GENERAL INFORMATION ABOUT THE PROXY MATERIALS AND THE ANNUAL MEETING

Why am I receiving this proxy statement?

The Board of Directors of Carter's, Inc. (we, us, our, Carter's, or the Company) is soliciting proxies for our 2015 Annual Meeting of Shareholders on May 7, 2015 (the Annual Meeting). This proxy statement and accompanying proxy card are being mailed on or about April 6, 2015 to shareholders of record as of March 23, 2015, the record date.

You are receiving this proxy statement because you owned shares of Carter's common stock on the record date and are, therefore, entitled to vote at the Annual Meeting. By use of a proxy, you can vote regardless of whether or not you attend the Annual Meeting. This proxy statement provides information on the matters on which the Company's Board of Directors (the Board) would like you to vote so that you can make an informed decision.

What is the purpose of the Annual Meeting?

The purpose of the Annual Meeting is to address the following business matters:

1. The election of two Class III directors (see page 14);
2. An advisory approval of compensation for our named executive officers (NEOs) (the say-on-pay vote) (see page 38);
3. The ratification of the appointment of PricewaterhouseCoopers LLP (PwC) as the Company's independent registered public accounting firm for fiscal year 2015 (see page 40); and
4. All other business that may properly come before the meeting.

Who is asking for my vote?

The Company is soliciting your proxy on behalf of the Board. The Company is paying for the costs of this solicitation and proxy statement.

Who can attend the Annual Meeting?

All shareholders of record, or their duly appointed proxies, may attend the Annual Meeting. As of the record date, there were 52,649,741 shares of common stock issued and outstanding.

What are my voting rights?

Each share of common stock is entitled to one vote on each matter submitted to shareholders at the Annual Meeting.

What is the difference between holding shares as a shareholder of record and as a beneficial owner?

If your shares are registered directly in your name with the Company's transfer agent, American Stock Transfer and Trust Company, you are considered the shareholder of record for these shares. As the shareholder of record, you have the right to grant your voting proxy directly to the persons listed on your proxy card or vote in person at the Annual Meeting.

Table of Contents

If your shares are held in a brokerage account or by another nominee, you are considered the beneficial owner of shares held in street name. These proxy materials are being forwarded to you together with a voting instruction card. As a beneficial owner, you have the right to direct your broker, trustee, or nominee how to vote, and you are also invited to attend the Annual Meeting. Because you are a beneficial owner and not the shareholder of record, you may not vote your shares in person at the Annual Meeting unless you obtain a proxy from the broker, trustee, or nominee that holds your shares. Your broker, trustee, or nominee should have provided directions for you to instruct the broker, trustee, or nominee on how to vote your shares.

What is a broker non-vote?

If you are a beneficial owner whose shares are held of record by a broker and you do not provide voting instructions to your broker, your shares will not be voted on any proposal on which the broker does not have discretionary authority to vote. This is called a broker non-vote. Your broker **only** has discretionary authority to vote on Proposal Number Three. Therefore, your broker will not have discretion to vote on Proposal Number One and Proposal Number Two unless you specifically instruct your broker on how to vote your shares by returning your completed and signed voting instruction card.

What are my choices when casting a vote with respect to the election of Class III directors, and what vote is needed to elect the director nominees?

In voting on the election of Class III directors (Proposal Number One), shareholders may:

1. vote for any of the nominees,
2. vote against any of the nominees, or
3. abstain from voting on any of the nominees.

Pursuant to our by-laws and our Corporate Governance Principles, the nominees who receive a majority of the votes properly cast at the Annual Meeting will be elected as Class III directors. This means that the number of votes cast for a director nominee must exceed the number of votes cast against that nominee and votes to abstain with respect to that nominee. Broker non-votes and votes to abstain on Proposal Number One will be counted toward the quorum, and abstentions will have the practical effect of a vote against a director nominee.

What are my choices when casting an advisory vote on approval of compensation of the Company's NEOs, commonly referred to as the say-on-pay vote, and what vote is needed to approve this Proposal?

In voting on executive compensation (Proposal Number Two), shareholders may:

1. vote for the approval of compensation of the Company's NEOs, on an advisory basis, as described in this proxy statement,

2. vote against the approval of compensation of the Company's NEOs, on an advisory basis, as described in this proxy statement, or

3. abstain from voting on compensation of the Company's NEOs, on an advisory basis, as described in this proxy statement.

Because Proposal Number Two asks for a non-binding, advisory vote, there is no required vote that would constitute approval. We value the opinions expressed by our shareholders in this advisory vote, and our Compensation Committee will consider the outcome of the vote when designing our compensation programs and making future compensation decisions for our NEOs. Abstentions and broker non-votes, if any, will not have any impact on this advisory vote.

Table of Contents

What are my choices when voting on the ratification of the appointment of PwC as the Company's independent registered public accounting firm for fiscal 2015, and what vote is needed to approve this Proposal?

In voting on the ratification of PwC (Proposal Number Three), shareholders may:

1. vote to ratify PwC's appointment,
2. vote against ratifying PwC's appointment, or
3. abstain from voting on ratifying PwC's appointment.

The approval of Proposal Number Three requires the affirmative vote of a majority of the votes properly cast at our Annual Meeting. Abstentions will not affect the outcome of this proposal. A broker or other nominee will generally have discretionary authority to vote on this proposal because it is considered a routine matter, and, therefore, we do not expect broker non-votes with respect to this proposal.

What constitutes a quorum?

A quorum is the minimum number of shares required to be present to transact business at the Annual Meeting. Pursuant to the Company's by-laws, the presence at the Annual Meeting, in person, by proxy, or by remote communication, of the holders of at least a majority of the shares entitled to be voted will constitute a quorum. Broker non-votes and abstentions will be counted as shares that are present at the meeting for purposes of determining a quorum. If a quorum is not present, the meeting will be adjourned until a quorum is obtained.

How does the Board recommend that I vote?

The Board recommends a vote:

FOR the election of the nominees for Class III directors (Proposal Number One);

FOR the approval of the compensation of the Company's NEOs as described in this proxy statement (Proposal Number Two); and

FOR the ratification of the appointment of PwC (Proposal Number Three).

How do I vote?

If you are a shareholder of record, you may vote in one of four ways. First, you may vote over the internet by completing the voting instruction form found at www.proxyvote.com. You will need your proxy card when voting over the internet. Second, you may vote by touch-tone telephone by calling 1-800-690-6903. Third, you may vote by mail by signing, dating, and mailing your proxy card in the enclosed envelope. Fourth, you may vote in person at the Annual Meeting.

