PROSPECTUS SUPPLEMENT

(To Prospectus dated February 28, 2014)

500,000,000

1.800% Senior Notes due 2022

We are offering 500,000,000 aggregate principal amount of our 1.800% Senior Notes due 2022 (the Senior Notes). We will pay interest on the Senior Notes annually in arrears on November 7 of each year, beginning November 7, 2016. The Senior Notes will mature on November 7, 2022 unless redeemed or repurchased prior thereto. We may, at our option, redeem the Senior Notes, in whole at any time or in part from time to time, at the applicable redemption price described in this prospectus supplement under Description of the Senior Notes Redemption at Our Option. In addition, we may redeem the Senior Notes in whole, but not in part, at our option, in the event of certain developments affecting United States taxation as described under the heading Description of the Senior Notes Redemption for Tax Reasons. If we experience a change of control repurchase event, we may be required to offer to repurchase all of the Senior Notes from holders. The Senior Notes will be issued only in minimum denominations of 100,000 and integral multiples of 1,000 in excess thereof.

The Senior Notes will be our general unsecured and unsubordinated obligations and will rank equally in right of payment with all of our other existing and future unsecured and unsubordinated obligations. The Senior Notes will be effectively subordinated to any of our existing or future secured debt to the extent of the value of the assets securing such debt and will be structurally subordinated to all existing and future liabilities and any preferred equity of our subsidiaries.

Currently, there is no public market for the Senior Notes. We intend to apply to list the Senior Notes on the New York Stock Exchange, although we cannot guarantee such listing will be obtained. If such listing is obtained, we would expect trading in the Senior Notes on the New York Stock Exchange to begin within 30 days after the original issue date of the Senior Notes. If such listing is obtained, we have no obligation to maintain such listing and may delist the Senior Notes at any time.

Investing in the Senior Notes involves risks. Table of Contents

Additional Amounts

Subject to certain exceptions and limitations set forth herein, we will pay additional amounts on the Senior Notes as are necessary in order that the net payment by us of the principal of, premium, if any, and interest on, and additional amounts, if any, with respect to the Senior Notes to a holder who is not a United States person, after withholding or deduction for any present or future tax, duty, assessment or governmental charge of whatever nature imposed or levied by the United States or any taxing authority thereof or therein will not be less than the amount provided in the Senior Notes to be then due and payable. See Description of the Senior Notes Payment of Additional Amounts.

Redemption for Tax Reasons

We may redeem all, but not less than all, of the Senior Notes in the event of certain changes in the tax law of the United States (or any taxing authority thereof or therein) which would obligate us to pay additional amounts as described above. This redemption would be at a redemption price equal to 100% of the principal amount of the Senior Notes plus unpaid interest, if any, accrued thereon to, but excluding, the redemption date. See Description of the Senior Notes Redemption for Tax Reasons.

Ranking

The Senior Notes will be our general unsecured and unsubordinated obligations and will rank equally in right of payment with all of our other existing and future unsecured and unsubordinated obligations. The Senior Notes will be effectively subordinated to any of our existing or future secured debt to the extent of the value of the assets securing such debt and will be structurally subordinated to all existing and future liabilities and any preferred equity of our subsidiaries. See Description of the Senior Notes Ranking.

As of September 30, 2015, on an unconsolidated basis we had \$1,661.2 million of outstanding indebtedness, none of which was secured, and our subsidiaries collectively had liabilities of \$147.9 million, in each case, excluding inter-company indebtedness. As of such date, our subsidiaries had no preferred equity outstanding.

Certain Covenants

The indenture governing the Senior Notes will limit our and our subsidiaries ability to:

incur indebtedness secured by principal properties or the stock or indebtedness of subsidiaries that own principal properties;

enter into sale and leaseback transactions; and

enter into certain mergers, consolidations and transfers of substantially all of our assets.

However, these limitations are subject to numerous exceptions. See Description of Debt Securities Senior Debt Limitation on Liens, Description of Debt Securities Senior Debt Limitation on Sale/Leaseback Transactions and Description of Debt Securities Consolidation, Merger and Sale of Assets in the accompanying prospectus.

Use of Proceeds

We intend to use the net proceeds from this offering for general corporate purposes. See Use of Proceeds.

Listing

We intend to apply to list the Senior Notes on the New York Stock Exchange, although we cannot guarantee such listing will be obtained. If such listing is obtained, we would expect trading in the Senior Notes on the New York Stock Exchange to begin within 30 days after the original issue date of the Senior Notes. If such listing is obtained, we have no obligation to maintain such listing and may delist the Senior Notes at any time.

Book-Entry

The Senior Notes will be issued in book-entry only form and will be represented by one or more global notes deposited with a common depositary on behalf of Clearstream Banking, société anonyme (Clearstream), and Euroclear Bank, S.A./N.V. (Euroclear), and registered in the name of the common depositary or its nominee. Beneficial interests in any of the Senior Notes will be shown on, and transfers will be effected only through, records maintained by Clearstream and Euroclear and their participants, and these beneficial interests may not be exchanged for certificated notes, except in limited circumstances. See Description of the Senior Notes Book-Entry Delivery and Settlement.

Further Issues

We may, without the consent of the existing holders of the Senior Notes, issue additional debt securities having the same terms as the Senior Notes (other than the issue date, date from which interest begins to accrue and initial interest payment date) so that the Senior Notes and the new debt securities form a single series under the indenture governing the Senior Notes. See Description of the Senior Notes General.

RISK FACTORS

An investment in the Senior Notes involves certain risks. You should carefully review and consider the risks described below, as well as Risk Factors beginning on page 14 of our Annual Report on Form 10-K for the year ended December 31, 2014 and in other reports that we file with the SEC that are incorporated by reference in this prospectus supplement and the accompanying prospectus, and all of the other information included or incorporated by reference in this prospectus supplement and the accompanying prospectus, before making an investment decision. Our business, financial condition, liquidity, results of operations and prospects could be materially and adversely affected by any of these risks. Our ability to service our debt, including the Senior Notes, and the market price and liquidity of the Senior Notes could decline due to any of these risks, and you may lose all or part of your investment. Please note that additional risks not presently known to us or that we currently deem immaterial may also materially and adversely affect us.

Risks Relating to Our Business

Certain risks relating to us and our business are described under the heading Risk Factors in our Annual Report on Form 10-K for the year ended December 31, 2014, which is incorporated by reference into this prospectus supplement and the accompanying prospectus. You should carefully review and consider this information.

Risks Relating to the Senior Notes

The Senior Notes Are Effectively Subordinated to Any Secured Debt and Any Liabilities and Preferred Equity of Our Subsidiaries.

The Senior Notes are our general unsecured and unsubordinated obligations. Accordingly, the Senior Notes will rank senior in right of payment to any future indebtedness that is expressly subordinated in right of payment to the Senior Notes, equal in right of payment to our existing and future indebtedness that is not subordinated, junior in right of payment to any future secured indebtedness to the extent of the value of the assets securing such indebtedness, and structurally junior to all existing and future indebtedness and other liabilities and any preferred equity of our subsidiaries. In the event of our bankruptcy, liquidation, reorganization or other winding up, our assets that secure debt will be available to pay obligations on the Senior Notes only after such secured debt has been repaid in full from these assets. There may not be sufficient assets remaining to pay any or all amounts due on Senior Notes then outstanding.

As of September 30, 2015, on an unconsolidated basis we had \$1,661.2 million of outstanding indebtedness, none of which was secured, and our subsidiaries collectively had liabilities of \$147.9 million, in each case, excluding inter-company indebtedness. As of such date, our subsidiaries had no preferred equity outstanding.

The Senior Notes Are Solely Our Obligations, and a Portion of Our Operations Are Conducted through, and a Portion of Our Consolidated Assets Are Held by, Our Subsidiaries.

The Senior Notes are solely our obligations and are not guaranteed by any of our subsidiaries. A portion of our operations are conducted through, and a portion of our consolidated assets are held by, our subsidiaries. Accordingly, our ability to service our debt, including the Senior Notes, depends partially on the results of operations of our subsidiaries and upon the ability of such subsidiaries to provide us with cash, whether in the form of dividends, loans or otherwise, to pay amounts due on our obligations, including the Senior Notes. Our subsidiaries are separate and distinct legal entities and have no obligation, contingent or otherwise, to make payments on the Senior Notes or to make any funds available for that purpose. In addition, dividends, loans or other distributions to us from such

subsidiaries may be subject to contractual and other restrictions and are subject to other business considerations.

S-5

Table of Contents***Our Failure to Remain in Compliance with the Covenants in Our Multi-Currency Revolving Credit Facility or Term Loan May Result in an Event of Default.***

Our multi-currency revolving credit facility contains covenants that we believe are customary for credit facilities of this nature, including requiring us to meet specified financial ratios and financial tests. Our ability to borrow under our multi-currency revolving credit facility will depend upon satisfaction of these covenants. Events beyond our control can affect our ability to meet those covenants. Our multi-currency revolving credit facility contains covenants restricting our ability to, among other things: (i) create, incur or assume additional debt (including hedging arrangements), (ii) incur liens or engage in sale/leaseback transactions, (iii) make loans and investments, (iv) guarantee obligations, (v) engage in certain mergers, acquisitions and asset sales, and (vi) change the nature of our business and the business conducted by our subsidiaries. We are also required to comply with financial covenants with respect to a maximum leverage ratio.

If we are unable to meet the terms of our financial or other covenants, or if we breach any of these covenants, a default could occur under our multi-currency revolving credit facility. A default, if not waived by our lenders, could result in the acceleration of our borrowings thereunder and other outstanding indebtedness, including the Senior Notes, and cause our debt to become immediately due and payable. In addition, our ability to further access borrowings under the multi-currency revolving facility, and potentially other facilities, would cease. If acceleration occurs, we may not be able to repay our debt and may not be able to obtain sufficient funds to refinance our debt. Even if new financing is offered to us, it may not be on terms acceptable to us.

The Senior Notes Do Not Restrict Our Ability to Incur Additional Debt or Prohibit Us from Taking Other Action That Could Negatively Impact Holders of the Senior Notes.

We are not restricted under the terms of the indenture or the Senior Notes from incurring additional indebtedness. The terms of the indenture limit our ability to incur indebtedness secured by principal properties or the stock or indebtedness of subsidiaries that own principal properties, to enter into sale and leaseback transactions and to enter into certain mergers or consolidations and to transfer substantially all of our assets. However, these limitations are subject to numerous exceptions. In addition, the Senior Notes do not require us to achieve or maintain any minimum financial results relating to our financial condition, liquidity or results of operations. Our ability to recapitalize, incur additional debt, secure existing or future debt with assets other than principal properties, or take a number of other actions that are not limited by the terms of the indenture and the Senior Notes, including repurchasing subordinated indebtedness or common stock or paying dividends or making other distributions to our stockholders, could have the effect of diminishing our ability to make payments on the Senior Notes when due, causing a decline in the market price or liquidity of your Senior Notes and increasing the risk that the credit rating(s) of the Senior Notes is lowered, placed on negative outlook or watch or withdrawn.

We May Redeem the Senior Notes When Prevailing Interest Rates Are Relatively Low.

We have the right to redeem some or all of the Senior Notes in whole at any time or in part from time to time. We also have the right to redeem the Senior Notes in whole upon the occurrence of certain changes in the tax law of the United States (or any taxing authority thereof or therein). We may exercise any such redemption when prevailing interest rates are lower than the rate borne by the Senior Notes. If prevailing rates are lower at the time of redemption, you would not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as the interest rate on the Senior Notes. Our redemption right also may adversely affect your ability to sell your Senior Notes as the date fixed for any redemption approaches.

We May Not Have Sufficient Cash to Repurchase the Senior Notes upon the Occurrence of a Change of Control Repurchase Event.

We may be required to offer to repurchase all of the Senior Notes upon the occurrence of a change of control repurchase event. We may not, however, have sufficient cash at that time or have the ability to arrange necessary financing on acceptable terms to repurchase all of the Senior Notes under such circumstances. If we

S-6

Table of Contents

are unable to repurchase all of the Senior Notes upon the occurrence of a change of control repurchase event, it would result in an event of default under the indenture governing the Senior Notes. A default under the indenture could also lead to a default under the agreements governing our existing or future debt. If the repayment of the related debt were to be accelerated after any applicable notice or grace periods, we may not have sufficient funds to repay all such debt and repurchase the Senior Notes.

Our Financial Performance and Other Factors Could Adversely Impact Our Ability to Make Payments on the Senior Notes.

Our ability to make scheduled payments with respect to our debt, including the Senior Notes, will depend on our financial and operating performance, which, in turn, is subject to prevailing economic conditions and to financial, business and other factors beyond our control. Our historical financial results have been, and we anticipate that our future financial results will be, subject to fluctuations. We cannot assure you that our business will generate sufficient cash flow from our operations or that future financing will be available to us in an amount sufficient to enable us to service our debt, including the Senior Notes.

An Investment in the Senior Notes By a Purchaser Whose Home Currency Is Not The Euro Entails Significant Risks.

An investment in debt securities which are denominated and payable in a currency other than the currency of the country in which the purchaser is resident or the currency in which the purchaser primarily conducts its business or activities (in each case, the home currency) entails significant risks not associated with debt securities denominated and payable in the home currency. Accordingly, an investment in the Senior Notes by a purchaser whose home currency is not euro entails significant risks. These risks include the possibility of significant changes in rates of exchange between the holder's home currency and the euro and the possibility of the imposition or subsequent modification of foreign exchange controls. These risks generally depend on factors over which we have no control, such as economic, financial and political events and the supply of and demand for the relevant currencies. In recent years, rates of exchange between euro and certain currencies have been highly volatile, and each holder should be aware that such volatility may occur in the future. Fluctuations in any particular exchange rate that have occurred in the past, however, are not necessarily indicative of fluctuations in the rate that may occur during the term of the Senior Notes. Depreciation of the euro against the holder's home currency would result in a decrease in the effective yield of the Senior Notes below its coupon rate and, in certain circumstances, could result in a loss to the holder.

If, as Permitted by the Senior Notes, We Make Payments in U.S. Dollars, You Will Be Exposed to Significant Risks If Your Home Currency Is Not U.S. Dollars.

If euro is unavailable to us due to the imposition of exchange controls or other circumstances beyond our control or the euro is no longer used by the member states of the European Monetary Union that have adopted the euro as their currency or for the settlement of transactions by public institutions within the international banking community, then the terms of the Senior Notes require that all payments in respect of the Senior Notes will be made in U.S. dollars until euro is again available to us or so used. The amount payable on any date in euro will be converted into U.S. dollars on the basis of the Market Exchange Rate (as defined below) for euro on the second Business Day (as defined below) before that payment is due or, if such Market Exchange Rate is not then available, on the basis of the Market Exchange Rate most recently available prior to such second Business Day. See Description of the Senior Notes Issuance in Euro. Any payment in respect of the Senior Notes so made in U.S. dollars will not constitute an event of default under the indenture governing the Senior Notes. If your home currency is not U.S. dollars, any such payment will expose you to the significant risks described above under An Investment in the Senior Notes By a Purchaser Whose Home Currency Is Not the Euro Entails Significant Risks.

In a Lawsuit for Payment on the Senior Notes, a Noteholder May Bear Currency Exchange Risk.

The Senior Notes will be governed by, and construed in accordance with, the laws of the State of New York. Under New York law, a New York state court rendering a judgment on the Senior Notes would be required to render the judgment in euro. However, the judgment would be converted into U.S. dollars at the exchange rate prevailing on the date of entry of the judgment. Consequently, in a lawsuit for payment on the Senior Notes, investors would bear currency exchange risk until a New York state court judgment is satisfied, which could be a long time. A Federal court sitting in New York with diversity jurisdiction over a dispute arising in connection with the Senior Notes would apply the foregoing New York law.

In courts outside of New York, noteholders may not be able to obtain a judgment in a currency other than U.S. dollars. For example, a judgment for money in an action based on the Senior Notes in many other U.S. federal or state courts ordinarily would be enforced in the United States only in U.S. dollars. The date used to determine the rate of conversion of euro into U.S. dollars would depend upon various factors, including which court renders the judgment.

The Trading Market for the Senior Notes May Be Limited.

The Senior Notes are a new issue of securities for which no established trading market exists. Although we intend to apply to list the Senior Notes on the New York Stock Exchange, no assurance can be given that we will be able to list the Senior Notes. Even if the Senior Notes are listed, no assurance can be given that an active trading market for the Senior Notes will develop or be maintained. If an active trading market does not develop or is not maintained for the Senior Notes, Noteholders may not be able to resell them at a particular time at all or at prices acceptable to them. Although the underwriters for this offering have advised us that they intend to make a market in the Senior Notes after completion of this offering, they are not obligated to do so and may discontinue market making at any time. The liquidity of any trading market for, and future trading prices of, the Senior Notes will depend on many factors, including, among other things, the number of holders of the Senior Notes, our financial condition, liquidity, results of operations and prospects, prevailing interest rates, changes in our credit rating or outlook, the market for similar securities and the overall securities market, and may be adversely affected by unfavorable changes in these factors. Therefore, no assurance can be given as to the liquidity of any trading market for the Senior Notes.

Noteholders Are Exposed to the Consequences of Denomination of a Minimum Specified Denomination Plus a Higher Integral Multiple.

The Senior Notes will be issued in minimum denominations of 100,000 and integral multiples of 1,000 in excess thereof. As is the case with any issue of debt securities that have a denomination consisting of a minimum specified denomination plus a higher integral multiple of another smaller amount, it is possible that the Senior Notes may be traded in amounts in excess of 100,000 that are not integral multiples of 100,000. In such a case, a noteholder who, as a result of trading such amounts, holds a principal amount of less than the minimum specified denomination in its account with the participant to whose account the noteholder's interest in the Senior Notes is credited at the relevant time may not receive a certificated Senior Note in respect of such holding (should certificated Senior Notes be printed) and would need to purchase a principal amount of Senior Notes such that its holding amounts to at least the minimum specified denomination.

Ratings of the Senior Notes May Not Reflect All Risks of an Investment in the Senior Notes.

We expect that the Senior Notes will be rated initially by at least one nationally recognized statistical rating organization. The ratings of our Senior Notes will primarily reflect our financial strength and will change in accordance with the rating of our financial strength. Any rating is not a recommendation to purchase, sell or hold any

particular security, including the Senior Notes. These ratings do not comment as to market prices or suitability for a particular investor. In addition, ratings at any time may be lowered, placed on negative outlook or watch or withdrawn in their entirety. The ratings of the Senior Notes may not reflect the potential impact of all risks related to structure and other factors on any trading market for, or market prices of, your Senior Notes.

