### **Item 3.03 Material Modification to Rights of Security Holders.**

On August 25, 2014, Alere Inc. (the "Company") filed a Fifth Amendment (the "Fifth Amendment") to the Amended and Restated Certificate of Incorporation of the Company (the "Certificate of Incorporation") with the Secretary of State of the State of Delaware. The Fifth Amendment, which was described in the Company's definitive Proxy Statement dated as of July 17, 2014 and approved by the stockholders of the Company at the Company's 2014 Annual Meeting, became effective immediately upon filing. Upon the filing of the Fifth Amendment, an amendment and restatement of the Company's Amended and Restated By-laws (the "By-laws") also became effective.

The Fifth Amendment amends the Company's Certificate of Incorporation to permit stockholders holding in the aggregate not less than twenty five percent (25%) of the total voting power of the shares of stock of the Company, as calculated in accordance with the By-laws of the Company, to call a special meeting of the stockholders of the Company. Previously, only the Board of Directors had the power to call a special meeting of the stockholders of the Company. The Fifth Amendment also generally provides that any vacancy in the Board of Directors of the Company occurring as a result of the removal of a director by the stockholders without cause shall be filled by the stockholders, and that any director appointed or elected to fill vacancies in accordance with the terms of the Certificate of Incorporation shall hold office for a term expiring at the next annual meeting of stockholders (or special meeting in lieu thereof) and until such director's successor shall have been duly elected and qualified or until his or her earlier death, resignation, disqualification or removal.

Sections 2 and 3 of Article I of the By-laws have been amended to set forth procedural requirements with which stockholders must comply in order for the Secretary of the Company to call a special meeting at their request. Sections 2 and 3 contains details of the percentage of voting power calculation and various informational requirements, timing and other mechanisms that are intended to minimize the risk of potential abuse, cost and distraction that would result from multiple stockholder meetings being held in a short time period, or from multiple meetings being held to consider matters that have been substantially addressed in the recent past, that are slated to be substantially addressed in the near future or that are not properly within the scope of matters that may be acted on by stockholders. Among other procedural requirements, the amendments to the Company's By-laws measure share ownership on a net long basis and require that stockholders have held the net long shares constituting at least twenty-five percent (25%) of the total voting power of the Company's outstanding common stock for at least one (1) year prior to the date of the special meeting request. Generally, a stockholder's net long shares are defined to exclude shares as to which the stockholder does not have the right to vote or direct the vote or as to which the stockholder has entered into any derivative or similar arrangement that hedges or transfers the economic consequences of ownership of such shares. A stockholder's net long shares will be determined in good faith by the Company's Board of Directors. As amended, the By-laws require that each stockholder participating in a request for a special meeting of stockholders must sign the request and must provide the Company with detailed information about, among other things, the stockholder's net long position in the Company's common stock.

The description of the Fifth Amendment and the amendments to the By-laws contained herein is qualified in its entirety by reference to the Fifth Amendment and the amended and restated By-laws, which are attached as Exhibits 3.1 and 3.2 to this Current Report on Form 8-K and incorporated herein by reference.
