A Message to
our Stockholders

**2014 was a pivotal year
for Monotype.**

We continued to make significant strides towards achieving our vision of having our type and technologies empower every word and experience. We saw impressive growth in our Creative Professional business, which accounted for more than 40 percent of our total revenue for the first time in our history. A big part of our success involves creating a balance in serving our core businesses and finding new opportunities for long-term growth.

A good example of this was our acquisition of Swyft Media at the beginning of 2015, which helped position Monotype squarely in the middle of the fast-growing mobile messaging landscape. This acquisition opens up a significant opportunity for us to move down market to serve consumers across the globe who are eager to find new and unique ways to express themselves in messaging apps with branded content like digital stickers, emojis and personalized keyboards. Millennials and younger consumers are at the heart of this new personalization movement, and we want our fonts to be an important part of that self-expression.

Diversification of the business continues to be an important part of Monotype's growth strategy. For example, we've expanded our presence in the automotive space, which will continue to be an area of focus in 2015. We are also focusing on manufacturers of products in categories like the Internet of Things, medical devices and wearables, as these manufacturers are increasingly require solutions that enable them to design an interface that is beautiful and legible and can easily scale to support new languages. We believe the depth and breadth of our type and technology solutions will help these customers achieve their design goals.

We feel that we are uniquely positioned to meet the critical market needs of the content continuum, addressing every phase of the content lifecycle, from creation to consumption. Content creators need typefaces and workflow solutions to help them express creativity and brand consistency across a variety of mediums. We remain confident that as digital marketing campaigns become more dynamic, our Web fonts will play an important role. We are also committed to continuing to serve the core areas of our business such as printer manufacturers and independent software vendors.

At the end of fiscal 2014, we had approximately \$90 million of cash on hand and had returned \$41.5 million to stockholders in dividends and share repurchases. Looking ahead, we believe our cash generation, diversification and recurring and predictable revenues provide a great foundation for growth.

Finally, this is my last year writing to you as the president and CEO of Monotype. I have announced that I will retire from the company at the end of 2015, and remain on the Board as a director after my retirement. The Board anticipates appointing Scott Landers, our current COO and CFO, as the next president and CEO of Monotype in January 2016. I know the company will continue to thrive under Scott's leadership, and I can confidently say that our board, our management team and our employees are very excited about the future of Monotype.

We want to thank you, our investors, for your continued support.

Douglas J. Shaw

Questions and Answers

About Our Annual Meeting

This Proxy Statement is being furnished in connection with the solicitation of proxies by the board of directors (the Board) of Monotype Imaging Holdings Inc., a Delaware corporation (the Company), for use at the Company s 2015 Annual Meeting of Stockholders (the Annual Meeting). This Proxy Statement and form of proxy will be made available to stockholders on or about April 9, 2015.

When and where is the Annual Meeting?

Time: 8:00 a.m. Eastern
Date: Tuesday, May 5, 2015
Location: The Offices of Goodwin Procter LLP
The New York Times Building
620 Eighth Avenue
New York, NY 10018

Who can vote?

Stockholders of record as of March 20, 2015 (our Record Date) are entitled to vote. As of our Record Date, there were 40,077,924 shares of our common stock (the Common Stock) entitled to vote. Each share of our Common Stock is entitled to one vote for each director, and one vote for each Proposal.

How many shares must be present

to conduct the Annual Meeting?

The presence at the meeting in person or by proxy of holders of shares representing a majority of all the votes entitled to be cast at the meeting, or 20,038,962 voting shares, will constitute a quorum for the transaction of business at the Annual Meeting.

What is the difference between a stockholder

of record and a street name holder?

These terms describe how your shares of our Common Stock are held. If your shares are registered directly in your name with Computershare Investor Services, our transfer agent, you are a stockholder of record. If your shares are held in the name of a brokerage, bank, trust or other nominee as a custodian, you are a street name holder.

What is a proxy?

A proxy is your legal designation of another person to vote on your behalf. By completing and returning the enclosed proxy card, you are giving the persons named in the proxy card, Douglas J. Shaw and Scott E. Landers, or each of them, each with the power of substitution, the authority to vote your shares in the manner you indicate on your proxy

card.

How do I vote my shares?

If you are a stockholder of record, you have several choices. You can indicate your vote and designate your proxy:

Via the Internet;

By telephone; or

By mailing your enclosed proxy card.

Note that votes made by phone or on the Internet must be received by 11:59 p.m., local time, on May 4, 2015, please refer to the specific instructions on the printed proxy card. If you hold your shares in street name your broker, bank, trustee, or nominee will provide you with materials and instructions for voting your shares. If you return a properly signed proxy card but do not mark your vote on any matter, your shares will be voted **FOR** the director Nominees and Proposals.

Why did I receive more than one

Proxy Statement and proxy card?

You will receive multiple Proxy Statements and proxy cards if you hold your shares in different ways (for example, by joint tenancy, in a trust, in a custodial account) or in multiple accounts. If your shares are held in street name, you will receive your proxy card or other voting information from your broker, and you will return your proxy card(s) to your broker. You should vote on and sign each proxy card you receive. To request that only one copy of any of these materials be mailed to your household, please contact your broker.

Can I vote my shares in person

at the Annual Meeting?

If you are a stockholder of record, you may vote your shares in person at the Annual Meeting. If you hold your shares in street name, you must obtain the appropriate documents from your broker, bank, trustee or nominee, giving you the right to vote the shares at the Annual Meeting. If you intend to attend the Annual Meeting in person, we encourage you to mark the meeting attendance box on your proxy card. You must bring to the Annual Meeting a picture identification and proof that you are a stockholder of record in order to vote your shares at the Annual Meeting.

What is a broker non-vote?

A broker non-vote refers to a share of our Common Stock represented at the Annual Meeting that is held by a broker or other nominee who has not received instructions from the beneficial owner or person entitled to vote such share, and where the broker or nominee does not have discretionary power to vote. If you hold shares of our Common Stock in street name, you must provide written instructions on how you want your shares to be voted on each Proposal. If you do not provide voting instructions, and the Proposal is considered a non-routine matter, then your shares will not be voted. Please note that **Proposal One Election of Directors**, and **Proposal Two Advisory Vote on Executive Compensation**, are considered non-routine matters, so it is very important that you provide written instructions on each Proposal if you want your vote to be counted.

Table of Contents**What Proposals will be voted on at the Annual Meeting****and how does the Board recommend I vote?**

The following is a summary of the Proposals being voted on at the Annual Meeting and the recommendations of the Board:

Proposal Number and Subject	Description	Board Recommendation
Proposal One Election of Directors	We are asking our stockholders to re-elect Pamela F. Lenehan and Timothy B. Yeaton each as Class III directors, each for a three-year term.	The Board recommends you vote FOR the election of each director Nominee.
Proposal Two Advisory Vote on the Company's Executive Compensation	We are asking our stockholders, in an advisory, non-binding vote, to approve the compensation for our Company's named executive officers.	The Board recommends you vote FOR the Company's executive compensation.
Proposal Three Ratification of Independent Registered Public Accounting Firm	We are asking our stockholders to ratify the audit committee's appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for 2015.	The Board recommends you vote FOR the ratification of Ernst & Young LLP.

What vote is required to approve each Proposal?

To approve each of the Proposals, the following votes are required from our stockholders:

Proposal Number and Subject	Vote Required	Impact of Abstentions, Withheld Votes and Broker Non-Votes
-----------------------------	---------------	---

Proposal One Election of Directors	Directors are elected by a plurality of the shares voted, which means that the two Nominees receiving the most affirmative votes will be elected.	Withheld votes and broker non-votes will not count as votes cast on Proposal One and will not affect the outcome of the vote.
------------------------------------	---	---

Proposal Two Advisory Vote on the Company's Executive Compensation	As this Proposal is advisory and non-binding, we will consider stockholders to have approved the Company's executive compensation if the majority of votes are cast FOR Proposal Two.	Abstentions and broker non-votes will not count as votes cast on Proposal Two and will not affect the outcome of the vote.
--	--	--

Proposal Three Ratification of Independent Registered Public Accounting Firm	Ernst & Young LLP will be ratified if the majority of votes are cast FOR Proposal Three.	Abstentions will not count as votes cast on Proposal Three and will not affect the outcome of the vote.

What happens if additional matters are presented at the Annual Meeting?