Our Management Will Have Broad Discretion in Allocating the Net Proceeds of This Offering.

Our management has significant flexibility in applying the net proceeds we expect to receive in this offering. We intend to use the net proceeds from this offering for general corporate purposes. Because the net proceeds are not required to be allocated to any specific investment or transaction, you cannot determine at this time the value or propriety of our application of the proceeds, and you may not agree with our decisions. In addition, our use of the proceeds from this offering may not yield a significant return or any return at all. The failure by our management to apply these funds effectively could have a negative impact on our business, results of operations, liquidity, financial condition or prospects. See Use of Proceeds.

An Increase in Market Interest Rates Will Likely Result in a Decrease in the Market Price of the Senior Notes.

In general, as market interest rates rise, debt securities bearing interest at a fixed rate generally decline in value. Consequently, if you purchase Senior Notes and market interest rates increase, the market price of the Senior Notes will likely decline. We cannot predict the future level of market interest rates.

If You Are Able to Resell Your Senior Notes, Many Other Factors May Affect the Price You Receive, Which May Be Lower than You Believe to Be Appropriate.

If you are able to resell your Senior Notes, the price you receive will depend on many other factors that may vary over time, including:

our historical and anticipated results of operations, liquidity and financial condition;

analysts' expectations of our future results of operations, liquidity or financial condition or the prospects for our industry in general;

the amount of debt we have outstanding;

the market for similar securities;

market interest rates;

the liquidity of the market in which the Senior Notes trade;

the redemption and repayment features of the Senior Notes; and

the time remaining to maturity of your Senior Notes.

As a result of these factors, you may not be able to sell your Senior Notes at a particular time at all or may only be able to sell your Senior Notes at a price below that which you believe to be appropriate, including the price you paid for them.

CURRENCY CONVERSION

Principal of, premium, if any, and interest on, and additional amounts, if any, with respect to the Senior Notes will be payable in euro. However, if the euro is unavailable to us due to the imposition of exchange controls or other circumstances beyond our control or the euro is no longer used by the member states of the European Monetary Union that have adopted the euro as their currency or for the settlement of transactions by public institutions within the international banking community, then all payments in respect of the Senior Notes will be made in U.S. dollars until euro is again available to us or so used. The amount payable on any date in euro will be converted into U.S. dollars on the basis of the Market Exchange Rate for euro on the second Business Day before that payment is due or, if such Market Exchange Rate is not then available, on the basis of the Market Exchange Rate most recently available prior to such second Business Day. See Description of the Senior Notes Issuance in Euro. Any payment in respect of the Senior Notes so made in U.S. dollars will not constitute an event of default under the indenture governing the Senior Notes.

Investors will be subject to foreign exchange risks as to payments of principal of, premium, if any, and interest on, and additional amounts, if any, with respect to the Senior Notes that may have important economic and tax consequences to them. See Risk Factors. You should consult your own financial and legal advisors as to the risks involved in an investment in the Senior Notes.

We intend to use all of the net proceeds from the sale of the Senior Notes for general corporate purposes.

DESCRIPTION OF THE SENIOR NOTES

Set forth below is a description of the specific terms of the Senior Notes. This description supplements, and should be read together with, the description of the general terms and provisions of the Senior Notes, some of which may not apply to this offering, set forth in the accompanying prospectus under the caption Description of Debt Securities. The following description does not purport to be complete and is subject to, and is qualified in its entirety by reference to, the description in the accompanying prospectus and the Senior Note Indenture (the Indenture) dated as of September 23, 1999, as supplemented, between BorgWarner and The Bank of New York Mellon Trust Company, N.A. (successor in interest to The Chase Manhattan Trust Company, National Association), as original trustee. Deutsche Bank Trust Company Americas will serve as trustee with respect to the Senior Notes pursuant to the Fifth Supplemental Indenture to the Indenture. The Indenture has been qualified as an indenture under the Trust Indenture Act of 1939, as amended (the Trust Indenture Act). The terms of the Indenture are those provided therein and those made a part of the Indenture by the Trust Indenture Act. The Senior Notes will constitute debt securities under the Indenture as described in the accompanying prospectus. In addition to the Senior Notes, we may issue, from time to time, other series of debt securities under the Indenture. Such other series will be separate from and independent of the Senior Notes.

General

The Senior Notes will initially be limited to an aggregate principal amount of \$500 million. We may, from time to time, without the consent of the existing holders of the Senior Notes, issue additional debt securities having the same terms as the Senior Notes (other than the issue date, date from which interest begins to accrue and initial interest payment date) so that the Senior Notes and the new debt securities form a single series under the Indenture.

The entire principal amount of the Senior Notes will mature and become payable, together with accrued and unpaid interest, on November 7, 2022 (the Stated Maturity Date) unless redeemed or repurchased earlier as described below under Redemption at Our Option, Redemption for Tax Reasons or Change of Control Repurchase Event, as applicable. The Senior Notes will not be subject to any sinking fund provisions and will not be convertible into or exchangeable for any of our equity interests. The Senior Notes will be issued in the form of one or more global notes in fully registered form in minimum denominations of \$100,000 and integral multiples of \$1,000 in excess thereof.

Notices to holders of the Senior Notes will be mailed to the registered holders, subject to as described herein. Any notice shall be deemed to have been given on the date of mailing. Notwithstanding any other provisions herein, so long as the Senior Notes are represented by one or more global notes deposited with a common depository on behalf of Clearstream and Euroclear, notices to and from holders of the Senior Notes may be given by delivery to Clearstream and Euroclear in accordance with their standard procedures, and such notices shall be deemed to be given on the date of delivery of such notices to Clearstream and Euroclear.

Principal and Interest

The Senior Notes will bear interest at 1.800% per year from November 6, 2015 or from the immediately preceding interest payment date to which interest has been paid. Interest will be payable annually in arrears on November 7 of each year, commencing November 7, 2016 (each, an Interest Payment Date). Interest on an Interest Payment Date will be paid to the persons, or holders, in whose names the Senior Notes are registered on the security register at the close of business on the regular record date. The regular record date will be the fifteenth calendar day, whether or not a Business Day, immediately preceding the related Interest Payment Date. Interest on the Senior Notes will be computed on the basis of an ACTUAL/ACTUAL (ICMA) (as defined in the rulebook of the International Capital Markets Association) day count convention.

The principal of each Senior Note payable at maturity or upon earlier redemption or repurchase will be paid against presentation and surrender of such Senior Note at the office or agency maintained for such purpose,

initially the corporate trust office of Deutsche Bank Trust Company Americas, located at 60 Wall Street, Trust and Agency Services, 16th Floor, New York, New York 10005, in euro.

If any Interest Payment Date, the Stated Maturity Date or any earlier date of redemption or repurchase falls on a day that is not a Business Day, the required payment will be made on the next Business Day as if it were made on the date the payment was due and no interest will accrue on the amount so payable for the period from and after that Interest Payment Date, the Stated Maturity Date or such date of redemption or repurchase, as the case may be. For purposes of the Senior Notes, Business Day means any day, other than a Saturday or Sunday, (1) which is not a day on which banking institutions in The City of New York, London or Frankfurt are authorized or required by law, regulation or executive order to close and (2) on which the Trans-European Automated Real-Time Gross Settlement Express Transfer system (the TARGET2 system), or any successor thereto, is open.

Notwithstanding anything to the contrary contained herein, installments of interest on Senior Notes that are due and payable on an Interest Payment Date (as defined below) falling on or prior to a redemption or repurchase date will be payable on such Interest Payment Date to the holders thereof as of the close of business on the regular record date for such Interest Payment Date.

Issuance in Euro

Initial holders will be required to pay for the Senior Notes in euro, and principal of, premium, if any, and interest on, and additional amounts, if any, with respect to the Senior Notes will be payable in euro.

If euro is unavailable to us due to the imposition of exchange controls or other circumstances beyond our control or the euro is no longer used by the member states of the European Monetary Union that have adopted the euro as their currency or for the settlement of transactions by public institutions within the international banking community, then all payments in respect of the Senior Notes will be made in U.S. dollars until euro is again available to us or so used. The amount payable on any date in euro will be converted to U.S. dollars on the basis of the Market Exchange Rate on the second Business Day before that payment is due, or if such Market Exchange Rate is not then available, on the basis of the Market Exchange Rate most recently available prior to such second Business Day. Any payment in respect of the Senior Notes so made in U.S. dollars will not constitute an event of default under the Indenture.

Market Exchange Rate means the noon buying rate in The City of New York for cable transfers of euro as certified for customs purposes (or, if not so certified, as otherwise determined) by the Federal Reserve Bank of New York.

Ranking

The Senior Notes will be our general unsecured and unsubordinated obligations and will rank equally in priority with all of our other unsecured and unsubordinated obligations. The Indenture contains no restrictions on the amount of additional indebtedness that we may incur. The Senior Notes will be effectively subordinated to any of our existing or future secured debt to the extent of the value of the assets securing such debt and will be structurally subordinated to all existing and future liabilities and any preferred equity of our subsidiaries. As of September 30, 2015, on an unconsolidated basis we had \$1,661.2 million of outstanding indebtedness, none of which was secured, and our subsidiaries collectively had liabilities of \$147.9 million, in each case, excluding inter-company indebtedness. As of such date, our subsidiaries had no preferred equity outstanding.

Table of Contents

Redemption at Our Option

We may redeem the Senior Notes at our option at any time, in whole or from time to time in part, at a redemption price (the **Optional Redemption Price**) equal to the sum of:

100% of the principal amount of the Senior Notes being redeemed plus unpaid interest, if any, accrued thereon to, but excluding, the redemption date; and

the **Make-Whole Amount**, as defined below, if any, with respect to such Senior Notes.

If the Senior Notes are redeemed on or after August 7, 2022, the **Optional Redemption Price** will not include the **Make-Whole Amount**.

If we have given notice of redemption as provided in the Indenture and have made funds available on the redemption date referred to in the notice for the redemption, the Senior Notes called for redemption will cease to bear interest on the redemption date and the holders of those Senior Notes from and after the redemption date will be entitled to receive only the payment of the **Optional Redemption Price** upon surrender of the Senior Notes in accordance with the notice.

We will give notice of any optional redemption to holders of Senior Notes, at their addresses, as shown in the security register for the Senior Notes, not more than 60 nor less than 30 days prior to the redemption date. The notice of redemption will specify, among other items, the **Optional Redemption Price** and the principal amount of the Senior Notes held by the holder to be redeemed.

If we choose to redeem less than all of the Senior Notes, we will notify the Trustee in writing at least 45 days prior to giving notice of redemption, or a shorter period as may be satisfactory to the Trustee, of the aggregate principal amount of Senior Notes to be redeemed and their redemption date. The Trustee will select, in accordance with its customary procedures, the Senior Notes to be redeemed in part, which, in the case of Senior Notes in book-entry form, will be in accordance with the procedures of any applicable depository.

As used in this prospectus supplement:

Make-Whole Amount means, in connection with any optional redemption of the Senior Notes, the excess, if any, of:

the aggregate present value as of the date of redemption of each euro of principal being redeemed and the amount of interest, excluding unpaid interest, if any, accrued thereon to, but excluding, the date of redemption that would have been payable in respect of each euro if the redemption payment had not been made (determined by discounting, on an annual basis (ACTUAL/ACTUAL (ICMA) (as defined in the rulebook of the International Capital Markets Association)), the principal and interest at the **Reinvestment Rate**, from the respective dates on which the principal and interest would have been payable if the redemption payment had not been made, to the date of redemption), over

the aggregate principal amount of the Senior Notes being redeemed.

Reinvestment Rate means the Comparable Government Bond Rate plus 0.30%.

Comparable Government Bond Rate means the price, expressed as a percentage (rounded to three decimal places, 0.0005 being rounded upwards), at which the gross redemption yield on the Senior Notes, if they were to be purchased at such price on the third Business Day prior to the date fixed for redemption, would be equal to the gross redemption yield on such Business Day of the Comparable Government Bond (as defined below) on the basis of the middle market price of the Comparable Government Bond prevailing at 11:00 a.m. (London time) on such Business Day as determined by an independent investment bank selected by us.

Comparable Government Bond means, in relation to any Comparable Government Bond Rate calculation, at the discretion of an independent investment bank selected by us, a *German Bundesanleihe* security whose

Table of Contents

maturity is closest to the maturity of the Senior Notes, or if such independent investment bank in its discretion considers that such similar bond is not in issue, such other *German Bundesanleihe* security as such independent investment bank may, with the advice of three brokers of, and/or market makers in, *German Bundesanleihe* securities selected by such independent investment bank, determine to be appropriate for determining the Comparable Government Bond Rate.

The Senior Notes are also subject to redemption prior to maturity in whole if certain events occur involving United States taxation. If any of these special tax events do occur, the Senior Notes may be redeemed at a redemption price of 100% of their principal amount plus unpaid interest, if any, accrued thereon to, but excluding, the redemption date. See Redemption for Tax Reasons.

Payment of Additional Amounts

All payments in respect of the Senior Notes will be made by or on behalf of us without withholding or deduction for, or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature, imposed or levied by the United States or any taxing authority thereof or therein, unless such withholding or deduction is required by law. If such withholding or deduction is required by law, we will pay to a holder who is not a United States person (as defined below) such additional amounts on the Senior Notes as are necessary in order that the net payment by us or a paying agent of the principal of, and premium, if any, and interest on, the Senior Notes to such holder after such withholding or deduction will not be less than the amount provided in the Senior Notes to be then due and payable; provided, however, that the foregoing obligation to pay additional amounts shall not apply:

(1) to any tax, duty, assessment or other governmental charge that would not have been imposed but for the holder, or a fiduciary, settlor, beneficiary, member or shareholder of the holder if the holder is an estate, trust, partnership or corporation, or a person holding a power over an estate or trust administered by a fiduciary holder, being considered as:

(a) being or having been engaged in a trade or business in the United States or having or having had a permanent establishment in the United States or having or having had a qualified business unit which has the United States dollar as its functional currency;

(b) having a current or former connection with the United States (other than a connection arising solely as a result of the ownership of the Senior Notes, the receipt of any payment or the enforcement of any rights thereunder) or being considered as having such relationship, including being or having been a citizen or resident of the United States;

(c) being or having been a personal holding company, a passive foreign investment company or a controlled foreign corporation with respect to the United States or a foreign personal holding company that has accumulated earnings to avoid United States federal income tax;

(d) being or having been a 10-percent shareholder of BorgWarner as defined in section 871(h)(3) of the Internal Revenue Code of 1986, as amended (the Code), or any successor provision; or

(e) being a bank receiving payments on an extension of credit made pursuant to a loan agreement entered into in the ordinary course of its trade or business;

(2) to any holder that is not the sole beneficial owner of the Senior Notes, or a portion of the Senior Notes, or that is a fiduciary, partnership or limited liability company, but only to the extent that a beneficiary or settlor with respect to the fiduciary, a beneficial owner or member of the partnership or limited liability company would not have been

entitled to the payment of an additional amount had the beneficiary, settlor, beneficial owner or member received directly its beneficial or distributive share of the payment;

(3) to any tax, duty, assessment or other governmental charge that would not have been imposed but for the failure of the holder or any other person to comply with certification, identification or information

reporting requirements concerning the nationality, residence, identity or connection with the United States of the holder or beneficial owner of the Senior Notes, if compliance is required by statute, by regulation of the United States or any taxing authority thereof or therein or by an applicable income tax treaty to which the United States is a party as a precondition to exemption from such tax, duty, assessment or other governmental charge;

(4) to any tax, duty, assessment or other governmental charge that is imposed otherwise than by withholding by us or a paying agent from the payment;

(5) to any tax, duty, assessment or other governmental charge that would not have been imposed but for a change in law, regulation, or administrative or judicial interpretation that becomes effective more than 15 days after the payment becomes due or is duly provided for, whichever occurs later;

(6) to any estate, inheritance, gift, sales, excise, transfer, wealth, capital gains or personal property tax or similar tax, assessment or other governmental charge;

(7) to any withholding or deduction that is imposed on a payment to an individual and that is required to be made pursuant to any law implementing or complying with, or introduced in order to conform to, any European Union Directive on the taxation of savings;

(8) to any tax, duty, assessment or other governmental charge required to be withheld by any paying agent from any payment of principal of, or premium, if any, or interest on, any Note, if such payment can be made without such withholding by at least one other paying agent;

(9) to any tax, duty, assessment or other governmental charge that would not have been imposed but for the presentation by the holder of any Note, where presentation is required, for payment on a date more than 30 days after the date on which payment became due and payable or the date on which payment thereof is duly provided for, whichever occurs later;

(10) to any tax, duty, assessment or other governmental charge required to be withheld or deducted under Sections 1471 through 1474 of the Code (or any amended or successor version of such Sections) (FATCA), any regulations or other guidance thereunder, or any agreement (including any intergovernmental agreement) entered into a connection therewith, or any law, regulation or other official guidance enacted in any jurisdiction implementing FATCA or any intergovernmental agreement in respect of FATCA; or

(11) in the case of any combination of items (1), (2), (3), (4), (5), (6), (7), (8), (9) and (10).

The Senior Notes are subject in all cases to any tax, fiscal or other law or regulation or administrative or judicial interpretation applicable to the Senior Notes. Except as specifically provided under this heading **Payment of Additional Amounts**, we will not be required to make any payment for any tax, duty, assessment or governmental charge of whatever nature imposed by any government or a political subdivision or taxing authority of or in any government or political subdivision.

As used under this heading **Payment of Additional Amounts** and under the heading **Redemption for Tax Reasons**, the term **United States** means the United States of America (including the states and the District of Columbia and any political subdivision thereof), and the term **United States person** means any individual who is a citizen or resident of the United States for U.S. federal income tax purposes, a corporation, partnership or other entity created or organized in or under the laws of the United States, any state of the United States or the District of Columbia, including an entity treated as a corporation for United States income tax purposes, or any estate or trust the income of which is subject to

United States federal income taxation regardless of its source.

Redemption for Tax Reasons

If, as a result of any change in, or amendment to, the laws (or any regulations or rulings promulgated under the laws) of the United States (or any taxing authority thereof or therein), or any change in, or amendments to, an

official position regarding the application or interpretation of such laws, regulations or rulings, which change or amendment is announced or becomes effective on or after the date of this prospectus supplement, we become or, based upon a written opinion of independent counsel selected by us, will become obligated to pay additional amounts as described herein under the heading **Payment of Additional Amounts** with respect to the Senior Notes, then we may at any time at our option, having given not less than 30 nor more than 60 days prior notice to holders, redeem, in whole, but not in part, the Senior Notes at a redemption price equal to 100% of the principal amount of the Senior Notes plus unpaid interest, if any, accrued thereon to, but excluding, the redemption date.

