March 28, 2016

Dear Shareholders:

You are cordially invited to attend the 2016 Annual Meeting of Shareholders to be held at 9:00 a.m., Eastern Daylight Time, on Thursday, April 28, 2016. The meeting will be held at Leaside, 100 East Exchange Place, Columbia, South Carolina 29209. Directions are on the back of the admission ticket and on page 70 of this Proxy Statement. An admission ticket is required and is enclosed as part of your proxy card if you were a shareholder of record on the record date, March 1, 2016. If you hold your shares through a broker or other nominee, you must provide proof of ownership on the record date in order to attend the meeting.

At our 2016 Annual Meeting of Shareholders I will provide a brief report on SCANA's 2015 business results. I welcome the opportunity to discuss some of our accomplishments for 2015, as well as some of our challenges for 2016 and beyond. I hope you will be able to join us at our Annual Meeting, but for those of you who will be unable to attend, I would like to highlight some of our most significant accomplishments over the last year, which include:

We raised our quarterly cash dividend on the Company's common stock to 5 $\frac{7}{2}$  cents per share, from 54 $\frac{1}{2}$  cents per share, an increase of 5.5%.

Despite unprecedented weather extremes for our facilities, customers, employees and communities, with a rare winter snow and ice storm in early 2015 and historic flooding this past fall, we continued to demonstrate operational excellence with safe and reliable operations for our customers. We were recognized by the Governor of our State for our support of government, law enforcement, and community efforts to provide assistance. One of our corporate values is to serve our community, and I am proud of the assistance we provided in the form of equipment, personnel and expertise. Our employees have a long history of demonstrating a giving spirit, but this year, that giving spirit was demonstrated well beyond our corporate charitable endeavors with many individual employees taking advantage of opportunities to serve our community.

We exceeded our 2015 total shareholder return target by ranking in the top 25% of our peer group of utilities and, despite challenges throughout the year, our financial performance remained positive.

During a very challenging 2015, we continued to move forward and make substantial progress on initiatives important to our company such as our new nuclear construction project and our recent initiative to offer renewable energy to our customers.

We completed the sale of two of our subsidiaries in early 2015 for a combined sales price of \$650 million. Our 2016 Proxy Statement includes a Board proposal for the declassification of our Board of Directors. Our Board is committed to strong corporate governance practices. In considering the prior shareholder proposals we have received, as well as the support of institutional investor groups for the annual election of directors, the Board has decided to once again propose an amendment to our Articles of Incorporation to declassify our Board of Directors and to submit it to our shareholders.

Enclosed are the Notice of Annual Meeting identifying the five proposals that will be presented at the meeting, and SCANA's Proxy Statement and form of proxy for the meeting. We are including SCANA's annual consolidated financial statements, management's discussion and analysis of financial condition and results of operations and related annual report information as an appendix to the Proxy Statement.

**Your vote is important.** We encourage you to read the Proxy Statement and vote your shares as soon as possible. Please vote today either by telephone or Internet, or by signing, dating and mailing your proxy card or broker's or other nominee's voting instruction form in the envelope enclosed. Telephone and Internet voting permits you to vote at your convenience, 24 hours a day, seven days a week. Detailed voting

**How do I vote shares that I hold directly in my name?**

## Edgar Filing: SCANA CORP - Form PRE 14A

If you hold your shares directly, you may vote by proxy or in person at the meeting. To vote by proxy, you may select one of the following options: telephone, Internet or mail.

### **Vote by Telephone:**

You may vote your shares by telephone using the toll-free number shown on your proxy card. Telephone voting is available 24 hours a day, seven days a week. Clear and simple voice prompts allow you to vote your shares and confirm that your instructions have been properly recorded. If you vote by telephone, please **DO NOT** return your proxy card.

## **Table of Contents**

### **Vote by Internet:**

You may vote your shares by Internet. The website for Internet voting is shown on your proxy card. Internet voting is available 24 hours a day, seven days a week. When you vote by Internet, you will be given the opportunity to confirm that your instructions have been properly recorded. If you vote by Internet, please **DO NOT** return your proxy card.

### **Vote by Mail:**

If you choose to vote by mail, please mark the enclosed proxy card, date and sign it, detach your meeting admission ticket, and return your proxy card in the enclosed postage-paid envelope.

### **If I hold my shares directly, what actions will the proxies take?**

If you hold your shares directly and indicate your voting choices on your proxy card, the persons identified as proxies on the accompanying proxy card will vote your shares according to your instructions. If your proxy card is signed and returned without specifying choices, the proxies intend to vote your shares FOR all of the Board of Director nominees, FOR Proposal 2 relating to approval of the appointment of Deloitte & Touche LLP as the independent registered public accounting firm for 2016, FOR Proposal 3 relating to the approval of an amendment to and restatement of the Director Compensation and Deferral Plan to provide for annual grant limits, FOR Proposal 4 relating to the approval of an amendment to and restatement of the Director Compensation and Deferral Plan to increase the number of shares that may be reserved for issuance under the Plan, and FOR Proposal 5 relating to the Board-proposed amendments to Article 8 of our Articles of Incorporation to declassify the Board of Directors and provide for the annual election of all directors.

The Board knows of no other matters to be presented for shareholder action at the Annual Meeting. If other matters are properly brought before the Annual Meeting, the persons identified as proxies on the accompanying proxy card intend to vote the shares represented by proxies in accordance with their best judgment.

### **How do I direct the vote of shares I hold in street name?**

If you hold shares in street name, you may direct your vote by submitting your voting instructions to your broker or nominee. Please refer to the voting instructions provided by your broker or nominee. ***Unless you provide voting instructions, your broker or other nominee is not permitted to vote your shares on the election of directors or on Proposals 3, 4 or 5. Therefore, to be sure your shares are voted, please instruct your broker or other nominee as to how you wish them to vote.***

### **How do I vote shares I hold as a participant in the SCANA Corporation 401(k) Retirement Savings Plan (formerly named the SCANA Corporation Stock Purchase-Savings Plan)?**

If you own shares of SCANA common stock as a participant in the SCANA Corporation 401(k) Retirement Savings Plan (formerly named the SCANA Corporation Stock Purchase-Savings Plan), you will receive a proxy card that covers only your Plan shares. Proxies executed by Plan participants will serve as voting instructions to the Plan's trustee. If you do not instruct the Plan's trustee how to vote your Plan shares, the Plan trustee will vote your shares proportionally to the Plan shares voted. As a result of this proportional voting, if voting instructions are given for only a small percentage of participant shares, the wishes of those participants would determine the vote by the Plan's trustee. Accordingly, the greater the number of participant shares for which participants execute proxies, the more representative the Plan trustee's vote will be.

### **May I change or revoke my proxy instructions?**

Yes, you may change or revoke your proxy instructions at any time prior to the vote at the Annual Meeting. If you hold your shares directly in your name, you may accomplish this by granting a new proxy (by telephone, Internet or mail) bearing a later date (which automatically revokes the earlier proxy) or by attending the Annual Meeting and voting in person. Attendance at the meeting will not cause your previously granted proxy to be revoked unless you specifically so request. If you hold your shares in street name, you may change or revoke your proxy instructions by properly submitting new voting instructions to your broker or nominee.

---

## **Table of Contents**

### **May I vote in person at the Annual Meeting?**

The method by which you vote will not limit your right to vote at the Annual Meeting if you decide to attend in person. However, if you wish to vote at the meeting and your shares are held in the name of a broker or other nominee of record, you must obtain a proxy executed in your favor from the holder of record prior to the meeting. Directions to the location of the Annual Meeting are on the back of the proxy card included with this mailing and on page 70.

### **What constitutes a quorum and how will votes be counted?**

At the close of business on the record date, March 1, 2016, there were 142,916,917 shares of SCANA common stock outstanding and entitled to vote at the Annual Meeting. Each share is entitled to one vote on each proposal.

The presence, in person or by proxy, of the holders of a majority of the shares entitled to vote at the Annual Meeting is necessary to constitute a quorum. Abstentions, withheld votes and broker non-votes are counted as present and entitled to vote for purposes of determining a quorum. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee has not received instructions from the beneficial owner and either (i) does not have discretionary voting power for that particular proposal, or (ii) chooses not to vote the shares.

If you hold your shares in street name, the broker or nominee is permitted to vote your shares on Proposal 2, the approval of the appointment of Deloitte & Touche, LLP as our independent registered public accounting firm, even if the broker or nominee does not receive voting instructions from you. However, a broker or nominee is *not* permitted to vote your shares on the election of directors or on Proposals 3, 4, or 5 unless you provide voting instructions. Accordingly, if you do not return a broker or nominee voting instruction card, or if you return a broker or nominee voting instruction card that does not indicate how you want your broker or nominee to vote on election of directors or on Proposal 3, 4, or 5, a broker non-vote will occur as to those matters. Therefore, it is very important that you provide your broker or nominee with voting instructions if your shares are held in street name.

### **What vote is needed to approve the matters submitted?**

#### ***Proposal 1 Election of Directors***

The affirmative vote of a plurality of the votes cast is required for the election of directors, subject to the Board of Directors' policy regarding resignations for directors who do not receive a majority of votes cast FOR the nominee. (See Governance Information Majority Voting for the Election of Directors. ) Plurality means that if there were more nominees than positions to be filled, the individuals who received the largest number of votes cast for directors would be elected as directors. Because there are the same number of nominees as positions to be filled, we expect all nominees to be elected. Votes indicated as withheld and broker non-votes will not be deemed cast for nominees and will have no effect on the outcome of the election, subject only to the majority voting policy for directors as mentioned above. If you hold your shares in street name and fail to instruct your broker or nominee how to vote, a broker non-vote on election of directors will occur with respect to your shares.

The Board knows of no reason why any of the nominees for director named herein would at the time of election be unable to serve. In the event, however, that any nominee named should, prior to the election, become unable to serve as a director, your proxy will be voted for such other person or persons as the Board may recommend.

#### ***Proposal 2 Approval of the Appointment of Deloitte & Touche LLP as the Independent Registered Public Accounting Firm for 2016***

The appointment of Deloitte & Touche LLP as our independent registered public accounting firm will be approved if more shares are voted for approval than are voted against. Accordingly, abstentions and broker non-votes will have no effect on the results. If you hold your shares in street name and fail to instruct your broker or nominee how to vote, your broker or nominee will, nonetheless, have discretionary authority to vote your shares if it chooses to do so.

**Table of Contents**

***Proposal 3 Approval of an Amendment to and Restatement of the Director Compensation and Deferral Plan to Implement Annual Limits on the Total Number of Shares That May Be Issued to Any Individual Participant Each Year***

The amendment to and restatement of the Director Compensation and Deferral Plan to include an annual limit on the number of shares that may be issued to any participant in a year will be approved if a majority of the votes cast on the proposal vote in favor of the proposal. Abstentions and broker non-votes will not be deemed cast and will have no effect on the results. If you hold your shares in street name and fail to instruct your broker or nominee how to vote, a broker non-vote on the proposal will occur with respect to your shares.

***Proposal 4 Approval of an Amendment to and Restatement of the Director Compensation and Deferral Plan to Increase the Number of Shares That May Be Reserved for Issuance Under the Plan***

The amendment to and restatement of the Director Compensation and Deferral Plan to increase by 150,000 shares the number of shares of common stock that may be reserved for issuance under the Plan will be approved if a majority of the votes cast on the proposal vote in favor of the proposal. Abstentions and broker non-votes will not be deemed cast and will have no effect on the results. If you hold your shares in street name and fail to instruct your broker or nominee how to vote, a broker non-vote on the proposal will occur with respect to your shares.

***Proposal 5 Approval of Board-Proposed Amendments to Article 8 of our Articles of Incorporation to Declassify the Board of Directors and Provide for the Annual Election of All Directors***

The proposal to amend our Articles of Incorporation to declassify the Board of Directors and provide for the annual election of all directors requires the affirmative vote of at least 80% of all outstanding shares of our common stock. Votes indicated as abstain and broker non-votes will have the effect of votes against the proposal. If you hold your shares in street name and fail to instruct your broker or nominee how to vote, a broker non-vote will occur with respect to your shares.

**Table of Contents****QUESTIONS AND ANSWERS ABOUT EXECUTIVE COMPENSATION****Have Any Changes Been Made to Short-Term and Long-Term Incentive Compensation Practices in Light of the Shareholder Advisory Votes on Executive Compensation?**

Yes. As discussed in the Company's 2015 Proxy Statement, in response to comments from proxy advisory firms, and taking into consideration the results of the 2014 shareholder advisory vote on our executive compensation, in July of 2014, our Compensation Committee asked management to engage its compensation consultant, Willis Towers Watson, to review our short-term annual incentive and our long-term equity compensation practices for comparability to executive compensation practices of our utility and general industry peers and general compensation best practices. Based on this review, Willis Towers Watson concluded that our executive compensation practices were generally in line with our peers, with a few exceptions. The Compensation Committee reviewed these exceptions, and recommended to the Board a number of changes for the executive compensation awards to be granted in 2015 from the awards granted over the past several years. Willis Towers Watson advised management that these changes would bring our practices more in line with our peers and current market practices.

These changes, which were implemented in 2015, included revising short-term annual incentive awards to equalize weighting of earnings per share goals and individual goals and to reduce the amount of discretionary award that can be paid, and revising long-term equity compensation awards to change the measurement of the performance cycles, increase the maximum payout, and change the mix of performance shares and restricted stock units, and are summarized below.

<b>Short-Term Annual Incentive Compensation</b>	<b>Previous Awards</b>	<b>2015 Awards</b>
Plan Weightings	25% of the annual cash incentive award was earned based on the extent to which we met designated earnings per share goals; and 75% of the cash incentive award was earned based on our Named Executive Officers and the other participants achieving individual and business unit performance objectives. The Compensation Committee reviewed and approved all senior executive officer individual and business unit objectives.	50% of the annual cash incentive award is earned based on the extent to which we meet designated earnings per share goals; and  50% of the award is earned based on our Named Executive Officers and the other participants achieving individual and business unit performance objectives. The Compensation Committee will continue to review and approve all senior executive officer individual and business unit objectives.
Discretionary Awards Above Target	Each year management could recommend to the Compensation Committee an additional discretionary payout of up to 20%, and the Board could award an additional 30% above that amount, for a potential total payout of up to 150% of target.	Payouts up to 130% of target awards based solely on the earnings per share goals are formulaic and not subject to discretion. The Board has the discretion to award up to an additional 20% above that amount, for a total potential payout of up to 150% of target.
<b>Long-Term Equity Compensation</b>	<b>Previous Awards</b>	<b>2015 Awards</b>
Plan Cycles	Performance measurement and award determinations for the performance shares for the three year periods were made on an annual basis with vesting and payment of awards being deferred until after the end of the three-year period. In recommending these changes to the Board, the Compensation Committee nonetheless reaffirmed its belief that, notwithstanding the deviations of certain aspects of our executive compensation practices from our peers' practices for the last several years, our practices were appropriately structured to address the financial and operational challenges we were facing during those years. The Compensation Committee noted that with nuclear construction we had undertaken the largest project in the history of our company, making extraordinary financial and operational commitments, at just the time the global financial markets experienced a significant and historic decline. Many of our customers and

suppliers experienced severe financial challenges, which impacted our earnings and financial results. If

our incentive compensation during this period had placed too much emphasis on financial targets, we would have provided little incentive to the people whose services and skills we most needed in order to weather the economic downturn and continue to deliver on our nuclear commitments.

However, we have continued through the past several years to listen to the comments by shareholders and proxy advisory firms, and the Compensation Committee wanted to return to more market-based executive compensation practices as soon as it made sense to do so. Given that the financial markets have stabilized somewhat, and we are making progress with our nuclear construction, the Compensation Committee believed it was appropriate to make these changes. The Compensation Committee continues, however, to be committed to offering incentive compensation programs that are fair to the Company and to the employees we want to motivate. Accordingly, the Compensation Committee recognizes that structuring our executive compensation practices will continue to be a dynamic process.

## **INFORMATION ABOUT EXPERIENCE AND QUALIFICATION OF DIRECTORS**

### **AND NOMINEES**

We believe the combined business and professional experience of our Directors, and their various areas of expertise, make them a useful resource to management and qualify them for service on our Board. Many of our Directors, including Ms. Miller and Messrs. Bennett, Hagood, and Sloan, have served on our Board for over fifteen years. During their tenures, they have gained considerable institutional knowledge about our Company, its operations, and its various regulators, which has made them effective Directors. Because our Company's operations and business structure are extremely complex and highly regulated, continuity of service and the development and retention of institutional knowledge help make our Board more efficient and effective at advising us regarding our long-range plans than it would be if there were frequent turnover in Board membership. Nonetheless, we also believe it is important to have varying degrees of tenure on our Board, and we currently have three Directors with less than four years' experience serving on our Board. We believe a wide range of tenure, and periodically bringing new members onto the Board, allows our Board the opportunity to consider new ideas and processes while the experience of our more tenured Directors offers specific, historical perspectives on our strengths and weaknesses.

In addition to their other qualifications, six of our directors, Ms. Miller and Mrs. Decker and Messrs. Cecil, Hagood, Roquemore and Sloan, are, or were prior to retirement, business owners with financial and operational experience on all levels of their businesses. Each of these Directors brings a unique perspective to our Board. In addition, five of our directors, Ms. Miller and Messrs. Bennett, Marsh, Roquemore and Sloan, are, or have been, directors or executive officers of banks and/or bank holding companies. This service has provided them with meaningful experience in another highly regulated industry, which provides them with valuable instincts and insights that can be translated to our industry.

When Directors reach mandatory retirement age or otherwise leave our Board, we seek replacements who we believe will make significant contributions to our Board for a variety of reasons, including among others, business and financial experience and expertise, business and government contacts, relationship skills and industry knowledge. We also continually seek diversity on our Board, including diversity in skill sets, racial and cultural backgrounds, gender, and personal and business experiences.

### **Independent Director Recruiting**

In October 2012, the Nominating and Governance Committee directed management to retain an independent executive recruiting firm to assist the Committee in identifying and evaluating potential director candidates who meet the Director Qualification Criteria discussed on page 22. During 2014 and 2015, the Nominating and Governance Committee considered certain candidates known to management and the Board, but did not formally engage in recruiting activities with the independent executive recruiting firm in order to consider the candidates known to the Board.

Our two new Directors, Mrs. Decker and Mr. Aliff, were elected to the Board in October 2015 to serve until the 2016 Annual Shareholder's Meeting. Although as mentioned above, the Board has used the services of a director recruitment firm in the past to identify board candidates, both of the new director nominees were previously known to the members of our Board. Mrs. Decker previously served on our Board from 2005 until 2013 when she resigned to

serve as the Secretary of Commerce for the State of North Carolina, so our Board was familiar with her skills and experience, both as a professional and as a board member. Mr. Aliff was recommended to the Nominating and Governance Committee by our Chairman of the Board, Mr. Marsh, who knew Mr. Aliff both from Mr. Aliff's Deloitte and Touche career and also through his published materials on the utility industry.

**PROPOSAL 1 ELECTION OF DIRECTORS**

Effective at the Annual Meeting, the Board has set the number of Directors at eleven. The Board is divided into three classes with the members of each class usually serving a three-year term. The terms of the Class II Directors will expire at the Annual Meeting. The Board has decided to nominate the existing Class II Directors (other than Mr. Stowe, who is retiring effective at the Annual Meeting), Mrs. Decker and Messrs. Aliff, Marsh and Micali for reelection at the Annual Meeting of Shareholders to serve until the 2019 Annual Meeting of Shareholders, or until their successors are elected and qualified to serve. Because Mr. Micali will reach the age of 70 in December 2017, his term as a director will expire in accordance with our articles of incorporation as of the Annual Meeting of Shareholders in 2017.

The Nominating and Governance Committee consists entirely of independent directors. The Committee identifies individuals whom the Committee believes are qualified to become Board members in accordance with the nominating criteria set forth below under Governance Information Director Qualification Criteria (the Director Qualification Criteria ), and recommends that the Board select such individuals as nominees to stand for election at each Annual Meeting of Shareholders of SCANA. In addition, the Committee reviews and evaluates all persons recommended by shareholders to be Board nominees for director in accordance with the Director Qualification Criteria, evaluates the qualifications and performance of incumbent directors and determines whether to recommend them to the Board for re-election, and in the case of a Board vacancy (including a vacancy created by an increase in the size of the Board), recommends to the Board in accordance with the Director Qualification Criteria an individual to fill such vacancy either through appointment by the Board or through election by shareholders.

The Committee also reviews the independence of SCANA’s Directors as defined by the New York Stock Exchange and as set forth in SCANA’s Governance Principles and makes recommendations to the Board regarding director independence. The Committee reviews the level and form of director compensation and recommends changes to the Board for consideration and approval. At least annually, the Committee reviews the level of SCANA stock ownership by directors to determine if each director is in compliance with the Company’s minimum share ownership requirement. Additionally, the Committee reviews reports and disclosures of insider and affiliated party transactions and makes recommendations to the Board regarding such transactions.

The Committee periodically evaluates the desirability of, and recommends to the Board, any changes in the size, composition, organization and operational structure of the Board. Also, the Committee, annually, or to fill vacancies, identifies Board members qualified to serve on committees of the Board in accordance with the Board Committee Member Qualifications, and recommends such persons to the Board for appointment to such committees, including a recommended Chairperson for each committee, as well as annually, or to fill vacancies, recommends to the Board the appointment of a Lead Director. The Committee annually reviews the membership and responsibilities of Board committees and recommends to the Board any changes that may be appropriate, and reviews and revises as necessary, SCANA’s Governance Principles, taking into account provisions of the Securities Exchange Act of 1934, the listing standards of the New York Stock Exchange and any other source or sources the Committee deems appropriate. The Committee also provides guidance and assistance, as needed, to the Board in performing the Board’s annual self evaluation.

The Committee met six times during 2015. For a full list of responsibilities, see the Nominating and Governance Committee’s Charter at [www.scana.com](http://www.scana.com) (which is not intended to be an active hyperlink; the information on SCANA’s website is not part of this proxy statement or any report filed with the Securities and Exchange Commission) under the caption About Corporate Governance Nominating and Governance Committee.

**Nuclear Oversight Committee**

The Nuclear Oversight Committee consists entirely of independent directors. The Committee meets at least quarterly to monitor, discuss, and evaluate our nuclear operations, which include regulatory matters, operating

results, training and other related topics. The Committee periodically tours the V.C. Summer Nuclear Station and its training facilities.

The Committee also reviews with the Institute of Nuclear Power Operations, on a periodic basis, its appraisal of our nuclear operations. Additionally, the Committee routinely presents an independent report to the Board on the status of our nuclear operations. The Committee met four times during 2015.

**GOVERNANCE INFORMATION**

**Governance Principles**

Our Governance Principles can be found on our website at [www.scana.com](http://www.scana.com) (which is not intended to be an active hyperlink; the information on SCANA's website is not part of this proxy statement or any report filed with the Securities and Exchange Commission) under the "About Corporate Governance" Governance Principles caption, and are also available in print upon request to the Corporate Secretary, SCANA Corporation, 220 Operation Way, Mail Code D133, Cayce, South Carolina 29033.

**Director Independence**

Our Governance Principles require that a majority of our directors be independent under the New York Stock Exchange Listing Standards and under any Director Qualification Standards recommended by the Board of Directors. To be considered independent pursuant to the SCANA Director Qualification Standards, a director must be determined by resolution of the Board as a whole, following thorough deliberation and consideration of all relevant facts and circumstances, to have no material relationship with us except that of director and to satisfy the independence standards of the New York Stock Exchange. Under the SCANA Director Qualification Standards, a director is required to be unencumbered and unbiased and able to make business judgments in our long-term interests and those of our shareholders as a whole, to deal at arm's length with us, and to disclose all circumstances material to the director that might be perceived as a conflict of interest. The Director Qualification Standards are set forth in our Governance Principles, which are available on our website as noted above and further described herein under "Director Qualification Criteria" on page 22.

Our Governance Principles also prohibit Audit Committee members from having any direct or indirect financial relationship with us other than the ownership of our securities and compensation as directors and committee members.

The Board has determined that all of our current directors and director nominees, except Mr. Marsh who is our current Chairman, President, Chief Executive Officer and Chief Operating Officer, are independent under the New York Stock Exchange Listing Standards and our Governance Principles. The Board has also determined that each member of the Audit Committee, Compensation Committee, and Nominating and Governance Committee is independent under the New York Stock Exchange Listing Standards and our Governance Principles.

**Board Leadership Structure, Executive Sessions of Non-Management Directors and Lead Director**

Our bylaws provide for a Chairman of the Board, to be chosen by the Board from among its members, who shall, if present, preside at meetings of the shareholders and Board of Directors, who may call special meetings of the shareholders and the Board of Directors, and who shall perform such other duties as may be assigned by the Board. The bylaws also permit the Chief Executive Officer, if he or she is a member of the Board, to be chosen as the Chairman. Our Governance Principles provide for the positions of Chairman and Chief Executive Officer to be held by the same person, and for more than 20 years, our Chief Executive Officer has been chosen as Chairman of the Board.

