Proxy Statement for
Annual Meeting of Common Stockholders
to be held April 22, 2004

March 18, 2004

This proxy statement contains information relating to the Annual Meeting of Common Stockholders of Cytec Industries Inc., which will be held on Thursday, April 22, 2004, beginning at 2:00 p.m., at the Marriott at Glenpointe Hotel, Teaneck, New Jersey 07666, and at any postponement or adjournment of that meeting.

ABOUT THE MEETING

What is the purpose of the meeting?

At the annual meeting, stockholders will vote (i) to elect two directors, and (ii) to ratify the selection of KPMG LLP as the Company's independent accountants for 2004. In addition, the Company's management will be present to report on the Company and respond to questions from stockholders.

Who is entitled to vote?

Only stockholders of record at the close of business on the record date, February 23, 2004, are entitled to receive notice of the annual meeting and to vote the shares of common stock that they held on that date at the meeting, or any postponement or adjournment of the meeting. Each outstanding share entitles its holder to cast one vote on each matter to be voted upon.

Who may attend the meeting?

All stockholders as of the record date, or their duly appointed proxies, may attend the meeting. Please note that if you hold shares in street name (that is, through a broker or other nominee), you will need to bring a copy of a brokerage statement reflecting your stock ownership as of the record date and check in at the registration desk at the meeting in order to obtain an admission ticket.

What is a quorum?

The presence at the meeting, in person or by proxy, of the holders of a majority of the shares of common stock outstanding on the record date will constitute a quorum, permitting the meeting to conduct its business. As of the record date, 39,112,308 shares of common stock of the Company were outstanding. Proxies received but marked as abstentions and broker non-votes will be included in the calculation of the number of shares considered to be present at the meeting.

How do I vote?

The accompanying proxy is solicited by the Company's Board of Directors. You may vote by telephone or via the Internet by following the instructions on the enclosed proxy card or you may complete and properly sign the accompanying proxy card and return it to the Company. If voted by any of these methods, your vote will be cast as you direct. Do not return the proxy card if you vote by telephone or via the Internet. Even if you plan to attend the meeting, it is desirable that you vote in advance of the meeting.

May I change my vote after I return my proxy card?

Yes. Even after you have submitted your proxy, you may change your vote at any time before the proxy is exercised by filing with the Secretary of the Company either a notice of revocation or a duly executed proxy bearing a later date. A vote by telephone or via the Internet may be revoked by executing a later-dated proxy card, by subsequently voting by telephone or through the Internet, or by attending the annual meeting and voting in person.

How do I vote my Savings Plan shares?

If you participate in the Cytec Employees' Savings and Profit Sharing Plan, shares of common stock of the Company equivalent to the value of the common stock interest credited to your account under that plan will be voted automatically by the trustee in accordance with your proxy, if the proxy is received by April 19, 2004. Otherwise, the share equivalents credited to your account will be voted by the trustee in the same proportion that it votes share equivalents for which it receives timely instructions from all plan participants.

What are the Board's recommendations?

The Board of Directors recommends that you vote (i) to elect the nominated slate of directors, and (ii) to ratify the appointment of KPMG LLP to audit the Company's 2004 consolidated financial statements. Unless you give other instructions on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with this recommendation.

With respect to any other matter that properly comes before the meeting, the proxy holders will vote in accordance with their own discretion.

THE BOARD OF DIRECTORS AND BOARD COMMITTEES

The Board of Directors seeks to ensure that the Company's business is managed in the best long-term interests of the Company's stockholders. Cytec's business is conducted by its employees under the direction of the Chief Executive Officer (CEO) and the other officers and managers of the Company. The Board of Directors provides oversight to the CEO and other officers and managers as it reviews and approves the Company's major business and financial strategies. The Board also approves significant capital projects and commitments, acquisitions, divestitures and long-term financings. The Board is responsible for hiring and assessing the performance of the CEO and determining the compensation of the CEO and, through the Compensation Committee, the other officers of the Company. The Board regularly reviews succession planning strategy and plans for the CEO and other senior officers. The Board believes that it is critical that the Company operate in compliance with all applicable laws and to the highest ethical standard. The Board believes that the long-term interests of the Company's stockholders are advanced by appropriately addressing concerns of other stakeholders affected by the Company's actions, including the Company's employees and the communities in which the Company operates.