Change of Control Repurchase Event

If a change of control repurchase event occurs with respect to the Senior Notes, unless we have exercised our right to redeem the Senior Notes as described above, we will make an offer to each holder of Senior Notes to repurchase all or any part (in minimum denominations of \$100,000 and any integral multiples of \$1,000 in excess thereof) of that holder's Senior Notes at a purchase price in cash equal to 101% of the aggregate principal amount of such Senior Notes plus unpaid interest, if any, accrued thereon to, but excluding, the repurchase date. Within 30 days following any change of control repurchase event or, at our option, prior to any change of control, but after the public announcement of the change of control, we will mail a notice to each holder, with a copy to the trustee, describing the transaction or transactions that constitute or may constitute the change of control repurchase event and offering to repurchase the Senior Notes on the payment date specified in the notice, which date will be no earlier than 30 days and no later than 60 days from the date such notice is mailed. The notice shall, if mailed prior to the date of consummation of the change of control, state that the offer to purchase is conditioned on the change of control repurchase event occurring on or prior to the payment date specified in the notice.

We will comply with the requirements of Rule 14e-1 under the Exchange Act, and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with the repurchase of the Senior Notes as a result of a change of control repurchase event. To the extent that the provisions of any securities laws or regulations conflict with the change of control repurchase event provisions of the Senior Notes, we will comply with the applicable securities laws and regulations and will not be deemed to have breached our obligations under the change of control repurchase event provisions of the Senior Notes by virtue of such conflict.

On the change of control repurchase event payment date, we will, to the extent lawful:

accept for payment all Senior Notes or portions of the Senior Notes properly tendered pursuant to our offer;

deposit with the paying agent an amount equal to the aggregate purchase price in respect of all Senior Notes or portions of the Senior Notes properly tendered; and

deliver or cause to be delivered to the trustee the Senior Notes properly accepted, together with an officers certificate stating the aggregate principal amount of the Senior Notes being purchased by us.

The paying agent will promptly mail to each holder of Senior Notes properly tendered the purchase price for such Senior Notes, and the trustee will promptly authenticate and mail (or cause to be transferred by book-entry) to each holder a new note equal in principal amount to any unpurchased portion of such Senior Notes surrendered; *provided* that each new note will be in a principal amount equal to \$100,000 or an integral multiple of \$1,000 in excess thereof.

We will not be required to make an offer to repurchase the Senior Notes upon a change of control repurchase event if a third party makes such an offer in the manner, at the times and otherwise in compliance with the requirements for an offer made by us and such third party purchases all Senior Notes properly tendered and not withdrawn under its offer.

The term **below investment grade rating event** means the Senior Notes become rated below investment grade by each rating agency on any date from the date of the public notice of an arrangement that could result in a change of control until the end of the 60-day period following public notice of the occurrence of such change of control (which period shall be extended so long as the rating of the Senior Notes is under publicly announced consideration for possible downgrade by either of the rating agencies); *provided* that a below investment grade rating event otherwise arising by virtue of a particular reduction in rating shall not be deemed to have occurred in respect to a particular change of control (and thus shall not be deemed a below investment grade rating event for purposes of the definition of change of control repurchase event hereunder) if the rating agencies making the reduction in rating to which this definition would otherwise apply do not announce or publicly confirm or inform the trustee in writing at our or its request that the reduction was the result, in whole or in part, of any event or circumstance comprised of or arising as a result of, or in respect of, such change of control (whether or not such change of control shall have occurred at the time of the below investment grade rating event). Neither the trustee nor any paying agent shall be responsible for monitoring the rating status of the Senior Notes, making any request upon any rating agency, or determining whether any below investment grade rating event has occurred.

The term **change of control** means the consummation of any transaction (including, without limitation, any merger or consolidation) the result of which is that any person (as that term is used in Section 13(d)(3) of the Exchange Act) becomes the beneficial owner, directly or indirectly, of more than 50% of our voting stock measured by voting power rather than number of shares.

The term **change of control repurchase event** means the occurrence of both a change of control and a below investment grade rating event.

The term **investment grade** means a rating of Baa3 or better by Moody's (or its equivalent under any successor rating categories of Moody's), a rating of BBB- or better by S&P (or its equivalent under any successor rating categories of S&P) and the equivalent investment grade credit rating from any additional rating agency or rating agencies selected by us.

The term **Moody's** means Moody's Investors Service Inc.

The term **rating agency** means (1) each of Moody's and S&P; and (2) if either of Moody's or S&P ceases to rate the Senior Notes or fails to make a rating of the Senior Notes publicly available for reasons outside of our control, a nationally recognized statistical rating organization within the meaning of Section 3(a)(62) of the Exchange Act, selected by us (as certified by a resolution of our board of directors) as a replacement agency for Moody's or S&P, or both, as the case may be.

The term **S&P** means Standard & Poor's Ratings Services, a division of McGraw-Hill, Inc.

The term **voting stock** of any specified person (as that term is used in Section 13(d)(3) of the Exchange Act) as of any date means the capital stock of such person that is at the time entitled to vote generally in the election of the board of directors of such person.

Book-Entry Delivery and Settlement

We have obtained the information in this section concerning Clearstream and Euroclear and their book-entry systems and procedures from sources that we believe to be reliable. We take no responsibility for an accurate portrayal of this information. In addition, the description of the clearing systems in this section reflects our understanding of the rules and procedures of Clearstream and Euroclear as they are currently in effect. Those systems could change their rules and procedures at any time.

Global Clearance and Settlement

The Senior Notes will be issued in the form of one or more global notes in fully registered form, without coupons, and will be deposited with, or on behalf of, a common depositary for, and in respect of interests held through, Euroclear and Clearstream. Except as described herein, certificates will not be issued in exchange for beneficial interests in the global notes.

Except as set forth below, the global notes may be transferred, in whole and not in part, only to Euroclear or Clearstream or their respective nominees.

Beneficial interests in the global notes will be represented, and transfers of such beneficial interests will be effected, through accounts of financial institutions acting on behalf of beneficial owners as direct or indirect participants in Euroclear or Clearstream. Those beneficial interests will be in denominations of 100,000 and integral multiples of 1,000 in excess thereof. Investors may hold Senior Notes directly through Euroclear or Clearstream, if they are participants in such systems, or indirectly through organizations that are participants in such systems.

Except as described herein, owners of beneficial interests in the global notes will not be entitled to have Senior Notes registered in their names, and will not receive or be entitled to receive physical delivery of Senior

Table of Contents

Notes in definitive form. So long as the common depository for Euroclear and Clearstream is the registered owner of the global notes, the common depository (or its nominee) for all purposes will be considered the sole holder of the Senior Notes under the Indenture. Except as provided below, beneficial owners will not be considered the owners or holders of the Senior Notes under the Indenture, including for purposes of receiving any reports delivered by us or the trustee pursuant to the Indenture. Accordingly, each beneficial owner must rely on the procedures of the clearing systems and, if such person is not a participant of the clearing systems, on the procedures of the participant through which such person owns its interest, to exercise any rights of a holder under the Indenture. Under existing industry practices, if we request any action of holders or a beneficial owner desires to give or take any action which a holder is entitled to give or take under the Indenture, the clearing systems would authorize their participants holding the relevant beneficial interests to give or take action and the participants would authorize beneficial owners owning through the participants to give or take such action or would otherwise act upon the instructions of beneficial owners. Conveyance of notices and other communications by the clearing systems to their participants, by the participants to indirect participants and by the participants and indirect participants to beneficial owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. The laws of some jurisdictions require that certain purchasers of securities take physical delivery of such securities in certificated form. These limits and laws may impair the ability to transfer beneficial interests in global notes.

Clearstream

Clearstream has advised that it is incorporated under the laws of Luxembourg and licensed as a bank and professional depository. Clearstream holds securities for its participating organizations and facilitates the clearance and settlement of securities transactions among its participants through electronic book-entry changes in accounts of its participants, thereby eliminating the need for physical movement of certificates. Clearstream provides to its participants, among other things, services for safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Clearstream interfaces with domestic markets in several countries. Clearstream has established an electronic bridge with the Euroclear Operator (as defined below) to facilitate the settlement of trades between Clearstream and Euroclear. As a registered bank in Luxembourg, Clearstream is subject to regulation by the Luxembourg Commission for the Supervision of the Financial Sector. Clearstream customers are recognized financial institutions around the world, including underwriters, securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations and may include the underwriters. Indirect access to Clearstream is also available to others, such as banks, brokers, dealers and trust companies that clear through, or maintain a custodial relationship with, a Clearstream participant, either directly or indirectly.

Distributions with respect to Senior Notes held beneficially through Clearstream will be credited to cash accounts of Clearstream participants in accordance with its rules and procedures.

Euroclear

Euroclear has advised that it was created in 1968 to hold securities for its participants and to clear and settle transactions between Euroclear participants through simultaneous electronic book-entry delivery against payment, thereby eliminating the need for physical movement of certificates and any risk from lack of simultaneous transfers of securities and cash. Euroclear includes various other services, including securities lending and borrowing and interfaces with domestic markets in several countries. Euroclear is operated by Euroclear Bank S.A./N.V. (the Euroclear Operator). All operations are conducted by the Euroclear Operator, and all Euroclear securities clearance accounts and Euroclear cash accounts are accounts with the Euroclear Operator. Euroclear participants include banks (including central banks), securities brokers and dealers and other professional financial intermediaries and may include the underwriters. Indirect access to Euroclear is also available to other firms that clear through or maintain a custodial relationship with a Euroclear participant, either directly or indirectly.

S-21

Table of Contents

Securities clearance accounts and cash accounts with the Euroclear Operator are governed by the Terms and Conditions Governing Use of Euroclear and the related operating procedures of Euroclear, and applicable Belgian law (collectively, the Terms and Conditions). The Terms and Conditions govern transfers of securities and cash within Euroclear, withdrawals of securities and cash from Euroclear, and receipts of payments with respect to securities in Euroclear. All securities in Euroclear are held on a fungible basis without attribution of specific certificates to specific securities clearance accounts. The Euroclear Operator acts under the Terms and Conditions only on behalf of Euroclear participants, and has no records of or relationship with persons holding through Euroclear participants.

Distributions with respect to Senior Notes held beneficially through Euroclear will be credited to the cash accounts of Euroclear participants in accordance with the Terms and Conditions.

Euroclear and Clearstream Arrangements

So long as Euroclear or Clearstream or their nominee or their common depository is the holder of the global notes, Euroclear, Clearstream or such nominee, as the case may be, will be considered the sole owner and registered holder of the Senior Notes represented by such global notes for all purposes under the Indenture and the Senior Notes. Payments of principal of, premium, if any, and interest on, and additional amounts, if any, with respect to the global notes will be made to Euroclear, Clearstream, such nominee or such common depository, as the case may be, as holder thereof. Notwithstanding the following sentence, none of us, the trustee, any underwriter and any affiliate of any of the above or any person by whom any of the above is controlled (as such term is defined in the Securities Act) will have any responsibility or liability for any records relating to or payments made on account of beneficial ownership interests in the global notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests. In considering the interests of holders of the Senior Notes whilst the Senior Notes are represented by the global notes held on behalf of Clearstream and Euroclear, Deutsche Bank Trust Company Americas as trustee may have regard to any information provided to it by or on behalf of Clearstream and Euroclear as to the identity (either individually or by category) of their respective direct participants and may consider such interests as if these direct participants were holders of the global notes.

Distributions of principal of, premium, if any, and interest on, and additional amounts, if any, with respect to the global notes will be credited in euro to the extent received by Euroclear or Clearstream from the paying agent to the cash accounts of Euroclear or Clearstream customers in accordance with the relevant system's rules and procedures.

Because Euroclear and Clearstream can only act on behalf of participants, who in turn act on behalf of indirect participants, the ability of a person having an interest in the global notes to pledge such interest to persons or entities which do not participate in the relevant clearing system, or otherwise take actions in respect of such interest, may be affected by the lack of a physical certificate in respect of such interest.

Initial Settlement

We understand that investors that hold their Senior Notes through Clearstream or Euroclear accounts will follow the settlement procedures that are applicable to conventional eurobonds in registered form. Subject to applicable procedures of Clearstream and Euroclear, Senior Notes will be credited to the securities custody accounts of Clearstream and Euroclear participants on the business day following the settlement date, for value on the settlement date.

Secondary Market Trading

Because the purchaser determines the place of delivery, it is important to establish at the time of trading of any Senior Notes where both the purchaser's and seller's accounts are located to ensure that settlement can be made on the desired value date.

S-22

Table of Contents

We understand that secondary market trading between Clearstream and/or Euroclear participants will occur in the ordinary way following the applicable rules and operating procedures of Clearstream and Euroclear. Secondary market trading will be settled using procedures applicable to conventional eurobonds in registered form.

You should be aware that investors will only be able to make and receive deliveries, payments and other communications involving the Senior Notes through Clearstream and Euroclear on days when those systems are open for business. Those systems may not be open for business on days when banks, brokers and other institutions are open for business in the United States.

In addition, because of time-zone differences, there may be problems with completing transactions involving Clearstream and Euroclear on the same business day as in the United States. U.S. investors who wish to transfer their interests in the Senior Notes, or to make or receive a payment or delivery of the Senior Notes, on a particular day, may find that the transactions will not be performed until the next business day in Luxembourg or Brussels, depending on whether Clearstream or Euroclear is used.

Clearstream or Euroclear will credit payments to the cash accounts of Clearstream customers or Euroclear participants, as applicable, in accordance with the relevant system's rules and procedures, to the extent received by its depository. Clearstream or the Euroclear Operator, as the case may be, will take any other action permitted to be taken by a holder under the Indenture on behalf of a Clearstream customer or Euroclear participant only in accordance with its relevant rules and procedures.

Clearstream and Euroclear have agreed to the foregoing procedures in order to facilitate transfers of the Senior Notes among participants of Clearstream and Euroclear. However, they are under no obligation to perform or continue to perform those procedures, and they may discontinue those procedures at any time.

Exchange of Global Senior Notes for Certificated Senior Notes

Subject to certain conditions, the Senior Notes represented by a global note are exchangeable for certificated notes in definitive form of like tenor in minimum denominations of \$100,000 principal amount and multiples of \$1,000 in excess thereof if:

- (1) Euroclear or Clearstream notifies the Company that it is no longer willing or able to act as clearing agency for the Senior Notes;
- (2) we, at our option, notify the Trustee in writing that we elect to cause the issuance of certificated notes; or
- (3) there has occurred and is continuing an Event of Default with respect to the Senior Notes.

In all cases, certificated notes delivered in exchange for any global note or beneficial interest therein will be registered in the names, and issued in any approved denominations, requested by or on behalf of the common depository (in accordance with its customary procedures).

Payments (including principal, premium and interest) and transfers with respect to Senior Notes in certificated form may be executed at the office or agency maintained for such purpose (initially the corporate trust office of the Paying Agent) or, at our option, by check mailed to the holders thereof at the respective addresses set forth in the register of holders of the Senior Notes, provided that all payments (including principal, premium and interest) on Senior Notes in certificated form, for which the holders thereof have given wire transfer instructions, will be required to be made by wire transfer of immediately available funds to the accounts specified by the holders thereof. No service charge will

be made for any registration of transfer, but payment of a sum sufficient to cover any tax or governmental charge payable in connection with that registration may be required.

S-23

Table of Contents

The paying agent for the Senior Notes will initially be Deutsche Bank Trust Company Americas (the Paying Agent).

Defeasance

The Senior Notes will be subject to defeasance and discharge and to defeasance of certain covenants as set forth in the Indenture, see Description of Debt Securities Defeasance and Covenant Defeasance in the accompanying prospectus; provided, however, in respect of the Senior Notes, as used in the accompanying prospectus, the terms U.S. dollars, money and funds shall instead mean the euro and the term U.S. Government Obligations shall instead mean (x) any security that is (i) a direct obligation of the German government or (ii) an obligation of a Person controlled or supervised by and acting as an agency or instrumentality of the German government the timely payment of which is unconditionally guaranteed by the German government or the central bank of the German government, which, in either case (x)(i) or (ii), is not callable or redeemable at the option of the issuer thereof, and (y) certificates, depository receipts or other instruments which evidence a direct ownership interest in obligations described in clause (x)(i) or (x)(ii) above or in any specific principal or interest payments due in respect thereof.

Table of Contents

MATERIAL U.S. FEDERAL INCOME TAX CONSIDERATIONS

The following is a discussion of the material U.S. federal income tax considerations of the ownership and disposition of the Senior Notes. This discussion is based upon provisions of the Internal Revenue Code of 1986, as amended, or the Code, applicable U.S. Treasury regulations, administrative rulings and judicial decisions in effect as of the date of this prospectus supplement, any of which may subsequently be changed, possibly retroactively, or interpreted differently by the Internal Revenue Service, or the IRS, so as to result in U.S. federal income tax consequences different from those discussed below. Except where noted, this discussion deals only with a Senior Note held as a capital asset by a beneficial owner who purchases the Senior Note on original issuance at the first price, which we refer to as the issue price, at which a substantial portion of the Senior Notes is sold for cash to persons other than bond houses, brokers, or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers. This discussion does not address all aspects of U.S. federal income taxes and does not deal with all tax consequences that may be relevant to holders in light of their personal circumstances or particular situations, such as:

tax consequences to dealers in securities or currencies, financial institutions, regulated investment companies, real estate investment trusts, tax-exempt entities, insurance companies and traders in securities that elect to use a mark-to-market method of tax accounting for their securities;

tax consequences to persons holding Senior Notes as a part of a hedging, integrated, conversion or constructive sale transaction or a straddle;

tax consequences to U.S. holders, as defined below, whose functional currency is not the U.S. dollar;

tax consequences to entities treated as partnerships for U.S. federal income tax purposes and investors therein;

tax consequences to certain former citizens or residents of the United States;

alternative minimum tax consequences, if any;

any state, local or foreign tax consequences; and

estate or gift taxes.

If an entity that is treated as a partnership for U.S. federal income tax purposes holds Senior Notes, the tax treatment of a partner or member generally will depend upon the status of the partner or member and the activities of the entity. If you are a partner or member in such an entity, you should consult your tax advisors.

If you are considering the purchase of the Senior Notes, you should consult your tax advisors concerning the U.S. federal income tax consequences to you in light of your own specific situation, as well as consequences arising under

the U.S. federal estate or gift tax laws or under the laws of any other taxing jurisdiction.