We believe this leadership structure is appropriate because it has served us well for over two decades, and because all of our current directors are independent, except Mr. Marsh, who is our Chairman, Chief Executive Officer, President and Chief Operating Officer. Many of our directors also live and work, or have substantial business interests in our service area; therefore, they have access to information about us and our operations from sources other than our management's presentations to the Board. Further, South Carolina law and our bylaws make it clear that the business and affairs of the Company are managed under the direction of the Board of Directors, and that management control is subject to the authority of the Board of Directors to appoint and remove any of our officers at any time.

To promote open discussion among themselves, our independent directors meet regularly in executive session without members of management present. The Board annually elects a Lead Director to preside at all meetings at which the Chairman is not present, including executive sessions of the independent directors held at each regularly scheduled Board meeting. In 2015, Mr. Stowe was elected Lead Director to serve until the 2016 Annual Meeting of Shareholders. After the 2016 Annual Shareholders' Meeting, the Board will again appoint a Lead Director to serve until the 2017 Annual Meeting of Shareholders. The Lead Director also has the authority to call meetings of the

independent directors when necessary or appropriate. The Chairs of the Audit, Compensation, Nuclear Oversight, and Nominating and Governance Committees of the Board each preside as the Chair at meetings of independent directors at which the Lead Director is not present when the principal items to be considered are within the scope of authority of his or her Committee.

### **Board's Role in Risk Oversight**

As noted above, our business and affairs are managed under the direction of our Board of Directors. This includes the Board overseeing the types and amounts of risks undertaken. In discharging its oversight responsibilities, the Board relies on a combination of the business experience of members of the Board and the expertise and business experience of our officers and employees, as well as, from time to time, advice of various consultants and experts. An appropriate balancing of risks and potential rewards with the long-term goals of the Company is, and historically has been, implicit in the decisions and policies of the Board. Because risk oversight is so thoroughly interwoven into the direction of the Board, other than as set forth below, no special provision has been made for that oversight in the Board's leadership structure.

The Board has established a senior officer-level Risk Management Committee which reports directly to the Audit Committee of the Board. The Risk Management Committee is comprised of the Company's senior executive officers, one of whom is the Risk Management Officer, and the Chief Information Officer. The Company's Chief Executive Officer serves as Chair of the Risk Management Committee. Committee membership is comprised of senior executive officers in order to bring together expertise in general business and all operational areas, as well as finance, legal, administrative and regulatory areas. The Risk Management Officer oversees a staff of 9 employees with primary responsibilities in the area of risk management.

The Risk Management Committee conducts regularly scheduled meetings at which the Committee receives presentations from management representatives. The Committee also meets as needed between regularly scheduled meetings. Pursuant to authority granted by the Board of Directors, the Committee sets policies and guidelines for risk management. The Committee has also established extensive sub-committees with expertise tailored to the review, discussion and monitoring of risks of a particular operation.

At each quarterly meeting of the Board, the Audit Committee receives a report from the Risk Management Officer. Several members of the Risk Management Committee are also present at the Audit Committee meetings to provide details of the Committee's work and respond to questions raised by Audit Committee members. Also, at each quarterly meeting of the Board of Directors, the Board reviews and discusses a report prepared by the Company's Risk Management Officer and approved by the Risk Management Committee, which sets forth certain high-level risks identified by the Company's senior executive officers and others. The report also provides the current status of such high-level risks, and further identifies where the primary responsibility for risk oversight resides, including both at the Board and Committee level, and identifies the senior executive officer who has primary responsibility for oversight of the particular risk.

### **Director Nomination Process**

The Nominating and Governance Committee recommended to the Board the individuals nominated for Director positions at the Annual Meeting.

The Nominating and Governance Committee will consider for recommendation to the Board as Board of Directors' nominees, candidates recommended by shareholders if the shareholders comply with the following requirements. If a shareholder wishes to recommend a candidate to the Nominating and Governance Committee for consideration as a Board of Directors' nominee, such shareholder must confirm his or her share ownership and submit in writing to the Nominating and Governance Committee the recommended candidate's name, a brief resume setting forth the recommended candidate's business and educational background and qualifications for service, and a notarized consent signed by the recommended candidate stating the recommended candidate's willingness to be nominated and to serve. This information must be delivered to the SCANA Nominating and Governance Committee, c/o the Corporate Secretary at the Company's address and must be received no later than 120 days prior to the first anniversary of the date of the proxy statement sent to shareholders in connection with the preceding year's annual meeting for a potential candidate to be considered as a potential Board of Directors' nominee. The Nominating and Governance Committee may request further information if it determines a potential candidate may be an appropriate nominee. Director candidates recommended by shareholders that comply with these requirements will be considered on the same basis as candidates otherwise chosen by the Nominating and Governance Committee.

## **Table of Contents**

Director candidates recommended by shareholders will not be considered for recommendation by the Nominating and Governance Committee as potential Board of Directors nominees if the shareholder recommendations are received later than 120 days prior to the first anniversary of the date of the proxy statement sent to shareholders in connection with the preceding year's annual meeting. If the Nominating and Governance Committee chooses not to recommend a shareholder candidate as a Board of Directors nominee, or if a shareholder chooses to personally nominate a candidate, the shareholder may come to an annual meeting and nominate a director candidate for election at the annual meeting if the shareholder has given notice of his or her intention to do so in writing to the SCANA Corporate Secretary at least 120 days prior to the first anniversary of the date of the proxy statement sent to shareholders in connection with the preceding year's annual meeting. Such shareholder nominations must also comply with the other requirements in our bylaws. Any shareholder may request a copy of the relevant bylaw provision by writing to the Office of the Corporate Secretary, SCANA Corporation, 220 Operation Way, Mail Code D133, Cayce, South Carolina 29033. Nominations not made in accordance with these requirements may be disregarded by the presiding officer of the meeting, and upon his or her instructions, the voting inspectors shall disregard all votes cast for each such nominee.

### **Director Qualification Criteria**

In identifying and evaluating potential nominees, the Nominating and Governance Committee Charter directs the Committee to take into account applicable requirements for directors under the Securities Exchange Act of 1934, the Listing Standards of the New York Stock Exchange and the Director Qualification Standards in our Governance Principles, including our policy that a majority of our directors be independent.

The Nominating and Governance Committee may take into consideration such other factors and criteria as it deems appropriate in evaluating a candidate, including his or her knowledge, expertise, skills, integrity, judgment, business or other experience and reputation in the business community, the interplay of the candidate's experience with the experience of other Board members, diversity, and the extent to which the candidate would be a desirable addition to the Board and any committees. Although the Nominating and Governance Committee does not have a specific policy with regard to the consideration of diversity in identifying director nominees, the Committee considers racial, cultural and gender diversity, as well as diversity in business and personal experience and skill sets among all of the directors as part of the total mix of information it takes into account in identifying nominees. Additionally, the Director Qualification Standards set forth in our Governance Principles include the following:

Directors must possess and have demonstrated the highest personal and professional ethics, integrity and values consistent with ours;

Directors must be unencumbered and unbiased and able to make business judgments in our long-term interests and those of our shareholders as a whole;

Directors must deal at arm's length with us and our subsidiaries and disclose all circumstances material to the director that might be perceived as a conflict of interest;

Directors must be committed to the enhancement of the long-term interests of our shareholders;

Directors must be willing to challenge the strategic direction of management, exercising mature judgment and business acumen;

Directors must be willing to devote sufficient time and care to the exercise of their duties and responsibilities;

Directors must possess significant experience in management positions of successful business organizations;

Directors who serve as chief executive officers or equivalent positions should not serve on more than two boards of public companies in addition to our Board; other directors should not serve on more than four boards of public companies in addition to our Board; and

The term of office of a director who is not a salaried employee of SCANA will expire at the annual meeting next preceding the date on which such director attains age 70. Our bylaws require that our independent directors hold SCANA common stock equal to the number of shares granted in the five most recent annual stock retainers, as such retainer may be adjusted from time to time.

## **Table of Contents**

### **Director Share Ownership Requirements**

As noted in the Director Qualification Standards set forth in the preceding section, our bylaws require that our independent directors hold SCANA common stock equal to the number of shares granted in the five most recent annual stock retainers. Currently, a portion of the retainer fees paid to independent directors is required to be paid in shares of our common stock. For 2015, the number of shares issued to each independent director to satisfy the annual stock retainer was 2,067. The stock retainer is prorated and as such, the number of shares issued to each of our new Directors, Mr. Aliff and Mrs. Decker, to satisfy the annual stock retainer was 485. As of February 2016, all independent directors whose terms will continue after the Annual Meeting, or who have been nominated for reelection, met this stock ownership requirement, with the exception of our newest directors Mrs. Decker and Messrs. Aliff, Cecil and Trujillo who are all currently on track to meet the requirement. Directors Decker and Aliff have until October 2021 and Directors Cecil and Trujillo have until October 2019 to acquire the required level of stock ownership. All subsequently elected independent directors will have six years from the date of their election to the Board to meet the requirement. The Nominating and Governance Committee conducts an annual review of the level of share ownership for each independent director to ensure compliance with the requirement. The Nominating and Governance Committee also has the discretion to grant a temporary waiver of the minimum share ownership requirement if an independent director demonstrates to the Nominating and Governance Committee that such a waiver is appropriate due to a financial hardship or for other good reason.

Under the Director Compensation and Deferral Plan, independent directors may make an annual irrevocable election to defer all or a portion of the annual stock retainer fee into a hypothetical investment in our common stock, with distribution from the Plan to be ultimately payable in shares of our common stock. Independent directors may also elect for other fees to be deferred into a hypothetical investment in our common stock under the Plan, with distribution from the Plan to be ultimately payable in shares of common stock. Shares held directly and amounts deferred pursuant to the Director Compensation and Deferral Plan and denominated in shares are taken into consideration in determining if our independent directors meet the minimum share ownership requirement under our bylaws. Beginning in 2015, eligible Directors may also defer all of their annual stock retainer fees into a hypothetical investment in our common stock under the Executive Deferred Compensation Plan, and those shares are also taken into consideration in determining if our Directors meet the minimum share ownership requirements. See Executive Compensation Executive Deferred Compensation Plan beginning on page 49, and Director Compensation Director Compensation and Deferral Plan on page 58.

### **Majority Voting for the Election of Directors**

Our Company and our Board are supportive of majority voting for Directors, and we continue to evaluate how we can further implement majority voting for directors. Our Governance Principles provide for a majority voting policy for the election of our directors, pursuant to which each director nominee agrees that, as a condition to being nominated, if, in an uncontested election of directors, such nominee receives a greater number of votes cast as withheld from his or her election than votes cast as for his or her election, then such nominee will, within five days following the certification of the shareholder vote, tender his or her written resignation to the Chairman of the Board for consideration by the Nominating and Governance Committee. The Nominating and Governance Committee will consider such tendered resignation, and promptly following the date of the shareholders meeting at which the election occurred, will make a recommendation to the Board concerning the acceptance or rejection of such resignation. In determining its recommendation to the Board, the Nominating and Governance Committee will consider all factors deemed relevant by the members of the Committee including, without limitation, the stated reason or reasons why shareholders who cast withhold votes for the director did so, the qualifications of the director (including, for example, the impact that the director's resignation would have on the Company's compliance with the requirements of the Securities and Exchange Commission, the New York Stock Exchange and our Corporate Governance Principles), and whether the director's resignation from the Board would be in the best interests of the Company and its shareholders.

The Nominating and Governance Committee also will consider a range of possible alternatives concerning the director's tendered resignation as members of the Committee deem appropriate, including, without limitation, acceptance of the resignation, rejection of the resignation, or rejection of the resignation coupled with a commitment to seek to address and cure the underlying reasons reasonably believed by the Nominating and Governance Committee to have substantially resulted in the withheld votes. The Board will take formal action on the Nominating and Governance Committee's recommendation no later than 90 days following the date of the shareholders meeting at which the election occurred. Following the Board's decision on the Nominating and Governance Committee's recommendation, the Company will promptly disclose, in a Form 8-K filed with the Securities and Exchange

Commission, the Board's decision, together with a full explanation of the process by which the decision was made and, if applicable, the Board's reason or reasons for rejecting the tendered resignation.

### **Communications with the Board of Directors, Including Non-Management Directors**

Shareholders and other interested parties can communicate with the Board, with the independent directors as a group or with any director by writing to them, c/o Gina Champion, Corporate Secretary, SCANA Corporation, 220 Operation Way, Mail Code D133, Cayce, South Carolina 29033, or by sending an e-mail to [SCANAINdependentdirectors16@scana.com](mailto:SCANAINdependentdirectors16@scana.com) (for correspondence to the independent directors), to [SCANACHairman16@scana.com](mailto:SCANACHairman16@scana.com) (for correspondence to the CEO/Chairman) or to [gchampion@scana.com](mailto:gchampion@scana.com) (for correspondence to a particular director). Interested parties also may communicate with the chair of the following Committees by sending an e-mail to: [auditchair16@scana.com](mailto:auditchair16@scana.com), [compensationchair16@scana.com](mailto:compensationchair16@scana.com), or [nomandgovchair16@scana.com](mailto:nomandgovchair16@scana.com). The Corporate Secretary may initially review communications to Directors and send a summary to the Directors, but has discretion to exclude from transmittal any communications that are commercial advertisements or other forms of solicitation or individual service or billing complaints (although all communications are available to the Directors at their request). The Corporate Secretary will forward to the Directors any communications raising substantive issues.

### **Prohibition on Hedging, Margining or Pledging of Shares**

Our Insider Trading Policy prohibits officers, directors, employees and related persons from pledging, margining or engaging in hedging transactions with respect to shares of the Company's common stock.

### **SCANA's Code of Conduct & Ethics**

All of our employees (including the Chief Executive Officer, Chief Financial Officer, President and Controller) and Directors are required to abide by the SCANA Code of Conduct & Ethics (the Code of Conduct) to ensure that our business is conducted in a consistently legal and ethical manner. The Code of Conduct forms the foundation of a comprehensive process that promotes compliance with corporate policies and procedures, an open relationship among colleagues that contributes to good business conduct, and a belief in the integrity of our employees. Our policies and procedures cover all areas of business conduct and require adherence to all laws and regulations applicable to the conduct of our business.

The full text of the Code of Conduct is published on our website, at [www.scana.com](http://www.scana.com) (which is not intended to be an active hyperlink; the information on SCANA's website is not part of this proxy statement or any report filed with the Securities and Exchange Commission) under the About Corporate Governance caption, and a copy is also available in print upon request to the Corporate Secretary, SCANA Corporation, 220 Operation Way, Mail Code D133, Cayce, South Carolina 29033. We intend to disclose future amendments to, or waivers from, certain provisions of the Code of Conduct on our website within two business days following the date of such amendment or waiver.

**RELATED PARTY TRANSACTIONS**

Our Governance Principles and Nominating and Governance Committee Charter address independence requirements for our Directors. As part of our independence analysis, our Nominating and Governance Committee must review and assess any related party transactions involving our Directors and their immediate family members and certain of their affiliates as required by the New York Stock Exchange Listing Standards. Our Governance Principles also address Director requirements for avoidance of conflicts of interest and disclosure of conflicts of interest or potential conflicts of interest, and prohibit loans or extensions of credit to Directors. Our Code of Conduct addresses requirements for avoidance of conflicts of interest by all of our employees. Our Governance Principles, Nominating and Governance Committee Charter and Code of Conduct are all written documents. With the exception of annual director and officer questionnaires, our Governance Principles, our Code of Conduct, and our Nominating and Governance Committee Charter, there are no additional written policies and procedures relating to the review, approval or ratification of related party transactions by the Board.

To help us perform our independence and related party transaction analysis, we require that each senior executive officer, executive officer, director and director nominee complete an annual questionnaire and report all transactions with us in which such persons (or their immediate family members and certain of their affiliates) had or will have a direct or indirect material interest (except for salaries and other compensation and benefits, directors' fees, and dividends on our stock). It is our general intention to avoid such transactions. Our General Counsel reviews responses to the questionnaires and any other information about related party transactions that may be brought to his attention. We use the questionnaires and the annual Code of Conduct training to help ensure the effective implementation and monitoring of compliance with such policies and procedures. If any such related party transactions are disclosed, they are reviewed by the Nominating and Governance Committee pursuant to the requirements of its Charter. If appropriate, any such transactions are submitted to the Board for approval.

The Nominating and Governance Committee does not use any formal written standards in determining whether to submit a related party transaction to the Board for approval. As noted above, we attempt to avoid such transactions altogether. On the rare occasions when such transactions have arisen, our Nominating and Governance Committee, which is comprised solely of independent Board members, reviewed the proposed or actual transactions and utilized their business judgment to determine which of them should be submitted for review to the full Board. In practice, all such transactions that have arisen in recent years have been reviewed by the full Board, even when they were well below the threshold for proxy statement disclosure and below the threshold at which director independence could be compromised.

The types of transactions that have been reviewed in the past include the purchase and sale of goods, services or property from companies for which our Directors serve as executive officers or Directors, the purchase of financial services and access to lines of credit from banks for which our directors serve as executive officers or directors, and senior executive officer relocation and severance benefits. During 2015, the only related party transactions discussed and approved were the severance benefits provided to, and post-retirement agreements with, a former named executive officer, all of which were disclosed in our 2015 Proxy Statement, and are disclosed in the Summary Compensation Table and footnotes thereto on page 44 of this Proxy Statement.

**EXECUTIVE COMPENSATION**

**Compensation Committee Processes and Procedures**

Our Compensation Committee, which is comprised entirely of independent directors, administers our senior executive compensation program. Compensation decisions for all senior executive officers are approved by the Compensation Committee and recommended by the Committee to the full Board for final approval. The Committee considers recommendations from our Chairman and Chief Executive Officer in setting compensation for senior executive officers.

In addition to attendance by members of the Compensation Committee, the Committee's meetings are also regularly attended by our Chairman and Chief Executive Officer, our Senior Vice President of Administration and Human Resources Department employees, as well as management's and the Board's compensation consultants. At each meeting the Committee also meets in executive session without members of management present. The Chairman of the Committee reports the Committee's recommendations on executive compensation to the Board of Directors. Our Human Resources, Tax and Finance Departments support the Compensation Committee in its duties, and the Committee may delegate authority to these departments to fulfill administrative duties relating to our compensation programs.

The Committee has the authority under its Charter to retain, approve fees for, and terminate advisors, consultants and others as it deems appropriate to assist in the fulfillment of its responsibilities. Since 2012, the Committee has engaged the services of its own independent compensation consultant, Pearl Meyer & Partners. Prior to 2012, the Committee had not historically retained its own compensation consultant, but rather used relevant information provided to us by management's consultant, Willis Towers Watson. The Committee used this information to assist it in carrying out its responsibilities for overseeing matters relating to compensation plans and compensation of our senior executive officers. The Committee continues to use information provided by Willis Towers Watson, but with advice from Pearl Meyer & Partners. Using information provided by a national compensation consultant helps assure the Committee that our policies for compensation and benefits are competitive and aligned with utility and general industry practices. However, the Committee believes that engaging its own independent compensation consultant eliminates the appearance of any potential conflict of interest that might arise due to management's consultant also performing other services for the Company. Pearl Meyer & Partners does not perform any additional services for the Company.

The Compensation Committee has assessed the independence of Pearl Meyer & Partners pursuant to Securities and Exchange Commission rules and New York Stock Exchange Listing Standards and determined that Pearl Meyer & Partners' work for the Compensation Committee does not raise any conflict of interest. Willis Towers Watson continues to serve as management's executive officer and director compensation consultant.

**Compensation Committee Interlocks and Insider Participation**

During 2015, decisions on various elements of executive compensation were made by the Compensation Committee. No officer, employee, former officer or any related person of SCANA or any of its subsidiaries served as a member of the Compensation Committee.

The directors who served on the Compensation Committee during 2015 were:

*Mr. Maceo K. Sloan, Chairman*

*Mr. James A. Bennett*

*Mr. John F. A. V. Cecil*

*Mr. James M. Micali*

*Mr. James W. Roquemore*

*Mr. Harold C. Stowe*

**Compensation Risk Assessment**

Our Human Resources, Risk Management, and Legal Departments have jointly reviewed our compensation policies and procedures to determine whether they present a significant risk to the Company. Based on this review we have concluded that our compensation policies and procedures for all employees are not reasonably likely to have a material adverse effect on the Company. Our annual incentive compensation plans for all employees are structured such that appropriate limits are in place to discourage excessive risk taking. In addition, all leadership level employees

who are in a position to effect significant policies or projects have compensation at risk on both a short- and long-term basis, which we believe discourages excessive risk taking and encourages supervision of any risk related activities by other employees. Our compensation programs and policies, including our senior executive officer share ownership requirements, reward consistent, long-term performance by heavily weighting leadership level compensation to long-term incentives that reward stock, financial, and operating performance. In addition, all of our senior executive officers, who are also members of our Risk Management Committee, oversee and approve individual and business unit objectives for their areas of responsibility so they are positioned to report any risk associated with such individual or business unit objectives to the Risk Management Committee.

## **Compensation Discussion and Analysis**

### **Objectives and Philosophy of Executive Compensation**

Our senior executive compensation program is designed to support our overall objective of increasing shareholder value by:

Hiring and retaining premier executive talent;

Having a pay-for-performance philosophy that links total rewards to achievement of corporate, business unit and individual goals, and places a substantial portion of pay for senior executives at risk;

Aligning the interests of executives with the long-term interests of shareholders through long-term equity-based incentive compensation; and

Ensuring that the elements of the compensation program focus on and appropriately balance our financial, customer service, operational and strategic goals, all of which are crucial to achieving long-term results for our shareholders.

We have designed our compensation program to reward senior executive officers for their individual and collective performance and for our collective performance in achieving goals for growth in earnings per share and total shareholder return and other annual and long-term business objectives. We believe our program performs a vital role in keeping executives focused on improving our performance and enhancing shareholder value while rewarding successful individual executive performance in a way that helps to assure retention.

The following discussion provides an overview of our compensation program for all of our senior executive officers (for 2015, a group of 10 people who are at the level of senior vice president and above), as well as a specific discussion of compensation for our Chief Executive Officer, our Chief Financial Officer and the other executive officers named in the Summary Compensation Table that follows this Compensation Discussion and Analysis. In this discussion, we refer to the executives named in the Summary Compensation Table as Named Executive Officers.

### **Principal Components of Executive Compensation**

During 2015, senior executive compensation consisted primarily of three key components: base salary, short-term cash incentive compensation, and long-term equity-based incentive compensation (under the shareholder-approved Long-Term Equity Compensation Plan). We also provide various additional benefits to senior executive officers, including health, life and disability insurance plans, retirement plans, change in control arrangements, limited perquisites, and, if appropriate, severance and termination benefits. The Compensation Committee makes its decisions about how to allocate senior executive officer compensation among base salary, short-term cash incentive compensation and long-term equity-based incentive compensation on the basis of market information and analysis provided by management's compensation consultant, and our goals of remaining competitive with the compensation practices of a group of surveyed companies and of linking compensation to our corporate performance and individual senior executive officer performance. We also evaluate the market information for specific positions to ensure we account for internal equity considerations. At the Committee's discretion, information used or provided by management, or provided by management's compensation consultant to assist the Committee in making its decisions, may be reviewed by the Committee's independent compensation consultant, Pearl Meyer & Partners.

A more detailed discussion of each of these components of senior executive officer compensation, the reasons for awarding such types of compensation, the considerations in setting the amounts of each component of compensation, the amounts actually awarded for the periods indicated, and various other related matters are set forth in the sections below.

### **Factors Considered in Setting Senior Executive Officer Compensation**

#### *Use of Market Surveys and Peer Group Data*

We believe it is important to consider comparative market information about compensation paid to executive officers of other companies in order to remain competitive in the executive workforce marketplace. We want to attract and retain highly skilled and talented senior executive officers who have the ability to carry out our short- and long-term goals. To do so, we must be able to compensate them at levels that are competitive with compensation offered by other companies in our business or geographic marketplace that seek similarly skilled and talented executives. Accordingly, we consider market survey results in establishing all components of compensation. The market survey information is provided to us approximately every other year by management's compensation consultant. In years in which management's consultant does not provide us with market survey information, and when we require updated information, our process may be to apply an aging factor to the prior year's information with assistance from management's consultant, based on its experience in the marketplace. Compensation decisions for 2015 were based on a compensation survey performed in 2013 by management's compensation consultant, Willis Towers Watson. Prior to management's consultant conducting the market survey, we assist management's consultant in understanding the key duties and responsibilities of our positions, which enables the consultant to match our positions with benchmark positions in its database. If management's consultant is unable to find an exact match for one of our positions in the consultant's database due to variances in duties and/or position level, we may assist management's consultant in identifying the most similar position. The market survey information may then be adjusted upward or downward as necessary to match the position as closely as possible.

Our goal is to set base salary and short- and long-term incentive compensation for our senior executive officers at the median (50th percentile) of compensation paid for similar positions by the companies included in the market surveys. We generally set our target at the median because we believe this target will meet the requirements of most of the persons we seek to hire and retain in our geographic area, and because we believe it is fair both to us and to the executives. Variations to this objective may, however, occur as dictated by the experience level of the individual, internal equity, need for specialized talent, and market factors. We do not set a target level for broad-based benefits for our senior executive officers, but we believe our broad-based benefits are approximately at the median.