The Board of Directors has adopted Principles of Corporate Governance to codify its expectations regarding the Board's activities. Included within these principles are requirements that:

1. A majority of the Directors must be independent directors, as are eight of the nine current directors elected by the common stockholders.
2. Directors must have the highest personal and professional ethics.
3. Directors are ineligible to stand for reelection once they are 72 years of age.
4. Only independent directors are eligible to serve on the Governance, Audit, and Compensation and Management Development Committees.
5. The Board will meet at least annually without any employees of the Company present.

A current copy of the Principles of Corporate Governance is available on the Company's website accessible at www.Cytec.com.

The Board of Directors is divided into three classes, the terms of which expire at the annual meetings in the following years:

2004	2005	2006
Frederick W. Armstrong	Anthony G. Fernandes	John E. Akitt
Chris A. Davis	David Lilley	Barry C. Johnson
William P. Powell	Jerry R. Satrum	James R. Stanley

In addition, one director is elected annually by the holder of the Company's Series C Cumulative Preferred Stock. Currently, that director is Louis L. Hoynes, Jr., and the holder of the Series C Cumulative Preferred Stock has submitted a proxy to re-elect Mr. Hoynes to a term expiring at the 2005 annual meeting.

The Board of Directors held six meetings during 2003. All members of the Board attended all of the meetings of the Board and of the Committees on which they served. All members of the Board attended the 2003 Annual Meeting of Stockholders.

Committees of the Board

To increase its effectiveness and efficiency, the Board of Directors has established four committees to which it has delegated substantial responsibilities. Set forth below is certain information about those Committees.

- **Audit Committee.** This Committee is comprised of Ms. Davis (Chair) and Messrs. Fernandes, Powell and Satrum. The Board of Directors has affirmatively determined that each of the members is financially literate and is an independent director for purposes of New York Stock Exchange rules, meaning that the director has no relationship to the Company that may interfere with the exercise of their independence from management and the Company (an Independent Director). Additionally, the Board of Directors has determined that three of the members of the Audit Committee, among them Ms. Davis, are audit committee financial experts and are independent under the Securities and Exchange Act of 1934, as amended. An audit committee financial expert is a person who has (i) an understanding of generally accepted accounting principles and financial statements, (ii) the ability to assess the general application of said principles in connection with the accounting for estimates, accruals and reserves, (iii) experience preparing, auditing, analyzing or evaluating financial statements of comparable breadth and complexity to Cytec's or experience supervising others who do, and (iv) an understanding of internal controls and procedures. The principal function of this Committee is to assist the Board in the areas of financial reporting and accounting integrity. The Audit Committee has sole responsibility for retaining, dismissing and compensating the Company's independent accountants. The Audit Committee held five meetings during 2003. The Audit Committee's report on its activities during 2003 appears later in this proxy statement under the caption Audit Committee Report.
- **Compensation and Management Development Committee.** This Committee is comprised of Messrs. Akitt, Armstrong (Chair), Fernandes and Satrum. Each is an Independent Director. This Committee approves the corporate goals and objectives relevant to CEO and other officer compensation, approves compensation plans for the Company's officers and non-executive directors, administers incentive compensation and equity-based plans, evaluates the CEO's and other officers' performance against established goals and objectives, and makes related recommendations. This Committee also reviews succession plans for the Chief Executive Officer and other executive management positions. This Committee held four meetings during 2003 and its report on its activities during 2003 appears later in this proxy statement under the caption Compensation and Management Development Committee Report.

- **Governance Committee.** This Committee is comprised of Messrs. Akitt, Fernandes, Powell (Chair) and Stanley. Each is an Independent Director. This Committee was known as the Nominating Committee until January 2003 when its responsibilities were expanded to include corporate governance matters. This Committee is responsible for developing and recommending to the Board the Company's Principles of Corporate Governance and for periodically recommending changes to such principles. This Committee also makes recommendations to the Board on candidates for election to the Board and committee assignments. The Committee recommended one new candidate, Dr. Barry Johnson, for election in 2003. The Committee recommended Dr. Johnson after an extensive search which included an initial selection of candidates by an executive search firm and concluded with personal interviews with leading candidates. This Committee held three meetings during 2003.

The Governance Committee will consider nominees recommended by stockholders who submit such recommendations in writing to the Secretary of the Company and include the candidate's name, biographical data and qualifications. Stockholders recommending nominees must disclose the stockholder's name and address, class and number of shares of the Company owned, the length of such ownership and any relationship between the stockholder and the nominee. Stockholders must also comply with such other procedural requirements as the Committee may establish from time to time. Each nominee is evaluated by the Committee and should have distinguished him or herself in a career in industry, government or academia and should be capable of offering sound advice and counsel to the Company and CEO. Nominees must possess the highest personal and professional ethics, integrity and values and must be eligible to serve a minimum of five years under the Company's age qualification rules. The Committee considers not only the individual talents and skills of each nominee, but also the range of talents and skills represented by all members of the Board of Directors.