In this discussion, we use the term "U.S. holder" to refer to a beneficial owner of the Senior Notes that is, for U.S. federal income tax purposes:

an individual citizen or resident of the United States;

a corporation (or any other entity treated as a corporation for U.S. federal income tax purposes) created or organized in or under the laws of the United States, any state thereof or the District of Columbia;

an estate the income of which is subject to U.S. federal income taxation regardless of its source; or

a trust, if it (1) is subject to the primary supervision of a court within the United States and one or more U.S. persons have the authority to control all substantial decisions of the trust, or (2) has a valid election in effect under applicable U.S. Treasury regulations to be treated as a U.S. person.

We use the term "non-U.S. holder" to describe a beneficial owner of the Senior Notes that is neither a U.S. holder nor a partnership or other entity that is treated as a partnership for U.S. federal income tax purposes.

Table of Contents

YOU SHOULD CONSULT WITH YOUR TAX ADVISOR REGARDING THE U.S. FEDERAL, STATE, LOCAL AND FOREIGN INCOME, FRANCHISE, PERSONAL PROPERTY AND ANY OTHER TAX CONSEQUENCES OF THE OWNERSHIP AND DISPOSITION OF THE SENIOR NOTES.

Taxation of U.S. Holders***Interest Income***

It is anticipated that the Senior Notes will be issued with less than a *de minimis* amount (as set forth in the applicable U.S. Treasury regulations) of original issue discount, or OID. In such case, interest paid on the Senior Notes generally will be taxable to a U.S. holder as ordinary interest income at the time such payments are accrued or received (in accordance with the U.S. holder's regular method of tax accounting for U.S. federal income tax purposes). If, however, the Senior Notes are issued for an amount less than the principal amount and the difference is more than or equal to a *de minimis* amount, a U.S. holder will be required to include the difference in income as OID as it accrues in accordance with a constant-yield method, based on compounding of interest before the receipt of cash attributable to this income. If the Senior Notes are issued with OID, OID will be determined for any accrual period in euro and then translated into U.S. dollars in the same manner as interest income accrued by a U.S. holder on the accrual basis, as described below. U.S. holders will recognize exchange gain or loss when any OID is paid (including, upon the sale of a Note, the receipt of proceeds that include amounts attributable to any OID previously included in income) to the extent of the difference between the U.S. dollar value of such payment (determined by translating euro received at the spot rate on the date such payment is received) and the U.S. dollar value of the accrued OID (determined in the same manner as for accrued interest as described below). The remainder of this discussion assumes that the Senior Notes will not be issued with OID.

A U.S. holder that uses the cash method of accounting and that receives a payment of interest in euro (including a payment attributable to accrued but unpaid interest upon the sale, exchange, redemption, repurchase or other taxable disposition of a Senior Note) will be required to include in income the U.S. dollar value of the euro payment received (determined based on the spot rate on the date the payment is received), regardless of whether the payment is in fact converted to U.S. dollars at that time. A cash basis U.S. holder will not recognize exchange gain or loss on the receipt of interest income, but may recognize exchange gain or loss attributable to the actual disposition of the euro received.

A U.S. holder that uses the accrual method of accounting will accrue interest income in euro and translate that amount into U.S. dollars based on the average spot rate of exchange in effect for the accrual period or, with respect to an accrual period that spans two taxable years, at the average spot rate for the partial period within the applicable taxable year. Alternatively, an accrual method U.S. holder may elect to translate interest income into U.S. dollars at the spot rate on the last day of the accrual period (or the last day of the taxable year in the case of an accrual period that spans two taxable years) or, if the date of receipt is within five business days of the last day of the interest accrual period, the spot rate on the date of receipt. A U.S. holder that makes this election must apply it consistently to all debt instruments from year to year and cannot change the election without the consent of the IRS. A U.S. holder that uses the accrual method will recognize exchange gain or loss with respect to accrued interest income on the date the interest payment (or proceeds from a sale, exchange, redemption, repurchase or other taxable disposition attributable to accrued interest) is actually received. The amount of exchange gain or loss recognized will equal the difference, if any, between the U.S. dollar value of the euro payment received (determined based on the spot rate on the date the payment is received) in respect of the accrual period and the U.S. dollar value of interest income that has accrued during the accrual period (as determined above), regardless of whether the payment is in fact converted to U.S. dollars. This exchange gain or loss generally will be treated as ordinary income or loss.

Sale, Exchange, Redemption, Repurchase or other Taxable Disposition of the Senior Notes

A U.S. holder will generally recognize gain or loss equal to the difference between the amount realized on the sale, exchange, redemption, repurchase or other taxable disposition of a Senior Note (except to the extent the

S-26

Table of Contents

amount realized is attributable to accrued interest not previously included in income, which will be taxable as ordinary interest income) and the U.S. holder's adjusted tax basis in such Senior Note. A U.S. holder's adjusted tax basis in the Senior Note generally will be the U.S. dollar value of the euro used to purchase the Senior Note at the spot exchange rate on the purchase date. If the Senior Note is traded on an established securities market, as the Senior Notes are expected to be, a cash basis U.S. holder (and if it elects, an accrual basis U.S. holder) will determine the U.S. dollar value of the euro amount paid for the Senior Note on the settlement date of the purchase.

The amount realized on the sale, exchange, redemption, repurchase or other taxable disposition of a Senior Note for an amount in euro will generally be the U.S. dollar value of such euro based on the spot exchange rate on the date the Senior Note is disposed of; provided, however, that if the Senior Note is traded on an established securities market, as the Senior Notes are expected to be, a cash basis U.S. holder (and if it elects, an accrual basis U.S. holder) will determine the U.S. dollar value of such euro on the settlement date of the disposition. If an accrual method U.S. holder makes either of the elections described above, such election must be applied consistently to all debt instruments from year to year and cannot be changed without the consent of the IRS. If a Senior Note is not traded on an established securities market (or, if a Senior Note is so traded, but a U.S. holder is an accrual basis U.S. holder that has not made the settlement date election), a U.S. holder will recognize exchange gain or loss (taxable as ordinary income or loss) to the extent that the U.S. dollar value of the euro received (based on the spot rate on the settlement date) differs from the U.S. dollar value of the amount realized.

Except as discussed below with respect to exchange gain or loss, any gain or loss recognized by a U.S. holder on a taxable disposition of the Senior Note will be capital gain or loss. If, at the time of the sale, exchange, redemption, repurchase or other taxable disposition of the Senior Note, a U.S. holder is treated as holding the Senior Note for more than one year, such capital gain or loss will be a long-term capital gain or loss. Otherwise, such capital gain or loss will be a short-term capital gain or loss. In the case of certain non-corporate U.S. holders (including individuals), long-term capital gains are generally eligible for reduced rates of U.S. federal income taxation. A U.S. holder's ability to deduct capital losses may be limited.

Gain or loss realized upon the sale, exchange, redemption, repurchase or other taxable disposition of a Senior Note that is attributable to fluctuations in currency exchange rates will be ordinary income or loss. Gain or loss attributable to fluctuations in currency exchange rates generally will equal the difference between (i) the U.S. dollar value of a U.S. holder's purchase price for the Senior Note in euro, determined on the date the Senior Note is disposed of, and (ii) the U.S. dollar value of a U.S. holder's purchase price for the Senior Note in euro, determined on the date the U.S. holder acquired the Senior Note (or, in each case, determined on the settlement date if the Senior Notes are traded on an established securities market, as the Senior Notes are expected to be, and the U.S. holder is either a cash basis or an electing accrual basis holder). Payments received that are attributable to accrued interest will be treated in accordance with the rules applicable to payments of interest described above. The exchange gain or loss will be recognized only to the extent of the total gain or loss realized by a U.S. holder on the sale, exchange, redemption, repurchase or other taxable disposition of the Senior Note, and generally will be ordinary income or loss.

Exchange of Foreign Currencies

A U.S. holder's tax basis in the euro received as interest on or on the sale or other taxable disposition of a Senior Note will be the U.S. dollar value of such euro at the spot rate in effect on the date of receipt of the euro. Any gain or loss recognized by a U.S. holder on a sale, exchange or other taxable disposition of the euro will be ordinary income or loss.

Tax Return Disclosure Requirements

Certain U.S. Treasury regulations meant to require the reporting of certain tax shelter transactions cover transactions generally not regarded as tax shelters, including certain foreign currency transactions giving rise to

S-27

Table of Contents

losses in excess of a certain minimum amount (e.g., \$50,000 in the case of an individual or trust), such as the receipt or accrual of interest or a sale, exchange, retirement or other taxable disposition of a foreign currency note or of foreign currency received in respect of a foreign currency note. U.S. holders considering the purchase of the Senior Notes should consult with their own tax advisors to determine the U.S. federal income tax return disclosure obligations, if any, with respect to an investment in the Senior Notes or the disposition of euro, including any requirement to file IRS Form 8886 (Reportable Transaction Statement).

Medicare Tax on Unearned Income

The Health Care and Reconciliation Act of 2010 requires certain U.S. holders that are individuals, estates or trusts to pay an additional 3.8% tax on net investment income, which includes, among other things, interest on and gains from the sale or other taxable disposition of Senior Notes. U.S. holders should consult their tax advisors regarding the application of this tax.

Information Reporting and Backup Withholding

Information reporting requirements generally will apply to interest on the Senior Notes and the proceeds of a sale of a Senior Note paid to a U.S. holder unless the U.S. holder is an exempt recipient (such as a corporation). Backup withholding will apply to those payments if the U.S. holder fails to provide its correct taxpayer identification number, or certification of exempt status, or if the U.S. holder is notified by the IRS that it has failed to report in full payments of interest and dividend income. Any amounts withheld under the backup withholding rules will be allowed as a refund or a credit against a U.S. holder's U.S. federal income tax liability provided the required information is furnished timely to the IRS.

Taxation of Non-U.S. Holders

Interest Income

Subject to the discussions below concerning backup withholding and FATCA, the 30% U.S. federal withholding tax will not be applied to any payment of interest on a Senior Note to a non-U.S. holder provided that:

interest paid on the Senior Note is not effectively connected with the non-U.S. holder's conduct of a trade or business in the United States;

the non-U.S. holder does not actually or constructively own 10% or more of the total combined voting power of all classes of our stock that are entitled to vote within the meaning of section 871(h)(3) of the Code;

the non-U.S. holder is not a controlled foreign corporation that is related to us (actually or constructively) through stock ownership; and

the non-U.S. holder provides its name and address, and certifies, under penalties of perjury, that it is not a U.S. person (which certification may be made on the applicable IRS Form W-8) or (2) the non-U.S. holder holds the Senior Notes through certain foreign intermediaries or certain foreign partnerships, and the

non-U.S. holder and the foreign intermediary or foreign partnership satisfy the certification requirements of applicable U.S. Treasury regulations.

If a non-U.S. holder cannot satisfy the requirements described above, payments of interest will be subject to the 30% U.S. federal withholding tax, unless the non-U.S. holder provides the paying agent with a properly executed (1) IRS Form W-8BEN or IRS Form W-8BEN-E claiming an exemption from or reduction in withholding under the benefit of an applicable income tax treaty or (2) IRS Form W-8ECI (or other applicable form) stating that interest paid on the Senior Notes is not subject to withholding tax because it is effectively connected with the non-U.S. holder's conduct of a trade or business in the United States. If a non-U.S. holder is

Table of Contents

engaged in a trade or business in the United States and interest on the Senior Notes is effectively connected with the conduct of that trade or business and, if required by an applicable income tax treaty, is attributable to a U.S. permanent establishment, then, although the non-U.S. holder will be exempt from the 30% U.S. federal withholding tax provided the certification requirements discussed above are satisfied, the non-U.S. holder will be subject to U.S. federal income tax on that interest on a net income basis in the same manner as if the non-U.S. holder were a U.S. holder. In addition, if a non-U.S. holder is a foreign corporation, it may be subject to a branch profits tax equal to 30% (or lower rate under an applicable income tax treaty).

Sale, Exchange, Redemption, Repurchase or other Taxable Disposition of the Senior Notes

Subject to the discussions below concerning backup withholding and FATCA (as defined below), gain recognized by a non-U.S. holder on the sale, exchange, redemption, repurchase or other taxable disposition of a Senior Note will not be subject to U.S. federal income tax unless:

that gain is effectively connected with a non-U.S. holder's conduct of a trade or business in the United States (and, if required by an applicable income treaty, is attributable to a U.S. permanent establishment); or

the non-U.S. holder is an individual who is present in the United States for 183 days or more in the taxable year of that disposition and certain other conditions are met.

If a non-U.S. holder is an individual or foreign corporation described in the first bullet point above, it will be subject to tax on the net gain derived from the sale, exchange, redemption, repurchase or other taxable disposition under regular graduated U.S. federal income tax rates and in the same manner as if the non-U.S. holder were a U.S. holder. In addition, if a non-U.S. holder is a foreign corporation that falls under the first bullet point above, it may be subject to the branch profits tax equal to 30% (or lesser rate as may be specified under an applicable income tax treaty). If a non-U.S. holder is eligible for the benefits of an income tax treaty between the United States and its country of residence, any such gain will be subject to U.S. federal income tax in the manner specified by the treaty and generally will only be subject to such tax if such gain is attributable to a permanent establishment maintained by the non-U.S. holder in the United States.

If a non-U.S. holder is an individual described in the second bullet point above, such holder will be subject to U.S. federal income tax at a flat rate of 30% on the gain derived from the sale, exchange, redemption, repurchase or other taxable disposition, which may be offset by U.S.-source capital losses, even though such non-U.S. holder is not considered a resident of the United States.

FATCA

The Foreign Account Tax Compliance Act provisions of the Hiring Incentives to Restore Employment Act and the U.S. Treasury regulations promulgated thereunder, commonly referred to as FATCA, impose a U.S. federal withholding tax of 30% on any U.S.-source interest paid on debt obligations and on the proceeds from the disposition of such debt obligations (if such disposition occurs after December 31, 2018) if paid to a foreign financial institution or a non-financial foreign entity (each as defined in the Code) (including, in some cases, when such foreign financial institution or non-financial foreign entity is acting as an intermediary), unless: (i) in the case of a foreign financial institution, such institution enters into an agreement with the U.S. government to withhold on certain payments, and to collect and provide to the U.S. tax authorities information regarding U.S. account holders of such institution (which includes certain equity and debt holders of such institution, as well as certain account holders that are foreign entities

with U.S. owners); (ii) the non-financial foreign entity either certifies it does not have any substantial United States owners (as defined in the Code) or furnishes identifying information regarding each substantial United States owner; or (iii) the foreign financial institution or non-financial foreign entity otherwise qualifies for an exemption from these rules and provides appropriate documentation (such as an IRS Form W-8BEN-E). An applicable intergovernmental agreement regarding

S-29

Table of Contents

FATCA between the United States and a non-U.S. holder's jurisdiction may modify the rules discussed in this paragraph.

Non-U.S. holders are urged to consult their own tax advisors regarding FATCA and the application of these requirements to their investment in the Senior Notes.

Information Reporting and Backup Withholding

Generally, the amount of interest paid to non-U.S. holders and the amount of tax, if any, withheld with respect to those payments must be reported annually to the IRS and to non-U.S. holders. Copies of the information returns reporting such interest and withholding may also be made available to the tax authorities in the country in which a non-U.S. holder resides under the provisions of an applicable income tax treaty.

In general, a non-U.S. holder will not be subject to backup withholding with respect to payments of interest that we make, provided the statement described above in the last bullet point under Interest Income has been provided and the applicable withholding agent does not have actual knowledge or reason to know that the holder is a U.S. person, as defined under the Code, that is not an exempt recipient. In addition, a non-U.S. holder will be subject to information reporting and, depending on the circumstances, backup withholding with respect to payments of the proceeds of the sale of a Senior Note within the United States or conducted through certain U.S.-related financial intermediaries, unless the statement described above has been received, and the payor does not have actual knowledge or reason to know that a holder is a U.S. person, as defined under the Code, that is not an exempt recipient, or the non-U.S. holder otherwise establishes an exemption. Any amounts withheld under the backup withholding rules will be allowed as a refund or a credit against a non-U.S. holder's U.S. federal income tax liability provided the required information is furnished timely to the IRS.

EU SAVINGS DIRECTIVE

Under European Union Council Directive 2003/48/EC on the taxation of savings income (the EU Savings Directive), each member state of the European Union is required to provide to the tax authorities of other member states details of payments of interest (or similar income) made by a person within its jurisdiction to, or collected by such person for, an individual resident in that other member state or to certain limited types of entities established in that other member state. However, for a transitional period, Austria is instead required (unless during that period it elects otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-European Union countries and territories, including Switzerland, have adopted similar measures.

On March 24, 2014, the Council of the European Union adopted a directive (the Amending Directive) amending and broadening the scope of the requirements described above. The Amending Directive requires member states to apply these new requirements from January 1, 2017, and if they were to take effect, the changes would expand the range of payments covered by the EU Savings Directive, in particular to include additional types of income payable on securities. The Amending Directive would also expand the circumstances in which payments that indirectly benefit an individual resident in a member state must be reported or be subject to withholding. This approach would apply to payments made to, or secured for, persons, entities or legal arrangements (including trusts) where certain conditions are satisfied, and may in some cases apply where the person, entity or arrangement is established or effectively managed outside of the European Union.

However, on March 18, 2015, the European Commission proposed the repeal of the EU Savings Directive from January 1, 2017 in the case of Austria and from January 1, 2016 in the case of all other member states (subject to on-going requirements to fulfil administrative obligations such as the reporting and exchange of information relating to, or accounting for withholding taxes on, payments made before those dates and to certain other transitional provisions in the case of Austria). This is to prevent overlap between the EU Savings Directive and a new automatic exchange of information regime to be implemented under Council Directive 2011/16/EU on administrative cooperation in the field of taxation (as amended by Council Directive 2014/107/EU). The proposal also provides that, if it proceeds, member states will not be required to apply the new requirements of the Amending Directive. Prospective investors in the Senior Notes should seek their own professional advice in relation to the EU Savings Directive and the Amending Directive.

THE PROPOSED FINANCIAL TRANSACTIONS TAX

The European Commission published on February 14, 2013, a proposal for a Directive for a common financial transactions tax (FTT) in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the participating Member States).

The proposed FTT as published has very broad scope and could, if introduced in its published form, apply to certain dealings in the Senior Notes (including secondary market transactions) in certain circumstances. The issuance and subscription of the Senior Notes should, however, be exempt.

