PROXY STATEMENT

FOR

ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD ON JUNE 23, 2015

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND VOTING

1. Why did I receive these proxy materials?

We are providing this meeting notice, proxy statement and proxy card (the "Proxy Materials"), or a notice regarding the Internet availability of such Proxy Materials (the "Notice of Internet Availability of Proxy Materials"), in connection with the solicitation by the Board of Directors of Rubicon Technology, Inc., a Delaware corporation ("Rubicon," the "Company," "we," "us," or "our"), of proxies to be voted at our 2015 Annual Meeting of Stockholders (the "Annual Meeting"). The proxies also may be voted at any continuations, adjournments or postponements of the Annual Meeting. This proxy statement contains information you may use when deciding how to vote in connection with the Annual Meeting. We are first sending the Proxy Materials (or Notice of Internet Availability of Proxy Materials) to stockholders on or about May 14, 2015.

2. When and where is the Annual Meeting, and who may attend?

The Annual Meeting will be held on June 23, 2015 at 8:00 a.m. local time, at the Hyatt Regency O'Hare, 9300 West Bryn Mawr Avenue, Rosemont, Illinois 60018. Stockholders who are entitled to vote and our invited guests may attend the Annual Meeting.

3. What do I need to attend the Annual Meeting?

Stockholders of Record. If you are a Stockholder of Record and plan to attend the Annual Meeting, please bring photo identification.

Beneficial Owners. If you are a Beneficial Owner and you plan to attend the Annual Meeting, you must present proof of your ownership of Rubicon shares as of April 29, 2015, such as a bank or brokerage account statement or a letter from the bank, broker or other nominee indicating that you are the beneficial owner of the shares, as well as photo identification. If you wish to vote at the Annual Meeting, you must also obtain a signed proxy from your bank, broker or other nominee who holds the shares on your behalf in order to cast your vote.

The answer to Question 11 describes the difference between Stockholders of Record and Beneficial Owners.

4. What proposals are being presented for stockholder vote at the Annual Meeting?

There are three proposals from Rubicon to be considered and voted on at the Annual Meeting:

1. Proposal 1: To elect Michael E. Mikolajczyk as director, for a three-year term (see page 6).

- 2.

Edgar Filing: Rubicon Technology, Inc. - Form DEF 14A

Proposal 2: To ratify the selection of Grant Thornton LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2015 (see page 30).

3. Proposal 3: To approve an amendment to the Company's Certificate of Incorporation to implement a majority voting standard in uncontested director elections (see page 31).

Table of Contents

5. How does the Board of Directors recommend that I vote?

Our Board of Directors recommends that you vote your shares (1) FOR the election of Michael E. Mikolajczyk, (2) FOR the ratification of Grant Thornton LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2015 and (3) FOR approving an amendment to the Company's Certificate of Incorporation to implement a majority voting standard in uncontested director elections.

6. Are there any other matters to be acted upon at the Annual Meeting?

We do not know of any other matter to be presented or acted upon at the Annual Meeting. If any matters not set forth in the meeting notice included in the Proxy Materials are properly brought before the Annual Meeting, the persons named in the enclosed proxy card will vote thereon in accordance with their best judgment.

7. Who is entitled to vote at the Annual Meeting?

You are entitled to vote if you owned shares of our common stock, par value \$0.001 per share, as of the close of business on the record date, April 29, 2015. Each share of common stock is entitled to one vote and there is no cumulative voting. As of April 29, 2015 we had 26,197,843 shares of common stock outstanding. Both Delaware law and our bylaws require our Board of Directors to establish a record date in order to determine who is entitled to receive notice of the Annual Meeting, and to attend and vote at the Annual Meeting and any continuations, adjournments or postponements thereof.

8. How many votes must be present to hold the Annual Meeting?

In order for us to conduct the Annual Meeting, holders of a majority of our outstanding shares of common stock as of the close of business on April 29, 2015 must be present in person or by proxy. This is referred to as a quorum. As of April 29, 2015, we had 26,197,843 shares of common stock outstanding. Accordingly, the presence of the holders of common stock representing at least 13,098,923 shares will be required to establish a quorum. Your shares are counted as present if you attend the Annual Meeting and vote in person or if you properly return a proxy over the Internet, by telephone or by mail. Abstentions and broker non-votes will be counted for purposes of establishing a quorum.

9. What are broker non-votes?

Your broker or nominee is not permitted to use discretion and vote your shares on non-routine matters, such as the election of directors (Proposal 1) and proposals related to compensation matters, without instructions. Shares that are not permitted to be voted by your broker are called broker non-votes. Votes that are withheld and broker non-votes will not be included in determining the number of votes cast and, therefore, will have no effect on these non-routine matters. For Proposal 3, an affirmative vote requires a vote of not less than 75% of the holders of the issued and outstanding shares of common stock entitled to vote. Abstentions and broker non-votes will have the same effect as a vote against the proposal. Therefore, we urge you to give voting instructions to your broker on Proposal 1 Election of Directors and Proposal 3 Amendment to Certificate of Incorporation to Implement a Majority Voting Standard in Uncontested Director Elections.

10. How many votes are needed to approve the proposals?

Proposal 1: The election of Michael E. Mikolajczyk as director requires the affirmative vote of the holders of shares representing a plurality of the votes cast in the election of directors. Votes that are withheld and broker non-votes will have no effect on the election of directors. The nominee will be appointed for a three-year term if he receives enough votes.

Table of Contents

Proposal 2: The affirmative vote of the holders of a majority of the shares of common stock present in person or represented by proxy and entitled to vote on the matter will be required to ratify the appointment of Grant Thornton LLP as our independent registered public accounting firm for the current fiscal year. There are no broker non-votes with respect to the ratification of Grant Thornton LLP's appointment as independent auditor as it is a routine matter.

Proposal 3: The affirmative vote of not less than 75% of the holders of the outstanding shares of common stock entitled to vote on the matter will be required to approve an amendment to the Company's Certificate of Incorporation. Abstentions and broker non-votes will have the same effect as a vote against the proposal.

In accordance with Delaware law, only votes cast for a matter constitute affirmative votes. A properly executed proxy marked abstain with respect to any matter will not be voted, although it will be counted for purposes of determining whether there is a quorum. Since abstentions will not be votes cast for the particular matter, they will have the same effect as negative votes or votes against that matter.

If you are a Beneficial Owner, your broker or nominee may not be permitted to exercise voting discretion with respect to non-discretionary matters such as Proposal 1 Election of Directors and Proposal 3 Amendment to the Company's Certificate of Incorporation to Implement a Majority Voting Standard in Uncontested Director Elections. Thus, if you do not give your broker or nominee specific instructions with respect to these non-discretionary matters, your shares will not be voted on such matters and will not be counted as shares entitled to vote on such matters. Therefore, we urge you to give voting instructions to your broker on the election of directors and the vote to amend the Company's Certificate of Incorporation. Shares represented by such broker non-votes will be counted in determining whether there is a quorum. Abstentions and broker non-votes will have the same effect as a vote against the proposal.

If any other matter is properly submitted to the stockholders at the Annual Meeting, its adoption generally will require the affirmative vote of the holders of a majority of the shares of common stock present in person or represented by proxy and entitled to vote on that matter.

The answer to Question 11 describes the difference between Stockholders of Record and Beneficial Owners.

11. What is the difference between holding shares as a Stockholder of Record and as a Beneficial Owner?

If your shares are registered in your name on the books and records of our transfer agent, you are a Stockholder of Record. Rubicon sent the Proxy Materials (or Notice of Internet Availability of Proxy Materials) directly to you.