The companies included in the market survey are a group of utilities and general industry companies of various sizes in terms of revenue. Approximately half of the companies included in the 2013 market survey had substantially the same levels of annual revenues as we had, while the remainder had revenues ranging from one-third to not greater than 3.8 times our revenues. Market survey results for positions may be size-adjusted using regression analysis to account for these differences in company revenues, which in turn are viewed as a proxy for measuring the relative scope and complexity of the business operations.

The companies included in the 2013 market survey we used in connection with setting base salaries and short- and long-term incentive compensation for 2015, and the states in which they are headquartered are listed below:

**Utility Industry:** AGL Resources, Inc. (GA); Alliant Energy Corporation (WI); Ameren Corporation (MO); Avista Corp. (WA); CenterPoint Energy, Inc. (TX); CMS Energy Corporation (MI); Dominion Resources, Inc. (VA); Duke Energy Corporation (NC); NextEra Energy, Inc. (FL); Northeast Utilities (CT); OGE Energy Corporation (OK); Pepco Holdings, Inc. (DC); Pinnacle West Capital Corporation (AZ); Portland General Electric Co. (OR); Public Service Enterprise Group, Inc. (NJ); Sempra Energy (CA); Southern Company (GA); TECO Energy, Inc. (FL); UIL Holdings Corporation, (CT); UNS Energy, (AZ); Westar Energy, Inc. (KS); Wisconsin Energy Corporation (WI).

**General Industry:** Armstrong World Industries, Inc. (PA); Ball Corporation (CO); Curtiss-Wright, (NC); Eastman Chemical Company (TN); Hanesbrands, Inc. (NC); The Hershey Company (PA); Level 3 Communications, Inc. (CO); Mattel, Inc. (CA); MeadWestvaco Corporation (VA); Pitney Bowes, Inc. (CT); PolyOne Corporation, (OH); Rockwell Automation, Inc. (WI); Rockwell Collins, Inc. (IA); Sealed Air Corporation (NJ); Snap-on, Inc. (WI); Steelcase Inc. (MI); Terex Corporation (CT); The Scotts Miracle-Gro Company (OH); Tupperware Brands, (FL); Unisys Corporation (PA).

We believe the utilities included in our market survey are an appropriate group to use for compensation comparisons because they align well with our revenues, the nature of our business and workforce, and the talent and skills required for safe and successful operations. We believe the additional non-utility companies included in our market survey are appropriate to include in our comparisons because they align well with our revenues, and are the types of companies that might be expected to seek executives with the same general skills and talents as the executives we are trying to attract and retain in our geographic area. The companies we use for comparisons may change from time to time based on the factors discussed above.

---

## **Table of Contents**

To make comparisons with the market survey results, we generally divide all of our senior executive officers into utility and non-utility executive groups that is, executive officers whose responsibilities are primarily related to utility businesses and require a high degree of technical or industry-specific knowledge (such as electrical engineering, nuclear engineering or gas pipeline transmission), and those whose responsibilities are more general and do not require such specialized knowledge (such as business, finance, and other corporate support functions). We then attempt to match to the greatest degree possible our positions with similar positions in the survey results. We may blend the survey results to achieve what we believe is an appropriate comparison.

We also use performance data covering a larger peer group of utilities in determining long-term equity incentive compensation under our shareholder-approved Long-Term Equity Compensation Plan, as discussed under Long-Term Equity Compensation Plan.

### ***Personal Qualifications***

In addition to considering market survey comparisons, we consider each senior executive officer's knowledge, skills, scope of authority and responsibilities, job performance and tenure with us as a senior executive officer.

Mr. Marsh has been our Chairman and Chief Executive Officer since December 2011, and he has also served as our President and Chief Operating Officer since January 2011. Prior to January 2011, he served as our Senior Vice President from 1998 to January 2011, and as our Chief Financial Officer from 1996 to April 2006. He previously served as President of South Carolina Electric & Gas Company (SCE&G), our largest subsidiary from April 2006 to November 2011, and as SCE&G's Chief Operating Officer from April 2006 to January 2011. Mr. Marsh previously practiced as a certified public accountant and has been with us for over 30 years. As our Chief Executive Officer, Mr. Marsh has responsibility for strategic planning, development of our senior executive officers and oversight of our operations.

Mr. Addison was appointed Executive Vice President of SCANA in January 2012, and he has served as our Chief Financial Officer since April 2006. Additionally, in May 2014, Mr. Addison was appointed President and Chief Operating Officer of our subsidiary, SCANA Energy Marketing, Inc. In October 2014 he was appointed President and Chief Operating Officer of our subsidiary, SCANA Communications, Inc., and served in these capacities until its sale in February 2015. Prior to January 2012, Mr. Addison had served as a Senior Vice President of SCANA since 2006 and Vice President of Finance from 2001 to 2006. As Chief Financial Officer, he is responsible for all of our financial operations, including accounting, treasury, investor relations, shareholder services, taxation and financial planning, as well as our information technology functions. During 2015, Mr. Addison was also responsible for risk management. Mr. Addison is a certified public accountant and has been with us for 25 years.

Mr. Byrne is an Executive Vice President of SCANA, as well as President of Generation and Transmission and Chief Operating Officer of SCE&G. In these positions he is responsible for overseeing a diversified fleet of coal, natural gas, hydro, nuclear and renewable generating facilities as well as the operation and planning of our high voltage transmission system. His nuclear responsibilities include overseeing the construction of our two new units. He was previously our Chief Nuclear Officer. He is a degreed engineer with over 30 years of utility experience and has held a Nuclear Regulatory Commission Senior Reactor Operator's license. Mr. Byrne has been with us for 20 years.

Mr. Lindsay is a Senior Vice President and the General Counsel of SCANA and its subsidiaries. He is responsible for oversight of all legal, legal regulatory, environmental, and corporate secretary functions. Mr. Lindsay has been with us for 7 years and has more than 40 years experience as an attorney, which includes more than 25 years serving in a General Counsel role.

Mr. Kissam is a Senior Vice President of SCANA, as well as the President of Retail Operations for SCE&G. In these positions he is responsible for providing leadership and strategic planning for the safe and reliable construction, maintenance, and operations of our electric transmission and distribution systems. He also oversees the Company's renewable energy initiatives. Mr. Kissam has been with us for 28 years.

### ***Other Factors Considered***

In addition to the foregoing information, we consider the fairness of the compensation paid to each senior executive officer in relation to what we pay our other senior executive officers. Our Compensation Committee also considers recommendations from our Chairman and Chief Executive Officer in setting compensation for senior executive officers.

---

## **Table of Contents**

We review our compensation program and levels of compensation paid to all of our senior executive officers, including the Named Executive Officers, annually and may make adjustments based on the foregoing factors as well as other subjective factors.

In 2015, our Compensation Committee reviewed summaries of compensation components ( tally sheets ) for all of our senior executive officers, including the Named Executive Officers. These tally sheets reflect changes in compensation during the prior year, if any, and affix dollar amounts to each component of compensation. Although the Committee did not make any adjustments to executive compensation in 2015 based solely on its review of the tally sheets, it intends to continue to use such tally sheets in the future to review each component of the total compensation package, including base salaries, short- and long-term incentives, severance plans, insurance, retirement and other benefits, as a factor in determining the total compensation package for each senior executive officer.

### ***Timing of Senior Executive Officer Compensation Decisions***

Annual salary reviews are routinely conducted and any adjustments are made, and short- and long-term incentive compensation awards are routinely granted in February of each year at the first regularly scheduled Compensation Committee and Board meetings. Determinations are also made at those meetings as to whether to pay out awards under the most recently completed cycle of short- and long-term incentive compensation (which include equity based incentive compensation). Compensation determinations also may be made by the Committee at its other quarterly meetings in the case of newly hired executives, promotions of employees, or adjustments of existing employees' compensation that could not be deferred until the February meeting. We routinely release our annual and quarterly earnings information to the public in conjunction with the quarterly meetings of our Board.

### **Base Salaries**

Senior executive officer base salaries are divided into grade levels based on market data for similar positions, experience and certain internal equity considerations. The Compensation Committee believes it is appropriate to set base salaries at a reasonable level that will provide executives with a predictable income base. Accordingly, base salaries are targeted at the median (50<sup>th</sup> percentile) of the market survey data with the exception of Mr. Marsh's salary, which is targeted at the 75<sup>th</sup> percentile. The Compensation Committee reviews base salaries annually and makes adjustments, if appropriate, on the basis of an assessment of individual performance, relative levels of accountability, prior experience, breadth and depth of knowledge, specialized talent required for new operational initiatives, changes in market compensation practices as reflected in market survey data, and relative compensation levels within our Company. In February 2015, certain of the Named Executive Officers received base salary increases in the following percentages: Mr. Marsh, 4.5%; Mr. Addison, 4.6%; Mr. Byrne, 4.6%; Mr. Lindsay, 3%; and Mr. Kissam, 3.8%. Such increases were based on individual performance and the degree to which the Named Executive Officers' base salaries were below the market rate for their positions and certain internal equity considerations.

### **Short-Term and Long-Term Incentive Compensation**

Our senior executive officer compensation program provides for both short-term incentive compensation in the form of annual cash incentive compensation, and long-term equity-based incentive compensation payable at the end of periods which have historically lasted three years. Both our Short-Term Annual Incentive and Long-Term Equity Compensation Plans promote our pay-for-performance philosophy, as well as our goal of having a meaningful amount of pay at-risk, and we believe both plans provide us a competitive advantage in recruiting and retaining top quality talent.

We believe the Short-Term Annual Incentive Plan provides our senior executive officers with an annual stimulus to achieve short-term individual and business unit or departmental goals and short-term corporate earnings goals that ultimately help us achieve our long-term corporate goals. We believe the long-term equity-based incentive compensation counterbalances the emphasis of short-term incentive compensation on short-term results by focusing our senior executive officers on achievement of our long-term corporate goals, providing additional incentives for them to remain our employees by ensuring that they have a continuing stake in the long-term success of the Company, and significantly aligning the interests of senior executive officers with those of our shareholders.

**Table of Contents****Short-Term Annual Incentive Plan**

Our Short-Term Annual Incentive Plan provides financial incentives for performance in the form of opportunities for annual incentive cash payments. Participants in the Short-Term Annual Incentive Plan currently include not only our senior executive officers, but also approximately 243 additional employees, including other officers, senior management, division heads and other professionals whose positions or levels of responsibility make their participation in the plan appropriate. Our Chief Executive Officer recommends, and the Compensation Committee approves, the performance measures, operational goals and other terms and conditions of incentive awards for senior executive officers, including the Named Executive Officers, except the Chief Executive Officer, for whom such determinations are made by the Committee along with the other independent directors.

The Compensation Committee reviews and approves target short-term incentive awards at its first regularly scheduled meeting each year based on percentages assigned to each executive salary grade. Payouts of actual short-term incentive awards are based both on the Company's achieving pre-determined earnings per share goals in the coming year, and on each senior executive officer's level of performance in achieving his or her individual and business unit financial and strategic objectives. The Committee selected these performance metrics because it believes they are key measures of financial and operational success, and that achieving our earnings and strategic goals supports the interests of our shareholders. In assessing accomplishment of objectives, the Committee considers the difficulty of achieving each objective, unforeseen obstacles or favorable circumstances that might have altered the level of difficulty in achieving the objective, overall importance of the objective to our long-term and short-term goals, and importance of achieving the objective to enhancing shareholder value. Changes in annual target short-term incentive awards can be made if there are changes in the senior executive officer's salary grade level that warrant a target change.

For 2015, the awards under the Short-Term Annual Incentive Plan provided that:

50% of the target annual cash incentive award would be earned based on the extent to which we met designated earnings per share goals; and

50% of the target award would be earned based on our Named Executive Officers and the other participants achieving individual and business unit performance objectives. The Committee reviewed and approved all senior executive officer individual and business unit objectives, and the Committee, along with the other independent directors, approved the Chief Executive Officer's individual and business unit objectives.

Payouts of awards are scaled based on the levels at which these goals are met. The 2015 Short-Term Annual Incentive Plan further provided that, if we exceeded our earnings per share goals, payouts of up to 130% of the target awards could be earned, which would also be scaled based on the extent to which we exceeded such earnings per share goals. See [Above Target Awards Earned Based on Exceeding the Earnings Per Share Goals of the 2015 Annual Incentive Award](#) beginning on page 34. The Short-Term Annual Incentive Plan also allows discretionary awards up to 20% of target awards, not to exceed a total award of 150% of target for any participant. See [Discretionary Bonus Awards](#) beginning on page 35.

The estimated possible payouts that could have been earned under the 2015 Short-Term Annual Incentive Plan if performance objectives were met at threshold, target and maximum levels are set forth in the [2015 Grants of Plan-Based Awards](#) table on page 45. The 2015 payouts under the Short-Term Annual Incentive Plan based on our achieving our earnings per share goal, and our Named Executive Officers achieving their individual and business unit objectives, are reflected in the [Summary Compensation Table](#) on page 44, under the column [Non-Equity Incentive Plan Compensation](#).

***Earnings per Share Component of the 2015 Annual Incentive Award***

Up to 50% of the total 2015 annual incentive award could be earned based on the extent to which we met our earnings per share goals as set forth below:

<b>Basic earnings per share</b>	\$5.00	\$5.01	\$5.02	\$5.03	\$5.04	\$5.05	\$5.06	\$5.07	\$5.08	\$5.09	\$5.10
<b>Payout (as % of target award)</b>	10%	14%	18%	22%	26%	30%	34%	38%	42%	46%	50%

## Edgar Filing: SCANA CORP - Form PRE 14A

Our actual basic earnings per share for 2015 were \$5.22, which resulted in our senior executive officers, and the other participants in the Short-Term Annual Incentive Plan, earning 100% on the 50% of the earnings per share component of the 2015 annual incentive award.

---

## **Table of Contents**

### ***Individual Strategic Objectives Component of 2015 Annual Incentive Award***

The remaining 50% of the 2015 annual incentive award was based on our senior executive officers' level of performance in helping us achieve our annual business objectives by achieving their individual and business unit performance objectives.

With the exception of one, all of our Named Executive Officers achieved all of their individual and business unit financial and strategic objectives. Accordingly, our Named Executive Officers earned 100% on the 50% of the annual incentive award based on individual and business unit performance, with the exception of Mr. Byrne, who earned 40% on the portion of the annual incentive award based on individual and business unit performance. Specifically, Mr. Byrne's award was reduced by 5% due to a lower than goal pass rate for the potential nuclear operators who took the nuclear operator certification examination for our planned new nuclear facilities, and his award was also reduced by 5% due to a schedule delay that occurred during the Company's recent nuclear refueling outage.

### ***Individual Strategic Objectives on which 2015 Annual Incentive Awards were Based***

All of our Named Executive Officers were responsible for specific financial metrics to support the Company's earnings per share goals as well as the evaluations and development of plans to support the Company's workforce diversity objectives. Specifically, each Named Executive Officer was required to contribute to the Company's objective to meet a 4.5% earnings per share growth target in excess of 2014 weather normalized results, while taking into account a reduction of \$.04 in earnings per share due to the short-term dilutive impact of the Company's recent subsidiary sales. The financial metric also required the identification of additional pre-tax income for 2016. All of our Named Executive Officers were also responsible for completing an analysis of their areas of responsibility in order to contribute to the Company's development of a workforce diversity plan.

In addition to the common goals as set forth above, the individual and business unit strategic objectives the Compensation Committee considered in determining short-term incentive awards for the Named Executive Officers were as follows:

Mr. Marsh's award was based on his oversight of our new nuclear construction activities and providing leadership to senior executive officers to ensure successful completion of major 2015 corporate initiatives.

Mr. Addison's award was based on his efforts to secure financing related to our new nuclear construction projects; completing a cyber plan and implementation of an Integrated Security Operations Center; and his oversight of our efforts to manage our expenses in order to meet regulatory objectives related to our base electric rates during the peak nuclear construction years.

Mr. Byrne's award was based on his oversight of our new nuclear construction activities; his oversight related to licensing nuclear plant operators; his oversight of the successful completion of a scheduled refueling outage with respect to duration, budgeted cost and radiation dosage; and overseeing other regulatory objectives related to our base electric rates during the peak nuclear construction years.

Mr. Lindsay's award was based on his oversight of technology implementation related to our board of directors and board-related documentation and his recommendation and oversight of implementation of technology-based security requirements for legal service vendors, as well as providing oversight of our evaluation of new/proposed EPA rules and regulations.

Mr. Kissam's award was based on his oversight of specific safety and customer reliability goals for electric operations; and his oversight and leadership of our efforts to develop and implement renewable energy initiatives including our participation and leadership in developing legislation related to renewable energy in South Carolina.

Mr. Bullwinkel retired in January 2015 and did not participate in the 2015 Short-Term Annual Incentive Plan.

### ***Above Target Awards Earned Based on Exceeding the Earnings per Share Goals of the 2015 Annual Incentive Award***

As discussed in the foregoing sections, all of our Named Executive Officers, except Mr. Byrne, earned 100% of their target awards under the 2015 Short-term Annual Incentive Plan, based 50% on our achieving our earnings per share goals and 50% on their meeting individual and business unit objectives. Mr. Byrne earned 90% of his target award, based 50% on our achieving our earnings per share goals and 40% on his meeting individual and business unit objectives.

**Table of Contents**

In addition to the 50% of the awards earned based on earnings per share and the 50% of the awards earned based on results of individual and business unit strategic objectives, our 2015 Short-Term Annual Incentive Plan provided that awards of up to 130% of target awards could be earned if basic earnings per share goals exceeded the target of \$5.10 as set forth below:

<b>Basic earnings per share</b>	\$5.11	\$5.12	\$5.13	\$5.14	\$5.15	\$5.16	\$5.17	\$5.18	\$5.19	\$5.20
<b>Payout (as % of target award)</b>	103%	106%	109%	112%	115%	118%	121%	124%	127%	130%

Our actual basic earnings per share for 2015 were \$5.22, which resulted in our senior executive officers, and the other participants in the Short-Term Annual Incentive Plan, earning 130% of target awards, with the exception of Mr. Byrne who earned a total Short-Term Annual Incentive award of 117% of target as a result of not fully achieving his individual and business unit objectives.

**Discretionary Bonus Awards**

Our Short-Term Annual Incentive Plan allows discretionary awards as may be recommended by our Compensation Committee and approved by our full Board (or all independent directors in the case of the Chief Executive Officer) up to 20% of target awards. The discretion may be applied for all or for individual participants, but no participant's award may exceed 150% of the participant's target award. Our Board also has the discretion to decrease any or all awards made pursuant to the Short-Term Annual Incentive Plan. During 2015, our Board did not make any discretionary awards, or decrease any awards, to any Named Executive Officers in the Short-Term Annual Incentive Plan.

**Other Discretionary Bonus Award to a Named Executive Officer**

In 2015, the Board granted a \$500,000 discretionary bonus to Mr. Bullwinkel based on his leadership and efforts to sell two of our subsidiaries for a combined sales price of approximately \$650 million. The discretionary bonus paid to Mr. Bullwinkel is reflected on the Summary Compensation Table on page 44 under the column Bonus. This award was made separate from the Short-Term Annual Incentive Plan.

**Long-Term Equity Compensation Plan**

The potential value of long-term equity-based incentive compensation opportunities comprises a significant portion of the total compensation package for senior executive officers and key employees. The Compensation Committee believes that emphasizing this component of total compensation provides the appropriate long-range focus for senior executive officers and other key employees who are charged with responsibility for managing the Company and achieving success for our shareholders because it links the amount of their compensation to our long-term business and financial performance.

A portion of each senior executive officer's potential compensation consists of awards under the Long-Term Equity Compensation Plan. The types of long-term equity-based compensation the Compensation Committee may award under the Plan include incentive and non-qualified stock options, stock appreciation rights (either alone or in tandem with a related stock option), restricted stock, restricted stock units, performance units and performance shares. In recent years, our long-term equity-based awards have been in the form of performance shares and restricted stock units. These long-term equity-based awards are granted subject to satisfaction of specific performance goals and vesting schedules. For the 2013-2015 and the 2014-2016 performance periods, awards under the Long-Term Equity Compensation Plan consisted of 80% performance shares and 20% restricted stock units. For the 2015-2017 performance period, awards under the Long-Term Equity Compensation Plan consisted of 70% performance shares and 30% restricted stock units. The Committee has not awarded stock options since 2002 and has no plans to do so in the foreseeable future, and the Committee has not awarded any stock appreciation rights under the Plan.

We believe awards of performance shares align the interests of our executives with those of shareholders because the value of such awards is tied to our achieving financial and business goals that would be expected to affect the value of our common stock. We believe awards of restricted stock units align the interests of our executives with those of shareholders in that they ensure a long-term view of success, and we believe the three-year vesting schedule aids in retention of executives. Although restricted stock units do not have the same risk of forfeiture for failure to meet performance thresholds associated with performance shares, they have no upside potential for payout above target level.

### ***Performance Share Awards***

For several years prior to 2015, the Compensation Committee granted performance share awards that were earned, if at all, over a three-year period measured in three one-year cycles based on comparative Total Shareholder Return (TSR) and earnings per share growth components. Beginning with grants made in February 2015, however, the three-year periods will be measured in a single three-year cycle. Performance share awards based on these components place a portion of executive compensation at risk because executives are compensated pursuant to the awards only when the objectives for TSR and earnings growth are met. Additionally, comparing our TSR to the TSR of a group of other companies reflects our recognition that investors could have invested their funds in other entities and measures how well we performed over time when compared to others in the group.

Performance share awards are denominated in shares of our common stock. The number of target performance shares into which awards are denominated is calculated by multiplying the Named Executive Officer's base salary by a target percentage based on positions cited in the market survey data and dividing the product by a valuation factor applied to our opening stock price on the date of grant. The target percentage is derived from market survey data of the peer companies listed above under Factors Considered in Setting Senior Executive Officer Compensation Use of Market Surveys and Peer Group Data. The valuation factor is provided to us by management's compensation consultant and is intended as a means to establish a grant date salary equivalent value that takes into consideration such factors as dividend treatment, potential for maximum performance, and the treatment of awards upon termination. Performance share awards may be paid in stock or cash or a combination of stock and cash at the Committee's discretion, but are most frequently paid in cash. In recent years, all payouts have been in cash. Payouts are based on the closing market price of our stock on the last business day of the three-year performance period.

### ***2013-2015 Performance Share and Restricted Stock Unit Awards***

For the 2013-2015 period, we granted awards under the Long-Term Equity Compensation Plan to each of the Named Executive Officers comprised of a combination of 80% performance shares and 20% restricted stock units.

### ***Components of 2013-2015 Performance Share Awards***

For the 2013-2015 period, the components on which we based performance share awards to senior executive officers were as follows: (1) our TSR relative to the TSR of a peer group of companies; and (2) a growth in earnings component based on growth in GAAP-adjusted basic net earnings per share from operations.<sup>1</sup> TSR over the performance period was equal to the change in our common stock price, plus cash dividends paid on our common stock during the period, divided by the common stock price as of the beginning of the period. One half of target performance shares were based on the TSR component and one half were based on the earnings growth component.

Performance measurement and award determinations for the performance shares for the 2013-2015 period were made on an annual basis with vesting and payment of awards being deferred until after the end of the three-year period. Accordingly, payouts under the 2013-2015 three-year period were earned for each year that performance goals were met during the three-year period, but vesting and payment were deferred until the end of the three-year period and were contingent upon the participant still being employed with us at the end of the three-year period, subject to certain exceptions in the event of retirement, death or disability. Payouts would also have been accelerated in the event of certain change in control events. See Potential Payments Upon Termination or Change in Control.

### ***Performance Criteria for the 2013-2015 Performance Share Awards and Earned and Vested Awards for the 2013-2015 Performance Period***

Payouts based on the TSR component of the 2013-2015 performance share awards were scaled according to our ranking against a peer group of utilities. Executives could earn threshold payouts (equal to 25% of target award) for each year of the three-year period in which we ranked at the 25<sup>th</sup> percentile in relation to the peer group's TSR.