As of the filing date of this Proxy Statement, we know of no other matters other than the items of business described herein that can be considered at the Annual Meeting. If other matters requiring a vote do arise, the persons named as proxies will have the discretion to vote on those matters for you.

Can I change my vote after I have mailed my proxy card?

You may change your vote and revoke your proxy by doing one of the following:

By sending a written notice of revocation to:
Monotype Imaging Holdings Inc.

Attention: Corporate Secretary

600 Unicorn Park Drive

Woburn, MA 01801.

Please note that your written revocation stating that you revoke your proxy must be received by our corporate secretary prior to the Annual Meeting.

By signing a later-dated proxy card and submitting it so that it is received prior to the Annual Meeting in accordance with the instructions included on the proxy card(s); or

By attending the Annual Meeting and voting your shares in person.

Who pays the cost of this proxy solicitation?

The cost of solicitation of proxies for the Annual Meeting will be paid by the Company. In addition to the solicitation of proxies by mail, the directors, officers, and employees of the Company may also solicit proxies personally or by telephone without additional compensation. The Company will also request persons, firms, and corporations holding shares in their names or in the names of their nominees, which are beneficially owned by others, to send proxy materials to, and obtain proxies from, the beneficial owners. The Company will reimburse holders for their reasonable expenses.

How do I make a proposal for consideration at next year's annual meeting of stockholders?

Stockholder proposals submitted pursuant to Rule 14a-8 of the Securities Exchange Act of 1934, as amended (the Exchange Act) for inclusion in the Company's proxy statement and form of proxy for the 2016 annual meeting of

Edgar Filing: Monotype Imaging Holdings Inc. - Form DEF 14A

stockholders must be received by the Company by December 11, 2015. Proposals

must comply with the requirements as to form and substance established by the Securities and Exchange Commission (the SEC) in order to be included in our proxy statement and form of proxy.

In accordance with our current by-laws, for a stockholder to nominate a director or for a proposal of a stockholder to be presented at the Company's 2016 annual meeting of stockholders, other than a stockholder proposal intended to be included in our proxy statement and submitted pursuant to Rule 14a-8 of the Exchange Act, a stockholder's notice must be delivered to, or mailed and received at, the principal office of the Company, together with all supporting documentation required by the Company's by-laws, not prior to the close of business on January 6, 2016, nor later than the close of business on February 5, 2016. You may contact the Company's corporate secretary at the address below for a copy of the relevant by-law provisions regarding the requirements for making stockholder proposals and nominating director candidates. Any proposals should be mailed to:

Monotype Imaging Holdings Inc.

Attention: Corporate Secretary

600 Unicorn Park Drive

Woburn, Massachusetts 01801.

The Company's 2014 Annual Report, including financial statements for the year ended December 31, 2014, is being mailed to stockholders concurrently with this Proxy Statement. The Annual Report, however, is not part of the proxy solicitation material. A copy of the Company's Annual Report on Form 10-K filed with the SEC, including all exhibits to the Annual Report, may be obtained free of charge by writing to:

Monotype Imaging Holdings Inc.

Attention: Investor Relations

600 Unicorn Park Drive

Board Structure, Leadership, and Governance

The following provides information about the structure, leadership, and governance, of our Board.

Board Structure

The structure and composition of our Board is as follows:

Our Board is divided into three staggered classes (Class I, II, and III) and each director in each class serves until a successor has been elected and qualified or until the earlier of their resignation or removal.

Our current Board is comprised of six independent and one employee director. Our one employee director is our current president and chief executive officer, Doug Shaw, who has been our president and CEO since 2007 and has been a member of our Board since 2004.

On March 8, 2015, Doug Shaw announced his intention to retire as our president and CEO effective December 31, 2015. It is anticipated that the Board will appoint Scott Landers, our current chief operating officer and chief financial officer, as our president and CEO on or about January 1, 2016 and that he will be appointed to the Board on or about the effective date of his appointment as our new president and CEO. We anticipate that Mr. Shaw will retain his seat on our Board after his retirement.

Board Leadership

We have separate positions for the chairman of the Board and president and chief executive officer. Robert Lentz currently serves as the chairman of our Board. Our Board believes that there are advantages to having an independent chairman of the Board, including:

- To assist in facilitating matters such as communications between the Board and our president and CEO;
- To provide strategic guidance from the Board to our president and CEO and senior management team;
- To assist the Board in reaching consensus on particular strategies and policies based on input from senior management; and
- To ensure that the appropriate level of oversight, independence and responsibility is applied to all Board decisions, including risk oversight.

The Board believes that Mr. Lentz's skill set, understanding of the Company's business and end user markets, and his ability to offer strategic guidance to our executive management team allows him to excel in his role as our chairman.

Board Governance

The Company and the Board are committed to good corporate governance practices which promote the long-term interests of our stockholders. We believe our governance practices not only strengthen our Board and management

team accountability but also build trust in our Company with our stockholders. Our governance practices include:

Our Board operates under written corporate governance guidelines, which can be downloaded from our website at <http://ir.monotype.com>.

The committees of the Board operate under written charters, which can be downloaded from our website at <http://ir.monotype.com>.

Our Board conducts an annual self-evaluation, part of which is to determine whether or not the current leadership structure is optimal for our Company and our stockholders.

Each committee of the Board conducts an annual self-evaluation, part of which is to determine the effectiveness of the committee and highlight areas of committee focus for the upcoming year.

We conduct an annual review of corporate policies, governance guidelines and committee charters to ensure compliance with industry best practices.

The Company has adopted a Code of Business Conduct and Ethics that is applicable to all employees, including our president and CEO and all senior financial officers, which can be downloaded from our website at <http://ir.monotype.com>.

We provide that any amendment to or waiver of a provision of our Code of Business Conduct and Ethics which applies to our principal executive officer, principal financial officer, principal accounting officer, controller or persons performing similar functions, will be disclosed by posting such information on our website.

Our Company policy encourages directors to attend our annual meeting of stockholders, and in 2014 all directors attended.

Any of our committee charters, our corporate governance guidelines, and our Code of Business Conduct and Ethics can also be obtained, free of charge, by writing to us at:

Board Responsibility for Risk Oversight

The Company's management is responsible for day-to-day risk management and implementation of Company policies. We maintain an internal risk management committee that is responsible for ensuring that our risk management program, which is comprised of strategic, operational, financial and legal risk identification and prioritization, as well as active risk management and mitigation, is reflected in our policies and actions. Our Board has oversight of our risk management program, and receives reports on risk management from members of our senior management team.

Our audit committee has oversight responsibility for our risk identification and prioritization process, our Sarbanes-Oxley Act of 2002 compliance program and our internal audit function. Our management development and compensation committee has oversight of risk considerations with respect to our executive compensation programs. The committee works directly with management to determine whether our programs improperly encourage management to take unnecessary risks relating to the business or whether risks arising from our executive compensation programs are reasonably likely to have a material adverse effect on the Company. Our Board believes that this shared oversight is appropriate, rather than consolidation of responsibility with a single board level risk management committee.

Board Review of Business

Relationships and Transactions

All related party transactions are reviewed under our related person transaction approval policy by our audit committee, and reported to and, if required, approved by our Board. The term "related party transactions" refers to transactions required to be disclosed in our filings with the SEC pursuant to Item 404 of Regulation S-K. Responsibilities for these reviews and associated actions are as follows:

Our audit committee is responsible for our policies and procedures for the review of transactions between the Company and our directors, director nominees, executive officers, security holders that beneficially own more than 5% of any class of our voting securities, or the immediate family members of any of these persons under our written related person transaction approval policy;

A list of related persons, which is updated and cross-checked periodically, is available to our employees and officers who are involved with or familiar with the transactions, contracts or other legal or business arrangements that we may or have entered into; and

The related persons list is checked prior to entering into any new transaction, contract or other legal or business arrangement.

If it is determined that we have entered into or may enter into a related person transaction, including any modification or addition to an existing contract or arrangement, our general counsel is notified and she reviews the applicable rules

and determines whether the approval of our Board, the audit committee, or both, is required and if so, that approval is obtained prior to entering into the transaction. No related person transaction is allowed unless our general counsel has either specifically confirmed in writing that no further approvals are necessary, or specifically confirmed in writing that all approvals necessary for us to enter into such arrangement have been obtained. In the event that a related party transaction requires the approval of the Board, the audit committee reviews the transaction and then makes a recommendation to the Board for its consideration before the transaction is entered into.

