MANAGEMENT'S DISCUSSION AND ANALYSIS
OF RESULTS OF OPERATIONS AND FINANCIAL CONDITION

INTRODUCTION

Management's discussion and analysis of results of operations and financial condition (MD&A) is a supplement to the accompanying consolidated financial statements and provides additional information on Time Warner Inc.'s (Time Warner or the Company) businesses, current developments, financial condition, cash flows and results of operations. MD&A is organized as follows:

Overview. This section provides a general description of Time Warner's business segments, as well as recent developments the Company believes are important in understanding the results of operations and financial condition or in understanding anticipated future trends.

Results of operations. This section provides an analysis of the Company's results of operations for the three and nine months ended September 30, 2017. This analysis is presented on both a consolidated and a business segment basis. In addition, a brief description of transactions and other items that affect the comparability of the results being analyzed is included.

Financial condition and liquidity. This section provides an analysis of the Company's financial condition as of September 30, 2017 and cash flows for the nine months ended September 30, 2017.

Caution concerning forward-looking statements. This section provides a description of the use of forward-looking information appearing in this report, including in MD&A and the consolidated financial statements.

OVERVIEW

Time Warner is a leading media and entertainment company whose major businesses encompass an array of the most respected and successful media brands. Among the Company's brands are TNT, TBS, Adult Swim, Cartoon Network, CNN, HBO, Cinemax, Warner Bros. and New Line Cinema. During the nine months ended September 30, 2017, the Company generated Revenues of \$22.660 billion (up 6% from \$21.427 billion in 2016), Operating Income of \$6.013 billion (up 3% from \$5.856 billion in 2016), Income from continuing operations of \$3.856 billion (up 7% from \$3.597 billion in 2016), Net Income attributable to Time Warner shareholders of \$3.858 billion (up 6% from \$3.633 billion in 2016) and Cash provided by operations of \$3.947 billion (up 12% from \$3.534 billion in 2016).

Time Warner Businesses

Time Warner classifies its operations into three reportable segments: Turner, Home Box Office and Warner Bros. For additional information regarding Time Warner's segments, refer to Note 13, Segment Information, to the accompanying consolidated financial statements.

As used in MD&A, the term *affiliates* refers to distributors that deliver packages of networks to their subscribers, including cable system operators, satellite service distributors and telephone companies (*traditional affiliates*) and virtual multichannel video programming distributors (*virtual MVPDs*); and the term *OTT services* refers to services that deliver video content to consumers over the internet and includes subscription video-on-demand (*SVOD*) services and advertising-supported VOD (*AVOD*) services such as social media platforms and user-generated content digital platforms, but does not include virtual MVPDs.

Turner. The Turner segment consists of businesses managed by Turner Broadcasting System, Inc. (*Turner*). During the nine months ended September 30, 2017, the Turner segment recorded Revenues of \$8.958 billion (39% of the Company's total Revenues) and Operating Income of \$3.463 billion.

Turner creates and programs branded news, entertainment, sports and kids multi-platform content for consumers around the world. The Turner networks and related businesses and brands include TNT, TBS, Adult Swim, truTV, Turner Classic Movies, Turner Sports, Bleacher Report, Cartoon Network, Boomerang, CNN, HLN and iStreamPlanet. The Turner networks generate revenues principally from licensing programming to affiliates that have contracted to receive and distribute this programming to subscribers, from the sale of advertising and from licensing its original programming and its brands and characters for consumer products and other business ventures. Turner also generates revenues from the sale of advertising and sponsorships through its digital

properties. Turner's programming is available to subscribers of affiliates for viewing live and on demand on television and various internet-connected devices on services provided by affiliates and on Turner's digital properties. Turner is also pursuing direct-to-consumer distribution options for its programming and networks. For example, in November 2016, Turner launched its first domestic SVOD service, FilmStruck, aimed at arthouse film enthusiasts. In addition, in April 2017, Turner and Warner Bros. launched a new domestic SVOD service under the Boomerang brand that offers new original animated series and kids programming from Warner Bros. and Turner's animation libraries.

Home Box Office. The Home Box Office segment consists of businesses managed by Home Box Office, Inc. (Home Box Office). During the nine months ended September 30, 2017, the Home Box Office segment recorded Revenues of \$4.649 billion (21% of the Company's total Revenues) and Operating Income of \$1.666 billion.

Home Box Office operates the HBO and Cinemax multichannel premium pay television services, with the HBO service ranking as the most widely distributed multichannel premium pay television service. HBO and Cinemax programming is available in the U.S. to subscribers of affiliates for viewing live and on demand on television and on various internet-connected devices on services provided through affiliates and on Home Box Office's digital properties. In addition, Home Box Office offers HBO NOW, a domestic stand-alone OTT service available through digital distributors and some affiliates on a variety of internet-connected devices. Home Box Office also has entered into arrangements with a number of digital distributors to provide their subscribers access to HBO and Cinemax services and programming on a variety of digital platforms and devices. HBO- and Cinemax-branded premium pay, basic tier television and OTT services are distributed in over 60 countries in Latin America, Asia and Europe.

In the U.S., Home Box Office generates revenues principally from licensing programming to affiliates and digital distributors that have contracted to receive and distribute such programming to their customers who subscribe to the HBO or Cinemax services. Home Box Office's agreements with its domestic affiliates are typically long-term arrangements that provide for annual fee increases and marketing support. The relationship between subscriber totals and the amount of revenues earned under Home Box Office affiliate agreements depends on the specific terms of the applicable agreement, which may include basic and/or pay television subscriber thresholds, volume discounts and other performance-based discounts. Marketing and promotional activities intended to retain existing subscribers and acquire new subscribers may also impact revenue earned. Internationally, Home Box Office generates subscription revenues by licensing programming to international affiliates that have contracted to receive and distribute such programming to their customers. In some countries, Home Box Office also generates subscription revenues from OTT services that are distributed to consumers either directly or through third parties. Additional sources of revenues for Home Box Office are the licensing of its original programming, including *Game of Thrones*, *Big Little Lies* and *VEEP*, and the home entertainment sales of its original programming via physical and digital formats.

Warner Bros. The Warner Bros. segment consists of businesses managed by Warner Bros. Entertainment Inc. (Warner Bros.) that principally produce and distribute television shows, feature films and videogames. Warner Bros. television, film and videogame businesses benefit from a shared infrastructure, including shared production, distribution, marketing and administrative functions and resources. During the nine months ended September 30, 2017, the Warner Bros. segment recorded Revenues of \$9.813 billion (40% of the Company's total Revenues) and

Operating Income of \$1.249 billion.

Warner Bros. is a leader in television production and distribution. Warner Bros. generates television product revenues principally from the licensing of programs to broadcast and cable television networks and premium pay television and OTT services. For the 2017/2018 season, Warner Bros. is producing over 70 original series in the U.S., including (i) at least three series for each of the five broadcast networks (including *Arrow*, *The Bachelor*, *The Big Bang Theory*, *Blindspot*, *DC's Legends of Tomorrow*, *The Flash*, *Gotham*, *iZombie*, *Lethal Weapon*, *Little Big Shots*, *Lucifer*, *The Middle*, *Mom*, *Riverdale*, *Supergirl*, *Supernatural*, *The Voice* and *Young Sheldon*), (ii) series for basic cable networks (including *Animal Kingdom*, *Claws*, *People of Earth* and *Queen Sugar*), (iii) series for premium pay television services (including *Shameless* and *Westworld*), (iv) series for SVOD services (including *Castle Rock*, *Disjointed*, *Fuller House* and *Longmire*), (v) series for first-run syndication (including *The Ellen DeGeneres Show*, *Extra*, *The Real* and *TMZ*) and (vi) animated series for Cartoon Network, Boomerang, Adult Swim and third party networks (including *New Looney Tunes* and *Teen Titans Go!*). Warner Bros. also licenses the rights to many of its U.S. original television series in international territories. Outside the U.S., Warner Bros. has a global network of production companies in many countries, which allows Warner Bros. to develop programming specifically tailored for the audiences in these territories. These local production companies also focus on developing non-scripted programs and formats that can be adapted and sold internationally and in the U.S.

OF RESULTS OF OPERATIONS AND FINANCIAL CONDITION (Continued)

Warner Bros. is a leader in the feature film industry and produces feature films under its Warner Bros. and New Line Cinema banners. Warner Bros. generates theatrical product revenues principally through rental fees from theatrical exhibition of feature films, including the following recently released films: *Annabelle: Creation*, *Blade Runner 2049*, *Dunkirk*, *It*, *Kong: Skull Island*, *The LEGO Batman Movie*, *The LEGO Ninjago Movie* and *Wonder Woman*, and subsequently through licensing fees received from the distribution of films on premium pay television services, broadcast and cable television networks and OTT services.

Warner Bros. is a leader in the home entertainment and videogame industries. The segment generates television and theatrical product revenues from the distribution of television and theatrical product in various physical and digital formats (e.g., electronic sell-through (EST) and video-on-demand (VOD)). In addition, the segment generates revenues through the development and distribution of videogames.

The distribution and sale of home entertainment product in physical formats is a large contributor to the segment's revenues and profits. For the past several years, sales of home entertainment product in physical formats have declined as the home entertainment industry has been undergoing significant changes as home entertainment consumption patterns have shifted. Several factors have contributed to this decline, including consumers shifting to digital purchases and transactional VOD rentals of content; changing retailer initiatives and strategies (e.g., reduction of floor space devoted to home entertainment product in physical formats); retail store closures; increasing competition for consumer discretionary time and spending; and piracy. Consumers have also been increasingly shifting to OTT services that are based on a subscription model rather than a transactional model. During the first nine months of 2017, across the home entertainment industry, consumer spending on home entertainment product in physical formats continued to decline and consumer spending on electronic delivery continued to increase. The electronic delivery of film and television content is growing and becoming more important to the Warner Bros. segment, which has helped to offset some of the decline in sales of home entertainment product in physical formats.

Television Industry

The television industry continues to evolve, with changes in technology, rapid growth in new video services, and a corresponding increase in overall video content consumption and shift in consumer viewing patterns. Consumers are watching an increasing amount of programming on demand and across a wide variety of services and internet-connected devices. Over the past few years, the number of subscribers to multichannel video services provided by traditional affiliates in the U.S. has declined, and the Company expects further declines to continue in the future. To counteract this trend, some traditional affiliates are placing greater emphasis on selling smaller bundles of linear networks, resulting in higher subscriber declines for most individual networks than for traditional affiliates in total. In addition, some traditional affiliates as well as media and technology companies have launched, or have announced that they will launch, virtual MVPD services, many of which offer fewer networks at a lower cost than most of the bundles of linear networks offered by traditional affiliates.

At the same time, the penetration of internet-connected devices has grown, which has led to a growing number and variety of internet-delivered video services that do not require a traditional affiliate subscription or set-top box

hardware. These include SVOD services that feature general entertainment programming with broad appeal, such as Amazon Prime Video, Hulu and Netflix, as well as niche SVOD services that offer differentiated programming. Several of these SVOD services have continued to increase their number of subscribers and have been, and are expected to continue, making significant investments in acquired and original programming. Some television networks and premium pay television services, such as HBO, have also launched OTT services. AVOD services, such as YouTube and Facebook, also have continued to gain in popularity.

As a result of these changes, consumers have more options for obtaining video content, including lower-cost alternatives. The combination of new competitors, changes in viewing habits and declines in subscribers to traditional affiliates' multichannel video services has negatively affected overall television ratings and, as a result, television advertising revenues for the industry and certain of the Company's networks. There also has been a corresponding shift of advertising dollars to non-traditional video outlets.

