**Item 1.01 Entry into a Material Definitive Agreement.***Merger Agreement Amendment*

On July 11, 2015, MPLX LP ( **MPLX** ), MarkWest Energy Partners, L.P. ( **MWE** ), MPLX GP LLC, the general partner of MPLX ( **MPLX GP** ), Sapphire Holdco LLC, a wholly owned subsidiary of MPLX ( **Merger Sub** ) and, for certain limited purposes set forth in the Merger Agreement (defined below), Marathon Petroleum Corporation, the indirect parent of MPLX and MPLX GP ( **MPC** ), entered into an agreement and plan of merger (the **Merger Agreement** ), pursuant to which Merger Sub will merge with and into MWE, with MWE continuing as the surviving entity and becoming a wholly owned subsidiary of MPLX (the **Merger** ). On November 10, 2015, MPLX, MPLX GP, MPC, MWE and Merger Sub entered into an amendment to the Merger Agreement (the **Amendment** ) pursuant to which the cash portion of the proposed merger consideration was increased from \$675 million in the aggregate to \$1,075 million.

The Merger Agreement, as amended, provides that at the effective time of the Merger (the **Effective Time** ), each common unit of MWE (each, a **Common Unit** ) issued and outstanding as of immediately prior to the Effective Time will be converted into the right to receive (i) 1.090 common units of MPLX representing limited partner interests in MPLX and (ii) cash in an amount obtained by dividing (A) \$1,075 million by (B) the number of Common Units (including certain converted equity awards) plus the number of Class B units of MWE, in each case outstanding immediately prior to the Effective Time. The Merger is subject to certain customary conditions, including approval by MWE unitholders.

The foregoing description of the Amendment is qualified in its entirety by reference to the Amendment attached as Exhibit 2.1 to this Current Report on Form 8-K and incorporated herein by reference. A copy of the joint press release issued by MPLX with MWE relating to the Amendment is furnished as Exhibit 99.1 to this Current Report on Form 8-K and is incorporated herein by reference.

This communication contains forward-looking statements within the meaning of federal securities laws regarding MPLX and MPC. These forward-looking statements relate to, among other things, expectations, estimates and projections concerning the business and operations of MPLX and MPC. You can identify forward-looking statements by words such as anticipate, believe, estimate, objective, expect, forecast, guidance, imply, plan, possibly, could, may, should, would, will or other similar expressions that convey the uncertainty of future events or outcomes. Such forward-looking statements are not guarantees of future performance and are subject to risks, uncertainties and other factors, some of which are beyond the companies' control and are difficult to predict. In addition to other factors described herein that could cause MPLX's results to differ materially from those implied in these forward-looking statements, negative capital market conditions, including a persistence or increase of the current yield on common units, which is higher than historical yields, could adversely affect MPLX's ability to meet its distribution growth guidance, particularly with respect to the later years of such guidance. Factors that could cause MPLX's actual results to differ materially from those implied in the forward-looking statements include: the ability to complete the proposed merger of MPLX and MWE on anticipated terms and timetable; the ability to obtain approval of the transaction by the unitholders of MWE and satisfy other conditions to the closing of the transaction contemplated by the merger agreement; risk that the synergies from the MPLX/MWE transaction may not be fully realized or may take longer to realize than expected; disruption from the MPLX/MWE transaction making it more difficult to maintain relationships with customers, employees or suppliers; risks relating to any unforeseen liabilities of MWE or MPLX, as applicable; the adequacy of MPLX's and MWE's respective capital resources and liquidity, including, but not limited to, availability of sufficient cash flow to pay distributions, and the ability to successfully execute their business plans and implement their growth strategies; the timing and extent of changes in commodity prices and demand for crude oil, refined products, feedstocks or other hydrocarbon-based products; volatility in and/or degradation of market and industry conditions; completion of pipeline capacity by competitors; disruptions due to equipment interruption or failure, including electrical shortages and power grid failures; the suspension, reduction or termination of MPC's obligations under MPLX's commercial agreements; each company's ability to successfully implement its growth plan, whether through organic growth or acquisitions; modifications to earnings and distribution growth objectives; federal and state environmental, economic, health and safety, energy and other policies and regulations; changes to MPLX's capital budget; other risk factors inherent to MPLX or MWE's industry; and the factors set forth under the heading Risk Factors in MPLX's Annual Report on Form 10-K for the year ended Dec. 31, 2014, filed with the Securities and Exchange Commission (SEC); and the factors set forth under the heading Risk Factors in MWE's Annual Report on Form 10-K for the year ended Dec. 31, 2014, and Quarterly Report on Form 10-Q for the quarter ended June 30, 2015, filed with the SEC. These risks, as well as other risks associated with MPLX, MWE and the proposed transaction are also more fully discussed in the preliminary joint proxy statement and prospectus included in the registration statement on Form S-4 filed with the SEC by MPLX on August 18, 2015, as amended. Factors that could cause MPC's actual results to differ materially from those implied in the forward-looking statements include: risks described above relating to the MPLX/MWE proposed merger; changes to the expected construction costs and timing of pipeline projects; volatility in and/or degradation of market and industry conditions; the availability and pricing of crude oil and other feedstocks; slower growth in domestic and Canadian crude supply; an easing or lifting of the U.S. crude oil export ban; completion of pipeline capacity to areas outside the U.S. Midwest; consumer demand for refined products; transportation logistics; the reliability of processing units and other equipment; MPC's ability to successfully implement growth opportunities; modifications to MPLX earnings and distribution growth objectives; federal and state environmental, economic, health and safety, energy and other policies and regulations; MPC's ability to successfully integrate the acquired Hess retail operations and achieve the strategic and other expected objectives relating to the acquisition; changes to MPC's capital budget; other risk factors inherent to MPC's industry; and the factors set forth under the heading Risk Factors in MPC's Annual Report on Form 10-K for the year ended Dec. 31, 2014, filed with SEC. In addition, the forward-looking statements included herein could be affected by general domestic and international economic and political conditions. Unpredictable or unknown factors not discussed here, in MPLX's Form 10-K, in MPC's Form 10-K, or in MWE's Form 10-K could also have material adverse effects on forward-looking statements. Copies of MPLX's Form 10-K are available on the SEC website, MPLX's website at