Board Independence

Our Board has considered the relationships of all directors and any transactions involving the directors and determined that none of the directors, with the exception of Doug Shaw who currently serves as our president and chief executive officer, has any relationship that would interfere with the exercise of independent judgment in carrying out his or her responsibility as a director and that each director qualifies as an independent director under the rules of the SEC and the NASDAQ Global Select Market.

Management Development and Compensation Committee Interlocks and Insider Participation

None of our executive officers serve as a member of the management development and compensation committee or as a director of any entity that has one or more of its executive officers serving as a member of our Board or management development and compensation committee. None of the members of our management development and compensation committee has ever been one of our employees.

2014 Meetings of the Board, its Committees and

Executive Sessions of Non-Employee Directors

The following provides information about the 2014 Meetings of the Board, its committees and any executive sessions of non-employee directors

The Board of Directors

The Board met fifteen times during 2014, and each director attended at least 75% of the total number of meetings of the Board and committees of the Board of which he or she was a member. In 2014, an executive session of the independent directors was held at least one time following a scheduled meeting of the Board and included only those directors who met the independence requirements of the NASDAQ Global Select Market. Our chairman, Robert Lentz, is responsible for chairing any executive session.

The Committees of the Board

The Board has three standing committees: audit committee, management development and compensation committee, and nominating and corporate governance committee. The composition and function of each of our committees complies with the rules of the SEC and the NASDAQ Global Select Market. The Board has adopted a written charter for each committee which is available to view or download on our website at <http://ir.monotype.com> or by writing to us at:

Director Compensation

The following provides a summary of the structure of our non-employee director compensation in 2014.

Board and Committee**Cash Retainers**

Our non-employee directors receive cash compensation in the form of a retainer for their service on our Board and committees. They do not receive meeting fees, however, if the number of meetings of the Board or any committee exceeds 10 per year, non-employee directors are entitled to receive per meeting payments of \$1,000 for any additional meeting attended. Further, the Board has discretion to award additional compensation to any director who undertakes additional responsibility above and beyond any of their committee responsibilities. Our non-employee directors are also entitled to reimbursement of reasonable travel expenses for Board or committee meetings, Company-related activities that require their attendance, and payment of director-related education expenses.

Our retainer structure for 2014, which was authorized by the Board on March 26, 2014 and went into effect on May 1, 2014, provided that each non-employee director would receive a cash retainer as follows:

Chair of the Board	\$117,500
Non-employee Director (other than the Chair)	\$72,500

Each non-employee Director who serves on one or more Board committees would also receive the following cash retainer(s):

Audit Committee member (other than the committee Chair)	\$10,000
Audit Committee Chair	\$20,000 \$7,500

Management Development and Compensation Committee member

(other than the committee Chair)

Management Development and Compensation Committee Chair

\$15,000

Nominating and Corporate Governance Committee member

(other than the committee Chair)

\$5,000

Nominating and Corporate Governance Committee Chair

\$10,000

Actual cash retainers paid to each non-employee director in 2014 are set forth in the *Director Compensation Table*.

In addition, although there were fifteen meetings of the Board in 2014, no meeting fees were paid in 2014 as the directors decided to waive them. In July 2014, the Board awarded Mr. Simone additional cash compensation as set forth in the *Director Compensation Table* for his work beyond what would be anticipated as the chair of the audit committee, regarding his oversight of the Company's compliance programs.

Equity Compensation

In 2014, our non-employee directors received a grant of restricted stock equal to the number of shares with a dollar value of \$105,000 based on the closing price of a share of our Common Stock on the grant date. The award granted in 2014 vests on the earlier of the first anniversary of the grant date or the date of our next annual meeting of stockholders. Additional equity awards to our non-employee directors, which may include options to purchase shares of our Common Stock, are considered and approved by our Board during regularly scheduled or special meetings of our Board prior to the grant date, which is generally the third business day following the annual meeting. In 2014, no additional equity awards were granted.

Equity Grants upon Election

to the Board

Upon election to the Board, new non-employee directors receive a grant of restricted stock with a dollar value equal to \$120,000 based upon the closing price of our Common Stock on the grant date. The grant vests quarterly in equal installments over four years. Gay Gaddis, who was elected to our Board on February 24, 2014, received an initial director grant.

Director Stock Ownership Requirements

Any of our non-employee directors who have served on our board for at least three years are required to beneficially own a combination of shares of our Common Stock, vested stock options, and unvested shares of restricted stock with a dollar value at least equal to three times the annual cash compensation on the measurement date, which is December 31 of their current service year. All non-employee directors who were subject to the guidelines as of December 31, 2014 met the requirements.

Robert M. Givens (10)	\$28,333			\$28,333

- (1) Doug Shaw has been omitted from this table because he did not receive compensation for his service on our Board during fiscal 2014.
- (2) All fees include pro-rated amounts of cash compensation that became effective on May 1, 2014.
- (3) Represents the total fair value of the 4,231 shares of restricted stock granted on May 8, 2014 to our non-employee directors.
- (4) Represents dividends received in 2014 on unvested restricted stock awarded to the director in July 2012 where the impact of the dividend was not calculated into the fair market value of the grant.
- (5) Mr. Lentz became chairman of the Board on May 5, 2014 and received cash compensation for his service as chair from May 1, 2014 to December 31, 2014, as well as for his service on the audit committee and management development and compensation committee from January 1, 2014 to May 1, 2014, as he stepped down from both committees on May 5, 2014.
- (6) Ms. Gaddis began her service on the Board on February 24, 2014, and received compensation for her service from February 24, 2014 to December 31, 2014. On May 5, 2014, Ms. Gaddis was appointed to our management development and compensation committee and received cash compensation for her service on such committee from May 1, 2014 to December 31, 2014. Further, on the date of Ms. Gaddis' election to our Board, she received an initial director stock grant and also an annual director stock grant in May 2014. The value of both grants are reflected in the stock award column.
- (7) Mr. Heinen was appointed to our management development and compensation committee on May 5, 2014 and received cash compensation for his service on such committee from May 1, 2014 to December 31, 2014. Further, Mr. Heinen received cash compensation for his seat as chair of the nominating and corporate governance committee from January 1, 2014 to May 1, 2014, as he stepped down as chair of such committee on May 5, 2015.
- (8) Cash compensation includes \$5,000 awarded to Mr. Simone by the Board for services beyond what would be anticipated as the chair of our audit committee regarding his oversight of the Company's compliance programs.
- (9) Mr. Yeaton was appointed as chair of our nominating and corporate governance committee on May 5, 2014 and received cash compensation for his service as chair of such committee from May 1, 2014 to December 31, 2014.
- (10) Mr. Givens received cash compensation for his service as our chairman from January 1, 2014 through April 30, 2014. On May 6, 2014, Mr. Givens retired from our Board and was awarded the honorary title of chairman emeritus.

The aggregate total number of outstanding unvested shares of restricted stock at December 31, 2014 is shown below. With the exception of the 4,049 shares granted to Ms. Gaddis upon her election to the Board on February 24, 2014, and 4,074 of the 9,310 shares granted to Mr. Yeaton upon his election to the Board on July 25, 2012, all shares shown below will vest on May 5, 2015 which is the date of our Annual Meeting.

Name (1)	Grant Date	Number of Shares	Grant Date Fair Value	Vesting Date
Robert L. Lentz	May 8, 2014	4,231	\$105,013	May 5, 2015

Director Nominations

When our Board is required to select a new member, it relies on the nominating and corporate governance committee to identify suitable candidates for nomination and to assess their qualifications in light of the policies and principles in our corporate governance guidelines and the charter of the nominating and corporate governance committee.

In 2014, after an exhaustive search, the nominating and corporate governance committee nominated, and the Board elected, Gay W. Gaddis as a Class I director.

Process for Identifying

and Evaluating Director Nominations

Generally, the nominating and corporate governance committee identifies candidates for director nominees by consulting with other members of the Board and management, on its own, by utilizing search firms or other advisors, through the recommendations submitted by stockholders or through other methods deemed helpful in identifying candidates. Once candidates have been identified, the committee confirms the candidates meet the minimum qualifications by gathering information about the candidates through interviews, detailed questionnaires, comprehensive background checks or any other means deemed to be helpful in the process. The committee then meets as a group to discuss and evaluate the qualities and skills of each candidate, both on an individual basis and taking into account the overall composition and needs of the Board. Based on the results of this process, a recommendation is made with regard to the suitability for election of such candidates. The specific qualities and skills our Board and nominating and corporate governance committee look for in each candidate are outlined below.

