Item 5.02. Departure of Directors or Certain Officers, Election of Directors, Appointment of Certain Officers, Compensatory Arrangements of Certain Officers.

(e) Compensatory Arrangements of Certain Officers

On April 20, 2015, the Compensation Committee (the Committee) of the Board of Directors of American Airlines Group Inc. (the Company) adjusted the compensation program for W. Douglas Parker, the Company's Chief Executive Officer, to provide one hundred percent (100%) of direct compensation in the form of equity incentives effective May 1, 2015, underscoring the Company's commitment to paying for performance and further aligning Mr. Parker's interests with those of the Company's stockholders. As a result, the Company will no longer pay Mr. Parker a cash base salary, and he will not participate in the Company's annual cash incentive program.

On April 20, 2015, the Committee granted Mr. Parker 207,672 restricted stock units (RSUs), with 54% of the RSUs tied to performance-vesting conditions and 46% of the RSUs tied to time-vesting conditions. The performance-vesting RSUs will vest on April 20, 2018 in the event Mr. Parker remains employed through such date with the number of shares to be issued, if any, dependent on the Company's pre-tax income margin for the three years ending December 31, 2017 relative to the pre-tax income margin over the same period for a pre-defined group of airlines. The number of shares that will be issued with respect to the performance-vesting RSUs varies between 50% and 200% depending on the Company's relative performance, and no shares will be issued if threshold performance is not achieved. The time-vesting RSUs will vest in two installments based on Mr. Parker's continued employment through the vesting date, with two-thirds of the time-vesting RSUs to vest on the first anniversary of the grant date and one-third of the time-vesting RSUs to vest on the second anniversary of the grant date. The grant date fair value of Mr. Parker's RSUs was set at a level intended to, among other things, capture the value of his forgone base salary and target cash incentive opportunity (at the levels currently in place). In addition, since Mr. Parker's RSU grant will vest, if at all, not earlier than three-years following the grant date with respect to the performance-vesting component and on the first and second anniversaries of the grant date with respect to the time-vesting component, the Committee provided that in the event of an earlier termination, a portion of his equity award will vest to account for the value of his forgone base salary and cash incentive award that would otherwise have been earned by Mr. Parker through the termination date.

Mr. Parker's existing employment agreement provides that he is entitled to a cash severance equal to a multiple of the sum of his base salary and cash incentives in the event of certain qualifying terminations of employment. Mr. Parker will continue to be entitled to such cash payments in accordance with his employment agreement based on his base salary and target cash incentive opportunity in place immediately prior to May 1, 2015 and as may be periodically adjusted to reflect increases in Mr. Parker's target direct compensation.
