PROXY STATEMENT**INDEPENDENT BOARD CHAIR**

Since 2004, the offices of Board Chair and CEO have been held by different individuals, with the Board Chair currently being Dr. Curran, an independent Director. The Board believes that the existing leadership structure currently serves DeVry Group and its shareholders well. The Board has no specific policy with respect to the separation of the positions of Board Chair and CEO. The Board believes that this issue should be part of the succession planning process and that it is in the best interests of DeVry Group and its shareholders for the Board to make a determination regarding this issue when it annually elects the Board Chair. During fiscal year 2014, the Board met in executive session without employee Directors or other employees present at each regular Board meeting. Dr. Curran presided over these sessions as the non-executive Board Chair.

DIRECTOR ATTENDANCE**Attendance at Board Meetings**

During fiscal year 2014, our Board met 5 times. Except for Darren Huston, who stepped down from the DeVry Group Board in July 2014, all of the DeVry Group directors attended 75 percent or more of the meetings of the Board and Board committees on which they served in fiscal year 2014.

Attendance at Annual Meetings

All of our directors were present at the 2013 Annual Meeting of Shareholders, held in November 2013. Our Board encourages all of its members to attend the Annual Meetings but understands there may be situations that prevent such attendance.

PROXY STATEMENT

Proposal No. 1 Election of Directors

PROPOSAL NO. 1 ELECTION OF DIRECTORS

The current size of the Board of Directors is 9 Directors. DeVry Group's Board is in the process of declassifying its Board, a process which began with shareholder approval at the 2012 Annual Meeting of Shareholders of an amendment to DeVry Group's Restated Certificate of Incorporation for the purpose of eliminating the tiered classification of the Board by the 2015 Annual Meeting of Shareholders. At and after the 2015 Annual Meeting of Shareholders, all Directors will be elected to one-year terms, and the Board will no longer be classified. This year, only the Class II Directors, who were last elected at the 2011 Annual Meeting for a three-year term, are to be elected at the Annual Meeting. The current members of Class II, whose terms of office expire in November 2014, are Christopher Begley, David S. Brown, Fernando Ruiz and Lisa W. Wardell. The Board has nominated each of them and recommends their re-election as Class II Directors, each for a term to expire in 2015. All of the nominees have consented to serve as Directors if elected at the Annual Meeting.

It is intended that all shares represented by a proxy in the accompanying form will be voted for the election of each of Christopher Begley, David S. Brown, Fernando Ruiz and Lisa W. Wardell as Class II Directors unless otherwise specified in such proxy. A proxy cannot be voted for more than four persons. In the event that a nominee becomes unable to serve as a Director, the proxy committee will vote for the substitute nominee that the Board designates. The Board has no reason to believe that the nominees will become unavailable for election.

Each nominee for election as a Director, and each Director continuing in office, is listed below, along with a brief statement of his or her current principal occupation, business experience and other information, including directorships in other public companies held as of the date of this Proxy Statement or within the previous five years. Under the heading Relevant Experience, we describe briefly the particular experience, qualifications, attributes or skills that led to the conclusion that these nominees and the continuing Directors should serve on the Board. As explained below under the caption Additional Information Director Nominating Process and Factors Considered, the Nominating & Governance Committee looks at the Board as a whole, attempting to ensure that it possesses the characteristics that the Board believes important to effective governance.

APPROVAL BY SHAREHOLDERS

The election of each of the four nominees for Director listed below requires the affirmative vote of a majority of the shares of Common Stock of DeVry Group outstanding on the record date. Unless otherwise indicated on the proxy, the shares will be voted **FOR** each of the nominees listed below.

Election of Directors

The Board of Directors recommends a vote FOR the nominees listed below.

DIRECTOR INDEPENDENCE

The Board of Directors has considered whether each Director has any material relationship with DeVry Group (either directly or as a partner, shareholder or officer of an organization that has a relationship with DeVry Group) and has otherwise complied with the requirements for independence under the applicable listing standards of the New York Stock Exchange (NYSE).

As a result of this review, the Board of Directors affirmatively determined that all of DeVry Group s current Directors, and each of Mr. Darren Huston, Mr. William Keevan and Dr. Harold Shapiro, who resigned or did not stand for re-election since the last annual meeting, are, or were at the time of their service, independent of DeVry Group and its management within the meaning of the applicable NYSE rules, with the exception of Mr. Taylor and Mr. Hamburger. Mr. Taylor is considered an inside Director because of his status as a Senior Advisor to DeVry Group. Mr. Hamburger is considered an inside Director because of his employment as President and CEO of DeVry Group.

The Board considered the relationship between DeVry Group and Northern Trust Corporation, at a subsidiary of which DeVry Group maintains depository accounts and through which a significant portion of DeVry Group s disbursement activity is conducted, because Mr. Logan is Executive Vice President and Managing Director, Global Financial Institutions Group, with Northern Trust Global Investments, a business unit of Northern Trust Corporation. In fiscal year 2014, DeVry Group incurred approximately \$1.2 million in fees to Northern Trust Corporation, which were partially offset against compensating balance credits earned on an average monthly outstanding balance of approximately \$63.9 million. The Board of Directors concluded, after considering that the relationship predates Mr. Logan joining the Board, that Mr. Logan had no involvement in the transactions, the lack of materiality of the transactions to DeVry Group and to Northern Trust Corporation, and the fact that the terms of the transactions are not preferential either to DeVry Group or to Northern Trust Corporation, that the relationship is not a material one for purposes of the NYSE listing standards and would not influence Mr. Logan s actions or decisions as a Director of DeVry Group.

DIRECTOR CONTINUING EDUCATION

Members of the Board of Directors are encouraged to participate in continuing education and enrichment classes and seminars. During fiscal year 2014, all members of the Board of Directors participated in the National Association of Corporate Directors (NACD) Governance Program and attained the designation of Governance Fellow. In addition, Ms. Wardell completed the NACD Master Class and attained the designation Board Fellow and Dr. Merten participated in a NACD chapter program.

CERTAIN RELATIONSHIPS AND RELATED-PARTY TRANSACTIONS

Various DeVry Group policies and procedures, including the Code of Conduct and Ethics, which applies to DeVry Group s Directors, officers and all other colleagues, and annual questionnaires completed by all DeVry Group Directors, Director nominees and executive officers, require disclosure of transactions or relationships that may constitute conflicts of interest or otherwise require disclosure under applicable Securities and Exchange Commission (SEC) rules. The Board annually reviews the continuing independence of DeVry Group s Non-employee Directors

under applicable laws or rules of the NYSE. The Board, excluding any Director who is the subject of an evaluation, reviews and evaluates director transactions or relationships with DeVry Group, including the results of any investigation, and makes a determination with respect to whether a conflict or violation exists or will exist or whether a Director's independence is or would be impaired.

No relationships or transactions existed or occurred between DeVry Group and any officer, Director or nominee for Director, or any affiliate of or person related to any of them, since the beginning of DeVry Group's last fiscal year, of the type and amount that are required to be disclosed under applicable SEC rules.

Compensation Discussion & Analysis

EXECUTIVE SUMMARY

DeVry Group's executive compensation program is structured to reward leaders for delivering strong financial results and building shareholder value. We also believe that academic quality leads to growth, and therefore we have incorporated measures into our executive compensation program to recognize leadership for their roles in improving student academic performance and outcomes.

This executive compensation program structure enables us to provide a competitive total compensation package while aligning our leaders' interests with those of our shareholders and other stakeholders. The following chart highlights key objectives behind the development, review and approval of our NEOs' compensation.

COMPENSATION OBJECTIVES

Our executive compensation program is designed to:

Align Incentives

Our purpose is to empower our students to achieve their educational and career goals. Success in our mission drives growth, which leads to creation of sustainable, long-term

	<p>value for our shareholders. Our compensation program is distinguished by its alignment not only with our shareholders, but also with our students, whose success is critical to our organization's success.</p>
Compete for Talent	<p>Our compensation program is designed to attract, retain and motivate high-performing colleagues, particularly our key executives who are critical to our operations. Our compensation decisions take into account the competitive landscape for talent.</p>
Reward Performance	<p>We reward outstanding performance through:</p> <p>A short-term term incentive program focusing our executives on achieving strong financial results, and superior academic and student outcomes, including through individual performance objectives, and</p> <p>A long-term incentive program providing a mix of equity vehicles designed to reward shareholder value creation, organizational performance, and successful academic and student outcomes.</p>

Executive Compensation Compensation Discussion and Analysis

PROXY STATEMENT**Shareholder Outreach**

DeVry Group values our shareholders' opinions on the design and effectiveness of our executive compensation program. At our Annual Meeting of Shareholders in November 2013, 67% of the votes cast in our advisory say-on-pay shareholder vote approved our executive compensation package. This outcome was a significant departure from the 2012 and 2011 advisory votes, when DeVry Group received the support of 98% and 97%, respectively, of votes cast.

To better understand shareholder perspective on DeVry Group's performance, policies and programs, a team led by our Senior Vice President, Human Resources reached out to a total of 26 shareholders comprising, to the best of our knowledge, more than 65% of our shares outstanding as of the Annual Meeting record date, to solicit their feedback regarding our executive compensation program and to inform them of the changes being implemented following the 2013 Annual Meeting of Shareholders.

The Compensation Committee and DeVry Group leadership considered the opinions heard during these meetings and reviewed the results of the meetings over several months. While investors had varying perspectives, a few common themes emerged from the discussions. Below is a summary of what we heard and the actions we took in response:

What we heard	How we responded
Ensure proper Compensation Committee oversight of equity granting procedures	DeVry Group engaged Aon Hewitt to review and enhance current equity granting procedures and adopted the recommended improvements. See page 31 for further information.
Clarify that performance against goals under DeVry Group's Management Incentive Plan (MIP) cannot be inappropriately achieved or manipulated due to non-recurring items such as acquisitions or sales of assets	This year's Proxy Statement provides more background how MIP financial goals are set and how special items are treated. See page 33 for more information.
Increase stock ownership guidelines for CEO and CFO	In August 2014, DeVry Group increased its stock ownership guidelines for its CEO, from 3x to 5x his base salary, and for its CFO, from 2x to 3x his base salary. The guidelines are measured against the market value of

their stockholdings. See page 38 for more information.

