or she will serve.

Directors are required to submit a letter of resignation to the Board upon a job change. There should be an opportunity for the Board through the Nominating and Corporate Governance Committee to review the appropriateness of Board membership under the circumstances.

Employee directors should offer to resign from the Board upon their resignation, removal or retirement as an officer of the Company.

Specific Company stock ownership guidelines for both directors and Named Executive Officers have been established. These stock ownership guidelines are described in this Proxy Statement under Compensation Discussion and Analysis Stock Ownership Guidelines. Adoption of these guidelines was intended to ensure that the interests of directors and Named Executive Officers are aligned with the interests of our shareholders.

The Company supports and encourages directors periodic participation in continuing education programs to assist them in performing their corporate governance responsibilities.

In an uncontested election of directors, any nominee for director who receives a greater number of votes WITHHOLD from his or her election than votes FOR such election shall promptly tender his or her

resignation following certification by the Secretary of the shareholder vote. The Nominating and Governance Committee would then consider the resignation and make a recommendation to our Board as to the action to be taken. This guideline does not apply in contested elections. For more information about this policy, see Proposal I Election of Directors Majority Voting for Directors; Director Resignation Policy.

Section 16(a) of the Securities Exchange Act of 1934, requires each of our directors and executive officers, and each beneficial owner of more than 10% of our common stock, to file with the SEC an initial report on Form 3 of the person's beneficial ownership of our equity securities and subsequent reports on Form 4 regarding changes in ownership. On the basis of reports and representation of our directors, executive officers and greater than 10% shareholders, we believe that each person subject to the filing requirements with respect to us satisfied all required filing requirements during 2013, with the exception that John E. Koerner, III was late filing a report on Form 4 with respect to a purchase transaction, which was subsequently reported on Form 5 that was timely filed.

COMMITTEES OF THE BOARD OF DIRECTORS

The Board of Directors of the Company has established six committees: the Audit Committee, the Nominating and Corporate Governance Committee, the Compensation Committee, the Board Risk Committee, the Executive Committee and the Investment Committee. A link to the charter of each of these committees, except for the Executive Committee and the Investment Committee, can be found on the Investor Relations portion of our website, at <http://www.iberiabank.com>.

Audit Committee

The members of the Audit Committee are Mr. Barton, who serves as the chairman, and Messrs. Cooper, Koerner and Pollard. Each of the members of the Audit Committee is independent within the meaning of applicable NASDAQ listing standards. The Board of Directors has determined that each of the Audit Committee members has the requisite expertise generally required of an audit committee member under NASDAQ standards and that the Chairman of the Audit Committee, Mr. Barton, is an audit committee financial expert as defined in Item 407(d)(5) of SEC Regulation S-K.

The Audit Committee has oversight responsibility for the quality and integrity of our financial statements. The Audit Committee meets privately with the independent registered public accounting firm, has the sole authority to retain and dismiss the independent registered public accounting firm and reviews their performance and independence from management. The independent registered public accounting firm has unrestricted access and reports directly to the Committee. The Audit Committee met 10 times during 2013.

The primary functions of the Audit Committee are to oversee: (i) the audit of the financial statements of the Company provided to the SEC, the shareholders and the general public; (ii) the Company's internal financial and accounting processes; and (iii) the internal audit process. Additionally, the Audit Committee has responsibilities with respect to: (i) complaints relating to accounting, internal accounting controls or auditing matters; (ii) authority to engage advisors; and (iii) funding as determined by the Audit Committee. The Audit Committee also monitors our compliance with legal and regulatory requirements.

The Audit Committee has adopted a formal policy concerning approval of audit and non-audit services to be provided to us by our independent registered public accounting firm. The policy requires that all services to be provided by the independent registered public accounting firm, including audit services and permitted audit-related and non-audit services, must be pre-approved by the Audit Committee. The Audit Committee pre-approved all audit and non-audit services provided by Ernst & Young LLP during 2013. The Audit Committee will also pre-approve 2014 services to be provided by Ernst & Young LLP.

Pursuant to its Charter, the Audit Committee is authorized to conduct an appropriate review of all related party transactions for potential conflict of interest situations to determine that the related party transaction is consistent with the best interests of the Company and our shareholders. The term related party transaction generally means a

transaction, arrangement or relationship (or any series of the same) in which we or our subsidiaries are or will be a participant and the amount involved exceeds \$120,000, and in which the related party has or will have a direct or indirect interest. A related party generally means a director, nominee or executive officer of the Company; a person known to be the beneficial owner of more than 5% of our common stock; and any immediate family member of the foregoing persons (as defined by the SEC). See - Committee Interaction.

While it is the responsibility of management and the Board Risk Committee to assess, manage and monitor the Company's enterprise-wide exposure to risk, the Audit Committee will review in a general manner the guidelines and policies to govern the processes used by the Board Risk Committee and the management-level risk committee with respect to enterprise-wide risk management. See - Committee Interaction.

These and other aspects of the Audit Committee's authority are more particularly described in the Audit Committee Charter. A link to the Audit Committee Charter is on the Investor Relations portion of our website, at: <http://www.iberiabank.com>.

Nominating and Corporate Governance Committee

The independent members of the Board of Directors - Ms. Abell and Messrs. Barton, Breaux, Casbon, Cooper, Fenstermaker, Koerner, Pollard, Shea and Welch - serve as our Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee is responsible for evaluating and recommending individuals for election or re-election to the Board of Directors, including those recommendations submitted by shareholders, the evaluation of the performance of the Board of Directors and its committees, and the evaluation and recommendation of corporate governance policies. In 2013, the Nominating and Corporate Governance Committee held six meetings. A link to the Nominating and Corporate Governance Committee Charter is on the Investor Relations portion of our website, at: <http://www.iberiabank.com>.

It is a policy of the Nominating and Corporate Governance Committee that candidates for director possess the highest personal and professional integrity, have demonstrated exceptional ability and judgment and have skills and expertise appropriate for us and serving the long-term interests of our shareholders. The Committee's process for identifying and evaluating nominees is as follows:

in the case of incumbent directors whose terms of office are set to expire, the Committee reviews such directors' overall service to IBERIABANK Corporation during their terms, including the number of meetings attended, level of participation, quality of performance, and any related party transactions with us during the applicable time period; and

in the case of new director candidates, the Committee first conducts any appropriate and necessary inquiries into the backgrounds and qualifications of possible candidates after considering the function and needs of the Board of Directors.

Consistent with our Corporate Governance Guidelines, the Nominating and Corporate Governance Committee seeks to nominate candidates with diverse experiences and perspectives. In evaluating candidates, the Committee considers, among other things, diverse backgrounds, professional experience, education and community involvement, as well as racial and gender diversity. The Committee has not formalized this practice into a written policy.

The Committee meets to discuss and consider these candidates' qualifications, including whether the nominee is independent within the meaning of NASDAQ listing standards, and then selects a candidate by majority vote. In seeking potential nominees, the Nominating and Corporate Governance Committee uses its management's network of contacts to compile a list of potential candidates, but may also engage, if it deems appropriate, a professional search firm. To date, the Nominating and Corporate Governance Committee has not paid a fee to any third party to assist in the process of identifying or evaluating director candidates, nor has the Committee rejected a timely director nominee from a shareholder holding more than 5% of our voting stock.

The Nominating and Corporate Governance Committee will consider director candidates recommended by shareholders, provided the shareholders follow the procedures set forth in Article 6F of our Articles of Incorporation. The Committee does not intend to alter the manner in which it evaluates candidates, including the criteria set forth above, based on whether the candidate was recommended by a shareholder or otherwise.

Article 6F of our Articles of Incorporation governs nominations of candidates for election as director at any annual meeting of shareholders and provides that such nominations, other than those made by the Board, may be made by any shareholder entitled to vote at such meeting, if the nomination is made in accordance with the procedures set forth in Article 6F, which are summarized below.

A shareholder's notice of nomination must be delivered to, or mailed and received at, our principal executive offices not later than 60 days before the anniversary date of the immediately preceding annual meeting of shareholders and must set forth as to each person who the shareholder proposes to nominate for election as a director and as to the shareholder giving the notice:

the name, age, business address and residence address of such person;

the principal occupation or employment of such person;

the class and number of shares of our stock which are Beneficially Owned (as defined in Article 9A(e) of the Articles of Incorporation) by such person on the date of such shareholder notice; and

any other information relating to such person that is required to be disclosed in solicitations of proxies with respect to nominees for election as directors pursuant to Regulation 14A under the Securities Exchange Act of 1934;

and as to the shareholder giving the notice:

the name and address, as they appear on our books, of such shareholder and any other shareholders known by such shareholder to be supporting such nominees; and

the class and number of shares of our stock which are Beneficially Owned by such shareholder on the date of such shareholder notice and, to the extent known, by any other shareholders known by such shareholder to be supporting such nominees on the date of such shareholder notice.

To be timely under the Articles of Incorporation, nominations by any shareholder eligible to vote at the 2014 Annual Meeting of Shareholders must have been received by us on or before March 7, 2014.

The Nominating and Corporate Governance Committee may reject any nomination by a shareholder not made in accordance with the requirements of Article 6F. Notwithstanding the foregoing procedures, if neither the Board of Directors nor the Committee makes a determination as to the validity of any nominations by a shareholder, the presiding officer of the annual meeting shall determine and declare at the annual meeting whether the nomination was made in accordance with the terms of Article 6F.

Compensation Committee

Our Compensation Committee has four members and is chaired by Mr. Shea; the other members of the Committee are Messrs. Welch, Fenstermaker and Pollard. Each member of the Compensation Committee has been determined by our Board of Directors to meet NASDAQ, SEC and Internal Revenue Code independence criteria. The Compensation Committee met seven times during 2013.

Compensation Committee Responsibilities and Authority. Our Compensation Committee, in consultation with our President and Chief Executive Officer (sometimes referred to as the CEO), is responsible for establishing and monitoring the overall compensation and benefits philosophy and strategy of IBERIABANK Corporation and its

subsidiaries. As set forth in its Charter, the responsibilities of the Compensation Committee include:

evaluating the performance of the CEO and establishing compensation awards for the CEO;

monitoring and reviewing performance measures and any applicable goals for measuring corporate performance, in consultation with the CEO;

reviewing and approving the design of compensation programs for key executives; and

providing oversight of our general compensation programs and policies.

The Compensation Committee determines the compensation for the CEO. With respect to our other senior executive officers, the CEO annually reviews performance and presents his conclusions and compensation recommendations to the Compensation Committee. The Committee reviews and considers the CEO's recommendations when making its final compensation decisions for all executives other than the CEO. The Compensation Committee also administers our equity incentive programs and oversees risk management with respect to our material incentive compensation arrangements. In addition, the Compensation Committee recommends to the full Board compensation for directors.

The Chair of the Compensation Committee works with the Director of Human Resources to set the meeting agenda for the Compensation Committee.

Compensation Committee Charter. The Charter of the Compensation Committee describes the principles upon which the Committee was founded and operates. The Charter is reviewed and reassessed annually, and any proposed changes are recommended to the Board, to ensure that the Compensation Committee is fulfilling its duties in aligning our executive compensation programs with shareholder value creation, helping us attract and retain talented executives and managers, and being responsive to the legitimate needs of our shareholders. The Compensation Committee Charter was reviewed and revised in January 2013. A current copy of the Charter of the Compensation Committee can be found on the Investor Relations portion of our website, at <http://www.iberiabank.com>.

Involvement of Compensation Consultants and Executive Management in Compensation Decisions. Among other matters, the Compensation Committee is authorized to engage outside advisors (including compensation consultants and legal counsel) to assist the Committee in achieving its mission and responsibilities. During 2013, the Compensation Committee engaged Towers Watson to serve as an independent executive compensation advisor. The Committee selected Towers Watson after interviewing a number of independent advisors and determining that engagement of Towers Watson raised no conflicts of interest. Towers Watson reports directly to the Compensation Committee and works with management on behalf of the Committee as needed. In 2013, the Compensation Committee received independent advice from Towers Watson on various items, including refinements to the executive compensation peer group, competitive compensation benchmarking for the Named Executive Officers, and long-term incentive strategy. The decision to retain Towers Watson (as well as other independent advisors) is at the sole discretion of the Compensation Committee, and these consultants work at the direction of the Committee.

Pursuant to its Charter, the Compensation Committee has direct access to, and complete and open communication with, management and may obtain advice and assistance, as needed, from internal or external legal, accounting, search firms, compensation consultants or other advisors, including the retention, termination and negotiation of terms and conditions of the assignment as the Committee may deem appropriate in its discretion. The Compensation Committee has the sole authority to retain and terminate its advisors and to approve the fees and other retention terms for its advisors. The Company shall be responsible for all costs or expenses so incurred. The Compensation Committee, in its sole discretion, may retain the services of outside compensation consultants to assist the Committee in the evaluation of the CEO and other executive officer compensation and in making other determinations with respect to compensation matters that are within the authority of the Compensation Committee.

Before selecting an outside compensation consultant or advisor, or outside legal counsel and pursuant to its Charter, the Compensation Committee conducts the following independence analysis as required by NASDAQ listing standards:

The provision of other services to the Company by the person that employs the compensation advisor;

The amount of fees received from the Company by the person that employs the compensation advisor as a percentage of the total revenue of such person;

The policies and procedures of the person that employs the compensation advisor that are designed to prevent conflicts of interest;

Any business or personal relationship of the compensation advisor with a member of the Compensation Committee;

Any stock of the Company owned by the compensation advisor; and

Any business or personal relationships between the executive officers of the Company and the compensation advisor or the person employing the compensation advisor.

The Compensation Committee believes that it is important for members of management to provide input on the overall effectiveness of our executive compensation programs. The Committee believes that the advice of outside advisors must be combined with the input of senior management and the Compensation Committee's own individual experiences and best judgment to seek to achieve a proper alignment of compensation philosophies, programs and practices. The CEO, the SEVP of Communications, Human Resources and Facilities and the Director of Human

Resources are the members of management who interact most closely with the Compensation Committee. These individuals work with the Compensation Committee to provide their perspectives on reward strategies and how to align them with our business and retention goals. They provide feedback and insights into how well our compensation programs and practices appear to be working. In addition, the CEO, the Director of Human Resources and the Chief Financial Officer attend all or portions of certain Compensation Committee meetings to participate in the presentation of materials and discussion of management's point of view regarding compensation issues.

Executive Session. At certain meetings, the Compensation Committee meets in executive session without members of management present for the purpose of discussing matters independently from management.

Compensation Risk. The Compensation Committee reviewed the relationship between our risk management and the incentive compensation provided to employees, including Named Executive Officers and other executive and non-executive officers, and determined that our incentive compensation programs do not encourage unnecessary and excessive risk taking. These conclusions were made after consultations with senior executive officers, the Director of Human Resources, the chairman of the Board Risk Committee (who is also a member of the Compensation Committee), and representatives of the Compensation Committee's independent executive compensation advisor. See - Committee Interaction.

Compensation Committee Interlocks and Insider Participation. The Compensation Committee is composed entirely of independent directors. During 2013, none of our executive officers served on the board of directors or compensation committee (or other committee serving an equivalent function) of any other entity. None of the members of the Compensation Committee was an officer or other associate of our Company or any of our subsidiaries during 2013, or is a former officer or other associate of our Company or any of our subsidiaries. Members of the Compensation Committee may, from time to time, have banking relationships in the ordinary course of business with IBERIABANK, as described under Certain Transactions.

Committee Interaction

In connection with the responsibilities of the Board Risk Committee, with respect to the relationship between the Company's risk management and the incentive compensation provided to associates, including Named Executive Officers identified in this Proxy Statement and other executive and non-executive officers, the Compensation

Committee determines whether incentive compensation programs encourage unnecessary and excessive risk taking. The Compensation Committee will seek to limit any unnecessary or excessive risks that these programs may pose to the Company, in order to avoid programs that might encourage such risks. The Board of Directors recognizes that information and reports prepared for and reviewed by the Compensation Committee and the Board Risk Committee may each be relevant to the oversight and responsibilities of the other, and should be provided to the other, as appropriate.

In connection with the responsibilities of the Audit Committee with respect to compensation risk assessment, the Board of Directors recognizes that information and reports prepared for and reviewed by each of the Compensation Committee, the Audit Committee and the Board Risk Committee may be relevant to the oversight and responsibilities of the other committees, and should be provided to the other committees, as appropriate.

2013 Financial Performance Highlights

Total loan growth of \$1.0 billion, or 12%, between year-end 2012 and year-end 2013. Excluding acquired loans, legacy loan growth was \$1.5 billion, or 23%. This level of growth compares to 2% in aggregate loan growth for the banking industry over the same period.

The Company continued to work out loans and other assets acquired in FDIC-assisted and whole bank acquisitions. Loans covered under FDIC loss-share programs declined \$373 million, or 34%, compared to year-end 2012. Loans acquired in whole bank transactions (primarily loans classified as troubled assets) declined \$174 million, or 26%, since year-end 2012.