If your shares are held in a brokerage account or by another nominee, these proxy materials are being forwarded to you together with a voting instruction card. Follow the instructions on the voting instruction card in order to vote your

shares by proxy or in person.

Can I change my vote after I return my proxy card?

Yes. Even after you have submitted your proxy card, you may change or revoke your vote at any time before your proxy votes your shares by submitting written notice of revocation to Michael C. Wu, Senior Vice President of Legal and Corporate Affairs, General Counsel, and Secretary of Carter s, Inc., at the Company s

address set forth in the Notice of Annual Meeting, or by submitting another proxy card bearing a later date. Alternatively, if you have voted by telephone or over the internet, you may change your vote by calling 1-800-690-6903 and following the instructions. The powers granted by you to the proxy holders will be suspended if you attend the Annual Meeting in person, although attendance at the Annual Meeting will not by itself revoke a previously granted proxy. If you hold your shares through a broker or other custodian and would like to change your voting instructions, please review the directions provided to you by that broker or custodian.

May I vote confidentially?

Yes. Our policy is to keep your individual votes confidential, except as appropriate to meet legal requirements, to allow for the tabulation and certification of votes, or to facilitate proxy solicitation.

Who will count the votes?

A representative of Broadridge Financial Solutions, Inc. will count the votes and act as the inspector of election for the Annual Meeting.

What happens if additional matters are presented at the Annual Meeting?

As of the date of this proxy statement, the Board knows of no matters other than those set forth herein that will be presented for determination at the Annual Meeting. If, however, any other matters properly come before the Annual Meeting and call for a vote of shareholders, the Board intends proxies to be voted in accordance with the judgment of the proxy holders.

Where can I find the voting results of the Annual Meeting?

We intend to announce preliminary voting results at the Annual Meeting and publish final results in our current report on Form 8-K within four business days after the Annual Meeting.

What is householding of the Annual Meeting materials?

The Securities and Exchange Commission (the SEC) has adopted rules that permit companies and intermediaries, such as brokers, to satisfy delivery requirements for proxy statements with respect to two or more shareholders sharing the same address by delivering a single proxy statement to those shareholders. This process, which is commonly referred to as householding, potentially provides extra convenience for shareholders and cost savings for companies. The Company and some brokers household proxy materials, delivering a single proxy statement and annual report to multiple shareholders sharing an address unless contrary instructions have been received from the affected shareholders. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement and annual report, or if you are receiving multiple copies of the proxy statement and annual report and wish to receive only one, please notify your broker if your shares are held in a brokerage account, or the Company if you hold shares registered directly in your name. You can notify the Company by sending a written request to Mr. Wu at the Company's address set forth in the 2015 Notice of Annual Meeting or by calling us at (678) 791-1000.

How may I obtain a copy of the Company's Annual Report?

A copy of our fiscal 2014 Annual Report on Form 10-K (the Annual Report) accompanies this proxy statement and is available at <http://www.carters.com/annuals>. Shareholders may also obtain a free copy of our Annual Report by sending a request in writing to Mr. Wu at the Company's address set forth in the Notice of the Annual Meeting.

When are shareholder proposals due for consideration in next year's proxy statement or at next year's Annual Meeting?

Any proposals to be considered for inclusion in next year's proxy statement must be submitted in writing to Mr. Wu at the Company's address set forth in the Notice of Annual Meeting, and must be received prior to the close of business on December 9, 2015. There are additional requirements under our by-laws and the proxy rules to present a proposal, including continuing to own a minimum number of shares of our stock until next year's Annual Meeting and appearing in person at the Annual Meeting to explain your proposal. Shareholders who wish to make a proposal to be considered at next year's Annual Meeting, other than proposals to be considered for inclusion in next year's proxy statement, must notify the Company in the same manner specified above no earlier than January 7, 2016, and no later than February 6, 2016.

Who can help answer my questions?

Board Leadership Structure

The Company's Corporate Governance Principles provide that positions of Chairman of the Board of Directors and Chief Executive Officer may be combined if the non-management directors determine it is in the best interest of the Company. In August 2009, the non-management directors appointed Mr. Casey, who was the then-current Chief Executive Officer and a sitting Board member, as Chairman. The Board believes it is appropriate to continue to combine the positions of the Chairman and Chief Executive Officer. Mr. Casey has over 20 years of management, finance, and administrative leadership experience at the Company. In addition, Mr. Casey has extensive knowledge of, and experience with, all other aspects of the Company's business, including with its employees, customers, vendors,

and shareholders. Having Mr. Casey serve as both Chairman and Chief Executive Officer helps promote unified leadership and direction for both the Board and management.

Table of Contents

In connection with Mr. Casey's appointment as Chairman, the non-management directors also created the position of Lead Independent Director (Lead Director) and appointed Mr. Whiddon to serve in that role. The non-management directors created the Lead Director position to, among other things, ensure that the non-management directors maintain proper oversight of management and Board process. The responsibilities of the Lead Director include:

 serving as an advisor to the Chief Executive Officer on Board, executive management, and other significant matters;

 serving, as necessary, as a liaison between non-management directors and the Chief Executive Officer;

 providing annual Board assessment and other feedback to the Chief Executive Officer;

 advising the Chief Executive Officer on the Board's informational needs;

 consulting on Board meeting materials, schedules, and agendas;

 calling and presiding over executive sessions of non-management directors;

 presiding at Board meetings in the absence of the Chairman; and

 after consultation with the Chief Executive Officer, communicating with major shareholders or other interested parties, as appropriate.

Board Meetings

Our Corporate Governance Principles require Carter's to have at least four regularly scheduled Board meetings each year, and each director is expected to attend each meeting. The Board met four times during fiscal 2014. In fiscal 2014, no director participated in less than 75% of the aggregate number of all of the Board and applicable committee meetings. Although the Company does not have a policy regarding director attendance at annual meetings, all directors attended the Company's Annual Meeting in fiscal 2014.

Executive Sessions

Executive sessions of non-management directors are held at least four times a year. Any non-management director can request that an additional executive session be scheduled. The Board's Lead Director presides at the executive sessions of non-management directors.

During fiscal 2014, the Nominating and Corporate Governance Committee held six meetings. The Nominating and Corporate Governance Committee is responsible for, among other things:

Consideration of Director Nominees

The Nominating and Corporate Governance Committee regularly assesses the appropriateness of the size of the Board of Directors. In the event that vacancies occur or are anticipated, the Committee will consider prospective nominees that come to its attention through current Board members, search firms, or certain shareholders. The Board believes that it is appropriate to limit the group of shareholders who can propose nominees due to time constraints on the Nominating and Corporate Governance Committee. The Committee will consider persons recommended by shareholders who hold more than 1% of our common stock for inclusion as nominees for election to the Board if the names of such persons are submitted to Mr. Wu at the Company's address set forth in the Notice of Annual Meeting. This submission must be made in writing and in accordance with our by-laws, including mailing the submission in a timely manner, share ownership at the time of the Annual Meeting, and including the nominee's name, address, and qualifications for Board membership.