To address these changes, the Company's strategy over the past few years has focused on strengthening its position within the traditional TV ecosystem, enhancing the value of traditional multichannel video service subscriptions for consumers and affiliates and the value of television advertising for advertisers, and pursuing new opportunities outside the traditional TV ecosystem. As part of this strategy, the Company plans to continue increasing its investment in high-quality distinctive programming to enhance the value of its networks, as well as continue expanding the amount of its content that is available on demand to capitalize on the shift in consumption habits. In addition, Turner has introduced new advertising products that provide greater data analytic tools and targeting capabilities to advertisers in order to compete more effectively with non-traditional outlets. The Company is also pursuing

a number of initiatives to capitalize on the new opportunities presented by these changes, including launching OTT services and investing in and obtaining distribution of its content through other companies' OTT services, as well as investing in short-form content production and digital-first news and entertainment networks. In addition, the Company is focused on increasing the digital sales and rentals of its television and film content and is a leader in various initiatives designed to make digital ownership of content more compelling for consumers.

AT&T and Time Warner Merger Agreement

On October 22, 2016, Time Warner entered into an Agreement and Plan of Merger (the "Merger Agreement") with AT&T Inc. ("AT&T"), West Merger Sub, Inc. and West Merger Sub II, LLC, pursuant to which Time Warner will combine with AT&T in a stock-and-cash transaction. The Merger Agreement was approved unanimously by the boards of directors of both companies. Time Warner shareholders adopted the Merger Agreement at a special meeting of shareholders held on February 15, 2017. Subject to the satisfaction of the remaining conditions in the Merger Agreement, upon consummation of the merger, Time Warner's shareholders will receive per share consideration consisting of \$53.75 in cash and a specified number of shares of AT&T stock, as set forth in the Merger Agreement and determined by reference to the average of the volume weighted averages of the trading price of AT&T common stock on the New York Stock Exchange ("NYSE") on each of the 15 consecutive NYSE trading days ending on and including the trading day that is three trading days prior to the closing of the merger (the "Average Stock Price"). The stock portion of the per share consideration will be subject to a collar such that if the Average Stock Price is between \$37.411 and \$41.349, Time Warner shareholders will receive shares of AT&T stock equal to \$53.75 in value for each share of Time Warner common stock. If the Average Stock Price is below \$37.411, Time Warner's shareholders will receive 1.437 AT&T shares for each share of Time Warner common stock. If the Average Stock Price is above \$41.349, Time Warner shareholders will receive 1.300 AT&T shares for each share of Time Warner common stock. The merger is conditioned on the receipt of certain antitrust and other required regulatory consents. The merger is expected to close before year-end 2017. Should Time Warner terminate the Merger Agreement in specified circumstances, Time Warner may be required to pay AT&T a termination fee equal to \$1.725 billion if Time Warner enters into or consummates an alternative transaction with a third party following such termination of the Merger Agreement.

The merger with AT&T is consistent with the Company's strategy of ensuring that its content is available to consumers on a wide range of distribution platforms. The Company expects the merger will accelerate the Company's efforts to spur innovation in the media industry and improve the consumer experience with pay television bundles by creating compelling consumer offerings and developing more targeted advertising offerings, and it will accelerate and reduce the risk in Time Warner's strategy to distribute content through other online and mobile services, including those offered directly to consumers.

Impact of items affecting comparability on income from continuing operations	\$ (67)	\$ 29	\$ 57	\$ (67)

In addition to the items affecting comparability described above, the Company incurred Restructuring and severance costs of \$3 million and \$23 million for the three and nine months ended September 30, 2017, respectively, and \$11 million and \$64 million for the three and nine months ended September 30, 2016, respectively. For further information regarding the Restructuring and severance costs, see [Consolidated Results](#) and [Business Segment Results](#).

Asset Impairments

During the three and nine months ended September 30, 2017, the Company recognized asset impairments, relating primarily to software, of \$9 million and \$11 million, respectively, which consisted of \$4 million and \$6 million,

respectively, at the Warner Bros. segment and \$5 million for both periods at the Turner segment. During the three and nine months ended September 30, 2016, the Company recognized asset impairments of \$30 million and \$35 million, respectively, which consisted of \$25 million at Turner for both periods relating to an international broadcast license, \$5 million and \$6 million, respectively, at Warner Bros. relating to certain internally developed software and, for the nine months ended September 30, 2016, \$4 million at Corporate relating to miscellaneous assets.

Gain (Loss) on Operating Assets, Net

During the three and nine months ended September 30, 2017, the Company recognized a \$13 million gain on operating assets primarily relating to a non-income tax receivable at the Turner segment. During the nine months ended September 30, 2017, the Company also recognized a \$49 million gain on the sale of an Atlanta broadcast television station at the Turner segment as well as miscellaneous gains of \$6 million at the Turner segment and \$1 million at the Warner Bros. segment. For the three months ended September 30, 2016, the Company recognized \$12 million of loss on operating assets, primarily relating to the pending disposition of a business at the Turner segment. For the nine months ended September 30, 2016, the Company recognized \$77 million of net gain on operating assets, consisting of \$92 million of gains at the Warner Bros. segment, principally relating to the gain on the sale of the net assets of Warner Bros. Flixster business to Fandango Media, LLC, and \$15 million of losses at the Turner segment, principally relating to the pending disposition of a business.

Costs Related to the AT&T Merger

For the three and nine months ended September 30, 2017, the Company recognized \$93 million and \$276 million, respectively, of costs related to the AT&T merger, consisting of \$32 million and \$83 million, respectively, at the Turner segment, \$29 million and \$78 million, respectively, at the Warner Bros. segment, \$19 million and \$75 million, respectively, at Corporate and \$13 million and \$40 million, respectively, at the Home Box Office segment. For the three and nine months ended September 30, 2017, these costs reflected \$6 million and \$42 million, respectively, of external transaction costs and \$87 million and \$234 million, respectively, of costs from employee retention programs (as discussed below). For the three and nine months ended September 30, 2017, \$90 million and \$268 million, respectively, of these costs are included in Selling, general and administrative expenses and the remainder in Costs of revenues in the accompanying Consolidated Statement of Operations.

In connection with entering into the Merger Agreement, the Company has granted 5.7 million special retention restricted stock units (Special Retention RSUs) as of September 30, 2017 to certain employees of Time Warner and its divisions, including all executive officers of Time Warner. Half of the Special Retention RSUs will vest 25% per year on each of the first four anniversaries of February 15, 2017, and the remaining half will vest 25% per year on each of the first four anniversaries of February 15, 2018. Pursuant to the Special Retention RSU agreements, vesting as a result of retirement is not permitted unless the employee retires after the merger has closed. In addition, the awards do not accelerate automatically following the closing of the merger. Instead, the employee must remain employed following the closing, and the awards will vest only on the scheduled vesting date or upon termination of employment under certain circumstances, such as termination without cause, for good reason or due to retirement.

In addition, certain employees of Time Warner and its divisions, including executive officers of Time Warner other than the Chairman and CEO, have received or will receive a cash retention award. Half of the award will become payable upon the closing of the merger, and the remaining half will become payable six months thereafter, in both cases, subject to continued employment on the relevant payment date. Payment will also be made upon termination without cause or for good reason.

Other

For the three and nine months ended September 30, 2017, Other includes external costs related to mergers, acquisitions or dispositions (other than the AT&T merger) of \$5 million and \$16 million, respectively, consisting of \$5 million and \$15 million at the Warner Bros. segment primarily related to severance costs associated with the shutdown of a business in Latin America and, for the nine months ended September 30, 2017, \$1 million at the Turner segment. For the three and nine months ended September 30, 2016, Other includes external costs related to mergers, acquisitions or dispositions of \$4 million and \$9 million, respectively, consisting of \$3 million and \$4 million, respectively, at the Turner segment and \$1 million and \$2 million, respectively, at the Warner Bros. segment and, for the nine months ended September 30, 2016, \$3 million at Corporate. For the three and nine months ended September 30, 2016, Other also includes \$10 million of pension settlement charges at Corporate, and for the nine months ended September 30, 2016, \$9 million of expenses at the Home Box Office segment related to Home Box

Office s withdrawal from a multiemployer benefit plan. External costs related to mergers, acquisitions or dispositions and the accrued benefit plan withdrawal expenses are included in Selling, general and administrative expenses in the accompanying Consolidated Statement of Operations.

Investment Gains, Net

Investment gains, net are included in Other income (loss), net in the accompanying Consolidated Statement of Operations. The detail of Investment gains, net is shown in the table below (millions):

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2017	2016	2017	2016
Sale of interest in Omni Atlanta hotel joint venture	\$	\$	\$ 99	\$
Gain on CME (a)				95
Gain on joint venture in Netherlands (b)		41		41
Fair value adjustments (c)	5	18	150	(44)
Gain (loss) on other investments	(5)	(2)	6	1
Investment gains, net	\$	\$ 57	\$ 255	\$ 93

(a) Related to financing transactions with Central European Media Enterprises Ltd. (CME) that were completed in the second quarter of 2016.

(b) Related to a gain associated with an agreement to dissolve a Home Box Office joint venture in the Netherlands.

(c) Related to warrants to purchase common stock of CME held by the Company.

Amounts Related to the Separation or Disposition of Former Time Warner Segments

The Company recognized \$4 million and \$10 million for the three and nine months ended September 30, 2017, respectively, and \$8 million and \$17 million for the three and nine months ended September 30, 2016, respectively, of losses related to the disposition of former Time Warner segments, primarily reflecting pension and other retirement benefits related to employees and former employees of Time Inc. These amounts have been reflected in Other income (loss), net in the accompanying Consolidated Statement of Operations.

Items Affecting Comparability Relating to Equity Method Investments

For both the three and nine months ended September 30, 2017, the Company recognized \$1 million of income primarily related to its share of net investment gains recorded by equity method investees. For the three and nine months ended September 30, 2016, the Company recognized \$1 million and \$11 million of income, respectively, primarily related to net investment gains recorded by equity method investees and, for the nine months ended

September 30, 2016, \$150 million of losses related to the financing transactions with CME in 2016. These amounts have been reflected in Other income (loss), net in the accompanying Consolidated Statement of Operations.

Income Tax Impact

The income tax impact reflects the estimated tax provision or tax benefit associated with each item affecting comparability using the effective tax rate for the item. The estimated tax provision or tax benefit can vary based on certain factors, including the taxability or deductibility of the item and the applicable tax jurisdiction for the item. For the nine months ended September 30, 2017, the income tax impact includes a \$69 million benefit primarily reflecting the reversal of a valuation allowance related to the use of capital loss carryforwards to offset the gains on the Turner segment's sales of its interest in the joint venture that owns the Omni Atlanta hotel and its Atlanta broadcast television station.

Consolidated Results

The following discussion provides an analysis of the Company's results of operations and should be read in conjunction with the accompanying Consolidated Statement of Operations.

For the three and nine months ended September 30, 2017, Revenues at the Turner and Home Box Office segments increased primarily driven by higher Subscription revenues, and Revenues at the Warner Bros. segment increased primarily driven by higher Theatrical product and Videogames and other revenues, which, for the three months ended September 30, 2017, was partially offset by lower Television product revenues. Each of the revenue categories is discussed in greater detail by segment in Business Segment Results.