Asset quality metrics improved in 2013. Excluding acquired assets, nonperforming assets declined from 0.69% of total assets at year-end 2012 to 0.61% at year-end 2013. Similarly, the ratio of net charge-offs to average loans improved from 0.06% in 2012 to 0.04% in 2013.

The Company implemented over 40 profitability improvement initiatives in 2013 that resulted in \$24.5 million in annualized savings on a run-rate basis.

Non-GAAP fully-diluted operating earnings per share increased 14% in 2013 compared to 2012.

Non-GAAP return on average tangible common equity improved 103 basis points in 2013 compared to 2012.

Responsiveness to Shareholders

At our May 6, 2013 Annual Meeting of Shareholders, we asked shareholders to vote on a non-binding resolution to approve the compensation for our Named Executive Officers, which is commonly referred to as a say-on-pay vote. Shareholders approved the resolution with a 66% majority vote, a reduction from favorable votes of more than 95% in 2012 and 85% in 2011. The Compensation Committee and management believe the lower level of support was due primarily to concerns expressed by governance and proxy advisory firms. Concerns noted included the Company's discretionary bonus program, the exclusive use of time vesting equity awards, as well as what the advisory firms considered a potential pay and performance disconnect, based on the Company's total shareholder return (TSR) performance on a one and three-year basis relative to peers. In conversations with institutional shareholders' portfolio managers, these individuals have expressed enthusiastic approval of the Company's financial performance.

IBERIABANK Corporation has been one of the top-performing financial institutions in the country for many years. Our shareholders have been rewarded with superior results over the longer term as evidenced below. When comparing IBERIABANK's TSR against peers or the industry as a whole, in the short term, our three-year TSR is clouded by the fact that our Company never suffered a steep stock price decline during the financial crisis, as was the case for many of our peers. In addition, rather than suspend or reduce cash dividends, as many banks did during the financial crisis, our Company's dividend payments remained consistent. The Compensation Committee believes the longer term TSR to be a better measure of the Company's performance because it benchmarks us against our peers before the crisis, tracks us through the crisis, and measures how well we are managing post-crisis. As the table below indicates, our TSR has been stellar and our shareholders have earned superior returns over the longer term.

(Includes reinvestment of quarterly cash dividends)

	Time Period	IBERIABANK Corporation TSR	Peer Group Median TSR
December 31, 2012 to December 31, 2013	1 Year	31.2%	36.3%
December 31, 1999 to December 31, 2013			
Total	14 Years	709.9%	155.2%
Compounded Growth	14 Years	16.1%	8.3%

While 2013 compensation targets and equity grants had already been established by the time of the May 2013 shareholder vote, the Compensation Committee and management are mindful of the concerns expressed and considered those concerns for 2014 and beyond. Based on careful consideration of these results, conversations with certain shareholders, our normal annual review of executive compensation and market best practices, the Compensation Committee made refinements to our incentive programs for 2014. Below is a summary of key refinements implemented for 2014.

2014 Incentive Program Refinements

As a result of comments and suggestions expressed by certain shareholders and proxy advisory firms, we made the decision to add more rigorous performance criteria to our incentive programs for 2014 and beyond. The Compensation Committee believes that these new incentive programs will ensure the continued alignment of executive compensation, Company performance and strategic goal attainment. The Compensation Committee and management undertook a comprehensive and in-depth review process that included engaging outside consultants to analyze peer compensation plans in identifying industry trends and best practices. The following steps were taken in the process:

Identified financial institutions comparable to us

Determined where overall compensation target amounts should be relative to peers

Determined what target compensation mix should be

Determined extent to which targets should be based on bank-specific goals versus performance relative to peers

Determined linkage methodology between pay and performance

Aligned metrics to short-term and long-term strategic and financial goals

Built out compensation scenario forecast models

Developed revised executive officer compensation plan

In addition to basing a greater portion of executive compensation on performance metrics rather than time-based compensation, the programs will also place greater focus on explicit quantitative metrics to closely align with the path to improved performance and strategic goal attainment. The quantitative metrics will be set annually by the Compensation Committee, based on targeted performance.

Annual Incentive Program

The 2014 annual incentive program will focus executive officers on key operating drivers of long-term success and will strike a balance between profitable growth and return. At the same time, the program will reinforce the Company's continued industry-leading asset quality. The performance metrics under the annual incentive plan are:

Performance Metrics

Asset Growth

Return on Average Tangible Common Equity*

Earnings Per Share*
Net Charge-offs to Average Loans**
Non-performing Assets to Total Assets**

* Measured on an operating basis

** Excludes acquisitions

The Compensation Committee has set specific targets for each performance metric and will evaluate 2014 performance against these targets. All executive officers will have a target award opportunity, as well as a maximum award that may be paid under the annual incentive program.

Long Term Incentive (LTI) Program

LTIs will continue to represent a critical component of the Company's executive officer compensation program. The 2014 LTI program will provide executive officers with performance-based, as well as time-based awards. 40% of long-term incentives will be tied to long-term financial success and shareholder value creation (stock price and dividends). The 2014 LTI program will consist of the following elements:

Type of LTI	Vesting Time Frame		Performance Metric	Percent of Total LTI Award Value
Performance-based RSUs	3 Year	cliff vesting	Operating EPS; Relative Total Shareholder Return	20%
Performance Units	3 Year	33% per year	Asset Growth; Return on Average Tangible Equity; Operating Earnings Per Share; Net Charge-Offs; Non-performing Assets	20%
Stock Options	3 Years	33% per year	None	15%
Restricted Stock	3 Year	33% per year	None	45%

Business Performance**Total Shareholder Return**

In 2013, the Company's total shareholder return was 31.2%, assuming the reinvestment of quarterly cash dividends. We believe the ultimate measure of long-term business performance is our total shareholder return as measured over the long-term. The below chart shows how a \$100 investment in our Company's common stock on December 31, 1999 would have grown to \$810 on December 31, 2013, with dividends reinvested quarterly. This represents an annual total shareholder return of 16.1% per year which compares to the peer group median of 8.3% per year.

Note: The peer group is defined in this Compensation Discussion and Analysis.

In the banking industry, the magnitude and sustainability of growth in clients are significant drivers of long-term value to shareholders. One aggregate measure of client expansion is the growth in total assets of the Company, along with growth performance in the two major balance sheet components — total loans and core deposits.

The Company's total assets increased from \$1.4 billion at year-end 1999 to \$13.4 billion at year-end 2013, or an increase of 880%, compared to aggregate industry asset growth of 138% over this period. The increase in the Company's total assets equated to an 18% annualized growth rate over this period compared to aggregate industry annualized growth rate of 6%.

Asset Growth versus Industry (2000 - 2013) Company Percentile

Loan growth at the Company has been achieved through both acquisitions and internal, or organic, growth, each of which dramatically outpaced loan growth in the industry and of peers. Since year-end 1999, the Company's total loans grew from \$834 million to \$9.5 billion, an increase of 1,038%, or an annualized growth rate of 19%. On an organic basis excluding acquisitions, the Company's total loans increased 519% over that period, or a 14% annualized growth rate. By comparison, the aggregate industry loan growth over that period was 113%, or a 6% annualized growth rate.

Similarly, the Company's growth in core deposits (defined as total deposits less time deposits) significantly exceeded industry and peer performance since year-end 1999. The Company's total core deposits increased from \$3.5 billion at year-end 1999 to \$9.9 billion at year-end 2013, an increase of 1,657%, or a 23% annualized growth rate. On an organic basis excluding acquisitions, the Company's core deposits climbed 993% over that period, or a 19% annualized growth rate. By comparison, the aggregate industry core deposit growth over that period was 181%, or an 8% annualized growth rate.

Compensation Overview

Compensation Philosophy

Our compensation programs are designed to enable us to recruit and retain key officers and other associates who will help us achieve our short and long-term business objectives. Our compensation philosophy is centered on four basic principles:

Compensation Practices

Our key executive compensation practices include:

Pay for performance emphasis

Modest perquisites

No pension plans or special executive retirement programs

No re-pricing of stock options without shareholder approval

Rigorous compensation benchmarking as one point of reference

Annual advisory votes on executive compensation

Stock ownership guidelines

Compensation recovery policy

Anti-hedging and trading restrictions; and

Risk mitigation of incentive plans

Elements of Compensation

The principal components of compensation for each Named Executive Officer consist of:

Base salary;

Annual incentive compensation;

Long-term incentives;

Employee benefits; and

Change in control severance benefits.

These programs are structured to maximize Named Executive Officers' long-term commitment to our success and to align their financial interests with the financial interests of our shareholders.

Pay for Performance

Our strategy for compensating officers and other associates has been based on programs that emphasize performance-based variable compensation. The Company's emphasis on performance-based compensation is best illustrated by the mix of 2013 compensation for Named Executive Officers which was as follows:

This illustrates that the majority of Named Executive Officers' total direct compensation package is variable pay. Furthermore, it also shows our emphasis on long-term incentive compensation over short-term (annual) incentive compensation.

Compensation Process

Compensation Decisions

The Compensation Committee has the sole responsibility for determining the compensation of our President and Chief Executive Officer. The Compensation Committee reviews his pay both in the context of the Company's financial performance, as well as external market data.

For the other Named Executive Officers, the President and Chief Executive Officer evaluates their individual performance and proposes compensation, subject to review and approval by the Compensation Committee. These compensation recommendations for other Named Executive Officers are proposed after considering Company and individual performance, as well as external market data and internal equity.

Competitive Benchmarking

Periodically, the Compensation Committee reviews competitive data for comparable executive positions in the market. External market data is used by the Compensation Committee as a point of reference in its executive pay decisions in conjunction with financial and individual performance data.

During 2013, the Compensation Committee worked with the Committee's independent consultant to review and define an appropriate peer group of publicly traded commercial bank holding companies. The median total assets of this peer group were approximately \$13 billion which is almost identical to the Company's total assets. The bank holding companies in the peer group included:

BancorpSouth, Inc.	Old National Bancorp
Commerce Bancshares, Inc.	Prosperity Bancshares, Inc.
Cullen/Frost Bankers, Inc.	Susquehanna Bancshares, Inc.
F.N.B. Corporation	Texas Capital Bancshares, Inc.
First Financial Holdings, Inc.	Trustmark Corporation
First Horizon National Corporation	UMB Financial Corporation
FirstMerit Corporation	United Bankshares, Inc.
Hancock Holding Company	Valley National Bancorp
Investors Bancorp, Inc.	Wintrust Financial Corporation

In addition, the Compensation Committee reviewed compensation survey data for all national commercial banking companies as provided by the independent consultant. All of this national survey data was size-adjusted to reflect commercial banks with \$13 billion in assets, which was the approximate size of the Company. This national industry perspective provides the Compensation Committee with both a broader view of the executive labor market and a reasonability check against any potential anomalies in the peer group data.

Key Executive Compensation Decisions

The Compensation Committee made the following adjustments to Named Executive Officer compensation in 2013.

Base salary: Increased base salaries for Named Executive Officers between 2.3% to 4.6% based on executive performance and competitive market position.

Annual incentives: Awarded annual incentives for Named Executive Officers between 48% to 90% of 2013 base salary based on the Company's 2013 operating performance.

Long-term incentive awards: Granted long-term incentive awards in the form of stock options, restricted shares, and phantom shares to further align executive's interest with our shareholders and incentivize long-term performance.

Compensation recovery policy: Implemented a written Compensation Recovery Policy for Named Executive Officers, as well as certain other officers of the Company. This policy is described in detail under the Compensation Policies section of this Proxy Statement.

Components of 2013 Compensation

Base Salary

We view annual base salary as an important component of compensation to attract and retain executive talent. Annual base salaries serve as the foundation for our employee pay structure. Executive base salaries are set after considering

factors including external market competitiveness, individual performance, and internal equity. Prior to determining the base salary for each Named Executive Officer, the Compensation Committee evaluates the most recent comparative peer data relative to similar roles and responsibilities. The Compensation Committee weighs qualitative and quantitative performance of each Named Executive Officer to determine that the executive is at the appropriate position within the 50th to 75th percentile of market peers.

After reviewing the total compensation targets for our Named Executive Officers against industry and specific peer values, the Compensation Committee approved the following base salary increases, with an effective date of March 4, 2013, for Named Executive Officers:

Executive	Prior Base Salary	New Base Salary	Percentage Increase
Daryl G. Byrd	\$ 861,000	\$ 900,000	4.5%
Anthony J. Restel	\$ 425,000	\$ 440,000	3.5%
Michael J. Brown	\$ 545,000	\$ 570,000	4.6%
Jefferson G. Parker	\$ 440,000	\$ 460,000	4.5%
John R. Davis	\$ 430,000	\$ 440,000	2.3%

Annual Incentives

2013 Results

Annual incentives are used to drive and reward annual financial results and progress toward strategic priorities. For 2013, the Compensation Committee considered a variety of key financial metrics that drive long-term value in the banking and financial services industry in determining annual incentive awards. As indicated by the chart below, the Company experienced increases in earnings per share, total assets, total deposits, total loans and return on average tangible common equity, as well as improvements in credit quality. These were factors considered by the Compensation Committee in approving the 2013 incentive awards for Named Executive Officers.

The Board of Directors is actively engaged in the strategic direction of the Company, the development of the franchise and its geographic diversification, the diversity of the Company's fee-based businesses, and the progress achieved on

improving the organization's near-term and long-term profitability. The Board and leadership team closely weigh and evaluate the profitability and risk potential of various opportunities and challenges and ensure that incentives are aligned with the long-term interests of shareholders and other constituents. Further, the Board and leadership team closely monitor the Company's financial and strategic results relative to the evolving regulatory and competitive landscape, the forecasted macroeconomic environment, the Company's strategic goals, budgeted targets, and shareholder expectations. The Company strives for an optimal balance between the cost of implementing near-term investments and the long-term benefits achieved from those initiatives.

The Company produced strong loan and core deposit growth while maintaining outstanding credit quality. Investments in the fee income businesses progressed well and consistent with expectations, despite economic headwinds and volatility. The Company continues to significantly improve its operating efficiency which will likely have very favorable long-term financial benefits. Near-term profitability improved considerably throughout 2013, and the Company exceeded the financial guidance provided to the investment community during 2013. Importantly, the Company continued to attract and retain exceptionally talented leaders and associates.

Award Payouts

Based on financial and strategic results achieved in 2013, the Compensation Committee approved the following awards for Named Executive Officers:

Executive	2013 Annual Incentive
Daryl G. Byrd	\$ 810,000
Anthony J. Restel	\$ 255,000
Michael J. Brown	\$ 275,000
Jefferson G. Parker	\$ 255,000
John R. Davis	\$ 220,000

The targeted 2013 annual incentive pool for the Company was initially established and approved by our Board of Directors in January 2013 based on the operating fully diluted earnings per share budget for the year ending December 31, 2013. The actual level of operating fully diluted earnings per share achieved for the year ended December 31, 2013 was approximately 9% below the budgeted amount, and as a result, the actual aggregate incentive pool paid to executive and other officers was reduced by approximately 9%.

In making the 2013 annual incentive award determination for our President and Chief Executive Officer, the Compensation Committee concluded that Mr. Byrd has continued to show strong and effective leadership, leading the Company to improved 2013 financial performance while continuing to strengthen our risk management principles. The Compensation Committee believes his leadership continues to be critical to achieving our long-term strategic goals of strengthening our balance sheet and building capital to support future growth while continuing to return capital to our shareholders; minimizing our risk profile through effective management of credit, market and operational risk; strategically positioning the Company to take advantage of revenue opportunities in existing and new businesses while managing our expenses by serving clients better and more efficiently; and communicating the Company's mission and values to our investors, communities and other stakeholders. Upon consideration of Mr. Byrd's 2013 performance, the Compensation Committee approved a 2013 annual incentive award of \$810,000 for Mr. Byrd.

Annual incentive awards for Named Executive Officers range from 48% to 90% of base salary. The Compensation Committee believes that these incentive payments are aligned with the Company's 2013 financial results, market-based compensation practices, and the contribution of each Named Executive Officer.

Long-Term Incentives

We consider long-term equity-based compensation to be critical to the alignment of executive compensation with shareholder value creation. Therefore, a market competitive long-term equity-based incentive component is an integral part of our overall executive compensation program.

Target long-term incentive opportunities are established based on competitive market practices. In addition, as described earlier, the Compensation Committee considered the Company's financial performance. For the 2013 grants and awards, the fair value of long-term incentives is reflected in the Summary Compensation Table in this Proxy Statement. Consistent with our variable pay philosophy, these awards are targeted between the 50th to 75th percentile of market peers. In 2013, our long-term equity incentive program had three components:

Stock Options: On February 19, 2013, Named Executive Officers were granted stock options with an exercise price of \$52.36, which was the closing fair market value for the common stock on the date of grant. Stock options reward Named Executive Officers for increasing the market price above the exercise price. The Company maintains a policy against repricing stock options without shareholder approval. All Named Executive Officer stock options granted vest at 20% per year, which provides a strong retention incentive.

