(NasdaqGSM:INDB) common stock (Independent Common Stock) estimated to be issuable upon the consummation of the merger of Peoples Federal Bancshares, Inc. (NasdaqCM:PEOP) with and into Independent Bank Corp., based on the following calculation:
(a) the estimated maximum number of shares of Peoples Federal Bancshares, Inc. common stock, \$0.01 par value per share (the Peoples Common Stock) expected to be exchanged in connection with the merger (calculated as outstanding shares as of September 15, 2014 plus shares underlying unexercised options that are vested or are scheduled to vest prior to the merger effective time) multiplied by (b) 60% (representing the maximum percentage of shares of Peoples Common Stock that will receive shares of Independent Common Stock in the merger) multiplied by (c) the exchange ratio of 0.5523 of a share. Pursuant to Rule 416, this Registration Statement also covers an indeterminate number of shares of Independent Bank Corp. common stock as may become issuable as a result of stock splits, stock dividends or similar transactions.
- (2) Pursuant to Rule 457(f) under the Securities Act, and solely for purposes of calculating the registration fee, the proposed maximum aggregate offering price is based upon the aggregate market value on September 15, 2014 of the shares of Peoples Common Stock expected to be exchanged for shares of Independent Common Stock in connection with the merger and computed by multiplying (x) the average of the high and low sale prices of Peoples Common Stock as reported on the Nasdaq Capital Market on September 15, 2014 (\$20.285) by (y) the estimated maximum number of shares of Peoples Common Stock expected to be exchanged in connection with the merger (calculated as outstanding shares plus shares underlying unexercised options that are vested or are scheduled to vest prior to the merger effective time) and (z) deducting the amount of cash payable by Independent in the merger (computed by multiplying (a) the cash consideration of \$21.00 per share of Peoples Common Stock by (b) forty percent (40%) of the estimated maximum number of shares of Peoples Common Stock expected to be exchanged in connection with the merger).
- (3) Previously paid in connection with the filing of the initial Registration Statement.

The Registrant amends this Registration Statement on such date or dates as may be necessary to delay its effective date until the Registrant shall file a further amendment that specifically states that this Registration Statement shall thereafter become effective in accordance with Section 8(a) of the Securities Act or until this Registration Statement shall become effective on such date as the Securities and Exchange Commission, acting pursuant to said Section 8(a), may determine.

Dear Peoples Federal Bancshares, Inc. Stockholders:

You are cordially invited to attend a special meeting of stockholders of Peoples Federal Bancshares, Inc. (Peoples) to be held at 5:00 p.m., local time, on November 25, 2014, at the main office of Peoples Federal Savings Bank, located at 435 Market Street, Brighton, Massachusetts 02135. At the special meeting, you will be asked to consider and vote upon a proposal to approve an agreement and plan of merger which provides for Peoples to merge with and into Independent Bank Corp. (Independent), as well as to vote upon a proposal to authorize the board of directors of Peoples to adjourn the special meeting if necessary to permit further solicitation of proxies on the proposal to approve the agreement and plan of merger or to vote on other matters properly before the special meeting. In addition, you will be asked to consider and vote upon a proposal to approve, on a non-binding advisory basis, a resolution approving certain compensation payable to the named executive officers of Peoples in connection with the merger.

If the proposed merger is completed, Peoples stockholders will receive in exchange for each share of Peoples common stock, either (i) \$21.00 in cash or (ii) 0.5523 of a share of Independent common stock in accordance with the terms and conditions of the merger agreement. You will have the opportunity to elect to receive cash or stock, or a combination of cash and stock, for your shares of Peoples common stock, subject to allocation procedures designed to ensure that 60% of the outstanding shares of Peoples common stock will be converted into shares of Independent common stock and 40% will be converted into cash. You will receive a separate mailing that will contain instructions for making your election. Independent s and Peoples common stock are listed on the NASDAQ Global Select Market and the NASDAQ Capital Market, respectively, under the trading symbols INDB and PEOP, respectively. The closing sales prices of Independent common stock and Peoples common stock on October 15, 2014, the last practicable trading day prior to the mailing of this document, were \$36.40 and \$19.98, respectively. The equivalent value of the stock consideration to be paid in the merger for each share of Peoples common stock, calculated by multiplying the October 15, 2014 closing price of Independent common stock by the 0.5523 exchange ratio, would be \$20.10. The market prices for both Independent common stock and Peoples common stock will fluctuate prior to the merger. We urge you to obtain current market quotations for both Independent common stock and Peoples common stock.

Independent and Peoples cannot complete the proposed merger unless Peoples stockholders approve the merger agreement and the merger at the special meeting. This letter is accompanied by Peoples proxy statement, which Peoples is providing to solicit your proxy to vote for approval of the merger agreement and the merger at the meeting. The accompanying document is also being delivered to Peoples stockholders as Independent s prospectus for its offering of Independent common stock to Peoples stockholders in the merger.

Peoples board of directors has unanimously recommended that you vote FOR approval of the merger agreement and the transactions contemplated by the merger agreement, including the merger, at the special meeting, FOR approval of the authorization of the board of directors of Peoples to adjourn the special meeting if necessary to permit further solicitation of proxies on the proposal to approve the agreement and plan of merger and to vote on other matters

properly before the special meeting and FOR approval, on a non-binding advisory basis, of a resolution approving certain compensation payable to the named executive officers of Peoples in connection with the merger.

This proxy statement/prospectus provides you with detailed information about the proposed merger. It also contains or references information about Independent and Peoples and related matters. You are encouraged to read this document carefully. **In particular, you should read the Risk Factors section beginning on page 13 for a discussion of the risks you should consider in evaluating the proposed merger and how it will affect you.**

Your vote is very important. Approval of the Peoples merger agreement proposal will require the affirmative vote of the holders of a majority of the outstanding shares of Peoples common stock entitled to vote. Whether you plan to attend the special meeting, please take the time to vote by completing and mailing the enclosed proxy card. If you do not vote in person or by proxy, it will have the same effect as a vote against the proposal to approve the merger.

Neither the Securities and Exchange Commission nor any state securities regulator has approved or disapproved the proposed merger, the issuance of Independent common stock to be issued in connection with the merger or the other transactions described in this proxy statement/prospectus, or determined if this proxy statement/prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

The shares of Independent common stock are not savings accounts, deposits or other obligations of any bank or savings association and are not insured by the Federal Deposit Insurance Corporation or by any other federal or state governmental agency.

This proxy statement/prospectus is dated October 17, 2014, and is first being mailed or otherwise delivered to stockholders of Peoples on or about October 22, 2014.

Sincerely,

Maurice H. Sullivan, Jr.

QUESTIONS AND ANSWERS ABOUT THE MERGER AND THE MEETING OF PEOPLES STOCKHOLDERS

Q. Why am I receiving this document?

A. Independent and Peoples have agreed to the acquisition of Peoples by Independent under the terms of a merger agreement that is described in this document, a copy of which is attached as Annex A. In order to complete the merger, Peoples stockholders must vote to approve the merger agreement. Peoples will hold a special meeting of its stockholders to obtain this approval. This document contains important information about the merger, the cash and the shares of Independent common stock to be issued in connection with the merger, the merger agreement and other related matters, and you should read it carefully. The enclosed voting materials for the Peoples special meeting allow you to vote your shares of common stock without attending the special meeting.

Q. What will happen to Peoples as a result of the merger?

A. If the merger is completed, Peoples will be merged with and into Independent and Independent will be the surviving entity.

Q. What will Peoples stockholders receive in the merger?

A. Peoples stockholders will be entitled to receive in the merger for each share of Peoples common stock they own either (i) 0.5523 of a share of Independent common stock or (ii) \$21.00 in cash. Peoples stockholders will be able to elect to receive cash, Independent common stock, or a combination of cash and Independent common stock for their shares of Peoples common stock. Regardless of a Peoples stockholder's choice, however, elections will be limited by the requirement that 60% of Peoples common stock be converted into Independent common stock and 40% of Peoples common stock be exchanged for cash. Therefore, the allocation of cash and Independent common stock that a Peoples stockholder will receive will depend on the elections of other Peoples stockholders. The allocation of the consideration payable to Peoples stockholders will not be known until the exchange agent tallies the results of the cash/stock elections made by Peoples stockholders. If a Peoples stockholder does not make an election, the consideration that such stockholder will receive will depend on the consideration elected by other Peoples stockholders.

Independent's common stock is listed on the NASDAQ Global Select Market under the trading symbol INDB. Independent will not issue fractional shares of its common stock in the merger, but will instead cash out any fractional shares at a price determined by the volume weighted average closing price of Independent common stock on the NASDAQ Global Select Market for the five trading days ending on the fifth trading day immediately preceding the closing date of the merger.

Each holder of a vested or unvested option to purchase Peoples common stock will receive, upon consummation of the transaction, a cash payment in settlement of the Peoples option equal to the product of (i) the number of shares of Peoples common stock provided for by such option and (ii) the excess, if any, of the per share cash consideration of

\$21.00 over the exercise price of such option. All unvested shares of restricted Peoples common stock will vest in full immediately prior to the effective time of the merger and will be treated as outstanding Peoples shares for all purposes under the merger agreement, including for purposes of the holders' right to receive the merger consideration.

Q. When will the merger be completed?

A. We expect the merger will be completed when all of the conditions to completion contained in the merger agreement are satisfied or waived, including obtaining required regulatory approvals and the approval of the merger agreement by Peoples' stockholders. We currently expect to complete the merger during the first calendar quarter of 2015. However, because fulfillment of some of the conditions to completion of the merger, such as receiving required regulatory approvals, are not entirely within our control, we cannot predict the actual timing.

Table of Contents

Q. Who is being asked to approve matters in connection with the merger?

- A. Peoples stockholders are being asked to vote to approve the merger agreement and the transactions contemplated by the merger agreement, including the merger, to approve the authorization of the board of directors of Peoples to adjourn or postpone the special meeting if necessary to permit further solicitation of proxies in favor of the Peoples merger agreement proposal or to vote on other matters properly before the special meeting and to approve, on a non-binding advisory basis, certain compensation payable to the named executive officers of Peoples in connection with the merger.

Under Maryland General Corporation Law (Maryland Law), the merger cannot be consummated unless Peoples stockholders vote to approve the merger agreement and the merger. By this proxy statement/prospectus, Peoples board of directors is soliciting proxies of Peoples stockholders to provide this approval at the special meeting of Peoples stockholders discussed below.

Q. Should Peoples stockholders send in their stock certificates now?

- A. No, Peoples stockholders should not send in any stock certificates now. If the merger is approved at the special meeting, Independent will send Peoples stockholders written instructions on how to exchange their stock certificates for the merger consideration.

Q. What are the material U.S. federal income tax consequences of the merger to me?

- A. The merger is intended to qualify, and the obligation of the parties to complete the merger is conditioned upon the receipt of a legal opinion from their counsel to the effect that the merger will qualify, as a reorganization within the meaning of Section 368 of the Internal Revenue Code of 1986, as amended, which is referred to herein as the Code. The tax consequences of the merger to Peoples stockholders will depend on whether Peoples stockholders receive only cash, only Independent common stock, or a combination of cash and Independent common stock in exchange for their Peoples common stock. Peoples stockholders that exchange their shares solely for Independent common stock should not recognize gain or loss except with respect to any cash they receive in lieu of receiving a fractional share of Independent common stock. Peoples stockholders that exchange their shares solely for cash should recognize gain or loss on the exchange. Peoples stockholders that exchange their shares for a combination of Independent common stock and cash should recognize gain (but not loss) with respect to the cash portion of the consideration they receive. Because the allocations of cash and Independent common stock that are received will depend on the elections of other Peoples stockholders, Peoples stockholders will not know the actual tax consequences of the merger to them until the allocations are completed. See Material U.S. Federal Income Tax Consequences of the Merger beginning on page 80.

Q. Are there any risks that I should consider in deciding whether to vote for approval of the merger?

- A.

Yes. You should read and carefully consider the risk factors set forth in the section in this document titled Risk Factors beginning on page 13.

Q. When and where will Peoples stockholders meet?

A. Peoples will hold its special meeting of stockholders on November 25, 2014 at 5:00 p.m., local time, at the main office of Peoples Federal Savings Bank located at 435 Market Street, Brighton, Massachusetts 02135.

Q. What matters are Peoples stockholders being asked to approve at the Peoples special meeting pursuant to this proxy statement/prospectus?

A. Peoples stockholders are being asked to approve the merger agreement and the transactions contemplated by the merger agreement, including the merger. We refer to this proposal as the Peoples merger agreement proposal.

Table of Contents

Peoples stockholders are also being asked to authorize the board of directors of Peoples to adjourn or postpone the special meeting if necessary to permit further solicitation of proxies in favor of the Peoples merger agreement proposal or to vote on other matters properly before the special meeting and to approve, on a non-binding advisory basis, certain compensation payable to the named executive officers of Peoples in connection with the merger.

Q. What does Peoples board of directors recommend with respect to the three proposals?

A. Peoples board of directors has unanimously approved the merger agreement and determined that the merger agreement and the merger are fair to, advisable and in the best interests of Peoples and its stockholders and unanimously recommends that Peoples stockholders vote FOR the Peoples merger agreement proposal. Peoples board of directors also unanimously recommends that Peoples stockholders vote FOR approval of the authorization of the board of directors of Peoples to adjourn or postpone the special meeting if necessary to permit further solicitation of proxies in favor of the Peoples merger agreement proposal or to vote on other matters properly before the special meeting and FOR Approval, on a non-binding advisory basis, of certain compensation payable to the named executive officers of Peoples in connection with the merger.

Q. Who can vote at the Peoples special meeting of stockholders?

A. Holders of record of Peoples common stock at the close of business on October 16, 2014, which is the record date for the Peoples special meeting of stockholders, are entitled to vote at the special meeting.

Q. How many votes must be represented in person or by proxy at the Peoples special meeting to have a quorum?

A. The holders of a majority of the shares of Peoples common stock outstanding and entitled to vote at the special meeting of stockholders, present in person or represented by proxy, will constitute a quorum at the special meeting.

Q. What vote by Peoples stockholders is required to approve the Peoples special meeting proposals?

A. Assuming a quorum is present at the Peoples special meeting of stockholders, approval of the Peoples merger agreement proposal will require the affirmative vote of the holders of a majority of the outstanding shares of Peoples common stock entitled to vote. Abstentions and broker non-votes will have the same effect as shares voted against the Peoples merger agreement proposal.

Assuming a quorum is present at the Peoples special meeting, approval of the Peoples adjournment proposal will require the affirmative vote of a majority of the votes cast on the Peoples adjournment proposal. Abstentions and broker non-votes will not affect whether the Peoples adjournment proposal is approved.

Assuming a quorum is present at the Peoples stockholder meeting, approval of the non-binding advisory resolution approving certain compensation payable to the named executive officers of Peoples in connection with the merger will require the affirmative vote of a majority of votes cast on the proposal. Abstentions and broker non-votes will not affect whether such resolution is approved.

As of the record date for the special meeting, directors and executive officers of Peoples, together with their affiliates, had sole or shared voting power over approximately 15.2% of the Peoples common stock outstanding and entitled to vote at the special meeting.

Q: What will happen if the stockholders do not approve the advisory vote on certain compensation payable to Peoples named executive officers in connection with the merger at the special meeting?

A: Approval of the non-binding advisory resolution approving certain compensation payable to Peoples named executive officers in connection with the merger is not a condition to completion of the merger. The vote

Table of Contents

with respect to such compensation is an advisory vote and will not be binding on Peoples or on Independent. Therefore, if the merger is approved by Peoples stockholders and completed, such compensation will still be paid to Peoples executive officers if and when due.

Q. Are any Peoples stockholders already committed to vote in favor of any of the special meeting proposals?

A. Under voting agreements with Independent, each of Peoples directors and certain Peoples executive officers, solely in his or her capacity as a stockholder, has agreed to vote all of his or her Peoples common stock in favor of the Peoples merger agreement proposal and has granted to Independent a proxy to vote his or her shares in favor of the Peoples merger agreement proposal. As of the record date for the Peoples special meeting of stockholders, the Peoples stockholders who are parties to the Peoples voting agreements collectively owned (with sole or shared voting power) approximately 15.2% of the Peoples common stock outstanding and entitled to vote at the special meeting.

Q. How may the Peoples stockholders vote their shares for the special meeting proposals presented in this proxy statement/prospectus?

A. Peoples stockholders may submit their proxies by:

signing the enclosed proxy card and mailing it in the enclosed, prepaid and addressed envelope;

Proxies submitted through the Internet or by telephone must be received by 1:00 a.m., Eastern Standard Time, on November 25, 2014.

Q. Will a broker or bank holding shares in street name for a Peoples stockholder vote those shares for the stockholder at the Peoples special meeting?

A. A broker or bank will not be able to vote your shares at the special meeting without first receiving instructions from you on how to vote. If your shares are held in street name, you will receive separate voting instructions with your proxy materials. It is therefore important that you provide timely instruction to your broker or bank to ensure that all of the Peoples common stock you own is voted at the special meeting.

Q. Will Peoples stockholders be able to vote their shares in person at the Peoples special meeting?

- A. Yes. Submitting a proxy will not affect the right of any Peoples stockholder to vote in person at the special meeting of stockholders. Peoples will distribute written ballots to any Peoples stockholder who requests, and is entitled, to vote at the special meeting. If a Peoples stockholder holds shares in street name, the stockholder must request a proxy from the stockholder's broker or bank in order to vote those shares in person at the special meeting.

Q. What do Peoples stockholders need to do now?

- A. After carefully reading and considering the information contained in this proxy statement/prospectus, Peoples stockholders are requested to complete and return their proxies as soon as possible. The proxy card will instruct the persons named on the proxy card to vote the stockholder's Peoples shares at the special meeting as the stockholder directs. If a stockholder signs and sends in a proxy card and does not indicate how the stockholder wishes to vote, the proxy will be voted FOR all three of the special meeting proposals.

Table of Contents

Q. May a Peoples stockholder change such stockholder's vote after submitting a proxy?

- A. Yes. A Peoples stockholder may change a vote at any time before the stockholder's proxy is voted at the Peoples special meeting. A proxy submitted through the Internet or by telephone may be revoked by executing a later-dated proxy card, by subsequently submitting a proxy through the Internet or by telephone, or by attending the special meeting and voting in person. A stockholder executing a proxy card also may revoke the proxy at any time before it is voted by giving written notice revoking the proxy to Peoples' Corporate Secretary, by subsequently filing another proxy card bearing a later date or by attending the special meeting and voting in person. Attending the special meeting will not automatically revoke a stockholder's prior submission of a proxy (by Internet, telephone or in writing). All written notices of revocation or other communications with respect to revocation of proxies should be addressed to:

Peoples Federal Bancshares, Inc.

Brighton, Massachusetts 02135

Attention: Myron Fox, Corporate Secretary

Q. If I am a Peoples stockholder, who can help answer my questions?

- A. If you have any questions about the merger or the special meeting, or if you need additional copies of this proxy statement/prospectus or the enclosed proxy card, you should contact Peoples' proxy solicitor, at the following address or phone number:

Laurel Hill Advisory Group, LLC

2 Robbins Lane, Suite 201

Q. Where can I find more information about the companies?

- A. You can find more information about Independent and Peoples from the various sources described under the section of this document titled "Where You Can Find More Information" beginning on page 95.

The Merger and the Merger Agreement (see pages 38 and 64)

The terms and conditions of the merger are contained in the merger agreement, which is attached as Annex A to this proxy statement/prospectus. Please carefully read the merger agreement, as it is the legal document that governs the merger. Under the terms of the merger agreement, Peoples will merge with and into Independent (the merger) and Independent will survive the merger. Upon completion of the merger, each share of Peoples common stock will be converted into the right to receive either (i) 0.5523 of a share of Independent common stock or (ii) \$21.00 in cash.

Special Meeting of Peoples Stockholders; Required Vote (see page 33)

Peoples will hold a special meeting of stockholders at the main office of Peoples Federal Savings Bank, located at 435 Market Street, Brighton, Massachusetts 02135 on November 25, 2014 at 5:00 p.m., local time. Peoples stockholders will be asked to:

approve the merger agreement and the transactions it contemplates, including the merger;

authorize the board of directors of Peoples to adjourn or postpone the special meeting if necessary to permit further solicitation of proxies in favor of the Peoples merger agreement proposal or to vote on other matters properly before the special meeting (the Peoples adjournment proposal); and

approve, on a non-binding advisory basis, a resolution approving certain compensation payable to the named executive officers of Peoples in connection with the merger.

You can vote at the Peoples special meeting if you owned Peoples common stock at the close of business on October 16, 2014. On that date, there were 6,239,436 shares of Peoples common stock outstanding and entitled to vote, approximately 15.2% of which were owned and entitled to be voted by Peoples directors and executive officers and their affiliates. You can cast one vote for each share of Peoples common stock you owned on that date. In order to approve the merger agreement and the transactions it contemplates, the holders of at least a majority of the outstanding shares of Peoples common stock entitled to vote must vote in favor of the proposal.

What Holders of Peoples Stock Options and Restricted Stock Will Receive in the Merger (see page 64)

All outstanding unvested Peoples stock options and restricted shares of Peoples common stock will become fully vested immediately prior to the effective time of the merger. Peoples options will be cancelled upon consummation of the merger, and each option holder will receive a cash payment upon cancellation of the Peoples option equal to the product of (i) the number of shares of Peoples common stock provided for by such option and (ii) the excess, if any, of the per share cash consideration of \$21.00 over the exercise price of such option. All shares of accelerated restricted stock will be treated as outstanding Peoples shares for all purposes under the merger agreement, including for purposes of the holders' right to receive the merger consideration.

Dividend Policy of Independent; Dividends from Peoples (see page 26)

The holders of Independent common stock receive dividends as and when declared by Independent's board of directors. Independent declared quarterly cash dividends of \$0.24 per share of common stock for the first and second quarters of 2014, cash dividends of \$0.22 per share of common stock for each quarter of 2013 and cash dividends of

\$0.21 per share of common stock for each quarter in 2012. Following the completion of the merger, subject to approval and declaration by Independent's board of directors, Independent expects to continue paying quarterly cash dividends consistent with past practices.

Prior to completion of the merger, Peoples' stockholders will continue to receive any regular quarterly dividends declared and paid by Peoples, at a rate not to exceed \$0.05 per share of Peoples common stock. A special dividend consistent with past years may not be paid by Peoples without the prior consent of Independent and is not expected to be paid.

Fairness Opinion Presented to the Peoples Board of Directors (see pages 43 and B-1)

Sandler O'Neill + Partners, L.P. (Sandler O'Neill) has provided an opinion to Peoples' board of directors, dated August 5, 2014, to the effect that, as of that date and based upon and subject to the factors and assumptions set forth in the opinion, the merger consideration was fair, from a financial point of view, to the holders of Peoples common stock. The full text of Sandler O'Neill's opinion is attached to this proxy statement/prospectus as Annex B, which sets forth, among other things, the assumptions made, procedures followed, matters considered and limitations on the review undertaken by Sandler O'Neill in connection with its opinion. We urge you to read the opinion in its entirety. Sandler O'Neill's opinion is addressed to Peoples' board of directors, is directed only to the fairness, from a financial point of view, of the merger consideration to the holders of Peoples common stock and does not constitute a recommendation to any stockholder as to how that stockholder should vote on the merger agreement or the form of consideration that any stockholder should elect in the merger. Pursuant to an engagement letter between Peoples and Sandler O'Neill, Peoples has paid a fee to Sandler O'Neill for rendering its opinion and has agreed to pay Sandler O'Neill a transaction fee, which is payable only upon completion of the merger.

Recommendation of Peoples' Board of Directors (see pages 33 and 36)

Peoples' board of directors has unanimously determined that the merger agreement and the merger are advisable and in the best interests of Peoples and its stockholders and accordingly unanimously recommends that Peoples' stockholders vote FOR the proposal to approve the merger agreement and the transactions it contemplates, FOR the proposal to approve the authorization of the board of directors of Peoples to adjourn or postpone the special meeting if necessary to permit further solicitation of proxies in favor of the Peoples merger agreement proposal or to vote on other matters properly before the special meeting and FOR the proposal to approve, on a non-binding advisory basis, a resolution approving certain compensation payable to the named executive officers of Peoples in connection with the merger.

Peoples' Reasons for the Merger (see page 42)

In determining whether to approve the merger agreement, Peoples' board of directors consulted with certain of its senior management and with its legal and financial advisers. In arriving at its determination, Peoples' board of directors also considered the factors described under The Merger' Reasons for the Merger.

Interests of Peoples' Executive Officers and Directors in the Merger (see page 58)

Some of the directors and executive officers of Peoples have financial interests in the merger that are different from, or in addition to, the interests of Peoples' other stockholders generally. These interests include rights of executive officers under their existing employment agreements, which are being provided through settlement agreements executed in connection with the merger agreement; rights under consulting and non-competition agreements executed in connection with the merger agreement; rights under Peoples' equity-based benefit programs and awards, including the acceleration of vesting of stock options; and rights to continued indemnification and insurance coverage by Independent after the merger for acts and omissions occurring before the merger.

The boards of directors of Independent and Peoples were aware of these interests and considered them, among other matters, in approving the merger agreement and related transactions.

Table of Contents

Peoples Directors and Certain Peoples Executive Officers Have Agreed to Vote in Favor of the Merger Agreement (see page 34)

On the record date of October 16, 2014, the directors of Peoples and certain Peoples executive officers had sole or shared voting power over 949,196 shares, or approximately 15.2%, of the outstanding shares of Peoples common stock. Each of these directors and officers has agreed with Independent to vote his or her shares of Peoples common stock in favor of the merger agreement and the transactions it contemplates.

Approval by Independent s Board of Directors and Reasons for the Merger (see page 56)

Independent s board of directors has unanimously approved and adopted the merger agreement.

In determining whether to approve the merger agreement, Independent s board of directors consulted with certain of its senior management and with its legal and financial advisers. In arriving at its determination, Independent s board of directors also considered the factors described under The Merger Approval by Independent s Board of Directors and Reasons for the Merger.