Costs of Revenues. Costs of revenues were \$3.928 billion and \$12.466 billion for the three and nine months ended September 30, 2017, respectively, and \$3.873 billion and \$11.718 billion for the three and nine months ended September 30, 2016, respectively. The increase in Costs of revenues for the three months ended September 30, 2017 primarily reflected higher programming expenses at the Turner and Home Box Office segments, partially offset by lower print and advertising costs at the Warner Bros. segment. The increase in Costs of revenues for the nine months ended September 30, 2017 primarily reflected higher film and television production costs at the Warner Bros. segment and higher programming expenses at the Turner segment. The segment variations are discussed in Business Segment Results.

Selling, General and Administrative Expenses. For the three and nine months ended September 30, 2017, Selling, general and administrative expenses increased 17% and 11%, respectively, to \$1.378 billion and \$4.080 billion, respectively, from \$1.179 billion and \$3.688 billion for the three and nine months ended September 30, 2016, respectively, primarily reflecting higher AT&T merger costs at all segments and higher marketing expense at the Turner and Home Box Office segments. For the three and nine months ended September 30, 2017, Selling, general and administrative expenses included \$90 million and \$268 million, respectively, of costs related to the AT&T merger. The segment variations are discussed in Business Segment Results.

Included in Costs of revenues and Selling, general and administrative expenses is depreciation expense of \$124 million and \$367 million for the three and nine months ended September 30, 2017, respectively, and \$118 million and \$359 million for the three and nine months ended September 30, 2016, respectively.

Amortization Expense. Amortization expense was \$45 million and \$136 million for the three and nine months ended September 30, 2017, respectively, and \$48 million and \$143 million for the three and nine months ended September 30, 2016, respectively.

Restructuring and Severance Costs. For the three and nine months ended September 30, 2017 and 2016, the Company incurred Restructuring and severance costs primarily related to employee terminations and other exit activities. Restructuring and severance costs are as follows (millions):

	Three Months Ended September 30,		Nine Months Ended September 30,

Operating Income. Operating Income increased to \$2.245 billion for the three months ended September 30, 2017 from \$2.014 billion for the three months ended September 30, 2016. Excluding the items noted under Transactions and Other Items Affecting Comparability totaling \$94 million and \$56 million of expense for the three months ended September 30, 2017 and 2016, respectively, Operating Income increased \$269 million, primarily reflecting increases at the Warner Bros., Turner and Home Box Office segments. Operating Income increased to \$6.013 billion for the nine months ended September 30, 2017 from \$5.856 billion for the nine months ended September 30, 2016. Excluding the items noted under Transactions and Other Items Affecting Comparability totaling \$234 million of expense and \$14 million of income for the nine months ended September 30, 2017 and 2016, respectively, Operating Income increased \$405 million, primarily reflecting increases at the Warner Bros. and Home Box Office segments, partially offset by a decrease at the Turner segment.

Interest Expense, Net. Interest expense, net detail is shown in the table below (millions):

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2017	2016	2017	2016
Interest expense	\$ (305)	\$ (350)	\$ (919)	\$ (1,045)
Interest income	51	52	157	171
Interest expense, net	\$ (254)	\$ (298)	\$ (762)	\$ (874)

The decrease in interest expense for the three and nine months ended September 30, 2017 was primarily due to lower average interest rates and lower average debt balances. The decrease in interest income for the nine months ended September 30, 2017 was primarily driven by the financing transactions with CME that were completed in the second quarter of 2016.

Other Income (Loss), Net. Other income (loss), net detail is shown in the table below (millions):

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2017	2016	2017	2016
Investment gains, net	\$	\$ 57	\$ 255	\$ 93

Other income (loss), net	\$	(70)	\$	(27)	\$	77	\$	(198)
--------------------------	----	------	----	------	----	----	----	-------

Investment gains, net and amounts related to the separation or disposition of former Time Warner segments are discussed under Transactions and Other Items Affecting Comparability. The decrease in loss from equity method investees for the nine months ended September 30, 2017 was primarily due to the recognition during the nine months ended September 30, 2016 of the Company's share of losses from CME related to the 2016 CME financing transactions.

Income Tax Provision. Income tax provision increased to \$550 million and \$1.472 billion for the three and nine months ended September 30, 2017, respectively, from \$217 million and \$1.187 billion for the three and nine months ended September 30, 2016, respectively. The Company's effective tax rate was 29% and 28% for the three and nine months ended September 30, 2017, respectively, compared to 13% and 25% for the three and nine months ended September 30, 2016, respectively. The increases in the effective tax rate for the three and nine months ended September 30, 2017 were primarily due to a change in the Company's tax method of accounting for film and television cost amortization that was approved by the Internal Revenue Service during the third quarter of 2016, partially offset by the impact of the Company's adoption of the new share-based compensation accounting guidance relating to excess tax benefits recognized with respect to share-based awards and the expected utilization of certain tax attribute carryovers in 2017.

Income from Continuing Operations. Income from continuing operations was \$1.371 billion and \$1.472 billion for the three months ended September 30, 2017 and 2016, respectively. Excluding the items noted under Transactions and Other Items Affecting Comparability totaling \$67 million of expense and \$29 million of income for the three months ended September 30, 2017 and 2016, respectively, Income from continuing operations decreased \$5 million, primarily due to higher income tax expense, partially offset

by higher Operating Income. Basic and Diluted income from continuing operations per common share were \$1.76 and \$1.73, respectively, for the three months ended September 30, 2017 and were \$1.89 and \$1.87, respectively, for the nine months ended September 30, 2016.

Income from continuing operations was \$3.856 billion and \$3.597 billion for the nine months ended September 30, 2017 and 2016, respectively. Excluding the items noted under Transactions and Other Items Affecting Comparability totaling \$57 million of income and \$67 million of expense for the nine months ended September 30, 2017 and 2016, respectively, Income from continuing operations increased \$135 million, primarily due to higher Operating Income, partially offset by higher income tax expense. Basic and Diluted income from continuing operations per common share were \$4.95 and \$4.88, respectively, for the nine months ended September 30, 2017 and were \$4.58 and \$4.53, respectively, for the nine months ended September 30, 2016.

Discontinued Operations, Net of Tax. For the three months ended September 30, 2016, Discontinued operations, net of tax was expense of \$5 million related to pension settlement charges related to businesses the Company previously disposed of. For the nine months ended September 30, 2016, Discontinued operations, net of tax was income of \$35 million, which also included the recognition of additional tax benefits associated with certain foreign tax attributes of Warner Music Group (WMG), which the company disposed of in 2004. Basic and Diluted loss from discontinued operations per common share were \$0.00 and \$0.01 for the three months ended September 30, 2016. Both Basic and Diluted income from discontinued operations per common share were \$0.04 for the nine months ended September 30, 2016.

Net Income attributable to Time Warner shareholders. Net income attributable to Time Warner shareholders was \$1.372 billion and \$3.858 billion for the three and nine months ended September 30, 2017, respectively, and \$1.467 billion and \$3.633 billion for the three and nine months ended September 30, 2016, respectively. Basic and Diluted net income per common share were \$1.76 and \$1.73, respectively, for the three months ended September 30, 2017 and were \$1.89 and \$1.86, respectively, for the three months ended September 30, 2016. Basic and Diluted net income per common share were \$4.95 and \$4.88, respectively, for the nine months ended September 30, 2017 and were \$4.62 and \$4.57, respectively, for the nine months ended September 30, 2016.

(a) Costs of revenues exclude depreciation.

For the three months ended September 30, 2017, programming costs increased primarily due to higher costs for original series. For the nine months ended September 30, 2017, programming costs increased mainly due to higher costs for National Basketball Association programming, partially offset by lower costs for NCAA Tournament programming. The increase in other direct operating costs for the three and nine months ended September 30, 2017 primarily related to costs associated with digital content and technology initiatives.

For the three and nine months ended September 30, 2017, Selling, general and administrative expenses increased primarily due to \$31 million and \$80 million, respectively, of costs related to the AT&T merger as well as higher marketing expense of \$44 million and \$76 million, respectively.

Refer to Transactions and Other Items Affecting Comparability for a discussion of Gain (loss) on operating assets, costs related to the AT&T merger and external costs related to mergers, acquisitions and dispositions for the three and nine months ended September 30, 2017 and 2016, which affected the comparability of the Turner segment's results.

Operating Income for the three months ended September 30, 2017 increased due to higher Revenues, higher Gain on operating assets and lower Asset impairments, partially offset by higher Costs of revenues and Selling, general and administrative expenses. Operating Income for the nine months ended September 30, 2017 decreased due to higher Costs of revenues and Selling, general and administrative expenses, partially offset by higher Revenues, higher Gain on operating assets and lower Asset impairments.

Theatrical film releases	4	6	14	15
Theatrical product home video and electronic delivery releases	6	7	13	16
Videogame releases	1	3	7	8

Theatrical product revenue from film rentals decreased for the three months ended September 30, 2017, reflecting lower revenues of \$47 million from theatrical films released during the third quarter of 2017 compared to the third quarter of 2016, partially offset by higher carryover revenues of \$25 million from prior period releases. Theatrical product revenue from film rentals increased for the nine months ended September 30, 2017, primarily reflecting higher revenues from theatrical films released during the first nine months of 2017 compared to the first nine months of 2016.

For the three months ended September 30, 2017, theatrical product revenues from home video and electronic delivery increased primarily due to higher revenues from prior period releases, including catalog titles, during the third quarter of 2017 compared to the third quarter of 2016. For the nine months ended September 30, 2017, theatrical product revenues from home video and electronic delivery increased due to higher revenues of \$189 million from releases during the first nine months of 2017 compared to the first nine months of 2016 and higher revenues of \$36 million from prior period releases, including catalog titles, during the first nine months of 2017 compared to the first nine months of 2016.

The increase in theatrical product revenues from television licensing for the three and nine months ended September 30, 2017 was primarily due to the timing and mix of availabilities.

The decrease in television product revenues from television licensing for the three months ended September 30, 2017 was primarily due to lower initial telecast revenues. The increase in television product revenues from television licensing for the nine

Included in film and television production costs are production costs related to videogames, as well as theatrical film and videogame valuation adjustments resulting primarily from revisions to estimates of ultimate revenue and/or costs for certain theatrical films and videogames. Theatrical film valuation adjustments were \$0 for both the three months ended September 30, 2017 and 2016 and \$11 million and \$1 million for the nine months ended September 30, 2017 and 2016, respectively. Videogame valuation adjustments were \$0 for both the three months ended September 30, 2017 and 2016 and \$5 million and \$4 million for the nine months ended September 30, 2017 and 2016, respectively. The increase in film and television production costs for the nine months ended September 30, 2017 was primarily a result of higher costs for theatrical and television product. The decrease in print and advertising costs for the three months ended September 30, 2017 was primarily due to theatrical product, reflecting the type and number of releases,

and, for the nine months ended September 30, 2017, the increase in print and advertising costs was primarily due to the type of videogame releases. Other costs, including merchandise and related costs decreased for the three and nine months ended September 30, 2017 primarily due to lower distribution-related costs of sales for videogames and home entertainment product.

Selling, general and administrative expenses increased for the three and nine months ended September 30, 2017 primarily due to costs related to the AT&T merger of \$29 million and \$78 million, respectively, and higher costs related to digital initiatives.

Refer to Transactions and Other Items Affecting Comparability for a discussion of Gain on operating assets, Asset impairments, costs related to the AT&T merger and external costs related to mergers, acquisitions and dispositions for the three and nine months ended September 30, 2017 and 2016, which affected the comparability of the Warner Bros. segment's results.