If your shares are held for you in the name of your broker or bank, your shares are held in Street Name and you are considered the Beneficial Owner. The Proxy Materials have been forwarded to you by your broker, bank or other holder of record, who is considered, with respect to those shares, the Stockholder of Record. As the Beneficial Owner, you have the right to direct your broker, bank or other Stockholder of Record on how to vote your shares by using the voting instruction card included in the mailing. The answer to Question 15 describes brokers' discretionary voting authority and when your bank or broker is permitted to vote your shares without instructions from you. The answer to Question 3 describes how Beneficial Owners may attend the Annual Meeting.

12. How do I vote?

Stockholders of Record. If you are a Stockholder of Record and you received a printed copy of the Proxy Materials by mail, you may vote in person at the Annual Meeting or by one of the following methods:

By Mail. Complete, sign and date the enclosed proxy card and return it in the prepaid envelope provided;

Table of Contents

By Telephone. Call the toll-free telephone number set forth on the proxy card (1-800-690-6903) and follow the recorded instructions; or

By Internet. Access the secure Internet website registration page identified on the proxy card, and follow the instructions. Please refer to the specific instructions set forth on the proxy card you received.

If you are a Stockholder of Record and you received a Notice of Internet Availability of Proxy Materials, you may vote in person at the Annual Meeting, by accessing the secure Internet website registration page identified on the Notice of Internet Availability of Proxy Materials and following the instructions, or by mail or telephone if you request a printed copy of the Proxy Materials by calling the toll-free telephone number set forth on the Notice of Internet Availability of Proxy Materials (1-800-579-1639). Please refer to the specific instructions set forth in the Notice of Internet Availability of Proxy Materials you received.

Please note that the Internet and telephone voting facilities for Stockholders of Record will close at 11:59 p.m. Eastern Time on June 22, 2015. The individuals named as proxies on the proxy card will vote your shares in accordance with your instructions.

Beneficial Owners. If your shares are held by a bank, broker or other nominee, you should have received instructions on how to vote or instruct the broker to vote your shares from your bank, broker or other nominee. Please follow their instructions carefully. If you give the broker voting instructions, your shares will be voted as you direct. **Please note that banks, brokers and other nominees may not vote your shares on the election of directors or the vote to amend the Company's Certificate of Incorporation in the absence of your specific instructions as to how to vote. Please provide your voting instructions so your vote can be counted.** If you wish to vote in person at the Annual Meeting, you must obtain a legal proxy, executed in your favor, from your bank, broker or other nominee. Please consult the voting instruction card provided to you by your broker, bank or other nominee to determine how to obtain a legal proxy in order to vote in person at the Annual Meeting.

13. What can I do if I change my mind after I vote my shares?

If you are a Stockholder of Record, you can revoke your proxy before it is counted by (1) sending written notice of revocation that is later dated than the date of your proxy to Mardel A. Graffy, our Secretary, at 900 East Green Street, Bensenville, Illinois 60106, (2) timely delivering a valid, later-dated proxy that we receive no later than the conclusion of voting at the Annual Meeting or (3) voting in person at the Annual Meeting.

If you are a Beneficial Owner of shares, you may submit new voting instructions by contacting your bank, broker or other Stockholder of Record. You may also vote in person at the Annual Meeting if you obtain a legal proxy as described in the answer to Question 12.

14. What if I do not specify a choice for a matter when returning a proxy?

Proxies that are signed and returned but do not contain voting instructions will be voted (1) FOR the election of Michael E. Mikolajczyk to a three-year term, (2) FOR the ratification of Grant Thornton LLP as our independent registered accounting firm for the fiscal year ending December 31, 2015 and (3) FOR approving an amendment to the Company's Certificate of Incorporation to implement a majority voting standard in uncontested director elections. If you are a Beneficial Owner, see Question 15 below.

If necessary, and unless the shares represented by the proxy are voted in a manner contrary to the manner described in the preceding paragraph, the persons named in the proxy may also vote in favor of a proposal to recess the Annual Meeting and to reconvene it on a subsequent date or dates, without further notice, in order to solicit and obtain sufficient votes to approve or disapprove any matters being considered at the Annual Meeting.

Table of Contents

15. Will my shares be voted if I do not provide my proxy or instruction form?

If you are a Stockholder of Record and do not provide a proxy, you must attend the Annual Meeting in order to vote. If you are a Beneficial Owner and hold shares through an account with a bank or broker, your shares may be voted on certain matters if you do not provide voting instructions. Brokerage firms have the authority under the New York Stock Exchange rules to vote shares for which their customers do not provide voting instructions on routine matters. The ratification of the selection of independent auditors is considered a routine matter. The election of directors and the vote to amend the Company's Certificate of Incorporation are not considered routine matters. When a proposal is not routine and the brokerage firm has not received voting instructions from the beneficial owner, the brokerage firm cannot vote the shares on that proposal. This is called a broker non-vote. We urge you to give voting instructions to your broker on Proposal 1 Election of Directors and Proposal 3 Approval of Amendment to the Company's Certificate of Incorporation to Implement a Majority Voting Standard in Uncontested Director Elections.

16. What does it mean if I receive more than one proxy card?

If you received multiple proxy cards, it means that you hold your shares in different ways (e.g., trust, custodial accounts, joint tenancy) or in multiple accounts. You should complete, sign, date and return your proxy card(s), as described in each proxy card you received.

17. Who will pay for the cost of this proxy solicitation?

We will bear the cost of this proxy solicitation. In addition to solicitation by mail, some of our directors, officers and employees may solicit proxies in person or by telephone at no additional compensation. We will also ask Stockholders of Record who are brokerage firms, custodians and fiduciaries to forward the Proxy Materials to the Beneficial Owners of such shares and upon request we will reimburse such Stockholders of Record for the customary costs of forwarding the Proxy Materials.

PROPOSAL 1:

ELECTION OF DIRECTORS

Our Board of Directors currently consists of five directors, who are divided into three classes with staggered terms. Our bylaws permit our Board of Directors to establish by resolution the authorized number of directors. The term of Michael E. Mikolajczyk as director of the Company will expire at this Annual Meeting. Following the recommendation of the Nominating and Governance Committee, the Board of Directors recommends the re-election of Mr. Mikolajczyk for a three-year term.

Although Mr. Mikolajczyk has indicated his willingness to serve if elected, if at the time of the Annual Meeting he is unable or unwilling to serve, shares represented by properly executed proxies will be voted at the discretion of the persons named therein for such other person as the Board of Directors may designate.

All of our directors bring to our Board of Directors a wealth of executive leadership experience derived from their service as corporate executives as well as service as directors on other boards. When evaluating director candidates, the Nominating and Governance Committee takes into account all factors it considers appropriate, which include (a) ensuring that the Board of Directors, as a whole, is diverse and consists of individuals with various and relevant career experience, relevant technical skills, industry knowledge and experience, financial expertise (including expertise that could qualify a director as a financial expert, as that term is defined by the rules of the Securities and Exchange Commission (the "SEC")), and local or community ties and (b) minimum individual qualifications, including strength of character, mature judgment, familiarity with the Company's business and industry, independence of thought and an ability to work collegially. The Committee also considers geographical, cultural, experiential and other forms of diversity when evaluating director candidates. In addition, the Committee also may consider the extent to which the candidate would fill a present need on the Board of Directors. Information about the nominee for election as directors and about our other directors whose terms of office do not expire this year, including their business experience for the past five years, appears below.