Non-Solicitation (see page 71)

Peoples has agreed that it will not solicit or knowingly encourage any inquiries or proposals regarding any acquisition proposals by third parties. Peoples may respond to unsolicited proposals in certain circumstances if required by Peoples board of directors fiduciary duties. Peoples must promptly notify Independent if it receives any acquisition proposals.

Conditions to Complete the Merger (see page 74)

Each of Independent s and Peoples obligations to complete the merger is subject to the satisfaction or waiver to the extent legally permitted of a number of mutual conditions, including:

the approval of the merger agreement and the transactions it contemplates, including the merger, by Peoples stockholders at the Peoples special meeting described in this proxy statement/prospectus;

the receipt of all regulatory approvals and consents (none of which shall contain a burdensome condition, as defined in the merger agreement), and the expiration of all waiting periods required to complete the merger;

the effectiveness of the registration statement with respect to the Independent common stock to be issued in the merger under the Securities Act, and the absence of any stop order or proceedings initiated or threatened by the Securities and Exchange Commission for that purpose; and

the absence of any statute, regulation, rule, decree, injunction or other order in effect by any court or other governmental entity that prohibits completion of the transactions contemplated by the merger agreement.

Each of Independent s and Peoples obligations to complete the merger is also separately subject to the satisfaction or waiver (except for the condition set forth in the first bullet below, which may not be waived in any circumstance) of a

number of conditions, including:

the receipt by the party of a legal opinion from its counsel with respect to certain U.S. federal income tax consequences of the merger; and

the other company's representations and warranties in the merger agreement being true and correct, in all material respects, and the performance by the other party in all material respects of its obligations under the merger agreement.

Table of Contents

Independent's obligation to complete the merger is further subject to the conditions that the number of outstanding shares of Peoples common stock shall not exceed 6,241,436, except to the extent increased as a result of the exercise of stock options, and the Peoples Federal Savings Bank Charitable Foundation shall have changed its name to Rockland Trust Peoples Federal Foundation and a majority of its board of directors shall consist of individuals acceptable to Independent in its sole discretion.

Termination of the Merger Agreement (see page 75)

Independent and Peoples may mutually agree at any time to terminate the merger agreement without completing the merger, even if Peoples' stockholders have approved the merger transactions. Also, either Independent or Peoples can terminate the merger agreement in various circumstances, including the following:

if any regulatory approval necessary for consummation of the transactions contemplated by the merger agreement is not obtained;

if the merger is not completed by April 30, 2015;

if the other party breaches the merger agreement in a way that would entitle the party seeking to terminate the merger agreement not to consummate the merger, subject to the right of the breaching party to cure the breach within 30 days following written notice (unless it is not possible due to the nature or timing of the breach for the breaching party to cure the breach); or

if Peoples' stockholders do not approve the merger agreement and the transactions it contemplates. Additionally, Independent may terminate the merger agreement if:

Peoples has materially breached its non-solicitation obligations described under The Merger Agreement No Solicitation of Alternative Transactions beginning on page 71;

Peoples' board of directors fails to recommend in this proxy statement/prospectus the approval of the merger agreement;

Peoples' board of directors recommends, proposes or publicly announces its intention to recommend or propose, to engage in an Acquisition Transaction with any party other than Independent or a subsidiary of Independent; or

Peoples breaches its obligation to call, give notice of, convene and hold a meeting of stockholders for the purpose of approving the merger agreement and the transactions it contemplates. Additionally, Peoples may terminate the merger agreement:

if it enters into a Superior Proposal as described under The Merger Agreement No Solicitation of Alternative Transactions, so long as it pays a termination fee of \$5.3 million to Independent; or

pursuant to a walk away right that is subject to a top up option, if (a) the ten day volume-weighted average price of Independent's common stock as of a measurement date prior to closing is more than 20% below the ten day volume-weighted average price of Independent's common stock for the trading period ended August 4, 2014, (b) the drop in the ten day volume-weighted average price of Independent's common stock between August 5, 2014 and the measurement date is more than 20% greater than any drop in the ten day average price of the Nasdaq Bank Stock Index during such measurement period, (c) Peoples elects to terminate the merger agreement by a majority vote of Peoples' directors, and (d) following notice of such election, Independent does not exercise its top up option under the merger agreement to increase the exchange ratio to a number that would compensate Peoples' stockholders for the extent of the drop in Independent's common stock below the lowest price per share at which the walk away right would not have been triggered. If Independent does exercise its top up option, then no termination will occur.

Table of Contents

Termination Fee (see page 76)

Peoples has agreed to pay a termination fee of \$5.3 million to Independent if the merger agreement is terminated under any of the circumstances described in The Merger Agreement Termination Fee beginning on page 75.

Advisory Vote on Named Executive Officer Compensation in Connection with the Merger (see page 37)

Peoples stockholders are being asked to vote on a non-binding advisory resolution approving certain compensation payable to the named executive officers of Peoples in connection with the merger, approval of which requires the affirmative vote of a majority of the votes cast with respect to the proposal. Abstentions and broker non-votes will not affect whether such resolution is approved. Approval of this resolution is not a condition to completion of the merger. The vote with respect to certain compensation payable to the named executive officers of Peoples in connection with the merger is an advisory vote and will not be binding on Peoples or on Independent. Therefore, if the merger is approved by Peoples stockholders and completed, such compensation will still be paid to Peoples named executive officers if and when due.

Regulatory Approvals Required for the Merger (see page 56)

Completion of the transactions contemplated by the merger agreement is subject to various regulatory approvals, including approval from the Federal Reserve Board, the Federal Deposit Insurance Corporation (FDIC), the Board of Bank Incorporation of the Commonwealth of Massachusetts, and the Massachusetts Commissioner of Banks. Independent and Peoples have completed, or will complete, filing all of the required applications and notices with regulatory authorities. Although we do not know of any reason why we would not be able to obtain the necessary regulatory approvals in a timely manner, we cannot be certain when or if we will receive them.

Rights of Independent Stockholders Differ from Those of Peoples Stockholders (see page 87)

When the merger is completed, Peoples stockholders who receive Independent common stock as consideration in the merger will automatically become Independent s stockholders. The rights of Independent s stockholders differ from the rights of Peoples stockholders in important ways. Many of these differences relate to provisions in Independent s articles of organization and bylaws that differ from those of Peoples. See Comparison of Rights of Stockholders of Peoples and Independent beginning on page 87 for a summary of the material differences between the respective rights of Peoples and Independent stockholders.

Tax Consequences of the Merger (see page 80)

The merger is intended to qualify, and the obligations of the parties to complete the merger is conditioned upon the receipt of a legal opinion from their respective counsel to the effect that the merger will qualify, as a reorganization within the meaning of Section 368 of the Internal Revenue Code of 1986, as amended, which is referred to herein as the Code. The federal tax consequences of the merger to Peoples stockholders will depend primarily on whether they exchange their Peoples common stock solely for Independent common stock, solely for cash, or for a combination of Independent common stock and cash. Peoples stockholders who exchange their shares solely for Independent common stock should not recognize gain or loss except with respect to any cash they receive in lieu of receiving a fractional share of Independent common stock. Peoples stockholders who exchange their shares solely for cash should recognize gain or loss on the exchange. Peoples stockholders who exchange their shares for a combination of Independent common stock and cash should recognize gain (but not loss) with respect to the cash portion of the consideration they receive. The actual federal income tax consequences to Peoples stockholders of electing to receive cash, Independent common stock or a combination of cash and stock will not be ascertainable at the time Peoples stockholders make

their election because it will not be known at that time how, or to what extent, the allocation and proration procedures will apply.

Table of Contents

This tax treatment may not apply to all of Peoples stockholders. Determining the actual tax consequences of the merger to Peoples stockholders can be complicated. Peoples stockholders should consult their own tax advisor for a full understanding of the merger's tax consequences that are particular to each stockholder.

To review the tax consequences of the merger to Peoples stockholders in greater detail, please see the section **Material U.S. Federal Income Tax Consequences of the Merger** beginning on page 80.

Dissenters' Rights of Appraisal (see page 36)

Dissenters' rights are statutory rights that, if applicable under law, enable stockholders to dissent from an extraordinary transaction, such as a merger, and to demand that the corporation pay the fair value for their shares in cash as determined by a court in a judicial proceeding instead of receiving the consideration offered to stockholders in connection with the extraordinary transaction. Dissenters' rights are not available in all circumstances, and exceptions to these rights are provided under the Maryland General Corporation Law, as amended (the **MGCL**). Under the provisions of the **MGCL**, the holders of Peoples common stock are not entitled to dissenters' rights in the merger. Please see the section **Dissenters' Rights of Appraisal** on page 36.

Comparative Per Share Market Price Information (see page 25)

Independent common stock trades on the NASDAQ Global Select Market under the symbol **INDB** and Peoples common stock trades on the NASDAQ Capital Market under the symbol **PEOP**. The following presents the closing sale prices of Independent common stock and Peoples common stock on August 5, 2014, the last trading day before we announced the merger agreement, and October 15, 2014, the last practicable trading day prior to mailing this document. The table also represents the equivalent value of the stock consideration to be paid in the merger per share of Peoples common stock on those dates, calculated by multiplying the closing price of Independent common stock on those dates by an exchange ratio of 0.5523, which represents the fraction of a share of Independent common stock that Peoples stockholders will receive in the merger for each share of Peoples common stock.

Date	Independent Closing Price	Peoples Closing Price	Exchange Ratio	Equivalent Per Share Value
August 5, 2014	\$ 36.31	\$ 18.16	0.5523	\$ 20.05
October 15, 2014	\$ 36.40	\$ 19.98	0.5523	\$ 20.10

The market prices of both Independent common stock and Peoples common stock will fluctuate prior to the merger. You should obtain current stock price quotations for Independent common stock and Peoples common stock.

Litigation Relating to the Merger (see page 63)

On October 14, 2014 Richard Morris, an individual who alleges himself to be a Peoples stockholder, filed a purported class action lawsuit in Maryland state court which named Peoples, Peoples Federal Savings Bank, Peoples directors, Independent, and Rockland Trust Company as defendants. The lawsuit, which was pending as of the date of this filing, alleges breaches of fiduciary duty in connection with the sale of Peoples to Independent and seeks, among other things, class action certification, court orders prohibiting a Peoples stockholder vote regarding the merger and completion of the merger, and other equitable and monetary relief. Peoples, Peoples Federal Savings Bank, Independent, Rockland Trust Company, and the individual defendants each believe that the case is a typical, meritless shareholder strike suit, that the claims made are without merit, and intend to defend the case vigorously. See **The Merger Litigation Relating to the Merger** beginning on page 63 for more information.

Table of Contents**RISK FACTORS**

In addition to the other information included in this proxy statement/prospectus, including the matters addressed under Forward-Looking Information, Peoples stockholders should carefully consider the following risks before deciding whether to vote for approval of the merger agreement. In addition, stockholders of Peoples should read and consider the risks associated with each of the businesses of Independent and Peoples because these risks will relate to the combined company. Certain of these risks with respect to Independent can be found in Independent's annual report on Form 10-K for the fiscal year ended December 31, 2013, and quarterly reports on Form 10-Q for each of the quarters ended March 31, 2014 and June 30, 2014, which reports are incorporated by reference into this proxy statement/prospectus. Certain of these risks with respect to Peoples can be found in Peoples' annual report on Form 10-K for the fiscal year ended September 30, 2013, and quarterly reports on Form 10-Q for each of the quarters ended December 31, 2013, March 31, 2014 and June 30, 2014. You should also consider the other information in this proxy statement/prospectus and the other documents incorporated by reference into this proxy statement/prospectus. See Where You Can Find More Information and Incorporation of Certain Documents by Reference beginning on page 95.

Risks Related to the Merger

Absent an exercise by Peoples of its walk away right and a subsequent top up election by Independent, the exchange ratio used to determine the stock consideration in the merger will be 0.5523 and will not change due to changes in the market value of Peoples common stock or Independent common stock before the completion of the merger, regardless of how significant such changes might be.

Upon completion of the merger, each share of Peoples common stock will be converted into the right to receive either (i) \$21.00 in cash or (2) 0.5523 of a share of Independent common stock. The exchange ratio used to determine the stock consideration will not increase based on fluctuations in market prices regardless of how far the price of Independent common stock falls, except in the event Independent's stock drops beyond certain levels and Peoples exercises its walk away right and Independent subsequently exercises its right to top up the stock consideration to void the walk away right. The market values of Independent common stock and Peoples common stock have varied since Independent and Peoples entered into the merger agreement and will continue to vary in the future due to changes in the business, operations or prospects of Independent and Peoples, market assessments of the merger, regulatory considerations, market and economic considerations, and other factors both within and beyond the control of Independent and Peoples. Therefore, at the time of the special meeting, Peoples' stockholders will not know or be able to calculate the market value of the Independent common stock they will receive upon completion of the merger. For example, based on the range of closing prices of Independent common stock during the period from August 5, 2014, the last trading day before public announcement of the merger, through October 15, 2014, the last practicable date before the date of this document, the exchange ratio represented a market value ranging from a low of \$19.36 to a high of \$20.81 for each share of Peoples common stock.

Peoples' stockholders may receive a form of consideration different from what they elect.

The consideration to be received by Peoples' stockholders in the merger is subject to the requirement that 60% of the shares of Peoples common stock be exchanged for Independent common stock and 40% be exchanged for cash. The merger agreement contains proration and allocation procedures to achieve this desired result. If you elect all cash and the available cash is oversubscribed, then you will receive a portion of the merger consideration in Independent common stock. If you elect all stock and the available stock is oversubscribed, then you will receive a portion of the merger consideration in cash.

The fairness opinion obtained by Peoples from its financial advisor will not reflect changes in circumstances after the date of the fairness opinion.

Sandler O Neill, Peoples financial advisor in connection with the merger, has delivered to the board of directors of Peoples its opinion dated August 5, 2014. The opinion of Sandler O Neill states that as of the date of

Table of Contents

such opinion, and based upon and subject to the factors and assumptions set forth therein, the merger consideration to be paid to the holders of the outstanding shares of Peoples common stock pursuant to the agreement and plan of merger was fair from a financial point of view to such holders. The opinion does not reflect changes that may occur or may have occurred after the date of such opinion, including changes to the operations and prospects of Peoples or Independent, changes in general market and economic conditions or regulatory or other factors. Any such changes, or changes in other factors on which the opinion is based, may materially alter or affect the conclusion reached in such opinion.

Peoples will be subject to business uncertainties and contractual restrictions while the merger is pending.

Uncertainty about the effect of the merger on employees and customers may have an adverse effect on Peoples and consequently on Independent. These uncertainties may impair Peoples' ability to attract, retain and motivate key personnel until the merger is consummated, and could cause customers and others that deal with Peoples to seek to change existing business relationships with Peoples. Retention of certain employees may be challenging during the pendency of the merger, as certain employees may experience uncertainty about their future roles with Independent. If key employees depart because of issues relating to the uncertainty and difficulty of integration or a desire not to remain with Independent, Independent's business following the merger could be harmed. In addition, the merger agreement restricts Peoples from making certain acquisitions and taking other specified actions until the merger occurs without the consent of Independent. These restrictions may prevent Peoples from pursuing attractive business opportunities that may arise prior to the completion of the merger. Please see the section entitled "The Merger Agreement - Conduct of Business Pending the Merger" of this proxy statement/prospectus for a description of the restrictive covenants to which Peoples is subject.

Independent may fail to realize all of the anticipated benefits of the merger, particularly if the integration of Independent's and Peoples' businesses is more difficult than expected.

The success of the merger will depend, in part, on our ability to successfully combine the businesses of Independent and Peoples. Independent may fail to realize some or all of the anticipated benefits of the transaction if the integration process takes longer than expected or is more costly than expected. Furthermore, any number of unanticipated adverse occurrences for either the business of Peoples or Independent may cause us to fail to realize some or all of the expected benefits. The integration process could result in the loss of key employees, the disruption of each company's ongoing businesses or inconsistencies in standards, controls, procedures and policies that adversely affect our ability to maintain relationships with clients, customers, depositors and employees or to achieve the anticipated benefits of the merger. Each of these issues might adversely affect Independent, Peoples, or both during the transition period, resulting in adverse effects on Independent following the merger. As a result, revenues may be lower than expected or costs may be higher than expected and the overall benefits of the merger may not be as great as anticipated.

The market price of Independent common stock after the merger may be affected by factors different from those affecting Independent common stock or Peoples common stock currently.

The businesses of Independent and Peoples differ in some respects and, accordingly, the results of operations of the combined company and the market price of Independent's shares of common stock after the merger may be affected by factors different from those currently affecting the results of operations of each of Independent or Peoples. For a discussion of the businesses of Independent and Peoples and of certain factors to consider in connection with those businesses, see the documents incorporated by reference into this proxy statement/prospectus and referred to under

"Where You Can Find More Information" and "Incorporation of Certain Documents by Reference" beginning on page 95 and the information regarding Peoples set forth under "The Companies - Peoples" beginning on page 84.

Table of Contents

Some of the directors and executive officers of Peoples may have interests and arrangements that may have influenced their decisions to support or recommend that you approve the merger.

The interests of some of the directors and executive officers of Peoples may be different from those of Peoples stockholders, and certain directors and officers of Peoples may be participants in arrangements that are different from, or are in addition to, those of Peoples stockholders, including the acceleration of awards under equity plans, agreements in settlement of obligations to such directors and officers under pre-existing employment agreements. These interests are described in more detail in the section of this proxy statement/prospectus entitled "The Merger Interests of Peoples Executive Officers and Directors in the Merger" beginning on page 58.

A lawsuit has been filed against Peoples, Peoples Federal Savings Bank, Peoples directors, Independent, and Rockland Trust Company alleging breaches of fiduciary duty in connection with the sale of Peoples to Independent. The lawsuit may prevent the merger from being completed or from being completed in a timely manner.

On October 14, 2014 Richard Morris, an individual who alleges himself to be a Peoples stockholder, filed a purported class action lawsuit in Maryland state court which named Peoples, Peoples Federal Savings Bank, Peoples directors, Independent, and Rockland Trust Company as defendants. The purported class action lawsuit, which was pending as of the date of this filing, alleges breaches of fiduciary duty in connection with the sale of Peoples to Independent and seeks, among other things, class action certification, court orders prohibiting a Peoples stockholder vote regarding the merger and completion of the merger, and other equitable and monetary relief. Peoples, Peoples Federal Savings Bank, Independent, Rockland Trust Company, and the individual defendants each believe that the case is a typical, meritless shareholder strike suit, that the claims made are without merit, and intend to defend the case vigorously. See "The Merger Litigation Relating to the Merger" beginning on page 63 for more information.

One of the conditions to the closing of the merger is that no judgment, order, injunction or decree issued by a court or agency of competent jurisdiction or other legal restraint or prohibition preventing the consummation of the merger shall be in effect. If the plaintiff obtains a court order the merger may not occur in a timely manner or be prevented.

The merger agreement limits Peoples ability to pursue alternatives to the merger.

The merger agreement contains provisions that limit Peoples ability to solicit, initiate, encourage or take any actions to facilitate competing third-party proposals to acquire all or substantially all of Peoples. These provisions, which include a \$5.3 million termination fee payable under certain circumstances, might discourage a potential competing acquiror that might have an interest in acquiring all or substantially all of Peoples from considering or proposing that acquisition even if it were prepared to pay consideration with a higher per share market price than that proposed in the merger, or might result in a potential competing acquiror proposing to pay a lower per share price to acquire Peoples than it might otherwise have proposed to pay.

Regulatory approvals may not be received, may take longer than expected or impose conditions that are not presently anticipated.

Before the merger may be completed, certain approvals or consents must be obtained from the various bank regulatory and other authorities in the United States and the Commonwealth of Massachusetts. These governmental entities, including the Federal Reserve Board, the FDIC, the Board of Bank Incorporation of the Commonwealth of Massachusetts, and the Massachusetts Division of Banks, may impose conditions on the completion of the merger or require changes to the terms of the merger. While Independent and Peoples do not currently expect that any such conditions or changes would be imposed, there can be no assurance that they will not be, and such conditions or

changes could have the effect of delaying completion of the merger or imposing additional costs on or limiting the revenues of Independent following the merger, any of which might have a

Table of Contents

material adverse effect on Independent following the merger. Independent is not obligated to complete the merger if the regulatory approvals received in connection with the completion of the merger include any conditions or restrictions that would constitute a Burdensome Condition as defined in the merger agreement.

There can be no assurance as to whether the regulatory approvals will be received or the timing of the approvals. For more information, see the section entitled The Merger Regulatory Approvals Required to Complete the Merger of this proxy statement/prospectus beginning on page 56.

Peoples stockholders who make elections may be unable to sell their shares in the market pending the merger.

Peoples stockholders may elect to receive cash, stock or mixed consideration in the merger by completing an election form that will be sent under separate cover. Making an election will require that stockholders turn in their Peoples stock certificates. This means that during the time between when the election is made and the date the merger is completed, Peoples stockholders will be unable to sell their Peoples common stock. If the merger is unexpectedly delayed, this period could extend for a significant period of time. Peoples stockholders can shorten the period during which they cannot sell their shares by delivering their election shortly before the election deadline. However, elections received after the election deadline will not be accepted or honored.

If the merger is not consummated by April 30, 2015, either Independent or Peoples may choose not to proceed with the merger.

Either Independent or Peoples may terminate the merger agreement if the merger has not been completed by April 30, 2015, unless the failure of the merger to be completed has resulted from the failure of the party seeking to terminate the merger agreement to perform its obligations.

The shares of Independent common stock to be received by Peoples stockholders as a result of the merger will have different rights from the shares of Peoples common stock.

The rights associated with Peoples common stock are different from the rights associated with Independent common stock. See the section of this proxy statement/prospectus entitled Comparison of Rights of Stockholders of Peoples and Independent beginning on page 87 for a discussion of the different rights associated with Independent common stock.

Failure to complete the merger could negatively impact the stock prices and future businesses and financial results of Peoples and Independent.

If the merger is not completed, the ongoing businesses of Peoples and Independent may be adversely affected and Peoples and Independent will be subject to several risks, including the following:

Peoples may be required, under certain circumstances, to pay Independent a termination fee of \$5.3 million under the merger agreement;

Peoples and Independent will each be required to pay certain costs relating to the merger, whether or not the merger is completed, such as legal, accounting, financial advisor and printing fees;

under the merger agreement, Peoples is subject to certain restrictions on the conduct of its business prior to completing the merger which may adversely affect its ability to execute certain of its business strategies; and

matters relating to the merger may require substantial commitments of time and resources by Peoples and Independent's management, which could otherwise have been devoted to other opportunities that may have been beneficial to Peoples and Independent as independent companies, as the case may be.

Table of Contents

In addition, if the merger is not completed, Peoples and/or Independent may experience negative reactions from the financial markets and from their respective customers and employees. Peoples and/or Independent also could be subject to litigation related to any failure to complete the merger or to enforcement proceedings commenced against Peoples and/or Independent to perform their respective obligations under the merger agreement. If the merger is not completed, Peoples and Independent cannot assure their stockholders that the risks described above will not materialize and will not materially affect the business, financial results and stock prices of Peoples and/or Independent.

Risks Related to Independent's Business

Changes in interest rates could adversely impact Independent's financial condition and results of operations.

Independent's ability to make a profit, like that of most financial institutions, substantially depends upon its net interest income, which is the difference between the interest income earned on interest earning assets, such as loans and investment securities, and the interest expense paid on interest-bearing liabilities, such as deposits and borrowings. However, certain assets and liabilities may react differently to changes in market interest rates. Further, interest rates on some types of assets and liabilities may fluctuate prior to changes in broader market interest rates, while rates on other types of assets may lag behind. Additionally, some assets such as adjustable-rate mortgages have features, such as rate caps and floors, which restrict changes in their interest rates.

Factors such as inflation, recession, unemployment, money supply, global disorder, instability in domestic and foreign financial markets, and other factors beyond Independent's control, may affect interest rates. Changes in market interest rates will also affect the level of voluntary prepayments on loans and the receipt of payments on mortgage-backed securities, resulting in the receipt of proceeds that may have to be reinvested at a lower rate than the loan or mortgage-backed security being prepaid.

The state of the financial and credit markets, and potential sovereign debt defaults may severely impact the global and domestic economies and may lead to a significantly tighter environment in terms of liquidity and availability of credit. Economic growth may slow down and the national economy may experience additional recession periods. Market disruption, government and central bank policy actions intended to counteract the effects of recession, changes in investor expectations regarding compensation for market risk, credit risk and liquidity risk and changing economic data could continue to have dramatic effects on both the volatility of and the magnitude of the directional movements of interest rates. Although Independent pursues an asset/liability management strategy designed to control its risk from changes in interest rates, changes in market interest rates can have a material adverse effect on the Independent's profitability.

A further deterioration of the credit rating for U.S. long-term sovereign debt could adversely impact Independent.

On August 5, 2011, Standard and Poor's downgraded the U.S. long-term sovereign debt from AAA, the highest rating, to AA+, the second highest rating. This downgrade did not directly impact the financial position or outlook for Independent, but a further downgrade as a result of an inability by the federal government to raise the U.S. debt limit or otherwise could result in a re-evaluation of the risk-free rate used in many accounting models, other-than-temporary-impairment of securities and/or impairment of goodwill and other intangibles. Given that future deterioration in the United States credit and financial markets is a possibility, no assurance can be made that losses or significant deterioration in the fair value of Independent's U.S. government issued or guaranteed investments will not occur.

If Independent has higher than anticipated loan losses than it has modeled, its earnings could materially decrease.

Independent's loan customers may not repay loans according to their terms, and the collateral securing the payment of loans may be insufficient to assure repayment. Independent may therefore experience significant credit losses which could have a material adverse effect on its operating results and capital ratios. Independent

Table of Contents

makes various assumptions and judgments about the collectability of its loan portfolio, including the creditworthiness of borrowers and the value of the real estate and other assets serving as collateral for the repayment of loans. In determining the amount of the allowance for loan losses, Independent relies on its experience and its evaluation of economic conditions. If its assumptions prove to be incorrect, its current allowance for loan losses may not be sufficient to cover losses inherent in its loan portfolio and an adjustment may be necessary to allow for different economic conditions or adverse developments in its loan portfolio. Consequently, a problem with one or more loans could require Independent to significantly increase the level of its provision for loan losses. In addition, federal and state regulators periodically review Independent's allowance for loan losses and may require it to increase its provision for loan losses or recognize further loan charge-offs. Material additions to the allowance would materially decrease Independent's net income.