The increase in Operating Income for the three months ended September 30, 2017 was due to lower Costs of revenues and higher Revenues, partially offset by higher Selling, general and administrative expenses. The increase in Operating Income for the nine months ended September 30, 2017 was due to higher Revenues, partially offset by higher Costs of revenues and Selling, general and administrative expenses and lower Gains on operating assets.

For the three months ended September 30, 2017, Operating loss decreased primarily due to lower equity-based compensation expense, partially offset by costs related to the AT&T merger of \$19 million. For the nine months ended September 30, 2017, Operating loss increased primarily due to costs related to the AT&T merger of \$75 million, partially offset by lower equity-based compensation expense and lower costs of \$14 million primarily related to technology initiatives. In addition, the results for the three and nine months ended September 30, 2016 included \$10 million of pension settlement charges.

FINANCIAL CONDITION AND LIQUIDITY

Management believes that cash generated by or available to the Company should be sufficient to fund its capital and liquidity needs for the foreseeable future, including scheduled debt repayments and quarterly dividend payments. Time Warner's sources of cash include Cash provided by operations, Cash and equivalents on hand, available borrowing capacity under its committed credit facilities and commercial paper program and access to capital markets. Time Warner's unused committed capacity at September 30, 2017 was \$7.639 billion, which included \$2.621 billion of Cash and equivalents.

Current Financial Condition

At September 30, 2017, Time Warner had \$23.055 billion of debt and \$2.621 billion of Cash and equivalents, resulting in net debt of \$20.434 billion, compared to \$24.339 billion of debt and \$1.539 billion of Cash and equivalents, or net debt of \$22.800 billion, at December 31, 2016. At September 30, 2017, Total equity was \$27.268 billion compared to \$24.337 billion at December 31, 2016.

The following table shows the significant items contributing to the decrease in net debt from December 31, 2016 to September 30, 2017 (millions):

Balance at December 31, 2016	\$	22,800
Cash provided by operations		(3,947)

Cash Flows

For the nine months ended September 30, 2017 and 2016, Cash and equivalents increased by \$1.082 billion and \$153 million, respectively. Components of these changes are discussed below in more detail.

Operating Activities

Details of Cash provided by operations are as follows (millions):

	Nine Months Ended September 30,	
	2017	2016
Operating Income	\$ 6,013	\$ 5,856
Depreciation and amortization	503	502
Net interest payments (a)	(853)	(903)
Net income taxes paid (b)	(1,092)	(695)
All other, net, including working capital changes	(624)	(1,226)
Cash provided by operations	\$ 3,947	\$ 3,534

(a) Includes cash interest received of \$49 million and \$110 million for the nine months ended September 30, 2017 and 2016, respectively.

(b) Includes income tax refunds received of \$23 million and \$124 million for the nine months ended September 30, 2017 and 2016, respectively.

Cash provided by operations for the nine months ended September 30, 2017 increased primarily due to a decrease in cash used by working capital, mainly due to the timing and mix of production and programming spending, partially offset by higher net income taxes paid. For the nine months ended September 30, 2016, all other net, including working capital changes was favorably impacted by approximately \$280 million related to CME's repayment of its senior secured notes and the term loan Time Warner provided CME in 2014.

Investing Activities

Details of Cash used by investing activities are as follows (millions):

	Nine Months Ended September 30,	
	2017	2016
Investments in available-for-sale securities	\$ (1)	\$ (7)
Investments and acquisitions, net of cash acquired:		
Hulu	(33)	(590)
Hudson Yards development project	(272)	(179)
All other	(205)	(206)
Capital expenditures	(362)	(270)
Other investment proceeds, including available-for-sale securities	341	253
Cash used by investing activities	\$ (532)	\$ (999)

The decrease in Cash used by investing activities for the nine months ended September 30, 2017 was primarily due to decreases in investments and acquisitions, net of cash acquired and higher other investment proceeds, including available-for-sale securities, partially offset by higher capital expenditures. Other investment proceeds, including available-for-sale securities, for the nine months ended September 30, 2017 primarily related to the sale of the Turner segment's interest in the joint venture that owns the Omni Atlanta hotel, and other investment proceeds, including available-for-sale securities, for the nine months ended September 30, 2016 primarily related to CME's repayment of CME's senior secured notes and the term loan Time Warner provided CME in 2014.

Financing Activities

Details of Cash used by financing activities are as follows (millions):

	Nine Months Ended September 30,	
	2017	2016
Borrowings	\$	\$ 942
Debt repayments	(1,396)	(304)
Proceeds from the exercise of stock options	167	127
Excess tax benefit from equity instruments		59
Principal payments on capital leases	(32)	(11)
Repurchases of common stock		(2,119)
Dividends paid	(948)	(954)
Other financing activities	(124)	(122)
Cash used by financing activities from continuing operations	\$ (2,333)	\$ (2,382)

Cash used by financing activities for the nine months ended September 30, 2017 decreased primarily due to the impact of the discontinuation of share repurchases under the stock repurchase program in connection with the Company's entry into the Merger Agreement, partially offset by an increase in Debt repayments and a decrease in Borrowings.

Outstanding Debt and Other Financing Arrangements***Outstanding Debt and Committed Financial Capacity***

At September 30, 2017, Time Warner had total committed capacity, defined as maximum available borrowings under various existing debt arrangements and cash and short-term investments, of \$30.720 billion. Of this committed capacity, \$7.639 billion was unused and \$23.055 billion was outstanding as debt. At September 30, 2017, total committed capacity, outstanding letters of credit, outstanding debt and total unused committed capacity were as follows (millions):

	Committed Capacity (a)	Letters of Credit (b)	Outstanding Debt (c)	Unused Committed Capacity
Cash and equivalents	\$ 2,621	\$	\$	\$ 2,621
Revolving credit facilities and commercial paper program (d)	5,000			5,000
Fixed-rate public debt	22,835		22,835	
Other obligations (e)	264	26	220	18
Total	\$ 30,720	\$ 26	\$ 23,055	\$ 7,639

- (a) The revolving credit facilities, commercial paper program and public debt of the Company rank pari passu with the senior debt of the respective obligors thereon. The weighted average maturity of the Company's outstanding debt and other financing arrangements was 11.3 years as of September 30, 2017.
- (b) Represents the portion of committed capacity, including from bilateral letter of credit facilities, reserved for outstanding and undrawn letters of credit.
- (c) Represents principal amounts adjusted for premiums and discounts and \$97 million of unamortized debt issuance costs. At September 30, 2017, the principal amounts of the Company's publicly issued debt mature as follows: \$500 million in October 2017, \$600 million in 2018, \$650 million in 2019, \$1.4 billion in 2020, \$2.0 billion in 2021, \$1.0 billion in 2022 and \$16.868 billion thereafter. In the period after 2022, no more than \$2.0 billion will mature in any given year.
- (d) The revolving credit facilities consist of two \$2.5 billion revolving credit facilities. The Company may issue unsecured commercial paper notes up to the amount of the unused committed capacity under the revolving credit facilities.
- (e) Unused committed capacity includes committed financings of subsidiaries under local bank credit agreements. Other debt obligations totaling \$57 million are due within the next twelve months.

Programming Licensing Backlog

Programming licensing backlog represents the amount of future revenues not yet recorded from cash contracts for the worldwide licensing of theatrical and television product for premium cable, basic cable, network and syndicated television and OTT exhibition. Backlog was \$7.2 billion and \$6.8 billion at September 30, 2017 and December 31, 2016, respectively. Included in the backlog amounts is licensing of theatrical and television product from the Warner Bros. segment to the Turner segment in the amount of \$945 million and \$942 million at September 30, 2017 and December 31, 2016, respectively. Also included in the backlog amounts is licensing of theatrical product from the Warner Bros. segment to the Home Box Office segment in the amount of \$681 million and \$689 million at September 30, 2017 and December 31, 2016, respectively.

CAUTION CONCERNING FORWARD-LOOKING STATEMENTS

This report contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These statements can be identified by the fact that they do not relate strictly to historical or current facts. Forward-looking statements often include words such as anticipates, estimates, expects, projects, intends, believes and words and terms of similar substance in connection with discussions of future operating or financial performance. Examples of the forward-looking statements in this report include, but are not limited to, the statements regarding (i) the expected timing of the completion of the AT&T merger and (ii) the Company's expectations regarding the impact of the AT&T merger on the Company's efforts to spur innovation in the media industry.

The Company's forward-looking statements are based on management's current expectations and assumptions regarding the Company's business and performance, the economy and other future conditions and forecasts of future events, circumstances and results. As with any projection or forecast, forward-looking statements are inherently susceptible to uncertainty and changes in circumstances. The Company's actual results may vary materially from those expressed or implied in its forward-looking statements. Important factors that could cause the Company's actual results to differ materially from those in its forward-looking statements include government regulation, economic, strategic, political and social conditions and the following factors:

- the occurrence of any event, change or other circumstances that could give rise to the termination of the Merger Agreement;
- the risk that the necessary regulatory approvals for the proposed merger may not be obtained or may be obtained subject to conditions that are not anticipated;
- risks that any of the closing conditions to the merger may not be satisfied in a timely manner;
- risks related to disruption of management time from ongoing business operations due to the merger;
- failure to realize the benefits expected from the merger;
- the effect of the merger on the ability of Time Warner to retain customers and retain and hire key personnel;
- the effect of the merger on the ability of Time Warner to maintain relationships with its suppliers;

the effect of the merger on Time Warner's operating results and businesses generally;
any litigation in connection with the merger;
recent and future changes in technology, services and standards, including alternative methods for the delivery, storage and consumption of digital media and evolving home entertainment formats;
changes in consumer behavior, including changes in spending behavior and viewing patterns;
changes in the Company's plans, initiatives and strategies, and the acceptance thereof by consumers, affiliates and other third parties with which the Company does business;
changes in the plans, initiatives and strategies of the third parties that distribute, license and/or sell Time Warner's content;
the popularity of the Company's content;
the Company's ability to enter into or renew affiliate agreements on favorable terms;
competitive pressures, including as a result of audience fragmentation and changes in technology and consumer viewing patterns;
changes in advertising market conditions or advertising expenditures due to various factors, including decreasing numbers of subscribers to multichannel video services provided by traditional affiliates, changes in consumer viewing patterns, economic conditions, pressure from public interest groups, changes in laws and regulations and other societal or political developments;
changes in how the Company sells advertising, including offering data- and analytics-driven advertising products, and advertisers' acceptance thereof;

Item 4. CONTROLS AND PROCEDURES

Item 4. Controls and Procedures.

Evaluation of Disclosure Controls and Procedures

The Company, under the supervision and with the participation of its management, including the Chief Executive Officer and Chief Financial Officer, evaluated the effectiveness of the design and operation of the Company's disclosure controls and procedures (as such term is defined in Rule 13a-15(e) under the Securities Exchange Act of 1934, as amended (the Exchange Act)) as of the end of the period covered by this report. Based on that evaluation, the Chief Executive Officer and the Chief Financial Officer concluded that the Company's disclosure controls and procedures are effective to ensure that information required to be disclosed in reports filed or submitted by the Company under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms and that information required to be disclosed by the Company is accumulated and communicated to the Company's management to allow timely decisions regarding the required disclosure.

Changes in Internal Control Over Financial Reporting

There have not been any changes in the Company's internal control over financial reporting during the quarter ended September 30, 2017 that have materially affected, or are reasonably likely to materially affect, its internal control over financial reporting.