Restricted Stock: Restricted shares are awarded subject to transfer and vesting restrictions. Restricted share awards are intended to build stock ownership and foster executive retention. All of the Named Executive Officers received restricted share awards on February 19, 2013. All of these restricted share awards have dividend and voting rights. Further, the restricted share awards vest at 20% per year which provides a strong retention incentive.

Phantom Stock: During 2013, all Named Executive Officers received phantom stock awards on February 19, 2013. These phantom shares are intended to provide an economic equivalent of restricted share awards. These phantom shares are settled in cash and also receive dividend equivalents. The Compensation Committee awarded phantom shares rather than restricted shares in order to conserve the share pool and reduce shareholder dilution. Phantom shares vest at 25% per year, commencing on the second anniversary date of the award, to provide a strong retention incentive.

It is the Committee's intent to grant equity awards at approximately the same time each year, generally in the first calendar quarter.

Benefit Programs

All Employee Benefits

We provide our Named Executive Officers with core health and welfare benefits, including coverage for medical, dental, vision care, prescription drugs, basic life insurance, accidental death, and long-term disability. The Company's retirement plan is a 401(k) savings plan, with a Company-matching contribution of 50% on the first 3% of a participant's eligible pay (up to a \$100,000 salary cap).

Executive Benefit Plans

The Company offers several executive benefit and perquisite plans. These executive plans constitute a small portion of the overall compensation packages of our Named Executive Officers. These perquisites largely consist of deferred compensation, car allowances or personal use of a Company vehicle, social dues/club memberships and supplemental executive long-term disability insurance. The value of these perquisites is included in the Other Compensation column of the Summary Compensation Table in this Proxy Statement.

The Compensation Committee believes that all of the benefits made available to our Named Executive Officers are reasonable and are intended to help the Company attract and retain them.

Employment Arrangements

Byrd Employment Agreement

The Company has a three-year employment agreement with Mr. Byrd that automatically renews for an additional year on each anniversary of the agreement unless not earlier than 90 days before the anniversary, the Company gives notice that it will not be renewed. The purpose of this employment agreement is to help retain Mr. Byrd and to define severance benefits for various types of employment terminations.

General terminations: Under the terms of this agreement, if Mr. Byrd's employment is terminated for other than Cause (as defined), disability, retirement or death, or if Mr. Byrd terminates his employment for Good Reason

(as defined), then he would be entitled to severance benefits. Under this termination, he would be entitled to cash severance payments equal to the greater of one year's base salary or his base salary for the remaining term of the agreement.

Change in control terminations: If Mr. Byrd's employment is terminated by him within 30 days of a Change in Control (as defined), or within 90 days of an event constituting Good Reason occurring within three years of a Change of Control, or within 30 days of the first anniversary of a Change in Control, or if his employment is terminated by the Company without Cause within three years of a Change of Control, then he would be entitled to the following cash severance payments: He would be entitled to receive the greater of his salary for the remaining term of the agreement, twice his salary, or his Code 280G Maximum, defined generally as 2.99 times his average compensation over the previous five years. If any payments to be made under the agreement are deemed to constitute excess parachute payments and, therefore, subject to an excise tax under Section 4999 of the Internal Revenue Code, the Company would pay him the amount of the excise tax plus an amount equal to any additional federal, state, or local taxes that may result because of such additional payment.

In addition to the cash severance benefits described, Mr. Byrd would be entitled to a continuation of benefits similar to those he was receiving at the time of such termination for the period otherwise remaining under the term of the agreement or until he obtains full-time employment with another employer, whichever occurs first.

The aggregate severance payment and benefit subsidy that would be made to Mr. Byrd assuming his termination of employment under the foregoing circumstances at December 31, 2013, is disclosed in this Proxy Statement under Potential Payouts Upon Termination or Change in Control.

Death and Disability: In the event that Mr. Byrd's employment is terminated for disability, we would provide continued medical insurance for his benefit and the benefit of his spouse and minor children for the remaining term of the agreement. In the event of Mr. Byrd's death during the term of the agreement, the Company would continue to provide medical insurance for his spouse and minor children for the remaining term. Also, in the event of his death, Mr. Byrd's spouse, estate, legal representative, or named beneficiaries would be entitled to receive his annual compensation (including base salary and any discretionary cash bonus the Compensation Committee would then deem appropriate) for 12 months from his date of death.

Change in Control Severance Agreements

We have entered into Change in Control Severance Agreements with each of our Named Executive Officers other than Mr. Byrd. We entered into these agreements because the banking industry has been consolidating for a number of years, and we do not want our executives distracted by a rumored or actual change in control. Further, if a change in control should occur, we want our executives to be focused on the business of the organization and the interests of shareholders. In addition, we think it is important that our executives can react neutrally to a potential change in control and not be influenced by personal financial concerns. We believe these agreements are consistent with market practice and assist in retaining our executive talent.

Agreement triggers: The agreements will trigger under the following circumstances: (1) voluntary resignation within 30 days after a Change in Control (as defined), or (2) within three years of a Change in Control, the individual resigns for good reason or is terminated by the Company or its successor without just cause.

Severance benefits: The cash severance payment is 100% of each individual's Code 280G Maximum. In addition, each would be entitled to continued medical and life benefits at our expense for 39 months following termination of employment. We would also make the individual whole for any excise tax imposed by the Internal Revenue Code with respect to any payments under the agreement.

The aggregate severance payments and benefit subsidies that would be made to Messrs. Brown, Davis, Restel and Parker assuming their termination of employment under the foregoing circumstances at December 31, 2013, are disclosed in this Proxy Statement under Potential Payouts Upon Termination or Change in Control.

Indemnification Agreements

We have entered into indemnification agreements with Daryl G. Byrd and Michael J. Brown that provide for indemnification and advancement of expenses to the fullest extent permitted by law with respect to pending or threatened claims against them in their capacities as our officers. Following a Change in Control (as defined), all

determinations regarding a right to indemnity and advancement of expenses are to be made by an independent legal counsel. In the event of a potential Change in Control, we must create a trust for the benefit of the indemnified executive officers, which upon a Change in Control may not be revoked or the principal thereof invaded without the indemnities' written consent. While not requiring the maintenance of directors' and officers' liability insurance, the indemnification agreements require that the indemnities be provided with maximum coverage if there is such insurance.

Compensation Policies

Stock Ownership Guidelines

The Company believes it is important for senior executives to be shareholders so their financial interests are aligned with other shareholders. To foster executive stock ownership, the Company maintains executive stock ownership guidelines. These ownership guidelines are stated as a multiple of base salary. Executives have five years from the date the guideline applies to meet the target ownership level. The table below summarizes the share guidelines and actual stock ownership for Named Executive Officers expressed as a multiple of current base salary.

Stock Ownership - Named Executive Officers

	Ownership Guideline Multiple of Salary	Actual Share Ownership Multiple of Salary
Daryl G. Byrd	3x	16x
Anthony J. Restel	2x	6x
Michael J. Brown	2x	13x
John R. Davis	2x	10x
Jefferson G. Parker	2x	6x

In March 2013, the Board of directors integrated pledged shares with our stock ownership guidelines. Executives and directors must maintain free and clear ownership of all shares required to meet the applicable guidelines. Shares above the applicable threshold amount may be pledged. The above table excludes pledged shares from share ownership for determining compliance with the stock ownership guidelines.

As the table indicates, the Named Executive Officers have current ownership well above the stated guidelines. We believe that these ownership guidelines as well as our total long-term incentive program have been very effective in building an ownership culture. Thus, the financial interests of our executive leadership team are directly aligned with other shareholders.

Compensation Recovery Policy

In March 2013, the Compensation Committee and the Board of Directors approved a written Compensation Recovery Policy. This policy applies to each of the Named Executive Officers and permits the recovery of incentive-based compensation paid to an officer if: (1) incentive-based compensation, bonuses, or equity awards were paid or vested during fiscal periods based on materially inaccurate financial statements, and (2) that officer engaged in fraud, willful misconduct or a violation of Company policy that caused or otherwise contributed to the need for a material restatement of the Company's financial results. The Board, considering the best interests of shareholders and the recommendation of the Compensation Committee, has sole discretion to determine whether the applicable standard of conduct has been met and whether any such recovery should be pursued.

The Compensation Recovery Policy is part of the IBERIABANK Corporation Corporate Governance Guidelines. A link to the Corporate Governance Guidelines is on the Investor Relations portion of our website, at: <http://www.iberiabank.com>.

Anti-Hedging Policy and Trading Restrictions

Our current policy limits the timing and types of transactions in our securities by covered persons, defined to include directors and officers of the Company and its subsidiaries, and members of their immediate families. Among other restrictions, the policy:

Allows covered persons to trade Company securities only during window periods following earnings releases and, as to a pre-approval group of covered persons (generally, Section 16 filers), only after they have pre-cleared transactions;

Prohibits covered persons from short-selling Company securities;

Prohibits covered person transactions in puts, calls or other derivative securities regarding the Company; and

Prohibits covered persons from engaging in hedging or monetization transactions that involve Company securities.

Risk Management Considerations

The Compensation Committee reviews risks and rewards associated with our compensation programs which include features that we believe mitigate risks without reducing incentives. Our compensation programs are intended to both encourage and reward prudent business judgment and appropriate long-term risk-taking. The Compensation Committee seeks to identify and remediate risk-taking incentives that may exist in these programs. The Chairman of the Board Risk Committee is also a member of the Compensation Committee.

Regulatory Considerations

The Compensation Committee considers various tax and accounting provisions in developing the pay programs for our Named Executive Officers. These include the special tax rules applicable to non-qualified deferred compensation arrangements under Internal Revenue Code Section 409A, as well as the rules denying the deduction of excess parachute payments under Code Section 280G and the imposition of an excise tax under Code Section 4999 on such amounts. We also consider the accounting treatment of various types of equity-based compensation and the overall income tax rules applicable to those various forms of compensation. While we seek to compensate our executives in a manner that produces favorable tax and accounting treatment, those considerations are secondary to our primary objective of developing fair and equitable compensation arrangements that appropriately motivate, reward, retain and attract talented executives.

Compensation Committee Report

The Compensation Committee of the Board of Directors of the Company is composed entirely of non-employee directors, each of whom has been determined in the Board's business judgment to be independent. The Compensation Committee is responsible for oversight and review of the Company's compensation and benefit plans.

The Compensation Discussion and Analysis in this Proxy Statement is management's report on the Company's compensation programs and, among other things, describes material elements of compensation paid to the President and Chief Executive Officer and the other Named Executive Officers. The Compensation Committee has reviewed

and discussed the Compensation Discussion and Analysis as required by Item 402(b) of Regulation S-K with the management of the Company. Based on such review and discussion, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement and, through incorporation by reference from this Proxy Statement, the Company's Annual Report on Form 10-K for the year ended December 31, 2013.

The 2013 stock option grants and restricted stock awards to the Named Executive Officers were issued from our 2010 Stock Incentive Plan. Dividends are payable on all unvested restricted stock at the same rate paid on all other outstanding shares of our common stock. In 2013, we declared dividends payable in the amount of \$1.36 per share. The 2013 grants of phantom stock units were issued under the Company s 2009 Phantom Stock Plan. Additional units are credited equal to dividend equivalents. The phantom stock units also vest on a change-in-control occurrence.

Non-Qualified Deferred Compensation

We offer a select group of management and highly compensated key associates the right to participate in a Non-Qualified Deferred Compensation Plan. Initially under the Plan, the participants could elect to defer up to 100% of their annual base salary or incentive compensation, including incentive bonuses, service bonuses, and commissions. In 2011, the Compensation Committee approved a change in the maximum deferral from 100% to 90%, effective for 2012. The Plan allows for discretionary employer contributions. The investment options available under the Non-Qualified Deferred Compensation Plan are similar to those available under the Corporation's 401(k) plan. Earnings are credited to the account based on the performance of the investment options selected. Participants vest immediately in their deferrals. As a general rule, payment terms of deferred amounts and investment options are determined by the participant during enrollment and are subject to a deferral of at least two years, except under certain qualifying events, including the participant's separation from service, a change in control, an unforeseeable emergency, or death. Payment shall be made in a single lump sum payment or, in the event of a separation from service after reaching age 65, disability, or scheduled in-service distribution, in equal annual installments over the period specified by the participant, not to exceed five years. The following table shows certain information for Named Executive Officers under the Corporation's Non-Qualified Deferred Compensation Plan. Messrs. Potential Payments Upon Termination or Change in Control

The Company provides benefits to the Named Executive Officers upon certain terminations of employment from the Company. These benefits are in addition to the benefits to which the executives would be entitled upon a termination of employment generally (i.e., vested retirement benefits accrued as of the date of termination, stock awards that have vested as of the date of termination and the right to elect continued health coverage pursuant to COBRA). The incremental benefits payable to the executives are described below.

We have entered into Change in Control Severance Agreements with members of senior management, including each of our Named Executive Officers other than Mr. Byrd. Except for these agreements, and our broad-based severance policy, none of our Named Executive Officers, other than President and Chief Executive Officer Byrd, have employment arrangements. Mr. Byrd's employment agreement requires payment of compensation and/or benefits under various termination of employment situations. In addition to change in control payments consistent with those of the other Named Executive Officers, if Mr. Byrd's employment had been terminated at December 31, 2013, he would have been entitled to (i) a salary of \$2,250,000 and benefits of \$64,745, in the event of termination other than for Cause, death or disability, (ii) annual compensation of \$900,000, benefits of \$34,322, and any appropriate bonus as determined by the Compensation Committee, in the event of termination due to death, and (iii) \$34,322 in benefits in the event of termination due to disability. These agreements are described more fully in the Compensation Discussion and Analysis section of this Proxy Statement.

In 2000, we entered into separate Change in Control Severance Agreements with John R. Davis and Michael J. Brown providing for severance pay and benefits to the individual upon voluntary resignation within 30 days after a Change in Control of IBERIABANK Corporation, as defined, or if within three years of a Change in Control the individual resigns for Good Reason, as defined, or is terminated by the Company or its successor without Just Cause, as defined. In 2006, we amended and restated the 2005 Change in Control Severance Agreement with Anthony J. Restel, and in 2009, we entered into a separate Change in Control Severance Agreement with Jefferson G. Parker. The severance payment is 100% in the case of Mr. Davis, Mr. Brown, Mr. Parker and Mr. Restel, of each individual's Code Section 280G Maximum. In addition, each will be entitled to continued medical and life benefits at our expense for 39 months following termination of employment. We will also make the individual whole for any excise tax imposed by the Internal Revenue Code with respect to any payments under the agreement. Each of these agreements was amended in 2008 to comply with the deferred compensation requirements of Internal Revenue Code section 409A.

As of December 31, 2013, Named Executive Officers held unexercisable options to purchase common stock and unvested shares of restricted common stock listed in the Outstanding Equity Awards table above.

The following table quantifies the estimated Change in Control payment that would have been payable to each Named Executive Officer assuming a Change in Control had occurred on December 31, 2013, and other requirements for payment had been met.

- (4) Includes other personal benefits of \$694.

Cash and Stock Payments. Each director who is not employed (referred to as outside directors or non-management directors) is paid a fee of \$4,167 per month, except for the Chairman who receives a fee of \$5,000 per month. Members of the Board of Directors receive no additional compensation for their participation on any committee or for other services as our directors.

During 2013, the Compensation Committee authorized each outside director to receive 1,000 shares of restricted stock (which were valued based on the closing price of the common stock as of the date of the award of \$46.26). All of these shares of restricted stock will vest over a three-year period, and the total value of these awards will generally be allocated over these three-year vesting periods. The Company did not issue any stock options or non-equity incentive compensation to any member of its Board of Directors. In addition, the Company does not sponsor a defined benefit pension plan and has not paid other forms of compensation as defined in Item 402(j) to its Board of Directors during 2013.

The Compensation Committee annually reviews and makes recommendations regarding director compensation. These recommendations are based upon, among other things, the Committee's consideration of compensation paid to directors of comparable financial institutions.

Other Benefits. Our Bylaws require us to indemnify our directors and officers to the fullest extent permitted by law so that they will be free from undue concern about personal liability in connection with their service to the Company. We also provide our directors with customary directors and officers liability insurance coverage.

CERTAIN TRANSACTIONS

Our directors, executive officers, and members of their immediate families, as well as organizations with which they are affiliated, were customers of IBERIABANK during 2013. All loans to our related persons as defined in Instruction 1 to Item 404(a) of Regulation S-K were made in the ordinary course of business, on substantially the same terms, including interest rates and collateral, as those provided at the time for comparable loans with persons not related to the lender, and did not involve more than the normal risk of collectability or present other unfavorable features.