DeVry Group's use of academic and student outcome goals for its performance-based restricted stock units (Performance Shares) is sensible for a mission-driven organization and differentiates it from competition

The Compensation Committee determined to expand its recent practice of awarding academic and student outcome based Performance Shares to include senior DeVry Group and institutional managers.

Shareholder Rights Plan should not be renewed

Our Board has no plans to renew the Shareholder Rights Plan when it expires in December 2014.

The Compensation Committee believes the actions taken above address the concerns commonly held by its shareholders. Overall, shareholder engagement in 2014 enabled DeVry Group to better understand its shareholders specific concerns. DeVry Group and the Compensation Committee will continue to engage its shareholder base in the future to understand shareholder concerns, particularly in connection with potential changes to its compensation or governance practices.

Executive Compensation Compensation Discussion and Analysis

2014 Organizational Performance

DeVry Group's 2002 decision to diversify away from business and technology higher education has served shareholders well, sustaining it against cyclical weakness that has impacted DeVry University more than our other institutions. We continue to execute on our long-term vision of becoming the leading global provider of career-oriented education services, realizing increased programmatic and geographic diversity, as shown in the charts below:

Over the past several years, we have seen strong growth in our Medical and Healthcare and our International and Professional Education segments. At the same time, the economic environment and heightened competition have lessened the demand for postsecondary education delivered through our Business, Technology and Management segment. While demand is increasing for several segments of our organization, we continue to see lower enrollments for DeVry University, reflecting the overall cyclical weakness across higher education.

This dynamic environment is reflected in our fiscal year 2014 results as we had expected and planned for lower revenue and earnings per share compared to fiscal year 2013. However, as a result of the diversification strategy designed and led by our management team, DeVry Group's new student enrollments are up 8.1 percent and total student enrollments are up 2.1 percent over the prior fiscal year, helping

us to beat our targeted revenue and planned EPS for fiscal year 2014.

Executive Compensation Compensation Discussion and Analysis

PROXY STATEMENT

Along with driving our financial performance, our management also continued its emphasis on enhancing academic quality and student outcomes, including the key results in the chart at the right.

Through the strong linkage between pay and performance in our executive compensation programs, our leadership team has been rewarded through higher annual incentive payouts than in fiscal year 2013 for the progress they have made to support our goal of turning around DeVry University and Carrington College, and driving growth at Becker Professional Education, DeVry Brasil, DeVry Medical International and Chamberlain College of Nursing. And, with our management team's efforts, our shareholders have been rewarded through an increased stock price and total shareholder return higher than that of our peer group as well as our education-specific peers.

Growing Total Shareholder Return (TSR)

Through increases in stock price and the payment of dividends, DeVry Group increased shareholder wealth by nearly \$763M* during fiscal year 2014.

Our one-year annualized total shareholder return of over 37.7% demonstrates that the efforts of the leadership team are having an impact on creating value for its shareholders.

To ensure we continue our commitment and alignment to shareholder value in our pay programs, we annually grant long-term stock-based awards, whose value is directly tied to an increasing share price. With a large portion of executive compensation delivered through DeVry Group

stock along with our stock ownership guidelines named executive officers have a vested interest in driving shareholder value.

This focus supports one of the program's key objectives of aligning executives' long-term interests with those of our shareholders.

* Shareholder wealth increase is the sum of market capitalization appreciation and total dividends paid to shareholders. In fiscal year 2014, DeVry's market capitalization appreciation was \$741 million (assuming a \$31.02 stock price and 62.9 million shares outstanding on June 28, 2013, and a \$42.34 stock price and 63.6 million shares outstanding on June 30, 2014) and total dividends paid to shareholders were \$21.9 million

Performance Share Academic and ROIC Targets

Performance Shares are the mission-based component of DeVry Group's long-term incentive program, which otherwise is designed to drive financial performance. While still ensuring an appropriate level of financial performance, Performance Shares are designed to reward executives for achieving exceptional academic and student outcomes in furtherance of DeVry Group's mission of empowering students to achieve their educational and career goals.

In fiscal year 2014 (August 2013), in order to further this purpose, the Compensation Committee maintained academic and student outcome-based performance targets while adjusting the minimum return on invested capital (ROIC) threshold for vesting of Performance Shares to 5%. Performance Shares granted in fiscal year 2014 will not pay out unless a minimum 5% ROIC threshold is achieved. Importantly, the actual payout will be determined by the level of achievement of the academic and student outcome targets. See page 37 for further background regarding DeVry Group's use of Performance Shares.

For the CEO, 85% of the Management Incentive Plan (MIP) award is based on DeVry Group measures of earnings per share (EPS) and revenue (versus 70% in fiscal year 2013). The remaining 15% is based on individual performance. For the other NEOs, as in fiscal year 2013, 70% of the MIP award is based on financial performance at DeVry Group (EPS and revenue) or at the institutions for which NEO is responsible (Operating Income and revenue), and the remaining 30% is based on individual performance.

Following the end of fiscal year 2014, the MIP award was paid at 138.4% of target for the CEO and between 115.1% and 152.7% of target for the other NEOs, reflecting DeVry Group's financial performance and individual contributions for fiscal year 2014.

Long-term Incentives

In fiscal year 2014, the CEO received a long-term incentive grant valued at \$3.5 million, down from prior levels of up to \$4.5 million granted in fiscal years 2009 through 2011, when the organization achieved superior financial performance, and at the same levels as the grants in fiscal years 2012 and 2013. Values granted to the other NEOs ranged from approximately \$380,000 to \$750,000.

Changes for

Fiscal Year 2015 Enhanced Incentive Plan Oversight

In fiscal year 2014, DeVry Group engaged Aon Hewitt, an independent compensation expert, to conduct a comprehensive review of DeVry Group's long-term incentive compensation processes and make recommendations for updates. For further detail, see page 30.

Increased Stock Ownership Guidelines

DeVry Group's stock ownership guidelines were adjusted to require its CEO to hold DeVry Group stock valued at five times base salary, up from the prior guideline of three times his base salary. Guidelines for DeVry Group's CFO were increased to require stock holdings valued at three times his base salary, up from two times his base salary.

Elimination of EPS as Financial Performance Metric for Management Incentive Plan

To better align incentives with executives' operational performance, DeVry Group replaced earnings per share (EPS) with net income as one of the financial performance metrics for participants in DeVry Group's MIP.

Increased CEO MIP Target

In consideration of the increasing challenge and complexity of DeVry Group's operations, the target MIP award opportunity for DeVry Group's CEO was increased from 100% of his base salary to 105% of his base salary.

PAY-FOR-PERFORMANCE FOCUS

Focus on Pay-for-Performance

Each August, after audited fiscal year results have been substantially completed, the Compensation Committee reviews the CEO's and other NEOs' total compensation and bases its pay-related decisions on performance delivered during the completed fiscal year. Reported compensation elements for any fiscal year in the 2014 Summary Compensation Table in this proxy statement, however, include elements determined both at the beginning of the reported fiscal period (namely, long-term incentive and base compensation) and after the reported fiscal period (namely, MIP). As a result, the 2014 Summary Compensation Table may not clearly isolate and demonstrate the linkage between performance in a given year and compensation decisions made in view of that performance. To better illustrate the basis for the Compensation Committee's annual compensation decisions, the timeline below illustrates the financial performance results that were available to the Compensation Committee at the time annual compensation decisions for the CEO were made.

* *Adjusted to exclude impact of special items to more accurately reflect and reward operational performance. These adjustments were for restructuring charges related to workforce reductions and real estate consolidations, impairments at Carrington Colleges Group and Advanced Academics, operating results of Advanced Academics following classification as a discontinued operation, and a gain from a sale of a former DeVry University Campus. See Appendix A for reconciliation to reported diluted EPS and net income for calculation of ROIC.*

PROXY STATEMENT

DeVry Group uses both short- and long- term incentives to reward NEOs for delivering strong business results, increasing shareholder value and improving student outcomes. With our pay-for-performance philosophy, executives can earn in excess of target levels when their performance exceeds established objectives. And, if performance falls below established objectives, our incentive plans pay below target levels, which in some cases could be nothing at all.

Program Design: 84% of the total target direct compensation for our CEO, and between 60% and 71% of the total direct compensation for the other NEOs, is composed of variable pay.

The actual value realized from the annual Management Incentive Plan (MIP) award ranges from zero, if threshold performance targets are not met, up to 200% of targeted amounts for exceptional organizational performance.

Under the Performance Share component of our long-term incentive plan, payout is contingent on meeting both academic or student outcome performance goals and a minimum ROIC threshold. If the minimum level of ROIC performance is attained, the size of the payout is then based on meeting academic or student outcome targets established for each institution across the DeVry Group, as outlined in the table below.

Performance Assessment: Our Compensation Committee uses a comprehensive, well-defined and rigorous process to assess organizational and individual performance. We believe the performance measures for our incentive plans focus management on the appropriate objectives for the creation of short-and long-term shareholder value as well as organizational growth.

DeVry Group's incentive compensation program for executives is designed to link compensation performance with the full spectrum of our business goals, some of which are short-term, while others take several years or more to achieve:

Student Outcomes Drive DeVry Group Performance

We know that academic quality leads to results as DeVry Group's student's academic performance and student outcomes become stronger, so does our reputation as a leader in career-oriented education. This brings new students to our institutions, ultimately improving our institutions' attraction and retention rates. Because of this potential for growth, and in support of DeVry Group's mission, part of our long-term incentive plan is centered on student outcomes to encourage leaders to focus on improving academic performance. The table below shows the measures that apply to the Performance Shares by which each institution is evaluated:

Institution	Performance Measure	Weighting
DeVry University	Major Field Test	40%
Chamberlain College of Nursing	NCLEX First Time Pass Rate	20%
Ross University School of Medicine & American University of the Caribbean School of Medicine	USMLE First Time Pass Rate	20%
Carrington Colleges	Student Retention	15%
Ross University School of Veterinary Medicine	NAVLE First Time Pass Rate	5%

In selecting the measures for the student outcome component of our long-term incentive plan, objectivity, measurability and reliability were among the chief criteria for the Compensation and Academic Committees of the Board of Directors. After thorough consideration, the measures listed above were found to exhibit each of these characteristics and best distinguish DeVry Group from competitors in terms of academic quality. In addition, each measure is quantifiable, aligned with our core values and reflects service to all of DeVry Group's stakeholders, including shareholders, students, accreditors and regulatory agencies.

