Item 1.01 Entry into a Material Definitive Agreement Underwriting Agreement

On December 5, 2017, Service Corporation International (the Company) entered into an Underwriting Agreement (the Underwriting Agreement) with J.P. Morgan Securities LLC, as representative of the several underwriters named therein, relating to the issuance and sale by the Company of \$550 million in aggregate principal amount of 4.625% Senior Notes due 2027 (the Notes).

A copy of the Underwriting Agreement is filed as Exhibit 1.1 to this Current Report on Form 8-K and the description of the terms thereof is qualified in its entirety by reference to such exhibit, which is incorporated herein by reference.

Credit Agreement

On December 6, 2017, the Company entered into a new senior unsecured credit agreement with JPMorgan Chase Bank, N.A., as administrative agent, and certain other financial institutions, as lenders, providing for a \$675 million senior term loan facility, maturing in December 2022 (the Term Loan A), and a revolving credit facility providing for borrowings of up to \$1 billion, with commitments expiring and loans maturing in December 2022 (the Revolving Facility and, together with the Term Loan A, the Credit Agreement).

All of the indebtedness outstanding under the Credit Agreement is guaranteed by the Company's current and future domestic subsidiaries (other than certain excluded subsidiaries).

The loans under the Credit Agreement will bear interest per annum, at the Company's election, equal to:

An alternate base rate plus the applicable margin for such loans. The alternate base rate is the highest of (a) the Federal Funds Effective Rate plus 1/2 of 1%, (b) the rate of interest in effect for such day as publicly announced from time to time by JPMorgan Chase Bank, N.A as its prime rate, and (c) the adjusted LIBOR rate for a one-month interest period beginning on such day plus 1.00%; or

the LIBOR rate for the selected interest period plus the applicable margin for such loans.

The applicable margin ranges from 2.00% to 1.00% for borrowings based on the LIBOR Rate and 1.00% to 0.00% for borrowings based on the alternate base rate depending on the Company's leverage ratio.

Customary fees are payable in respect of the Credit Agreement, including letter of credit fees and commitment fees.

The Credit Agreement includes a number of negative covenants that, among other things, limit or restrict the ability of the Company and its other subsidiaries (including the guarantors) to, subject to certain exceptions, incur additional indebtedness (including guarantees), grant liens, make investments, make dividends or distributions with respect to the Company's capital stock, make prepayments on other indebtedness, engage in mergers or change the nature of the business of the Company or its other subsidiaries (including the guarantors). In addition, the Company is required to comply with a leverage ratio of 4.50 to 1.00 (with a step up to 5.25 to 1.00 for the three consecutive fiscal quarters ended immediately following the consummation of a qualified acquisition) and an interest coverage ratio of 3.00 to 1.00 as of the end of any fiscal quarter.

The Credit Agreement also contains certain affirmative covenants, including financial and other reporting requirements, applicable to the Company and its other subsidiaries (including the guarantors).

The Credit Agreement includes customary events of default including non-payment of principal, interest or fees, violation of covenants, inaccuracy of representations or warranties in any material respect, cross default to certain other material indebtedness, bankruptcy and insolvency events, material judgments and change of control.

A copy of the Credit Agreement is filed as Exhibit 1.2 to this Current Report on Form 8-K and the description of the terms thereof is qualified in its entirety by reference to such exhibit, which is incorporated herein by reference.