A significant amount of Independent's loans are concentrated in Rockland Trust's geographic footprint and adverse conditions in this area could negatively impact its operations.

Substantially all of the loans Independent originates are secured by properties located in, or are made to businesses which operate in Massachusetts, and to a lesser extent Rhode Island. Because of the current concentration of Independent's loan origination activities in its geographic footprint, in the event of adverse economic conditions, including, but not limited to, increased unemployment, downward pressure on the value of residential and commercial real estate, political or business developments, that may affect the ability of property owners and businesses to make payments of principal and interest on the underlying loans in Rockland Trust's geographic footprint. Independent would likely experience higher rates of loss and delinquency on its loans than if its loans were more geographically diversified, which could have an adverse effect on its results of operations or financial condition.

Independent operates in a highly regulated environment and may be adversely impacted by changes in law, regulations, and accounting policies.

Independent is subject to extensive regulation, supervision and examination. Any change in the laws or regulations and failure by Independent to comply with applicable law and regulation, or a change in regulators' supervisory policies or examination procedures, whether by the Massachusetts Commissioner of Banks, the FDIC, the Federal Reserve Board, other state or federal regulators, the United States Congress, or the Massachusetts legislature could have a material adverse effect on Independent's business, financial condition, results of operations, and cash flows. Changes in accounting policies, practices and standards, as may be adopted by the regulatory agencies as well as the Public Company Accounting Oversight Board, the Financial Accounting Standards Board, and other accounting standard setters, could also negatively impact Independent's financial results.

The Dodd-Frank Act has had and will continue to have a significant impact on the regulatory structure of the financial markets and will impose additional costs on Independent.

The Dodd-Frank Act could adversely affect certain of Independent's business operations and competitive position. The Dodd-Frank Act, among other things, establishes a new Financial Stability Oversight Council to monitor systemic risk posed by financial institutions, restricts proprietary trading and private fund investment activities by banking institutions, creates a new framework for the regulation of derivatives and revises the FDIC's assessment base for deposit insurance. Provisions in the Dodd-Frank Act may also restrict the flexibility of financial institutions to compensate their employees. In addition, provisions in the Dodd-Frank Act have resulted in changes to existing capital rules, which could have an adverse effect on Independent's business operations, capital structure, capital ratios or financial performance. The final effects of the Dodd-Frank Act on Independent's business will depend largely on the implementation of the Dodd-Frank Act by regulatory bodies and the exercise of discretion by these regulatory bodies.

Table of Contents

The short-term and long-term impact of the changing regulatory capital requirements and new capital rules is unknown.

In 2013, the FDIC, the OCC and the Federal Reserve Board approved a new rule that will substantially amend the regulatory risk-based capital rules applicable to Independent. The final rule implements the Basel III regulatory capital reforms and changes required by the Dodd-Frank Act. The application of more stringent capital requirements for Independent could, among other things, result in lower returns on equity, require the raising of additional capital, and result in regulatory actions such as a prohibition on the payment of dividends or on the repurchase shares if we were unable to comply with such requirements. The new rule will be effective on January 1, 2015.

Independent has strong competition within its market area which may limit Independent's growth and profitability.

Independent faces significant competition both in attracting deposits and in the origination of loans. Additional mergers and acquisitions of financial institutions within Independent's market area may also occur given the current difficult banking environment and add more competitive pressure. If Independent is unable to compete effectively, it may lose market share and income generated from loans, deposits, and other financial products may decline.

The success of Independent is dependent on hiring and retaining certain key personnel.

Independent's performance is largely dependent on the talents and efforts of highly skilled individuals. Independent relies on key personnel to manage and operate its business, including major revenue generating functions such as loan and deposit generation. The loss of key staff may adversely affect Independent's ability to maintain and manage these functions effectively, which could negatively affect Independent's revenues. In addition, loss of key personnel could result in increased recruiting and hiring expenses, which could cause a decrease in Independent's net income. Independent's continued ability to compete effectively depends on its ability to attract new employees and to retain and motivate its existing employees.

Independent's business strategy of growth in part through acquisitions could have an impact on its earnings and results of operations that may negatively impact the value of Independent's stock.

In recent years, Independent has focused, in part, on growth through acquisitions. From time to time in the ordinary course of business, Independent engages in preliminary discussions with potential acquisition targets. The consummation of any future acquisitions may dilute stockholder value. Although Independent's business strategy emphasizes organic expansion combined with acquisitions, there can be no assurance that, in the future, Independent will successfully identify suitable acquisition candidates, complete acquisitions, and successfully integrate acquired operations into our existing operations or expand into new markets. There can be no assurance that acquisitions will not have an adverse effect upon Independent's operating results while the operations of the acquired business are being integrated into the Independent's operations. In addition, once integrated, acquired operations may not achieve levels of profitability comparable to those achieved by Independent's existing operations, or otherwise perform as expected. Further, transaction-related expenses may adversely affect Independent's earnings. These adverse effects on Independent's earnings and results of operations may have a negative impact on the value of Independent's stock.

Difficult market conditions have adversely affected the industry in which Independent operates.

In recent years, dramatic declines in the housing market, with falling real estate values and increasing foreclosures, unemployment, and under-employment negatively impacted the credit performance of mortgage loans and resulted in significant write-downs of asset values by financial institutions, including government-sponsored entities as well as major commercial and investment banks. These write-downs, initially of mortgage-backed securities but spreading to

credit default swaps and other derivative and cash securities, in turn, caused

Table of Contents

many financial institutions to seek additional capital, to merge with larger and stronger institutions and, in some cases, to fail. Reflecting concern about the stability of the financial markets generally and the strength of counterparties, many lenders and institutional investors reduced or ceased providing funding to borrowers, including to other financial institutions. This market turmoil and tightening of credit led to an increased level of commercial and consumer delinquencies, lack of consumer confidence, increased market volatility and widespread reduction of business activity generally. A resumption of economic pressure on consumers and lack of confidence in the financial markets could materially affect Independent's business, financial condition and results of operations. A worsening of these conditions would likely have adverse effects on Independent and others in the financial services industry. In particular, Independent may face the following risks in connection with these events:

Independent could face increased regulation of its industry. Compliance with such regulation may increase its costs and limit its ability to pursue business opportunities.

Market developments may affect customer confidence levels and may cause increases in loan delinquencies and default rates, which Independent expects could impact its loan charge-offs and provision for loan losses.

Deterioration or defaults made by issuers of the underlying collateral of Independent's investment securities may cause credit related other-than-temporary impairment charges to Independent's income statement.

Independent's ability to borrow from other financial institutions or to access the debt or equity capital markets on favorable terms or at all could be adversely affected by further disruptions in the capital markets or other events, including actions by rating agencies and deteriorating investor expectations.

Competition in the industry could intensify as a result of the increasing consolidation of financial services companies in connection with adverse market conditions.

Independent could be required to pay significantly higher FDIC premiums if market developments significantly deplete the insurance fund of the FDIC and reduce the ratio of reserves to insured deposits.

It may become necessary or advisable for Independent, due to changes in regulatory requirements, change in market conditions, or for other reasons, to hold more capital or to alter the forms of capital it currently maintains.

Independent's securities portfolio performance in difficult market conditions could have adverse effects on Independent's results of operations.

Under Generally Accepted Accounting Principles, Independent is required to review Independent's investment portfolio periodically for the presence of other-than-temporary impairment of its securities, taking into consideration current market conditions, the extent and nature of changes in fair value, issuer rating changes and trends, volatility of earnings, current analysts' evaluations, Independent's ability and intent to hold investments until a recovery of fair value, as well as other factors. Adverse developments with respect to one or more of the foregoing factors may require

Independent to deem particular securities to be other-than-temporarily impaired, with the credit related portion of the reduction in the value recognized as a charge to Independent's earnings. Recent market volatility has made it extremely difficult to value certain of Independent's securities. Subsequent valuations, in light of factors prevailing at that time, may result in significant changes in the values of these securities in future periods. Any of these factors could require Independent to recognize further impairments in the value of Independent's securities portfolio, which may have an adverse effect on Independent's results of operations in future periods.

Table of Contents

Impairment of goodwill and/or intangible assets could require charges to earnings, which could result in a negative impact on our results of operations.

Goodwill arises when a business is purchased for an amount greater than the net fair value of its assets. Independent has recognized goodwill as an asset on the balance sheet in connection with several acquisitions. When an intangible asset is determined to have an indefinite useful life, it is not amortized, and instead is evaluated for impairment. Goodwill is subject to impairment tests annually, or more frequently if necessary, and is evaluated using a two-step impairment approach. A significant and sustained decline in Independent's stock price and market capitalization, a significant decline in Independent's expected future cash flows, a significant adverse change in the business climate, slower growth rates or other factors could result in impairment of goodwill or other intangible assets. If Independent were to conclude that a future write-down of the goodwill or intangible assets is necessary, then Independent would record the appropriate charge to earnings, which could be materially adverse to the results of operations and financial position.

Deterioration in the Federal Home Loan Bank (FHLB) of Boston's capital might restrict the FHLB of Boston's ability to meet the funding needs of its members, cause a suspension of its dividend, and cause its stock to be determined to be impaired.

Significant components of Rockland Trust's liquidity needs are met through its access to funding pursuant to its membership in the FHLB of Boston. The FHLB is a cooperative that provides services to its member banking institutions. The primary reason for joining the FHLB is to obtain funding from the FHLB of Boston. The purchase of stock in the FHLB is a requirement for a member to gain access to funding. Any deterioration in the FHLB's performance may affect Independent's access to funding and/or require Independent to deem the required investment in FHLB stock to be impaired.

Reductions in the value of Independent's deferred tax assets could affect earnings adversely.

A deferred tax asset is created by the tax effect of the differences between an asset's book value and its tax basis. Independent assesses the deferred tax assets periodically to determine the likelihood of Independent's ability to realize their benefits. These assessments consider the performance of the associated business and its ability to generate future taxable income. If the information available to Independent at the time of assessment indicates there is a greater than 50% chance that Independent will not realize the deferred tax asset benefit, Independent is required to establish a valuation allowance for it and reduce its future tax assets to the amount Independent believes could be realized in future tax returns. Recording such a valuation allowance could have a material adverse effect on the results of operations or financial position. Additionally, the deferred tax asset is measured using enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be recovered or settled. Accordingly, a change in enacted tax rates may result in a decrease/increase to Independent's deferred tax asset.

Independent will need to keep pace with evolving information technology and guard against and react to increased cyber security risks and electronic fraud.

The potential need to adapt to changes in information technology could adversely impact Independent's operations and require increased capital spending. The risk of electronic fraudulent activity within the financial services industry, especially in the commercial banking sector due to cyber criminals targeting bank accounts and other customer information, could adversely impact Independent's operations, damage its reputation and require increased capital spending.

Independent's business depends on maintaining the trust and confidence of customers and other market participants, and the resulting good reputation is critical to its business.

Independent's ability to originate and maintain accounts is highly dependent upon the perceptions of consumer and commercial borrowers and deposit holders and other external perceptions of Independent's business practices or financial health. Independent's reputation is vulnerable to many threats that can be difficult

Table of Contents

or impossible to control, and costly or impossible to remediate. Regulatory inquiries, employee misconduct and rumors, among other things, can substantially damage Independent's reputation, even if they are baseless or satisfactorily addressed. Adverse perceptions regarding Independent's reputation in the consumer, commercial and funding markets could lead to difficulties in generating and maintaining accounts as well as in financing them and to decreases in the levels of deposits that consumer and commercial customers and potential customers choose to maintain with Independent, any of which could have a material adverse effect on Independent's business and financial results.

If Independent's risk management framework does not effectively identify or mitigate Independent's risks, Independent could suffer unexpected losses and could be materially adversely affected.

Independent's risk management framework seeks to mitigate risk and appropriately balance risk and return. Independent has established processes and procedures intended to identify, measure, monitor and report the types of risk to which its subject, including credit risk, operations risk, compliance risk, reputation risk, strategic risk, market risk and liquidity risk. Independent seeks to monitor and control its risk exposure through a framework of policies, procedures and reporting requirements. Management of Independent's risks in some cases depends upon the use of analytical and/or forecasting models. If the models used to mitigate these risks are inadequate, Independent may incur losses. In addition, there may be risks that exist, or that develop in the future, that Independent has not appropriately anticipated, identified or mitigated. If Independent's risk management framework does not effectively identify or mitigate its risks, Independent could suffer unexpected losses and could be materially adversely affected.

A significant portion of Independent's loan portfolio is secured by real estate, and events that negatively impact the real estate market could adversely affect Independent's asset quality and profitability for those loans secured by real property and increase the number of defaults and the level of losses within Independent's loan portfolio.

The real estate collateral in each case provides an alternate source of repayment in the event of default by the borrower and could deteriorate in value during the time the credit is extended. A downturn in the real estate market in Independent's primary market areas could result in an increase in the number of borrowers who default on their loans and a reduction in the value of the collateral securing their loans, which in turn could have an adverse effect on Independent's profitability and asset quality. If Independent is required to liquidate the collateral securing a loan to satisfy the debt during a period of reduced real estate values, its earnings and stockholders' equity could be adversely affected. The declines in real estate prices in Independent's markets also may result in increases in delinquencies and losses in its loan portfolios. Unexpected decreases in real estate prices coupled with a prolonged economic recovery and elevated levels of unemployment could drive losses beyond that which is provided for in Independent's allowance for loan losses. In that event, Independent's earnings could be adversely affected.

Changes in accounting policies or accounting standards could cause Independent to change the manner in which it reports its financial results and condition in adverse ways and could subject Independent to additional costs and expenses.

Independent's accounting policies are fundamental to understanding its financial results and condition. Some of these policies require the use of estimates and assumptions that may affect the value of Independent's assets or liabilities and financial results. Independent identified its accounting policies regarding the allowance for loan losses, security valuations and impairments, goodwill and other intangible assets, and income taxes to be critical because they require management to make difficult, subjective and complex judgments about matters that are inherently uncertain. Under each of these policies, it is possible that materially different amounts would be reported under different conditions, using different assumptions, or as new information becomes available.

Table of Contents

From time to time, the FASB and the SEC change their guidance governing the form and content of Independent's external financial statements. In addition, accounting standard setters and those who interpret U.S. GAAP, such as the FASB, SEC, banking regulators and Independent's independent registered public accounting firm, may change or even reverse their previous interpretations or positions on how these standards should be applied. Such changes are expected to continue, and may accelerate dependent upon the FASB and International Accounting Standards Board commitments to achieving convergence between U.S. GAAP and International Financial Reporting Standards. Changes in U.S. GAAP and changes in current interpretations are beyond Independent's control, can be hard to predict and could materially impact how Independent reports its financial results and condition. In certain cases, Independent could be required to apply new or revised guidance retroactively or apply existing guidance differently (also retroactively) which may result in Independent restating prior period financial statements for material amounts. Additionally, significant changes to U.S. GAAP may require costly technology changes, additional training and personnel, and other expenses that will negatively impact Independent's results of operations.

Independent may be unable to adequately manage its liquidity risk, which could affect its ability to meet its obligations as they become due, capitalize on growth opportunities, or pay regular dividends on its common stock.

Liquidity risk is the potential that Independent will be unable to meet its obligations as they come due, capitalize on growth opportunities as they arise, or pay regular dividends on its common stock because of an inability to liquidate assets or obtain adequate funding in a timely basis, at a reasonable cost and within acceptable risk tolerances. Liquidity is required to fund various obligations, including credit commitments to borrowers, mortgage and other loan originations, withdrawals by depositors, repayment of borrowings, dividends to stockholders, operating expenses and capital expenditures. Liquidity is derived primarily from retail deposit growth and retention; principal and interest payments on loans; principal and interest payments on investment securities; sale, maturity and prepayment of investment securities; net cash provided from operations, and access to other funding sources.

Independent is subject to environmental liability risk associated with lending activities which could have a material adverse effect on its financial condition and results of operations.

A significant portion of Independent's loan portfolio is secured by real property. During the ordinary course of business, Independent may foreclose on and take title to properties securing certain loans. In doing so, there is a risk that hazardous or toxic substances could be found on these properties. If hazardous or toxic substances are found, Independent may be liable for remediation costs, as well as for personal injury and property damage. Environmental laws may require Independent to incur substantial expenses and may materially reduce the affected property's value or limit Independent's ability to use or sell the affected property. In addition, future laws or more stringent interpretations or enforcement policies with respect to existing laws may increase Independent's exposure to environmental liability. Although Independent has policies and procedures to perform an environmental review prior to originating certain commercial real estate loans, as well as before initiating any foreclosure action on real property, these reviews may not be sufficient to detect all potential environmental hazards. The remediation costs and any other financial liabilities associated with an environmental hazard could have a material adverse effect on Independent's financial condition and results of operations.

The current annualized rate of distribution on a share of Independent common stock is \$0.96 per share. After completion of this offering, subject to approval and declaration by the Independent board of directors, Independent anticipates that it will continue to declare quarterly cash dividends on shares of its common stock consistent with past practices.

Peoples expects to continue to declare quarterly cash dividends on Peoples common stock until the merger is completed, subject to terms and conditions of the merger agreement. Prior to completion of the merger, Peoples stockholders will continue to receive any regular quarterly dividends declared and paid by Peoples, at a rate not to exceed \$0.05 per share of Peoples common stock. A special dividend consistent with past years may not be paid by Peoples without the prior consent of Independent and is not expected to be paid. Holders of Peoples common stock will stop receiving cash dividends with respect to shares of Peoples common stock upon completion of the merger, when the separate corporate existence of Peoples will cease.

Unaudited Comparative Per Share Data

The table that follows presents, for both Independent and Peoples, historical information with respect to earnings, dividends and book value on a per share basis. The table also presents preliminary pro forma information for both companies on a per share basis.

The preliminary pro forma information as of and for the year ended December 31, 2013 assumes that the merger became effective on January 1, 2013 and assumes total merger consideration of approximately \$140.8 million, consisting of approximately \$57.4 million in cash and 2,131,213 shares of Independent common stock to be paid or issued to holders of Peoples common stock upon completion of the merger. The number of shares of Independent common stock was calculated based on 6,431,327 shares of Peoples common stock outstanding on December 31, 2013. Based on the closing price of Independent of \$39.12 on December 31, 2013, the value of the merger consideration to be received in exchange for one share of Peoples common stock not exchanged for \$21.00 in cash would have been \$21.61.

The preliminary pro forma information as of and for the six months ended June 30, 2014 assumes that the merger became effective on January 1, 2014 and assumes total merger consideration of approximately \$135.2 million, consisting of approximately \$55.8 million in cash and 2,068,287 shares of Independent common stock to be paid or issued to holders of Peoples common stock upon completion of the merger. The number of shares of Independent common stock was calculated based on 6,241,436 shares of Peoples common stock outstanding on June 30, 2014. Based on the closing price of Independent of \$38.38 on June 30, 2014, the value of the merger consideration to be received in exchange for one share of Peoples common stock not exchanged for \$21.00 in cash would have been \$21.20.

The preliminary pro forma equivalent per share information shown for Peoples in the following table was obtained by multiplying the pro forma per share amounts shown for Independent by the exchange ratio of 0.5523. The actual number of shares to be issued by Independent in the merger will also depend on the number of shares of Peoples common stock outstanding immediately prior to the effective date of the merger.

The preliminary pro forma financial information includes estimated adjustments to record Peoples' assets and liabilities at their respective fair values based on Independent's management's best estimate using the information available at this time. The preliminary pro forma adjustments may be revised as additional information becomes available and as additional analyses are performed. The final allocation of the purchase price will be determined after the merger is completed and after the completion of a final analysis to determine the fair values of Peoples' tangible and identifiable intangible assets and liabilities as of the closing date. The final purchase price adjustments may differ

materially from the preliminary pro forma adjustments. Increases or decreases in the fair value of certain balance sheet amounts and other items of Peoples as compared to the information presented in this document may change the amount of the purchase price allocated to goodwill and other assets and liabilities and may impact the statement of income due to adjustments in yield and/or amortization of adjusted assets and liabilities.

Table of Contents

It is anticipated that the merger will provide Independent with financial benefits, such as possible expense efficiencies and revenue enhancements, among other factors, although no assurances can be given that these benefits will actually be achieved. The impact of these benefits has not been reflected in the preliminary pro forma financial information. As required, the preliminary pro forma financial information includes adjustments that give effect to events that are directly attributable to the merger and factually supportable. As a result, any planned adjustments affecting the balance sheet, income statement, or shares of common stock outstanding subsequent to the assumed merger completion date have not been included.

The preliminary pro forma financial information is presented for illustrative purposes only and is not necessarily indicative of the financial results of the combined companies had the merger actually been completed as of or at the beginning of each period presented nor does it indicate future results for any interim or full-year period.

The information in the following table is derived from and should be read in conjunction with the historical consolidated financial statements and the notes thereto for Independent and Peoples contained in this proxy statement/prospectus or incorporated into this document by reference.

In addition, nonperforming assets decreased to \$38.6 million at the end of the third quarter of 2014, as compared to \$39.6 million in the linked quarter. Delinquency as a percentage of loans was 0.73% at September 30, 2014, consistent with prior quarter levels.

The allowance for loan losses was \$55.0 million at September 30, 2014, as compared to \$54.5 million for the prior quarter. Independent's allowance for loan losses as a percentage of loans was 1.11% at September 30, 2014 compared to 1.12% at June 30, 2014.

This proxy statement/prospectus is also being provided to you as Independent's prospectus in connection with the offer and sale by Independent of its shares of common stock as a result of the proposed merger.

Date, Time and Place of the Special Meeting

The special meeting is scheduled to be held as follows:

Date: November 25, 2014

Time: 5:00 p.m., Local Time

Place: Peoples Federal Savings Bank's main office

435 Market Street

Brighton, Massachusetts 02135

Purpose of the Special Meeting

At the special meeting, Peoples stockholders will be asked to:

approve the merger agreement and the transactions it contemplates, including the merger;

authorize the board of directors of Peoples to adjourn or postpone the special meeting if necessary to permit further solicitation of proxies in favor of the Peoples merger agreement proposal or to vote on other matters properly before the special meeting; and

approve, on a non-binding advisory basis, a resolution approving certain compensation payable to the named executive officers of Peoples in connection with the merger.

Recommendation of Peoples Board of Directors

Peoples board of directors unanimously recommends a vote FOR approval and adoption of the agreement and plan of merger, FOR approval of the proposal to authorize the board of directors of Peoples to adjourn or postpone the special meeting if necessary to permit further solicitation of proxies in favor of the Peoples merger agreement proposal or to vote on other matters properly before the special meeting and FOR approval, on a non-binding advisory basis, of a resolution approving certain compensation payable to the named executive officers of Peoples in connection with the merger.

Record Date; Shares Entitled to Vote

You are entitled to vote if the records of Peoples showed that you held shares of Peoples common stock as of the close of business on October 16, 2014. Beneficial owners of shares held in the name of a broker, bank or other nominee (street name) should instruct their recordholder how to vote their shares. As of the close of business on the record date, a total of 6,239,436 shares of Peoples common stock were outstanding. Each share of common stock has one vote on each matter presented to stockholders. If you are a beneficial owner of shares of Peoples common stock held in street name and you want to vote your shares in person at the meeting, you will have to get a written proxy in your name from the broker, bank or other nominee who holds your shares.

Quorum; Vote Required

We will have a quorum and will be able to conduct the business of the special meeting if the holders of record of shares of capital stock of Peoples entitling the holders to cast a majority of the votes entitled to be cast

Table of Contents

by the holders of shares of the capital stock of Peoples entitled to vote are present at the special meeting, either in person or by proxy.

The special meeting will conduct business only if a majority of the outstanding shares of Peoples common stock entitled to vote is represented in person or by proxy at the special meeting. If you return valid proxy instructions or attend the meeting in person, your shares will be counted for purposes of determining whether there is a quorum, even if you abstain from voting. Broker non-votes also will be counted for purposes of determining the existence of a quorum. A broker non-vote occurs when a broker, bank or other nominee holding shares of Peoples common stock for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received voting instructions from the beneficial owner.

Approval of the agreement and plan of merger will require the affirmative vote of at least a majority of the outstanding shares of Peoples common stock entitled to vote at the special meeting. **Failure to return a properly executed proxy card or to vote in person will have the same effect as a vote against the agreement and plan of merger. Broker non-votes and abstentions from voting will have the same effect as voting against the agreement and plan of merger.**

The affirmative vote of the majority of votes cast is required to approve the proposal to authorize the board of directors of Peoples to adjourn or postpone the special meeting if necessary to permit further solicitation of proxies in favor of the Peoples merger agreement proposal or to vote on other matters properly before the special meeting.

The affirmative vote of the majority of votes cast is required to approve, on a non-binding advisory basis, a resolution approving certain compensation payable to the named executive officers of Peoples in connection with the merger.

Peoples Voting Agreements

As of the record date of October 16, 2014, directors and executive officers of Peoples beneficially owned 949,196 shares of Peoples common stock. This equals 15.2% of the outstanding shares of Peoples common stock. As of the same date, neither Independent nor any its subsidiaries, directors or executive officers owned any shares of Peoples common stock. All of Peoples directors entered into voting agreements with Independent, solely in their capacities as stockholders of Peoples, to vote the 949,196 shares of Peoples common stock owned by them in favor of the proposal to approve the agreement and plan of merger. For more information about the Peoples voting agreements, see Voting Agreements.

Voting of Proxies

You may vote in person at the special meeting or by proxy. To ensure your representation at the special meeting, Peoples recommends that you vote by proxy even if you plan to attend the special meeting. You can always change your vote at the special meeting.

Peoples stockholders whose shares are held in street name by their broker, bank or other nominee must follow the instructions provided by their broker, bank, or other nominee to vote their shares. Your broker or bank may allow you to deliver your voting instructions via the telephone or the Internet. If your shares are held in street name and you wish to vote in person at the special meeting, you will have to obtain a legal proxy from your recordholder entitling you to vote at the special meeting.