The Sarbanes-Oxley Act of 2002 generally prohibits a public company from extending or renewing credit or arranging the extension or renewal of credit to an officer or director. However, this prohibition does not apply to loans made by depository institutions such as IBERIABANK that are insured by the Federal Deposit Insurance Corporation and are subject to the insider lending restrictions of the Federal Reserve Board's Regulation O. Accordingly, we permit our directors and executive officers, their family members and their related interests, to establish and maintain banking and business relationships in the ordinary course of business with IBERIABANK. With respect to lending activities, IBERIABANK has policies governing affiliate and insider lending transactions. These policies prohibit extensions of credit to insiders, as defined in the policies, unless the extension of credit:

is made in the ordinary course of business on substantially the same terms (including interest rates and collateral) as, and following credit underwriting procedures that are not less stringent than, those prevailing at the time for comparable transactions with members of the general public; and

does not involve more than the normal risk of repayment or present other unfavorable features.

Audit Committee review is required for any lending transaction that alone or together with other extensions of credit to an insider exceeds \$120,000 and does not meet the criteria noted above or which becomes a past due, nonaccrual, restructured or a potential problem loan as of year-end under applicable SEC rules. Also, in compliance with Regulation O, a majority of the Board of Directors of IBERIABANK must approve in advance any extension of credit to any director or executive officer or any of their related entities where the aggregate lending relationship exceeds \$500,000. A director with an interest in the extension of credit must abstain from voting or participating in the discussion and approval of the extension of credit.

An extension of credit covered by Regulation O to executive officers must be promptly reported to the Board of Directors of IBERIABANK; preceded by the submission of a detailed personal financial statement; and made subject to the written provision that the loan will, at the option of IBERIABANK, be due and payable at any time that the executive officer is indebted to any other bank or banks in an amount greater than the dollar thresholds set forth above.

In order to promote compliance with applicable laws, regulations and rules pertaining to insider lending transactions discussed above, we have appointed an officer to assist in identifying and reviewing pertinent transactions with identified insiders. The officer annually receives lists of all directors and executive officers of the Company and IBERIABANK and any other subsidiaries, as well as a list of our principal shareholders, if any. The information collected from directors and executive officers includes the names of these individuals and their family members, as well as the names of their related interests, which are referred to as covered entities. The officer will promptly notify in the event the officer detects an extension of credit to an insider that appears to violate the policy.

PROPOSAL II - RATIFICATION OF APPOINTMENT OF INDEPENDENT

REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors, subject to shareholder ratification, currently intends to appoint the firm of Ernst & Young LLP, independent certified public accountants, to serve as our independent registered public accounting firm and to perform the audit of the financial statements for the fiscal year ending December 31, 2014, and further directed that the selection of auditors be submitted for ratification by the shareholders at the Annual Meeting.

Representatives of Ernst & Young LLP will be present at the Annual Meeting, will have an opportunity to make a statement if they so desire, and will be available to respond to appropriate shareholder questions.

Shareholder ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm is not required by our Bylaws or other applicable legal requirements. However, the Audit Committee is submitting the selection of Ernst & Young LLP to the shareholders for ratification as a matter of good corporate practice. In the event shareholders fail to ratify the appointment, the Audit Committee may reconsider this appointment. Even if the appointment is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent accounting firm at any time during the year if the Audit Committee determines that such a change would be in our and the shareholders' best interests.

Audit Fees and Other Matters

Ernst & Young LLP provided audit services to us consisting of the annual audit of our 2012 and 2013 consolidated financial statements contained in our Annual Reports on Form 10-K and reviews of the financial statements contained in our Quarterly Reports on Form 10-Q for 2012 and 2013.

Audit-related Fees These fees consist primarily of other audits and attest services, financial accounting, reporting and compliance matters.

Tax Fees These are fees billed for professional services related to tax compliance, tax advice and tax planning, including services provided in connection with assistance in the preparation and filing of tax returns.

All Other Fees These are fees for all other permissible services that do not meet the above category descriptions. Fees during 2012 were related to compliance consulting services. No such services were provided during 2013.

Pre-approval Policy

The Audit Committee has considered whether the provision of non-audit services is compatible with maintaining the independence of Ernst & Young LLP. The Audit Committee's policy is to pre-approve all audit and permissible non-audit services provided by the independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for up to one year, and any pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. The independent registered public accounting firm and management are required to periodically report to the Audit Committee regarding the extent of services provided by the independent registered public accounting firm in accordance with this pre-approval, and the fees for the services performed to date. The Audit Committee or the Chairman of the Audit Committee may also pre-approve particular services on a case-by-case basis.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE COMPANY'S SHAREHOLDERS VOTE FOR RATIFICATION OF THE SELECTION OF ERNST & YOUNG LLP AS INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM OF THE COMPANY.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board of Directors is composed of four non-employee directors. The Board has made a determination that the members of the Audit Committee satisfy the listing standards of NASDAQ as to independence, financial literacy and experience. The responsibilities of the Audit Committee are set forth in the Charter of the Audit Committee, as adopted by the Board of Directors of the Company. This is a report on the Committee's activities relating to fiscal year 2013.

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has primary responsibility for the financial statements and the reporting process, including the systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited financial statements for fiscal year 2013 with the Company's management, including a discussion of the quality, not just the acceptability, of the accounting principles, underlying estimates and significant judgments used in the financial statements. Management has the responsibility for the preparation of the Company's financial statements. Management represented to the Audit Committee that the financial statements were prepared in accordance with generally accepted accounting principles.

The Audit Committee reviewed the audited financial statements with the independent registered public accounting firm, who is responsible for expressing an opinion on the conformity of those statements with generally accepted accounting principles, and discussed with the independent registered public accounting firm their judgments as to the quality, not just the acceptability, of the Company's accounting principles. The Audit Committee also discussed with the independent accounting firm the matters required to be discussed by Statement on Auditing Standards No. 114, *The Auditor's Communication With Those Charged With Governance*, as currently in effect.

The Audit Committee has received the written disclosures and the letter from the independent registered public accounting firm required by Rule 3526, *Communication with Audit Committee Concerning Independence*, of the Public Company Accounting Oversight Board, as currently in effect, and the Audit Committee has discussed with the independent registered public accounting firm its independence.

The Audit Committee also considered the compatibility of non-audit services with the independent registered public accounting firm's independence. In assessing requests for services by the independent registered public accounting firm, the Audit Committee considers whether the independent registered public accounting firm is likely to provide the most effective and efficient services based upon their familiarity with the Company and whether the services could enhance the Company's ability to manage or control risk or improve audit quality.

The Audit Committee discussed with the Company's internal auditors and the independent registered public accounting firm the overall scope and plans for their respective audits. The Committee met with the internal

auditors and the independent registered public accounting firm, with and without management present, to discuss the results of their audits, their evaluations of the Company's systems of internal controls and the overall quality and adequacy of the Company's financial reporting. The Audit Committee discussed with management, the internal auditors and the independent registered public accounting firm the internal audit function's organization, responsibilities, budget and staffing. Both the internal auditors and independent registered public accounting firm have unrestricted access to the Audit Committee. The Audit Committee held 10 meetings during fiscal year 2013.

The Audit Committee received reports throughout the year on the Company's internal controls for compliance with the requirements of Section 404 of the Sarbanes-Oxley Act of 2002 and the rules promulgated thereunder. The Audit Committee will continue to obtain updates by management on the process and has reviewed management's and the independent registered auditors' evaluation of the Company's system of internal controls included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2013, filed with the Securities and Exchange Commission (SEC).

The Audit Committee, or its Chairman, met with, or held telephonic discussions with, the independent registered public accounting firm and management prior to the release of the Company's quarterly and annual financial information or the filing of any such information with the SEC. In reliance on the reviews and discussions referred to above, the Audit Committee also recommended that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2013, for filing with the SEC. Subject to shareholder ratification, the Audit Committee currently intends to appoint the independent registered public accounting firm Ernst & Young LLP for the fiscal year ending December 31, 2014.

**PROPOSAL III APPROVAL OF THE
IBERIABANK CORPORATION AMENDED AND RESTATED
2010 STOCK INCENTIVE PLAN**

On March 18, 2014, the Board of Directors approved, upon the unanimous recommendation of the Compensation Committee and, subject to shareholder approval, a further amended IBERIABANK Corporation Amended and Restated 2010 Stock Incentive Plan (the "2010 Plan"). The 2010 Plan is summarized below and attached as Exhibit A to this Proxy Statement. Because this is a summary, it does not contain all the information that may be important to you. You should read Exhibit A carefully before you decide how to vote.

The new 2010 Plan includes the following changes from our current stock incentive plan:

Authorizes the Compensation Committee, in its sole discretion, to structure cash incentive awards that would be designed to qualify as performance based compensation under Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code");

Adds growth in assets, deposits or loans to the list of performance measures in the 2010 Plan the full list of the performance measures under the 2010 Plan is provided in the summary below for shareholder approval; and

Increases the shares of common stock available for issuance under the current stock incentive plan by an additional 750,000 shares, to a total of 2,150,000 shares of common stock, and increases the number of full value awards (awards, such as restricted shares, for which the recipient gets full value of the stock, rather than awards based on future appreciation in stock value, such as options) to 50% of the aggregate number of shares authorized under the amended 2010 Plan, or 1,075,000 (together, the "Increase in Shares").

Our Company's shareholders first approved the 2010 Stock Incentive Plan at a Special Meeting of Shareholders held on January 29, 2010, and the plan initially authorized the issuance thereunder of 500,000 shares of common stock, including 250,000 shares as full value awards. Our shareholders approved amendments to the 2010 Stock Incentive Plan on May 6, 2011, which amendments increased the shares of common stock available for issuance under the plan to a maximum of 1,400,000 shares, with a maximum of 700,000 shares that could be issued as full value awards. As of the record date, there were only 268,007 unreserved shares available for grant under our existing stock incentive plans.

If the proposed 2010 Plan is not approved by shareholders, we will continue to use our existing stock incentive plans, including the current version of the 2010 Stock Incentive Plan, although we will only have sufficient shares available to fund the equity portion of our redesigned incentive programs for one more year.

If the proposed 2010 Plan is approved by shareholders at the Annual Meeting and the Board of Directors does not take action to terminate the 2010 Plan, the term of the 2010 Plan will terminate on March 18, 2024.

Historical Award Information

In determining the proposed Increase in Shares reflected in the 2010 Plan, the Compensation Committee and the Board of Directors considered the fact that, as of March 19, 2014, there were 30,042,202 shares of our common stock outstanding on a fully-diluted basis. The Compensation Committee and Board believe that the outstanding common shares of the Company is the relevant number in determining the appropriate number of shares to be available under the 2010 Plan. Assuming shareholder approval of the proposed 2010 Plan, the total number of shares of common stock available for awards will be 1,018,007 shares, which represents approximately 3.4% of our common stock outstanding on March 19, 2014, calculated on a fully-diluted basis.

The Compensation Committee and the Board of Directors also considered burn rate when evaluating the proposed 2010 Plan. Burn rate refers to how fast a company uses the supply of shares authorized for awards under

its stock plans. The burn rate is calculated by dividing the number of shares subject to equity awards (stock and options) granted in a particular year by the weighted-average number of shares outstanding during the year. Over the last three years we have maintained an average annual burn rate of 1.85% of shares of common stock outstanding. This calculation includes the premium or multiplier currently applied by Institutional Shareholder Services to full value awards for the past three years to equate them economically with stock options.

Reasons for the Proposed Amendments

Our unique business model, balance sheet strength, and favorable competitive position within the banking industry provided our Company unparalleled growth opportunities since year-end 1999, which added significant long-term value for our shareholders. These opportunities increased and accelerated with the onset of the banking crisis in the summer of 2007. Since that time, we were one of the most active bidders and successful acquirers of FDIC-assisted banks (we completed five transactions with total assets of approximately \$4.4 billion) and one of the more active buyers of whole bank acquisitions during this period (we acquired three banks with total assets of approximately \$1.9 billion). In the first quarter of 2014, we announced agreements to acquire two additional whole banks with total assets of approximately \$1.2 billion. The pending transactions currently are anticipated to be completed in the second quarter of 2014. Since year-end 1999, our total assets increased at a compounded annual rate of 18%, three times greater than the 6% compounded annual growth in total assets in the banking industry.

In addition to exceptional acquisition growth, we consistently achieved internal, or organic, growth in loans and core deposits at rates of growth well in excess of peers and the aggregate banking industry. Since year-end 1999, organic loans increased 519%, or a 14% annualized growth rate. Over that period, core deposits increased 993%, or a 19% annualized growth rate. This high-quality client growth continues to be driven primarily by the successful deployment of our business model and recruiting and retaining exceptionally talented and productive associates and leaders. Given competitive market conditions, those individuals require appropriate compensation and equity incentives to ensure focus and alignment with our long-term growth and quality objectives. We believe that future growth opportunities in markets we currently serve, and potential new markets that we have targeted, remain plentiful as well.

As a result of the acquisitions and organic client growth opportunities, our Company has increased nearly three-fold since the onset of the financial crisis. Importantly, banking continues to be a people business. In today's competitive banking environment, exceptional talent has become a critical component to the long-term growth prospects of our business; particularly after our recent and pending acquisitions and related recruiting opportunities. We believe that the 2010 Plan allows us to attract, retain and motivate executives and other key personnel instrumental in the continued long-term success of our expanded Company and our performance relative to peer institutions. We continue to believe we are a distinctly different organization with unparalleled talent and unique growth opportunities. Before making any awards, we carefully consider the related financial impact.

As a result of these acquisitions, as well as other organic, or internal growth, we have expanded and enlarged our operations, and the number of employees eligible to participate in our stock incentive plans has increased by approximately 200%. Upon consummation of currently pending acquisitions, the number of eligible employees is expected to increase further. As noted above, as of the record date, there were only 268,007 unreserved shares available for grant under our existing stock incentive plans. Due to our increased employee population, we believe this number is inadequate to address the anticipated needs of our rapidly growing Company.

The 2010 Plan provides incentive programs that are consistent with our goal of enhancing long-term shareholder value. We believe our Company is uniquely positioned within the banking industry to benefit from continued local market turmoil, organic growth opportunities, and acquisitions that add shareholder value. We believe it is important to have our team closely aligned with the interests of our shareholders, and their long-term compensation should be aligned with shareholder interests. Appropriately, a significant portion of our senior leadership team's compensation is stock-based compensation that focuses on the long-term performance of our Company. We expect this philosophical

and cultural approach and our focus on long-term performance and growth to continue in the future. Our redesigned executive officer incentive programs for 2014, which will place greater focus on pre-established performance objectives and targets, is described below and under Compensation Discussion and Analysis in this Proxy Statement.

In addition to considering our expanded employee base and recruiting opportunities designed to expand further our client base, as well as our desire to continue to be able to provide meaningful equity-based incentives, our Compensation Committee and our Board of Directors also considered the following factors in adopting the 2010 Plan:

The Committee and the Board recognize that the current management team and strategic hires require appropriate incentives to deliver earnings and balance sheet growth, the result of which has been a significant improvement in our stock price over the last 10 years, both in absolute terms and relative to various indices.

Since our change in strategic direction in 1999, our share price has dramatically outperformed our peers during this period:

	Time Period	IBERIABANK Corporation	Peer Group Median	Peer Group Average
<u>Change in Common Stock Price</u>				
December 31, 2012 to December 31, 2013	1 Year	28.0%	32.0%	35.3%
December 31, 1999 to December 31, 2013				
Total	14 Years	471.4%	105.1%	148.2%
Compounded Growth	14 Years	13.3%	5.2%	5.3%
<u>Total Shareholder Return</u>				
<i>(Includes reinvestment of quarterly cash dividends)</i>				
December 31, 2012 to December 31, 2013	1 Year	31.2%	36.3%	38.5%
December 31, 1999 to December 31, 2013				
Total	14 Years	709.9%	155.2%	231.1%
Compounded Growth	14 Years	16.1%	8.3%	8.1%

The outstanding long-term success of our share performance, long vesting period and low key leader turnover have resulted in relatively few outstanding stock options being exercised; most have been held for extended periods of time. As a result of these factors, we believe any perceived overhang of our previous option grants is inflated, albeit for favorable reasons.

Historically, many of our previous non-FDIC assisted acquisitions included significant cash consideration, as opposed to stock consideration, which further increased the overhang ratio. The acquisitions also require stock incentives to retain and incent key acquired associates.

Since 1999, a significant portion of our earnings growth was internally driven, via strategic individual and team hires. The Board of Directors believes it is imperative that we have the right people to continue to successfully execute our strategies and drive our future growth. The ability to grant equity compensation and to conduct opportunistic recruiting is a critical component to this success.

We continue to face a unique operating environment and recruiting opportunities. The favorable influence of the energy sector, limited construction and land development exposure, favorable local competitive dynamics, and internal turmoil at many of our large competitors have continued to provide unique expansion opportunities.