Other key features of our executive compensation program include:

Stock ownership requirements: Our stock ownership guidelines require all senior executives to meet specific ownership targets as a multiple of base salary. This requirement subjects these executives to the same

long-term stock price volatility our shareholders experience. Currently, all NEOs and directors who are no longer subject to a phase-in period have met the minimum ownership requirements. See page 38 for more information.

Incentive Compensation Recoupment Policy: If the Compensation Committee determines that an executive received an incentive based on financial results that were restated due to knowing or intentional, fraudulent or illegal conduct on the part of the executive, DeVry Group may recover the incentive (in whole or in part). This policy serves to increase transparency and discourage executives from engaging in behavior that could potentially harm DeVry Group or its shareholders.

PROXY STATEMENT

Role of the Compensation Committee

The Compensation Committee determines the appropriate level of compensation for the CEO and NEOs. The Compensation Committee reviews and approves all components of annual compensation (base salary, annual cash incentive and long-term incentive) to ensure they align with the principles of DeVry Group's compensation program. In addition, the Compensation Committee meets periodically to review the design of the overall compensation program, approve performance targets and review management performance, and it assists in establishing CEO goals and objectives.

Each year, the Compensation Committee recommends CEO compensation to the Board of Directors, taking into consideration the CEO's performance evaluation and advice from Towers Watson, an independent executive consulting firm engaged by the Compensation Committee. In determining the CEO's long-term incentive compensation, the Compensation Committee considers DeVry Group's performance and relative shareholder return, incentive awards to CEOs at comparable companies, past awards and the CEO's expected future contributions, as well as other factors it deems appropriate.

The Compensation Committee approves base salary, annual incentive and equity compensation and perquisites for DeVry Group's NEOs.

In reviewing DeVry Group's compensation program, the Compensation Committee considers whether the programs encourage unnecessary or excessive risk taking that would have an adverse effect on DeVry Group and has determined that they do not.

Role of the Executive Officers and Management

The CEO, in consultation with the Senior Vice President, Human Resources and the Chief Financial Officer, provides the Compensation Committee with compensation recommendations for other NEOs other than himself, including recommendations for annual base salary increases, annual cash incentive awards, and long-term incentive awards. These recommendations are based on market-competitive compensation data and the CEO's assessment of each NEO's performance for the prior year. While these recommendations are given significant weight, the Compensation Committee retains full discretion when determining compensation.

The Compensation Committee reviews and approves, with any modifications it deems appropriate, base salary, annual incentive awards and long-term incentive equity awards for DeVry Group's NEOs. The compensation package for the CEO is determined by the Compensation Committee and approved by the independent members of the Board of Directors during executive session.

Role of the Compensation Consultant

The Compensation Committee retains ultimate responsibility for compensation-related decisions. To add rigor to the review process and inform the Compensation Committee of market trends and practices, the Compensation Committee engaged the services of Towers Watson in fiscal year 2014.

Towers Watson analyzed DeVry Group's executive compensation structure and plan designs and assessed whether the executive compensation program is competitive and supports the Compensation Committee's goal to align the interests of executive officers with those of shareholders, students and other stakeholders.

In fiscal year 2014, Towers Watson's primary areas of assistance were:

Gathering information related to current trends and practices in executive compensation, including peer group and broader market survey data;

Reviewing, analyzing and providing recommendations for DeVry Group's list of peer group companies;

Reviewing information developed by management for the Compensation Committee and providing input on such information to the Compensation Committee;

Attending and participating in all Compensation Committee meetings and most non-employee director executive sessions, as well as briefings with the Compensation Committee chair and management prior to meetings;

Executive Compensation Compensation Discussion and Analysis

Assisting in the redesign and development of the Compensation Discussion and Analysis section of the proxy statement; and

Reviewing with management and the Compensation Committee the materials to be used in DeVry Group's proxy statement.

The Compensation Committee has the sole authority to approve the independent compensation consultant's fees and terms of the engagement. Thus, the Compensation Committee annually reviews its relationship with, and assesses the independence of, Towers Watson to ensure executive compensation consulting independence. The process includes a review of the services Towers Watson provides, the quality of those services, and fees associated with the services during the fiscal year.

Executive Compensation Peer Group

To ensure DeVry Group continues to provide total executive compensation that is fair and competitively positioned in the marketplace, the Compensation Committee reviews the pay level, mix and practices of peer group companies. The Compensation Committee does not target any specific percentile levels in establishing compensation levels and opportunities.

While including all larger publicly-held, private sector higher education schools, DeVry Group's peer group also includes a broader group of organizations in order to provide better compensation data. DeVry Group's expanded peer group includes publicly-held organizations that provide services over an extended period of time. In consideration of DeVry Group's significant focus on health care education, which requires attracting and retaining seasoned health care professionals and executives, the peer group also includes health care services companies. Revenue of most of the peer group organizations is generally between one-half and two times DeVry Group's revenue.

Towers Watson reviewed the peer group during fiscal year 2014 and recommended no changes. The peer group is composed of:

Apollo Group Inc.	H&R Block, Inc.	Scholastic Corporation
Bridgepoint Education, Inc.	HEALTHSOUTH Corp.	Select Medical Holdings Corporation
Brookdale Senior Living Inc.	ITT Educational Services Inc.	Service Corp. International
Career Education Corp.	Life Time Fitness Inc.	Weight Watchers International, Inc.
Corinthian Colleges Inc.	Lifepoint Hospitals Inc.	
Education Management Corporation	MEDNAX, Inc.	
Graham Holdings Company	Paychex, Inc.	
	Regis Corp.	

The Compensation Committee also reviews compensation and plan prevalence data from smaller education-specific peer organizations but does not include the statistics when determining compensation levels because their revenue is outside of the established range for DeVry Group. These organizations are:

American Public Education, Inc.
Capella Education Co.

Grand Canyon Education, Inc.
Lincoln Educational Services
Corporation

Strayer Education Inc.
Universal Technical Institute, Inc.

Greater Incentive Plan Oversight

Following the granting of the long-term incentive award for fiscal year 2013, the Compensation Committee became aware that a portion of stock options it intended to grant to the CEO in fiscal years 2009, 2011, 2012 and 2013 exceeded the 150,000 annual limit under the DeVry Inc. Amended and Restated 2005 Incentive Plan (2005 Plan).

Under the oversight of the Compensation Committee, a cross-functional working group reviewed this matter and determined that any stock options grants under the 2005 Plan in excess of the 150,000 share limit were unfulfilled, as such excess awards were null and void in accordance with the terms of the 2005 Plan. Since the original grants were market competitive and based on the CEO's performance and future potential, the Compensation Committee elected to replace most of the CEO's unfulfilled and void stock options with Stock Appreciation Rights (SARs) which were in

Executive Compensation Compensation Discussion and Analysis

PROXY STATEMENT

compliance with the 2005 Plan limits and closely replicated the attributes, including the exercise price and vesting schedule, of the portion of stock option grants that were unfulfilled. DeVry Group was able to use shares available under the DeVry 2003 Incentive Stock Plan to fulfill part, but not the full extent, of the Compensation Committee's original intentions. The economic value of in-the-money option grants that were unfulfilled in fiscal year 2013 and could not otherwise be replaced with SARs on similar terms were replaced with Full-Value Shares.

To ensure adherence to incentive plan limits and prevent similar situations from occurring in the future, in fiscal year 2014 DeVry Group hired Aon Hewitt, an independent executive compensation consultant, to conduct a review of our long-term incentive compensation practices. As part of this review, Aon Hewitt:

Assessed processes and procedures covering an incentive award's grant, vesting and exercise, as well as the extent to which the grants adhere to governing plan documents;

Conducted a review to identify inconsistencies and/or deficiencies with respect to internal processes, functions performed by external providers, and tax compliance; and

Delivered a summary of recommendations for enhancing ongoing administration.

In response to recommendations from Aon Hewitt and input from our shareholders, DeVry Group made enhancements to its long-term incentive compensation practices to increase accountability and strengthen the oversight of its equity grants and plan limits. These changes, which were implemented and used in the fiscal year 2015 grant cycle, include:

Additional controls and checkpoints to strengthen and streamline the incentive grant review / approval process;

Prior to each grant approval, added process to confirm to the Compensation Committee that all proposed grants are within applicable incentive plan limits and that adequate shares are reserved for each grant; and

Enhanced definition of accountabilities, responsibilities and internal communication obligations.

ANALYSIS OF 2014 COMPENSATION

Annual Base Salary

Annual base salaries for NEOs are intended to reflect the scope of their responsibilities, the experience they bring to their roles, and the current market compensation for similar roles outside DeVry Group. Once established, base salaries are reviewed annually to reflect the executive's prior performance and respond to changes in market conditions. The box below lists the criteria the Compensation Committee uses to determine changes to salary from one year to the next.

FISCAL YEAR 2014 BASE SALARY DECISIONS

At the beginning of fiscal year 2014, the Compensation Committee determined Mr. Hamburger's base salary increase, taking into account the organization's general approach to merit increases for other colleagues, actual results versus the performance targets and goals previously set for DeVry Group and for him for the prior year and market data. The Compensation Committee also considered its interaction with Mr. Hamburger, its observation of his performance throughout fiscal year 2013 and the perceived market for CEOs, thus adding a further discretionary element to its

Executive Compensation Compensation Discussion and Analysis

evaluation. The Compensation Committee increased the CEO's annual base salary for fiscal year 2014 to reward him for his consistently strong executive performance, his success in building a high quality executive team, his potential to continue building a positive future for DeVry Group and to ensure that his salary stayed at a level that compared appropriately to the salaries of chief executive officers at other organizations in the marketplace. The Compensation Committee felt these considerations and the conservative approach taken with respect to merit increases throughout the organization were sufficient to justify a modest increase in Mr. Hamburger's base salary.