Director Qualifications

In identifying prospective director candidates, the nominating and corporate governance committee considers all facts and circumstances it deems appropriate, including among other things, skill set, depth and breadth of business experience, independence, and the needs of the Board. This assessment includes consideration of the following minimum qualifications that must be met by all directors:

- Be of the highest ethical character and share the values reflected in our Code of Business Conduct and Ethics;
- Have reputations, both personal and professional, consistent with the image and reputation of the Company;
- Have the ability to exercise sound business judgment; and
- Have substantial business or professional experience and be able to offer meaningful advice and guidance to management based on that experience.

The committee also considers factors such as:

- An understanding of and/or experience in the technology, software, and creative professional industries or other experience deemed relevant at the time;
- Leadership experience with public companies or other major complex organizations;
- How such candidate would contribute to the diversity of the Board, although the Company does not have a formal diversity policy;
- Experience in accounting or financial industries; and

The degree to which such candidate's experience strengthens the Board's collective qualifications and skills.

Procedures for Recommendation

of Director Nominees by Stockholders

If you would like the nominating and corporate governance committee to consider a prospective director candidate, please submit the candidate's name and qualifications and other information in accordance with the requirements for director nominations by stockholders in the Company's by-laws to:

Monotype Imaging Holdings Inc.

Attention: Corporate Secretary

600 Unicorn Park Drive

Woburn, Massachusetts 01801.

The corporate secretary will promptly forward any nominations to the nominating and corporate governance committee.

All recommendations for nomination of a director candidate must be in writing and include the following:

The name and address of record of the stockholder;

A representation that the stockholder is a record holder of our securities, or if the stockholder is not a record holder, evidence of ownership in accordance with Rule 14a-8(b)(2) of the Exchange Act;

The name, age, business and residential address, educational background, current principal occupation or employment, and principal occupation or employment for the preceding five full years of the proposed director candidate;

A description of the qualifications and background of the proposed director candidate which addresses the minimum qualifications described herein;

The consent of the proposed director candidate to be named in the proxy statement relating to the Company's annual meeting of stockholders;

The consent of the proposed director candidate to serve as a director if elected at such annual meeting; and

Any other information regarding the proposed director candidate that is required to be included in a proxy statement filed pursuant to SEC rules.

Candidates may be required to undergo a comprehensive private investigation background check by a qualified company of the Company's choosing, and a candidate must complete a detailed questionnaire regarding his or her experience, background, and independence. Once the nominating and corporate governance committee receives the nomination of a candidate and the candidate has complied with the minimum procedural requirements above, the candidate is evaluated by the committee and a recommendation regarding the candidate is delivered to the Board. In addition, a stockholder can propose an individual for election to the Board in accordance with the Company's by-laws.

Compensation

Proposal Two

Advisory Vote on Executive Compensation

The Company gives its stockholders the yearly opportunity to approve the compensation of our named executive officers. We believe our executive compensation programs have been designed to reflect the value created for stockholders in a given plan year, while supporting our strategic and longer-term goals. Although stockholder approval of the compensation plans for our named executive officers is advisory in nature and not binding on the Company, our Board and management development and compensation committee value our stockholders' opinions and will consider the outcome of this vote when considering future executive compensation arrangements and determine what actions may be appropriate to address those concerns when making future executive compensation decisions.

This Proposal relates solely to the advisory vote on the Company's executive compensation and does not include any other matters. This vote is advisory, and therefore not binding on us, our Board or our management development and compensation committee.

Proxies will be voted FOR this Proposal Two unless contrary instructions are set forth on the enclosed proxy card.

The Board of Directors recommends that stockholders vote FOR the approval of the compensation of the named executive officers.

Breakdown of Equity Granted in 2014 to

Our Named Executive Officers

In 2014, we granted a mix of one-third non-qualified stock options, one-third performance shares and one-third restricted stock, making two-thirds of our yearly grant directly tied to Company performance:

Stock price must rise for options to be in the money; and

Targets associated with vesting of performance shares (RSUs) are stretch goals that are difficult to attain.

Cash incentive compensation requires the Company to attain at least 90% of its pre-determined corporate performance goals before any payout is approved.

At least 100% attainment of pre-determined corporate performance goals is required for 401(k) profit sharing to be paid.

Compensation Discussion and Analysis

This section describes the Company's compensation programs for our named executive officers that were in effect for 2014 and the decisions made with respect to these programs. Our goal is to explain the details of these compensation programs and describe why we believe they are appropriate for our Company and our stockholders.

The compensation tables found in this section contain information for our principal executive officer, our principal financial officer, and our three other most highly compensated executive officers who had been designated by the Company as an executive officer as of December 31, 2014. These individuals are referred to as our named executive officers in this Compensation Discussion and Analysis, and are as follows:

Our Executive Compensation

Objectives and Principles

We believe the Company's success is dependent on experienced, engaged, and motivated talent at all levels of the organization. We strive to provide a total compensation package to our executive officers that we believe:

- Provides compensation opportunities that are competitive for comparable positions at similar companies, including those with whom we compete for talent;
- Reflects the level of accountability, business impact, and future potential of each executive officer;
- Aligns the interests of our executive officers with those of our stockholders by linking their compensation to the achievement of the Company's short- and longer-term business strategies and objectives;
- Reinforces ethical business practices;
- Increases the proportion of variable compensation as an executive officer's level of responsibility increases;
- Discourages excessive or unnecessary risks; and
- Motivates team behavior to achieve superior cross-organizational results.

We focus on maintaining total compensation levels that we believe will be perceived by our executive officers and stockholders as fair and equitable. We rely on the following principles to guide our executive compensation decisions:

Focus on Total Compensation Opportunity

Compensation decisions are based on the overall compensation opportunity, which includes base salary, short-term cash incentive compensation, equity incentive compensation, and benefits.

Pay Competitively

We target the total compensation opportunity to be in line with executives who hold comparable positions at public companies of similar size and in similar industries.

Reward Results

A significant portion of the total compensation opportunity is variable and performance-based, subject to increase when results exceed corporate targets and decrease when results fall below target. No payout is made if results do not achieve threshold levels of performance.

Our short-term incentive plan rewards annual financial performance results.

Our long-term incentive awards include stock options which we consider to be performance-based compensation because they have intrinsic value only when the Company's share price increases, and performance shares which may be earned for achievement of stretch goals in support of the Company's long-term strategic goals.

No Executive Only Perquisites

Other than an annual physical examination that gives our executives the opportunity to complete all of their annual doctors' appointments in one visit, the benefits package offered to our executive officers is the same as the benefits package provided to all full-time employees.

All of our named executive officers are compensated under the same policies, which are reviewed regularly by the management development and compensation committee to assure they are aligned with our overall compensation objectives and principles.

Executive Compensation Program

Elements, Mechanics and Timing

Our management development and compensation committee determines executive compensation by utilizing input from our president and CEO, vice president of human resources, and an independent compensation advisor from Pearl Meyer & Partners LLP (Pearl Meyer). Pearl Meyer has been engaged by our management development and compensation committee and provides no other services to the Company. The individual compensation consultant from Pearl Meyer who advises the committee has no prior relationship with any of our named executive officers.

In order to make executive compensation determinations, the committee considers a variety of topics and reviews materials that are provided either by the Company, Pearl Meyer or other industry sources. The following chart shows the compensation topics considered by the committee and when they discuss, review and approve each topic, as applicable:

The committee oversees the development of our executive compensation plans and policies, including our Executive Incentive Bonus Plan (the Incentive Plan) which was adopted by the Board in February 2014, equity award plan, profit sharing plan, and our Second Amended and Restated 2007 Stock Option and Incentive Plan (the 2007 Option Plan) and reviews and approves the cash and equity compensation of

The chart below summarizes the three main elements of our executive compensation programs, including why the element is part of our compensation program, when the element is approved, and the mechanics of each program element, and who determines the level of compensation provided for each element.

Above and beyond the compensation elements listed in the chart, we also offer the following benefits to all employees, including our named executive officers:

- Discretionary 401(k) matching program;
- 401(k) profit sharing contribution;
- Life and disability insurance;
- Travel and accident insurance;
- Optional health, dental and vision (which requires cost sharing);
- Supplemental life insurance coverage, which is fully paid by any employee electing this benefit; and
- Tuition reimbursement program.