<sup>1</sup> GAAP-adjusted basic net earnings per share from operations, GAAP-adjusted basic net earnings per share, and GAAP-adjusted weather-normalized basic net earnings per share, as used throughout this proxy statement, are synonymous terms that we have used over time in our periodic reports and external communications to refer to the same non-GAAP financial measure. We believe that this non-GAAP financial measure provides a consistent basis upon which to measure performance from year to year. The measure has historically excluded from earnings such items as the effects arising from abnormal weather, the Company's adoption of new accounting guidance, the favorable settlement of certain litigation, and the effects of sales of certain investments. Management uses this measure when determining earnings guidance and growth projections and uses the measure in part in making budgetary and operational decisions. During 2013, both our GAAP-adjusted weather-normalized basic net earnings per share and our GAAP basic net earnings per share were \$3.40. During 2014, our GAAP-adjusted weather-normalized basic net earnings per share of \$3.58 were lower than our GAAP basic net earnings per share of \$3.79 due to the exclusion of \$0.21 attributable to the effects of abnormal weather in the Company's electric business. During 2015, our GAAP-adjusted weather-normalized

basic net earnings per share of \$3.73 were lower than our GAAP basic net earnings per share of \$5.22 due to the exclusion of \$1.41 attributable to the sales of two subsidiaries and \$.08 attributable to the effects of abnormal weather.

performance for the one-year cycle. Target payouts (equal to 100% of target award) could be earned for each year of the three-year period in which we ranked at the 50<sup>th</sup> percentile in relation to the peer group's TSR performance for the one-year cycle. Maximum payouts (equal to 175% of target award) could be earned for each year of the three-year period in which our performance ranked at or above the 90<sup>th</sup> percentile in relation to the peer group's TSR performance for the one-year cycle. Payouts were scaled between 25% and 175% of target based on the actual percentile achieved. No payout could be earned if our performance was less than the 25<sup>th</sup> percentile, and no payouts could exceed 175% of the target award. Threshold, target and maximum payouts at the 25<sup>th</sup>, 50<sup>th</sup> and 90<sup>th</sup> percentiles were used because these generally matched the levels used by the companies in the market survey data.

The peer group of utilities with which we compared our TSR for the 2013-2015 period are set forth below:

Alliant Energy Corporation; Ameren Corporation; American Electric Power Company, Inc.; Avista Corporation; Centerpoint Energy Inc.; CMS Energy Corporation; Consolidated Edison, Inc.; Dominion Resources, Inc.; DTE Energy Company; Duke Energy Corporation; Edison International; Entergy Corporation; Exelon Corporation; FirstEnergy Corp.; Great Plains Energy, Inc.; Hawaiian Electric Industries, Inc.; Integrys Energy Group, Inc.; NextEra, Inc.; NiSource Inc.; Northeast Utilities; NorthWestern Corporation; NV Energy; OGE Energy Corp.; Pepco Holdings, Inc.; PG&E Corporation; Pinnacle West Capital Corporation; PNM Resources, Inc.; PPL Corporation; Public Service Enterprise Group, Inc.; Southern Company; TECO Energy, Inc.; UIL Holdings Corporation; UNS Energy Corporation; Vectren Corporation; Westar Energy, Inc.; Wisconsin Energy Corporation; XCEL Energy, Inc.

The number of utilities included in the peer group used for TSR comparisons is larger than the number included in the market survey utility peer group we use for purposes of setting base salary and short- and long-term incentive targets because information about TSR is publicly available for a larger number of utilities. We include only utilities in the TSR peer group because we have assumed that shareholders would measure our performance against performance of other utilities in which they might have invested.

For the first, second and third years of the 2013-2015 period, our TSR was at the 24<sup>th</sup>, 61<sup>st</sup> and 82<sup>nd</sup> percentiles, which resulted in no award being earned on the TSR component for the first year, 121% being earned for the second year, and 160% for the third year, vesting and payment of which were deferred until the end of the three-year period as discussed above. The overall payout of the TSR portion of the performance shares, which occurred in February 2016, was 93.7%.

For the half of performance shares based on our level of achieving growth in GAAP-adjusted basic net earnings per share from operations targets, executives could earn threshold payouts (equal to 25% of target award) for each year in the three-year period in which growth in GAAP-adjusted basic net earnings per share from operations equaled 1%. Executives could earn target payouts (equal to 100% of target award) for each year in which such growth equaled 4.5%, and maximum payouts (equal to 175% of target award) for each year in which such growth equaled or exceeded 8%. Potential payouts were scaled between 25% and 175% based on the actual growth in GAAP-adjusted basic net earnings per share from operations. No payouts could be earned for any year in which growth in GAAP-adjusted basic net earnings per share from operations was less than 1%, and no payouts could exceed 175% of target award.

For the first, second and third years of the 2013-2015 period, our growth in GAAP-adjusted basic net earnings per share from operations was 6.3%, 5.3% and 4.2%, respectively (6.3%, 11.5% and 38%, respectively, in GAAP basic net earnings per share from operations (see footnote 1 on page 36 for a reconciliation of our GAAP-adjusted basic net earnings per share from operations to our GAAP basic net earnings per share from operations)), which resulted in 138.6%, 117% and 93.6% awards on the earnings per share component being earned for the first, second and third years, respectively, vesting and payment of which were deferred until the end of the three-year period as discussed above. The overall payout of the GAAP-adjusted basic net earnings per share from operations portion of the performance shares, which occurred in February 2016, was 116.4%.

The overall payout of the total TSR and GAAP-adjusted basic net earnings per share from operations components of the performance share awards for the 2013-2015 cycle, which occurred in February 2016, was 105%, and is reflected in the 2015 Option Exercises and Stock Vested table on page 47.

***2013-2015 Restricted Stock Unit Awards***

The 2013-2015 restricted stock unit awards were granted on February 20, 2013, and were based on the fair market value of our common stock on the date of grant. The restricted stock units were subject to a three-year vesting period, and were not performance based. The restricted stock units did not have voting rights prior to vesting, and

**Table of Contents**

were subject to forfeiture in the event of termination of employment prior to the end of the vesting period, subject to exceptions for retirement, death, disability, or change in control. Information about vesting of the restricted stock unit award component of the 2013-2015 awards is reflected in the 2015 Option Exercises and Stock Vested table on page 47. The restricted stock units were paid in cash in February 2016.

***2014-2016 Performance Share and Restricted Stock Unit Awards***

For the 2014-2016 period, we again granted awards under the Long-Term Equity Compensation Plan to each of the Named Executive Officers comprised of a combination of 80% performance shares and 20% restricted stock units.

***Components of 2014-2016 Performance Share Awards***

The components on which we based the 2014-2016 performance share awards were as follows: (1) one half to be earned based on our level of achieving TSR relative to the TSR of a peer group of companies; and (2) the remaining one half to be earned based on our level of achieving growth in GAAP-adjusted basic net earnings per share targets. The TSR measurement for the 2014-2016 performance share awards was the same as for the 2013-2015 awards. Performance measurement and award determination for the performance shares for the 2014-2016 period are also made on an annual basis with payment of awards being deferred until after the end of the three-year period on the same terms as for the 2013-2015 awards. See Components of 2013-2015 Performance Share Awards.

***Performance Criteria for the 2014-2016 Performance Share Awards and Earned Awards for the 2014 and 2015 Performance Cycles***

For the half of performance shares based on our level of achieving TSR targets, the performance criteria, and the TSR peer group of utilities used for the 2014-2016 period are again the same as those used for 2013-2015 period as discussed above under Performance Criteria for the 2013-2015 Performance Share Awards and Earned and Vested Awards for the 2013-2015 Performance Period, unless a company could no longer be included due to a merger, dissolution or other similar transaction.

For the first and second years of the 2014-2016 period, our TSR was at the 61<sup>st</sup> and 82<sup>nd</sup> percentiles, respectively which resulted in an award of 121% being earned for the first year and an award of 160% being earned for the second year.

For the half of performance shares based on our level of achieving growth in GAAP-adjusted basic net earnings per share targets, the performance criteria for the 2014-2016 period were again the same as those used for the 2013-2015 period, as discussed under Performance Criteria for the 2013-2015 Performance Share Awards and Earned and Vested Awards for the 2013-2015 Performance Period, except the GAAP-adjusted performance measure used was referred to as GAAP-adjusted basic net earnings per share instead of GAAP-adjusted basic net earnings per share from operations.

For the first and second years of the 2014-2016 period, our growth in GAAP-adjusted basic net earnings per share was 5.3% and 4.2%, respectively (11.5% and 38% in GAAP basic net earnings per share (see footnote 1 on page 36 for a reconciliation of our GAAP-adjusted basic net earnings per share to our GAAP basic net earnings per share)), which resulted in 117% and 93.6% awards on the earnings per share component being earned for the first and second years, respectively, vesting and payment of which will be deferred until the end of the three-year period as discussed above.

See the Outstanding Equity Awards at 2015 Fiscal Year-End table on page 46 for information about the number and value of performance shares that have been earned for the first and second years of the 2014-2016 period, but have not vested.

***2014-2016 Restricted Stock Unit Awards***

The 2014-2016 restricted stock unit awards were granted on February 20, 2014, and were based on the fair market value of our common stock on the date of grant. The restricted stock units are subject to a three-year vesting period, and are not performance based. The restricted stock units have the same terms as the 2013-2015 restricted stock units as discussed above under 2013-2015 Restricted Stock Unit Awards. Information about the restricted stock unit awards outstanding at the end of 2015 is provided in the Outstanding Equity Awards at 2015 Fiscal Year-End table on page 46.

## **Table of Contents**

### ***2015-2017 Performance Share and Restricted Stock Unit Awards***

As discussed above, taking into consideration comments from proxy advisors and the results of the 2014 shareholder advisory vote on our executive compensation practices, in 2015 the Compensation Committee recommended, and the Board approved, a number of changes to our long-term incentive compensation practices. These changes included revising long-term equity compensation awards to change the measurement of performance cycles, increase the maximum payout, and change the mix of performance shares and restricted stock units.

For the 2015-2017 period, we changed the mix of awards granted under the Long-Term Equity Compensation Plan to each of the Named Executive Officers from a combination of 80% performance shares and 20% restricted stock units to a combination of 70% performance shares and 30% restricted stock units.

### ***Components of 2015-2017 Performance Share Awards***

The components on which we based the 2015-2017 performance share awards were as follows: (1) one half to be earned based on our level of achieving TSR relative to the TSR of a peer group of companies; and (2) the remaining one half to be earned based on our level of achieving average growth in GAAP-adjusted weather-normalized basic net earnings per share targets. The TSR measurement for the 2015-2017 performance share awards is the same as for the 2013-2015 and 2014-2016 awards. However, unlike the 2013-2015 and 2014-2016 performance share awards, performance measurement and award determination for the performance shares for the 2015-2017 period will be made for the entire three-year cycle with vesting and payment of awards after the end of the three-year cycle, instead of performance measurement and award determination being made on an annual basis with vesting and payment of awards being deferred until after the end of the three-year period.

### ***Performance Criteria for the 2015-2017 Performance Share Awards***

Payouts based on the TSR component of the 2015-2017 performance share awards will be scaled according to our ranking against the same peer group of utilities used for the 2013-2015 and 2014-2016 periods as discussed above under Performance Criteria for the 2013-2015 Performance Share Awards and Earned and Vested Awards for the 2013-2015 Performance Period, and Performance Criteria for the 2014-2016 Performance Share Awards and Earned Awards for the 2014 and 2015 Performance Cycles, unless a company could no longer be included due to a merger, dissolution or other similar transaction.

Executives can earn threshold payouts (equal to 25% of target award) if our TSR for the entire three-year period ranks at the 25<sup>th</sup> percentile in relation to the peer group's TSR performance for the three-year period. Target payouts (equal to 100% of target award) can be earned if our TSR for the entire three-year period ranks at the 50<sup>th</sup> percentile in relation to the peer group's TSR performance for the three-year period. Maximum payouts (equal to 200% of target award) can be earned if our TSR for the entire three-year period ranks at or above the 90<sup>th</sup> percentile in relation to the peer group's performance for the three-year period. Payouts will be scaled between 25% and 200% based on the actual average percentile achieved for the three-year period. No payout can be earned if our average performance over the three-year period is less than the 25<sup>th</sup> percentile, and no payout can exceed 200% of the target award. Threshold, target and maximum payouts at the 25<sup>th</sup>, 50<sup>th</sup> and 90<sup>th</sup> percentiles were used because these generally matched the levels used by the companies in the market survey data.

For the half of performance shares based on our level of achieving growth in GAAP-adjusted weather-normalized basic net earnings per share targets, we will determine the growth achieved by calculating GAAP-adjusted weather-normalized basic net earnings per share for each year in the three-year period and averaging the amounts. Executives can earn threshold payouts (equal to 25% of target award) if for the three-year period, average annual growth in GAAP-adjusted weather-normalized basic net earnings per share equals 1%. Executives can earn target payouts (equal to 100% of target award) if for the three-year period, such average annual growth equals 4.5%, and maximum payouts (equal to 200% of target award) if for the three-year period, such average annual growth equals or exceeds 8%. Potential payouts will be scaled between 25% and 200% based on the actual average growth in GAAP-adjusted weather-normalized basic net earnings per share for the entire three-year period. No payouts can be earned if growth in GAAP-adjusted weather-normalized basic net earnings per share is less than 1% for the three-year period, and no payouts can exceed 200% of target award.

See the 2015 Grants of Plan-Based Awards table on page 45 for information about 2015 grants of performance share awards and the Outstanding Equity Awards at 2015 Fiscal Year-End table on page 46.

**Table of Contents*****2015-2017 Restricted Stock Unit Awards***

The 2015-2017 restricted stock unit awards were granted on February 19, 2015, and were based on the fair market value of our common stock on the date of grant. The restricted stock units are subject to a three-year vesting period, and are not performance based. The restricted stock units have the same terms as the 2013-2015 and 2014-2016 restricted stock units as discussed above under 2013-2015 Restricted Stock Unit Awards and 2014-2016 Restricted Stock Unit Awards. Information about the restricted stock unit awards granted for the 2015-2017 three-year period is provided in the 2015 Grants of Plan-Based Awards table on page 45. See also the Outstanding Equity Awards at 2015 Fiscal Year-End table on page 46.

***Other 2016 Compensation Decisions***

At its February 2016 meeting, the Board, on recommendation of the Compensation Committee, increased the base salaries of Messrs. Marsh (5%), Addison (5%), Byrne (5%), Kissam (4%), and Lindsay (3%). The salary adjustments will not result in compensation materially different from 2015 compensation.

**Retirement and Other Benefit Plans**

We currently sponsor the following retirement benefit plans:

A tax qualified defined benefit retirement plan (the Retirement Plan ) (*closed to new employees and rehired employees as of December 31, 2013*);

A nonqualified defined benefit Supplemental Executive Retirement Plan (the SERP ) (*closed to new employees and rehired employees as of December 31, 2013*);

A tax qualified defined contribution plan (the 401(k) Plan also known as the SCANA Corporation 401(k) Retirement Savings Plan ); and

A nonqualified defined contribution Executive Deferred Compensation Plan (the EDCP ).

All employees who have met eligibility requirements may participate in the Retirement Plan and the 401(k) Plan.

The SERP and the EDCP are designed to provide a benefit to senior executive officers who participate in the Retirement Plan or 401(k) Plan (our tax qualified retirement plans) and whose participation in those tax qualified plans at the same percentage of salary as all other employees is otherwise limited by government regulation. The SERP and EDCP participants are provided with the benefits to which they would have been entitled under the Retirement Plan or 401(k) Plan had their participation not been limited. At present, certain senior executive officers, including the Named Executive Officers, are participants in the SERP and/or EDCP. The SERP is described under the caption Potential Payments Upon Termination or Change in Control Retirement Benefits Supplemental Executive Retirement Plan on page 54 and the EDCP is described under the caption 2015 Nonqualified Deferred Compensation Executive Deferred Compensation Plan on page 49. We provide the SERP and the EDCP benefits because they allow our senior executive officers the opportunity to defer the same percentage of their compensation as other employees. We also believe, based on market survey data, that these plans may be necessary to make our senior executive officer retirement benefits competitive.

As of December 31, 2013, the Retirement Plan and the SERP were both closed to new employees and rehired employees. Current participants in the Retirement Plan and the SERP who continue to meet eligibility requirements will continue to earn benefits until December 31, 2023. Effective January 1, 2024, participants will no longer earn any future benefit accruals under these plans except that participants under the cash balance formula will continue to earn interest credits.

We also provide other benefits such as medical, dental, life and disability insurance, which are available to all of our employees. In addition, we provide our executive officers with additional long-term disability insurance and retiree medical and term life insurance.

**Termination, Severance and Change in Control Arrangements**

Our retirement and benefit plans include provisions that provide for payments to our senior executive officers, including our Named Executive Officers, in the event of a change in control of our Company. These arrangements, including the triggering events for payments and possible payment amounts, are described under the caption Potential Payments Upon Termination or Change in Control. We believe that these arrangements are not uncommon

for executives at the level of our Named Executive Officers and senior executive officer participants, including executives of the companies included in our compensation market survey information. We believe these arrangements are important factors in attracting and retaining our senior executive officers by assuring them financial and employment status protections in the event control of our Company changes. We believe such assurances of financial and employment protections help free executives from personal concerns over their futures, and thereby, can help to align their interests more closely with those of shareholders in negotiating transactions that could result in a change in control.

### **Perquisites**

We provide limited perquisites to senior executive officers as summarized below.

#### ***Company Aircraft***

The Company leases two aircraft for the use of officers and managers in their travels to various operations throughout our service areas, as well as to meet with regulatory bodies, industry groups, financial groups, and to conduct other Company business. Our senior executive officers may use the aircraft for business purposes on a non-exclusive basis. The aircraft may also be used to transport directors to and from meetings and committee meetings of the Board of Directors. Spouses or close family members of directors and senior executive officers occasionally accompany a director or senior executive officer on the aircraft when the director or executive officer is flying for our business purposes. On rare occasions, a senior executive officer may use the aircraft for personal use that is not in connection with a business purpose. We impute income to the executive for certain expenses related to such use.

For purposes of determining total 2015 compensation, we valued the aggregate incremental cost of the personal use of our aircraft, if any, using a method that takes into account the variable expenses associated with operating the aircraft, which variable expenses are only incurred if the planes are flying. The following items are included in our aggregate incremental cost: aircraft fuel and oil expenses per hour of flight; maintenance, parts and external labor (inspections and repairs) per hour of flight; landing/parking/flight planning services expenses; crew travel expenses; supplies and food.

#### ***Medical Examinations***

We offer all employees who participate in our health plans a preventive annual medical examination at no cost. Additionally, in order that we might plan for any executive-level health related retirements or resignations, we also provide each of our senior executive officers the opportunity to have a comprehensive annual medical examination from Lexington Medical Center, or the physician of his or her choice.

#### ***Security Systems***

We offer installation and monitoring of home security systems for our senior executive officers. Because we operate a nuclear facility and provide essential services to the public, we believe we have a duty to help assure uninterrupted and safe operations by protecting the safety and security of our senior executive officers. We provide such installation and monitoring at more than one home for some senior executive officers.

#### ***Other Perquisites***

We provide a taxable allowance to our senior executive officers for financial counseling services, including tax preparation and estate planning services. We value this benefit based on the actual charges incurred. We also pay the fees and monthly dues for club memberships for senior executive officers which are used for business purposes. We sometimes invite spouses to accompany directors and senior executive officers to our quarterly Board meetings because we believe social gatherings of directors and senior executive officers in connection with these meetings increases collegiality.

### **Accounting and Tax Treatment of Compensation and Effect of Financial Restatement on Executive Compensation**

#### ***Deductibility of Executive Compensation***

Section 162(m) of the Internal Revenue Code establishes a limit on the tax deductibility of annual compensation in excess of \$1,000,000 for certain senior executive officers, including the Named Executive Officers. Certain performance-based compensation approved by shareholders is not subject to the tax deduction limit. Our Long-Term

## **Table of Contents**

Equity Compensation Plan is currently qualified so that most performance-based awards under that Plan constitute compensation that is not subject to Section 162(m). Our Short-Term Annual Incentive Plan does not meet Section 162(m) tax deductibility requirements. To maintain flexibility in compensating senior executive officers in a manner designed to promote various corporate goals, the Compensation Committee has not adopted a policy that all compensation must be tax deductible. Because Mr. Marsh's salary exceeds the \$1,000,000 threshold, we may not deduct a portion of his compensation for tax purposes. The Compensation Committee considered these tax effects in connection with its deliberations on senior executive compensation.

### ***Accounting for Stock Based Compensation***

We account for stock based compensation in accordance with the requirements of FASB ASC Topic 718. All stock based compensation awards since 2009 have been accounted for as liability awards.

### ***Financial Restatement***

Although we have never experienced such a situation, our Board of Directors' policy would be to consider, on a case-by-case basis, a retroactive adjustment to any cash or equity-based incentive compensation paid to our senior executive officers where payment was conditioned on achievement of certain financial results that were subsequently restated or otherwise adjusted in a manner that would reduce the size of a prior award or payment.

### **Security Ownership Guidelines for Executive Officers**

The Board has established minimum stock ownership guidelines for senior executive officers with a title of Senior Vice President and above. The Chief Executive Officer is required to hold a minimum of five times his or her annual base salary in the form of SCANA Corporation common stock and all other senior executive officers are required to hold a minimum of three times their annual base salary in the form of SCANA Corporation common stock. Any newly elected Chief Executive Officer or Senior Vice President will have a period of five years from their election to meet the required minimum ownership requirement. Once a senior executive officer complies with the minimum ownership guidelines, compliance will not be jeopardized by fluctuations in the price of the Company's common stock as long as the senior executive officer has not sold shares of the Company's common stock which were included to meet the minimum ownership requirements. The Compensation Committee of the Board monitors compliance with the policy, and also has the authority to grant a temporary waiver of the minimum share ownership requirement upon demonstration by the senior executive officer that, due to a financial hardship or other good reason, he or she cannot meet the requirement. For purposes of meeting the applicable guidelines, the following will be considered SCANA common stock: (i) shares held directly; (ii) shares held in any defined contribution, employee stock ownership plan or other stock-based plan; (iii) performance shares/units under an incentive or base salary deferral plan; (iv) performance shares/units earned and/or deferred in any long-term incentive plan account; and (v) vested and unvested restricted stock and restricted stock unit awards. The Board directed that the Company institute appropriate policies and administrative processes to ensure the minimums are effectively monitored and communicated with annual reports to the Compensation Committee. As of February 2016, all senior executive officers met the minimum stock ownership guidelines, or, for recent promotions to the senior executive officer level, are on track to meet the share ownership guidelines by their compliance date.

### **Non-binding Shareholder Advisory Votes on Executive Compensation and Frequency of Votes on Executive Compensation**

Pursuant to the requirements of Section 14A of the Securities Exchange Act of 1934 and related Securities and Exchange Commission regulations, at our 2014 Annual Meeting of Shareholders, we submitted to our shareholders a non-binding advisory vote on approval of executive compensation. At its Committee meetings in July and October of 2014, and again at its February 2015 meeting, the Compensation Committee took into consideration that 84% of the shares voting on the non-binding advisory vote on executive compensation had voted in favor of the proposal, and the Committee concluded that no material changes to executive compensation decisions and policies were necessary in 2014. However, the Compensation Committee also considered the fact that the percentage of shares voting in favor of the non-binding advisory vote on executive compensation in 2014 was lower than the percentage of shares voting in favor of the proposal in 2011, and that certain proxy advisory firms and other interested parties had expressed some concerns regarding the designs of the Company's executive compensation plans. Accordingly, the Committee decided, with assistance from its independent compensation consultant, to consider during 2014 a number of changes to its short-term annual incentive compensation practices and long-term equity compensation practices.

## **Table of Contents**

Ultimately, the Committee concluded that several of these changes would be appropriate and adopted them at its February 2015 meeting. These changes have been implemented for the 2015 awards under these plans, and are outlined under **Questions and Answers about Executive Compensation Have any Changes Been Made to Short-Term and Long-Term Incentive Compensation Practices in Light of the Shareholder Advisory Votes on Executive Compensation?** beginning on page 8.

At our 2011 Annual Meeting, we submitted to our shareholders a non-binding advisory vote on whether to hold the non-binding advisory vote on executive compensation every year, every two years, or every three years. The Committee took into consideration that, of the shares voting on the non-binding advisory vote on frequency of the vote on executive compensation, more shares voted in favor of a three year frequency than on either of the other frequency alternatives, and, accordingly, has set the current frequency of the non-binding advisory vote on executive compensation at three years. The next non-binding advisory vote on executive compensation will be at the 2017 Annual Meeting. At the 2017 Annual Meeting, shareholders will also be given the opportunity to vote on a non-binding advisory proposal relating to the frequency of the vote on executive compensation. The every three-year vote on frequency will remain in effect until that meeting.

## **Compensation Committee Report**

The Compensation Committee has reviewed and discussed with management the **Compensation Discussion and Analysis** included in this proxy statement. Based on that review and discussion, the Compensation Committee recommended to our Board of Directors that the **Compensation Discussion and Analysis** be included in our Annual Report on Form 10-K for the year ended December 31, 2015 for filing with the Securities and Exchange Commission, and included in this proxy statement.