Voting instructions are included on your proxy form. If you properly complete and timely submit your proxy, your shares will be voted as you have directed. If you are the record holder of your shares of Peoples common stock and

submit your proxy without specifying a voting instruction, your shares of Peoples common stock will be voted FOR the proposal to approve and adopt the agreement and plan of merger, FOR the

proposal to authorize the board of directors of Peoples to adjourn or postpone the special meeting if necessary to permit further solicitation of proxies in favor of the Peoples merger agreement proposal or to vote on other matters properly before the special meeting, and FOR the proposal to approve, on a non-binding advisory basis, a resolution approving certain compensation payable to the named executive officers of Peoples in connection with the merger. If you return an incomplete instruction card to your broker, bank or other nominee, that nominee will not vote your shares with respect to any matter.

How to Revoke Your Proxy

You may revoke your proxy at any time before it is voted by:

filing with the Corporate Secretary of Peoples a duly executed revocation of proxy;

submitting a new proxy with a later date; or

voting in person at the special meeting.

Attendance at the special meeting will not, in and of itself, constitute a revocation of a proxy. All written notices of revocation and other communication with respect to the revocation of proxies should be addressed to:

Peoples Federal Bancshares, Inc.

Myron Fox, Corporate Secretary

435 Market Street

Brighton, Massachusetts 02135

Voting in Person

If you plan to attend the Peoples special meeting and wish to vote in person, you will be given a ballot at the special meeting. Please note, however, that if your shares are held of record by a broker, bank, or other nominee and you wish to vote at the Peoples special meeting, you must bring additional documentation from the broker, bank, or other nominee in order to vote your shares. Whether or not you plan to attend the Peoples special meeting, Peoples requests that you complete, sign, date, and return the enclosed proxy card as soon as possible in the enclosed postage-paid envelope, or submit a proxy through the Internet or by telephone as described on the enclosed proxy card. This will not prevent you from voting in person at the Peoples special meeting but will assure that your vote is counted if you are unable to attend.

Abstentions and Broker Non-Votes

If you return valid proxy instructions or attend the meeting in person, we will count your shares for purposes of determining whether there is a quorum, even if you abstain from voting. Broker non-votes, if any, also will be counted for purposes of determining the existence of a quorum. On the proposal to approve the agreement and plan of merger, broker non-votes and abstentions from voting will have the same effect as voting against the agreement and plan of

merger. In counting votes on (i) the proposal to approve the authorization of the board of directors of Peoples to adjourn or postpone the special meeting if necessary to permit further solicitation of proxies in favor of the Peoples merger agreement proposal or to vote on other matters properly before the special meeting and (ii) the proposal to approve, on a non-binding advisory basis, a resolution approving certain compensation payable to the named executive officers of Peoples in connection with the merger, abstentions and broker non-votes will have no effect on the outcome of the vote.

Proxy Solicitation

Peoples is soliciting your proxy. Peoples will pay for this proxy solicitation. In addition to soliciting proxies by mail, Laurel Hill Advisory Group, LLC, a proxy solicitation firm, will assist Peoples in soliciting proxies for the special meeting. Peoples will pay \$6,000 for these services. Additionally, directors, officers and employees of Peoples and Peoples Federal Savings Bank may solicit proxies personally and by telephone. None of these

persons will receive additional or special compensation for soliciting proxies. Peoples will, upon request, reimburse brokers, banks and other nominees for their expenses in sending proxy materials to their customers who are beneficial owners and obtaining their voting instructions.

Dissenters Rights of Appraisal

Under applicable Maryland law, the holders of Peoples common stock are not entitled to dissenters rights of appraisal in connection with the merger.

Stock Certificates

You should not send in any certificates representing Peoples common stock at this time. If the merger is approved, you will receive separate instructions for the exchange of your certificates representing Peoples common stock. For more information regarding these instructions, please see the section in this document titled The Merger Agreement Exchange of Peoples Stock Certificate for Independent Certificates beginning on page 65 of this document.

PROPOSAL NO. 1

APPROVAL OF THE AGREEMENT AND PLAN OF MERGER

At the Peoples special meeting, stockholders will consider and vote on a proposal to approve the agreement and plan of merger. Details about the merger, including each party s reasons for the merger, the effect of approval of the agreement and plan of merger and the timing of effectiveness of the merger, are discussed in the section entitled The Merger beginning on page 38 of this document.

Approval of the merger proposal requires the presence of a quorum and the affirmative vote of the holders of at least a majority of the outstanding shares of common stock of Peoples entitled to vote at the special meeting.

Peoples board of directors unanimously recommends that Peoples stockholders vote FOR approval and adoption of the agreement and plan of merger and the merger.

PROPOSAL NO. 2

AUTHORIZATION OF THE BOARD OF DIRECTORS OF PEOPLES TO ADJOURN OR POSTPONE THE SPECIAL MEETING IF NECESSARY TO PERMIT FURTHER SOLICITATION OF PROXIES IN FAVOR OF THE PEOPLES MERGER AGREEMENT PROPOSAL OR TO VOTE ON OTHER MATTERS PROPERLY BEFORE THE SPECIAL MEETING

Peoples is submitting a proposal for consideration at the Peoples special meeting to authorize the named proxies to authorize the board of directors of Peoples to adjourn or postpone the special meeting if necessary to permit further solicitation of proxies in favor of the Peoples merger agreement proposal or to vote on other matters properly before the special meeting. Even though a quorum may be present at the Peoples special meeting, it is possible that Peoples may not have received sufficient votes to approve the Peoples merger agreement proposal by the time of the meeting. In that event, the board of directors of Peoples would need to adjourn the Peoples special meeting in order to solicit additional proxies. This proposal relates only to authorization of the board of directors of Peoples to adjourn or postpone the special meeting if necessary to permit further solicitation of proxies in favor of the Peoples merger agreement proposal or to vote on other matters properly before the special meeting. If the Peoples special meeting is adjourned for less than 30 days, Peoples is not required to give notice of the time and place of the adjourned meeting

if the new time and place is

Table of Contents

announced at the special meeting before adjournment, unless the board of directors of Peoples fixes a new record date for the Peoples special meeting.

The vote required to approve this proposal is the affirmative vote of a majority of the votes cast on the proposal. Abstentions and broker non-votes will have no effect on the outcome of voting on this proposal.

Peoples board of directors unanimously recommends that Peoples stockholders vote FOR authorization of the board of directors of Peoples to adjourn or postpone the special meeting if necessary to permit further solicitation of proxies in favor of the Peoples merger agreement proposal or to vote on other matters properly before the special meeting.

PROPOSAL NO. 3

APPROVAL, ON A NON-BINDING ADVISORY BASIS, OF A RESOLUTION APPROVING CERTAIN COMPENSATION PAYABLE TO THE NAMED EXECUTIVE OFFICERS OF PEOPLES IN CONNECTION WITH THE MERGER

In accordance with the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, or the Dodd-Frank Act, and pursuant to Section 14A of the Exchange Act, Peoples is providing its stockholders with an opportunity to cast an advisory vote to approve certain compensation payable to its named executive officers, Maurice H. Sullivan, Jr., Thomas J. Leetch, Jr., James J. Gavin, and Christopher Lake, in connection with the proposed merger payable pursuant to arrangements entered into with Peoples or Independent as disclosed in this proxy statement/prospectus. Peoples is asking its stockholders to adopt the following resolution at the special meeting:

RESOLVED, that the stockholders of Peoples approve, on an advisory basis, the compensation that may become payable by Peoples to its named executive officers as disclosed pursuant to Item 402(t) of Regulation S-K in The Merger Interests of Peoples Executive Officers and Directors in the Merger.

The descriptions of the payments contained in the section entitled The Merger Interests of Peoples Executive Officers and Directors in the Merger including in the subsection entitled Compensation of Peoples Named Executive Officers in Connection with the Merger is intended to comply with Item 402(t) of Regulation S-K, which requires disclosure of information about compensation of each Peoples named executive officer in connection with the merger and that will or may become payable to the named executive officer either by Peoples or by Independent. Peoples is asking its stockholders to approve, on a non-binding advisory basis, such compensation to the extent that it is payable by Peoples.

The vote on this proposal is a vote separate and apart from the vote to approve the merger agreement. You may vote to approve the merger agreement and vote not to approve this proposal on executive compensation in connection with the proposed merger and vice versa. Because the vote is advisory in nature only, it will not be binding on either Peoples or Independent regardless of whether the proposed merger is completed. Accordingly, as the compensation to be paid in connection with the proposed merger is contractual with respect to the named executive officers, regardless of the outcome of this advisory vote, such compensation will be payable, subject only to the conditions applicable thereto, if the proposed merger is completed. The vote required to approve this proposal is the affirmative vote of a majority of the votes cast on the proposal. Abstentions and broker non-votes will have no effect on the outcome of voting on this proposal.

Peoples board of directors unanimously recommends that Peoples stockholders vote FOR approval of the advisory resolution on the compensation that may be received by Peoples named executive officers in

connection with the proposed merger.

THE MERGER

The discussion in this proxy statement/prospectus of the merger and the principal terms of the merger agreement are subject to, and are qualified in their entirety by reference to, the merger agreement, a copy of which is attached to this proxy statement/prospectus as Annex A and is incorporated into this proxy statement/prospectus by reference.

General

The merger is structured as a 60% stock and 40% cash transaction. Under the terms and conditions set forth in the merger agreement, Peoples will merge with and into Independent, with Independent surviving the merger. At the effective time of the merger, each share of Peoples common stock outstanding immediately prior to the effective time will, by virtue of the merger and without any action on the part of the stockholder, be converted into the right to receive either (i) \$21.00 in cash or (2) 0.5523 of a share of Independent common stock. The exchange ratio may be adjusted to reflect the effect of any stock split, split-up, reverse stock split, stock dividend, reorganization, recapitalization, reclassification, or other similar change with respect to the common stock of Independent or Peoples that occurs before the merger. Independent will not issue any fractional shares of its common stock in the merger, but will instead pay cash (determined on the basis of the volume weighted average closing price of Independent common stock on the NASDAQ Global Select Market for the five trading days ending on the fifth trading day immediately preceding the completion of the merger) for any fractional share a Peoples stockholder would otherwise receive after aggregating all of his or her shares.

Peoples stockholders will be able to elect to receive cash, Independent common stock, or a combination of cash and Independent common stock for their shares of Peoples common stock. Regardless of a Peoples stockholder's choice, however, elections will be limited by the requirement that 60% of Peoples common stock be converted into Independent common stock and 40% be exchanged for cash. Therefore, the allocation of cash and Independent common stock that a Peoples stockholder will receive will depend on the elections of other Peoples stockholders. The allocation of the consideration payable to Peoples stockholders will not be known until the exchange agent tallies the results of the cash/stock elections made by Peoples stockholders. If a Peoples stockholder does not make an election, the type of consideration such stockholder will receive will depend on the consideration elected by other Peoples stockholders.

All outstanding unvested Peoples stock options and unvested shares of restricted Peoples common stock will become fully vested immediately prior to the effective time of the merger. Peoples options will be cancelled upon consummation of the merger, and each option holder will receive a cash payment upon such cancellation in an amount equal to the product of (i) the number of shares of Peoples common stock provided for by such option and (ii) the excess, if any, of the per share cash consideration of \$21.00 over the exercise price of such option. All shares of accelerated restricted stock will be treated as outstanding Peoples shares for all purposes under the merger agreement, including for purposes of the holders' right to receive the merger consideration.

Based on the number of shares of Peoples common stock outstanding on August 5, 2014, it is expected that approximately 2,068,287 shares of Independent common stock will be issued to Peoples stockholders in connection with the merger, which would represent approximately 8.0% of the outstanding Independent common stock (based on the number of shares of Independent common stock outstanding as of August 5, 2014 and the number of shares of Independent common stock to be issued to Peoples stockholders in connection with the merger).

Background of the Merger

Since the completion of its conversion in 2010, the Peoples and Peoples Federal Savings Bank's boards of directors have regularly discussed and reviewed Peoples and Peoples Federal Savings Bank's business, performance, and prospects, and considered Peoples and Peoples Federal Savings Bank's strategic options.

Table of Contents

From time to time, Peoples through its executive officers have had general discussions with other financial institutions regarding the possibility at some time in the future of a potential affiliation and have met with representatives from Sandler O Neill and other investment banking institutions to discuss the overall market, including the market for mergers and acquisitions.

On March 18, 2014, Chairman and Chief Executive Officer Maurice H. Sullivan, Jr. convened Messrs. Thomas J. Leetch, Jr., William Giudice, and Randolph Berry, and executive officers Christopher Lake and James Gavin, to act as a working group to meet with representatives of Sandler O Neill to discuss the process and procedures for Peoples and Peoples Federal Savings Bank's boards of directors to explore potential strategic alternatives. At that meeting, Chairman Sullivan and Messrs. Leetch, Giudice, Berry, Lake, and Gavin held a teleconference with representatives of Sandler O Neill and Peoples' legal counsel to discuss the potential process for Peoples to explore strategic alternatives and the procedures involved in such a process should Peoples and Peoples Federal Savings Bank's board of directors determine to explore strategic alternatives, including a potential merger transaction. During that meeting, representatives of Sandler O Neill provided the members of the working group with an overview of the current mergers and acquisitions market and Sandler O Neill's assessment of potential business combination partners for Peoples. As a part of those discussions, representatives of Sandler O Neill discussed the operating environment faced by Peoples and similarly situated bank holding companies, the potential strategic alternatives available, and details of the present bank mergers and acquisitions environment. Chairman Sullivan concluded the teleconference with Sandler O Neill and Messrs. Sullivan, Leetch, Giudice, Berry, Lake and Gavin attended the regular scheduled meeting of Peoples and Peoples Federal Savings Bank's boards of directors which took place that afternoon.

At the regular meeting of Peoples and Peoples Federal Savings Bank's boards of directors held during the afternoon on March 18, 2014, Peoples and Peoples Federal Savings Bank's boards of directors ratified Chairman Sullivan's nomination of himself and Messrs. Leetch, Giudice, Berry, Lake, and James Gavin to act as a working group to investigate the possibility of Peoples entering into a strategic transaction with another financial institution. At the March 18, 2014 meeting of the boards of directors, Chairman Sullivan was authorized to commence discussions and negotiations to retain Sandler O Neill as an investment banking firm to provide independent financial advice to Peoples, survey potential partners, and assist Peoples and Peoples Federal Savings Bank's boards of directors in exploring strategic alternatives. Following discussion, it was the consensus of the boards of directors that it would be in the best interests of Peoples, Peoples Federal Savings Bank and their stockholders, and other constituencies to solicit indications of interest from potentially interested parties to engage in a business combination with Peoples. The boards of directors authorized Sandler O Neill when retained to prepare a confidential information memorandum regarding Peoples and to contact three identified potentially interested financial institutions and to seek to obtain signed confidentiality agreements from them. Peoples retained Sandler O Neill by letter dated May 13, 2014. The boards of directors also authorized and directed Messrs. Sullivan and Leetch to retain the legal services of Bingham McCutchen LLP as legal counsel to Peoples' board of directors as it explored potential strategic alternatives.

Upon adjourning the meeting of Peoples and Peoples Federal Savings Bank's boards of directors held on March 18, 2014, Chairman Sullivan and Messrs. Leetch, Giudice, Berry, Lake, and Gavin reconvened a teleconference with representatives from Sandler O Neill and instructed the representatives from Sandler O Neill to contact Independent and two other financial institutions that were potentially interested in exploring a strategic alliance with Peoples.

During the week of May 19, 2014, Sandler O Neill contacted Independent and the two other potentially interested financial institutions. On May 23, 2014, Independent and two other financial institutions executed confidentiality agreements with an effective date of May 21, 2014. On May 29, 2014, Sandler O Neill circulated a confidential information memorandum to the three financial institutions that executed confidentiality agreements. The financial institutions, including Independent, were instructed to submit preliminary indications of interest by June 12, 2014.

Table of Contents

On June 12, 2014, Independent sent a preliminary written indication of interest for a merger with Peoples to Sandler O'Neill. In its letter, Independent proposed that 65% of outstanding Peoples shares would be exchanged for Independent shares at a fixed exchange ratio of 0.5260 of an Independent share for each Peoples share and the remaining 35% of outstanding Peoples shares will be exchanged for \$20.00 per share in cash. Independent's June 12, 2014 letter also indicated that Independent was willing to discuss appointing a representative from Peoples' board of directors to the Independent board of directors in connection with the transaction. One of the other financial institutions also submitted a preliminary written indication of interest for a merger with Peoples that provided for an all-stock, fixed exchange ratio transaction valued at \$20.00 per share, and indicated its willingness to appoint one Peoples representative to its board of directors. The third financial institution declined to submit an indication of interest. Sandler O'Neill contacted both interested financial institutions that submitted indications of interest and asked each of them to consider improving its respective indication of interest prior to Sandler O'Neill's presentation of such indications of interest to the boards of directors on June 17, 2014. Independent, through its financial advisor, indicated that it was willing to improve its indication of interest by increasing its exchange ratio to 0.5392 and the cash component to \$20.50. The other bidder informed Sandler O'Neill that its indication of interest represented its best proposal.

At regularly scheduled concurrent meetings of Peoples' board of directors and Peoples Federal Savings Bank's board of directors held on June 17, 2014, legal counsel presented to the Peoples and Peoples Federal Savings Bank's boards of directors a summary of their fiduciary duties and responsibilities in the context of a business combination transaction. Sandler O'Neill presented to the boards of directors a summary of the process which led to the receipt of the two indications of interest received and the financial and other material terms of the indications of interest. Sandler O'Neill reviewed with the boards of directors comparable precedent transactions and detailed financial information relating to each of the financial institutions submitting the indications of interest. In addition, Sandler O'Neill presented alternative strategies to the boards of directors, including: proceeding with one or both of the interested parties; requesting improvement of the consideration offered; expanding the process to a larger group of potential merger parties; or, terminating the process and continuing to operate as an independent institution. The boards of directors engaged in a lengthy discussion regarding the indications of interest as well as a detailed review of other financial organizations in the marketplace that might possibly be interested in a potential business combination with Peoples.

Following discussion and deliberation, it was the consensus of the boards of directors that it would be in the best interests of Peoples, Peoples Federal Savings Bank and their stockholders and other constituencies to proceed with due diligence with Independent and pursue a combination with Independent if Independent was willing to increase its stock/cash offer to \$21 per share. Sandler O'Neill contacted Independent immediately following the meeting and, on June 18, 2014, Independent indicated it was willing to increase its offer in the context of a 60%/40% stock/cash merger if Peoples would agree to a period of exclusivity in which to complete due diligence and negotiate a merger agreement. Independent subsequently submitted a revised written indication of interest, which, in addition to other customary terms and conditions, provided for a transaction with a consideration structure in which 40% of the consideration would be in cash at \$21.00 per share and 60% of the consideration would be in stock at a fixed exchange ratio of 0.5523 of a share. Independent's June 18, 2014 letter also confirmed that Independent was willing to appoint one current Peoples director to Independent's board of directors in connection with the transaction. Given that Independent's offer was financially superior to the other bidder's offer and that the other bidder had indicated that its \$20.00 per share indication of interest was its best proposal, the working group of the board of directors of Peoples directed management to grant Independent a 30-day period of exclusivity and continue negotiations with Independent.

On June 18, 2014, Independent and Peoples entered into an exclusivity agreement effective until the earlier of July 18, 2014 or the termination date of the exclusivity agreement. During the course of the due diligence investigation, Independent and Peoples extended the term of the exclusivity agreement through July 31, 2014.

On or about June 18, 2014, Peoples granted Independent access to a secure on-line electronic data room which contained due diligence information about Peoples.

Table of Contents

On June 19, 2014, Independent held a regular meeting of its board of directors, at which the potential transaction with Peoples was discussed.

Independent conducted an on-site loan due diligence review of Peoples on June 30, 2014, July 1, 2014, and July 2, 2014, during which Independent representatives met with Peoples' management to review loan files and discuss credit, recent trends, and business prospects.

On July 2, 2014, Peoples and Independent entered into a confidentiality agreement to protect any information which Independent would provide to Peoples in response to due diligence requests. On or about July 5, 2014, Independent granted Peoples access to a secure on-line electronic data room which contained due diligence information about Independent. On July 8, 2014, Peoples and its representatives conducted a one-day on-site loan due diligence review of Independent.

Peoples conducted an on-site due diligence review of Independent on July 11, 2014, during which Peoples representatives met with Independent's management to discuss Independent's business, results of operations, and business prospects.

On July 17, 2014, Independent held a regular meeting of its board of directors, at which the potential transaction with Peoples was discussed.

From July 3, 2014 until August 4, 2014, Peoples and Independent negotiated the terms of the merger agreement and the ancillary documents and Peoples and Independent continued their due diligence investigations of each other.

During the afternoon of August 5, 2014, Peoples and Peoples Federal Savings Bank's boards of directors held concurrent special meetings to consider the definitive merger agreement and ancillary documents, which was also attended by representatives of Sandler O'Neill and legal counsel. Legal counsel reviewed in detail with the board of directors the proposed definitive merger agreement and all related documents, copies of which were delivered to each director before the meeting. Sandler O'Neill then reviewed in detail with the boards of directors the financial aspects of the proposed transaction and delivered its opinion to Peoples' board of directors stating that the merger consideration as proposed was fair to Peoples' stockholders from a financial point of view. The board of directors considered this opinion carefully, as well as Sandler O'Neill's experience, qualifications, and interest in the proposed transaction, namely that Sandler O'Neill's compensation was contingent upon the closing of the proposed transaction, as is customary of investment banks. After these presentations, executive management recommended approval of the merger to Peoples' board of directors. Following discussion, Peoples and Peoples Federal Savings Bank's boards of directors unanimously approved the merger agreement and authorized and directed management to execute and deliver the merger agreement, related bank merger agreement and ancillary documents.

Also during the afternoon of August 5, 2014, Independent's board of directors held a special meeting to consider the definitive merger agreement and ancillary documents, which was also attended by representatives of Independent's investment banker, Keefe, Bruyette & Woods, Inc. (KBW). Independent's assistant general counsel reviewed in detail with the board of directors the proposed definitive merger agreement and all related documents, copies of which were delivered to each director before the meeting. Independent's management then described, in detail, the strategic rationale for and anticipated financial impact of the transaction. KBW then reviewed, in detail, with the board of directors the financial aspects of the proposed transaction and delivered its opinion stating that the merger consideration was fair, from a financial point of view, to Independent. The board of directors considered KBW's opinion carefully, as well as KBW's experience, qualifications, and interest in the proposed transaction, namely that KBW's compensation was contingent upon the closing of the proposed transaction, as is customary of investment banks. Independent's management then presented a transaction risk assessment to the board of directors. After these

presentations, management recommended approval of the transaction. Following extensive discussion, Independent's board of directors unanimously approved the merger agreement and authorized and directed management to execute and deliver the merger agreement, related bank merger agreement, and ancillary documents.

After the close of the trading markets on August 5, 2014, Peoples and Independent issued a joint press release announcing the approval, adoption, and execution of the merger agreement.

Recommendation of Peoples Board of Directors

Peoples board of directors has unanimously approved the merger agreement and unanimously recommends that Peoples stockholders vote FOR the approval of the merger agreement and the merger.

Peoples Reasons for the Merger

In approving the merger agreement, Peoples board of directors consulted with Sandler O'Neill regarding the financial aspects and the fairness of the consideration to be paid to stockholders of Peoples in the transaction from a financial point of view and with Peoples legal counsel as to the board of directors fiduciary duties and the terms of the merger agreement. In arriving at its decision to approve the merger agreement, the board of directors also considered a number of factors, including:

The value of the consideration offered by Independent was commensurate with the prices paid in recent comparable transactions and, based on an indicated value of \$21.00 per share, represented a 15.3% premium over the closing market price of Peoples common stock on August 4, 2014, the last trading day before the date of the merger agreement.

Peoples stockholders will have the opportunity to elect to receive Independent common stock in exchange for their shares of Peoples common stock subject to the allocation restrictions, enabling them to participate in any growth opportunities of the combined company.

Independent currently pays a quarterly cash dividend of \$0.24 per share (or an implied annualized dividend for those electing and receiving stock of \$0.53 per share based on the exchange ratio of 0.5523 of an Independent share for each Peoples share), compared to Peoples current quarterly cash dividend of \$0.05 per share and special year-end dividend of \$0.25 per share (or implied annualized dividend of \$0.45 per share).

The results that Peoples could expect to obtain by continuing to operate independently and the likely benefits of continued independent operation to Peoples stockholders, compared to the value of the merger consideration offered by Independent.

The perceived risks to stockholder value presented by continued independent operations, including risks relating to the inherent uncertainties about future growth, performance, and economic conditions.

Information concerning the business, earnings, operations, financial condition and prospects of Peoples and Independent, both individually and as a combined company, and the likelihood of the transaction receiving the requisite regulatory approvals in a timely manner and without imposition of burdensome conditions.

Independent's track record of successfully completing acquisition transactions and integrating the operations of the acquired companies.

The opinion rendered by Sandler O'Neill that, as of August 5, 2014, the merger consideration was fair to Peoples' stockholders from a financial point of view.

The terms of the merger agreement and the structure of the merger, including that the merger is intended to qualify as a transaction of a type that is generally tax-free for U.S. federal income tax purposes.

The effect of the merger on Peoples Federal Savings Bank's depositors, customers, and the communities served by Peoples Federal Savings Bank, as well as its effect on Peoples Federal Savings Bank's employees. Peoples deems the merger with Independent to be an opportunity to provide depositors, customers, and the communities served by Peoples Federal Savings Bank with increased

financial services and increased access to those services through more branch offices. Peoples also considered the opportunities for career advancement in a larger organization that would be available to Peoples employees who continue employment with the combined company after the merger and the severance benefits provided for in the merger agreement for any Peoples employees who do not continue employment with the combined company.

Peoples board of directors also considered potential risks associated with the merger in connection with its decision to approve the merger agreement, including that other parties that might be interested in proposing a transaction with Peoples could be discouraged from doing so given the terms of the merger agreement generally prohibiting Peoples from soliciting, engaging in discussions or providing information regarding an alternative transaction, requiring Peoples to pay a termination fee to Independent under certain circumstances, and requiring Peoples executive officers and directors to execute agreements requiring them to vote in favor of the merger with Independent, all of which Independent required in order that it agree to enter into the merger agreement.