We offer only one perquisite to our named executive officers which is not available to our entire employee base, a comprehensive, Company-paid yearly physical examination. Although the Company's medical plan already provides for annual physicals, the comprehensive examination provides the convenience of doing all of the tests in one location on a single day, which helps encourage our named executive officers to conveniently take the time necessary to maintain their health and wellness.

Benchmarking and Peer Group

In order to make compensation decisions, the committee benchmarks total compensation and each individual compensation element to determine whether our compensation is competitive. This is accomplished by comparing the levels of executive compensation and the financial performance of the Company against an approved peer group of companies. The peer group is selected with guidance from Pearl Meyer and approved by the committee based on the following criteria:

- Actively traded public companies in the United States with revenue and market capitalization comparable to the Company's, with exceptions allowed for industry leaders or direct competitors who are outside the revenue and market capitalization range;
- Companies in the digital media, technology, and software industries with similar products and services; and
- Companies that generally overlap with our geographic labor market for talent, which we define as the metropolitan Boston area.

In 2014, we benchmarked total compensation to the peer group listed herein, with revenue generally ranging from \$75 million to \$460 million, or 1/2 to 2.5 times our annual revenue and a market capitalization generally ranging from \$450 million to \$2.8 billion, or 1/2 to 2.5 times our market capitalization. The management development and compensation committee determined that it was appropriate to widen the market capitalization and revenue ranges used to determine our 2014 peer group companies from the ranges used in 2013 as the wider ranges were more reflective of the Company's revenue performance, including revenue growth, and current market capitalization. This led to the removal of six peer group companies from the 2013 peer group and the addition of eight new peer group companies in 2014. Accordingly, our peer group of companies for benchmarking purposes in 2014 was as follows:

- Bottomline Technologies Inc.
- Broadsoft Inc.
- comScore, Inc.
- Constant Contact Inc.
- Demandware Inc.
- Ebix, Inc.
- Interactive Intelligence Group, Inc.
- LogMeIn, Inc.
- Netscout Systems, Inc.

Open Table, Inc.
 PROS Holdings, Inc.
 Qualsys, Inc.
 Rocket Fuel Inc.
 Shutterstock, Inc.
 Stamps.com, Inc.
 Synchronoss Technologies, Inc.
 Tango, Inc.

In making compensation decisions for 2014, the committee compared our performance to that of our peer group based on the most recent trailing four quarters of data available. Metrics used for comparison were one-year revenue growth, long-term EBITDA margin, and overall percentage of international revenue. Long-term adjusted EBITDA margin excludes stock based compensation expense and one-time items. The results of this comparison are provided below:

Metric	Company's Percentile within the Peer Group
--------	--

Revenue Growth	10%
Long-term Adjusted EBITDA Margin	98%
Percentage of International Revenue	88%

Based on the evaluation of our performance against our peer group, including a detailed analysis and a comparison of our revenue growth, long-term adjusted EBITDA margins, and the percentage of revenue coming from outside of the United States to that of our peer group companies, the committee determined that the 50th percentile was the appropriate benchmark for cash compensation. In determining the compensation targets for individual named executive officers, the committee also considered recommendations from our president and CEO and vice president of human resources, based on:

- A review of the individual's previous year performance, leadership role and performance objectives for the upcoming year;
- Market information provided by Pearl Meyer including data relating to our peer group and other relevant publicly available compensation surveys; and
- The views of our president and CEO and vice president of human resources on our total compensation program's ability to attract, retain and motivate the level of performance necessary to achieve the Company's goals.

How We Weight the Elements

of Executive Compensation

We determine the appropriate allocation between annual cash and equity incentive compensation with a goal of weighting the allocation toward variable compensation based on corporate financial goals and individual performance. Financial goals are established so that target attainment is not assured and payment for performance at or above target levels will require the individuals to perform at a high level, devote significant effort to the business, and produce significant results. Individual performance objectives are developed to support achievement of our annual corporate goals in order to ensure that the individual's priorities, focus and efforts support the success of our strategic initiatives and drive achievement of our business objectives and financial goals.

The management development and compensation committee considers total compensation (cash and equity) when evaluating competitive data provided by Pearl Meyer and tally sheets prepared by our human resources department that include information on each executive officer's current and past compensation. Based on this review, the committee can decide to adjust one or more elements of an executive officer's compensation. Certain compensation decisions may specifically impact other elements of compensation. For example, because potential annual cash incentive payouts are based on the individual's base salary, increases in base salary also increase the amount of the potential cash incentive payout, understanding that the mix and the total compensation opportunity can be impacted by discretionary factors such as individual performance and equity considerations.

We have not implemented a specific policy for determining the allocation between cash and non-cash compensation, however in designing the total compensation structure, the committee assures that compensation remains aligned with the market. Historically the committee has allocated a greater percentage of total compensation to equity, or long-term compensation. We believe equity awards are an important component of our total compensation structure in order to provide appropriate competitive total compensation, motivate and retain our executive officers and align management and stockholder interests.

Risk Mitigation in our

Executive Compensation Programs

Payments under our Incentive Plan are based on pre-determined, annual corporate performance goals which are equally weighted to mitigate the risk of decisions driven by the impact to one metric at the expense of the other. Individual performance objectives are also established for each executive officer. No payout is made under the Incentive Plan unless the Company achieves at least 90% of one of the pre-determined corporate performance goals that have been approved by our Board. The Incentive Plan contains a claw back provision in the event there is a subsequent change in our audited financial statements that impacts whether a financial corporate performance goal was satisfied. In the event of a claw back, a named executive officer would be required to repay any amount that was paid based solely on the satisfaction of

any target that was no longer satisfied based on the change in our audited financials. The audit committee makes the determination as to whether a repayment shall be made, however the management development and compensation committee has discretion in determining any amounts to be repaid.

We generally weight our compensation elements toward longer-term elements such as equity awards, including performance based awards that align with stockholder interests. In furtherance of this goal we use grants of restricted stock units (RSUs), referred to as performance shares, which are tied to difficult to achieve, pre-determined financial

or corporate targets that must be attained in order for vesting to occur, and grants of non-qualified stock options because our stock price must rise in order for there to be any value realized by the recipient. We believe weighting toward long-term compensation effectively aligns the interests of our named executive officers and stockholders. Our president and CEO is subject to equity ownership guidelines which require him to hold shares of a combination of shares of our Common Stock, vested stock options and unvested shares of restricted stock, with an aggregate value of three times his base salary during a fiscal year, which further reinforces this alignment.

We believe that these compensation practices encourage longevity and stability in our management team and discourage individuals from making strategic or tactical decisions based on immediate personal gain, thus reducing the overall risk in our business activities.

Shareholder Outreach

In 2014, 96.9% of votes cast by our stockholders were in favor of our executive compensation program. We believe it is important to maintain on-going conversations with our stockholders to discuss our executive compensation programs including our cash compensation and equity award granting philosophies, dilution and general corporate governance practices. During 2014, our management team reached out to our largest stockholders and provided them with a forum to discuss the state of our business and ask questions about, and provide feedback on, our executive compensation programs and corporate governance practices. The Company's management intends to continually engage our stockholders in these conversations.

Further, our management development and compensation committee invites our stockholders to communicate directly with its members to inquire about, or provide their opinions about the Company's executive compensation philosophies and programs. Any communications should be mailed to:

Table of Contents**2014 Executive Compensation Payments****Base Salary**

When determining base salary increases for 2014, the management development and compensation committee considered the variance in base salary of named executive officers when compared to the 50th percentile of our peer group as well as the financial performance of the Company, the overall performance and effectiveness of each named executive officer and any significant change in their scope and responsibilities since his or her last base salary increase.

Based on this analysis, the committee awarded base salary increases to each named executive officer of 3%, which was in line with the target increase percentage of our total employee population, and was effective as of January 1, 2014. Even with a 3% increase, the base salary of our president and CEO continues to fall below the 50th percentile of our peer group. Salary increases and the resulting 2014 base salary for each of our named executive officers were as follows:

	2013 Base Salary	Percentage Base Salary Increase	2014 Base Salary
Douglas J. Shaw, President and Chief Executive Officer	\$403,650	3%	\$415,760
Scott E. Landers, Senior Vice President, Chief Financial Officer, Assistant Secretary, and Treasurer (1)	\$308,550	3%	\$317,807
John L. Seguin, Executive Vice President	\$326,351	3%	\$336,142
Steven R. Martin, Senior Vice President, Engineering	\$271,253	3%	\$279,391
Janet M. Dunlap, Vice President, General Counsel, and Secretary	\$268,544	3%	\$276,600

(1) On March 8, 2015, Mr. Landers was appointed as the Company's Chief Operating Officer, Chief Financial Officer, Assistant Secretary, and Treasurer. The title noted above, and throughout this Compensation Discussion and Analysis, was his title throughout 2014.