The FTT could, as published, apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Senior Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, established in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

Joint statements issued by participating Member States indicate an intention to implement the FTT by January 1, 2016. However, the FTT proposal remains subject to negotiation between the participating Member States and the scope of any such tax is uncertain. Additional member states may decide to participate. Prospective investors in the Senior Notes are advised to seek their own professional advice in relation to the FTT.

Table of Contents**UNDERWRITING**

Subject to the terms and conditions of an underwriting agreement (the **Underwriting Agreement**), we have agreed to sell to each of the underwriters named below and each of the underwriters severally has agreed to purchase from us, the principal amount of the Senior Notes set forth opposite its name below:

| Underwriter | Principal Amount of Senior Notes |
|--|---|
| Deutsche Bank AG, London Branch | 175,000,000 |
| HSBC Bank plc | 125,000,000 |
| Morgan Stanley & Co. International plc | 125,000,000 |
| Merrill Lynch International | 37,500,000 |
| Lloyds Bank plc | 37,500,000 |
| Total | 500,000,000 |

In the Underwriting Agreement, the underwriters have agreed, subject to the terms and conditions set forth therein, to purchase all of the Senior Notes offered hereby, if any of the Senior Notes are purchased.

The underwriters initially propose to offer part of the Senior Notes directly to the public at the offering prices set forth on the cover page of this prospectus supplement. After the initial offering of the Senior Notes, the underwriters may from time to time vary the offering price and other selling terms.

The Senior Notes are a new issue of securities for which no established trading market exists. Although we intend to apply to list the Senior Notes on the New York Stock Exchange, no assurance can be given that we will be able to list the Senior Notes. Even if the Senior Notes are listed, we would expect trading in the Senior Notes on the New York Exchange to begin within 30 days after the original issue date of the Senior Notes. If such listing is obtained, we have no obligation to maintain such listing and may delist the Senior Notes at any time. No assurance can be given that an active trading market for the Senior Notes will develop or be maintained. If an active trading market does not develop or is not maintained for the Senior Notes, noteholders may not be able to resell them at a particular time at all or at prices acceptable to them. Although the underwriters for this offering have advised us that they intend to make a market in the Senior Notes after completion of this offering, they are not obligated to do so and may discontinue market making at any time. We cannot assure you that a liquid trading market will develop for the Senior Notes, that you will be able to sell your Senior Notes at a particular time or that the prices that you receive when you sell will be favorable.

We have agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act.

Our expenses associated with the offer and sale of the Senior Notes are estimated to be \$1.6 million, excluding the underwriting discounts.

In connection with the issue of the Senior Notes, Deutsche Bank AG, London Branch (in this capacity, the **Stabilizing Manager**) may over-allot notes or effect transactions with a view to supporting the market price of the Senior Notes at a level higher than that which might otherwise prevail. However, there is no assurance that the Stabilizing Manager (or persons acting on behalf of the Stabilizing Manager) will undertake any stabilization action. Any stabilization

action may begin on or after the date on which adequate public disclosure of the terms of the offer of the Senior Notes is made, and, if begun, may be ended at any time, but it must end no later than the earlier of 30 days after the issue of the Senior Notes and 60 days after the date of the allotment of the Senior Notes. The underwriters have advised us that any stabilization action commenced will be carried out in accordance with applicable laws and regulations.

S-32

Table of Contents

Any stabilization action may have the effect of preventing or retarding a decline in the market price of the Senior Notes. They may also cause the price of the Senior Notes to be higher than the price that would otherwise exist in the open market in the absence of stabilization actions. The Stabilizing Manager may conduct these transactions in the over-the-counter market or otherwise. If the Stabilizing Manager commences any stabilization action, it may discontinue them at any time.

The underwriters and their respective affiliates are full service financial institutions engaged in various activities, which may include sales and trading, commercial and investment banking, advisory, investment management, investment research, principal investment, hedging, market making, brokerage and other financial and non-financial activities and services. Some of the underwriters and their affiliates have engaged in, and may in the future engage in, investment banking and other commercial dealings in the ordinary course of business with us or our affiliates. They have received, or may in the future receive, customary fees and commissions for these transactions.

In addition, in the ordinary course of their business activities, the underwriters and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of ours or our affiliates. Certain of the underwriters or their affiliates that have a lending relationship with us routinely hedge their credit exposure to us consistent with their customary risk management policies. Typically, such underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the Senior Notes offered hereby. Any such credit default swaps or short positions could adversely affect future trading prices of the Senior Notes offered hereby. The underwriters and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

We expect that delivery of the Senior Notes will be made to purchasers on or about November 6, 2015, which will be the fourth business day following the date of this prospectus supplement. Under the E.U. Central Securities Depositories Regulation, trades in the secondary market generally are required to settle in two London business days unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade Senior Notes prior to the second business day preceding the closing date of this offering will be required, by virtue of the fact that the Senior Notes initially settle on the fourth business day after the date of this prospectus supplement, to specify alternative settlement arrangement at the time of any such trade to prevent a failed settlement. Purchasers of the Senior Notes who wish to trade the Senior Notes prior to their date of delivery hereunder should consult their advisors.

Selling Restrictions

Other than in the United States, no action has been taken by us or the underwriters that would permit a public offering of the Senior Notes offered by this prospectus supplement in any jurisdiction where action for that purpose is required. The Senior Notes offered by this prospectus supplement may not be offered or sold, directly or indirectly, nor may this prospectus supplement or any other offering material or advertisements in connection with the offer and sale of any such Senior Notes be distributed or published in any jurisdiction, except under circumstances that will result in compliance with the applicable rules and regulations of that jurisdiction. Persons into whose possession this prospectus supplement comes are advised to inform themselves about and to observe any restrictions relating to the offering and the distribution of this prospectus supplement. This prospectus supplement does not constitute an offer to sell or a solicitation of an offer to buy any securities offered by this prospectus supplement in any jurisdiction in which such an offer or a solicitation is unlawful.

Any underwriter that is not a broker-dealer registered with the SEC will only make sales of the Senior Notes in the United States through one or more registered broker-dealers in compliance with applicable securities laws and the rules of the Financial Industry Regulatory Authority, Inc.

Each underwriter has represented and agreed that:

- (a) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the Financial Services and Markets Act 2000 (the FSMA)) received by it in connection with the issue or sale of the Senior Notes in circumstances in which Section 21(1) of the FSMA would not apply to the issuer; and
- (b) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the senior Notes in, from or otherwise involving the United Kingdom.

Trustee Conflict of Interest

Deutsche Bank Trust Company Americas is serving as the trustee, paying agent, security registrar and transfer agent with respect to the Senior Notes. Deutsche Bank AG, London Branch, an affiliate of Deutsche Bank Trust Company Americas, is an underwriter for this offering. Pursuant to the Trust Indenture Act, if an event of default were to occur with respect to the Senior Notes, Deutsche Bank Trust Company Americas may be deemed to have a conflicting interest, by virtue of being an affiliate of one of the underwriters of the Senior Notes. In that event, Deutsche Bank Trust Company Americas would be required to resign or eliminate the conflicting interest.

LEGAL MATTERS

Pending any specific application, we may initially invest funds in short-term marketable securities or apply them to the reduction of short-term indebtedness.

CONSOLIDATED RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth our ratio of earnings to fixed charges for each year in the five-year period ended December 31, 2013.

| | Year Ended December 31, | | | | |
|-------------|--------------------------------|-------------|-------------|-------------|--|
| 2009 | 2010 | 2011 | 2012 | 2013 | |
| 1.53x | 6.33x | 8.58x | 11.98x | 15.85x | |

For the purposes of computing this ratio, earnings consist of income from continuing operations before income taxes, non-controlling interest in earnings or losses of consolidated subsidiaries and income from equity affiliates plus (i) amortization of previously capitalized interest, (ii) distributed income from equity affiliates and (iii) fixed charges, minus interest capitalized during the period. Fixed charges consist of (i) interest incurred and amortization of debt expense plus (ii) the portion of rent expense representative of the interest factor.

We did not have any preferred stock outstanding and we did not pay or accrue any preferred stock dividends during the periods presented above.

DESCRIPTION OF DEBT SECURITIES

The following descriptions of the terms of the debt securities set forth certain general terms and provisions of the debt securities. The particular terms of the debt securities offered will be described in the applicable prospectus supplement. To the extent that any prospectus supplement is inconsistent with any provision in, or contains information in addition to, this summary, the information contained in such prospectus supplement will control.

The debt securities that will be our senior debt securities will be issued under an Indenture dated as of September 23, 1999, as supplemented (the Senior Debt Indenture), between us and The Bank of New York Mellon Trust Company, N.A. (successor in interest to Chase Manhattan Trust Company, National Association) (the Senior Trustee). The debt securities that will be our subordinated debt (Subordinated Debt Securities) will be issued under an Indenture (the Subordinated Debt Indenture and, collectively with the Senior Debt Indenture, the Indentures), to be entered into between us and a trustee to be determined (the Subordinated Trustee).

The Senior Debt Indenture was filed as Exhibit 4.6 to Registration Statement No. 333-172198 filed on February 11, 2011. The forms of the senior debt securities have been filed, or will be filed, with the SEC and incorporated by reference as exhibits to the registration statement and you should read them for the provisions that may be important to you. The forms of the Subordinated Debt Indenture and the Subordinated Debt Securities have been filed, or will be filed, with the SEC and incorporated by reference as exhibits to the registration statement and you should read them for the provisions that may be important to you. The Indentures are subject to and governed by the Trust Indenture Act of 1939, as amended (the Trust Indenture Act).

We have summarized certain provisions of the Indentures and the debt securities below. The summary is not complete and is subject to, and qualified in its entirety by reference to, the Indentures and the debt securities. Capitalized terms used in the summary have the meanings set forth in the applicable Indenture unless otherwise defined herein.

General

The debt securities will be our unsecured senior or subordinated obligations.

The Indentures do not limit the amount of debt securities that we may issue thereunder and provide that we may issue debt securities under the Indentures from time to time in one or more series.

Reference is made to the applicable prospectus supplement for the following terms of and information relating to the offered debt securities (to the extent such terms are applicable to such debt securities):

classification as senior or subordinated debt securities;

the specific designation, aggregate principal amount, purchase price and denomination of the offered debt securities;

the currency or units based on or relating to currencies in which such debt securities are denominated and/or in which principal (and premium, if any) and/or any interest will or may be payable;

any date of maturity;

the method by which amounts payable in respect of principal, premium (if any) or interest on, or upon the redemption of, such debt securities may be calculated, and any currencies or indices, or value, rate or price, relevant to such calculation;

interest rate or rates (or the method by which such rate or rates will be determined), if any;

any applicable U.S. federal income tax consequences, including whether and under what circumstances we will pay additional amounts on offered debt securities held by a person who is not a U.S. person (as defined in this prospectus or the applicable prospectus supplement) in respect of any tax, assessment or governmental charge withheld or deducted and, if so, whether we will have the option to redeem such debt securities rather than pay such additional amounts;

the anticipated market for the offered debt securities; and

any other specific terms of the offered debt securities, including any additional or different events of default, remedies or covenants provided for with respect to such debt securities, and any terms which may be required by or advisable under applicable laws or regulations.

Payment

Unless the applicable prospectus supplement states otherwise, principal of, premium, if any, and interest, if any, on the debt securities will be payable, and the debt securities will be transferable, at the corporate trust office of the applicable Trustee. However, interest may be paid at our option by check mailed to the address of the holder entitled to the interest as it appears on the applicable security register. We will have the right to require a holder of any debt security, in connection with any payment on the debt security, to certify information to us or, in the absence of certification, we may rely on any legal presumption to enable us to determine our obligation, if any, to deduct or withhold taxes, assessments or governmental charges from the payment.

Certain Definitions

Attributable Indebtedness means, with respect to any Sale/Leaseback Transaction as of any particular time, the present value (discounted at the rate of interest implicit in the terms of the lease) of the obligations of the lessee under such lease for Net Rental Payments during the remaining term of the lease (including any period for which such lease has been extended).

Consolidated Net Tangible Assets means the total amount of assets (less applicable reserves and other properly deductible items) after deducting therefrom (1) all current liabilities (excluding any current liabilities which are by their terms extendible or renewable at the option of the obligor thereon to a time more than 12 months after the time as of which the amount thereof is being computed), (2) all goodwill, trade names, trademarks, patents, unamortized debt discount and expense and other like intangibles and (3) appropriate adjustments on account of non-controlling interests of other Persons holding stock of our Subsidiaries, all as set forth on the most recent balance sheet of the Company and its consolidated subsidiaries (but, in any event, as of a date within 150 days of the date of determination) and computed in accordance with generally accepted accounting principles.

Consolidated Net Worth means the amount of total stockholders' equity shown in our most recent consolidated statement of financial position.

Current Liabilities of any Person includes all liabilities of such Person that would in accordance with generally accepted accounting principles be classified as current liabilities.

Net Rental Payments under any lease for any period means the sum of the rental and other payments required to be paid in such period by the lessee thereunder, not including, however, any amounts required to be paid by such lessee (whether or not designated as rental or additional rental) on account of maintenance and repairs, insurance, taxes, assessments or similar charges.

Table of Contents

Non-Recourse Indebtedness means our indebtedness or the indebtedness of any of our Subsidiaries in respect of which the recourse of the holder of such indebtedness, whether direct or indirect and whether contingent or otherwise, is effectively limited to specified assets, and with respect to which neither we nor any of our Subsidiaries provide any credit support.

Person means any individual, corporation, partnership, joint venture, association, joint-stock company, trust, unincorporated organization or government or any agency or political subdivision thereof.

Principal Property means any manufacturing plant or warehouse, together with the land upon which it is erected and fixtures comprising a part thereof, that we own or that is owned by one of our Subsidiaries which constitutes a significant subsidiary as defined in Rule 1-02 of Regulation S-X of the Securities Exchange Act of 1934, as amended (the Exchange Act), and is located in the United States, the gross book value (without deduction of any reserve for depreciation) of which on the date as of which the determination is being made is an amount which exceeds 1% of Consolidated Net Tangible Assets, other than any such manufacturing plant or warehouse or any portion thereof (together with the land upon which it is erected and fixtures comprising a part thereof) (1) which is financed by industrial development bonds or (2) which, in the opinion of our board of directors, is not of material importance to our total business conducted and the total business conducted by our Subsidiaries, taken as a whole.

Sale/Leaseback Transaction means any arrangement with any Person pursuant to which we or any of our Subsidiaries lease for a period of more than three years, any real or personal property, which property we have or such Subsidiary has sold or transferred or will sell or transfer to such Person in contemplation of such leasing.

Subsidiary of a Person means (1) any corporation more than 50% of the outstanding securities having ordinary voting power of which is owned, directly or indirectly, by such Person or by one or more of its Subsidiaries, or by such Person and one or more of its Subsidiaries, or (2) any partnership or similar business organization more than 50% of the ownership interests having ordinary voting power of which shall at the time be so owned. For the purposes of this definition, **Securities Having Ordinary Voting Power** means securities or other equity interests that ordinarily have voting power for the election of directors, or persons having management power with respect to the Person, whether at all times or only so long as no senior class of securities has such voting power by reason of any contingency.

Senior Debt

The debt securities and coupons, if any, appertaining thereto that will constitute part of our senior debt will be issued under the Senior Debt Indenture and will rank *pari passu* with all of our other unsecured and unsubordinated debt.

Limitation On Liens

The Senior Debt Indenture provides that we will not, and will not permit any of our Subsidiaries to, issue, assume or guarantee any indebtedness for money borrowed (Debt) if such Debt is secured by a mortgage, pledge, security interest or lien (a mortgage or mortgages) upon any of our Principal Properties or of any of our Subsidiaries Principal Properties or upon any shares of stock or other stock or other equity interest or

indebtedness of any of our Subsidiaries (whether such property, shares of stock or other equity interest or indebtedness is now owned or hereafter acquired) which owns any Principal Property, without in any such case effectively providing that the debt securities shall be secured equally and ratably with (or prior to) such Debt; provided, however, that the foregoing restrictions shall not apply to:

mortgages existing on the date the debt securities are originally issued or mortgages provided for under the terms of agreements existing on such date;

mortgages on Current Assets securing Current Liabilities;

Table of Contents

mortgages on any property we or any of our Subsidiaries acquire, construct, alter or improve after the date of the Indenture that are created or assumed contemporaneously with or within one year after such acquisition (or, in the case of property constructed, altered or improved, after the completion and commencement of commercial operation of such property, whichever is later) to secure or provide for the payment of the purchase price or cost of such property, provided that in the case of any such construction, alteration or improvement the mortgages shall not apply to any property we or any of our Subsidiaries theretofore owned, other than (1) the property so altered or improved and (2) any theretofore unimproved real property on which the property so constructed or altered, or the improvement, is located;

existing mortgages on property we or any of our Subsidiaries acquire (including mortgages on any property acquired from a Person that is consolidated with or merged with or into us or any of our Subsidiaries) or mortgages outstanding at the time any Person becomes one of our Subsidiaries that are not incurred in connection with such entity becoming one of our Subsidiaries;

mortgages in our or any of our Subsidiaries favor;

mortgages on any property (1) in favor of domestic or foreign governmental bodies to secure partial, progress, advance or other payments pursuant to any contract or statute, (2) securing indebtedness incurred to finance all or any part of the purchase price or cost of constructing, installing or improving the property subject to such mortgages, including mortgages to secure Debt of the pollution control or industrial revenue bond type, or (3) securing indebtedness issued or guaranteed by the United States, any state, any foreign country or any department, agency, instrumentality or political subdivision of any such jurisdiction; and

any extension, renewal or replacement (or successive extensions, renewals or replacements), in whole or in part, of any mortgage referred to in the foregoing bullet points; provided, however, that the principal amount of Debt secured thereby shall not exceed the principal amount of Debt so secured at the time of such extension, renewal or replacement, together with the reasonable costs related to such extension, renewal or replacement, and that such extension, renewal or replacement shall be limited to all or a part of the property that secured the mortgage so extended, renewed or replaced (plus improvements on such property).

Notwithstanding the foregoing, we and any of our Subsidiaries may, without securing the debt securities, issue, assume or guarantee secured Debt (that would otherwise be subject to the foregoing restrictions) in an aggregate amount that, together with all other such secured Debt and the aggregate amount of our and our Subsidiaries Attributable Indebtedness deemed to be outstanding in respect of all Sale/Leaseback Transactions entered into pursuant to the provisions described below under **Limitation on Sale/Leaseback Transactions** (excluding any such Sale/Leaseback Transactions the proceeds of which have been applied in accordance with clauses (2) or (3) under the **Limitation on Sale/Leaseback Transactions** covenant described below), does not exceed 10% of the Consolidated Net Worth, as shown on a consolidated balance sheet as of a date not more than 90 days prior to the proposed transaction we prepare in accordance with generally accepted accounting principles in the United States of America.