The foregoing discussion of the information and factors considered by Peoples board of directors is not exhaustive, but includes the material factors that Peoples and Peoples Federal Savings Bank's boards of directors considered and discussed in approving and recommending the merger. In view of the wide variety of factors considered and discussed by Peoples and Peoples Federal Savings Bank's boards of directors in connection with their evaluation of the merger and the complexity of these factors, the boards of directors did not quantify, rank or assign any relative or specific weight to the foregoing factors, rather it considered all of the factors as a whole. The boards of directors discussed the foregoing factors, including asking questions of Peoples management and legal and financial advisors, and reached general consensus that the merger was in the best interests of Peoples and its stockholders, Peoples Federal Savings Bank and its sole stockholder and the other constituencies of Peoples and Peoples Federal Savings Bank. In considering the foregoing factors, individual directors may have assigned different weights to different factors. The boards of directors did not undertake to make any specific determination as to whether any factor, or particular aspect of any factor, supported or did not support its ultimate decision to approve the merger agreement and the merger. The foregoing explanation of the reasoning of Peoples and Peoples Federal Savings Bank's boards of directors and all other information presented in this section is forward-looking in nature and, therefore, should be read in light of the cautionary statements set forth in Forward-Looking Statements on page 23.

Opinion of Peoples Financial Adviser

By letter dated May 13, 2014, Peoples retained Sandler O'Neill to act as financial advisor to Peoples board of directors in connection with the Company's consideration of a possible business combination involving Peoples and a second party. Sandler O'Neill is a nationally recognized investment banking firm whose principal business specialty is financial institutions. In the ordinary course of its investment banking business, Sandler O'Neill is regularly engaged in the valuation of financial institutions and their securities in connection with mergers and acquisitions and other corporate transactions. Sandler O'Neill was also generally familiar with Peoples, having acted as offering agent for Peoples in connection with its initial public offering in 2010.

Sandler O'Neill acted as financial advisor to Peoples in connection with the proposed transaction and participated in certain of the negotiations leading to the execution of the merger agreement. At the August 5, 2014 meeting at which Peoples board of directors considered and approved the merger agreement, Sandler O'Neill delivered to the board of directors its written opinion that, as of such date, the merger consideration was fair to the holders of Peoples common stock from a financial point of view. Sandler O'Neill's fairness opinion was approved by Sandler O'Neill's Fairness Opinion Committee. **The full text of Sandler O'Neill's opinion is attached as Annex B to this proxy statement/prospectus. The opinion outlines the procedures followed, assumptions made, matters considered and qualifications and limitations on the review undertaken by Sandler O'Neill in rendering its opinion. The description of the opinion set forth below is qualified in its entirety by reference to the full text of the opinion.**

Holders of Peoples common stock are urged to read the entire opinion carefully in connection with their consideration of the proposed merger.

Sandler O Neill s opinion speaks only as of the date of the opinion and was necessarily based on financial, economic, market and other conditions as they existed on, and the information made available to Sandler O Neill as of, that date. Events occurring or information available after that date could materially affect its opinion. Sandler O Neill has not undertaken to update, revise, reaffirm or withdraw its opinion or otherwise comment upon events occurring after the date of its opinion. The opinion was directed to Peoples board of directors and is directed only to the fairness of the merger consideration to the holders of Peoples common stock from a financial point of view. It does not address the underlying business decision of Peoples to engage in the merger or any other aspect of the merger and is not a recommendation to any holder of Peoples common stock as to how such stockholder should vote at the special meeting with respect to the merger, the form of consideration a stockholder should elect in the merger or any other matter. Sandler O Neill did not express any opinion as to the fairness of the amount or nature of the compensation to be received in the merger by Peoples officers, directors or employees, or class of such persons, relative to the per share consideration to be received by Peoples stockholders.

In connection with rendering its opinion, Sandler O Neill reviewed and considered, among other things:

the merger agreement;

certain publicly available financial statements and other historical financial information of Peoples that they deemed relevant, including a draft of Peoples Quarterly Report on Form 10-Q for the quarter ended June 30, 2014;

certain publicly available financial statements and other historical financial information of Independent that they deemed relevant;

budget information for the fiscal year ending September 30, 2014 prepared by Peoples management and guidance from senior management of Peoples for the years thereafter, management having advised them that no detailed projections for periods subsequent to the fiscal year ending September 30, 2014 were available;

publicly available analyst earnings estimates for Peoples for the fiscal years ending September 30, 2014 and 2015;

publicly available analyst earnings estimates for Independent for the years ending December 31, 2014 and 2015;

the pro forma financial impact of the merger on Independent based on assumptions relating to transaction expenses, purchase accounting adjustments, cost savings and other synergies as determined by the senior management of Independent and discussed with Peoples senior management;

a comparison of certain financial and other information, including stock trading information, for Peoples and Independent with similar publicly available information for certain other publicly traded thrift institutions and commercial banks, respectively;

the financial terms of certain other recent merger and acquisition transactions in the banking sector;

the current market environment generally and the banking environment in particular; and

such other information, financial studies, analyses and investigations and financial, economic and market criteria as they considered relevant.

Sandler O Neill also discussed with certain members of the senior management of Peoples the business, financial condition, results of operations and prospects of Peoples and held similar discussions with the senior management of Independent regarding the business, financial condition, results of operations and prospects of Independent.

In performing its reviews and analyses and in rendering its opinion, Sandler O Neill relied upon the accuracy and completeness of all of the financial and other information that was available to them from public sources, that was provided to them by Peoples and Independent or their respective representatives or that was

otherwise reviewed by them and they assumed such accuracy and completeness for purposes of rendering its opinion. Sandler O'Neill further relied on the assurances of senior management of each of Peoples and Independent that they are not aware of any facts or circumstances that would make any of such information inaccurate or misleading in any material respect. Sandler O'Neill was not asked to, and did not, undertake an independent verification of any of such information and did not assume any responsibility or liability for the accuracy or completeness thereof. Sandler O'Neill did not make an independent evaluation or appraisal of the specific assets, the collateral securing assets or the liabilities (contingent or otherwise) of Peoples or Independent or any of their respective subsidiaries. Sandler O'Neill did not review any individual credit files of Peoples or Independent or make an independent evaluation of the adequacy of the allowance for loan losses of Peoples or Independent, and assumed, with Peoples' consent, that the respective allowances for loan losses for both Peoples and Independent were adequate to cover any such losses.

In preparing its analyses, Sandler O'Neill used publicly available earnings estimates and guidance from senior management of Peoples, which senior management of Peoples confirmed reflected the best judgments of management of the future financial performance of Peoples. With respect to Independent, Sandler O'Neill used publicly available earnings estimates as discussed with the senior management of Independent. Sandler O'Neill also received and used in its analyses certain projections of transaction costs, purchase accounting adjustments and expected cost savings which were prepared by and/or reviewed with senior management of Independent. With respect to these projections, Sandler O'Neill assumed that they had been reasonably prepared on a basis reflecting the best currently available estimates and judgments of such management, and Sandler O'Neill assumed that such performance would be achieved. Sandler O'Neill expressed no opinion as to such estimates or projections or the assumptions on which they were based. Sandler O'Neill also assumed that there had been no material change in the respective assets, financial condition, results of operations, business or prospects of Peoples or Independent since the date of the most recent financial data made available to them as of the date of their opinion.

Sandler O'Neill assumed in all respects material to its analysis that Peoples and Independent will remain as going concerns for all periods relevant to its analyses, that the parties to the merger agreement will comply with all material terms of the merger agreement, that all of the representations and warranties contained in the merger agreement are true and correct, that each party to the merger agreement will perform all of the covenants required to be performed by such party under the agreement and that the conditions precedent in the merger agreement will not be waived, that no delay, limitation, restriction or condition will be imposed that would have an adverse effect on Peoples, Independent or the merger, and that the merger will be consummated in accordance with the terms of the Agreement without any waiver, modification or amendment of any material term, condition or agreement thereof and in compliance with all applicable laws and other requirements. Finally, with Peoples' consent, Sandler O'Neill relied upon the advice Peoples received from its legal, accounting and tax advisors as to all legal, accounting and tax matters relating to the merger and the other transactions contemplated by the merger agreement. Sandler O'Neill expressed no opinion as to any such matters.

In rendering its opinion, Sandler O'Neill performed a variety of financial analyses. The summary below is not a complete description of all the analyses underlying Sandler O'Neill's opinion or the presentation made by Sandler O'Neill to Peoples' board of directors, but is a summary of all material analyses performed and presented by Sandler O'Neill. The summary includes information presented in tabular format. **In order to fully understand the financial analyses, these tables must be read together with the accompanying text. The tables alone do not constitute a complete description of the financial analyses.** The preparation of a fairness opinion is a complex process involving subjective judgments as to the most appropriate and relevant methods of financial analysis and the application of those methods to the particular circumstances. The process, therefore, is not necessarily susceptible to a partial analysis or summary description. Also, no company included in Sandler O'Neill's comparative analyses described below is identical to Peoples or Independent and no transaction is identical to the merger. Accordingly, an analysis of comparable companies or transactions involves complex considerations and judgments concerning differences in

financial and operating characteristics of the companies and other factors that could affect the public trading values or merger transaction values, as the case may be, of

Table of Contents

Peoples and Independent and the companies to which they are being compared. In arriving at its opinion, Sandler O Neill did not attribute any particular weight to any analysis or factor that it considered. Rather, it made qualitative judgments as to the significance and relevance of each analysis and factor. Sandler O Neill did not form an opinion as to whether any individual analysis or factor (positive or negative) considered in isolation supported or failed to support its opinions; rather, Sandler O Neill made its determination as to the fairness of the merger consideration on the basis of its experience and professional judgment after considering the results of all its analyses taken as a whole.

In performing its analyses, Sandler O Neill also made numerous assumptions with respect to industry performance, business and economic conditions and various other matters, many of which cannot be predicted and are beyond the control of Peoples, Independent and Sandler O Neill. The analyses performed by Sandler O Neill are not necessarily indicative of actual values or future results, both of which may be significantly more or less favorable than suggested by such analyses. Sandler O Neill prepared its analyses solely for purposes of rendering its opinion and provided such analyses to the Peoples board of directors at its August 5, 2014, meeting. Estimates on the values of companies do not purport to be appraisals or necessarily reflect the prices at which companies or their securities may actually be sold. Such estimates are inherently subject to uncertainty and actual values may be materially different. Accordingly, Sandler O Neill's analyses do not necessarily reflect the value of Peoples common stock or the prices at which Peoples or Independent's common stock may be sold at any time. The analyses of Sandler O Neill and its opinion were among a number of factors taken into consideration by Peoples board of directors in making its determination to approve the merger agreement and the analyses described below should not be viewed as determinative of the decision of Peoples board of directors or management with respect to the fairness of the merger.

Summary of Proposal. Sandler O Neill reviewed the financial terms of the proposed transaction. As described in the merger agreement, Peoples stockholders will receive, subject to proration, in exchange for each share of Peoples stock either: (i) 0.5523 of a share of Independent common stock or (ii) \$21.00 in cash. Using a 5-day average of Independent's stock price of \$36.62, based upon 6,241,436 common shares outstanding and options to purchase 642,735 Peoples shares with a weighted average strike price of \$15.74 per share, Sandler O Neill calculated a per share consideration of \$20.54 and aggregate consideration of approximately \$131.6 million. Based upon financial information for Peoples as or for the twelve months ended June 30, 2014, Sandler O Neill calculated the following transaction ratios:

Transaction Value / Book Value Per Share:	124%
Transaction Value / Tangible Book Value Per Share:	124%

Tangible Book Premium to Core Deposits ¹ :	7.4%
Market Premium ² :	12.7%

¹ Excludes CDs greater than \$100,000

² Based upon the closing price of Peoples common stock on August 4, 2014 of \$18.22.

The aggregate transaction value was approximately \$131.6 million, based upon 6,241,436 shares of Peoples common stock outstanding and including the implied value of options to purchase an aggregate of 642,735 shares outstanding with a weighted average exercise price of \$15.74 per share.

Net Present Value Analysis. Sandler O'Neill performed an analysis that estimated the net present value per share of Peoples common stock assuming Peoples performed in accordance with earnings estimates reviewed with management of Peoples. The analysis also assumed that Peoples' regular cash dividend remained at \$0.20 per share annually through fiscal 2018 and that Peoples continued to pay an annual special dividend of \$0.25 per share annually. No additional share repurchases were assumed. To approximate the terminal value of Peoples common stock at September 30, 2018, Sandler O'Neill applied price to earnings multiples ranging from 14.0x to 24.0x and multiples of tangible book value ranging from 80% to 130%. The terminal values were then discounted to present values using different discount rates ranging from 9.0% to 15.0% chosen to reflect different assumptions regarding required rates of return of holders or prospective buyers of Peoples' common stock. Using a 20-year normalized treasury yield of 4.00%, an equity risk premium of 5.00% and a size premium of 3.87%, Sandler O'Neill calculated a 12.87% discount rate for Peoples. As illustrated in the following tables, the analysis indicates an imputed range of values per share of Peoples common stock of \$4.63 to \$8.59 when applying multiples of earnings to the applicable amounts indicated in the Peoples projections and \$9.44 to \$18.01 when applying multiples of tangible book value to the applicable amounts indicated in the Peoples projections.

Sandler O Neill also considered and discussed with the Peoples board of directors how this analysis would be affected by changes in the underlying assumptions, including variations with respect to net income. To illustrate this impact, Sandler O Neill performed a similar analysis assuming Peoples net income varied from 20% above projections to 20% below projections. This analysis resulted in the following range of per share values for Peoples common stock, using the same price to earnings multiples of 14.0x to 24.0x.

Sandler O'Neill also performed an analysis that estimated the net present value per share of Independent common stock assuming that Independent performed in accordance with publicly available analyst earnings estimates for the years ending December 31, 2014, and 2015 and thereafter grew at an annual rate of 8%. To approximate the terminal value of Independent common stock at December 31, 2018, Sandler O'Neill applied price to earnings multiples ranging from 12.0x to 20.0x and multiples of tangible book value ranging from 140% to 225%. The terminal values were then discounted to present values using different discount rates ranging from 9.0% to 15.0% chosen to reflect different assumptions regarding required rates of return of holders or prospective buyers of Independent's common stock. As illustrated in the following tables, the analysis indicates an imputed range of values per share of Independent common stock of \$25.10 to \$50.10 when applying earnings multiples to the applicable amounts indicated in the Independent projections and \$23.46 to \$45.06 when applying multiples of tangible book value to the applicable amounts indicated in the Independent projections.

Sandler O'Neill also considered and discussed with the Peoples board of directors how this analysis would be affected by changes in the underlying assumptions, including variations with respect to net income. To illustrate this impact, Sandler O'Neill performed a similar analysis assuming Independent's net income varied

from 20% above projections to 20% below projections. This analysis resulted in the following range of per share values for Independent common stock, using the same price to earnings multiples of 12.0x to 20.0x and a discount rate of 9.20%, based on a 4.00% 20-year normalized treasury yield, a two-year beta of Independent's common stock of 1.04, and an equity risk premium of 5.00%.

In connection with its analyses, Sandler O'Neill considered and discussed with the Peoples board of directors how the present value analyses would be affected by changes in the underlying assumptions. Sandler O'Neill noted that the net present value analysis is a widely used valuation methodology, but the results of such methodology are highly dependent upon the numerous assumptions that must be made, and the results thereof are not necessarily indicative of actual values or future results.

Pro Forma Merger Analysis. Sandler O'Neill analyzed certain potential pro forma effects of the merger, based on the following: (i) the merger closes in the first calendar quarter of 2015; (ii) 60% of the outstanding shares of Peoples common stock are converted into Independent's common stock at the exchange ratio of 0.5523 and 40% of the outstanding shares of Peoples common stock are converted into cash at \$21.00 per share; (iii) all outstanding Peoples options are surrendered for a cash payment in an amount equal to the spread value between the exercise price of the option and the \$21.00 per share cash consideration; and (iv) Independent's stock price is \$36.62. Sandler O'Neill also incorporated the following assumptions as provided by Independent's financial advisor: (a) purchase accounting adjustments of a credit mark on loans equal to 1.0% of gross loans, an interest rate mark on loans equal to negative \$2.9 million and an interest rate mark on deposits equal to negative \$200,000; (b) a core deposit intangible of 1.75% of Peoples core deposits; amortized straight-line over 10 years; (c) cost savings equal to 45% of Peoples' projected non-interest expense, which would be fully realized by 2016; (d) pre-tax transaction costs and expenses of approximately \$12.0 million; and (e) an opportunity cost of cash of 2.25%. The analysis indicated that the merger would be accretive to Independent's earnings per share (excluding transaction expenses in 2015) and tangible book value per share in each of the four years ending December 31, 2018. From the perspective of a Peoples stockholder receiving stock in the merger, the analysis also indicated that the transaction would result in an approximate increase of 22.7% in annual dividends during the year ending December 31, 2015 (assuming that the regular quarterly dividends of each company remained at current rates and Peoples paid an annual special dividend of \$.25).

In connection with this analyses, Sandler O'Neill considered and discussed with the Peoples board of directors how the analysis would be affected by changes in the underlying assumptions, including the impact of final purchase accounting adjustments determined at the closing of the transaction, and noted that the actual results achieved by the

combined company may vary from projected results and the variations may be material.

Sandler O'Neill's Relationship. Sandler O'Neill acted as the financial advisor to Peoples' board of directors in connection with the merger. Sandler O'Neill has received a fee of \$150,000 in connection with the delivery of its fairness opinion, which will be credited in full against the transaction fee that becomes due and payable upon the closing of the merger. Sandler O'Neill will receive a transaction fee equal to 0.65% of the aggregate

Table of Contents

consideration paid in connection with the merger, contingent on the closing of the merger. Based on the closing price of Independent's common stock on October 16, 2014, the transaction fee is approximately \$839,684, net of the fairness opinion fee credit. Peoples has also agreed to reimburse Sandler O'Neill for its reasonable out-of-pocket expenses incurred in connection with its engagement and to indemnify Sandler O'Neill and its affiliates and their respective partners, directors, officers, employees and agents against certain expenses and liabilities, including liabilities under applicable federal or state law.

In the past, Sandler O'Neill has provided certain other investment banking services for Peoples and has received compensation for such services, most recently in connection with Peoples' offering of common stock in connection with its conversion from mutual to stock form in July 2010. In addition, as Sandler O'Neill advised the Peoples board of directors in connection with its retention for this engagement, Sandler O'Neill has in the past provided certain investment banking services to Independent and has received compensation for such services and may provide, and receive compensation for, such services in the future. In the two years prior to its May 13, 2014 retention by Peoples, Sandler O'Neill received total aggregate fees of approximately \$250,000 from Independent for such services. In the ordinary course of its business as a broker-dealer, Sandler O'Neill may also purchase securities from and sell securities to Peoples and Independent and their affiliates. Sandler O'Neill may also actively trade the securities of Peoples and Independent for its own account and for the accounts of its customers and, accordingly, may at any time hold a long or short position in such securities.

2014 Financial Forecasts and Projections Exchanged

Except for a net interest income simulation model that Peoples includes in its annual and quarterly reports on Form 10-K and 10-Q, respectively, Independent and Peoples do not as a matter of course publicly disclose internal management budgets, forecasts or projections as to future financial performance due to the unpredictability of the underlying assumptions and estimates. However, in connection with their respective confirmatory due diligence, Independent requested, and Peoples' management provided Independent and its financial advisor with, a net interest income simulation model prepared by Peoples' management as of June 30, 2014 (prior to such model being made publicly available in Peoples' Form 10-Q for the quarterly period ended June 30, 2014), and Peoples requested, and Independent's management provided Peoples and its financial advisors with, certain non-public financial forecasts and projections prepared by Independent's management.

Set forth below is a summary of the material financial forecasts and projections that were provided by Peoples to Independent and by Independent to Peoples.

Peoples' financial forecasts and projections were included in Peoples' asset and liability management modeling, which focuses on expected net interest income results (the largest portion of Peoples' revenue) under various interest rate scenarios for the next 12 and 24 month periods. This modeling does not focus on detailed forecasting of noninterest income or noninterest expense as they are not drivers of Peoples' net interest margin. Peoples' net interest income simulation model as of June 30, 2014 was provided to Independent prior to such model being made publicly available in Peoples' Form 10-Q for the quarterly period ended June 30, 2014. In its due diligence review of Peoples, Independent did not substantially rely on this net interest income simulation as of June 30, 2014, which was as follows:

Independent's financial forecasts and projections included:

2014 operating diluted earnings per share in a range between \$2.42 to \$2.52;

A 2014 net interest margin in upper end of a 3.40 to 3.50% range;

Total 2014 non-interest income growth of 1 to 2%;

2014 loan growth at the upper end of a 4 to 5% range; and

2014 deposit growth in the 5 to 7% range.

The financial forecasts and projections set forth above represent the projections prepared by Peoples and delivered to Independent and prepared by Independent and delivered to Peoples prior to the announcement of the merger. At the time the financial forecasts and projections were prepared, they represented the best estimates and judgments of the management teams of Peoples and Independent, respectively, that prepared the forecasts and projections in good faith. These financial forecasts and projections cannot be considered to necessarily be predictive of actual future operating results, and no assurance can be given regarding future events. The financial forecasts and projections represent Independent's and Peoples' independent forecasts and projections. The financial forecasts and projections were not prepared with a view toward public disclosure or with a view toward complying with the guidelines established by the American Institute of Certified Public Accountants with respect to prospective financial information or published guidelines of the SEC regarding forward-looking statements and do not fully comply with generally accepted accounting principles in the United States (GAAP). **In light of the foregoing, and considering that the Peoples special meeting will be held several months after the financial forecasts and projections were prepared, as well as the uncertainties inherent in any financial forecasts and projections, stockholders of Peoples are cautioned not to rely on these financial forecasts and projections as a predictor of future operating results or otherwise.**

The estimates and assumptions underlying the financial forecasts and projections of Peoples and Independent involve assumptions and judgments with respect to, among other things, future economic, competitive, regulatory and financial market conditions and future business decisions. These estimates and assumptions may not be realized and are inherently subject to significant business, economic, competitive and regulatory uncertainties, including those risk factors detailed in the sections entitled Risk Factors beginning on page 13 and Forward-Looking Statements beginning on page 23, all of which are difficult to predict and many of which are beyond the control of Peoples and Independent and will be beyond the control of the combined company after the merger. Estimates or projections of the value of businesses or securities do not purport to be appraisals or to reflect the prices at which such businesses or securities might actually be sold. In addition, the financial forecasts and projections prepared by Peoples and Independent represent each company's own evaluation of its future financial performance on a stand-alone basis, and without reference to transaction-related costs or benefits. Accordingly, actual results could vary materially from those presented in the financial forecasts and projections, and actual value or future results could be significantly more or less favorable than what is suggested by the forecasts and projections. The inclusion of these financial forecasts and

projections should not be interpreted as an indication that Peoples or Independent considers this information as necessarily predictive of actual future results, and this information should not be relied on for that purpose. Independent and its management did not participate in preparing, and do not express any view on, the Peoples financial forecasts and projections set forth above, or the assumptions underlying such financial forecasts and projections. Peoples and its management did not participate in preparing, and do not express any view on, the Independent financial forecasts and projections set forth above, or the assumptions underlying such financial forecasts and projections.

The prospective financial information of Peoples and Independent included in this proxy statement/prospectus has been prepared by, and is the responsibility of, the management teams of Peoples and Independent,

respectively. Neither Peoples or Independent's auditors, nor any other independent registered public accounting firm, nor Peoples' financial advisor have examined, compiled or performed any procedures with respect to these forecasts or projections, nor have they expressed any opinion or any other form of assurance on this information or its achievability.

Neither Independent nor Peoples intends to disclose publicly any update or other revision to these forecasts or projections to reflect circumstances existing since their preparation or to reflect the occurrence of unanticipated events or changes in general economic or industry conditions, even in the event that any or all of the underlying assumptions are shown to be in error.

Approval of Independent's Board of Directors and Reasons for the Merger

Independent's board of directors determined that the merger agreement and the merger are advisable and in the best interests of Independent and its stockholders and unanimously approved the merger agreement.

The Independent board of directors unanimously approved the merger agreement and the merger because it determined that the merger should strengthen Independent's existing franchise and increase long term stockholder value because Peoples Federal Savings Bank is, like Rockland Trust, a bank that is deeply committed to its customers, employees, and the communities that it serves. The merger should help Independent strengthen its position in the attractive Greater Boston, Massachusetts metropolitan area where Peoples is located. The transaction is financially attractive to Independent and its stockholders because it allows Independent to add Peoples' loan and deposit base to that of Independent, providing additional liquidity to Independent, allowing Independent to achieve economies of scale, all while simultaneously providing Independent with the opportunity to maintain and deepen relationships with Peoples' customers by offering Independent's deeper set of products. The Independent board of directors believes that the combined company should have the potential to realize a stronger competitive position and improved long-term operating and financial results, including revenue and earning enhancements, efficiencies, and cost-savings opportunities. In addition, Independent's financial advisor, KBW, reviewed in detail the financial aspects of the proposed transaction and delivered its opinion that the proposed transaction was fair to Independent from a financial point of view.

After taking into account these and other factors, the Independent board of directors determined that the merger agreement and the merger were in the best interests of Independent and its stockholders and that Independent should enter into the merger agreement and complete the merger. Independent's board of directors evaluated the factors described above, including asking questions of Independent's management, associate general counsel, and Independent's financial advisers, and reached the unanimous decision that the merger was in the best interests of Independent and its stockholders, its employees, its customers, and the communities served by Independent. This discussion of the factors considered by Independent's board of directors is not exhaustive, but is intended to describe the material factors considered. Independent's board of directors considered these factors as a whole, and overall considered them to be favorable to, and to support, its determination. Independent's board of directors did not consider it practical to, nor did it attempt to, quantify, rank or otherwise assign relative weights to the specific factors that it considered in reaching its decision. In considering the factors described above, individual members of Independent's board of directors may have given different weights to different factors. Independent's board of directors considered these factors as a whole, and overall considered them to be favorable to, and to support, its determination.