- (1) Base salary increases for our Named Executive Officers are discussed under Compensation Discussion and Analysis Base Salaries beginning on page 32.
- (2) No discretionary bonus awards were granted to any Named Executive Officers in 2015 under the Short-Term Annual Incentive Plan. The 2015 discretionary bonus award to Mr. Bullwinkel is discussed in further detail under Compensation Discussion and Analysis Other Discretionary Bonus Award to a Named Executive Officer on page 35.
- (3) Grants of performance share and restricted stock unit awards (liability awards) under the Long-Term Equity Compensation Plan, as discussed under Compensation Discussion and Analysis Long-Term Equity Compensation Plan beginning on page 35. The amounts in this column represent the aggregate grant date fair value of the awards computed in accordance with FASB ASC Topic 718. The value of performance share awards is based on the probable outcome of performance conditions, consistent with the estimate of aggregate compensation cost to be recognized over the service period determined as of the grant date under FASB ASC Topic 718, excluding the effect of estimated forfeitures. For 2015, the grant date maximum values of the performance shares, assuming the highest levels of performance, would be as follows: Mr. Marsh \$3,778,672; Mr. Addison \$1,372,852; Mr. Byrne \$1,372,852; Mr. Lindsay \$743,806; and Mr. Kissam \$529,966. The assumptions made in the valuation of stock awards are set forth in Note 9 to our audited financial statements for the year ended December 31, 2015, which are included in our Form 10-K for the year ended December 31, 2015, and with this proxy statement. Mr. Bullwinkel retired in January 2015 and did not receive an award for the 2015-2017 cycle of the Long-Term Equity Compensation Plan.
- (4) Payouts under the Short-Term Annual Incentive Plan were based on the levels at which we achieved growth in earnings per share targets and at which our Named Executive Officers achieved their individual and business unit financial and strategic objectives, as discussed in further detail under Compensation Discussion and Analysis Short-Term Annual Incentive Plan beginning on page 33. Mr. Bullwinkel retired in January 2015 and did not participate in the 2015 Short-Term Annual Incentive Plan.
- (5) The aggregate change in the actuarial present value of each Named Executive Officer's accumulated benefits under SCANA's Retirement Plan and Supplemental Executive Retirement Plan from the pension plan measurement date used for financial statement reporting purposes with respect to the audited financial statements for the prior completed fiscal year to the pension plan measurement date used for financial statement reporting purposes with respect to the audited financial statements for the covered fiscal year shown, determined using interest rate and mortality rate assumptions consistent with those used in our financial statements. These plans are discussed under Compensation Discussion and Analysis Retirement and Other Benefit Plans beginning on page 40, Defined Benefit Retirement Plan beginning on page 48, Supplemental Executive Retirement Plan beginning on page 48, and Potential Payments Upon Termination or Change in Control Retirement Benefits Supplemental Executive Retirement Plan beginning on page 54.
- (6) Includes all other compensation paid to each Named Executive Officer, including Company contributions to the 401(k) Plan and the Executive Deferred Compensation Plan, imputed income for disability insurance and aircraft use, if any, tax reimbursements with respect to perquisites or other personal benefits,

life insurance premiums on policies owned by Named Executive Officers, and perquisites that exceeded \$10,000 in the aggregate for any Named Executive Officer. For 2015, the Company contributions to defined contribution plans were as follows: Mr. Marsh \$141,556; Mr. Addison \$74,998; Mr. Byrne \$63,277; Mr. Lindsay \$49,434; Mr. Kissam \$39,827; and Mr. Bullwinkel \$10,523.

For 2015 there were no perquisites exceeding an aggregate of \$10,000 for any of our Named Executive Officers. However, during 2015, a charge was reported for Mr. Marsh's 2014 perquisites related to security system capital expenses totaling \$7,298, thereby making Mr. Marsh's perquisite total for 2014 an aggregate of \$15,226, consisting of maintenance and monitoring of residential security systems totaling \$9,120, an executive physical in the amount of \$2,025, and personal use of the Company airplane at a cost of \$4,081.

In addition, All Other Compensation for Mr. Bullwinkel includes severance in the amount of \$120,000 and payments in the amount of \$209,091 made in 2015 pursuant to a post-retirement consulting agreement. His All Other Compensation also includes \$350,024 (of which \$15,989 represents dividend equivalents) reflecting an acceleration of his restricted stock unit awards pursuant to our Long-Term Equity Compensation Plan due to his retirement in January 2015. Mr. Bullwinkel's restricted stock unit payment is also reflected in the 2015 Option Exercise and Stock Vested Table on page 47.

- (1) The amounts in columns (c), (d) and (e) represent the threshold (50% of target), target (100%) and maximum (150% of target) awards that could have been paid for 2015 under the Short-Term Annual Incentive Plan if performance criteria were met. Awards were based 50% on our achieving earnings per share objectives and 50% on our Named Executive Officers achieving business and individual performance objectives. The 2015 Short-Term Annual Incentive Plan also provided for a formulaic scaling of the total target awards up to 130% of the total target award if our basic net earnings per share for 2015 exceeded our goals, and for an additional 20% potential discretionary award, for a total potential payout of up to 150% of target award. For 2015, our basic net earnings per share goal was \$5.10 and our actual basic net earnings per share were \$5.22. Since we exceeded our basic net earnings per share goal and all of the Named Executive Officers, except Mr. Byrne, met all of their individual and business unit financial and strategic objectives, awards under the 2015 Short-Term Annual Incentive Plan were earned at 130% of target by all Named Executive Officers except Mr. Byrne. Mr. Byrne achieved his individual and business unit financial and strategic objectives at 40% which resulted in his award being earned at 117% of his target award. No additional discretionary awards were made for 2015. See Compensation Discussion and Analysis Short-Term Annual Incentive Plan beginning on page 33.
- (2) Represents total potential future payouts of the 2015-2017 performance share awards under the Long-Term Equity Compensation Plan. Payout of performance share awards at the end of the 2015-2017 Plan period will be dictated by our performance against pre-determined measures of TSR and average growth in GAAP-adjusted weather-normalized basic net earnings per share for the three-year period. See Compensation Discussion and Analysis Long-Term Equity Compensation Plan Components of 2015-2017 Performance Share Awards, and Performance Criteria for the 2015-2017 Performance Share Awards beginning on page 39.
- (3) Represents restricted stock unit awards. Restricted stock unit awards are primarily time based and vest after three years if the Named Executive Officer is still employed by us at that date, subject to exceptions for retirement, death, disability, or a change in control. See Compensation Discussion and Analysis Long-Term Equity Compensation Plan 2015-2017 Restricted Stock Unit Awards beginning on page 40.
- (4) A discussion of the components of the performance share and restricted stock unit awards is included under Compensation Discussion and Analysis Long-Term Equity Compensation Plan Components of 2015-2017 Performance Share Awards, Performance Criteria for the 2015-2017 Performance Share Awards, and 2015-2017 Restricted Stock Unit Awards beginning on page 39.
- (5) The grant date fair value of restricted stock unit awards is computed in accordance with FASB ASC Topic 718. The grant date fair value of performance share awards is based on the probable outcome of the performance conditions, consistent with the estimate of aggregate compensation cost to be recognized over the performance period determined as of the grant date under FASB ASC Topic 718, excluding the effect of estimated forfeitures.

(1) The awards granted on February 19, 2015 represent restricted stock units awarded for the 2015-2017 performance period of the Long-Term Equity Compensation Plan that have not vested. The restricted stock units will vest December 31, 2017, if the Named Executive Officer is still employed by us at that date, subject to exceptions for retirement, death, disability, or change in control. Mr. Bullwinkel retired in January 2015 and did not receive any awards for the 2015-2017 performance period.

The awards granted on February 20, 2014 represent performance shares and restricted stock units awarded under the 2014-2016 performance period of the Long-Term Equity Compensation Plan that have been earned, but have not vested. For the performance share awards granted on February 20, 2014, TSR for the first and second years of the performance period was at the 61st and 82nd percentiles, respectively, resulting in the award being earned at 121% and 160% of target for the first and second years, respectively. The growth in GAAP-adjusted basic net earnings per share portion of the performance awards for the first and second years of the 2014-2016 performance period, respectively, was earned based on our achieving growth in GAAP-adjusted basic net earnings per share of 5.3% and 4.2%, respectively (11.5% and 38% in GAAP basic net earnings per share (see footnote 1 on page 36 for a reconciliation of our GAAP-adjusted basic net earnings per share to our GAAP basic net earnings per share)), and resulted in the award being earned at 117% and 93.6% of target for the first and second years, respectively. The performance shares will vest on December 31, 2016, if the Named Executive Officer is still employed by us at that date, subject to exceptions for retirement, death, disability, or change in control. The restricted stock units will vest December 31, 2016, if the Named Executive Officer is still employed by us at that date, subject to exceptions for retirement, death, disability, or change in control.

- (2) The market value of these awards is based on the closing market price of our common stock on the New York Stock Exchange on December 31, 2015 of \$60.49.
- (3) The awards granted on February 19, 2015 represent performance shares that have not been earned. Assuming the performance criteria are met and the reported payout levels are sustained, these performance shares will vest on December 31, 2017, subject to exceptions for retirement, death, disability, or change in control. The awards granted on February 20, 2014 represent performance shares remaining in the 2014-2016 performance period that have not been earned. Assuming the performance criteria are met and the reported payout levels are sustained, these performance shares will vest on December 31, 2016, subject to exceptions for retirement, death, disability, or change in control. Mr. Bullwinkel retired in January 2015 and did not receive any awards for the 2015-2017 performance period.
- (4) For the 2015-2017 awards, performance shares tracking against TSR (50% of performance share award) are reflected above at a maximum payout since our TSR for the most recently completed fiscal year was at the 82<sup>nd</sup> percentile and would result in a 160% projected payout on the TSR portion of the award. Therefore, the number of shares and payout value shown in columns (i) and (j) are based on the maximum

**Table of Contents**

performance measure for the TSR portions of the performance shares. Performance shares tracking against average growth in GAAP-adjusted weather-normalized basic net earnings per share (50% of performance share award) for the 2015-2017 awards are projected to result in a less than target payout since for our most recently completed fiscal year, GAAP-adjusted weather-normalized basic net earnings per share was at 4.2% with a projected payout of 93.6%. Therefore, the number of shares and payout value shown in columns (i) and (j) are based on the target performance measure for the growth in GAAP-adjusted weather-normalized basic net earnings per share portion of the performance shares.

For the 2016 cycle remaining in the 2014-2016 awards, performance shares tracking against TSR (50% of performance share award) are projected to result in a greater than target payout. Therefore, the number of shares and payout value shown in columns (i) and (j) are based on the 2014-2016 maximum performance measure for the 2016 TSR portion of the performance shares. Performance shares tracking against growth in GAAP-adjusted basic net earnings per share (50% of performance share award) for the 2016 cycle remaining in the 2014-2016 awards are projected to result in a less than target payout. Therefore, the number of shares and payout value shown in columns (i) and (j) are based on the target performance measure for the 2016 growth in GAAP-adjusted basic net earnings per share portion of the performance shares.

- (1) Represents the 2013-2015 performance share awards and restricted stock unit awards that vested at the end of the three-year vesting period. For a discussion of these awards, see Long-Term Equity Compensation Plan Performance Criteria for the 2013-2015 Performance Share Awards and Earned and Vested Awards for the 2013-2015 Performance Period and 2013-2015 Restricted Stock Unit Awards. Dollar amounts in column (e) are calculated by multiplying the number of performance shares shown in column (d) by the closing price of SCANA common stock on the vesting date (December 31, 2015) and by multiplying the number of shares of restricted stock units shown in column (d) by the opening price of SCANA common stock on the vesting date. In addition to the amounts above, on the vesting date, each Named Executive Officer also received dividend equivalents on the shares listed above. For Mr. Bullwinkel, who retired in January 2015, the restricted stock units represent an acceleration upon his retirement of all restricted stock units granted to him pursuant to the 2013-2015 Long-Term Equity Compensation Plan, and the 2014-2016 Long-Term Equity Compensation Plan. The restricted stock units for Mr. Bullwinkel were valued on January 30, 2015, the date of his retirement, at the opening share price of SCANA common stock.

(1) Computed as of December 31, 2015, the plan measurement date used for financial statement reporting purposes. Other than as set forth in disclosures related to our Change of Control Plans, we do not provide extra years of credited service under these plans. See Potential Payments Upon Termination or Change in Control beginning on page 51.

(2) Present value calculation determined using current account balances for each Named Executive Officer as of December 31, 2015, based on assumed retirement at normal retirement age (specified as age 65) and other assumptions as to valuation method, interest rate, discount rate and other material factors as set forth in Note 8 to our audited financial statements for the year ended December 31, 2015, which are included in our Form 10-K for the year ended December 31, 2015, and with this Proxy Statement.

The SCANA Retirement Plan (the Retirement Plan) is a tax qualified defined benefit plan and the Supplemental Executive Retirement Plan (the SERP) is a nonqualified deferred compensation plan. The plans provide for full vesting after three years of service or after reaching age 65. All Named Executive Officers are fully vested in both plans. As of December 31, 2013, the Retirement Plan and the SERP were both closed to new employees and rehired employees. Current participants in the Retirement Plan and the SERP who continue to meet eligibility requirements will continue to earn benefits until December 31, 2023. Effective January 1, 2024, participants will no longer earn any future benefit accruals under these plans except that participants under the cash balance formula of the Retirement Plan will continue to earn interest credits.

**Defined Benefit Retirement Plan**

The Retirement Plan uses a mandatory cash balance benefit formula for employees hired on or after January 1, 2000. Effective July 1, 2000, SCANA employees hired prior to January 1, 2000 were given the choice of remaining under the Retirement Plan's final average pay formula or switching to the cash balance formula. All the Named Executive Officers participate under the cash balance formula of the Retirement Plan.

The cash balance formula is expressed in the form of a hypothetical account balance. Account balances are increased monthly by interest and compensation credits. The interest rate used for accumulating account balances is determined annually based on 30-year treasury securities and the applicable segment rates determined under Internal Revenue Code Section 417(c)(3)(D) calculated using the rates for December of the previous calendar year. Compensation credits equal 5% of compensation up to the Social Security wage base and 10% of compensation in excess of the Social Security wage base.

**Supplemental Executive Retirement Plan**

In addition to the Retirement Plan, we provide the SERP for certain eligible employees hired before December 31, 2013, including the Named Executive Officers. The SERP is an unfunded plan that provides for benefit payments in addition to benefits payable under the qualified Retirement Plan in order to replace benefits lost under the Retirement Plan because of Internal Revenue Code maximum benefit limitations on

tax qualified plans. The SERP is discussed under the caption Potential Payments Upon Termination or Change in Control Retirement Benefits beginning on page 54, and under the caption Compensation Discussion and Analysis Retirement and Other Benefit Plans beginning on page 40.

**Executive Deferred Compensation Plan**

The Executive Deferred Compensation Plan (the "EDCP") is a nonqualified deferred compensation plan in which our senior executive officers, including Named Executive Officers, and our Directors, may participate if they choose to do so. Each employee participant may elect to defer up to 25% of that part of his or her eligible earnings (as defined in the SCANA Corporation 401(k) Retirement Savings Plan, our 401(k) plan), that exceeds the limitation on compensation otherwise required under Internal Revenue Code Section 401(a)(17), without regard to any deferrals or the foregoing of compensation. For 2015, employee participants could defer eligible earnings in excess of \$265,000. In addition, an employee participant may elect to defer up to 100% of any performance share award for the year under our Long-Term Equity Compensation Plan. We match the amount of compensation deferred by each employee participant up to 6% of the employee participant's eligible earnings (excluding performance share awards) in excess of the Internal Revenue Code Section 401(a)(17) limit.

In 2014, we amended and restated the EDCP to allow non-employee directors to participate. A director may defer all or a portion of his or her cash retainer fee amounts for a year under the Director Compensation and Deferral Plan (which is discussed beginning on page 58) or under the EDCP. A director who has not elected to defer all or a portion of his or her stock retainer fee amounts under the Director Compensation and Deferral Plan for a year may also elect to defer under the EDCP 100% (but not less than 100%) of his or her stock retainer fee amounts for a year.

We record the amount of each participant's deferred compensation and the amount we match in a ledger account and credit a rate of return to each participant's ledger account based on hypothetical investment alternatives chosen by the participant. The internal committee that administers the EDCP designates various hypothetical investment alternatives from which the participants may choose. Using the results of the hypothetical investment alternatives chosen, we credit each participant's ledger account with the amount it would have earned if the account amount had been invested in that alternative. If the chosen hypothetical investment alternative loses money, the participant's ledger account is reduced by the corresponding amount. All amounts credited to a participant's ledger accounts continue to be credited or reduced pursuant to the chosen investment alternatives until such amounts are paid in full to the participant or his or her beneficiary. No actual investments are made. The investment alternatives are only used to generate a rate of increase (or decrease) in the ledger accounts, and amounts paid to participants are solely our obligation. All payouts under the EDCP are made in cash. In connection with this Plan, the Board has established a grantor trust (known as the SCANA Corporation Executive Benefit Plan Trust) for the purpose of accumulating funds to satisfy the obligations we incur under the EDCP. At any time prior to a change in control we may transfer assets to the trust to satisfy all or part of our obligations under the EDCP. Notwithstanding the establishment of the trust, the right of participants to receive future payments is an unsecured claim against us. The trust has been partially funded with respect to ongoing deferrals and Company matching funds since October 2001.

**Table of Contents**

In 2015, the Named Executive Officers' ledger accounts were credited with earnings or losses based on the following hypothetical investment alternatives and rates of returns:

Wells Fargo Stable Return Fund C (1.38%); PIMCO Total Return (.72%); Dodge & Cox Stock Fund (-4.49%); Janus Research Fund (5.55%); T. Rowe Price Mid Cap Value (-3.41%); AMG TimesSquare Mid Cap Growth Fund (.67%); RS Partners (-10.47%); Voya Small Cap Opportunities (-1.23%); Dodge & Cox International Stock Fund (-11.35%); SCANA Corporation Stock (4.32%); Vanguard Institutional Index Fund (1.37%); Vanguard Target Retirement Income (-.17%); Vanguard Target Retirement 2015 (-.46%); Vanguard Target Retirement 2020 (-.68%); Vanguard Target Retirement 2025 (-.85%); Vanguard Target Retirement 2030 (-1.03%); Vanguard Target Retirement 2035 (-1.26%); Vanguard Target Retirement 2040 (-1.59%); Vanguard Target Retirement 2045 (-1.57%); Vanguard Target Retirement 2050 (-1.58%); Vanguard Target Retirement 2055 (-1.72%); Vanguard Target Retirement 2060 (-1.68%).

The measures for calculating interest or other plan earnings are based on the investments chosen by the manager of each investment vehicle, except the SCANA Corporation stock, the earnings of which are based on the value of our common stock.

The hypothetical investment alternatives may be changed at any time on a prospective basis by the participants in accordance with the telephone, electronic, and written procedures and forms adopted by the committee for use by all participants on a consistent basis.

Participants may elect the deferral period for each separate deferral made under the Plan. Employee participants may elect to defer payment of eligible earnings or performance share awards until their separation from service or until a date certain. Any post-2004 deferrals and hypothetical earnings thereon must be payable at the same date certain if the date certain payment alternative is chosen. Notwithstanding a participant's election of a date certain deferral period or any modification thereof as discussed above, deferred amounts will be paid, or begin to be paid as soon as practicable after the earliest to occur of participant's death, separation from service, or, with respect to pre-2005 deferrals and hypothetical earnings thereon, disability. Separation from service is defined by the EDCP (i) with respect to an employee, as any termination of the participant's employment relationship with us and any of our affiliates, and, with respect to post-2004 deferrals and hypothetical earnings thereon, the participant's separation from service from us and our affiliates as determined under Internal Revenue Code Section 409A and the guidelines issued thereunder, and (ii) with respect to a non-employee director, any separation from service with us and our affiliates in a manner consistent with Code Section 409A and the guidelines issued thereunder. Directors may elect to defer cash and stock retainer fees only until separation from service as a director.

Participants also elect the manner in which their deferrals and hypothetical earnings thereon will be paid. For amounts earned and vested after January 1, 2005, distribution and withdrawal elections are subject to Internal Revenue Code Section 409A. All amounts payable at a date certain prior to an employee participant's separation from service, death, or, with respect to pre-2005 deferrals and hypothetical earnings thereon, disability, must be paid in the form of a single cash payment. Payments made after separation from service, death, or, with respect to pre-2005 deferrals and hypothetical earnings thereon, disability, will also be paid in the form of a single cash payment. Instead of a single cash payment, a participant may, however, elect to have all amounts payable as a result of separation from service after attainment of age 55, death while employed or serving as a director and after attainment of age 55, or, with respect to pre-2005 deferrals and hypothetical earnings thereon, separation from service due to disability, paid in the form of annual installments over a period not to exceed five years with respect to post-2004 deferrals and hypothetical earnings thereon or 15 years with respect to pre-2005 deferrals and hypothetical earnings thereon.

In accordance with procedures established by the Compensation Committee, with respect to any deferrals to a date certain, an employee participant may request that the Compensation Committee approve an additional deferral period of at least 60 months as to any post-2004 deferrals and hypothetical earnings thereon, or at least 12 months as to any pre-2005 deferrals and hypothetical earnings thereon. The request must be made at least 12 months before the expiration of the date certain deferral period for which an additional deferral period is being sought.

Payments as a result of a separation from service of post-2004 deferrals and hypothetical earnings thereon to persons who are specified employees under our procedures adopted in accordance with Internal Revenue Code Section 409A and guidance thereunder (certain officers and executive officers) must be deferred until the earlier of (i) the first day of the seventh month following the participant's separation from service or (ii) the date of the participant's death.

## **Table of Contents**

A participant may request and receive, with the approval of the Compensation Committee, an acceleration of the payment of some or all of the participant's ledger account due to severe financial hardship as the result of certain extraordinary and unforeseeable circumstances arising as a result of events beyond the individual's control. With respect to pre-2005 deferrals and hypothetical earnings thereon, a participant may also obtain a single lump sum payment of any or all of his or her ledger account on an accelerated basis by forfeiting 10% of the amount accelerated, or by making the election, not less than 12 months prior to the date on which the accelerated payment is to be made, to accelerate the payment to a date not earlier than 12 months after the election request is received by the Committee. Additionally, the Plan provides for the acceleration of payments following a change in control of our Company. The change in control provisions are discussed under [Potential Payments Upon Termination or Change in Control](#) [Change in Control Arrangements](#).

### **[Potential Payments Upon Termination or Change in Control](#)**

#### **Change in Control Arrangements**

Effective December 31, 2009, we terminated the SCANA Corporation Key Executive Severance Benefits Plan, which provided for payment of benefits immediately upon a change in control unless the Plan was terminated prior to the change in control. Also as of December 31, 2009, we amended our change in control benefits to eliminate excise tax gross ups.

#### ***Triggering Events for Payments under the Supplementary Key Executive Severance Benefits Plan***

The SCANA Corporation Supplementary Key Executive Severance Benefits Plan (the [Supplementary Severance Plan](#)) provides for payments to our senior executive officers in connection with a change in control of our Company. The Supplementary Severance Plan provides for payment of benefits if, within 24 months after a change in control, we terminate a senior executive officer's employment without just cause or if the senior executive officer terminates his or her employment for good reason.

Our Supplementary Severance Plan is intended to advance the interests of our Company by providing highly qualified executives and other key personnel with an assurance of equitable treatment in terms of compensation and economic security and to induce continued employment with the Company in the event of certain changes in control. We believe that an assurance of equitable treatment will enable valued executives and key personnel to maintain productivity and focus during a period of significant uncertainty inherent in change in control situations. We also believe that compensation plans of this type aid the Company in attracting and retaining the highly qualified professionals who are essential to our success. The structure of the plan, and the benefits which might be paid in the event of a change in control, are reviewed as part of the Compensation Committee's annual review of tally sheets for each senior executive officer.

The Supplementary Severance Plan provides that a change in control will be deemed to occur under the following circumstances:

if any person or entity becomes the beneficial owner, directly or indirectly, of 25% or more of the combined voting power of the outstanding shares of our common stock;

if, during a consecutive two-year period, a majority of our directors cease to be individuals who either (i) were directors on the Board at the beginning of such period, or (ii) became directors after the beginning of such period but whose election by the Board, or nomination for election by our shareholders, was approved by at least two-thirds of the directors then still in office who either were directors at the beginning of such period, or whose election or nomination for election was previously so approved;

if (i) we consummate a merger or consolidation of our Company with another corporation (except a merger or consolidation in which our outstanding voting shares prior to such transaction continue to represent at least 80% of the combined voting power of the surviving entity's outstanding voting shares after such transaction), or (ii) our shareholders approve a plan of complete liquidation of our Company, or an agreement to sell or dispose of all or substantially all of our assets; or

if we consummate the sale of the stock of, or our shareholders approve a plan of complete liquidation of, or an agreement for the sale or disposition of substantially all of the assets of any of our subsidiaries that the Board designates to be a material subsidiary. This last provision would constitute a change in control only with respect to participants exclusively assigned to the affected subsidiary.

**Table of Contents**

As noted above, benefits under the Supplementary Severance Plan would be triggered if, within 24 months after a change in control, we terminated the senior executive officer's employment without just cause or if the senior executive officer terminated his or her employment for good reason. Under the plan, we would be deemed to have just cause for terminating the employment of a senior executive officer if he or she:

willfully and continually failed to substantially perform his or her duties after we made demand for substantial performance;

willfully engaged in conduct that is demonstrably and materially injurious to us; or

were convicted of a felony or certain misdemeanors.