Mr. Spencer's qualifications to sit on our Board of Directors include his global perspective and knowledge gained through experience in founding several successful businesses and as a chief executive officer of a publicly traded global information technology firm.

CORPORATE GOVERNANCE

Director Independence

Our Board of Directors undertook a review of the independence of each director and considered whether any director has a material relationship with us that could compromise his ability to exercise independent judgment in carrying out his responsibilities. As a result of this review, our Board of Directors determined that Messrs. Aquilano, Caldwell, Mikolajczyk and Spencer, representing four of our five directors, are independent directors as defined under the rules of the NASDAQ Global Market, constituting a majority of our Board of Directors as required by the rules of the NASDAQ Global Market. Raja M. Parvez, who served on our Board of Directors until his resignation in September 2014, was not deemed to be an independent director by our Board of Directors.

Board of Directors Leadership Structure

Our Board of Directors is led by an independent Chairman, Mr. Aquilano. Our Chief Executive Officer, Mr. Weissman, is the only member of the Board of Directors who is not an independent director. The Board has determined that having an independent Chairman is in the best interest of the Company's stockholders at this time. The Board believes that this leadership structure is appropriate because it strikes an effective balance between management and independent director participation in the Board process. The independent Chairman role allows our President and Chief Executive Officer to focus on his management responsibilities in leading the business, setting the strategic direction of the Company and optimizing the day-to-day performance and operations of the Company. At the same time, the independent Chairman can focus on Board leadership, providing guidance to the Chief Executive Officer and the Company's overall business strategy. The Board believes that the separation of functions between the Chief Executive Officer and Chairman of the Board provides independent leadership of the Board in the exercise of its management oversight responsibilities, increases the accountability of the Chief Executive Officer and creates transparency into the relationship among executive management, the Board of Directors and the stockholders. The independent Chairman regularly presides at executive sessions of the independent directors, without the presence of management. We have maintained this leadership structure since our inception.

Board of Directors Oversight of Risk

Our executive management team is responsible for our day-to-day risk management activities. The Board of Directors oversees these risk management activities, delegating its authority in this regard to the standing committees of the Board of Directors. The Audit Committee is responsible for discussing with executive management policies with respect to financial risk and enterprise risk management. The Audit Committee also oversees the Company's corporate compliance programs. The Compensation Committee considers risk in connection with its design of compensation programs for our executives. The Nominating and Governance Committee reviews the Company's corporate governance principles and their implementation. Each committee regularly reports to the Board of Directors. In addition to each committee's risk management oversight, the

Board of Directors regularly engages in discussions of the most significant risks that the Company is facing and how these risks are being managed.

The Board of Directors believes that the each committee's risk oversight function, together with the efforts of the full Board of Directors and the Chief Executive Officer in this regard, enables the Board of Directors to effectively oversee the Company's risk management activities.

Committees of the Board of Directors and Meetings

Our Board of Directors has established three standing committees: an Audit Committee, a Compensation Committee and a Nominating and Governance Committee. Described below are the membership and principal responsibilities of all of the committees of the Board of Directors, as well as the number of meetings held during fiscal year 2014. Each of these committees is composed entirely of non-employee directors who have been determined by our Board of Directors to be independent under the current requirements of the NASDAQ Global Market and the rules and regulations of the SEC. Policies and Procedures Governing Director Nominations

The Nominating and Governance Committee considers candidates for nomination to the Board of Directors from a number of sources, including recommendations by current members of the Board of Directors and members of management. Current members of the Board of Directors are considered for re-election unless they have notified us that they do not wish to stand for re-election. The Nominating and Governance Committee will also consider director candidates recommended by our stockholders. Stockholders desiring to submit recommendations for director candidates must follow the following procedures:

The Nominating and Governance Committee will accept recommendations of director candidates throughout the year; however, in order for a recommended candidate to be considered for nomination for election at an upcoming annual meeting of stockholders, the recommendation must be received by the Secretary of the Company not less than 60 days and not more than 90 days prior to the anniversary date of our most recent annual meeting of stockholders, unless the date of the annual meeting is more than 30 days before or more than 60 days after June 23, 2016, in which case notice must be delivered not earlier than 90 days prior to such annual meeting and not later than 60 days prior to such annual meeting or the 10th day following the day on which we first publicly announce the date of such annual meeting.

This recommendation must be in writing and must include the following initial information: (i) the stockholder's name and address, number of shares owned and proof of ownership; (ii) the name of the candidate; (iii) the candidate's resumé or a listing of his or her qualifications to be a director of the Company; (iv) all other information regarding the candidate that would be required to be disclosed in a proxy statement filed with the SEC if the candidate were nominated for election to the Board of Directors; and (v) the candidate's written consent to be named as a director if selected by the Nominating and Governance Committee and nominated by the Board of Directors. The Nominating and Governance Committee may subsequently request additional information regarding the candidate.

Recommendations must be sent by U.S. Mail, courier or expedited delivery service to Mardel A. Graffy, Secretary, Rubicon Technology, Inc., 900 East Green Street, Bensenville, Illinois 60106.

In evaluating nominees for director, the Nominating and Governance Committee is guided by, among other things, the objective that the Board of Directors be composed of qualified, dedicated and highly regarded individuals who have experience relevant to our operations and who understand the complexities of our business environment. See Proposal 1: Election of Directors on page 6 for a discussion of the evaluation of director candidates. The Nominating and Governance Committee may also consider other factors such as whether the candidate is independent within the meaning of the listing standards of the NASDAQ Global Market and whether the candidate meets any additional requirements for service on the Audit Committee. The Nominating and Governance Committee does not intend to evaluate candidates recommended by stockholders any differently than other candidates.

Stockholder Communications with the Board of Directors

Management has the primary responsibility for such financial statements and press releases.

Reviewed with management and the independent auditors management's annual report on internal controls over financial reporting.

Discussed with the independent auditors the matters requiring discussion by the statement on Auditing Standards No. 16, as amended (Communication with Audit Committees), as adopted by the Public Company Accounting Oversight Board in Rule 3200T.

Received the written disclosures and the letter from the independent auditors required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence, and discussed with the independent auditors their independence.

In reliance on the committee's review and discussions of the matters referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements and management's annual report on internal controls over financial reporting be included in Rubicon's Annual Report on Form 10-K for the fiscal year ended December 31, 2014.

COMPENSATION DISCUSSION AND ANALYSIS

The following discussion and analysis of compensation arrangements of our named executive officers for 2014 should be read together with the compensation tables and related disclosures set forth below.

Executive Summary

Our compensation programs are intended to align our named executive officers' interests with those of our stockholders by rewarding performance that meets or exceeds the goals the Compensation Committee establishes with the objective of increasing stockholder value. Consistent with our pay for performance philosophy, the total compensation received by our named executive officers will vary based on individual and corporate performance measured against annual and long-term performance goals. Our named executive officers' total compensation is comprised of a mix of base salary, annual incentive compensation and long-term incentive awards.

Table of Contents

Below is a comparison of 2014 and 2013 revenue and earnings, which are key metrics on which the Compensation Committee measures management performance. Please see *Management's Discussion and Analysis of Financial Conditions and Results of Operations* in our Annual Report on Form 10-K for a more detailed description of our fiscal year 2014 financial results.