Mr. Hamburger recommended to the Compensation Committee the annual base salary of each of the other NEOs at the outset of fiscal year 2014. His recommendations were made in consultation with the Senior Vice-President of Human Resources and the Chief Financial Officer. They were based upon their experience with and analysis of the market at that time, their monitoring of the compensation levels at other organizations in DeVry's market and Mr. Hamburger's assessment of each NEO's performance for the prior year. Reflective of her success leading the growth of Chamberlain College of Nursing since its acquisition to become one of the largest schools of nursing in the US, and her unique education, nursing, strategy and leadership skills, Dr. Groenwald received market adjustments to her base salary during fiscal years 2013 and 2014 in lieu of an annual merit adjustment and, therefore, did not receive an annual increase in fiscal year 2014. Mr. Riehs' salary increase reflects the additional responsibilities he assumed as President of DeVry Medical International in fiscal year 2013.

	FY 2013	FY 2014	Percent Change
Daniel M. Hamburger	\$839,460	\$858,348	2.25%

Annual Cash Incentive Compensation

The annual cash incentive, delivered through the MIP, provides NEOs with the opportunity to earn rewards based on the achievement of organizational and institutional performance and, to a lesser extent, individual performance.

FISCAL YEAR 2014 MIP DECISIONS

For fiscal year 2014, no changes were made to the MIP target award opportunity as a percentage of base salary for NEOs.

Based on an evaluation of organizational performance relative to MIP measures set at the beginning of fiscal year 2014, the final MIP awards were partially based on the following financial results:

DeVry Group achieved 127.8% of the target fiscal year 2014 MIP EPS goal of \$2.05

DeVry Group achieved 102.3% of the target fiscal year 2014 MIP Revenue goal of \$1,879 million

In addition, awards for Dr. Groenwald and Messrs. Pauldine and Riehs included results from the performance of the institutions they oversee.

Executive Compensation Compensation Discussion and Analysis

PROXY STATEMENT

Based on this information, coupled with the evaluation of individual performance for each NEO during the course of the year, the Compensation Committee made the following MIP awards:

	Annual Target as a Percentage of Base Salary	FY14 Target Award Opportunity	FY 2014 Actual Award	Percent of Target Paid Based on FY14 Performance
Daniel M. Hamburger	100%	\$858,348	\$1,187,670	138.4%

Susan Groenwald*	50%	\$191,754*	\$ 292,799	152.7%
David J. Pauldine	70%	\$327,465	\$ 377,027	115.1%
Steven Riehs	60%	\$255,000	\$ 314,109	123.2%

*Target opportunity adjusted mid-year on a pro-rata basis in proportion to effective base salary rate periods.

HOW THE MANAGEMENT INCENTIVE PLAN WORKS

MIP target award opportunities for each NEO are set by the Compensation Committee based on external surveys of practices for positions with similar levels of responsibility. These targets, which are expressed as a percentage of base salary, are then reviewed at the beginning of each fiscal year based on updated market compensation data.

The MIP provided the CEO with a target award opportunity of 100% of base salary and other NEOs target award opportunities between 50% and 70% of base salary. Actual awards can be higher or lower than the target opportunity based on the results for each performance measure. Performance below threshold for the goal will result in no payment for that performance goal. On the other hand, performance at or above threshold can earn an award ranging from the 50% to 200% of the target amount. The maximum amount of 200% rewards exceptional performance compared to expectations, over-delivery of strategic initiatives, and/or achievement of initiatives not contemplated at the time goals were set.

The actual payout of an award is determined upon the completion of the fiscal year only after that fiscal year has ended and audited financial results have been

substantially completed (i.e., in the beginning of the next fiscal year). Thus, MIP awards for fiscal year 2014 were determined and paid in the early part of fiscal year 2015, after the results for the fiscal year ended June 30, 2014, were confirmed. The payout is based on specific EPS, revenue, institution operating income and institution revenue measures set by the Compensation Committee prior to the start of the year in which the performance is measured.

The Compensation Committee may exercise discretion in determining incentive payments. These adjustments are made to ensure the MIP rewards true operational performance as it is perceived by investors, encourages long-term decision making and is measured consistently. For example, as detailed in Appendix A, at the end of fiscal years 2013 and 2014, the Compensation Committee adjusted calculations of Diluted EPS and ROIC to exclude the impact of special items primarily related to discontinued operations, restructurings, impairment charges and non-recurring gains on the sale of real estate. In instances where a business unit has not demonstrated performance commensurate with the potential award, the Compensation Committee has exercised negative discretion and reduced MIP payouts to certain associated colleagues. In the case of acquisitions, the Compensation Committee does not include revenue, and corresponding net income, from acquisitions in their evaluation of achievement against targets unless such expected revenue, and corresponding net income, had been factored into the performance target.

Table of Contents**PROXY STATEMENT**

Executive Compensation Compensation Discussion and Analysis

In addition to the actual results achieved through these organizational results, the Compensation Committee also considers individual performance over the course of that fiscal year for each NEO. Individual performance goals reflect functional results and/or institution performance appropriate for the executive, as well as academic outcomes, organizational strength and the advancement of DeVry Group's core values. Individual performance goals are designed to drive initiatives that support DeVry Group's strategy and further align leadership with DeVry Group's student-focused mission.

The relative percentages assigned to the measures for each NEO for fiscal year 2014 are as follows:

	Organizational, Institution and Individual Performance Measure Allocation				
	DeVry Group	DeVry Group	Institution	Institution	Individual
	Corporate EPS	Corporate Revenue	Operating Income	Revenue	Performance

PROXY STATEMENT**2014 PERFORMANCE GOALS**

Financial goals set for our MIP participants are derived from DeVry Group's fiscal year operating plans, which are recommended by DeVry Group's executive management team and approved by the Board at the beginning of each fiscal year. For fiscal year 2014, DeVry Group's financial performance goals were revenue of \$1,879 million and fully diluted earnings per share of \$2.05. Due to the confidential nature of such information, and the competitive harm sharing it would cause, DeVry Group does not disclose the particular institutional or segment performance goals utilized in its MIP. The Compensation Committee considers the organization's performance goals to represent the best estimate of what the organization could deliver if management, individually and collectively, were to materially satisfy its goals and objectives for the year. All goals are designed to be aggressive yet achievable, with the expectation that it would take extraordinary performance on the part of management to exceed them to the extent necessary to yield maximum incentive payouts under the MIP.

The Compensation Committee approves individual performance goals and objectives for the CEO at the beginning of each fiscal year. The CEO also works collaboratively with the other NEOs in developing their respective individual performance goals and in assigning weightings to them to place additional emphasis on tactical priorities. The individual performance goals are factors in determining base salary adjustments, annual cash incentive compensation (MIP) and long-term incentive compensation. Individual performance goals intentionally include elements that can be rated objectively as well as, to a lesser extent, elements that are of a subjective nature. Individual performance goals are used to drive stretch performance across a broad range of areas considered critical to our strategy and mission. This allows the evaluator—the independent members of the Board in the case of the CEO, and the CEO with input and approval from the Compensation Committee in the case of the other NEOs—to assess the individual's performance against objective criteria, while utilizing its discretion to make adjustments based on the individual's perceived contributions and other subjective criteria.

Long-Term Incentive Compensation

Long-term incentive compensation at DeVry Group consists of Performance Shares, Full-Value Shares (which are restricted stock units) and stock options. The Compensation Committee targets the value of long-term incentive compensation for NEOs to represent a substantial percentage of their total compensation. These incentives are intended to serve three complementary objectives of our compensation program:

Promote long-term retention of key executives who are critical to our operations,

Reward executives for the delivery of long-term business results, and

Align executives' long-term interests with those of our shareholders.

FISCAL YEAR 2014 LONG-TERM INCENTIVE DECISIONS

For fiscal year 2014, NEOs received the following stock-based awards to deliver their overall long-term incentive grant:

	Total Value of 2014 Long-Term Incentive Grant			
	Stock Options	Full-Value Shares	Performance Shares	
Daniel M. Hamburger	\$ 1,764,264*	\$ 875,088	\$ 867,672	\$ 3,507,024
Timothy J. Wiggins	\$ 378,140	\$ 187,478	\$ 185,890	\$ 751,508
Susan Groenwald	\$ 191,552	\$ 94,872	\$ 292,428**	\$ 578,852

Steven Riehs	\$ 251,996	\$ 124,891	\$ 123,833	\$ 500,720

*Includes 1,050 stock-settled SARs with the same term and vesting schedule as options granted. These SARs were granted to fulfill the Board's intention of granting an economic value of options that would have exceeded a 150,000 individual option grant limit set forth in the DeVry Inc. Amended and Restated Incentive Plan of 2005. To satisfy this intention, the portion of the award in excess of the 150,000 individual limit was fulfilled with stock-settled SARs.

**Includes 4,560 Performance Shares granted in May 2014, which vest after three years based on revenue and operating income growth at Chamberlain College of Nursing. These Performance Shares were granted in addition to

Dr. Groenwald's annual LTI award in order to reward Dr. Groenwald for her exceptional performance at Chamberlain College of Nursing and incentivize future performance over an extended period.

HOW THE LONG-TERM INCENTIVE PLAN WORKS

The Compensation Committee granted equity awards to each of the NEOs in August 2013 based on both retrospective and prospective considerations and organizational and individual considerations. The Compensation Committee took into account the same seven criteria described in the Annual Base Salary section above in determining the size of these awards. Awards were delivered through a mix of stock-based vehicles:

	Percent of Long-Term Incentive Award
Stock Options	50%
Full-Value Shares	25%
Performance Shares	25%

STOCK OPTIONS: Stock option grants vest in equal installments over a four-year period beginning on the first anniversary of the grant date. The Compensation Committee granted incentive stock options (ISOs) with a value of up to the \$100,000 IRS limitation applicable to each one-year vesting period. To the extent this limitation was met for any NEO, the remaining portion of the stock option award was issued in the form of non-qualified stock options. The Compensation Committee recognizes that DeVry Group may not receive a tax deduction for ISOs, but weighed this consideration against the tax benefit ISOs provide to colleagues and the additional enhancement to DeVry Group's ability to attract and retain executives. The Compensation Committee determined it was in DeVry Group's best interest to continue utilizing ISOs in the manner described.