TIME WARNER INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. DESCRIPTION OF BUSINESS AND BASIS OF PRESENTATION

Description of Business

Time Warner Inc. (Time Warner or the Company) is a leading media and entertainment company, whose businesses include television networks, and film and TV entertainment. Time Warner classifies its operations into three reportable segments: *Turner*: consisting principally of cable networks and digital media properties; *Home Box Office*: consisting principally of premium pay television services and a service that delivers video content to consumers over the internet (OTT service) domestically and premium pay, basic tier television and OTT services internationally; and *Warner Bros.*: consisting principally of television, feature film, home video and videogame production and distribution.

Basis of Presentation

Interim Financial Statements

The consolidated financial statements are unaudited; however, in the opinion of management, they contain all the adjustments (consisting of those of a normal recurring nature) considered necessary to present fairly the financial position, results of operations and cash flows for the periods presented in conformity with U.S. generally accepted accounting principles (GAAP) applicable to interim periods. The consolidated financial statements should be read in conjunction with the audited consolidated financial statements of Time Warner included in the Company s Annual Report on Form 10-K for the year ended December 31, 2016 (the 2016 Form 10-K).

Basis of Consolidation

The consolidated financial statements include all the assets, liabilities, revenues, expenses and cash flows of entities in which Time Warner has a controlling interest (subsidiaries). Intercompany accounts and transactions between consolidated entities have been eliminated in consolidation.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates, judgments and assumptions that affect the amounts reported in the consolidated financial statements and footnotes thereto. Actual results could differ from those estimates.

Significant estimates and judgments inherent in the preparation of the consolidated financial statements include accounting for asset impairments, multiple-element transactions, allowances for doubtful accounts, depreciation and amortization, the determination of ultimate revenues as it relates to amortization or impairment of capitalized film and programming costs and participations and residuals, home video and videogame product returns, business combinations, pension and other postretirement benefits, equity-based compensation, income taxes, contingencies, litigation matters, reporting revenue for certain transactions on a gross versus net basis, and the determination of whether the Company should consolidate certain entities.

Accounting Guidance Adopted in 2017

Share-Based Payments

On January 1, 2017, the Company adopted, on a prospective basis, new accounting guidance that changes the reporting for certain aspects of share-based payments. One aspect of the guidance requires that the income tax effects of share-based awards be recognized in the Income tax provision in the Consolidated Statement of Operations when the awards vest or are settled. Under the previous guidance, excess tax benefits and deficiencies were recognized in Additional paid-in capital in the Consolidated Balance Sheet. For the nine months ended September 30, 2017 and 2016, the amount of excess tax benefits, net of deficiencies, recognized in Income tax provision and Additional paid-in capital, respectively, was \$130 million and \$54 million, respectively. In addition, because excess tax benefits are no longer recognized in Additional paid-in capital under the new guidance, such amounts are no longer included in the determination of assumed proceeds in applying the treasury stock method when computing earnings per share. Another aspect of the new guidance requires that excess tax benefits be classified as a cash flow from operating activities, rather

TIME WARNER INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

than a cash flow from financing activities, in the Consolidated Statement of Cash Flows. For the nine months ended September 30, 2017 and 2016, the amount of excess tax benefits presented as a cash flow from operating activities and financing activities, respectively, was \$130 million and \$59 million, respectively. The other aspects of the new guidance did not have a material effect on the Company's consolidated financial statements.

Accounting Guidance Not Yet Adopted

Derivatives and Hedging

In August 2017, guidance was issued related to the accounting for hedging activities. The guidance principally: (i) expands hedge accounting for both financial and non-financial risk components, (ii) eliminates the separate measurement and presentation of hedge ineffectiveness, (iii) changes the presentation of hedge results to require that changes in the value of hedging instruments be presented in the same income statement line item as the earnings effect of the hedged item, and (iv) simplifies the method to assess hedge effectiveness. This guidance will be effective for all existing hedge relationships as of January 1, 2019. The Company is evaluating the impact this guidance will have on its consolidated financial statements.

Modification of Share-Based Payments

In May 2017, guidance was issued that clarifies when changes to the terms and conditions of share-based awards must be accounted for as modifications. The guidance does not change the accounting treatment for modifications. The guidance, which will become effective on a prospective basis on January 1, 2018, is not expected to have a material impact on the Company's consolidated financial statements.

Net Periodic Benefit Costs

In March 2017, guidance was issued that requires that an employer disaggregate the service cost component from the other components of net periodic benefit costs relating to defined benefit pension and other postretirement benefit plans. While the service cost component of net periodic benefit costs will continue to be presented as an operating expense, the other components are now required to be recorded outside of operating income in the Consolidated Statement of Operations. For the year ended December 31, 2016, net periodic benefit costs relating to defined benefit pension and other postretirement benefit plans were \$46 million, \$4 million of which related to the service cost component. The guidance will become effective on a retrospective basis for the Company on January 1, 2018.

Simplifying the Accounting for Goodwill Impairment

In January 2017, guidance was issued to simplify the accounting for goodwill impairment. The guidance removes the second step of the goodwill impairment test, which requires that a hypothetical purchase price allocation be performed to determine the amount of impairment, if any. Under this new guidance, a goodwill impairment charge will be based on the amount by which a reporting unit's carrying value exceeds its fair value, not to exceed the carrying amount of goodwill. The guidance will become effective on a prospective basis for the Company on January 1, 2020 and is not expected to have a material impact on the Company's consolidated financial statements.

Definition of a Business

In January 2017, guidance was issued that changes the definition of a business for accounting purposes. Under the new guidance, an entity first determines whether substantially all of the fair value of a set of assets acquired is concentrated in a single identifiable asset or a group of similar identifiable assets. If this threshold is met, the set of assets is not deemed to be a business. If the threshold is not met, the entity then evaluates whether the set of assets meets the requirement to be deemed a business, which at a minimum, requires there to be an input and a substantive process that together significantly contribute to the ability to create outputs. The guidance will become effective on a prospective basis for the Company on January 1, 2018 and is not expected to have a material impact on the Company's consolidated financial statements.

Restricted Cash

In November 2016, guidance was issued that requires that a statement of cash flows present the change during the period in the total of cash, cash equivalents, and amounts generally described as restricted cash or restricted cash equivalents. Therefore, amounts

Table of Contents

TIME WARNER INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

generally described as restricted cash and restricted cash equivalents should be included with cash and cash equivalents when reconciling the beginning-of-period and end-of-period total cash amounts shown on the statement of cash flows. The guidance will become effective on a retrospective basis for the Company on January 1, 2018 and is not expected to have a material impact on the Company's consolidated financial statements.

Intra-Entity Transfers of Assets Other than Inventory

In October 2016, guidance was issued that requires entities to recognize the income tax consequences of an intercompany transfer of an asset other than inventory when the transfer occurs, rather than deferring the income tax consequences of the intercompany transfer of assets until the asset has been sold to a third party. The guidance will become effective on a modified retrospective basis for the Company on January 1, 2018 and is not expected to have a material impact on the Company's consolidated financial statements.

Classification of Certain Cash Receipts and Cash Payments

In August 2016, guidance was issued that clarifies the presentation of certain cash receipts and payments in a company's statement of cash flows. The guidance primarily relates to the classification of cash flows associated with certain (i) debt transactions, (ii) contingent consideration arrangements related to business combinations, (iii) insurance claims and policies, (iv) distributions received from equity method investees and (v) securitization transactions. The guidance will become effective on a retrospective basis for the Company on January 1, 2018 and is not expected to have a material impact on the Company's consolidated financial statements.

Accounting for Leases

In February 2016, guidance was issued regarding accounting for leases. The main difference between the current guidance and the new guidance is the recognition by the lessee of lease assets and liabilities for those leases it classified as operating leases under the current guidance. Under the new guidance, the recognition, measurement and presentation of expenses and cash flows arising from a lease as well as the lessor accounting model have not significantly changed from current guidance. This guidance also requires qualitative and quantitative disclosures of key information about leasing arrangements. The new guidance will become effective on a modified retrospective basis for the Company on January 1, 2019. The Company is still evaluating the impact of the new guidance on its consolidated financial statements. Because the Company is a party to more than 2,000 operating leases with future minimum rental commitments at December 31, 2016 of \$1.154 billion, it expects that the impact of recognizing lease assets and liabilities for these operating leases will be significant to the Company's Consolidated Balance Sheet.

Recognition and Measurement of Financial Assets and Liabilities

In January 2016, guidance was issued that makes limited changes to the accounting for financial instruments. The changes primarily relate to (i) the requirement to measure equity investments in unconsolidated subsidiaries, other than those accounted for under the equity method of accounting, at fair value, with changes in the fair value recognized in earnings, (ii) an alternative approach for the measurement of equity investments that do not have a readily determinable fair value, (iii) the elimination of the other-than-temporary impairment model and its

replacement with a requirement to perform a qualitative assessment to identify the impairment of equity investments, and a requirement to recognize impairment losses in earnings based on the difference between the fair value and the carrying value of the equity investment, (iv) the elimination of the requirement to disclose the methods and significant assumptions used to estimate the fair value of financial instruments measured at amortized cost, (v) the addition of a requirement to use the exit price concept when measuring the fair value of financial instruments for disclosure purposes and (vi) the addition of a requirement to present financial assets and financial liabilities separately in the notes to the financial statements, grouped by measurement category (e.g., fair value, amortized cost, lower of cost or market) and by form of financial asset (e.g., loans, securities). This guidance will become effective for the Company on January 1, 2018. The Company does not expect the new guidance to have a material impact on its consolidated financial statements.

Revenue Recognition

In May 2014, guidance was issued that establishes a new revenue recognition framework in GAAP for all companies and industries. The core principle of the new guidance is that an entity should recognize revenue from the transfer of promised goods or services to customers in an amount that reflects the consideration the entity expects to receive for those goods or services. The guidance includes a five-step framework to determine the timing and amount of revenue to recognize related to contracts with

Table of Contents**TIME WARNER INC.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

customers. In addition, this guidance requires new or expanded disclosures related to the judgments made by companies when following this framework. Based on the current guidance, the new framework will become effective on either a full or modified retrospective basis for the Company on January 1, 2018.

Subsequent to the issuance of the May 2014 guidance, several clarifications and updates have been issued by the FASB on this topic, the most recent of which was issued in December 2016. Many of these clarifications and updates to the guidance, as well as a number of interpretive issues, apply to companies in the media and entertainment industry.

The Company's assessment of the impact of adopting this new guidance is essentially complete, and the Company is executing its implementation plan. The Company currently expects that the adoption of the new guidance will not have a material impact on the Company's financial statements, principally because the Company does not expect significant changes in the way it will record subscription revenue, advertising revenue, and a significant portion of its content revenue. However, it is possible that the Company's evaluation of the expected impact of the new guidance on certain transactions could change if there are additional interpretations of the new revenue guidance that are different from the Company's conclusions. Although the Company currently does not expect the impact of adopting the new guidance to be material, there are several areas where the Company's revenue recognition is expected to change as compared with historical GAAP. The more significant of these areas are as follows:

- i. ***Renewals of Licenses of Intellectual Property*** - Under guidance currently in effect, when the term of an existing license agreement is extended, without any other changes to the provisions of the license, revenue for the renewal period is recognized on the date the renewal is agreed to contractually. Under the new guidance, revenue for the renewed license term will not be recognized until the date the renewal term begins. This change will result in delayed revenue recognition as compared with current revenue recognition guidance. The Company expects that this change will primarily impact the Warner Bros. segment, but it will also, to a lesser degree, impact the Home Box Office and Turner segments.
- ii. ***License of Content Library*** - Under guidance currently in effect, when a company licenses a completed library of content and agrees to refresh the library with new content as it becomes available, and the licensee is not entitled to a refund if no further library titles are delivered, revenue is recognized once access to the library is granted to the licensee. Under the new guidance, because there is an implicit obligation for the company to refresh the library with additional content in the future, the company will need to estimate the additional content it will deliver in the future and allocate a portion of the transaction price to that content. As compared with current guidance, this results in a deferral of a portion of the transaction price until delivery of future library content. The Company expects this change will primarily impact the Home Box Office segment.

iii.