Redesigned Incentive Programs

To ensure consistent leadership focus and appropriate incentives in achieving the key long-term financial goals and improved operating performance, the Compensation Committee has redesigned the incentive programs for the Company's executive officers for 2014. Under the redesigned program, the Compensation Committee will place greater focus on pre-established performance objectives and targets that are intended to reward long-term shareholder value creation. In addition to having a greater portion of executive compensation based on performance metrics as opposed to time-based compensation, the program also places greater focus on explicit quantitative measures to closely align with the path to improved performance and strategic goal attainment. The quantitative measures will be set annually by the Compensation Committee.

In February 2014, the Compensation Committee made incentive grants under our current stock incentive plan using the parameters of our redesigned program. The performance metrics used for the 2014 grants to our senior executive officers for 2014 include:

Balance sheet growth - measured as year-over-year average asset growth over the planning period.

Return on average tangible common equity - measured on an operating basis over the planning period.

Fully diluted earnings per share - measured on an annual operating basis over the planning period.

Asset quality-related metrics - measured as annual net charge-offs to average loans and nonperforming assets to total assets over the planning period.

Total shareholder return - evaluated compared to the KBW Regional Bank Index over the planning period.

Best Practice Provisions in the 2010 Plan

The 2010 Plan has many provisions designed to protect shareholder interests and promote effective corporate governance, including the following:

the exercise price of options and share appreciation rights may not be less than the fair market value of a share of stock on the date of grant;

the 2010 Plan prohibits the repricing of any option or share appreciation right without shareholder approval;

the 2010 Plan limits the number of full value awards that may be granted under the plan;

only shares subject to awards that are forfeited, expire, cancelled or become unexercisable shall again become available for grant under the 2010 Plan;

options, share appreciation rights, restricted shares and restricted share units are subject to a minimum three-year vesting requirement (although incremental vesting is permitted), except for awards made to directors;

the 2010 Plan limits the number of shares subject to options, share appreciation rights, and performance compensation awards that may be granted to a participant each year;

the full number of all share appreciation rights shall be counted against the plan limits;

material amendments of the 2010 Plan require shareholder approval; and

awards under the 2010 Plan are administered by the Compensation Committee, an independent committee of our Board.

Description of the 2010 Plan

The terms of the 2010 Plan as presented to our shareholders for approval at the Annual Meeting are summarized below. As noted above, you should read the full plan as set forth in Exhibit A to this Proxy Statement before deciding how to vote.

General. Employees, consultants and directors of our Company and our affiliates may be granted awards, though only employees may receive stock options classified as incentive stock options (also known as ISOs). There are currently 11 directors and approximately 350 employees eligible to receive awards under the 2010 Plan.

A maximum of 2,150,000 shares of common stock may be made the subject of awards under the 2010 Plan. In addition, of that amount the maximum number of shares that may be issued as full value awards is 1,075,000 shares of common stock (or 50% of the total authorized shares). All share limitations contained in the 2010 Plan will be adjusted in the event of certain changes in the capitalization of the Company. The closing sale price of a share of common stock as reported on the NASDAQ Global Select Market on March 19, 2014, was \$70.31 per share.

Administration. The 2010 Plan is administered by a committee of at least two directors (the Committee), each of whom is and will be a non-employee director within the meaning of Rule 16b-3 under the Securities Exchange Act of 1934, as amended, and an outside director within the meaning of Section 162(m) of the Code. The Committee has authority, subject to the terms of the 2010 Plan, to determine when and to whom to make awards under the 2010 Plan, the type of award and the number of shares to be covered by the awards, the fair market value of shares, the terms of the awards, which include the exercise price of the shares of common stock covered by options, any applicable vesting provisions, and conditions under which awards may be terminated, expired, cancelled, renewed or replaced, and to construe and interpret the terms of the 2010 Plan and awards. Subject to applicable law, the Compensation Committee may delegate administrative functions to officers or other designated employees of the Company or its affiliates. The Committee currently is the Compensation Committee of the Board of Directors.

Types of Awards. The 2010 Plan permits the issuance of the following types of awards: options, share appreciation rights, restricted shares, restricted share units, unrestricted shares, performance units and performance compensation awards.

Options and SARs. Options granted under the 2010 Plan provide participants with the right to purchase shares at a predetermined exercise price. The Committee may grant ISOs and non-ISOs; provided, however, that ISO treatment is not available for options that become first exercisable in any calendar year for shares that have a value exceeding \$100,000 (based upon the fair market value of the shares on the option grant date).

Share appreciation rights (SARs) generally permit participants to receive, upon exercise, cash or shares equal in value to the excess of (i) the fair market value, on the date of exercise, of the shares with respect to which the SAR is being exercised, over (ii) the exercise price of the SAR for such shares. The Committee may grant SARs in tandem with options or independently of them.

No participant may receive stock options and SARs with respect to more than 300,000 shares of common stock per calendar year.

Exercise Price for Options and SARs; No Repricings. The per share purchase price under each option or SAR granted is established by the Committee at the time the option or SAR is granted. However, the per share purchase price for non-ISOs and the exercise price of SARs may not be less than 100% of the fair market value (generally, the closing price reflected in trading on the NASDAQ Global Select Market, which is the Company's principal trading market) of a share of common stock on the date the option or SAR is granted. The exercise price of ISOs may not be less than 110% of the fair market value on the grant date of the underlying shares subject to the award for participants

who own more than 10% of the Company's outstanding shares on the grant date. For ISOs granted to other participants, the exercise price may not be less than 100% of the fair market value of the underlying shares on the grant date.

The 2010 Plan does not permit the repricing of options or SARs.

Exercise of Options and SARs. Each option granted pursuant to the 2010 Plan may be for such term as determined by the Committee; provided, however, that no option will be exercisable more than 10 years from the date it was granted (five years in the case of ISOs granted to employees who, at the time of grant, own more than 10% of the Company's outstanding shares). In addition, except for grants to directors, options and SARs must have a minimum three-year vesting period, with incremental vesting of portions of the award over the three-year period permitted; provided, however, that if vesting of the awards is based on attainment of performance goals a minimum vesting period of one year is allowed, with incremental vesting of portions of the awards over the one-year period permitted. To the extent exercisable in accordance with the agreement evidencing the grant, an option or SAR may be exercised in whole or in part, and from time to time during its term; subject to earlier termination relating to a holder's termination of employment or service. With respect to options, the Committee has discretion to accept payment of the exercise price in any of the following forms (or combination of them): cash or check in U.S. dollars, shares, cashless exercise through a broker or a net exercise exchange.

Subject to the terms of the agreement evidencing an option grant, the option may be exercised, to the extent the option was exercisable upon termination, during the six-month period after the optionee retires, during the one-year period after the optionee's termination of service due to death or permanent disability, and during the 90-day period after the optionee's termination of employment without cause (but in no case later than the termination date of the option). Forfeiture occurs on termination for cause. The agreement evidencing the grant of an option may, in the discretion of the Committee, set forth additional or different terms and conditions applicable to the option upon a termination or change in status of the employment or service of the option holder. All SARs will be counted in full against the number of shares available for award under the 2010 Plan, regardless of the number of shares issued upon settlement of the SARs.

Restricted Shares, Restricted Share Units, Unrestricted Shares, and Performance Units. Under the 2010 Plan, the Committee, in its discretion, may grant restricted shares that are forfeitable unless and until certain vesting requirements are met, may grant restricted share units which represent the right to receive shares after certain vesting requirements are met, and may grant an aggregate of no more than 30,000 unrestricted shares as to which a participant's interest is immediately vested. The Committee, in its discretion, may also grant performance units which must vest based on the attainment of performance goals with a minimum vesting period of one year, with incremental vesting of portions of the performance units over the one-year period permitted.

For restricted share and restricted share unit awards, the 2010 Plan provides the Committee with discretion to determine the terms and conditions under which a participant's interest in an award becomes vested. However, except for grants to directors, restricted shares and restricted share units must have a minimum three-year vesting period, with incremental vesting of portions of the award over the three-year period permitted; provided, however, that if vesting of the awards is based on attainment of performance goals a minimum vesting period of one year is allowed, with incremental vesting of portions of the awards over the one-year period permitted.

Unless otherwise provided in an award agreement, whenever shares are released pursuant to restricted shares or restricted share units under the 2010 Plan, the recipient will be entitled also to receive cash or additional shares that reflect any cash or stock dividends that the Company's common shareholders receive between the date of the award and issuance or release of the shares.

Performance-based Awards. Under the 2010 Plan, the Committee may, at the time of grant of restricted shares, restricted share units, and performance units, or a cash incentive award, designate these awards as Performance Compensation Awards, which are awards intended to be exempt from Code Section 162(m) limitations.

Performance Compensation Awards will vest and become payable based upon the achievement, within the specified period of time, of performance objectives applicable to the individual, the Company, a business unit or any affiliate. Performance Compensation Awards are payable in shares, cash, or some combination of the two; subject to an individual participant limit of \$4,000,000 in cash per calendar year and 250,000 shares per performance period, and subject to adjustment in the event of certain changes in capitalization of the Company. The Committee may decide the length of performance periods, but the periods may not be less than one fiscal year of the Company.

With respect to Performance Compensation Awards, the 2010 Plan requires that the Committee specify in writing the performance period to which a Performance Compensation Award relates, and an objective formula by which to measure whether and the extent to which the award is earned on the basis of the level of performance achieved with respect to one or more performance measures. Once established for a performance period, the performance-based measures and formula applicable to the award may not be amended or modified in a manner that would cause the compensation payable under the award to fail to constitute performance-based compensation under Code Section 162(m).

Under the 2010 Plan, the possible performance-based measures for Performance Compensation Awards include one or more of the following selected by the Committee to measure Company, affiliate, and/or business unit performance for a given performance period, whether in absolute or relative terms (including, without limitation, terms relative to a peer group or index): basic, diluted, or adjusted earnings per share; sales or revenue; earnings before interest, taxes, and other adjustments (in total or on a per share basis); basic or adjusted net income; returns on equity, assets, capital, revenue or similar measure; growth in assets, deposits or loans; economic value added; working capital; credit quality measurements (such as net charge-offs, the ratio of nonperforming assets to total assets, and loan loss allowances as a percentage of nonperforming assets); total shareholder return; and product development, product market share, research, licensing, litigation, human resources, information services, mergers, acquisitions, sales of assets of affiliates or business units.

Each measure will be, to the extent applicable, determined in accordance with generally accepted accounting principles as consistently applied by the Company (or such other standard applied by the Committee) and, if so determined by the Committee, and in the case of a Performance Compensation Award, to the extent permitted under Code Section 162(m), adjusted to omit the effects of extraordinary items, gain or loss on the disposal of a business segment, unusual or infrequently occurring events and transactions and cumulative effects of changes in accounting principles. Performance-based measures may vary from performance period to performance period and from participant to participant, and may be established on a stand-alone basis, in tandem or in the alternative. The regulations under Code Section 162(m) require that the material terms of the performance-based measures be reapproved by our shareholders every five years. To qualify as performance-based compensation, grants of restricted shares, restricted share units, performance units and cash incentive awards are required to satisfy the other applicable requirements of Code Section 162(m).

Income Tax Withholding. As a condition for the issuance of shares pursuant to awards, the 2010 Plan requires satisfaction of any applicable federal, state, local, or foreign withholding tax obligations that may arise in connection with the awards or the issuance of shares.

Transferability. Awards may not be sold, pledged, assigned, hypothecated, transferred, or disposed of other than by will or the laws of descent and distribution, except to the extent the Committee permits lifetime transfers of awards other than incentive stock options to charitable institutions, certain family members, or related trusts, or as otherwise approved by the Committee for a select group of management or other highly compensated employees.

Certain Corporate Transactions. The Committee will equitably adjust the number of shares covered by each outstanding award, all share limitations, and the number of shares that have been authorized for issuance under the 2010 Plan but as to which no awards have yet been granted or that have been returned to the 2010 Plan upon cancellation, forfeiture, or expiration of an award, as well as the price per share covered by each such outstanding award, to reflect any increase or decrease in the number of issued shares of common stock resulting from a stock split, reverse stock split, stock dividend, combination, recapitalization or reclassification of the shares, or any other increase or decrease in the number of issued shares effected without receipt of consideration by the Company. In the event of any such transaction or event, the Committee may provide, in substitution for any or all outstanding awards under the 2010 Plan, alternative consideration (including securities of any surviving entity) as the Committee may in good faith determine to be equitable under the circumstances, and the Committee may require in connection therewith the

surrender of all awards so replaced. In any case, a substitution will not require the consent of any recipient of awards previously granted awards pursuant to the 2010 Plan. Notwithstanding the foregoing, the Committee may not cancel an outstanding option that is not in-the-money for the purpose of reissuing the option to the participant at a lower exercise price or granting a replacement award of a different type.

Unless otherwise provided in an award agreement, awards will automatically vest (and to the extent applicable, become exercisable) and any repurchase rights of the Company will automatically lapse upon a Change in Control (as defined in the 2010 Plan, unless otherwise defined in the award agreement) of the Company. In addition, in the event or in anticipation of a Change in Control, the Committee may at any time in its sole and absolute discretion and authority, without obtaining the approval or consent of the Company's shareholders or any participant with respect to his or her outstanding awards (except to the extent an agreement evidencing an award provides otherwise), take one or more of the following actions: (i) arrange for or otherwise provide that each outstanding award shall be assumed or a substantially similar award shall be substituted by a successor corporation or a parent or subsidiary of such successor corporation; (ii) require that all outstanding options and SARs be exercised on or before a specified date (before or after such Change in Control) fixed by the Committee, after which specified date all unexercised options and SARs shall terminate; or (iii) arrange or otherwise provide for payment of cash or other consideration to participants in exchange for the satisfaction and cancellation of outstanding awards, or (iv) make other appropriate adjustments or modifications.

In the event of any distribution to the Company's shareholders of securities of any other entity or other assets (other than dividends payable in cash or stock of the Company) without receipt of consideration by the Company, the Committee may, in its discretion, appropriately adjust the price per share covered by each outstanding award to reflect the effect of such distribution. If the Company dissolves or liquidates, all awards will immediately terminate, subject to the ability of the Board of Directors to exercise any discretion that the Board may exercise in the case of a Change in Control.

Term of the 2010 Plan; Amendments or Termination. The Board of Directors has the power to terminate, amend, alter, suspend, or discontinue the 2010 Plan at any time. If the Board does not take action to earlier terminate the 2010 Plan, it will terminate on March 18, 2024. Certain amendments may require the approval of the Company's shareholders. For example, NASDAQ rules require shareholder approval of certain material amendments. No amendment, suspension, or termination of the 2010 Plan will materially and adversely affect awards that previously had been granted without the written consent of the holders of those awards unless it relates to an adjustment pursuant to certain transactions that change the Company's capitalization. Notwithstanding the foregoing, the Committee may amend the 2010 Plan to eliminate provisions which are no longer necessary as a result of changes in tax or securities laws or regulations, or in the interpretation thereof.

Expected Federal Income Tax Consequences. The following is a general discussion of certain current U.S. federal income tax consequences relating to awards granted under the 2010 Plan. This discussion does not address all aspects of U.S. federal income taxation, does not discuss state, local and foreign tax issues and does not discuss considerations applicable to a holder who is, with respect to the United States, a non-resident alien individual. This summary of federal income tax consequences does not purport to be complete and is based upon interpretations of existing laws, regulations and rulings, which could be altered materially with enactment of any new tax legislation.

Under the Code, the Company will generally be entitled to a deduction for federal income tax purposes at the same time and in the same amount as the ordinary income that participants recognize pursuant to awards (subject to the participant's overall compensation being reasonable, and to the discussion below with respect to Code Section 162(m)). For participants, the expected U.S. tax consequences of awards are as follows:

Nonqualified Stock Options (NQs). A participant will not recognize income at the time a NQ is granted. At the time a NQ is exercised, the participant will recognize ordinary income in an amount equal to the excess of (i) the fair market value of the shares issued to the participant on the exercise date over (ii) the exercise price paid for the shares. At the time of sale of shares acquired pursuant to the exercise of a NQ, the appreciation (or depreciation) in value of the shares after the date of exercise

will be treated either as short-term or long-term capital gain (or loss) depending on how long the shares have been held.

ISOs. A participant will not recognize income upon the grant of an ISO. There are generally no tax consequences to the participant upon exercise of an ISO (except the amount by which the fair market value of the shares at the time of exercise exceeds the option exercise price is a tax preference item possibly giving rise to an alternative minimum tax). If the shares are not disposed of within two years from the date the ISO was granted or within one year after the ISO was exercised, any gain realized upon the subsequent disposition of the shares will be characterized as long-term capital gain and any loss will

be characterized as long-term capital loss. If both of these holding period requirements are not met, then a disqualifying disposition occurs and (i) the participant recognizes gain in the amount by which the fair market value of the shares at the time of exercise exceeded the exercise price for the ISO and (ii) any remaining amount realized on disposition (except for certain wash sales, gifts or sales to related persons) will be characterized as capital gain or loss.