A senior executive officer would be deemed to have good reason for terminating his or her employment if, after a change in control, without his or her consent, any one or more of the following occurred:

a material diminution in his or her base salary;

a material diminution in his or her authority, duties, or responsibilities;

a material diminution in the authority, duties, or responsibilities of the supervisor to whom he or she is required to report, including a requirement that he or she report to one of our officers or employees instead of reporting directly to the Board;

a material diminution in the budget over which he or she retains authority;

a material change in the geographic location at which he or she must perform services; or

any other action or inaction that constitutes a material breach by us of the agreement under which he or she provides services.

***Potential Benefits Payable under the Supplementary Severance Plan***

The benefits we would be required to pay our senior executive officers under the Supplementary Severance Plan immediately upon the occurrence of a triggering event subsequent to a change in control are as follows:

an amount intended to approximate 2.5 times the sum of: (i) his or her annual base salary (before reduction for certain pre-tax deferrals) in effect as of the change in control, plus (ii) his or her full targeted annual incentive opportunity in effect as of the change in control;

an amount equal to the participant's full targeted annual incentive opportunity in effect under each existing annual incentive plan or program for the year in which the change in control occurs;

if the participant's benefit under the SERP is determined using the final average pay formula under the Retirement Plan, an amount equal to the present lump sum value of the actuarial equivalent of his or her accrued benefit under the Retirement Plan and the SERP through the

date of the change in control, calculated as though he or she had attained age 65 and completed 35 years of benefit service as of the date of the change in control, and as if his or her final average earnings under the Retirement Plan equaled the amount determined after applying cost-of-living increases to his or her annual base salary from the date of the change in control until the date he or she would reach age 65, and without regard to any early retirement or other actuarial reductions otherwise provided in any such plan (this benefit will be offset by the actuarial equivalent of the participant's benefit provided by the Retirement Plan and the Participant's benefit under the SERP);

if the participant's benefit under the SERP is determined using the cash balance formula under the Retirement Plan, an amount equal to the present value as of the date of the change in control of his or her accrued benefit, if any, under our SERP, determined prior to any offset for amounts payable under the Retirement Plan, increased by the present value of the additional projected pay credits and periodic interest credits that would otherwise accrue under the plan (based on the plan's actuarial assumptions) assuming that he or she remained employed until reaching age 65, and reduced by his or her cash balance account under the Retirement Plan, and further reduced by an amount equal to his or her benefit under the SERP;

an amount equal to the value of all amounts credited to each participant's EDCP ledger account as of the date of the change in control, plus interest on the benefits payable under the EDCP at a rate equal to the sum of the prime interest rate as published in the Wall Street Journal on the most recent publication date prior to the date of the change in control plus 3%, calculated through the end of the month preceding the month in which the benefits are distributed, reduced by the value of his or her benefit under the EDCP as of the date of the change in control; and

**Table of Contents**

an amount equal to the projected cost for medical, long-term disability and certain life insurance coverage for three years following the change in control as though he or she had continued to be our employee.

In addition to the benefits above (unless their agreements with us provide otherwise), our senior executive officers would also be entitled to benefits under our other plans in which they participate as follows:

a benefit distribution under the Long-Term Equity Compensation Plan equal to 100% of the target awards for all performance periods not completed as of the date of the change in control, if any; and

any amounts previously earned, but not yet paid, under the terms of any of our other plans or programs.

***Calculation of Benefits Potentially Payable to our Named Executive Officers under the Supplementary Severance Plan if a Triggering Event had Occurred as of December 31, 2015***

The Supplementary Severance Plan provides that, if (i) we had been subject to a change in control in the past 24 months, and (ii) as of December 31, 2015, either we had terminated the employment of any of our Named Executive Officers without just cause or they had terminated their employment for good reason, such terminated Named Executive Officer would have been immediately entitled to all of the benefits outlined below, together with interest, calculated as outlined above under Potential Benefits Payable under the Supplementary Severance Plan, on his or her EDCP account balance. The actual amount of any such additional interest payment would depend upon the date the change in control occurred.

Mr. Marsh would have been entitled to the following: an amount equal to 2.5 times his 2015 base salary and target short-term incentive award \$5,538,500; an amount equal to the excess payable under the SERP as calculated under the assumptions described above \$934,920; an amount equal to insurance continuation benefits for three years \$95,355; an amount equal to the difference between target and actual annual incentive award under the Short-Term Annual Incentive Plan \$0 (for 2015, the Short-Term Annual Incentive Plan paid out above target, resulting in no additional benefit); an amount equal to the value of 100% of his target performance shares under the Long-Term Equity Compensation Plan for all performance periods not completed \$4,770,665; and an amount equal to the value of 100% of his restricted stock units under the Long-Term Equity Compensation Plan \$2,247,445. **Retirement Benefits*****Supplemental Executive Retirement Plan***

The Supplemental Executive Retirement Plan (the SERP ) is an unfunded nonqualified defined benefit plan. The SERP was established for the purpose of providing supplemental retirement income to certain of our employees, including the Named Executive Officers, whose benefits under the Retirement Plan are limited in accordance with the limitations imposed by the Internal Revenue Code on the amount of annual retirement benefits payable to employees from qualified pension plans or on the amount of annual compensation that may be taken into account for all qualified plan purposes, or by certain other design limitations on determining compensation under the Retirement Plan.

Subject to the terms of the SERP, a participant becomes eligible to receive benefits under the SERP upon termination of his or her employment with us (or at such later date as may be provided in a participant s agreement with us), if the participant has become vested in his or her accrued benefit under the Retirement Plan prior to termination of employment. However, if a participant is involuntarily terminated following or incident to a change in control and prior to becoming fully vested in his or her accrued benefit under the Retirement Plan, the participant will automatically become fully vested in his or her benefit under the SERP and a benefit will be payable under the SERP. The term change in control has the same meaning in the SERP as in the Supplementary Severance Plan. See the discussion under Change in Control Arrangements.

The amount of any benefit payable to a participant under the SERP will depend upon whether the participant s benefit under the SERP is determined using the final average pay formula under the Retirement Plan or the cash balance pay formula under the Retirement Plan. All of our Named Executive Officers participate under the cash balance pay formula of the Retirement Plan. Unless otherwise provided in a participant agreement, the amount of any SERP

---

**Table of Contents**

benefit payable pursuant to the SERP to a participant whose benefit is determined using the final average pay formula under the Retirement Plan will be determined at the time the participant first becomes eligible to receive benefits under the SERP and will be equal to the excess, if any, of:

the monthly pension amount that would have been payable at normal retirement age or, if applicable, delayed retirement age under the Retirement Plan (as such terms are defined under the Retirement Plan), to the participant determined based on his or her compensation and disregarding the Internal Revenue Code limitations and any reductions due to the participant's deferral of compensation under any of our nonqualified deferred compensation plans (other than the SERP), over

the monthly pension amount payable to the participant at normal retirement age or, if applicable, delayed retirement age under the Retirement Plan.

The calculation of this benefit assumes that payment is made to the participant at normal retirement age or, if applicable, delayed retirement age under the Retirement Plan, and is calculated using the participant's years of benefit service and final average earnings as of the date of the participant's termination of employment.

Unless otherwise provided in a participant agreement, the amount of any benefit payable pursuant to the SERP as of any determination date to a participant whose SERP benefit is determined using the cash balance formula under the Retirement Plan will be equal to:

the benefit that otherwise would have been payable under the Retirement Plan as of the determination date, based on his or her compensation and disregarding the Internal Revenue Code limitations, minus

the Participant's benefit determined under the Retirement Plan as of the determination date.

For purposes of the SERP, compensation is defined as determined under the Retirement Plan, without regard to the limitation under Section 401(a)(17) of the Internal Revenue Code, including any amounts of compensation otherwise deferred under any non-qualified deferred compensation plan (excluding the SERP).

The benefit payable to a participant under the SERP will be paid, or commence to be paid, as of the first day of the calendar month following the date the participant first becomes eligible to receive a benefit under the SERP (the payment date). The form of payment upon distribution of benefits under the SERP will depend upon whether the benefit constitutes a grandfathered benefit or a non-grandfathered benefit. For purposes of the SERP, grandfathered benefit means the vested portion of the benefit payable under the SERP assuming the participant's determination date is December 31, 2004, increased with interest credits (for a participant whose benefit under the SERP is determined using the cash balance formula under the Retirement Plan) and earnings (for a participant whose benefit under the SERP is determined using the final average pay formula under the Retirement Plan) at the rates determined under the Retirement Plan through any later determination date. A participant's grandfathered benefit is governed by the terms of the SERP in effect as of October 3, 2004 and will be determined in a manner consistent with Internal Revenue Code Section 409A and the guidance thereunder. Non-grandfathered benefit means the portion of the benefit payable under the SERP that exceeds the grandfathered benefit.

With respect to grandfathered benefits, the participant may elect, in accordance with procedures we establish, to receive a distribution of such grandfathered benefit in either of the following two forms of payment:

a single sum distribution of the value of the participant's grandfathered benefit under the SERP determined as of the last day of the month preceding the payment date; or

a lifetime annuity benefit with an additional death benefit payment as follows: a lifetime annuity that is the actuarial equivalent of the participant's single sum amount which provides for a monthly benefit payable for the participant's life, beginning on the payment date. In addition to this life annuity, commencing on the first day of the month following the participant's death, his or her designated beneficiary

will receive a benefit of 60% of the amount of the participant's monthly payment continuing for a 15 year period. If, however, the beneficiary dies before the end of the 15 year period, the lump sum value of the remaining monthly payments of the survivor benefit will be paid to the beneficiary's estate. The participant's life annuity will not be reduced to reflect the cost of providing the 60% survivor benefit feature. Actuarial equivalent is defined by the SERP as equality in value of the benefit provided under the SERP based on actuarial assumptions, methods, factors and tables that would apply under the Retirement Plan under similar circumstances.

---

**Table of Contents**

With respect to non-grandfathered benefits, a participant whose benefit under the SERP is determined using the final average pay formula under the Retirement Plan will receive a distribution of his or her benefit under the SERP as a single sum distribution equal to the actuarial equivalent present value (at the date of the participant's termination of employment) of the participant's SERP benefit determined as of normal retirement age, reflecting any terms under the Retirement Plan applicable to early retirement benefits if the participant is eligible for such early retirement benefits.

Except as otherwise provided below, a participant whose benefit under the SERP is determined using the cash balance formula under the Retirement Plan had the opportunity to elect on or before January 1, 2009 to receive a distribution of his non-grandfathered benefit in one of the following forms of payment:

a single sum distribution of the value of the participant's non-grandfathered benefit determined as of the last day of the month preceding the payment date;

an annuity for the participant's lifetime that is the actuarial equivalent of the participant's single sum amount, and that commences on the payment date; or

an annuity that is the actuarial equivalent of the participant's single sum amount, that commences on the payment date, and that provides payments for the life of the participant and, upon his or her death, continues to pay an amount equal to 50%, 75% or 100% (as elected by the participant prior to benefit commencement) of the annuity payment to the contingent annuitant designated by the participant at the time the election is made.

A participant whose benefit under the SERP is determined using the cash balance formula under the Retirement Plan who first became an eligible employee after 2008, and who was not eligible to participate in the EDCP before becoming eligible to participate in the SERP, may elect at any time during the first 30 days following the date he becomes an eligible employee to receive a distribution of his or her non-grandfathered benefit in one of the forms specified above.

Participants whose benefits under the SERP are determined using the cash balance formula under the Retirement Plan will receive distributions under the SERP as follows:

If a participant has terminated employment before attaining age 55, the participant's non-grandfathered benefit will be paid in the form of a single sum distribution of the value of the participant's non-grandfathered benefit determined as of the last day of the month preceding the payment date.

If a participant has terminated employment after attaining age 55, and the value of the participant's non-grandfathered benefit does not exceed \$100,000 at the time of such termination of employment, such benefit shall be paid in the form of a single sum distribution of the value of the participant's non-grandfathered benefit determined as of the last day of the month preceding the payment date.

In the absence of an effective election, and assuming that the provisions in the two bullet points immediately above do not apply, non-grandfathered SERP benefits owed to the participant will be paid in the form of an annuity for the participant's lifetime that is the actuarial equivalent of the participant's single sum amount, and that commences on the payment date.

A participant who elects, or is deemed to have elected, either the straight life annuity or the joint and survivor annuity described above may, in accordance with procedures established by the Committee, change his election to the other annuity option at any time prior to the payment date.

Unless otherwise provided in a participant agreement, if a participant dies before the payment date, a single sum distribution equal to the value of the participant's benefit that otherwise would have been payable under the SERP will be paid to the participant's designated beneficiary as soon as administratively practicable following the participant's death.

## Edgar Filing: SCANA CORP - Form PRE 14A

Notwithstanding the foregoing, distribution of any non-grandfathered benefit that is made as a result of a termination of employment for a reason other than death, to persons who are specified employees under Internal Revenue Code Section 409A and guidance thereunder (basically, executive officers) must be deferred until the earlier of (i) the first day of the seventh month following the participant's termination of employment or (ii) the date of the participant's death.

If a participant is involuntarily terminated following or incident to a change in control, the participant shall automatically become fully vested in his or her benefit under the SERP and such benefits shall become payable.

***Calculation of Benefits Potentially Payable to our Named Executive Officers under the SERP if a Triggering Event had Occurred as of December 31, 2015***

The lump sum or annuity amounts that would have been payable under the SERP to each of our Named Executive Officers if they had become eligible for benefits as of December 31, 2015 are set forth below. Also set forth below are the payments that would have been made to each Named Executive Officer's designated beneficiary if the officer had died December 31, 2015.

For Mr. Marsh, the lump sum amount would have been \$1,774,891. Alternatively, Mr. Marsh could have elected to receive a lump sum of \$1,378,600 as of December 31, 2015 and monthly payments of \$2,257 commencing January 1, 2016 for the remainder of his lifetime. In the event Mr. Marsh had been eligible to receive benefits and had elected to receive the aforementioned monthly annuity, his designated beneficiary would have received monthly payments of \$1,354 for up to 15 years upon Mr. Marsh's death. If Mr. Marsh had died December 31, 2015 before becoming eligible for benefits, his beneficiary would have been entitled to the full lump sum payment of \$1,774,891.

For Mr. Addison, the lump sum amount would have been \$635,192. Alternatively, Mr. Addison could have elected to receive a lump sum of \$576,457 as of December 31, 2015 and monthly payments of \$305 commencing January 1, 2016 for the remainder of his lifetime. In the event Mr. Addison had been eligible to receive benefits and had elected to receive the aforementioned monthly annuity, his designated beneficiary would have received monthly payments of \$183 for up to 15 years upon Mr. Addison's death. If Mr. Addison had died December 31, 2015 before becoming eligible for benefits, his beneficiary would have been entitled to the full lump sum payment of \$635,192.

For Mr. Byrne, the lump sum amount would have been \$876,348. Alternatively, Mr. Byrne could have elected to receive a lump sum of \$705,116 as of December 31, 2015 and monthly payments of \$903 commencing January 1, 2016 for the remainder of his lifetime. In the event Mr. Byrne had been eligible to receive benefits and had elected to receive the aforementioned monthly annuity, his designated beneficiary would have received monthly payments of \$542 for up to 15 years upon Mr. Byrne's death. If Mr. Byrne had died December 31, 2015 before becoming eligible for benefits, his beneficiary would have been entitled to the full lump sum payment of \$876,348.

For Mr. Lindsay, the lump sum amount would have been \$246,084. Mr. Lindsay was not eligible for the alternative election providing for a reduced lump sum and lifetime monthly payments. If Mr. Lindsay had died December 31, 2015 before becoming eligible for benefits, his beneficiary would have been entitled to the full lump sum payment of \$246,084.

For Mr. Kissam, the lump sum amount would have been \$168,120. Alternatively, Mr. Kissam could have elected to receive a lump sum of \$152,280 as of December 31, 2015 and monthly payments of \$76 commencing January 1, 2016 for the remainder of his lifetime. In the event Mr. Kissam had been eligible to receive benefits and had elected to receive the aforementioned monthly annuity, his designated beneficiary would have received monthly payments of \$46 for up to 15 years upon Mr. Kissam's death. If Mr. Kissam had died December 31, 2015 before becoming eligible for benefits, his beneficiary would have been entitled to the full lump sum payment of \$168,120.

Mr. Bullwinkel retired from the Company in January of 2015, so he would not have been entitled to any payments upon a change in control.

***Executive Deferred Compensation Plan***

The EDCP is described in the narrative following the 2015 Nonqualified Deferred Compensation table on page 49. As discussed in that section, amounts deferred under the EDCP are required to be paid, or begin to be paid, as soon as practicable following the earliest of a participant's death, separation from service, or with respect to pre-2005 deferrals and hypothetical earnings thereon, disability.

The "Aggregate Balance at Last FYE" column of the 2015 Nonqualified Deferred Compensation table on page 49 shows the amounts that would have been payable under the EDCP to each of our Named Executive Officers, as of December 31, 2015, (i) with respect to amounts payable at a date certain prior to separation from service, death, or, as to pre-2005 deferrals and hypothetical earnings thereon, disability, and (ii) with respect to amounts payable after separation from service, death, or, as to pre-2005 deferrals and hypothetical earnings thereon, disability, if they had been paid using the single sum form of payment. If the Named Executive Officers instead chose payment of the deferrals in annual installments, the annual installment payments over the payment periods selected by the Named Executive Officers are estimated as set forth below: Mr. Marsh \$551,728; Mr. Addison \$231,752; Mr. Byrne \$369,459; Mr. Lindsay \$496,904; Mr. Kissam \$59,772; Mr. Bullwinkel retired in January 2015.

## **DIRECTOR COMPENSATION**

### **Board Fees**

Our Board reviews director compensation every year with guidance from the Nominating and Governance Committee. In making its recommendations, the Committee is required by our Governance Principles to consider that compensation should fairly pay directors for work required in a company of our size and scope, compensation should align directors' interests with the long-term interests of shareholders, and the compensation structure should be transparent and easy for shareholders to understand. We also consider the risks inherent in board service. Approximately every other year, the Nominating and Governance Committee considers relevant publicly available data and information provided by management's compensation consultant in making compensation recommendations. The Committee may also consider recommendations from our Chairman and Chief Executive Officer. Officers who are also directors do not receive additional compensation for their service as directors.

In 2015 we provided the following compensation for non-employee directors:

\$193,000 in annual fees, consisting of a \$115,800 stock retainer which is paid in shares of our common stock and a \$77,200 cash retainer. The stock retainer and the cash retainer are payable on a quarterly basis.

Committee Chair and Lead Director annual leadership retainer fees, payable in cash, in the following additional amounts: Lead Director \$18,000, Audit Committee Chair \$14,000, Compensation Committee Chair \$8,000, Nominating and Governance Committee Chair \$8,000, Nuclear Oversight Committee Chair \$8,000. A director may only earn one annual leadership retainer fee in the form of either a Committee Chair retainer fee or the Lead Director retainer fee. Such additional Committee Chair and Lead Director retainer fees are also payable on a quarterly basis.

All director compensation is pro-rated for any year of partial service. The annual stock retainer and all fees payable in cash may be deferred at the director's election pursuant to the terms of the Director Compensation and Deferral Plan discussed below. Beginning in 2015, non-employee directors are also permitted to choose to defer all or a portion of their annual cash retainer fees and all (but not less than all) of their annual stock retainer fees under the EDCP instead of the Director Compensation and Deferral Plan. See Executive Compensation Executive Deferred Compensation Plan beginning on page 49.

### **Director Compensation and Deferral Plan**

Since January 1, 2001, non-employee director compensation and related deferrals have been governed by the SCANA Director Compensation and Deferral Plan. Amounts deferred by directors in previous years under the SCANA Voluntary Deferral Plan continue to be governed by that plan.

Under the Director Compensation and Deferral Plan, instead of receiving quarterly payments of the stock retainer, a director may make an annual irrevocable election to defer all or a portion of the stock retainer into an investment in our common stock, with distribution from the plan to be ultimately payable in shares of our common stock. A director also may elect to defer all or a portion of all other fees into an investment in our common stock or into a growth increment ledger which is credited with growth increments based on the prime interest rate charged from time to time by Wells Fargo Bank, N.A., as determined by us, with distribution from the Plan to be ultimately payable in cash or stock as the Plan may dictate. Amounts payable in our common stock accrue earnings during the deferral period at our dividend rate. All dividends attributable to shares of our common stock credited to each director's stock ledger account will be converted to additional credited shares of our

## Edgar Filing: SCANA CORP - Form PRE 14A

common stock as though reinvested as of the next business day after the dividend is paid. Directors do not have voting rights with respect to shares credited to their accounts under the Plan. A director's growth increment ledger will be credited on the first day of each calendar quarter, with a growth increment computed on the average balance in the director's growth increment ledger during the preceding calendar quarter. The growth increment will be equal to the amount in the director's growth increment ledger multiplied by the average interest rate we select during the preceding calendar quarter times a fraction the

## Table of Contents

numerator of which is the number of days during such quarter and the denominator of which is 365. Growth increments will continue to be credited until all of a director's benefits have been paid out of the Plan.

We establish a ledger account for each director that reflects the amounts deferred on his or her behalf and the deemed investment of such amounts into a stock ledger account or a growth investment ledger account. Each ledger account will separately reflect the pre-2005 and post-2004 deferrals and earnings thereon, and the portion of the post-2004 deferrals and earnings thereon payable at a date certain and the portion payable when the director separates from service from the Board. In this discussion, we refer to pre-2005 deferrals as the pre-2005 ledger account and to post-2004 deferrals as the post-2004 ledger account.

Directors may elect for payment of any post-2004 deferrals to be deferred until the earlier of separation from service from the Board for any reason or a date certain, subject to any limitations we may choose to apply at the time of election. If a participant does not make a payment election with respect to amounts deferred for any deferral period, such deferrals will be paid in a lump sum payment as soon as practicable after the director's separation from service from the Board.

Subject to the acceleration provisions of the Plan and Board approval with respect to pre-2005 deferrals, a director may elect an additional deferral period of at least 60 months with respect to any previously deferred amount credited to his or her post-2004 ledger account that is payable at a date certain, and an additional deferral period of at least 12 months for each separate deferral credited to his or her pre-2005 ledger account. With respect to amounts deferred until separation from service from the Board, directors may also elect a new manner of payment with respect to any previously deferred amounts, provided that, in the case of amounts credited to post-2004 ledger accounts that are payable on separation from service from the Board, payments are delayed for 60 months from the date payments would otherwise have commenced absent the election.

Amounts credited to directors' post-2004 ledger accounts that are scheduled to be paid at a date certain will be paid in the form of a single sum payment as soon as practicable after the date certain. With respect to amounts credited to pre-2005 ledger accounts, and amounts credited to post-2004 ledger accounts that are scheduled to be paid on separation from service from the Board, directors must irrevocably elect (subject to certain permitted changes) to have payment made in accordance with one of the following distribution forms:

a single sum payment;

a designated number of installments payable monthly, quarterly or annually, as elected (and in the absence of an election, annually), over a specified period not in excess of 20 years; or

in the case of a post-2004 ledger account, payments in the form of annual installments with the first installment being a single sum payment of 10% of the post-2004 ledger account determined immediately prior to the date such payment is made and with the balance of the post-2004 ledger account being paid in annual installments over a total specified period not in excess of 20 years. Such payments will be paid or commence to be paid as soon as practicable after the conclusion of the deferral period elected.

Notwithstanding any payment election made by a director:

payments will be paid, or begin to be paid, as soon as practicable following the director's separation from service from the Board for any reason except as otherwise provided below;

if a director dies prior to the payment of all or a portion of the amounts credited to his or her ledger account, the balance of any amount payable will be paid in a cash lump sum to his designated beneficiaries;

## Edgar Filing: SCANA CORP - Form PRE 14A

if a director ceases to be a non-employee director but thereafter becomes our employee, all pre-2005 ledger accounts will be paid as soon as practicable after he or she becomes our employee in a single lump sum payment and all post-2004 ledger accounts will be paid as soon as practicable after he or she has incurred a separation from service as a nonemployee director (as determined in accordance with Internal Revenue Code Section 409A);

if a director's post-2004 ledger account balance is less than \$100,000 (\$5,000 for pre-2005 ledger accounts) at the time for payment specified, such amount will be paid in a single payment; and

in the case of any post-2004 ledger accounts that are payable on separation from service from the Board and that are subject to an additional deferral period of 60 months as a result of the modification of the manner of payment, no payment attributable to any post-2004 ledger accounts will be accelerated to a date earlier than the expiration of the 60 month period.

---

## **Table of Contents**

We, at our sole discretion, may alter the timing or manner of payment of deferred amounts if the director establishes, to our satisfaction, an unanticipated and severe financial hardship that is caused by an event beyond the director's control. In such event, we may:

provide that all, or a portion of, the amount previously deferred by the director immediately be paid in a lump sum cash payment;

provide that all, or a portion of, the installments payable over a period of time immediately be paid in a lump sum cash payment; or

provide for such other installment payment schedules as we deem appropriate under the circumstances.

For pre-2005 ledger accounts, severe financial hardship will be deemed to have occurred in the event of the director's or a dependent's sudden, lengthy and serious illness as to which considerable medical expenses are not covered by insurance or relative to which there results a significant loss of family income, or other unanticipated events of similar magnitude. For post-2004 ledger accounts, severe financial hardship will be deemed to have occurred from a sudden or unexpected illness or accident of the director or the director's spouse, beneficiary or dependent, loss of the director's property due to casualty, or other similar extraordinary and unforeseeable circumstances arising as a result of events beyond the director's control.