When evaluating a potential candidate for membership on the Board, the Committee considers each candidate's skills and experience and assesses the needs of the Board and its committees at that point in time. Although the Committee does not have a formal policy on diversity, it believes that diversity is an important factor in determining the composition of the Board, and seeks to have Board members with diverse backgrounds, experiences, and points of view. In connection with its assessment of all prospective nominees, the Committee will determine whether to interview such prospective nominees, and if warranted, one or more members of the Committee, and others as appropriate, will interview such prospective nominees in person or by telephone. Once this evaluation is completed, if warranted, the Committee selects the nominees for election at the Annual Meeting.

Shareholder Communication with Directors

A shareholder or other interested party may submit a written communication to the Board, the Lead Director, or individual non-management directors. The submission must be delivered to Mr. Wu at the Company's address set forth in the Notice of Annual Meeting.

Table of Contents

The Board, the Lead Director, or non-management directors may require the submitting shareholder to furnish such information as may be reasonably required or deemed necessary to sufficiently review and consider the submission of such shareholder.

Each submission will be forwarded, without editing or alteration, to the Board, the Lead Director, or individual non-management directors, as appropriate, at, or prior to, the next scheduled meeting of the Board. The Board, the Lead Director, or individual non-management directors, as appropriate, will determine, in their sole discretion, the method by which such submission will be reviewed and considered.

Risk Oversight

The Company's management is responsible for identifying, assessing, managing, and mitigating the Company's strategic, financial, operational, and compliance risks. The Board is responsible for overseeing risk management at the Company and management's efforts in these areas. The Board exercises direct oversight of strategic risks to the Company and other risk areas not delegated to one of its committees. The Board's Audit Committee is responsible for overseeing the processes, procedures, and capabilities of the Company's enterprise risk management program, risks related to financial statements, financial reporting, and internal controls, as well as compliance with legal and regulatory requirements. The Compensation Committee oversees risks associated with the Company's compensation policies and practices with respect to both executive compensation and compensation generally, as well as compliance with legal and regulatory requirements as they relate to compensation. The Compensation Committee reviews the Company's compensation policies and practices with management to confirm that there are no risks arising from such compensation policies and practices that are reasonably likely to have a material adverse effect on the Company. The Nominating and Corporate Governance Committee is responsible for overseeing compliance with legal and regulatory requirements as such requirements relate to corporate governance, and for overseeing risks related to the Company's social compliance program. The Board and its Committees receive updates from senior management on relevant risks and management efforts in these areas at its Board and Committee meetings at least annually and more frequently, as appropriate.

Corporate Governance Principles and Code of Ethics

The Company is committed to conducting its business with the highest level of integrity and maintaining the highest standards of corporate governance. Our Corporate Governance Principles and Code of Ethics provide the structure within which our Board and management operate the Company. The Company's Code of Ethics applies to all directors and Company employees, including each of the Company's executive officers. Our Corporate Governance Principles and Code of Ethics are available in the Investor Relations section of our website at www.carters.com or in print by contacting Mr. Wu at the Company's address set forth in the Notice of Annual Meeting.

Director Independence

The NYSE listing standards and the Company's Corporate Governance Principles require a majority of the Company's directors to be independent from the Company and the Company's management. For a director to be considered independent, the Board must determine that the director has no direct or indirect material relationship with the Company. The Board considers all relevant information provided by each director regarding any relationships each director may have with the Company or management. As a result of this review, our Board has determined that all of our non-management directors are independent and meet the independence requirements under the listing standards of the NYSE and rules and regulations of the SEC.

The Board proposes that the two Class III director nominees be re-elected to the Board to serve until the Annual Meeting in 2018, or until his earlier resignation, death, or removal. | Jevin S. Eagle | 48 |

The Board recommends a vote FOR the election of Paul Fulton and Thomas E. Whiddon as Class III directors.

Vote Required

Pursuant to our by-laws and our Corporate Governance Principles, the nominees who receive a majority of the votes properly cast at the Annual Meeting will be elected as Class III directors. This means that the number of votes properly cast for a director nominee must exceed the number of votes cast against that nominee and votes to abstain with respect to that nominee. Abstentions and broker non-votes will be counted towards a quorum, and abstentions will have the practical effect of a vote against a director nominee. Any nominee who does not receive a majority of votes cast for his election is required to tender his resignation. The Nominating and Corporate Governance Committee is then required to make a recommendation to the Board as to whether it should accept or reject such resignation. The Board, taking into account such recommendation, will decide whether to accept such resignation. The Board's decision will be publicly disclosed within ninety (90) days after the results of the election are certified. A director whose

resignation is under consideration shall abstain from participating in any recommendation or decision regarding his resignation. If the resignation is not accepted, the director will continue to serve until the next Annual Meeting of Shareholders at which such director faces re-election and until such director's successor is elected and qualified.

Utilizing data on non-management director compensation from the Company's peer group, as well as considering general industry trends presented by Hay Group, an independent compensation consultant, the Compensation Committee determined not to increase non-management director compensation for fiscal 2014.

Under the Company's minimum ownership guidelines, no director may sell Company stock unless he or she owns shares of Company stock with a total market value in excess of five times his or her annual cash retainer, or \$275,000, by the end of his or her second term of service on the Board. Executive Compensation Highlights for 2014

The Compensation Committee believes that our executive compensation program is appropriately designed to attract and retain superior executive talent and also to drive performance. After review of various factors, including our financial performance, the Compensation Committee took the following actions, among others, with respect to fiscal 2014 compensation for our NEOs:

Reviewed the peer group used by the Compensation Committee as a source of comparative compensation data in 2013, and determined no changes were needed;

Paid out annual cash incentive compensation at 121.5% based on the level of achievement of the Company's 2014 goals for performance in net sales, adjusted EBIT, adjusted EPS, and certain additional business objectives; and

Approved grants of stock options and time-based and performance-based restricted shares.

Compensation Governance

What We Do:

Align Pay with Company Performance: A significant portion of our NEOs' total direct compensation is linked to Company performance in the form of incentive compensation and long-term performance stock.