FULL-VALUE SHARES: Full-Value shares are time-based restricted stock units that vest in equal installments over four years beginning on the first anniversary of the grant date.

PERFORMANCE SHARES: Performance Shares granted for fiscal year 2014 are based on achieving certain academic goals over a three-year performance period. The shares vest at the end of the performance period only if a minimum level of Return on Invested Capital (ROIC) performance is attained. If the ROIC minimum level is not achieved, no award is vested. DeVry Group believes this threshold is appropriate because the financial health of DeVry Group is fundamental to our continued success and mission. Similarly, if the academic and student outcome targets are not achieved, no award is vested regardless of the success measured by ROIC. If the minimum level of ROIC performance is attained, the size of the payout is then based on meeting or exceeding the academic goals established for each institution across DeVry Group.

At the end of the three-year performance period, if threshold level performance is attained for each of the academic goals established for each institution, participants can earn between 80% and 120% of the target number of Performance Shares. If performance is below threshold for any individual academic measures, 0% of the Performance Shares will vest for that component of the awards. Straight line interpolation will be used to determine achievement of Performance Shares to be vested between threshold and target and also between target and maximum payout of 120%.

The academic and student outcome performance measures and weightings for each institution for fiscal year 2014 are as follows:

Institution	Performance Measure	Weighting
DeVry University	Major Field Test	40%
Chamberlain College of Nursing	NCLEX First Time Pass Rate	20%
Ross University School of Medicine & American University of the Caribbean School of Medicine	USMLE First Time Pass Rate	20%
Carrington College	Student Retention	15%
Ross University School of Veterinary Medicine	NAVLE First Time Pass Rate	5%

Performance Shares vest after three years and are paid out based on the achievement of specific performance measures set by the Compensation Committee at the start of the performance period. In order to receive an award, a threshold level of ROIC performance must be met for the three-year period.

DeVry Group began granting Performance Shares based on academic achievement in fiscal year 2013. Prior to fiscal year 2013, award payouts were based solely on three-year performance against a specific ROIC target. This ROIC target carried into DeVry Group's Performance Share design in the form of an ROIC threshold (as opposed to target) when the new, academically-focused Performance Share design was adopted in fiscal year 2013. Beginning in fiscal year 2014, the ROIC threshold was lowered from 10% to 5% in furtherance of the Committee's intention of using Performance Shares to drive DeVry Group's mission of empowering its students to achieve their educational and career goals.

Stock Ownership Guidelines

Stock ownership guidelines are in place for all directors and executive officers of DeVry Group and are intended to align the interests of executive management with our shareholders by requiring executives to be subject to the same long-term stock price volatility our shareholders experience.

Directors and executive officers are expected to maintain ownership of DeVry Group's Common Stock valued equal to or in excess of a multiple of their current base salary or annual retainer:

	Number of Shares Equivalent to:
CEO	5 times base salary
CFO	3 times base salary
All other NEOs	2 times base salary
All other executive officers	1 times base salary
All non-employee directors	3 times annual retainer

The stock ownership requirements were implemented in February 2010 for all directors and executive officers. Ownership guidelines were subsequently increased for the CEO and CFO in August 2014 from 3 times base salary to 5 times base salary for the CEO, and from 2 times base salary 3 times base salary. Directors or executive officers have five years following their election, date of hire or promotion to an executive officer role, as the case may be, to achieve their stock ownership level. The CEO and CFO have five years to comply with their stock ownership guidelines at the increased levels established in August 2014.

Shares that count toward satisfaction of the guidelines include DeVry Group stock directly and/or beneficially owned, DeVry Group stock held in DeVry Group's Profit Sharing 401(k) Retirement Plan, DeVry Group stock held in DeVry Group's Nonqualified Deferred Compensation Plan, vested Full-Value Shares, and the after-tax value of unvested Full-Value Shares and Performance Shares and/or vested in-the-money options, provided that these can make up no more than 50% of the ownership expectation.

Ownership guidelines are deemed met for an executive who has met the ownership threshold and not sold his or her equity but fallen below the Board's stock ownership guidelines solely due to declines in DeVry Group Common Stock prices. Absent exigent circumstances, executives who have not yet met the guidelines at the end of their five year

phase-in period are required to retain, until the guidelines are satisfied, 100% of the after-tax shares received from option exercises or the vesting of Full-Value Shares or Performance Shares.

Incentive Compensation Recoupment Policy

DeVry Group has adopted an incentive compensation recoupment policy that applies to all executive officers. The policy provides that, in addition to any other remedies available to DeVry Group (but subject to applicable law), if the Board of Directors or any committee of the Board of Directors determines that it is appropriate, DeVry Group may recover (in whole or in part) any incentive payment, commission, equity award or other incentive compensation received by an executive officer of DeVry Group to the extent that such incentive payment, commission, equity award or other incentive compensation is or was paid on the basis of any financial results that are subsequently restated due to executive officer conduct that is determined by the independent Directors to have been knowing or intentional, fraudulent or illegal.

Deferred Compensation

DeVry Group maintains the DeVry Education Group Inc. Nonqualified Deferred Compensation Plan that allows certain colleagues, including the NEOs, to defer up to 50% of salary and 100% of annual cash incentive (MIP) compensation until termination of service or certain other specified dates. DeVry Group credits matching contributions to participants' accounts to the extent they have elected to defer the maximum contributions under DeVry Group's Success Sharing Retirement Plan and their matching contributions are limited by the Internal Revenue Code provisions.

The Nonqualified Deferred Compensation Plan enables the NEOs and other eligible colleagues with a certain level of annual compensation (\$115,000 for calendar year 2013) to save a portion of their income for retirement on a scale consistent with other colleagues not subject to IRS limits.

The Nonqualified Deferred Compensation Plan is not funded by DeVry Group and participants have an unsecured contractual commitment by DeVry Group to pay the amounts due under the plan.

The value of deferred compensation amounts is quantified each year and this program is periodically reviewed for its competitiveness.

Other Benefits

NEOs are eligible to participate in a number of broad-based benefit programs, the same ones offered to most colleagues at the DeVry Group, including health, disability and life insurance programs.

We do not offer a defined benefit pension plan, and, therefore, our Success Sharing Retirement Plan and the Nonqualified Deferred Compensation Plan are the only retirement savings vehicles for executives.

In general, we do not provide benefits or perquisites to our NEOs that are not available to other colleagues, with the exception of personal financial planning services (for the NEOs other than the CEO). In addition, the following benefits were eliminated in 2005 for all executives but were grandfathered:

A leased automobile or cash automobile allowance for Daniel Hamburger, Steven Riehs and David Pauldine;
and

An enhanced executive medical benefit for Daniel Hamburger and David Pauldine.

These benefits and perquisites make up the smallest portion of each NEO's total compensation package. The nature and quantity of perquisites provided by DeVry Group did not change materially in fiscal year 2014 versus 2013, consistent with our philosophy that benefits and perquisites should not represent a meaningful component of our compensation program. The Compensation Committee periodically reviews the benefit and perquisite program to determine if adjustments are appropriate.

The All Other Compensation column of the 2014 Summary Compensation Table shows the amounts of benefit and perquisite compensation we provided for fiscal years 2012, 2013 and 2014 to each of the NEOs.

Employment Agreements

DeVry Group and Mr. Hamburger entered into an employment agreement in 2006 that provides for the following:

Initial annual base salary of \$675,000, subject to annual increases (no decreases);

Annual cash incentive under the MIP, targeted at 100% of base salary;

Benefits and perquisites generally available to senior management;

Reimbursement of expenses consistent with DeVry Group's policy in effect at the time; and

Severance benefits that will be provided upon certain terminations of employment, as further described on page 51 under the caption 2014 Potential Payments Upon Termination or Change-in-Control.

DeVry Group entered into substantially similar employment agreements with Mr. Pauldine in 2009, with Dr. Groenwald in 2011, with Mr. Wiggins in 2012 and with Mr. Riehs in 2013. Each of these agreements provide for:

Initial annual base salary, subject to annual increases (no decreases except in the case of an across-the-board reduction affecting all executives equally);

Annual cash incentive under the MIP, targeted at a percentage of base salary;

Benefits and perquisites generally available to senior management;

Reimbursement of expenses consistent with DeVry Group's policy in effect at the time; and

Severance benefits that will be provided upon certain terminations of employment, as further described on page 51 under the caption 2014 Potential Payments Upon Termination or Change-in-Control.

CHANGE-IN-CONTROL

DeVry Group provides benefits to certain of the NEOs upon termination of employment from DeVry Group in specific circumstances. These benefits are in addition to the benefits to which these NEOs would be entitled upon a termination of employment generally (e.g., vested retirement benefits accrued as of the date of termination, stock-based awards that are vested as of the date of termination and the right to elect continued health coverage pursuant to COBRA). In addition, DeVry Group's equity compensation plans, and the award agreements used to implement them, provide for accelerated vesting of outstanding equity awards in the event of a change in control of DeVry Group.

See 2014 Potential Payments Upon Termination or Change-in-Control on page 51 for a detailed description of potential payments and benefits to the NEOs under DeVry Group's compensation plans and arrangements upon termination of employment or a change of control of DeVry Group.

Executive Compensation Compensation Discussion and Analysis

PROXY STATEMENT**Deductibility of Compensation**

DeVry Group analyzes the overall expense arising from aggregate executive compensation, as well as the accounting and tax treatment of such programs. Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to publicly traded companies for certain compensation paid in excess of \$1 million per year paid to covered employees, which are defined as the CEO and the three other most highly compensated officers, other than the CFO, employed at year-end. However, compensation that satisfies the Internal Revenue Code's requirements for performance-based compensation is not subject to that deduction limitation.