Cash Incentive Compensation

In February 2014, our management development and compensation committee set annual corporate performance goals (the Corporate Performance Goals) and established the participants in, and individual targets under, the Incentive Plan. In 2014, the Corporate Performance Goals were a full year revenue goal of \$186.4 million and a full year non-GAAP net adjusted EBITDA goal of \$75.0 million. Individual minimum, target and maximum cash incentive compensation amounts for all participants in the Incentive Plan were set as a percentage of annual base salary, with no payment made unless the Company achieved at least 90% of the 2014 revenue or net adjusted EBITDA goal, as follows:

President and CEO

Minimum 38%, Target 100%, Maximum 150%;

Executive vice president

Minimum 21%, Target 55%, Maximum 83%;

Senior vice presidents including our CFO

Minimum 19%, Target 50%, Maximum 75%; and

All other officers

Minimum 15%, Target 40%, Maximum 60%.

Under the Incentive Plan, the committee cannot establish a maximum cash incentive compensation amount for any participant that is greater than two times such participant's base salary. In addition, once the targets are established, the committee does not have discretion to increase a payout under the Incentive Plan for any participant.

In February 2015, the committee determined that each named executive officer had substantially achieved their performance objectives for fiscal year 2014, which were as follows:

President and Chief Executive Officer

Drive achievement of the Company-wide revenue and net adjusted EBITDA targets and major corporate initiatives; develop long-term strategies to drive increase in market share, foster entry into new markets and complete

acquisitions that forward corporate strategies; add 3 major new stockholders; drive customer intimacy program including customer visits; focus on succession planning; and define on-going market strategies and ensure alignment with key customer needs.

Senior Vice President, Chief Financial Officer, Assistant Secretary, and Treasurer

Drive achievement of the Company-wide revenue and net adjusted EBITDA targets; drive achievement of business unit customer acquisition and sales targets; increase shareholder base and analyst coverage; conduct analyst event; implement new ERP system; drive customer intimacy program including customer visits; complete and deliver financial metrics reports; and actively participate in M&A strategy.

Executive Vice President

Drive achievement of the Company-wide revenue and net adjusted EBITDA targets; drive achievement of business unit customer acquisition and sales targets; drive expansion of revenues in certain target end user markets; and drive achievement of key metrics for key initiatives.

Senior Vice President, Engineering

Drive achievement of the Company-wide revenue and net adjusted EBITDA targets; create core development teams in India for various projects; optimize product delivery for new device categories and emerging markets; deliver key products on time and to specification; drive refinement of open source strategy; create long-term staffing plan for the India-based engineering team; and reduce outside development costs.

Vice President, General Counsel, and Secretary

Drive achievement of the Company-wide revenue and net adjusted EBITDA targets; revise, deploy and monitor enterprise risk program; expand web font IP enforcement efforts; update key corporate policies and ensure employee training on such policies; drive contracts automation process implementation; and conduct due diligence and drive completion of corporate M&A efforts.

Further, in February 2015, our Board determined that, subject to the receipt of audited financial statements for fiscal year 2014, we had reached 99% of our full year revenue target of \$186.4 million, or \$184.5 million and 99% of our full year non-GAAP net adjusted EBITDA target of \$75.0 million, or \$74.4 million. Based on the percentage achievement of the

Corporate Performance Goals for 2014 and the achievement of each named executive officer's individual performance objectives described herein, payments of annual cash incentive compensation under the Incentive Plan were made at less than target to each named executive officer, as listed below:

	Percentage of 2014 Annual Cash Incentive Payment at Target	2014 Annual Cash Payout to Base Salary at Target	Percentage of 2014 Annual Cash Incentive Payment	2014 Annual Cash Incentive Payment
Douglas J. Shaw, President and Chief Executive Officer	100%	\$415,760	94.6%	\$393,309
Scott E. Landers, Senior Vice President, Chief Financial Officer, Assistant Secretary, and Treasurer	50%	\$158,904	47.3%	\$150,323
John L. Seguin, Executive Vice President	55%	\$184,878	52.0%	\$174,895

Equity Awards

We generally grant equity awards during the first quarter of the fiscal year. In determining the mix of equity awards to be granted in 2014, our management development and compensation committee reviewed our internal dilution guidelines, management equity award recommendations, and our 2014 benchmarking to industry and peer group data, which included an analysis of overhang and dilution compared to our peer group. After such review the committee

Edgar Filing: Monotype Imaging Holdings Inc. - Form DEF 14A

determined that a mix of one-third non-qualified stock options, one-third restricted stock and one-third performance shares (RSUs) as equity grants to our named executive officers was appropriate for 2014. On February 25, 2014, the committee approved the equity awards listed below to our named executive officers, which were issued on March 14, 2014. Except for the restricted stock grants footnoted in the chart below, stock options and restricted stock granted in 2014 each vest twenty-five percent on the first anniversary of the grant date, with the remainder of the award vesting in equal

quarterly installments over the following three years. The stock options have an exercise price of \$30.44, which was the closing market price on the NASDAQ Global Select Market for a share of our Common Stock on that date.

Vesting of performance shares granted in 2014 is tied to the achievement of corporate annual targets over a three-year period, with one target being applicable to each fiscal year covered. Achievement of a fiscal year's corporate annual target provides the opportunity for one third of the total award to vest. If the corporate annual target is not achieved in any fiscal year, the shares that were eligible to vest upon the achievement of such year's corporate annual target will vest if later year targets are achieved. Vesting may accelerate if later year corporate annual targets are achieved early. If, at the end of the three year period, none of the annual corporate targets are achieved, the entire grant is forfeited. Equity grants made to our named executive officers in 2014 are as follows:

	Performance Shares		Non-Qualified	
	(RSUs)	Stock Options	Restricted Stock

(2)Mr. Landers received two separate awards of restricted stock. The first restricted stock award representing 15,000 shares vests on the schedule noted above. The second restricted stock award representing 18,000 shares was a retention award that vests 50% on the third anniversary of the grant date and 50% on the fourth anniversary of the grant date.

- (3) Mr. Martin received two separate awards of restricted stock. The first restricted stock award representing 15,000 shares vests on the schedule noted above. The second restricted stock award representing 18,000 shares was a retention award that vests 50% on the third anniversary of the grant date and 50% on the fourth anniversary of the grant date.
- (4) Ms. Dunlap received two separate awards of restricted stock. The first restricted stock award representing 9,000 shares vests on the schedule noted above. The second restricted stock award representing 18,000 shares was a retention award that vests 50% on the third anniversary of the grant date and 50% on the fourth anniversary of the grant date.

On February 23, 2015, our management development and compensation committee determined that the annual corporate target for fiscal 2014 of \$78.0 million of creative professional revenue, which was tied to the vesting of the first third of the performance shares granted on March 14, 2014 to each named executive officer was not achieved.

Accordingly, the performance shares that were eligible to vest for each named executive officer on March 14, 2015 currently remain unvested, however these shares are eligible to vest if either the second year target or the third year target is achieved at a later date.

Management Stock Ownership Guidelines

Our president and CEO is subject to equity ownership guidelines that, beginning on the fourth anniversary of the later of the adoption of the guidelines or the first date he was employed as the Company's president and CEO, require him to hold a combination of shares of our Common Stock, vested stock options and unvested shares of restricted stock with an aggregate value of three times his base salary on the measurement date. The measurement date is defined as the close of business on December 31 at the Company's principal place of business. As of December 31, 2014, our president and CEO satisfied these ownership requirements.