Share Appreciation Rights. A participant to whom a SAR is granted will not recognize income at the time of grant of the SAR. Upon exercise of a SAR, the participant must recognize taxable compensation income in an amount equal to the value of any cash or shares that the participant receives.

Restricted Shares, Restricted Share Units, Performance Units, Performance Awards, and Unrestricted Shares. In general, a participant will not recognize income at the time of grant of restricted shares, restricted share units, performance units or Performance Compensation Awards, unless the participant elects with respect to restricted shares to accelerate income taxation to the date of the award. In this event, a participant would recognize ordinary income equal to the excess of the market value of the restricted shares over any amount the participant pays for them (in which case subsequent gain or loss would be capital in nature). In the absence of an election to accelerate income taxation to the date of an award, a participant must recognize taxable compensation income equal to the value of any cash or unrestricted shares that the participant receives. The same tax consequences apply to Performance Compensation Awards and Awards of unrestricted shares.

Special Tax Provisions. Under certain circumstances, the accelerated vesting, cash-out or accelerated lapse of restrictions on awards in connection with a change in control of the Company might be deemed an excess parachute payment for purposes of the golden parachute tax provisions of Code Section 280G, the participant may be subject to a 20% excise tax, and the Company may be denied a tax deduction. Furthermore, the Company may not be able to deduct the aggregate compensation in excess of \$1,000,000 attributable to awards that are not performance-based within the meaning of Code Section 162(m) in certain circumstances. The 2010 Plan is designed to permit Performance Compensation Awards that qualify as performance-based compensation under Code Section 162(m).

New Plan Benefits. The Compensation Committee made equity awards in February 2014 under our current stock incentive plan. However, no stock options or other awards pursuant to the proposed 2010 Plan have been, or will be, granted under the 2010 Plan prior to approval by the Company's shareholders. If our shareholders approve the 2010 Plan at the Annual Meeting, grants of awards to eligible participants will be made in the future by the Compensation Committee as it deems necessary or appropriate.

Vote Required

Pursuant to NASDAQ rules and our Bylaws, the affirmative vote of a majority of the votes actually cast is required for approval of Proposal III.

Recommendation of the Board of Directors

The Compensation Committee and our Board determined that approval of proposed 2010 Plan is appropriate and in the best interests of the Company and its shareholders.

Our Board recommends a vote FOR the approval of the proposed 2010 Plan.

If the 2010 Plan receives shareholder approval, we will register with the SEC (on a Registration Statement on Form S-8 to be filed under the Securities Act of 1933, as amended) the additional shares of common stock that would be issuable under the 2010 Plan.

PROPOSAL IV ADVISORY VOTE ON EXECUTIVE COMPENSATION

At the 2011 Annual Meeting of Shareholders, our shareholders were asked to recommend how often they should be given the opportunity to cast a say-on-pay vote on the compensation of our Named Executive Officers. Over 90% of the votes cast were for the Every Year option, and this option was later approved by the Board of Directors.

As a result, and as required pursuant to Section 14A of the Securities Exchange Act of 1934, we are again asking our shareholders to provide an advisory vote on the compensation of the Named Executive Officers. While this vote is non-binding on our Company and the Board of Directors, it will provide the Compensation Committee with information regarding investor sentiment about our executive compensation philosophy, policies and practices which the Committee will be able to consider when determining future executive compensation arrangements.

Following is a summary of some of the key points of our executive compensation program. See Compensation Discussion and Analysis and Executive Compensation for more information.

The pay-for-performance compensation philosophy of the Compensation Committee supports our primary objective of creating long-term shareholder value. The Compensation Committee seeks to ensure that compensation of our executive officers and other employees is competitive in order to attract and retain talented individuals to lead our Company and IBERIABANK. Our executive compensation program has been designed to align managements interests with those of our shareholders. In addition, the program seeks to mitigate risks related to compensation.

In redesigning the Company's incentive programs for executive officers in 2014, the Compensation Committee established key performance measurements which are intended to reward long-term shareholder value creation. In addition to having a greater portion of executive compensation based on performance metrics as opposed to time-based compensation, the program also places greater focus on explicit quantitative measures to closely align with the path to improved performance and strategic goal attainment.

Shareholders are urged to read the discussion under Compensation Discussion and Analysis in this Proxy Statement, which describes in detail how our compensation policies and procedures complement our compensation philosophy. We believe that the information provided regarding executive compensation in this Proxy Statement demonstrates that our executive compensation program is intended to maximize shareholder return while mitigating risk and aligning managements interests with our shareholders. Accordingly, the Compensation Committee and the Board of Directors strongly support our executive compensation programs and recommend that shareholders approve the following advisory resolution:

RESOLVED, that compensation paid to the Company's Named Executive Officers, as disclosed in this Proxy Statement pursuant to Item 402 of Regulation S-K, including Compensation Discussion and Analysis, the compensation tables, and the related narrative discussion is hereby approved.

Although this advisory vote will be non-binding, it will serve as a recommendation to the Compensation Committee and the Board of Directors. The Compensation Committee and the Board will seriously consider the voting results in connection with their ongoing evaluation of the Company's executive compensation arrangements. The next such shareholder advisory vote will occur at the 2015 Annual Meeting.

**THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE APPROVAL OF THE
COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS AS DESCRIBED IN THIS PROXY
STATEMENT**

IBERIABANK Corporation

AMENDED & RESTATED 2010 STOCK INCENTIVE PLAN

As amended and restated as of March 18, 2014

1. Establishment, Purpose, and Types of Awards.

IBERIABANK Corporation (the Company) hereby establishes this equity-based incentive compensation plan to be known as the IBERIABANK Corporation Amended & Restated 2010 Stock Incentive Plan (the Plan), in order to provide incentives and awards to select employees, consultants, and directors of the Company and its Affiliates.

The Plan permits the granting of the following types of Awards, according to the Sections of the Plan listed here:

Section 6	Option Awards
Section 7	Share Appreciation Rights
Section 8	Restricted Shares, Restricted Share Units, and Unrestricted Shares
Section 9	Performance Units
Section 10	Performance Compensation Awards

The Plan is not intended to affect, and shall not affect, any stock options, equity-based compensation, or other benefits that the Company or its Affiliates may have provided, or may separately provide in the future pursuant to any agreement, plan, or program that is independent of this Plan.

2. Defined Terms.

Terms in the Plan that begin with an initial capital letter have the defined meaning set forth in the Appendix, unless defined elsewhere in this Plan or an Award Agreement, or the context of their use clearly indicates a different meaning.

3. Shares Subject to the Plan.

(a) *Maximum Number of Shares Issuable under the Plan.* Subject to the provisions of Section 13 of the Plan, the maximum number of Shares that the Company may issue for all Awards is 2,150,000 Shares. The maximum number of Shares that the Company may issue as full value Awards under Sections 8, 9, and 10 is 1,075,000 Shares. Additional limitations on Share issuances are provided in Sections 5(c), 8(a), 8(b) and 10(b). For all Awards, the Shares issued pursuant to the Plan may be authorized but unissued Shares, or Shares that the Company has reacquired or otherwise holds in treasury.

(b) *Return of Shares to the Plan.* Shares that are subject to an Award that for any reason expires, is forfeited, is cancelled, or becomes unexercisable shall again, except to the extent prohibited by Applicable Law, be available for subsequent Awards under the Plan. Notwithstanding the foregoing, but subject to adjustments pursuant to Section 13 below, (i) SARs shall be accounted for under the Plan as provided in Section 7(d) and (ii) the number of Shares that are available for ISO Awards shall be determined, to the extent required under applicable tax laws, by reducing the

number of Shares designated in Section 3(a) by the number of Shares issued pursuant to Awards, provided that any Shares that are issued under the Plan and forfeited back to the Plan shall be available for issuance pursuant to future ISO Awards.

4. Administration.

(a) *General.* The Committee shall administer the Plan in accordance with its terms, provided that the Board may act in lieu of the Committee on any matter. The Committee shall hold meetings at such times and places as it may determine and shall make such rules and regulations for the conduct of its business as it deems advisable. In the absence of a duly-appointed Committee or if the Board otherwise chooses to act in lieu of the Committee, the Board shall function as the Committee for all purposes of the Plan.

(b) *Committee Composition.* The Board shall appoint the members of the Committee. If and to the extent permitted by Applicable Law, the Committee may authorize one or more Reporting Persons (or other officers) to make Awards to Eligible Persons who are not Reporting Persons (or other officers whom the Committee has specifically authorized to make Awards). The Board has sole discretion, at any time, to appoint additional members to the Committee, to remove and replace members of the Committee for any reason, and to fill vacancies on the Committee however caused.

(c) *Powers of the Committee.* Subject to the provisions of the Plan, the Committee shall have the authority, in its sole discretion:

(i) to determine Eligible Persons to whom Awards shall be granted from time to time and the number of Shares, units, or SARs to be covered by each Award;

(ii) to determine, from time to time, the Fair Market Value of Shares;

(iii) to determine, and to set forth in Award Agreements, the terms and conditions of all Awards, including any applicable exercise or purchase price, the installments and conditions under which an Award shall become vested (which may be based on performance), terminated, expired, cancelled, or replaced, and the circumstances for vesting acceleration or waiver of forfeiture restrictions, and other restrictions and limitations;

(iv) to approve the forms of Award Agreements and all other documents, notices, and certificates in connection therewith, which need not be identical either as to type of Award or among Participants;

(v) to construe and interpret the terms of the Plan and any Award Agreement, to determine the meaning of their terms, and to prescribe, amend, and rescind rules and procedures relating to the Plan and its administration;

(vi) in order to fulfill the purposes of the Plan and without amending the Plan, modify, cancel, or waive the Company's rights with respect to any Awards, to adjust or to modify Award Agreements for changes in Applicable Law, and to recognize differences in foreign law, tax policies, or customs; and

(vii) to make all other interpretations and to take all other actions that the Committee may consider necessary or advisable to administer the Plan or to effectuate its purposes.

(d) *Delegation of Authority.* Subject to Applicable Law and the restrictions set forth in the Plan, the Committee may delegate administrative functions to individuals who are Reporting Persons, officers, or Employees of the Company or its Affiliates. With respect to Participants not subject to Section 16 of the Exchange Act or Section 162(m) of the Code, the Committee may delegate to appropriate officers of the Company its authority to designate Participants, to determine the size and type of Awards to be received by those Participants and to set and modify the terms of such Awards; provided, however, that all such Awards shall comply with the terms of this Plan. Any actions taken by the delegee shall be treated as actions by the Committee.

(e) *Deference to Committee Determinations.* The Committee shall have the sole discretion to interpret or construe ambiguous, unclear, or implied (but omitted) terms in any fashion it deems to be appropriate, and to make any findings of fact needed in the administration of the Plan or Award Agreements. The Committee's prior exercise of its discretionary authority shall not obligate it to exercise its authority in a like fashion thereafter. The Committee's interpretation and construction of any provision of the Plan, or of any Award or Award Agreement, shall be final, binding, and conclusive. The validity of any such interpretation, construction, decision, or finding of fact shall not be given de novo review if challenged in court, by arbitration, or in any other forum, and shall be upheld unless clearly arbitrary or capricious.

(f) *No Liability; Indemnification.* Neither the Board nor any Committee member, nor any Person acting at the direction of the Board or the Committee, shall be liable for any act, omission, interpretation, construction, or determination made in good faith with respect to the Plan, any Award, or any Award Agreement. The Company and its Affiliates shall pay or reimburse any member of the Committee, as well as any Director, Employee, or Consultant who takes action in connection with the Plan, for all expenses incurred with respect to the Plan, and to the full extent allowable under Applicable Law shall indemnify each and every one of them for any claims, liabilities, and costs (including reasonable attorney's fees) arising out of their good faith performance of duties under the Plan. The Company and its Affiliates may obtain liability insurance for this purpose.

A-2

5. Eligibility.

(a) *General Rule.* The Committee may grant ISOs only to Employees (including officers who are Employees) of the Company or an Affiliate that is a parent corporation or subsidiary corporation within the meaning of Section 424 of the Code, and may grant all other Awards to any Eligible Person. A Participant who has been granted an Award may be granted an additional Award or Awards if the Committee shall so determine, if such Participant is otherwise an Eligible Person and if otherwise in accordance with the terms of the Plan.

(b) *Grant of Awards.* Subject to the express provisions of the Plan, the Committee shall determine from the class of Eligible Persons those individuals to whom Awards under the Plan may be granted, the number of Shares subject to each Award, the price (if any) to be paid for the Shares or the Award and, in the case of Performance Awards, in addition to the matters addressed in Section 10 below, the specific objectives, goals and performance criteria that further define the Performance Award. Each Award shall be evidenced by an Award Agreement signed by the Company and, if required by the Committee, by the Participant. The Award Agreement shall set forth the material terms and conditions of the Award established by the Committee.

(c) *Limits on Awards.* During the term of the Plan, no Participant may receive Options and SARs that relate to more than 300,000 Shares per calendar year. The Committee will adjust this limitation pursuant to Section 13 below. Additional limitations applicable to Performance Compensation Awards are described in Section 10(b).

(d) *Replacement Awards.* Subject to Applicable Laws (including any associated shareholder approval requirements), the Committee may, in its sole discretion and upon such terms as it deems appropriate, require as a condition of the grant of an Award to a Participant that the Participant surrender for cancellation some or all of the Awards that have previously been granted to the Participant under this Plan or otherwise. An Award that is conditioned upon such surrender may or may not be the same type of Award, may cover the same (or a lesser or greater) number of Shares as such surrendered Award, may have other terms that are determined without regard to the terms or conditions of such surrendered Award, and may contain any other terms that the Committee deems appropriate. In the case of Options and SARs, these other terms may not involve an exercise price that is lower than the exercise price of the surrendered Option or SAR (as was determined under Section 6(e) or 7(b), respectively) unless the Company's shareholders approve the grant itself or the program under which the grant is made pursuant to the Plan.

6. Option Awards.

(a) *Types; Documentation.* The Committee may in its discretion grant ISOs to any Employee and Nonqualified Stock Options to any Eligible Person, and shall evidence any such grants in an Award Agreement that is delivered to the Participant. Each Option shall be designated in the Award Agreement as an ISO or a Nonqualified Stock Option, and the same Award Agreement may grant both types of Options. Options granted under the Plan may contain such terms and provisions not inconsistent with the Plan that the Committee shall deem advisable in its sole and absolute discretion.

(b) *ISO \$100,000 Limitation.* To the extent that the aggregate Fair Market Value of Shares with respect to which Options designated as ISOs first become exercisable by a Participant in any calendar year (under this Plan and any other plan of the Company or any Affiliate) exceeds \$100,000, such excess Options shall be treated as Nonqualified Stock Options. For purposes of determining whether the \$100,000 limit is exceeded, the Fair Market Value of the Shares subject to an ISO shall be determined as of the Grant Date. In reducing the number of Options treated as ISOs to meet the \$100,000 limit, the most recently granted Options shall be reduced first. In the event that Section 422 of the Code is amended to alter the limitation set forth therein, the limitation of this Section 6(b) shall be automatically adjusted accordingly.

(c) *Minimum Vesting Requirements.* Except for grants to Directors, Options granted under this Section 6 shall be subject to a vesting period of at least three years, with incremental vesting of portions of the Award over the three-year period permitted; provided, however, that if the vesting of the Award is based upon the attainment of performance goals, a minimum vesting period of one year is allowed, with incremental vesting of portions of the Award over the one-year period permitted.

(d) *Term of Options.* Each Award Agreement shall specify a term at the end of which the Option automatically expires, subject to earlier termination provisions contained in Section 6(f)(ii) hereof, provided, that, the term of any Option may not exceed ten years from the Grant Date. In the case of an ISO granted to an Employee who is a Ten Percent Holder on the Grant Date, the term of the ISO shall not exceed five years from the Grant Date.

(e) *Exercise of Option.*

(i) *Exercise Price.* The exercise price of an Option shall be determined by the Committee in its discretion and shall be set forth in the Award Agreement, provided that (i) if an ISO is granted to an Employee who on the Grant Date is a Ten Percent Holder, the per Share exercise price shall not be less than 110% of the Fair Market Value per Share on the Grant Date, and (ii) for all other Options, such per Share exercise price shall not be less than 100% of the Fair Market Value per Share on the Grant Date.

(ii) *Terms and Conditions.* The Committee shall in its sole discretion determine the times, circumstances, and conditions under which an Option shall be exercisable, and shall set them forth in the Award Agreement. The Committee shall have the discretion to determine whether and to what extent the vesting of Options shall be tolled during any unpaid leave of absence; provided, however, that in the absence of such determination, vesting of Options shall be tolled during any such leave approved by the Company.

(iii) *Minimum Exercise Requirements.* An Option may not be exercised for a fraction of a Share. The Committee may require in an Award Agreement that an Option be exercised as to a minimum number of Shares, provided that such requirement shall not prevent a Participant from purchasing the full number of Shares as to which the Option is then exercisable.