During 2015, Ms. Miller and Messrs. Micali, Roquemore, Sloan and Stowe elected to defer 100% of their compensation and earnings and Messrs. Aliff, Bennett and Hagood deferred a portion of their earnings under either or both of the Director Compensation and Deferral Plan and/or the Executive Deferred Compensation Plan.

As discussed under Executive Compensation Executive Deferred Compensation Plan beginning on page 49, in 2014, we amended the EDCP to allow non-employee directors, who have met our minimum share ownership guidelines and who have not deferred such fees under the Director Deferral and Compensation Plan to defer all or a portion of their annual cash retainer fees and all (but not less than all) of their annual stock retainer fees into the EDCP, with payments ultimately to be paid in cash. Non-employee directors first became eligible to participate in the EDCP in 2015.

At the Annual Meeting, we are submitting two proposed amendments to the Director Compensation and Deferral Plan. See Proposals 3 and 4 Approval of Amendments to the Director Compensation and Deferral Plan, Proposal 3 Approval of an Amendment to and Restatement of the Director Compensation and Deferral Plan to Implement Annual Limits on the Total Number of Shares that may be Issued to any Individual Participant Each Year, and Proposal 4 Approval of an Amendment to and Restatement of the Director Compensation and Deferral Plan to Increase the Number of Shares that may be Reserved for Issuance under the Plan.

## **Endowment Plan**

In July 2013, the Board closed the SCANA Director Endowment Plan to new participants effective January 1, 2013 after considering management's recommendation that such a plan may not be perceived as a best corporate governance practice. However, for eligible participants, the SCANA Director Endowment Plan provides for us to make tax deductible, charitable contributions totaling \$500,000 to institutions of higher education designated by the director. The Plan was intended to reinforce our commitment to quality higher education and to enhance our ability to attract and retain qualified Board Members. A portion is contributed upon retirement of the director and the remainder upon the director's death. As of December 31, 2015, the cash obligation under the Plan was \$7,700,000 pre-tax and \$4,754,750 after-tax (assuming a 38.25% tax rate). The Plan is funded through insurance policies on the lives of certain of the participating directors. The 2015 premium for such insurance was \$34,835. Currently the premium estimate for 2016 is \$34,835.

Designated institutions of higher education in South Carolina, North Carolina and Georgia must be approved by our Chief Executive Officer. Institutions in other states must be approved by the Compensation Committee. The designated institutions are reviewed on an annual basis by the Chief Executive Officer to assure compliance with the intent of the Plan.

**Table of Contents****PROPOSALS 3 AND 4 APPROVAL OF AMENDMENTS TO THE DIRECTOR COMPENSATION AND DEFERRAL PLAN**

At the Annual Meeting, we are submitting to shareholders for approval two proposed amendments to the Director Compensation and Deferral Plan (the Plan). The first amendment is to implement annual limits on the total number of shares that may be issued under the Plan to any individual participant each year. The second amendment is to increase from 400,000 to 550,000 the number of shares that may be issued pursuant to the Plan. These amendments are further discussed in the following two sections and are reflected in the amended and restated Plan, which is attached to this Proxy Statement as Exhibit A. We are asking shareholders to approve these two amendments separately.

The Plan is intended to promote the achievement of our long-term objectives by (i) linking the personal interests of non-employee directors to those of our shareholders, and (ii) attracting and retaining non-employee directors of outstanding competence by mandating that a certain portion, as determined from time to time, of the retainer fee of each non-employee director be paid in shares of our common stock, unless such amount is voluntarily deferred to a future date in accordance with the Plan's terms.

As discussed above under Director Compensation Board Fees, pursuant to the Plan, we currently pay 60% of directors' annual fees in shares of our common stock. As further discussed above under Director Compensation Director Compensation and Deferral Plan, under the Plan, a director may make an annual irrevocable election to defer all or a portion of the annual stock retainer fee and all fees payable in cash into an investment in our common stock, with distribution from the Plan to be ultimately payable in shares of our common stock.

**Summary Description of the Plan**

The following summary of the terms of the Plan is qualified in its entirety by reference to the text of the Plan (as currently in effect and as proposed to be amended), which is attached to this Proxy Statement as Exhibit A. If adopted by the shareholders the amendments to the Plan will become effective immediately.

**Administration.** The Plan is administered by the Board.

**Eligibility.** Only non-employee directors are eligible to participate in the Plan. There are currently 11 non-employee directors; however, because of retirements and the addition of new individuals as directors and because the Board may decrease or increase in size from time to time, the total number of persons who will participate in the Plan cannot be determined at this time.

**Stock Available for Issuance through the Plan.** The Plan currently provides for the issuance of up to 400,000 shares of SCANA common stock, of which 355,931 have been issued or are being held for issuance at the end of the deferral period as of March 1, 2016. This number is subject to adjustments as described in Adjustments and Amendments below. On March 1, 2016, the closing price for a share of SCANA common stock as reported on the New York Stock Exchange was \$64.29. The proposed amendment to the Plan to increase the number of shares available for issuance under the Plan would increase the number of shares remaining available for issuance from 44,069 as of March 1, 2016 to 194,069.

**Adjustments and Amendments.** The Plan provides for appropriate adjustment to the number of shares of SCANA common stock to be issued under the Plan, as well as with respect to any deferred amounts credited to a participant's deferral account, in the event of changes in outstanding SCANA common stock by reason of a merger, stock split or certain other similar events that effect a change in SCANA's capital stock. Subject to the terms of the Plan, the Board may at any time and from time to time amend, modify or terminate the Plan. However, no amendment may (i) increase the total number of shares of SCANA common stock that may be issued under the Plan or (ii) modify the requirements as to Plan eligibility without shareholder approval.

**Deferrals.** Under the Plan, and at a time decided by the Company before the beginning of each service period, a director irrevocably may elect to defer all or a portion of compensation earned for such service period. In the case of a director elected to the Board of Directors during the service period, the director may elect, within 30 days of his election to the Board of Directors, to defer all or a portion of his or her compensation for services to be performed subsequent to his or her election.

**Fair Market Value.** Deferrals to the company stock ledger are converted into shares of SCANA common stock based on the fair market value of SCANA common stock on the date the deferrals would otherwise have been

paid to the director. The number of shares issued to a non-deferring director is based on the fair market value of SCANA stock on the payment date.

**Additional Information About the Plan.** Additional information about the operation of the Plan, payment of deferrals, and possible acceleration of payments is set forth above in the section Director Compensation Director Compensation and Deferral Plan.

**Plan Benefits.** The benefits to be received under the Plan by particular individuals are not determinable at this time. The 2015 Director Compensation Table on page 61 discloses stock retainers paid to non-employee directors in 2015 pursuant to the Plan. The discussion of the Plan, beginning on page 58, discloses non-employee directors 2015 deferrals under the Plan. All benefits under the Plan will be earned by individuals who are non-employee directors of SCANA.

**Federal Income Tax Consequences**

Generally, SCANA will receive an income tax deduction at the same time and in the same amount as any amount that is taxable to a participant as ordinary income. Participants will recognize income when they receive stock or cash from the Plan.

**Equity Compensation Plan Information**

Equity securities issuable under SCANA's compensation plans at December 31, 2015 are summarized as follows:

**PROPOSAL 3 APPROVAL OF AN AMENDMENT TO AND RESTATEMENT OF THE DIRECTOR COMPENSATION AND DEFERRAL PLAN TO IMPLEMENT ANNUAL LIMITS ON THE TOTAL NUMBER OF SHARES THAT MAY BE ISSUED TO ANY INDIVIDUAL PARTICIPANT EACH YEAR**

At the Annual Meeting, we are submitting to shareholders for approval a proposed amendment to and restatement of the Plan to implement an annual limit of 10,000 shares on the number of shares that may be issued to any individual participant under the Plan each year.

**THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE FOR APPROVAL OF THE AMENDMENT TO AND RESTATEMENT OF THE PLAN TO IMPLEMENT ANNUAL LIMITS ON THE TOTAL NUMBER OF SHARES THAT MAY BE ISSUED TO ANY INDIVIDUAL PARTICIPANT EACH YEAR.**

**PROPOSAL 4 APPROVAL OF AN AMENDMENT TO AND RESTATEMENT OF THE DIRECTOR COMPENSATION AND DEFERRAL PLAN TO INCREASE THE NUMBER OF SHARES THAT MAY BE RESERVED FOR ISSUANCE UNDER THE PLAN**

At the Annual Meeting, we are submitting to shareholders for approval a proposed amendment to and restatement of the Plan to increase by 150,000 shares, from 400,000 to 550,000, the number of authorized shares of common stock available for issuance under the Plan.

The number of shares of SCANA common stock originally authorized for issuance under the Plan when it was adopted was 100,000. The shareholders subsequently approved amendments to the Plan to authorize an additional 300,000 shares for issuance. As of March 1, 2016, 44,069 shares remained available for issuance under the Plan. That number is estimated to be sufficient to allow us to pay retainer fees in common stock, and allow for deferrals of fees into an investment in shares of common stock, only until late 2017, however, if the recent volatility in the stock market continues, the current share allocation could be depleted as soon as early 2017.

Because the Board wishes to continue to be able to pay directors' retainer fees in shares of our common stock, and to encourage non-employee directors to invest in our common stock pursuant to the Plan, the Board has determined to amend the Plan, subject to shareholder approval, to add an additional 150,000 shares of our common stock to the number of shares authorized for issuance under the Plan, and to submit the amendment to and restatement of the Plan for shareholder approval at the 2016 Annual Meeting. Management believes that if the amendment to and restatement of the Plan is approved, the increased number of shares would be sufficient to satisfy Plan requirements for approximately five years.

If the shareholders do not approve the amendment to and restatement of the Plan, the Plan as currently in effect would continue until all the shares now authorized for issuance under the Plan have been issued. In addition, if the shareholders do not approve the amendment, the Board will likely find it necessary to change its current director share ownership policy, which is discussed above in the section Governance Information-Director Share Ownership Requirements.

**THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE FOR APPROVAL OF THE AMENDMENT TO AND RESTATEMENT OF THE PLAN TO INCREASE TO 550,000 THE NUMBER OF SHARES THAT MAY BE ISSUED PURSUANT TO THE PLAN.**

**PROPOSAL 5 APPROVAL OF BOARD-PROPOSED AMENDMENTS TO ARTICLE 8 OF OUR ARTICLES OF INCORPORATION TO DECLASSIFY THE BOARD OF DIRECTORS AND PROVIDE FOR THE ANNUAL ELECTION OF ALL DIRECTORS**

**Background of the Proposal**

Our Articles of Incorporation currently provide for a classified Board of Directors divided into three classes, with each class being elected for a three-year term. In 2012 and 2013, we received shareholder proposals recommending the declassification of our Board of Directors. In 2012, 38% of our outstanding shares voted in favor of the proposal, and in 2013, 44% of our outstanding shares voted in favor of the proposal. We also received a shareholder proposal for our 2014 Annual Meeting seeking a shareholder vote on declassification. In light of the apparent growing shareholder support for declassification, the Board proposed amendments to our Articles of Incorporation to effect declassification and recommended that our shareholders approve such amendments at the 2014 Annual Meeting. Based on our agreement to submit a Board proposal on declassification to shareholders, the shareholder proposal for the 2014 Annual Meeting was withdrawn. We resubmitted a Board declassification proposal at the 2015 Annual Meeting.

At the 2014 and 2015 Annual Meetings, 62% and 63%, respectively, of our outstanding shares voted in favor of the proposal, but shareholder support is still significantly less than the 80% affirmative vote of outstanding shares required to adopt the amendment.

Our Board is committed to strong corporate governance practices. In considering the results of the shareholder votes on the 2012–2015 proposals, as well as the support of institutional investor groups for annual election of directors, the Board again took into account the advantages and disadvantages of a classified Board. In favor of retaining the classified board structure, the Board noted that: a classified board structure provides valuable stability and continuity of leadership; a classified board structure enables us to recruit high quality directors who are willing to invest the time and energy necessary to understand our business, technology, competitive environment and strategic goals; and a classified board structure helps protect shareholder value in case of an unsolicited takeover proposal at an unfair price. In favor of declassification, the Board noted that declassification would allow our shareholders to evaluate all directors annually and would be consistent with a view that a declassified board is a corporate governance best practice. The Board also considered that many U.S. public companies have eliminated their classified board structures in recent years based on the perception of a growing number of investors that annual election of directors is the primary means for shareholders to influence corporate governance policies and to increase board accountability.

In February 2016, the Board decided to again propose amendments to Article 8 of our Articles of Incorporation to declassify the Board and provide for the annual election of all directors, and to recommend that our shareholders vote in favor of the amendments.

**Proposed Amendments to Article 8 of the Articles of Incorporation**

Under the proposed amendments, the annual election of directors would be phased in gradually to assure a smooth transition. If the amendments are adopted, they would become effective upon our filing of Articles of Amendment with the South Carolina Secretary of State following the Annual Meeting. Accordingly, directors elected at the 2017 annual meeting and thereafter would be elected to one-year terms. Consistent with our Articles of Incorporation as in effect for the 2016 Annual Meeting, directors to be elected at the 2016 Annual Meeting will be elected to serve three-year terms, expiring at the 2019 annual meeting. Directors who were elected at the 2015 annual meeting will continue to serve their current terms until the 2018 annual meeting, and directors who were elected at the 2014 annual meeting will continue to serve their current terms until the 2017 annual meeting. Article 8 of our Articles of Incorporation would also be amended to delete other references to classification of the Board and to provide that a director elected to fill a newly created directorship or vacancy would serve until the next annual meeting of shareholders.

If the proposed amendments to Article 8 of our Articles of Incorporation are not adopted by shareholders, the Board of Directors will remain classified.

**Table of Contents**

**Text of the Proposed Amendments**

The text of the proposed amendments to our Articles of Incorporation is as follows:

- 8.A.** The number of directors of the corporation that shall constitute the entire Board of Directors shall be fixed from time to time by or pursuant to the provisions of the By-laws of the corporation. Any such provision shall continue in effect unless and until changed by the Board of Directors, but no such changes shall affect the term of any director then in office. Upon the adoption of this Section 8.A., Directors elected prior to the 2017 annual meeting of shareholders shall continue to be, and are, divided into three classes (I, II and III), as nearly equal in number as possible, and shall hold office for a term expiring at the annual meeting of shareholders held in the third year following the year of their respective elections and until their respective successors are elected and qualified. Directors elected at each annual meeting of shareholders commencing with the annual meeting of shareholders in 2017 shall hold office for a term of one year expiring at the next annual meeting of shareholders and until their respective successors are duly elected and qualified. No person who is not a salaried employee of the corporation who would attain the age of 70 or older during his term of service as a director shall be eligible to be elected a director. No person who is a salaried employee of the corporation who is age 65 or older shall be eligible to be elected a director, and the term of office of any director who is a salaried employee of the corporation shall expire upon such director attaining the age of 65 or upon retirement from active service with the corporation, whichever is earlier; provided, however, a person who is the Chief Executive Officer shall be eligible for election as a director even if such person is age 65 or older or has retired from active service with the corporation, and such person's term shall not expire as a result of attaining age 65 or prior retirement from active service with the corporation.
- B.** Newly created directorships resulting from any increase in the authorized number of directors or any vacancies in the Board of Directors resulting from death, resignation, retirement, disqualification, removal from office or any other cause shall be filled only by the Board of Directors then in office, although less than a quorum. Directors elected to fill a newly created directorship or other vacancies shall hold office until the next annual meeting of shareholders and until such director's successor has been elected and has qualified.
- C.** No changes to Article 8.C.
- D.** Notwithstanding the foregoing, if at any time the holders of any one or more classes or series of preferred stock issued by the corporation shall have the right, voting separately by class or series, to elect directors at an annual or special meeting of stockholders, the election, term of office, filling of vacancies and other features of such directorships shall be governed by the terms of these Restated Articles of Incorporation applicable thereto.

**Required Vote and Board Recommendation**

Our Articles of Incorporation require that, to be adopted, the proposed amendments must be approved by the affirmative vote of at least 80% of all outstanding shares of our common stock. If approved, the amendments will become effective upon filing of Articles of Amendment with the Secretary of State of South Carolina.

**Amended and Restated Director Compensation And Deferral Plan**

**(including amendments through ~~November 30, 2014~~ 2016)**

**SECTION 1. ESTABLISHMENT AND PURPOSE**

**1.1 Establishment of the Plan.** SCANA Corporation (the "Company") established the SCANA Corporation Nonemployee Director Stock Plan, effective as of January 1, 1997. Effective as of January 1, 2001, the plan was renamed the SCANA Corporation Director Compensation and Deferral Plan (hereinafter called the "Plan") and amended and restated to include a deferred compensation component. Effective as of January 1, 2009, the Plan was amended and restated to comply with the requirements of Code Section 409A. Effective as of December 31, 2009, the Plan was again amended and restated to reflect further modifications to comply with Code Section 409A as well as to implement certain design changes. Effective as of April 21, 2011, and November 30, 2014 the Plan was again amended and restated. The Plan was most recently amended and restated as provided herein, effective as of ~~November 30, 2014~~ 2016.

**1.2 Purpose of the Plan.** The purpose of the Plan is to promote the achievement of long-term objectives of the Company by linking the personal interests of Nonemployee Directors, as defined in Section 2(r) herein, to those of the Company's shareholders and to attract and retain Nonemployee Directors of outstanding competence by mandating that a certain portion as may be determined from time to time of the Retainer Fee of each Participant as defined in Section 2(u) herein, be paid in Company Stock, unless such amount is voluntarily deferred to a future date in accordance with the Plan's terms or pursuant to the SCANA Corporation Executive Deferred Compensation Plan ("EDCP"). The Plan is intended to conform to the provisions of Rule 16b-3 of the Securities Exchange Act of 1934, as amended, or any replacement rule in effect from time to time ("Rule 16b-3"). ### **SECTION 3. ELIGIBILITY AND PARTICIPATION**

**3.1 Eligibility.** All Nonemployee Directors shall automatically be eligible to participate in this Plan.

**3.2 ~~Election of Compensation Payment.~~**

(a) Unless otherwise deferred in accordance with Section 4 or under the EDCP, each Participant's Retainer Fee amounts shall be paid to the Participant on a quarterly basis and such payment shall be made in shares of Company Stock or cash, as determined by the Company or its delegate. The portion of the Retainer Fee payment that is made in shares of Company Stock is referred to as the Stock Retainer Fee and the portion of the Retainer Fee payment that is made in cash is referred to as the Cash Retainer Fee. **Table of Contents**

terms of the EDCP, the Company or its delegate shall designate a portion of the Retainer Fee as the Stock Retainer Fee and a portion of the Retainer Fee as the Cash Retainer Fee, but no actual payment of shares of Company Stock shall be paid to such Participant and the terms of the EDCP will apply with respect to such deferred amounts.

(b) With respect to all payments in Company Stock under this Section 3.2, and subject to Sections 3.2(c) and 3.3, each Participant shall be entitled to a number of shares of Company Stock equal to the smallest number of whole shares of Company Stock which, when multiplied by Fair Market Value, would equal no less than the equivalent amount of Compensation otherwise payable to the Participant. Any remaining amounts representative of fractional shares of Company Stock owed shall be deposited into an account in the Participant's name in the Investor Plan.

(c) Notwithstanding anything in this Plan to the contrary, the maximum number of shares of Company Stock to which any Participant shall be entitled during a Service Period shall be 10,000, subject to the overall maximum amount in Section 3.4 and any adjustment provided in Section 3.6.

**3.3 Payment of Company Stock.** In connection with amounts to be paid during a Service Period under Section 3.2 which are paid in the form of Company Stock, each Participant may elect to have the shares of Company Stock to be issued to him pursuant to the Plan during the Service Period registered in his name. In such case, all shares of Company Stock to be paid shall be issued as promptly as practicable after the amounts are otherwise payable. If a Participant does not make such an election, all shares issued pursuant to the Plan during the Service Period will be deposited into an account in his name in the Investor Plan. All cash dividends paid on shares deposited in the Investor Plan will be reinvested in additional shares of Company Stock unless the Participant notifies the Investor Plan in accordance with the terms thereof that he does not want to reinvest such dividends. During the last quarter of each calendar year in which there is a change in the prospectus for the Investor Plan, all Participants who have not been provided previously with a copy of such changed prospectus shall be provided with a copy of the then-current prospectus. In addition, each Participant who is not yet a participant in the Investor Plan shall be given an Investor Plan prospectus shortly before he becomes an Investor Plan participant.

**3.4 Stock.** Company Stock issued pursuant to the Plan may be either original issue or stock purchased on the open market. The maximum number of shares that may be issued pursuant to the Plan is ~~four~~ five hundred fifty thousand (~~400,000~~550,000) shares, subject to adjustment as provided in Section 3.6. In the event of a change in the capital structure of the Company (as provided in Section 3.6), the shares resulting from such change shall be deemed to be Company Stock within the meaning of the Plan. The aggregate number of shares of Company Stock reserved for issuance pursuant to the Plan shall be reduced by the issuance of shares under the Plan.

**3.5 Issuance of Company Stock.** Notwithstanding anything in this Plan to the contrary:

(a) The Company shall not be required to issue or deliver any certificate for shares of Company Stock to a Participant before (i) such shares have been admitted to listing on the New York Stock Exchange, (ii) the Company has received any required registration or other qualification of such shares under any state or federal law or regulation that the Company's counsel shall determine is necessary or advisable and (iii) the Company is satisfied that all applicable legal requirements have been complied with. The Company may place on a certificate representing Company Stock any legend deemed necessary by the Company's counsel to comply with federal or state securities laws. Until the Participant has been issued a certificate for the shares of Company Stock acquired, the Participant shall possess no shareholder rights with respect to the shares.

(b) If at any time there may not be sufficient shares available under the Plan to permit the awards of Company Stock, the awards shall be reduced pro rata (to zero, if necessary) so as not to exceed the number of shares then available for issuance under the Plan.

**3.6 Effect of Stock Dividends and Other Changes in Capital Structure.** Appropriate adjustments shall be made automatically to the number and kind of shares to be issued under the Plan, as well as to any deferred amounts credited to a Participant's Company Stock Ledger and any other relevant provisions of the Plan, if there are any changes in the Company Stock by reason of a stock dividend, stock split, combination of shares, spin-off, reclassification, recapitalization, merger, consolidation or other change in the Company's capital stock (including, but not limited to, the creation or issuance to shareholders generally of rights, options, or warrants for the purchase of common stock or preferred stock of the Company). If the adjustment would produce fractional shares, the fractional shares shall be eliminated by rounding to the nearest whole share. Any adjustments shall be made in a manner consistent with Rule 16b-3. Any such adjustments shall neither enhance nor diminish the rights of a Participant and the Company shall pay all costs of administering the Plan, including all commissions with respect to open market purchases.

**SECTION 4. ELECTION TO DEFER**

**4.1 Deferral Election.** Subject to the conditions set forth in this Plan, and such procedures established by the Company, a Participant may elect to defer amounts of Compensation under this Plan, which amounts are not otherwise deferred by such Participant under the EDCP, as follows:

(a) At a time decided by the Company before the beginning of each Service Period, a Participant irrevocably may elect, by written notice to the Company's Secretary (or his designee), to defer a portion of his Compensation earned for such Service Period. In the case of a Participant elected to the Board of Directors during the Service Period, the Participant may elect, within 30 days of his election to the Board of Directors, to defer a portion of his Compensation for services to be performed subsequent to his election. Such election shall specify whether:

(i) the Participant elects to defer all or a portion of his Stock Retainer Fee and acknowledges that all such deferrals shall be credited to the Company Stock Ledger on his behalf; and

(ii) the Participant elects to defer all or a portion of his Cash Retainer Fee and designates what portions of all such deferrals shall be credited on his behalf to either the Growth Increment Ledger or the Company Stock Ledger; provided, however, that once any portion of a Participant's Compensation is deferred and credited to the Company Stock Ledger as provided herein, that portion of Compensation may not subsequently be credited to the Growth Increment Ledger, and once any portion of a Participant's Compensation is deferred and credited to the Growth Increment Ledger as provided herein, that portion of Compensation may not subsequently be credited to the Company Stock Ledger.

(b) The deferral election specified in Section 4.1(a) above shall be applied to the Participant's Compensation for each Service Period (or the portion of the Service Period, as applicable) to which the deferral election applies. Any deferral election shall remain in effect for future Service Periods unless affirmatively changed in writing by the Participant and received by the Corporate Secretary by the time established for such purpose prior to the beginning of the Service Period for which the change is effective.

(c) If a Participant makes a deferral election under Section 4.1(a) whereby amounts are credited to the Company Stock Ledger on his behalf, dividends attributable to shares of Company Stock credited to his Company Stock Ledger shall be automatically deferred and deemed reinvested pursuant to Section 5.3.