- **Environmental, Health and Safety Committee.** This Committee is comprised of Messrs. Akitt (Chair), Hoynes and Stanley. This Committee serves as the environmental oversight committee referred to under Certain Relationships and Related Transactions. It reviews, monitors and, as it deems appropriate, advises the Board of Directors with respect to the policies and practices of the Company in the areas of occupational health and safety and environmental affairs. This Committee held two meetings during 2003.
- **Pension Committee.** This Committee was dissolved effective December 31, 2003 and the Committee's responsibilities were assumed by the Board of Directors. Prior to its dissolution, this Committee was comprised of Messrs. Armstrong and Powell (Chair). This Committee held two meetings during 2003, during which it reviewed actions taken by the Committee on Investment of Pension Funds (a management committee which oversees investments of the Company's funded benefit plans).

The responsibilities and powers of the Audit Committee, the Compensation and Management Development Committee and the Governance Committee are detailed in charters approved by the Board of Directors. A current copy of each of these charters is available on the Company's website at www.cyttec.com.

Stockholders wishing to contact the Board of Directors may send communications to the attention of the corporate Secretary or the Compliance Office at the address set forth on the Company's website. All such communications will be handled by the Compliance Office. Summaries of all communications, and actual communications, when appropriate, will be forwarded to the Board.

AUDIT COMMITTEE REPORT

The Audit Committee's powers and responsibilities, and the qualifications required of each of its members, are set forth in the Audit Committee Charter. Based on the recommendation of the Audit Committee after consideration of the newly issued listing standards of the New York Stock Exchange, the Board of Directors amended the charter in January 2004. The principal changes, which enumerate details of the responsibilities of the Audit Committee as required by the listing standards, were:

1. to provide that the Audit Committee review and discuss quarterly disclosures contained in the financial statements and Management's Discussion and Analysis of Financial Condition and Results of Operations in the Company's SEC filings, prior to the filing of such disclosures;
2. to provide that the Audit Committee generally review the type of information to be disclosed in earnings press releases and to research analysts and rating agencies;
3. to formally require the Audit Committee to periodically consult with management about internal controls, completeness and accuracy of financial statements and audit procedures; and
4. to make other minor modifications to conform provisions of the existing charter to technical requirements of rules recently adopted by the Securities and Exchange Commission as proposed by the New York Stock Exchange.

Responsibilities. The principal function of the Audit Committee is to assist the Board of Directors in the areas of financial reporting and accounting integrity. As such, it meets periodically with the independent accountants, the internal auditors and management, including each in executive session. Management is solely responsible for the financial statements and the financial reporting process, including the system of internal controls, and has represented to the Audit Committee and the Board of Directors that the financial statements discussed below were prepared in accordance with accounting principles generally accepted in the United States of America appropriate in the circumstances and necessarily include some amounts based on management's estimates and judgments. The Company's independent accountants, KPMG LLP (KPMG), are responsible for expressing an opinion on the conformity of these financial statements, in all material respects, with

accounting principles generally accepted in the United States of America.

Independence. As part of its responsibilities, the Audit Committee approves the fees paid to the independent accountants for non-audit services and considers the effect of such services and the related fees on KPMG's independence. For the year 2003, total KPMG audit fees were approximately \$1.5 million; and, total KPMG non-audit fees were approximately \$0.4 million of which the vast majority were for tax services. Details regarding fees paid to KPMG during the years 2003 and 2002 are set forth under the caption Fees Paid to the Independent Accountants. The Audit Committee concluded that provision of the non-audit services provided by KPMG and the compensation therefor is compatible with maintaining KPMG's independence.

Recommendation. Acting pursuant to its Charter, the Audit Committee reviewed the Company's audited financial statements at, and for the year ended, December 31, 2003 with management and the Company's independent accountants and recommended to the Company's Board of Directors that the financial statements be included in the Company's Annual Report on Form 10-K for its 2003 fiscal year. This recommendation was based on: the Audit Committee's review of the audited financial statements; discussion of the financial statements with management; discussion with the Company's independent accountants, KPMG, of the matters required to be discussed by auditing standards generally accepted in the United States of America; receipt from KPMG of the written disclosures and letter required by Independence Standards Board Standard No.1 (Independence Discussions with Audit Committees); discussions with KPMG regarding its independence from the Company and its management; and KPMG's confirmation that it would issue its opinion that the consolidated financial statements present fairly, in all material respects, the financial position of the Company and its consolidated subsidiaries and the results of their operations and cash flows for the periods presented in conformity with accounting principles generally accepted in the United States of America.