Limitation On Sale/Leaseback Transactions

The Senior Debt Indenture provides that we will not, and will not permit any of our Subsidiaries to, enter into any Sale/Leaseback Transaction with any Person (other than us or one of our Subsidiaries) unless:

- (1) at the time of entering into such Sale/Leaseback Transaction, we or such Subsidiary would be entitled to incur Debt, in a principal amount equal to the Attributable Indebtedness with respect to such Sale/ Leaseback Transaction, secured by a mortgage on the property subject to such Sale/Leaseback Transaction, pursuant to the provisions of the covenant described under Limitation on Liens without equally and ratably securing the debt securities pursuant to such provisions;

Table of Contents

- (2) after the date on which debt securities are first issued, and within a period commencing six months prior to the consummation of such Sale/Leaseback Transaction and ending six months after the consummation thereof, we or such Subsidiary shall have expended for property used or to be used in our or such Subsidiary's ordinary course of business (including amounts expended for additions, expansions, alterations, repairs and improvements thereto) an amount equal to all or a portion of the net proceeds of such Sale/Leaseback Transaction, and we shall have elected to designate such amount as a credit against such Sale/Leaseback Transaction (with any such amount not being so designated to be applied as set forth in clause (3) below); or
- (3) during the 12-month period after the effective date of such Sale/Leaseback Transaction, we shall have applied to the voluntary defeasance or retirement of debt securities or any of our *pari passu* indebtedness an amount equal to the net proceeds of the sale or transfer of the property leased in such Sale/Leaseback Transaction, which amount shall not be less than the fair value of such property at the time of entering into such Sale/Leaseback Transaction (adjusted to reflect any amount we expended as set forth in clause (2) above), less an amount equal to the principal amount of such debt securities and *pari passu* indebtedness we voluntarily defeased or retired within such 12-month period and not designated as a credit against any other Sale/Leaseback Transaction we or any of our Subsidiaries entered into during such period.

Unless otherwise specified in the applicable prospectus supplement relating to a particular series of offered debt securities, the covenants applicable to the debt securities would not necessarily afford holders protection in the event that we are involved in a highly leveraged or other transaction, or in the event of a material adverse change in our financial position or results of operations. Unless otherwise specified in the applicable prospectus supplement relating to a particular series of offered debt securities, the debt securities do not contain any other provisions that are designed to afford protection in the event that we are involved in a highly leveraged transaction.

Subordinated Debt

The debt securities and coupons, if any, attached to such debt securities that will constitute part of the Subordinated Debt Securities will be issued under the Subordinated Debt Indenture and will be subordinate and junior in right of payment, to the extent and in the manner set forth in the Subordinated Debt Indenture, to all of our Senior Indebtedness. The Subordinated Debt Indenture defines Senior Indebtedness as all of our indebtedness, including indebtedness we have guaranteed or assumed, for borrowed money or evidenced by bonds, debentures, notes, letters of credit, interest rate exchange agreements, currency exchange agreements, commodity forward contracts or other similar instruments, or indebtedness or obligations with respect to any lease of real or personal property whether existing on the date hereof or hereinafter incurred, and any guarantee, amendments, renewals, extensions, modifications and refundings of any such indebtedness or obligation, provided that Senior Indebtedness shall not include (1) obligations that, when incurred and without respect to any election under Section 1111(b) of Title 11, United States Code, were without recourse to the issuer, (2) our obligations to any of our Subsidiaries and (3) any other obligations which by the terms of the instrument creating or evidencing the same are specifically designated as not being senior in right of payment to the Subordinated Debt Securities.

In the event (1) of any insolvency or bankruptcy proceedings, or any receivership, liquidation or other similar proceedings including reorganization in respect of our company or a substantial part of our property, or (2) that (a) a default shall have occurred with respect to the payment of principal of (and premium, if any) or any interest on or other monetary amounts due and payable on any Senior Indebtedness or (b) there shall have occurred an event of default (other than a default in the payment of principal, premium, if any, or interest, or other monetary amounts due and payable) with respect to any Senior Indebtedness, as defined therein or in the instrument under which the same is outstanding, permitting the holder or holders thereof to accelerate the maturity thereof, and such default or event of

default shall not have been cured or waived or shall not have ceased to exist, unless, in the case of a default under clause (b) above, the default with respect to the Senior

Table of Contents

Indebtedness is cured or waived, or 180 days pass after notice of the default is given to the holders of Senior Indebtedness (unless the maturity of such Senior Indebtedness has been accelerated), then the holders of all Senior Indebtedness shall first be entitled to receive payment of the full amount unpaid thereon, or provision shall be made, in accordance with the relevant Senior Indebtedness, for such payment in money or money's worth, before the holders of any of the Subordinated Debt Securities or coupons are entitled to receive a payment on account of the principal of (and premium, if any) or any interest on the indebtedness evidenced by such Subordinated Debt Securities or of such coupons. No new period of suspension of payments under clause (b) above may be commenced by reason of the same event of default (or any other event of default that existed or was continuing on the date of the commencement of such period) within twelve months after the first such notice relating thereto. Without limitation of the foregoing, upon any acceleration of the Subordinated Debt Securities because of an event of default, we must promptly notify the holders of Senior Indebtedness of such acceleration, and may not pay the Subordinated Debt Securities unless (A) 120 days pass after such acceleration and (B) the terms of the Subordinated Debt Indenture permit such payment at such time.

By reason of such subordination, in the event of our bankruptcy, insolvency or liquidation, our creditors who are holders of Senior Indebtedness and our general creditors may recover more, ratably, than holders of the Subordinated Debt Securities. Certain of our contingent obligations, including certain guarantees, letters of credit, interest rate exchange agreements, currency exchange agreements and commodity forward contracts, would constitute Senior Indebtedness if we became obligated to pay such contingent obligations.

We expect from time to time to incur additional indebtedness constituting Senior Indebtedness. The Subordinated Debt Indenture does not prohibit or limit the incurrence of additional Senior Indebtedness or any other indebtedness and does not require us to adhere to financial covenants or similar restrictions. To the extent we issue Subordinated Debt Securities, we refer you to the applicable prospectus supplement for the amount of Senior Indebtedness outstanding.

Conversion and Exchange

The terms, if any, on which debt securities of any series will be convertible into or exchangeable for our common stock or preferred stock, property or cash, or a combination of any of the foregoing, will be summarized in the applicable prospectus supplement. Such terms may include provisions for conversion or exchange, either on a mandatory basis, at the option of the holder, or at our option, in which case the number of our shares of common stock or preferred stock to be received by the holders of the debt securities would be calculated according to the factors and at such time as summarized in the applicable prospectus supplement. The applicable prospectus supplement will also summarize the material federal income tax consequences applicable to such convertible or exchangeable debt securities.

Events of Default

An Event of Default is defined under each Indenture with respect to debt securities of any series issued under such Indenture as being:

default in the payment of any interest on any debt security when it becomes due and payable, and continuance of such default for a period of 30 days;

default in the payment of the principal of any debt security at its maturity;

default in our performance (or our breach) of any of our covenants or agreements in such Indenture, continued for 90 days after we receive written notice;

acceleration of, or any failure to pay at final maturity, any of our or our Subsidiaries' Debt (other than the debt securities or Non-Recourse Indebtedness) in an aggregate amount in excess of \$25 million if such acceleration is not rescinded or annulled, or such indebtedness shall not have been discharged, within 15 days after we receive written notice thereof; and

certain events of our or of one of our Significant Subsidiaries' bankruptcy, insolvency or reorganization.

Table of Contents

Each Indenture provides that if an Event of Default, other than certain events with respect to our bankruptcy, insolvency or reorganization, shall occur and be continuing, then the Senior Trustee or the Subordinated Trustee, as the case may be, or the holders of not less than 25% in aggregate principal amount of the outstanding debt securities may, by a notice in writing to us (and to the Senior Trustee or the Subordinated Trustee, as the case may be, if given by the holders), declare the principal of the debt securities, and all accrued and unpaid interest thereon, to be due and payable immediately. If an Event of Default with respect to certain events of our bankruptcy, insolvency or reorganization shall occur and be continuing, then the principal on the debt securities, and all accrued and unpaid interest thereon, shall be due and payable immediately without any act on the part of the Senior Trustee or the Subordinated Trustee, as the case may be, or any holder.

The holders of not less than a majority in principal amount of the outstanding debt securities may, on behalf of the holders of all of the debt securities, waive any past default under the Indenture and its consequences, except a default (1) in respect of the payment of principal of or interest on the debt securities or (2) in respect of a covenant or provision that cannot be modified or amended without the consent of each holder.

Under each Indenture we are required to file annually with the Senior Trustee or the Subordinated Trustee, as the case may be, an officers certificate as to our compliance with all conditions and covenants. Each Indenture will provide that the Senior Trustee or the Subordinated Trustee, as the case may be, may withhold notice to the holders of the debt securities of any default (except payment defaults on the debt securities) if it considers it to be in the interest of such holders to do so.

Subject to the provisions of each Indenture relating to the duties of the Senior Trustee or the Subordinated Trustee, as the case may be, each Indenture provides that when an Event of Default occurs and is continuing, the Senior Trustee or the Subordinated Trustee, as the case may be, will be under no obligation to exercise any of its rights or powers under such Indenture at the request or direction of any of the holders, unless such holders shall have offered to the Senior Trustee or the Subordinated Trustee, as the case may be, reasonable security or indemnity. Subject to such provisions concerning the rights of the Senior Trustee or the Subordinated Trustee, as the case may be, the holders of a majority in aggregate principal amount of the outstanding debt securities will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Senior Trustee or the Subordinated Trustee, as the case may be, or exercising any trust or power conferred on the Senior Trustee or the Subordinated Trustee, as the case may be, under such Indenture.

Consolidation, Merger and Sale of Assets

Each Indenture provides that we will not consolidate with or merge into any other corporation, or convey, transfer or lease, or permit one or more of our Significant Subsidiaries to convey, transfer or lease, all or substantially all of our property and assets on a consolidated basis, to any Person unless (1) either we are the continuing corporation or such corporation or Person assumes by supplemental indenture all of our obligations under such Indenture and the debt securities issued thereunder, (2) immediately after such transaction no Default or Event of Default shall exist and (3) the surviving corporation or such Person is a corporation, partnership or trust organized and validly existing under the laws of the United States of America, any state thereof or the District of Columbia.

Modification or Waiver

Each Indenture provides that we may modify and amend such Indenture, and the Senior Trustee or the Subordinated Trustee, as the case may be, may modify and amend such Indenture with the consent of the holders of not less than a majority in principal amount of the outstanding debt securities; provided that no such modification or amendment may, without the consent of each holder, among other things:

change the maturity of the principal of, or any installment of interest on, the debt securities;

reduce the principal amount of, or the rate of interest on, the debt securities;

Table of Contents

change the place or currency of payment of principal of, or interest on, the debt securities;

impair the right to institute suit for the enforcement of any such payment on or after the maturity thereof;

reduce the percentage of holders necessary to modify or amend such Indenture or to consent to any waiver thereunder or reduce the requirements for voting or quorum described below; or

modify the foregoing requirements or reduce the percentage of outstanding debt securities necessary to waive any past default.

Each Indenture provides that we may modify and amend such Indenture, and the Senior Trustee or the Subordinated Trustee, as the case may be, may modify and amend such Indenture without the consent of any holder for any of the following purposes:

to evidence the succession of another Person to our company and the assumption by such Person of our covenants contained in such Indenture and the debt securities;

to add covenants of our company for the benefit of the holders or to surrender any right or power conferred upon our company;

to add Events of Default;

to secure the debt securities;

to evidence and provide for the acceptance of appointment by a successor Senior Trustee or a successor Subordinated Trustee, as the case may be;

to cure any ambiguity, defect or inconsistency in such Indenture; provided such action does not adversely affect the interests of the holders;

to supplement any of the provisions of such Indenture to the extent necessary to permit or facilitate defeasance and discharge of the debt securities; provided such action shall not adversely affect the interests of the holders; or

to conform with the requirements of the Trust Indenture Act.

Defeasance and Covenant Defeasance

We may, at our option and at any time, terminate our obligations with respect to the outstanding debt securities (**Defeasance**). Defeasance means that we will be deemed to have paid and discharged the entire indebtedness represented by the outstanding debt securities, except for (1) the rights of the holders of outstanding debt securities to receive payment in respect of the principal of and interest on such debt securities when such payments are due, (2) our obligations to issue temporary debt securities, register and transfer or exchange any debt securities, replace mutilated, destroyed, lost or stolen debt securities, maintain an office or agency for payments in respect of the debt securities and segregate and hold money in trust, (3) the rights, powers, trusts, duties and immunities of the Senior Trustee or the Subordinated Trustee, as the case may be, and (4) the Defeasance provisions of the applicable Indenture. In addition, we may, at our option and at any time, elect to terminate our obligations with respect to the debt securities (being primarily the restrictions described under **Limitation on Liens** and **Limitation on Sale/Leaseback Transactions**), and any omission to comply with such obligations will not constitute a Default or an Event of Default with respect to the debt securities (**Covenant Defeasance**).

In order to exercise either Defeasance or Covenant Defeasance:

we must irrevocably deposit with the Senior Trustee or the Subordinated Trustee, as the case may be, in trust, for the benefit of the holders, cash in United States dollars, U.S. Government Obligations, or a combination thereof, in such amounts as will be sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of and interest on the outstanding debt securities to maturity;

Table of Contents

we must deliver to the Senior Trustee or the Subordinated Trustee, as the case may be, an opinion of counsel to the effect that the holders of the outstanding debt securities will not recognize income, gain or loss for federal income tax purposes as a result of such Defeasance or Covenant Defeasance, and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Defeasance or Covenant Defeasance had not occurred (in the case of Defeasance, such opinion must refer to and be based upon a ruling of the Internal Revenue Service issued, or a change in applicable federal income tax laws occurring, after the date hereof);

no Default or Event of Default shall have occurred and be continuing on the date of such deposit or, insofar as the last bullet point under the first paragraph under Events of Default is concerned, at any time during the period ending the 91st day after the date of deposit (it being understood that this condition shall not be deemed satisfied until the expiration of such period);

such Defeasance or Covenant Defeasance shall not cause the Senior Trustee or the Subordinated Trustee, as the case may be, to have a conflicting interest (as defined by the Trust Indenture Act) with respect to any of our securities;

such Defeasance or Covenant Defeasance shall not result in a breach or violation of, or constitute a default under, the applicable Indenture or any material agreement or instrument to which we are a party or by which we are bound; and

we shall have delivered to the Senior Trustee or the Subordinated Trustee, as the case may be, an officers certificate and an opinion of counsel, each stating that all conditions precedent under the applicable Indenture to either Defeasance or Covenant Defeasance, as the case may be, have been complied with and that no violations under agreements governing any other outstanding Debt would result.

Satisfaction and Discharge

Each Indenture provides that it will be discharged and will cease to be of further effect (except as to any surviving rights of registration of transfer or exchange of the debt securities, as expressly provided for in such Indenture) as to all outstanding debt securities when (1) either (a) all the debt securities theretofore authenticated and delivered (except lost, stolen or destroyed debt securities which have been replaced or paid and debt securities for whose payment money or certain U.S. Government Obligations has theretofore been deposited in trust or segregated and held in trust by us and thereafter repaid to us or discharged from such trust) have been delivered to the Senior Trustee or the Subordinated Trustee, as the case may be, for cancellation or (b) all debt securities not theretofore delivered to the Senior Trustee or the Subordinated Trustee, as the case may be, for cancellation have become due and payable or will become due and payable at maturity within one year and we have irrevocably deposited or caused to be deposited with the Senior Trustee or the Subordinated Trustee, as the case may be, funds in an amount sufficient to pay and discharge the entire indebtedness on the debt securities not theretofore delivered to the Senior Trustee or the Subordinated Trustee, as the case may be, for cancellation, for principal of and interest on the debt securities to the date of deposit together with irrevocable instructions from us

directing the Senior Trustee or the Subordinated Trustee, as the case may be, to apply such funds to the payment thereof at maturity; (2) we have paid or have caused to be paid all other sums payable under such Indenture by us; and (3) we have delivered to the Senior Trustee or the Subordinated Trustee, as the case may be, an officers certificate and

an opinion of counsel stating that all conditions precedent under such Indenture relating to the satisfaction and discharge of such Indenture have been complied with.

The Trustees

The Indentures and provisions of the Trust Indenture Act incorporated by reference therein contain limitations on the rights of the Senior Trustee or the Subordinated Trustee, as the case may be, should the Senior Trustee or the Subordinated Trustee, as the case may be, become one of our creditors, to obtain payment of claims in certain cases. We may from time to time maintain bank accounts and have other customary banking

relationships with and obtain credit facilities and lines of credit from the Senior Trustee or the Subordinated Trustee, in the ordinary course of business; provided, however, that if the Senior Trustee or the Subordinated Trustee, as the case may be, acquires any conflicting interest (as defined in Section 310(b) of the Trust Indenture Act), it must eliminate such conflict or resign.

We have appointed the Senior Trustee, at the offices specified in the Senior Debt Indenture, as registrar, principal paying agent and transfer agent for the senior debt securities. We will appoint the Subordinated Trustee, at the offices specified in the Subordinated Debt Indenture, as registrar, principal paying agent and transfer agent for the Subordinated Debt Securities. In such capacities, the Senior Trustee or the Subordinated Trustee, as the case may be, will be responsible for, among other things, (1) maintaining a record of the aggregate holdings of global securities and accepting debt securities for exchange and registration of transfer, (2) ensuring that payments of principal of and interest on global securities and other debt securities received from us by the Senior Trustee or the Subordinated Trustee, as the case may be, are duly paid to The Depository Trust Company (DTC) or its nominee or the holders thereof, as the case may be, and (3) transmitting to us any notices from holders of debt securities. We will cause the transfer agent to act as a registrar. We may vary or terminate the appointment of the transfer agent or appoint additional or other transfer agents or approve any change in the office through which any transfer agent acts.