(iv) *Methods of Exercise.* Prior to its expiration pursuant to the terms of the applicable Award Agreement, each Option may be exercised, in whole or in part (provided that the Company shall not be required to issue fractional shares), by delivery of notice of exercise to the Company or its delegee, in such form as the Company shall determine, which notice shall be accompanied by the full exercise price of the Shares being purchased. In the case of an ISO, the Committee shall determine the acceptable methods of payment on the Grant Date and it shall be included in the applicable Award Agreement. The methods of payment that the Committee may in its discretion accept or commit to accept in an Award Agreement include:

(1) cash or check payable to the Company (in U.S. dollars);

(2) other Shares that (A) are owned by the Participant who is purchasing Shares pursuant to an Option, (B) have a Fair Market Value on the date of surrender equal to the aggregate exercise price of the Shares as to which the Option is being exercised, (C) are all, at the time of such surrender, free and clear of any and all claims, pledges, liens and encumbrances, or any restrictions which would in any manner restrict the transfer of such shares to or by the Company (other than such restrictions as may have existed prior to an issuance of such Shares by the Company to such Participant), and (D) the certificates of which are duly endorsed for transfer to the Company or attestation of ownership and transfer to the Company is effected to the Company's satisfaction;

(3) a cashless exercise program pursuant to which a Participant may concurrently provide irrevocable instructions (A) to such Participant's broker to effect the immediate sale of the purchased Shares and remit to the Company, out of the sale proceeds available on the settlement date, sufficient funds to cover the exercise price of the Option plus all applicable taxes required to be withheld by the Company by reason of such exercise, and (B) to the Company to (upon receipt of payment from the broker) deliver the certificates for or electronic evidence of ownership of the purchased Shares directly to such broker in order to complete the sale;

(4) if approved by the Committee, through a net exercise procedure whereby the Participant surrenders the Option in exchange for that number of Shares with an aggregate Fair Market Value equal to the difference between the aggregate exercise price of the Option being surrendered and the aggregate Fair Market Value of the Shares subject to the Option;

(5) in such other manner as may be authorized from time to time by the Committee; or

(6) any combination of the foregoing methods of payment.

(v) *Delivery of Shares.* The Company shall not be required to deliver Shares pursuant to the exercise of an Option until payment of the full exercise price therefore is received by the Company.

(f) *Effect of Termination of Continuous Service.*

(i) The Committee may establish and set forth in the applicable Award Agreement the terms and conditions on which an Option shall remain exercisable, if at all, following termination of a Participant's Continuous Service. The Committee may waive or modify these provisions at any time. To the extent that a Participant is not entitled to exercise an Option at the date of his or her termination of Continuous Service, or if the Participant (or other Person entitled to exercise the Option) does not exercise the Option to the extent so entitled within the time specified in the Award Agreement or below (as applicable), the Option shall terminate and the Shares underlying the unexercised portion of the Option shall revert to the Plan and become available for future Awards. In no event may any Option be exercised after the expiration of the Option term as set forth in the Award Agreement.

(ii) Unless otherwise provided in the Participant's Award Agreement, the following provisions shall apply when there is a termination of a Participant's Continuous Service. Notwithstanding the terms below, no Option may be exercised after the expiration of the Option term as set forth in the Award Agreement.

(1) *Termination other than Upon Disability or Death or for Cause.* In the event of termination of a Participant's Continuous Service (other than as a result of Participant's death, Disability, retirement or termination for Cause), the Participant shall have the right to exercise an Option at any time within 90 days following such termination to the extent the Participant was entitled to exercise such Option at the date of such termination.

(2) *Disability.* In the event of termination of a Participant's Continuous Service as a result of his or her being Disabled, the Participant shall have the right to exercise an Option at any time within one year following such termination to the extent the Participant was entitled to exercise such Option at the date of such termination.

(3) *Retirement.* In the event of termination of a Participant's Continuous Service as a result of Participant's retirement, the Participant shall have the right to exercise the Option at any time within six months following such termination to the extent the Participant was entitled to exercise such Option at the date of such termination.

(4) *Death.* In the event of the death of a Participant during the period of Continuous Service since the Grant Date of an Option, or within 30 days following termination of the Participant's Continuous Service, the Option may be exercised at any time within one year following the date of the Participant's death by the Participant's estate or by a Person who acquired the right to exercise the Option by bequest or inheritance, but only to the extent the right to exercise the Option had vested at the date of death or, if earlier, the date the Participant's Continuous Service terminated.

(5) *Cause.* If the Committee determines that a Participant's Continuous Service terminated due to Cause, the Participant shall immediately forfeit the right to exercise any Option, and it shall be considered immediately null and void.

(g) *Reverse Vesting.* The Committee in its sole and absolute discretion may allow a Participant to exercise unvested Options, in which case the Shares then issued shall be Restricted Shares having analogous vesting restrictions to the unvested Options.

7. Share Appreciation Rights (SARs).

(a) *Grants.* The Committee may in its discretion grant Share Appreciation Rights (SARs) to any Eligible Person, in any of the following forms:

(i) SARs related to Options. The Committee may grant SARs either concurrently with the grant of an Option or with respect to an outstanding Option, in which case the SAR shall extend to all or a portion of the Shares covered by the related Option. An SAR shall entitle the Option holder, upon exercise of the SAR and surrender of the related Option, or portion thereof, to the extent the SAR and related Option each were previously unexercised, to receive payment of an amount determined pursuant to Section 7(e) below. Any SAR granted in connection with an ISO will contain such terms as may be required to comply with the provisions of Section 422 of the Code.

(ii) SARs Independent of Options. The Committee may grant SARs which are independent of any Option subject to such conditions as the Committee may in its discretion determine, which conditions will be set forth in the applicable Award Agreement. Notwithstanding the above, except for grants to Directors, SARs granted independent of any Options shall be subject to a vesting period of at least three years, with incremental vesting of portions of the Award over the three-year period permitted; provided, however, that if the vesting of the Award is based upon the attainment of performance goals, a minimum vesting period of one year is allowed, with incremental vesting of portions of the

Award over the one-year period permitted.

(iii) Limited SARs. The Committee may grant SARs exercisable only upon or in respect of a Change in Control or any other specified event, and such limited SARs may relate to or operate in tandem or combination with or substitution for Options or other SARs, or on a stand-alone basis, and may be payable in cash or Shares based on the spread between the exercise price of the SAR, and (1) a price based upon or equal to the Fair Market Value of the Shares during a specified period, at a specified time within a specified period before, after or including the date of such event, or (2) a price related to consideration payable to the Company's shareholders generally in connection with the event.

A-5

(b) *Exercise Price.* The per Share exercise price of an SAR shall be determined in the sole discretion of the Committee, shall be set forth in the applicable Award Agreement, and shall be no less than 100% of the Fair Market Value of one Share. The exercise price of an SAR related to an Option shall be the same as the exercise price of the related Option.

(c) *Exercise of SARs.* Unless the Award Agreement otherwise provides, an SAR related to an Option will be exercisable at such time or times, and to the extent, that the related Option will be exercisable. An SAR may not have a term exceeding ten years from its Grant Date. An SAR granted independently of any other Award will be exercisable pursuant to the terms of the Award Agreement. Whether an SAR is related to an Option or is granted independently, the SAR may only be exercised when the Fair Market Value of the Shares underlying the SAR exceeds the exercise price of the SAR.

(d) *Effect on Available Shares.* All SARs shall be counted in full against the number of shares available for award under the Plan, regardless of the number of Shares issued upon settlement of the SARs.

(e) *Payment.*

(i) Upon exercise of an SAR related to an Option and the attendant surrender of an exercisable portion of any related Award, the Participant will be entitled to receive payment of an amount determined by multiplying

(1) the excess of the Fair Market Value of a Share on the date of exercise of the SAR over the exercise price per Share of the SAR, by

(2) the number of Shares with respect to which the SAR has been exercised.

(ii) Notwithstanding Section 7(e)(i), an SAR granted independently of an Option:

(1) may limit the amount payable to the Participant to a percentage, specified in the Award Agreement but not exceeding one hundred percent (100%), of the amount determined pursuant to Section 7(e)(i), and

(2) shall be subject to any payment or other restrictions that the Committee may at any time impose in its discretion, including restrictions intended to conform the SARs with Section 409A of the Code.

(f) *Form and Terms of Payment.* Subject to Applicable Law, the Committee may, in its sole discretion, settle the amount determined under Section 7(e) above solely in cash, solely in Shares (valued at their Fair Market Value on the date of exercise of the SAR), or partly in cash and partly in Shares. In any event, cash shall be paid in lieu of fractional Shares. Absent a contrary determination by the Committee, all SARs shall be settled in cash as soon as practicable after exercise. Notwithstanding the foregoing, the Committee may, in an Award Agreement, determine the maximum amount of cash or Shares or combination thereof that may be delivered upon exercise of an SAR.

(g) *Effect of Termination of Continuous Service.* The Committee shall establish and set forth in the applicable Award Agreement the terms and conditions on which an SAR shall remain exercisable, if at all, following termination of a Participant's Continuous Service. The provisions of Section 6(f)(ii) above shall apply to the extent an Award Agreement does not specify the terms and conditions upon which an SAR shall terminate when there is a termination of a Participant's Continuous Service.

8. Restricted Shares, Restricted Share Units, and Unrestricted Shares.

(a) *Grants*. The Committee has the discretion to grant Awards of Restricted Shares, Restricted Share Units, and Unrestricted Shares under this Section 8.

(i) The Committee may in its discretion grant restricted shares (Restricted Shares) to any Eligible Person and shall evidence such grant in an Award Agreement that is delivered to the Participant and that sets forth the number of Restricted Shares, the purchase price for such Restricted Shares (if any), and the terms upon which the Restricted Shares may become vested.

(ii) The Committee may in its discretion grant the right to receive Shares after certain vesting requirements are met (Restricted Share Units) to any Eligible Person and shall evidence such grant in an Award Agreement that is delivered to the Participant which sets forth the number of Shares (or formula, that may be based on future performance or conditions, for determining the number of Shares) that the Participant shall be entitled to receive upon vesting and the terms upon which the Shares subject to a Restricted Share Unit may become vested.

(iii) The Committee may condition any Award of Restricted Shares or Restricted Share Units to a Participant on receiving from the Participant such further assurances and documents as the Committee may require to enforce the restrictions.

(iv) The Committee may grant Awards hereunder for an aggregate of no more than 30,000 Shares (subject to adjustment under Section 13) in the form of unrestricted shares (Unrestricted Shares), which shall vest in full upon the date of grant or such other date as the Committee may determine or which the Committee may issue pursuant to any program under which one or more Eligible Persons (selected by the Committee in its discretion) elect to receive Unrestricted Shares in lieu of cash bonuses that would otherwise be paid.

(b) *Vesting and Forfeiture.*

(i) Award Agreements for Restricted Shares and Restricted Share Units. The Committee shall set forth in an Award Agreement granting Restricted Shares or Restricted Share Units, the terms and conditions under which the Participant's interest in the Restricted Shares or the Shares subject to Restricted Share Units will become vested and non-forfeitable.

(ii) Minimum Vesting Requirements. Except for grants to Directors, Restricted Shares and Restricted Share Units granted under this Section 8 shall be subject to a vesting period of at least three years, with incremental vesting of portions of the Award over the three-year period permitted; provided, however, that if the vesting of the Award is based upon the attainment of performance goals, a minimum vesting period of one year is allowed, with incremental vesting of portions of the Award over the one-year period permitted.

(iii) Effect of Termination of Continuous Service. Except as set forth in the applicable Award Agreement or the Committee otherwise determines, upon termination of a Participant's Continuous Service for any other reason, the Participant shall forfeit his or her unvested Restricted Shares and Restricted Share Units; provided that if a Participant purchases the Restricted Shares and forfeits them for any reason, the Company shall return the purchase price to the Participant only if and to the extent set forth in an Award Agreement.

(c) *Issuance of Restricted Shares Prior to Vesting.* The Company shall issue stock certificates that evidence Restricted Shares pending the lapse of applicable restrictions, and that bear a legend making appropriate reference to such restrictions. Alternatively, the Company may reflect such ownership and restrictions in electronic format. Except as set forth in the applicable Award Agreement or the Committee otherwise determines, the Company or a third party that the Company designates shall hold such Restricted Shares and any dividends that accrue with respect to Restricted Shares pursuant to Section 8(e) below.

(d) *Issuance of Shares upon Vesting.* As soon as practicable after vesting of a Participant's Restricted Shares (or Shares underlying Restricted Share Units) and the Participant's satisfaction of applicable tax withholding requirements, the Company shall release to the Participant, free from the vesting restrictions, one Share for each vested Restricted Share (or issue one Share free of the vesting restriction for each vested Restricted Share Unit), unless an Award Agreement provides otherwise. No fractional shares shall be distributed, and cash shall be paid in lieu thereof.

(e) *Treatment of Dividends.* Unless otherwise provided in the Award Agreement, whenever Shares are released to a Participant under Section 8(d) above pursuant to the vesting of Restricted Shares or the Shares underlying Restricted Share Units are issued to a Participant pursuant to Section 8(d) above, such Participant shall receive, with respect to each Share released or issued, an amount equal to any cash dividends (plus, in the discretion of the Committee, simple interest at a rate as the Committee may determine) and a number of Shares equal to any stock dividends, which were declared and paid to the holders of Shares between the Grant Date and the date such Share is released or issued.

(f) *Section 83(b) Elections.* A Participant may make an election under Section 83(b) of the Code (the Section 83(b) Election) with respect to Restricted Shares. If a Participant who has received Restricted Share Units provides the Committee with written notice of his or her intention to make Section 83(b) Election with respect to the Shares subject to such Restricted Share Units, the Committee may in its discretion, if permitted by Section 409A of the Code, convert the Participant's Restricted Share Units into Restricted Shares, on a one-for-one basis, in full satisfaction of the

Participant's Restricted Share Unit Award. The Participant may then make a Section 83(b) Election with respect to those Restricted Shares.

9. Performance Units.

Subject to the limitations set forth in Section 10(b), the Committee has discretion to grant Performance Units to any Eligible Person and shall evidence such grant in an Award Agreement that is delivered to the Participant which sets forth the terms and conditions of the Award. Performance Units must vest based upon the attainment of performance goals with a minimum vesting period of one year, with incremental vesting of portions of the Performance Units over the one-year period permitted.

A-7

10. Performance Compensation Awards.

(a) Qualified Performance-Based Compensation.

(i) Subject to the limitations set forth in paragraph (b) hereof, the Committee may, at the time of grant of Restricted Shares, Restricted Share Units, Performance Units, or a cash incentive award, designate such Award as a Performance Compensation Award in order that such Award constitutes qualified performance-based compensation under Section 162(m) of the Code, in which event the Committee shall have the power to grant such Performance Compensation Award upon terms and conditions that qualify it as qualified performance-based compensation within the meaning of Section 162(m) of the Code.

(ii) With respect to each such Performance Compensation Award, the Committee shall establish, in writing within the time required under Section 162(m) of the Code, a Performance Period, Performance Measure(s), and Performance Formula(e) (as each such term is defined in Section 10(c)).

(iii) A Participant shall be eligible to receive payment in respect of a Performance Compensation Award only to the extent that the Performance Measure(s) for such Award is achieved and the Performance Formula(e) as applied against such Performance Measure(s) determines that all or some portion of such Participant's Award has been earned for the Performance Period.

(iv) As soon as practicable after the close of each Performance Period, the Committee shall review and certify in writing whether, and to what extent, the Performance Measure(s) for the Performance Period have been achieved and, if so, determine and certify in writing the amount of the Performance Compensation Award to be paid to the Participant and, in so doing, may use negative discretion to decrease, but not increase, the amount of the Award otherwise payable to the Participant based upon such performance.

(b) Limitations on Awards. The maximum Performance Compensation Award that any one Participant may receive for any one Performance Period shall not together exceed 250,000 Shares, subject to adjustment under Section 13, and \$4 million in cash, per calendar year.

(c) Definitions.

(i) Performance Formula means, for a Performance Period, one or more objective formulas or standards established by the Committee for purposes of determining whether or the extent to which an Award has been earned based on the level of performance attained or to be attained with respect to one or more Performance Measure(s). Performance Formulae may vary from Performance Period to Performance Period and from Participant to Participant and may be established on a stand-alone basis, in tandem or in the alternative.