**AGENDA ITEM 1
ELECTION OF DIRECTORS**

In accordance with the recommendation of the Governance Committee, the Board of Directors has nominated Chris A. Davis and William P. Powell for election as directors for three-year terms ending at the 2007 Annual Meeting. Each nominee is currently serving as a Director and has consented to serve for the new term. The nominees' biographies, as well as the biographies of the other directors, are set forth below.

The Board of Directors recommends a vote for the election of each of these nominees as Directors.

The affirmative vote of a plurality of the votes cast at the meeting is required for the election of directors. Therefore, an abstention or a broker non-vote is neither an affirmative nor a negative vote, and will not have any effect on the outcome of the election.

AGENDA ITEM 2
RATIFICATION OF THE APPOINTMENT
OF THE INDEPENDENT ACCOUNTANTS

RESOLVED, that the appointment by the Audit Committee of KPMG to audit the 2004 consolidated financial statements of Cytec Industries Inc. is hereby ratified.

The Audit Committee has, subject to ratification by the stockholders, appointed KPMG to audit and report on the consolidated financial statements of Cytec for 2004. KPMG has audited Cytec's consolidated financial statements since Cytec's inception in 1993. KPMG has offices or affiliates at or near most of the locations where Cytec operates in the United States and other countries. Since it started auditing Cytec's financial statements, the KPMG lead audit partner assigned to Cytec has not served Cytec in that capacity for more than 5 years.

Before making its recommendation for appointment, the Audit Committee carefully considered KPMG's qualifications. This included a review of KPMG's performance in prior years, its independence, as well as its reputation for integrity and for competence in the fields of accounting and auditing. The Audit Committee has expressed its satisfaction with KPMG. In February 2004, KPMG advised the Audit Committee that the resolution of all litigation against the firm will not affect KPMG's ability to serve as independent accountants for the Company.

Representatives of KPMG will attend the Annual Meeting and may make a statement if they wish. They will be available to respond to appropriate stockholder questions at the Meeting.

Approval of this proposal to ratify the appointment of KPMG requires a majority of votes actually cast on this matter. For purposes of determining the number of votes cast on the matter, only those cast for or against are included. Abstentions and broker non-votes are not included. If Agenda Item 2 does not pass, the selection of independent accountants will be reconsidered by the Audit Committee.

The Board of Directors unanimously recommends that stockholders vote for the proposal to ratify the Audit Committee's selection of KPMG as the Company's independent accountants for 2004.

FEES PAID TO THE INDEPENDENT ACCOUNTANTS

Pre-Approval Policies and Procedures. The Audit Committee is required to pre-approve the audit and non-audit services performed by the independent accountants in order to assure that the provision of such services does not impair the accountants' independence. The Audit Committee specifically pre-approves all audit fees, audit related fees, tax service fees and all other fees. The Audit Committee has delegated authority to the Chair of the Committee to approve any services not specifically pre-approved by the Committee provided that disclosure of such services and fees is made to the Audit Committee at the next scheduled meeting following such approval. During the years ended December 31, 2003 and 2002, all services provided by the independent accountants received specific pre-approval.

Audit Fees. The aggregate fees billed by KPMG and its affiliates for professional services rendered for the audit of the Company's consolidated financial statements and for the reviews of the financial statements included in the Company's Quarterly Reports on Form 10-Q for the years ended December 31, 2003 and 2002 were approximately \$1.5 million and \$1.3 million, respectively, all of which were pre-approved by the Audit Committee.

Audit-Related Fees. The aggregate fees billed by KPMG for audit-related services rendered to the Company, during the years ended December 31, 2003 and 2002 were approximately \$.025 million and \$.026 million, respectively, which were pre-approved by the Audit Committee.

Tax Fees. The aggregate fees billed by KPMG for tax services rendered to the Company during the years ended December 31, 2003 and 2002 were approximately \$.4 million and \$.7 million, respectively, all of which were pre-approved by the Audit Committee.

All Other Fees. The Company did not utilize KPMG for any other services during the year ended December 31, 2003. The aggregate fees billed by KPMG for other services rendered to the Company during the year ended December 31, 2002, which were related to the completion of internal audit related matters and other matters which commenced in 2001 and the transition, to other accounting firms, were approximately \$.125 million.