	Year Ended December 31, 2014	Year Ended December 31, 2013
Revenue (in millions)	\$ 45.7	\$ 41.5
Net loss (in millions)	\$ (44.0)	\$ (30.4)
Diluted loss per share	\$ (1.70)	\$ (1.35)

Our financial performance is a key factor in the compensation decisions and outcomes for the fiscal year. In 2014 and 2013, executive officers were awarded no bonuses as target levels were not achieved.

We believe that the compensation of our executive officers should facilitate the achievement of short-term corporate goals as well as the performance of long-term business objectives. It is the responsibility of the Compensation Committee of our Board of Directors to administer our compensation practices to ensure that they are competitive and include incentives which are designed to appropriately drive corporate performance. Our Compensation Committee reviews and approves all of our compensation policies, including executive officer salaries, bonuses and equity incentive compensation.

We endeavor to maintain a high level of corporate governance over our executive pay programs. The following policies were in effect during 2013 and remained in effect in 2014:

No significant perquisites offered: Our executives participate in broad-based Company-sponsored programs on the same basis as other full-time employees.

Separation of Governance Positions: In line with corporate governance best practices, we have separated the roles of Chairman of the Board of Directors and Chief Executive Officer.

No SERPs: Our executives participate in the same retirement plan generally available to other full-time employees, and we do not offer supplemental executive retirement programs to our executives.

Executive ownership guidelines: We have implemented stock ownership guidelines for our executive officers, which are more fully described in *Elements of Our Executive Compensation Programs* *Stock Ownership Guidelines* below.

No excise tax gross-ups: We do not provide change in control excise tax gross-ups in any of our executive employment agreements or compensation plans.

Independence of executive compensation consultant: The compensation consultant historically used by the Compensation Committee does not provide any services to management and has no prior relationship with our named executive officers.

Objectives of Our Executive Compensation Programs

Our compensation programs for our named executive officers are designed to achieve the following objectives:

Edgar Filing: Rubicon Technology, Inc. - Form DEF 14A

attract and retain talented and experienced executives in our industry;

motivate and reward executives whose knowledge, skills and performance are critical to our success;

align the interests of our executives and stockholders, by encouraging executives to increase long-term stockholder value and rewarding executives when stockholder value increases; and

motivate our executives to manage our business to meet our short-term and long-term corporate goals and business objectives, and reward them for meeting these objectives.

Table of Contents

We use a mix of short-term compensation in the form of base salaries and cash incentive bonuses and long-term compensation in the form of equity incentive compensation to provide a total compensation structure that is designed to encourage our executives to achieve these objectives.

Determining Executive Compensation

The Compensation Committee is responsible for developing, administering and interpreting the compensation program for executive officers and other key employees. Our Compensation Committee was appointed by our Board of Directors and consists entirely of directors who are outside directors for purposes of Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), and non-employee directors for purposes of Rule 16b-3 under the Securities Exchange Act of 1934, as amended (the Exchange Act).

The Compensation Committee may delegate some or all of its responsibilities to one or more subcommittees whenever necessary to comply with any statutory or regulatory requirements or otherwise deemed appropriate by the committee. The Compensation Committee has the authority to retain consultants and other advisors to assist with its duties and has sole authority to approve the fees and other retention terms of such consultants and advisors.

Historically, our chief executive officer has made recommendations to the Compensation Committee regarding the salaries, bonus arrangements and option grants, if any, for all key employees other than himself. For executive officers whose bonus awards are based partly on individual performance, the chief executive officer's evaluation of such performance is provided to and reviewed by the Compensation Committee. Based on the foregoing, the Compensation Committee uses its judgment in making compensation decisions that will best carry out our philosophy and objectives for executive compensation.

Within the context of the overall objectives of our compensation programs, we determined the specific amounts of compensation to be paid to each of our executives in 2014 based on a number of factors, including, but not limited to:

the roles and responsibilities of our executives;

the individual experience and skills of our executives;

the amounts of compensation being paid to our other executives;

the performance of the Company against targets pre-established by the Board of Directors;

our executives' historical compensation at our Company; and

our understanding of the amount of compensation generally paid by similarly situated companies to their executives with similar roles and responsibilities.

In evaluating the compensation generally paid by similarly situated companies, our Compensation Committee has obtained guidance on appropriate executive compensation practices from executive search firms in the course of recruiting executives for Rubicon. In addition, we have historically taken into account available data relating to the compensation practices of other companies within and outside our industry. Generally, the Compensation Committee has engaged the consulting firm of Meridian Compensation Partners, LLC to assist us in analyzing our compensation structure and making suggestions for our future compensation structure. Except as otherwise discussed below, the Compensation Committee does not engage in formal benchmarking of compensation, but rather considers the data provided by our compensation consultant along with the other factors described above in making suggestions for our compensation structure.

Stockholder Say on Pay

Edgar Filing: Rubicon Technology, Inc. - Form DEF 14A

At our 2014 Annual Meeting of Stockholders, our stockholders approved, on an advisory basis, our executive compensation program with approximately 98% support. Taking into account the favorable outcome of our

Table of Contents

stockholder advisory approval vote at the 2014 Annual Meeting of Stockholders, we did not make specific changes to our executive compensation program in 2014. We will continue to take into account the result of future stockholder advisory votes when reviewing and monitoring our compensation program and structure.

At our 2011 Annual Meeting of Stockholders, our stockholders approved a three-year frequency of stockholder advisory voting to approve our executive compensation with approximately 54% support. In accordance with the voting results, we provide our stockholders with an opportunity to cast an advisory vote on executive compensation every three years.

Elements of Our Executive Compensation Programs

Our executive compensation primarily consists of base salary, cash incentive and discretionary bonuses, equity-based incentives and benefit programs. We believe it is important that the interests of our executives are aligned with those of our long-term stockholders; therefore, equity incentive compensation constitutes a significant portion of our total executive compensation.

We discuss each of the primary elements of our executive compensation in detail below. While we have identified particular compensation objectives that each element of executive compensation serves, our compensation programs are designed to complement each other and collectively serve all of our executive compensation objectives described above.

Annual cash compensation

Base salary

Base salaries are intended to provide a level of compensation sufficient to attract and retain an effective management team when considered in combination with the performance-based and other components of our compensation program. The base salary of each executive officer is reviewed annually to determine if it is equitably aligned with our other executive officers and is at a sufficient level to attract and retain top talent. Salaries are adjusted to reflect individual roles and performance and may be increased at other times if a change in the scope of the officer's responsibilities justifies such consideration or in order to maintain salary equity among executive officers. We believe that a competitive base salary is a necessary element of any compensation program designed to attract and retain talented and experienced executives. We also believe that attractive base salaries can serve as an effective reward for the executives' overall performance.

Our executives' base salaries reflect the initial base salaries that we negotiated with each of them at the time of his or her initial employment and our subsequent adjustments to these amounts. We formally evaluate executive performance on an annual basis, and these evaluations are one of the factors considered in making adjustments to base salaries. After consideration of the Company's performance within our industry, the base salaries for our named executive officers were not increased in 2014.