Retain an Independent Compensation Consultant: The Compensation Committee retains an independent consultant to advise it on executive and director compensation matters and to help analyze comparative compensation data to confirm that the design and pay levels of our compensation program are consistent with market practices.

Utilize Stock Ownership Guidelines: We have stock ownership guidelines for our executive officers to encourage our executives to maintain a meaningful equity interest in the Company in order to more closely align executives' interests with those of our shareholders in general.

Utilize Equity Retention Guidelines: Our equity retention policy for executive officers requires holding periods for time-based restricted stock and time-based stock option grants.

Have Double-Trigger Cash Severance Arrangements in the Event of a Change of Control: Our severance agreements with our NEOs provide for cash severance benefits to be paid only if there is a qualifying termination in connection with a change of control.

What We do Not Do

No Guaranteed Annual Salary Increases or Guaranteed Bonuses

No Re-Pricing of Stock Options Without Shareholder Approval

No Hedging, Pledging, or Short Sales of Company Stock

No Special Perquisites Provided on an Annual Basis to Our NEOs

No Equity Grants Below 100% Fair Market Value

Compensation Philosophy

The Company is committed to achieving long-term, sustainable growth and increasing shareholder value. Our compensation philosophy is to set our NEOs' total direct compensation at levels that will attract, motivate, and retain superior executive talent in a highly competitive environment. The Company's compensation program for our NEOs is designed to support these objectives and encourage strong financial performance on an annual and long-term basis, without encouraging excessive risks, by linking a significant portion of our NEOs' total direct compensation to

Company performance in the form of incentive compensation and long-term performance stock. The principal components of the compensation structure for our NEOs are base salary, annual cash incentive compensation, and long-term equity incentive compensation. Together, the Company refers to these three components as total direct compensation.

Say-on-Pay Results

At the 2014 Annual Meeting of Shareholders, over 92% of the votes cast were in favor of the advisory vote to approve executive compensation. While this vote was advisory and not binding, the Compensation Committee carefully considered the result of the say-on-pay vote in the context of our overall compensation philosophy, as well as our compensation policies and decisions. After reflecting on the say-on-pay vote, our Compensation Committee decided that no changes to the 2014 compensation philosophy were necessary. At the 2015 Annual

Table of Contents

Meeting of Shareholders, the Company plans to again hold an annual advisory vote to approve executive compensation. The Compensation Committee plans to continue to consider the results from this year's and future advisory votes on executive compensation.

Role of the Compensation Committee, Independent Consultant and Management

Our Compensation Committee sets the total direct compensation of our NEOs. Our Compensation Committee also sets the financial performance targets for our NEOs' annual cash incentive compensation and vesting terms for their equity awards, including performance-based awards. Our Compensation Committee has engaged Hay Group, an independent compensation consultant, to advise it on executive and director compensation matters. Hay Group also assists the Committee in gathering and analyzing comparative compensation data both from among the companies in Hay Group's Retail Industry Executive and Management Total Remuneration Survey and from our peer group, each as described in more detail below. With the goal of maintaining the effectiveness of our executive compensation program, and to keep it consistent with our compensation philosophy, our Compensation Committee reviews the reasonableness of compensation for our executive officers, including our NEOs, and compares it with compensation data from Hay Group's retail survey, as described below, and our peer group.

Hay Group serves at the discretion of the Compensation Committee and regularly attends executive sessions with the Compensation Committee. At the direction of the Compensation Committee, our Chief Executive Officer works with Hay Group to review comparative compensation data and makes recommendations for base salary, annual cash incentive compensation, and long-term equity incentive compensation for our NEOs, other than himself.

Compensation for our Chief Executive Officer is set by the Compensation Committee, without any involvement by the Chief Executive Officer, based on recommendations made by Hay Group. The Compensation Committee has assessed the independence of Hay Group pursuant to the SEC rules and has determined that the work provided by Hay Group did not raise a conflict of interest.

Factors Used in Determining Executive Compensation

In setting compensation of all NEOs, our Compensation Committee takes into account multiple objective and subjective factors, including:

- (i) the nature and scope of each executive's responsibilities;
- (ii) comparative compensation data for executives in similar positions at companies in Hay Group's retail survey, as described below, and in our peer group;
- (iii) each executive's experience, performance, and contribution to the Company;
- (iv) the Company's performance;
- (v) prior equity awards and potential future earnings from equity awards;

(vi) retention needs; and

(vii) any other factors the Committee deems relevant.

The Retail Survey and Peer Group Analysis

The survey conducted by Hay Group is comprised of 140 companies in the retail and wholesale industry and provides comparable compensation information by controlling for differences in companies' revenue size and in the scope of responsibility of different executives. Beginning in August 2012, the Compensation Committee, at the advice of Hay Group, began using a subset of Hay Group's survey for executive compensation market

Table of Contents

assessment. For 2014, this subset included 52 companies (Retail Survey as listed in Appendix A). The Compensation Committee believes that these companies are engaged in businesses more similar to the Company's business than the other companies in Hay Group's survey because they are largely apparel and related products retailers or department stores who primarily sell apparel and related products. In addition, our Compensation Committee has established a peer group, which is generally comprised of companies in the retail or wholesale industries that primarily conduct business in apparel or related accessories, sell products under multiple brands through retail and outlet stores, and have net sales generally between one-half and two times the Company's net sales. In fiscal 2014, our peer group was comprised of the following fifteen companies:

| | |
|---------------------------------|------------------------|
| Aeropostale, Inc. | Fossil Group, Inc. |
| American Eagle Outfitters, Inc. | Guess?, Inc. |
| Ann Inc. | Hanesbrands Inc. |
| Ascena Retail Group, Inc. | The Jones Group Inc.* |
| Chico's FAS, Inc. | Quiksilver, Inc. |
| The Children's Place, Inc. | Under Armour, Inc. |
| Coach, Inc. | Urban Outfitters, Inc. |
| Columbia Sportswear Company | |

* The Jones Group Inc. was acquired by Sycamore Partners in 2014, and as such, has been removed from the Company's peer group for 2015.

In August 2014, our Compensation Committee conducted with Hay Group its annual review of our peer group and determined, based on the criteria established for inclusion in the peer group, not to alter the composition of the peer group.