Licenses of Symbolic Intellectual Property - Certain intellectual property, such as brands, tradenames and logos, is categorized in the new guidance as symbolic. An assumption inherent in the new guidance is that a licensee's ability to derive benefit from a license of symbolic intellectual property depends on the licensor continuing to support or maintain the intellectual property throughout the license term. Accordingly, under the new guidance, revenue from licenses of symbolic intellectual property is recognized over the corresponding license term. In certain arrangements where the Company has no remaining performance obligations, under the guidance currently in effect, revenue from licenses of symbolic intellectual property is recognized at the inception of the license term. Therefore, the new guidance will result in a deferral of revenue recognition as compared to current guidance. This change will primarily impact the Warner Bros. segment.

The evaluation of the impact of the new guidance on certain other transactions is still in process; however, the Company does not expect the completion of that evaluation to impact the Company's conclusion that the adoption will not have a material impact on the Company's financial statements.

The Company currently expects to adopt the standard in 2018 using the modified retrospective method of adoption. However, the transition method ultimately selected could be affected by the Company's pending merger with AT&T Inc. (AT&T) if the merger closes prior to the adoption of the new guidance. For more information regarding the AT&T merger, see Note 2.

2. MERGER AGREEMENT WITH AT&T

On October 22, 2016, Time Warner entered into an Agreement and Plan of Merger (the Merger Agreement) with AT&T. The Merger Agreement provides for the merger of a newly formed wholly owned subsidiary of AT&T with and into Time Warner, with

Table of Contents**TIME WARNER INC.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

Time Warner continuing as the surviving company in the merger. Immediately thereafter, Time Warner will merge with and into a limited liability company formed by AT&T, which will continue as the surviving entity and a wholly owned subsidiary of AT&T. The Merger Agreement was unanimously approved by all members of Time Warner's and AT&T's boards of directors. Time Warner shareholders adopted the Merger Agreement at a special meeting of shareholders on February 15, 2017. Subject to the satisfaction of the remaining conditions set forth in the Merger Agreement, upon consummation of the merger, each share of the Company's common stock will be converted into the right to receive \$53.75 in cash and a specified number of shares of AT&T stock, as set forth in the Merger Agreement and determined by reference to the average of the volume weighted averages of the trading price of AT&T common stock on the New York Stock Exchange (NYSE) on each of the 15 consecutive NYSE trading days ending on and including the trading day that is three trading days prior to the closing of the merger (the Average Stock Price). The stock portion of the per share consideration will be subject to a collar such that if the Average Stock Price is between \$37.411 and \$41.349, Time Warner shareholders will receive shares of AT&T stock equal to \$53.75 in value for each share of Time Warner common stock. If the Average Stock Price is below \$37.411, Time Warner shareholders will receive 1.437 AT&T shares for each share of Time Warner common stock. If the Average Stock Price is an amount greater than \$41.349, Time Warner shareholders will receive 1.300 AT&T shares for each share of Time Warner common stock. The merger is conditioned on the receipt of certain antitrust and other required regulatory consents. The merger is expected to close before year-end 2017. Should Time Warner terminate the Merger Agreement in specified circumstances, Time Warner may be required to pay AT&T a termination fee equal to \$1.725 billion if Time Warner enters into or consummates an alternative transaction with a third party following such termination of the Merger Agreement.

3. BUSINESS DISPOSITIONS AND ACQUISITIONS

For the three months ended September 30, 2016, Discontinued operations, net of tax was expense of \$5 million (\$0.01 of diluted loss from discontinued operations per common share) related to pension settlement charges related to businesses the Company previously disposed of. For the nine months ended September 30, 2016, Discontinued operations, net of tax was income of \$35 million (\$0.04 of diluted income from discontinued operations per common share), which also included the recognition of certain tax benefits associated with foreign tax attributes of the Warner Music Group (WMG), which the Company disposed of in 2004.

4. INVESTMENTS**Central European Media Enterprises Ltd.**

As of September 30, 2017, the Company had an approximate 47% voting interest in Central European Media Enterprises Ltd. 's (CME) common stock and an approximate 76% economic interest in CME on a diluted basis.

As of September 30, 2017, the Company owned 61.4 million shares of CME 's Class A common stock and 1 share of Series A convertible preferred stock, which is convertible into 11.2 million shares of CME 's Class A common stock and votes with the Class A common stock on an as-converted basis. The Company accounts for its investment in

CME's Class A common stock and Series A convertible preferred stock under the equity method of accounting. Although the book value of the Company's equity method investment in CME has been reduced to zero through the recognition of equity method losses, the Company has continued to record equity method losses because it has guaranteed an aggregate amount of \$955 million of CME's obligations. The amount of such equity method losses at September 30, 2017 was \$78 million and is presented in Other noncurrent liabilities on the Consolidated Balance Sheet. In addition, in connection with these guarantees, the Company recognized a liability at the inception of each respective arrangement based on the estimated fair value of the applicable guarantee. At September 30, 2017, the carrying value of liabilities associated with such guarantees was \$181 million, which is also included in Other noncurrent liabilities on the Consolidated Balance Sheet. In June 2017, the CME financing arrangements guaranteed by the Company were amended such that the lenders agreed that the pending merger of the Company with AT&T will not constitute an event of default under a change in control provision included in the financing arrangements, and that the loans to CME will remain outstanding following the closing of the AT&T merger.

As of September 30, 2017, the Company owned all of the outstanding shares of CME's Series B convertible redeemable preferred shares, which are non-voting and may be converted into 108.2 million shares of CME's Class A common stock at the Company's option. The Series B convertible redeemable preferred shares accrete in value until June 24, 2018 at an annual rate of 3.75% compounded quarterly. The Company accounts for its investment in CME's Series B convertible redeemable preferred shares under the cost method of accounting.

Table of Contents**TIME WARNER INC.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

As of September 30, 2017, the Company held 101 million warrants each to purchase one share of CME Class A common stock. The warrants, which became exercisable in May 2016, have a four-year term that expires in May 2018 and an exercise price of \$1.00 per share and do not contain any voting rights. The warrants are carried at fair value in Investments, including available-for-sale securities in the Consolidated Balance Sheet, which at September 30, 2017, was \$309 million.

As of September 30, 2017, there were no amounts outstanding under the \$115 million revolving credit facility Time Warner provided CME in 2014.

On March 2, 2017, Time Warner, CME and CME Media Enterprises B.V. (CME BV), a wholly owned subsidiary of CME, entered into an amendment (the 2017 Amendment) to the Amended and Restated Reimbursement Agreement, dated as of November 14, 2014, and as amended and restated as of February 19, 2016. Effective March 1, 2017, the 2017 Amendment reduced the guarantee fees payable by CME and CME BV to Time Warner for Time Warner's guarantees of CME's obligations under its 251 million senior unsecured term loan that matures on November 1, 2018 and its 235 million senior unsecured term loan that matures on November 1, 2019 as well as CME BV's obligation under its 469 million senior unsecured term loan that matures on February 19, 2021. The reduced fee to be paid to Time Warner for each of these guarantees is equal to a rate (the all-in rate) ranging between 5% and 8.5%, measured quarterly based on CME's consolidated net leverage ratio, less the interest rate on the term loans. A portion of the fee equal to 5.0% less the interest rate on the term loans is payable in cash by CME and CME BV and the remainder may be payable in cash or in kind, at CME's option. The 2017 Amendment also provides that if CME's consolidated debt level is less than 815 million by September 30, 2018, the all-in rate will be decreased further by 50 basis points. In addition, if there is a change in control of CME, the all-in rate will increase to the lower of (i) the then applicable guarantee fee payable to Time Warner plus 3.5% and (ii) 10.0% on the date that is 180 days following such change of control. The 2017 Amendment did not affect the terms of the guarantees the Company provided to CME's and CME BV's lenders under the term loans.

5. FAIR VALUE MEASUREMENT

A fair value measurement is determined based on the assumptions that a market participant would use in pricing an asset or liability. A three-tiered hierarchy draws distinctions between market participant assumptions based on (i) observable inputs such as quoted prices in active markets (Level 1), (ii) inputs other than quoted prices in active markets that are observable either directly or indirectly (Level 2) and (iii) unobservable inputs that require the Company to use present value and other valuation techniques in the determination of fair value (Level 3). The following table presents information about assets and liabilities required to be carried at fair value on a recurring basis as of September 30, 2017 and December 31, 2016, respectively (millions):

The Company primarily applies the market approach for valuing recurring fair value measurements. As of September 30, 2017 and December 31, 2016, assets valued using significant unobservable inputs (Level 3) primarily related to warrants to purchase shares of Class A common stock of CME valued at \$309 million and \$159 million, respectively. The Company estimates the fair value of these warrants using a Monte Carlo Simulation model. Significant unobservable inputs used in the fair value measurement at September 30, 2017 are an expected term of 0.52 years and an expected volatility of approximately 38%. As of September 30, 2017 and December 31, 2016, the other Level 3 assets consisted of equity instruments held by employees of a former subsidiary of the Company. As of September 30, 2017, Level 3 liabilities consisted of a liability related to contingent consideration.

The following table reconciles the beginning and ending balances of net derivative assets and liabilities classified as Level 3 and identifies the total gains (losses) the Company recognized during the nine months ended September 30, 2017 and 2016 on such assets and liabilities that were included in the Consolidated Balance Sheet as of September 30, 2017 and 2016 (millions):

	September 30, 2017		September 30, 2016

Net gain (loss) for the period included in net income related to assets and liabilities still held as of the end of the period	\$	150	\$	(44)

Other Financial Instruments

The Company's other financial instruments, including debt, are not required to be carried at fair value. Based on the interest rates prevailing at September 30, 2017, the fair value of Time Warner's public debt exceeded its carrying value by approximately \$2.432 billion and, based on interest rates prevailing at December 31, 2016, the fair value of Time Warner's public debt exceeded its carrying value by approximately \$2.238 billion. The fair value of Time Warner's public debt is considered a Level 2 measurement as it is based on observable market inputs such as current interest rates and, where available, actual sales transactions. Unrealized gains or losses on debt do not result in the realization

or expenditure of cash and generally are not recognized in the consolidated financial statements unless the debt is retired prior to its maturity.

Information as of September 30, 2017 about the Company's investments in CME that are not required to be carried at fair value on a recurring basis is as follows (millions):

	Carrying Value	Fair Value	Fair Value Hierarchy	
Class A common stock (a)	\$	\$	294	Level 1
Series B convertible redeemable preferred shares	\$	\$	438	Level 2

(a) Includes 1 share of Series A convertible preferred stock.

The fair values of the Company's investments in CME's Class A common stock (including Series A convertible preferred stock) and Series B convertible redeemable preferred shares are primarily determined by reference to the September 30, 2017 closing price of CME's common stock.