As advised in the Audit Committee Report, the Audit Committee considered whether, and concluded that, provision of these services is compatible with maintaining KPMG's independence.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

MDP Holdings, Inc., an indirect wholly-owned subsidiary of Wyeth Holdings Corporation (the successor by name change to Cyanamid), owns 4,000 shares of the Company's Series C Cumulative Preferred Stock, which Cyanamid obtained in connection with the spin-off of its chemicals business into Cytec Industries Inc. Aggregate liquidation and redemption value of the Series C Stock is \$100,000. The Series C Stock, which is not transferable, gives MDP the right to elect one director (currently Mr. Hoynes) and contains certain restrictive covenants, violation of which would give the holder the right, among others, to approve capital expenditures and elect a majority of the Board. The Company may redeem the Series C Stock only after certain liabilities assumed from Cyanamid have been reduced below threshold levels and after the Company has achieved certain financial ratios for a set period of time.

In connection with the spin-off, financial responsibility for substantially all the liabilities of Cyanamid's chemicals businesses was assumed by the Company. Under the spinoff agreements, the Company is required to establish an environmental oversight committee of the Board of Directors, currently consisting of three members, one of whom is the director appointed by MDP as holder of the Series C Preferred Stock. This committee reviews and approves the Company's annual environmental remediation plan and reviews compliance with the plan and environmental administration standards and makes recommendations to the Board concerning, and reviews and approves proposed challenges to governmental requirements relating to, environmental liabilities assumed from Cyanamid. The Company must also pay an annual fee, approximately \$149,000 in 2003, for oversight services rendered by Wyeth's environmental affairs department.

- (1) In connection with its acquisition of all of the outstanding common stock of The American Materials & Technologies Corporation (AMT) in 1998, the Company agreed to convert all then outstanding options and warrants to acquire AMT common stock issued under any of AMT's plans into options and warrants to buy Common Stock of the Company.

EMPLOYMENT AND SEVERANCE ARRANGEMENTS

All salaried Company employees in the United States, including the named officers, have signed the Company's standard form employment agreement. The agreement provides for the initial salary paid to the employee for services performed by the employee, the confidentiality and non-use of proprietary information, assignment of inventions and improvements, a non-competition clause and termination of employment. The notice of termination period is one month, except in the case of termination for cause when no prior notice is required.

The restricted stock awards (including performance stock awards), stock options and deferred stock awards referred to in the Beneficial Stock Ownership of Directors & Officers table, the Summary Compensation table and under Compensation of Directors are awarded under the 1993 Plan. In the event of a change of control (as defined in the 1993 Plan), (i) any award under that Plan carrying a right to exercise that was not previously exercisable and vested will become fully exercisable and vested, (ii) the restrictions, deferral limitations, payment conditions and forfeiture applicable to any other award granted under the 1993 Plan will lapse and such awards will be deemed fully vested and (iii) any performance conditions imposed with respect to awards shall be deemed to be fully achieved.

The Board of Directors has adopted an executive income continuity plan to aid in the retention of key employees and to reinforce and encourage the continuing attention, dedication and loyalty of executives in the senior management group without the distraction of concern over the possibility of involuntary or constructive termination of employment resulting from unforeseen developments, by providing income continuity for a limited period. The plan provides for payments to members upon termination of employment, unless such termination is (i) on account of death, disability or retirement, (ii) by the Company for cause, or (iii) by the member without good reason (as defined in the plan). Generally, "good reason" for termination by a member involves actions by the Company inconsistent with the member's status or with the Company's traditional compensation policies. Members of the plan consist of the chairman, corporate vice presidents, and such other employees as are designated by the Compensation and Management Development Committee. In general, the plan provides for payments upon termination of employment of an amount equal to annual salary and bonus (three times annual salary and three times bonus after a "change in control" as defined in the plan). The plan also provides for certain miscellaneous payments, including relocation payments, legal fees, and expenses incurred in seeking new employment. The benefits of this Plan are not available to any employee who is then currently eligible to retire with a pension based on credited service to age 65 or, in any event, for any period beyond the employee's sixty-fifth birthday.

Under the Company's Executive Supplemental Employees Retirement Plan, in the event of a change in control, certain employees, including each officer named in the Summary Compensation Table, are automatically elected members of the plan. In this event, each such officer will be credited with five additional years of service (but not beyond age 65), there will be included in pensionable compensation the amount, if any, by which such officer's target incentive compensation exceeds one third of base compensation and, under certain conditions the value of the benefit under this plan, as well as the benefit under other non-qualified pension plans, would be paid immediately as a lump-sum distribution.