Regulatory Approvals Required to Complete the Merger

The merger is subject to the condition that all consents and approvals of any governmental authority required to consummate the merger and the other transactions contemplated by the merger agreement shall have been obtained

and remain in full force and effect and all statutory waiting periods in respect thereof shall have expired or been terminated. The merger also is subject to the condition that none of such regulatory approvals shall impose, as reasonably determined by Independent, a Burdensome Condition, which is defined in the

Table of Contents

merger agreement to mean any prohibition, limitation or other requirement that would prohibit or materially limit the ownership or operation by Peoples or any of its subsidiaries, or by Independent or any of its subsidiaries, of all or any material portion of the business or assets of Peoples or any of its subsidiaries or Independent or its subsidiaries, or compel Independent or any of its subsidiaries to dispose of or hold separate all or any material portion of the business or assets of Peoples or any of its subsidiaries or Independent or any of its subsidiaries.

The consents and approvals of governmental authorities that Independent and Peoples believe are required to consummate the merger include:

the approval of the Board of Bank Incorporation of the Commonwealth of Massachusetts to merge Peoples with and into Independent, with Independent surviving the merger;

confirmation from the Massachusetts Housing Partnership Fund (the Housing Partnership Fund) that Independent has made arrangements satisfactory to the Housing Partnership Fund; and

the approval of the Board of Governors of the Federal Reserve System under the Bank Holding Company Act of 1956.

The consents and approvals of governmental authorities that Independent and Peoples believe are required to consummate the merger of Peoples Federal Savings Bank with Rockland Trust (which are not conditions to consummation of the merger) are as follows:

the FDIC's approval of the merger of Peoples Federal Savings Bank with and into Rockland Trust, with Rockland Trust surviving the merger; and

the approval of the Massachusetts Commissioner of Banks to merge Peoples Federal Savings Bank with and into Rockland Trust, with Rockland Trust surviving the merger.

The parties have filed all applications and notice materials necessary to obtain these regulatory approvals or confirmations. The merger cannot be completed until all the required approvals and confirmations have been obtained, are in full force and effect and all statutory waiting periods in respect thereof have expired, and the merger between Rockland Trust and Peoples Federal Savings Bank (the bank merger) cannot be completed until after both approvals listed above have been obtained. The merger may not be consummated until 30 days after the approval of the Federal Reserve Board (or such shorter period as the Federal Reserve Board may prescribe with the concurrence of the United States Department of Justice, but not less than 15 days), during which time the Department of Justice may challenge the merger on antitrust grounds. The bank merger (the completion of which is not a condition to the merger) may not be consummated until 30 days after the approval of the FDIC (or such shorter period as the FDIC may prescribe with the concurrence of the United States Department of Justice, but not less than 15 days), during which time the Department of Justice may challenge the bank merger on antitrust grounds. The commencement of an antitrust action by the Department of Justice would stay the effectiveness of the Federal Reserve Board or FDIC approval, as the case may be, unless a court specifically orders otherwise. In reviewing the merger and the bank merger, the Department of Justice could analyze the merger's effect on competition differently than the Federal Reserve Board and the FDIC, and it is possible that the Department of Justice could reach a different conclusion than the applicable banking regulator

regarding the merger s (or the bank merger s) competitive effects.

Independent and Peoples cannot assure you that all required regulatory approvals or confirmations will be obtained, when they will be obtained or whether there will be conditions in the approvals or any litigation challenging the approvals. Independent and Peoples also cannot assure you that the United States Department of Justice or the Attorney General of the Commonwealth of Massachusetts will not attempt to challenge the merger on antitrust grounds, or what the outcome will be if such a challenge is made. Independent and Peoples are not aware of any other government approvals or actions that are required prior to the parties' consummation of the merger. It is currently contemplated that if any such additional governmental approvals or actions are required, such approvals or actions will be sought. There can be no assurance, however, that any such additional approvals or actions will be obtained.

Table of Contents**Interests of Peoples Executive Officers and Directors in the Merger**

Peoples executive officers and directors have interests in the merger that may be different from, or in addition to, the interests of other Peoples stockholders generally. The Peoples board of directors was aware of these interests and considered them, among other matters, when it approved the merger agreement.

Equity Plans

All outstanding unvested Peoples stock options and restricted shares of Peoples common stock will become fully vested immediately prior to the effective time of the merger. Peoples options will be cancelled upon consummation of the merger, and each option holder will receive a cash payment upon such cancellation in an amount equal to the product of (i) the number of shares of Peoples common stock provided for by such option and (ii) the excess, if any, of the per share cash consideration of \$21.00 over the exercise price of such option. Holders of restricted shares of Peoples common stock that are vested in connection with the merger will be entitled to receive the same forms of consideration as other holders of Peoples common stock.

The following table sets forth, as of September 30, 2014, the total number of options held by the named executive officers of Peoples and all non-employee directors of Peoples as a group, as well as the value of cash payments to be received upon cancellation of such options. In addition, the following table reflects the number of unvested shares of restricted stock held by the named executive officers of Peoples and all non-employee directors of Peoples as a group which will vest as a result of the merger, as well as the value of the merger consideration to be received in exchange for such shares.

Under these settlement agreements, lump sum cash payments will be made following the effective time of the merger in the amount of \$2,091,467 for Mr. Sullivan and \$2,526,467 for Mr. Leetch (i) in consideration for Messrs. Mr. Sullivan's settlement agreement also provides for payment of the change in control benefit of his director retirement agreement with Peoples Federal Savings Bank, which benefit is \$80,455 per year for twenty years, payable in equal monthly installments.

Pursuant to the settlement agreements of Messrs. Gavin and Lake, effective as of the effective time of the Merger, (i) their employment agreements with Peoples will be terminated and (ii) Rockland Trust will assume their employment agreements and salary continuation agreements with Peoples Federal Savings Bank with certain modifications.

Mr. Gavin will be paid a lump sum of \$850,000 on the business day following the effective time of the Merger. In addition, Mr. Gavin shall also be eligible for certain cash incentive payments up to \$100,000 per year for achieving certain customer retention goals within thirty days after each of the first five anniversaries from the effective time of the merger (for a potential aggregate amount of \$500,000).

He will be eligible for annual merit-based increases and for participation in Independent's performance-based cash incentive plan with a target payout of 15% of his base salary.

Messrs. Gavin and Lake will be eligible to participate in Independent's equity incentive program, tax qualified defined contribution plan and other employee benefit programs, in each case, at the same level as similarly situated executives, with credit given for their respective years of service as provided in the merger agreement. They will also retain their rights: (i) to payment of the merger consideration with respect to their Peoples common stock and options to purchase common stock; and (ii) to payment of any vested benefits they may have accrued under (a) any tax-qualified retirement plans maintained or contributed to by Peoples and Peoples Federal Savings Bank in which they are participants, and (b) the voluntary deferred compensation and supplemental employee stock ownership plan for executives maintained by Peoples and Peoples Federal Savings Bank. They will retain the rights of their respective beneficiaries to a \$175,000 death benefit each under the Peoples Federal Savings Bank's split dollar plan in effect as of the merger. Each agreement has a three year term. Upon the expiration of the agreements, Independent will offer Messrs. Gavin and Lake the opportunity to enter into the form of change of control agreements then offered to similarly-situated executives of Independent.

Consulting and Non-Competition Agreements

As a requirement of the merger agreement and in consideration of the lump-sum payment described in the discussion of the Settlement Agreements above, Messrs. Leetch and Sullivan must enter into consulting and non-competition agreements under which they will provide Independent with certain consulting services for a term of three years following the effective date of the merger and be bound by confidentiality, non-competition and non-solicitation covenants, with the non-competition and non-solicitation restrictions surviving for three years following the effective date of the merger.

Compensation of Peoples' Named Executive Officers in Connection with the Merger

For illustrative purposes, if the completion of the merger were to have occurred on September 30, 2014, the latest practicable date prior to the filing of this proxy statement/prospectus, the following table reflects the compensation and benefits that would or might be paid or provided to each of Peoples' named executive officers in connection with the merger as described above. Please note that the amounts indicated below are estimates based on multiple assumptions that may or may not actually occur, including assumptions described in this proxy statement/prospectus. Some of these assumptions are based on information currently available and, as a result, the actual amounts, if any, to be received by a named executive officer may differ in material respects from the amounts set forth below. Further, calculations are based on (i) an assumed closing date as of September 30, 2014, including with respect to calculating the portion of equity awards subject to acceleration of vesting (assuming continued vesting of the equity and assuming that all Peoples options, unvested shares of restricted stock remain outstanding on such date), (ii) the equity holdings of the named executive officers as of September 30, 2014 (assuming no vesting of awards or exercises of Peoples options after September 30, 2014), and (iii) the termination of the named executive officers without cause or for good

reason immediately following a change in control as of September 30, 2014.

Litigation Relating to the Merger

On October 14, 2014 Richard Morris, an individual who alleges himself to be a Peoples stockholder, filed a purported class action lawsuit in Maryland state court which named Peoples, Peoples Federal Savings Bank, Peoples directors, Independent, and Rockland Trust Company as defendants. The purported class action lawsuit, which was pending as of the date of this filing, alleges breaches of fiduciary duty in connection with the sale of Peoples to Independent and seeks, among other things, class action certification and court orders prohibiting a Peoples stockholder vote regarding the merger and completion of the merger. The complaint alleges that the individual defendants, who are directors of Peoples, breached their fiduciary duties in a number of ways and failed to maximize stockholder value and disclose all information necessary for Peoples stockholders to make a fully informed decision about whether to vote in favor of the merger. The complaint also alleges that Peoples, Peoples Federal Savings Bank, Independent, and Rockland Trust Company aided and abetted the alleged fiduciary breaches. The complaint also alleges that the merger consideration is inadequate to Peoples stockholders, that the directors of Peoples have material conflicts of interest and are acting to better their own personal interests through the merger, that the merger agreement includes unreasonable deal protection provisions, and that this registration statement is materially incomplete and misleading. The complaint seeks, among other things, class action certification, court orders prohibiting a Peoples stockholder vote regarding the merger and completion of the merger, and other equitable and monetary relief. Peoples, Peoples Federal Savings Bank, Independent, Rockland Trust Company, and the individual defendants each believe that the case is a typical, meritless shareholder strike suit, that the claims made are without merit, and intend to defend the case vigorously.

THE MERGER AGREEMENT

The following summary describes certain aspects of the merger, including material provisions of the merger agreement. This summary is not complete and is qualified in its entirety by reference to the merger agreement, a copy of which is attached as Annex A to this document and is incorporated into this document by reference. You should read the merger agreement in its entirety, as it is the legal document governing the merger.

The Merger

Each of Peoples' board of directors and Independent's board of directors has unanimously adopted and approved the merger agreement, which provides for the merger of Peoples with and into Independent. Each share of Independent common stock issued and outstanding at the effective time of the merger will remain issued and outstanding as one share of common stock of Independent, and each share of Peoples common stock issued and outstanding at the effective time of the merger will be converted into the right to receive either (i) 0.5523 of a share of Independent common stock or (ii) \$21.00 in cash. See "Consideration To Be Received in the Merger" below.

Effective Time and Completion of the Merger

The merger will be completed and will become effective upon the acceptance for filing by the Secretary of the Commonwealth of Massachusetts and the Maryland State Department of Assessments and Taxation of the articles of merger related to the merger. However, the parties may agree to a later time for completion of the merger and specify that later time in the articles of merger in accordance with Massachusetts law and Maryland law.

We currently expect that the merger will be completed in the first quarter of 2015, subject to Peoples' stockholders approval of the merger agreement and the transactions it contemplates, the receipt of all necessary regulatory approvals and the expiration of all regulatory waiting periods. However, completion of the merger could be delayed if there is a delay in obtaining the required stockholder or regulatory approvals or in satisfying any other conditions to the merger. There can be no assurances as to whether, or when, Peoples and Independent will obtain the required approvals or complete the merger.

Consideration to Be Received in the Merger

In the merger, each outstanding share of Peoples common stock will be converted into the right to receive either (i) 0.5523 of a share of Independent common stock or (ii) \$21.00 in cash. Independent will not issue any fractional shares of its common stock in the merger, but will instead pay cash (determined by the volume-weighted average trading price (VWAP) of Independent common stock on the NASDAQ Global Select Market for the five trading days ending on the fifth trading day immediately preceding the completion of the merger) for any fractional share a Peoples stockholder would otherwise receive after aggregating all of his or her shares.

Peoples' stockholders will be able to elect to receive cash, Independent common stock or a combination of cash and Independent common stock for their shares of Peoples common stock. Regardless of a Peoples stockholder's choice, however, elections will be limited by the requirement that 60% of Peoples common stock be converted into Independent common stock and 40% be exchanged for cash. Therefore, the allocation of cash and Independent common stock that a Peoples stockholder will receive will depend on the elections of other Peoples' stockholders. The allocation of the consideration payable to Peoples' stockholders will not be known until the exchange agent tallies the results of the cash/stock elections made by Peoples' stockholders. If a Peoples stockholder does not make an election, the type of consideration such stockholder will receive will depend on the consideration elected by other Peoples stockholders.

Exchange of Peoples Stock Certificates for Independent Stock Certificates

On or before the closing date of the merger, Independent will cause to be delivered to the exchange agent certificates representing the shares of Independent common stock to be issued in the merger. In addition, Independent will deliver to the exchange agent an aggregate amount of cash sufficient to pay the aggregate cash consideration payable in the merger, as well as cash payable in lieu of fractional shares of Independent common stock. Independent has selected Computershare Limited to act as the exchange agent in connection with the merger.

If the merger is approved, Peoples stockholders will receive separate instructions for the exchange of certificates representing Peoples common stock. No later than five business days following the effective time of the merger, the exchange agent will mail to each Peoples stockholder of record at the effective time of the merger who did not previously surrender Peoples stock certificates, a letter of transmittal and instructions for use in surrendering the stockholder's Peoples stock certificates. When such Peoples stockholders deliver their Peoples stock certificates to the exchange agent along with a properly completed and duly executed letter of transmittal and any other required documents, their Peoples stock certificates will be cancelled and in exchange they will receive:

an Independent stock certificate representing the number of whole shares of Independent common stock that they are entitled to receive under the merger agreement;

a check representing the amount of cash, if any, they are entitled to receive under the merger agreement as payment of merger consideration; and/or

a check representing the amount of cash that they are entitled to receive in lieu of fractional shares, if any. No interest will be paid or accrued on any cash constituting merger consideration.

Peoples stockholders are not entitled to receive any dividends or other distributions on Independent common stock with a record date after the closing date of the merger until they have surrendered their Peoples stock certificates in exchange for an Independent stock certificate. After the surrender of their Peoples stock certificates, Peoples stockholders of record will be entitled to receive any dividend or other distribution, without interest, which had become payable with respect to their Independent common stock.

Independent will only issue a stock certificate for Independent common stock or a check for cash in payment of merger consideration or in lieu of a fractional share in a name other than the name in which a surrendered Peoples stock certificate is registered if the exchange agent is presented with all documents required to show and effect the unrecorded transfer of ownership, together with evidence that any applicable stock transfer taxes have been paid.

Stock Options and Restricted Stock

Stock Options

All outstanding unvested Peoples stock options will become fully vested immediately prior to the effective time of the merger. Peoples options will be cancelled upon consummation of the merger, and each option holder will receive a cash payment upon such cancellation in an amount equal to the product of (i) the number of shares of Peoples common stock provided for by such option and (ii) the excess, if any, of \$21.00 over the exercise price of the option.

Any option for which the exercise price exceeds \$21.00 shall be cancelled as of the effective time of the merger.

The cash payment will be made without interest and will be net of all applicable withholding taxes. As of the record date of October 16, 2014, there were outstanding options to purchase 642,735 shares of Peoples common stock.

Table of Contents

Restricted Stock

All outstanding unvested shares of Peoples restricted stock will become fully vested immediately prior to the effective time of the merger. All of such shares will be treated as outstanding Peoples shares for all purposes under the merger agreement, including for purposes of the holders' right to receive the merger consideration, subject to applicable withholding. As of the record date of October 16, 2014, there were 206,707 shares of unvested Peoples restricted stock outstanding.

Representations and Warranties

The merger agreement contains customary representations and warranties of Independent and Peoples relating to their respective businesses. With the exception of certain representations that must be true and correct in all material respects or true and correct except to a de minimis extent, no representation or warranty will be deemed untrue or incorrect as a consequence of the existence or absence of any fact, circumstance or event unless that fact, circumstance or event, individually or when taken together with all other facts, circumstances or events, has had or is reasonably likely to have a material adverse effect on Peoples making the representation or its ability to timely complete the merger and the bank merger. In determining whether a material adverse effect has occurred or is reasonably likely, the parties will disregard any effects resulting from (1) changes in banking and similar laws of general applicability or interpretations thereof, (2) changes in generally accepted accounting principles or regulatory accounting requirements applicable to banks or bank holding companies generally, (3) any modifications or changes to Peoples' valuation policies and practices in connection with the merger or restructuring charges taken in connection with the merger, in each case in accordance with generally accepted accounting principles and with Independent's prior written consent, (4) changes after the date of the merger agreement in general economic or capital market conditions affecting financial institutions or their market prices generally and not disproportionately affecting Peoples or Independent, including, but not limited to, changes in levels of interest rates generally, (5) the effects of compliance with the merger agreement on the operating performance of Peoples or Independent, including the expenses incurred by Peoples or Independent in negotiating, documenting, effecting and consummating the merger, (6) the effects of any action or omission taken by Peoples with the prior consent of Independent, and vice versa, or as otherwise expressly permitted or contemplated by the merger agreement, (7) the impact of the merger agreement and the transactions contemplated by the merger agreement on relationships with customers or employees (including the loss of personnel subsequent to the date of the merger agreement), and (8) the public disclosure of the merger agreement or the transactions contemplated by the merger agreement.

The representations and warranties of each of Independent and Peoples have been made solely for the benefit of the other party and such representations and warranties should not be relied on by any other person. In addition, such representations and warranties:

have been qualified by information set forth in confidential disclosure schedules exchanged by the parties in connection with signing the merger agreement which modifies, qualifies and creates exceptions to the representations and warranties in the merger agreement;

will not survive consummation of the merger and cannot be the basis for any claims under the merger agreement by the other party after termination of the merger agreement;

may be intended not as statements of fact, but rather as a way of allocating the risk to one of the parties to the merger agreement if those statements turn out to be inaccurate;

are subject to the materiality standard described in the merger agreement which may differ from what may be viewed as material by you; and

were made only as of the date of the merger agreement or such other date as is specified in the merger agreement.

with certain exceptions or except as may be required by applicable law or regulation, make application for the opening, relocation or closing of any, or open, relocate, or close any, branch office, loan production or servicing facility or automated banking facility; or

compromise, resolve, or otherwise workout any delinquent or troubled loan unless done in the ordinary course of business consistent with recent past practice.

Independent has agreed that, except with Peoples' prior written consent, Independent will not, among other things, undertake the following actions:

except as may be required by applicable law or regulation, take any action or fail to take any action that is intended or reasonably likely to result in: a delay in the consummation of the merger or the transactions contemplated by the merger agreement; any impediment to its ability to consummate the merger or the transactions contemplated by the merger agreement; any of its representations and warranties contained in the merger agreement becoming untrue in any material respect at or prior to the effective time; any of the conditions contained in the merger agreement not being satisfied; or a material violation of any provision of the merger agreement; or

enter into any contract with respect to, or otherwise agree to do any of the actions prohibited by the preceding bullet point; or

knowingly take any action that would prevent or impede the merger or the bank merger from qualifying as a reorganization within the meaning of Section 368(a) of the Code;

The merger agreement also contains mutual covenants relating to preparation of this document, access to information of the other company, public announcements with respect to the transactions contemplated by the merger agreement, regulatory filings and consents, notification of certain changes, information systems conversion, coordination of dividends and agreements by Peoples allowing Independent access to Peoples' customers and suppliers and to conduct environmental assessments of certain real property owned by Peoples.

Stockholder Approval

Peoples has called the special meeting to consider and vote upon approval of the merger agreement and any other matters required to be approved by Peoples' stockholders in order to permit consummation of the transactions contemplated by the merger agreement, as well as to vote upon a proposal to approve one or more adjournments of the special meeting if necessary to permit further solicitation of proxies in favor of the Peoples merger agreement proposal, and a non-binding advisory resolution approving certain compensation payable to the named executive officers of Peoples in connection with the merger. Peoples has agreed to use commercially reasonable efforts to convene the meeting within 45 days following the time when the registration statement becomes effective. Peoples has agreed to take all lawful action to solicit stockholder approval of the merger agreement, although under certain circumstances Peoples' board of directors may recommend to Peoples' stockholders a Superior Proposal (as defined below) in the exercise of its fiduciary duties, as described below under No Solicitation of Alternative Transactions.

Under the merger agreement, Peoples' board of directors must, at all times prior to and during the special meeting, recommend approval of the merger agreement by Peoples' stockholders and may not withhold, withdraw, amend or modify its recommendation in any manner adverse to Independent or take any other action or make any other public statement inconsistent with its recommendation, except as and to the extent described below under No Solicitation of Alternative Transactions.

No Solicitation of Alternative Transactions

With certain exceptions described below, Peoples has agreed that it, its subsidiaries and their officers and directors will not, and Peoples will cause each of its and its subsidiaries' representatives not to, directly or indirectly:

solicit, initiate or encourage any inquiry with respect to, or the making of, any proposal that constitutes or could reasonably be expected to lead to an Acquisition Proposal (as defined below);

participate in any negotiations regarding an Acquisition Proposal with, or furnish any nonpublic information relating to an Acquisition Proposal to, any party that has made or, to the knowledge of Peoples, is considering making an Acquisition Proposal; or

Table of Contents

engage in discussions regarding an Acquisition Proposal with any party that has made, or, to Peoples knowledge, is considering making, an Acquisition Proposal.

However, prior to the time that Peoples stockholders approve the merger agreement and the transactions it contemplates, if Peoples receives a written and unsolicited Acquisition Proposal that Peoples board of directors reasonably believes to be credible and which Peoples board of directors determines in good faith (after consultation with its financial advisers and legal counsel) is or is reasonably likely to lead to a Superior Proposal (as defined below), Peoples may take the following actions:

furnish nonpublic information to the party making such Superior Proposal, but only if (1) prior to so furnishing such information, Peoples has entered into a customary confidentiality agreement with such party on terms no less favorable to Peoples than the confidentiality agreement between Peoples and Independent, and (2) all such information has previously been provided to Independent or is provided to Independent prior to or contemporaneously with the time it is provided to the party making such Superior Proposal; and

engage or participate in any discussions or negotiations with such party with respect to the Superior Proposal.

Peoples must promptly advise Independent of the receipt of:

any proposal that constitutes or could reasonably be expected to lead to an Acquisition Proposal and the material terms of the proposal; and

any request for non-public information relating to Peoples or any of its subsidiaries other than requests for information not reasonably expected to be related to an Acquisition Proposal.

Thereafter, Peoples must keep Independent reasonably informed on a reasonably current basis (and in any event at least once every 48 hours) of the status of any such Acquisition Proposal (including any material change to the terms thereof).

Except as described below, Peoples board of directors may not:

withhold, withdraw, or modify (or publicly propose to withhold, withdraw or modify), in a manner adverse to Independent, its recommendation that Peoples stockholders approve the merger agreement and the transactions it contemplates; or

approve or recommend (or publicly propose to approve or recommend) any Acquisition Proposal.

Except as set forth below, Peoples may not, and its board of directors may not allow it to, and Peoples may not allow any of its subsidiaries to enter into any letter of intent, memorandum of understanding, agreement in principle, acquisition agreement, merger agreement or other agreement (except for customary confidentiality agreements as described above) relating to any Acquisition Proposal.

Notwithstanding the previous paragraphs, Peoples board of directors may, prior to the time Peoples stockholders approve the merger agreement and the transactions it contemplates, (1) change its recommendation that Peoples stockholders approve the merger agreement and the transactions it contemplates or (2) terminate the merger agreement (and concurrently with such termination cause Peoples to enter into a definitive agreement with respect to the Superior Proposal), in either case if and only if the board of directors has determined in good faith, after consulting with its legal counsel, that the failure to take such action would be inconsistent with the directors fiduciary duties. However, the board of directors may not take any such action in connection with an Acquisition Proposal unless:

the Acquisition Proposal constitutes a Superior Proposal;

Table of Contents

prior to terminating the merger agreement, Peoples provides written notice to Independent at least four business days in advance of its intention to take such action (which notice must specify all material terms and conditions of the Superior Proposal, including documentation related thereto and the identity of the party making the Superior Proposal);

during the four-day notice period, Peoples negotiates with Independent in good faith if Independent proposes to make adjustments in the terms and conditions of this merger agreement so that the Acquisition Proposal ceases to constitute a Superior Proposal; and

the Acquisition Proposal continues to constitute a Superior Proposal after taking into account any amendments that Independent agrees to make to the merger agreement.

As used in the merger agreement, the term **Acquisition Proposal** means any proposal or offer with respect to any of the following involving Peoples:

any merger, consolidation, share exchange, business combination or other similar transaction;

any sale, lease, exchange, mortgage, pledge (excluding any FHLB or FRB pledges), transfer or other disposition of assets that constitute 25% or more of the assets of Peoples in a single transaction or series of transactions;

any tender offer or exchange offer for 25% or more of the outstanding shares of Peoples capital stock or the filing of a registration statement under the Securities Act, in connection therewith; or

any public announcement by any party of a proposal, plan or intention to do any of the foregoing or any agreement to engage in any of the foregoing.

As used in the merger agreement, the term **Superior Proposal** means any bona fide written Acquisition Proposal with respect to more than 50% of the combined voting power of the shares of Peoples common stock then outstanding or all or substantially all of the assets of Peoples:

that is on terms which Peoples board of directors determines in good faith, after consultation with its financial advisor, to be more favorable from a financial point of view to Peoples stockholders than the transactions contemplated by the merger agreement;

that constitutes a transaction that, in the good faith judgment of Peoples board of directors, is reasonably likely to be consummated on the terms set forth, taking into account all legal, financial, regulatory and other aspects of such proposal; and

for which financing, to the extent required, is then committed pursuant to a written commitment letter.