**4.2 Deferral Period.** With respect to deferrals under this Plan made in accordance with Section 4.1, each Participant must elect a deferral period for each annual deferral. Subject to the additional deferral provisions of Section 4.3 and the acceleration provisions of Section 6.4, any post-2004 deferral may be until the earlier of (i) the Participant's separation from service from the Board of Directors for any reason or (ii) a date certain, subject to any limitations that the Company (or its delegate) in its discretion may choose to apply at the time of the deferral election. All post-2004 deferrals to a date certain must be to the same date certain. In the absence of an election to the contrary by the Participant for amounts deferred hereunder for any deferral period, such deferrals shall be paid in a lump sum payment as soon as practicable after the Participant's separation from service from the Board of Directors for any reason.

**4.3 Election to Defer a Previously Deferred Amount or Change the Manner of Payment.**

(a) Subject to the acceleration provisions of Section 6.4 and the Board of Directors approval requirement of Section 4.3(b) with respect to pre-2005 deferrals, a Participant may elect an additional deferral period of at least sixty (60) months with respect to any previously deferred amount credited to the post-2004 DCD Ledger that is payable at a date certain, and an additional deferral period of at least twelve (12) months for each separate deferral credited to the pre-2005 DCD Ledger. With respect to amounts deferred until separation from service from the Board of Directors, Participants may also elect a new manner of payment permitted under Section 6.2 with respect to any previously deferred amounts, provided that in the case of amounts credited to post-2004 DCD Ledgers that are payable on separation from service from the Board of Directors, payments are delayed for sixty (60) months from the date payments would otherwise have commenced absent the election. Any such election must be made by written notice to the Company (or its delegate) at least twelve (12) months before the expiration of the deferral period for any previously deferred amount with respect to which an additional deferral election is made (the "Modification Period").

(b) A new deferral period election or a new form of payment election made pursuant to Subsection 4.3(a) above with respect to pre-2005 DCD Ledgers shall not be automatically binding upon the Company by the mere fact of the election request(s) having been made. The Board of Directors (or its delegate) shall review each such election submitted and determine whether or not it is in the best interest of the Company to accept the elections as submitted. Such Board of Directors (or delegate) review will be made on a case-by-case basis and all determinations shall be made by the Board of Directors (or its delegate) in its sole and complete discretion after consideration of such factors as it deems relevant, including broad economic and policy implications to the Company of approving any request. The Board of Directors, or its delegate, shall notify each Participant in writing within the first sixty (60) days of the Modification Period as to whether the deferral period election or manner of

payment election with respect to pre-2005

DCD Ledgers are accepted by the Company as submitted, and if not, the terms upon which such election(s) would be accepted; in the latter instance, the Participant shall, no later than on the seventy-fifth (75th) day of the Modification Period, inform the Board of Directors (or its delegate) in writing of his acceptance or rejection of the terms proffered by the Company (or its delegate). All determinations made by the Board of Directors or its delegate shall be final and binding on all parties.

### **4.4 Election to Change the Deferral Period and/or Form of Payment for Post-2004 DCD Ledgers.**

Notwithstanding Section 4.3(a), a Participant may elect at any time prior to January 1, 2009 to change the deferral period (accelerate or defer) and/or method of payment with respect to any post-2004 DCD Ledger that is not scheduled for payment in 2008 by making written notice to the Board of Directors (or its delegates), provided such change does not cause any amounts to be paid in 2008 or cause any amounts otherwise payable in 2008 to be deferred to a later year. Any new deferral period and/or method of payment shall be subject to the requirements of Section 6.

## **SECTION 5. CREDITING AND INVESTMENT OF DEFERRALS**

**5.1 DCD Ledger.** The Company shall establish for each Participant a DCD Ledger which shall reflect the amounts deferred on behalf of each Participant. In the sole discretion of the Company, one or more appropriate bookkeeping records shall be established in the DCD Ledger to reflect the deemed investments (and hypothetical earnings) made by each Participant in accordance with this Section 5 which shall include, but not be limited to, the Company Stock Ledger and the Growth Increment Ledger. Each DCD Ledger shall separately reflect the pre-2005 and post-2004 deferrals and hypothetical earnings thereon, and the portion of the post-2004 deferrals and hypothetical earnings thereon payable at a date certain and the portion payable when the Participant separates from service from the Board of Directors.

**5.2 Adjustment of Amounts Credited to Growth Increment Ledger.** All deferrals credited to each Participant's Growth Increment Ledger will be credited with Growth Increments based on the prime interest rate charged from time to time by the Wachovia Bank, N.A. The Company will have the authority to change the interest rate that may be applied to the Growth Increment Ledger. The Participant's Growth Increment Ledger shall be credited on the first day of each calendar quarter, with a Growth Increment computed on the average balance in the Participant's Growth Increment Ledger during the preceding calendar quarter. The Growth Increment shall be equal to the amount in said Growth Increment Ledger multiplied by the average interest rate selected by the Company during the preceding calendar quarter times a fraction the numerator of which is the number of days during such quarter and the denominator of which is three hundred sixty five (365). Growth Increments will continue to be credited until all of a Participant's benefits have been paid out of the Plan.

**5.3 Adjustment of Amounts Credited to Company Stock Ledger.** All deferrals credited to each Participant's Company Stock Ledger will be converted into hypothetical credited shares of Company Stock based on the Fair Market Value of the Company Stock on the date the deferrals would otherwise have been paid to the Participant. The value of each Participant's Company Stock Ledger shall be adjusted from time to time to reflect increases and decreases in shares of Company Stock as well as any stock or cash dividends, stock splits, or other changes in the capital structure of the Company (as provided in Section 3.6), that may from time to time be declared. All dividends attributable to hypothetical shares of Company Stock credited to each Participant's Company Stock Ledger shall be converted to additional credited shares of Company Stock as though reinvested as of the next business day after the dividend is paid.

**5.4 Deemed Investments Not Actual Investments.** Nothing in this Plan shall be construed to require the investment of any deferrals in shares of Company Stock or any other investment or give a Participant any rights whatsoever with respect to any shares of Company Stock or with respect to any other investment.

**5.5 Charges Against DCD Ledger.** There shall be charged against each Participant's DCD Ledger any payments made to the Participant or to his Beneficiary in accordance with Section 6 hereof.

## **SECTION 6. PAYMENT OF DEFERRED AMOUNTS**

**6.1 Payment of Deferred Amounts.** The aggregate amounts payable under Section 6.2 as charges against the Participant's amount credited in the DCD Ledger shall be paid commencing with the conclusion of the deferral period selected by the Participant pursuant to Section 4.2, Section 4.3, or Section 4.4 hereof. The payments shall be made in the manner selected by the Participant under Section 6.2 of this Plan.

**6.2 Manner of Payment.** Amounts credited to post-2004 DCD Ledgers that are scheduled to be paid at a date certain payment shall be made only in the form of a single sum payment as soon as practicable after the date certain. With respect to amounts credited to pre-2005 DCD Ledgers, and amounts credited to post-2004 DCD Ledgers that are scheduled to be paid on separation from service from the Board of Directors, Participants must

**Table of Contents**

irrevocably elect (subject to permitted changes under Section 4.3 and the acceleration provisions of Section 6.4) to have payment made in accordance with one of the following distribution forms:

(i) a single sum payment;

(ii) a designated number of installments payable monthly, quarterly or annually, as elected (and in the absence of an election, annually), payable over a specified period not in excess of twenty (20) years; or

(iii) in the case of a post-2004 DCD Ledger, payments in the form of annual installments with the first installment being a single sum payment of ten percent (10%) of the post-2004 DCD Ledger determined immediately prior to the date such payment is made with the balance of the post-2004 DCD Ledger paid in annual installments determined in accordance with Section 6.3 over a total specified period not in excess of twenty (20) years, which shall be paid or commence to be paid as soon as practicable after the conclusion of the deferral period elected pursuant to Section 4.2 or Section 4.3. Any such election shall be made at the same time as the election made pursuant Section 4.1. Unless otherwise specifically elected, payments of all deferred amounts will be made in a single sum payment made as soon as practicable after the conclusion of the deferral period elected pursuant to Section 4.2 or Section 4.3. If a Participant elects an installment form of payment but fails to specify between the installment form under Section 6.2(ii) or the installment form under Section 6.2(iii), the Participant's benefit will be paid in the installment form under Section 6.2(ii).

**6.3 Form of Payment.** Amounts credited to a Participant's Growth Increment Ledger and Company Stock Ledger shall be paid as follows:

(a) Amounts credited to the Participant's Growth Increment Ledger shall be paid in cash. If a Participant's benefit hereunder is to be paid in installments, the amount of each payment shall be equal to the amount credited to the Participant's Growth Increment Ledger at the time of payment multiplied by a fraction, the numerator of which is one and the denominator of which is the number of installment payments remaining.

(b) Amounts credited to the Participant's Company Stock Ledger shall be paid in shares of Company Stock with any amount representing a partial share of Company Stock deposited into an account in the Participant's name in the Investor Plan. A payment of an amount credited to the Participant's Company Stock Ledger shall be converted into actual shares of Company Stock as soon as practicable prior to each payment being made to the Participant. If a Participant's benefit hereunder is to be paid in installments, the amount of each payment shall be equal to the number of shares of Company Stock then credited to the Participant's Company Stock Ledger multiplied by a fraction, the numerator of which is one and the denominator of which is the number of installment payments remaining. Any amounts attributable to a partial share of Company Stock as of any installment payment date shall be deposited into an account in the Participant's name in the Investor Plan with each installment.

**6.4 Acceleration of Payments.** Notwithstanding the election made pursuant to Section 4.2, Section 4.3, or Section 4.4,

(a) payments shall be paid, or begin to be paid, as soon as practicable following the Participant's separation from service from the Board of Directors for any reason except as otherwise provided herein;

(b) if a Participant dies prior to the payment of all or a portion of the amounts credited to his DCD Ledger, the balance of any amount payable shall be paid in a cash lump sum to the Beneficiaries designated under Section 7 hereof;

(c) if a Participant ceases to be a Nonemployee Director but thereafter becomes an employee of the Company (or any of its subsidiaries or affiliates), all pre-2005 DCD Ledgers shall be paid as soon as practicable after such individual becomes an employee of the Company (or any of its subsidiaries or affiliates) in a single sum payment and all post-2004 DCD Ledgers shall be paid as soon as practicable after such individual has incurred a separation from service as a Nonemployee Director (as determined in accordance with Code Section 409A);

(d) if a Participant's post-2004 DCD Ledger balance is less than one hundred thousand dollars (\$100,000) (five thousand dollars (\$5,000) for pre-2005 DCD Ledgers) at the time for payment specified, such amount shall be paid in a single sum payment; and

(e) if applicable, the provisions of Section 8 shall apply.

Notwithstanding Section 6.4(a), in the case of any post-2004 DCD Ledgers that are payable on separation from service from the Board of Directors and that are subject to an additional deferral period of sixty (60) months under Section 4.3(a) as a result of the modification of the manner of payment, no payment attributable to any post-2004 DCD Ledgers shall be accelerated under Section 6.4(a) to a date earlier than the expiration of the sixty (60) month period.

## **Table of Contents**

**6.5 Financial Emergency.** The Company (or its delegate), at its sole discretion, may alter the timing or manner of payment of deferred amounts if the Participant establishes, to the satisfaction of the Company (or its delegate), an unanticipated and severe financial hardship that is caused by an event beyond the Participant's control. In such event, the Company (or its delegate) may:

- (a) provide that all, or a portion of, the amount previously deferred by the Participant immediately shall be paid in a lump sum cash payment,
- (b) provide that all, or a portion of, the installments payable over a period of time immediately shall be paid in a lump sum cash payment, or
- (c) provide for such other installment payment schedules as it deems appropriate under the circumstances, as long as the amount distributed shall not be in excess of that amount which is necessary for the Participant to satisfy the financial emergency. For pre-2005 DCD Ledgers, severe financial hardship will be deemed to have occurred in the event of the Participant's or a dependent's sudden, lengthy and serious illness as to which considerable medical expenses are not covered by insurance or relative to which there results a significant loss of family income, or other unanticipated events of similar magnitude. For post-2004 DCD Ledgers, severe financial hardship will be deemed to have occurred from a sudden or unexpected illness or accident of the Participant or the Participant's spouse, Beneficiary or dependent (as defined in Code Section 152, without regard to Code Sections 152(b)(1), (b)(2), and (d)(1)(B)), loss of the Participant's property due to casualty, or other similar extraordinary and unforeseeable circumstances arising as a result of events beyond the Participant's control. Examples of events that may constitute an unforeseeable emergency for post-2004 DCD Ledgers include the imminent foreclosure of or eviction from the Participant's primary residence; the need to pay for medical expenses, including non-refundable deductibles, as well as for the costs of prescription drug medication; and the need to pay for the funeral expenses of the Participant's spouse, Beneficiary or dependent (as defined in Code Section 152, without regard to Code Sections 152(b)(1), (b)(2), and (d)(1)(B)). The circumstances that will constitute an unforeseeable emergency will depend upon the facts of each case, but, in any case, payment may not be made to the extent that such hardship is or may be relieved through reimbursement or compensation by insurance or otherwise, by liquidation of the Participant's assets, to the extent the liquidation of such assets would not itself cause severe financial hardship, or by cessation of deferrals under the Plan. Examples of circumstances that are not considered to be unforeseeable emergencies include the need to send a Participant's child to college or the desire to purchase a home. The Company's decision (or that of its delegate) in passing on the severe financial hardship of the Participant and the manner in which, if at all, the payment of deferred amounts shall be altered or modified shall be final, conclusive, and not subject to appeal. The Company shall consider any requests for payment under this Section 6.5 in accordance with the standards of interpretation described in Code Section 409A and the regulations and other guidance thereunder.

**6.6 Compliance with Domestic Relations Order.** Notwithstanding anything to the contrary in this Plan, a distribution shall be made from the Participant's DCD Ledgers to an individual other than the Participant to the extent necessary to comply with a domestic relations order (as defined in Code Section 414(p)(1)(B)).

## **SECTION 7. BENEFICIARY DESIGNATION**

**7.1 Designation of Beneficiary.** A Participant shall designate a Beneficiary or Beneficiaries who, upon the Participant's death, are to receive the amounts that otherwise would have been paid to the Participant. All designations shall be in writing and signed by the Participant. The designation shall be effective only if and when delivered to the Company during the lifetime of the Participant. The Participant also may change his Beneficiary or Beneficiaries by a signed, written instrument delivered to the Company. The payment of amounts shall be in accordance with the last unrevoked written designation of Beneficiary that has been signed and delivered to the Company. All Beneficiary designations shall be addressed to the Company's Secretary and delivered to his office.

### **7.2 Death of Beneficiary.**

(a) In the event that all of the Beneficiaries named pursuant to Section 7.1 predecease the Participant, the amounts that otherwise would have been paid to said Beneficiaries shall, where the designation fails to redirect to alternate Beneficiaries in such circumstance, be paid to the Participant's estate as the alternate Beneficiary.

(b) In the event that two or more Beneficiaries are named, and one or more but less than all of such Beneficiaries predecease the Participant, each surviving Beneficiary shall receive any proportion or amount of funds designated or indicated for him per the designation under Section 7.1, and the indicated share of each predeceased Beneficiary which the designation fails to redirect to an alternate Beneficiary in such circumstance shall be paid to the Participant's estate as an alternate Beneficiary.

### **7.3 Ineffective Designation.**

Edgar Filing: SCANA CORP - Form PRE 14A

(a) In the event the Participant does not designate a Beneficiary, or if for any reason such designation is entirely ineffective, the amounts that otherwise would have been paid to the Beneficiary shall be paid to the Participant's estate as the alternate Beneficiary.

A-7

## **Table of Contents**

(b) In the circumstance that designations are effective in part and ineffective in part, to the extent that a designation is effective, distribution shall be made so as to carry out as closely as discernable the intent of the Participant, with the result that only to the extent that a designation is ineffective shall distribution instead be made to the Participant's estate as an alternate Beneficiary.

### **SECTION 8. CHANGE IN CONTROL PROVISIONS**

**8.1 Successors.** Notwithstanding anything in this Plan to the contrary, upon the occurrence of a Change in Control, the Company will require any successor (whether direct or indirect, by purchase, merger, consolidation, or otherwise) of all or substantially all of the business and/or assets of the Company or of any division or subsidiary thereof to expressly assume and agree to perform this Plan in the same manner and to the same extent that the Company would be required to perform it if no such succession had taken place, subject to the remaining provisions of this Section 8.1. Participants shall become entitled to benefits hereunder in accordance with the terms of this Plan, based on amounts credited to each Participant's DCD Ledger as of the date of such Change in Control plus accumulated Growth Increments attributable thereto (adjusted to reflect any change from the most recent Growth Increment calculation to the end of the month prior to the month such amounts are distributed to each Participant). In such case, any successor to the Company shall not be required to provide for additional deferral of benefits beyond the date of such Change in Control except as required under Code Section 409A.

**8.2 Amendment and Termination After Change in Control.** Notwithstanding the foregoing, and subject to this Section 8, no amendment, modification or termination of the Plan may be made, and no Participants may be added to the Plan, upon or following a Change in Control if it would have the effect of reducing any benefits earned (including optional forms of distribution) prior to such Change in Control without the written consent of all of the Plan's Participants covered by the Plan at such time. In all events, however, the Company reserves the right to amend, modify or delete the provisions of Section 8 at any time prior to a Change in Control, pursuant to a Board of Directors resolution adopted by a vote of two-thirds (2/3) of the Board of Directors members then serving on the Board of Directors.

### **SECTION 9. GENERAL PROVISIONS**

**9.1 Contractual Obligation.** It is intended that the Company is under a contractual obligation to make payments from a Participant's DCD Ledger when due. Payment of amounts credited to a Participant's DCD Ledger shall be made out of the general funds of the Company as determined by the Board of Directors without any restriction of the assets of the Company relative to the payment of such contractual obligations; the Plan is, and shall operate as, an unfunded plan.

**9.2 Unsecured Interest.** No Participant or Beneficiary shall have any interest whatsoever in any specific asset of the Company. To the extent that any person acquires a right to receive payment under this Plan, such right shall be no greater than the right of any unsecured general creditor of the Company.

**9.3 Rabbi Trust.** In connection with this Plan, the Company shall establish a grantor trust (known as the SCANA Corporation Director Compensation Trust and referred to herein as the Trust) for the purpose of accumulating funds to satisfy the obligations incurred by the Company under this Plan (and such other plans and arrangements as determined from time to time by the Company). At any time prior to a Change in Control, as that term is defined in such Trust, the Company may transfer assets to the Trust to satisfy all or part of the obligations incurred by the Company under this Plan, as determined in the sole discretion of the Board of Directors, subject to the return of such assets to the Company at such time as determined in accordance with the terms of such Trust. Any assets of such Trust shall remain at all times subject to the claims of creditors of the Company in the event of the Company's insolvency; and no asset or other funding medium used to pay benefits accrued under the Plan shall result in the Plan being considered as other than unfunded under ERISA. Notwithstanding the establishment of the Trust, the right of any Participant to receive future payments under the Plan shall remain an unsecured claim against the general assets of the Company.

#### **9.4 Nonalienation of Benefits.**

(a) Subject to Section 6.6, no right or benefit under this Plan shall be subject to anticipation, alienation, sale, assignment, pledge, encumbrance, or charge, and any attempt to anticipate, alienate, sell, assign, pledge, encumber or charge the same shall be void; nor shall any such disposition be compelled by operation of law.

(b) No right or benefit hereunder shall in any manner be liable for or subject to the debts, contracts, liabilities, or torts of the person entitled to benefits under the Plan.

**9.5 Severability.** If any particular provision of the Plan shall be found to be illegal or unenforceable for any reason, the illegality or lack of enforceability of such provision shall not affect the remaining provisions of the Plan, and the Plan shall be construed and enforced as if the illegal or unenforceable provision had not been included.

**9.6 No Individual Liability.** It is declared to be the express purpose and intention of the Plan that no liability whatsoever shall attach to or be incurred by the shareholders, officers, or directors of the Company or any representative appointed hereunder by the Company, under or by reason of any of the terms or conditions of the Plan.

**9.7 Applicable Law.** This Plan shall be governed and construed in accordance with the laws of the State of South Carolina except to the extent governed by applicable Federal law (including the requirements of Code Section 409A). The terms of this Plan are also subject to all present and future rulings of the Securities and Exchange Commission with respect to Rule 16b-3. If any provision of the Plan would cause the Plan to fail to meet the requirements of Rule 16b-3, then that provision of the Plan shall be void and of no effect.

**SECTION 10. PLAN ADMINISTRATION, AMENDMENT AND TERMINATION**

**10.1 In General.** This Plan shall be administered by the Company, which shall have the sole authority to construe and interpret the terms and provisions of the Plan and determine the amount, manner and time of payment of any benefits hereunder. The Company shall not exercise any discretion with respect to the administration of this Plan, except as may be permitted by Rule 16b-3. The Company shall maintain records, make the requisite calculations and disburse payments hereunder, and its interpretations, determinations, regulations and calculations shall be final and binding on all persons and parties concerned. The Company may adopt such rules as it deems necessary, desirable or appropriate in administering this Plan.

**10.2 Claims Procedure.** Any person dissatisfied with the Company's determination of a claim for benefits hereunder must file a written request for reconsideration with the Company (or its delegate). This request must include a written explanation setting forth the specific reasons for such reconsideration. The Company shall review its determination promptly and render a written decision with respect to the claim, setting forth the specific reasons for such denial written in a manner calculated to be understood by the claimant. Such claimant shall be given a reasonable time within which to comment, in writing, to the Company with respect to such explanation. The Company shall review its determination promptly and render a written decision with respect to the claim. Such decision upon matters within the scope of the authority of the Company shall be conclusive, binding, and final upon all claimants under this Plan.

**10.3 Finality of Determination.** The determination of the Company as to any disputed questions arising under this Plan, including questions of construction and interpretation, shall be final, binding, and conclusive upon all persons.

**10.4 Delegation of Authority.** The Company may, in its discretion, delegate its duties to a committee of the Board of Directors or an officer or other employee of the Company, or to a committee composed of officers or employees of the Company.

**10.5 Expenses.** The cost of payment from this Plan and the expenses of administering the Plan shall be borne by the Company.

**10.6 Tax Withholding.** The Company shall have the right to deduct from all payments made from the Plan any federal, state, or local taxes required by law to be withheld with respect to such payments.

**10.7 Incompetency.** Any person receiving or claiming benefits under the Plan shall be conclusively presumed to be mentally competent and of age until the Company receives written notice, in a form and manner acceptable to it, that such person is incompetent or a minor, and that a guardian, conservator, statutory committee under the South Carolina Code of Laws, or other person legally vested with the care of his estate has been appointed. In the event that the Company finds that any person to whom a benefit is payable under the Plan is unable to properly care for his affairs, or is a minor, then any payment due (unless a prior claim therefor shall have been made by a duly appointed legal representative) may be paid to the spouse, a child, a parent, or a brother or sister, or to any person deemed by the Company to have incurred expense for the care of such person otherwise entitled to payment.

In the event a guardian or conservator or statutory committee of the estate of any person receiving or claiming benefits under the Plan shall be appointed by a court of competent jurisdiction, payments shall be made to such guardian or conservator or statutory committee provided that proper proof of appointment is furnished in a form and manner suitable to the Company. Any payment made under the provisions of this Section 10.7 shall be a complete discharge of liability therefor under the Plan.

**10.8 Action by Company.** Any action required or permitted to be taken hereunder by the Company or its Board of Directors shall be taken by the Board of Directors, or by any person or persons authorized by the Board of Directors.

Company and any director or officer with respect thereto, unless the Company shall have received prior written notice of any change in the condition or status of the distributee. Neither the Company nor any director or officer shall have any duty or obligation to search for or ascertain the whereabouts of the Participant or his Beneficiary.

**10.10 Amendment and Termination.** The Company expects the Plan to be permanent but, since future conditions affecting the Company cannot be anticipated or foreseen, the Company reserves the right to amend, modify, or terminate the Plan at any time by action of its Board of Directors, subject to Section 8.2 and the requirements of Code Section 409A with respect to post-DCD Ledgers, (including, but not limited to, as may be necessary to ensure compliance with Rule 16b-3); provided, however, that any such action shall not diminish retroactively any amounts which have been credited to any Participant's DCD Ledger. If the Board of Directors amends the Plan to cease future deferrals hereunder or terminates the Plan, the Board of Directors may, in its sole discretion, direct that the value of each Participant's DCD Ledger be paid to each Participant (or Beneficiary, if applicable) in an immediate lump sum payment. In the absence of any such direction from the Board of Directors, the Plan shall continue as a frozen plan under which no future deferrals will be recognized (however, Growth Increments and dividends attributable to hypothetical shares of Company Stock credited to each Participant's Company Stock Ledger shall continue to be recognized) and each Participant's benefits shall be paid in accordance with the otherwise applicable terms of the Plan.

**10.11 Plan to Comply with Code Section 409A.** Notwithstanding any provision to the contrary in this Plan, each provision of this Plan shall be interpreted to permit Director deferrals and the payment of deferred amounts in accordance with Code Section 409A and any provision that would conflict with such requirements shall not be valid or enforceable.