Total Direct Compensation

In setting a total direct compensation target for each NEO, our Compensation Committee considers both objective and subjective factors set forth above, as well as prior equity awards, potential future earnings from equity awards, and retention needs. The Compensation Committee also reviews total direct compensation, and its individual components, at the 25th, 50th, and 75th percentile levels paid to executives in similar positions at the companies in the Retail Survey and our peer group to understand where the compensation it sets falls relative to the market practices. These levels were selected because the Compensation Committee reviews this peer data as a reference point in determining whether the total compensation opportunity is likely to provide sufficient motivation and retention as well as whether it properly reflects the NEO's role and scope of responsibilities relative to the companies in the Retail Survey and our peer group. The Compensation Committee chose the actual amount of each element of compensation and the total compensation opportunity of each executive officer based, in part, on its review of data for the companies in the Retail Survey and our peer group and in part on the factors discussed above under the heading Factors Used in Determining Executive Compensation and below in respect of actual compensation decisions for fiscal 2014.

Throughout fiscal 2014, our Compensation Committee reviewed compensation data from the Retail Survey and our peer group to compare the compensation of our NEOs.

Base Salary

When setting base salaries for our NEOs, our Compensation Committee considers the subjective and objective factors set forth above and also reviews base salaries at the 25th, 50th, and 75th percentile levels paid to executives in similar positions at the companies in the Retail Survey and our peer group, as appropriate.

Utilizing base salary data from the Retail Survey and, with respect to Messrs. Casey, Westenberger, and Lynch, base salary data for the Company's peer group, as well as making adjustments in light of the objective and subjective factors discussed above, the Committee determined to increase base salaries for fiscal 2014 for Messrs. Casey, Westenberger, Lynch, and Corning to better align with market competitive levels.

Mr. Wu's base salary for fiscal 2014 was approved by the Compensation Committee based on Mr. Wu's compensation prior to joining the Company, negotiations with Mr. Wu at the time he was hired, and taking into consideration the data for similar positions at companies set forth in the Retail Survey.

Annual Cash Incentive Compensation

The Company makes annual cash incentive compensation (through our Amended and Restated Incentive Compensation Plan) a significant component of our NEOs' targeted total direct compensation in order to motivate our executives to meet and exceed the Company's annual operating plans. For each NEO, our Compensation Committee approves target annual cash incentive compensation as a percentage of such NEO's base salary. In establishing these annual cash incentive compensation targets, the Compensation Committee considers our NEOs' potential total direct compensation in light of the Company's compensation philosophy and comparative compensation data. Our NEOs may also receive special bonuses in recognition of special circumstances or for superior performance.

In February 2014, our Compensation Committee set the following fiscal 2014 annual cash incentive compensation targets for our NEOs: 125% of base salary for Mr. Casey, 100% for Mr. Lynch, 75% for Messrs. Corning and Westenberger, and 50% for Mr. Wu.

The NEOs can earn their annual cash incentive compensation based upon the Company's achievement of financial performance targets pre-determined by the Compensation Committee. In accordance with our Incentive Compensation Plan, for fiscal 2014, the Compensation Committee used three financial performance metrics, plus a new target based on the attainment of certain business objectives to determine the amount, if any, of annual cash incentive compensation to be paid under our Incentive Compensation Plan: net sales (weighted at 20%); earnings before interest and taxes (EBIT), adjusted, if applicable, in the same manner as for presentation to the financial markets (weighted at 20%); earnings per share (EPS), adjusted, if applicable, in the same manner as for presentation to the financial markets (weighted at 40%); and the completion of a certain percentage of business objectives determined by the Compensation Committee during its February 2014 meeting (weighted at 20%).

Our Compensation Committee selected net sales, EBIT, EPS, and business objectives as performance metrics because we believe these metrics to be key measures that are aligned with the interests of our shareholders and help to measure the quality of our earnings. In February 2014, the Compensation Committee added additional metrics to include the realization of specified business objectives. The intent of these objectives is to reward our NEOs for achievement of important strategic initiatives that strengthen the Company's competitive position. At the beginning of each year, the Compensation Committee determines a set of objectives it deems important to the Company's long-term success, and each objective is assigned a target level of performance, which is then judged at the beginning of the next year to be either met or not. The Compensation Committee specified six business objectives for 2014: increase customer net promoter score, grow direct-to-consumer transactions, limit product cost increases, increase OshKosh profitability, leverage selling, general and administrative expenses, and improve operating margin.

Our Compensation Committee has the discretion not to award or reduce annual cash incentive compensation, even if the Company achieves its financial performance targets, and to take into account personal performance in determining the percentage of each NEO's annual cash incentive compensation to be paid, if any. For example, our Compensation Committee has discretion to reduce future incentive compensation awards based on financial restatements or misconduct. In addition, in accordance with the requirements of the Sarbanes-Oxley Act of 2002, Messrs. Casey and Westenberger are subject to the adjustment, cancellation, or recovery of incentive awards or payments made to them in the event of a financial restatement.

Table of Contents

Our NEOs could have earned from 0% to 200% of their target annual cash incentive compensation in fiscal 2014 based upon the Company's achievement of the following targets, weighted at the following percentages:

| | Net Sales (\$ in billions) (20%) | EBIT (\$ in millions) (20%) | EPS (40%) | Business Objectives (20%)* |
|--|--|-----------------------------------|--------------|----------------------------------|
| 25% of Target Annual Cash Incentive Compensation (Threshold) | \$ 2.801 | \$ 326.0 | \$ 3.47 | 2 |
| 100% of Target Annual Cash Incentive Compensation (Target) | \$ 2.901 | \$ 362.0 | \$ 3.90 | 4 |
| 200% of Target Annual Cash Incentive Compensation (Maximum) | \$ 2.976 | \$ 388.0 | \$ 4.20 | 6 |
| Actual 2014 Performance | \$ 2.894 | \$ 359.0 | \$ 3.93 | 6 |

* Each business objective is weighted equally. At its meeting in February 2014, the Compensation Committee determined the number of objectives required to be met to hit the Threshold, Target, and Maximum percentages set forth in this table. If less than two objectives had been met, our NEOs would have received no cash incentive compensation bonus for this metric.

Based on the Company's fiscal 2014 performance, our NEOs were awarded 121.5% of their cash incentive compensation targets for fiscal 2014. Actual payouts for the NEOs are shown in the Summary Compensation Table.

Long-Term Equity Incentive Compensation

Our Equity Incentive Plan allows for various types of equity awards, including stock options, restricted stock, restricted stock units, stock appreciation rights, and deferred stock. Awards under our Equity Incentive Plan are granted to recruit, motivate, and retain employees and in connection with promotions or increased responsibility. Historically, our Compensation Committee has awarded time-based stock options, time and performance-based restricted stock, and time-based restricted stock units, although it could use other forms of equity awards in the future.