Cash incentive bonuses

The primary objectives of our incentive bonus plan are to provide an incentive for superior work, to motivate our executives toward even higher achievement and business results, to tie our executives' goals and interests to ours and our stockholders' and to enable us to attract and retain highly qualified individuals. These targets are typically set in the first three months of the year. The targets under our incentive bonus plan are based on internal financial goals set in connection with our Board of Directors' consideration and approval of our annual operating plan. These targets are set at levels that we believe can be achieved if our executive officers perform at a high level and if the assumptions underlying our annual operating plan prove correct. Going forward, the performance criteria and targets for cash incentive bonuses will be as mutually agreed upon by the independent directors and the executive. For 2014, Mr. Parvez and Mr. Weissman were entitled to receive a bonus of one-half of their base

Table of Contents

salary and Ms. Graffy was entitled to receive a bonus of 25% of her base salary, in each case based on our achieving positive net income for the fourth quarter after an accrual for the expense associated with the earning of Restricted Stock and Options. The Compensation Committee believed this was the most appropriate criterion for a company at our stage of development and considering current and projected market conditions. The target for cash incentive bonuses was not met and therefore no incentive cash bonuses were paid to executive officers for fiscal 2014.

Signing Bonus

In connection with Mr. Weissman's appointment as Interim Chief Executive Officer and President in September 2014, the Board of Directors approved a \$100,000 cash bonus payable to Mr. Weissman, with \$50,000 payable on the date of the Company's next regular payroll and the remaining \$50,000 payable on the earlier of (i) the six (6) month anniversary of Mr. Weissman's appointment or (ii) such time as the Company hires a new Chief Executive Officer. The second half of the signing bonus was paid in March 2015.

Equity incentive compensation

In 2008, our Board of Directors adopted a policy generally to grant equity awards to executives once per year to the extent equity awards are to be granted during such year (except in the case of newly hired executives, as described below). With respect to newly hired executives, our practice is typically to make equity grants at the first meeting of the Board of Directors following such executive's hire date. We do not have any program, plan or practice to time equity awards in coordination with the release of material non-public information.

On June 25, 2014, the Company granted annual equity awards to executives. Mr. Parvez was awarded stock options valued at \$187,500 and was issued restricted stock valued at \$187,500. Also on June 25, 2014, Mr. Weissman was awarded stock options valued at \$93,750 and was issued restricted stock valued at \$93,750. Vesting of the options and restricted shares granted to each of Mr. Parvez and Mr. Weissman were subject to the Company achieving positive net income for the fourth quarter after an accrual for the expense associated with the earning of restricted stock and options. The 2014 net income goal target was not achieved and the stock option and restricted stock awards were forfeited by Messrs. Parvez and Weissman.

After evaluating which key milestones were likely to provide the Company with a significantly enhanced market position, the Company achieving positive net income for the fourth quarter (after an accrual for the expense associated with the earning of restricted stock and options) was chosen as the applicable performance measure to govern the vesting of the awards. The Compensation Committee believed this was the most appropriate criterion for the Company to determine the value of the executive's efforts.

To assist the Compensation Committee in determining the size of annual equity grants, the Compensation Committee engaged Meridian Compensation Partners to conduct an analysis of the equity award practices of a group of companies in the same or similar industries. The peer group companies selected were: Advanced Analogic Technologies Incorporated, ATMI Inc., Bolt Technology Corporation, Cascade Microtech Inc., Cree Inc., Hittite Microwave Corporation, II-VI Incorporated, IPG Photonics Corporation, Lighting Sciences Group Corporation, Maxwell Technologies, Incorporated, MIPS Technologies, Inc., Supertex, Inc., Veeco Instruments Inc. and Volterra Semiconductor Corporation. Given that the Company's size, in terms of revenue, was at the 25th percentile of the peer group, the Compensation Committee believed it appropriate to target equity award values at up to only 85% of the median award size of the peer group. The grant date value of annual equity awards to those persons serving as executive officers at the time of the June 2014 awards represented an average of approximately 65% of the corresponding 2012 median awards for the peer group.

In addition, Mr. Parvez and Mr. Weissman were eligible for additional grants of restricted stock and stock options valued at \$62,500 in the case of Mr. Parvez and \$31,250 in the case of Mr. Weissman, if, in the discretion of the Board, they met additional objectives established by the Board for performance in 2014. These objectives

Table of Contents

included, but were not limited to, the hiring of a Senior Vice President of Sales and Marketing, development of a long term organizational and succession plan, the establishment of the strategic direction and key initiatives for the Company's business and the effective performance by, and communication with, the Company's executive committee. At the Board's discretion, no additional restricted stock or stock options were granted.

In addition, in connection with their appointments to their new positions in September 2014, the Company's Board of Directors also approved the grant of options to purchase 100,000 shares of Company common stock for Mr. Weissman and 25,000 shares of Company common stock for Ms. Graffy, each with a ten-year term and an exercise price equal to the closing price of the Company's common stock on the date prior to the date of grant. Mr. Weissman's options vest quarterly over a two-year period and Ms. Graffy's options vest in four equal annual installments. In November 2014, as part of our annual equity grants to senior management, the Compensation Committee awarded Ms. Graffy restricted stock units valued at 25% of her base salary at the time. The restricted stock vests annually over a three year period and, to be eligible to receive the award, her performance rating must be at least satisfactory.

The 2014 stock options and restricted shares were granted pursuant to our 2007 Stock Incentive Plan, as amended and restated (the 2007 Plan), which was adopted by our Board of Directors and our stockholders in connection with our initial public offering. The 2007 Plan permits the grant of stock options, stock appreciation rights, restricted stock, restricted stock units, performance awards and bonus shares. The 2007 Plan replaced our 2001 Equity Plan effective upon the consummation of our initial public offering.

Stock ownership guidelines

On September 18, 2012, the Compensation Committee approved stock ownership guidelines for executive officers of the Company. Under the stock ownership guidelines, the executive officers are expected to hold common stock with a value equal to a designated multiple of annual base salary. The Chief Executive Officer target share ownership level is a value equal to three times his annual base salary and the Chief Financial Officer and other executive officers target share ownership level is one times their annual base salary. The executive officers are to comply within five years from the date the guidelines become applicable to them. Shares that count toward satisfaction of the stock ownership guidelines include:

shares owned outright;

in-the-money value of vested stock options;

unvested restricted stock;

restricted stock units; and

vested shares in 401(k) plan.

As of December 31, 2014, Mr. Weissman was on track to meet the targeted stock ownership guidelines within the prescribed time and Ms. Graffy was in compliance with the targeted stock ownership guidelines.

Benefits

All of our executive officers are eligible for benefits offered to employees generally, including life, health, disability and dental insurance and our 401(k) plan. Consistent with our compensation philosophy, we intend to continue to maintain our current benefits for our executive officers. The Compensation Committee, in its discretion, may revise the executive officers' benefits if it deems it advisable.

Severance and change in control arrangements

Our named executive officers have employment and/or other agreements that provide various benefits triggered by such employment-related actions as termination without cause, resignation with good reason and/or

Table of Contents

termination without cause following a change in control. Such benefits may include salary continuation, guaranteed bonuses, lump sum severance and/or the acceleration of stock option vesting. See **Employment and Severance Arrangements** below for a description of the severance and change in control arrangements for our named executive officers.

In addition, each of our equity incentive plans provides for a potential acceleration of vesting of outstanding awards in the event that we undergo a change in control, as defined in such plans. The 2007 Plan provides that in the event of change in control, as defined in the 2007 Plan, each outstanding award will be treated as the Compensation Committee determines, including that the successor corporation or its parent or subsidiary may be required to assume or substitute an equivalent award for each outstanding award. The Compensation Committee is not required to treat all awards similarly. If there is no assumption or substitution of outstanding awards, the award recipient will fully vest in and have the right to exercise all of his or her outstanding options and stock appreciation rights, all restrictions on restricted stock and restricted stock units will lapse and all performance goals or other vesting requirements for performance awards will be deemed achieved at 100% of target levels and all other terms and conditions will be deemed met. If an option or stock appreciation right is not assumed or substituted, the Compensation Committee will provide notice to the award recipient that the option or stock appreciation right will be fully vested and exercisable for a period of time determined by the Compensation Committee in its discretion, and the option or stock appreciation right will terminate upon the expiration of such period.