Employee Benefits Matters

Benefit Plans

The merger agreement provides that following the effective date of the merger, Independent will provide those individuals who are employees of Peoples and its subsidiaries and who continue as employees of Independent or any of its subsidiaries with employee benefit plans of general applicability for which Independent has analogous plans with such employee plans being either those of Peoples or Independent as selected by Independent; provided, however, that all such employees will be entitled to participate in all benefit plans of general applicability then maintained by Independent to the same extent as similarly-situated employees of Independent. With respect to such comparable Independent benefit plan, for purposes of determining eligibility to participate, vesting, entitlement to benefits and vacation entitlement (but not for accrual of benefits under any Independent benefit plan, including any post-retirement welfare benefit plan), service by an employee with Peoples or any of its subsidiaries will be recognized to the same extent such service was recognized immediately prior to the effective time of the merger, or if there is no such comparable employee benefit plan, to the same extent such service was recognized under the Peoples 401(k) plan immediately prior to the effective time of the merger to the extent applicable; provided however, that such service shall not be recognized to the extent such

Table of Contents

recognition would result in a duplication of benefits. Independent will make all commercially reasonable efforts to cause each benefit plan providing medical or dental benefits to continuing employees to waive any preexisting condition limitations relating to any conditions that were covered under the applicable medical or dental plans of Peoples and its subsidiaries, take into account all eligible expenses incurred for purposes of satisfying the deductible and coinsurance and waive any waiting period limitation or evidence of insurability requirement which would otherwise be applicable to the continuing employee.

Severance Pay Plan

In addition to the settlement agreements referenced elsewhere in this proxy statement/prospectus and individual severance arrangements offered to certain key employees, Independent has agreed to a severance pay plan that provides for severance benefits for eligible employees not covered by any contractual severance arrangement in connection with certain terminations of employment that occur within one year after the effective date of the merger. Under this severance pay plan, eligible employees whose employment is terminated without cause during the one year following the merger would be entitled to receive severance pay in accordance with Peoples' existing severance policy.

The Peoples Federal Savings Bank Employee Stock Ownership Plan

The Peoples Federal Savings Bank Employee Stock Ownership Plan (the "ESOP") will be terminated immediately prior to and effective as of the effective time of the merger, and all shares held by the ESOP will be converted into the right to receive the merger consideration. Any outstanding ESOP indebtedness will be repaid from unallocated ESOP assets and the balance of the unallocated shares and any other assets remaining unallocated will be allocated and distributed to ESOP participants (subject to the receipt of a favorable determination letter from the IRS), as provided for in the ESOP unless otherwise required by applicable law. Prior to the effective time of the merger, Peoples, and following the effective time of the merger, Independent will use their commercially reasonable efforts in good faith to obtain a favorable determination letter (including, but not limited to, making such changes to the ESOP and the proposed allocations as may be requested by the IRS as a condition to its issuance of a favorable determination letter). Peoples, and following the effective time of the merger, Independent will adopt such amendments to the ESOP as may be reasonably required by the IRS as a condition to granting such favorable determination letter on termination. Neither Peoples, nor following the effective time of the merger, Independent will make any distribution from the ESOP to any Peoples employees who continue employment with Independent, except as may be required by applicable law, until receipt of such favorable determination letter.

Conditions to Complete the Merger

Our respective obligations to complete the merger are subject to the fulfillment or waiver if legally permitted (except for the condition set forth in the third bullet below, which may not be waived in any circumstance) of mutual conditions, including:

receipt of approval of the merger agreement by Peoples' stockholders;

the effectiveness of the registration statement of which this document is a part, with respect to the Independent common stock to be issued in the merger under the Securities Act, and the absence of any stop order or proceedings initiated or threatened by the Securities and Exchange Commission for that purpose;

the receipt by each party of a legal opinion from its counsel with respect to certain U.S. federal income tax consequences of the merger;

the receipt and effectiveness of all regulatory approvals, registrations and consents, (none of which shall impose a term, condition or restriction that independent reasonably determines to be a burdensome condition) and the expiration of all waiting periods required to complete the merger;

Table of Contents

the absence of any statute, regulation, rule, decree, injunction or other order in effect by any court or other governmental entity that prohibits completion of the transactions contemplated by the merger agreement;

the listing on the Nasdaq Global Market of the shares of Independent common stock issuable pursuant to the Merger, subject to official notice of issuance; and

the board of directors of Independent and the board of directors of Rockland Trust each shall increase by one (1) the number of directors constituting the entire boards of directors of Independent and Rockland Trust, respectively, effective as of and contingent upon the occurrence of the effective time of the merger and appoint one member of the current Peoples board of directors to such position.

Each of Peoples and Independent's obligations to complete the merger is also separately subject to the satisfaction or waiver of a number of conditions, including the performance by the other party in all material respects of its obligations under the merger agreement, and the other party's representations and warranties in the merger agreement being true and correct in all material respects (except that no representation or warranty will be deemed not to be true and correct unless the failure of such representation or warranty to be true and correct, together with all other failures, would have a material adverse effect on the party).

Independent's obligation to complete the merger is further subject to the condition that as of the effective time of the merger, (i) a majority of the board of directors of the Peoples Federal Savings Bank Charitable Foundation shall consist of individuals acceptable to Independent in its sole discretion, and (ii) the name of the Peoples Federal Savings Bank Charitable Foundation shall have been changed to Rockland Trust Peoples Federal Foundation.

Independent's obligation to complete the merger is further subject to the conditions that the number of outstanding shares of Peoples common stock shall not exceed 6,239,436, except to the extent increased as a result of the exercise of stock options outstanding on the date of the merger agreement.

We cannot provide assurance as to when or if all of the conditions to the merger can or will be satisfied or waived by the appropriate party. As of the date of this document, we have no reason to believe that any of these conditions will not be satisfied.

Termination of the Merger Agreement

General

The merger agreement may be terminated at any time prior to the completion of the merger by our mutual consent authorized by each of our boards of directors, as determined by a vote of a majority of its respective members, or by either Independent or Peoples if:

a governmental entity which must grant a regulatory approval as a condition to the merger denies approval of the merger or any governmental entity has issued an order prohibiting the merger and such action has become final and non-appealable;

the requisite stockholder approval is not obtained from Peoples' stockholders;

the merger is not completed by April 30, 2015 (other than because of a material breach of the Agreement caused by the party seeking termination); or

the other party breaches the merger agreement in a way that would entitle the party seeking to terminate the agreement not to consummate the merger, subject to the right of the breaching party to cure the breach by 30 days following written notice (unless it is not possible due to the nature or timing of the breach for the breaching party to cure the breach).

Table of Contents

The merger agreement may also be terminated by Independent if Peoples has materially breached its non-solicitation obligations; the Peoples board of directors has failed to recommend in this proxy statement/prospectus the approval of the merger agreement, or has withdrawn, modified or qualified, in any manner adverse to Independent, its recommendation that its stockholders approve the merger agreement; the Peoples board of directors has recommended, proposed or publicly announced its intention to recommend or propose, to engage in an Acquisition Transaction (as defined below under Termination Fee) with any person other than Independent or a subsidiary or affiliate of Independent; the board of directors of Peoples has failed to publicly recommend against a publicly announced Acquisition Proposal within five business days of being requested to do so by Independent; or Peoples has failed to call the special meeting of Peoples stockholders.

Additionally, Peoples may terminate the merger agreement:

if it enters into a Superior Proposal as described under The Merger Agreement No Solicitation of Alternative Transactions, so long as it pays a termination fee of \$5.3 million to Independent; or

pursuant to a walk away right that is subject to a top up option, if (a) the ten day VWAP of Independent's common stock as of a measurement date prior to closing is more than 20% below the ten day VWAP of Independent's common stock for the trading period ending August 4, 2014, (b) the drop in the ten day VWAP of Independent's common stock between August 5, 2014 and the measurement date is more than 20% greater than any drop in the ten day average price of the Nasdaq Bank Stock Index during such measurement period, (c) Peoples elects to terminate the agreement by a majority vote of Peoples directors, and (d) following notice of such election Independent does not exercise its top up option under the merger agreement to increase the exchange ratio to a number that would compensate Peoples stockholders for the extent of the drop in Independent's common stock below the lowest price per share at which the walk away right would not have been triggered. If Independent does exercise its top up option, then no termination will occur.

Effect of Termination

In the event the merger agreement is terminated as described above, the merger agreement will become void and neither Independent nor Peoples will have any liability under the merger agreement, except that:

both Independent and Peoples will remain liable for any willful and material breach of the merger agreement; provided that in no event will a party be liable for any punitive damages; and

designated provisions of the merger agreement, including those relating to the termination fee, the payment of fees and expenses, non-survival of the representations and warranties, and confidential treatment of information will survive the termination.

Termination Fee

Conditions Requiring Payment of Termination Fee

Peoples has agreed to pay a termination fee in the amount of \$5.3 million to Independent in the following circumstances:

if Peoples terminates the merger agreement because Peoples board of directors has approved, and Peoples enters into, a definitive agreement with respect to a Superior Proposal (as defined above under No Solicitation of Alternative Transactions);

if Independent terminates the merger agreement because:

Peoples materially breaches its non-solicitation obligations;

Peoples board of directors fails to recommend that Peoples stockholders approve the merger agreement and the transactions it contemplates, or the board of directors withdraws the recommendation or modifies it in a manner adverse to Independent;

Table of Contents

Peoples board of directors recommends, proposes or publicly announces its intention to recommend or propose, to engage in an Acquisition Transaction (as defined below) with any party other than Independent or a subsidiary or affiliate of Independent;

Peoples board of directors shall have failed to publicly recommend against a publicly announced Acquisition Proposal within five business days of being requested to do so by Independent; or

Peoples materially breaches its obligations to call, give notice of, convene and hold a meeting of Peoples stockholders in order to approve the merger agreement and the transactions it contemplates; or

in the event that

(1) an Acquisition Proposal, whether or not conditional, has been publicly announced (or any person has publicly announced an intention, whether or not conditional, to make an Acquisition Proposal) or
(2) Peoples board of directors has withheld, withdrawn or modified (or publicly proposed to withhold, withdraw or modify) its recommendation for the merger, prior to or on the date of the stockholder meeting or at any adjournment or postponement thereof at which the vote on the merger agreement is held; and

the merger agreement is terminated:

by Independent or Peoples because stockholder approval is not obtained by Peoples stockholders;

by Independent or Peoples because the merger is not completed on or before April 30, 2015; or

by Independent because Peoples materially breaches the merger agreement, subject to the right of Peoples to cure the breach; and

within 12 months following the date of termination, Peoples enters into a definitive agreement with respect to any Acquisition Transaction or Peoples consummates any Acquisition Transaction, then Peoples must pay the termination fee to Independent. Peoples must pay the termination fee prior to the earlier of Peoples entering into a definitive agreement for or consummating such Acquisition Transaction; provided, however, that all references in the definition of Acquisition Transaction to 20% or more shall instead refer to 50% or more.

As used in the merger agreement, the term Acquisition Transaction means any of the following involving Peoples:

any merger, consolidation, share exchange, business combination or other similar transaction;

any sale, lease, exchange, mortgage, pledge (excluding any FHLB or FRB pledges), transfer or other disposition of assets that constitute a substantial portion of the net revenues, net income or assets of Peoples in a single transaction or series of transactions; or

any tender offer or exchange offer for 25% or more of the outstanding shares of Peoples capital stock or the filing of a registration statement under the Securities Act, in connection therewith.

Amendment of the Merger Agreement

Except for the receipt of opinions from Day Pitney LLP and Bingham McCutchen LLP to the effect that the merger will be treated for federal income tax purposes as a reorganization within the meaning of Section 368(a) of the Code, which may not be waived in any circumstance, we may amend the merger agreement at any time prior to completion of the merger. However, after any approval of the merger by Peoples stockholders, there may not be, without further approval of the stockholders, any amendment of the merger agreement that requires such further approval by stockholders under applicable law.

Table of Contents

Fees and Expenses

Each party will bear all expenses incurred by it in connection with the merger agreement and the transactions it contemplates, including fees and expenses of its own financial consultants, accountants and legal counsel.

Restrictions on Resales by Affiliates

Shares of Independent common stock to be issued to Peoples stockholders in the merger have been registered under the Securities Act, and may be traded freely and without restriction by those stockholders not deemed to be affiliates (as that term is defined under the Securities Act) of Independent after the merger. Any subsequent transfer of shares, however, by any Peoples stockholder who is deemed an affiliate of Independent after the merger will, under existing law, require either:

the further registration under the Securities Act of the Independent common stock to be transferred; or

the availability of another exemption from registration.

An affiliate of Independent is a person who directly, or indirectly through one or more intermediaries, controls, is controlled by, or is under common control with, Independent. These restrictions are expected to apply to the directors and executive officers of Independent and the holders of 10% or more of the outstanding Independent common stock. The same restrictions apply to the spouses and certain relatives of those persons and any trusts, estates, corporations or other entities in which those persons have a 10% or greater beneficial or equity interest.

Independent will give stop transfer instructions to the exchange agent with respect to the shares of Independent common stock to be received by persons subject to these restrictions.

Table of Contents

VOTING AGREEMENTS

Concurrently with the execution of the merger agreement, the directors of Peoples and certain Peoples executive officers separately entered into voting agreements with Independent under which they agreed to:

restrict their ability to transfer or dispose of their shares of Peoples common stock;

appear at the stockholder meeting or otherwise cause their shares of Peoples common stock to be counted as present thereat for purposes of calculating a quorum;

vote their shares of Peoples common stock in favor of approval of the merger agreement and the transactions it contemplates;

vote their shares of Peoples common stock against any action or agreement that would result in a breach of any covenant, representation or warranty, or other obligation or agreement, of Peoples contained in the merger agreement;

vote their shares of Peoples common stock against any proposal to acquire Peoples by any person other than Independent or against any action, agreement or transaction intended to, or could reasonably be expected to, materially impede, interfere or be inconsistent with, delay, postpone, discourage or materially and adversely affect the consummation of the transactions contemplated by the merger agreement; and

not to vote or execute any written consent to rescind or amend in any manner any prior vote or written consent, as a stockholder of Peoples, to approve the merger agreement unless the merger agreement is terminated in accordance with its terms.

The voting agreements were executed as a condition of Independent's willingness to enter into the merger agreement, and as an indication of the directors' and such officers' support for the merger agreement and the transactions contemplated by it and their willingness to vote their shares of Peoples common stock in favor of the merger agreement at the stockholder meeting.

On the record date of October 16, 2014, these directors and officers of Peoples had sole or shared voting power over 949,196 shares, or approximately 15.2%, of the outstanding shares of Peoples common stock.

No separate consideration was paid to any of the directors for entering into these voting agreements. However, the directors of Peoples may be deemed to have interests in the merger as directors that are different from or in addition to those of other Peoples stockholders. See "The Merger - Interests of Peoples' Executive Officers and Directors in the Merger" beginning on page 58 of this proxy statement/prospectus.

ACCOUNTING TREATMENT

Independent has determined that the merger represents a business combination and will account for the merger by applying the acquisition method of accounting, in accordance with the provisions of Topic 805 Business Combinations of the Financial Accounting Standards Board Accounting Standard Codification. As of the date of the merger, Peoples' assets and liabilities will be recorded at their respective estimated fair values. To the extent that the purchase price exceeds the estimated fair value of the net assets acquired, Independent will allocate the excess purchase price to all identifiable intangible assets. Any remaining excess will then be allocated to goodwill. The goodwill resulting from the merger will not be amortized to expense, but instead will be reviewed for impairment at least annually. To the extent goodwill is impaired, its carrying value would be written down to its implied fair value and a charge would be made to earnings. Core deposit and other intangibles with definite useful lives will be amortized to expense over their estimated useful lives.

The financial statements of Independent issued after the merger will reflect the results attributable to the acquired operations of Peoples beginning on the date the merger is completed.

MATERIAL U.S. FEDERAL INCOME TAX CONSEQUENCES OF THE MERGER

The following section describes the anticipated material U.S. federal income tax consequences of the merger to U.S. holders (as defined below) of Peoples common stock. financial institutions;

insurance companies;

individual retirement and other tax-deferred accounts;

persons subject to the alternative minimum tax provisions of the Internal Revenue Code;

entities treated as partnerships or other flow-through entities for U.S. federal income tax purposes;

tax-exempt organizations;

dealers in securities;

persons whose functional currency is not the U.S. dollar;

traders in securities that elect to use a mark to market method of accounting;

regulated investment companies, real estate investment trusts and regulated mortgage investment conduits;

persons that hold Peoples common stock as part of a straddle, hedge, constructive sale or conversion transaction; and

persons who acquired their shares of Peoples common stock through the exercise of an employee stock option or otherwise as compensation.

Edgar Filing: INDEPENDENT BANK CORP - Form S-4/A

The following is based upon the Internal Revenue Code, its legislative history, Treasury regulations promulgated pursuant to the Internal Revenue Code and published rulings and decisions, all as currently in effect as of the date of this document, and all of which are subject to change, possibly with retroactive effect, and to differing interpretations. Tax considerations under state, local and foreign laws, or federal laws other than those pertaining to U.S. federal income tax, are not addressed in this document.

Holders of Peoples common stock should consult with their own tax advisers as to the U.S. federal income tax consequences of the merger as well as the effect of state, local, foreign and other tax laws and of proposed changes to applicable tax laws, in light of their particular circumstances.

For purposes of this discussion, the term "U.S. holder" means a beneficial owner of Peoples common stock that is:

a U.S. citizen or resident, as determined for federal income tax purposes;

a corporation, or entity taxable as a corporation, created or organized in or under the laws of the United States or any of its political subdivisions;

a trust that (i) is subject to the supervision of a court within the United States and the control of one or more U.S. persons or (ii) has a valid election in effect under applicable U.S. Treasury regulations to be treated as a U.S. person; or

an estate that is subject to United States federal income taxation on its income regardless of its source.

Table of Contents

The U.S. federal income tax consequences of a partner in a partnership holding Peoples common stock generally will depend on the status of the partner and the activities of the partnership. We recommend that partners in such a partnership consult their own tax advisers.

Tax Consequences of the Merger Generally

Independent and Peoples have structured the merger to qualify as a reorganization within the meaning of Section 368(a) of the Internal Revenue Code. It is a condition to Independent's obligation to complete the merger that Independent receive an opinion of its legal counsel, Day Pitney LLP, dated the closing date of the merger, to the effect that the merger will be treated as a reorganization within the meaning of Section 368(a) of the Internal Revenue Code. It is a condition to Peoples' obligation to complete the merger that Peoples receive an opinion of its legal counsel, Bingham McCutchen LLP, dated the closing date of the merger, to the effect that the merger will be treated as a reorganization within the meaning of Section 368(a) of the Internal Revenue Code. These opinions will be based on assumptions, representations, warranties and covenants, including those contained in the merger agreement and in letters and certificates provided by Peoples and Independent. The accuracy of such assumptions, representations and warranties, and compliance with such covenants, could affect the conclusions set forth in such opinions. None of the tax opinions given in connection with the merger or the opinions described below will be binding on the Internal Revenue Service. Neither Independent nor Peoples intends to request any ruling from the Internal Revenue Service as to the U.S. federal income tax consequences of the merger. Consequently, no assurance can be given that the Internal Revenue Service will not assert, or that a court would not sustain, a position contrary to any of those set forth below. In addition, if any of the representations or assumptions upon which those opinions are based is inconsistent with the actual facts, the U.S. federal income tax consequences of the merger could be adversely affected.

As a result of the merger qualifying as a reorganization within the meaning of Section 368(a) of the Internal Revenue Code, the following material U.S. federal income tax consequences will result:

Exchange Solely for Independent Common Stock. No gain or loss will be recognized by a Peoples stockholder who receives solely shares of Independent common stock (except for cash received in lieu of fractional shares, as discussed below) in exchange for all of his or her shares of Peoples common stock. The tax basis of the shares of Independent common stock received by a Peoples stockholder in such exchange will be equal (except for the basis attributable to any fractional shares of Independent common stock, as discussed below) to the basis of the Peoples common stock surrendered in exchange for the Independent common stock. The holding period of the Independent common stock received will include the holding period of shares of Peoples common stock surrendered in exchange for the Independent common stock.

Exchange Solely for Cash. A Peoples stockholder who receives solely cash in exchange for all of his or her shares of Peoples common stock (and is not treated as constructively owning Independent common stock after the merger under the circumstances referred to below under "Possible Dividend Treatment") will recognize gain or loss for federal income tax purposes equal to the difference between the cash received and such stockholder's tax basis in the Peoples common stock surrendered in exchange for the cash. Such gain or loss generally will be a capital gain or loss. Such gain or loss will be long-term capital gain or loss if the Peoples stockholder's holding period is more than one year at the effective time of the merger. Long-term capital gains of certain non-corporate U.S. holders, including individuals, are generally subject to U.S. federal income tax at preferential rates. The Internal Revenue Code contains limitations on the extent to which a taxpayer may deduct capital losses.

Exchange for Independent Common Stock and Cash. A Peoples stockholder who receives a combination of Independent common stock and cash (excluding cash received in lieu of a fractional share of Independent common stock) in exchange for his or her Peoples common stock will not be permitted to recognize any loss for federal income

tax purposes. Such a stockholder will recognize gain, if any, equal to the lesser of (1) the amount of such cash received or (2) the amount of gain realized in the transaction. The amount of gain a Peoples

Table of Contents

stockholder realizes will equal the amount by which (a) such cash plus the fair market value at the effective time of the merger of Independent common stock received exceeds (b) the stockholder's adjusted tax basis in the Peoples common stock to be surrendered in the exchange for the cash and Independent common stock. Any recognized gain could be taxed as a capital gain or a dividend, as described below. The tax basis of the shares of Independent common stock received by such Peoples stockholder will be the same as the basis of the shares of Peoples common stock surrendered in exchange for the shares of Independent common stock, reduced by the amount of cash received by the holder in the merger (excluding any cash received in lieu of a fractional share of Independent common stock) and increased by the amount of gain, if any, recognized by the holder (excluding any gain or loss resulting from the deemed receipt and exchange of fractional shares of Independent common stock). The holding period for shares of Independent common stock received by such Peoples stockholder will include such stockholder's holding period for the Peoples common stock surrendered in exchange for the Independent common stock.

If a U.S. holder of Peoples common stock acquired different blocks of Peoples common stock at different times or different prices, any gain or loss will be determined separately with respect to each block of Peoples common stock and such U.S. holder's bases and holding periods in their shares of Independent common stock may be determined with reference to each block of Peoples common stock. Any such holders should consult their tax advisors regarding the manner in which cash and Independent common stock received in the merger should be allocated among different blocks of Peoples common stock and regarding their bases and holding periods in the particular shares of Independent common stock received in the merger.

Possible Dividend Treatment. In certain circumstances, a Peoples stockholder who receives solely cash or a combination of cash and Independent common stock in the merger may receive dividend income, rather than capital gain, treatment on all or a portion of the gain recognized by that stockholder if the receipt of cash has the effect of the distribution of a dividend. The determination of whether a cash payment has such effect is based on a comparison of the Peoples stockholder's proportionate interest in Independent after the merger with the proportionate interest the stockholder would have had if the stockholder had received solely Independent common stock in the merger. Possible dividend treatment could apply because of a stockholder's purchase (or the purchase by a family member or certain entities described below) of additional Independent stock or a repurchase of shares by Independent. For purposes of this comparison, the Peoples stockholder may be deemed to constructively own shares of Independent common stock held by certain members of the stockholder's family or certain entities in which the stockholder has an ownership or beneficial interest and certain stock options may be aggregated with the stockholder's shares of Independent common stock. The amount of the cash payment that may be treated as a dividend is limited to the stockholder's ratable share of the accumulated earnings and profits of Peoples at the effective time of the merger. Any gain that is not treated as a dividend generally will be taxed as a capital gain. Because the determination of whether a cash payment will be treated as having the effect of a dividend depends primarily upon the facts and circumstances of each Peoples stockholder, stockholders are urged to consult their own tax advisors regarding the tax treatment of any cash received in the merger.

Cash in Lieu of Fractional Shares. A Peoples stockholder who holds Peoples common stock as a capital asset and who receives in the merger, in exchange for such stock, solely Independent common stock and cash in lieu of a fractional share interest in Independent common stock will be treated as having received such fractional share and then having received such cash in redemption of such fractional share. Gain or loss generally will be recognized based on the difference between the amount of cash received in lieu of the fractional share and the portion of the stockholder's aggregate adjusted basis in the shares of Peoples common stock surrendered which is allocable to the fractional share. Such gain or loss generally will be long-term capital gain or loss if the shareholder's holding period for its Peoples common stock exceeds one year at the effective time of the Merger.

Tax Treatment of the Entities. No gain or loss will be recognized by Independent or Peoples as a result of the merger. The tax basis of the assets of Peoples in the hands of Independent will be the same as the tax basis of such assets in the hands of Peoples immediately prior to the Merger.

Table of Contents

Reporting Requirements

A Peoples stockholder who receives Independent common stock as a result of the merger will be required to retain records pertaining to the merger. Certain Peoples stockholders are subject to certain reporting requirements with respect to the merger. In particular, such stockholders will be required to attach a statement to their tax returns for the year of the merger that contains the information listed in Treasury Regulation Section 1.368-3(b). Such statement must include the stockholder's adjusted tax basis in its Peoples common stock and other information regarding the reorganization. Peoples stockholders are urged to consult with their tax advisers with respect to these and other reporting requirements applicable to the merger.

Withholding Requirements

Certain Peoples stockholders may be subject to U.S. federal backup withholding, at a rate of 28%, on cash received pursuant to the merger. Backup withholding will not apply, however, to a Peoples stockholder who provides proof of an applicable exemption or furnishes its taxpayer identification number, and otherwise complies with all applicable requirements of the backup withholding rules. Amounts withheld, if any, are generally not an additional tax and may be refunded or credited against the Peoples stockholder's U.S. federal income tax liability, provided that the Peoples stockholder timely furnishes the required information to the Internal Revenue Service.