Tax and Accounting Considerations

We have considered the provisions of Section 162(m) of the Code and related treasury regulations that restrict deductibility of compensation paid to our named executive officers holding office at the end of any calendar year to the

extent such compensation exceeds \$1,000,000 in any year and does not qualify for an exception under the statute or regulations. The management development and compensation committee endeavors to take into consideration deductibility of compensation under Section 162(m) of the Code to the extent practicable while maintaining a competitive, performance-based compensation program, however, tax consequences, including tax deductibility, are subject to many factors which are beyond the control of the Company and the committee. The committee believes that it is important to retain maximum flexibility in designing executive compensation programs that meet stated business objectives. For these reasons, the committee, while considering tax deductibility as a factor in determining executive compensation, will not limit such compensation to those levels or types that will be deductible. The committee considers alternative forms of compensation consistent with its compensation goals which preserve deductibility, as appropriate.

Compensation Committee Report

No portion of this Compensation Committee Report shall be deemed to be incorporated by reference into any filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, through any general statement incorporating by reference in its entirety the Proxy Statement in which this report appears, except to the extent that the Company specifically incorporates this report or a portion of it by reference. In addition, this report shall not be deemed filed under either the Securities Act or the Exchange Act.

The management development and compensation committee has reviewed and discussed with management the Compensation Discussion and Analysis contained in this Proxy Statement. Based on its review of, and the discussions with management with respect to the Compensation Discussion and Analysis, the management development and compensation committee recommended to the board of directors and the board of directors has agreed that the Compensation Discussion and Analysis be included in this Proxy Statement.

- (1) In 2012 and 2013 for Mr. Seguin and in 2013 and 2014 for Mr. Martin, bonus amounts are as earned under the Company's patent bonus program. In 2014, Ms. Dunlap was awarded a discretionary performance bonus.
- (2) The amounts reported in the "Stock Awards" column of the table above reflect the fair value on the grant date of the stock award granted during the associated year. In 2014, this included the fair and full value of the entire grant of restricted stock units awarded to each named executive officer in 2014.
- (3) The amounts reported in the "Option Awards" column of the table above reflect the fair value on the grant date of the stock award granted during the associated year. These values have been determined under GAAP in accordance with ASC 718 used to calculate the value of equity awards for purposes of the Company's financial statements. Options to purchase shares of Common Stock were granted at fair market value on the date of grant, in accordance with ASC 718. See our Form 10-K for the year ended December 31, 2014 for an explanation of the determination of fair value.
- (4) All non-equity incentive plan compensation was made pursuant to awards under the executive cash compensation plan for the applicable year. All non-equity, or cash awards under our Incentive Plan were both awarded and/or earned in 2014.
- (5) The "All Other Compensation" column includes the following:

Name	Year	401(k) or Retirement Matching Program	Life Insurance Policy Premium	Accidental Death and Dismemberment Policy Premium	Dividends Received on Unvested Restricted Stock (1)	Other (2)(3)
Douglas J. Shaw	2014	\$15,600	\$540	\$90	\$5,775	
Scott E. Landers	2014	\$15,600	\$540	\$90	\$2,063	\$3,879
John L. Seguin	2014	\$15,600	\$540	\$90	\$2,273	\$374
Steven R. Martin	2014	\$15,600	\$540	\$90	\$1,646	\$374 \$2,235
Janet M. Dunlap	2014	\$15,600	\$540	\$90	\$1,234	

- (1) Represents dividends received on unvested restricted stock awarded where the impact of the dividend was not calculated into the fair market value of the grant.
- (2) For Mr. Landers and Ms. Dunlap, represents the cost associated with Company-paid executive officer physicals.
- (3) Our employees have the option to elect to receive their long-term disability benefit as taxable earnings during the fiscal year. This benefit is deducted from the employee's base salary at the end of the year. In fiscal 2014, Messrs. Seguin and Martin elected to receive this benefit as taxable income.

- (1) The actual amounts paid under the Incentive Plan in 2014 to Messrs. Shaw, Landers, Seguin, Martin and Ms. Dunlap were \$393,309, \$150,323, \$174,895, \$132,152 and \$104,665, respectively. The actual amounts paid expressed as a percentage of base salary were 94.6% for Mr. Shaw, 47.3% for Mr. Landers, 52.0% Mr. Seguin, 47.3% for Mr. Martin, and 37.8% for Ms. Dunlap.
- (2) The threshold cash incentive compensation under our Incentive Plan for 2014 expressed as a percentage of base salary was 38% for Mr. Shaw, 19% for Mr. Landers, and Mr. Martin, 21% for Mr. Seguin, and 15% for Ms. Dunlap.
- (3) The target cash incentive compensation under our Incentive Plan for 2014 expressed as a percentage of base salary was 100% for Mr. Shaw, 50% for Mr. Landers and Mr. Martin, 55% Mr. Seguin, and 40% for Ms. Dunlap.
- (4) The maximum cash incentive compensation under our Incentive Plan for 2014 expressed as a percentage of base salary was 150% for Mr. Shaw, 75% for Mr. Landers and Mr. Martin, 83% for Mr. Seguin, and 60% for Ms. Dunlap.
- (5) All grants were made under our 2007 Option Plan.
- (6) This column reflects (i) the share-based compensation expense we recognized for financial reporting purposes for awards of non-qualified stock options, which exclude the impact of estimated forfeitures related to service-based vesting conditions, includes the impact of dividends paid, and are based on a Black Scholes amount of \$11.3652, (ii) the full value of each grant of restricted stock, and (iii) the fair and full value of the total grant of performance shares (RSUs). The full value of the probable outcome at grant date for the performance shares (RSUs) is set forth in the chart, as the probable outcome for each grant was 100% on the date of grant.
- (7) Represents a grant of performance shares (RSUs). The restricted stock unit grant provides for one-third of the total grant to vest per year over three years if the Company achieves pre-determined performance targets in each of the three fiscal years. If a target is not hit for one fiscal year, shares that were eligible to vest in such year are available to vest in future years if future performance targets are achieved.

Discussion of Compensation and Grants of Plan-Based Awards

All of our named executive officers have employment agreements with us that provide benefits upon the termination of employment, however, these agreements do not include guaranteed compensation amounts that are payable in the ordinary course. No adjustments were made to any plan-based awards that were made to our named executive officers in 2014.

In the employment agreements, Cause is defined as:

Any act of fraud, gross misconduct or harassment that materially and adversely affects us;
Any act of dishonesty, deceit or illegality, in any such case, materially and adversely affecting us;
Conviction or indictment (if the indictment has a material adverse effect on us) of a felony, or any misdemeanor involving moral turpitude;
The commission of an act involving a violation of material procedures or policies of ours;
A material and sustained failure to perform the duties and responsibilities assigned or delegated under their respective employment agreement, and such failure continues for thirty days after written notice;
Gross negligence or willful misconduct that materially and adversely affects us; or
A material breach of any of the confidentiality or non-compete obligations.

Good Reason is defined as:

A substantial adverse change in the nature or scope of responsibilities, authorities, powers, functions or duties under the respective employment agreement;
A reduction in annual base salary, except for an across-the-board salary reduction similarly affecting all or substantially all management employees;
A requirement by us that the executive officer be based anywhere other than a specified distance from Woburn, Massachusetts; or
The breach by us of any of our material obligations under the respective employment agreement, after notice and failure to cure such breach within thirty days.

Stock Options, Restricted Stock

and Performance Shares (RSUs)

Upon Termination: Stock option grants, restricted stock units, and restricted stock awards held by a named executive officer that have been granted under our 2004 Stock Option and Incentive Plan (the 2004 Option Plan) or 2007 Option Plan do not accelerate upon termination of employment by us.

Upon a Change of Control: In the event of a merger, sale or dissolution or similar sale event, unless assumed or substituted by the successor entity:

Under our 2004 Option Plan all stock options granted to our named executive officers terminate upon the effective time of the sale event following an exercise period. Restricted stock is treated as provided in the relevant award agreement. All options granted under the 2004 Option Plan are fully vested, and no further awards will be made under this plan.

Under our 2007 Option Plan all stock options granted to our named executive officers automatically become fully exercisable and all unvested shares of restricted stock become fully vested and non-forfeitable. Awards with conditions and restrictions relating to the attainment of performance goals are subject to the terms of the relevant restricted stock unit award agreements. The 2014 restricted stock unit award agreements provided for the tranche of shares that would have been eligible to vest for the then-current fiscal year if the Company had achieved the pre-determined performance target(s) associated with fiscal year to become fully vested and non-forfeitable. In addition, upon the effective time of any sale event, the 2007 Option Plan and all awards will terminate unless the parties to the transaction, in their discretion, provide for appropriate substitutions or assumptions of outstanding awards. Any award assumed, continued or substituted vests and becomes exercisable in full on the date on which the named executive officer's employment or service relationship with us terminates if such termination occurs (i) within 18 months after such sale event, and (ii) the termination is by us or a successor entity without Cause or by the named executive officer for Good Reason. Any definition of Cause or Good Reason contained in either the 2004 Option Plan

or the 2007 Option Plan are modified by any definition of Cause or Good Reason contained in a named executive officer's employment agreement.