(ii) Performance Measure means one or more of the following selected by the Committee to measure Company, Affiliate, and/or business unit performance for a Performance Period, whether in absolute or relative terms (including, without limitation, terms relative to a peer group or index): basic, diluted, or adjusted earnings per share; sales or revenue; earnings before interest, taxes, and other adjustments (in total or on a per share basis); basic or adjusted net income; returns on equity, assets, capital, revenue or similar measure; growth in assets, deposits or loans; economic value added; working capital; credit quality measurements (such as net charge-offs, the ratio of nonperforming assets to total assets, and loan loss allowances as a percentage of nonperforming assets); total shareholder return; and product development, product market share, research, licensing, litigation, human resources, information services, mergers, acquisitions, sales of assets of Affiliates or business units. Each such measure shall be, to the extent applicable, determined in accordance with generally accepted accounting principles as consistently applied by the Company (or such other standard applied by the Committee) and, if so determined by the Committee, and in the case of a Performance Compensation Award, to the extent permitted under Section 162(m) of the Code, adjusted to omit the effects of extraordinary items, gain or loss on the disposal of a business segment, unusual or infrequently

occurring events and transactions and cumulative effects of changes in accounting principles. Performance Measures may vary from Performance Period to Performance Period and from Participant to Participant, and may be established on a stand-alone basis, in tandem or in the alternative.

(iii) Performance Period means one or more periods of time (of not less than one fiscal year of the Company), as the Committee may designate, over which the attainment of one or more Performance Measure(s) will be measured for the purpose of determining a Participant's rights in respect of an Award.

11. Taxes.

(a) *General.* As a condition to the issuance or distribution of Shares pursuant to the Plan, the Participant (or in the case of the Participant's death, the person who succeeds to the Participant's rights) shall make such arrangements as the Company may require for the satisfaction of any applicable federal, state, local, or foreign withholding tax obligations that may arise in connection with the Award and the issuance of Shares. The Company shall not be required to issue any Shares until such obligations are satisfied. If the Committee allows the withholding or surrender of Shares to satisfy a Participant's tax withholding obligations, the Committee shall not allow Shares to be withheld in an amount that exceeds the minimum statutory withholding rates for federal and state tax purposes, including payroll taxes.

(b) *Surrender of Shares.* If permitted by the Committee, in its discretion, a Participant may satisfy the minimum applicable tax withholding and employment tax obligations associated with an Award by surrendering Shares to the Company (including Shares that would otherwise be issued pursuant to the Award) that have a Fair Market Value determined as of the applicable Tax Date equal to the amount required to be withheld.

(c) *Default Rule for Employees.* In the absence of any other arrangement, an Employee shall be deemed to have directed the Company to withhold or collect from his or her cash compensation an amount sufficient to satisfy such tax obligations from the next payroll payment otherwise payable after the date of the exercise of an Award.

(d) *Special Rules.* In the case of (i) a Participant other than an Employee, (ii) an Employee where the next payroll payment is not sufficient to satisfy such tax obligations, with respect to any remaining tax obligations, (iii) a Participant who is an Executive Officer of the Company or a member of the Board, in the absence of any other arrangement and to the extent permitted under Applicable Law, the Participant shall be deemed to have elected to have the Company withhold from the Shares or cash to be issued pursuant to an Award that number of Shares having a Fair Market Value determined as of the applicable Tax Date (as defined below) or cash equal to the amount required to be withheld. For purposes of this Section 11, the Fair Market Value of the Shares to be withheld shall be determined on the date that the amount of tax to be withheld is to be determined under the Applicable Law (the Tax Date).

(e) *Income Taxes.* Participants are solely responsible and liable for the satisfaction of all taxes and penalties that may arise in connection with Awards (including any taxes arising under Section 409A of the Code), and the Company shall not have any obligation to indemnify or otherwise hold any Participant harmless from any or all of such taxes.

12. Non-Transferability of Awards.

(a) *General.* Except as set forth in this Section 12, or as otherwise approved by the Committee, Awards may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by will or by the laws of descent or distribution. The designation of a beneficiary by a Participant will not constitute a transfer. An Award may be exercised, during the lifetime of the holder of an Award, only by such holder, the duly-authorized legal representative of a Participant who is Disabled, or a transferee permitted by this Section 12.

(b) *Limited Transferability Rights.* Notwithstanding anything else in this Section 12, the Committee may in its discretion provide in an Award Agreement that an Award other than an ISO may be transferred, on such terms and conditions as the Committee deems appropriate, either (i) by instrument to the Participant's Immediate Family (as defined below), (ii) by instrument to an inter vivos or testamentary trust (or other entity) in which the Award is to be passed to the Participant's designated beneficiaries, or (iii) by gift to charitable institutions. Any transferee of the Participant's rights shall succeed and be subject to all of the terms of this Award Agreement and the Plan. Immediate Family means any child, stepchild, grandchild, parent, stepparent, grandparent, spouse, former spouse, sibling, niece, nephew, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law, and shall include adoptive relationships.

13. Adjustments Upon Changes in Capitalization, Merger, or Certain Other Transactions.

(a) *Changes in Capitalization.* The Committee shall equitably adjust the number of Shares covered by each outstanding Award, all Share limitations contained herein and the number of Shares that have been authorized for issuance under the Plan but as to which no Awards have yet been granted or that have been returned to the Plan upon cancellation, forfeiture, or expiration of an Award, as well as the price per Share covered by each such outstanding Award, to reflect any increase or decrease in the number of issued Shares resulting from a stock-split, reverse stock-split, stock dividend, combination, recapitalization or reclassification of the Shares, or any other

A-9

increase or decrease in the number of issued Shares effected without receipt of consideration by the Company. In the event of any such transaction or event, the Committee may provide in substitution for any or all outstanding Awards under the Plan such alternative consideration (including securities of any surviving entity) as it may in good faith determine to be equitable under the circumstances and may require in connection therewith the surrender of all Awards so replaced. In any case, such substitution of securities shall not require the consent of any person who is granted Awards pursuant to the Plan. Except as expressly provided herein, or in an Award Agreement, if the Company issues for consideration shares of stock of any class or securities convertible into shares of stock of any class, the issuance shall not affect, and no adjustment by reason thereof shall be required to be made with respect to the number or price of Shares subject to any award.

(b) *Dissolution or Liquidation.* In the event of the dissolution or liquidation of the Company other than as part of a Change in Control, each Award will terminate immediately prior to the consummation of such action, subject to the ability of the Committee to exercise any discretion authorized in the case of a Change in Control.

(c) *Change in Control.* Unless otherwise provided in an Award Agreement, Awards will automatically vest in full (and to the extent applicable, become exercisable) and any repurchase rights of the Company will automatically lapse upon a Change in Control of the Company. In addition, in the event of a Change in Control, the Committee may in its sole and absolute discretion and authority, without obtaining the approval or consent of the Company's shareholders or any Participant with respect to his or her outstanding Awards, take one or more of the following actions:

(i) arrange for or otherwise provide that each outstanding Award shall be assumed or a substantially similar award shall be substituted by a successor corporation or a parent or subsidiary of such successor corporation (the Successor Corporation);

(ii) require that all outstanding Options and Share Appreciation Rights be exercised on or before a specified date (before or after such Change in Control) fixed by the Committee, after which specified date all unexercised Options and Share Appreciation Rights shall terminate;

(iii) arrange or otherwise provide for the payment of cash or other consideration to Participants in exchange for the satisfaction and cancellation of outstanding Awards; or

(iv) make such other modifications, adjustments or amendments to outstanding Awards or this Plan as the Committee deems necessary or appropriate, subject however to the terms of Section 15(a) below.

(d) *Certain Distributions.* In the event of any distribution to the Company's shareholders of securities of any other entity or other assets (other than dividends payable in cash or stock of the Company) without receipt of consideration by the Company, the Committee may, in its discretion, appropriately adjust the price per Share covered by each outstanding Award to reflect the effect of such distribution.

14. Time of Granting Awards.

The date of grant (Grant Date) of an Award shall be the date on which the Committee (or its delegee pursuant to Section 4(d)) makes the determination granting such Award or such other later date as is determined by the Committee, provided that in the case of an ISO, the Grant Date shall be the later of the date on which the Committee makes the determination granting such ISO or the date of commencement of the Participant's employment relationship with the Company.

15. Modification of Awards and Substitution of Options or SARs.

(a) *Modification, Extension, and Renewal of Awards.* Within the limitations of the Plan, the Committee may modify an Award to accelerate the rate at which an Option or SAR may be exercised (including without limitation permitting an Option or SAR to be exercised in full without regard to the installment or vesting provisions of the applicable Award Agreement or whether the Option or SAR is at the time exercisable, to the extent it has not previously been exercised), to accelerate the vesting of any Award, to extend or renew outstanding Awards in compliance with Section 409A, to the extent applicable, or to accept the cancellation of outstanding Awards to the extent not previously exercised. However, the Committee may not cancel an outstanding option that is underwater for the purpose of reissuing the option to the Participant at a lower exercise price or granting a replacement award of a different type. Notwithstanding the foregoing provision, no modification of an outstanding Award shall materially and adversely affect such Participant's rights thereunder, unless either the Participant provides written consent or there is an express Plan provision permitting the Committee to act unilaterally to make the modification.

(b) *Substitution of Options.* Notwithstanding any inconsistent provisions or limits under the Plan, in the event the Company or an Affiliate acquires (whether by purchase, merger, or otherwise) all or substantially all of outstanding capital stock or assets of another corporation or in the event of any reorganization or other transaction qualifying under Section 424 of the Code, the Committee may, in accordance with the provisions of that Section, substitute Options or SARs for options or stock appreciation rights under the plan of the acquired company provided (i) the excess of the aggregate fair market value of the shares subject to an Option or SAR immediately after the substitution over the aggregate option price of such shares is not more than the similar excess immediately before such substitution and (ii) the new option or stock appreciation right does not give Persons additional benefits, including any extension of the exercise period.

(c) *Limitations on Repricing.* Except as permitted in Section 13(a) for a change in capitalization, Section 13(c) for a Change of Control, or Section 15(b) for a substitution of Options or SARs in connection with a corporate transaction involving the Company, the terms of outstanding Awards may not be amended to reduce the exercise price of outstanding Options or SARs or cancel outstanding Options or SARs in exchange for cash, other Awards, or Options or SARs with an exercise price that is less than the exercise price of the original Options or SARs without stockholder approval.

16. Term of Plan.

The Plan shall continue in effect for a term of ten years from its effective date as determined under Section 20 below, unless the Plan is sooner terminated under Section 17 below.

17. Amendment and Termination of the Plan.

(a) *Authority to Amend or Terminate.* Subject to Applicable Laws, the Board may from time to time amend, alter, suspend, discontinue, or terminate the Plan. Shareholder approval is required for any Plan amendment that would permit repricing without shareholder approval.

(b) *Effect of Amendment or Termination.* No amendment, suspension, or termination of the Plan shall materially and adversely affect Awards already granted unless either it relates to an adjustment pursuant to Section 13 above, or it is otherwise mutually agreed between the Participant and the Committee, which agreement must be in writing and signed by the Participant and the Company. Notwithstanding the foregoing, the Committee may amend the Plan to eliminate provisions which are no longer necessary as a result of changes in tax or securities laws or regulations, or in the interpretation thereof.

18. Conditions Upon Issuance of Shares.

Notwithstanding any other provision of the Plan or any agreement entered into by the Company pursuant to the Plan, the Company shall not be obligated, and shall have no liability for failure, to issue or deliver any Shares under the Plan unless such issuance or delivery would comply with Applicable Law, with such compliance determined by the Company in consultation with its legal counsel.

19. Reservation of Shares.

The Company, during the term of this Plan, will at all times reserve and keep available such number of Shares as shall be sufficient to satisfy the requirements of the Plan. Neither the Company nor the Committee shall, without

shareholder approval, allow for a repricing within the meaning of the federal securities laws applicable to proxy statement disclosures.

20. Effective Date.

This Plan, as it may be amended and restated, shall become effective on the date of its approval by the Board; provided that if this Plan shall be submitted to the Company's shareholders for approval, and if such Plan is not approved by the shareholders in accordance with Applicable Laws (as determined by the Committee in its discretion) within one year from the date of approval by the Board, this Plan and any Awards granted in excess of the number of shares previously approved by shareholders shall be null, void, and of no force and effect. Awards granted under this Plan before approval of this Plan, as it may be amended, by the shareholders shall be granted subject to such approval, and no Shares shall be distributed before such approval.

21. Controlling Law.

All disputes relating to or arising from the Plan shall be governed by the internal substantive laws (and not the laws of conflicts of laws) of the State of Louisiana, to the extent not preempted by United States federal law. If any provision of this Plan is held by a court of competent jurisdiction to be invalid and unenforceable, the remaining provisions shall continue to be fully effective.

22. Laws and Regulations.

(a) *U.S. Securities Laws.* This Plan, the grant of Awards, the exercise of Options and SARs under this Plan, and the obligation of the Company to sell or deliver any of its securities (including, without limitation, Options, Restricted Shares, Restricted Share Units, and Shares) under this Plan shall be subject to all Applicable Laws. In the event that the Shares are not registered under the Securities Act, or any applicable state securities laws prior to the delivery of such Shares, the Company may require, as a condition to the issuance thereof, that the persons to whom Shares are to be issued represent and warrant in writing to the Company that such Shares are being acquired by him or her for investment for his or her own account and not with a view to, for resale in connection with, or with an intent of participating directly or indirectly in, any distribution of such Shares within the meaning of the Securities Act, and a legend to that effect may be placed on the certificates representing the Shares.

(b) *Other Jurisdictions.* To facilitate the making of any grant of an Award under this Plan, the Committee may provide for such special terms for Awards to Participants who are foreign nationals or who are employed by the Company or any Affiliate outside of the United States of America as the Committee may consider necessary or appropriate to accommodate differences in local law, tax policy or custom. The Company may adopt rules and procedures relating to the operation and administration of this Plan to accommodate the specific requirements of local laws and procedures of particular countries. Without limiting the foregoing, the Company is specifically authorized to adopt rules and procedures regarding the conversion of local currency, taxes, withholding procedures and handling of stock certificates which vary with the customs and requirements of particular countries. The Company may adopt sub-plans and establish escrow accounts and trusts as may be appropriate or applicable to particular locations and countries.

23. No Shareholder Rights.

Neither a Participant nor any transferee of a Participant shall have any rights as a shareholder of the Company with respect to any Shares underlying any Award until the date of issuance of a Share certificate or other evidence of Share ownership to a Participant or a transferee of a Participant for such Shares in accordance with the Company's governing instruments and Applicable Law. Prior to the issuance of Shares pursuant to an Award, a Participant shall not have the right to vote or to receive dividends or any other rights as a shareholder with respect to the Shares underlying the Award, notwithstanding its exercise in the case of Options and SARs. No adjustment will be made for a dividend or other right that is determined based on a record date prior to the date the stock certificate or other evidence of ownership is issued, except as otherwise specifically provided for in this Plan.

24. No Employment Rights.

The Plan shall not confer upon any Participant any right to continue an employment, service or consulting relationship with the Company, nor shall it affect in any way a Participant's right or the Company's right to terminate the Participant's employment, service, or consulting relationship at any time, with or without Cause.

25. Deferral.

Payment of an Award may be deferred only if permitted in the Award Agreement. Any deferral arrangement shall comply with Section 409A of the Code.

Affiliate means, with respect to any Person (as defined below), any other Person that directly or indirectly controls or is controlled by or under common control with such Person. For the purposes of this definition, control, when used with respect to any Person, means the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of such Person or the power to elect directors, whether through the ownership of voting securities, by contract or otherwise; and the terms affiliated, controlling and controlled have meanings correlative to the foregoing.

Applicable Law means the legal requirements relating to the administration of options and share-based plans under applicable U.S. federal and state laws, the Code, any applicable stock exchange or automated quotation system rules or regulations, and the applicable laws of any other country or jurisdiction where Awards are granted, as such laws, rules, regulations and requirements shall be in place from time to time.

Award means any award made pursuant to the Plan, including awards made in the form of an Option, an SAR, a Restricted Share, a Restricted Share Unit, an Unrestricted Share, a Performance Unit, and a Performance Compensation Award (including a cash incentive award), or any combination thereof, whether alternative or cumulative, authorized by and granted under this Plan.

Board means the Board of Directors of the Company.

Cause for termination of a Participant's Continuous Service will exist if the Participant is terminated from employment or other service with the Company or an Affiliate for any of the following reasons: (i) the Participant's willful failure to substantially perform his or her duties and responsibilities to the Company or deliberate violation of a material Company policy; (ii) the Participant's commission of any material act or acts of fraud, embezzlement, dishonesty, or other willful misconduct; (iii) the Participant's material unauthorized use or disclosure of any proprietary information or trade secrets of the Company or any other party to whom the Participant owes an obligation of nondisclosure as a result of his or her relationship with the Company; or (iv) the Participant's willful and material breach of any of his or her obligations under any written agreement or covenant with the Company.

The Committee shall in its discretion determine whether or not a Participant is being terminated for Cause. The Committee's determination shall, unless arbitrary and capricious, be final and binding on the Participant, the Company, and all other affected persons. (c) consummation of a reorganization, merger, or consolidation (including a merger, or consolidation of the Company or any direct or indirect subsidiary of the Company), or sale or other disposition of all or substantially all of the assets of the Company (a Business Combination), in each case, unless, following such Business Combination,