In setting the terms of and determining whether to approve these severance and change in control arrangements, our Compensation Committee or Board of Directors, as applicable, recognized that executives often face challenges securing new employment following a termination of their existing employment and that distractions created by uncertain job security may have a detrimental impact on their performance. None of the foregoing benefits is triggered by a change in control unless the named executive officer's employment is terminated without cause following such change in control or the award is not assumed, or an equivalent right substituted, by the successor corporation. We believe the acceleration of option vesting under such circumstances is appropriate to preserve the benefit intended to be provided to the executive while avoiding the acceleration of benefits where the executive is enjoying a continuation of the same or comparable benefit following the change in control. The levels of severance benefits were set based on our Board of Directors' collective experience and insight regarding severance benefits offered to executives at comparable companies.

Effect of accounting and tax treatment on compensation decisions

In the review and establishment of our compensation programs, we consider the anticipated accounting and tax implications to us and our executives. In this regard, we began utilizing restricted stock and/or restricted stock units as additional forms of equity compensation incentives in fiscal 2014 in response to changes in the accounting treatment of equity awards under FASB ASC Topic 718 Stock Compensation. While we consider the applicable accounting and tax treatment, these factors alone are not dispositive, and we also consider the cash and non-cash impact of the programs and whether a program is consistent with our overall compensation philosophy and objectives.

Section 162(m) of the Code imposes a limit on the amount of compensation that we may deduct in any one year with respect to our chief executive officer and each of our next three most highly compensated executive officers other than our chief financial officer, unless certain specific and detailed criteria are satisfied. Performance-based compensation, as defined in the Code, is fully deductible if the programs are approved by stockholders and meet other requirements. We will continue to assess the impact of Section 162(m) on our compensation practices and determine whether to qualify equity and cash awards as performance-based compensation.

COMPENSATION COMMITTEE REPORT

As detailed in its charter, the Compensation Committee of the Board of Directors oversees Rubicon's executive compensation program on behalf of the Board of Directors. In the performance of this function, the Compensation Committee, among other things, reviewed and discussed with management the Compensation Discussion and Analysis included in this Proxy Statement. Based upon the review and discussions referred to above, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement.

The foregoing Compensation Committee Report is not soliciting material, is not deemed filed with the SEC and is not to be incorporated by reference in any filing of the Company under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, whether made before or after the date hereof and irrespective of any general incorporation language in any such filing.

Table of Contents**COMPENSATION RISKS**

We believe that risks arising from our compensation policies and practices for our employees are not reasonably likely to have a material adverse effect on the Company. In addition, the Compensation Committee believes that the mix and design of the elements of executive compensation do not encourage management to assume excessive risks.

The Compensation Committee reviewed the elements of executive compensation to determine whether any portion of executive compensation encouraged excessive risk taking and concluded:

significant weighting towards equity incentive compensation discourages short-term risk taking;

a substantial portion of equity incentive compensation is based on time vesting in addition to any performance vesting, which discourages short-term risk taking;

cash incentive bonus awards are capped by the Compensation Committee and awards for exceeding targets are discretionary. Furthermore, as described in our Compensation Discussion and Analysis, compensation decisions include subjective considerations, which restrain the influence of formulae or objective factors on excessive risk taking.

EMPLOYMENT AND SEVERANCE ARRANGEMENTS**William F. Weissman**

We entered into an employment agreement with Mr. Weissman, our chief executive officer, on February 18, 2015. The key terms of the agreement are summarized below. Previously, we had entered into an employment agreement with Mr. Weissman, effective as of July 30, 2007, for his position as chief financial officer. The key terms of Mr. Weissman's previous employment agreement are noted below.

Term. The term of Mr. Weissman's current employment agreement commenced on December 9, 2014 and continues thereafter unless and until his employment is terminated pursuant to the terms of the agreement.

Compensation. Under the terms of his agreement, Mr. Weissman is entitled to a 2015 base salary of \$300,000 and is eligible to receive a bonus of \$150,000 based upon the achievement of certain objectives and criteria

Table of Contents

mutually agreed upon by the Board and Mr. Weissman (the "Cash Bonus"). The Cash Bonus, if achieved by Mr. Weissman, will be paid no later than March 31, 2016. In addition, the Board, in its sole discretion, may determine to pay Mr. Weissman a discretionary cash bonus. For years after 2015, the Board shall review his eligibility for similar bonuses based upon the achievement of certain objectives and criteria mutually agreed upon by the Board and Mr. Weissman. In addition, in consideration of his services as the Company's interim chief executive officer, the Company paid Mr. Weissman a cash payment of \$50,000 at the time of his appointment, with a second cash payment of \$50,000 paid on March 12, 2015. Under his previous agreement, Mr. Weissman was originally entitled to a 2007 annual base salary of \$200,000 and an annual discretionary bonus targeted at 25% (subsequently increased to 40%) of his annual base salary. Mr. Weissman's actual salary and bonus for 2014 are shown in the "Summary Compensation Table" above.

Equity. Upon the execution of the agreement in 2015, Mr. Weissman was granted restricted stock units in the number of whole shares nearest the target value of \$100,000, determined by using the fair market value at the date of grant. The vesting condition metrics of the restricted stock units were determined by the Compensation Committee. 50% of the RSUs will vest if the Company's operations are cash flow positive, meaning that the Company is cash flow positive for the fourth quarter of 2015 and is reasonably expected to be cash flow positive in 2016. If, and only if that target is achieved, then 25% of the RSUs will vest if the Company's patterned sapphire wafer ("PSS") infrastructure is running at full capacity, 15% of the RSUs will vest if the Company has generated revenue from sales of Sapphire on Glass ("SoG") and has satisfactorily completed the proof of concept work on its near-net shape pure sapphire products, and 10% of the RSUs will vest if the run rate of annualized revenue from the Company's optical business for 2015, based on revenue recognized in the fourth quarter of 2015, is at least 50% greater than the revenue recognized in 2014, and such run rate is reasonably expected to continue at such level or greater for 2016.

In addition, on December 1, 2015, the Company will grant Mr. Weissman stock options in the whole shares nearest the target value of \$250,000, determined by using the fair market value as determined under the plan at the date of grant. The options will have a 10 year term, a four year ratable vesting period, a 12 month period of exercise following the death of Mr. Weissman and all other conditions for vesting or exercise of stock options.

Severance terms. In the event that Mr. Weissman's employment agreement is terminated by us without cause or if he resigns for good reason, he will receive a continuation of his annual base salary for twelve months thereafter and certain of his options will become vested, provided that Mr. Weissman delivers a release of claims to the Company. In addition, he will receive a continuation of his medical and welfare benefits for a period of twelve months thereafter. If within one year after a change in control, we terminate Mr. Weissman without cause, he will be entitled to a lump sum payment equal to twelve months of his annual base salary in lieu of the salary continuation described above.