The Board of Directors has adopted a Compensation Taxation Equalization Plan providing for the payment to any employee, officer or directors who becomes subject to the tax imposed by Section 4999 of the Internal Revenue Code of 1986 ("the Code") of reimbursement for the tax, plus all taxes imposed upon the reimbursement. A 20% non-deductible excise tax applies to the compensatory payments as measured under Code Section 280G ("Compensatory Payments") (i) that are contingent or presumed to be contingent upon a change "in the ownership or effective control" or change in the ownership of a "substantial part of the assets" of the Company. The "base amount" is the average annual compensation included in taxable income over the five-year period ending before the year during which the change in the ownership or effective control occurs. The excise tax provisions will apply if the present value of the Compensatory Payments as of the date of change is equal to or greater than three times the "base amount" . In such instance, the 20% excise tax is then applied to the Compensatory Payments in excess of the "base amount".

COMPENSATION AND MANAGEMENT DEVELOPMENT COMMITTEE REPORT

Committee Purpose

The Committee's purpose is to review and approve compensation arrangements for the Company's officers and directors and to administer certain compensation plans (such as the Company's 1993 Stock Award and Incentive Plan). The Committee at various times makes recommendations for shareholder approval on these plans and also produces an annual report on executive compensation for inclusion in the Company's proxy statement, in accordance with applicable rules and regulations. Additionally, in the interest of orderly management of the Company, the Committee annually reviews management development and succession plans, including establishing policies regarding succession in the event of an emergency or the retirement of the CEO. The Committee's role, composition, duties and responsibilities are set forth in its charter which was approved by the Board of Directors. The charter may be viewed on Cyttec's internet site.

The Compensation and Management Development Committee of the Company's Board of Directors (the Committee) is composed entirely of independent outside directors with Messrs. Akitt, Armstrong and Satrum being members for at least three years. Mr. Fernandes was elected as a fourth member of the Committee in October, 2003. During 2003 the Committee met four times. The Committee reviewed and approved compensation arrangements for the Company's officers and recommended to the Board of Directors, a compensation arrangement for the Chief Executive Officer (CEO). Other major actions taken by the Committee included granting stock options under the terms of the Company's 1993 Stock Award and Incentive Plan, a formal review of the development and succession plans of the Company's key executives and a review of Board of Director compensation. As a result of the latter review and in line with emerging trends, the Committee recommended adjusting the annual Board retainer (increased to \$25,000 from \$20,000), the Committee Chairman annual retainer fees (increased to \$5,000 from \$3,000) and reduced the annual stock option grant and the initial joining stock option grant (decreased from 4,500 to 3,000). These recommended changes were approved by the Board of Directors and became effective January 1, 2004.

Executive Compensation Philosophy

The Company's compensation philosophy emphasizes long-term performance and success as exemplified by the program's structure. The Company maintains lower fixed-costs associated with its cash compensation programs and correspondingly offers significant upside potential based upon achievement of stock-based, financial, and individual goals. As an example, approximately 80% of the CEO targeted compensation is at risk.

The Company's executive compensation program is primarily set to be competitive with mid-sized specialty chemical companies which the Company views as competitors for business, employee talent, and stockholder investments.

Compensation Components

CEO and other Officers compensation has been reviewed on an annual basis by the Committee utilizing comparative information provided by management and which is supported by compensation information provided by an executive compensation consulting firm. In January 2004, the Committee evaluated several independent executive compensation consulting firms and retained the services of HayGroup. Reporting directly to the Committee, this firm will provide advice and guidance on future executive compensation reviews and programs.

Base Salaries are set slightly below median competitive levels and when combined with the other components of the compensation program, are set to attract and retain qualified executives and managers. Changes in base salaries are made after considering relative competitive positions, individual performance, and general salary levels within the Company and comparable industry groups.

Annual Bonuses provide an opportunity to earn additional cash rewards for yearly business success. The incentive bonus targets for officers are set annually and are expressed as a percentage of base salary. In addition, the Committee approves the performance goals at the beginning of each fiscal year and then, based on attainment or non-attainment of these corporate performance targets, approves the payment of the bonus amount at the end of the fiscal year. The goals for 2003 target bonuses consisted of specific components weighted as follows: Earnings Per Share (60%); and other specific performance factors, which are measured subjectively (40%). The maximum award is 200% of target.