Table of Contents**TIME WARNER INC.****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

The carrying value for the majority of the Company's other financial instruments approximates fair value due to the short-term nature of the financial instruments or because the financial instruments are of a longer-term nature and are recorded on a discounted basis.

Non-Financial Instruments

The majority of the Company's non-financial instruments, which include goodwill, intangible assets, inventories and property, plant and equipment, are not required to be carried at fair value on a recurring basis. However, if certain triggering events occur (or at least annually for goodwill and indefinite-lived intangible assets), a non-financial instrument is required to be evaluated for impairment. If the Company determines that the non-financial instrument is impaired, the Company would be required to write down the non-financial instrument to its fair value.

During the three and nine months ended September 30, 2016, the Company performed an impairment review of a broadcast license at an international subsidiary of Turner. As a result, during the three and nine months ended September 30, 2016, the Company recorded a noncash impairment of \$25 million to write down the value of the asset to \$10 million. The resulting fair value measurements were considered to be Level 3 measurements and were determined using a discounted cash flow (DCF) methodology with assumptions for cash flows associated with the use and eventual disposition of the assets.

During the three and nine months ended September 30, 2017 and September 30, 2016, the Company also performed fair value measurements related to certain theatrical films and television programs. In determining the fair value of its theatrical films, the Company employs a DCF methodology that includes cash flow estimates of a film's ultimate revenue and costs as well as a discount rate. The discount rate utilized in the DCF analysis is based on the weighted average cost of capital of the respective business (e.g., Warner Bros.) plus a risk premium representing the risk associated with producing a particular theatrical film. The fair value of any theatrical films and television programs that management plans to abandon is zero. Because the primary determination of fair value is made using a DCF model, the resulting fair value is considered a Level 3 measurement. The following table presents certain theatrical film and television production costs, which were recorded as inventory in the Consolidated Balance Sheet, that were written down to fair value (millions):

(b) Does not include \$418 million and \$518 million of acquired film library intangible assets as of September 30, 2017 and December 31, 2016, respectively, which are included in Intangible assets subject to amortization, net in the Consolidated Balance Sheet.

7. DERIVATIVE INSTRUMENTS AND HEDGING ACTIVITIES

Time Warner uses derivative instruments, primarily forward contracts, to manage the risk associated with the volatility of future cash flows denominated in foreign currencies and changes in fair value resulting from changes in foreign currency exchange rates. The principal currencies being hedged include the British Pound, Euro, Australian Dollar and Canadian Dollar. Time Warner uses foreign exchange contracts that generally have maturities of three to 18 months to hedge various foreign exchange exposures, including the following: (i) variability in foreign-currency-denominated cash flows, such as the hedges of unremitted or forecasted royalty and license fees owed to Time Warner's domestic companies for the sale or anticipated sale of U.S. copyrighted products abroad or cash flows for certain film production costs denominated in a foreign currency (i.e., cash flow hedges), and (ii) currency risk associated with foreign-currency-denominated operating assets and liabilities (i.e., fair value hedges).

The Company also enters into derivative contracts that economically hedge certain of its foreign currency risks, even though hedge accounting does not apply or the Company elects not to apply hedge accounting. These economic hedges are used primarily to offset the change in certain foreign-currency-denominated intercompany debt due to changes in the underlying foreign exchange rates.

The translation of revenues and expenses denominated in the functional currency of a foreign subsidiary may result in fluctuations in the U.S. Dollar-equivalent value of such revenues and expenses as compared to prior periods. Such transactions are not eligible for qualifying hedge accounting treatment, and the Company does not economically hedge this exposure.

Other income (loss), net	31	(8)	47	(8)

Amounts included in Other income (loss), net include the impact of forward points and option premiums, which are excluded from the assessment of hedge effectiveness. Other amounts included in Other income (loss), net relate to hedge of foreign-currency-denominated debt and hedge ineffectiveness, which are not material.

The Company monitors its positions with, and the credit quality of, the financial institutions that are party to its financial transactions and has entered into collateral agreements with these counterparties to further protect the Company in the event of deterioration of the credit quality of such counterparties on outstanding transactions. Additionally, netting provisions are included in agreements in situations where the Company executes multiple contracts with the same counterparty. For such foreign exchange contracts, the Company offsets the fair values of the amounts owed to or due from the same counterparty and classifies the net amount as a net asset or net liability within Prepaid expenses and other current assets or Accounts payable and accrued liabilities, respectively, in the Consolidated Balance Sheet. The following is a summary of amounts recorded in the Consolidated Balance Sheet pertaining to Time Warner's use of foreign currency derivatives at September 30, 2017 and December 31, 2016 (millions):

	September 30, 2017 (a)	December 31, 2016 (b)
Prepaid expenses and other current assets	\$ 10	\$ 153
Accounts payable and accrued liabilities	(115)	(9)

- (a) Includes \$170 million (\$159 million of qualifying hedges and \$11 million of economic hedges) and \$275 million (\$263 million of qualifying hedges and \$12 million of economic hedges) of foreign exchange derivative contracts in asset and liability positions, respectively.
- (b) Includes \$297 million (\$272 million of qualifying hedges and \$25 million of economic hedges) and \$153 million (\$141 million of qualifying hedges and \$12 million of economic hedges) of foreign exchange derivative contracts in asset and liability positions, respectively.

At September 30, 2017 and December 31, 2016, \$50 million of losses and \$46 million of gains, respectively, related to cash flow hedges are recorded in Accumulated other comprehensive loss, net and are expected to be recognized in earnings at the same time the hedged items affect earnings. Included in Accumulated other comprehensive loss, net at September 30, 2017 and December 31, 2016 are net gains of \$20 million and net losses of \$3 million, respectively, related to hedges of cash flows associated with films that are not expected to be released within the next twelve months.

At September 30, 2017, the carrying amount of the Company's 700 million aggregate principal amount of debt due 2023 is designated as a hedge of the variability in the Company's Euro-denominated net investments. The gain or loss on the debt that is designated as, and is effective as, an economic hedge of the net investment in a foreign operation is recorded as a currency translation adjustment within Accumulated other comprehensive loss, net in the Consolidated Balance Sheet. For the three and nine months ended September 30, 2017, such amounts totaled \$55 million and \$106 million of losses, respectively. For the three and nine months ended September 30, 2016, such amounts totaled \$0 million and \$17 million of losses, respectively.

10. EQUITY-BASED COMPENSATION

The following table sets forth the number of stock options, restricted stock units (RSUs) and performance stock units (PSUs) granted during the nine months ended September 30, 2017 and 2016 (millions):

	Nine Months Ended September 30,	
	2017	2016
Stock options		2.3
RSUs	0.5	2.9
PSUs		0.2

The following table sets forth the weighted-average grant date fair value of RSUs granted during the nine months ended September 30, 2017 and 2016 and PSUs granted during the nine months ended September 30, 2016. For PSUs, the service inception date precedes the grant date and requires the Company to apply mark-to-market accounting that is reflected in the grant date fair values presented:

	Nine Months Ended September 30,	
	2017	2016
RSUs	\$ 96.75	\$ 62.90
PSUs		122.94

In connection with entering into the Merger Agreement, the Company granted special retention restricted stock units (Special Retention RSUs) to certain employees of Time Warner and its divisions, including all executive officers of Time Warner. Half of the Special Retention RSUs will vest 25% per year on each of the first four anniversaries of February 15, 2017, and the remaining half will vest 25% per year on each of the first four anniversaries of February 15, 2018. Pursuant to the Special Retention RSU agreements, vesting as a result of retirement is not permitted unless the employee retires after the merger has closed. In addition, the awards do not accelerate automatically following the closing of the merger. Instead, the employee must remain employed following

(a) Excludes net periodic benefit costs related to discontinued operations of \$3 million and \$10 million for both the three and nine months ended September 30, 2017 and 2016, respectively, primarily related to employees and former employees of Time Inc. These amounts have been reflected in Other income (loss), net in the Consolidated Statement of Operations. In addition, net periodic benefit costs for the three and nine months ended September 30, 2016 also excludes \$8 million of pension settlement charges related to businesses the Company previously disposed of. These amounts have been reflected in Discontinued Operations, net of tax, in the Consolidated Statement of Operations.

Remaining liability as of September 30, 2017	\$ 114	\$ 4	\$ 118

(a) Noncash reductions relate to the settlement of certain liabilities relating to employee compensation with equity instruments.

As of September 30, 2017, of the remaining \$118 million liability, \$73 million was classified as a current liability in the Consolidated Balance Sheet, with the remaining \$45 million classified as a long-term liability. Amounts classified as long-term are expected to be paid through 2020.

13. SEGMENT INFORMATION

Time Warner classifies its operations into three reportable segments: *Turner*: consisting principally of cable networks and digital media properties; *Home Box Office*: consisting principally of premium pay television and OTT services domestically and premium pay, basic tier television and OTT services internationally; and *Warner Bros.*: consisting principally of television, feature film, home video and videogame production and distribution. Time Warner's reportable segments have been determined in accordance with its internal management structure and the financial information that is evaluated regularly by the Company's chief operating decision maker.

In the ordinary course of business, Time Warner's reportable segments enter into transactions with one another. The most common types of intersegment transactions include the Warner Bros. segment generating revenues by licensing television and theatrical programming to the Turner and Home Box Office segments. While intersegment transactions are treated like third-party

transactions to determine segment performance, the revenues (and corresponding expenses or assets recognized by the segment that is the counterparty to the transaction) are eliminated in consolidation and, therefore, do not affect consolidated results.

In connection with the Company's former investment in the Six Flags theme parks located in Georgia and Texas (collectively, the Parks), in 1997, certain subsidiaries of the Company (including Historic TW and, in connection with the separation of Time Warner Cable Inc. in 2009, Warner Bros. Entertainment Inc.) agreed to guarantee (the Six Flags Guarantee) certain obligations of the partnerships that hold the Parks (the Partnerships) for the benefit of the limited partners in such Partnerships, including: annual payments made at the Parks or to the limited partners and additional obligations at the end of the respective terms for the Partnerships in 2027 and 2028 (the Guaranteed Obligations). The aggregate undiscounted estimated future cash flow requirements covered by the Six Flags Guarantee over the remaining term (through 2028) are \$908 million (for a net present value of \$459 million). To date, no payments have been made by the Company pursuant to the Six Flags Guarantee.

Six Flags Entertainment Corporation (formerly known as Six Flags, Inc. and Premier Parks Inc.) (Six Flags), which has the controlling interest in the Parks, has agreed, pursuant to a subordinated indemnity agreement (the Subordinated Indemnity Agreement), to guarantee the performance of the Guaranteed Obligations when due and to indemnify Historic TW, among others, if the Six Flags Guarantee is called upon. If Six Flags defaults in its indemnification obligations, Historic TW has the right to acquire control of the managing partner of the Parks. Six Flags' obligations to Historic TW are further secured by its interest in all limited partnership units held by Six Flags.

Because the Six Flags Guarantee existed prior to December 31, 2002 and no modifications to the arrangements have been made since the date the guarantee came into existence, the Company is required to continue to account for the Guaranteed Obligations as a contingent liability. Based on its evaluation of the current facts and circumstances surrounding the Guaranteed Obligations and the Subordinated Indemnity Agreement, the Company is unable to predict the loss, if any, that may be incurred under the Guaranteed Obligations, and no liability for the arrangements has been recognized at September 30, 2017. Because of the specific circumstances surrounding the arrangements and the fact that no active or observable market exists for this type of financial guarantee, the Company is unable to determine a current fair value for the Guaranteed Obligations and related Subordinated Indemnity Agreement.

