And deemed filed pursuant to Rule 14a-12

Subject Company: Broadcom Corporation

Commission File No.: 000-23993

All employees,

Today, we announced that Avago will acquire Broadcom, a global semiconductor company specializing in wired and wireless communications. This is a highly complementary and compelling acquisition, which positions Avago as the world's leading diversified communications semiconductor company. It will also deepen our broad portfolio of category-leading franchises, which will enable us to better address the evolving needs of customers across the wireline and wireless end markets.

The size and scope of the combined business will make us the third-largest semiconductor company in the world, with combined annual revenues of approximately \$15 billion, and allow us to provide customers with an unparalleled breadth of technology and product capability. This acquisition will open up growth opportunities for employees in the combined company.

Upon closing, Avago will adopt the name Broadcom Limited, and I will serve as CEO of the new company, supported by Avago's current leadership team. We are excited to continue with the strong and compelling brand that Broadcom has built, and all it says to customers about engineering leadership. The Broadcom name will strengthen brand equity, ensure customer recognition and respect, and further expand our reach across the wireline and wireless markets.

We expect the transaction to close by the end of the first calendar quarter of 2016, subject to customary closing conditions and regulatory approvals in various jurisdictions, as well as the approval of Avago's and Broadcom's shareholders. Until then, Avago and Broadcom will continue to operate as independent companies. We will be sure to keep you updated on significant developments as they occur. In the meantime, it remains business as usual at Avago, and I know that I can count on each of you to maintain your focus on our customers and operations.

For your reference, attached is the press release we issued today about the acquisition. If you would like to learn more about this exciting news, please join me at our regularly scheduled Q215 Coffee Talk meetings over the coming weeks, where I will discuss the acquisition and answer your questions. If you have any questions in the meantime or receive inquiries from the media or customers about today's announcement, please contact your supervisor.

This is an important and exciting transaction for both our company and the semiconductor industry. We should all be proud of our accomplishments over the past several years, which have made this acquisition possible. Thank you for your continued hard work and your unwavering commitment to Avago.

Regards,

Hock