Long-Term Incentives provide a reward for business success in future years and, being based on performance, are linked to stockholders interests. The Company's long-term incentives granted in January 2003 and payable in future years, consist of two types of grants:

- (1) **Performance stock**, which may be earned at the end of the 2005 performance period assuming attainment of specific earnings per share growth goals set by the Committee.
- (2) **Stock options**, which encourage executives to enhance the value of the Company's Common Stock by offering them an opportunity to buy the shares at the market price on the date of grant over the term of the option contract.

Performance stock is the Company's Common Stock registered in the executive's name and carry voting rights but restricted from resale until earned by achievement of performance targets, and forfeited if performance targets are not achieved during the performance period. Holders are not entitled to receive any dividends on performance stock unless and until such shares vest, in which case holders receive accrued but unpaid dividends retroactive to the issue date, without interest.

Each year, the Committee determines the amount and proportion of each type of long-term incentive for each Officer.

Compensation at Risk

The annual bonus and performance stock are at risk forms of compensation in that they do not become payable except to the extent that the Company's business objectives are attained. Similarly, stock options are at risk in that their value depends upon success in enhancing stockholder value.

Alignment with Stockholder Interests

The compensation program is designed to contribute to the long-term success of the Company by meeting the following objectives:

- To compensate fairly for financial and strategic success and the enhancement of stockholder value.
- To attract and retain competent managers and professionals who are performance-oriented.
- To reinforce a commitment to actions that will contribute to the long-term success of the Company.
- To encourage the ownership of Cytec stock so that management's long-term financial interests are closely linked with success in serving the long-term interests of the Company's stockholders. This objective is demonstrated by having aggressive stock ownership guidelines.

Executive Stock Ownership Guidelines

Every director, officer and key executive is expected to attain (within a defined time period) and hold an ownership stake in the Company that is a specified multiple of his or her salary. These guidelines are as follows:

<u>Position</u>	<u>Multiple of Annual Base Salary</u>
Chief Executive Officer	8
Executive Committee Member	5
Other Officers	3
Business Unit Presidents	3
Directors	5

Covered employees and members of the Board of Directors, as of December 6, 1999, are expected to be in compliance with these ownership guidelines within five years after adoption. Newly appointed employees and or newly appointed Board members are given five years to meet these guidelines from their date of appointment. The multiple for Directors is based on their annual retainer.

Shares owned directly or in street name, shares held in the Company's savings plan, vested restricted shares, and deferred shares are counted in the ownership calculation.

CEO Compensation

Mr. Lilley's salary was increased for 2003 from \$670,000 to an annual rate of \$687,000, and his target bonus for 2003 was set at 85% of his base salary. For the 2003 performance period, based upon the level of achievement of the Company's earnings and other factors as described earlier, the Committee determined that in accordance with the Incentive Compensation Plan, Mr. Lilley earned an annual bonus payment of \$759,135, which is 110% of his full year's salary. The Committee further determined Performance Stock Plan thresholds which had been established in 2000 for achievement by 2003 had not been met and no payout was made to Mr. Lilley under this plan. During 2003, Mr. Lilley was granted a performance stock award of 26,217 shares that will vest in three years provided certain financial targets are met and an option to purchase 130,000 shares. Following the change in base salary, the CEO's base salary and bonus target remained below the peer group's competitive median. In the aggregate, the stock options and performance stock awards granted in 2003 were at the median levels of the peer group. The Committee reviewed the stock option program in late 2003 and, given the increased value of an option in light of the higher stock price, reduced Mr. Lilley's grant for the 2004 program year to 100,000 options from 130,000 options in the prior year.

Tax-Deductibility of Compensation The Committee's objective is to design and implement programs that allow for the maximum tax deductibility of compensation paid to the CEO and other executive officers, while preserving the Committee's flexibility to maintain competitive compensation programs. Executives, while encouraged to elect deferral of amounts that are in excess of deductible limits, are afforded the individual choice not to do so.

The Committee believes that the compensation program established for the Company has contributed to retaining and motivating highly qualified management personnel and to the significant increase in stockholder value achieved by the Company since its formation at the end of 1993.