All awards under our Equity Incentive Plan must be approved by our Compensation Committee. Our Compensation Committee determines the type, timing, and amount of equity awards granted to each of our NEOs after considering their previous equity awards, base salary, and target annual cash incentive compensation in light of the Company's compensation philosophy. Our Compensation Committee also considers the comparative compensation data in the Retail Survey and our peer group, and our desire to retain and motivate our NEOs and to align their goals with the long-term goals of our shareholders. Our Compensation Committee's practice is to approve grants of stock options, restricted stock, and restricted stock units at regularly scheduled meetings. Our Compensation Committee may also make equity grants at special meetings or by unanimous written consent. Our Compensation Committee could select a date subsequent to a regularly scheduled meeting on which to grant equity awards. Our Compensation Committee sets the exercise prices of equity awards at the closing price of our common stock on the NYSE on the date of grant.

In considering the value of equity awards, we calculate the value of stock option awards by using the Black-Scholes option pricing valuation method and the value of time-based and performance-based restricted stock awards equal to the closing price of our common stock on the date of grant.

In February 2014, based on criteria described above, our Compensation Committee approved annual stock option, restricted stock, and performance-based restricted stock grants for each NEO. The following table details the amounts each of our NEOs was granted. A more detailed description of such grants can be seen below in the table **Fiscal 2014 Grants of Plan-Based Awards** and its footnotes.

Table of Contents

Mr. Wu's equity awards were approved by the Compensation Committee based on Mr. Wu's compensation prior to joining the Company, negotiations with Mr. Wu at the time of hire, relocation expenses, and consideration of the data for similar positions at companies in the Retail Survey.

Each NEO's performance-based restricted shares granted in February 2014 are eligible to vest in fiscal 2017 in varying percentages (between 25% and 150%) if the Company achieves certain growth in earnings per share (as adjusted for items judged to be non-recurring or unusual in nature), measured from fiscal 2013 to fiscal 2016. Once vested, the performance-based restricted shares granted to Mr. Casey may not be sold for an additional one-year period (except to satisfy tax obligations resulting from vesting of such shares).

All of the time-based stock option and time-based restricted stock awards granted to our NEOs in fiscal 2014 are subject to the equity retention policy described below, contingent on the NEO's continued employment with the Company, and vest in four equal annual installments on the anniversary of the grant date.

Stock Ownership Guidelines and Equity Retention Policy

Our Compensation Committee regularly reviews the equity ownership of our NEOs compared to the Company's minimum ownership guidelines. Under the Company's minimum ownership guidelines, no NEO may sell Company stock (other than to cover the tax obligations resulting from the vesting of Company restricted stock or from exercising vested stock options) unless he owns shares of Company stock with a total market value in excess of a multiple of his base salary and continues to maintain such level of ownership after selling Company stock. For fiscal 2014, the ownership multiples for our NEOs were as follows:

| | Multiple of Base Salary |
|---------------------------|------------------------------------|
| Chief Executive Officer | 7x |
| President | 4x |
| Executive Vice Presidents | 3x |
| Senior Vice Presidents | 1x |

During fiscal 2014, each of our NEOs was in compliance with his applicable ownership multiple.

Our equity retention policy for NEOs requires that, prior to any sale, any time-based restricted stock granted to an NEO after January 1, 2009 be held for four years following the date of grant, except for any withholding to cover tax obligations resulting from the vesting of such shares. The policy also requires that time-based options granted after January 1, 2009 be held for at least one year from the date of vesting. Further, hedging and pledging of Company stock is prohibited under the Company's policies to ensure that the interests of the holders of Company stock are fully aligned with those of shareholders in general. During 2014, none of our NEOs hedged or pledged any shares of Company stock.

401(k) Plan

The Company's 401(k) matching program provides Company matching of employee contributions at the discretion of the Company, based on the Company's performance. In February 2015, the Company announced that employee contributions made to the Company's 401(k) plan in fiscal 2014 would be matched 100% by the Company for all employees up to the maximum amount permitted by the Internal Revenue Service.

Accounting and Tax Considerations

Accounting, tax, and related financial implications to the Company and our NEOs are considered during the analysis of our compensation and benefits program and individual elements of each. Overall, the Compensation Committee seeks to balance attainment of our compensation objectives with the need to maximize current tax deductibility of compensation that may impact earnings and other measures of importance to shareholders. The

Table of Contents

Compensation Committee determined that the accounting and tax impacts described below regarding Internal Revenue Code Section 162(m) were reasonable in light of our objectives.

In general, base salary, annual cash incentive bonus payments, and the costs related to benefits and perquisites are recognized as compensation expense at the time they are earned or provided. Share-based compensation expense is recognized in our consolidated statements of operations for stock options, restricted stock, and performance shares.

Internal Revenue Code Section 162(m)

Section 162(m) of the Internal Revenue Code of 1986, as amended, imposes a \$1 million limit on the amount that a public company may deduct for compensation paid to a company's principal executive officer and the company's three most highly compensated executive officers, other than its principal financial officer. This limitation generally does not apply to performance-based compensation that is awarded under a plan that is approved by the shareholders of a company and that also meets certain other technical requirements. While the Compensation Committee is mindful of the benefit to our performance of full deductibility of compensation, the Compensation Committee believes that it should not be constrained by the requirements of Section 162(m) of the Internal Revenue Code where those requirements would impair flexibility in compensating our executive officers in a manner that can best promote our corporate objectives. Therefore, the Compensation Committee has not adopted a policy that requires that all compensation be deductible and approval of compensation, including the grant of stock options or other performance-based compensation to our executive officers, by the Compensation Committee is not a guarantee of deductibility under the Internal Revenue Code. The Compensation Committee intends to continue to compensate our executive officers in a manner consistent with the best interests of our shareholders.

Severance Agreements with NEOs

Each of our current NEOs has a severance agreement with the Company. In the event that a NEO is terminated by the Company for cause, retires, becomes disabled, or dies, the executive or his estate will be provided his base salary and medical and other benefits through the termination of his employment.

If a NEO is terminated without cause, or a NEO terminates for good reason (with cause and good reason defined in each executive's respective agreement and summarized below) the Company will be obligated to pay such executive's base salary for 24 months in the case of Mr. Casey, for 18 months in the case of Mr. Lynch, and for 12 months in the cases of Messrs. Corning, Westenberger, and Wu. In each case, base salary will be paid in bi-weekly installments. The Company is also obligated to pay each NEO a pro-rated annual cash incentive compensation amount that would have been earned by each such executive if he had been employed at the end of the year in which his employment was terminated. The determination of whether an annual cash incentive compensation is payable to the NEO will not take into account any individual performance goals and shall be based solely on the extent to which Company performance goals have been met. Additionally, the Company is obligated to pay the medical, dental, and life insurance benefits for 24 months in the case of Mr. Casey, for 18 months in the case of Mr. Lynch, and for 12 months in the case of Messrs. Corning, Westenberger, and Wu.