For purposes of Mr. Weissman's agreement (i) "cause" generally is defined as willful misconduct materially and adversely affecting us; theft, fraud, embezzlement or similar behavior; indictment or conviction of a felony; or willfully failing to substantially perform the material duties of his position, other than failure resulting from incapacity due to physical or mental illness, following a demand for performance delivered by the Board of Directors and a specified cure period of not less than 10 days; and (ii) "good reason" generally is defined as a material reduction in base salary or benefits; substantial diminution in Mr. Weissman's duties, responsibilities or title, if uncured by us within 30 days of receipt of notice from Mr. Weissman; or relocation for a period of greater than six consecutive months greater than 100 miles from the Chicago metropolitan area.

Restrictive covenants. Mr. Weissman's agreement contains customary non-competition and non-solicitation covenants on the part of Mr. Weissman. These restrictions survive for a period of 12 months after Mr. Weissman's resignation or termination, and in the event of a breach of his employment agreement, the period is automatically extended by the period of the breach.

We also agreed to pay Mr. Parvez s health and welfare benefits for a period of twelve months. In addition, we also agreed to extend the date by which Mr. Parvez may exercise any of his vested stock options to the earlier of the existing expiration date of such option or September 16, 2016.

Compensation. Under the terms of her agreement, Ms. Graffy is entitled to a 2015 annual base salary of \$200,000 and is eligible to receive a bonus of \$60,000 based upon the achievement of certain objectives and criteria mutually agreed upon by the Board and Ms. Graffy (the Cash Bonus). The Cash Bonus, if achieved by Ms. Graffy, will be paid no later than March 31, 2016. For years after 2015, the Board shall review her eligibility for similar bonuses based upon the achievement of certain objectives and criteria mutually agreed upon by the Board and Ms. Graffy. Ms. Graffy s actual salary and bonus for 2014 are shown in the Summary Compensation Table above.

Equity. Upon the execution of the agreement in 2015, Ms. Graffy was granted restricted stock units in the number of whole shares nearest the target value of \$50,000, determined by using the fair market value at the date of grant. The vesting condition metrics of the restricted stock units were determined by the Compensation Committee. 50% of the RSUs will vest if the Company s operations are cash flow positive, meaning that the Company is cash flow positive for the fourth quarter of 2015 and is reasonably expected to be cash flow positive in 2016. If, and only if that target is achieved, then 25% of the RSUs will vest if the Company s patterned sapphire wafer (PSS) infrastructure is running at full capacity, 15% of the RSUs will vest if the Company has generated revenue from sales of Sapphire on Glass (SoG) and has satisfactorily completed the proof of concept work on its near-net shape pure sapphire products, and 10% of the RSUs will vest if the run rate of annualized revenue from the Company s optical business for 2015, based on revenue recognized in the fourth quarter of 2015, is at least 50% greater than the revenue recognized in 2014, and such run rate is reasonably expected to continue at such level or greater for 2016.

In addition, on December 1, 2015, the Company will grant Ms. Graffy stock options in the whole shares nearest the target value of \$100,000, determined by using the fair market value as determined under the plan at the date of grant. The options will have a 10 year term, a four year ratable vesting period, a 12 month period of exercise following the death of Ms. Graffy and all other conditions for vesting or exercise of stock options.

Severance terms. In the event that Ms. Graffy s employment agreement is terminated by us without cause or if she resigns for good reason, she will receive a continuation of her annual base salary for six months

thereafter and certain of her options and restricted stock units will become vested, provided that Ms. Graffy delivers a release of claims to the Company. In addition, she will receive a continuation of her medical and welfare benefits for a period of six months thereafter. If within two years after a change in control, we terminate Ms. Graffy without cause or she resigns for good reason, she will be entitled to a lump sum payment equal to fifty percent of her annual base salary in lieu of the salary continuation described above.

For purposes of Ms. Graffy's agreement (i) *cause* generally is defined as willful misconduct materially and adversely affecting us; theft, fraud, embezzlement or similar behavior; indictment or conviction of a felony; or willfully failing to substantially perform the material duties of her position, other than failure resulting from incapacity due to physical or mental illness, following a demand for performance delivered by the Board of Directors and a specified cure period of not less than 10 days; and (ii) *good reason* generally is defined as a material reduction in base salary or benefits; substantial diminution in Ms. Graffy's duties, responsibilities or title, if uncured by us within 30 days of receipt of notice from Ms. Graffy; or relocation for a period of greater than six consecutive months greater than 100 miles from the Chicago metropolitan area.

Restrictive covenants. Ms. Graffy's agreement contains customary non-competition and non-solicitation covenants on the part of Ms. Graffy. These restrictions survive for a period of 12 months after Ms. Graffy's resignation or termination, and in the event of a breach of her employment agreement, the period is automatically extended by the period of the breach.

POTENTIAL PAYMENTS UPON TERMINATION OF EMPLOYMENT

The table below shows the estimated amount of payments and benefits that we would provide to the named executive officers assuming that their employment was terminated as of December 31, 2014 by us without cause, or by the officer with good reason (each as defined in the respective named executive officer's employment agreement), including following a change in control. The table also shows the estimated amount of benefits that we would provide upon the occurrence of a change in control as of December 31, 2014, if the named executive officer's options were not assumed, or an equivalent right substituted, by the successor corporation. The table below includes benefits payable under the employment agreements with Mr. Weissman and Ms. Graffy that were entered into on February 18, 2015. The information provided for Mr. Parvez represents amounts actually paid or to be paid in connection with his termination of employment on September 17, 2014.

LIMITATION ON LIABILITY AND INDEMNITY

Our amended and restated certificate of incorporation contains provisions that limit or eliminate the liability of our directors for monetary damages to the fullest extent permitted by Delaware law. Consequently, our directors will not be personally liable to us or our stockholders for monetary damages for any breach of fiduciary duties as a director, except liability for:

any breach of the director's duty of loyalty to us or our stockholders;

any act or omission not in good faith or that involves intentional misconduct or a knowing violation of law;

unlawful payments of dividends or unlawful stock repurchases, redemptions or other distributions as provided in Section 174 of the Delaware General Corporation Law; or

any transaction from which the director derived an improper personal benefit.

Our amended and restated bylaws provide that we are required to indemnify our directors and officers, in each case to the fullest extent permitted by Delaware law. Our amended and restated bylaws also provide that we are obligated to advance expenses incurred by a director or officer in advance of the final disposition of any action or proceeding and permit us to secure insurance on behalf of any officer, director, employee or other agent for any liability arising out of his or her actions in that capacity regardless of whether we would otherwise be permitted to indemnify him or her under the provisions of Delaware law. We have entered into agreements and intend to continue to enter into agreements to indemnify our executive officers and directors. With certain exceptions, these agreements provide for indemnification for related expenses including, among other things, attorneys' fees, judgments, fines and settlement amounts incurred by any of these individuals in any action or proceeding for which indemnification is available. We believe these bylaw provisions and indemnification agreements are necessary to attract and retain qualified persons as directors and officers. We also maintain directors' and officers' insurance.

At present, there is no pending litigation or proceeding involving any of our directors, officers or employees for which indemnification is sought, and we are not aware of any threatened litigation that may result in claims for indemnification.

PROPOSAL 2:
RATIFICATION OF SELECTION OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors has selected Grant Thornton LLP (Grant Thornton) to serve as the Company s independent auditors for the fiscal year ending December 31, 2015 and is submitting this matter to the stockholders for their ratification. Grant Thornton has served as the Company s independent auditors since 2002. One or more representatives of Grant Thornton will be present at the Annual Meeting to make a statement if they desire to do so and to be available to respond to appropriate questions that may be asked by stockholders.