Book-Entry Issuance; Global Securities

Unless otherwise provided in the applicable prospectus supplement, we will issue each debt security in book-entry form only. Each debt security issued in book-entry form will be represented by a global security that we deposit with and register in the name of one or more financial institutions or clearing systems, or their nominees, which we select. A financial institution or clearing system that we select for any security for this purpose is called the depository for that security. The depository holds the debt securities on behalf of other financial institutions that participate in the depository's book-entry system; these participating institutions, in turn, hold beneficial interests in the securities on behalf of themselves or their customers. Under the Indentures, only the person in whose name a security is registered is recognized as the holder of that security. Consequently, for securities issued in global form, we will recognize only the depository as the holder of the securities and we will make all payments on the securities, including deliveries of any property, to the depository. The depository passes along the payments it receives to its participants, which in turn pass the payments along to their customers who are the beneficial owners. The depository and its participants do so under agreements they have made with one another or with their customers; they are not obligated to do so under the terms of the securities. As a result, investors will not own securities directly. Instead, they will own beneficial interests in a global security, through a bank, broker or other financial institution that participates in the depository's book-entry system or holds a beneficial interest through a participant. As long as the securities are issued in global form, investors will be indirect owners, and not holders, of the securities.

Unless otherwise provided in the applicable prospectus supplement, The Depository Trust Company, or DTC, will act as the depository for the debt securities. The debt securities will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One or more fully-registered security certificates will be issued for each issue of debt securities.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a banking organization within the meaning of the New York Banking Law, a member of the Federal Reserve System, a clearing corporation within the meaning of the New York Uniform Commercial Code and a clearing agency registered pursuant to the provisions of Section 17A of the Exchange Act. DTC holds and provides asset servicing for U.S. and non-U.S. equity issues, corporate and municipal debt issues and money market instruments that DTC's participants (Direct Participants) deposit with DTC. DTC also facilitates the post-trade

settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants

Table of Contents

accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (DTCC). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (Indirect Participants). More information about DTC can be found at www.dtcc.com and www.dtc.org. Such information is not incorporated by reference in, and does not form a part of, this prospectus or any prospectus supplement.

Purchases of debt securities under the DTC system must be made by or through Direct Participants, which will receive a credit for the debt securities on DTC's records. The ownership interest of each actual purchaser of debt securities (Beneficial Owner) is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchases. Beneficial Owners are, however, expected to receive written confirmations providing details of the transactions, as well as periodic statements of their holdings, from the Direct or Indirect Participants through which the Beneficial Owners purchased debt securities. Transfers of ownership interests in the debt securities are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in debt securities, except in the event that use of the book-entry system for the debt securities is discontinued.

To facilitate subsequent transfers, all debt securities deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of debt securities with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any changes in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the debt securities. DTC's records reflect only the identity of the Direct Participants to whose accounts such debt securities are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to DTC. If less than all of the debt securities are being redeemed, DTC's practice is to determine by lot the amount of interest of each Direct Participant in such debt securities to be redeemed.

Although voting with respect to the debt securities is limited, in those cases where a vote is required, neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the debt securities unless authorized by a Direct Participant in accordance with DTC's procedures. Under its usual procedures, DTC mails an Omnibus Proxy to us as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts debt securities are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds, distributions, and dividend payments on the debt securities will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit direct participants' accounts upon DTC's receipt of funds and corresponding detail information from us or our agent, on the payable date in accordance with their respective holdings shown on DTC's records. Payments on the debt securities will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC.

DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and

Table of Contents

corresponding detail information from us or the trustee on the relevant payment date in accordance with their respective holdings shown on DTC's records. Payments by Direct or Indirect Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the account of customers registered in street name and will be the responsibility of such Direct or Indirect Participant and not our responsibility or the responsibility of DTC, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is our responsibility, disbursement of such payments to Direct Participants is the responsibility of DTC, and disbursement of such payments to the Beneficial Owners is the responsibility of Direct and Indirect Participants.

Except as provided herein or in the applicable prospectus supplement, a Beneficial Owner of debt securities will not be entitled to receive physical delivery of debt securities. Accordingly, each Beneficial Owner must rely on the procedures of DTC to exercise any rights under the debt securities. The laws of some jurisdictions require that certain purchasers of securities take physical delivery of securities in definitive form. Such laws may impair the ability to transfer beneficial interests in debt securities.

DTC may discontinue providing its services as securities depository with respect to the debt securities at any time by giving reasonable notice to us. Under such circumstances, in the event that a successor securities depository is not obtained, security certificates will be required to be printed and delivered to the holders of record. Additionally, the Company may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository) with respect to the debt securities. In that event, security certificates will be printed and delivered.

Clearstream. Clearstream Banking, S.A. is incorporated under the laws of Luxembourg as a professional depository. Clearstream holds securities for its participating organizations (Clearstream Participants) and facilitates the clearance and settlement of securities transactions between Clearstream Participants through electronic book-entry changes in accounts of Clearstream Participants, thereby eliminating the need for physical movement of certificates. Clearstream provides Clearstream Participants with, among other things, services for safekeeping, administration, clearance and establishment of internationally traded securities and securities lending and borrowing. Clearstream interfaces with domestic markets in several countries. As a professional depository, Clearstream is subject to regulation by the Luxembourg Monetary Institute. Clearstream Participants are recognized financial institutions around the world, including underwriters, securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations, and may include the underwriters. Indirect access to Clearstream is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Clearstream Participant either directly or indirectly.

Distributions with respect to debt securities held beneficially through Clearstream will be credited to cash accounts of Clearstream Participants in accordance with its rules and procedures to the extent received by the U.S. Depository for Clearstream.

Euroclear. Euroclear Bank SP./N.V. was created in 1968 to hold securities for participants of Euroclear (Euroclear Participants) and to clear and settle transactions between Euroclear Participants through simultaneous electronic book-entry delivery against payment, thereby eliminating the need for physical movement of certificates and any risk from lack of simultaneous transfers of securities and cash. Euroclear includes various other services, including securities lending and borrowing and interfaces with domestic markets in several markets in several countries. Euroclear is operated by Euroclear Bank S.A./N.V. (the Euroclear Operator), under contract with Euro-clear Clearance Systems S.C., a Belgian cooperative corporation (the Cooperative). All operations are conducted by the Euroclear Operator, and all Euroclear securities clearance accounts and Euroclear cash accounts are accounts with the Euroclear Operator, not the Cooperative. The Cooperative establishes policy for Euroclear on behalf of Euroclear

Participants. Euroclear Participants include banks (including central banks), securities brokers and dealers and other professional financial intermediaries and

Table of Contents

may include the underwriters. Indirect access to Euroclear is also available to other firms that clear through or maintain a custodial relationship with a Euroclear Participant, either directly or indirectly. The Euroclear Operator is regulated and examined by the Belgian Banking Commission.

Links have been established among DTC, Clearstream and Euroclear to facilitate the initial issuance of debt securities sold outside of the United States and cross-market transfers of debt securities associated with secondary market trading.

Although DTC, Clearstream and Euroclear have agreed to the procedures provided below in order to facilitate transfers, they are under no obligation to perform these procedures, and these procedures may be modified or discontinued at any time.

Clearstream and Euroclear will record the ownership interests of their participants in much the same way as DTC, and DTC will record the total ownership of each of the U.S. agents of Clearstream and Euroclear, as participants in DTC. When debt securities are to be transferred from the account of a DTC participant to the account of a Clearstream participant or a Euroclear participant, the purchaser must send instructions to Clearstream or Euroclear through a participant at least one day prior to settlement. Clearstream or Euroclear, as the case may be, will instruct its U.S. agent to receive debt securities against payment. After settlement, Clearstream or Euroclear will credit its participant's account. Credit for the debt securities will appear on the next day (European time).

If settlement takes place during New York business hours, DTC participants will be able to employ their usual procedures for sending debt securities to the relevant U.S. agent acting for the benefit of Clearstream or Euroclear participants. The sale proceeds will be available to the DTC seller on the settlement date. As a result, to the DTC participant, a cross-market transaction will settle no differently than a trade between two DTC participants.

When a Clearstream or Euroclear participant wishes to transfer debt securities to a DTC participant, the seller will be required to send instructions to Clearstream or Euroclear through a participant at least one business day prior to settlement. In these cases, Clearstream or Euroclear will instruct its U.S. agent to transfer these debt securities against payment for them. The payment will then be reflected in the account of the Clearstream or Euroclear participant the following day, with the proceeds back valued to the value date, which would be the preceding day, when settlement occurs in New York, if settlement is not completed on the intended value date, that is, the trade fails, proceeds credited to the Clearstream or Euroclear participant's account will instead be valued as of the actual settlement date.

You should be aware that you will only be able to make and receive deliveries, payments and other communications involving the debt securities through Clearstream and Euroclear on the days when those clearing systems are open for business. Those systems may not be open for business on days when banks, brokers and other institutions are open for business in the United States. In addition, because of time zone differences there may be problems with completing transactions involving Clearstream and Euroclear on the same business day as in the United States.

The information in this section concerning the operations and procedures of DTC, Clearstream Luxembourg and Euroclear has been obtained from sources that we believe to be reliable, but neither we nor the underwriters take responsibility for its accuracy. These operations and procedures are solely within the control of DTC, Euroclear and Clearstream Luxembourg, as applicable, and are subject to change by them from time to time. None of us, any underwriter or any trustee takes any responsibility for these operations and procedures, and you are urged to contact DTC, Euroclear, Clearstream Luxembourg or their respective participants to discuss these matters.

DESCRIPTION OF PREFERRED STOCK

Authorized Preferred Stock

Our restated certificate of incorporation authorizes us to issue 5,000,000 shares of preferred stock, par value \$0.01 per share. As of the date of this prospectus, no shares of our preferred stock are currently issued and outstanding. Five hundred thousand shares of preferred stock have been designated as Series A Junior Participating Preferred Stock.

We may issue shares of preferred stock from time to time in one or more series, without stockholder approval, when authorized by our board of directors. Upon issuance of a particular series of preferred stock, our board of directors is authorized to specify:

the designation of and number of shares to be included in the series;

the annual dividend rate for the series and any restrictions or conditions on the payment of dividends;

the manner in which dividends are to be paid;

the redemption price, if any, and the terms and conditions of redemption;

any retirement or sinking fund provisions for the purchase or redemption of the series;

if the series is convertible or exchangeable for other securities of the Company and the terms and conditions of conversion or exchange;

the amounts payable to holders upon our liquidation, dissolution or winding up;

the priority of such series;

the voting rights of such series; and

any other rights, preferences and limitations relating to the series.

The ability of our board of directors to authorize, without stockholder approval, the issuance of preferred stock with conversion and other rights, may adversely affect the rights of holders of our voting common stock, non-voting common stock or other series of preferred stock that may be outstanding.

Specific Terms of a Series of Preferred Stock

The preferred stock we may offer will be issued in one or more series. Shares of preferred stock, when issued against full payment of its purchase price, will be fully paid and non-assessable. Their par value or liquidation preference, however, will not be indicative of the price at which they will actually trade after their issue. If necessary, the applicable prospectus supplement will provide a description of material U.S. federal income tax consequences relating to the purchase and ownership of the series of preferred stock offered by that prospectus supplement.

The preferred stock will have the dividend, liquidation, redemption, voting and other rights, preferences, privileges, limitations and restrictions described in the applicable prospectus supplement. The applicable prospectus supplement will discuss, as applicable, the following features of the series of preferred stock offered thereby:

the designations and stated value per share;

the number of shares offered;

the amount of liquidation preference per share;

the initial public offering price at which the preferred stock will be issued;

Table of Contents

the dividend rate, the method of its calculation, the dates on which dividends would be paid and the dates, if any, from which dividends would cumulate;

whether dividends are to be paid in cash or other securities or property;

the liquidation rights of the preferred stock;

any redemption or sinking fund provisions;

the voting rights of the preferred stock;

any preemptive rights;

any conversion or exchange rights; and

any additional dividend, liquidation, redemption, sinking fund and other rights, preferences, privileges, limitations and restrictions.

Rank

Unless otherwise stated in the applicable prospectus supplement, the preferred stock will have priority over our voting and non-voting common stock with respect to dividends and distribution of assets, but will rank junior to all our outstanding indebtedness for borrowed money. Any series of preferred stock could rank senior, equal or junior to our other capital stock, as may be specified in the applicable prospectus supplement, as long as our restated certificate of incorporation so permits.

Transfer Agent

The transfer agent for each series of preferred stock will be named and described in the applicable prospectus supplement for that series.

Requirements for Advance Notification or Stockholder Proposals and Nominations

Our by-laws contain provisions requiring that a stockholder deliver advance notice of any business that such stockholder intends to raise at an annual meeting of stockholders and providing for procedures to be followed if a stockholder wishes to nominate a person to be elected as a director. To be timely, the stockholder must give written notice to our Secretary not less than 90 days nor more than 120 days prior to the first anniversary of the preceding year's annual meeting. If the date of the next annual meeting is more than 30 days before, or more than 60 days after, the first anniversary of the preceding year's annual meeting, the stockholder must deliver notice to our Secretary not earlier than the 120th day prior to such annual meeting and not later than the close of business on the later of the 90th day prior to such annual meeting or the 10th day following the day on which public announcement of the date of such meeting is first made.

The notice must provide information about the stockholder giving the notice and the beneficial owner, if any, on whose behalf the nomination or proposal is being made, each person whom the stockholder proposes to nominate for election or reelection as director, and the business to be brought before the meeting. In addition, if we plan to increase the size of our board of directors, and we do not publicly announce all of the nominees for election or specify the size of the increased board of directors at least 100 days prior to the first anniversary of the preceding year's annual meeting, a stockholder will have 10 days following the date of our public announcement to give notice with respect to nominees for any new positions created by such increase.

Special Meetings

Subject to the rights of holders of preferred stock, special meetings of stockholders may be called only by our board of directors pursuant to a resolution approved by a majority of the total number of directors, or by a person or committee expressly so authorized by our board of directors pursuant to a resolution approved by a majority of the total number of directors. According to our by-laws, if we call a special meeting to elect directors to our board of directors, a stockholder entitled to vote may nominate individuals for election if such stockholder delivers notice to our Secretary not earlier than the 120th day prior to such special meeting and not later than the close of business on the later of the 90th day prior to such special meeting or the 10th day following the day on which public announcement is first made.

of the date of the special meeting and of the nominees proposed by our board of directors to be elected at such meeting.

Voting Rights

Each holder of our common stock is entitled to one vote per share in the election of directors and on all other matters submitted to a vote of stockholders, and does not have cumulative voting rights. In general, holders of our non-voting common stock do not have voting rights, other than those required by law. However, holders of non-voting common stock may vote as a separate class on amendments to the restated certificate of incorporation that adversely affect their powers, preferences or special rights as holders of non-voting common stock.

Conversion Rights

Qualified institutional investors who are subject to regulatory requirements that forbid or limit their right to own general voting stock may convert their common stock into non-voting common stock on a share-for-share basis as needed to satisfy applicable regulatory requirements, or directly purchase non-voting common stock because of such regulatory requirements. Thereafter, the non-voting common stock may be converted into common stock on a share-for-share basis in such circumstances as are permitted by applicable regulatory requirements.

Dividends

Subject to any preferential rights of any of our outstanding preferred stock, holders of our common stock and non-voting common stock, treated as a single class, are entitled to receive, based on the number of shares held, cash dividends when and as declared by our board of directors from funds legally available for such purpose.

Rights Upon Liquidation

If we liquidate, holders of our common stock and non-voting common stock, treated as a single class, are entitled to receive, based on the number of shares held, all of the assets available for distribution to stockholders after payment of all prior claims, including any preferential liquidation rights of any preferred stock outstanding at that time. The holders of our common stock and non-voting common stock do not have any redemption rights.

No Action by Written Consent

Subject to the rights of holders of preferred stock, any action required or permitted to be taken by our stockholders must be effected at an annual or special meeting of stockholders and may not be effected by any consent in writing by such stockholders.

Other Rights

The holders of our common stock and non-voting common stock do not have preemptive rights to subscribe to any additional shares of any class of our capital stock. All of our outstanding shares of common stock are, and, upon conversion or exchange, any issued shares of our common stock and/or non-voting common stock will be, fully paid and non-assessable. Our common stock and non-voting common stock do not have any sinking fund provisions.

Listing and Transfer Agent

Our voting common stock is listed for trading on the New York Stock Exchange under the symbol **BWA** and the transfer agent and registrar for our voting common stock is Computershare Investor Services, LLC.

Some Important Charter and Statutory Provisions

Certain provisions in our restated certificate of incorporation and by-laws, as well as the Delaware general corporation law, may have the effect of deterring hostile takeovers or delaying changes in control of our company or our management.

Table of Contents

Our restated certificate of incorporation provides for the division of our board of directors into three classes of directors, each serving staggered, three-year terms. In addition, our restated certificate of incorporation and our by-laws provide that directors may be removed only for cause and only upon the affirmative vote of holders of at least 80% of our outstanding voting power. Our restated certificate of incorporation further provides generally that any alteration, amendment or repeal of its sections regarding the composition, election and classification of our board of directors requires the approval of the holders of at least 80% of our outstanding voting power.

Our restated certificate of incorporation also provides that when it is evaluating any proposal from another party to (1) make a tender offer for our equity securities, (2) merge or consolidate us with another corporation or (3) purchase or otherwise acquire substantially all of our properties and assets, our board of directors must give due consideration to all relevant factors, including the social and economic effects on our employees, customers, suppliers and other constituents and the communities in which we operate or are located.

Our restated certificate of incorporation provides that a director will not be personally liable for monetary damages to us or our stockholders for breach of fiduciary duty as a director, except for liability:

for any breach of the director's duty of loyalty to us or our stockholders;

for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law;

for paying a dividend or approving a stock repurchase or redemption in violation of Section 174 of the Delaware general corporation law; or

for any transaction from which the director derived an improper personal benefit.

Our restated certificate of incorporation also provides that each of our current or former directors, officers, employees or agents, or each such person who is or was serving or who had agreed to serve at our request as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise (including the heirs, executors, administrators or estate of that person), will be indemnified by us to the fullest extent permitted by the Delaware general corporation law. Our restated certificate of incorporation also specifically authorizes us to enter into agreements with any person providing for indemnification greater or different than that provided by our restated certificate of incorporation.

We are subject to the provisions of Section 203 of the Delaware general corporation law. In general, the statute prohibits a publicly held Delaware corporation from engaging in a business combination with an interested stockholder for a period of three years after the date of the transaction in which the person became an interested stockholder, unless:

- (1) prior to that date, the board of directors approved either the business combination or the transaction that resulted in the stockholder becoming an interested stockholder;

- (2) when the transaction that resulted in such person becoming an interested stockholder was completed, the interested stockholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction began, excluding, for purposes of determining the number of shares outstanding, shares owned by some directors or employee stock plans; or

- (3) on or after the date the stockholder became an interested stockholder, the business combination is approved by the board of directors and authorized by the affirmative vote, and not by the written consent, of at least two-thirds of the outstanding voting stock, excluding the stock owned by the interested stockholder.