Payments upon a Triggering Event

The following table provides information regarding the amounts payable under the employment agreements and plans described above if a termination is by us without Cause or by the named executive officer for Good Reason, and the termination occurred on December 31, 2014.

	Continuation of Group Health Plan Benefits (1)	Non-Equity Incentive Plan Payments (2)	Equity Incentive Plan Payments (4)	Total	
Douglas J. Shaw	\$415,760	\$17,673	\$415,760	\$3,932,989	\$4,782,182
Scott E. Landers	\$317,807	\$17,673	\$158,904	\$1,916,603	\$2,410,986
John L. Seguin	\$336,142	\$12,264	\$184,878	\$1,477,568	\$2,010,852
Steven R. Martin	\$279,391	\$17,673	\$139,696	\$1,845,761	\$2,282,520
Janet M. Dunlap	\$276,600		\$110,640	\$1,350,702	\$1,737,942

(1) All payments of base salary are payable in accordance with our usual payroll policies, subject to a six-month delay to the extent required by Section 409A of the Code.

- (2) The calculation is based upon the coverage elected during employment. Ms. Dunlap has elected not to receive health plan benefits from the Company.
- (3) Assumes the Company met 100% of our corporate performance goals for 2014 for the Company performance component and that the named executive officer earned their target amount for the personal component under the Incentive Plan. The total target incentive compensation varied by position of the named executive officer and is a percentage of base salary which for 2014 was 100%, 50%, 55%, 50%, and 40%, respectively.
- (4) The next table further describes the equity incentive plan amounts payable upon a change-in-control where the options are assumed or continued and the named executive officer's employment is terminated by us without Cause or by the named executive officer for Good Reason within 12 months of the change-in-control.

	Number of Shares of Options Vesting due to Change-in-Control (A)	Value of Options Vesting due to Change-in-Control (B)	Number of Shares of Restricted Stock and Restricted Stock Units Vesting due to Change-in- Control (A)(C)	Value of Shares of Restricted Stock and Restricted Stock Units due to Change-in-Control (D)	Total
Douglas J. Shaw	120,689	\$812,141	80,917	\$2,332,837	\$3,144,978
Scott E. Landers	43,125	\$286,631	47,375	\$1,365,821	\$1,652,452
John L. Seguin	45,939	\$315,315	30,314	\$873,953	\$1,189,268
Steven R. Martin	38,438	\$229,465	46,063	\$1,327,996	\$1,557,461
Janet M. Dunlap	25,875	\$171,979	35,625	\$1,027,069	\$1,199,048

(A) This number represents 100% vesting of options to purchase our Common Stock that were unvested as of December 31, 2014.

(B) The value of options not vested has been calculated by taking the difference of the option exercise price listed in the table entitled Outstanding Equity Awards at Fiscal Year-End 2014 and the closing price of a share of our Common Stock on the NASDAQ Global Select Market on December 31, 2014, or \$28.83, multiplied by

the number of options to purchase our Common Stock vesting upon the change-in-control.

- (C) This number represents 100% vesting of all shares of restricted stock that were unvested as of December 31, 2014, and vesting of the number of shares of restricted stock units that would have been eligible to vest if the Company had met the performance goal tied to the vesting of such tranche of shares.
- (D) The value of restricted stock and restricted stock units vesting has been calculated by taking the closing price of a share of our Common Stock on the NASDAQ Global Select Market on December 31, 2014, or \$28.83, multiplied by the number of shares vesting.

All payments and continuation of benefits would be subject to continuing obligations of the named executive officer to cooperate with us to enforce our intellectual property rights, comply with a one-year non-competition agreement and a one-year non-solicitation and non-hire agreement, and execute a general release in a form reasonably satisfactory to us. We have the right to cancel termination benefits upon failure to materially comply with any of these provisions or the confidentiality provisions included in their employment agreement. Upon the death of a named executive officer, their estate is entitled to any benefits due under any life insurance policy we provide our employees.

Information About Our Audit Committee and
Independent Registered Public Accounting Firm

2014 and 2013 Audit Fee Summary

During 2014 and 2013, the Company retained Ernst & Young to provide services in the following categories and approximate amounts (in thousands):

	2014	2013
Audit fees	\$1,339	\$964
Audit-related fees	\$84	
Tax fees	\$90	
All other fees	\$2	\$2

Audit Fees

Audit fees for both 2014 and 2013 consist of fees for professional services provided in connection with the annual audit of our consolidated financial statements and the effectiveness of our internal control over financial reporting, the review of our quarterly condensed consolidated financial statements, consultations on accounting matters directly related to the audit, consents and assistance with and review of documents filed with the SEC and services that are normally provided by Ernst & Young in connection with statutory audits required in regulatory filings.

Audit-related Fees

Audit-related fees for the year ended December 31, 2014 consist of aggregate fees for accounting consultations and other services that were reasonably related to the performance of audits or reviews of our consolidated financial statements and were not reported above under *Audit Fees*. There were no audit-related fees for the year ended December 31, 2013.

Tax Fees

In 2014, tax fees consisted of aggregate fees for tax compliance, tax advice and tax planning services. There were no tax fees incurred for the year ended December 31, 2013.

All Other Fees

The other fees in both 2014 and 2013 consist of fees billed related to our Ernst & Young research website membership.

All services provided by Ernst & Young to the Company in 2014 and 2013 were approved by means of specific pre-approvals by the audit committee.

Information Regarding Approval

of Non-Audit Services

The audit committee oversees the Company's accounting and financial reporting processes on behalf of the Board and pre-approves all auditing services and the terms of non-audit services, but only to the extent that the non-audit services are not prohibited under applicable law and the committee determines that the non-audit services do not impair the independence of the independent registered public accounting firm. In situations where it is impractical to wait until the next regularly scheduled quarterly meeting, the chair of the audit committee has been delegated authority to approve audit and non-audit services. Fees payable to our independent registered public accounting firm for any specific, individual service approved by the chair may not exceed \$25,000, plus reasonable and customary out-of-pocket expenses, and the chair is required to report any approvals to the full committee at its next scheduled meeting.

The pre-approval requirement is waived with respect to the provision of non-audit services by the independent registered public accounting firm if: (1) the aggregate amount of all such non-audit services provided to us constitutes not more than five percent of the total fees paid by us to our independent registered public accounting firm during the year in which such non-audit services were provided, (2) such services were not recognized at the time of the engagement to be non-audit services, and (3) such services are promptly brought to the attention of the audit committee and approved by the audit committee or by one or more of its members to whom authority to grant such approvals has been delegated by the committee prior to the completion of the independent registered public accounting firm's audit.

Audit Committee Report

The audit committee has reviewed and discussed with management and representatives of Ernst & Young, the Company's independent registered public accounting firm, the Company's consolidated financial statements for the year ended December 31, 2014. The audit committee reviewed management's report on its assessment of the effectiveness of the Company's internal control over financial reporting and the independent registered public accounting firm's report on the effectiveness of the Company's internal control over financial reporting as of December 31, 2014. The audit committee meets with representatives of the independent registered public accounting firm, with and without management present, to discuss the results of their examinations; their evaluations of the Company's internal control, including internal control over financial reporting; and the overall quality of the Company's financial reporting.

The audit committee also reviewed with Ernst & Young the results of their audit and discussed matters required to be discussed pursuant to Auditing Standard No. 16, Communications with Audit Committee, as amended and adopted by the Public Company Accounting Oversight Board, which provides that certain matters related to the conduct of the audit of the Company's financial statements are to be communicated to the audit committee. In addition, the audit committee has received from Ernst & Young the written disclosures and the letter required by the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning independence, has discussed with Ernst & Young their independence from management and the Company and has considered and discussed the compatibility of non-audit services provided by Ernst & Young for the Company with that firm's independence.

The audit committee has considered and determined that the provision of the non-audit services described is compatible with maintaining the independence of our registered public accounting firm.