Neither base salaries nor income recognized upon vesting of Full-Value Shares qualify as performance-based compensation under Section 162(m). However the base salaries of DeVry Group's NEOs are below the \$1 million level. Amounts paid to an executive that are excludable from gross income, such as Success Sharing Retirement Plan and Nonqualified Deferred Compensation Plan contributions are not subject to Section 162(m). Incentive compensation paid by DeVry Group in fiscal year 2014 under the MIP that is based on organizational performance (whether DeVry Group or another institution) is expected to qualify as performance-based compensation. Gains on the exercise of stock options and SARs and income recognized upon the vesting of Performance Shares also qualify as performance-based compensation under Section 162(m).

MIP awards are provided under the DeVry Group Second Amended and Restated Incentive Plan of 2013, which sets a performance-based ceiling on the bonuses paid pursuant to the MIP so that they meet the deductibility requirements of Section 162(m). For fiscal year 2014, a bonus pool equal to 5% of consolidated operating earnings was established, and a bonus opportunity of up to 20% of the bonus pool was allocated to each of Mr. Hamburger, Dr. Groenwald, Mr. Pauldine and Mr. Riehs (the covered employees under 162(m)). As discussed above under Annual Cash Incentive Compensation, the Compensation Committee also established performance goals for each NEO and exercised its discretion to adjust the bonus pool amounts on the basis of achievement of those performance goals.

- (3) The amounts reported in the Options Awards column represent the grant date fair value, which is an estimated value computed in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718, for fiscal years 2014, 2013 and 2012, of outstanding option awards to each of the NEOs. As further discussed in footnote 5 below, the amounts for Mr. Hamburger for fiscal years 2011 and 2012 were adjusted to reflect the prior unfulfilled stock option awards. The amount for Mr. Hamburger for fiscal year 2013 includes an award of 117,015 Stock Appreciation Rights (SARs) made to him on February 13, 2013 as a partial make-whole replacement award for the unfulfilled option awards. The grant date fair value of this award was \$1,124,955. The amount for Mr. Hamburger for fiscal year 2014 includes an award of 1,050 SARs made to him on August 21, 2013 to fulfill an LTI award that would otherwise have been fulfilled with stock options but for a 150,000 individual stock award limitation in the DeVry Inc. Amended and Restated Incentive Plan of 2005. The grant date fair value of this award was \$12,264. See Note 4: Stock-Based Compensation to DeVry Group's consolidated financial statements set forth in the Form 10-K for fiscal year 2014, filed with the SEC on August 27, 2014, Note 4: Stock-Based Compensation to DeVry Group's consolidated financial statements set forth in the Form 10-K for fiscal year 2013, filed with the SEC on August 29, 2013, Note 3: Stock-Based Compensation to DeVry Group's consolidated financial statements set forth in the Form 10-K for fiscal year 2012, filed with the SEC on August 28, 2012, for the assumptions made in the valuations of these awards.
- (4) The MIP compensation reported in this column was earned in fiscal years 2014, 2013 and 2012 and paid in fiscal years 2015, 2014 and 2013, respectively, based upon the MIP guidelines. The NEOs have elected to defer a portion of their MIP compensation under the Nonqualified Deferred Compensation Plan, as follows: Mr. Hamburger \$0 for 2014, \$0 for 2013 and \$0 for 2012; Mr. Wiggins \$0 for 2014, \$0 for 2013 and \$3,151 for 2012; Mr. Pauldine \$56,554 for 2014, \$24,854 for 2013 and \$13,325 for 2012; Dr. Groenwald \$0 for 2014 and \$0 for 2013; and Mr. Riehs \$31,411 for 2014, \$0 for 2013 and \$0 for 2012. Amounts shown are inclusive of these deferrals.
- (5) As a result of certain stock option awards to Mr. Hamburger in fiscal years 2009, 2011, 2012 and 2013 that exceeded the 150,000 share annual award limit set forth in the 2005 Plan, a portion of each stock option award was unfulfilled. In order to make Mr. Hamburger whole for the intended awards that could not be made, the Compensation Committee, on February 13, 2013, granted Mr. Hamburger awards for 117,015 SARs and 6,850 Full-Value Shares. Information about the initial option awards and replacement SAR awards is shown in the following table:

- (1) Payouts under the MIP were based on performance in fiscal year 2014. Therefore, the information in the Threshold , Target and Maximum columns reflect the range of potential payouts when the performance goals were set on August 20, 2014. The amounts actually paid under the MIP for fiscal year 2014 appear in the Non-Equity Incentive Plan Compensation column of the 2014 Summary Compensation Table.
- (2) Performance-based restricted stock units, referred to within DeVry Group as Performance Shares , were, with the exception of Performance Shares granted to Dr. Groenwald on May 8, 2014, issued as part of the fiscal year 2014 annual incentive award under the DeVry Inc. Amended and Restated Incentive Plan of 2005. Performance Shares granted to Dr. Groenwald on May 8, 2014 were under the DeVry Education Group Second Amended and Restated incentive Plan of 2013. Performance Shares are paid out at the end of the three-year performance period if certain performance goals are achieved.
- (3) Pursuant to the MIP, performance below a performance goal threshold will result in no payment with respect to that performance goal. If a performance goal threshold is met or exceeded, then the performance would result in a payment ranging from the threshold amount (50% of the target) to the maximum amount (200% of target) for such performance goal, depending upon the level at which the performance goal had been attained.

- (4) The amount shown in this column represents the target incentive payment under the MIP, which is calculated as a set percentage of base salary.
- (5) Pursuant to the MIP, the amount shown in this column represents the maximum incentive payment, 200% of the Target.
- (6) At the end of the three-year performance period, participants can earn a threshold of 80% of the target number of Performance Shares if threshold level performance is attained during the three-year performance period for each of the academic-focused student outcome goals established for each institution. If performance is below threshold for any individual academic focused student outcome measures, 0% of the Performance Shares will vest for that component of the awards. Straight line interpolation will be used to determine achievement between threshold and target. A minimum of 5% three-year average Return on Invested Capital (ROIC) must be attained during fiscal year 2014-2016 or no Performance Shares will vest whatsoever, regardless of the academic-focused student outcome performance.
- (7) At the end of the three-year performance period, participants can earn 100% of the target number of Performance Shares if target level performance is attained during the three-year performance period for each of the academic-focused student outcome goals established for each institution. A minimum of 5% three-year average ROIC must be attained during fiscal year 2014-2016 or no Performance Shares will vest whatsoever, regardless of the academic-focused student outcome performance.
- (8) At the end of the three-year performance period, participants can earn a maximum of 120% of the target number of Performance Shares if maximum level performance is attained during the three-year performance period for each of the academic-focused student outcome goals established for each institution. If performance is at or above maximum for any individual academic focused student outcome measures, 120% of the Performance Shares will vest for that component of the awards. Straight line interpolation will be used to determine achievement between target and maximum. A minimum of 5% three-year average ROIC must be attained during fiscal year 2014-2016 or no Performance Shares will vest whatsoever, regardless of the academic-focused student outcome performance.
- (9) Includes 1,050 stock settled SARs.
- (10) At the end of the three-year performance period, Dr. Groenwald can earn a threshold of 50% of the target number of Performance Shares if threshold level performance is attained during the three-year performance period for each of the performance goals established for Chamberlain College of Nursing. If performance is below threshold for any individual performance measure, 0% of the Performance Shares will vest for that

component of the awards. Straight line interpolation will be used to determine achievement between threshold and target. The performance period for these awards is fiscal year 2015 – 2017. The performance measures are 50% weighted on Chamberlain College of Nursing’s revenue growth during this period and 50% weighted on Chamberlain College of Nursing’s operating income growth during this period.

- (11) At the end of the three-year performance period, Dr. Groenwald can earn 100% of the target number of Performance Shares if target level performance is attained during the three-year performance period for each of the performance goals established for Chamberlain College of Nursing.
- (12) At the end of the three-year performance period, Dr. Groenwald can earn a maximum of 200% of the target number of Performance Shares if maximum level performance is attained during the three-year performance period for each of the performance goals established for Chamberlain College of Nursing. If performance is at or above maximum for any individual performance measure, 200% of the Performance Shares will vest for that component of the awards. Straight line interpolation will be used to determine achievement between target and maximum.
- (13) Stock option awards on August 21, 2013 were issued as part of the annual incentive award under the DeVry Inc. Amended and Restated Incentive Plan of 2005, which become exercisable at 25% per year for four years beginning on the first anniversary of the date of grant and have a maximum term of ten years.
- (14) All options granted to the NEOs on August 21, 2013 have an exercise price equal to the closing sales price of the Common Stock on the date of grant.
- (15) This column shows the grant date fair value of Performance Shares (assuming payout at target value) and stock options granted to each of the NEOs in fiscal year 2014, computed in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718, which was \$11.68 for stock options and \$28.08 for Performance Shares granted to the NEOs on August 21, 2013, and \$43.50 for Performance Shares granted to Dr. Groenwald on May 8, 2014. DEFERRED COMPENSATION PLAN

The Nonqualified Deferred Compensation Plan covers Directors and selected key colleagues approved for participation by the Compensation Committee. All of the NEOs are eligible to participate in the Plan. Under the Nonqualified Deferred Compensation Plan as it applies to colleagues, participants may make an advance election to defer up to 50% of salary and up to 100% of annual cash incentive (MIP) compensation until termination of service with DeVry Group or certain other specified dates. DeVry Group credits matching contributions to participants accounts under the Nonqualified Deferred Compensation Plan to the extent they have elected to defer the maximum amount under DeVry Group's Success Sharing Retirement Plan and their matching contributions to the Success Sharing Retirement Plan are limited by applicable Internal Revenue Code provisions. DeVry Group may also credit participants' accounts with discretionary success sharing contributions. Participants are fully vested in their own deferral and matching contributions, plus earnings, and will vest in discretionary contributions, if any, as determined by the Compensation Committee. Participants may elect to have their Nonqualified Deferred Compensation Plan accounts credited with earnings based on various investment choices made available by the Compensation Committee for this purpose. Participants may elect to have account balances paid in a lump sum or in installments. Distributions are generally made or commence in January of the year following termination of employment (but not earlier than six months after termination) or January of the year in which the specified payment date occurs. In the event of death before benefits commence, participants' accounts will be paid to their beneficiaries in a lump sum.