In the event the proposal to ratify the selection of Grant Thornton is defeated, the adverse vote will be considered as a direction to the Board of Directors to select other independent auditors for the next fiscal year ending December 31, 2016. However, because of the expense and difficulty in changing independent auditors after the beginning of a year, the Board of Directors intends to allow the appointment for the fiscal year ending December 31, 2015 to stand unless the Board of Directors finds other reasons for making a change.

Audit Fees

The aggregate fees billed by Grant Thornton for audit services (audit of the Company s annual financial statements, reviews of the Company s interim unaudited financial statements, and assistance with and review of SEC filings) for fiscal 2014 and fiscal 2013 were \$420,549 and \$349,561, respectively.

Audit-Related Fees

There were no audit-related fees billed by Grant Thornton in fiscal 2014 or fiscal 2013.

Tax Fees

The aggregate fees billed by Grant Thornton in fiscal 2014 and fiscal 2013 for tax planning services were \$39,315 and \$28,250, respectively.

All Other Fees

There were no other fees billed by Grant Thornton in fiscal 2014 or fiscal 2013 for any other services.

Pre-Approval Policy and Procedures

In accordance with provisions of the Sarbanes-Oxley Act of 2002, the Audit Committee pre-approved all audit and non-audit services provided to the Company by its independent auditors.

Our Board of Directors recommends that you vote FOR the ratification of the selection of Grant Thornton LLP to serve as the Company s independent auditors for the fiscal year ending December 31, 2015.

PROPOSAL 3:

APPROVAL OF AMENDMENT TO THE COMPANY'S CERTIFICATE OF INCORPORATION TO IMPLEMENT A MAJORITY VOTING STANDARD IN UNCONTESTED DIRECTOR ELECTIONS

Our Board of Directors voted unanimously to approve, and our stockholders are being asked to approve, an amendment to the Company's Certificate of Incorporation to implement a majority voting standard in uncontested elections of directors.

Our Certificate of Incorporation currently provides that our directors are elected by a plurality vote of the shares present at the meeting and entitled to vote. Under this plurality vote standard, the director nominees who receive the highest number of affirmative votes cast are elected as directors. Accordingly, a director nominee may be elected regardless of the percentage of votes cast for his or her election, even if the number of withheld votes exceeds the number of for votes.

The proposed amendment to our Certificate of Incorporation would eliminate the plurality vote standard in an uncontested election of directors and would require that a director nominee be elected by the affirmative vote of a majority of the votes cast in the election of such director nominee. Accordingly, a nominee for director would be elected if the nominee obtains more for than against votes. Abstentions would not be counted as votes cast for or against a candidate. If, however, our Board of Directors determines that an election of directors is contested (*i.e.*, an election where stockholders offer competing candidates and the number of nominees exceeds the number of directors to be elected), the proposed amendment provides that a plurality vote standard will apply and candidates receiving the greatest number of votes will be elected.

In October 2014, we received a communication from a stockholder encouraging the Board of Directors to consider adopting a majority vote standard in uncontested elections of directors. Our Nominating and Governance Committee and the Board of Directors reviewed that communication and carefully considered recent trends among U.S. public companies toward adopting such a standard. Several public companies have sought to foster greater director accountability to stockholders by adopting a majority vote standard that provides stockholders a means to affect the outcome of an uncontested director election. A majority vote standard allows stockholders to register dissent by voting against director nominees in uncontested elections. In such elections, a nominee will not be elected or re-elected if the votes against his or her election exceeds the votes for his or her election.

Our Nominating and Governance Committee and our Board of Directors determined that it is in the best interests of the Company and our stockholders to implement a majority vote standard in uncontested director elections. Our Board of Directors believes, however, that the plurality vote should continue to apply in contested director elections.

The implementation of the majority vote standard requires an amendment to our Certificate of Incorporation. This amendment consists of deleting subsection (c) of Article 7 of our Certificate of Incorporation, which refers to plurality voting, and substituting alternative language that provides for a majority vote standard in uncontested director elections. The text of the proposed revision to Article 7, marked with the proposed deletion, is attached as Appendix A to this Proxy Statement. If approved by our stockholders, this amendment will become effective upon the filing of a certificate of amendment with the Secretary of State of the State of Delaware (which is expected to occur promptly following the Annual Meeting).

Our Board of Directors also approved amendments to our bylaws to provide for a majority standard in uncontested director elections. However, as noted above, a plurality standard will continue to apply in the event of a contested director election. The bylaws amendments would also require, in an uncontested election, that an incumbent director who does not receive a majority of votes cast for his or her election promptly tender his or her resignation to the Board of Directors. Within 90 days of election, the Board of Directors must decide whether to accept the tendered resignation.

Table of Contents

The amendments to our bylaws will be effective upon the amendment of the Certificate of Incorporation. If our stockholders do not approve the amendment to our Certificate of Incorporation to implement a majority vote standard in uncontested director elections, the corresponding amendments to our bylaws discussed above will not be implemented.

Our Board of Directors recommends that you vote FOR the approval of the amendment to the Certificate of Incorporation to implement a majority voting standard in uncontested director elections.

each person that is a beneficial owner of 5% of more of our outstanding shares of common stock;

each of our named executive officers;

each of our directors, including the director nominee; and

all of our executive officers and directors as a group.

Beneficial ownership is determined in accordance with the rules of the SEC. These rules generally attribute beneficial ownership of securities to persons who possess sole or shared voting power or investment power with respect to such securities. Except as otherwise indicated, all of the shares reflected in the table are shares of common stock and all persons listed below have sole voting and investment power with respect to the shares beneficially owned by them, subject to applicable community property laws. Percentage of beneficial ownership is based on 26,197,843 shares of common stock outstanding as of April 13, 2015. Unless otherwise indicated in the footnotes below, the address for each beneficial owner is c/o Rubicon Technology, Inc., 900 East Green Street, Bensenville, Illinois 60106.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Policy and Procedures for Review, Approval or Ratification

We recognize that transactions between Rubicon and related persons present a potential for actual or perceived conflicts of interest. Our general policies with respect to such transactions are included in our Code of Ethics which is administered by our Audit Committee. All employees and members of our Board of Directors agree to be bound by the Code of Ethics. As a supplement to the Code of Ethics, the Audit Committee adopted a policy setting out the procedures and standards to be followed for the identification and evaluation of related party transactions. For purposes of the policy, a related party transaction is any transaction or series of related transactions in excess of \$120,000 in which we are a party and in which a related person has a material interest. Related persons include our directors, director nominees, executive officers, beneficial owners of 5% or more of any class of our voting securities and members of their immediate families. The Audit Committee has determined that certain transactions are deemed to be pre-approved under this policy. These include (i) transactions with another company in which the related person's only interest is as a director or beneficial owner of less than 10% of the equity interests in that other company and (ii) certain compensation arrangements that have either been disclosed in our public filings with the SEC or approved by our Compensation Committee.

We collect information about potential related party transactions in our annual questionnaires completed by directors, executive officers and certain beneficial owners of 5% or more of any class of our voting securities. Potential related party transactions are first reviewed and assessed by our corporate secretary to consider the materiality of the transactions and then reported to the Audit Committee. If a related party transaction is identified during the year, it is reported promptly to the Audit Committee. The Audit Committee reviews and considers all relevant information available to it about each related party transaction. A related party transaction is approved or ratified only if the Audit Committee determines that it is in, or is not inconsistent with, our best interests and those of our stockholders and is in compliance with the Code of Ethics.

We did not have any related party transactions during 2014.