Contingencies

In the ordinary course of business, the Company and its subsidiaries are defendants in or parties to various legal claims, actions and proceedings. These claims, actions and proceedings are at varying stages of investigation, arbitration or adjudication, and involve a variety of areas of law.

On April 4, 2007, the National Labor Relations Board (NLRB) issued a complaint against CNN America Inc. (CNN America) and Team Video Services, LLC (Team Video) related to CNN America's December 2003 and January 2004 terminations of its contractual relationships with Team Video, under which Team Video had provided electronic news gathering services in Washington, D.C. and New York, NY. The National Association of Broadcast Employees and Technicians, under which Team Video's employees were unionized, initially filed charges of unfair labor practices

with the NLRB in February 2004, alleging that CNN America and Team Video were joint employers, that CNN America was a successor employer to Team Video, and/or that CNN America discriminated in its hiring practices to avoid becoming a successor employer or due to specific individuals' union affiliation or activities. In the complaint, the NLRB sought, among other things, the reinstatement of certain union members and monetary damages. On November 19, 2008, the presiding NLRB Administrative Law Judge (ALJ) issued a non-binding recommended decision and order finding CNN America liable. On September 15, 2014, a three-member panel of the NLRB affirmed the ALJ's decision and adopted the ALJ's order with certain modifications. Following the NLRB's decision on motions for reconsideration, on July 9, 2015, CNN America filed a notice of appeal with the U.S. Court of Appeals for the D.C. Circuit regarding the panel's decision. On August 4, 2017, the U.S. Court of Appeals for the D.C. Circuit ruled, granting CNN America's appeal in part and denying it in part, and remanded the case to the NLRB for further proceedings.

The Company establishes an accrued liability for legal claims when the Company determines that a loss is both probable and the amount of the loss can be reasonably estimated. Once established, accruals are adjusted from time to time, as appropriate, in light

Table of Contents

TIME WARNER INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

of additional information. The amount of any loss ultimately incurred in relation to matters for which an accrual has been established may be higher or lower than the amounts accrued for such matters.

The Company has estimated a range of possible loss for legal claims for which the Company has determined a loss is probable or reasonably possible, including the matter disclosed above. The Company believes the estimate of the aggregate range of possible loss for such matters in excess of accrued liabilities is between \$0 and \$100 million at September 30, 2017. The estimated aggregate range of possible loss is subject to significant judgment and a variety of assumptions. The matters represented in the estimated aggregate range of possible loss will change from time to time and actual results may vary significantly from the current estimate.

In view of the inherent difficulty of predicting the outcome of litigation and claims, the Company often cannot predict what the eventual outcome of the pending matters will be, what the timing of the ultimate resolution of these matters will be, or what the eventual loss, fines or penalties related to each pending matter may be. An adverse outcome in one or more of these matters could be material to the Company's results of operations or cash flows for any particular reporting period.

Income Tax Uncertainties

During the nine months ended September 30, 2017, the Company recorded net increases to income tax reserves of approximately \$87 million. Increases to income tax reserves of approximately \$26 million impacted the Company's effective tax rate. During the nine months ended September 30, 2017, the Company recorded net increases to interest reserves related to the income tax reserves of approximately \$45 million.

In the Company's judgment, uncertainties related to certain tax matters are reasonably possible of being resolved during the next twelve months. The effect of such resolution, which could vary based on the final terms and timing of actual settlements with taxing authorities, is estimated to be a reduction of recorded unrecognized tax benefits ranging from \$0 to \$270 million, which would decrease the Company's effective tax rate.

15. RELATED PARTY TRANSACTIONS

The Company has entered into certain transactions in the ordinary course of business with unconsolidated investees accounted for under the equity method of accounting. The transactions that generate revenue and expenses primarily relate to the licensing by the Warner Bros. segment of content to The CW broadcast network, Hulu and certain international networks, including networks owned by CME. Transactions that generate interest income and other income primarily relate to financing transactions with CME. Receivables due from related parties were \$606 million and \$265 million at September 30, 2017 and December 31, 2016, respectively. Payables due to related parties were immaterial at September 30, 2017 and December 31, 2016, respectively. Amounts included in the Consolidated Statement of Operations resulting from transactions with related parties consist of (millions):

Accounting for Collaborative Arrangements

The Company's collaborative arrangements primarily relate to arrangements entered into with third parties to jointly finance and distribute theatrical productions and an arrangement entered into with CBS Broadcasting, Inc. (CBS) and The National Collegiate Athletic Association (the NCAA).

For the Company's collaborative arrangements entered into with third parties to jointly finance and distribute theatrical productions, net participation costs of \$74 million were recorded in Costs of revenues for both the three months ended September 30, 2017 and 2016, and \$210 million and \$192 million were recorded in Costs of revenues for the nine months ended September 30, 2017 and 2016, respectively.

The arrangement among Turner, CBS and the NCAA provides Turner and CBS with rights to the NCAA Division I Men's Basketball Championship Tournament (the NCAA Tournament) in the United States and its territories and possessions through 2032. The aggregate rights fee, production costs, advertising revenues and sponsorship revenues related to the NCAA Tournament and related programming are shared by Turner and CBS. However, if the amount paid for the rights fee and production costs, in any given year, exceeds advertising and sponsorship revenues for that year, CBS's share of such shortfall is limited to specified annual amounts, ranging from approximately \$30 million to \$45 million.

CONDENSED CONSOLIDATING FINANCIAL STATEMENTS

Overview

Set forth below are condensed consolidating financial statements presenting the financial position, results of operations and cash flows of (i) Time Warner Inc. (the Parent Company), (ii) Historic TW Inc. (in its own capacity and as successor by merger to Time Warner Companies, Inc.), Home Box Office, Inc., and Turner Broadcasting System, Inc., each a wholly owned subsidiary of the Parent Company (collectively, the Guarantor Subsidiaries), on a combined basis, (iii) the direct and indirect non-guarantor subsidiaries of the Parent Company (the Non-Guarantor Subsidiaries), on a combined basis, and (iv) the eliminations necessary to arrive at the information for Time Warner Inc. on a consolidated basis. The Guarantor Subsidiaries fully and unconditionally, jointly and severally guarantee securities issued under certain of the Company's indentures on an unsecured basis.

There are no legal or regulatory restrictions on the Parent Company's ability to obtain funds from any of its wholly owned subsidiaries through dividends, loans or advances.

Basis of Presentation

In presenting the condensed consolidating financial statements, the equity method of accounting has been applied to (i) the Parent Company's interests in the Guarantor Subsidiaries and (ii) the Guarantor Subsidiaries' interests in the Non-Guarantor Subsidiaries, where applicable, even though all such subsidiaries meet the requirements to be consolidated under U.S. generally accepted accounting principles. All intercompany balances and transactions between the Parent Company, the Guarantor Subsidiaries and the Non-Guarantor Subsidiaries have been eliminated, as shown in the column Eliminations.

The Parent Company's accounting bases in all subsidiaries, including goodwill and identified intangible assets, have been pushed down to the applicable subsidiaries. Corporate overhead expenses have been reflected as expenses of the Parent Company and have not been allocated to the Guarantor Subsidiaries or the Non-Guarantor Subsidiaries. Interest income (expense) is determined based on outstanding debt and the relevant intercompany amounts at the respective subsidiary.

All direct and indirect domestic subsidiaries are included in Time Warner Inc.'s consolidated U.S. tax return. In the condensed consolidating financial statements, tax provision has been allocated based on each such subsidiary's relative pretax income to the consolidated pretax income. With respect to the use of certain consolidated tax attributes (principally operating and capital loss carryforwards), such benefits have been allocated to the respective subsidiary that generated the taxable income permitting such use (i.e., pro-rata based on where the income was generated). For example, to the extent a Non-Guarantor Subsidiary generated a gain on the sale of a business for which the Parent Company utilized tax attributes to offset such gain, the tax attribute benefit would be allocated to that Non-Guarantor Subsidiary. Deferred taxes of the Parent Company, the Guarantor Subsidiaries and the Non-Guarantor Subsidiaries have been determined based on the temporary differences between the book and tax basis of the respective assets and liabilities of the applicable entities.

Certain transfers of cash between subsidiaries and their parent companies and intercompany dividends are reflected as cash flows from investing and financing activities in the accompanying Condensed Consolidating Statements of Cash

Flows. All other intercompany activity is reflected in cash flows from operations.

Management believes that the allocations and adjustments noted above are reasonable. However, such allocations and adjustments may not be indicative of the actual amounts that would have been incurred had the Parent Company, Guarantor Subsidiaries and Non-Guarantor Subsidiaries operated independently.

Table of Contents**Part II. Other Information****Item 1. Legal Proceedings.**

The following information supplements and amends the disclosure set forth in Part I, Item 3. Legal Proceedings, in the Company's Annual Report on Form 10-K for the year ended December 31, 2016 (the 2016 Form 10-K) and in Part II, Item 1. Legal Proceedings, in the Company's Quarterly Report on Form 10-Q for the quarter ended March 31, 2017 (the March 2017 Form 10-Q).

Reference is made to the complaint issued by the National Labor Relations Board (NLRB) against CNN America Inc. (CNN America) and Team Video Services, LLC described on page 31 of the 2016 Form 10-K and page 50 of the March 2017 Form 10-Q. On August 4, 2017, the U.S. Court of Appeals for the D.C. Circuit ruled, granting CNN America's appeal in part and denying it in part, and remanded the case to the NLRB for further proceedings.

Item 1A. Risk Factors.

There have been no material changes in the Company's risk factors as previously disclosed in Part I, Item 1A. Risk Factors, of the Company's Annual Report on Form 10-K for the year ended December 31, 2016.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds.**Company Purchases of Equity Securities**

The Company did not purchase any equity securities registered by the Company pursuant to Section 12 of the Securities Exchange Act of 1934, as amended, during the quarter ended September 30, 2017.

Issuer Purchases of Equity Securities

Period	Total Number of Shares Purchased	Average Price Paid Per Share	Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs	Approximate Dollar Value of Shares that May Yet Be Purchased Under the Plans or Programs⁽¹⁾⁽²⁾
July 1, 2017 - July 31, 2017	0	\$	0	\$ 2,693,315,245

Total	0	\$	0	\$ 2,693,315,245

- (1) These amounts do not give effect to any fees, commissions or other costs associated with share repurchases in prior periods.
- (2) On February 10, 2016, the Company announced that its Board of Directors had authorized a total of \$5.0 billion in share repurchases beginning January 1, 2016, including the approximately \$902 million remaining at December 31, 2015 from the prior \$5.0 billion authorization. Purchases under the stock repurchase program may be made, from time to time, on the open market or in privately negotiated transactions, with the size and timing of these purchases based on a number of factors, including price and business and market conditions. The Company has repurchased shares of its common stock pursuant to trading plans under Rule 10b5-1 promulgated under the Securities Exchange Act of 1934, as amended. In connection with entering into the Merger Agreement, the Company discontinued share repurchases under the stock repurchase program in October 2016.

Limitations on the Payment of Dividends

As disclosed in the Company's Annual Report on Form 10-K for the year ended December 31, 2016, the Merger Agreement restricts the Company, without AT&T's consent, from increasing the Company's quarterly dividends above \$0.4025 per share.