COMPENSATION UNDER RETIREMENT PLANS

The Cytec employees' retirement program provides most U.S. employees, including the officers named in the Summary Compensation Table, with an annual defined pension benefit upon retirement which is made up of the sum of three components: (i) a benefit which, in general, is equal to 1.67% of the retiree's average base salary plus actual annual bonus (up to one-third of base salary) during the highest five of the last ten years of service (but not beyond the year 2004) times the number of years of service at Cyanamid, subject to certain adjustments including a social security offset (this benefit component does not apply in the case of Mr. Lilley and Mr. Smith), plus (ii) a benefit which, in general, is equal to 1.33% of the retiree's base salary plus actual annual bonus (up to one-third of base salary) for each year of service at Cytec (for any Cytec employee whose pension calculated as provided in (i) and (ii) above would exceed the limit on benefits payable from a pension plan qualified under the Internal Revenue Code, such excess is payable from the general funds of the Company), plus (iii) for persons whom the Compensation and Management Development Committee has elected to membership in the Executive Supplemental Employees' Retirement Plan, in case of retirement on or after age 60 (or earlier in certain circumstances) a supplemental benefit (also payable from general funds of the Company) calculated by (x) determining the benefit under the formula under (i) above based on the highest three of the last ten years of service and utilizing target bonus (not limited to one third of base salary) instead of actual bonus and (y) crediting to the retiree additional years of service under the formula described in (ii) above (but not more than five and not beyond age 65) at a rate of compensation equal to base salary plus target bonus for the final year of actual service.

The estimated annual pensions payable under this program upon retirement at age 65 and reflecting the normal form of benefit which includes a 50% joint and survivor annuity in favor of the retiree's spouse to the officers named in the Summary Compensation Table, based upon their salaries and target bonuses as of year-end 2003, with years of actual service projected to age 65, are: Mr. Lilley, \$197,511; Mr. Cronin, \$197,931; Mr. Avrin \$159,721; Mr. Drillock, \$145,651; and Mr. Smith, \$100,734.

COMPENSATION OF DIRECTORS

Directors who are not employees of the Company or of any of its subsidiaries and who are not elected by the holders of Preferred Stock are paid a retainer of \$25,000 per year. Such directors also receive annual retainers while chairmen (\$5,000) or other members (\$1,500) of committees of the Board of Directors of the Company on which such directors serve. Each such director is also paid a fee of \$1,500 for attendance at a meeting of the Board of Directors or stockholders of the Company and a fee of \$2,000 (in the case of Committee Chairman) or \$1,000 (in the case of other Committee members) for attending committee meetings, except that the attendance fees are reduced by 50% of the amounts shown in the case of special telephonic meetings of the Board and its Committees. Directors who are employees or who are elected by the holders of Preferred Stock are not entitled to any extra compensation by reason of their directorships or their attendance at meetings of the Board of Directors of the Company, any committee of the Board, or of the stockholders.

Pursuant to the 1993 Plan, each non-employee director (for purposes of the 1993 Plan, a non-employee director does not include any employee of the Company or its subsidiaries or affiliates or any director elected by the holders of the Preferred Stock) who is elected to serve as a director of the Company for the first time automatically receives a grant of restricted shares of Common Stock equal to the lesser of (a) 7,500 shares and (b) the shares of Common Stock having a fair market value on the date the director is duly elected and qualified of \$38,437.50. The restrictions on the shares of Common Stock granted to non-employee directors lapse one-fifth each year over a five-year period commencing on the date of grant if the non-employee director continues to be a director of the Company on each such date. If a non-employee director's service on the Board terminates before the award is entirely vested, any portion of the award that is not vested will revert to the Company; *provided, however*, that if the non-employee director's service terminates by reason of death or disability (as defined in the 1993 Plan), then any installment with respect to which the grantee had commenced (but not completed) serving the requisite amount of time to vest in such installment, will become vested. If a director elects to defer vesting until the year following his or her 70th birthday, as permitted by the 1993 Plan, then during the extended deferral period there exist certain additional grounds upon which reversion can be waived. In addition, each non-employee director automatically receives an option to purchase 3,000 shares of Common Stock at the time of his election to the Board. In addition, on the date of each annual meeting of stockholders, each continuing non-employee director will automatically receive an option to purchase 3,000 shares of Common Stock, unless the Board acts to reduce the number of shares. All options have an exercise price per share equal to the fair market value of a share of Common Stock on the date of grant. Generally, options granted to a non-employee director are for a term of ten years and become exercisable as to one-third of the shares covered by such options on the first anniversary of the date of grant, and with respect to an additional one-third of the shares covered by such options on each of the next two succeeding anniversaries of the date of grant. Upon the occurrence of a Change in Control (as defined in the 1993 Plan), all outstanding options held by non-employee directors become immediately exercisable and all restricted stock awards become immediately nonforfeitable in full.

Other personal benefit-type compensation for the entire group of directors and officers is not individually significant or reportable.