In the event that within two years following a change of control (with change of control defined in each executive's agreement) the Company terminates the NEO's employment, other than for cause or such executive terminates his employment for good reason, the Company shall pay such NEO's base salary, medical, dental, and life insurance benefits for 36 months in the case of Mr. Casey, 30 months in the case of Mr. Lynch, and 24 months in the case of Messrs. Corning, Westenberger, and Wu. In the event of a change of control of the Company, all unvested stock options and all unvested shares of restricted stock held by the NEO shall fully vest.

Severance payments made to the NEOs are subject to the requirements of Section 409A of the Internal Revenue Code of 1986, as amended.

Table of Contents

Under the agreements with each of our NEOs, *cause* is generally deemed to exist when such NEO has: (i) been convicted of a felony or entered a plea of guilty or no contest to a felony; (ii) committed fraud or other act involving dishonesty for personal gain which is materially injurious to the Company; (iii) materially breached his obligations of confidentiality, intellectual property assignment, non-competition, non-solicitation, or non-disparagement against the Company after a cure period, provided such breach by its nature was curable; (iv) willfully engaged in gross misconduct which is injurious to the Company; or (v) after a cure period, willfully refused to substantially perform his duties or is grossly negligent in performance of such duties.

Under the agreements with our NEOs, *good reason* is generally deemed to exist when there is (i) a material reduction in the executive's title, duties, or responsibilities; (ii) a material change in the geographic location at which the executive must perform services; or (iii) a material breach of the executive's agreement by the Company.

Potential Payments Upon Termination or Change of Control***Termination***

As described in more detail above under the heading *Severance Agreements with NEOs*, we have entered into certain agreements and maintain certain plans that may require us in the future to make certain payments and provide certain benefits in the event of a termination of employment.

For purposes of the table below, a hypothetical termination without *cause* or for *good reason* is assumed to have occurred as of January 3, 2015, the last day of fiscal 2014. The table below indicates the payment and provision of other benefits that would be owed to each of our NEOs as the result of such a termination. There can be no assurance that a termination of employment of any of our NEOs would produce the same or similar results as those set forth below on any other date. The terms *without cause* and *good reason* are defined in the agreements with our executives and summarized above under the heading *Severance Agreements with NEOs*.

(a) Cash incentive compensation calculations are based on cash incentive compensation targets achieved in fiscal 2014 described in more detail under the heading *Annual Cash Incentive Compensation* above.

Change of Control and Termination Following a Change of Control

In the event of a change of control, as that term is defined under the Company's Equity Incentive Plan and individual awards, all unvested stock options and all unvested shares of restricted stock shall fully vest. In addition, as described in more detail above under the heading *Severance Agreements with NEOs*, we have entered into certain agreements that may require us to make certain payments and provide certain benefits to our NEOs in the event of a change of control (with *change of control* defined in each executive's agreement).

For purposes of the table below, we have assumed that all unvested stock options and all unvested shares of restricted stock have fully vested immediately prior to a change of control on January 3, 2015, the last day of fiscal 2014, and that a termination without cause occurred immediately following a change of control on January 3, 2015. The estimated benefit amount of unvested options was calculated by multiplying the number of in-the-money unvested options held by the applicable NEO by the difference between the closing price of our common stock on January 2, 2015, as reported by the NYSE, which was \$86.00, and the exercise price of the

option. The estimated benefit amount of unvested restricted stock was calculated by multiplying the number of restricted shares held by the applicable NEO by the closing price of our common stock on January 2, 2015, as reported by the NYSE, which was \$86.00.

There can be no assurance that a change of control would produce the same or similar results as those set forth below on any other date or at any other price.

(a) Cash incentive compensation calculations are based on cash incentive compensation targets achieved in fiscal 2014 described in more detail under the heading *Annual Cash Incentive Compensation* above.

Perquisites and Other Benefits

Except for the 401(k) matching program, which applies to all employees, our NEOs do not receive any perquisites or other benefits on an annual basis. During 2014, Mr. Wu was provided with benefits related to his relocation to Atlanta, Georgia including associated tax gross-ups. The cost of providing these benefits and perquisites to the NEOs is included in the amounts shown in the *All Other Compensation* column of the Summary Compensation Table and detailed in the footnotes to such table.

The time-based restricted stock awards vest in four equal, annual installments following the date of the grant.

Vesting of the performance-based stock awards granted in fiscal 2012 occurred on February 26, 2015. Vesting of the performance-based stock awards granted in fiscal 2013 and 2014 is contingent upon meeting specific performance targets through fiscal 2015 and 2016, respectively. For Mr. Casey, once vested, the performance-based restricted shares granted after 2011 may not be sold for an additional one-year period (except to satisfy tax obligations resulting from vesting of such shares).

NONQUALIFIED DEFERRED COMPENSATION

Eligible employees, including our NEOs, may elect annually to defer a portion of their base salary and annual cash incentive compensation under The William Carter Company Deferred Compensation Plan (the "Deferred Compensation Plan"). Under this plan, participants can defer up to 75% of their salary and/or 90% of their cash bonus. At the option of the participant, these amounts may be deferred to a specific date at least two years from the last day of the year in which deferrals are credited into the participant's account. Interest on deferred amounts is credited to the participant's account based upon the earnings and losses of one or more of the investments selected by the participant from the various investment alternatives available under the Deferred Compensation Plan.

At the time of deferral, a participant must indicate whether he or she wishes to receive the amount deferred in either a lump sum or in substantially equal annual installments over a period of up to five years for "Specified Date" accounts or up to ten years for "Retirement" accounts. If a participant who is an employee of the Company separates from service prior to the elected commencement date for distributions and has not attained age 62 or age 55 and completed ten years of service, then the deferred amounts will be distributed as a lump sum, regardless of the method of distribution originally elected by the participant. If the participant in question has attained age 62 or age 55 with ten years of service and has previously elected to do so on a timely basis, then the participant may receive the amounts in substantially equal annual installments over a period of up to ten years. There is a six-month delay in the commencement of distributions for all participants, if triggered by the participant's termination or retirement. Changes to deferral elections with respect to previously deferred amounts are permitted only under the limited terms and conditions specified in the Internal Revenue Code and early withdrawals from deferred accounts are permitted only in extreme cases, such as unforeseen financial hardship resulting from an illness or accident of the participant which is

demonstrated to the Company's Retirement Committee.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires that the Company's executive officers and directors, and persons who beneficially own more than ten percent (10%) of the Company's common stock, file initial reports of ownership and changes in ownership with the SEC and the NYSE. Based on a review of the copies of such forms furnished to the Company, the Company believes that all forms were filed in a timely manner during fiscal 2014.