2014 POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE-IN-CONTROL

DeVry Group provides benefits to certain of the NEOs upon termination of employment from DeVry Group in specific circumstances. These benefits are in addition to the benefits to which these NEOs would be entitled upon a termination of employment generally (i.e., vested retirement benefits accrued as of the date of termination, stock-based awards that are vested as of the date of termination and the right to elect continued health coverage pursuant to COBRA). In addition, DeVry Group's equity compensation plans and the stock award agreements used to implement them provide for accelerated vesting of outstanding stock awards in the event of a change in control of DeVry Group, regardless of whether a termination of employment occurs.

PROXY STATEMENT**EQUITY AWARD PLANS**

The equity award agreements under which options, SARs, Performance Shares and Full-Value Shares are held by colleagues, including the NEOs, provide for the immediate vesting of unvested options and Full-Value Shares and of Performance Shares at the target levels in the event of a change in control of DeVry Group. The provisions of the equity award agreements under which options, SARs, Performance Shares and Full-Value Shares were granted to employees, including the NEOs, provide the following:

If the participant's employment is terminated due to death or disability (as defined in the agreement), options and SARs will become fully vested and exercisable for the remaining term of the option, Full-Value Shares will fully vest, and Performance Shares will continue to vest in accordance with their terms.

If the participant's employment terminates due to mutual agreement, the participant will be credited with one additional year of service for the purpose of determining vesting of options, SARs and Full-Value Shares, and the options and SARs will be exercisable until the earlier of one year from termination or the expiration of the term of the option.

If the participant's employment terminates due to retirement, options and SARs will continue to vest and be exercisable, and Full-Value Shares and Performance Shares will continue to vest in accordance with their respective terms. Retirement means the participant's termination without cause after age 55 when the sum of his or her age and full years of service equals or exceeds 65.

Director Compensation

2014 DIRECTOR COMPENSATION

Non-employee Directors receive an annual retainer of \$70,000, paid quarterly. In addition, the Board Chair receives an annual retainer of \$120,000. The Chair of the Audit and Finance Committee receives an additional annual retainer of \$20,000, the Chair of the Compensation Committee receives an additional retainer of \$15,000 and the chairs of each of the other committees receive an additional annual retainer of \$5,000 for their roles as committee chairs. Any amount so deferred is, at the Director's election, valued as if invested in various investment choices made available by the Compensation Committee for this purpose, and is payable in cash in installments, or as a lump-sum on or after termination of service as a Director, or at a later date specified by the Director.

As long-term incentive compensation for Directors, each Non-employee Director received restricted stock units commonly referred to at DeVry as Full-Value Shares with an approximate value of \$100,000 directly following the 2013 Annual Meeting of Shareholders. Each Full-Value Share represents the right to receive one share of DeVry Education Group Common Stock following the satisfaction of the vesting period. The Full-Value Shares granted in November 2013 vest will vest 100% upon their one-year anniversary. Prior to fiscal year 2010, Directors received stock options as long-term incentive compensation.

Selection of Independent Registered Public Accounting Firm

The Board of Directors recommends a vote FOR Proposal No. 2, ratification of the selection of PricewaterhouseCoopers LLP as independent registered public accounting firm for DeVry Group for fiscal year 2015.

AUDIT FEES

The Audit and Finance Committee appointed PricewaterhouseCoopers LLP (PwC) as DeVry Group s independent registered public accounting firm for the fiscal year ended June 30, 2014. DeVry Group s shareholders ratified the engagement at the Annual Meeting of Shareholders on November 6, 2013. In addition to engaging PwC to audit the

consolidated financial statements for DeVry Group and its subsidiaries for the year and review the interim financial statements included in DeVry Group's Quarterly Reports on Form 10-Q filed with the SEC, the Audit and Finance Committee also engaged PwC to provide various other audit and audit related services e.g., auditing of DeVry Group's compliance with student financial aid program regulations.

The Sarbanes-Oxley Act of 2002 prohibits an independent public accountant from providing certain non-audit services for an audit client. DeVry Group engages various other professional service providers for these non-audit services as required. Other professional advisory and consulting service providers are engaged where the required technical expertise is specialized and cannot be economically provided by colleague staffing. Such services include, from time to time, business and asset valuation studies, and services in the fields of law, human resources, information technology, employee benefits and tax structure and compliance.

Table of Contents

The aggregate amounts included in DeVry Group's financial statements for fiscal year 2014 and 2013 for fees billed or to be billed by PwC for audit and other professional services, respectively, were as follows:

	Fiscal 2014	Fiscal 2013
Audit Fees	\$2,617,622	\$2,424,930
Audit Related Fees	0	265,000
Tax Fees	927,856	318,942
All Other Fees	3,000	3,000
Total	\$3,548,478	\$3,011,872

AUDIT FEES Includes all services performed to comply with generally accepted auditing standards in conjunction with the annual audit of DeVry Group's financial statements and the audit of internal control over financial reporting. In addition, this category includes fees for services in connection with DeVry Group's statutory and regulatory filings, consents and review of filings with the SEC such as the annual report on Form 10-K, quarterly reports on Form 10-Q and Current Reports on Form 8-K. Also included are services rendered in connection with the required annual audits of DeVry Group's compliance with the rules and procedures promulgated for the administration of federal and state student financial aid programs.

AUDIT RELATED FEES Includes all assurance and related services such as due diligence related to acquisitions.

TAX FEES Includes all services related to tax compliance, tax planning, tax advice, assistance with tax audits and responding to requests from DeVry Group's tax department regarding technical interpretations, applicable laws and regulations, and tax accounting. DeVry Group's Audit and Finance Committee has considered the nature of these services and concluded that these services may be provided by the independent registered public accounting firm without impairing its independence.

ALL OTHER FEES Includes subscriptions for on-line accounting research services and fees for continuing professional education sessions.

The Audit and Finance Committee, at each of its regularly scheduled meetings, and on an interim basis as required, reviews all engagements of PwC for audit and all other services. Prior to the Audit and Finance Committee's consideration for approval, management provides the Audit and Finance Committee with a description of the reason for and nature of the services to be provided along with an estimate of the time required and approximate cost. Following such review, each proposed service is approved, modified or denied as appropriate. A record of all such approvals is maintained in the files of the Audit and Finance Committee for future reference. All services provided by PwC during the past year were approved by the Audit and Finance Committee prior to their undertaking.

The Audit and Finance Committee has adopted a policy for approving all permitted audit, audit-related, tax and non-audit services to be provided by PwC in advance of the commencement of such services, except for those considered to be *de minimis* by law for non-audit services. Information regarding services performed by the independent registered public accounting firm under this *de minimis* exception is presented to the Audit and Finance Committee for information purposes at each of its meetings. There is no blanket pre-approval provision within this policy. For fiscal year 2014, none of the services provided by PwC were provided pursuant to the *de minimis* exception to the pre-approval requirements contained in the applicable rules of the SEC. Audit and Finance Committee consideration and approval generally occurs at a regularly scheduled Audit and Finance Committee

meeting. For projects that require an expedited decision because they should begin prior to the next regularly scheduled meeting, requests for approval may be circulated to the Audit and Finance Committee by mail, telephonically or by other means for its consideration and approval. When deemed necessary, the Audit and Finance Committee has delegated pre-approval authority to its Chair. Any engagement of the independent registered public accounting firm under this delegation will be presented for informational purposes to the full Audit and Finance Committee at their next meeting.

The Audit and Finance Committee is updated periodically on management's process to assess the adequacy of DeVry Group's system of internal control over financial reporting, the framework used to make the assessment and management's conclusions on the effectiveness of DeVry Group's internal control over financial reporting. The Audit and Finance Committee also discusses with DeVry Group's independent registered public accounting firm DeVry Group's internal control assessment process, management's assessment with respect thereto and the evaluation by DeVry Group's independent registered public accounting firm of its system of internal control over financial reporting.

The Audit and Finance Committee evaluates the performance of DeVry Group's independent registered public accounting firm, including the senior audit engagement team, annually and determines whether to reengage the current independent registered public accounting firm. As a threshold matter, the Committee satisfies itself that the most recent Public Company Accounting Oversight Board (PCAOB) inspection report pertaining to the current firm does not contain any information that would render inappropriate its continued service as DeVry Group's independent public accountants, including consideration of the public portion of the report and discussion in general terms of the types of matters covered in the non-public portion of the report. The Audit and Finance Committee also considers the quality and efficiency of the previous services rendered by the current auditors and the auditors' technical expertise and knowledge of DeVry Group's global operations and industry. Based on this evaluation, the Audit and Finance Committee decided to reengage, and recommend ratification of, PricewaterhouseCoopers LLP as DeVry Group's independent registered public accounting firm

for fiscal year 2014. It reviewed with members of DeVry Group's senior management team and PricewaterhouseCoopers LLP, the overall audit scope and plans, the results of internal and external audit examinations, evaluations by

management and PricewaterhouseCoopers LLP of DeVry Group's internal controls over financial reporting and the quality of DeVry Group's financial reporting. Although the Audit and Finance Committee has the sole authority to appoint DeVry Group's independent registered public accounting firm, the Audit and Finance Committee recommends that the Board ask the shareholders, at their Annual Meeting, to ratify the appointment of DeVry Group's independent registered public accounting firm. With respect to DeVry Group's audited financial statements for fiscal year 2014, the Audit and Finance Committee has:

Reviewed and discussed the audited financial statements with management;

Met with PricewaterhouseCoopers LLP, DeVry Group's independent registered public accounting firm, and discussed the matters required to be discussed by the PCAOB; and

Received the written disclosures and the letter from PricewaterhouseCoopers LLP required by the applicable requirements of the PCAOB regarding the independent accountant's communications with the Audit and Finance Committee concerning independence, and has discussed with PricewaterhouseCoopers LLP their independence.

In reliance upon the Audit and Finance Committee's reviews and discussions with both management and PricewaterhouseCoopers LLP, management's representations and the report of PricewaterhouseCoopers LLP on DeVry Group's audited financial statements, the Audit and Finance Committee has recommended to the Board of Directors that the audited financial statements for the fiscal year ended June 30, 2014, be included in DeVry Group's Annual Report on Form 10-K to be filed with the SEC.