For purposes of Section 203, a business combination includes a merger, asset sale, or other transaction resulting in a financial benefit to the interested stockholder. An interested stockholder is a person, other than the corporation and any direct or indirect majority-owned subsidiary of the corporation, who together with affiliates and associates, owns or, as an affiliate or associate, within three years prior, did own, 15% or more of the corporation's outstanding voting stock.

DESCRIPTION OF DEPOSITARY SHARES

Fractional Shares of Preferred Stock

We may elect to offer fractional interests in shares of our preferred stock instead of whole shares of preferred stock. If so, we will allow a depositary to issue to the public depositary shares, each of which will represent a fractional interest as described in the prospectus supplement, of a share of preferred stock.

Deposit Agreement

The shares of the preferred stock underlying any depositary shares will be deposited under a separate deposit agreement between us and a bank or trust company acting as depositary with respect to that series. The depositary will have its principal office in the United States and have a combined capital and surplus of at least \$50,000,000. The prospectus supplement relating to a series of depositary shares will include the name and address of the depositary. Under the deposit agreement, each owner of a depositary share will be entitled, in proportion of its fractional interest in a share of the preferred stock underlying that depositary share, to all the rights and preferences of that preferred stock, including dividend, voting, redemption, conversion, exchange and liquidation rights.

Depositary shares will be evidenced by one or more depositary receipts issued under the deposit agreement.

Dividends and Other Distributions

The depositary will distribute all cash dividends or other cash distributions in respect of the preferred stock to each record depositary shareholder based on the number of the depositary shares owned by that holder on the relevant record date. The depositary will distribute only that amount which can be distributed without attributing to any depositary shareholders a fraction of one cent, and any balance not so distributed will be added to and treated as part of the next sum received by the depositary for distribution to record depositary shareholders.

If there is a distribution other than in cash, the depositary will distribute property to the entitled record depositary shareholders, unless the depositary determines that it is not feasible to make that distribution. In that case the depositary may, with our approval, adopt the method it deems equitable and practicable for making that distribution, including any sale of property and the distribution of the net proceeds from this sale to the concerned holders.

Each deposit agreement will also contain provisions relating to the manner in which any subscription or similar rights we offer to preferred stockholders of the relevant series will be made available to depositary shareholders.

Withdrawal of Stock

Upon surrender of depositary receipts at the depositary's office, the holder of the relevant depositary shares will be entitled to the number of whole shares of the related preferred stock series and any money or other property those depositary shares represent. Depositary shareholders will be entitled to receive whole shares of the related preferred stock series on the basis described in the applicable prospectus supplement, but holders of those whole preferred stock shares will not afterwards be entitled to receive depositary shares in exchange for their shares. If the depositary receipts the holder delivers evidence a depositary share number exceeding the whole share number of the related preferred stock series to be withdrawn, the depositary will deliver to that holder a new depositary receipt evidencing the excess number of depositary shares.

Redemption and Liquidation

The terms on which the depositary shares relating to the preferred stock of any series may be redeemed, and any amounts distributable upon our liquidation, dissolution or winding up, will be described in the applicable prospectus supplement.

Table of Contents

Convertibility and Exchangeability

Shares of a series of preferred stock may be convertible or exchangeable into shares of our common stock, another series of preferred stock or other securities or property. The conversion or exchange may be mandatory or optional. The applicable prospectus supplement will specify whether the preferred stock being offered has any conversion or exchange features, and will describe all the related terms and conditions.

Voting

Upon receiving notice of any meeting at which preferred stockholders of any series are entitled to vote, the depositary will mail the information contained in that notice to the record depositary shareholders relating to those series of preferred stock. Each depositary shareholder on the record date will be entitled to instruct the depositary on how to vote the shares of preferred stock underlying that holder's depositary shares. The depositary will vote the preferred stock shares underlying those depositary shares according to those instructions, and we will take reasonably necessary actions to enable the depositary to do so. If the depositary does not receive specific instructions from the depositary shareholders relating to that preferred stock, it will abstain from voting those preferred stock shares, unless otherwise discussed in the prospectus supplement.

Amendment and Termination of Deposit Agreement

We and the depositary may amend the depositary receipt form evidencing the depositary shares and the related deposit agreement. However, any amendment that significantly affects the rights of the depositary shareholders will not be effective unless holders of a majority of the outstanding depositary shares approve that amendment. We or the depositary may terminate a deposit agreement only if:

we have redeemed or reacquired all outstanding depositary shares relating to the deposit agreement,

all preferred stock of the relevant series has been withdrawn, or

there has been a final distribution in respect of the preferred stock of any series in connection with our liquidation, dissolution or winding up and such distribution has been made to the related depositary shareholders.

Charges of Depositary

We will pay all charges of each depositary in connection with the initial deposit and any redemption of the preferred stock. Depositary shareholders will be required to pay any other transfer and other taxes and governmental charges and any other charges expressly provided in the deposit agreement to be for their accounts.

Title

We and each depositary and any of our respective agents may treat the registered owner of any depositary share as the absolute owner of that share, whether or not any payment in respect of that depositary share is overdue and despite any notice to the contrary, for any purpose.

Resignation and Removal of Depositary

A depositary may resign at any time by issuing us a notice of resignation, and we may remove any depositary at any time by issuing it a notice of removal. Resignation or removal will take effect upon the appointment of a successor depositary and its acceptance of appointment. That successor depositary must:

be appointed within 60 days after delivery of the notice of resignation or removal,

be a bank or trust company having its principal office in the United States, and

have a combined capital and surplus of at least \$50,000,000.

Table of Contents

Miscellaneous

Each depositary will forward to the relevant depositary shareholders all our reports and communications that we are required to furnish to preferred stockholders of any series.

Neither we nor the depositary will be liable if either of us is prevented or delayed by law or any circumstance beyond its control in performing its obligations under any deposit agreement. Our obligations and the obligations of each depositary under any deposit agreement will be limited to performance in good faith of their duties under that agreement, and they will not be obligated to prosecute or defend any legal proceeding in respect of any depositary shares or preferred stock unless they are provided with satisfactory indemnity. They may rely upon written advice of counsel or accountants, or information provided by persons presenting preferred stock for deposit, depositary shareholders or other persons believed to be competent and on documents believed to be genuine.

DESCRIPTION OF WARRANTS

We may issue warrants for the purchase of our debt securities, preferred stock, common stock, depositary shares or units. Warrants may be issued independently or together with debt securities, preferred stock, common stock, depositary shares or units, and may be attached to or separate from those securities.

Warrant Agreements

Each series of warrants will be evidenced by certificates issued under a separate warrant agreement to be entered into between us and a bank that we select as warrant agent with respect to such series. The warrant agent will have its principal office in the U.S. and have a combined capital and surplus of at least \$50,000,000.

Issuance In Series

The applicable prospectus supplement relating to a series of warrants will mention the name and address of the warrant agent and describe the terms of the series of warrants, including:

the offering price;

the currency for which the warrants may be purchased;

the designation and terms of the securities with which the warrants are issued and the number of warrants issued with each security or each principal amount of security;

the date on which the warrants and the related securities will be separately transferable;

in the case of warrants to purchase debt securities, the principal amount of debt securities that can be purchased upon exercise, and the price for purchasing those debt securities;

in the case of warrants to purchase preferred stock, depositary shares or common stock, the number of depositary shares or shares of preferred stock or common stock, as the case may be, that can be purchased upon the exercise, and the price for purchasing those shares;

in the case of warrants to purchase units upon exercise, the number and type of units that can be purchased upon exercise, and the price of those units;

the dates on which the right to exercise the warrants will commence and expire;

material U.S. federal income tax consequences of holding or exercising those warrants;

the terms of the securities issuable upon exercise of those warrants; and

any other terms of the warrants.

Warrant certificates may be exchanged for new warrant certificates of different denominations, may be presented for transfer registration, and may be exercised at the warrant agent's corporate trust office or any other office indicated in the applicable prospectus supplement. If the warrants are not separately transferable from the securities with which they were issued, this exchange may take place only if the certificates representing the related securities are also exchanged. Prior to warrant exercise, warrant holders will not have any rights as holders of the underlying securities, including the right to receive any principal, premium, interest, dividends, or payments upon our liquidation, dissolution or winding up or to exercise any voting rights.

Exercise of Warrants

Each warrant will entitle the holder to purchase the securities specified in the applicable prospectus supplement at the exercise price mentioned in, or calculated as described in, the prospectus supplement. Unless otherwise specified in the applicable prospectus supplement, warrants may be exercised at any time up to 5:00 p.m., New York time, on the expiration date mentioned in that prospectus supplement. After the close of business on the expiration date, unexercised warrants will become void. Other requirements and procedures for the exercise of warrants will be described in the applicable prospectus supplement.

Antidilution Provisions

As will be described in the applicable prospectus supplement, in the case of warrants to purchase common stock or securities convertible into or exchangeable for common stock, the exercise price payable and the number of shares of common stock purchasable upon warrant exercise may be adjusted in certain events, including:

the issuance of a stock dividend to common stockholders or a combination, subdivision or reclassification of common stock;

the issuance of rights, warrants or options to all common and preferred stockholders entitling them to purchase common stock for an aggregate consideration per share less than the current market price per share of common stock;

distribution to our common stockholders of evidences of our indebtedness of assets, excluding cash dividends or distributions referred to above; and

other events mentioned in the prospectus supplement.

Unless otherwise described the applicable prospectus supplement, no adjustment in the number of shares or securities purchasable upon warrant exercise will be required until cumulative adjustments require an adjustment of at least 1% of such number. No fractional shares will be issued upon warrant exercise, but we will pay the cash value of any fractional shares otherwise issuable.

Modification

The applicable prospectus supplement will describe the circumstances under which we and any warrant agent may modify any warrant agreement and the terms of the related warrants without first obtaining consent from warrant holders, and describe the circumstances under which we and any warrant agent will not be permitted to modify any warrant agreement and the terms of the related warrants unless we first obtain consent from warrant holders.

Consolidation, Merger and Sale of Assets

Unless provided otherwise in an applicable prospectus supplement, each warrant agreement will provide that we may consolidate or merge with or into any other corporation or sell, lease, transfer or convey all or substantially all of our assets to any other corporation. However, any successor or acquirer of such assets must assume all of our obligations under the relevant warrant agreement and for the unexercised warrants, as appropriate, and we or that successor corporation must not immediately be in default under that warrant agreement.

Enforceability of Rights By Holders of Warrants

Each warrant agent will act solely as our agent under the relevant warrant agreement and will not assume any obligation or relationship of agency or trust for any warrant holder. A single bank or trust company may act as warrant agent for more than one issue of warrants. A warrant agent will have no duty or responsibility in case we default in performing our obligations under the relevant warrant agreement or warrant, including any duty or responsibility to

initiate any legal proceedings or to make any demand upon us. Any warrant holder may, without the warrant agent's consent or consent of any other warrant holder, enforce by appropriate legal action its right to exercise that warrant.

Replacement of Warrant Certificates

We will replace any destroyed, lost, stolen or mutilated warrant certificate upon delivery to us and the relevant warrant agent of satisfactory evidence of the ownership of that warrant certificate and of its destruction,

loss, theft or mutilation, and (in the case of mutilation) surrender of that warrant certificate to the relevant warrant agent, unless we have, or the warrant agent has, received notice that the warrant certificate has been acquired by a bona fide purchaser. That warrant holder will also be required to provide indemnity satisfactory to us and the relevant warrant agent before a replacement warrant certificate will be issued.

Title

We and the warrant agents and any of our respective agents may treat the registered holder of any warrant certificate as the absolute owner of the warrants evidenced by that certificate for any purpose and as the person entitled to exercise the rights attaching to the warrants so requested, despite any notice to the contrary.

DESCRIPTION OF UNITS

We may issue units comprised of one or more debt securities, shares of preferred stock, shares of common stock and warrants in any combination. Each unit will be issued so that the holder of the unit is also the holder of each security included in the unit. Thus, the holder of a unit will have the rights and obligations of a holder of each included security. The unit agreement under which a unit is issued may provide that the securities included in the unit may not be held or transferred separately, at any time or at any time before a specified date.

The prospectus supplement may describe:

the designation and terms of the units and of the securities comprising the units, including whether and under what circumstances those securities may be held or transferred separately;

any provisions of the governing unit agreement that differ from those described below; and

any provisions for the issuance, payment, settlement, transfer or exchange of the units or of the securities comprising the units.

The provisions described in this section, as well as those described under Description of Debt Securities, Description of Preferred Stock, Description of Common Stock and Description of Warrants, will apply to each unit and to any debt security, preferred stock, common stock or warrant, respectively, included in each unit.

We may issue units in such amounts and in as many distinct series as we wish. This section summarizes terms of the units that apply generally to all series unless otherwise stated in the applicable prospectus supplement.

Unit Agreements

We will issue the units under one or more unit agreements to be entered into between us and a bank or other financial institution, as unit agent. We may add, replace or terminate unit agents from time to time. We will identify the unit agreement under which each series of units will be issued and the unit agent under that agreement in the applicable prospectus supplement.

The following provisions will generally apply to all unit agreements unless otherwise stated in the applicable prospectus supplement.

Enforcement of Rights

The unit agent under a unit agreement will act solely as our agent in connection with the units issued under that agreement. The unit agent will not assume any obligation or relationship of agency or trust for or with any holders of those units or of the securities comprising those units. The unit agent will not be obligated to take any action on behalf of those holders to enforce or protect their rights under the units or the included securities.

Except as indicated in the next paragraph, a holder of a unit may, without the consent of the unit agent or any other holder, enforce its rights as holder under any security included in the unit, in accordance with the terms of that security and the indenture, warrant agreement or other instrument under which that security is issued. Those terms are

described elsewhere in this prospectus under the sections relating to debt securities, preferred stock, common stock and warrants.

Notwithstanding the foregoing, a unit agreement may limit or otherwise affect the ability of a holder of units issued under that agreement to enforce its rights, including any right to bring a legal action, with respect to those units or any securities, other than debt securities, that are included in those units. Limitations of this kind will be described in the applicable prospectus supplement.

Table of Contents

Modification

The applicable prospectus supplement will describe the circumstances under which we and any unit agent may modify any unit or unit agreement, without first obtaining consent from unit holders, and describe the circumstances under which we and any unit agent will not be permitted to amend any unit or unit agreement we first obtain consent from unit holders.

Unit Agreements Will Not Be Qualified Under Trust Indenture Act

No unit agreement will be qualified as an indenture, and no unit agent will be required to qualify as a trustee, under the Trust Indenture Act. Therefore, holders of units issued under unit agreements will not have the protections of the Trust Indenture Act with respect to their units.

Title

We and the unit agents and any of our respective agents may treat the registered holder of any unit certificate as an absolute owner of the units evidenced by that certificate for any purpose and as the person entitled to exercise the rights attaching to the units so requested, despite any notice to the contrary.

FORM OF SECURITIES

We may issue any securities offered in certificated form, book-entry form only, or in the form of one or more global securities, as appropriate. Although this prospectus generally describes the form in which we intend to issue any of the offered securities, the form of any securities offered will be described in the applicable prospectus supplement.

Table of Contents

PLAN OF DISTRIBUTION

We may sell the securities in and/or outside the United States: (1) through underwriters or dealers; (2) directly to one or more purchasers; (3) through agents; or (4) through a combination of these methods. The applicable prospectus supplement will set forth the terms of the offering of the securities, including the name or names of any underwriters or agents, if any, the purchase price of the securities and the proceeds to us from such sale. In addition, the applicable prospectus supplement will set forth any delayed delivery arrangements, any underwriting discounts and other items constituting underwriters' compensation, any initial public offering price and any discounts or concessions allowed or re-allowed or paid to dealers. Any initial public offering price and any discount or concessions allowed or reallowed or paid to dealers may be changed from time to time.

If underwriters are used in the sale, the securities will be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. The securities may be offered to the public either through underwriting syndicates represented by one or more managing underwriters or directly by one or more firms acting as underwriters. The underwriter or underwriters with respect to a particular underwritten offering of securities will be named in the applicable prospectus supplement relating to such offering and, if an underwriting syndicate is used, the managing underwriter or underwriters will be set forth on the cover of such prospectus supplement. Unless otherwise set forth in the applicable prospectus supplement, the obligations of the underwriters to purchase the offered securities will be subject to conditions precedent and the underwriters will be obligated to purchase all the offered securities if any are purchased.

If dealers are used in the sale of securities, we will sell such securities to the dealers as principals. The dealers may then resell such securities to the public at varying prices to be determined by such dealers at the time of resale. The names of the dealers and the terms of any agreement, arrangement or understanding with the dealers will be set forth in the applicable prospectus supplement.

The securities may be sold through agents we designate from time to time. Any agent involved in the offer or sale of the securities will be named, and any commissions payable by us to such agent will be set forth, in the applicable prospectus supplement. Unless otherwise indicated in the applicable prospectus supplement, any such agent will be acting on a best efforts basis for the period of its appointment.

We may sell the securities directly to institutional investors or others, who may be deemed to be underwriters within the meaning of the Securities Act of 1933, as amended, with respect to any resale thereof. The terms of any such sales, including the terms of any bidding or auction process, will be described in the applicable prospectus supplement.

Agents, dealers and underwriters may be entitled under agreements entered into with us to indemnification by us against certain civil liabilities, including liabilities under the Securities Act, or to contribution with respect to payments which such agents, dealers or underwriters may be required to make in respect thereof. Agents, dealers and underwriters may be our customers, engage in transactions with us, or perform services for us in the ordinary course of business.

In connection with an offering, certain persons participating in such offering may engage in transactions that stabilize, maintain or otherwise affect the price of the securities. Specifically, such persons may overallocate such offering, creating a syndicate short position. In addition, such persons may bid for, and purchase, the securities in the open market to cover syndicate shorts or to stabilize the price of the securities. Finally, such persons may reclaim selling concessions allowed for distributing the securities in an offering, if such persons repurchase previously distributed securities in syndicate covering transactions, in stabilization transactions or otherwise. Any of these activities may stabilize or

maintain the market price of the securities above independent market levels. Such persons are not required to engage in these activities, and may end any of these activities at any time. The securities may or may not be listed on a national securities exchange. We cannot assure you as to the future liquidity of the trading market, if any, for any securities issued.