PROPOSAL NUMBER TWO

ADVISORY VOTE ON APPROVAL OF EXECUTIVE COMPENSATION

The Compensation Discussion and Analysis section of this proxy statement beginning on page 18 describes the Company's executive compensation program and the compensation decisions that the Compensation Committee and Board of Directors made in 2014 with respect to the compensation of the Company's NEOs.

The Company is committed to achieving long-term, sustainable growth and increasing shareholder value. The Company's compensation program for its NEOs is designed to support these objectives and encourage strong financial performance on an annual and long-term basis by linking a significant portion of the NEOs' total direct compensation to Company performance in the form of incentive compensation.

The Board of Directors is asking shareholders to cast a non-binding, advisory vote **FOR** the following resolution:

RESOLVED, that the compensation paid to the Company's NEOs, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED.

This proposal is commonly referred to as the "say-on-pay" vote. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our NEOs and the policies and practices described in this proxy statement. Although the vote we are asking you to cast is non-binding, the Compensation Committee and the Board value the views of our shareholders and intend to consider the outcome of the vote when determining future compensation arrangements for our NEOs.

The Board recommends a vote FOR the approval of compensation of the Company's NEOs as disclosed in this proxy statement.

Vote Required

Because this Proposal Number Two asks for a non-binding, advisory vote, there is no required vote that would constitute approval. We value the opinions expressed by our shareholders in this advisory vote, and our Compensation Committee will consider the outcome of the vote when designing our compensation programs and making future compensation decisions for our NEOs. Abstentions and broker non-votes, if any, will not have any impact on this advisory vote.

TRANSACTIONS WITH RELATED PERSONS, PROMOTERS, AND CERTAIN CONTROL PERSONS

The Company has a written policy that requires all transactions with related persons be reviewed by our Chief Financial Officer, and all such transactions involving more than \$10,000 be reviewed by our Chief Financial Officer with our Audit Committee and approved by our Audit Committee. Our Chief Financial Officer annually reviews all transactions with related persons with our Audit Committee.

There were no such transactions during fiscal 2014.

AUDIT COMMITTEE REPORT

The Audit Committee reviews the Company's accounting, auditing, and financial reporting process on behalf of the Board. The Audit Committee's charter is available in the Investor Relations section of our website at www.carters.com. Management has the primary responsibility for establishing and maintaining adequate internal financial controls, for preparing the financial statements, and for the public reporting process.

PricewaterhouseCoopers (PwC), the Company's independent registered public accounting firm, is responsible for expressing opinions on the conformity of the Company's audited consolidated financial statements with accounting principles generally accepted in the United States of America and on the effectiveness of the Company's internal control over financial reporting.

The Audit Committee has reviewed and discussed with management and PwC the audited consolidated financial statements for the fiscal year ended January 3, 2015 and PwC's evaluation of the effectiveness of the Company's internal control over financial reporting. The Audit Committee has discussed with PwC the matters that are required to be discussed by the Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1, AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T. The Audit Committee has received the written disclosures and the letter from PwC required by applicable requirements of the Public Company Accounting Oversight Board regarding PwC's communications with the Audit Committee concerning independence, and has discussed with PwC the firm's independence.

Based on the review and discussions referred to above, the Audit Committee recommended to our Board of Directors that the audited consolidated financial statements for the fiscal year ended January 3, 2015 be included in our Annual Report on Form 10-K for fiscal 2014 for filing with the SEC.

Table of Contents**PROPOSAL NUMBER THREE****RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee of the Board of Directors has appointed PwC to serve as the Company's independent registered public accounting firm for fiscal 2015, and the Board recommends that shareholders ratify this appointment. The Board is submitting the appointment of PwC as the Company's independent registered public accounting firm for shareholder ratification. The Board recommends that shareholders ratify this appointment at the Annual Meeting. Shareholder ratification of the appointment of PwC is not required by law or otherwise. The Board is submitting this matter to shareholders for ratification because the Board believes it to be a good corporate practice. If the shareholders do not ratify the appointment, the Audit Committee may reconsider whether or not to retain PwC. Even if the appointment is ratified, the Audit Committee may appoint a different independent registered public accounting firm at any time during the year if, in its discretion, it determines that such a change would be in the Company's best interest and that of the Company's shareholders. A representative of PwC is expected to attend the Annual Meeting, and he or she will have the opportunity to make a statement and be available to respond to appropriate questions. For additional information regarding the Company's relationship with PwC, please refer to the Audit Committee Report above.

The Audit Committee has also adopted policies and procedures for pre-approving all non-audit work performed by PwC. The Audit Committee has pre-approved the use of PwC for specific types of services that fall within categories of non-audit services, including various tax services. The Audit Committee receives regular updates as to the fees associated with the services that are subject to pre-approval. Services that do not fall within a pre-approved category require specific consideration and pre-approval by the Audit Committee. All services rendered by PwC in the table below were pre-approved by the Audit Committee.

The aggregate fees that the Company incurred for professional services rendered by PwC for fiscal years 2014 and 2013 were as follows:

| | 2014 | 2013 |
|--------------------|---------------------|---------------------|
| Audit Fees | \$ 1,626,000 | \$ 1,995,000 |
| Audit-Related Fees | 130,000 | |
| Tax Fees | | |
| All Other Fees | 3,600 | 3,640 |
| Total Fees | \$ 1,759,600 | \$ 1,998,640 |

Audit Fees for fiscal years 2014 and 2013 were for professional services rendered for the integrated audit of the consolidated financial statements and internal control over financial reporting of the Company, other auditing procedures related to the adoption of new accounting pronouncements, review of other significant transactions, and related out-of-pocket expenses.

Audit-Related Fees for fiscal 2014 were for professional services to assess the Company's controls related to compliance with anti-corruption laws and regulations.

All Other Fees for fiscal years 2014 and 2013 consisted of software license fees.

The Board recommends a vote FOR the ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for fiscal 2015.

Vote Required

The approval of Proposal Number Three requires the affirmative vote of a majority of the votes properly cast at our Annual Meeting. Abstentions will not affect the outcome of this proposal. A broker or other nominee will generally have discretionary authority to vote on this proposal because it is considered a routine matter, and, therefore, we do not expect broker non-votes with respect to this proposal.