THE PRECEDING DISCUSSION IS A SUMMARY OF THE MATERIAL U.S. FEDERAL INCOME TAX CONSEQUENCES OF THE MERGER AND DOES NOT PURPORT TO BE A COMPLETE ANALYSIS OR DISCUSSION OF ALL POTENTIAL TAX CONSEQUENCES RELEVANT THERETO. STOCKHOLDERS ARE URGED TO CONSULT THEIR OWN TAX ADVISERS AS TO THE U.S. FEDERAL INCOME TAX CONSEQUENCES TO THEM OF THE MERGER (INCLUDING, BUT NOT LIMITED TO, TAX RETURN REPORTING REQUIREMENTS), AS WELL AS THE EFFECT OF STATE, LOCAL, FOREIGN AND OTHER TAX LAWS AND ANY PROPOSED CHANGES TO APPLICABLE TAX LAWS.

Independent is authorized to issue up to 75,000,000 shares of common stock, par value \$0.01 per share, with 23,911,678 shares issued as of September 30, 2014. Independent is also authorized to issue up to 1,000,000 shares of preferred stock, par value \$0.01 per share, none of which was issued as of September 30, 2014. Independent has designated 15,000 shares of preferred stock as nonredeemable Series B Junior Participating Cumulative Preferred Stock (the Independent Series B Preferred Stock), none of which was outstanding as of September 30, 2014. The capital stock of Independent does not represent or constitute a deposit account and is not insured by the FDIC or by the Depositors Insurance Fund.

The following description of the Independent capital stock does not purport to be complete and is qualified in all respects by reference to Independent s articles of organization and bylaws, and the Massachusetts Business Corporation Act.

Common Stock

General

Each share of Independent s common stock has the same relative rights and is identical in all respects with each other share of common stock.

Voting Rights

Each holder of common stock is entitled to one vote in person or by proxy for each share held on all matters voted upon by stockholders. Stockholders are not permitted to cumulate votes in elections of directors.

Preemptive Rights

Holders of common stock do not have any preemptive rights with respect to any shares that may be issued by Independent in the future. Thus, Independent may sell shares of its common stock without first offering them to the then holders of common stock.

Liquidation

In the event of any liquidation or dissolution of Independent, whether voluntary or involuntary, the holders of Independent s common stock would be entitled to receive pro rata, after payment of all debts and liabilities of Independent (including all deposits of subsidiary banks and interest on those deposits), all assets of Independent available for distribution, subject to the rights of the holders of any preferred stock which may be issued with a priority in liquidation or dissolution over the holders of common stock.

Preferred Stock

The Independent board of directors is authorized, subject to limitations by its articles of organization and by applicable law, to issue preferred stock in one or more series. The Independent board of directors may fix the dividend, redemption, liquidation and conversion rights of each series of preferred stock, and may provide for a sinking fund or redemption or purchase account to be provided for the preferred stock. The board of directors may also grant voting rights to the holders of any series of preferred stock, subject to certain limitations in Independent s articles of organization. Specifically, the holders of any series of preferred stock may not be given the right to more

than one vote per share on any matters requiring the approval or vote of the holders of Independent's common stock, except as otherwise required by applicable law, the right to elect more than two Independent directors or, together with the holders of all other series of preferred stock, the right to elect in the aggregate more than six Independent directors. Independent has designated 15,000 shares of preferred stock as Independent Series B Preferred Stock, none of which was outstanding as of June 30, 2014 and none of which will be issued in connection with the merger.

Other Provisions

The articles of organization and bylaws of Independent contain a number of provisions that may have the effect of discouraging or delaying attempts to gain control of Independent, including provisions:

classifying the Independent board of directors into three classes to serve for three years, with one class being elected annually;

authorizing the Independent board of directors to fix the size of the Independent board of directors;

limiting for removal of directors by a majority of stockholders to removal for cause; and

COMPARISON OF RIGHTS OF STOCKHOLDERS OF PEOPLES AND INDEPENDENT

This section describes the differences between the rights of holders of Peoples common stock and the rights of holders of Independent common stock. While we believe that the description covers the material differences between the rights of the holders, this summary may not contain all of the information that is important to you. You should carefully read this entire document and refer to the other documents discussed below for a more complete understanding of the differences between your rights as a holder of Peoples common stock and your rights as a holder of Independent common stock.

As a stockholder of Peoples, a Maryland corporation, your rights are governed by Maryland law, Peoples articles of incorporation, as currently in effect, and Peoples bylaws, as currently in effect. When the merger becomes effective, you will become a stockholder of Independent, a Massachusetts corporation, when you receive Independent common stock in exchange for your Peoples shares. Independent's common stock is listed on the NASDAQ Global Select Market under the symbol INDB. As an Independent stockholder, your rights will be governed by Massachusetts law, Independent's articles of organization, as in effect from time to time, and Independent's bylaws, as in effect from time to time.

The following discussion of the similarities and material differences between (i) the rights of Peoples stockholders under Maryland law and the articles of incorporation and bylaws of Peoples and (ii) the rights of Independent stockholders under Massachusetts law and the articles of organization and bylaws of Independent is only a summary of some provisions and is not a complete description of these similarities and differences. This discussion is qualified in its entirety by reference to Maryland law, Massachusetts law, and the full texts of the articles of incorporation and bylaws of Peoples and of the articles of organization and bylaws of Independent.

Capitalization

Peoples

The total authorized capital stock of Peoples consists of 100,000,000 shares of common stock, \$0.01 par value per share, and 50,000,000 shares of preferred stock, \$0.01 par value per share. As of the record date, there were 6,239,436 shares of common stock outstanding, including 206,707 shares of unvested restricted common stock and 568,943 shares held in the Peoples Federal Savings Bank Employee Stock Ownership Plan, 642,735 shares of common stock reserved for future issuance pursuant to outstanding options granted under Peoples equity plan and no shares of preferred stock outstanding.

Independent

The total authorized capital stock of Independent consists of 75,000,000 shares of common stock, par value \$0.01 per share and 1,000,000 shares of preferred stock, par value \$0.01 per share. As of the record date, there were 23,949,600 shares of common stock, including 22,027 shares in the form of unvested performance based restricted stock awards without dividend or voting rights and 477,263 shares reserved for future issuance pursuant to outstanding options granted under Independent's benefit plans and no shares of preferred stock outstanding.

15,000 shares of the preferred stock are designated as Independent Series B Preferred Stock, although none of such shares are outstanding nor will any be issued in connection with the merger. The board of directors of Independent may issue authorized shares of preferred stock without stockholder approval.

Preemptive Rights

A preemptive right allows a stockholder to maintain its proportionate share of ownership of a corporation by permitting the stockholder to purchase a proportionate share of any new stock issuances. Preemptive rights protect the stockholders from dilution of value and control upon new stock issuances. For a Maryland corporation incorporated on or after October 1, 1995, unless the articles of incorporation expressly grants such rights to the

Table of Contents

stockholder, a stockholder does not have any preemptive rights. Peoples' articles of incorporation states that stockholders will not have preemptive rights except for those approved by the board of directors pursuant to a resolution approved by a majority of the board of directors. Currently, Peoples' stockholders do not have preemptive rights. Under Massachusetts law, unless the articles of organization say otherwise, stockholders have no preemptive rights. Independent does not have a provision authorizing preemptive rights; in fact, Independent's articles of organization contain provisions specifically denying them. Accordingly, Independent stockholders do not have preemptive rights.

Dividends and Other Stock Rights

Peoples

Holders of Peoples common stock are entitled to receive and share equally in such dividends as the board of directors may declare out of funds legally available for such payment. If any Peoples preferred stock were outstanding, holders of Peoples preferred stock, however, would have priority over holders of common stock with respect to payments of such dividends. The Peoples board of directors is authorized to (i) to provide for the issuance of the shares of Preferred Stock in series, (ii) to establish from time to time the number of shares to be included in each such series, (iii) to fix the preferences, conversion and other rights, voting powers, restrictions, limitations as to dividends, qualifications and terms and conditions of redemption of the shares of each such series, and (iv) other such determinations with respect to preferred stock.

Independent

Independent can also pay dividends on its common stock in accordance with Massachusetts law. Independent's board of directors is authorized to (i) designate preferred stock, (ii) set dividend rates or the amount of dividends to be paid on the preferred stock, (iii) determine voting powers of the preferred stock, (iv) determine whether such preferred stock is redeemable by Independent, (v) determine the amount or amounts payable upon the preferred stock in the event of a voluntary or involuntary liquidation, dissolution or winding up of Independent, (vi) determine whether the preferred stock is entitled to the benefits of a sinking or retirement fund to be applied to the preferred stock, (vii) determine whether the preferred stock is convertible or exchangeable for shares of another class of Independent stock, (viii) determine the purchase price of the preferred stock and (ix) other such determinations with respect to preferred stock.

When and if a quarterly cash dividend is declared by the board of directors, if any Independent Series B Preferred Stock were outstanding, the holders of shares of Series B Preferred Stock would be entitled to receive dividends in an amount per share described in Independent's articles of organization, subject to the rights of the holders of any shares of any series of preferred stock ranking prior and superior to the Independent Series B Preferred Stock with respect to dividends. Shares of Independent Series B Preferred Stock, if issued, would not be redeemable.

Right to Call Special Meetings of Stockholders

Peoples

Special meetings may be called:

by the chairman of the board;

by a majority of the total number of directors Peoples would have if there were no vacancies on the board of directors; or

by the secretary of Peoples at the written request of stockholders entitled to cast at least a majority of all the votes entitled to be cast at the meeting.

Table of Contents

Independent

Special meetings may be called:

by the chairman of the board, if any;

by the president;

by a majority of the directors; and

by the clerk or other officer at the written direction of the holders of at least two-thirds of the capital stock of the Independent entitled to vote at the meeting.

For stockholders to call a special meeting, Independent requires the written application of the holders of at least two-thirds of the capital stock, as opposed to the majority of all the votes entitled to be cast at the special meeting that is required for Peoples stockholders to call a special meeting. Therefore, it may be more difficult for Independent s stockholders to call a special meeting.

Notice of Stockholder Meetings

Peoples

Peoples requires that notice of stockholder meetings be given not less than 10 days nor more than 90 days before the meeting.

Independent

Independent requires that notice of stockholder meetings be given not less than 7 days before the meeting.

Board of Directors Number and Term of Office

Peoples

Peoples bylaws and articles of incorporation provide that the number of directors of the Corporation shall, by virtue of Peoples election made to be governed by Section 3-804(b) of the Maryland General Corporation Law (the MGCL), be fixed from time to time exclusively by vote of the board of directors; provided, however, that such number shall never be less than the minimum number of directors required by the MGCL. Peoples bylaws and articles of incorporation provide that the directors, other than those who may be elected by the holders of preferred stock, shall be divided into three classes, as nearly equally as possible, creating a staggered board of directors. The vote of a plurality of the votes cast at a meeting is required to elect directors of Peoples. A majority of the directors must be residents of a city or county in which Peoples or any of its subsidiaries has an office, or any county contiguous to such cities or counties. Peoples directors may not also be a director of officer of another banking entity that has an office in any city or county in which Peoples or its subsidiaries has an office, or in any county contiguous to such cities or counties. A person is not qualified to serve as a director of Peoples if he or she: (1) is under indictment for, or has ever been convicted of, a

criminal offense involving dishonesty or breach of trust and the penalty for such offense could be imprisonment for more than one year, (2) is a person against whom a banking agency has, within the past ten years, issued a cease and desist order for conduct involving dishonesty or breach of trust and that order is final and not subject to appeal, or (3) has been found either by a regulatory agency whose decision is final and not subject to appeal or by a court to have (i) breached a fiduciary duty involving personal profit, or (ii) committed a willful violation of any law, rule or regulation governing banking, securities, commodities or insurance, or any final cease and desist order issued by a banking, securities, commodities or insurance regulatory agency.

Peoples' bylaws also provide that any vacancy occurring in the board of directors, including vacancies resulting from an increase in the number of directors, may be filled only by a vote of two-thirds of the directors then in office (even if such directors do not constitute a quorum). A director elected to fill a vacancy will be elected to serve for the remainder of the full term of the class of directors in which the vacancy occurred and until the director's successor is elected and qualified.

Table of Contents

Independent

Independent's bylaws and articles of organization provide that the number of directors shall be between three and 25 as fixed from time to time by vote of the board of directors at any regular or special meeting thereof. The board of directors may increase or decrease the number of directors in one or more classes to ensure that the three classes shall be as nearly equal as possible. Preference Stock Directors are those who may be elected by the holders of any class or series of stock having a preference over the common stock as to dividends or upon liquidation. Directors other than Preference Stock Directors shall be divided into three classes as nearly equally as possible, creating a staggered board of directors. At each annual meeting of stockholders, the successors of the class of directors whose term is expiring shall be elected by a plurality of the stockholders for a term of three years. No director shall continue to serve once he or she attains the age of 72. Except for Preference Stock Directors, newly created directorships and vacancies on the board of directors shall be filled by the affirmative vote of a majority of the remaining directors then in office, even though less than a quorum. Any director so elected shall hold office for the remainder of the full term of the class of directors in which the new directorship was created or the vacancy occurred.

The bylaws and articles of incorporation of both Peoples and Independent provide for boards of directors divided into three classes. Independent provides for an additional class of directors, the Preference Stock Directors, elected by preferred stock holders.

Board of Director Nominations

Peoples

Nominations for the election of directors may be brought at a meeting of stockholders at which directors are to be elected by the board of directors of Peoples or by any stockholder of record on the date such stockholder gives notice and on the record date for the determination of stockholders entitled to vote at such meeting. Such stockholder must provide written notice to the corporate secretary of Peoples not less than 80 days nor more than 90 days prior to any such meeting; provided, however, that if less than 90 days notice or prior public disclosure of the date of the meeting is given to stockholders, such written notice shall be delivered or mailed to and received by the Secretary of Peoples at the principal executive office of Peoples not later than the tenth day following the day on which notice of the meeting was mailed to stockholders or such public disclosure was made. Such notice must be in writing and set forth (a) all information relating to the proposed nominee that would indicate such person's qualification under Article 2, Section 12 of Peoples' bylaws, including an affidavit that such person would not be disqualified under the provisions of Article 2, Section 12(b) of the bylaws and such information relating to such person that is required to be disclosed in connection with solicitations of proxies for election of directors, or is otherwise required, pursuant to Regulation 14A under the Exchange Act, or any successor rule or regulation; and (b) as to the stockholder giving the notice: (i) the name and address of such stockholder as they appear on Peoples' books and of the beneficial owner, if any, on whose behalf the nomination is made; (ii) the class or series and number of shares of capital stock which are owned beneficially or of record by such stockholder and such beneficial owner; (iii) a description of all arrangements or understandings between such stockholder and each proposed nominee and any other person or persons (including their names) pursuant to which the nomination(s) are to be made by such stockholder; (iv) a representation that such stockholder intends to appear in person or by proxy at the meeting to nominate the persons named in its notice; and (v) any other information relating to such stockholder that would be required to be disclosed in a proxy statement or other filings required to be made in connection with solicitations of proxies for election of directors pursuant to Regulation 14A under the Exchange Act or any successor rule or regulation. Such notice must be accompanied by a written consent of each proposed nominee to be named as a nominee and to serve as a director if elected.

Notice shall be delivered to or mailed and received at the principal executive offices of the corporation not less than 75 nor more than 125 days prior to the anniversary date of the immediately preceding annual meeting of stockholders; provided, however, that in the event that the meeting is called for a date more than 75 days prior to such anniversary date, notice must be so received not later than the close of business on the 20th day following the day on which notice of the date of the meeting was mailed or public disclosure of the date of the meeting was made, whichever first occurs.

The notice shall set forth (a) as to each person whom such stockholder proposes to nominate for election or re-election as a director, (i) the name, age, business address and residence address of the person, (ii) the principal occupation or employment of the person, (iii) the class and number of shares of capital stock of Independent, if any, which are beneficially owned by the person, (iv) any other information regarding the nominee as would be required to be included in a proxy statement or other filings required to be filed pursuant to the proxy rules, and (v) the consent of each nominee to serve if elected; and (b) as to the stockholder giving notice, (i) the name and record address of the stockholder, (ii) the class and number of shares of capital stock of Independent beneficially owned by the stockholder as of the record date for the meeting (if such date has been made publicly available) and as of the date of such notice, (iii) a representation that the stockholder intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice, (iv) a representation that the stockholder (and any party on whose behalf or in concert with whom such stockholder is acting) is qualified at the time of giving such notice to have such individual serve as the nominee of such stockholder (and any party on whose behalf or in concert with whom such stockholder is acting) if such individual is elected, accompanied by copies of any notification or filings with, or orders or other actions by, any governmental authority which are required in order for such stockholder (and any party on whose behalf such stockholder is acting) to be so qualified, (v) a description of all arrangements or understandings between such stockholder and each such nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by such stockholder and (vi) such other information regarding such stockholder as would be required to be included in a proxy statement or other filings required to be filed pursuant to the proxy rules contained in the securities laws.

Removal and Resignation of Directors*Peoples*

Peoples bylaws provide that a director may resign at any time by giving written notice of such resignation to the president or secretary of Peoples at Peoples principal office.

Peoples articles of incorporation provide that, subject to the rights of the holders of any series of preferred stock then outstanding, any director, or the entire board of directors, may be removed from office at any time, but only for cause and only by the affirmative vote of the holders of at least 80% of the voting power of all of the then-outstanding shares of capital stock entitled to vote generally in the election of directors voting together as a single class. Peoples bylaws provide that the board of directors may remove any director from the board of directors upon a director's unexcused absence of three consecutive regularly scheduled meetings of the board of directors.

Independent

Independent does not make specific provision for a method of resignation, but the bylaws do provide that vacancies can arise from resignation. A director may be removed for cause by the affirmative vote of the holders of a majority of all shares of the corporation outstanding and then entitled to vote generally in the election of directors.

Table of Contents

Amendment of Bylaws

Peoples

Peoples bylaws may be amended or repealed by a majority of the total number of directors that Peoples would have if there were no vacancies on the board of directors at the time any such resolution is presented to the board of directors for adoption (the Whole Board). The bylaws may also be amended or repealed by an affirmative vote of the holders of at least 80% of the outstanding shares of capital stock of Peoples entitled to vote generally in the election of directors voting together as a single class.

Independent

The bylaws may be amended by the stockholders if appropriate notice has been given setting forth the substance of the proposed change. The bylaws, except those provisions that specify otherwise, may be amended or repealed by the board of directors.

Independent's bylaws provide that the stockholders may amend the bylaws, but make no provision for repeal by the stockholders. Independent's bylaws may be amended or repealed by the directors.

Amendment of Articles of Organization

Peoples

Peoples articles of incorporation provide that Peoples reserves the right to amend or repeal any provision of the articles of incorporation as prescribed by the MGCL, of any of the outstanding stock by classification, reclassification or otherwise, and no stockholder approval shall be required if the approval of stockholders is not required for the proposed amendment or repeal by the MGCL, and all rights conferred upon stockholders are granted subject to this reservation. The board of directors, pursuant to a resolution approved by a majority of the Whole Board (rounded up to the nearest whole number), and without action by the stockholders, may amend the articles of incorporation to increase or decrease the aggregate number of shares of stock or the number of shares of stock of any class or series.

No proposed amendment or repeal of any provision of the articles of incorporation is required to be submitted to a stockholder vote unless the board of directors (1) approved the proposed amendment or repeal, (2) determined that it is advisable, and (3) directed that it be submitted for consideration at either an annual or special meeting of the stockholders pursuant to a resolution approved by the board of directors. The amendment or repeal of any provision of the articles of incorporation must be approved by at least two-thirds of all votes entitled to be cast by the holders of shares of capital stock entitled to vote on the matter, except that the proposed amendment or repeal of a provision of the articles of incorporation need only be approved by the vote of a majority of all the votes entitled to be cast by the holders of shares of capital stock entitled to vote on the matter if the amendment or repeal of such provision is approved by the board of directors pursuant to a resolution approved by at least two-thirds of the Whole Board (rounded up to the nearest whole number).

In addition to any vote of the holders of any class or series of the stock required by law or by the articles of incorporation, the affirmative vote of the holders of at least 80% of the voting power of all of the then-outstanding shares of the capital stock of entitled to vote generally in the election of directors, voting together as a single class, shall be required to amend or repeal certain provisions of the articles of incorporation. Such provisions are titled Amendment of the Articles of Incorporation, Preferred Stock, Restrictions on Voting Rights of the Corporation's Equity Securities, Majority Vote, Quorum, Directors, Bylaws, Evaluation of Certain Offers, Indemnification,

Directors and Officers, and Limitation of Liability.

Independent

Generally, the articles of incorporation of Independent may be amended or repealed only by a majority vote of the stockholders. Sections 4 and 5 of Article VI, dealing with preemptive rights and the amendment of the articles of incorporation, may be amended or repealed only by a two-thirds majority vote of the stockholders.

Table of Contents

Indemnification

Peoples

Peoples' articles of incorporation provide that (1) directors and officers of Peoples shall be indemnified by Peoples to the maximum extent permitted by law, and (2) other employees and agents shall be indemnified to such extent as authorized by the board of directors and permitted by law; provided, however, that, with respect to proceedings to enforce rights to indemnification, Peoples shall indemnify any such indemnitee in connection with a proceeding (or part thereof) initiated by such indemnitee only if such proceeding (or part thereof) was authorized by the board of directors of Peoples. Maryland law applicable to Peoples generally provides that a corporation may indemnify a director or officer who is a party to a threatened, pending or completed proceeding unless it is established that (1) the director's act or omission was material to the matter giving rise to the proceeding and was committed in bad faith or was the result of active and deliberate dishonesty; (2) the director actually received an improper personal benefit in money, property, or services; or (3) in the case of any criminal proceeding, the director had reasonable cause to believe that the act or omission was unlawful. Peoples' articles of incorporation also provide for payment of expenses actually and reasonably incurred by a director or officer of Peoples in connection with any threatened, pending or completed proceeding.

Independent

Independent's bylaws and articles of organization provide for the limitation on liability of directors and officers. Under the bylaws a director or officer shall not be personally liable to Independent or its stockholders for monetary damages for breach of fiduciary duty as a director or officer. However, the bylaws do not eliminate or limit the liability of a director or officer (i) for any breach of the director's or officer's duty of loyalty to the Independent or its stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) for improper distributions under Section 6.40 of Chapter 156D of the General Laws of Massachusetts, or (iv) for any transaction from which the director or officer derived an improper personal benefit. The stated intention of the bylaw provision is to limit the liability of a director or officer to the maximum extent allowed by law. To that end, the bylaws further provide that if the Massachusetts Business Corporation Act is amended to authorize the further elimination of, or limitation on, the liability of directors or officers, then the liability of a director or officer of Independent, in addition to the limitation of personal liability provided herein, shall be limited to the full extent permitted by such amendment or amendments.

The bylaws further provide that a director's or officer's conduct with respect to an employee benefit plan for a purpose he or she reasonably believed to be in the interests of the participants in, and the beneficiaries of, the plan is conduct that satisfies the requirement that his or her conduct was at least not opposed to the best interests of Independent.

Except in the circumstances described above, Independent may only indemnify a director or officer if so ordered by a court.

The determination of whether an officer or director has met the requirements for indemnification shall be made (i) if there are two or more disinterested directors, by the board of directors by a majority vote of all the disinterested directors, a majority of whom shall for such purpose constitute a quorum, or by a majority of the members of a committee of two or more disinterested directors appointed by vote; (ii) by special legal counsel; (iii) by the stockholders, but shares owned by or voted under the control of a director who at the time does not qualify as a disinterested director may not be voted on the determination. Independent may, in some circumstances, advance expenses to a director or officer who is a party to a proceeding.

Approval of Business Combinations

Peoples

The articles of incorporation of Peoples contain a special provision that provides that the affirmative vote of the holders of a majority of the total number of shares of all classes of Peoples outstanding and entitled to vote on all matters, including business combinations, will be valid and effective.

Independent

The bylaws and articles of organization of Independent do not contain any special provisions relating to the approval of business combinations, and therefore business combinations requiring a vote of Independent's stockholders are subject to the default rule under the Massachusetts Business Corporation Act requiring the affirmative vote of two-thirds of the outstanding shares entitled to vote thereon.

SUBMISSION OF BUSINESS PROPOSALS AND STOCKHOLDER NOMINATIONS

Peoples will hold an annual meeting for the year ending September 30, 2014 only if the merger is not completed. Peoples must receive proposals that stockholders seek to include in the proxy statement for Peoples' next annual meeting no later than September 19, 2014. If the next annual meeting is held on a date more than 30 calendar days from February 18, 2015, a stockholder proposal must be received by a reasonable time before Peoples begins to print and mail its proxy solicitation for such annual meeting. Any stockholder proposals will be subject to the requirements of the proxy rules adopted by the Securities and Exchange Commission.

Peoples' Bylaws generally provides that any stockholder desiring to make a proposal for new business at an annual meeting of stockholders or to nominate one or more candidates for election as directors must submit written notice filed with Peoples' Corporate Secretary not less than 80 days nor more than 90 days prior to any such annual meeting; provided, however, that if less than 90 days' notice or prior public disclosure of the date of the annual meeting is given to stockholders, such written notice shall be delivered or mailed to and received by Peoples' Corporate Secretary at Peoples' principal executive office not later than the tenth day following the day on which notice of the meeting was mailed to stockholders or such public disclosure was made. If the merger is not completed, the 2015 annual meeting of stockholders is expected to be held on February 17, 2015. For the 2015 annual meeting of stockholders, the notice would have to be received between November 19, 2014 and November 29, 2014. The stockholder must also provide certain information in the notice, as set forth in Peoples' Bylaws. Failure to comply with these advance notice requirements will preclude such nominations or new business from being considered at the meeting.

Nothing in this proxy statement/prospectus or Peoples' Bylaws shall be deemed to require Peoples to include in its proxy statement and proxy relating to an annual meeting any stockholder proposal that does not meet all of the requirements for inclusion established by the Securities and Exchange Commission in effect at the time such proposal is received.