In addition, the Audit and Finance Committee has re-appointed, subject to shareholder ratification, PricewaterhouseCoopers LLP as DeVry Group's independent registered public accounting firm for fiscal year 2015.

This Audit and Finance Committee Report is not to be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933 or under the Securities Exchange Act of 1934, except to the extent that DeVry Group specifically incorporates this Report by reference, and is not otherwise to be deemed filed under such Acts.

PROXY STATEMENT

Proposal No. 3 Say-on-Pay

PROPOSAL NO. 3 ADVISORY VOTE TO APPROVE COMPENSATION OF NAMED EXECUTIVE OFFICERS

Pursuant to Section 14A of the Securities Exchange Act of 1934, as amended, we are required to submit to shareholders a resolution subject to an advisory vote to approve the compensation of our NEOs. The current frequency of the advisory vote on executive compensation is annually, with the vote for the current year being taken pursuant to this Proposal No. 3. The next such vote will occur at DeVry Group's 2015 Annual Meeting of Shareholders.

The Board of Directors encourages shareholders to carefully review the Executive Compensation section of this Proxy Statement beginning on page 18 and the Compensation Discussion and Analysis beginning on page 18 for a thorough discussion of our compensation program for NEOs. The overall goals of our compensation program are to serve the essential purposes of the organization, which are to empower students to achieve their educational and career goals, and to maximize the long-term return to our stakeholders. We designed our program to:

Align NEO compensation with academic, student outcome and financial objectives;

Attract, motivate and retain high-quality executives; and

Reward organizational and individual performance.

The key elements of our executive compensation program are:

Annual base salary;

Annual cash incentive; and

Long-term incentive.

DeVry Group aims to provide total cash compensation to each NEO that is market-competitive, combining a stable base salary element with two at-risk elements (annual cash incentive awards and long-term incentive awards) available to be earned based upon individual and organizational performance. We believe this approach helps reinforce a culture of performance by recognizing individual potential and rewarding results. As part of our compensation philosophy, we believe we should pay our NEOs total compensation that is competitive with other alternatives available to them in the marketplace and that a significant portion of each NEO's total compensation should be variable with both upside potential and downside risk depending upon the performance of DeVry Group and of the individual. In addition, we believe we should maintain a clear, straightforward and transparent approach to

our executive compensation program.

Accordingly, the following resolution is submitted for an advisory shareholder vote at the Annual Meeting of Shareholders:

RESOLVED, that the compensation paid to DeVry Group's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby approved.

PROXY STATEMENT

APPROVAL BY SHAREHOLDERS

The approval of the compensation of DeVry Group's NEOs will require the affirmative vote of a majority of the shares of Common Stock of DeVry Group outstanding on the record date. As this is an advisory vote, the result will not be binding on DeVry Group, the Board of Directors or the Compensation Committee, although the Board of Directors and the Compensation Committee will carefully consider the outcome of the vote when evaluating our compensation program. Unless otherwise indicated on the proxy, the shares will be voted **FOR** the approval of the compensation of DeVry Group's NEOs.

Shareholder Proposals 2015 Annual Meeting

Shareholder proposals intended to be presented at the 2015 Annual Meeting of Shareholders in reliance on Rule 14a-8 under the Securities Exchange Act of 1934 must be received by DeVry Group no later than June 10, 2015, to be eligible for inclusion in the Proxy Statement and form of proxy for the meeting. Any such proposal also must meet the other requirements of the rules of the SEC relating to shareholder proposals. Also, under DeVry Group's By-Laws, other proposals and director nominations by shareholders that are not included in the Proxy Statement will be considered timely and may be eligible for presentation at that meeting only if they are received by DeVry Group in the form of a written notice, directed to the attention of DeVry Group's Secretary, not later than August 8, 2015. Director Nominating Process and Factors Considered

The Nominating & Governance Committee is responsible for making recommendations of nominees for Directors to the Board. The Committee's goal is to put before the shareholders candidates who, with the incumbent Directors, will constitute a board that has the characteristics necessary to provide effective oversight for the growing, complex, global educational operations of DeVry Group and reflects the broad spectrum of students that DeVry Group serves. The Committee seeks a diversity of thought, background, experience and other characteristics in its candidates. To this end, DeVry Group's Governance Principles provide that nominees are to be selected on the basis of, among other things, knowledge, experience, skills, expertise, diversity, personal and professional integrity, business judgment, time availability in light of other commitments, absence of conflicts of interest and such other relevant factors that the Committee considers appropriate in the context of the interests of DeVry Group, its Board and its shareholders. When considering nominees, the Committee seeks to ensure that the Board as a whole possesses, and individual members possess at least two of, the following characteristics or expertise:

Academic leadership;

Accounting and finance expertise;

Business judgment;

Management experience;

Industry knowledge;

Accreditation and other specialized knowledge of higher education;

Public policy experience, particularly in higher education;

Leadership;

Strategic vision; and

Regulatory experience.

PROXY STATEMENT

The Committee has implemented this policy by evaluating each prospective Director nominee as well as each incumbent Director on the criteria described above and in the context of the composition of the full Board, to determine whether she or he should be nominated to stand for election or re-election. In screening Director nominees, the Committee also reviews potential conflicts of interest, including interlocking directorships and substantial business, civic, and social relationships with other members of the Board that could impair the prospective nominee's ability to act independently.

The Committee will not only consider nominees that it identifies, but will consider nominees submitted by shareholders in accordance with the process for shareholder nominations identified in the By-Laws. Under this process, all shareholder nominees must be submitted in writing to the Secretary of DeVry Education Group Inc., 3005 Highland Parkway, Downers Grove, IL 60515-5799, not less than 90 days prior to the anniversary of the immediately preceding Annual Meeting of Shareholders. Such shareholder's notice shall be signed by the shareholder of record who intends to make the nomination (or his duly authorized proxy) and shall also include, among other things, the following information:

the name and address, as they appear on DeVry Group's books, of such shareholder and the beneficial owner or owners, if any, on whose behalf the nomination is made;

the number of shares of DeVry's Common Stock which are beneficially owned by such shareholder or beneficial owner or owners;

a representation that such shareholder is a holder of record entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to make the nomination;

the name and residence address of the person or persons to be nominated;

a description of all arrangements or understandings between such shareholder or beneficial owner or owners and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination is to be made by such shareholder;

such other information regarding each nominee proposed by such shareholder as would be required to be disclosed in solicitations of proxies for elections of Directors, or would otherwise be required to be disclosed, in each case pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended, including any information that would be required to be included in a proxy statement filed pursuant to Regulation 14A had the nominee been nominated by the Board of Directors; and

the written consent of each nominee to be named in a proxy statement and to serve as a Director if so elected.

In addition to candidates submitted through this By-Law process for shareholder nominations, shareholders may also recommend candidates by following the procedures set forth below under the caption Communications with Directors.

In identifying potential nominees and determining which nominees to recommend to the Board, the Nominating & Governance Committee has retained the advisory services of Russell Reynolds Associates. In connection with each vacancy, the Nominating & Governance Committee develops a specific set of ideal characteristics for the vacant Director position. The Nominating & Governance Committee looks at nominees it identifies and any identified by shareholders on an equal basis using these characteristics and the general criteria identified above.

If you hold your shares in street name, you will receive a voting instruction form that lets you instruct your bank, broker, or other nominee how to vote your shares. Under NYSE rules, brokers are permitted to exercise discretionary voting authority on routine matters when voting instructions are not received from a beneficial owner ten days prior to the shareholder meeting. If you hold your shares in street name, and you wish to have your shares voted on all items in this proxy statement, please complete and return your voting instruction form. If you do not return your voting instruction form, your shares will not be voted on any items with the exception that your broker may vote in its discretion on Item 2. If you are a shareholder of record and you do not cast your vote, your shares will not be voted on any of the items of business at the Annual Meeting, which will have the effect of a vote against the proposal.

Voting Instructions and Information

PROXY STATEMENT

If you are a registered shareholder, if you return your proxy to us by any of these means outlined above under the heading *Voting instructions* without choices for each proposal, the proxy committee appointed by DeVry Group's Board will vote your shares on the unmarked proposals in the same proportion as shares for which instructions have been received. Abstentions, directions to withhold authority and broker non-votes (where a named entity holds shares for a beneficial owner who has not provided voting instructions) will be considered present at the Annual Meeting for purposes of a quorum but will otherwise have the effect of a *no* vote.

Quorum and Required Vote

We will have a quorum and will be able to conduct the business of the Annual Meeting if the holders of a majority of the votes that shareholders are entitled to cast are present at the meeting, either in person or by proxy. For the 2014 Annual Meeting, to elect directors and adopt the other proposals, the following votes are required under our governing documents and Delaware corporate law:

ITEM	VOTE REQUIRED	EFFECT OF ABSTENTION	EFFECT OF BROKER NON- VOTE*
Election of Class II directors	Approval of the majority of shares outstanding	Treated as vote against	Treated as vote against
Ratification of appointment of independent registered public accounting firm	Approval of the majority of shares outstanding	Treated as vote against	Treated as vote against
Advisory vote to approve compensation of named executive officers**	Approval of the majority of shares outstanding	Treated as vote against	Treated as vote against

* A broker non-vote occurs when a broker submits a proxy but does not vote for an item because it is not a routine item and the broker has not received voting instructions from the beneficial owner. As described under *Effect of Not Casting Your Vote*, your broker may vote in its discretion only on Item 2, *Ratification of appointment of PricewaterhouseCoopers LLP as DeVry Group's independent registered public accounting firm for fiscal year 2015*.

** *Advisory/Non-binding*. In accordance with DeVry Group's Restated Certificate of Incorporation, to be approved, a majority of the shares outstanding must be voted for. Notwithstanding the foregoing, DeVry Group will take into account the weight of investor support for the compensation for its NEOs based on the percentage of shares that are present in person or represented by proxy at the meeting and entitled to vote on the stockholder proposal that have voted for the proposal. In evaluating the weight of investor support, abstentions will be counted as shares present at the meeting and will have the effect of a vote against the

proposal. Broker non-votes will not be counted as shares entitled to vote on the matter and will have no impact on the vote's outcome.
